WELCOME

Welcome to Eastern Michigan University. This institution's proud heritage has now become YOUR future—a future in which to learn and grow, to advance toward a career and service, and to seek counsel and advice. Here you will find new friends from Michigan, other states, and around the world.

EMU's focal point is southeastern Michigan—an area surrounded by small cities and towns of which its hometown, Ypsilanti, with 26,000 people, is one. Thirty miles to the east is Detroit, industrial and business hub of the Great Lakes; and an equal distance to the south is Toledo, northernmost city on the Ohio border and a new area of student growth.

Advantageous to all students are not only the cultural activities of the metropolitan areas, both within a 45-minute drive from the campus, but also the resources of its sister city, Ann Arbor, home of The University of Michigan. EMU offers its own cultural opportunities through the artistic accomplishments of its students in theatre and drama, extensive music and fine arts programs, and also its Office of Campus Life, which brings well known speakers and entertainers to its auditoriums and classrooms.

The campus is close enough to home for many students to commute, but both nearby and distant students choose to live in EMU's dormitories and apartment complexes.

Major highways crisscross the southeastern Michigan area, bus service is available within and from outside Ypsilanti, and Detroit Metropolitan Airport is 30 minutes away. Feeder highways are I-94, which borders Ypsilanti, and US-23, which passes between Ypsilanti and Ann Arbor, connecting with the Ohio Turnpike to the south and other interstate highways to the north. I-275 provides quick and convenient access from Detroit's northwestern suburbs. More than half the population of the state of Michigan lives within 60 miles of EMU's campus.

Prospective students desiring to visit the campus are greeted by EMU's University Ambassadors Society, which provides tours and arranges visits with faculty in fields of interest to high school or transfer students. Orientation is provided for all incoming students.

Once on campus, the University catalog becomes the student's bible of information as personal programs are planned with the help of University counselors and faculty advisers.

UNIVERSITY PROFILE

Eastern Michigan University is a multipurpose university whose roots date back to 1849, when the State Legislature designated it as Michigan's first institution to educate teachers to serve the public schools. At that time, the Detroit school system was only 10 years old and the transition from one-room schoolhouses had just begun.

For its first 100 years, Michigan State Normal School, as EMU was conceived, certified thousands of teachers and developed the broad-based academic curricula that prepared it for its evolution to university status in 1959. Within the new university, three colleges emerged: the College of Education, the College of Arts and Sciences, and the Graduate School. The University expanded again in 1964 with a College of Business, in 1975 with a College of Health and Human Services, and in 1980 with a College of Technology.

New colleges precipitated the need for additional acreage. The university campus expanded from its original 275 acres on the south side of the Huron River to an additional 182 acres west of the campus primarily for student residences and athletic facilities. Among the newest buildings on campus are the Olde/Robb Student Recreation Center, opened in the fall of 1982 to provide needed recreational and intramural activities for the growing student body; the Sponberg Theatre addition to the Quirk Building, dedicated in January 1986; and the Coatings Research Building, opened in fall 1987. EMU's campus also extends into downtown Ypsilanti, where its new College of Business building is located.

Student enrollment continued to increase in the 1980s. The rapid college matriculation experienced in the late 1960s peaked in 1970 at 19,965, stabilized at 18,500 plus in 1979, and then began its upward climb again, totaling 25,936 in the fall of 1991. The 1993 Higher Education Directory lists EMU as the 50th largest university.

Today's student body represents both full-time and part-time students, indicative of the national trend of mature adults returning to complete their college education and to prepare for new careers in a changing society. Women comprise almost 60 percent of EMU's student body. Many students work part-time and others are assisted by EMU's Office of Financial Aid in work-study programs to meet the costs of a college education.

Included in the geographic distribution of EMU undergraduates in 1993-94 were 90.1 percent from the
state of Michigan, 6.7 percent from out-of-state, and 3.2 percent who listed citizenship from countries other than the United States. Approximately 79 percent of the students from other states were from Ohio, largely because of a reciprocity tuition plan.

Program development has consistently adapted to the needs of entering and returning students as the world greets the new era of high technology. College faculty as well as college students are becoming computer literate. More opportunities are being offered to those seeking practical experience through business-industry internships and cooperative education experiences. Courses are provided in approximately 180 fields of study for the ever-diversifying student body.

EMU’s perspective also has grown larger, not only in on-campus program developments but also in regular or special courses offered in 14 counties through its Office of Continuing Education and in cooperative agreements with nearby community colleges. The Office of International Studies plans spring/summer travel-study credit programs abroad and student-faculty exchanges with the University of Warwick, the Bulmershe College of Higher Education, and Nonington College, all in England.

In addition, the Corporate Education Center provides a vital link between research theory and practical application as it is called upon by businesses, schools, industries, and agencies to lend its expertise.

Eastern Michigan University today is known worldwide for its educational contributions. Its 125,000 graduates are scattered among many countries as well as coast-to-coast in the United States, both strengthening and supporting the foundation that is the multipurpose university in Ypsilanti, Michigan.

Eastern Michigan University campuses and buildings are detailed on the inside back cover.

**EASTERN MICHIGAN UNIVERSITY MISSION**

Eastern Michigan University is committed to distinguishing itself as a comprehensive educational institution that prepares people and organizations to adapt readily to a changing world. Central to this mission are:

- providing an exceptional learning environment;
- applying new technologies to teaching, learning, and research;
- expanding knowledge and providing leadership through research, contract learning, and public service; and
- continually interpreting and responding to a changing regional, national, and global society.

**VALUES**

Eastern Michigan University’s mission and philosophy are built upon shared values that define and nourish the intellectual, ethical, and aesthetic environment.

*These values are:*

**EXCELLENCE**

The University’s principal responsibility is to provide academic programs in a learning environment that promotes academic and personal excellence.

The University, in all of its activities, encourages the achievement of excellence by all members of its various constituencies.

**RESPECT**

The University recognizes that wisdom, sound judgment, tolerance, and respect for other persons, cultures, and ideas are hallmarks of an educated person.

The University seeks to demonstrate, through all its programs and activities, appreciation of human diversity and to maintain an atmosphere of tolerance and mutual respect that will nourish human liberty and democratic citizenship.

**SCHOLARSHIP**

The University promotes and encourages continual research and creative activity by all its constituencies. Through such activity, participants remain intellectually alive, expand their fields of knowledge, enrich learning experiences, and bring academic recognition to the community. The intellectual and personal growth of individuals is a central purpose. Knowledge and learning are both the University’s products and its processes.

**OPPORTUNITY**

The University is committed to providing opportunities for learners of varying interests, abilities, backgrounds, and expectations.

It seeks to attract, serve, and accommodate a highly
qualified and pluralistic student body, drawn from a
variety of ethnic, social, and economic backgrounds and
to make a special effort to provide access to the campus'
educational opportunities for non-traditional students
and underrepresented populations.

COMMUNITY

The University strives to create and nurture a com-
munity that fosters mutual trust and respect for the
open and amicable expression of differences.

SERVICE

The University endeavors to provide service for the
public good. It encourages all constituents to be con-
cerned about the welfare of humanity and to engage in
public service.

The University is committed to developing and
strengthening collaborative initiatives with the indus-
trial, business, civic, and educational world.

FREEDOM

The University respects and protects personal and
academic freedom. It seeks to provide an environment
that facilitates involvement in intellectual and cultural
activities and encourages formal and informal interac-
tion between and among students, faculty, staff, admin-
istration, and community.

INTEGRITY

Intellectual, academic, financial, and operational
integrity are critical to the University’s survival and
effectiveness.

LEADERSHIP

The University strives to provide leadership in
addressing the educational and social issues confront-
ing the people and organizations in our society.

It promotes leadership and development activities
that enhance educational and industrial opportunities
for meeting this charge.

EMPOWERMENT

The University community is empowered to do
what is right and necessary to achieve the University’s
mission.

PHILOSOPHY

The University is dedicated to improving the qual-
ity of life within the global community it serves through
teaching, contract learning, research, and service.

As an integral part of the state-supported public
education system, the University is responsible for
providing leadership in developing creative, innovative, and
collaborative approaches to meet learning and research
demands created as a result of a dramatically changing
world.

The University recognizes that an educated popu-
lace is the essential ingredient for the successful im-
provement of humankind. It is dedicated to:

- providing opportunities for professional, intel-
lectual, and personal growth;
- preparing individuals for careers and profes-
sions;
- encouraging all University members to be con-
cerned about the welfare of the campus, local,
and world communities;
- assisting organizations to function effectively in
a global economic environment; and
- instilling in all persons a commitment as lead-
ers, to engage in public service.

The University seeks to provide an intellectual,
social, and cultural environment that attracts, serves,
and empowers a pluralistic community.

GUIDING PRINCIPLES

Guiding principles form the framework against
which the University tests its effectiveness.

In all programs, activities, and services, the Uni-
versity seeks to be:

APPROACHABLE

Psychological barriers that impede participation
are eliminated. People and organizations are valued as
the University's resources, products, and customers.

ACCESSIBLE

Programs and activities of the University are open
to all qualified persons without regard to race, religion,
marital status, sex, sexual orientation, age, national or
ethnic origin, political belief, or physical handicap.

The University seeks to demonstrate, through all
its programs and activities, its appreciation of human
diversity and to maintain an atmosphere of tolerance
and mutual respect that will nourish human liberty and
democratic citizenship.

AFFORDABLE

The University is committed to ensuring that those
individuals who are qualified and who desire to partici-
pate are not discouraged from doing so because of fi-
nancial resources, time restraints, or physical distance.

The University seeks to provide financial aid for
all constituencies, to be sensitive to changing demands
in the educational marketplace, and to deliver educa-
tional services in non-traditional ways and settings.
APPLICABLE

Programs are designed to broaden perspectives, enrich awareness, deepen understanding, establish disciplined habits of thought, respond to changes in the workplace and society, and help develop individuals who are informed, responsible citizens.

ATTAINABLE

Recognizing that various constituencies have different needs, programs, activities, and services must be flexible so that all people have the opportunity to participate and to achieve their goals or purpose.

COLLABORATIVE

To utilize financial and human resources effectively, all programs, activities, and services should seek to develop linkages with internal and external constituencies.

The University must continue to develop new partnerships with business, industry, education, and government, to define mutual goals and benefits, and to meet its responsibilities to the global community.

QUALITY

Quality is the first priority in all programs, activities, and services.

UNIVERSITY GOVERNMENT

Eastern Michigan University is an autonomous university governed by an eight-member Board of Regents appointed by the governor and subject to the approval of the state Senate. Financial support for the University comes from tax money paid by the people of Michigan and receipt of student tuition and fees.

Members of the Board of Regents, are James Clifton, Ypsilanti; Robert A. DeMattia, Northville, chair; Anthony A. Derezinski, Ann Arbor; Philip A. Incarnati, Linden; Mara M. Letica, Bloomfield Hills; Carl Pursell, Plymouth; and Gayle P. Thomas, Dearborn.

Policies complied with by the University affirm the admission and participatory rights of all individuals, regardless of gender, race, color, religion, creed, national or ethnic origin. These include:

Civil Rights Act: The University will work for the elimination of improper discrimination in organizations recognized by the University and in non-University sources wherein students and employees of the University are involved.

Equal Opportunity and Affirmative Action: The University does not discriminate in the administration of its educational and admissions policies, scholarships and loan programs. It is its practice to take affirmative action in all personnel matters.

Title IX, Education Amendments of 1972: The University complies with the athletic regulations which prohibit discrimination on the basis of sex.

Americans with Disabilities Act: The University will work to ensure that students who have disabilities will receive accommodations which will equalize their ability to compete with other students in academic classes as well as physical access to student activities or university sponsored events.

Students encountering difficulty with access to full participation to University activities should contact the dean of students in 218 Goodson Hall. Individuals who believe that the University is not in compliance are invited to contact the executive director of human resources at (313) 487-1052.
Eastern Michigan University seeks an atmosphere of community, trust, and commitment among all segments of its campus—students, faculty, and staff. Its goals are to encourage instructional growth, research, scholarship, and artistic pursuits and to provide service to the local community, the state, nation, and world. It offers undergraduate programs in the colleges and departments listed below as well as graduate study in selected disciplines which may lead to the master's or specialist's degrees.

College of Arts and Sciences: African American Studies; Art; Biology (Botany, Zoology); Chemistry—accredited American Chemical Society; Communication and Theatre Arts (Radio-TV-Film); Computer Science; Economics; English Language and Literature (Journalism); Foreign Languages and Bilingual Studies; Geography and Geology; History and Philosophy; Mathematics; Music—accredited by the National Association of Schools of Music; Physics and Astronomy; Political Science—accredited by the National Association of Schools of Public Affairs and Administration for its public administration programs; Psychology; Sociology, Anthropology, and Criminology; Women's Studies.

College of Business: accredited by the American Assembly of Collegiate Schools of Business; Accounting; Finance and Computer Information Systems; Management; Marketing.

College of Education: accredited by the National Council for Accreditation of Teacher Education for the preparation of elementary and secondary teachers and school service personnel; Leadership and Counseling—accredited by the Council for Accreditation of Counseling and Related Programs; Health, Physical Education, Recreation and Dance—accredited by the National Recreation and Parks Association for its recreation and park management curriculum; Teacher Education; Special Education—accredited by the American Speech and Hearing Association for its Speech Pathology Program for Teachers of the Speech and Language Impaired and by the Council on Education of the Deaf for the Hearing Impaired Program.

College of Health and Human Services: Associated Health Professions (Health Administration—member of the Association of University Programs in Health Administration, Clinical Laboratory Sciences, Occupational Therapy—accredited by the American Medical Association in collaboration with the American Occupational Therapy Association and National Accrediting Agency for Clinical Laboratory Sciences); Human, Environmental and Consumer Resources—accredited for its Dietetics Program by the American Dietetic Association and accredited by the Foundation for Interior Design Education and Research (FIDER) for its interior design program; Nursing Education—accredited by the National League for Nursing; Social Work—accredited by the Council on Social Work Education.

College of Technology: Business and Technology Education (Office Technology/Administrative Management, Office Technology/Legal Assistant — accredited by the American Bar Association, Office Technology/Office Automation, Marketing Education, Industrial-Vocational Education, and Technology Education — Folio approved by the National Council for Accreditation of Teacher Education/International Technology Education Association/Council on Technology Teacher Education); Industrial Technology (Construction Management — accredited by American Council for Construction Education, Computer-Aided Design — accredited by the National Association of Industrial Technology, and Manufacturing with concentrations in Computer-Aided Manufacturing, Manufacturing Technology, Plastics — all accredited by the National Association of Industrial Technology, and Manufacturing (transfer); and Interdisciplinary Technology (Aviation Management Technology, Communication Technology, Facility Management, Industrial Distribution, Polymers and Coating Technology — all accredited by the National Association of Industrial Technology, Bilingual Vocational Teacher Education, Bilingual Office Teacher Education, and Bilingual Marketing Teacher Education).
ADMISSION

The sections on Admission, Tuition and Fees, Financial Aid, Academic Procedures and Graduation Requirements that follow represent the official policies of Eastern Michigan University as adopted by its Board of Regents.

ADMISSION to Eastern Michigan University is open to all students who have the potential to succeed and the motivation to continue their education. An extensive academic scholarship program has been developed to award and recognize students who have demonstrated strong academic ability or unusual talent (see Financial Aid section). A wide variety of service and support activities are provided for those who wish to improve their academic skills and performance.

ACCEPTANCE into the University is dependent upon meeting the admission criteria described below. All students may take courses within any of the University's colleges. Many academic programs are designed to include courses from more than one college; however, admission to the University does not preclude meeting specific program requirements.

The Admissions Office, 401 Pierce Hall, provides information to meet the various needs of a prospective student. The Academic Advising Center, 301 Pierce Hall, assists students in selecting courses applicable to their planned program or appropriate to their academic needs after the students have been admitted to the University.

APPLICATION FOR ADMISSION is a simple process that requires the submission of a completed admission application form, supporting academic records, and a $20 non-refundable application fee. The required supporting records vary with the category of admission.

FRESHMAN APPLICANTS entering college for the first time must submit their official high school transcript and results of the American College Test (ACT) or the Scholastic Aptitude Test (SAT). Evidence of graduation or results of the General Education Diploma (GED) test is required if the applicant is no longer attending high school. Applicants over 21 years of age should refer to the non-traditional student category.

Students not qualifying for regular admission under the above criteria may be considered for the PASS (Promote Academic Survival and Success) program or the Summer Incentive Program (SIP). Admission to both programs is by University selection only.

TRANSFER APPLICANTS who have earned credit at a college or university other than Eastern Michigan University must provide an official transcript from each institution attended. All applicants must also submit an official high school transcript (or equivalent GED). Applicants under the age of 21 who have earned less than 12 semester hours of transferrable credit (18 quarter hours) are also required to submit results of the ACT or SAT.

Students with credit only from a two-year or community college must earn a minimum of 60 semester hours at EMU to complete degree requirements, exclusive of physical activity or junior or community college credit.

NON-TRADITIONAL STUDENTS who are 21 years of age or older and have a high school diploma (or its equivalent) but have not attempted college work previously may be considered for admission without further requirements. Evidence of the high school diploma is expected. The student may be required to take selected tests for advising purposes only.

VETERANS who have served in the U.S. Armed Forces for more than 181 consecutive days will be admitted upon receipt of the high school transcript or its equivalent and a DD214 document verifying military duty. Veterans released from active service for reasons of disability will be considered as having met the 181 consecutive day requirement. If the veteran has attempted college work since release from active duty or while on active duty, the application will be reviewed as that of a transfer student.

GUEST STUDENTS are admitted (provided space is available) when regularly matriculated and in good standing at another regionally accredited college or university. The student assumes full responsibility for determining whether or not the courses selected at this university will apply to his/her program of study. While at EMU, the student is subject to this University’s academic policies. Applications for admission as a guest student may be obtained either at the home institution or the Admissions Office of EMU. Guest applicants who possess a bachelor’s degree must apply through the Graduate School. NOTE: Space is seldom available for guests during the fall semester.

NON-MATRICULATED STUDENTS are permitted to take a course or courses for one semester only without going through the regular admission process. Students in this category must present unofficial records indicating their acceptability. Any subsequent enrollment requires regular admission to the University.

OFF-CAMPUS AND CONTINUING EDUCATION STUDENTS (see Continuing Education) are subject to regular admission criteria. However, they may be ad-
mitted as non-matriculated students for one semester. Applicants planning to continue with other courses should apply for regular admission in the appropriate category described above.

**SECOND BACHELOR'S DEGREE**: This option is chosen by those already holding a bachelor's degree from an accredited college/university who are now changing careers. (See Post-Baccalaureate Academic Options)

**DUAL ENROLLMENT** may be approved for a student whose primary enrollment is in a high school (provided space is available). Applicants must submit a high school transcript, obtain high school and parental approval, and meet current academic eligibility requirements for that program.

**INTERNATIONAL STUDENT APPLICANTS** are welcomed by the University, which is authorized under federal law to enroll non-immigrant alien students. They may apply for admission any semester and will need the following documentation in support of the application:

1. Complete an application for admission.
2. Provide original documents of transcripts of academic credit or certified copies of original documents. (If the documents are not in English, they must be accompanied by an official English translation.)
3. Provide evidence of proficiency in the English language (e.g. TOEFL or Michigan Test). In some cases, foreign students will be required, as a condition of admission, to take one or more courses in spoken or written English for International students.
4. Present a statement of financial responsibility covering the total cost of attending the University.

Undergraduate international student's English proficiency requirements are listed under the Department of Foreign Languages and Bilingual Studies (page 110).

### POST-BACCALAUREATE ACADEMIC OPTIONS

**Second bachelor's degree**

The prospective candidate should make an appointment with the coordinator of Second Bachelor's Degree Programs in the Academic Advising Center, 301 Pierce Hall (313-487-2170) for evaluation of transcripts and development of a program of study. The program is approved by the appropriate academic department and is the basis for degree completion.

General requirements for a Second Bachelor's Degree are as follows:

- Completion of a first bachelor's degree from an accredited college or university with a minimum of 120 semester hours.
- Completion of a basic studies (liberal arts) program.
- Completion of a course in American Government or equivalent.
- Completion of curricular requirements for new academic major.
- Completion of a minimum of 30 semester hours post-baccalaureate at Eastern Michigan University.

Students who obtained their bachelor's degree from an institution other than Eastern Michigan University should apply as a Second Bachelor's candidate through the Undergraduate Admissions Office, 401 Pierce Hall. The Undergraduate Admissions Office requires an application, a $20 non-refundable application fee, and official transcripts from each college, university, or other post-secondary school attended.

Students who have obtained a bachelor's degree from EMU but who now wish to obtain another major, minor, or a different bachelor's degree (i.e. a student with an EMU Bachelor of Science degree may pursue a Bachelor of Arts degree), should re-enroll as a Second Bachelor's candidate through the Undergraduate Records Office, 302 Pierce Hall. Admission as a re-enrollee is based upon the recommendation of the coordinator of Second Bachelor's Programs. (see Re-Enrollment)

**Teacher Certification**

Students who possess a bachelor's degree and are seeking teacher certification should contact the Undergraduate Records Office in 302 Pierce Hall (313-487-4202) for an advising appointment. Candidates whose undergraduate GPA was less than 2.5 should apply as a Second Bachelor's candidate (see Second Bachelor's Degree). Candidates whose undergraduate GPA was 2.5 or better should apply through the Graduate School.

### RE-ENROLLMENT

Former EMU students desiring to re-enroll at EMU after an absence of one year should make application in the Academic Records Office, 302 Pierce Hall, at least two months prior to the first day of classes. The applicant should complete the application and return it to the same office.
Students who have a past due obligation to the University must clear their obligation through the Student Accounting Office, Pierce Hall, before they will be allowed to register.

Students who have attended any institution of higher education since being enrolled at Eastern Michigan University must have an official transcript sent from that institution to the Academic Records Office.

If absence from Eastern Michigan University was by request of the University, the student must initiate any application for re-admission with the Academic Advising Center, 301 Pierce Hall.

If the student wishes to register prior to the start of classes for a session, the application for re-enrollment must be filed no later than the following dates:

- For fall semester: August 1
- For winter semester: December 1
- For spring session: April 1
- For summer session: May 15

**ALTERNATIVE CREDIT OPTIONS**

Eastern Michigan University offers students the opportunity to earn up to 30 hours of academic credit by examination and/or by portfolio. In some instances, students may enroll immediately in advanced courses through various credit-by-examination programs. Especially high test scores may warrant additional academic credit and/or higher placement.

These programs include:

1. Advanced Placement (AP)
2. International Baccalaureate (IB)
3. College Level Examination Program (CLEP)
4. Credit by examination (available through academic departments when CLEP is not available)
5. Validation (may be required to transfer two-year college credit for 300 and 400 level EMU courses)
6. Portfolio-assisted Prior Learning Assessment (PLA) - available through participating academic departments

The table that follows illustrates academic credit available by department for AP, IB, and CLEP test scores, with the following limitations:

1. Credit may not be duplicated for separate tests and/or completed courses covering the same subject matter. Credit may be denied if the student has already successfully completed a higher level course in the same subject or enrolled in a similar course.
2. Credit by examination may be awarded up to a maximum of 30 credit hours.
3. The International Baccalaureate Diploma does not equate automatically with sophomore standing, nor does it automatically waive basic studies requirements.

For more information, contact the Academic Advising Center.

Students who submit their AP or IB scores to Eastern Michigan University are assured of at least three hours of academic credit for a score of 3 or higher on an AP exam and 4 or higher on the higher-level IB exam.

Credit by examination and validation is available through academic departments when CLEP examinations are not appropriate in assessing the student's previous education and/or life experiences.

Credit by examination regulations are:

1. The applicant must be admitted to Eastern Michigan University.
2. Prerequisites must be met before credit by examination may be considered for any course.
3. Credit normally will not be awarded for any course below the level of a course for which the student already has credit or that the student is taking or has taken.
4. Courses such as Workshops, Special Topics, Seminars, and Directed or Independent Studies are excluded from credit by examination.
5. Academic departments may exclude certain other courses from credit by examination.
6. A student who fails to pass such an examination will not be permitted to take another examination in the same course until four months have elapsed, and until the student has presented evidence of sufficient further study to justify reexamination.

Validation regulations are implemented after all college-parallel credit earned at accredited two-year colleges has been recorded on the student's official EMU record and the transfer has been completed. If further validation of two-year college credit is required for 300 and 400 level EMU courses, two ways to achieve this are:

1. Satisfactory completion of the next more advanced course in the series as designated by the department head.
2. Passing a comprehensive examination in the course for which EMU validation is requested.

Procedures for credit by examination and validation are:

1. Pick up, fill out, and return application for credit by examination/validation to the Academic Records
Office. Eligibility to sit for credit by examination/validation will be determined by the Academic Records Office, 302 Pierce.

2. Take paper provided by the Academic Records Office to the head of the department in which the course is offered. The department head will evaluate the request and make one of the following decisions:
   a. Grant permission for credit by examination/validation.
   b. Deny permission for credit by examination/validation.
   c. Hold request for further investigation.

3. Once permission is granted and the time and place of exam are agreed upon, the student will validate the permission form by paying the fee to the EMU Cashier’s Office.

4. The student will present the validated permission form to the instructor prior to taking any exam or activity for credit by examination/validation.

5. After the instructor evaluates student performance and indicates P/F on permission form, a copy of the written examination or explanation of the activity as well as the instructor’s total evaluation will be placed on file in the office of the department head. The department head will sign the permission form indicating receipt of instructor’s evaluation.

6. Department head will forward the permission form to the Academic Records Office, 302 Pierce for posting to the student’s record.

Portfolio-assisted Prior Learning Assessment is available through participating academic departments when CLEP, credit by examination, and validation are not appropriate in assessing the student’s previous learning. Call the PLA Office at (313) 487-0407 or (800) 777-3521 for additional information.

**Academic standards for Portfolio-assisted Prior Learning Assessment are:**

1. Credit is given only for learning and not for experience.
2. College credit is awarded only for college-level learning.
3. Credit is awarded only for learning that has a balance, appropriate to the subject, between theory and practical application.
4. The determination of competence levels and credit awards is made by academic experts in the appropriate subject matter.
5. Credit is appropriate to the academic context in which it is accepted.

**Procedures for Portfolio-assisted Prior Learning Assessment are:**

1. The applicant must contact the PLA Office for information and registration form.
2. The applicant must be admitted to Eastern Michigan University.
3. The student must complete AADV279 before requesting credit through the process of portfolio-assisted prior learning assessment.
4. The student must compile a master portfolio to present for assessment within one year of completion of AADV 279.
5. The student must present the master portfolio and departmental portfolios to the PLA Office for review; upon successful review, the PLA Office will issue an assessment form.
6. The student will validate the assessment form by paying the required fee to the Eastern Michigan University Cashier’s Office and returning a receipt to the PLA Office.
7. The PLA Office distributes portfolios to department heads for assignment to faculty assessors.
8. The assessors evaluate portfolios and may request additional demonstration of competence.
9. The assessors return portfolios and assessments to the PLA Office.
10. The PLA Office notifies the student of credit award or denial and also notifies the Academic Records Office of awarded credit for posting to the student’s record.

CLEP examinations as listed on the following chart are administered through the Academic Advising Center, 301 Pierce Hall.

**Undergraduate Catalog**
UNIVERSITY HONORS PROGRAM

William Miller
Director
Jones-Goddard Community of Scholars
487-0341
e-mail: PHI-Miller@emu.uax.emich.edu

Entering first-year, transfer, and currently enrolled students with excellent academic records may apply for admission to the University Honors Program. Admission is based on such factors as grade point average, standardized test scores, letters of recommendation, and a personal essay.

Honors certification may be pursued either on the basic studies level, in departments or professional programs, or both. Graduation with honors requires a cumulative GPA of at least 3.3, the completion of either 18 hours of honors credit in basic studies or 12 hours of departmental honors credit, including the senior thesis or project; and community service. Students who complete the program are appropriately recognized by special designations on their transcripts, certificates of achievement, the honors medallion, and letters of recommendation from the honors director explaining their accomplishments.

Other benefits include housing in the Jones-Goddard Community of Scholars, early registration, extended library loans, and academic and career advising support.

For further information, contact the University Honors Program office, 250 Jones Hall, Community of Scholars, (313) 487-0341, email: EMUHONORS@emu.uax.emich.edu.
TUITION AND FEES

All University fees and assessments are subject to change without notice and at any time by action of the Board of Regents.

REGISTRATION

Official registration day is the day students complete the initial registration for the semester or session.

The registration fee is $40 for each semester. This service fee is assessed at the time the student registers and is non-refundable.

An additional late registration fee of $10 is charged to students who do not complete registration prior to the official first day of classes each semester.

Financial obligations must be met by students by the posted due dates in order for students to be eligible for the next registration period or graduation. Transcripts, diplomas, or other statements of record will be withheld and students will be ineligible for further registration until obligations have been fulfilled.

Cancellation of registration by a student who decides not to return to EMU after registering in advance for classes must be initiated by the student on a signed cancellation-of-registration form either in person or by letter to the Registration Office, 303 Pierce Hall. If students have applied for University housing, they also must cancel the contract in the Housing Office. This is necessary for cancellation of tuition and room and board assessments.

Failure to withdraw may leave students with responsibilities for payment of tuition, fees, and housing charges that will not be paid by financial aid.

TUITION

Tuition is assessed for all credit hours for which the student is registered. Regardless of student class level, undergraduate tuition is assessed for all 100 through 400 level courses; graduate tuition is assessed for all 500 and 600 level courses.

Off-campus tuition rates are the same as on-campus tuition rates.

Tuition for auditing classes is the same as for credit classes.

Tuition rates per credit hour, using the fall 1993 levels are:

1996-97 Michigan Resident Rates
Undergraduate courses lower level (100-200) $91.00
Undergraduate courses upper level (300-400) $98.50
Graduate courses (500-600 level) $136.00

1996-97 Non-Resident Rates
Undergraduate courses lower level (100-200) $237.00
Undergraduate courses upper level (300-400) $253.00
Graduate courses (500-600 level) $317.00

RESIDENCE CLASSIFICATION FOR TUITION PURPOSES POLICY

I. REGULATIONS FOR DETERMINING RESIDENCE CLASSIFICATION

A person enrolling at Eastern Michigan University shall be classified as a resident or a non-resident for tuition purposes. A student's residence status shall be determined at the time of his/her initial admission to the University. In order to determine the domicile of a student, the following regulations will be utilized:

A. Establishment of Residence

No student shall be eligible for classification as a resident for tuition purposes unless the student has demonstrated that he/she has established domicile in Michigan.

B. Minors and Dependents over 18

The domicile of a student who is not yet 18 years of age follows that of the student's parents or legal guardian. If the student's parents or legal guardian would qualify in accordance with the University's regulations for determining residence classification, that student shall be considered a Michigan resident for tuition purposes.

Students 18 years of age or older who are claimed as dependents for federal income tax purposes by their parents or guardians at the time of registration and for the tax year preceding the year in which they registered will be classified for tuition purposes as though they were minors.

C. Nondependent Students

An independent student 18 years of age or older...
is considered eligible for residence classification if the student has demonstrated that he/she has established domicile in Michigan.

D. Spouse

The domicile of a student who otherwise would be classified as a nonresident for tuition purposes will follow that of the student's spouse, if the spouse is eligible for classification as a Michigan resident for tuition purposes. (Applicable only to U.S. citizens or to aliens admitted to the United States in accordance with Subsection E.)

E. Aliens

An alien (non-citizen) student shall be eligible for classification as a Michigan resident for tuition purposes if he/she is domiciled in the United States and also qualifies in accordance with the University's Regulations for Determining Residence Classification.

In order to demonstrate that he/she is domiciled in the United States, the student must be a permanent resident, or an alien with one of the following visa classifications, or an alien with other documentation from the Immigration and Naturalization Services that reflects such status.

- Visa classifications: E-1—treaty trader, spouse, and children; E-2—treaty investor, spouse, and children; G-4—international organization officer or employee and members of immediate family; H-1—temporary worker of distinguished merit and ability; H-2—temporary worker performing services unavailable in the U.S.; H-3—trainee; H-4—spouse or child of H-1, H-2, or H-3; J-1—exchange visitor (limited to persons engaged as trainee, teacher, professor, or research scholar); J-2—spouse or child of J-1 as limited above; L-1—intracompany transferee; L-2—spouse or child of L-1.

F. Migrants

Migrant status is one factor considered when determining if a student is domiciled in Michigan for tuition purposes. Michigan migrants are defined as individuals who have made their livelihood in seasonal work in the state of Michigan, and have traveled interstate for this purpose. Migrant students shall be considered Michigan residents for tuition purposes if they or their parents or legal guardian were employed in Michigan for at least two months during each of three of the preceding five years. Verification of employment as migrant workers should be secured from the Michigan Farm Labor and Rural Manpower Services Office.

Other appropriate evidence also may be used by migrant workers to establish their status.

G. Spouse or Dependent of a U.S. Military Service Person

The spouse or dependent of a person currently serving in a branch of the U.S. military service (excluding reserve programs) or of a person who died while serving in a branch of the U.S. military service shall be eligible for classification as a Michigan resident for tuition purposes if that military service person qualified in accordance with the University's regulations for determining residence classification immediately before entering the military service as a Michigan resident.

H. U.S. Military Service Veteran

A veteran of a branch of the U.S. military service (excluding reserve programs) shall be eligible for classification as a Michigan resident for tuition purposes if that person qualifies in accordance with the University's regulations for determining residence classification immediately before entering the military service as a Michigan resident.

II. GUIDELINES AND CRITERIA FOR DETERMINING RESIDENCE CLASSIFICATION

Since a student normally comes to Eastern Michigan University for the primary or sole purpose of attending the University rather than to establish domicile in Michigan, one who enrolls in the University as a nonresident shall continue to be so classified throughout his/her attendance as a student, unless and until he/she demonstrates that his/her previous domicile has been abandoned and a Michigan domicile is established.

The following guidelines and criteria shall be applied when reviewing a student's classification. It is recognized that no one of the following criteria shall, standing alone, necessarily be controlling. All factors indicating an intent to make Michigan the student's domicile will be considered by the University in classifying a student.

A. The following facts and circumstances, although not necessarily conclusive, have probative value in support of a claim for residence classification:

1. Domicile in Michigan of family, guardian, or other relatives or persons legally responsible for the student.
2. Former domicile in Michigan and maintenance
of significant connections therein while absent.  
3. Self-supporting reliance upon Michigan sources for financial support. (Verification of Michigan income tax liability must be provided.)  
4. Continuous presence in Michigan during periods when not enrolled as a student.  
5. Long-term military commitments in Michigan.  
6. Acceptance of an offer of permanent employment in Michigan (in a position not normally filled by a student).  
7. Ownership of real estate in Michigan.  

B. Please Note: The following circumstances, standing alone, shall not constitute sufficient evidence of domicile to effect classification of a student as a resident under these regulations.  
1. Voting or registration for voting.  
2. Employment in any position normally filled by a student.  
3. The lease of living quarters.  
4. A statement of intention to acquire a domicile in Michigan.  
5. Automobile registration, driver's license.  
6. Other public record, e.g., birth records.

III. RECLASSIFICATION OF RESIDENCE STATUS  
A student's residence status may be reviewed at each subsequent registration. If a student's circumstances should change to the extent that he/she would no longer be considered a Michigan resident for tuition purposes, as herein described, that student shall be reclassified as a nonresident for tuition purposes 12 months thereafter.  

It shall be the responsibility of all students, prior to registering, to raise questions in the Student Accounting Office regarding their right to be registered as a resident for tuition purposes.  

The administration is authorized to establish procedures and delegate authority for determining the residence status of students for tuition purposes.  

A tuition reciprocity agreement with Ohio, entered into by the Michigan State Board of Education and the Ohio Board of Regents in 1980, allows an Ohio resident to attend Eastern Michigan University at Michigan resident tuition rates. Michigan residents can attend the University of Toledo at Ohio resident tuition rates but only if they reside in Monroe County.  

NOTE: The Residence Classification for Tuition Purposes Policy is currently under review and is subject to change by action of the Eastern Michigan University Board of Regents without prior notice and at any time.

Tuition and fee payment for fall and winter semesters may be made in two installments. There is no installment payment plan for spring and summer sessions. The exact due date is printed on the invoice from Student Accounting and is published in the Class Schedule Book for each semester. To ensure a correct billing address, it is the responsibility of the student to inform the University of any address changes by completing a change of address form in the Registration Office.  

Only special billing addresses are processed by the Student Accounting office.  

Eastern Michigan University accepts VISA and MasterCard credit cards in payment of tuition, fees, and room and board.  

The optional installment payment plan is offered in the fall and winter semesters only and is applicable to tuition and room and board. A minimum of 50 percent must be paid initially and the remainder by the eighth week of the semester. An installment service fee of $20.00 is assessed with the first installment billing and a late payment fee of $20.00 per month to a maximum of $100 per semester or session is assessed on past-due balances.  

If a student's account is past due for a current semester, enrollment, University housing and other University services (such as release of grades or certified transcript) are subject to suspension until the account is brought into current status. Payment of assessments for a current semester does not relieve the student of the obligation for payment of any balance from a prior semester.  

The privilege of using the installment payment plan for tuition (room and board) is denied to students whose University account has been in arrears in amounts exceeding $50 for periods beyond 30 days.  

Any exceptions shall be by authority of the vice president for business and finance.  

Workshop sessions offered for two and three weeks during the spring and summer sessions are assessed the same registration and tuition fees as regular class sessions. However, a student enrolled in other course work during a session will not be assessed an additional registration fee for enrolling in a workshop during the same session.  

An adjustment of 100 percent of the tuition assess-
ment will be made to students who withdraw from a workshop prior to the close of business (5 p.m.) on the first day of the workshop. No other adjustment or refund will be granted.

**Fee Adjustments**

Beginning with the start of classes a program adjustment fee of $10 per drop transaction will be assessed for each student-initiated program adjustment. For final adjustment deadlines and coordinate fee schedules, see the Class Schedule Books.

No program adjustment fees will be assessed for changes required as a result of University actions.

**Withdrawal from the University**

A credit adjustment of 100 percent of tuition and fees for the fall and winter semesters, less an administrative fee, will be made to those students who cancel their registration or withdraw from the University through the eighth class day. For the spring and summer sessions, a 100 percent credit adjustment less an administrative fee, will be made during the first four days of classes. Actual dates are printed in the Class Schedule for each semester and session.

A credit adjustment of 50 percent of tuition and fees for the fall and winter semesters, less an administrative fee, will be made to those students who withdraw from the University from the ninth through the nineteenth class day. For the spring and summer sessions, a 50 percent credit adjustment less an administrative fee will be made from the fifth through tenth class day of the session. Actual dates are printed in the Class Schedule for each semester and session.

A credit adjustment of 25 percent tuition and fees for the fall and winter semesters, less an administrative fee, will be made to those students, who withdraw from the twentieth through the thirty-eighth class day. For the spring and summer sessions, a 25 percent credit adjustment less an administrative fee, will be made from the eleventh through nineteenth class day of the session. Actual dates are printed in the Class Schedule for each semester and session.

No credit adjustment will be made after the above stipulated dates.

If a student or parent feels that individual circumstances warrant exceptions from the credit adjustment or University withdrawal adjustment policy:

1. Obtain a Tuition and Fee Appeal Application from the Student Accounting Office in Pierce Hall (Ypsilanti, MI 48197). Complete and return the application along with an explanation of the extraordinary circumstances involved and supporting documentation of those circumstances. An approval or denial will be issued in writing by return mail. If the application is denied:

2. Appeal in writing to the Assistant Controller of Student Business Services at the address above. Be sure to include any additional pertinent information with your written appeal.

3. If, after following the procedures in steps 1 and 2, an acceptable solution is not achieved, a final written appeal may be made to the Vice President for Business and Finance (101 Welch Hall, Ypsilanti, MI 48197).

Tuition and fee appeal applications must be submitted as early in the semester as possible. Applications received later than 15 calendar days after the close of the semester may be denied.

**Service Fees**

Room and board fees are published by the Housing Office and are set by action of the Board of Regents. See the 1993-94 estimated fee schedules at the end of this section.

A Health Care fee is charged at the rate of $1.95 per credit hour. Payment entitles the student to health care at reduced rates.

Students' spouses, faculty and staff and their spouses may avail themselves of Health Center services, but at somewhat higher rates. If they desire, these persons may pay the participation fee at Snow Health Center and become eligible for reduced rates. The complete schedule of health service fees is available at Snow Health Center.
A Student Government fee shall be assessed each student enrolling for one or more on-campus undergraduate courses. This fee shall be two dollars ($2) for each of the fall and winter semesters and one dollar ($1) for each of the spring and summer sessions and shall be collected by the University as a separate charge when tuition is paid. The fee provides operating funds for the Student Senate and student organizations.

A Student Activity/Facility fee of $47 per semester for fall and winter semesters is assessed of all students not living in University housing taking four or more credit hours. All students paying this fee are eligible for free admission to home basketball and football games. All students not living in University housing are assessed a Student Activity fee of $23.50 during the spring and summer terms. This fee is used to renovate and enhance campus facilities and the campus environment.

A graduation fee is charged each student who makes application for graduation. It covers the cost of mailing of diplomas and other specific graduation items. The fee is assessed once for each degree and is non-refundable.

<table>

A transcript fee charge of $5 is made for each transcript ordered by students.

