National Endowment for the Arts, Research Labs

In recent years, the National Endowment for the Arts' research agenda has focused on yielding new knowledge about the value and impact of the arts. Through the National Endowment for the Arts Research Labs (NEA Research Labs), we seek to extend this agenda and its impact by cultivating a series of transdisciplinary research partnerships, grounded in the social and behavioral sciences, to produce and report empirical insights about the arts for the benefit of arts and non-arts sectors alike. The purpose of this Program Solicitation is to select an organization(s) (Cooperator) to undertake the National Endowment for the Arts Research Labs program.

The purpose of the Elder Justice Innovation Grants program is to support the development and advancement of new and emerging issues related to elder justice. Funded projects will contribute to the improvement of the field of elder abuse prevention and intervention at large, such as by developing materials, programs, etc. that can be widely disseminated and/or replicated, or by establishing and/or contributing to the evidence-base of knowledge. For FY 2017, funded projects will continue to build the evidence-base on successful approaches to reduce and ameliorate the harm people experience as a result of abuse, neglect, and financial exploitation, and to better understand what adult protective services practices produce the best outcomes.
