ORDA Weekly Update

Updated April 24, 2017

National Science Foundation Broader Impacts

NSF proposals are judged by intellectual merit AND broader impacts. The broader impact goal is often misunderstood. The National Alliance for Broader Impacts provides resources to researchers to help understand this requirement and to better provide broader impacts that are meaningful and measurable.

Deadlines

Agency for Healthcare Research and Quality

This FOA encourages Small Research Grant (R03) applications, and expresses AHRQ priority areas of interest for ongoing small research projects. The R03 grant mechanism supports different types of health services research projects including pilot and feasibility studies; secondary analysis of existing data; small, self-contained research projects; development of research methodology; and development of new research technology.