Parking your motor vehicle in University parking lots requires the proper parking permit. To purchase your parking permit, you must first register your motor vehicle with the Public Safety Department, located on the ground floor of the parking structure. The application will contain information to indicate whether the permit will be mailed to you or whether you must pick it up in person.

The 1996-97 motor vehicle rates are as follows:

All students meeting the requirements of the law are eligible to operate and maintain motor vehicles on campus. Motor vehicles are required to be operated within the provisions of the Traffic, Parking, and Pedestrian Ordinances of the University.

Further details are available in the Parking and Traffic Regulations brochure available from campus police. Permit cost subject to change.

Special Fees

Music fees are charged for private lessons according to the following schedule (1995-96 fee schedule):

Music majors: $60 per semester (maximum) for all instruction.

Other University students: $60 per semester for one-hour lesson, $30 per semester for half-hour lesson.

Students from public schools, the community and EMU staff and families: Lessons are available through the EMU Community Music School. Fees vary depending on the length of the lesson, and the instructor. Call the Department of Music for details.

Lessons are arranged through the Music department.

The applied music fee is assessed to each student’s account at the close of the program adjustment period. This fee is not refundable after the first lesson.

Nursing fees of $15 per credit hour for clinical laboratory courses are charged in addition to per credit hour fees. These courses are listed below:

Materials and extra costs are assessed at the close of the program adjustment period in certain courses. These courses are listed near the front of each semester’s class schedule bulletin, as well as being identified individually within the bulletin with a bullet (*) before the course number.
SCHEDULE OF UNIVERSITY CHARGES
PER SEMESTER
(University charges are set by action of the Board of Regents, are due in accordance with University payment plan, and may be changed without notice.)

1995-96 Amount

Tuition for 15 hours
Michigan resident ........................................... $1,147.50
Out-of-state resident ......................................... $2,940.00
Registration fee—All students ........................... $40.00
   (Spring/Summer) ........................................... $30.00
Student Government fee—All students ............... $2.00
Health care fee—$1.85 per credit hour ............. $27.75
Student activity/facility fee
   Fall or Winter—students taking 4 or more credits ... $47.00
   Spring or Summer—all students .................. $23.50
Music fee—Music majors ....................................... $60.00
   Other students taking an applied
   music lesson ........................................... $30-$60.00
Residence hall room and board (double room with
20-meal plan) ............................................ $1,925.00

STUDENT EXPENSES
Estimated Academic Year Costs
(Residence Hall and Commuter Students)

The following budget represents typical expenses for a freshman student, Michigan or Ohio resident, taking 13 undergraduate credit hours each semester, living in a University residence hall or off-campus apartment, and attending the full academic year (fall and winter semesters).

Tuition and fees ..................................................... $3,200
Books and academic supplies ................................ $500
Residence hall room and board ......................... $4,400
Total direct educational costs ............................ $8,100
Estimated additional costs of personal, transportation,
and miscellaneous expenses ............................... $1,200

Personal expenses include: clothing allowance,
medical/dental expenses, recreation, personal hygiene articles. Out-of-state students should allow for additional tuition and transportation costs.

Students can anticipate the following total costs:
tuition and fees, books, room and board, personal and miscellaneous expenses, and transportation for an eight-month academic year (based on projected 1994-95 costs):

On campus student .............................................. $9,300
Commuter student ........................................... $7,700
Off campus student ......................................... $8,900

The above budgets are based on Financial Aid average costs for 1995-96 with projected increases for 1996-97.
FINANCIAL AID

During 1995-96 Eastern Michigan University will pay more than $56 million dollars in the form of scholarships, grants, part-time employment and loans to over 11,000 students.

Program funding is provided by the federal government, state of Michigan, Eastern Michigan University and private sources. While most awards are based on financial need, scholarships often have academic achievement requirements or other eligibility criteria.

Federal and state aid is awarded to cover college costs based on the assumption that parents and students will contribute as much as they are financially able. To the extent that the family does not have sufficient resources to meet the costs of higher education, students may qualify for need-based financial aid.

APPLICATION FORMS

Academic Scholarships and University Awards

- Freshmen, new students and transfer students will be considered for scholarships and university awards through the EMU Admission application.
- Continuing students apply annually, by filing an Academic Scholarships and Awards application. Applications are available at the office of Financial Aid in October and are due in January.

Federal and State Need-Based Aid

To be considered for federal and state aid programs, students complete the Free Application for Federal Student Aid (FAFSA) available through high school counselors’ offices and college financial aid offices. The Free Application for Federal Student Aid must be filed each year to determine eligibility for the upcoming academic year.

By completing the Free Application for Federal Student Aid, undergraduate students are applying for:
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant
- Federal Perkins Loan
- Federal Subsidized and Unsubsidized Stafford Loans
- Federal Work Study
- Michigan Competitive Scholarship

Graduate students are applying for:
- Federal Perkins Loan
- Federal Subsidized and Unsubsidized Stafford Loans
- Federal Work Study
- Michigan Work Study

Priority funding will be offered to students who receive their processed Student Aid Report dated March 15 or earlier. To meet this deadline, applications should be filed during the month of January.

The application collects information about family income and assets, family size, and number of family members attending college at least half time. Based on an analysis of this data, the federal government determines the Expected Family Contribution which is identified on the Student Aid Report. The Expected Family Contribution is subtracted from the University’s cost of education to determine whether there is a difference between the family’s ability to pay and the college budget. “Need” is the difference between the family’s ability to pay and the college budget. Most federal and state programs are awarded based on a student’s need.

The cost of education consists of an estimate of direct and indirect expenses. The direct costs are tuition, fees, and room and board. The indirect costs are books and supplies, transportation and miscellaneous personal expenses. The cost of education at EMU is determined annually.

The cost of education for undergraduate students for Fall and Winter 1996-97 semesters is:

<table>

</tbody>
</table>

DETERMINATION OF NEED-BASED FINANCIAL AID AWARDS

The award process for the upcoming academic year begins in April. Aid is awarded to students once they have been officially admitted to EMU and EMU receives the processed Student Aid Report from the federal government. Students will be awarded financial aid according to need, dependency status, program regulations

Once the aid package has been determined by the Office of Financial Aid, a Financial Aid Award Statement will be sent to students. The award statement contains information regarding the type and amount of aid, disbursement information and other instructions necessary to complete the aid process.

Financial aid awards are processed and funds disbursed in compliance with established federal, state and institutional policies.

**Verification of Financial Aid Application Information**

Applicants selected for verification must produce evidence to prove the accuracy of certain items reported on the Free Application for Federal Student Aid before aid is disbursed. Major items verified include:

- taxed and untaxed income
- taxes paid
- number of family members in household
- number of family members in household who will attend college at least part-time in the award year
- benefits received from other federal and state sources

The deadline by which verification documentation must be submitted is published annually by the Office of Financial Aid. Failure to submit required documents by the due date may result in the cancellation of financial aid offers.

**Financial Aid Transcripts**

Students who transfer to EMU must submit a Financial Aid Transcript from each school previously attended regardless of whether aid was received at that school. Federal regulations prohibit the disbursement of financial aid until all Financial Aid Transcripts are on file.

**Satisfactory Academic Progress**

Federal regulations require the Office of Financial Aid to monitor the academic progress of all students toward the completion of a degree. This monitoring process is called Satisfactory Academic Progress (SAP). Academic progress is evaluated using three factors: grade point average, percentage of attempted courses completed, and maximum credits of eligibility in which to complete a degree. Failure to maintain Satisfactory Academic Progress will result in cancellation of eligibility to receive funds from federal Title IV, state, or university need-based aid programs.

Undergraduate students are required to maintain a 2.00 overall grade point average (grad students 3.00 gpa) ; maintain an overall completion rate of 75% at the University; complete their program of study within the maximum credits of eligibility (maximum credits of eligibility are calculated by multiplying the minimum number of credit hours required for a student's program of study by 150%. Transfer credits are included in the maximum credits of eligibility calculation).

All students who fail to maintain the relevant GPA and/or the required completion rate are placed on SAP probation by the Office of Financial Aid. Students placed on Academic probation by the University will also be placed on SAP probation. Students are eligible to receive financial aid while on probation and will have their progress checked after each semester. Students who fail to maintain the relevant GPA and/or fail to complete 75% of the credit hours attempted for each semester following notification of probation will no longer be eligible to receive financial aid.

Students will no longer be eligible for financial aid if any of the following occurs: failure to achieve the relevant GPA during any semester following notification of probation; failure to complete 75% of the credit hours attempted during any semester following notification of probation; academic dismissal; earned the maximum credits of eligibility allowed for their program of study. Details regarding reinstatement of financial aid eligibility appear on individual SAP cancellation letters.

Students who had extenuating circumstances which resulted in failure to maintain Satisfactory Academic Progress may appeal the cancellation. Students must submit a letter of explanation addressed to the Financial Aid Review Committee and attach third party documentation, as appropriate. The Financial Aid Review Committee meets weekly. Cases are reviewed and decisions are made within 10 to 15 business days after receipt. Students are notified in writing of the outcome of their appeals.

*Federal Title IV, state, and university aid pro-
grams include but are not limited to: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Subsidized and Unsubsidized Stafford Loans, Federal Work Study, Federal PLUS Loan (Parent Loan for Undergraduate Students), Michigan Educational Opportunity Grant, Michigan Adult Part-Time Grant, Michigan Work Study, and Michigan Competitive Scholarship.

**YOUR RIGHT TO APPEAL AID DECISIONS**

All decisions made by the Office of Financial Aid follow federal and state regulations and university policy. Students may experience special circumstances or problems which warrant an exception to these regulations and/or policies. Strict federal guidelines regarding student dependency status limit the scope of professional judgement exercised by staff. Financial aid decisions may be changed by completing the appeal process. Procedures for the appeal process are available at the Office of Financial Aid.

**PAYMENT OF FINANCIAL AID**

A financial aid file must be complete and verified, if required, before aid is paid to a student's account. A completed file is one that contains a valid Free Application for Federal Student Aid Report; financial aid transcripts, if required; income documentation and family information, if selected for verification; and other student specific information as requested to determine eligibility.

The following aid is paid directly to a student's account:

- Federal Pell and Supplemental Educational Opportunity Grants
- State of Michigan grants and competitive scholarships
- University grants and scholarships
- Outside scholarships
- Federal Subsidized and Unsubsidized Stafford Loans with electronic funds transfer
- Federal Perkins Loans

Proceeds from paper checks from lenders participating in the Federal Subsidized and Unsubsidized Stafford Loan Program will be applied to a student's account once the check is endorsed.

Federal and state work study checks are issued to students for hours worked on a bi-weekly basis.

Students will be issued a refund check for aid applied to their account which exceeds the charges on that account.

**REPAYMENT POLICY**

Any student who withdraws from all classes before the end of the semester and who has received federal or state aid, may be required to repay aid paid toward room/board and personal costs.

Financial aid is used for expenses incurred while attending school. Aid is prorated over the entire semester and any portion allocated to the weeks the student did not attend classes must be repaid.

Students are notified when funds are returned to their lender and/or when they are required to repay aid. Consult the Office of Financial Aid before dropping a class or withdrawing from all classes to determine whether aid must be repaid or reduced.

**TAX INFORMATION**

Generally, financial aid is exempt from taxes if the amount received is for qualified tuition and related expenses required for courses at the educational institution (tuition, fees, books, supplies and equipment). The recipient must maintain records that establish the amounts used for qualified tuition and related expenses for their tax records. Records supporting such amounts include copies of relevant bills, receipts, cancelled checks or other documents which clearly reflect the use of the money from financial aid. Students who do not earn enough money to file an income tax return may need to determine if their financial aid makes a difference in their tax filing status. Questions regarding tax issues should be directed to the IRS or your income tax preparer.

**REFUND POLICY**

Please refer to the refund policy issued by Student Accounting.

**FINANCIAL AID PROGRAMS**

By completing the Free Application for Federal Student Aid, eligible students will be considered for all federal and state aid programs. To receive federal need-based aid, students must:

- be enrolled in an eligible program;
• be a U.S. citizen or an eligible noncitizen;
• demonstrate need;
• make Satisfactory Academic Progress toward a degree;
• not be in default on a federal student loan;
• not owe a refund on any federal Title IV, state or university aid program.

Eligible Michigan residents are also considered for state need-based aid.

The maximum amounts of aid described below are subject to change by federal and state regulations or university policy.

**Federal Financial Aid Programs**

*Federal Pell Grants* - Annual awards of $400 to $2,340 are available to undergraduate students who are enrolled and have demonstrated financial need.

*Federal Supplemental Educational Opportunity Grants* - Awards range from $100 to $2,000 per year. Priority is given to students who receive a Federal Pell Grant.

*Federal Perkins Loan* - Annual awards are available to undergraduate and graduate students who are enrolled at least half-time and have demonstrated financial need. Undergraduates may borrow up to $3,000 per year ($15,000 maximum) and graduate students may borrow $5,000 per year up to a maximum of $30,000 including loans borrowed as an undergraduate. Priority is given to students who receive a Federal Pell Grant.

*Federal Subsidized and Unsubsidized Loan Program* - Loans are provided through banks, savings and loan institutions and credit unions.

**Michigan Financial Aid Programs**

*Michigan Competitive Scholarships* - This state-funded scholarship program is based on a combination of competitive ACT test results and financial need, as determined from completing the Free Application Federal Student Aid. Students initially apply by taking the American College Test no later than October of their senior high school year and having the test results sent to the State Scholarship Program. The second step of the application process is to submit the Free Application for Federal Student Aid (FAFSA). Students may annually renew the scholarship by maintaining a 2.0 GPA and demonstrating continued financial need.

Three additional programs are available to Michigan residents - Michigan Adult Part-Time Grant, Michigan Educational Opportunity Grant, and Michigan Work-Study. The basic requirements for these three programs are as follows: be enrolled at an approved public or private degree-granting Michigan college; demonstrate financial need for the funds; be a Michigan resident for at least 12 months; be a U.S. citizen or permanent resident; not be incarcerated in a corrections institution; not be enrolled in a program leading to a degree in Theology or Divinity; not be in default on a Michigan Guaranteed Student Loan or Michigan Auxiliary Loan; and be making satisfactory academic progress, as defined by the school.

To apply for the following state need-based aid programs, students complete the Free Application for Federal Student Aid.

*Michigan Adult Part-Time Grant* - Need-based gift aid available to undergraduates who are enrolled on a part-time basis. In addition to meeting the specific requirements listed above, students must qualify as self-supporting according to current federal criteria (be out of high school for at least two years, and be a part-time student). Grants of up to $600 per year are available for not more than two years of study.

*Michigan Educational Opportunity Grant* - Need-based gift aid to undergraduates enrolled at least half-time. Students who meet the basic requirements for the Michigan programs are eligible. Grants of up to $1,000 per year are available.

*Michigan Work-Study Program* - Need-based program that provides work opportunities for undergraduates. Both nonprofit and profit-based employers may sign agreements with Michigan colleges to participate in this program. Students who meet the basic requirements for the Michigan programs are eligible. Awards range from $900 to $3,000 per year.

**Armed Forces Programs**

*ARMY ROTC Scholarship Programs* - Financial assistance to outstanding young men and women interested in completing the ROTC program and pursuing the Army as a career. Students must be citizens of the
United States and meet the criteria specified under provisions of Public Law 88-647. For further information, contact EMU's Military Science Department, 18 Roosevelt Hall.

The four-year program is open on a selective basis to high school seniors who apply and intend to pursue ROTC at the University. One- to three-year scholarships are reserved for students enrolled in the EMU campus ROTC program, and a two-year scholarship program for transfer students is administered by a faculty board. All provide full tuition, textbooks, laboratory fees, and a $150 per month stipend while the scholarships are in effect.

**Air Force ROTC Scholarships** - Offered by the Air Force on a competitive basis to students interested in completing the AFROTC program and entering the Air Force as a commissioned officer. Two, three, and four-year scholarships are available. Scholarships pay full tuition and fees, a book allowance, and a $150 per month stipend during the academic school year. EMU students receive AFROTC training on the University of Michigan campus. For information, call the AFROTC recruiting office at (313) 747-4093.

**Veterans Benefits** - Administered under the new G.I. Bill by EMU's Veterans Services Office, 202 Goodison Hall. The applicant must furnish a Certificate of Eligibility (if available) at or prior to the start of classes. Students receiving benefits and not obtaining a satisfactory grade point average will be ineligible for further certification for such benefits at a point no later than one consecutive semester after the student initially fails to maintain satisfactory academic progress.

**Family Federal PLUS Loan**

The Federal Parent Loan for Undergraduate Students (PLUS) is a loan from private lenders to parents of dependent students. Parents may borrow up to the cost of education less any other financial aid (including the Unsubsidized Stafford Loan amount). The PLUS loan is available to parents without adverse credit histories.

Interest rates are determined by the bond equivalent rate of the 52-week Treasury Bill plus 3.10 percent, not to exceed 10 percent. A 4 percent origination fee is paid directly to the federal government from the loan proceeds.

Repayment begins within 60 days after loan disbursement. Repayment may take up to 10 years. Minimum monthly payment is $50.

Obtain an application from your chosen lender and submit the completed PLUS application to the Office of Financial Aid. Loan checks are made payable to the
parent and Eastern Michigan University and are sent to EMU in two disbursements.

**MI-LOAN**

The MI-LOAN Program provides credit-worthy students and their parents an alternate source of loan funds to assist in meeting college costs. The student must be enrolled at a Michigan college or university, have a financial need and be making satisfactory academic progress. The student borrower and co-signer must be:

- At least 18 years of age or an emancipated minor (the co-signer may not be an emancipated minor)
- A U.S. citizen or permanent resident
- Not be in default on any educational loans

The minimum amount is $1,500 with an annual maximum amount of $10,000 per academic year (9 months). The cumulative program maximum is $50,000. The interest rate is a fixed rate of 8.4 percent with a 4 percent reserve fee; variable interest rate loans also are available. The repayment period is 15 years with a minimum monthly payment of at least $50.

**ACADEMIC SCHOLARSHIPS**

Eastern Michigan University offers a variety of academic scholarships to freshmen and upper-class students. New Eastern Michigan students are considered for the following scholarships through the Admission Application:

**Presidential Scholarship** - Four year award that pays thirty credit hours per year of in-state tuition, housing, food allowance, and mandatory fees. Awards are based on a competitive exam. High school seniors must have either a 3.70 GPA or a 3.50 to 3.69 GPA with a minimum 25 ACT or 1150 SAT. Requires an additional application, available at high schools beginning each September. Ten awards are made per year. Minimum 3.50 GPA for renewal. Recipients must live in university residence halls their first two years. Deadline to apply is generally November 20 of each year.

**Regents Scholarship** - Four year award that pays $2,400 freshman year, $2,600 sophomore year, $2,800 junior year, $3,000 senior year. High school seniors must have a 3.50 GPA with a 25 ACT or 1150 SAT. Minimum 3.50 for renewal. Recipients must live in university residence halls their first two years. Must be admitted by February 15 for the next fall semester.

**Recognition of Excellence Scholarship** - Four year award that pays twelve credit hours per year (six per semester) plus mandatory fees. High school seniors must have a 3.30 GPA with a 21 ACT or 1000 SAT. Minimum 3.30 for renewal. Recipients must live in university residence halls their first two years. Must be admitted by February 15 for the next fall semester.

**National Scholars Program** - Four year award that pays thirty credit hours per year (fifteen per semester) of out-of-state tuition differential. High school seniors must have a 3.50 GPA with a 25 ACT or 1150 SAT. Minimum 3.50 for renewal. Recipients must live in university residence halls their first two years. Must be admitted by February 15 for the next fall semester.

**Valedictorian and Salutatorian Scholarship** - One year award of $2,000. This scholarship will be awarded to new freshmen who graduate as the Valedictorian or Salutatorian from their high school, and who are admitted by February 15 for the next fall semester.

**Merit Scholarship** - One year award of $500. High school seniors must have a GPA between 3.0 and 3.49 and must show volunteer involvement in their school or community for consideration. Students must be admitted by February 15 for the next fall semester.

**Community College Scholarship** - One year award of $1,000. Students must be nominated by community college presidents or their designees. Students must have completed at least 30 credit hours with a minimum cumulative 3.50 community college GPA and must be admitted by May 1 for the next fall semester.

**Departmental Scholarship** - Award amounts vary. Selections can be based on academic as well as representative talent within that department or major. Students must be admitted by February 15 for the next fall semester.

**Music Service Awards** - Award amounts vary. Awards are made to students who perform in Eastern's music programs or provide outstanding service to the Music Department. Deadline is June 1 for the next fall semester.
Communication/Theater Arts Service Awards - Awards are made to students who perform in forensics, theater arts programs or make outstanding contributions to the Communication Theater Arts Department. Deadline is June 1 for the next fall semester.

Michigan Competitive Scholarship - Four year award of up to $1,200 each year. Combines ACT test results with financial need (as determined by the Free Application for Federal Student Aid). Freshman deadline to apply is February 15 each year. Following the first year of eligibility, students must re-apply through the Free Application for Federal Student Aid by March 15 of each year.

Robert C. Byrd Scholarship - Four year award that pays $1,500 per year. All applicants must be nominated by their high school principal through the Academic All-State Program, which is administered by the Michigan Association of Secondary School Principals and the Detroit Free Press. Award recipients and the high school principal are notified in May each year.

Many academic scholarships are provided by external sources, including community agencies, service organizations, charitable organizations, civic groups and foundations. Students should investigate these potential resources by checking with public and university libraries for scholarship resource books and by contacting the agencies directly.
ACADEMIC PROCEDURES

The academic year is divided into fall and winter semesters of 15 weeks each, a spring session of either six or seven and one-half weeks, and a summer session of either six or seven and one-half weeks dependent on course selection. The new student may be admitted to the University for any semester/session. The University calendar is printed at the front of this book.

Evening courses and continuing education courses permit scheduling options within each semester/session. Two-week workshops and weekend seminars provide additional course credit opportunities.

Academic course load is the number of hours that a student carries in a semester/session. In the fall and winter semesters, the recommended full-time course load is 15 to 16 hours (15 with student teaching). In the seven and one-half week spring and summer sessions, it is six to eight hours and in the six-week spring and summer sessions, five to six hours. Full-time enrollment for the fall and winter semesters is 12 hours or more. Full-time enrollment for the spring and summer semesters is six hours or more.

Occasionally an increased academic load is found to be necessary or desirable. Before registering for more than the recommended hours, the student is asked to consult an adviser. The following two restrictions are placed on increased academic load:

1. First semester freshmen may not take more than the recommended full-time academic load without special permission from the Academic Advising Center, 301 Pierce.

2. Students on academic probation may not take more than the recommended full-time academic load without special permission from the Academic Advising Center. Pass/fail semester hours are included in the total course load.

Regular class attendance and active participation in classes are important elements in the learning process. Students are at the University primarily for the sake of their intellectual growth and development. Attendance and participation provide appropriate opportunities for the evaluation of the student's progress.

Each student is personally responsible for the satisfactory completion of the course work prescribed by his/her instructors. This means specifically that he/she is expected to attend classes regularly, and that he/she is responsible for the work assigned in class, the material covered in class and for participation in class activities (including discussion and listening) designed by the instructor as part of the learning experience. However, mere physical attendance should not be a criterion for evaluation of the student's performance.

No person is allowed to attend class unless officially registered on a credit or audit basis with appropriate fees paid or is, as full-time staff, faculty or faculty spouse, auditing under the staff benefits program. No credit will be given for work in courses not officially enrolled in or approved.

Auditing of registered courses is permitted for the student who wishes to hear the subject matter presented but does not desire to obtain credit for the course. The student must register for the class, obtain a permission to audit card from registration, receive the approval of the head of the department offering the course, turn in the audit card, and pay the required tuition and fee as if for a credit course. Shifting from credit to audit or from audit to credit is not permitted after the last day for program adjustments for that specific semester.

Under provisions of the University staff benefits program, full-time staff, faculty, and faculty spouses may audit classes by completing an approval process initiated at the Benefit Programs Office, 301 King Hall.

Credits are determined by the units of work completed. A semester hour is the credit granted in a course meeting once a week for one semester. Credits earned on the term or quarter-hours basis at other institutions are converted to EMU semester hours by multiplying by two-thirds.

Class levels are determined by the academic hours completed as follows:

<table>
<thead>
<tr>
<th>Class Level</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-24</td>
</tr>
<tr>
<td>Sophomore</td>
<td>25-55</td>
</tr>
<tr>
<td>Junior</td>
<td>56-84</td>
</tr>
<tr>
<td>Senior</td>
<td>85 or over</td>
</tr>
<tr>
<td>Non-Matriculated</td>
<td>NM</td>
</tr>
<tr>
<td>Second Bachelors</td>
<td>SB</td>
</tr>
</tbody>
</table>

Administrative class levels that are not affected by academic hours completed:

<table>
<thead>
<tr>
<th>Class Level</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Guest</td>
<td>GS</td>
</tr>
<tr>
<td>Self Improvement</td>
<td>IM</td>
</tr>
<tr>
<td>Non-Matriculated</td>
<td>NM</td>
</tr>
<tr>
<td>Second Bachelors</td>
<td>SB</td>
</tr>
</tbody>
</table>

Course numbers indicate the academic level of the course as follows:

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Level of Difficulty*</th>
</tr>
</thead>
<tbody>
<tr>
<td>100-199</td>
<td>Introductory</td>
</tr>
<tr>
<td>200-299</td>
<td>Intermediate</td>
</tr>
<tr>
<td>300-499</td>
<td>Advanced</td>
</tr>
</tbody>
</table>

*Course numbers indicate the academic level of the course as follows:

100-199 Introductory
200-299 Intermediate
300-499 Advanced
Courses numbered 500 to 599 are intended primarily for graduate students but are open in some cases to seniors. To be eligible, an undergraduate student must acquire 76 hours or more of undergraduate credit, have a cumulative grade point average of 2.50 or better, and receive approval from the Graduate School. Request forms are available at Starkweather Hall. The maximum number of graduate hours that an advanced undergraduate can take is 15. Courses numbered in the 600s and 700s are exclusively for graduate students.

Introductory courses are appropriate for students who have had no course work at the University level in the discipline in question. Intermediate courses presuppose that the students enrolled are familiar with and able to work with the content or methods, or both, of the discipline as presented in the introductory course. Advanced courses presume that students enrolled are familiar with and able to work with content, concepts, and methodology of the discipline at a level appropriate to that of undergraduate majors in the discipline.

Prerequisites designated in the catalog description of courses and in the semester Class Schedule Bulletins state requirements that must be completed with credit or are necessary to the understanding of the course selected. Any student not meeting prerequisite requirements or other restrictions, unless waived by instructor's permission, may be prevented from registering for or required to drop the course. Courses at the 200, 300, and 400 levels that carry no prerequisites are taught at the academic levels described above.

Final examinations are given by instructors to help evaluate a student's achievement in a course. Whether or not that evaluation shall include the final examination shall be determined by the instructor in line with departmental and University policy. If a final examination is not given, the scheduled examination period shall be used for other class activity.

If a final examination is given, students shall take the examination with their own class and at the hour indicated on the examination schedule. Failure to take the examination at the scheduled time will result in a grade of "E" in the course, except when the requisite conditions for granting an "I" are present.

If the student finds that he/she has three examinations scheduled on one day, he/she may request the instructor of the class having the first examination of the day to arrange to take the examination at another time. If he/she finds that he/she has four examinations scheduled for one day, he/she may request the instructors of the first two examinations to make arrangements so that no more than two are scheduled in one day. He/she may appeal to the head of the department in which the course is offered if a satisfactory solution is not reached.

Students who for religious reasons find that they are not able to follow the examination schedule should make special arrangements with their instructors. If arrangements are not satisfactory, the student may appeal to the head of the department in which the course is offered.

Any deviation from the student's examination schedule, other than to limit the exams to two in one day or to observe religious mandates, must be approved in advance by both the instructor and the department head, and will be granted only in cases of extreme emergency.

Failure to take an examination at the scheduled time without prior arrangement will result in a grade of "E" in the course.

### Grades

The grades used by the University with their corresponding values in points are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Significance</th>
<th>Grade points per semester hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Exceptionally high order</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td></td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>Distinctly above the average</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>Average</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>Below Average</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>Unsatisfactory (denoting failure)</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>Credit for certification in student teaching courses</td>
<td>2.0</td>
</tr>
<tr>
<td>C-</td>
<td>Credit for certification in student teaching but not at level sufficient for certification</td>

<td>0</td>
</tr>
<tr>
<td>UN</td>
<td>Failing grade in student teaching courses</td>
<td>0</td>
</tr>
</tbody>
</table>
Credits earned by student teaching, credit/no credit classes, or pass/fail options are not accorded grade points.

The use of "+" and "-" grades was introduced in the fall semester 1979.

An "E" grade will be assigned for any course when the student stops attending a class without officially withdrawing from the course. Credit for courses in which either "E" or "U" grades have been received can be earned only by repeating the course at Eastern Michigan University. See repeat policy for exceptions.

A credit/no credit option can be utilized in courses for which the standard system of letter grades does not seem appropriate, however, the minimum equivalent grade for which credit is given is a "C." Departments wishing to offer a course on a credit/no credit option must secure approval of their dean and the vice president for academic affairs.

The pass/fail option is available to students who wish to experiment in an unfamiliar field without jeopardizing their grade point averages or for other reasons. Limitations to the option are:

1. It may be exercised only by juniors and seniors who are in good academic standing (at least 2.0 at EMU).
2. It may be applied only to free electives, that is, to courses which are outside the student's major, minor, curriculum, or basic studies requirements.
3. A maximum of six such courses may be applied toward graduation.
4. Students shall indicate their intention to take a course by filing an application with the Academic Advising Center, 301 Pierce prior to the end of the program adjustment period.
5. Students who elect a course on pass/fail may cancel the option and accept a letter grade up to the last day of class before the official University scheduled final examinations.
6. The instructor will not be notified of the student's election of this option. The regular letter grade reported by the instructor will be converted on grade reports and transcripts as follows:
   a. Grades of "A," "B," "C," or "D," including "D-," will be converted to "S," and shall count as credit toward graduation.
   b. The grade of "E" will be converted to "U," and shall not count toward graduation.
7. A course taken under this option shall not be used in any way in the computation of the student's grade point average. Thus, a pass/fail election shall not be approved for a course in which the student previously received a letter grade.

Students should be aware that, for some scholarships offered by the University, pass/fail courses are not considered part of the minimum required load for scholarship.

Students also should be fully aware of the possible implications of this option for acceptance into graduate schools and competition for financial aid there. It has been ascertained that most graduate schools will accept students who have elected to take some courses on a pass/fail basis, but that if courses taken on this basis are sufficient in number on the transcript, the Graduate School Examination may be utilized to determine the student's acceptability. Graduate schools, in general, do tend to favor those applicants who have good letter grades on their transcripts.

An "I" (incomplete) grade is awarded only when a student has completed the majority of the work of a course and the student's work has been of acceptable quality ("C" or better) but the required amount of work has not been completed because of illness, necessary absence, or other satisfactory reasons. It is never applied to poor work or to nonattendance of class by the student. It means that the student has informed the instructor of the reason for the requested incomplete, and the instructor has agreed to the request.

An "I" grade must be removed within one calendar year from the end of the semester or session in which that grade was given. The time for removal of an "I" may be extended upon written recommendation of the instructor and approval of the dean of the college. Such extension will be granted only under unusual circumstances.

The initiative for conversion of an "I" to a letter grade rests with the student. If not converted to a grade by the end of the one-year period, the "I" will remain as a permanent part of the student's academic record.

A "W" grade is assigned only when an official withdrawal has been completed. (See Withdrawals.)

Grade changes attempted by students must be initiated no later than the end of the eighth week of the next regular semester (fall or winter) following the semester or session in which the grade was given. A grade grievance must be initiated within five working days after the start of the next regular semester (see Grade Grievance Procedure in Student Reference Section). For instructor-requested changes, this means that the appropriate form has been submitted to the department
For student appeals, it means that the instructor has refused to make a change and the issue has been formally turned over to the departmental grievance board.

An extension beyond this limitation may be permitted only by the dean of the college in which the course was taken. Such extensions will be granted only on verifiable evidence of emergency circumstances, such as serious illness or military obligation, which prevented the petitioner from acting during the prescribed period.

Repeating courses for which the student is currently eligible can be elected, regardless of the grade received. The following conditions apply:

1. No course may be taken more than three times, except by permission of the head of the department in which the course is offered.
2. No student may repeat more than 10 different courses in the process of completing a baccalaureate degree, except by permission of the Admissions Review/Academic Standards Committee. Contact is made through the Academic Advising Center.
3. All grades earned by a student will be retained on the student's permanent record and repeats will be indicated.
4. Only the grade received the last time the course is taken will be used in compiling graduation credits and in determining the cumulative grade point average.
5. A course failed at Eastern Michigan University may not be repeated at another accredited college or university to satisfy Eastern Michigan University requirements without prior written approval of the director of Records, Registration, and Advising.

Grade reports are mailed by the University to the home address of the student generally within one week of the end of each semester/session. Undergraduate students' academic records are kept on permanent file in the Academic Records and Certification Office, Room 302, Pierce Hall. Unless there are past due financial obligations, students may get an official transcript of their complete records by requesting them in writing from that office and upon payment of the transcript fee specified.

The scholarship index or grade point average is the total number of Eastern Michigan University grade points acquired, divided by the total number of Eastern Michigan University semester hours taken which carry grade points. When a course is repeated, only the last grade is used in the computation of the grade point average.

Transfer credit from another accredited institution is allowed for all transferable courses in which a grade of "C" or better is received, but is not included in computation of the grade point average. Non-index courses are not included in the computation of the grade point average.

Calculation of GPA for returning former or transfer students who have not attempted any college or university work for at least two calendar years does not include courses in which a grade of less than "D−" was assigned.

Academic distinction is awarded at graduation to students whose cumulative grade point average merits special recognition. A 3.90-4.00 grade point average is accorded summa cum laude; a 3.70-3.89, magna cum laude; and 3.50-3.69, cum laude on the diploma and permanent transcript record.

**Grade Grievance Procedure**

The grade grievance procedure provides each student with the opportunity to appeal formally a final grade in a course because he or she believes that the grade has been awarded capriciously or unfairly. This procedure is not intended to handle disputes that may arise about the grading of individual exams or assignments during the semester. When such disputes arise, the student should contact the instructor immediately, rather than waiting until the end of the semester. Each grade grievance submitted according to this procedure must be an individual action by an individual student. Class action grievances by one student on behalf of several students or an entire class are not permitted.

**STEP I**

If a student wishes to appeal a final grade, the student must contact the instructor within five (5) working days after the start of the next semester; i.e., the semester following the one in which the disputed grade was given (see General Notes for the spring-summer policy). If the instructor is teaching on campus the next semester, but is temporarily unavailable or simply cannot be reached during this five-day period, then the student should deliver a written request for an appointment with him/her, stating the reason, to the department head no later than the final day of the five (5) day period. With the aid of the department head in schedul-
ing an appointment, the instructor and student must then meet as soon as possible and discuss the disputed grade privately. In the event that the department head has difficulty in assisting the student in scheduling the appointment, a detailed written record of communication or attempts to communicate between the department head and the instructor will be maintained by the department head. Whenever possible, conflicts over grades should be resolved informally between the instructor and the student as a result of this Step I discussion.

If the instructor has left the University permanently or is not available for a period of sixty (60) days or more (e.g., if the instructor is away on sabbatical leave, medical leave, or is in his/her off semester on a Plan C appointment), then the department head shall act in his/her behalf and make a decision either in support of or against the grievance. In making this decision, the department head shall review all available grade records, discuss the matter with the student, and with the written consent of the student, request and evaluate a written statement submitted within ten (10) working days by the instructor concerning the disputed grade. The department head cannot act in this manner on behalf of the instructor during the spring-summer period simply because the instructor is not teaching during either the spring or summer session, unless the disputed grade affects the student's plans to graduate that year.

STEP II

If the grade dispute is not resolved in Step I to the student's satisfaction and he or she still believes that the grievance has merit based on the facts of the case, the student has the right to file a formal written grievance with the department head who will forward it immediately to the Department Grade Grievance Committee. Guidelines for filing a formal grievance are as follows:

1. A grievance must be based on evidence that the instructor has been capricious and/or unfair in awarding a grade. The written grievance must describe specifically the perceived capricious or unfair action of the instructor. The student also should present all other evidence or documentation in support of his or her allegations. Disagreement with an instructor's judgment in and of itself is not a basis for a grievance, nor is disagreement with an instructor's grading standards, if such standards have been described in advance for the class and have been applied fairly to all students in the class.

2. A grievance must be filed within fifteen (15) working days after the start of the next semester following the one in which the disputed grade was given.

Within ten (10) working days after receipt of the written grievance, the department head must schedule a hearing before the Department Grade Grievance Committee. The department head cannot simply make a personal judgment that the grievance is without merit, and thus refuse to give it to the Department Grade Grievance Committee. However, after scheduling the hearing, the department head may request a closed three-person meeting in his/her office with just the instructor and the student, to discuss informally the disputed grade one final time. If either the instructor or the student refuses to attend such a meeting, the department head cannot require his/her attendance, and the grievance hearing is then held as previously scheduled. If a closed meeting is held, the department head shall act only as a facilitator or mediator. His/her role is restricted solely to promoting further discussion, not to imposing his/her judgment and/or making a decision in the case. If the dispute is resolved in this meeting, the written grievance shall be withdrawn and the scheduled hearing cancelled. If the dispute is not resolved, the grievance hearing is then held as previously scheduled. In such cases, the department head shall not communicate his/her opinions/judgments regarding the grievance and/or the discussions in the closed meeting to the members of the Department Grade Grievance Committee.

The Department Grade Grievance Committee shall be composed of three (3) faculty members and two (2) students. The faculty members shall be selected by appropriate department procedures. The students shall be selected from the list of representatives designated annually (no later than October 15 each year) by Student Government for that particular college. It is preferred that one student on the committee be a graduate student in those departments that offer graduate courses. In graduate student grievances, at least one of the student committee members must be a graduate student.

The student grievant may, however, request in advance in writing that the two (2) students be excused and that his or her grievance be heard only by the three (3) faculty members. The committee shall conduct a hearing according to the following guidelines:
1. Prior to the hearing, any written information of support for either the student or the instructor should be distributed to committee members.

2. A detailed record shall be kept of the hearing, preferably a taped sound recording. If a written record is kept, that record should be signed by the Grievance Committee, asserting that the written record is a true record of the hearing proceedings. If a tape serves as the hearing record, the Grievance Committee shall sign a statement attesting that the tape is the true record of the hearing proceedings. Written or recorded records of any Step II Grievance shall be kept on file in the college dean's office and copies shall be provided upon request, to the student who has filed the grade grievance or the faculty member against whom the grievance was filed. Costs associated with duplicating grade grievance records shall be borne by the individual(s) requesting copies.

3. The hearing shall be open unless the student or instructor requests a closed hearing. This request should be conveyed in writing to the department head prior to the hearing.

4. Both the student and instructor shall be permitted an adviser. Advisers must be members of the University community, i.e., students or full-time faculty or staff members.

5. The department grade grievance chair shall begin the hearing by beginning the tape recorder (or announcing the name of the person who will be taking minutes) and reviewing the guidelines and procedures under which the hearing shall be conducted. The committee chair will then announce, “This Step Level II Grade Grievance Hearing is being held on (date). (Name of student) is grieving the grade of (grade) received during the (semester) in (class prefix, number, and section I.D. taught by (instructor). The following committee members are in attendance today: (members give their names).”

6. In order, the student and the instructor will present their cases. Both the student and the instructor may call witnesses, and the student, instructor, adviser(s), and committee members all have the right to question any witnesses that are called. The student and the instructor should be asked for brief closing statements.

7. The chair will then close the hearing with “This Step Level II Grade Grievance Hearing is now concluded.” The committee will meet in executive session and will present its findings, in writing, to the department head within (5) working days. The written decision/recommendations will contain a numerical report of the vote and will be signed by the members of the committee. The department head will notify the student and the instructor of this committee's decision/recommendation.”

8. Either the student or the instructor may appeal the decision/recommendations of the Department Grade Grievance Committee to the University Grade Grievance Committee under the conditions listed below. This appeal must be filed within five (5) working days of receipt of the decision.

**STEP III**

Either the instructor or the student grievant may submit a written appeal of the prior decision at Step II by the Department Grade Grievance Committee within five (5) working days of written receipt of that decision, if one of the following conditions is met:

1. The Office of the Provost determines that there is evidence that established procedures for Step II were violated; or
2. There was at least one dissenting vote at the Step II level; or
3. New evidence or new witnesses not previously considered or heard at Step II become available.

In the absence of 1, or 2, or 3 above, simple disagreement with the decision rendered at Step II is not sufficient basis for an appeal. In other words, there is no automatic right of appeal in every case requiring that the University Grade Grievance Committee reconsider the entire grievance case. If the appeal is based on new evidence or new witnesses, the written appeal statement must explain precisely how this evidence or testimony relates directly to the alleged unfair or capricious awarding of the disputed grade. If said evidence or witnesses had been available prior to the Step II hearing, the hearing shall be remanded back to the Step II departmental committee. Only newly discovered evidence and/or witnesses may be introduced at the Step III hearing level (it shall be the responsibility of the petitioner to demonstrate that the evidence and/or witness were not available at Step II).

