Events & Deadlines

May 29, 2018

We've Moved for one more week!

As part of the Loop 1 upgrade, Graduate Studies and Research will move operations to the Honors College for the week beginning May 21, 2018. This includes the Graduate School, Office of Compliance, Office of Research Development and Administration, and Technology Transfer. We'll continue to share information about this move through the ORDA Weekly Update. Please let ORDA know as soon as possible if you have a proposal due between May 21-25. If you do have a proposal due at this time, it might be helpful to submit a week early.

*****We have extended our stay in the Honors College through Friday, June 1 *****

Summer Writing Peer-Support Groups

Meeting Thursdays at 9:00am in the ORDA Conference Room, 200 Boone Hall.

If interested please contact Jennifer Glass at ajglass5@emich.edu.

Deadlines

EASTERN
MICHIGAN UNIVERSITY

EMU
Research

US Department of Education, The Centers for International Business Education Program

provides funding to institutions of higher education (IHEs) (or consortia of the same) for curriculum development, research, and training on issues of importance to U.S. trade and competitiveness. GRC recommends that members address both of the competitive preference priorities in order to gain additional points in a highly competitive program: 1) Collaboration with a Professional Association or Business (up to 5 points); and 2) Collaboration with Minority-Serving Institutions (MSIs) or Community Colleges (up to 5 points). ED also includes an optional invitational priority that applicants may also address (though it will not provide an application with any competitive advantage). It calls for programs or activities focused on language instruction and/or performance testing and assessment to strengthen the preparation of international business professionals.

Next Deadline: June 13, 2018

US Department of Education, Pathways to STEM Apprenticeship for High School Career and Technical Education

The Pathways to STEM Apprenticeship for High School Career and Technical Education (CTE) Students is designed to support state efforts to expand and improve the transition of high school CTE students to postsecondary education and employment through apprenticeships. While the lead applicants must be a state board or agency, all projects must include at least one postsecondary partner and at least one employer. This competition has one absolute priority that must be addressed by all applicants: Promoting STEM Education, With a Particular Focus on Computer Science. Approximately five awards of up to \$750,000 each are available to support projects lasting up to 36 months.

Pre-application webinar, June 5, 2018 at 2:00 p.m. ET.

Next Deadline: July 17, 2018

US Department of Education, Teacher Quality Partnership Grant Program

Provides funding to eligible partnerships in order to improve student achievement; improve the quality of prospective and new teachers by improving the preparation of prospective teachers and enhancing professional development activities for new teachers; hold teacher preparation programs at IHEs accountable for preparing teachers who meet applicable State certification and licensure requirements; and recruit highly qualified individuals, including minorities and individuals from other occupations, into the teaching force. There are two absolute priorities in this round, which all applicants must address: 1) Partnership Grants for the Preparation of Teachers; and 2) Partnership Grants for the Establishment of Effective Teaching Residency Programs. There are also three optional competitive priorities that GRC strongly recommends members address to receive up to eight additional points: 1) Promoting Science, Technology,

Engineering, or Math (STEM) Education, With a Particular Focus on Computer Science (up to three points); 2) Promoting Effective Instruction in Classrooms and Schools (up to three points); and 3) Novice Applicants (up to two points).
