## **EMU COVID-19 dashboard, August 19, 2021**

Eastern Michigan University

# EMU COVID-19 Dashboard

## Total EMU Population\*: 18507

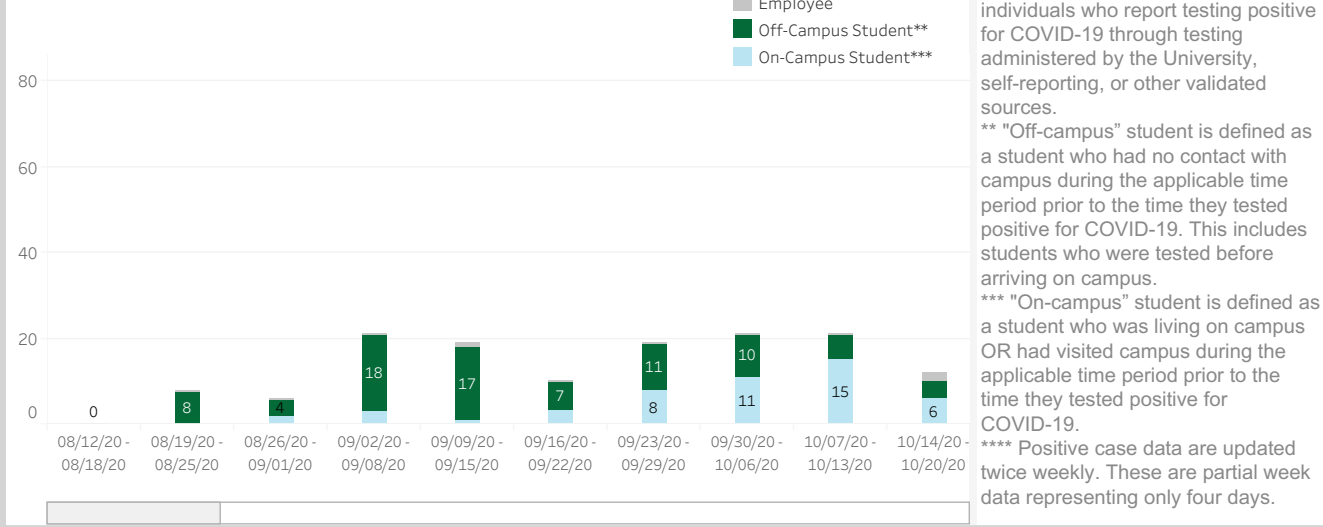

This Dashboard conveys important information about cases of COVID-19 and COVID-19 testing completed at the direction of the University. This Dashboard is updated several times per week. These efforts are part of our comprehensive phased [Safe Return-to-Campus Plan](#) for the 2020-2021 academic year. We may continue to add new metrics to this Dashboard as we move toward an expanded scope of campus operations.

### COVID-19 Testing

<b>Tests administered by EMU** - cumulative</b> <div style="background-color: #ADD8E6; padding: 10px; text-align: center; font-size: 24px; font-weight: bold;">37,925</div> <small>since 08/12/20</small>	<b>Positive tests - cumulative</b> <div style="background-color: #ADD8E6; padding: 10px; text-align: center; font-size: 24px; font-weight: bold;">422</div> <small>since 08/12/20</small>	<b>% Positive - cumulative</b> <div style="background-color: #ADD8E6; padding: 10px; text-align: center; font-size: 24px; font-weight: bold;">1.11%</div> <small>since 08/12/20</small>
<b>Tests administered by EMU - last seven days</b> <div style="background-color: #ADD8E6; padding: 10px; text-align: center; font-size: 24px; font-weight: bold;">341</div> <small>from 08/11/21 to 08/17/21</small>	<b>Positive tests - last seven days</b> <div style="background-color: #ADD8E6; padding: 10px; text-align: center; font-size: 24px; font-weight: bold;">0</div> <small>from 08/11/21 to 08/17/21</small>	<b>% Positive - last seven days</b> <div style="background-color: #ADD8E6; padding: 10px; text-align: center; font-size: 24px; font-weight: bold;">0.00%</div> <small>from 08/11/21 to 08/17/21</small>

\* "Total EMU Population" is defined as the following as of 9/10/20: all regular employees + all registered students.  
 \*\* "Tests administered by EMU" is defined as COVID-19 tests that were administered by, or at the direction of, the University.

### Positive Cases\*

### On-campus Isolation\* & Quarantine\*\* Cases as of (08/19/2021)

\* "Isolation" separates people with a confirmed case of COVID-19 from the population so that they can recover and reduce the risk of passing on the virus to others. Individuals who test positive for COVID-19 will be subject to isolation and will receive instructions from their health care provider, the County Health Department, and/or University offices (e.g., Housing) as applicable. Asymptomatic Individuals must self-isolate until ten (10) days have passed since the initial positive test. Persons with symptoms must self-isolate until ten (10) days after symptoms first appeared and 24 hours with no fever and improvement in other COVID-19 symptoms.  
 \*\* "Quarantine" keeps someone who has been exposed to COVID-19 away from other people. Quarantine applies to anyone who has been in "close contact" in the last fourteen (14) days with someone who is symptomatic or diagnosed with COVID-19. The person who has had close contact must stay home and self-quarantine for 14 days after their last exposure to that person.