The appeal shall be submitted to the Associate Provost, (or a substitute designated by the Provost) with a copy to the dean of the appropriate college. The University Grade Grievance Committee shall be chaired by the Associate Provost or designee and shall have the
following additional members: the dean of the involved college or his/her designee; two (2) faculty members, one of whom is from the involved college, but not from the department in which the grievance originated; and one (1) student, appointed by Student Government. The two faculty members shall be selected by the Associate Provost from an available pool of nominees representing all the colleges.

The University Grade Grievance Committee shall review all written documents that were available to the Department Grade Grievance Committee, the written or taped recording of the Step II hearing, and the final report and decision of the Step II Committee. The University Grade Grievance Committee may reconvene the participants in the Step II hearing to answer questions, if desired.

Within twenty (20) working days of the receipt of the appeal, the University Grade Grievance Committee shall issue a written Step III decision to both the instructor and the student. This decision shall be final; no further appeal is possible.

**Records**

When the Grade Grievance Procedure results in an instructor's grade being changed without his or her agreement, then all University records containing that grade in which the name of the instructor appears shall be identified by an asterisk (*). On these records, the asterisk will be footnoted with the following statement: "This grade is a result of an appeal procedure." On those records in which the instructor's name does not appear, the grade will not be asterisked, nor will there be any other indication that the original grade was changed.

**General Notes**

1. The time limits/deadlines for submitting grievances/appeals, holding meetings, and making decisions are to be followed by all parties. However, extensions of the time limits may be requested in writing by any of the involved parties. Such requests must originate prior to the expiration of the stated time limit. The dean of the involved college will make the decision to approve or to deny each request for a time limit extension at Step I or Step II. Decisions regarding Step III time limit extensions will be made by the Office of the Provost.

2. Each academic department shall select the faculty members for the Department Grade Grievance Committee at the beginning of the academic year in September. The committee will hear all grade grievances during the next 12 months. Substitute members shall be selected to replace any committee member who is personally involved in a grade grievance. Also, substitute members shall be selected to replace any faculty committee member who is unavailable for an extended period of time (e.g., spring and/or summer).

3. Each college shall select two (2) faculty members plus one alternate who are available during a 12-month period for assignment to the University Grade Grievance Committee. These selections shall be made by the appropriate college-level faculty advisory council/committee at the beginning of the academic year in September. Unlike the Department Grade Grievance Committee, this Step III University Grade Grievance Committee may of necessity have a different membership for each grievance.

4. Grievances relating to grades awarded for the winter semester ending in April shall normally be pursued the next fall, measuring all stated deadlines with respect to the start of the fall semester in September. However, if the instructor is teaching on campus during the spring or summer session and the student is enrolled on campus during the same session, then with their mutual agreement, the grievance can be pursued during the spring or summer. However, should either the instructor or the student prefer to wait, then action of the grievance will be postponed until the fall semester. The only exception in which the grievance shall be pursued during the spring or summer session without the consent of the instructor who is teaching on campus is for any case in which the disputed grade affects the student's plans to graduate that year. In such cases, if the instructor is unwilling to participate, the department head may act on his/her behalf.

5. Throughout this procedure, the title department head shall be interpreted to include program directors or program coordinators for appropriate academic units in which there is no administrator with the title of department head.

6. Students are encouraged to seek advice from the REACT office.
Academic Retention and Dismissal

A student's academic status will change from "GOOD" to either "PROB" OR "DISM" when the cumulative grade point average at EMU is less than 2.0 ("C" Average) at the completion of any term of enrollment. The resulting academic status is determined by the relationship between the cumulative grade point credits and cumulative grade point average. The status will be changed to "PROB" for academic probation or "DISM" for dismissal.

Academic probation means that the student's grade point average has fallen below 2.0, but the student is eligible to continue course work. A student not subject to dismissal will remain on probation until he/she raises the cumulative grade point average to 2.0 or higher. To avoid the risk of academic dismissal, a student must earn at least a term grade point average of 2.0 or higher while on probation.

Certain conditions are attached to an academic status of probation.

Students on probation may not:

- Enroll in more than the established maximum load for regular full-time status in any term of enrollment. For Fall and Winter, this would be 16 credits; in Spring and Summer, 8 credits.
- Enroll in education courses or courses which require admission to the College of Education.
- Receive credit for graduate level courses (500 level).
- Take courses on Pass/Fail.

Students whose grade point average and grade point credits place them in the dismissal range will be academically dismissed, unless the term grade point average is 2.0 or higher. Even students who have not been on probation previously may risk dismissal; there is no automatic grace period, even for those new to EMU. Any dismissal action is subject to an appeal through the Academic Advising Center. Instructions and deadlines for such appeals are included with a written notice of dismissal, which is sent to each student after the conclusion of the term of enrollment. Students who appeal may be reinstated, which means that the most recent dismissal action is rescinded and the student is eligible to continue in course work; if the student's grade point average is still less than 2.0 at the time of reinstatement, probation policies will apply. The student must earn a term grade point average of 2.0 to avoid the risk of dismissal again.

Policies and actions relating to probation and dismissal are defined by the Academic Standards Committee and administered by the Assistant Director for Academic Actions in the Academic Advising Center.

A dismissed student will be considered for readmission to EMU after two successive enrollment periods (one of which must Fall or Winter) have elapsed. Procedures for readmission involve submitting a written statement explaining readiness to return, supported by at least two letters of support and other relevant documentation. Any course work taken elsewhere subsequent to dismissal must be 2.0 or better and EMU residency policies for transfer credits will apply. Specific details and procedures are provided by the Academic Advising Center and may be obtained by contacting that office at 313-487-1207. Materials concerning readmission must be submitted to the Assistant Director for Academic Actions in writing. Deadlines for Fall and Winter are July 1 and November 15 respectively. Students who have been dismissed more than once previously (reinstatements excluded) normally will not be considered for readmission.

Withdrawals

Withdrawals from individual classes

Withdrawals from class are permitted students according to the following stipulations:

*First eight days: Any change in the student's program occurring during this period is accomplished through the Registration Office as a part of the registration adjustment process. Such changes are not recorded in the student's permanent record.

*Ninth day through tenth week: All student-initiated withdrawals are accepted automatically and recorded as "W." A withdrawal may be processed through the touchtone registration system or by submitting a withdrawal form to the Registration Office, 308 Pierce Hall. Withdrawals initiated during this period are not eligible for tuition adjustment. (See Tuition and Fee information and Appeal Process.)

*After tenth week—until beginning of final exam period: The student must initiate the withdrawal request at the Academic Advising Center. The decision made on the request will be communicated in writing both to the student and the instructor in question. Students should not stop attending class until they have received official notification that their withdrawal has been approved. If a student stops attending class with-
out officially withdrawing from the class and does not take the final examination, University policy requires that the instructor assign a grade of "E" for the course.

A "W" may be granted to students under either of the following conditions:

1. The student's work in the course at the time of the withdrawal request is "A" through "C-".
2. Unexpected, emergency circumstances have arisen after the tenth week of the semester and prevent the student from completing the course work. These circumstances must be specific and verifiable.

The decision to award the "W" will be made by the Academic Advising Center associate director or designee based upon evidence submitted and in conference with the student. If the application is denied and the student fails to complete the course work successfully, a grade of "E" will be recorded by the instructor.

When withdrawal from a class or from all classes brings students' academic loads below the minimum number of hours necessary to qualify as full-time students for University housing, scholarship aid, student loans, or any other benefits they enjoy for which academic enrollment was a prerequisite, the University may, at its option, take any or all of the following steps:

1. Deny permission to withdraw.
2. Cancel the benefits as of that date.
3. Declare the student ineligible for present and/or future benefits of a similar nature.
4. Deny permission to re-enroll in subsequent semesters.

These procedures and University withdrawal procedures also apply to spring and summer sessions. The exact withdrawal and deadline dates are printed in the current Class Schedule Book for the session concerned.

**Withdrawals from the University**

Withdrawal from the University and all classes currently being taken is accorded students who apply in person at the Registration Office, or by mailing a written request to the Registration Office. Any tuition/fee adjustment responding to written communication is based on the postmark date (see also Tuition and Fees).

The policy for withdrawal from the University is:

1. Students who drop during the first eight class days of the semester (four class days for spring/summer) will receive a 100 percent tuition credit adjustment less an administrative fee and no grades will be posted.
2. Students who withdraw from the 9th through the 19th class days of the semester (the 6th through the 10th class days for spring/summer) will receive a 50 percent tuition credit adjustment, less and administrative fee and grade of 'W' will be posted.
3. Students who withdraw from the 20th through the 38th class day (11th through 19th class days for spring/summer) will receive a 25% tuition credit adjustment, less an administrative fee.
4. Students who withdraw after 38 class days of the semester (20 for spring/summer) through the day prior to the first day of University final examinations will receive no tuition credit adjustment and grades of "W" will be posted.
5. No withdrawal will take place after the official University final examination period has begun.

The EMU Class Schedule Book published each term gives exact dates for tuition credit adjustment and withdrawal deadlines.

Retroactive withdrawal from the University may be requested by a student when unexpected circumstances arise after the completion of classes for a term. Normally, the request will be considered only for the preceding term.

The retroactive withdrawal policy is dependent on one or both of the following reasons:

1. Administrative. Through an administrative problem or error, the student received an "E" grade.
2. Mental or physical stress. Subsequent to awarding the term grades, the student claims that severe physical or psychological stress was present during the semester. Documentation must be presented by or on behalf of the student and a consultation may be required. In this case, the decision will affect all the classes the student was registered for during the term in question. In cases of severe mental or physical stress, it is usually assumed that students are so incapacitated they were not able to carry on with University responsibilities.

In either situation, the student must initiate the request at the Academic Advising Center, 301 Pierce Hall. Upon review of the documented evidence and possible further consultation, the director or designee will
recommend action to the office of the vice president for academic affairs.

The approval of a retroactive withdrawal does not constitute approval of a tuition refund. Grades of “W” will be posted on the official academic record.

**Student Conduct/Grievances**

Grade grievance procedures also may be obtained from the academic department involved. Student employment grievance procedures may be obtained from the Career Services Center, fourth floor, Goodison Hall.
A department prefix or code is used to identify courses offered by Eastern Michigan University:

GRADUATION REQUIREMENTS

To graduate from Eastern Michigan University, students must fulfill basic studies requirements, satisfy major and minor requirements, and earn a bachelor of science or bachelor of arts degree or one of the baccalaureate degrees pertinent to their fields of study as authorized by this University (see below).

The minimum number of credit hours required for graduation is 124. To earn a degree, students must complete the basic studies (which follow), complete a major of 30 to 36 hours and a minor of 20 to 24 hours, as specified in their fields of study or a self-contained program of 50-60 hours, and electives to equal the minimum total of 124 hours.

The catalog requirements in effect at the time of the student's initial registration at a college or university or the requirements of a subsequent catalog, including those in effect at the time of the student's graduation, may be used to complete graduation requirements. In the event the student does not complete degree requirements within seven years of the date of his/her original registration, the student may be required to have his/her credits re-evaluated by the Academic Records Office in keeping with more recent catalog requirements. (See special time requirements in the description of the nursing program.)

DEGREES

Basic undergraduate degrees conferred by the Board of Regents on recommendation of the president and faculty are the Bachelor of Science (BS) and the Bachelor of Arts (BA) degrees, described fully in the introduction to the College of Arts and Sciences.

Bachelor's degrees are also awarded in fine arts (BFA) and art education (BAE)—see Department of Art, College of Arts and Sciences; business administration (BBA)—see College of Business; Bachelor of Business Administration and Bachelor of Arts in language and world business (BBA/BA)—see College of Business or Department of Foreign Languages, College of Arts and Sciences; business education (BBE)—see Department of Business and Industrial Education, College of Technology; music education (BME), music-performance (BMU), and music therapy (BMT)—see Department of Music, College of Arts and Sciences; nursing (BSN)—see Department of Nursing Education, College of Health and Human Services.

Many students also select pre-professional fields of study such as medicine, dentistry, and forestry (listed in departments); or seek certification and/or licensing in teaching, medical technology, and similar fields (listed at the end of this section).

Graduate degrees offered by this University are: Master of Arts, Master of Science, Master of Fine Arts, Master of Business Administration, Master of Science in accounting, Master of Public Administration, Master of Business Education, Master of Science in computer-based information systems, Master of Individualized Studies, Master of Social Work, Master of Nursing, Master of Science in organizational behavior and development, and Master of Liberal Studies. In addition, there is a Specialist in Arts degree and a post-master's program called Certificate of Advanced Study in Curriculum and Instruction (CASIC) and a doctorate in educational leadership. All are listed in the Graduate Catalog.

Bachelor's degree programs require all students to take courses in the various subject areas listed below as specified both in the basic studies requirements and in departmental majors and minors.

These subject group areas are:

Language and Literature (Group I)
Ancient language and literature, modern language and literature, speech communication, library science, theatre arts.

Science and Mathematics (Group II)
Astronomy, biology, botany, chemistry, science-oriented geography/geology (earth science), mathematics and computer science, physics, physiology, psychology, zoology.

Social Sciences (Group III)
Anthropology, economics, social science-oriented geography, history, philosophy, political science, sociology.

Education (Group IV) Teacher Education only)
Education (including methods courses and student teaching).

Fine Arts (Group V)
Art, music.

Practical Arts (Group VI)
Business administration; business education; health administration; human, environmental and consumer resources; industrial education; industrial technology; medical technology; military science; nursing education; occupational therapy; social work.

Physical Education and Health Education (Group VII)
Dance, health education, military science, physical education, recreation.
BASIC STUDIES PROGRAM

History

In February 1985, the provost commissioned a Basic Studies Review Committee and charged the members "with conducting a comprehensive re-examination of our present basic studies requirements and with determining what changes should be made to provide the most effective liberal/general education for today's students." The Basic Studies Review Committee met through April 1986 and recommended a series of revisions in the structure of the existing program. The recommended revisions were subjected to a thorough process of review by departmental, college, and University bodies and were finally approved by the Board of Regents on September 23, 1987.

The revised structure included the establishment of a standing Basic Studies Committee, whose task was to make recommendations about implementation of the new basic studies program. The Basic Studies Committee was commissioned in January 1988 and has met regularly since that time. The Basic Studies Committee considered extensive input from the University community. Upon recommendation of the Basic Studies Committee, the provost approved the following program.

Implementation Schedule

Effective fall semester 1990, the new basic studies program applies to all entering first time freshmen students at EMU who begin their college work in fall 1990 or thereafter. It also applies to transfer students who begin their college work at another institution in fall 1990 or thereafter. Transfer students must consult the Academic Advising Center to determine the degree to which their transfer credits may be applied toward the EMU basic studies requirements.

Rationale

The basic studies program is designed to provide you with a core of knowledge about people, things, and processes. The program also seeks to teach you how to evaluate the work of others, to add to your store of ideas and ideals, and to communicate your discoveries and insights. The basic studies courses are intended as more than introductions to fields of study; they also should develop your capacity for independent thought. The basic studies program attempts to ensure that you will not be content with the world as it is but will seek to improve and perfect it.

Requirements: 16 courses

All students are required to complete courses in four areas:

I. Symbolics and Communication: .......... 5 courses
II. Science and Technology: ................. 3 courses
III. Social Science: ............................ 4 courses
IV. Arts and Humanities: ...................... 4 courses

Special Note 1: At least one of the 16 courses must be an approved course in cross cultural or international studies. Such courses appear in the following course lists preceded by an asterisk (*).

Special Note 2: A set of interdisciplinary courses may be elected by honors students and, as space is available, by students with a cumulative grade point average of at least 3.0 to satisfy the requirements in fine arts, history, literature, music, philosophy, and theatre arts. For further information, consult the Honors Courses in Basic Studies on page 46.

Special Note 3: A number of majors and minors specify precisely which courses must be taken to satisfy the following basic studies requirements. Students in the elementary education and nursing programs have a special grouping of courses to satisfy some of these requirements. It is extremely important that you confer with the Academic Advising Center and/or your departmental adviser prior to making your basic studies choices.

AREA I: SYMBOLICS AND COMMUNICATION

Requirements: 5 courses

1. A course in written composition.
2. A course in speech communication.
3. A course in one of the following areas:
   a. an upper-level course in written composition.
   b. an upper-level course in speech communication.
   c. a course in foreign language composition.
4. A course in mathematical reasoning.
5. A course in computer literacy.

A. Rationale

Human beings need to know how to use symbols to communicate effectively. Writing requires a command of verbal symbols; speech uses both verbal and non-verbal symbols. Using written and spoken symbols, we construct, interpret, and influence human experiences and behavior. Mathematical symbols are used to communicate the extent, dimension, and structure of things and allow us to reason efficiently. The traditional competencies in speech, writing, and mathematics will be enhanced by your use of computer technology.
B. Meeting the Requirements in Area I
(Symbolics and Communication)

Courses marked with an asterisk (*) also satisfy the cross-cultural/international studies requirement.

1. A course in written composition

   Note: For those students who do not submit test scores, placement will be determined by the Academic Advising Center.

   ENGL 120 Basic English Composition

   You must enroll in this course in your first semester if your ACT score is below 19 on the enhanced ACT (or below 17 on the old ACT) or your SAT score is 400 or lower.

   When you have completed ENGL 120, you must then complete ENGL 121.

   ENGL 121 English Composition

   All students must complete ENGL 121 in order to satisfy this requirement. Unusually competent students are eligible for a waiver from this requirement if they have a score of 550 or above on the SAT or 29 or above on the English section of the enhanced ACT (or 25 on the old ACT).

   International students may substitute ESLN 412 with permission of the Foreign Languages and Bilingual Studies department.

2. A course in speech communication

   Complete one of the following courses:
   CTAS 121 Fundamentals of Speech (2 sem hrs.)
   CTAS 124 Fundamentals of Speech (3 sem hrs.)

   Note: Students with strong previous preparation in speech may seek approval for a waiver of this requirement from the Communication and Theatre Arts department.

3. Complete a course from one of the following options (3a, 3b, or 3c):

3a. An upper level course in written composition

   Complete one of the following courses:
   ANTH 200 Writing for Anthropology
   ENGL 225 Intermediate English Composition
   ENGL 324 Principles of Technical Communication

   ENGL 223 Writing in the Professional World
   ENGL 227 Writing about Literature
   ENGL 326 Research Writing

3b. An upper level course in speech communication

   Complete one of the following courses:
   CTAC 224 Public Speaking
   CTAC 225 Listening Behavior
   CTAC 226 Non-Verbal Communication
   CTAC 227 Interpersonal Communication
   CTAC 374 Intercultural Communication
   CTAC 375 Interracial/Interethnic Communication

3c. A course in foreign language composition

   Complete one of the following courses (initial placement in language courses depends upon previous student and/or placement examinations).
   LATN 121/122 Beginning Latin
   GREK 121/122 Beginning Ancient Greek
   FRNH 121/122 Beginning French
   FRNH 233/234 Intermediate French Conversation, Composition, and Grammar
   GERN 121/122 Beginning German
   GERN 233/234 Intermediate German Conversation, Composition, and Grammar
   JPNE 121/122 Beginning Japanese
   JPNE 211/212 Intermediate Japanese
   SPNH 121/122 Beginning Spanish
   SPNH 201/202 Intermediate Spanish

4. A course in mathematical reasoning

   Complete one of the following courses:
   MATH 109 Mathematics for Elementary Teachers II
   MATH 118 Mathematical Analysis for Social Sciences I
   MATH 119 Mathematical Analysis for Social Sciences II
   MATH 120 Calculus I
   MATH 121 Calculus II
   MATH 122 Elementary Linear Algebra
   MATH 150 Mathematical Reasoning
   MATH 270 Elementary Statistics
   MATH 341 College Geometry
   SOCL 260 Social Statistics I

   Note: Students are entitled to a waiver of this requirement if they have submitted a score of 22 or above on the mathematics portion of the enhanced ACT or a
score of 500 or above on the SAT. A waiver form must be obtained from the Academic Advising Center. Curriculum or major requirements must still be satisfied.

5. A course in computer literacy
   Complete one of the following courses:
   - BEDU 201 Microcomputers for Business Applications
   - COSC 136 Computers for the Non-Specialist
   - COSC 137 Introduction to FORTRAN Programming
   - COSC 138 Computer Science I
   - COSC 237 Computer Programming and Numeric Methods
   - IHHS 226 Computers for Health and Human Services
   - INTE 105 Computer Applications for Industry
   - INDT 201 Microcomputer Applications in Technology
   - IS 215 End-User Computing

AREA II: SCIENCE AND TECHNOLOGY
Requirements: 3 courses
1. A course in physical science.
   a. You must complete a course in chemistry or physics unless you have submitted appropriate evidence to the Academic Advising Center that you completed a one unit course in high school with a grade of "C" or above.
   b. If you have submitted proof of having completed a one unit high school course in chemistry or physics, you may satisfy this requirement by choosing among chemistry, earth science/geology, or physics/astronomy.
2. A course in life science (biology or psychology).
3. A course in science or technology, chosen from a department other than the ones in which you have completed your physical and life science requirements.
   NOTE: Earth science and geology are in the same department. The same is true of physics and astronomy.

A. Rationale
   The sciences study the physical character of the universe and the nature of its living organisms, including the human species. Learning to use the scientific method will expand your knowledge and understanding of the universe. Observation of the natural world leads to theories, from which hypotheses are generated. These hypotheses are then checked against the empirical data collected by systematic observation and experimentation. Science enables you to understand the world better and, where appropriate, to modify your thinking about nature.

   The study of technology enables you to understand how scientific knowledge is employed to solve practical problems. Knowledge of scientific and technological methods will help you to be an active problem-solver rather than a mere spectator.

B. Meeting the Requirements in Area II (Science and Technology)
   At least one of the three courses in Area II must have a laboratory component
1. A course in physical science
   1a. Physical science courses open to all students who meet course requirements
      Complete one of the following courses:
      - PHY 100 Science for Elementary Teachers
      - PHY 110 Physical Science
      - PHY 221 Mechanics, Sound, and Heat
      - PHY 223 Mechanics, Sound, and Heat
      - CHEM 105 Survey of Chemistry
      - CHEM 115 Chemistry and Society (no laboratory)
      - CHEM 116-116 Chemistry and Society
      - CHEM 119 Fundamentals of Chemistry
      - CHEM 120 Fundamentals of Organic and Biochemistry
      - CHEM 121-122 General Chemistry I
   1b. Additional options open to students who have submitted appropriate evidence of having completed a one unit high school chemistry or physics course with a grade of "C" or above
      Complete one of the courses listed in 1a, or one of the following courses:
      - ASTR 203 Exploration of the Universe (no laboratory)
      - ASTR 203-204 Exploration of the Universe
      - ASTR 205 Principles of Astronomy (no laboratory)
      - ASTR 204-205 Principles of Astronomy
      - GESC 108 Earth Science
      - GEOG 120 The Fossil Record (no laboratory)
      - GEOG 160 Physical Geology
   2. A course in life science
      Complete one of the following courses.
      - BIOL 105 Biology and the Human Species
      - BOTN 221 General Botany
ESCI 303 Science for the Elementary Teacher
ZOOL 222 General Zoology
PSY 101 General Psychology (no laboratory)
PSY 102 General Psychology

3. A course in science or technology (3a or 3b):
3a. You may choose any one of the courses listed under physical or life science, so long as you have chosen your three courses in this area from three different departments.
3b. You also may choose your third course from the following list:
   CHEM 101 Science for Elementary Teachers
   INDT 150 Understanding Technology (no laboratory)
   INTE 240 Science, Technology, and People (no laboratory)

AREA III SOCIAL SCIENCE
Requirements: 4 courses
1. A course in U.S. government
2. A course in history
3. A course in anthropology, economics, geography, or sociology, whose content includes the structure and methodology of the discipline.
4. One of the following:
   a. A second course in a two-course history sequence.
   b. A second course in a two-course sequence in anthropology, economics, geography, or sociology, whose content includes the structure and methodology of the discipline.
   c. An approved course in cross-cultural or international studies.

A. Rationale
   As an informed person you should understand the structure and dynamics of groups of human beings and be able to study group behavior.
   Analysis of American government and comparisons with other governments will help you understand how to influence your government in positive ways.
   Your study of the development of human institutions and practices through time will increase your understanding of how earlier societies met challenges and adjusted to changing circumstances. You will learn how those successes and failures led to the problems and opportunities which face us now.
   Learning how a given social science gathers and interprets its data will help you understand that good public decisions depend on adequate information about issues.
   A knowledge of the history, social settings, values, and perceptions of other sub-cultures, cultures, and nations will broaden your appreciation of different ways of organizing social life and looking at the world.

B. Meeting the Requirements in Area III
   (Social Science)
   Courses marked with an asterisk (*) satisfy the cross-cultural/international studies requirement.
   1. A course in U.S. government
      Complete one of the following courses:
      PLSC 112 American Government
      PLSC 113 American Government Honors
   2. A course in history
      Complete one of the following courses:
      HIST 101 Western Civilization to 1648
      HIST 102 Western Civilization, 1648 to World War I
      HIST 103 Twentieth Century Civilization
      HIST 106 Asian and African Civilizations
      HIST 123 The United States to 1877
      HIST 124 The United States, 1877 to the Present
      Note: Some students may be eligible to fulfill the requirements in history by pursuing options described in the Honors Courses in Basic Studies on page 46.
   3. A course in anthropology, economics, geography, or sociology
      Complete one of the following courses:
      ANTH 135 Introduction to Cultural Anthropology
      ECON 201 Principles of Economics I
      GEOG 107 Introduction to Geography
      GEOG 110 World Regions
      SOCL 105 Introductory Sociology
   4. Complete a course from one of the following options (4a, 4b, or 4c):
   4a. A second course in a two-course history sequence
      Complete one of the following courses:
      HIST 102 (follows 101) Western Civilization, 1648 to World War I
      HIST 103 (follows 102) Twentieth Century Civilization
      HIST 124 (follows 123) The United States, 1877 to the Present
   4b. A second course in a two-course sequence in anthropology, economics, geography, or sociology
      Complete one of the following courses:
      ANTH 140 (follows 135) Introduction to Prehistoric Anthropology
AREA IV: ARTS AND HUMANITIES
Requirements: 4 courses

1. One of the following:
   a. a course in literature
   b. an intermediate or advanced foreign language literature course

2. One of the following:
   a. a second course in literature
   b. an intermediate or advanced foreign language literature course
   c. a course in oral interpretation
   d. a course in cross-cultural or international studies

3. A course in philosophy or religion
4. A course in art, dance, music, or theatre arts

A. Rationale
   The arts and humanities help you to probe the meaning of human experience and imagine how that experience could be altered. Such probing and imagining lead to new insights and visions.

   Exposure to the arts and humanities increases the repertoire of ideas, images, and sounds that you can enjoy. Training in criticism will help you analyze your own reactions to various art forms and develop educated tastes and values. The arts and humanities include literature, aural and visual media, philosophy, religion, and the plastic and performing arts.

B. Meeting the Requirements in Area IV (Arts and Humanities)
   Courses marked with an asterisk (*) satisfy the cross-cultural/international literature requirement.

   Note: Some students may be eligible to fulfill the requirements in fine arts, literature, music, philosophy and theatre arts by pursuing options described in the Honors Courses in Basic Studies on page 46.

   1. Complete a course from one of the following options (1a or 1b):
      1a. A course in literature
          Complete one of the following courses:
          LITR 100 The Reading of Literature
          LITR 101 The Reading of Literature: Fiction
          LITR 102 The Reading of Literature: Poetry
          LITR 103 The Reading of Literature: Drama

      1b. A course in intermediate or advanced foreign language literature
          Complete one of the following courses not previously chosen under 1a:
          FRNH 221/222 Intermediate French Reading
          FRNH 341/342 Survey of French Literature
          GERN 221/222 Intermediate German Reading
          GERN 341/342 Survey of German Literature
          SPNH 221/222 Intermediate Spanish Reading
          SPNH 341/342 Survey of Spanish Literature
          SPNH 351/352 Survey of Spanish American Literature

   2. Complete a course from one of the following options (2a, 2b, 2c, or 2d):
      2a. A second course in literature
          Complete one of the following courses not previously chosen under 1a:
          LITR 101 The Reading of Literature: Fiction
          LITR 102 The Reading of Literature: Poetry
          LITR 103 The Reading of Literature: Drama
2b. A course in intermediate or advanced foreign language literature
Take any course not already completed from the list under 1b above.

2c. A course in oral interpretation
Complete CTAO 210 Interpretative Reading

2d. A course in cross-cultural or international studies
Complete one of the following courses:
- FLAN 215 The Culture of the Latino Groups in the United States
- LITR 204 Native American Literature
- LITR 260 African American Literature

3. Complete a course from one of the following options (3a or 3b):

3a. A course in philosophy
Complete one of the following courses:
- PHIL 100 Introduction to Philosophy
- PHIL 110 Philosophies of Life
- PHIL 120 Introduction to Critical Reasoning (3)
- PHIL 130 Introduction to Logic
- PHIL 212 Philosophy of Art
- PHIL 215 Philosophy of Religion
- PHIL 220 Ethics
- PHIL 221 Business Ethics
- PHIL 225 Political Philosophy
- PHIL 226 Philosophy of Women

3b. A course in the study of religion
Complete one of the following courses:
- HIST 100 The Comparative Study of Religion
- PSY 226 Psychology of Religion

4. Complete a course from one of the following options (4a, 4b, 4c, or 4d):

4a. A course in art
Complete one of the following courses:
- FA 100 Art Appreciation
- FA 101 Introduction to Art
- FA 107 Art History Survey I
- FA 108 Art History Survey II
- FA 122 Two-Dimensional Design
- FA 123 Drawing I
- FA 165 Graphic Design for Non-Majors
- FA 166 Ceramics for Non-Majors
- FA 167 Jewelry for Non-Majors
- FA 222 African and African American Art

4b. A course in dance
Complete DAN 106 Introduction to the Performing Arts

4c. A course in music
Complete one of the following courses:
- MUSC 100 Introduction to Music Theory
- MUSC 106 Introduction to the Performing Arts
- MUSC 107 Music Appreciation

4d. A course in theatre arts
Complete one of the following courses:
- CTAR 108 Introduction to the Performing Arts
- CTAR 145 Introduction to Film Appreciation
- CTAR 150 Introduction to Theatre
- *CTAR 151 African American Theatre: An Introduction
- CTAR 153 Fundamentals of Acting
- CTAR 222 Drama and Play in Human Experience

CROSS-CULTURAL OR INTERNATIONAL STUDIES

Requirement: 1 course selected from Areas I-IV
At least one approved course in cross-cultural or international studies must be completed in the process of meeting the requirements of the foregoing Areas I-IV. Approved courses are designated with an asterisk (*).

A. Rationale
An understanding of significant U.S. minority groups, related foreign cultures, and women is important to gain an appreciation of the cultural diversity in this country. Relating each group or culture to the larger cultural and political context within this country enhances understanding of contemporary events and conditions.

B. Meeting the Requirements
This requirement may be fulfilled while also meeting the requirements in Areas I-IV. Select an approved course from Areas I-IV. Approved courses are designated with an asterisk (*).

Honors Humanities Courses
Honors courses in basic studies may be elected to satisfy the requirements in fine arts, history, literature, and philosophy.

These courses, whose subject matter often crosses disciplinary boundaries, may be taught by instructors from more than one discipline. Members of the University Honors Program are welcome to enroll. Other students with a grade point average of at least 3.0 may enroll by permission of the Honors Director.

Available honors humanities courses (see departmental listings for course description) and the areas satisfied are:
CLAS/HIST 104 Quest for Power: Famous Figures in History  
3 credits ................................................. Area: LIT or HIS

CLAS/LITR 106 Rome and America  
6 credits .................................................. Area: LIT

HIST 127 The Splendid Centuries of Austria  
3 credits .................................................. Area: HIS

HIST/LITR 128 Russia in the Age of Tolstoy and Dostoevsky  
3 credits .................................................. Area: LIT or HIS

FAIlUST 151 Reason and Revolution  
3 credits .................................................. Area: FA or HIS

PHII/LISTR 155 Narrative in Literature and Film  
3 credits .................................................. Area: LIT or PHI

179/279 / 379 / 479 Special Topics  
3 credits .................................................. Area: Varies

**Future Changes in the Basic Studies Program**

Additional courses may be approved and refinements made periodically in the basic studies program.

Basic studies transfer credit will be determined by Eastern Michigan University in cooperation with the college or university from which the student wishes to transfer credit. In most cases, equivalency lists exist.

**The MACRAO Agreement**

Eastern Michigan University is a signatory of the MACRAO (Michigan Association of Collegiate Registrars and Admissions Officers) agreement. The purpose of this agreement is to ensure that students who complete a specified distribution of general education courses at a community college will have satisfied general education requirements at signatory four-year colleges. Eastern Michigan University accepts the MACRAO agreement with the following provision:

Students who have been certified by a signatory community college as having satisfied the general education requirements of the MACRAO Agreement and have earned a grade of "C" or better in each required course, will be required to fulfill only the four additional courses now a part of Eastern Michigan University's basic studies requirements: an advanced writing or speaking course or a foreign language composition course; a mathematics course (unless waived by ACT scores); a computer literacy course; and a multicultural course, all from the approved list. This agreement applies only to basic studies and does not exempt the community college students from meeting all curriculum and graduation requirements.

**MAJORS/MINORS**

Each student must complete a major subject of at least 30 semester hours and a minor subject of not less than 20 semester hours with the following exceptions:

1. A student on the elementary teaching curriculum may present three minors of not less than 20 semester hours each of which are subject fields taught in the elementary grades.

2. A student who completes the specialized programs for teachers of art, business education, industrial education and music, or the professional programs in applied science, business administration, clinical laboratory sciences, criminal justice, nursing, music therapy, industrial technology, interior design, occupational therapy, health administration, language and international trade, and social work will automatically satisfy major-minor requirements.

Hours of credit counted on a minor may not be applied to a major or another minor or vice versa. Basic studies courses may be applied toward a major or a minor where appropriate.

Professional education courses do not count toward majors and minors except in cases in which such courses are specifically required or indicated as permissible as part of a major or minor.

All students, including transfer students, must complete at Eastern Michigan University the following minimum requirements in advanced courses numbered 300 or above in their majors and minors, unless specifically exempted by the department concerned:

1. At least nine hours in majors.
2. At least six hours in minors.
3. At least 15 hours in curricula that encompass both major and minor requirements.

**Degree Requirements**

Residency: Candidates for the bachelor's degree must earn at least 30 semester hours at Eastern Michigan University. Of these 30 hours, a minimum of 15 hours must be taken on the Ypsilanti campus. The remaining 15 hours may be taken off campus.

Of the last 30 semester hours prior to the granting
of the degree, at least 10 hours must be taken in courses offered by EMU. These 10 hours may be taken either on or off campus.

Students with credit from a junior or community college must earn a minimum of 60 semester hours exclusive of physical activity or junior/community college credit. When a student has earned a total of 75 semester hours from community colleges and/or four year institutions, courses should not be taken at a junior or community college for transfer to Eastern Michigan University.

Subject Limitation: No more than 60 semester hours in any one academic department may be applied toward the minimum of 124 hours required for a bachelor's degree.

Correspondence Credit: No more than 15 semester hours of correspondence credit may be applied toward a bachelor's degree, nor may correspondence credit be applied to meet any of the residence requirements.

Correspondence course grades will be included in figuring the grade point average.

Minimum GPA: Students will not be graduated if their grade point average in their degree program (major and minor) is less than 2.0. Credit earned at EMU must average at least 2.0.

Physical Education: All students shall present two semester hours of physical education activity credit for graduation. This requirement may be met in one of the following ways:
1. Students may elect to complete two hours of physical education activity from the wide range of classes offered each semester.
2. Veterans with at least one year of active duty may substitute their military service in lieu of the physical education activity requirement.
3. Any two Military Science courses may be applied in fulfillment of the physical education requirement.

This requirement may be modified or waived if, for reasons of physical disability, the student is unable to participate in physical education activity courses. Physical disability shall be determined by the Health Service and, in conference with the department chair of Health, Physical Education, Recreation and Dance, a decision will be made as to appropriate modification or waiver of the requirement to ensure maximum benefit to the student.

Any student may apply up to eight semester hours of credit earned in physical education activity courses to the minimum 124 credit hours required for graduation.

Students majoring in physical education, recreation or dance may apply to the minimum 124 credit hours the minimum number of hours in activity courses required for their respective majors.

All grades received in physical education activity courses, including those which exceed the credit hour limits prescribed above, are used in computing the student’s grade point average.

Military Service/Science: Students who have been in military service will be granted credit in Military Science as follows:
1. Those who have served for one year in the Army, Navy, Air Force, Marine Corps, Coast Guard (including attendance at service academies) will be given credit for the first two years of Military Science; those who have served for six months in service will be given credit for the first year of Military Science.
2. Students who have completed two years Junior ROTC will be given credit for the first year of Military Science with departmental approval; those who have completed three years will be given credit for the first two years of Military Science with departmental approval.

Veterans who are awarded credit for Military Science under 1. above are, nevertheless, eligible to enter the advanced course voluntarily if qualified and should consult the Military Science Department on special opportunities that are available (see Military Science Department Advanced Program).

Military Science courses are credited in the 124 minimum credit-hour requirement for the bachelor's degree.

Degree Candidates

Candidates for a degree and/or certificate must make formal application for graduation during the first two weeks of the final semester or session. (The application should be made after final registration is complete but not later than the last day of program adjustment for the semester or session in which the student expects to graduate.)

Application forms, obtained in the Academic Records Office, 302 Pierce Hall, must be submitted with the $30 graduation fee to the Cashier's Office, Pierce Hall, or charged to the student's account.

Failure to meet the application deadline will result in the candidate's graduation being delayed until the following graduation period. Failure to satisfy degree requirements, including the removal of incompletes
in required courses or providing official transcripts for course work taken at other colleges or universities, will necessitate that the student file a new application for graduation in the Academic Records Office for the subsequent graduation period.

Financial obligations must be met before students may receive their diplomas.

**Certification**

Six-year Provisional Teaching Certificates are conferred by the Michigan State Board of Education upon recommendation of Eastern Michigan University. The University recommends for provisional certification only those students who have satisfied the curricular requirements in one of the teacher education degree programs, and have completed and passed the appropriate tests.

Certificates always expire on June 30 of the calendar year. The two certificates recommended by Eastern Michigan University are:

- State Elementary Provisional Certificate,* which certifies the holder to teach all subjects in elementary grades (kindergarten-5) and appropriate majors and/or minors in grades 6-8 middle school, and 6-8 self-contained.

- State Secondary Provisional Certificate all subjects,* which certifies the holder to teach majors and minors in grades 7-12.

Certificates are issued by the Michigan State Department of Education. Issue date and expiration date are printed on the face of the certificate.

*A holder of this certificate who has completed EMU’s curricular requirements in art, speech pathology, industrial arts, music, Japanese, or physical education is normally eligible to teach in the_specialty in grades K-12.

Vocational certificates qualify the holder to teach in the programs named below in schools offering programs that are reimbursed by federal and state funds allocated for that purpose. The vocational certificates issued are:

- State Secondary Provisional Certificate with vocational endorsement in Office and/or Distributive Education.

- State Secondary Provisional Certificate with vocational endorsement in Trade and Industrial Education.

Information on continuing certification may be obtained from the coordinator of continuing certification, 101 Boone Hall.

**Professional Certificate**

As of July 1, 1992, the Continuing Certificate was discontinued. It was replaced by the Professional Certificate.

The Professional Certificate is issued for a period of only five years, and must be renewed every five years. Renewal of the Professional Certificate requires an additional six hours of credit.

Other professional certificates and procedures are as follows:

**Registration in Dietetics:** The American Dietetic Association issues a certificate of membership in dietetics upon successful completion of the coordinated dietetics curriculum. Successful completion of the national examination administered by the American Dietetic Association results in professional registration status with the American Dietetic Association.

**Certification as a Medical Technologist:** There are four certifying agencies for medical technologists: (1) American Society of Clinical Pathologists, (2) National Certifying Agency for Clinical Laboratory Personnel, (3) International Society of Clinical Laboratory Technologists, and (4) American Medical Technologists. Because there can be differences in hiring practice and salary differentials based on agency certification, it is recommended that students carefully consider agency certification before the examination is taken. The Clinical Laboratory Sciences Office has information on each of the agencies mentioned.

**Certification in Occupational Therapy:** The American Occupational Therapy Association (AOTA) requires successful completion of all academic requirements and fieldwork experiences and recommendation by faculty for candidates to be eligible for the national certification examination. A Registered Occupational Therapist (OTR) is one who has passed the certification examination and has applied to the AOTA for certification and registration.

**Registration in Music Therapy:** The National Association for Music Therapy, Inc. (NAMT) grants the Registered Music Therapist (RMT) status. Upon successful completion of the approved curriculum in music therapy and a continuous six-month, 1,040-hour clinical training (internship) period at an NRMT-approved clinical training center, the student is eligible to apply
Certificate in Speech Pathology: The American Speech and Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language, and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Certification for Teachers of the Hearing Impaired: The Council on Education of the Deaf issues certificates to individuals who satisfactorily complete training programs at approved teacher preparation centers. Eastern Michigan University has been an approved center for training teachers of the hearing impaired since 1967.

International Diplomas in Business French, German and Spanish: The Chamber of Commerce and Industry of Paris awards a “Certificat pratique de français économique et commercial” and a “Diplôme supérieur de français des affaires” upon successful completion of examinations held at Eastern Michigan University. Candidates should be enrolled in the Language and International Trade curriculum or in the Business French major.

