

Campus Capsules

On-campus enrollment for the Summer Session is 6,506, an increase of 428 or six percent over summer enrollment of 1974.

The head count for the six and seven and one-half week Summer Sessions has surpassed the 1973 summer enrollment by 557 students.

Of the 3,282 undergraduates enrolled, 322 are freshmen, 458 are sophomores, 769 are juniors, 1,580 are seniors and 153 are special students. Graduate students number 3,224.

There are 3,375 women and 3,131 men currently enrolled.

The current head count figure reflects only those students taking Summer Session courses, and does not include those now registering for post-session workshops.

The University of Notre Dame has named Astrid Hotvedt, a 28-year-old EMU graduate, as its first coordinator of women's sports. She will organize and coordinate women's athletic programs while retaining her former role as instructor in the physical education department.

Co-captain of the 1975 Huron baseball team Ken Bruchanski has been awarded an NCAA postgraduate scholarship for \$1,000 to begin post-graduate study at the university or professional school of his choice. He is the first Huron athlete ever to win the award.

EMU baseball player Glenn Gulliver is one of 19 players named to the United States Baseball Federation Team which is competing in the Columbia (South America) Friendship Tournament through Aug. 7. That same team will also compete in the Intercontinental Cup Games to be held in Canada Aug. 14 through 31.

The Office of Minority Affairs is sponsoring a trip to Toronto Friday through Sunday, Aug. 8 - 10. For details, see Activities Calendar, page 3.

Today is the deadline for automatic class withdrawals for undergraduate students enrolled in six-week courses and Monday, Aug. 4 for those taking seven and one-half week sessions. The automatic withdrawal period is from July 8 to July 28 (six-week classes) and July 8 to Aug. 4 (seven and one-half week classes).

Beginning Tuesday, July 29 (six-week classes) and Aug. 5 (seven and one-half week classes), withdrawals are not automatic. To be considered for a late withdrawal, the student must be evaluated by the instructor as earning an A, B or C at the time of the request, or the student must present written verification of unexpected emergency circumstances which prevent him from completing the course.

Withdrawal forms for the automatic period may be picked up from the Office of Academic Advising, 229 Pierce Hall.

Total withdrawal from all classes for the term is initiated in the Counseling Center, 117 Goodison Hall.

Women's Sports, Intramurals Move to Athletic Department

By Jim Streeter and Kathy Tinney

EMU President James H. Brickley has announced that effective July 1, the Women's Athletic Department as well as the intramural-recreation-club sports programs had become the responsibility of the Department of Intercollegiate Athletics.

Previously, the programs were under the supervision of the Department of Health, Physical Education and Recreation.

"This is solidly an administrative change only," explained President Brickley. "The Athletic Department should be responsible for all athletics, particularly with the current thrust for equal treatment of women that's occurring nationwide."

"By the same token, the academic physical education department should not have non-academic functions, and women's athletics is moving out of the area of recreation and into the area of competitive sports," President Brickley noted.

Administrative reasons also are the basis for the intramural-recreation-club sports realignment. "Club sports, we think," President Brickley related, "will be the wave of the future for all but major sports. Our ability to finance intercollegiate sports that are non-revenue-producing is diminishing."

"We have always said publicly that intercollegiate sports were self-supporting. Actually this is not true in all cases. The club sport movement will do two things: first it will take away the necessity for some of the spending in the athletic department; second, it will make participation in these sports more available to more people."

"In the long run, the Mid-American Conference schools may move some current intercollegiate sports to club sport status. They are under the same pressure to reduce expenditures that we are."

President Brickley also pointed out that the realignment will make it easier to sort out activities that are credit-producing from those that are not. It also provides for a little better coordination of equipment and facilities.

The Department of Intercollegiate Athletics formerly was in charge of 11 men's varsity sports. Now a whole new dimension has been added to the program.

"The changes were made in the department after meetings between President Brickley, Jean Cione, women's athletic director, and myself," Athletic Director Albert E. Smith said. "The general conclusion we arrived at from those meetings was that one program for all athletics and recreation would be the best for what we want to accomplish here at Eastern Michigan University."

"We felt that the changes were in line with the current trend to help raise the level of women's intercollegiate athletics," Dr. Smith added.

