Events & Deadlines

April 15, 2019

EMU is now a part of the REDCap Consortium!

Looking for a way to develop a survey and collect data? REDCap is a free, easy to use, and secure method of flexible yet robust data collection. REDCap is a secure web application for building and managing online surveys and databases. While REDCap can be used to collect virtually any type of data (including 21 CFR Part 11, FISMA, and HIPAA-compliant environments), it is specifically geared to support online or offline data capture for research studies and operations. The REDCap Consortium, a vast support network of collaborators, is composed of thousands of active institutional partners in over one hundred countries who utilize and support REDCap in various ways. The REDCap website has lots of resources to help new users learn the system.

Contact Arik Kirkland if you would like to access REDCap: akirkland1@emich.edu

Limited Submission Opportunities

Programs that allow only one or two submissions per institution are listed here. ORDA will conduct an internal competition to determine which proposal should be submitted on behalf EMU. Interested PIs should visit the CompetitionSpace page to apply.

National Science Foundation, Major Research Instrumentation Program

The Major Research Instrumentation Program (MRI) catalyzes new knowledge and discoveries by empowering the Nation's scientists and engineers with state-of-the-art research instrumentation. The MRI Program enables research-intensive learning environments that promote the development of a diverse workforce and next generation instrumentation, as well as facilitates academic/private sector partnerships.

Internal Application opens March 26, 2019

Internal Application Deadline: April 22, 2019

External Sponsor Application Deadline: January 19, 2020

Deadlines

Department of Energy, Cybersecurity in Energy Efficient Manufacturing

Notice seeking proposals for a consortium of manufacturers, small businesses, universities, national laboratories, and state and local governments to establish a Clean Energy Manufacturing Innovation Institute dedicated to advancing cybersecurity in energy efficient manufacturing to pursue targeted research and development that will focus on understanding the evolving cybersecurity threats to greater energy efficiency in manufacturing industries, developing new cybersecurity technologies and methods, and sharing information and knowledge to the broader community of U.S. manufacturers.

Next Deadline: Required concept papers, May 15, 2019, Proposals August 20, 2019

Office of the Assistant Secretary for Health, Youth Engagement in Sports: Collaboration to Improve Adolescent Physical Activity and Nutrition

Notice seeking applications to support projects that address the HHS priority to expand youth participation in sports and encourage regular physical activity, especially for youth populations with lower rates of sports participation and communities with limited access to athletic facilities

or recreational areas. YES Initiative applicants should address unhealthy physical activity and nutrition behaviors in racial/ethnic minority and socio-economically disadvantaged youth, including specifically girls, and provide opportunities to learn skills and gain experiences that contribute to more positive lifestyles and enhance their capacity to make healthier life choices.

Next Deadline: May 31, 2019

United States Department of Agriculture, Natural Resources Conservation Service

Natural Resources Conservation Service (NRCS) is announcing the availability of conservation Innovation Grants (CIG) to stimulate the development and adoption of innovative conservation approaches and technologies. Applications are accepted from eligible entities for projects carried out in the state of Michigan. Conservation Innovation Grants (CIG) are competitive grants that stimulate the development and adoption of innovative approaches and technologies for conservation on agricultural lands. These new technologies and approaches address some of the Nation's most pressing natural resources concerns. CIG benefits agricultural producers by providing more options for environmental enhancement and compliance with Federal, State, and local regulations.

Next Deadline: May 31, 2019

Statistical Consultation

ORDA welcomes back Dr. Grigoris Argeros (Sociology Anthropology Criminology) and Dr. Kathy Chu (Mathematics) as Faculty Associates for research statistics. Consultation is available for faculty, as well as graduate students working with faculty on independent research projects and theses with the goal of publication of results.