The Carl Duisberg Society, in cooperation with the Goethe House, awards a “Zertifikat Handelsdeutsch” upon successful completion of examinations held at Eastern Michigan University. Candidates should be enrolled in the Language and International Trade curriculum or in the Business German major.

Examinations leading to the “Diploma de español comercial” and the “Certificado de español comercial básico” granted by the Chamber of Commerce and Industry of Madrid in cooperation with the Official School of Languages of Madrid are administered at Eastern Michigan University. Candidates should be enrolled in the Language and International Trade curriculum or the Business Spanish major.

Licensure in Nursing: Graduates of the nursing program receive a Bachelor of Science in Nursing degree and are eligible to qualify as registered nurses through the Michigan Board of Nursing licensure examination. This examination is given at times and places specified by the State Board of Nursing, usually twice a year. Candidates should file application immediately after the official completion date of degree requirements. Upon receipt of the application and all credentials, a temporary permit to practice will be issued and an examination date assigned. Licensure is granted upon successful completion of the State Board of Nursing licensure examination.

Graduation Audit

Students who have completed 95 credit hours or more should request a graduation audit by completing the required form at graduation audit in Room 302 Pierce Hall or completing the form printed in the Class Schedule Book each semester.

The form requires the student to record their expected date of graduation, legal name, local and permanent mailing address, social security number, and major(s) and minor(s) elected. In addition, a check list is provided for degree expected and teacher certification expected. Accurate information is essential.

Forms are filed in the Academic Records Office and processed according to expected graduation date. A graduation auditor checks the credit hours taken and records the credit hours still needed. One copy of this audit is mailed to the student, another is sent to the student’s major department, and the third copy is filed. Students should receive their audits a semester before they apply for graduation.

Students may return the forms by mail or in person in Room 302 Pierce Hall. Time is required by the office staff for processing, and immediate responses to requests for information cannot be made at the time of the request.

Academic Assessment

The North Central Association of Colleges and Schools (NCA) is EMU’s regional accrediting body. They mandated that every college and university in the NCA region have a plan for assessing both Basic Studies and each academic major in place for all students enrolling in the Fall 1995 semester and later. EMU endorses this mandate and believes that the University will benefit by identifying the key skills and concepts that academic programs are developing and how well
these skills and concepts are being developed in our students.

Because it is important to assess a representative sample of students, Eastern Michigan University considers involvement in this assessment mandatory for students asked to participate.

In some cases all students will be asked to participate, in other cases where it is impractical to assess all students, a representative sample will be selected. In either case, the above stated requirement will apply.

Basic Studies will be assessed through use of the Educational Testing Services’ “Tasks in Critical Thinking.” Between 200 and 250 students will take this test each year and students who participate in academic assessment activities will be helping Eastern Michigan University continually refine and improve its excellent academic programs and further enhance the reputation of all degrees awarded.

STUDENT SERVICES

ACADEMIC ADVISING CENTER
Patricia Williams
Associate Director
301 Pierce Hall
487-2170/487-2171

The Academic Advising Center provides help and guidance to students in a variety of circumstances. It has three major areas of responsibility: academic advising, academic support services and academic actions, each of which is concerned with the student’s total welfare.

Academic advising is the central coordinating service for academic advising activities for all new and currently enrolled students and is the first formal academic contact on campus for new students. Academic advisers assist students in evaluating academic goals and objectives, designing programs, and selecting majors; counsel students on career choices; and provide faculty advisers with information and assistance.

Academic support services address the specific needs of students by:

1. Administering the PASS program (Promote Academic Survival and Success) for a limited number of freshman students. During their first college year, PASS students are required to take a two-semester intensive writing sequence and an intrusive advising program.

2. Organizing annual meetings to assist students who plan to apply to certain health occupation programs (i.e., nursing and occupational therapy) and providing workshops on program application and alternative decision-making to students competing for admission to these limited enrollment programs.

3. Providing special advising services for other groups such as undeclared students and returning adult students.

Academic support services is responsible for implementing University policies in the following areas:

1. Low scholarship, academic probation, dismissals and readmissions.

2. Late withdrawals from individual classes.

3. Pass/fail option, retroactive withdrawals from the University.

Students have a number of other sources that can help their academic and career planning, enhance and develop their skills, and aid in dealing with academic problems and choices.

Handicapped students are encouraged to pre-register as early as possible in order to consult with the appropriate faculty members concerning course requirements and the identification of special needs. Students who have such special needs should make them known, in writing, to the Dean of Students, 218 Goodison Hall (487-3118), at least two weeks before the beginning of the semester or session in which the courses are to be taken.

The residence hall program offers assistance through academic support programs such as peer tutoring and group study sessions as well as professional and paraprofessional individual assistance from residence hall program staff living in each residential unit (professional resident unit administrators and student staff advisers).

The department of Leadership and Counseling in the College of Education, 13 Boone Hall, provides individual counseling for all students seeking personal or career information or who need assistance in making decisions related to personal, educational and vocational goals. Graduate students administer the Strong-Campbell Inventory Tests to help students determine career interests. The service is available in the evenings during the fall, winter and spring semesters and during the day in the summer session. Appointments can be made by calling 487-3270.
Career planning information also is available at the following:

Academic Advising Center, which provides information on credit courses useful to students exploring careers, such as GDEN 100 Career Exploration and Decision-Making, NUR 196 Introduction to Health Careers, BEDU 100 Contemporary Business, and AAD 179 Academics, Affiliation, and Achievement, COB 179 Introduction to Business Careers.

The Biology Career Center, 306 Mark Jefferson, which offers self-help career materials. (The office is open only during posted laboratory hours in the fall, winter, and summer terms.)

Career Services, Goodison Hall, provides a Career Resource Center, described in the following section.

Instructional Materials Center, Department of Human, Environmental and Consumer Resources, 110 Roosevelt Hall, a research center. (For admission to the room, see the department secretary or an instructor.)

Mini-Career Resource Centers located in residence halls.

**BASIC DEGREE CURRICULA**

**Bachelor of Science and Bachelor of Arts**

Patricia L. Williams  
Associate Director  
Academic Advising Center  
301 Pierce Hall  
487-2170/487-2171

In symbolics and communication, science and technology, social science, and arts and humanities listed below, the usual number of semester hours to be completed is given, but it is the courses that must be completed, not a minimum or maximum number of semester hours in each. (A course must be awarded a minimum of two semester hours of credit.)

Advising Contact (Academic Advising Center):

Department Advisor: Office #: Building:
Individualized Interdisciplinary Concentration

Charles Fulford  
Assistant Director  
Academic Advising Center  
301 Pierce Hall  
487-2170/487-2171

An optional, individualized interdisciplinary concentration may be designed to replace the major and minor for students whose educational, vocational, or professional goals cannot be met by majors and minors currently available at Eastern Michigan University. Because of its individual design, this program is especially attractive for non-traditional students and for those with a clear personal goal.

There are specific criteria for completing this program. The basic elements are:
1. Three distinct discipline areas
2. A concentration of 60-63 credits,
3. At least 15 hours at EMU in 300-400 level courses, and
4. Approval from representative departments.

All students who apply for such a program will still be responsible for other graduation requirements, such as basic studies, physical education, and residency policies. Students interested in this program should meet with the assistant director of the Academic Advising Center to discuss their goals. The following should be summarized in a written statement submitted to the assistant director:

1. Reasons the student cannot complete a traditional major offered by the university,
2. The immediate goals of the proposed program, and
3. The way in which the proposed program will operate to fulfill stated educational and life objectives.

The student and the assistant director will then draft a program of study, which must be reviewed and approved by appropriate faculty advisers. This approved program is forwarded by the assistant director to the Director of Records and Registration and Advising.

Career Services Center

J. Michael Erwin, PhD  
Director  
Fourth Floor, Goodison Hall  
487-0400  
Adjunct Office: 210 Owen  
487-4099

The Career Services Center (CSC) provides a centralized service to help students plan their careers, develop job search skills, obtain employment during their academic career and secure a job upon graduation. Services are available to enrolled students and, to a more limited extent, to EMU alumni.

In the area of career planning, CSC provides diagnostic testing, computerized career guidance services and personal career counseling. In addition, the CSC Resource Center contains an extensive collection of reference materials on career opportunities, self-assessment, job vacancy announcements, employer literature and hundreds of other career-related items.

CSC offers an innovative career planning program called Career Choice. CSC, in conjunction with a number of other EMU departments, focuses on helping students select majors and occupational fields early in their academic careers. Assistance is provided through self-assessment, information about occupations, and opportunities to secure employment and volunteer experience in career-related fields.

Through its nationally recognized Professional Experience Programs (PEP), CSC assists students in obtaining career-related work experiences such as internships and Cooperative Education placements. These experiences help students gain exposure in their chosen career fields and gain the work experience that most employers now expect from college graduates. Academic credit can be earned for many of the PEP jobs. Students should begin participation in PEP as early as freshman year.

Additional work opportunities are offered through CSC's Student Employment office. This office is the central clearinghouse for all on-campus job openings for students and for job openings near campus and in other nearby cities. CSC also maintains an extensive listing of summer employment jobs available with camps, parks, resorts, businesses and government agencies throughout the country. As with other student employ-
ment, these jobs give students practical work experience and a chance to earn money toward college expenses.

CSC placement services assist seniors, graduate students, and alumni in seeking employment after graduation and obtaining professional advancement throughout their careers. Available services include:

- Résumé, interviewing and job search strategy workshops
- "Career Search" manual available to all seniors
- "Job-Line" phone-in service that lists available job openings
- On-campus interview program
- Candidate referral programs, including two national services
- "Perfect Résumé" software packages
- A number of annual Job Fairs that attract hundreds of employers
- Free drop-off résumé critiquing service

Finally, each year CSC posts more than 30,000 job listings and has more than 250 employers participate in the on-campus interview program.

UNIVERSITY HEALTH SERVICES

Ellen Gold
Director

Linda Vengroff
Associate Director

3rd Floor, Snow Health Center
487-1107

Recognizing that good health in its broadest sense of physical, emotional, and social well-being is an essential component for the success of academic endeavors at Eastern Michigan University, University Health Services provides students, staff, and faculty a healthy environment by offering programs and services to support their educational goals, personal development, effectiveness, and well-being.

Health Services

Diane Sobell
Clinical Administrator
2nd Floor, Snow Health Center
487-1122

Health Services, located in Snow Health Center, provides professional, quality, and confidential on-campus health care to the University community. Services include:

- General Medicine
- Allergy Injections
- Gynecology
- TB Testing
- Immunizations
- Physical Exams
- HIV/AIDS Testing and Counseling

In addition to the above services, Health Services also provides on-site pharmacy, laboratory and x-ray. If your personal physician or family doctor orders an x-ray or lab work, Health Services can perform these tests. The University Pharmacy fills prescriptions written by any physician licensed in the State of Michigan and provides non-prescription medicines and sundries.

Students may call Health Services to make appointments for needed services. Students generally can see a clinician the same day they call or the following day. For urgent care, it is possible to be evaluated on a walk-in basis. Allergy injections and TB skin tests are given without appointments during specified hours. Allergy medications can be stored at Health Services.

All students are encouraged to carry some form of health insurance during their years at Eastern Michigan. A voluntary student health insurance plan is available to students at the Student Government Office or the Health Services Insurance Office.

Students should always bring their student ID cards and have their insurance information available for the Health Services staff.

Payment for all services is expected at the time of service. The following methods of payment are accepted:

- Charge to student account
- Visa/MasterCard
- Cash/check
- Payroll deduction (EMU faculty/staff)
Counseling Services

Rosalyn L. Barclay
Associate Director
3rd Floor, Snow Health Center
487-1118

Counseling Services provides individual and group counseling to students and their spouses who are experiencing stress, relationship problems, anxiety, depression or other personal problems. Special workshops, programs and support groups are offered on a wide variety of topics, including test anxiety, communication, assertion and family issues. Programs are offered in classrooms, residence halls, Snow Health Center and at other campus locations. The staff is composed of trained psychologists. Senior level graduate students from the departments of Psychology and Guidance and Counseling are also available. All services are confidential and free of charge.

Self-help books and audiotapes are available on many topics, including relationships, anxiety management, sexual concerns, family issues, and eating concerns.

The Campus Peer Program, sponsored by Counseling Services and Health Services, offers student volunteers the opportunity to assist their peers with a variety of personal and social concerns, sexual health and substance abuse issues. Campus Peers receive extensive training to prepare them to present interactive programs and lead discussions throughout the campus. For further information about the Campus Peer Program, call 487-3047.

Counseling Services is located on the top floor of Snow Health Center. Students may make appointments or initiate counseling during walk-in hours on Monday or Thursday, beginning at 12:45 p.m. Hours are 8 a.m. to 12 noon, and 1 p.m. to 5 p.m. Monday through Friday.

Health Resource Center

3rd Floor, Snow Health Center
487-2226

The Health Resource Center is the health education unit of University Health Services. Health educators with expertise in college health issues provide workshops and lectures to student organizations and academic classes; plan and implement special health education events; and, when appropriate, schedule individual consultations with students. A variety of topics are covered, such as: personal growth and development issues, sexual health concerns, and alcohol and other drug information. Specific programs include: HIV/AIDS testing and counseling, Lifelines performance company, Checkpoint, Project REACH-Out, and the Campus Peer Program.

The Health Resource Room contains health education brochures, pamphlets, journals, books, and videotapes available to students for personal use, research papers, and class presentations.

All services are free to students.

Children's Institute

Lindy Buch
Associate Director

Lorraine Paffenroth
Coordinator of Services

1st Floor, Snow Health Center
487-1126
1st Floor, Rackham Building
487-2348

The EMU Children's Institute provides developmentally appropriate full- and half-day early childhood education programs and child care for children 18 months through 6 years of age year round. A full-day or morning-only kindergarten is offered along with an afternoon kindergarten enrichment program. The Institute operates as a service to student, staff and faculty families, and is also available for community families as space permits. Hours are 7:30 a.m. to 5:30 p.m. Monday through Friday. Children's Institute is closed when the University is closed, however additional time may be purchased during University breaks. The Children's Institute also serves as the practicum placement site for training undergraduates in the fields of Early Childhood Education and Child Development.

An extensive parent education and family activity program is offered for enrolled families and the University community.

Flights of Imagination, the summer day camp offered at the Children's Institute, operates from 9 a.m. to 4 p.m. Monday through Friday with two-week sessions offered throughout the summer. The camp features
a variety of activities including swimming, gym, outdoor play, arts and crafts and nature study. Children entering kindergarten through third grade are invited to attend. Extended care is available from 7:30 a.m. to 9:00 a.m. and from 4:00 p.m. to 5:30 p.m.

The toddler (18-30 months) program is housed on the first floor of the Snow Health Center. The preschool/ kindergarten and day camp are housed on both the first and second floors of the Rackham Building.

Please call the Children's Institute office at 487-1126 for complete program and registration information.

Alcohol and Other Drug Abuse Prevention

326 Snow Health Center
487-2226

Eastern Michigan University recognizes that alcohol and other drug issues can and do create barriers for students seeking to be successful, both academically and socially. Therefore, the University has designed several programs to assist students to achieve their goals.

Checkpoint is a six-hour educational program that addresses participants' attitudes, knowledge and behaviors concerning alcohol and other drugs, encourages responsible decision making, and provides appropriate referral.

Project REACH-Out is a program in which EMU student volunteers, serving as role models, give presentations in area schools to educate youth that consuming alcohol before the legal drinking age or using illicit drugs is harmful and illegal.

The Student Advisory Council uses student leadership to coordinate campus-wide special events while Campus Peers use trained peers to educate and encourage students to make their own informed decisions about involvement with alcohol and other drugs.

The Health Resource Center Library, located in 330 Snow Health Center, has a ready reference area with informational files to help youth find alcohol and drug-related topics for their writing and speaking assignments. The library also has videos, posters and audio cassettes.

The Alcohol and Other Drug Programs are housed in the Health Resource Center office, located in Room 326, Snow Health Center. This office is the primary location for the distribution of substance abuse prevention information and for the coordination of program activities. All services are free to students and student involvement is encouraged.

HOUSING & DINING SERVICES

Rebecca Figura
University Housing Director

Michael Crabb
University Dining Services Director

Lower Level Dining Commons ONE
487-1300

Eastern Michigan University Housing and Dining Services welcomes all students. Housing on campus accommodates 5,500 students and families and is considered by many to be the heartbeat of the campus. Living on campus offers students convenience, friendships, college life, and academic resources.

Thirteen residence halls are open to all students. First year students and sophomores are expected to live in University housing. There are two ways to reserve residence hall space.

By Mail:
1. Contact the Housing Office and request a Housing Packet.
2. Read all of the materials in the packet including the Housing and Dining Services brochure, the Residence Hall/Dining Service Contract and the Assignment Request form.
3. Select a lifestyle option and hall that accommodates your choice. Select a meal plan.
4. Record selections on the Residence Hall/Dining Service Contract and the Assignment Request form.
5. Mail the completed forms along with a $100 prepayment in the envelope provided to the Cashier's Office, 201 Pierce Hall.
6. Hall assignments are mailed during the latter part of July through August.

At Fast Track Programs or In Person:
1. Students participating in Fast Track have the opportunity to reserve residence hall space as part of the program.
2. Students coming to campus can reserve a space by completing steps 1-6 above in person. First year students and sophomores wishing to commute must complete an Exemption Form and attach supporting documentation. Exemption requests should be sent to the Housing Office, where it will be reviewed.

The University reserves all rights regarding the assignment and reassignment of rooms or the termination of occupancy in accordance with University policies, regulations and procedures. It is the policy of the University not to discriminate in the assignment of residence hall rooms. The University is not responsible for lost, stolen or damaged property. Students living in University housing assume responsibility for their own hours.

Alternative choices among the special living options in the residence halls are:

- **Center for First Year Students**: Open only to new first year students. Offers special programs, services, and staff for new students.
- **Upperclass and Over 21**: Designed for the older student.
- **International Center**: A blend of international and American cultures.
- **Community of Scholars**: Reserved for those students who are part of the Honors Program or who have a college GPA of at least 3.0 or a 3.3 high school GPA.
- **Alcohol-Free Rooms and/or Floors**: For those students who desire an environment free from alcohol.
- **Year Round Halls**: Designed for those students who find it difficult to go home during University scheduled breaks and during the spring and summer.
- **Barrier Free Rooms**: Rooms for people with special needs.

**Single Student Apartment Program**

On-campus apartments operated by the University for single students are available in Brown and Munson halls. Preference for leasing these apartments is given to upperclass and graduate students.

The number and type of apartments available in the Brown/Munson complex are as follows:

- 180 two-person, one-bedroom apartments
- 20 one-person efficiency apartments
- 4 six-person, two-bedroom apartments

Experience with rental requests indicates that the single efficiency apartments are usually opted for by students who are residents of Brown/Munson apartments at the time a single becomes available (residency establishes first priority for assignment to any particular apartment type).

Residents desiring to apply for a two-person apartment are encouraged to apply together with the other student with whom they desire to share an apartment. Upperclass and graduate students who wish to apply for a Brown/Munson apartment should obtain an application form from Brown 107, the manager's office, complete the application and return it to the University Cashier's Office with the $45 non-refundable application deposit.

**Family Housing Program**

The University owns and operates 449 furnished one- and two-bedroom apartments for student families. To apply for a University apartment, either a husband or a wife must be a full-time student or accepted for a full academic program. The number of children in the family establishes priority for a two-bedroom apartment assignment. However, families with more than three children cannot be accommodated.

Priority for assignment is given to applicants who have been on the waiting list for the longest period of time for the particular date involved. Students with families who wish to apply for a University apartment should obtain an application from the University Apartments Office, complete the application and return it to the University's Cashier's Office, 201 Pierce Hall, with a $45 non-refundable application fee.

**Off-Campus Housing**

A variety of living arrangements are available for upperclass students who desire to live in the off-campus community and who meet the eligibility requirements to do so. Those students who plan to live off-campus are responsible for making their own arrangements to secure housing, as the Housing Office does not rate or inspect off-campus facilities.

The REACT Office in Goodison Hall assists students who desire advice on finding off-campus housing and/or addressing any problems that might be associated with off-campus apartment living.
University Dining Services

University Dining Services provides several options to meet the varying appetites, dining habits and scheduling needs of today's on-the-go commuters and residential students.

Eastern Eateries is located between Phelps-Sellers & Walton-Putnam Residence Halls, steps away from Pray-Harrold on the other side of Downing Hall. This high-tech, fast food mall with shops that offer burgers, pizza, chicken, confections, salad bar, deli, Taco Bell, cappuccino, yogurt, plus pinball machines. Located on the lower level of the Eateries is QUICKFIXX, a convenience store offering over 400 video rentals, VCR rentals, groceries, film, photographic processing, greeting cards and snack foods. An A&W, located within Hoyt Conference Center is a full service facility featuring hot entree meal transfer selections (Blue Plate Specials), which are available for carry out. The Pittstop, located near the A&W, is a small convenience store offering: snacks, frozen foods and RACERS DELI.

Dining Commons ONE, located within the Downing Residence Hall complex offers an all-you-can-eat, self-serve buffet line with three hot entrees, super salad bar, dessert bar, home made soup, sandwich line and stir fry. Located outside of Dining Commons ONE, What's NU offers take out service. Other facilities that are conveniently located include the Flying Eagles trailer outside of Pray-Harrold, offering sandwiches, hot dogs, cappuccino/espresso/specialty coffees and other on-the-go items. The Food for Thought cart located inside the south end of Sill Hall on Forest Street offers sandwiches, salads, donuts, candy, fruit, plus other on-the-go items. Inside the foyer of the Quirk Sponberg Theatres, the TO BE Cafe offers specialty coffees, beverages, pastries, salads and sandwiches. The Eagle Club is Eastern's only full service restaurant. It is open to Faculty, Staff, and Students and is located on the fifth floor of the REC/IM building (Fall and Winter hours only). Also located within the REC/IM building is the Courtside, a snack shop offering deli sandwiches, yogurt, nachos, hot dogs, and salads.

Located within McKenny Union is Pumpernickel's Deli, offering a variety of salads and sandwiches made-to-order, home-made bread baked daily on site, quiche, soup, and an extensive breakfast menu. Que Pasta, Pizza & Peppers and Taco Bell Express features a unique combination of pizza, pasta, and Taco Bell items to go. There is also a Wendy's and the Club Cappucino, a coffee and yogurt shop. The Lobby Shop offers snacks, toiletries, film, photographic processing, and gourmet items.

Student Housing

University residence halls and student apartments are operated on a self-liquidating plan; i.e., construction is financed from revenue bonds, which together with operational costs are paid from rental revenue.

Residence Halls:
The Jones-Goddard Community of Scholars serves approximately 400 students and is the headquarters for the University Honors Program. Goddard Hall also provides classroom space for Industrial Education in a converted cafeteria. The residence halls, traditional in design, enclose a central courtyard. They are named for Lydia Jones, EMU's first full-time dean of women, who served from 1924-39, and Mary Goddard, professor of botany from 1900-1939. The Office of Research Development is located in the basement of Goddard Hall.

Downing-Buell-Wise-Best comprise a four-unit complex of separate buildings adjoining a central dining commons. Located in the heart of campus, they provide space for approximately 1,200 students. Estelle Downing was professor of English from 1898-1938; Bertha G. Buell was professor of history, English literature and political science, 1899-1937; Margaret E. Wise, a first grade teacher trainer during her tenure from 1893-1939, also served as director of placement, 1927-1939; and Martha Best was professor of biology and bacteriology from 1924-1952.

Phelps-Sellers-Walton-Putnam, a second four-unit complex, has physically attached buildings that share a common dining area. Also built to accommodate 1,200 students, the complex honors Jessie Phelps, professor of zoology, physiology and hygiene from 1898-1939; John A. Sellers, professor of chemistry from 1921-1961 and department head from 1958-1961; Genevieve Walton, head librarian from 1892-1932, who planned the initial Mark Jefferson Library and co-founded the Michigan Library Association; and Daniel Putnam, first head of the Education Department, the University's first librarian from 1875-87 and considered EMU's sixth president for his services in this capacity from 1868-1870 and 1871-1906.

Pittman-Hill-Hoyt are contemporary 11-story, high-rise towers and the most recently constructed campus residential units. All halls have ample social and study space on each floor and each room offers a pan-
oramic view of the campus and surrounding area. Marvin Pittman was director of rural education and a teacher trainer from 1921-1934; Susan B. Hill was dean of women from 1939-1962, then dean of students from 1962-1969 and also served as a Ypsilanti city councilwoman.

Student Apartments:

The Brown-Munson Apartments were remodeled from a residence hall facility to 207 single-student apartments in the early 1970s. They are designed primarily for two tenants, although some single and multiple occupancy units are available. Apartments are furnished, carpeted and air-conditioned, and all utilities except telephone are included in the monthly rent. The apartments carry the names of James M. "Bingo" Brown, football and baseball coach from 1923-29 and the first dean of men from 1925-1962, and John M. Munson, an EMU graduate who served as president from 1933-1948.

Pine Grove Terrace, on the northwest corner of the main campus, is the closest family housing unit to campus and has 140 one-bedroom apartments and 29 two-bedroom apartments in two-story masonry units. Each building contains laundry and storage facilities, provides exterior balconies and private furnaces. Constructed in the late 1950s, the apartments are furnished.

Cornell Courts Apartments, west of Pine Grove and across Oakwood Avenue, offer 69 one-bedroom and 66 two-bedroom apartments in two-story masonry buildings. Each apartment is furnished; laundry facilities are in each building unit and courtyards provide family social areas.

The Westview Apartments, completed in the late 1960s, are approximately one mile west of main campus near the intercollegiate athletic facilities. They are built in the townhouse style with bedrooms generally located on the second floor above living areas. Occupants have both a front and back yard. A total of 73 one-bedroom and 72 two-bedroom furnished apartments are available.

Note: In the three student family housing areas, a limited number of unfurnished units are available for those desiring to provide their own furnishings, but early reservations must be made with the Housing Office for these unfurnished units.

Typical Residence Hall Room Floor Plans
CAMPUS LIFE

The campus climate at EMU is one of vitality, energy, and involvement. Students are offered an extensive variety of opportunities for out-of-classroom social contact, leisure-time activities, group participation, intellectual challenge, cultural enrichment, government and media experience, organized athletic and recreational activities.

Office of Campus Life

Glenna Frank Miller
Director
11 McKenny Union
487-3045

The Office of Campus Life serves as a central resource for students seeking special opportunities for involvement both outside and inside the classroom. The Office of Campus Life organizes and schedules University-wide extracurricular and co-curricular events throughout the school year. The Campus Life Council serves as the student programming board.

Office of Campus Life student development services include leadership training, student organization support services (for more than 200 student organizations), and freshman and parent orientation programs. The new volunteer program, The VISION (Volunteers Incorporating Service Into Our Neighborhoods) Project, offers service opportunity to students and staff.

Other program offerings are the traditional all-campus celebrations such as the First Week Fling, Family Day, Martin Luther King Jr. Day and Founders Day. Additionally, the Office of Campus Life provides co-ordinated programming support to campus departments including the Equity Office’s Lecture Series, and the programs offered through academic departments such as the Poetry Symposia, art exhibits, and the performing arts. Campus Life also coordinates campus lectures, concerts, and collegiate entertainment.

Below please find a list of the more than 200 registered student organizations. Students interested in exploring these and other groups or in starting a new organization should contact the Office of Campus Life directly.

DEAN OF STUDENTS

Bette C. White
Dean

Gregory A. Peoples
Associate Dean

215 Goodison Hall
487-3118

The Office of the Dean of Students serves undergraduate and graduate students through the combined offices of Foreign Student Affairs, Veterans Services, Services for Students with Disabilities, Multi-Cultural Center, and Greek letter organizations.

The Conduct Code and Judicial Structure is adjudicated through the Dean of Students Office.

Office of Foreign Student Affairs

Paul Dean Webb
Coordinator
209 Goodison Hall
487-3116

The Office of Foreign Student Affairs extends a hand of welcome to all foreign students pursuing their educational goals at Eastern Michigan University. Concerned, responsible and professional staff assist students in any matter, including orientation, legal advice (immigration), academic, financial, employment and personal concerns. Personnel also provide help with the preparation of documents needed to maintain favorable status in this country.

The office serves as a consultant to faculty and staff on foreign student affairs and acts as a catalyst for the development of various international connections in the University and/or community to promote international education and understanding.

Foreign students are encouraged to make regular contact with the office.

Veteran Services Office

Robert E. Teehan
201-202 Goodison Hall
487-3119

The Veteran Services Office coordinates all campus services for veterans entering or returning to the University to complete their education. It is the resource center for veterans’ benefits and the office to which veterans must report successful academic progress to maintain benefits, class drops and adds, or changes in personal status affecting benefits.

The office assists veterans also in housing and financial aid, and works closely with disabled veterans to provide full educational benefits. Any questions veterans may have should be directed to a representative in this office.

Services for Students with Disabilities Office

Bette C. White
Dean
215 Goodison Hall
487-3118

The Services for Students with Disabilities Office utilizes resources of both the campus and the community and its agencies to meet the needs of students and to support them in meeting their educational goals. Michigan Vocational Rehabilitation and the Michigan Commission for the Blind are both used as supportive agencies in assisting some students.

Students may also request aid in finding notetakers, relocating classrooms, assistance with wheelchairs, special housing accommodations, and procedures for applying for interpreters. Since it is the intent of the office to respond to students’ unique needs, they are urged to contact the office personally for information and/or assistance.

Multi-Cultural Center

Floyd Carroll
Coordinator
216 Goodison
487-2877

The Multi-Cultural Center is our office of minority affairs with an exciting menu of programs and events planned to enlighten students to the cultural diversity that exists at Eastern Michigan University and the nation as a whole. The center was established to help enrolled African American, Hispanic American, and Native American students prosper at the University.
The center provides the following services:

1. A furnished lounge to host programs, events, and meetings. The lounge can be used free of charge; however, its use is restricted to registered groups and enrolled Eastern Michigan students.

2. Ombudsman service to assist students and organizations with problems and concerns.

3. Referral service for student retention, tutorial and academic services.

4. *The Multicultural Times*, published by student staff on a monthly basis, reporting national, state and campus news for the three ethnic groups.

Office of Equity Programs

Lynette Findley, Ph.D.
Director

Patrick Pieh, Ph.D.
Coordinator

204 Pierce Hall
487-2138

The Office of Equity Programs provides support services to African American, Hispanic American, Native American and Asian American (underrepresented) students. The programs and services provided range from College Days to doctoral scholarships. The KCP College Days Program serves junior high school through senior high school students. Each component orients participants to college life, helps build self-esteem and motivation, and exposes them to a variety of career options. The Wade McCree Scholarship Program awards 30 general fund scholarships annually in the fall to underrepresented students entering the ninth grade. The Summer Incentive Program allows high school graduating seniors with high academic potential the chance to take classes at the University during the summer and, if successful, enroll in the fall. The Select Student Support Services is a retention program that provides academic support services to all underrepresented students to help them succeed and graduate from EMU. The Minority Teacher Initiative Program is designed to increase the number of underrepresented teachers by providing a transition from the community college to EMU. The Future Faculty Program offers scholarships to underrepresented master's and doctoral candidates to offset the expenses of earning a master's or Ph.D.

Student Government

233 Goodison Hall
487-1470

Student government at EMU is committed to improving the quality of life on campus. The student body each spring elects a president, vice president and 21 senators who, along with representatives appointed from various organizations, comprise the Student Senate. Its executive officers and members provide input to the administration of the University to help solve problems and improve programs and services. Student Government also sponsors campus-wide events, and its student services office, known as REACT, provides personal assistance to students with legal, rental or University-related problems.

Not only do student representatives get valuable experience in the process of government, but they also represent the University on local, state and national levels. Any EMU student may run for a Student Government position. Interested students are also welcome to serve on Student Government committees and University advisory groups.

Student Media

Paul Heaton
Director
121 Goodison Hall
487-1010

The Student Media office provides both information and creative outlets for the total University community. The *Eastern Echo* is the student newspaper published thrice-weekly in the fall and winter semesters and weekly during spring and summer sessions. *Cellar Roots* is the literary arts magazine. Editors are selected each spring following interviews by the Student Media Board, a policy-review board comprised of persons both internal and external to the University community, including many in professional journalism-related fields. Students are encouraged to join publication staffs or to submit literary and art for magazine publication.

- The *Eastern Echo* focuses on issues and events and also serves as an outlet for opinions of the University and surrounding community. It offers hands-on training and experience for those interested in the
field of journalism, business, marketing, advertising, graphic design and photography. It is written and edited by student editors and reporters.

- **Cellar Roots** has become the major outlet for student creativity, whether it be photographs, paintings, fiction pieces or poetry. Published once a year, its contents are chosen by a selection committee comprised of faculty and students.

All three publications consistently win national awards for both design and content. Students who participate gain valuable experience, which leads to a high job placement percentage.

**Radio Stations**

**WQBR**
129 Quirk
487-2228

WQBR, under the auspices of the department of Communication and Theatre Arts, is both an instructional and activity program for students studying or interested in radio broadcasting. The station offers both music and student-generated programs emanating from the Quirk Studios and is “on air” from 1 p.m. to 1 a.m. Monday through Friday.

**WEMU**
Arthur J. Timko
Director
426 King Hall
487-2229

WEMU, founded in 1965 as a student station, has been affiliated with National Public Radio since 1978. It is under the auspices of the vice president for university relations and serves a broadcast coverage area from Detroit to Jackson and Flint to Toledo, 24 hours a day, seven days a week. Operating at 89.1 FM with 16,000 watts of power, WEMU offers concentrations of local and national NPR news and jazz featuring national and local performers. During the football and basketball seasons, all EMU games are broadcast.

The station accommodates interns and employs several students in addition to its full-time professional staff.

**Intercollegiate Athletics**

Tim L. Weiser
Director

Carole Huston
Associate Director
Bowen Field House
487-1050

The Department of Intercollegiate Athletics offers a broad-based program of varsity sports for men and women that will develop the academic and athletic skills, understanding, knowledge, attitudes and values that will contribute to the student-athlete’s success in today’s complex society.

Eastern Michigan is a member of the National Collegiate Athletic Association (NCAA) and competes at the Division I-A level in both men’s and women’s sports.

In 1971, EMU joined the Mid-American Conference (MAC), which is composed of 10 schools, including EMU’s sister institutions, Central Michigan and Western Michigan, as well as Akron, Ball State, Bowling Green, Kent State, Miami, Ohio, and Toledo.

The mission of Eastern Michigan University’s intercollegiate athletic program is to sponsor competitive men’s and women’s sports. These sports, represented by the team members, shall strive within the contest rules and regulations to attain the ultimate competitive goal—athletic success.

To be eligible to participate in intercollegiate athletics, the student-athlete must satisfy all University, MAC and NCAA requirements. NCAA regulations for participation in intercollegiate athletics require that the student-athlete earn an average of 12 hours per semester or 24 semester hours of additional credit between seasons of competition. These credits must be applicable toward the individual student-athlete’s declared degree program.

**Recreation and Intramural Sports**

Robert England
Director
Olds/Robb Student Recreation Center
487-1838

The Olds/Robb Student Recreation Center, opened
in 1982, provides recreational activities for the total campus community, including intramural sports programs, inter-university sports competitions, personal physical development and skill activities. All persons regardless of age, sex, skill level or sport interest are afforded the opportunity to participate in a wide range of activities.

The indoor multi-purpose building has 13 racquetball courts; a gymnasium with four basketball courts, six volleyball courts and 12 badminton courts; two swimming pools (one 50-meter and one club pool); an indoor jogging track; four weight areas; a fitness area; combatives room; utility gym; sauna; whirlpool; aerobic studio; and an Outdoor Recreation Center (487-1025) that checks out equipment ranging from backpacks to cross country ski packages for Rec/IM members.

A new addition to the facility, opened in 1993, is the outdoor lake area. The lake is a constructed freshwater facility for swimming, boating, and ice skating. The project includes a sunning slope, picnic area, three lighted volleyball courts, two lighted basketball courts, a one mile jogging trail, and a meeting lodge equipped with a fireplace, equipment checkout room, lockers, and a food service short order grill.

Student membership is automatic with a fee assessed through tuition and entitles the membership card holder to all facility uses. There are additional fees for lockers, towel rental, outdoor equipment rental, and guest. Others desiring to regularly use the facilities may purchase a membership card during building hours. The Competitive Edge pro shop in the building sells all types of sports equipment and clothes.

The Rec/IM programs are based on a recognition of the importance of a total fitness approach in our lives. Scheduled programming in step, hi/low combo, low impact, and aqua aerobic reflect this thought. Body sculpting, step and sculpt, along with power walking, are also available.

The Intramural Sports Program, which utilizes the Olds/Robb Student Recreation Center facilities as well as outdoor fields and tracks, provides activities in which all students may participate. Selected sports are offered on a co-educational basis or for either men or women as follows:

Coeducational activities include basketball, bowling, cross country, track, paddleball, softball, tennis and two-person volleyball competitions, free throw, and sports trivia contests.

Men’s activities include basketball, bowling, floor hockey, football, golf, softball, swimming, tennis, track, volleyball, weightlifting and wrestling competitions, as well as field goal kicking and home run contests.

Women’s activities include basketball, bowling, football, golf, softball, swimming, tennis and volleyball competitions.

Club sports, sponsored by the program, include competition in eight sports. These inter-university sports competitions are organized and operated as a student club. They include women’s soccer, ice hockey, gymnastics, water polo, racquetball, and bowling.

In addition, there are instructional martial arts classes in aiki, aikido, karate, and tae kwon do. Other instructional classes (fees are charged) include kayaking and scuba.

**RESOURCE CENTERS**

**Centers for Corporate Training**

Walter DiMantova  
Director  
487-2258

The Centers for Corporate Training was established in 1988 through a consolidation of the college service centers. Its primary responsibility is to carry out the University mission of service through contract learning. The Center for Corporate Training provides business, industry, education, health, and human services agencies with short- and long-term assistance in training, research and development. The Center for Corporate Training’s staff, including select University faculty and contracted outside experts, are involved in training both hourly and salaried personnel in a large number of diverse industries. Training and consulting has been provided across the U.S. and Canada, as well as in Mexico, Venezuela, Germany, and Portugal. Contracts have ranged from one day to one year, with much of the Centers for Corporate Training’s activities relating to workforce training-on-site in manufacturing plants.

Major areas of programming include:

- Workplace literacy; technical skills enhancement
- Quality and productivity consulting and training
- Management and leadership
- Labor/management relations
- Skill assessment and enrichment
• Occupational Health and safety training
• Management training
• Communication skills

The Centers for Corporate Training is currently regarded as one of the premier agencies capable of providing comprehensive training and consultation in technical skills development, quality and productivity improvement, occupational health and safety, and labor-management relations.

Coatings Research Institute

The Coatings Research Institute (CRI) was established in 1985 with the assistance of a major grant (totalling nearly one million dollars) from the state of Michigan. The institute is designed to conduct research and development efforts under contract to industry and government, and represents the formalization of research activities that started in 1980.

The CRI comprises a fully-equipped laboratory capable of conducting research ranging from the synthesis and modification of polymers to the formulation and testing of paints. Including the adjacent PRA (Paint Research Associates), the coatings effort comprises a microcosm of a large paint company including research, development, analysis, formulation, and testing capabilities.

The coatings effort occupies 12 thousand square feet of facilities with an additional three thousand under construction to house the Emissions Evaluation Center.

Corporate Education Center

Marcia D. Harrison
Director
1275 Huron Street
487-0600

The Corporate Education Center is an entrepreneurial organization owned and operated by EMU that serves both the public and private sectors.

The center has 38,000 square feet of conference and seminar space designed to accommodate multiple meeting needs with advanced communications and audio-visual equipment. Such features include:
• two auditoriums seating 100 and 200 respectively, complete with audiovisual systems including rear screen projection, a simultaneous translation system, and closed circuit teleconferencing.

Center for Public Service
(Formerly ICARD)

Charles M. Monsma
Director
34 N. Washington
487-0243

ICARD is a public service unit of Eastern Michigan University. Its purpose is to make the expertise and capabilities of the University available to governments, community agencies, and businesses. It is part of an overall effort by EMU to establish a closer working relationship with the communities it serves and to aid them in meeting their needs and in solving their problems.

Eastern Michigan University, through ICARD, can provide expertise and resources for the identification of problems, the assessment of needs and the development of solutions in a wide variety of settings. By drawing upon University-wide resources for project development and implementation, faculty, staff, and students with appropriate skills and experience are brought together from a variety of disciplines. When needs cannot be met within an organization or from outside commercial sources or private consultants, ICARD can fill the gap.

ICARD staff develops projects through personal and professional contacts and responds to requests from clients outside the University. Once a project has been identified, support staff and methodologies are determined. Individual faculty members serve as project directors, using additional faculty and student help in project implementation.

Examples of ICARD activities include economic development and planning efforts for local communities, economic and environmental impact assessments, management analysis, evaluation of personnel systems, and scientific analysis of environmental concerns. Twice
a year, ICARD publishes an economic forecasting report, available by subscription, Regional Economic Forecasts for Michigan. Also published twice a year is the newsletter Michigan Economic Notes. Each spring, ICARD hosts an Economic Forum on campus.

Since 1991, ICARD has offered training programs for public sector employees in cooperation with the Government Educational Institute. Through ICARD's Public Service Education Program, a monthly series of open subscription workshops has been offered. In addition, educational and training programs are customized under contract to meet the needs of specific communities or employee groups.