Other reasons Dr. Smith cited for the move are: better administration and management for all the programs under one department, better scheduling and use of all athletic facilities and better help for all of the programs in becoming self-sustaining in the near future.

While the changes add a big burden to the men's program, Dr. Smith is confident that his department will be able to run efficiently despite the additional work-load.

"It's an added responsibility for me and the department but I feel it's necessary to help carry out, in its entirety, the mission of the athletic department," Dr. Smith said. "We know the programs will have to be more self-sustaining in the future so we will have to generate funds through gate receipts and other outside sources. We need revenues to handle the total intercollegiate athletic department."

Although the physical education department will no longer be responsible for the programs, Dr. Smith is hopeful that the HPER Department and the Department of Intercollegiate Athletics will aid each other in a big way.

"Just because we made the changes doesn't mean that the physical education department is now completely out of the picture," Dr. Smith added. "We will continue to work closely with them in sharing of facilities, sharing equipment and sharing personnel. We see the two departments as being very compatible."

Ms. Cione, beginning her third year as women's athletic director, has been in charge of a rising women's program that now includes ten varsity sports. The sports with varsity status for women include basketball, field hockey, golf, gymnastics, softball, swimming, synchronized swimming, tennis, track and field and volleyball.

Bob England has been the intramural-recreation-club sports director for the past seven years and he feels that the change of

Robert England, director of intramural sports, Jean Cione, women's athletic director, and Albert E. Smith, director of intercollegiate athletics, will be working out the details of relocating women's athletics and intramural-recreation-club sports in the Department of Intercollegiate Athletics.

his department will benefit not only the two programs but also the student body as well.

"Intercollegiate athletics tends to be geared to the things I do so intramurals is a logical offshoot of that," Mr. England said. "I'll be in charge of scheduling all athletic facilities and I feel that intramurals and open-recreation will get into areas giving us maximum use of all existing facilities."

Math Head To Retire

Dr. Robert S. Pate, head of the Mathematics Department for the past 29 years, will retire formally from active service at EMU on August 8, 1975.

Professor Pate received his A.B. in mathematics in 1934 from Nebraska State College, Peru, Neb. While there he received the Swenson Award as outstanding scholar and athlete. As a State College Scholarship recipient he studied graduate mathematics at the University of Nebraska, Lincoln, Neb., obtaining his M.A. in mathematics in 1936. Professor Pate then studied at the University of Illinois and was awarded his Ph.D. in mathematics in 1940. During his tenure at both the University of Nebraska and University of Illinois, he was a teaching fellow in the Department of Mathematics.

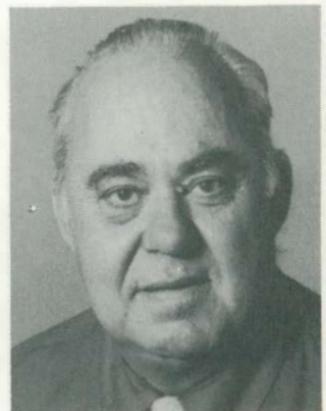

He joined the teaching faculty as an instructor in mathematics at the University of Illinois from 1940-41. Before coming to Eastern in 1946, Professor Pate was an assistant professor of mathematics at the University of Kansas from 1941-42, worked as a gas test engineer for Boeing Airplane Co., from 1942-43, was employed as a mathematician in Engineering Research at the Laboratory of Applied Physics under a Navy Contract administered by Johns Hopkins University from 1943-45, and then went to the University of South Carolina as an associate professor of mathematics from 1945-46.

Dr. Pate came to EMU as professor and head of the Mathematics Department in 1946. He served in this capacity until his retirement.

Professor Pate is a member of the American Mathematical Society, Mathematical Association of America and served in 1959 as chairman of the Michigan Section of the Mathematical Association of America.

There will be a retirement tea honoring Dr. and Mrs. Pate from 3-5 p.m., Monday, August 4, in the Goodison Hall Lounge on the Eastern Michigan University campus.

All friends of Dr. and Mrs. Pate are cordially invited.

