**MESSAGE FROM UNIVERSITY ADVISING AND CAREER DEVELOPMENT CENTER:** As many of you are likely aware the State of Michigan approved legislation (in 2014) to increase the state minimum wage to \$9.25/hour by 2018. This will take place gradually, with several increases, the third of which is scheduled to take place on January 1, 2017. The remainder of the increases are as follows:

- Beginning January 1, 2017: \$8.90/hour
- Beginning January 1, 2018: \$9.25/hour
- Every January, beginning with January 2019, the state treasurer will adjust the minimum wage to reflect the average annual percentage change in the consumer price index. The new minimum wage will be posted on February 1 of each year, with the new adjusted minimum wage becoming effective April 1 of that same year.

Any student employees currently working for your department who are earning less than \$8.90/hour will automatically be increased to this new minimum wage amount on January 1, 2017 (and the same for each subsequent increase). As you hire new student employees (College Work Study or Regular), we would appreciate your help with entering a wage of at least \$8.90/hour as this will decrease the number of modifications we'll need to make to the approximately 3,000 students we currently have working on campus.

Please note that departments are responsible for managing their discretionary spending, and the number of hours you have student assistants working may need to be adjusted based on the minimum wage increase. Should you have questions regarding the increases or how they will be handled, please feel free to contact **Jieron Robinson** (7-4352) or **Mary Jones** (7-1005).

**PRESIDENT SMITH TO HOLD LISTENING SESSIONS:** As President Smith continues to immerse himself in the Eastern Michigan University community, one of his recurring goals is to listen -- to faculty, staff, students, alumni, and community supporters -- to learn more about Eastern's history, strengths, challenges, and opportunities. As part of this process, President Smith will hold a series of "listening sessions" during the 2016-2017 academic year.

Discussion of the recent incidents of racist vandalism on campus is certainly welcome and encouraged. These sessions have been planned for some time, however, and are intended to focus on a variety of short- and long-term issues. First, broadly speaking, President Smith is eager to hear directly from various stakeholders about their concerns and hopes for Eastern; simply put, he wants to hear what is on the minds of members of the Eastern community. Second, and more specifically, President Smith is eager to focus the University's **Strategic Plan** to develop specific goals for the campus in several areas, including retention and degree completion, diversity and inclusion, academic program development, internationalization, efficient resource management, and community engagement. Ideas in other areas also will be welcomed. The listening sessions will hopefully generate ideas from campus stakeholders about how best to develop specific goals in these and other areas.

The President will hold six listening sessions around campus at different locations over the next two months. Each of the sessions will be open to all employees. (Separate from this initiative, the President is conducting outreach to student leaders, alumni, and the community). Each listening session will last approximately one hour and will begin with short introductions. The bulk of the hour will be for attendees to express their thoughts on any topic, particularly the University's future opportunities and suggestions for focusing the Strategic Plan's themes.

Schedule of Listening Sessions:

Session 2: December 9, 2016	1:00 p.m.	108 Marshall
Session 3: January 6, 2017	10:00 a.m.	201 Pray-Harrold
Session 4: January 17, 2017	2:00 p.m.	217 Porter

We believe that discussion of racial stereotypes and attitudes in a safe format would allow people to explore and possibly discard stereotypes. Individuals can reassure their own prejudices and biases and effect a change within themselves can be considered. They may do so out of ignorance, habit or fear rather than maliciousness. By suspending our disbelief and seeing each person as an individual rather than through the eyes of a preconceived stereotype, we can begin this change on the individual level. As a result, resolution on the community and societal levels can occur.