Another integral part of ICARD is the SER-GEM Center (Southeast Regional Groundwater Education in Michigan), funded in part by the Kellogg Foundation. SER-GEM's capabilities include environmental educational services, environmental audits, and computerized database assembly.

For further information, contact ICARD at 487-0243.

Institute for the Study of Children and Families

Patricia Ryan and Bruce L. Warren
Directors
102 King Hall
487-0372

The Institute for the Study of Children and Families was established in 1979 for the purpose of providing focus and support to the study of children and families through research, demonstration projects, non-credit educational activities and consultation concerned with the determinants and/or consequences of childhood and family life.

The institute promotes and encourages interdisciplinary study of children and families throughout the University and offers opportunities for undergraduates and graduate students interested in research or demonstration projects relating to children and families. Cooperative interaction extends beyond the University to other organizations, agencies and institutions.

Institute-sponsored programs include the National Foster Care Resource Center, the Teaching-Learning Community Intergenerational Program, and the Behavioral Medicine Project. The institute cooperates in workshops sponsored with other University departments and community organizations. Its Child and Family Publications Division disseminates 46 publications based on institute projects.

National Institute for Consumer Education

Rosella Bannister
Director
207 Rackham
487-2292

The National Institute for Consumer Education, formerly called Michigan Consumer Education Center, was established in 1973 and is a professional development center in consumer and economic education. It provides an interdisciplinary program and involves faculty from all of the colleges within the University.

Among the Institute’s patrons are students and faculty at this and other universities, classroom teachers (elementary through adult) and representatives of business, labor, government, clergy, and community groups. It also maintains networks with leaders in consumer affairs at the local, state, and national levels through advisory groups, newsletters, and professional associations, and is an affiliated center of the National Council on Economic Education.

Its objectives are to provide program development services, including courses, conferences and publications for educators; consultant and cooperative activities; and a clearinghouse of education resources in consumer and economic education.

The Institute houses the nation’s leading collection of consumer education resources. The publication Classification of Concepts in Consumer Education is distributed internationally for use by educators in program planning and curriculum development.

Program funding in excess of nearly $2 million has been received from external public and private sources since 1973.
UNIVERSITY COMPUTING

Alan McCord
Executive Director
Administrative Office: 487-1491
U.C. Call-Center: 487-2120

University Computing is responsible for managing the campus information technology infrastructure and for providing administrative computing services. University Computing operates the campus data network, various network servers, an IBM mainframe, and DEC Alpha and Unisys systems. Learning Technologies, a unit of the Division of Academic Affairs, provides support for instructional and research computing.

Administrative applications include student records and registration, financial aid, accounting, payroll and personnel. Telephone registration is provided for EMU students, and test scoring services are provided to faculty. UC provides network connectivity to each campus building, as well as building electronics for faculty and staff connections. A variety of communication and productivity software is available on the network, and anti-virus software is provided to all network users. Users of EMU's data network can access all campus resources as well as resources available on the Internet. Off-campus users can access EMU campus resources through dial-up connections provided by the MichNet network.

UC publishes its newsletter, "Computing in the 90s," on a quarterly basis, and maintains a World Wide Web home page. The University Computing Advisory Council provides input to the Executive Director on UC services and EMU information technology plans. The UC Call Center (487-2120) is the focal point for resolving problems with EMU information technology resources.

LEARNING RESOURCES AND TECHNOLOGIES

Morell D. Boone
Dean

Sandra G. Yee
Library Department Head

Jennie Meyer Howard
Associate Dean, Learning Technologies
487-3316

Professors: Fred Blum, Morell D. Boone, Mary Clare Beck, George Grimes, Twyla Mueller Racz, Sandra G. Yee

Associate Professors: Sarell W. Beal, Rita Bullard, Margaret A. Eide, J. Ronda Clokin, Joanne J. Hansen, Walter P. Hogan

Assistant Professors: Ann Andrew, Margaret E. Beat, Sarah Cogan, Ronald P. Colman, Edna Ewell, Rhonda Fowler, Barbara Glover, Raymond A. Lukasavitz, Mary A. Meernik, Heidi Mercado, Keith J. Stanger, Rosina Tammany

Instructors: Joseph Badics, Carolyn Kirkendall, Glenn Mensching, Elizabeth Retzel

Learning Resources and Technologies, housed in the University Library building, has two major responsibilities: Learning Resources (including the Library, Media Services and Instructional Support Center) and Learning Technologies (academic computing activities for faculty and students). Learning Resources and Technologies supports the academic mission of the University through its services, collections, facilities, and equipment.

The Library is essential to the instructional programs of the University. It houses more than 630,000 volumes, 220,000 government documents, and 746,000 microforms. The library is fully automated and provides a variety of electronic reference sources.

Special collections include an Instructional Materials Center in conjunction with the educational and psychology holdings, a map library on the first floor, government documents and University archives. Special library features include small study rooms, faculty and student seminar rooms, and a Copy Services Center with rental typewriters, photocopy machines, and print from microforms. Reserve reading materials assigned for use in course work may be checked out at the Materials Access Services Desk. Pamphlet files for ephemeral materials, such as newspaper clippings and pamphlets, are maintained.

The Access Services Office (Room 214) provides an active orientation program designed to acquaint all students with basic and subject-oriented resources. Library instruction is given progressively to prepare students for life-long learning after their formal education has been completed.
The LOEX (Library Orientation/Instruction Exchange) Clearinghouse, a national office collecting and sharing data and materials on teaching library skills, was established at Eastern Michigan University over 10 years ago and currently provides services to more than 2,000 U.S. libraries.

The Media Services Center, on the first floor of the Library, assists departments and/or faculty in integrating media within their instructional programs. Consultation is usually followed by the selection of appropriate existing media and/or production of original media to achieve educational goals.

The center is responsible for the purchase, storage, and circulation of non-print materials which include films and videocassette recordings. Other services include providing the equipment required to utilize the non-print materials, a pool of audio-visual machines to check out, preview rooms for viewing video materials, and a campus instructional television system.

The center is equipped to produce charts, graphs, photographic slides, mounted and laminated materials, overhead visuals, and computerized visuals.

The Instructional Support Center (Room 102) provides individual and group assistance to registered students with a well-equipped facility, including a recently upgraded microcomputer laboratory. The Instructional Support Center offers:

1. Free tutoring in a variety of basic studies areas (current schedules are posted in Room 102).
2. Audio-cassette recordings and compact discs as well as stereo and video equipment for personal use or class assignment.

Learning Technologies provides support for research and instructional computing for students and faculty by managing the University's Internet connection and mainframe and workstation services and facilities.

Learning Technologies operates computing labs open to all EMU students in the Library's Instructional Support Center, the College of Business, Goddard Hall, and McKenny Union.

The CIC (Center for Instructional Computing), housed in Room 215 University Library, is a computing development center for use by faculty.

The Learning Technologies Resale Program, Room 208 University Library, offers discounted Macintosh computers, and software. These programs are available to individual students, faculty, and staff.

SOCIOLOGY, ANTHROPOLOGY, AND CRIMINOLOGY
WOMEN'S STUDIES
Departments and programs of the College of Arts and Sciences offer most of the courses forming traditional university liberal arts or basic studies requirements. These courses provide the foundation for further work in the college’s wide range of major and minor programs, or for specialized curricula in the university’s other colleges. The College offers students additional opportunities for enrichment and career exploration through independent study, research projects and special activities, internships and cooperative education placements, and the University Honors Program.

BACCALAUREATE DEGREES

Most students in the college pursue one of the two basic undergraduate degrees, Bachelor of Science (BS) or Bachelor of Arts (BA). Both degrees require completion of university basic studies requirements, a major and a minor, and a minimum total of 124 credit hours. The Bachelor of Arts degree includes in that total one year of college credit in a foreign language. The Bachelor of Science degree provides greatest flexibility in selection of the major and minor and in the use of electives.

Additionally, the following specialized degrees are offered: Bachelor of Fine Arts (BFA), Bachelor of Art Education (BAE), Bachelor of Music Education (BME), Bachelor of Music—Performance (BMv), and Bachelor of Music Therapy (BMT). These specialized degrees are described more fully within the individual departments.

Several professional certificate and preprofessional programs are also available within the College. These programs, described more fully within individual department listings, include: registered music therapy (RMT); international diplomas in business French, German, and Spanish; certified actuarial science (CAS); predental hygiene; predentistry; preforestry; prelaw; premedicine and preosteopathic medicine; premortuary science; prepharmacy; and prereligious careers. Two other preparatory programs are shared with the College of Technology: prearchitecture and preengineering.

UNDERGRADUATE CATALOG

COLLEGE OF ARTS AND SCIENCES

COLLEGE OF ARTS AND SCIENCES COURSES

AADV 177/178/179 Academics, Affiliation, and Achievement 1/2/3 hrs

Restricted to first-time entering freshmen only. This course provides students the information and skills which help make the transition to college more successful. Students learn how to effectively manage the university system, what study techniques can enhance their grades, and how to live and learn in a multicultural environment. In addition, the classes are small and allow students to develop individual relationships with the faculty/staff teaching team members and other students in the class. This class prepares students for success at EMU and beyond.

AADV 279 Special Topics: Prior Learning and Portfolio Development 3 hrs

Course goals are to assist students in clarifying educational, career, and personal goals by developing a portfolio which documents experience and identifies learning for evaluation by appropriate departmental faculty for possible award of degree credit. 

Prereq: Department permission.

CAS 177/178/179 Special Topics 1/2/3 hrs.

Study and exploration of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

AFRICAN AMERICAN STUDIES

Ronald C. Woods
Department Head
620 Pray-Harrold
487-3460

Professors: Clavis E. Semmes, Ronald C. Woods
Assistant Professors: Victor Okafor, Melvin T. Peters
Instructor: Janice Rowley Cooper

African American Studies examines the evolution and current status of persons of African descent in the United States. It studies the African American experience as an entity in its own right and as a microcosm of dynamics operating in the domestic and global setting.

Objectives of the department are 1) to cultivate and disseminate knowledge about the African American experience, 2) to provide students the skills needed to confront the future world, and 3) to increase understanding of the role of multiple factors in shaping the social order.

Programs of Study
Major:
African American Studies

Minor:
African American Studies

Advising is available through the African American Studies department head and faculty.

African American Studies Courses

AAS 101 Introduction to African American Studies. 3 hrs
An introductory examination of the African American experience. Acquaints students with the trends, issues, and forces that have shaped that experience, considers the concepts of cultural adaptation, institutional development, and group self-definition, and surveys the contemporary status and condition of African Americans.

AAS 177/178/179 Special Topics. 1/2/3 hrs
Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American Studies.
Prereq: Department permission.

AAS 201 Foundations of Knowledge in African American Studies. 3 hrs
Examines the empirical and theoretical foundations of African American studies, the evolution of the field, and the role of key scholars in its development.
Prereq: AAS 101.

AAS 221 African American Social Movements. 3 hrs
Examines the collective efforts undertaken by African Americans to elevate their group status in American society. Analyzes the struggle for human freedom through an examination of resistance to chattel slavery, the quest for civil rights, and the response to structured inequality.
Prereq: AAS 101.

AAS 231 Urbanization and the African American Community. 3 hrs
Prereq: AAS 101.

AAS 277/278/279 Special Topics. 1/2/3 hrs
Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American Studies.
Prereq: AAS 101 or department permission.

AAS 297/298/299 Independent Study. 1/2/3 hrs
Independent study of a selected topic under the supervision of the staff. Possible approaches include library research, field research, and participant-observer experiences.
Prereq: AAS 101 or department permission.

AAS 311 The African Diaspora. 3 hrs
Examines the African diaspora—the dispersion of persons of African descent throughout the world. It studies the process of dispersion, examines selected diasporic communities, and considers the impact of the African presence on world development.
Prereq: AAS 101 or department permission.

AAS 351 The Social Context of African American Health. 3 hrs
Examines the health status of African Americans. Explores the interplay between environment, biology, and culture; folk and popular health practices; and the organization and delivery of health care.
Prereq: AAS 101 or department permission.

AAS 361 The African American Family. 3 hrs
Examines the historical and contemporary forces shaping the African American family. Analyzes urbanization, economic transformations, and institutionalized racism. Studies the role of the family in human survival and progress.
Prereq: AAS 101 or department permission.
AAS 377/378/379 Special Topics. 1/2/3 hrs
Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American Studies.
Prereq: AAS 101 or department permission.

AAS 401 African American Studies Research Seminar. 3 hrs
Provides intensive exposure to research methods in African American studies, and offers an opportunity for primary research in the field.
Prereq: AAS 201 and jr./sr. standing, or department permission.

AAS 441 Law in the African American Experience. 3 hrs
Examines the African American legal experience from the Atlantic slave trade to the present. Reviews the formation of the Constitution, the law of slavery, Reconstruction era developments, Jim Crow segregation, and recent legal trends in areas such as education, voting, and employment. Emphasizes law as a social process.
Prereq: AAS 101 and jr./sr. standing, or department permission.

AAS 477/478/479 Special Topics. 1/2/3 hrs
Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American Studies.
Prereq: AAS 101 or department permission.

AAS 497/498/499 Independent Study. 1/2/3 hrs
Independent study of a selected topic under the supervision of the staff. Possible approaches include library research, field research, and participant-observer experiences.
Prereq: AAS 401 and junior standing, or department permission.
ART

Roy Johnston
Department Head
114 Ford Hall
487-1268

Associate Professors: Julia R. Myers, Gretchen Otto, Diana Pancioli, Richard E. Washington

Assistant Professors: Susan LaPorte, Carole Pawloski

The Art department administers programs leading to the Bachelor of Fine Arts degree, curricula for teachers of art, an art major and minor, and a major and minor in art history. The department also participates in the arts group major and minor for elementary and special education teachers.

Advanced placement is available to students having up to six semester hours of advanced placement credit as elective art credits. Students contemplating the application of advanced placement credits toward an art degree should contact the department for complete information.

Degrees:
- Bachelor of Fine Arts
- Bachelor of Fine Arts plus teacher certification
- Bachelor of Arts in Art History
- Bachelor of Art Education
- Bachelor of Science in Art

Programs of Study
Curricula:
- Art Education
- Fine Arts
- Fine Arts plus teacher certification
- Art History

Majors:
- Art
- Art History
- Art for K-12 education

Minors:
- Art
- Art for K-12 and special education-K-12
- Art history

Advising Coordinators:
- Art major and minor, fine arts curriculum: Igor Beginin
- Art education curriculum: Christopher Bocklage
- Art history major and minor: Ellen Schwartz, Richard Rubenfeld, Julia Myers
- Honors in art: Jay Yager

Graduate programs under the auspices of the department lead to the master's degree in art education and studio art. The MA (studio or art education) and MFA degrees are described in the Graduate Catalog.

ACADEMIC MAJORS
CURRICULUM FOR FINE ARTS

The fine arts curriculum, leading to a Bachelor of Fine Arts degree, is designed for students who plan to enter occupations in which a substantial background in art is required. Students completing the 54-60 semester hours within this curriculum will have satisfied all major and minor requirements for graduation.

Basic Studies
- Refer to the basic studies requirements in the catalog on p. 41. One course in art, dance, music, or theatre arts will automatically be met by the fine arts courses below.

**ART HISTORY MAJOR**

This 30-hour major prepares students for graduate study, for gallery or museum work, or, with the addition of science and studio courses, for a career in conservation.

Students taking the Art History Major should note that one year of college credit in a foreign language is required for the B.A. degree. Students preparing for graduate study are strongly advised to pursue courses in French and German. Most graduate programs in art history require reading proficiency in at least two foreign languages.

Teacher certification in art is not obtainable using this major.

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: .................................. 50

Teaching Major
See note "a" above for courses applicable to both Basic Studies and the major.

FA 108 Art History Survey II (3)
FA 122 Two-Dimensional Design (3)
FA 123 Drawing I (3)
FA 124 Drawing II (3)
FA 210 Life Drawing (3)

FA 215 History of 19th Century Art (3)
FA 216 History of 20th Century Art (3)
FA 231 Three-Dimensional Design (3)

Twenty-seven credits from the following list of courses:
  If following the BAE curriculum, nine courses:
  If following the BFA plus teacher certification, six courses plus a sequence of three advanced courses from one of the areas (e.g., FA 355 Textiles, FA 356 Textiles, FA 455 Textiles):
  FA 201 Introduction to Graphic Design (3)
  FA 235 Textiles (3)
  FA 304 Beginning Photographic Imagery (3)
  FA 306 Printmaking (3)
  FA 307 Ceramics (3)
  FA 310 Sculpture (3)
  FA 313 Painting (3)
  FA 314 Watercolor I (3)
  FA 320 Jewelry (3)
  FA 432 Drawing III (3)

Credit hours in Specialty Studies: ......................... 51

Professional Studies

100 clock hours of approved pre-student teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
FA 317 Teaching of Art (2)

The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
FA 416 Art Methods and Materials (2)
EDUC 496 Student Teaching (6)
EDUC 497 Student Teaching (6)

Credit hours in Professional Studies: .................... 35

Total credit hours required: ............................... 136

*Course required for and applicable to major.
ART MAJOR

K-12 TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in art, certification code "LX." The certification test covering this field is #41, "Art Education."

The curriculum for this major is that which is listed above under “teaching major” in the K-12 art program, plus the IV-B-4 requirement from that program’s Basic Studies requirements. No minor is required.

51 hours, not including course work applicable to Basic Studies.

TEACHING MINOR

ART MINOR

ELEMENTARY, SECONDARY, K-12, SPECIAL EDUCATION-
ELEMENTARY, AND SPECIAL EDUCATION-SECONDARY TEACHER CERTIFICATION

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in art, certification code "LX." The certification test covering this field is #41, "Art Education."

FA 122 Two-Dimensional Design (3)
FA 123 Drawing I (3)
FA 231 Three-Dimensional Design (3)
One art history course (FA 108 suggested) (3)
9 hours in studio art and/or art history, of which at least 6 hours must be in courses numbered 300 or above. FA 124, FA 201, *FA 300, FA 304, FA 305, FA 307, FA 310, FA 313, FA 314, and FA 320 may be used to meet this requirement.
FA 317 Teaching of Art (2)
**FA 416 Art Methods and Materials (2)
25 hours (including hours satisfied in Basic Studies and professional studies)

*Prereq: Admission to the teacher education program. Required in professional studies for elementary program. May be substituted for FA 317 and FA 416.
**Prereq: Admission to the teacher education program.

ART COURSES FOR NONMAJORS

FA 101 Introduction to Art. 3 hrs
Studio and lecture course designed to develop seeing and understanding of the formal and cultural aspects of the visual arts. Guided attendance at selected exhibitions on an optional basis may be provided. Non-art majors only.

FA 151 Reason and Revolution. 3 hrs
An examination of the transition in political history, philosophy, art, literature, and music from Puritan England and Louis XIV's France to Napoleon. Team taught by members of the Art and History departments. This course satisfies one art or one history requirement. Note: See Honors Humanities Courses, page 46.

FA 165 Graphic Design for Nonmajors. 3 hrs
Introduction to typography and illustration. Problems will explore fundamental design and basic production considerations and the development of a professional design thought process.

FA 166 Ceramics for Nonmajors. 3 hrs
A hands-on approach to provide students with the opportunity to develop skills and aesthetic understanding in forming, glazing, and kiln stacking. The emphasis in this beginning course is on handbuilding forms; however, the use of the potter’s wheel will be introduced the latter part of the semester.

FA 167 Jewelry for Nonmajors. 3 hrs
A hands-on approach to provide students with the opportunity to develop artistic and technical skills with metal and other jewelry materials.

ART EDUCATION COURSES

Art education courses cannot be substituted for studio or art history requirements.

FA 300 Art Integration for the Elementary Teacher. 4 hrs
Understanding, appreciation, and awareness of art in its varied contemporary and multicultural contexts. Emphasis on three main areas: a) appreciation and understanding of the subject, b) art concepts and processes, aesthetic education, and their relationship to general education, c) integration of art into the general classroom procedures to enhance learning. Non-art majors only.
FA 317 Teaching of Art. 2 hrs
Focuses on discipline-based art education and will include library research, readings, writings, and discussions of current events aided by presentations of guest speakers. Final requirement: the development of a written personal philosophy pertaining to the teaching of art and the formulation of a general curriculum. Not open to students on academic probation.
Prereq: Junior standing.

FA 416 Art Methods and Materials. 2 hrs
Designed to prepare students for their role in the classroom from the inception of an idea to the development of a unit of study. Planning, revising, and presenting specific units which incorporate the four disciplines. Not open to students on academic probation.
Prereq: FA 317, junior standing.

Studio Art Courses

FA 122 Two-Dimensional Design. 3 hrs
A foundation course dealing with an analytical approach to the study of the elements of design: color, line, shape, value, pattern, texture, and form.

FA 123 Drawing I. 3 hrs
A beginning drawing course for students who plan to specialize in art. A variety of media and approaches help the student to achieve the control necessary in drawing. Individual problems are assigned and group criticism is frequent.
Prereq: Art major or minor only.

FA 124 Drawing II. 3 hrs
Emphasis is on study of composition as an extension of the principles explored in Drawing I. Imaginative organization is stressed. Extensive experimentation with various media. Subjects such as the human figure are introduced as drawing problems.
Prereq: FA 123.

FA 201 Introduction to Graphic Design I. 3 hrs
Projects examine two-dimensional typographic space; language sequence and information hierarchy; type families and their structure; typographic aesthetic; typographic history. Introduces appropriate tools.
Prereq: FA 122, FA 123, one art history course

FA 205 Introduction to Graphic Design II. 3 hrs
Projects examine type methodology; complex typographic systems; rhetorical devices; word-image structures; typographic history and theory. Introduces appropriate tools.
Prereq: FA 201.

FA 210 Life Drawing. 3 hrs
Study of the human form through drawing. Primarily nude models are used for subject matter. Various media are explored in search of the figurative element.
Prereq: FA 123 and FA 124, or department permission.

FA 231 Three-Dimensional Design. 3 hrs
Basic study of three-dimensional structures and systems.

FA 232 Representational Drawing. 3 hrs
A course in analytical drawing emphasizing the use of volume, light, and structure in the construction of a variety of representationally illusionistic objects and environments.
Prereq: FA 124.

FA 235 Textiles. 3 hrs
An introductory textiles class dealing with concepts of design as they relate to fiber structures and fabric processes.
Prereq: FA 122 and FA 123.

FA 302 Intermediate Graphic Design I. 3 hrs
Deals intensively with conceptual and technical issues; explores topics relevant to audience demographic; theories, philosophies, aesthetics and techniques related to mass audience communication. Introduces appropriate methodologies.
Prereq: FA 205.

FA 303 Intermediate Graphic Design II 3 hrs
Course analyzes symbol codes as learned and interpreted messages. Projects explore audience; context; sequence; theories, philosophies, aesthetics, techniques and cultural references in symbol language message building. Introduces appropriate methodologies.
Prereq: FA 205.

FA 304 Beginning Photographic Imagery. 3 hrs
Introduction to photography as an art form. Basic camera and darkroom techniques demonstrated, with emphasis on exhibition printing. Student must furnish own camera equipment.
Prereq: FA 122 and FA 123.

FA 305 Printmaking. 3 hrs
Acquaintance with graphic techniques; woodcut and silkscreen. Prereq: FA 210. Art majors only.

</tbody>
</table>
FA 405 Printmaking. 3 hrs
An advanced laboratory course designed for art majors specializing in graphics. Individual assignments in creative use of the more fundamental techniques learned in previous courses.
Prereq: FA 306. Art majors only.

FA 406 Printmaking. 3 hrs
An advanced laboratory course for art majors taking their sequence in graphics. Projects could include lithography, etching, and aquatint processes plus individual assignments.
Prereq: FA 405. Art majors only.

FA 407 Ceramics. 3 hrs
Intensive work for art majors specializing in ceramics with an emphasis on larger scaled, increasingly complex techniques and forms. Historical and contemporary works examined.
Prereq: FA 407. Art majors only.

FA 408 Ceramics. 3 hrs
Summation of the undergraduate ceramics program; emphasis on individual style, production techniques, studio management, exhibition programs.
Prereq: FA 407. Art majors only.

FA 409 Advanced Photographic Imagery. 3 hrs
The contextual development of personal vision is emphasized through discussion of the student’s work in relationship to established photographers’ work.
Prereq: FA 304, FA 323.

FA 410 Metal Casting Techniques. 3 hrs
An advanced sculpture course covering all aspects of the lost wax casting process. Includes information on other metal casting processes and on construction and operation of an inexpensive sculpture foundry.
Prereq: FA 310 or department permission.

FA 411 Sculpture. 3 hrs
Advanced sculpture problems, including steel and open form construction; intensive study of contemporary methods and techniques of sculpture.
Prereq: FA 311 or department permission. Art majors only.

FA 412 Sculpture. 3 hrs
Advanced sculpture problems; development of individual style in three-dimensional form.
Prereq: FA 411. Art majors only.

FA 413 Painting. 3 hrs
Further development of painting skills and aesthetic understanding of the two-dimensional surface complex. Emphasis on development of individual style.
Prereq: FA 313. Art majors only.

FA 414 Watercolor II. 3 hrs
Further development of watercolor skills and aesthetic understanding of the two-dimensional surface complex. Emphasis on development of individual style.
Prereq: FA 314. Art majors only.

FA 418 Portraiture. 3 hrs
Emphasizes analytical drawing and painting of the volume and structure of the human form; also those specifics of detail and gesture necessary to illusionistically represent a person.

FA 419 Life Drawing. 3 hrs
The study of the human form as part of the development of a personal style in art.
Prereq: FA 316. Art majors only.

FA 423 Watercolor III. 3 hrs
Further development of individual style in watercolor.
Prereq: FA 413. Art majors only.

FA 424 Watercolor IV. 3 hrs
Further development of individual style in watercolor.
Prereq: FA 423. Art majors only.

FA 432 Drawing III. 3 hrs
Drawing as expressive composition. Integration of the techniques of previous courses. Development of individual directions. Includes a variety of media and the study of master drawings.
Prereq: FA 210. Art majors only.

FA 433 Color Theory. 3 hrs
An advanced course, which can be used as part of the BFA painting sequence, dealing with formal problems of color phenomena and interaction in painting. New media and contemporary concepts are emphasized. Studio and lecture.
Prereq: FA 313.

FA 439 Life Drawing. 3 hrs
The study of the human form as part of the development of a personal style of art.
Prereq: FA 419. Art majors only.

| FA 455     | Textiles.                                                            | 3 hrs   | Advanced problems in fiber structure and fabric processes. Emphasis on innovative development of images. 
**Prereq:** FA 355 or FA 356. Art majors only. |
| FA 460     | Advanced Graphic Design.                                             | 3 hrs   | Advanced work in visual communications; students are exposed to theories, philosophies, aesthetics, techniques and experiences used in complex visual communication environments. 
(Course may be repeated twice for credit.) 
**Prereq:** FA 302, and FA 303. |
| FA 462     | Image Making II.                                                     | 3 hrs   | Image making as applied to advanced communication concepts. Students are exposed to theories, philosophies, aesthetics, techniques, and experiences used in visual message building. 
**Prereq:** FA 346 and FA 302 or FA 303. |
| FA 464     | Advanced Graphic Design Workshop.                                    | 3 hrs   | Special problems with various aspects of visual communication of particular interest to advanced visual communication students. 
**Prereq:** FA 302 and FA 303. |
| FA 480     | Painting.                                                            | 3 hrs   | Further development of individual painting style. 
**Prereq:** FA 413. Art majors only. |
| FA 481     | Painting.                                                            | 3 hrs   | Further development of individual painting style. 
**Prereq:** FA 480. Art majors only. |
| FA 487     | Cooperative Education.                                               | 3 hrs   | Continuation of FA 387. 
**Prereq:** FA 387. Approval by graphic design area. |
| FA 107     | Art History Survey I.                                                | 3 hrs   | A survey of the development of the visual arts from cave art to the early Renaissance. |
| FA 108     | Art History Survey II.                                               | 3 hrs   | A continuation of Art History Survey I from the Renaissance through modern times. |
| FA 215     | History of 19th Century Art.                                         | 3 hrs   | Begins with a survey of European art in the late 18th century as the beginning of the modern period, and concludes with Post-Impressionism at the end of the 19th century. 
**Prereq:** FA 107 and FA 108. |
| FA 216     | History of 20th Century Art.                                         | 3 hrs   | A survey of the visual arts of the 20th century, from Post-Impressionism through the latest contemporary developments. 
**Prereq:** FA 215 or department permission. |
| FA 222     | African and African American Art.                                    | 3 hrs   | Surveys the visual arts of African and African American artists. Discussion of the form and content of African art in relation to its function in tribal life. Historical survey of African American artists with emphasis on current works. |
| FA 335     | American Painting and Sculpture Prior to World War II.              | 3 hrs   | A survey of American art, including European influences and the evolution of native American characteristics. 
**Prereq:** FA 107 and FA 108, or department permission. |
FA 336 History of Impressionism and Post-Impressionism. 3 hrs
Focuses on an understanding and appreciation of the painting, sculpture, and graphic arts of the last three decades of the 19th century.
Prereq: FA 108 or FA 215.

FA 340 History of Classical Art. 3 hrs
A study of the art and architecture of the classical civilization of Greece and Rome.
Prereq: FA 107 or department permission.

FA 341 History of Renaissance Art. 3 hrs
A history of art from the Proto-Renaissance (about 1250 AD) through the period of mannerism (1600).
Prereq: FA 107 or FA 108.

FA 342 History of Oriental Art. 3 hrs
A survey of the art of the Far East, with significant examples chosen from India, China, Japan; investigation of the influences forming their styles.

FA 342 Chinese and Japanese Art History. 3 hrs
A detailed study of the major figure and landscape painters of China and Japan along with the ceramic, jade, and bronze traditions.
Prereq: FA 107 or FA 108 or FA 421 or department permission.

FA 346 Women in Art. 3 hrs
A survey of the contributions of female artists in the history of art. Discussions will include the history of women as patrons of the arts, and the uses of the female image in art.
Prereq: FA 108 or department permission.

FA 347 Baroque Art. 3 hrs
Principal developments in Italian and northern art of the 17th century. Emphasis on major themes and aesthetic problems.
Prereq: FA 107 or FA 108 or department permission.

FA 348 Seminar in 20th Century Art. 3 hrs
Readings, reports, and group discussions on 20th century art. Topics may vary.
Prereq: FA 216 or art major.

FA 349 History of American Architecture. 8 hrs
Exploration of styles and techniques in American architecture from the colonial period to the present with special emphasis on the sources in foreign traditions. Major figures, including Thomas Jefferson, Louis Sullivan, Frank Lloyd Wright, Eero Saarinen, and ma-

FA 350 Mesoamerican Art. 3 hrs
A survey of the art of Mesoamerica, the civilization that existed in Mexico and Central America from about 1500 B.C. until the coming of Cortés in 1519. The major emphasis of the course will be on urban planning architecture and monumental sculpture. Significant attention will also be devoted to painting, ceramics, small-scale sculpture, textiles, and jewelry.
Prereq: Junior or senior standing, department permission.

FA 351 Art since 1945. 3 hrs
A study of contemporary art from 1945 to the present with an intensive concentration on recent developments in art. A continuation of FA 216.
Prereq: FA 216.

Special Topics Courses
These courses are available to all art students.

FA 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

FA 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

FA 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
FA 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INDEPENDENT STUDY COURSES

These courses are available to all art students.

FA 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas in which the department does not have regular course work.
Prereq: Department permission.
The Biology department offers a major in biology with four specified fields of concentration: ecosystem biology, general biology, microbiology, and physiology; and four minors: biology, botany, zoology, and conservation and resource use. The department also provides programs in preforestry, premedicine (allopathic and osteopathic), preoptometry, and prepodiatry. In addition, there is an adviser for veterinary medicine.

Modern laboratories for course work and research under personal supervision of faculty are located in the Mark Jefferson building, and the J. Milton Hover laboratory and greenhouse. The adjacent Loesell Field Laboratory, nearby Huron River, and Ford Lake are available for field course work and research.

Field-oriented courses are taught at EMU’s Kresge Environmental Education Center in Lapeer County (described under University Campuses at the back of this catalog) and at the Conservation Training School at Higgins Lake under joint auspices of EMU, Central Michigan University, Western Michigan University, the University of Michigan, and the Michigan Department of Conservation.

Registration for any courses offered by any of the participating universities at Higgins Lake is handled by EMU’s Office of Continuing Education. Courses are normally a week long during the summer and carry one or two semester hours of credit. Only one course can be elected at a time. Students must apply in advance; enrollment is limited and acceptance is in order of application. Students desiring to receive credit from EMU and who indicate this on their application will be enrolled on EMU forms, eliminating the need for transcripts. Room and board are available. Information can be obtained from the Office of Continuing Education in Goodison Hall.

Coursework in tropical ecology is offered by the department when justified by demand and when arrangements can be made in a tropical area for laboratory facilities and living quarters for staff and students. The department supports a student chapter of Beta Beta Beta, the national biological honorary society. All biology majors and minors are encouraged to participate in its activities.

Degrees:
- Bachelor of Science
- Bachelor of Arts

Programs of Study
Major in Biology:
- Biology for elementary education
- Biology for secondary education

Concentrations:
- Ecosystem biology (aquatic and terrestrial)
- General biology
- Microbiology
- Physiology

Minors:
- Biology
- Biology for elementary education
- Biology for secondary, K-12, and special education-secondary
- Botany
- Zoology
- Conservation and resource use

Preprofessional programs:
- Prechiropractic
- Preforestry
- Premedicine (allopathic and osteopathic)
- Preoptometry
- Prepodiatry

Departmental advising procedures are posted opposite the biology office (316 Mark Jefferson), or this office may be contacted for additional information.

Special Advising Requirements
Prospective biology majors/minors should declare their majors/minors through the Academic Advising Center (Pierce Hall) as soon as possible after their admission to the University.

To graduate with a major in biology, the student must meet with a biology faculty adviser to select one of the areas of concentration in the major. This meeting must take place as early as possible but no later than the end of the sophomore year. All transfer students must contact a biology faculty adviser during their first semester at EMU.
Biology majors who elect a botany or zoology minor must file an approved program of required elective courses for the minor with their faculty adviser and undergraduate coordinator. Program changes will require prior written approval of the faculty adviser and undergraduate coordinator. Minors in either botany or zoology are not approved teaching minors for secondary teacher certification.

Conservation and resource use minor electives must be approved by the advising coordinator listed below. Substitutes on the approved program will count toward its completion only if approved by the coordinator.

Premedical and preosteopathic medical students must meet with the advising coordinator to take advantage of the Premedical Advisory Committee system for expediting medical school admission testing and recommendation.

Advising Coordinators:
Undergraduate coordinator: John A. Novak
Conservation and resource use: Catherine E. Bach
Ecosystem biology: Robert K. Neely
Elementary science education: Suzanne J. Stevens
General biology: John A. Novak
Microbiology: James L. VandenBosch
Physiology: Contact Biology Department for current advisor
Preforestry: Gary L. Hannan
Premedicine (allopathic and osteopathic), preoptometry, prepediatriy, and prechiropractic: Contact Biology Department for current advisor
Preveterinary medicine: Elizabeth L. Waffle
Secondary biology education: John A. Novak

Graduate study leads to a Master of Science degree in biology with concentrations in community college biology teaching, molecular/cellular biology. These programs are described in the Graduate Catalog.

ACADEMIC MAJORS
Biology Major
Majors should start with BOTN 221 General Botany followed by ZOOL 222 General Zoology in their freshman year. Majors without a strong high school biology preparation should take BIOL 105 Biology and the Human Species before electing either BOTN 221 or ZOOL 222. (BIOL 105 will not count toward the biology major or minor, although credit earned in this course will count toward the 124 hours required for graduation.)

Chemistry Requirement: The minimum requirement in chemistry for all biology majors is CHM 121-124 General Chemistry I-II with lab, and either of the following sequences: CHEM 270-271 Organic Chemistry with lab and CHEM 461 Biochemistry I, or CHEM 371-373 Organic Chemistry I and II with laboratory. Students who plan to pursue graduate work in biology or are in a pre-professional program should select CHEM 371-373 Organic Chemistry I-II with lab. It is highly recommended that CHEM 451-453 Biochemistry I-II with lab also be selected by students who plan to pursue graduate work in biology.

Physics Requirement: The minimum requirement in physics for all biology majors is PHY 221 Mechanics, Sound, and Heat and PHY 222 Electricity and Light.

Mathematics Requirement: The minimum requirement in mathematics for all biology majors is MATH 120 Calculus I or MATH 270 Elementary Statistics I. It is strongly recommended that students who plan to pursue graduate work in biology take MATH 120 Calculus I and MATH 121 Calculus II, as well as MATH 270 Elementary Statistics I.

The following courses may NOT be counted toward a biology major or minor: BIOL 105 Biology and the Human Species, ESCI 302 Elementary School Science, ESCI 303 Science for the Elementary Teacher, BIOL 205 Field Biology, and BIOL 403 Methods and Materials for Teaching Biology.

Sem hours
Major in biology ................................................ 30-62
1. Required basic courses .................................. 11
   BOTN 221 General Botany ................................ 4
   ZOOL 222 General Zoology ............................ 4
   BIOL 301 Genetics ....................................... 3
2. Field of concentration .................................. 19-51

Ecosystem Biology Concentration (Aquatic and Terrestrial)
In addition to the 11 semester hours of basic course work required of all biology majors, this concentration includes 20 semester hours of required courses and a required group science minor of 31 semester hours.

Honors courses requiring that students meet certain qualifications are available with this concentration. These are listed at the end of this concentration and can be explained by the advising coordinator.
**Ecosystem biology concentration (aquatic and terrestrial)** ............................................................ 54

### 1. Required courses ........................................... 20

- BIOL 320 Introduction to Cell Physiology ........ 4
- A botany taxonomic field course* ..................... 3

- CHEM 270 Organic Chemistry (4)
- CHEM 271 Organic Chemistry Laboratory (1)
- CHEM 451 Biochemistry I (3)

or

- CHEM 371 Organic Chemistry I (3)
- CHEM 372 Organic Chemistry II (3)
- CHEM 373 Organic Chemistry Laboratory (2)

In addition, it is strongly recommended that students intending to pursue graduate work take the following:

- CHEM 452 Biochemistry II (3)
- CHEM 453 Biochemistry Laboratory (2)
- Honors courses
- BIOL 387/487 Cooperative Education ............ 3/3
- BIOL 488 Honors Practicum in Ecosystem Biology
- 2
- BIOL 497/498/499 Independent Study ........... 1/2/3

### General Biology Concentration

Students entering preprofessional programs in chiropractic medicine, dentistry, allopathic medicine, osteopathic medicine, podiatry, veterinary medicine, or optometry; and students specializing in field biology, plant and animal taxonomy, cell biology, forestry, or laboratory and museum research may select the general biology concentration as preparation for continuing in a professional or graduate school program.

Students who are uncertain about a concentration may prefer the flexibility of the general biology concentration, which allows a broad spectrum of biology courses to explore without precluding later specialization.

**Note:** Within this 30 semester hour major there MUST be at least seven hours each in botany (may include microbiology) and at least seven hours in zoology. An experience at a biological station is recommended.

### Courses designated as botanical taxonomic field courses:

- BOTN 354 Trees and Shrubs
- BOTN 450 Aquatic Tracheophyta
- BOTN 451 Freshwater Algae
- BOTN 453 Taxonomy and Ecology of Diatoms
- BOTN 455 Systematic Botany

### Courses designated as zoological taxonomic field courses:

- ZOOL 300 Natural History of Invertebrates
- ZOOL 310 Natural History of Vertebrates
- ZOOL 421 Entomology
- ZOOL 422 Ichthyology
- ZOOL 425 Ornithology
- ZOOL 474 Herpetology
- ZOOL 480 Protozoology
- ZOOL 482 Aquatic Entomology
- ZOOL 485 Mammalogy

### Chemistry requirements .................................. 18

**Undergraduate Catalog**
CHEM 124 General Chemistry II Laboratory .. 1

Take one of the following sequences............................. 8
CHEM 270 Organic Chemistry (4)
CHEM 271 Organic Chemistry Laboratory (1)
CHEM 451 Biochemistry I (3)

or

CHEM 371 Organic Chemistry I (3)
CHEM 372 Organic Chemistry II (3)
CHEM 373 Organic Chemistry Laboratory (2)

In addition, it is strongly recommended that students intending to pursue graduate work take the following:

CHEM 452 Biochemistry II (3)
CHEM 453 Biochemistry Laboratory (2)

**MICROBIOLOGY CONCENTRATION**

Students selecting this concentration will be prepared for an entry-level position in microbiology and for entry into a professional program in biotechnology, medicine (allopathic and osteopathic), dentistry, veterinary science, pharmacy, or public health. It is a good second major for students in medical technology.

This program of study meets the educational requirements established by the American Academy of Microbiology (AAM). Students who complete this program and then meet the additional experience requirements set by the academy are eligible to make formal application for the examinations to become a registered microbiologist RM (AAM).

A biochemistry minor is required. Mathematics courses are specified. Students with a GPA of 3.0 or better and those planning on graduate work in microbiology are encouraged to take the higher level organic chemistry courses (CHEM 371-373), biochemistry courses (CHEM 451-453), and physics courses (PHY 223 and PHY 224) rather than the lower numbered courses.