Dr. Robert Pate

FOCUS ON faculty:

Marshall Tymn Is Science Fiction Buff

By Michael Cheeseman

Science fiction is beginning to mean more than bug-eyed monsters and weird little men from outer space.

According to Dr. Marshall Tymn, assistant professor of English Language and Literature, science fiction has become a socially relevant literary discipline in its own right. "More than 1000 colleges and universities across the nation are teaching science fiction courses," says Dr. Tymn, "and three to four times as many high schools are offering such courses."

In response to the growth of interest in science fiction, Dr. Tymn, a science fiction buff himself since childhood, organized a teachers' conference on modern science fiction sponsored by the EMU Science Fiction Society and the Department of English. The conference was held at the Hoyt Conference Center this past weekend (July 25 and 26).

Dr. Tymn says the conference was held because teachers, particularly high school teachers, need help. "More students are asking for science fiction courses, so more schools are offering them," reports Dr. Tymn. "The number has increased to where the teachers need some kind of help in presenting the material."

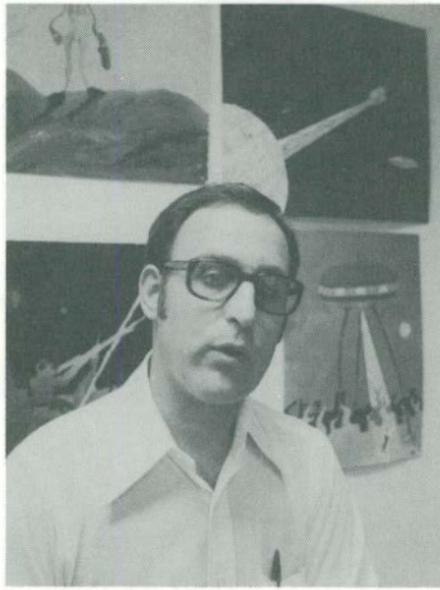

"Teaching science fiction is different from teaching conventional literature," explains Dr. Tymn. "For one thing, you don't have the literary tradition to work with that you do with other genres of literature. There's a lack of definite historical background."

"Then too, science fiction is a literature of ideas. These ideas must be stressed in the teaching of it. They are more important than aspects such as characterization or plot which are emphasized in other literature courses."

Dr. Tymn believes the purpose of science fiction is to create alternate futures. "Science fiction is not a literature of prophesy," he explains. "Sometimes a writer will conceive something that actually happens, but that's not the primary purpose of writing it. Science fiction writers create alternate futures which have relevance to our present society."

Dr. Tymn feels that science fiction is beginning to mature as a literary form in America. "At first it really wasn't that good, but now the technique is becoming much more sophisticated."

"Science fiction literature is a modern derivation of the old mainstream of fantasy literature which goes all the way back to writers like Homer and Virgil," he adds. "As we know it today, it is partly a result of the impact of science and technology on society. It specifically deals with inventions or gadgets, especially in its earlier forms."

Dr. Marshall Tymn

Participants

Mary Green, assistant professor of health, physical education and recreation, presented a research paper entitled "Evaluating the Effectiveness of the I CAN Direct Service Model for In-Service Training of Teachers in Implementing a Diagnostic-Prescriptive Teaching Model for the Mentally Impaired in Physical Education" at the annual national convention of the Council for Exceptional Children in Los Angeles, Cal.

Delegates to the 1974-75 business meeting of the Michigan Children's Theatre Association (MCTA) held in March at McKenny Union were welcomed by Dr. Thomas J. Murray, head of the Speech and Dramatic Arts Department. Thelma McDaniel, associate professor of speech and dramatic arts and president of MCTA, led discussions on future workshops, formation of a statewide directory and the possibility of establishing inter-arts programs for elementary schools. Other members of the Speech and Dramatic Arts Department attending were Virginia Koste, director of drama for the young, Jeanette Myers, instructor, Robert Wesley, professor, and graduate students Gary Carpenter, Robert Colby and Marilyn Heberling.

Albert P. Marshall, dean of academic services, was on a ten-member North Central Association team which visited the Milwaukee campus of the University of Wisconsin. The University is seeking final accreditation for several doctoral level degrees.

