On this day in 1968 - Martin Luther King Jr. delivered his "mountaintop" speech just 24 hours before he was assassinated.

Fact:

[Juan Ponce de León](#), a Spanish explorer discovered Florida in 1513. Equipped with three ships and at least 200 men, he set sail from Puerto Rico on March 4, 1513 and sighted this new land on April 2, 1513. He believed it was another island and named it *La Florida* in recognition of the verdant landscape and because it was the Easter season, which the Spaniards called *Pascua Florida* (Festival of Flowers). The following day they came ashore to seek information and take possession of this new land.