**Sem hours**

**Microbiology concentration** ......................... 29

1. *Required courses* ................................... 17
   - MICR 329 General Microbiology .................. 5
   - MICR 333 Principles of Immunology ............ 3
   - MICR 335 Immunology and Serology Laboratory ... 2
   - MICR 444 Microbial Physiology .......... . 3
   - MICR 452 Advanced Microbiology .......... . 4

2. *Electives* ....................................... 12
   Choose at least one course from each of the following:
   **Group A—Advanced Genetics**
   - MICR 454 Molecular Biology of Bacteria and Viruses
   - MICR 541 Microbial Genetics
   - *BIOL 542 Molecular Genetics

   Group B—Cellular/Molecular Biology
   - MICR 340 Basic Virology, BIOL 461 Oncology,
   - *BIOL 540 Cell Biology

   Group C—Medical Microbiology
   - MICR 432 Clinical Microbiology, BOTN 446
   - Medical Mycology, ZOOL 462 Parasitology

   Group D—Environmental/Field and Applied Microbiology
   - BOTN 404 Mycology, BOTN 451 Freshwater
   - Algae, BOTN 453 Taxonomy and Ecology of
   - Diatoms, MICR 442 Microbial Ecology, MICR
   - 445 Food Microbiology, ZOOL 480 Protozoology,
   - *BOTN 540 Plant Morphology of Algae and
   - Fungi

   *Qualified students may take graduate level courses (listed in the
   - graduate catalog) with approval of their adviser and the Graduate
   - School.

3. *Required biochemistry minor* .................... 22-25
   - CHEM 121 General Chemistry I ............ 3
   - CHEM 122 General Chemistry I Laboratory ... 1
   - CHEM 123 General Chemistry II ............. 3
   - CHEM 124 General Chemistry II Laboratory .. 1
   - CHEM 281 Quantitative Analysis ........... 4
   - CHEM 451 Biochemistry I .................... 3
   - CHEM 453 Biochemistry Laboratory ........... 2

   Take either:
   - CHEM 270 Organic Chemistry (4)
   - CHEM 271 Organic Chemistry Laboratory (1)
   - CHEM 371 Organic Chemistry I (3)
   - CHEM 372 Organic Chemistry II (3)
   - CHEM 373 Organic Chemistry Laboratory (2)

4. *Mathematics requirement* ....................... 4
   - MATH 120 Calculus I ......................... 4

   Students are encouraged to take at least three semester hours in research and practical experience through the following courses: MICR 497/498/499 Independent Study (one/two/three credits); MICR 387/487 Cooperative Education (three credits each).

**PHYSIOLOGY CONCENTRATION**

Students electing this concentration are strongly advised to take minors in botany or zoology, and chemistry or biochemistry. Students are prepared for a variety of technical laboratory and clinical positions as well as entry into a professional program such as medicine (allopathic and osteopathic) or dentistry. It is recommended that students consider continuing with graduate study to expand their career opportunities.
Sem hours

Physiology concentration .................................. 35

1. Required course ............................................... 4
   BIOL 320 Introduction to Cell Physiology ........ 4

2. Restricted electives .......................................... 9
   Choose nine credits from the following:
   BOTN 442 Plant Physiology, MICR 444 Microbial
   Physiology, ZOOL 427 Vertebrate Physiology,
   ZOOL 437 Invertebrate Physiology, ZOOL 439
   Physiological Ecology.

3. Electives .......................................................... 6
   Choose 6 credits from the following:
   BIOL 413 Animal and Plant Preservation
   Techniques, BIOL 415 Basic Histological
   Techniques, BIOL 416 Biological
   Instrumentation—Theory and Practice, BIOL
   420 General Ecology, BIOL 480 Radiation
   Biology, *BIOL 540 Cell Biology
   BOTN 412 Plant Anatomy
   MICR 329 General Microbiology
   ZOOL 317 Human Gross Anatomy, ZOOL 323
   Animal Embryology, ZOOL 431 Comparative
   Anatomy of Vertebrates, ZOOL 404
   Mammalian Histology, ZOOL 417
   Neuroanatomy

*Qualified students may take graduate level courses (listed in the
  graduate catalog) with approval of their adviser and the Graduate
  School.

4. Chemistry Requirement .............................. 16-19
   CHEM 121 General Chemistry I ......................... 3
   CHEM 122 General Chemistry I Laboratory ... 1
   CHEM 123 General Chemistry II ...................... 3
   CHEM 124 General Chemistry II Laboratory ... 1
   CHEM 451 Biochemistry I .............................. 3
   Take either:
   CHEM 270 Organic Chemistry 4
   CHEM 271 Organic Chemistry Laboratory 1
   or
   CHEM 371 Organic Chemistry I 3
   CHEM 372 Organic Chemistry II 3
   CHEM 373 Organic Chemistry Laboratory 2

ACADEMIC MINORS

BIOLOGY MINOR

Students minoring in biology are strongly advised to take CHEM 119 Fundamentals of Chemistry or
CHEM 121-124 General Chemistry I-II with labs.

Students with no previous biology in high school must
follow the directives stated under the biology major by
starting with BIOL 105 Biology and the Human Species.

ZOOLOGY MINOR

Open only to students majoring in Biology. Students electing this minor must file an approved program
of required/elective courses with a faculty advisor and
with the Department of Biology Undergraduate Coor-
dinator. Any program changes require prior written ap-
proval of the faculty advisor and the Department of Bi-
ology Undergraduate Coordinator.

This minor is not to be considered as a teaching
minor for prospective elementary or secondary teach-
ers. Prospective teachers who wish to elect this minor
must complete a second minor outside of the Biology
Department to satisfy the current requirements for
teacher certification.

Sem hours

Minor in biology .................................................. 20-24

1. Required courses ........................................... 11
   BOTN 231 General Botany ............................... 4
   ZOOL 222 General Zoology ............................. 4
   BIOL 301 Genetics ........................................ 3

2. Electives* .......................................................... 9
   Choose 9 credits from the following: biology,
   botany, microbiology, or zoology except ESCI 302
   Elementary School Science, ESCI 303 Science
   for the Elementary Teacher, BIOL 105 Biology
   and the Human Species, BIOL 205 Field
   Biology, and BIOL 403 Methods and Materials
   for Teaching Biology. Either BIOL 204 The
   Biology of Cancer or BIOL 239 Biology of Aging
   may be used in this minor, but not both courses.

*No more than two hours of electives toward the minor may be taken
in any combination of BIOL/BOTN/ZOOL 487/498/499 Independent
Study courses. BIOL/BOTN/MICR/ZOOL 387/487 Cooperative
Education courses will not count on this minor. A minimum of
three elective hours MUST be selected from 300-level or higher courses.

BOTANY MINOR

Open only to students majoring in Biology. Students electing this minor must file an approved program
of required/elective courses with a faculty advisor and
with the Department of Biology Undergraduate Coor-
dinator. Any program changes require prior written ap-
proval of the faculty advisor and the Department of Bi-
ology Undergraduate Coordinator.

This minor is not to be considered as a teaching
minor for prospective elementary or secondary teach-
ers. Prospective teachers who wish to elect this minor
must complete a second minor outside of the Biology
Department to satisfy the current requirements for
teacher certification.

Sem hours

Minor in botany .................................................. 20
minor for prospective elementary or secondary teachers. Prospective teachers who wish to elect this minor must complete a second minor outside of the Biology Department to satisfy the current requirements for teacher certification.

Sem hours
Minor in zoology .................................................. 20

CONSERVATION AND RESOURCE USE
MINOR

This program is administered jointly by the heads of the Biology department; the Economics department; the Geography department; and the Sociology, Anthropology, and Criminology department.

Students electing this minor must confer with the advising coordinator for conservation and resource use to obtain an approved schedule of electives. Substitutions on the approved program will count only if approved by the advisor.

Students are urged to take PLSC 202 State and Local Government.

Sem hours
Minor in conservation and resource use ............. 24
1. Required courses .................................................. 13
* GESC 108 Earth Science or GEOG 160 Physical Geology ................................................. 4
** BIOL 207 Elements of Ecology ....................... 2
BIOL 224 Principles of Conservation ................. 4
*** ECON 200 The American Economy .................. 3
2. Electives ............................................................. 11

Choose 11 credits from the following (approved by the advising coordinator):

BOTN 215 Economic Botany, BOTN 221 General Botany, ZOOL 222 General Zoology, BIOL 410 Limnology, BIOL 412 Biogeography, BIOL 436 Terrestrial Ecosystems, and any taxonomic field course.

CHEM 115 Chemistry and Society, CHEM 415 Environmental Chemistry

ECON 201-202 Principles of Economics I-II,
ECON 336 Economics of Environment and Natural Resources, ECON 337 Energy Economics and Policies

GEDC 114 National Parks and Monuments, GESC 208 Natural Environmental Hazards,
GEOG 215 Introduction to Urban and Regional Planning, GEOG 235 Economic Geography,
GEOL 229 Rocks of Michigan, GESC 305 Aerial Photograph Interpretation, GEOG 310 Energy Awareness, GEOG 320 Geography of the United States and Canada, GESC 320 The Oceans, GESC 324 Weather, GESC 327 Soil Science, GECG 332 Urban Geography, GEOG 361 Geography of Population, GESC 424 Climatology, GEOL 448 Hydrogeology, GESC 495 Environmental Assessment and Planning

SOCIL 306 The Urban Community, SOCL 334 Population

*Students required to take GESC 108 Earth Science on a major or minor in the Geography and Geology Department will take an additional four hours of electives on this minor from the approved list.
**The prerequisite for BIOL 207 Elements of Ecology is BIOL 105 Biology and the Human Species. Students planning to take this minor should elect BIOL 105 for basic studies credit in the freshman year.
Biology majors minoring in conservation will take BIOL 420 General Ecology on the major and substitute additional approved electives on the minor.
***Students who prefer to elect ECON 201-202 Principles of Economics I-II to satisfy basic studies requirements may substitute ECON 201 for ECON 200 The American Economy and count ECON 202 as an elective on the minor. Students who are required to take ECON 201-202 for other purposes on their curricula, as in business administration, may not count it on this minor and must substitute an additional elective for ECON 200.

TEACHING MAJORS

Biology Major

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in biology. Certification code "DA," and, depending on the minor selected, an additional endorsement. This program of studies meets all requirements of the National Science Teachers Association. The certification test covering this field is #17, "Biology.

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. MATH 120 Calculus I (4) or MATH 270 Elementary Statistics I (3)*
I-B-5. Basic Studies requirement. See inside back cover
II-B-1. CHEM 121 General Chemistry I (3)*
CHEM 122 General Chemistry I Laboratory (1)*
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. PHY 221 Mechanics, Sound, and Heat (4)*

*Students required to take GESC 108 Earth Science on a major or minor in the Geography and Geology Department will take an additional four hours of electives on this minor from the approved list.
**The prerequisite for BIOL 207 Elements of Ecology is BIOL 105 Biology and the Human Species. Students planning to take this minor should elect BIOL 105 for basic studies credit in the freshman year.
Biology majors minoring in conservation will take BIOL 420 General Ecology on the major and substitute additional approved electives on the minor.
***Students who prefer to elect ECON 201-202 Principles of Economics I-II to satisfy basic studies requirements may substitute ECON 201 for ECON 200 The American Economy and count ECON 202 as an elective on the minor. Students who are required to take ECON 201-202 for other purposes on their curricula, as in business administration, may not count it on this minor and must substitute an additional elective for ECON 200.

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: .................................. 50

Teaching Major

Hours must be distributed such as to include at least seven hours in botany (may include microbiology) and seven hours in zoology. See note "a" above for courses applicable to both Basic Studies and the major.

CHEM 123 General Chemistry II (3)
CHEM 124 General Chemistry II Laboratory (1)
BOTN 221 General Botany (4)
PHY 222 Electricity and Light (4)
ZOOL 222 General Zoology (4)
BIOL 301 Genetics (3)
BIOL 320 Introduction to Cell Physiology (4)
BIOL 420 General Ecology (4)

Take one of the following sequences:

CHEM 270 Organic Chemistry (4)
CHEM 271 Organic Chemistry Laboratory (1)
CHEM 451 Biochemistry I (3)

or

CHEM 371 Organic Chemistry I (3)
CHEM 372 Organic Chemistry II (3)
CHEM 373 Organic Chemistry Laboratory (2)

One of:

ZOOL 300 Natural History of Invertebrates (3)
ZOOL 310 Natural History of Vertebrates (3)
BOTN 354 Trees and Shrubs (3)
ZOOL 421 Entomology (3)
ZOOL 422 Ichthyology (3)
ZOOL 425 Ornithology (3)
BOTN 450 Aquatic Tracheophyta (3)
BOTN 451 Freshwater Algae (3)
BOTN 453 Taxonomy and Ecology of Diatoms (3)
BOTN 455 Systematic Botany (3)
ZOOL 474 Herpetology (3)
ZOOL 480 Protozoology (3)
ZOOL 482 Aquatic Entomology (3)
ZOOL 485 Mammalogy (3)

Eight credits in biology, botany, microbiology, or zoology except BIOL 105, BIOL 205, BIOL 207, ZOOL 326, ESCI 302, ESCI 303, and BIOL 403 (8)

Credit hours in major and related areas: ....................... 46

Minor

Select a minor from the approved list (see p. 363)

Credit hours in minor: .................................................. 20

Professional Studies

100 clock hours of approved pre-student teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
BIOL 403 Methods and Materials for Teaching Biology (3)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ......................... 34

Total credit hours required, with 20-hour minor: 150

*Course required for and applicable to major.

BIOLOGY MAJOR

Elementary Teacher Certification

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in biology, certification code "DA." The certification test covering this field is #17, "Biology."

The curriculum for this major is that which is listed under "Major" in the secondary biology program given above, plus the "science" requirements from that program's Basic Studies requirements. Approved minors are those for the elementary program as given on page 362.

51 hours, not including the minor or course work applicable to Basic Studies.
TEACHING MINOR

BIOLGY MINOR

ELEMENTARY, SECONDARY, K-12, SPECIAL EDUCATION-
ELEMENTARY, AND SPECIAL EDUCATION-SECONDARY TEACHER
CERTIFICATION

Successful completion of this minor, in the context
of other program requirements, qualifies the student
for recommendation for endorsement in biology, certifi-
cation code “DA.” The certification test covering this field
is #17, “Biology.”

BOTN 221 General Botany (4)
ZOOL 222 General Zoology (4)
BIOL 301 Genetics (3)

Nine hours from biology, botany, microbiology, or
zoology except BIOL 105, ESCI 302, ESCI 303,
BIOL 205, BIOL 403. Either BIOL 204 or BIOL
239 may be used, but not both. No more than
two hours may be taken in any combination of
BIOL/BOTN/ ZOOL 491/492. BIOL/BOTN/
MICR/ ZOOL 387/487 will not count.

Strongly advised: CHEM 119; or CHEM 121-122
and CHEM 123-124.

An additional four cognate hours of science, other
than biology, must be completed to meet NCA
requirements (24 hours) for teaching this minor
at the junior-senior high school level. However,
BIOL 403 may be selected for these additional
hours. Students with no previous biology in
high school must start with BIOL 105, which
does not count toward the minor.

24 hours (including hours satisfied in Basic Studies)

PREPROFESSIONAL
PROGRAMS

PREFORESTRY

Forestry schools set their own requirements for
admission. It is imperative that during the first year at
EMU exact requirements be obtained from current cata-
logs of specific schools at which students seek to com-
plete professional training. Students should initially
follow the general biology program curriculum, which
allows sufficient flexibility to accommodate admission
requirements of professional schools. Students should
consult with the preforestry adviser to establish the most
appropriate program of courses.

The preforestry curriculum is designed for such di-
verse fields as conservation biology, wildlife management,
resource policy, and fisheries biology, as well as forestry.

PREMEDICINE (ALLOPATHIC AND
OSTEOPATHIC), PREOPTOMETRY,
PREPODIATRY, AND PRECHIROPRACTIC

Students can complete course requirements at
EMU for admission to optometry, podiatry, and
chiropractic programs. For information on these pro-
grams, see the advising coordinator for premedical pro-
grams. The requirements are similar to those for
allopathic and osteopathic medical schools as described
below.

While medical schools do not prescribe a premedi-
cal curriculum, they expect a thorough understanding
of modern concepts in biology, chemistry, and physics,
and all value mathematical competence, with some
specifying a course sequence in mathematics. Most pre-
medical students, therefore, elect a major in one of these
areas, although this is not mandatory. Most students
earn the bachelor's degree prior to admission to medi-
cal school.

An important admission requirement for most
medical schools, the Medical College Admission Test
(MCAT), is given in April and August in various centers
throughout the nation. This test should be taken dur-
ing the junior year.

Each allopathic and osteopathic medical school
establishes its own admission requirements. The course
requirements are similar but differ enough so that stu-
dents should consult the catalogs of the schools in which
they are interested. The latest edition of Medical School
Admission Requirements, available at the reference desk
of the EMU library and in the premedicine adviser's
office, should be consulted. The introductory chapters
of this book should be read by every prospective medi-
cal student.

If students electing the premedicine sequence are
not achieving at least a 2.75 grade point average (over-
all and in their major), their chances of acceptance by a
medical school are minimal, and they should plan their
programs so that other professional or vocational goals
are possible.

Students planning to apply for admission to a med-
ical school should plan their schedule to include the fol-
lowing general requirements:

Sem hours

ENGL 121 English Composition .................. 3
Elective in English language or literature .... 3
ZOOL 222 General Zoology ....................... 4
BIOL 301 Genetics .................................. 3
BIOL 320 Introduction to Cell Physiology ...... 4
Because of the nature of the premedical program, if the student is a biology or chemistry major it is almost mandatory to follow the first year as patterned below.

First Year

Premedicine

<table>
<thead>
<tr>
<th>Sem hours</th>
<th>First semester</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>12-18</td>
</tr>

</table>
|           | CHEM 121 General Chemistry I 3
|           | CHEM 122 General Chemistry I Laboratory 1
|           | BOTN 221 General Botany 4
|           | *Mathematics 2-4
|           | Basic studies 2-6
|           | **Second semester 13-19 |
|           | CHEM 123 General Chemistry II 3
|           | CHEM 124 General Chemistry II Laboratory 1
|           | *Mathematics 2-4
|           | ZOOL 222 General Zoology 4
|           | Basic studies 3-7

*Students with one to two years of less than high quality algebra take MATH 105 College Algebra. Students with only one year of algebra take MATH 104 Intermediate Algebra, followed by MATH 105 College Algebra. Students without trigonometry take MATH 107 Plane Trigonometry.

Although students may need to take MATH 104 Intermediate Algebra, MATH 105 College Algebra, or MATH 107 Plane Trigonometry, these courses do not satisfy Basic Studies requirements. Students must still complete a mathematics course from the list of approved mathematics courses; biology majors will satisfy both Basic Studies and biology major requirements by taking either MATH 120 Calculus I or MATH 270 Elementary Statistics.

**Prior to registering for the second semester the student should see the premedical coordinator.

Biology Courses

BIOL 105 Biology and the Human Species. 4 hrs
The basic concepts of biology, with emphasis on human structure and function, as well as key issues and problems confronting the human. Designed for the student who is taking neither major nor minor in biology. Meets for two lecture hours, one recitation hour, and three laboratory hours per week. Audio-tutorial laboratory covers basic biological concepts.

Not open to students with credit in BOTN 221, and/or ZOOL 222. Does not count toward the major or minor.

BIOL 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

BIOL 204 The Biology of Cancer. 2 hrs
Introduces the types, characteristics, putative causes, and current treatments of cancer.
Prereq: BIOL 105 or ZOOL 222

BIOL 205 Field Biology. 4 hrs
A lecture, laboratory, and field course in the behavior, ecology, and broad classification of plants and animals, giving training in recognition of common plants and animals of Michigan. Gives background material to the nonspecialist interested in outdoor life, and to the elementary school teacher. Not open to students having credit in BOTN 221 General Botany or ZOOL 222 General Zoology except by department permission. Does not count toward the biology major or biology minor.

BIOL 207 Elements of Ecology. 2 hrs
The interactions of plants and animals with their physical and biological environment. Consideration is given to the way in which principles of ecology are applied in conservation practices. Lectures and readings are supplemented by field trips to locations of ecological interest in the area.
Prereq: BIOL 105 or equivalent. Does not count toward the major.

BIOL 224 Principles of Conservation. 4 hrs
Introduces the basic resources of water, soil, vegetation, animal life, land as space, land in its unaltered condition, minerals and human powers, and develops the principles by which they may be wisely utilized and conserved with major emphasis on the renewable resources.
BIOL 232 Nature Interpretation. 3 hrs  Combines intensive field and museum work in natural history with practical training and experience in interpreting natural objects and settings to individuals and groups.

BIOL 239 Biology of Aging. 2 hrs  The study of the aging process at the molecular, cellular, tissue, and systems level of organization. Theories of aging will be considered.
Prereq: BIOL 105 or equivalent.

BIOL 277/278/279 Special Topics. 1/2/3 hrs  An examination of topics in biology not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

BIOL 301 Genetics. 3 hrs  A lecture course emphasizing the basic principles of inheritance with their application to plants and animals.
Prereq: BOTN 221 and ZOOL 222 or equivalent.

BIOL 302 Genetics Laboratory. 2 hrs  A laboratory course designed to accompany or follow BIOL 301. Provides opportunity to work with organisms proved to be most beneficial in extending our understanding of genetic principles. Practice in gathering and analyzing data from living populations will be provided.
Prereq: BIOL 301 (may be taken concurrently).

BIOL 307 Introduction to Hematology. 3 hrs  The study of the formed elements of the blood, their precursors, and some of their products. An introduction to the theory and principles of routine medical laboratory procedure and technique. Not open to those with credit in CLSC 307.
Prereq: Department permission.

BIOL 320 Introduction to Cell Physiology. 4 hrs  A lecture and laboratory course in introductory physiology devoted to the study of physiological mechanisms common to all living organisms. Basic processes at the cellular level emphasized, rather than the applications of such processes to a particular organism. Organic chemistry with laboratory is highly recommended.
Prereq: BOTN 221 and ZOOL 222; CHEM 121-124.

BIOL 334 Immunohematology/Urinalysis. 3 hrs  A lecture and laboratory course dealing with the principles of immunohematology and the theory and practice of urinalysis.
Prereq: ZOOL 201, 202; or ZOOL 222 and ZOOL 326; BIOL 307 and MICR 333.

BIOL 377/378/379 Special Topics. 1/2/3 hrs  An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

BIOL 387 Cooperative Education. 3 hrs  Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in biology or technology. The program consists of two work experiences (BIOL 387 and BIOL 487) alternated with full-time attendance at the University. Admittance to program by application only. Graded on a credit/no credit basis.
Prereq: Junior standing.

BIOL 403 Methods and Materials for Teaching Biology. 3 hrs  A lecture-laboratory course providing knowledge, training and practice in the presentation of biological principles, analysis of texts, selection of course content, effective classroom methods, and preparation of classroom materials used in the teaching of biology. Does not count toward major or minor.
Prereq: BOTN 221, ZOOL 222, and department permission. Junior standing. Not open to students on academic probation.

BIOL 407 Advanced Hematology. 3 hrs  Theory and application of hematological test procedures. Includes interpretation of results, problem-solving, and correlation of laboratory findings with disease states. Not open to those with credit in CLSC 407.

BIOL 410 Limnology. 3 hrs  A lecture, laboratory, and field course dealing with physicochemical and biological interrelationships in standing waters.
Prereq: BIOL 420 and one taxonomic field course, or department permission.

BIOL 412 Biogeography. 3 hrs  A lecture course involving the descriptive and historical aspects of plant and animal distribution and the basic principles governing their natural distribution in both space and time.
Prereq: A 100- or 200-level college biology course, and a 100- or 200-
BIOL 413 Animal and Plant Preservation Techniques. 1 hr
A laboratory, lecture, and demonstration mini-techniques course in the preservation of biological specimens: minute whole animal slide mounts to large animal and plant techniques, such as freeze-drying, pressing, skeleton making, study-skins, and plastic embedding. 
Prereq: Two college biology courses at the 100-, 200- or 300-level.

BIOL 415 Basic Histological Techniques. 1 hr
A laboratory, lecture, and demonstration mini-techniques course giving basic theory and practice in mammalian tissue slide preparation including dissection, fixation, dehydration, embedding, sectioning, affixing, and staining. 
Prereq: Two college biology courses at the 100-, 200- or 300-level.

BIOL 416 Biological Instrumentation Theory and Practice. 1 hr
A lecture and laboratory course that covers testing, adjustments, operation, and maintenance of scientific instruments and their uses in the biological area. 
Prereq: Two college biology courses at the 100-, 200- or 300-level, or department permission.

BIOL 420 General Ecology. 4 hrs
A lecture, laboratory, and field course introducing the concepts involved in the study of terrestrial and aquatic communities, their physical environment, and their integration into ecosystems. Emphasis on properties at the ecosystem, community, and population levels. 
Prereq: BOTN 221 and ZOOL 222.

BIOL 434 Advanced Immunohematology. 3 hrs
Principles and procedures used in the blood bank are studied and related to problem situations in the laboratory. Not open to those with credit in CLSC 434. 
Prereq: BIOL 307 and CLSC 336.

BIOL 435 Wetland Ecosystems. 3 hrs
Advanced field ecology course in the theory and method of study of wetland ecosystems. 
Prereq: BIOL 420; one taxonomic field course (BOTN 364, BOTN 450, BOTN 451, BOTN 453, BOTN 455, ZOOL 300, ZOOL 310, ZOOL 474, ZOOL 480, ZOOL 482, or ZOOL 486); or department permission.

BIOL 436 Terrestrial Ecosystems. 3 hrs
Advanced field ecology course in the theory and methods of study of the structure and dynamics of terrestrial ecosystems. 
Prereq: BIOL 420; one taxonomic field course (BOTN 364, BOTN 450, BOTN 451, BOTN 453, BOTN 455, ZOOL 300, ZOOL 310, ZOOL 474, ZOOL 480, ZOOL 482, or ZOOL 485); or department permission.

BIOL 461 Oncology. 3 hrs
A lecture course on physico-chemico-biological agents and factors of nonhuman and human cancer etiology, pathogenesis of neoplastic transformation in vitro, biochemistry and immunobiology of cancer, host-tumor relationship, and "model systems" in control. 
Prereq: MICR 329.

BIOL 477/478/479 Special Topics. 1/2/3 hrs
An examination of advanced topics in biology not covered in other department offerings. 
Prereq: Department permission.

BIOL 480 Radiation Biology. 3 hrs
A lecture and laboratory course in introductory physiology devoted to the study of physiological mechanisms common to all living organisms. Basic processes at the cellular level emphasized, rather than the applications of such processes to a particular organism. BIOL 301 Genetics is highly recommended. 
Prereq: MICR 444, or BOTN 442, or ZOOL 427; PHY 221 and PHY 222 or equivalent; CHEM 121-124.

BIOL 487 Cooperative Education. 3 hrs
Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in biology or technology. The program consists of two work experiences (BIOL 387 and BIOL 487) alternated with full-time attendance at the University. Admittance to program by application only. Graded on a credit/no credit basis. 
Prereq: BIOL 387.

BIOL 488 Honors Practicum in Ecosystem Biology. 2 hrs
A practical experience in an environmental field study including experimental design and collection, analysis, and interpretation of data as a member of a research team. Emphasis is placed on the application of biological theory to problem solving. 
Prereq: Senior status (95 hours); GPA 3.0 overall and 3.3 in biology, a sponsoring faculty member, and/or ap-
proval of the Ecosystem Biology Program Committee; prior application required.

BIOL 489 Practicum in Biology. 3 hrs
Provision of practical experience in a particular field of study, including experimental design and collection, analysis, and interpretation of data as a member of a research team. Emphasis placed on the application of a biological theory to problem solving.
Prereq: Department and adviser permission.

BIOL 487/498/499 Independent Study. 1/2/3 hrs
Individual work in some area of biology under direction of a staff member. Preliminary draft of proposed study must be approved by the department prior to enrollment. May be elected more than once, after resubmission and approval.
Prereq: Department permission.

**Botany Courses**

BOTN 177/178/179 Special Topics. 1/2/3 hrs
An examination of topics in botany not covered in other department offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

BOTN 209 Ornamental Plants. 2 hrs
A general cultural course to acquaint students with ornamental shrubs and trees, common weeds, and house plants. Stress on identification and methods of propagation. Much time is spent in the greenhouse and on short field trips.

BOTN 215 Economic Botany. 3 hrs
A study of plants useful to man, especially those which yield food, fibers, wood, rubber, drugs, and other products of value. It is a lecture-demonstration course supplemented by reading. Open to all students without prerequisite, though previous training in biology, botany, or agriculture is desirable.

BOTN 221 General Botany. 4 hrs
The structure and function of seed plants and of representative lower plants, together with the fundamentals of plant heredity, ecology, and evolution. Two one-hour lectures, one one-hour recitation, plus four hours of laboratory experience.
Prereq: High school biology or BIOL 105 or equivalent. Cannot be taken concurrently with ZOOL 222 except by department permission.

BOTN 234 General Field Botany. 1 hr
This course stresses field identification and ecological relationships of the higher plants. There is much opportunity for practice in the use of taxonomic keys.

BOTN 277/278/279 Special Topics. 1/2/3 hrs
An examination of topics in botany not covered in other department offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

BOTN 354 Trees and Shrubs. 3 hrs
A taxonomic field course on identification of native trees and shrubs in winter and summer conditions. Counts as taxonomic field course.
Prereq: BIOL 205 or BOTN 221.

BOTN 377/378/379 Special Topics. 1/2/3 hrs
An examination of topics in botany not covered in other department offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

BOTN 387 Cooperative Education. 3 hrs
Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in botany or technology. The program consists of two work experiences (BOTN 387 and BOTN 487) alternated with full-time attendance at the University. Admittance to program by application only. Graded on a credit/no credit basis.
Prereq: Junior standing.

BOTN 404 Mycology. 3 hrs
A lecture-laboratory course on the study of molds, rusts, mildews, edible and poisonous mushrooms, and other fungi. Their life history, economic importance, method of identification, and preservation are considered.
Prereq: BOTN 221.

BOTN 412 Plant Anatomy. 3 hrs
A basic lecture-laboratory course in plant histology emphasizing recognition of primary and secondary tissues as variously combined in root, stem, leaf, and flower of a wide variety of representative seed plants.
Prereq: BOTN 221.

BOTN 442 Plant Physiology. 3 hrs
A detailed study of major plant functions with emphasis on growth and development presented by lecture,
demonstration, and experimentation in laboratory and greenhouse. 
Prereq: BOTN 221; CHEM 270 and 271 or CHEM 371-373; and BIOL 320.

BOTN 446 Medical Mycology. 4 hrs
The medical and public health importance of diseases caused by fungi. Diagnostic methods and significant characteristics of the causal agents of mycoses are studied in this lecture-laboratory course. Fungi included are the contaminants, dermatophytes, and systemics.
Prereq: MICR 328 or MICR 329 or BOTN 404.

BOTN 450 Taxonomy and Ecology of Aquatic Vascular Plants. 3 hrs
Field and laboratory work in identification of herbaceous and shrubby vascular plants growing in aquatic habitats and in both vegetative and reproductive phases. Counts as taxonomic field course.
Prereq: BOTN 221.

BOTN 451 Freshwater Algae. 3 hrs
A survey of the freshwater algal divisions; their morphology, taxonomy, ecology, and economic importance. Lectures emphasize an evolutionary approach. Laboratory work stresses the identification of representative algal taxa. Class field collections are made. Counts as taxonomic field course.
Prereq: BOTN 221.

BOTN 453 Taxonomy and Ecology of Diatoms. 3 hrs
A taxonomic field course on the collection, preservation, and identification of freshwater diatoms. A survey of the diatom genera and the common or ecologically important species. Emphasis is placed on developing a familiarity with the more significant world literature. Collection required. Counts as taxonomic field course.
Prereq: BOTN 451 or department permission.

BOTN 455 Systematic Botany. 3 hrs
Covers the essentials of the collection, identification, and classification of flowering plants. The student will become familiar with the major plant groups, both from lecture and herbarium study and from field experience in varied habitats. Counts as taxonomic field course.
Prereq: BOTN 221.

BOTN 477/478/479 Special Topics. 1/2/3 hrs
An examination of topics in botany not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

BOTN 487 Cooperative Education. 3 hrs
Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in botany or technology. The program consists of two work experiences (BOTN 387 and BOTN 487) alternated with full-time attendance at the University. Admittance to program by application only. Graded on a credit/no credit basis.
Prereq: BOTN 387.

BOTN 497/498/499 Independent Study. 1/2/3 hrs
Individual work in some area of botany under direction of a staff member. Preliminary draft of proposed study must be approved by the department prior to enrollment. May be elected more than once, after resubmission and approval.
Prereq: Department permission.

Elementary Science Courses

BIOL 205 Field Biology. 4 hrs
(See Biology Courses.)

ESCI 177/178/179 Special Topics. 1/2/3 hrs
An examination of topics in elementary science not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

ESCI 277/278/279 Special Topics. 1/2/3 hrs
An examination of topics in elementary science not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

ESCI 302 Elementary School Science. 3 hrs
Intended for those planning to teach in the elementary grades. Prepares the student to organize the problems, collect the materials, and direct the activities of the elementary science class. Methods of presenting simple experiments to children and conducting field trips will be demonstrated. Two one-hour lectures and one two-hour laboratory. Not open to students who have taken ESCI 303.
ESCI 303 Science for the Elementary Teacher. 3 hrs
Important biological concepts, especially relating to the interrelationships of organisms within their environment; the investigative or "discovery" approach; methodology involved in the new approaches to teaching science. One hour of lecture and four hours weekly involving recitation, laboratory, or fieldwork. Concluding course in the elementary science sequence.

ESCI 377/378/379 Special Topics. 1/2/3 hrs
An examination of topics in elementary science not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

ESCI 477/478/479 Special Topics. 1/2/3 hrs
An examination of topics in elementary science not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

Microbiology Courses

MICR 177/178/179 Special Topics. 1/2/3 hrs
An examination of topics in microbiology not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

MICR 277/278/279 Special Topics. 1/2/3 hrs
An examination of topics in microbiology not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

MICR 328 Introductory Microbiology. 3 hrs
Introduction to the biology of bacteria and other microbes; transmission of infectious diseases; and principles of control and immunity to infectious diseases. A lecture/lab course. Does not apply to the curriculum in clinical laboratory sciences or on microbiology concentration in biology major, but will count as elective on general biology concentration or biology minor.
Prereq: BIOL 105 and CHEM 120; or ZOOL 201, 202; or department permission.

MICR 329 General Microbiology. 5 hrs
A lecture and laboratory course on the nature and biology of bacteria and other microbes, their physiological relationships in natural and controlled environments, and the interactions of pathogenic microorganisms with their hosts. Laboratory includes an introduction to the techniques of isolating, cultivating, and identifying bacteria and other microbes, and their physiological, serological, and pathological properties. Not open to those who take MICR 328. CHEM 451 Biochemistry I is highly recommended.
Prereq: BOTN 221, ZOOL 222 and BIOL 301; CHEM 270 and 271 or CHEM 371-373.

MICR 333 Principles of Immunology. 3 hrs
A lecture course presenting the theory and basic principles of immunology and serology including antigen-antibody reactions; immunoglobulin production; cellular immunity; hypersensitivity. Prereq: MICR 328 or MICR 329.

MICR 335 Immunology and Serology Laboratory. 2 hrs
A laboratory course designed to accompany or follow MICR 333. Theory and practice in serological techniques with emphases on antigen-antibody reactions such as precipitation, agglutination, viral neutralization, and complement fixation. Not open to those with credit in CLSC 335.
Prereq: MICR 333. (May be taken concurrently.)

MICR 340 Basic Virology. 3 hrs
A basic lecture and laboratory course on physico-chemical-biological nature of bacteriophages and viruses causing diseases in animals and plants, including their transmission, infection, replication (both transcription/translation of either DNA or RNA), cultivation in vitro, titration, host-virus interaction, and control. Prereq: MICR 329.

MICR 377/378/379 Special Topics. 1/2/3 hrs
An examination of topics in microbiology not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

MICR 387 Cooperative Education. 3 hrs
Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in microbiology
or technology. The program consists of two work experiences (MICR 387 and MICR 487) alternated with full-time attendance at the University. Graded on a credit/no credit basis.

Prereq: MICR 329 and junior standing. Admittance to program by application only.

MICR 432 Clinical Microbiology. 4 hrs
Lecture and laboratory. Mechanisms of pathogenesis and the specific bacterial and viral etiological agents of human disease. Methods of detection, isolation, enumeration, and identification used in clinical laboratories. Not open to those with credit in CLSC 432.

Prereq: MICR 329 or equivalent.

MICR 442 Microbial Ecology. 3 hrs
Interactions among microbes (fungi, bacteria, some phages), other living organisms, and the environment, with emphases on parasitism, mutualism, commensalism, and biogeochemical recycling of matter. Includes both laboratory and field exercises.

Prereq: BOTN 221 or ZOOL 222, and MICR 329 or equivalent.

MICR 444 Microbial Physiology. 3 hrs
A lecture and laboratory course of physiological studies on bacteria and fungi. Emphasis will be placed on nutrition, metabolism, fermentation, physiology of parasitism, and biosynthesis of polymers by microbes. CHEM 451 Biochemistry I and CHEM 453 Biochemistry Laboratory are highly recommended.

Prereq: MICR 329.

MICR 445 Food Microbiology. 3 hrs
A lecture and laboratory course on the qualitative and quantitative nature of microbiology in relation to foods and food systems, behavior and detection of bacteria, toxin production, destruction of microbes by heat and other means, and food sanitation.

Prereq: MICR 328 or MICR 329.

MICR 452 Advanced Microbiology. 4 hrs
A lecture and laboratory course to provide an in-depth study of the morphological, biochemical, and genetic relationships of bacteria. Emphasis will be on physiological transformations carried out by autotrophic and heterotrophic organisms in their environment, regulation of growth, and advanced isolation and characterization techniques.

Prereq: MICR 329, MICR 444, and CHEM 451.

MICR 464 Molecular Biology of Bacteria and Viruses. 3 hrs
A lecture course on ultrastructure of both bacteria and viruses and expression of their genomes (such as operons, morphogenesis and control, modification and restriction, virus induced enzymes, and replication and control mechanisms), viral carcinogens, and implication in disease control.

Prereq: MICR 329, and a course in physiology (BIOL 320, MICR 444, BOTN 442, ZOOL 427, OR ZOOL 437).

MICR 477/478/479 Special Topics. 1/2/3 hrs
An examination of topics in microbiology not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.

Prereq: Department permission.

MICR 487 Cooperative Education. 3 hrs
Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in microbiology or technology. The program consists of two work experiences (MICR 387 and MICR 487) alternated with full-time attendance at the University. Graded on a credit/no credit basis.

Prereq: MICR 387.

MICR 497/498/499 Independent Study. 1/2/3 hrs
Individual work in an area of microbiology under direction of a staff member. Preliminary draft of proposed study must be approved by the department prior to enrollment. May be elected more than once, after resubmission and approval.

Prereq: Department permission.

Zoology Courses

ZOOL 177/178/179 Special Topics. 1/2/3 hrs
An examination of zoology topics not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.

Prereq: Department permission.

ZOOL 201 Human Anatomy and Physiology I. 3 hrs
An intensive lecture and laboratory course investigating human anatomy and physiology with emphasis on both normal and pathological conditions, in a two-semester sequence. First semester will cover the basic structure and functions of the muscular, skeletal, and
nervous systems. Credit on nursing and biology programs counts only if ZOOL 201 and ZOOL 202 are taken consecutively.

Prereq: CHEM 120.

ZOOL 202 Human Anatomy and Physiology II. 3 hrs
An intensive lecture and laboratory course investigating human anatomy and physiology with emphasis on both normal and pathological conditions, in a two-semester sequence. The second semester will cover circulation, metabolism, the endocrine, digestive, excretory and reproductive systems, and the integration of the systems of the body.

Prereq: CHEM 120 and ZOOL 201.

ZOOL 222 General Zoology. 4 hrs
A general survey of the groups of invertebrate and vertebrate animals according to the evolutionary sequence. Emphasis is placed upon the classification and structures, also on such aspects as physiology, life histories, habits, distribution, and economic relations. Two one-hour lectures, one one-hour recitation, and four hours of audio-tutorial laboratory.

Prereq: High school biology or BIOL 105 or equivalent. Cannot be taken concurrently with BOTN 221 except by department permission.

ZOOL 223 Field Bird Study. 1 hr
Identification of birds and their songs and nesting habits, studied in laboratory and field.

ZOOL 277/278/279 Special Topics. 1/2/3 hrs
An examination of zoology topics not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.

Prereq: Department permission.

ZOOL 300 Natural History of Invertebrates. 3 hrs
A field course in the recognition, collection, identification, and preserving of common invertebrates of Michigan, exclusive of the insects, with emphasis on their natural history, ecology, and economic importance. Counts as taxonomic field course.

Prereq: ZOOL 222.

ZOOL 310 Natural History of Vertebrates. 3 hrs
A survey of vertebrates, emphasizing their adaptations and their natural history. Laboratory work will stress the taxonomic classification, identification, and distribution of local and other forms. Fieldwork will emphasize accurate observation and permanent recording of original data on local species. Counts as taxonomic field course.

Prereq: ZOOL 222.