Jay Yager, assistant professor of art, had a one-man bronze sculpture exhibit at Southwestern Michigan College, Dowagiac, from April 9 to 23. He has recently exhibited in Grand Rapids, Detroit, Norfolk, Va., Muncie, Ind., Cincinnati, Ohio, Corpus Christi, Tex., Flint and Midland.

Donald A. Buckeye, professor of mathematics, spoke on "Mathematics for Slow Learners, Low-Verbal, and Bilingual Students" at a recent National Council of Teachers of Mathematics meeting held in Los Angeles, Cal. He also held a workshop-seminar on the metric system at Spring Arbor College.

Milton Foster, head of the Department of English Language and Literature, Russell Larson, assistant professor of English, and Robert Kraft, associate professor of English, attended a meeting of the Michigan Association of Departments of English held April 18 and 19 in East Lansing. Dr. Foster was recently elected vice-president of the new organization and Dr. Kraft chaired a panel discussion of "New Views on Learning Theory" as well as giving a paper on the subject at the April meeting.

Gary M. Miller, associate professor of guidance and counseling, and John G. Pappas, professor and head of the Department of Guidance and Counseling, presented a program seminar at the Michigan Elementary School Counselors Association (MESCA) spring conference held on campus. Their topic was "The Emerging Role of the Middle School Counselor." Dr. Miller and Dr. Pappas are currently conducting a comprehensive survey of middle school guidance programs in Michigan.

SPECIAL PROJECTS AND RESEARCH DEVELOPMENT

The following opportunities for program development are currently available:

NSF (National Science Foundation)

The National Science Foundation will publish separate guides for each of the three STUDENT-ORIENTED PROGRAMS for 1976, followed by a single complete guide covering project operations for all three of the following programs and deadlines:

Student Science Training (SST) for high ability high school students - October 10, 1975

Undergraduate Research Participation (URP) - September 10, 1975

Student Originated Studies (SOS) - November 10, 1975

Under SST and URP, teaching scientists establish the areas of study, describe what kinds of participants are to be involved and determine the procedures to be followed. In SOS, interdisciplinary teams of undergraduate and graduate students design 10-12 week full-time studies on problems related to the biological, physical or social environment. Under URP, NSF will give highest priority to proposals for energy-related general research within those disciplines or specialties where such research is feasible. URP projects are primarily for students who have completed their junior year of college. NSF plans to support approximately 400 Student-Oriented Projects in 1976, with 6,000 students participating.

Guidelines publications for URP and SST are now available in the SPARD Office. The appropriate publication for SOS proposal development is expected by the end of August.

NSF - RANN (Research Applied to National Needs)

A preparation guide applicable only to unsolicited proposals for the National Science Foundation's Research Applied to National Needs Program has been issued. Preliminary proposals are encouraged. Once the preliminary has been approved, a formal proposal may be submitted at any time and should contain information on research objectives, organization and management plan, educational and training component of the proposing institution and reasons for requesting government support. The Foundation does issue separate guidelines also for specific program areas at various times of the year.

National Cancer Program

A new cancer research emphasis grant program to promote research in areas of concern to the National Cancer Program will be established, the National Cancer Institute has announced. Research areas where knowledge gaps are not sufficiently being addressed by existing research, where there is a need for independent efforts to verify existing research and where there is a need to stimulate or intensify effort in promising research are of particular interest to the Institute.

For additional information or assistance, call Corinne M. Squelch, SPARD, 487-3090.

Professor Emeritus Marian Magoon Dies

Professor Emeritus of English Marian Waite Magoon, author of several children's books, passed away this month in Ypsilanti. She had lived at 1308 Huron River Drive.

Mrs. Magoon was a member of the EMU staff for 32 years, retiring in 1958. She held both a bachelor's and master's degree from Syracuse University and a doctorate from the University of Michigan.

Professor Magoon's children's books included "The Emperor's Nephew," "Ojibway Drums," "The Boy of Ephesus," and "Little Dusty Foot." She was co-author of "I Smell the Devil."

A son, Donald J. Magoon, was killed in action during the Battle of the Bulge in 1945, and her husband died in 1950. She is survived by one son, Wallace H. Magoon.

