Grant Writing from the Reviewers' Perspectives

You don't want to miss this fact-filled and down-to-earth presentation on how to write successful grants. Christine K Black, MLS, has been a research developer and administrator for over 30 years at the University of Michigan Division of Research Development and Administration, where she helped faculty across campus plan and write interdisciplinary and trans-disciplinary grant proposals. For the past two decades her research development activities included training (in proposal writing, compliance, budgeting, administration, and finding funding opportunities), developing web-based resources for research development and implementation, editing, and providing mentoring. Most recently, she created a program for young medical school faculty called the Mentored Research Academy: R01 Boot Camp. Ms. Black is now retired and gives proposal-writing workshops at universities across the country.

Friday, January 26 (8:30-11am); McKenny Hall, Gallery 2