ZOOL 317 Human Gross Anatomy. 5 hrs
A lecture, demonstration, and laboratory course on gross anatomy of the human body with emphasis on the extremities.

Prereq: BIOL 105 and department permission.

ZOOL 318 Laboratory in Human Anatomy. 2 hrs
Laboratory with prospection and dissection of human cadaver by students. Designed to accompany lecture material in PHED 200 Anatomy and Physiology.

Coreq: PHED 200.

ZOOL 323 Animal Embryology. 3 hrs
Fundamental facts and principles of the reproduction and development of animals with laboratory studies of the frog, chicken, pig, and other forms.

Prereq: ZOOL 222.

ZOOL 328 Human Physiology. 3 hrs
A study of the functioning of the human body. Lecture, laboratory, and demonstration. Not open to biology majors, but can be taken on a biology minor in which case ZOOL 222 is prerequisite. Credit will be given for both ZOOL 326 and ZOOL 427 on the minor.

Prereq: BIOL 105. Open to Dietetics and Occupational Therapy majors, and biology minors.

ZOOL 366 Economic Zoology. 2 hrs
A survey of the species and breeds of animals that are used as beasts of burden; supply food, clothing, sport, and recreation; or serve as pets. A lecture course.

Prereq: One 100-, 200- or 300-level course in college zoology.

ZOOL 377/378/379 Special Topics. 1/2/3 hrs
An examination of zoology topics not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.

Prereq: Department permission.

ZOOL 387 Cooperative Education. 3 hrs
Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in zoology or technology. The program consists of two work experiences (ZOOL 387 and ZOOL 487) alternated with full-time attendance at the University. Admission to program by application only. Graded on a credit/no credit basis.

Prereq: Junior standing.
ZOOL 404 Mammalian Histology. 3 hrs
A lecture/laboratory course dealing with the structure and properties of mammalian organs and their component tissues. 
Prereq: ZOOL 222.

ZOOL 417 Neuroanatomy. 3 hrs
A lecture/laboratory course concerned with the study of the human nervous system, lesions, and resulting disabilities. 
Prereq: ZOOL 317 and department permission.

ZOOL 421 Entomology. 3 hrs
A survey of the world of insects, their structure, function, behavior, and ecology. The identification and classification of local insects will be stressed. A student field project will be required. Counts as a taxonomic field course. 
Prereq: ZOOL 222.

ZOOL 422 Ichthyology. 3 hrs
A study of the biology, classification, distribution, and evolution of fishes. Attention is given to the morphology, physiology, behavior, natural history, and ecology of fishes through work in lecture, laboratory, and in the field. Specific experience in the identification of the freshwater fishes of the Great Lakes region is provided in addition to a general survey of some marine fish families. Counts as a taxonomic field course. 
Prereq: ZOOL 222.

ZOOL 425 Ornithology. 3 hrs
A course in bird biology for the secondary teacher and students with advanced interest in biology. Field identification and census methods will be used to introduce the study of bird populations, behavior, and ecology. A survey of major North American bird families will be made in the laboratory. A student field project will be required. Counts as a taxonomic field course.
Prereq: ZOOL 222.

ZOOL 427 Vertebrate Physiology. 3 hrs
A detailed study of physiological phenomena of the vertebrate body at the cellular and organ level with laboratory experiments to illustrate. Organ to organ interaction is emphasized. One year of college physics is highly recommended. 
Prereq: ZOOL 222; BIOL 320; CHEM 270, 271 or CHEM 371-373; or department permission.

ZOOL 430 Invertebrate Zoology. 4 hrs
Phylogenetic and anatomical study of one or more representative types from each phylum of invertebrates, with special emphasis on taxonomy, classical literature, and current research. Three lectures and two two-hour labs weekly. 
Prereq: ZOOL 222.

ZOOL 431 Comparative Anatomy of Vertebrates. 4 hrs
The anatomy of the vertebrate organ systems is studied on a comparative basis, which emphasizes the evolutionary development of the groups. Laboratory work includes detailed dissection of the shark and cat. Three one-hour lectures and two two-hour laboratory periods per week. 
Prereq: ZOOL 222.

ZOOL 437 Invertebrate Physiology. 3 hrs
A lecture/lab course to study the functional processes of both terrestrial and aquatic insects and other major invertebrate groups. Builds upon a general understanding of physiology to compare the ways different invertebrates have evolved solutions to common physiological problems. In the laboratory, standard physiological research techniques will be used to demonstrate the lecture concepts. Some of these techniques will be applied in a student-designed research exercise and report. ZOOL 430 Invertebrate Zoology is highly recommended. 
Prereq: ZOOL 222, CHEM 270, 271 or CHEM 371-373; BIOL 320.

ZOOL 439 Physiological Ecology. 3 hrs
A lecture, laboratory, and discussion course covering thermoregulation, metabolic rate, torpor, water flux, and specific adaptations for life in the cold, deserts, high altitude and great depths. Laboratory work emphasizes computerized data acquisition. 
Prereq: ZOOL 222, BIOL 320.

ZOOL 448 Parasitology. 3 hrs
A survey of animal parasites that affect other animals including the human. Lecture and laboratory. 
Prereq: ZOOL 222.

ZOOL 474 Herpetology. 3 hrs
The biology of amphibians and reptiles; taxonomy, origins and evolution, anatomy, adaptations, behavior, ecology, zoogeography. Local hibernating and spring-breeding populations will be studied in the field, including at night and/or during inclement weather and on two Saturday field trips. Laboratory work will cover dissection.
of a representative amphibian and reptile, and study of
living and preserved specimens of extant orders and
families and North American species. Counts as a taxo­
nomic field course.
Prereq: ZOOL 222 and one of the following: BIOL 420,
ZOOL 310, or ZOOL 431.

ZOOL 477/478/479 Special Topics. 1/2/3 hrs
An examination of zoology topics not covered in other
departmental offerings. Students may elect this course
more than once as long as different topics are studied.
Prereq: Department permission.

ZOOL 480 Protozoology. 3 hrs
Survey of the protozoa with emphasis on their life cycles,
morphology, and ecology. Both free living and parasitic
forms will be discussed. Techniques of collecting, cul­
turing, and preserving protozoans and their identifica­
tion will be emphasized in the laboratory. Counts as a
 taxonomic field course.
Prereq: ZOOL 222.

ZOOL 482 Aquatic Entomology. 3 hrs
The study of aquatic insect families and their general
ecology, life histories, and taxonomy. A collection of the
common aquatic insect families of the area is required.
Counts as a taxonomic field course.
Prereq: ZOOL 222. ZOOL 421 recommended.

ZOOL 485 Mammalogy. 3 hrs
Some aspects of the biology of mammals: origins and
evolution, anatomy, classification, adaptations, and zoo­
geography. Natural history and aspects of their ecology
are studied in the field. A collection of study specimens
of different species is required of each student. Counts
as a taxonomic field course.
Prereq: ZOOL 222 and one of the following: ZOOL 310,
BIOL 420, or ZOOL 431.

ZOOL 487 Cooperative Education. 3 hrs
Four or six months of full-time employment at an indus­
trial firm or laboratory specially chosen for impart­
ing a practical educational experience in zoology or tech­
nology. The program consists of two work experiences
(ZOOL 387 and ZOOL 487) alternated with full-time
attendance at the University. Admittance to program
by application only. Graded on a credit/no credit basis.
Prereq: ZOOL 387.

ZOOL 487/488/499 Independent Study. 1/2/3 hrs
Individual work in some area of zoology under direction
of a staff member. Preliminary draft of proposed study
must be approved by the department prior to enroll­
ment. May be selected more than once, after
resubmission and approval.
Prereq: Department permission.
The Chemistry department offers both professional and general level programs in chemistry and biochemistry, and a biochemistry/toxicology program. The department also administers preprofessional programs in dentistry, mortuary science, and pharmacy. Although the premedicine program is not administered by the department, the biochemistry and chemistry curricula provide excellent preparation for a career in medicine.

Housed in the spacious Mark Jefferson Science Complex, the department has laboratories available for all areas of study. Major items of equipment include: research-quality UV, visible, and Fourier-transform IR spectrophotometers; gas and high performance liquid chromatographs; X-ray diffraction and fluorescence apparatus; preparative ultracentrifuges; fluorometers; a DTA-DSC-TGA thermal analysis system; a gas chromatograph-mass spectrometer; and a titration microcalorimeter. The department also has a Bruker 250 MHz superconducting nuclear magnetic resonance (NMR) spectrometer. In addition, a computer laboratory and specialized facilities and equipment for radiochemistry and cell culture are available.

The Chemistry department offers Honors General Chemistry I & II, Honors Quantitative Analysis, and Honors Organic Chemistry Laboratory. Eligibility for these courses is based on admission to the University's Honors Program, or the student's interest and performance in previous chemistry courses. Prospective candidates are selected by instructors and the Chemistry Honors Committee; or students may apply to the Honors Committee for permission to enroll in an honors course.

The department also offers graduate study leading to the master's degree in chemistry. The MS degree program is described in the Graduate Catalog.

**Accreditation:** The professional chemistry curriculum (with an appropriate selection of electives) is certified by the American Chemical Society.

**Degrees:**
- Bachelor of Science and Bachelor of Arts

**Programs of Study:**
- **Major:**
  - Chemistry for secondary education
  - General chemistry

**Curricula:**
- Professional chemistry
- Professional biochemistry
- General biochemistry
- Biochemistry/toxicology

**Minors:**
- Chemistry
- Chemistry for secondary, K-12, and special education-secondary
- Biochemistry

**Preprofessional Programs:**
- Predentistry
- Premedicine
- Premortuary science
- Prepharmacy

Advising for students desiring to pursue a program in chemistry is available through either the undergraduate advising coordinator, or an adviser identified on the adviser list in the Chemistry department office, or an area advising coordinator listed below. A handbook for undergraduate chemistry students is available in the department office.

**Advising Coordinators:**
- Undergraduate Advising Coordinator: Elva Mae Nicholson
- Biochemistry: Ronald M. Scott
- Biochemistry/Toxicology: Michael Brabec
- Predentistry (including dental hygiene and dental assisting programs): John M. Sullivan
- Premedicine: Elva Mae Nicholson
- Premortuary Science: Ralph Powell
- Prepharmacy: Ralph Powell
- Cooperative Education in Chemistry: Elva Mae Nicholson
ACADEMIC MAJORS

PROFESSIONAL CHEMISTRY
CURRICULUM

This curriculum provides the necessary background for those planning to become professional chemists. With appropriate electives, it meets the requirements established by the American Chemical Society. Students successfully completing the curriculum are prepared to enter technical positions in industrial and governmental research, or to undertake graduate study in chemistry. The program includes a group minor comprised of the required courses in mathematics and physics. No other minor is needed to meet graduation requirements.

For students planning graduate study in chemistry (especially organic chemistry), 10 semester hours or an equivalent reading knowledge of a foreign language, preferably German, are recommended.

*Required courses and electives in science and mathematics are listed below. Additional basic studies and elective courses totaling 124 semester hours are required to complete a degree.

Sem hours
Science and mathematics ........................................ 69-74

1. Required courses ........................................... 65
   CHEM 121 General Chemistry I ......................... 3
   CHEM 122 General Chemistry I Laboratory ........ 1
   CHEM 123 General Chemistry II ....................... 3
   CHEM 124 General Chemistry II Laboratory ...... 1
   CHEM 281 Quantitative Analysis ...................... 4
   CHEM 361 Fundamentals of Physical Chemistry .... 3
   CHEM 365 Physical Chemistry Laboratory ........... 2
   CHEM 371 Organic Chemistry I ....................... 3
   CHEM 372 Organic Chemistry II ....................... 3
   CHEM 373 Organic Chemistry Laboratory .......... 2
   CHEM 482 Advanced Inorganic Chemistry Laboratory 2
   CHEM 433 Inorganic-Organic Synthesis ............. 3
   CHEM 465 Quantum and Statistical Mechanics .... 3
   CHEM 481 Instrumental Analysis .................... 4
   MATH 120 Calculus I ................................... 4
   MATH 121 Calculus II .................................. 4
   (Students deficient in high school preparation must take MATH 105 College Algebra before entering calculus.)
   MATH 122 Elementary Linear Algebra ............... 3
   MATH 223 Multivariable Calculus .................... 4
   MATH 325 Differential Equations .................... 3

2. Electives .................................................. 49
   Choose two advanced courses from the following (at least one must be in the Chemistry department). Certification by American Chemical Society requires appropriate selection of electives from among those indicated by “*”.

Chemistry

Mathematics and computer science
   COSC 237 Computer Programming and Numeric Methods, COSC 337 Programming Languages, MATH 425 Mathematics for Scientists, other 400-level courses with department permission

Physics
   PHY 330 Intermediate Mechanics I, PHY 360 Heat and Thermodynamics, PHY 440 Optics, PHY 450 Electricity and Magnetism II, PHY 452 Electrical Measurements, PHY 455 Electronics for Scientists, PHY 471 Nuclear Physics, PHY 475 Introduction to Quantum Mechanics

PROFESSIONAL BIOCHEMISTRY
CURRICULUM

The professional biochemistry curriculum provides preparation for students anticipating graduate study or a research career in biochemistry. The program includes a group minor comprised of the required courses in biology, mathematics, and physics. No other minor is needed to meet graduation requirements.
*Required courses and electives in science and mathematics are listed below. Additional basic studies and elective courses totaling 124 semester hours are required to complete a degree.

Sem hours
Science and mathematics ................................... 78

1. Required courses ....................................... 71
   CHEM 121 General Chemistry I ...................... 3
   CHEM 122 General Chemistry I Laboratory .... 1
   CHEM 123 General Chemistry II ................... 3
   CHEM 124 General Chemistry II Laboratory ... 1
   CHEM 281 Quantitative Analysis ................. 4

   PHY 223 Mechanics, Sound, and Heat .......... 5
   PHY 224 Electricity and Light .................... 5

2. Electives .................................................. 7
Choose four credits from the following:

Choose three credits from any courses in biology numbered 300 or above.

GENERAL BIOCHEMISTRY CURRICULUM

This curriculum is designed for students with an interest in biochemistry but who require a less extensive background. It is often selected by students in premedical and predental programs.

The program includes a group minor comprised of the required courses in biology, mathematics, and physics. No other minor is needed to meet graduation requirements.

*Required courses and electives in science and mathematics are listed below. Additional basic studies and elective courses totaling 124 semester hours are required to complete a degree.

Sem hours
Science and mathematics ................................... 55-56

1. Required courses ....................................... 50-51
   CHEM 121 General Chemistry I ...................... 3
   CHEM 122 General Chemistry I Laboratory .... 1
   CHEM 123 General Chemistry II ................... 3
   CHEM 124 General Chemistry II Laboratory ... 1
   CHEM 281 Quantitative Analysis ................. 4
   CHEM 361 Fundamentals of Physical Chemistry ... 3
   CHEM 381 Instrumentation for Chemical Technology ...................................................... 2
   CHEM 451 Biochemistry I ............................ 3
   CHEM 452 Biochemistry II ........................... 3
   CHEM 453 Biochemistry Laboratory ............... 2
   BOTN 221 General Botany or ZOOL 222 General Zoology ........................................... 4
   BIOL 301 Genetics .................................... 3
   MATH 120 Calculus I .................................. 4
   MATH 122 Elementary Linear Algebra ............ 3
   MATH 223 Multivariable Calculus ................. 4
   MATH 325 Differential Equations .................. 3
   PHY 223 Mechanics, Sound, and Heat .......... 5
   PHY 224 Electricity and Light .................... 5

2. Electives .................................................. 7
Choose five credits from any biology courses numbered 300 or above.

BIOCHEMISTRY/TOXICOLOGY CURRICULUM

The biochemistry/toxicology curriculum is designed to prepare students for employment in laboratories doing toxicology testing in such fields as pharmaceutical...
chemistry, environmental studies, occupational health and safety, and forensic toxicology. This curriculum also provides preparation for students anticipating graduate study and a research career in toxicology and pharmacology-related fields. Included in the required courses is a group minor of biology, mathematics, and physics. No other minor is needed to meet graduation requirements.

*Required courses and electives in science and mathematics are listed below. Additional basic studies and elective courses totaling 124 semester hours are required to complete a degree.

One toxicology class numbered above 413, or enrollment in a toxicology cooperative education project (CHEM 487/488/489) 2-4

A statistics course (MATH 170 Elementary Statistics I or PSY 205 Quantitative Methods in Psychology) 3

### General Chemistry Major

The general chemistry major is for those who seek a general cultural education with emphasis on chemistry, who are preparing for careers in health fields such as medicine or dentistry, or who are interested in a career combining chemistry with fields such as business, patent law, technical writing, or industrial health and safety. Students planning to pursue a career as a professional chemist, or who are interested in graduate training in chemistry should elect the professional chemistry curriculum.

### Sem hours

**Major in general chemistry** 30

1. **Required courses** 25
   - CHEM 121 General Chemistry I 3
   - CHEM 122 General Chemistry I Laboratory 1
   - CHEM 123 General Chemistry II 3
   - CHEM 124 General Chemistry II Laboratory 1
   - CHEM 281 Quantitative Analysis 4
   - CHEM 361 Fundamentals of Physical Chemistry 3
   - CHEM 371 Organic Chemistry I 3
   - CHEM 372 Organic Chemistry II 3
   - CHEM 373 Organic Chemistry Laboratory 2
   - CHEM 381 Instrumentation for Chemical Technology 2

*Prerequisites for CHEM 361 include MATH 120 Calculus I, PHY 222 Mechanics, Sound, and Heat, and either PHY 222/PHY 224 Electricity and Light, a total of 13-14 semester hours, all of which are required for a chemistry major.

2. **Electives** 5
   - Choose five credits from 300- and 400-level courses in chemistry.

### Academic Minors

#### Chemistry Minor

**Sem hours**

**Minor in chemistry** 20

1. **Required courses** 17
   - CHEM 121 General Chemistry I 3
   - CHEM 122 General Chemistry I Laboratory 1
   - CHEM 123 General Chemistry II 3
   - CHEM 124 General Chemistry II Laboratory 1
   - CHEM 270 Organic Chemistry 4
   - CHEM 271 Organic Chemistry Laboratory 1
   - CHEM 281 Quantitative Analysis 4

   *(The CHEM 371-373 Organic Chemistry sequence may be substituted for CHEM 270-271 Organic Chemistry if a stronger background is desired.)
2. Electives .............................................................. 3
   Choose from courses numbered above 200 in chemistry

BIOCHEMISTRY MINOR

be substituted for CHEM 270-271 Organic Chemistry
if a stronger background is desired.)

TEACHING MAJOR

CHEMISTRY MAJOR

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in
the context of other program requirements, qualifies
the student for recommendation for certification for the
Michigan Department of Education Secondary Provi­
sional Certificate endorsed in chemistry, certification
code “DC,” and, depending on the minor selected, an
additional endorsement. The certification test covering
this field is #18, “Chemistry.”

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. MATH 120 Calculus I (4)b

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: .................................. 52

Teaching Major

See note “a” above for courses applicable to both
Basic Studies and the major.

CHEM 123 General Chemistry II (3)
CHEM 124 General Chemistry II Laboratory (1)
CHEM 281 Quantitative Analysis (4)
CHEM 361 Fundamentals of Physical Chemistry (3)
CHEM 461 Biochemistry I (3)
CHEM 371 Organic Chemistry I (3)
CHEM 372 Organic Chemistry II (3)
CHEM 373 Organic Chemistry Laboratory (2)
CHEM 381 Instrumentation for Chemical Technology (2)

Four credits from 300- and 400-level courses in chemistry

One of:

PHY 222 Electricity and Light (4)
PHY 224 Electricity and Light (5)

Additional hours, such as to total 16 taken in physics,
biology, and earth science and including at least one
course from each of physics, biology, and earth

MINOR

Select a minor from the approved list (see p. 441)

Credit hours in minor: ......................................... 20

Subtotal, Major and minor: .................................. 59

PROFESSIONAL STUDIES

100 clock hours of approved prestudent teaching
field experiences (0)
EDTC 300 Introduction to Computer Applications
in Education (1)
SPGN 300 Exceptional Children in the Regular
Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission
to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary
School (3)
PHY 325 Methods of Teaching the Physical Sciences (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ...................... 34
Total credit hours required, with 20-hour minor: 145

Course required for and applicable to major.
Prerequisite for another course in program.
Could be less, depending on the minor and the possible application of basic studies courses to the minor.

TEACHING MINOR

CHEMISTRY MINOR

SECONDARY, K-12, AND SPECIAL EDUCATION-SECONDARY TEACHER CERTIFICATION

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in chemistry, certification code “DC.” The certification test covering this field is #18, “Chemistry.”

CHEM 121 General Chemistry I (3)
CHEM 122 General Chemistry I Laboratory (1)
CHEM 123 General Chemistry II (3)
CHEM 124 General Chemistry II Laboratory (1)
CHEM 270 Organic Chemistry (4)
CHEM 271 Organic Chemistry Laboratory (1)
CHEM 281 Quantitative Analysis (4)

(The CHEM 371-373 Organic Chemistry sequence may be substituted for CHEM 270-271 Organic Chemistry with lab if a stronger background is desired.)

7 hours in chemistry from courses numbered above 200.

In some programs, CHEM 121-122 may be taken to satisfy Basic Studies Area II requirements.

24 hours (including hours satisfied in Basic Studies)

DENTAL HYGIENE AND DENTAL ASSISTING

Eastern Michigan University offers no degrees or certificates in these areas. Two-year certificates and four-year degree programs are available at the University of Michigan, Ferris State University, and the University of Detroit-Mercy. Two-year programs also are available at numerous community colleges.

Students interested in these programs should plan on transferring after completing their freshman year at EMU. Liberal arts preparation in English composition, speech, chemistry (CHEM 119 Fundamentals of Chemistry), psychology, sociology, and political science, plus electives in social science, natural science, and humanities, generally will be transferable. More specific descript-
tions of requirements should be obtained by writing to
the schools in question since requirements vary from
school to school.

**PRÉMORTUARY SCIENCE**

The premortuary science program requires two
academic years. Before entering the professional mor­
tuary school, the student must complete at least 60 sem­
ster hours of college work that includes the follow­
ing science and mathematics courses:

- CHEM 121 General Chemistry I
- CHEM 122 General Chemistry I Laboratory
- CHEM 123 General Chemistry II
- CHEM 124 General Chemistry II Laboratory
- BIOL 105 Biology and the Human Species
- MATH 104 Intermediate Algebra or other
- PSY 101 General Psychology

The Board of Examiners in Mortuary Science recom­
mends use of some elective hours for courses in the fol­
lowing areas (suggested appropriate courses in paren­
theses):

| Behavioral sciences (PSY 225 Psychology of
| Religion, PSY 323 Psychology of Human Aging; |
| SOCL 105 Introductory Sociology, SOCL 311 |
| Social Gerontology) |
| Business (LAW 293 Legal Environment of |
| Business; ACC 240 Principles of Accounting I; |
| ECON 200 The American Economy, ECON 201 |
| Principles of Economics I; MKTG 360 Principles |
| of Marketing, MKTG 363 Retailing) |
| Counseling (GDCN 450 An Introduction: Counseling |
| Concepts and Skills, with permission) |
| First aid (HLED 210 Standard American Red |
| Cross First Aid) |
| Public speaking (CTAS 121 or CTAS 124 |
| Fundamentals of Speech, CTAC 225 Listening |
| Behavior, CTAC 226 Nonverbal Communication, |
| CTAC 227 Interpersonal Communication) |

**PREPHARMACY**

Two years of college work (60 transferable semes­
ter hours, including the courses listed below) are re­
hired for admission to a professional school of phar­
macy. Some schools have additional required or recom­
mended courses.

Programs in pharmacy require two to four addi­
tional years of study after acceptance into the program.

Clinical experience is required for some, especially doc­
toral programs.

**Recommended courses:**

- CHEM 121 General Chemistry I
- CHEM 122 General Chemistry I Laboratory
- CHEM 123 General Chemistry II
- CHEM 124 General Chemistry II Laboratory
- CHEM 371 Organic Chemistry I
- CHEM 372 Organic Chemistry II
- CHEM 373 Organic Chemistry Laboratory

One semester of biology with lab (some schools
require additional courses)
- MATH 120 Calculus I
- ENGL 121 Basic English Composition plus two
social science courses and two humanities
courses (two foreign language courses may be
substituted for the humanities courses).

**CHEMISTRY COURSES**

- **CHEM 101 Science for Elementary Teachers.** 3 hrs
  Designed for students who plan to teach in elementary
  school. Lectures deal with some basic principles of chem­
  istry while the laboratory work emphasizes the discov­
  ery approach as it may be used in an elementary class­
  room. Simple equipment and easily obtained chemicals
  are used in the experiments. Does not count on major or
  minor. Lecture: two hours per week. Laboratory: two
  hours per week.
  *Prereq: PHY 100.*

- **CHEM 115 Chemistry and Society.** 3 hrs
  Examines the relevance of chemistry to the problem of
  how humans relate to the environment. It is designed
  for humanities and other nonscience majors. No previ­
  ous mathematics or chemistry is required. CHEM 115
  may be taken concurrently to satisfy the laboratory sci­
  ence requirement. Does not count on major or minor.
  Lecture: three hours per week.

- **CHEM 118 Chemistry and Society Laboratory.** 1 hr
  Laboratory experiments based on environmental prob­
  lems such as water and air pollution, drugs, and pesti­
  cides. The laboratory may be taken concurrently with
  CHEM 115 to satisfy the science requirement. Does not
  count on major or minor. Laboratory: two hours per
  week.
  *Prereq or Coreq: CHEM 115.*
CHEM 119 Fundamentals of Chemistry.  
A study of the principles of chemistry, designed for students who have had no prior chemistry. This course may be used to satisfy the chemistry prerequisite for CHEM 121. Does not count on major or minor. Lecture: three hours per week. Laboratory: two hours per week. 
Prereq: MATH 104 or one year of high school algebra.

CHEM 120 Fundamentals of Organic and Biochemistry.  
A survey of organic chemistry and biochemistry; completes the study of chemistry begun in CHEM 119 and is a terminal course. Does not count on major or minor. Lecture: three hours per week. Laboratory: two hours per week.
Prereq: CHEM 119 or one year of high school chemistry.

CHEM 121 General Chemistry I.  
The first semester of a two-semester sequence covering the principles of chemistry for science majors and others with an interest and background in science. Lecture: three hours per week. 
Prereq: High school chemistry or CHEM 119; two years of high school algebra or MATH 105. Coreq: CHEM 122.

CHEM 122 General Chemistry I Laboratory.  
The laboratory class to accompany CHEM 121. Students learn basic techniques employed in a chemistry laboratory, including use of analytical balances, quantitative glassware, spectrophotometry, and computers for data acquisition and analysis. Laboratory: three hours per week. 
Coreq: CHEM 121.

CHEM 123 General Chemistry II.  
A continuation of the two-semester sequence covering the general principles of chemistry for science majors and others with an interest and background in science. Lecture: three hours per week. 
Prereq: CHEM 121 and CHEM 122. Coreq: CHEM 124.

CHEM 124 General Chemistry II Laboratory.  
The techniques learned in CHEM 122 are reemphasized and supplemented. Laboratory: three hours per week. 
Coreq: CHEM 123.

CHEM 125 Honors General Chemistry II (Lecture).  
A continuation of CHEM 121 General Chemistry for students of superior ability. The sequence of CHEM 121, 122, 125, and 126 can constitute the customary year of general chemistry. Lecture: three hours per week. 
Prereq: CHEM 121-122 and consent of Honors Committee. Coreq: CHEM 126.

CHEM 126 Honors General Chemistry II (lab).  
The laboratory to accompany CHEM 126. The techniques learned in CHEM 122 are reemphasized and supplemented. Preparation of a laboratory notebook is required. The sequence of CHEM 121, 122, 125, and 126 can constitute the customary year of general chemistry. Laboratory: three hours per week. 
Coreq: CHEM 125.

CHEM 177/178/179 Special Topics.  
Covers specific chemical topics not discussed in any regular, introductory chemistry course. 
Prereq: Department permission.

CHEM 232 Inorganic Chemistry.  
Descriptive inorganic chemistry; properties and reactions of the elements and their compounds are correlated with the periodic table, atomic structures, and basic chemical principles. Lecture: two hours per week. 
Prereq: CHEM 123-124, or CHEM 125-126.

CHEM 241 Materials Science.  
Considers the relation of composition and structure to properties of materials: metals, plastics, ceramics, glass, and composites. Lecture: three hours per week. 
Prereq: CHEM 123-124, or CHEM 125-126; PHY 221/223.

CHEM 242 Materials Science Laboratory.  
Measurement of mechanical properties and investigation of crystal structures, microstructures, imperfections, and transformations (solidification, recrystallization, solid phase changes, and corrosion) of materials. Laboratory: three hours per week. 
Coreq: CHEM 241.

CHEM 270 Organic Chemistry.  
A comprehensive one-semester survey course in organic chemistry. Includes aliphatic and aromatic compounds plus functional group chemistry. Chemistry majors and other students requiring a full year sequence of organic chemistry should enroll in CHEM 371 and 372. Lecture: four hours per week. 
Prereq: CHEM 123-124, or CHEM 125-126.
CHEM 271 Organic Chemistry Laboratory. 1 hr
Instruction in the basic manipulative techniques of experimental organic chemistry and experience with organic chemicals. Laboratory: three hours per week. Prereq or coreq: CHEM 270.

CHEM 277/278/279 Special Topics. 1/2/3 hrs
Covers specific chemical topics not discussed in any regular chemistry course at this level. Prereq: One 100-level chemistry course and department permission.

CHEM 281 Quantitative Analysis. 4 hrs
A lecture and laboratory course treating instrumental, gravimetric, and volumetric analysis, and equilibrium. Lecture: two hours per week. Laboratory: six hours per week. Prereq: CHEM 123-124, or CHEM 125-126.

CHEM 282 Honors Quantitative Analysis. 4 hrs
A lecture and laboratory course treating instrumental, trace, separation, and characterization techniques. Lecture: two hours per week. Laboratory: six hours per week. Prereq: CHEM 123-124, or CHEM 125-126, and consent of Honors Committee.

CHEM 287/288/289 Cooperative Education. 1/2/3 hrs
Full- or part-time employment at an industrial, federal, or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement. Graded on a credit/no-credit basis. No credit granted toward chemistry degree programs, except with departmental permission. Prereq: CHEM 123-124, or CHEM 125-126. Admission by application only. Sophomore standing.

CHEM 297 Independent Study. 1 hr
An independent, original endeavor involving laboratory and/or library study under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester. Prereq: Department permission.

CHEM 340 Introduction to Industrial Chemistry. 3 hrs
Discussion of the important aspects of the manufacture and chemistry of the major organic and inorganic chemicals and their use through commercially available products such as polymers. Includes environmental and economic aspects of industry. Lecture: three hours per week. Prereq: CHEM 123-124, or CHEM 125-126; CHEM 270 or CHEM 371-372.

CHEM 361 Fundamentals of Physical Chemistry. 3 hrs
Calculus-based introduction to quantum mechanics, thermodynamics, and kinetics. Serves as survey course for general curricula and major, and as the first course of the physical chemistry sequence in the professional curricula (CHEM 361, 365, 465). Prereq: CHEM 123-124 or CHEM 125-126, MATH 120, PHY 223. Co- or prereq: PHY 222/224; CHEM 372 and 281 recommended.

CHEM 365 Physical Chemistry Laboratory. 2 hrs
Determination of the physical properties of substances, rate studies, and measurement of thermochromic properties. Emphasis on scientific report writing and oral presentation of work. Laboratory: six hours per week. Prereq: CHEM 281 and 361, PHY 223 and 224.

CHEM 371 Organic Chemistry I. 3 hrs
The first semester sequence covering the general principles of organic chemistry for students specializing in science and those preparing for dentistry or medicine. Lecture: three hours per week. Not open to those with credit in CHEM 270. Prereq: CHEM 123-124, or CHEM 125-126.

CHEM 372 Organic Chemistry II. 3 hrs

CHEM 373 Organic Chemistry Laboratory. 2 hrs
Covers the basic techniques involved in organic chemistry. Laboratory: six hours per week. Prereq or coreq: CHEM 372.

CHEM 376 Honors Organic Chemistry Laboratory. 2 hrs
Covers the basic techniques involved in organic chemistry for students of superior ability. The sequence of CHEM 371-372, 376 can constitute the customary year of organic chemistry. Laboratory: six hours per week. Prereq or coreq: CHEM 372 and consent of Honors Committee.

CHEM 377/378/379 Special Topics. 1/2/3 hrs
Covers specific chemical topics not discussed in any regular chemistry course at this level. Prereq: Department permission.
CHEM 381 Instrumentation for Chemical Technology. 2 hrs
A lecture and laboratory course that surveys various types of analytical instrumentation and their uses in chemical industry. Lecture: one hour per week. Laboratory: three hours per week.
Prereq: CHEM 281, CHEM 270 or CHEM 372, and CHEM 271 or CHEM 373, or equivalent.

CHEM 387/388/389 Cooperative Education. 1/2/3 hrs
Full- or part-time employment at an industrial, federal, or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement. Graded on a credit/no-credit basis. For junior-level students. No credit granted toward chemistry degree programs, except with department permission.

CHEM 397 Independent Study. 1 hr
An independent, original endeavor involving laboratory and/or library study, under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.
Prereq: Department permission.

CHEM 411 Toxicology I. 2 hrs
An introduction to the principles and methods of toxicology. Special cases of toxic response including carcinogenesis, teratogenesis and mutagenesis, and the effects of radiation are discussed. Lecture: two hours per week.
Prereq: CHEM 270 or CHEM 372.

CHEM 412 Toxicology II. 2 hrs
Discussion of the metabolism of toxicants and their effect on specific organ systems; specific classes of toxicants and legal aspects of toxicology. Lecture: two hours per week.
Prereq: CHEM 411. Biochemistry recommended.

CHEM 413 Toxicology Laboratory. 2 hrs
A lecture and laboratory covering the techniques employed in a toxicology laboratory including methods of calculation, interpretation, and presentation of experimental data. The theory and practical aspects of toxicological procedures will be discussed. Lecture: one hour per week. Laboratory: three hours per week.
Prereq: CHEM 411. CHEM 281 recommended.

CHEM 414 Regulatory Toxicology. 2 hrs
This lecture course reviews the major environmental laws, building a framework for understanding their intent and application. Lecture: two hours per week.
Prereq: CHEM 270 or CHEM 372.

CHEM 415 Environmental Chemistry. 3 hrs
A survey of environmental and energy-related problems and the ways in which chemistry may be applied to them. Important topics include air and water pollution, energy and other resources, solid wastes and recycling, and toxic chemicals. Lecture: three hours per week.
Prereq: CHEM 123-124, or CHEM 125-126. A course in organic chemistry and/or quantitative analysis recommended.

CHEM 416 Advanced Topics in Toxicology. 2 hrs
This course provides a broadening and strengthening of the background of toxicology students in areas which are covered only minimally in the introductory sequence but are of critical importance to toxicologists, particularly those planning careers in industrial or pharmaceutical areas. Lecture: two hours per week.
Prereq: CHEM 411, ZOOL 326, ZOOL 427, or equivalent.

CHEM 432 Advanced Inorganic Chemistry. 3 hrs
An advanced level treatment of the newer inorganic chemical developments, with emphasis on theoretical advances in the interpretation of bonding and reactivity of inorganic compounds. Lecture: three hours per week.
Prereq: CHEM 465 or department permission. CHEM 232 also is recommended.

CHEM 433 Inorganic-Organic Synthesis Laboratory. 2 hrs
Covers advanced preparative and analytical techniques of inorganic and organic chemistry including extensive use of IR, NMR, UV-visible, and other instruments. Laboratory: six hours per week.
Prereq: CHEM 281 and CHEM 373.

CHEM 451 Biochemistry I. 3 hrs
Chemistry of biologically significant compounds such as proteins, nucleic acids, carbohydrates, and lipids. Enzymes are introduced, bioenergetics is discussed and the most central topics of metabolism are outlined. This course is intended as a one semester survey of biochemistry for health science students and as the first semes-
Chemistry Courses

CHEM 452 Biochemistry II. 3 hrs
Continues the survey of biochemistry begun in CHEM 451. Membranes and transport, enzyme kinetics, further topics in metabolism, replication, transcription, translation, and regulation of cell processes are discussed. Lecture: three hours per week.
Prereq: CHEM 451.

CHEM 453 Biochemistry Laboratory. 2 hrs
Emphasis on the special analytical techniques employed by biochemists, such as chromatography, electrophoresis, fluorimetry, spectrophotometry, and on laboratory report writing. Laboratory: four hours per week.
Prereq: CHEM 271 or CHEM 373, or equivalent and CHEM 281 strongly recommended. Coreq: CHEM 451 or CHEM 452.

CHEM 455 Quantum and Statistical Mechanics. 3 hrs
The study of quantum mechanics and its application to atomic structure, molecular bonding, and spectroscopy. An introduction to statistical mechanics and modern theories of the rate constant. Lecture: three hours per week.
Prereq: CHEM 361, MATH 223, MATH 325, PHY 223, PHY 224.

CHEM 475 Introduction to Polymer Chemistry. 3 hrs
An emphasis on the organic chemistry involved in the preparation of synthetic high polymers. Topics include: chain-growth vinyl polymers, step-growth polymerization, copolymerization, cationic and anionic polymerization, and complex coordination catalysts. Lecture: three hours per week.
Prereq: CHEM 270 or CHEM 372.

CHEM 477/478/479 Special Topics. 1 1/2-3 hrs
Covers specific chemical topics not discussed in any regular chemistry courses at this level.
Prereq: Department permission.

CHEM 481 Instrumental Analysis. 4 hrs
Theory and practice of chemical analysis and measurements and data processing by instrumental methods. Lecture: two hours per week. Laboratory: six hours per week.
Prereq: CHEM 281 and CHEM 365. Prereq or coreq: CHEM 465.

CHEM 485 Introduction to Radiotracer Techniques. 2 hrs
Measurement of radiation and principles of radiation safety; experiments with emphasis on beta and gamma-ray counting and handling radioactivity. Lecture: one hour per week. Laboratory: three hours per week.
Prereq: CHEM 123-124, or CHEM 125-126, and either CHEM 281 or one science laboratory course above the 200 level, or department permission.

CHEM 487/488/489 Cooperative Education. 1 1/2-3 hrs
Full- or part-time employment at an industrial, federal, or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement. Graded on a credit/no-credit basis. For senior-level students.

CHEM 497/498/499 Independent Study. 1 1/2-3 hrs
Independent, original endeavors involving extensive library and/or laboratory study, under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.
Prereq: Department permission.

Graduate Courses

The following graduate level chemistry courses are open to senior chemistry students:
- CHEM 510 Computer Applications in Chemistry
- CHEM 511 Introduction to Industrial Hygiene
- CHEM 512 Industrial Hygiene Laboratory
- CHEM 516 Industrial and Environmental Chemistry
- CHEM 553 Enzymology
- CHEM 555 Neurochemistry
- CHEM 561 Quantum Chemistry and Spectroscopy
- CHEM 562 Physical-Chemical Characterization of Polymers
- CHEM 564 Enzymology
- CHEM 565 Nuclear Chemistry
- CHEM 571 Advanced Organic Chemistry
- CHEM 572 Spectrometric Organic Structure Determination
- CHEM 574 Advanced Organic Chemistry Topics
- CHEM 590/591/592 Special Topics

Please see the Graduate Catalog for course descriptions.
The Communication and Theatre Arts department provides students with communication and performance skills fundamental to careers in broadcasting, theatre, teaching, public relations, sales, and such related professions as law and the ministry. Communication theory and practice are explored in various course offerings in interpersonal, small group, organizational, and public communication. Production and performance theories and techniques emphasized in telecommunications and film studies are enhanced by practical experiences at two campus radio stations—WEMU-FM and WQBR, in closed-circuit TV studios, and through internships and co-ops in the professional field. The arts management and communication technology curricula require business studies in addition to aesthetic and pragmatic communication skills. All the department's programs, including forensics, interpretation/performance studies, theatre arts, and dramatic productions for the young, provide students with opportunities for developing such personal qualities as creativity, leadership, self-expression, and social responsibility.

Degrees:
Bachelor of Science and Bachelor of Arts

Programs of Study

 Majors and Curricula:
Arts management curriculum
Communication (Options: interpersonal communication, organizational communication, speech communication)
Communication for elementary and special education

Advising is initiated by students with a personal adviser who shares the student's interests and objectives. Coordinators listed below should be consulted by each prospective major or minor student.

Advising Coordinators:
Arts management curriculum: Kenneth Stevens
Communication major and minor: Gary Evans, Sally McCracken
Comprehensive major and minor for elementary and secondary education: Michael Tew, Patricia Zimmer, Judy Sturgis-Hill
Communication technology curriculum: Henry B. Aldridge
Comprehensive major and minor in communication and theatre arts: Michael Tew, Patricia Zimmer
Drama/theatre for the young minor: Patricia Zimmer, Karen Smith-Meyer
Interdisciplinary major in children’s literature and drama/theatre for the young: Karen Smith-Meyer
Interpretation/performance studies: Annette Martin
Musical theatre minor: Kenneth Stevens
Telecommunications and film major and minor: Geoffrey Hammill and Henry Aldridge
Theatre arts major and minor: Katherine Strand-Evans and Terry Heck-Seibert

Graduate study leads to a Master of Arts in communication; a Master of Arts emphasizing interpretation/performance studies; a Master of Fine Arts in drama/theatre for the young, or a Master of Arts in theatre arts. For descriptions of graduate courses and programs in the Communication and Theatre Arts department, consult the Graduate Catalog.