CENTER OF EDUCATIONAL RESOURCES

Shakespeare Celebration

Music, colored slides, dramatization, moving pictures and scholars' observations will all unite on campus in the fall into a celebration of Shakespeare's genius. From September 29 to October 3 the Center of Educational Resources will sponsor a festival of events designed to explore the achievements of the greatest English writer. Professor Jessamine Kaltenbach of the Humanities Division of the Library, is coordinating the events.

Films

Three full-length films of Shakespearean plays will be shown during the week: *Henry V*, starring Sir Lawrence Olivier; *Macbeth*, featuring Orson Welles and *A Midsummer Night's Dream*, with the Cast of the Royal Shakespeare Company.

Slides

An impressive collection of slides of Shakespearean Gardens and countryside has been created by Mrs. Jeanne Jordan, Office of Information Services, in her repeated visits to the Shakespeare area. Mrs. Jordan will show these slides with interpretive commentary on Monday afternoon.

Women Characters

Since this year is the International Women's Year, the subject of "Women Characters in Shakespeare" was selected for the topic of a panel discussion on Tuesday evening. The panel is composed of eleven EMU Shakespeare scholars who represent either the literary or the dramatic point of view. Under the coordination of Professor Alfred Nelson, the panel has evolved into three separate discussions on virtuous heroines, female villains and comic female characters, high and low. Each of these topics will also be illustrated by scenes dramatized by students in the Speech and Dramatic Arts Department under the direction of Professor George McCloud.

Music

The colorful Madrigal Singers in their new Elizabethan costumes will be led by Professor Emily Lowe in a concert of Shakespearean and Elizabethan music, presented on Wednesday. On Thursday the regular Brown Bag Theatre sponsored by the Speech and Dramatic Arts Department will be devoted to Shakespeare. Professor James Gousseff, the director, has selected the topic "Shakespearean Gore" to elucidate and dramatize. Also on Thursday, Professor Gilbert Cross, an English-born EMU scholar, will show a program of slides with comment illustrating the London of Shakespeare's early years there. The final program consists of selected recordings of Shakespeare's work, both music and words.

Exhibit

The celebration will also feature an exhibit of Shakespeare materials borrowed from the Folger Shakespeare Library in Washington, D.C. The Folger Library contains the world's largest collection of Shakespeariana. It specializes in the sixteenth and seventeenth centuries, collecting material in history, theatre, drama and literature. The exhibit will include an extract of *The Merchant of Venice* from the First Folio, 1623; a Quarto edition of *King Lear*, 1619; an early London playbill of the Theatre Royal, Drury Lane, 10 Oct. 1796, announcing the cast of *Macbeth*; facsimiles of the unique quarto of *Titus Andronicus*, 1594 and of *Visscher's View of London*, 1616; assorted illustrated Folger booklets on Tudor and Stuart civilization; and various photographs of places related to Shakespeare. This exhibit will be on display in the Library Lobby from September 15 to October 15, 1975.

The full program, giving times and locations of these events, will be available from the CER after September 1. It will also be printed in full in "The Eastern Echo" early in September. The entire community, both "town and gown," is cordially urged to come and share what promises to be a week of truly rewarding experiences. Admission to all events is free.

Publications

Archon Press has published a book by Glenn Ruihley, assistant professor of English, entitled *The Thorn of a Rose: Amy Lowell Reconsidered*.

"Folk Wisdom of Collective Bargaining in Michigan," by Nadean Bishop, assistant professor of English, appeared in "Unladylike and Unprofessional: Academic Women and Academic Unions," published by the Modern Language Association Commission on the Status of Women.

Robert Holkeboer, assistant professor of English, has had three reviews published in *Books Abroad*, and Marshall Tymn, also an assistant professor of English, has had a like number published in *Choice*.

"The Law of Nature in the Christian Commonwealth: Hobbes' Argument for Civil Authority," written by Robert C. Grady, assistant professor of political science, has been published in the May, 1975, issue of *Interpretation, A Journal of Political Philosophy*.

Paul Bruss, associate professor of English, will have an article published in *Studies in Short Fiction* entitled "The End of the Tether: Teleological Diminishing in Conrad's Early Metaphor of Navigation."

(Continued on page 4)

ART

Graduate show of weaving by Kiyoe Ise July 28 through August 1 at Sill Gallery. Free.

Graduate show of ceramics by Marlene Heller August 10 through August 15 at Sill Gallery. Free.

FILMS

UD Cinema will present "Dirty Harry" starring Clint Eastwood July 30 and 31, and "The Reivers" starring Steve McQueen and Sharon Farrell August 6 and 7. Shows are at 7:30 p.m. and 9:30 p.m. in Strong Auditorium. Admission for all shows is \$1.00.

Silent Summer Series will present "Mr. Silent Haskins," "Haunted Spooks," "The Crazy Ray" and "The Piano Peddlers" July 29. On August 5 they will feature Laurel and Hardy films, "Mail and Female," "Double Whoopee," "Sugar Babies," "From Soup to Nuts" and "That's My Wife." Shows are in Walton-Whitman Lounge at 9:30 p.m. only. All showings are free.

THEATRE

Lab Theatre double bill for July 31 at 7:00 p.m. and August 1 at 9:00 p.m., offering "Adaptation" by Elaine May and "Next" by Terence McNally. Lab Theatre will also be offering Tennessee Williams' "Outcry" August 7 and 8 at 8 p.m. All productions at 107 Quirk. Admission will be 25¢.

TRIPS

Cedar Point - Saturday, August 2. Bus leaves McKenny Union at noon and returns about midnight. \$11.50 per person. Contact Office of Student Life for more information.

Toronto - August 8-10. Train leaves Windsor at 8:30 a.m. August 8, and returns at 11:25 p.m., August 10. Round trip includes two nights at Lord Simcoe Hotel in downtown Toronto and a three-hour sightseeing tour. \$50.00 per person. Contact Minority Affairs for more information.

Rod Vollink Coordinates Occupational Safety and Environmental Health

By Brad Simmons

Rodney Vollink

As safety coordinator at Eastern, Rodney Vollink was concerned with such areas as fire safety, civil defense and accident investigation. But thanks to a reassignment of duties, Vollink will be doing much more.

As coordinator of occupational safety and environmental health, his duties will extend into areas which will help EMU to conform to the newly-adopted Michigan Occupational Safety and Health Act.

"There are numerous employee safety rules and regulations that now have to be adhered to," Vollink explains. "We're going to combine safety training, education and inspection of buildings and supplement these areas with occupational safety programs."

Vollink, who holds bachelor's and master's degrees in education from Eastern, supervised the construction, rental and maintenance of a large, off-campus apartment complex. After teaching physical education in an area high school, he came to EMU as a road patrol officer.

He assumed the post of safety coordinator while still employed in the University Safety Department under Chief John Hayes. There, he developed a residence hall safety program complete with a slide presentation.

Vollink is pleased that the reassignment, which is now administered by the vice-president for business and finance, will allow a broadening of responsibilities.

"It's an interesting, far-reaching area," he says. "We don't do the same thing every day. We're now in the process of conducting University vehicle inspections, for instance."

He adds that EMU students, faculty and staff can have their personal vehicles inspected free of charge.

Vollink's physical plant office is filled with such books as the "Accident Prevention Manual for Industrial Operations" and bound collections of periodicals like the Occupational Safety and Health Reporter. Numerous manuals on codes are also stacked on his book shelves.

Vollink says he'll begin his new duties by developing occupational safety programs for food service and physical plant personnel. Some of his main objectives include the outfitting of certain employees in "personal protective equipment" and the inspection of physical facilities.

Clerical personnel and faculty members will be the focus of his longer-range goals, which also include the development of an occupational safety resource center.

A resident of Milan, Vollink is chairman of the Michigan Campus Safety Association, an organization of colleges, universities and private schools. He also serves on the Board of Directors for the Washtenaw Area Safety Council.

Occupational Information Sources Listed

Editor's note: The following summary of sources for job information was provided by the Affirmative Action Office.

General—For all Applicants

The Chronicle of Higher Education — A weekly newspaper, available in the campus library. Approximately ten pages of advertisements for positions in higher education institutions, including administrators, staff and faculty. Ads change from week to week.

Michigan Civil Service Employment — There is no charge for this procedure. All Michigan Employment Security Offices have a file showing the dates when and where examinations for all occupational categories will be administered. An applicant should appear in person. Upon successful completion of an exam, the applicant's name is placed in a register and offers are made, beginning with the first person listed, until a listed person accepts the position offered. Addresses for Michigan Employment Security Offices in this area:

- | | |
|--|--------------------------|
| 120 E. Cross
Ypsilanti | 1185 Monroe
Dearborn |
| Maple Village Shopping Center
Ann Arbor | |
| 34530 Sims
Wayne | 1145 Griswold
Detroit |

Also, an applicant can obtain these services by visiting the Michigan Civil Service Commission Office in Lansing, Lewis Cass Building, or at 1200 6th Street, Detroit.

Michigan Employment Security Office — This service has no charge. Visit any of the offices listed under the note for applying for a Michigan Civil Service position or visit any Employment Security Office in any state. These services are offered jointly by the federal and state governments. This service will record the applicant's qualifications and try to match them with job orders filed by employers. All occupations, including professional, are processed by these offices. This is probably the best opportunity for employment.

Federal Civil Service — No charge for this service. Visit a U.S. Post Office to learn the date and place for examinations. Pick up an application form to be prepared while waiting for notification of an exam. Keep going back regularly to learn about new exam schedules.

Cooperative College Registry — 1 Dupont Circle, Washington, D.C. 20036. Individuals are charged \$10 to register. This agency refers male and female candidates of all ethnic backgrounds and makes a special effort to obtain resumes of minority applicants.

Higher Education Administration Referral Services (HEARS) — Suite 510, 1 Dupont Circle, Washington, D.C. 20036. Individuals are charged \$25 to register. This agency refers male and female candidates of all ethnic backgrounds and makes a special effort to obtain resumes of minority applicants.

Handicapped Applicants

Office of Selective Placement Programs — U.S. Civil Service Commission, 1900 E Street, N.W., Washington, D.C. 20415. This office provides guidance and procedures for federal employment of physically handicapped, mentally retarded and mentally restored persons. Write to national headquarters or contact the local office at 144 W. Lafayette, Detroit, 226-6950.

Vocational Rehabilitation — Box 1406, Ann Arbor 48106. This is a state office. No fee.

Native American Applicants

Bureau of Indian Affairs Programs in Michigan — Irma Parish, Employment Assistance Technician, B.I.A., Brimley, Michigan 49715. Julius Peters, Employment Assistance Director, B.I.A., R.R. No. 4, Box 10, Mt. Pleasant, Michigan 49715.

Michigan Employment Security Commission Representative — Mrs. Doris Adams, Mrs. Louise Rezmick, 453 Bay, Petoskey, Michigan 49770. Mrs. Joan Bemis, American Legion Building, L'Anse, Michigan 49946.

Spanish Heritage Applicants

Jobs for Progress—SER — A federally funded job referral service. Probably does not charge a fee. Apply and send resume to: SER National Office, 9841 Airport Boulevard, Los Angeles, California 90045.

The President's Cabinet Committee on Opportunities for Spanish Speaking People — 1706 H Street, N.W., Washington, D.C. No fee is charged.

Women Applicants

Higher Education Resource Services (HERS) — Acts as a nationwide clearinghouse for faculty and administrative openings; makes every effort to match candidate and opening, recommending highly qualified women who might not otherwise have come to the attention of a search committee or department chairperson. Register by sending a resume and statement of needs and preferences to: HERS, Brown University, Providence, Rhode Island 02912. (401) 863-2197.

Catalyst — 6 East 82nd Street, New York, N.Y. 10028. A computerized roster is sent monthly to subscribing employers. The roster is open to women age 24 and over who have completed at least one year of college and who seek managerial, technical or professional positions on either full-time or part-time. Write to the above address or to a local network. No fee. Local:

Montcalm Community College
Area Guidance Center
Sidney, Michigan 48885
(517) 328-2111

Women's Resource Center
226 Bostwick, N.E.
Grand Rapids, Michigan 49503
(616) 456-8571

Women's Center for Continuing Education
Northern Michigan University
Marquette, Michigan 49855
(906) 227-2219

Black Applicants

Black Women Employment Program — Southern Regional Council, 52 Fairlie Street, N.W., Atlanta, Georgia 30303. No fee is charged to women placed.

"The Black Scholar" Classified — Box 908, Sausalito, California 94965. Teachers and students may place an ad of 50 words or less for \$10 per issue (add \$2 per line — seven words — over 50).

Female, Minority and Handicapped Applicants

Affirmative Action Personnel Registry — Designed to assist minority, female and handicapped persons with professional and managerial skills obtain employment or find a better position. Candidates are listed free of charge in the directory which represents a national, central service from which employers may be able to obtain the names and addresses of job candidates who possess the occupational skills for which openings exist. Write to 10 South Brentwood Blvd., St. Louis, Missouri 63105 for an application.

Cheerleaders Leave Campus

Eastern's tenth annual cheerleading workshop hosted more than 750 junior high and high school cheerleaders from areas throughout Michigan as well as other states and Canada. The workshops, which ended Friday, July 25, featured six days of instruction and practice in such areas as uniform fashion designing, acrobatics, school spirit maintenance, pep club management and crowd control. The workshop was offered through the Division of Field Services.

UNDER CONSTRUCTION? — No, it's not a half-completed house. It's an architectural model built by Charles Keefer, a graduate student. The Livonia resident designed and built the model as the final project for a two-week industrial education practicum on architectural model-building taught by Dr. Clois Kicklighter. Charles' project, along with others made by students in the class, was recently displayed in the Sill Gallery. (Information Services photo by Dick Schwarze)

JULY 28 - AUGUST 10

MONDAY, JULY 28

Art - Graduate show of weaving by Kiyoe Ise at Sill Gallery. Free.

TUESDAY, JULY 29

Art - Graduate show of weaving by Kiyoe Ise at Sill Gallery. Free.

Film - Silent Summer Series presents "Mr. Silent Haskins," "Haunted Spooks," "The Crazy Ray" and "The Piano Tooners" at 9:30 p.m. in the Walton-Putnam Lounge. Free.

WEDNESDAY, JULY 30

Art - Graduate show of weaving by Kiyoe Ise at Sill Gallery. Free.

Film - MUD Cinema will show "Dirty Harry" starring Clint Eastwood at 7:30 p.m. and 9:30 p.m. in Strong Auditorium. \$1.00.

THURSDAY, JULY 31

Art - Graduate show of weaving by Kiyoe Ise at Sill Gallery. Free.

Film - MUD Cinema will show "Dirty Harry" starring Clint Eastwood at 7:30 p.m. and 9:30 p.m. in Strong Auditorium. \$1.00.

Theatre - Lab Theatre productions of "Adaptation" by Elaine May and "Next" by Terence McNally will be presented at 7:00 p.m. in 107 Quirk. 25c.

FRIDAY, AUGUST 1

Art - Graduate show of weaving by Kiyoe Ise at Sill Gallery. Free.

Theatre - Lab Theatre productions of "Adaptation" by Elaine May and "Next" by Terence McNally will be presented at 9:00 p.m. in 107 Quirk. 25¢.

SATURDAY, AUGUST 2

Minority Affairs Honors Students

The Office of Minority Affairs recently honored 15 EMU minority students for their contributions to the University community.

Ten students were awarded certificates of merit for their grade point averages and their significant impact on the minority community both on and off campus. They are:

Gail Chenault of Highland Park, Trudy Cobb (also a scholarship-winner) of Detroit, Jose Flores of Grand Rapids, Kevin Fobbs of Detroit, Patrice Hutson of Detroit, Walter Jones, Jr., of Detroit, Carmen Perez of Grosse Pointe Woods,

Leonard Posey of Detroit, David Ramos of Inkster and Pauline Wright of Holyoke, Mass.

Five students were given special awards for their unique contributions to Eastern. They are:

Darryl Dean of Detroit, William Jackson of Edwardsburg, Marie Parker of New Tazwell, Tenn., Steven Spencer of Detroit and Stanley Vinson of Detroit.

The awards were presented at the Office of Minority Affairs Awards Ceremony. Chairman of the awards selection committee was Leslie Bates, director of minority affairs.

Hey, amigo, you got a light?