ACADEMIC MAJORS
ARTS MANAGEMENT CURRICULUM

The Arts Management curriculum provides career training and practical experience for those with a passion for the arts and whose talents are in the field of administration and/or promotion. The arts manager not only must develop a variety of managing skills but also must maintain a high degree of sensitivity to aesthetics.

Students are provided a broad background in all of the arts with the opportunity to study a specific art in more depth. In addition, each student gains vital practical experience working in the arts during internships on the university campus and in an approved off-campus professional theatre or arts institution.

Combined with training in the arts is the development of skills in accounting, advertising, personnel management, labor relations, and various other areas of business through a program of study in management and marketing. Graduates are equipped to enter the arts management field or to pursue further study in arts administration.

Because the arts management field is relatively new and rapidly changing, it is advantageous for the student to maintain regular contact with an adviser during their entire program to avoid unnecessary difficulties before and after completion of the program. Arts institutions vary in their personnel needs.

EMU’s arts management curriculum is divided into four sections: basic studies requirements, arts management major, a management or marketing minor (see Undergraduate Catalog), and two internships.

To be chosen in consultation with the arts management advising coordinator.

Internships

Two are required for this major: a one-semester on-campus internship and a one-semester practicum with an approved off-campus arts institution. Application procedures and minimum requirements for credit should be obtained from the advising coordinator not later than the first semester of the junior year.

On-campus internships are approved part-time work as a member of the management staff of such EMU arts institutions as the Ford Gallery or EMU Dancers.

Practicums are available to the junior-senior level student who has a minimum GPA of 2.5 in the arts management curriculum.

Choose two courses from the following: ........................................ 6
CTAC 359 Small Group Communication .......... 3
CTAC 374 Intercultural Communication or CTAC 375 Interracial/Interethnic Communication 3

2. Restricted electives .................................................. 12
Choose 12 hours from the list of restricted electives below which were not selected as the basic requirements:
CTAC 224 Public Speaking (3)
CTAC 225 Listening Behavior (3)
CTAC 226 Nonverbal Communication (3)
CTAC 350 Persuasion (3)
CTAC 352 Communication in Negotiation (3)
CTAC 356 Argumentation and Debate (3)
CTAC 357 Interviewing as Communication (3)
CTAC 372 Assertive Communication (3)
CTAC 373 Family Communication (3)
CTAC 374 Intercultural Communication (3)
CTAC 375 Interracial/Interethnic Communication (3)
CTAC 379 Special Topics (3)
CTAC 440 Survey of Public Address (3)
CTAC 460 Theories of Speech Criticism (3)
CTAC 475 Research in Speech Communication (3)
CTAC 485 Theories of Speech Communication Behavior (3)

A maximum of six credit hours from the following courses:
CTAA 166/266/366/466 Forensics (1/1/1/1)
CTAC 387/388/389 Cooperative Education (1/2/3)
CTAC 487/488/489 Internship (1/2/3)
CTAC 497/498/499 Independent Study (1/2/3)

Alternate courses (one course may be substituted for a restricted elective)
CTAO 205 Voice and Articulation (3)
CTAO 210 Interpretative Reading (3)
CTAT 241 Radio-Television-Film Announcing (3)

**Communication Technology Curriculum**
See the Interdisciplinary Technology department for program requirements.

**COMPREHENSIVE MAJOR IN COMMUNICATION AND THEATRE ARTS**

The comprehensive major allows each student to develop a variety of communication skills with one or two areas of concentration (12-18 semester hours each). Within the 36 semester hours, at least six semester hours must be in 300- and 400-level courses. Majors should plan their course selections carefully with the departmental advising coordinator and present a copy of this plan to Academic Records and Certification when requesting senior checkout.

**Sem hours**

Comprehensive major in communication and theatre arts .................................................. 30-43

1. Required core course ........................................... 2-3
CTAS 121/124 Fundamentals of Speech ........ 2-3

2. Restricted electives ............................................. 15
Choose at least three credits in five of the six following concentrations (communication, interpretation/performance studies, speech improvement, telecommunications and film, theatre arts, drama/theatre for the young)

- **Communication:**
  - CTAC 224 Public Speaking, CTAC 227 Interpersonal Communication, CTAC 350 Persuasion, CTAC 356 Argumentation and Debate, CTAC 359 Small Group Communication

- **Interpretation/performance studies:**
  - CTAO 210 Interpretative Reading

- **Speech improvement:**
  - CTAO 102, 202, 302, 402 Voice Development (one credit each), CTAO 205 Voice and Articulation, CTAO 404 Dynamic Speaking Skills*

- **Telecommunications and film:**
  - CTAT 130 Introduction to Telecommunications and Film, CTAT 131 Introduction to Audio Production and Direction, CTAT 132 Introduction to Video Production and Direction, CTAT 141 Introduction to Radio-TV-Film Production,* CTAT 145 Introduction to Film Appreciation, CTAT 236 History and Criticism of Radio and Television, CTAT 241 Radio-Television-Film Announcing, CTAT 445 Film Theory and Criticism, CTAT 446 Contemporary Problems in Telecommunications

*Department permission required.

**Theatre arts:**

- CTAR 150 Introduction to Theatre, CTAR 151 African American Theatre: An Introduction,

Drama/theatre for the young:
CTAD 222 Drama and Play in Human Experience, CTAD 322 Theatre for the Young, CTAD 323 Improvising and Role-Play, CTAD 327 Plays for the Young, CTAD 429 History and Theory of Developmental Drama/Theatre

3. Concentration .............................................. 9-15
Choose at least one concentration (above) in consultation with advising coordinator (semester hours here are in addition to the restricted electives above)

4. Department electives ................................. 3-10
Choose from any courses in areas outside the concentration

TELECOMMUNICATIONS AND FILM MAJOR

Sem hours
Major in telecommunications and film .......... 30-34
1. Required foundation courses ..................... 11
   CTAT 130 Introduction to Telecommunications and Film ......................... 3
   CTAT 131 Introduction to Audio Production and Direction ....................... 2
   CTAT 132 Introduction to Video Production and Direction ....................... 2
Choose one course from the following: .............. 3
   CTAT 145 Introduction to Film Appreciation or
   CTAT 236 History and Criticism of Radio and Television
Choose one of the following: ......................... 1
   CTAA 165 Television Laboratory or CTAA 169
   Radio Station WQBR
2. Restricted electives ................................. 16-18
   Production courses ........................................ 6
Choose six credits from the following (at least three credits must be at the 300 or 400 level):
   CTAT 231 Audio Recording Techniques, CTAT 236
   History and Criticism of Radio and Television,
   CTAT 241 Radio-Television-Film Announcing,
   CTAT 331 Fundamentals of Radio Production and Direction, CTAT 332 Fundamentals of
   Television Production and Direction, CTAT 333 Fundamentals of Film Production and Direction, CTAT 341 Radio-Television-Film Dramatic Performance, CTAT 431 Advanced Radio Production and Direction, CTAT 432 Advanced Television Production and Direction, CTAT 433 Advanced Film Production and Direction

Writing courses ........................................ 3
Choose one course from the following:
   CTAT 334 Radio-Television News, CTAT 344
   Continuity Writing for Radio-Television-Film,
   CTAR 360 Dramatic Composition

Theory courses ........................................... 6
Choose six credits from the following (at least three credits must be the 400 level):
   CTAT 145 Introduction to Film Appreciation, CTAT
   236 History and Criticism of Radio and Television, CTAT 335 Studies in Film, CTAT 336
   Studies in Telecommunications, CTAT 445 Film Theory and Criticism, CTAT 446 Contemporary
   Problems in Telecommunications, CTAT 447
   Radio-Television Station Management, CTAT
   479 Special Topics (must be approved by adviser)

Internship or cooperative education ............... 1-3
CTAT 487/488/489 Internship, CTAT 387/388/389
Cooperative Education

3. Electives ..................................................... 3-5
Choose three credits from telecommunications and film and the remaining hours from
communication and theatre arts (except CTAS
121/124 Fundamentals of Speech) or journalism.

THEATRE ARTS MAJOR

Sem hours
Major in theatre arts ................................... 36
1. Required courses ..................................... 31
   CTAR 150 Introduction to Theatre .............. 3
   (may be bypassed by examination or interview
   for no credit)
   CTAR 152 Intro. to Tech. Theatre: Scenery and
   Lighting .................................................... 2
   CTAR 153 Intro. to Tech. Theatre: Costume and
   Makeup .................................................... 2
   CTAR 156 Producing Theatre ....................... 3

   CTAR 451 History of the Theatre: 1642 to the
   Present .................................................... 3
CTAA 167 and either 267/367/467 Theatre Practice................................. 2
CTAR 458 Problems in Modern Theatre............ 3
CTAR 459 Problems in Pre-Modern Theatre.... 2
CTAR 496 Senior Seminar ......................... 2

2. Restricted electives ......................... 5
Choose from any Theatre course except CTAR 106
Other courses that qualify as electives are:
Drama/Theatre for the Young (CTAD 322 Theatre for the Young or CTAD 323 Improvising and Role-Play)
Oral Interpretation (CTAO 314 Interpretation of Drama or CTAO 410 Oral Interpretation of Shakespeare)
Telecommunications and Film (CTAT 332 Fundamentals of Television Production and Direction or CTAT 341 Radio-Television-Film Dramatic Performance)

TEATRE ARTS MINOR

Sem hours
Minor in theatre arts ...................................... 24
1. Required courses .................................... 20
CTAR 150 Introduction to Theatre .............. 3
(model may be bypassed by examination or interview for no credit)
CTAR 152 Technical Theatre: Scenery and Lighting .... 2
CTAR 153 Intro. to Theatre .................... 2
CTAR 155 Producing Theatre ................... 3
CTAR 158 Fundamentals of Acting ............. 3
CTAR 355 Play Direction ......................... 3
CTAR 450 History of the Theatre to 1842 or CTAR 451 History of the Theatre: 1642 to Present 3
CTAA 167 Theatre Practice ...................... 1
2. Restricted electives ......................... 4
See Theatre Arts Major

INTERDISCIPLINARY MAJOR IN CHILDREN'S LITERATURE AND DRAMA/ THEATRE FOR THE YOUNG

This major may be used for the Bachelor of Science or Bachelor of Arts degrees without teacher certification. For full details, see the English Language and Literature department.

INTERDISCIPLINARY MAJOR IN PUBLIC RELATIONS

Admission to the program will require a 2.8 GPA, which must be maintained in the major as well as in the minor selected. Admission is granted by the English Language and Literature department. Courses from both the English and Communication and Theatre Arts departments are offered as requirements and restricted electives.

Sem hours
Interdisciplinary major in public relations 41-42
1. Required fundamental courses ............. 17-18
JRNL 215 News Writing and Reporting ........... 3
JRNL 312 Introduction to Public Relations ...... 3
JRNL 314 Writing for Public Relations ........... 3
CTAS 121 or CTAS 124 Fundamentals of Speech 2-3
CTAT 141 Introduction to Radio-TV-Film Production.......................... 3
CTAC 224 Public Speaking or CTAC 350 Persuasion ......................... 3
2. Required advanced courses ............... 12
JRNL 306 Feature Writing ......................... 3
JRNL 408 Case Studies in Public Relations ....... 3
CTAT 334 Radio-Television News or CTAT 344 Continuity Writing for Radio-Television-Film .. 3
CTAC 354 Organizational Communication or CTAC 357 Interviewing as Communication .... 3
3. Restricted electives ......................... 12

A maximum of six hours may be chosen from:
FA 165 Graphic Design for Nonmajors, INDT 121 Graphic Communication, INDT 204 Photographic Communication, COSC 136 Computers for the nonspecialist

*Where applicable to public relations
Recommended minors:
Marketing or Management (College of Business), with MKTG 360 Principles of Marketing and MKTG 369 Advertising highly recommended, along with other courses such as statistics, marketing research, buyer behavior, and promotional strategy.
English writing, sociology, psychology, or a minor chosen by student in specific field of interest.

ACADEMIC MINORS

COMMUNICATION MINOR

Sem hours
Minor in communication ................................ 20-21
CTAS 121/124 Fundamentals of Speech ...... 2/3
CTAC 224 Public Speaking or CTAC 350 Persuasion ................................................. 3
CTAC 227 Interpersonal Communication ...... 3
CTAC 354 Organizational Communication .... 3
CTAC 359 Small Group Communication ....... 3
CTAC 374 Intercultural Communication or CTAC 375 Interracial/Interethnic Communication 3
Choose one course from the following: .......... 3
CTAC 440 Survey of Public Address (3)
CTAC 460 Theories of Speech Criticism (3)
CTAC 475 Research in Speech Communication (3)
CTAC 485 Theories of Speech Communication Behavior (3)

COMPREHENSIVE MINOR IN COMMUNICATION AND THEATRE ARTS

Sem hours
Comprehensive minor in communication and theatre arts ............................................ 20-28
1. Required core course ................................. 2-3
CTAS 121/124 Fundamentals of Speech
2. Restricted electives ................................. 12
Choose at least three credits in four of the six areas of concentration (communication, interpretation/performance studies, speech improvement, telecommunications and film, theatre arts, drama/theatre for the young)
See courses listed in comprehensive major in communication and theatre arts, page 119.
3. Concentration ......................................... 6-9
Choose at least one area of concentration. Minors applying for secondary certification must elect their concentration courses from either speech communication or theatre arts (semester hours here are in addition to the restricted electives above)

4. Department electives .............................. 0-4
Choose from any courses in areas outside the concentration

Drama/Theatre for the Young Minor

The undergraduate minor in drama/theatre for the young is designed to serve students wishing to prepare for a variety of careers—some already existing, others emerging—involving work with and for the young through drama and communication. The minor is useful in conjunction with many other minors and majors including elementary and secondary education, special education, language and literature, history and social studies, art, music, dance, social work, sociology, psychology, recreation, business management, guidance and counseling, library science, home economics, communication and theatre arts, family and child service, and gerontology.

It provides a strong base and, at the same time, flexibility is ensured through freedom in choosing from a wide range of electives.

Sem hours
Minor in drama/theatre for the young .......... 20-21
1. Required courses ................................. 14-15
CTAS 121/124 Fundamentals of Speech ...... 2-3
CTAD 222 Drama and Play in Human Experience ......................................................... 3
CTAD 322 Theatre for the Young .................. 3
CTAD 323 Improvising and Role-Play .......... 3
CTAD 324 Oral Interpretation of Literature for the Young ........................................... 3
2. Electives .................................................. 5-6
Choose five to six credits from the following:
CTAD 326 Developmental Drama/Theatre with the Handicapped, CTAD 327 Plays for the Young, CTAD 329 History and Theory of Developmental Drama/Theatre, CTAD 350 Oral Interpretation of Literature and Language with the Young, CTAD 622 TIE: Theatre-in-Education, CTAD 623 Puppetry: Catalyst in Human Development, CTAD 524 Developmental Drama/Theatre with Handicapped Persons, CTAD 525 Developmental Drama/Theatre in Recreational Settings, CTAD 528 Developmental Drama/Theatre in Religion, CTAD 565 Studies in Drama/Theatre for the Young (all 500-level courses are available for undergraduate credit)
MUSICAL THEATRE MINOR

Sem hours
Minor in musical theatre ........................................ 24
1. Required courses ......................................... 6
   Choose four credits of applied music-voice and two
   semester hours of ensemble performance voice
   courses
2. Restricted electives ..................................... 18
   Choose eight credits from the theatre arts area, four
   credits from the dance area, and six credits from
   the music area.
   Theatre Arts:
   CTA 155 Producing Theatre, CTA 258 Mime/  
   Pantomime and Mask, CTA 457 Tryouts and  
   Auditions, CTA 461 Musical Theatre Acting,  
   CTA 462 Directors on Directing, CTA 463 The  
   American Musical Stage
   Dance:
   PEG 158 Jazz I, PEG 159 Tap Dancing, PEG 160  
   Ballet, PEG 161 Modern Dance, PEG 255 Jazz  
   II, PEG 261 Intermediate Modern Dance
   Music:
   MUSC 101 Music Theory I, MUSC 104 Elements  
   of Music, MUSC 305 Keyboard Skills, MUSC 326  
   Conducting

TELECOMMUNICATIONS AND FILM MINOR

Sem hours
Minor in telecommunications and film .................... 24
1. Required foundation courses .......................... 7
   CTAT 130 Introduction to Telecommunications  
   and Film .................................................. 3
   CTAT 131 Introduction to Audio Production and  
   Direction ................................................. 2
   CTAT 132 Introduction to Video Production and  
   Direction ................................................ 2
2. Restricted electives .................................... 13
   Choose one of the following:
   CTAT 145 Introduction to Film Appreciation or
   CTAT 236 History and Criticism of Radio and
   Television
Choice one of the following:
CTAA 165 Television Laboratory or CTAA 169  
Radio Station WQBR
Choose three credits from each group of the area courses
listed under the major (page 120) in production,  
writing, and theory
3. Electives .................................................. 4
   Choose three credits from telecommunications  
   and film and the remaining hours from  
   communication and theatre arts course

THEATRE ARTS MINOR

Sem hours
Minor in theatre arts ....................................... 20-24
1. Required courses ....................................... 18
   (may be bypassed by examination or interview
   for no credit)
   CTAR 150 Introduction to Theatre .................... 3
   CTAR 152 Technical Theatre: Scenery and  
   Lighting .................................................. 2
   CTAR 155 Producing Theatre .......................... 3
   CTAR 158 Fundamentals of Acting .................... 3
   CTAR 355 Play Direction ................................ 3
   CTAR 450 History of the Theatre to 1642 or CTAR 451  
   History of the Theatre: 1642 to the Present ...... 3
   CTAR 167 Theatre Practice ............................ 1
2. Electives .................................................. 2-5
   Choose courses beyond the 100 level in theatre  
   arts or in other departmental areas specified
   under the major (see page 120).

TEACHING MAJORS
COMPREHENSIVE MAJOR IN  
COMMUNICATION AND THEATRE ARTS
SECONDARY TEACHER CERTIFICATION

Successful completion of this course of study, in  
the context of other program requirements, qualifies the  
student for recommendation for certification for the  
Michigan Department of Education Secondary Provi­  
sonal Certificate endorsed in speech, certification code  
"BD," and, depending on the minor selected, an addi­  
tional endorsement. The certification test covering this  
field is #04, "Speech."

   CTAR 150 Introduction to Theatre
   CTAR 151 African American Theatre: An Introduction (also satisfies cross-cultural or international studies requirement)
   CTAR 158 Fundamentals of Acting
   CTAD 222 Drama and Play in Human Experience

Credit hours in Basic Studies: ........................................ 49

TEACHING MAJOR

See note “a” above for courses applicable to both Basic Studies and the major.

Restricted electives

Choose at least three credits in four of the following concentrations.

Interpretation/performance studies
   CTAC 210 Interpretative Reading (3)

Speech Improvement
   CTAO 102, 202, 302, 402 Voice Development (one credit each)
   CTAO 205 Voice and Articulation (3)
   CTAO 404 Dynamic Speaking Skills (3) (department permission required)

Telecommunications and Film
   One of: (if not taken under IV-B-4 in Basic Studies)
   CTAT 130 Introduction to Telecommunications and Film (3)
   CTAT 131 Introduction to Audio Production and Direction (3)
   CTAT 132 Introduction to Video Production and Direction (3)
   CTAT 141 Introduction to Radio-TV-Film Production (3)
   CTAT 145 Introduction to Film Appreciation (3) (department permission required)
   CTAT 236 History and Criticism of Radio and Television (3)
   CTAT 241 Radio-Television-Film Announcing (3)
   CTAT 446 Film Theory and Criticism (3)
   CTAT 446 Contemporary Problems in Telecommunications

Theatre Arts

One of: (if not taken under IV-B-4 in Basic Studies)
   CTAR 150 Introduction to Theatre (3)
   CTAR 151 African American Theatre: An Introduction (3)
   CTAR 152 Technical Theatre: Scenery and Lighting (3)
   CTAR 153 Technical Theatre: Costume and Makeup (3)
   CTAR 155 Producing Theatre (3)
   CTAR 158 Fundamentals of Acting (3)
   CTAR 251 African American Theatre: Creative Problems (3)
   CTAR 254 Stage Makeup (3)
   CTAR 450 History of the Theatre to 1642 (3)
   CTAR 451 History of the Theatre: 1642 to the Present (3)

Drama/theatre for the young

One of: (if not taken under IV-B-4 in Basic Studies)
   CTAD 222 Drama and Play in Human Experience (3)
   CTAD 322 Theatre for the Young (3)
   CTAD 323 Improvising and Role-Play (3)
   CTAD 327 Plays for the Young (3)
   CTAD 429 History and Theory of Developmental Drama/Theatre (3)

Concentration

Choose either one of the above concentrations or the following in consultation with the advising coordinator.

Communication

CTAC 224 Public Speaking (3) (if not taken under I-B-3 in Basic Studies)
CTAC 227 Interpersonal Communication (3) (if not taken under I-B-3 in Basic Studies)
CTAC 350 Persuasion (3)
CTAC 356 Argumentation and Debate (3)
CTAC 359 Small Group Communication (3)

Department electives

Choose from any courses in areas outside the concentration. The number of courses chosen
must bring the total credit hours for the major to no less than 30 hours (including courses which satisfy Basic Studies).

Minor
A minor from the approved list (see p. 363)

Subtotal, Major and minor: ...................................... 50

Professional Studies
100 clock hours of approved pre-student teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
CTAC 307 The Teaching of Speech (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: .......................... 34

Total credit hours required, with 20-hour minor: 133

*Course required for and applicable to major.
*Could be less, depending on the minor and the possible application of basic studies courses to the minor.

**COMPREHENSIVE MAJOR IN COMMUNICATION AND THEATRE ARTS**

**ELEMENTARY TEACHER CERTIFICATION**

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code “BD.” The certification test covering this field is #04, “Speech.”

The curriculum for this major is that which is listed under “Teaching Major” in the secondary speech program given above, plus the requirements under I-B-3 and IV-B-4 in that program’s Basic Studies requirements. Approved minors are those for the elementary program as given on page 362.

30 hours, not including the minor and not including course work that may be satisfied through Basic Studies.

**TEACHING MINORS**

**COMMUNICATION MINOR**

**ELEMENTARY, SPECIAL EDUCATION-ELEMENTARY, K-12, AND SPECIAL EDUCATION-K-12 TEACHER CERTIFICATION**

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code “BD.” The certification test covering this field is #04, “Speech.”

*CTAS 121/124 Fundamentals of Speech (2/3)
CTAC 224 Public Speaking or CTAC 350 Persuasion (3)
CTAC 227 Interpersonal Communication (3)
CTAC 354 Organizational Communication (3)
CTAC 359 Small Group Communication (3)
CTAC 374 Intercultural Communication or CTAC 375 Interracial/Interethnic Communication (3)

Choose one course from the following:
CTAC 440 Survey of Public Address (3)
CTAC 460 Theories of Speech Criticism (3)
CTAC 475 Research in Speech Communication (3)
CTAC 485 Theories of Speech Communication Behavior (3)

20 hours (including hours satisfied in Basic Studies)

*Included in Basic Studies.

**DRAMA/THEATRE FOR THE YOUNG MINOR**

**ELEMENTARY AND SPECIAL EDUCATION-ELEMENTARY TEACHER CERTIFICATION**

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code “BD.” The certification test covering this field is #04, “Speech.”

*One of:
CTAS 121 Fundamentals of Speech (2)
CTAS 124 Fundamentals of Speech (3)
CTAD 222 Drama and Play in Human Experience (3)
CTAD 322 Theatre for the Young (3)
CTAD 323 Improvising and Role-Play (3)
CTAD 324 Oral Interpretation of Literature for the Young (3)

If CTAS 121 is in the program, choose 6 hours; if CTAS 124 is in the program, choose 5 hours; from the following:

CTAD 326 Developmental Drama/Theatre with the Handicapped (2)
CTAD 327 Plays for the Young (3)
CTAD 429 History and Theory of Developmental Drama/Theatre (3)
CTAD 504, CTAD 522, CTAD 523, CTAD 524, CTAD 525, CTAD 528, CTAD 565 (graduate courses open to qualified seniors)
CTAA 168/268/368/468 Interpretation (1 each)
CTAD 377/378/379 Special Topics (1/2/3)
CTAD 477/478/479 Touring to Young Audiences (1/2/3)
CTAD 497/498/499 Independent Study (1/2/3)

**LITR 207 Introduction to Children’s Literature (3)
Any course in dramatic literature
Any communication course
Any theatre arts course

20 hours (including hours satisfied in Basic Studies)

*May be satisfied in Basic Studies.

**Included in Basic Studies for the elementary program.

**Included in Basic Studies for the elementary program.

COMPREHENSIVE MINOR IN COMMUNICATION AND THEATRE ARTS

SECONDARY, K-12, SPECIAL EDUCATION-SECONDARY, AND SPECIAL EDUCATION-K-12 TEACHER CERTIFICATION

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code “BD.” The certification test covering this field is #04, “Speech.”

One of:

*CTAS 121 Fundamentals of Speech (2)
*CTAS 124 Fundamentals of Speech (3)

Choose at least three credits in four of the six areas of concentration (communication, interpretation/performance studies, speech improvement, telecommunications and film, theatre arts, drama/theatre for the young).

6-9 hours additional hours from speech communication or theatre arts

0-4 hours in department courses outside of speech communication or theatre arts

20 hours (including hours satisfied in Basic Studies)

*May be satisfied in Basic Studies.

FUNDAMENTALS OF SPEECH COURSES

CTAS 121 Fundamentals of Speech. 2 hrs
Theory and practice in the principles of effective speech composition and presentation. Not open to students with credit in CTAS 124.

CTAS 124 Fundamentals of Speech. 3 hrs
More intensive theory and practice in the principles of effective speech composition. Not open to students with credit in CTAS 121.

CTAS 379 Special Topics. 3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

COMMUNICATION COURSES

CTAC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAC 224 Public Speaking. 3 hrs
The characteristics of various types of speeches and speech situations and practice in the preparation and delivery of speeches for various occasions.
Prereq: CTAS 121/124.

CTAC 226 Listening Behavior. 3 hrs
The study of the behavior, processes, and theory of human listening; practice in improving listening skills.
Prereq: CTAS 121/124.

CTAC 228 Nonverbal Communication. 3 hrs
An examination of nonverbal and situational behaviors, relationships, objects, and events surrounding speech communication acts.
Prereq: CTAS 121/124.

CTAC 227 Interpersonal Communication. 3 hrs
Study and practice of the basic elements of interpersonal communication with emphasis on perception,
meanings, attention, listening, feedback, and communication barriers. Particular attention is given to improving interpersonal communication skills. This course may not substitute as the fundamentals of speech requirement in the basic studies. 
Prereq: CTAS 121/124.

CTAC 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAC 307 The Teaching of Speech. 3 hrs
Emphasizes the analysis and construction of courses of study, evaluation of textbooks and teaching materials, methods of directing co-curricular speech activities, and demonstrations of teaching methods. Required of students majoring in communication and theatre arts in the junior or senior high school teaching curriculum. Does not count on the major or minor. Not open to students on academic probation.
Prereq: Four courses in communication and theatre arts.

CTAC 350 Persuasion. 3 hrs
The study of the basic elements inherent in persuasion; the analysis of representative persuasive speeches; practice in securing the acceptance of ideas through psychological appeals as well as logical reasoning.
Prereq: CTAS 121/124.

CTAC 352 Communication in Negotiation. 3 hrs
Practical communication skills for negotiating a labor union collective bargaining agreement and effective grievance handling.
Prereq: CTAS 121/124, or department permission.

CTAC 354 Organizational Communication. 3 hrs
An investigation of information patterns and persuasion in the formal organization.
Prereq: CTAS 121/124.

CTAC 356 Argumentation and Debate. 3 hrs
Emphasizes the principles of logical reasoning and oral presentation of reasoned discourse in group situations. Exercise in debate and in general argumentative speaking.
Prereq: CTAS 121/124.

CTAC 357 Interviewing as Communication. 3 hrs
The principles and practices of the interview as they relate to communication elements; the interview process, structure, functions, and techniques explored from both the perspective of the interviewer and the interviewee.
Prereq: CTAS 121/124, or department permission.

CTAC 359 Small Group Communication. 3 hrs
Emphasizes the principles and practice of discussion as employed in committees, panels, symposiums, and forums. Students will plan and participate in discussions of contemporary problems.
Prereq: CTAS 121/124.

CTAC 372 Assertive Communication. 3 hrs
Individualized approach to study and training in effective assertive communication for social, conversational, and career-oriented situations.
Prereq: CTAS 121/124, or department permission.

CTAC 373 Family Communication. 3 hrs
Descriptive and theoretical study of communication in families with emphasis on the influence of family communication on individuals.
Prereq: CTAS 121/124 and CTAC 227.

CTAC 374 Intercultural Communication. 3 hrs
Analysis of processes and problems of communication as affected by national cultures; effects of differences in verbal and nonverbal communication, values, meaning, perception, and thought.
Prereq: CTAS 121/124, or department permission.

CTAC 375 Interracial/Interethnic Communication. 3 hrs
The analysis of how ethnocentric attitudes toward perceived racial/ethnic minority group speakers/listeners influence interpersonal communication transactions.
Prereq: CTAS 121/124.

CTAC 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAC 387/388/389 Cooperative Education. 1/2/3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.
CTAC 440 Survey of Public Address.  3 hrs
An historical and critical study of the more important speakers and their speeches from classical Greek and Roman times to the present with reference to social and political movements in the world's history.
*Prereq: Three courses in communication, junior standing, or department permission.*

CTAC 460 Theories of Speech Criticism.  3 hrs
A study of the theoretical and critical works from various eras of western culture.
*Prereq: Three courses in communication, junior standing, or department permission.*

CTAC 475 Research in Speech Communication.  3 hrs
An examination of methods currently employed in speech communication, as well as a review of the many types of application now being made. Course includes analysis of speech communication behavior.
*Prereq: Three courses in communication, junior standing, or department permission.*

CTAC 477/478/479 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAC 478/479 Independent Study.  1/2/3 hrs
Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.
*Prereq: Department permission.*

Drama/Theatre for the Young Courses

CTAD 177/178/179 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

CTAD 222 Drama and Play in Human Experience.  3 hrs
A study of dramatic experience as intrinsic in human development. An introduction to spontaneous dramatic games and exercises as a way of sharpening imagination, deepening interpersonal relations, and strengthening individual identity. Integration of such experience in learning and growth is emphasized.

CTAD 277/278/279 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

CTAD 322 Theatre for the Young.  3 hrs
An introductory study of the development, philosophy and techniques of theatre for the young.

CTAD 323 Improvising and Role-Play.  3 hrs
Exploration of spontaneous dramatic play through intensive exercise and dramatic games meant to generate greater individual freedom and self-discipline, as well as to expand resources and techniques for teaching and directing.

CTAD 324 Oral Interpretation of Literature for the Young.  3 hrs
Selection and evaluation of literature for oral interpretation with and for young people. Focus is on the use of narrative prose and folktales.

CTAD 326 Developmental Drama/Theatre with the Handicapped.  2 hrs
Study of principles, theories and practices of develop-
mental drama/theatre as related to handicapped persons. Application to educational, recreational and institutional settings stressed.

CTAD 327 Plays for the Young. 3 hrs
A study of dramatic literature for the young from developmental and artistic viewpoints in the total educational experience of children and adolescents.

CTAD 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CTAD 387/388/389 Cooperative Education. 1/2/3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

CTAD 429 History and Theory of Developmental Drama/Theatre. 3 hrs
An introductory study of the history and theory of developmental drama/theatre. The current thinking of major practitioners in the field of developmental drama/theatre; current research that involves the development of new knowledge or the validation of existing knowledge relating to history and theory of developmental drama/theatre.

CTAD 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CTAO 102 Voice Development. 1 hr
A laboratory for developing strength and control of the speaking voice through physical and tonal exercises and choral speaking. Two regularly scheduled hours each week and additional sessions as arranged.

CTAO 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CTAO 202 Voice Development. 1 hr
Advanced laboratory exercises and specialized projects: Pronouncing foreign terms for professional speaking.
Prereq: CTAO 102 or department permission.

CTAO 205 Voice and Articulation. 3 hrs
An introductory course for improving personal speaking habits. Emphasis is placed on regular practice to develop relaxed tone support, efficient articulation, and vocal variety. Recording and listening laboratory hours arranged.
Prereq: CTAO 121/124.

CTAO 210 Interpretative Reading. 3 hrs
The fundamentals of oral interpretation; developing poise and ease before an audience, a clear, forceful and flexible voice, and discrimination in interpreting thought to others. Selections will be prepared and presented in class.
Prereq: CTAO 121/124.

CTAO 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CTAO 301 Speech Science. 3 hrs
A survey of the physiological and psychological bases of speech and hearing. Emphasis is placed on understanding the physical characteristics of speech sounds and the human voice as they are used in effective oral communication.
Prereq: One of the following: CTAO 205, CTAO 210, CTAO 241, CTAO 158, or department permission.
CTAO 302 Voice Development. 1 hr
Advanced laboratory exercises and specialized projects:
Energetic vocal skills for theatre/interpretation.
Prereq: CTAO 102 or department permission.

CTAO 311 Interpretation of Prose. 3 hrs
The application of the fundamentals of oral interpretation to the reading of prose with emphasis on the short story and excerpts from longer works of fiction. Special attention given to problems involved in the interpretation of prose.
Prereq: CTAO 210.

CTAO 314 Interpretation of Drama. 3 hrs
Specific problems involved in interpreting dramatic literature. Emphasis placed on selection of materials, cutting and arrangement of materials, dialogue, characterization, and character placement. Students will work individually and collectively in interpreting scenes from plays.
Prereq: CTAO 210 or department permission.

CTAO 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CTAO 387/388/389 Cooperative Education. 1/2/3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

CTAO 400 Phonetics and Dialects of Spoken English. 3 hrs
A survey of the physiology and physics of speech sounds. Intensive study of the international phonetic alphabet in dialectology and speech improvement. Comparative study of phonemic systems and initial teaching alphabet.
Prereq: CTAO 301, CTAO 205, or department permission.

CTAO 402 Voice Development. 1 hr
Advanced laboratory exercises and specialized projects:
Skills, theory, and individualized projects.
Prereq: CTAO 102 or department permission.

CTAO 404 Dynamic Speaking Skills. 3 hrs
Projects emphasizing intensive application of voice and articulation theory and professional diction standards for actors, broadcasters, educators, forensic speakers, interpreters, and other professional communicators. Laboratory hours arranged.
Prereq: Three courses in the department including either CTAO 102 or CTAO 205, or take CTAO 402 concurrently.

CTAO 405 Voice and Dialects. 3 hrs
Advanced projects in preparing oral presentations and characterizations in regional and foreign dialects.
Prereq: CTAO 102 or CTAO 402 or CTAO 205, or department permission.

CTAO 410 Oral Interpretation of Shakespeare. 3 hrs
Specific problems involved in the oral interpretation of Shakespeare. Emphasis placed on language style and characterization problems. Students work individually and collectively in orally interpreting selections from Shakespeare's works.
Prereq: CTAO 210 and two courses in literature, one of which should be either LITR 210 or LITR 103, or department permission.

CTAO 411 Advanced Problems in Interpretation. 3 hrs
The presentation of programs of some length and difficulty in prose, poetry, and drama. Emphasis on programming, styles of interpretation, choral reading, and experimental work. A public program will be presented by the class.
Prereq: Six hours of oral interpretation or department permission.

CTAO 412 Oral Interpretation of Poetry. 3 hrs
The application of the principles of oral interpretation to the reading of poetry, with emphasis on modern and contemporary poetry.
Prereq: CTAO 210.

CTAO 414 Development and Theory of Oral Interpretation. 3 hrs
The development of oral interpretation from ancient Greece to the present, including the study of modern theories in oral interpretation.
Prereq: Nine hours of oral interpretation or department permission.

CTAO 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other
departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

CTAO 487/488/489 Internship. 1/2/3 hrs
One semester of practical, on-the-job work experience and training (four hours per week minimum) at selected on-campus or off-campus facilities.
Prereq: Twenty semester hours of concentration courses and department permission.

Theatre Arts Courses

CTAR 106 Introduction to the Performing Arts. 3 hrs
A survey of the arts of dance, theatre, and music, developing an understanding and appreciation of representative works in the three fields. The place of these arts in contemporary society and their contribution to a richer life receive special emphasis. Attendance required at specific on-campus performances. Not open to those with credit in MUSC/DANC 106.

CTAR 126 The Age of Shakespeare. 3 hrs
An introduction to basic areas of Renaissance thought as background to at least three of Shakespeare's plays, which are considered from the theatrical point of view as well as philosophical and literary. Team taught by members of the English and Communication and Theatre Arts Departments. This course satisfies one literature or one theatre arts requirement. Note: See Honors Humanities Courses, page 46.

CTAR 150 Introduction to Theatre. 3 hrs
A lecture-demonstration course with the purpose of fostering appreciation of theatre through an understanding of its production components, its forms and styles, and its historical development. Attendance required at selected EMU theatre productions. Required of theatre arts majors and minors.

CTAR 151 African American Theatre: An Introduction. 3 hrs
An introductory survey of the roots, purposes, and contemporary manifestations of theatre and drama reflecting the African American experience. Emphasis will be placed on the reading, analysis, and discussion of representative African American plays.

CTAR 152 Technical Theatre: Scenery and Lighting. 2 hrs
The comprehensive study and application of design fundamentals and basic technology for theatrical scenery and lighting.

CTAR 153 Technical Theatre: Costume and Makeup. 2 hrs
The comprehensive study and application of design fundamentals and basic technology for theatrical costuming and makeup.

CTAR 155 Producing Theatre. 3 hrs
A comprehensive introduction to theatrical production organization: business management, direction, and technical production. Laboratory hours by appointment.
Prereq: CTAR 150 strongly recommended for majors and minors.

CTAR 157 BEGINNING ACTING 3 hrs
This course is designed for non-theatre majors desiring basic knowledge and practice of acting skills as related to the stage. Non-majors will gain experience in self-awareness, relationships, character analysis, improvisation, scene study, and acting exercises. Attention will be given to overcoming stage fright. For non-theatre majors only.
Prereq: None

CTAR 158 Fundamentals of Acting. 3 hrs
A study of the fundamental theories and techniques of acting. Major emphasis on theatre acting, but consideration given to radio and television acting. Laboratory hours by arrangement.

CTAR 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAR 251 African American Theatre: Creative Problems. 3 hrs
A practical consideration of those creative aspects of the theatre production particular to African American theatre. Emphasis will be placed on the presentation of scenes from African American theatre.

CTAR 252 Stagecraft. 3 hrs
A study and application of the technical elements of play production with emphasis on stage mechanics, construction, and scene painting. Laboratory hours will be ar-
ranged in order to ensure adequate practical experience in the scenic arts and crafts.
Prereq: CTAR 155 strongly recommended for department majors and minors.

CTAR 254 Stage Makeup. 1 hr
The theory and techniques of theatrical makeup. Laboratory hours to be arranged.

CTAR 258 Mime/Pantomime and Mask. 3 hrs

CTAR 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAR 351 Scene Design. 3 hrs
The history of design in terms of stage scenery; an investigation of current trends, techniques, and media of scene design and the practical execution of models and sketches by the student.
Prereq: CTAR 152, CTAR 252, CTAR 155, or department permission.

CTAR 361 Stage Lighting. 2 hrs
Stage lighting; historical development, basic electrical theory, switchboards and lighting instruments, color theory, principles, and practices in stage lighting. Laboratory hours to be arranged.
Prereq: CTAR 152, CTAR 252, CTAR 155, or department permission.

CTAR 380 Dramatic Composition. 3 hrs
An examination of the elements of dramatic structure through the analysis and composition of works of varying scope. Emphasis on adult plays for the stage; the special problems of drama for children and for the various broadcast media also considered.
Prereq: CTAR 155 or department permission.

CTAR 381 Dramatic Writing. 2 hrs
Intensive concentration on the writing of a significant example of adult or children's drama for the stage or the broadcast media.
Prereq: CTAR 360 or department permission.

CTAR 362 Stage Costumes. 2 hrs
A survey of the principles and practices of stage costuming from antiquity to present.
Prereq: CTAR 155 or department permission.

CTAR 363 Stage Costume: History and Theory. 3 hrs
The fundamentals of designing theatrical costumes and a study of specific construction problems found in the making of period costumes.
Prereq: CTAR 363 or department permission.

CTAR 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAR 387/388/389 Cooperative Education. 1/2/3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

CTAR 450 History of the Theatre to 1642. 3 hrs
A history of the physical theatre and the written drama from antiquity to 1642. Emphasis on theatre architecture and stagecraft, including scenery, costumes, and lighting.
Prereq: Junior standing or department permission.

CTAR 451 History of the Theatre: 1642 to the Present. 3 hrs
History of the physical theatre and the written drama in the western world from the Commonwealth period in England to the present.
Prereq: Junior standing or department permission.
CTAR 452 Arts Management.  
3 hrs
A study of managerial practices of arts organizations and agencies. Emphasis on facility planning, personnel, income sources, promotion, budget development, and management.

CTAR 453 Marketing the Arts.  
3 hrs
Relates traditional marketing practices to arts administration and provides experience in applying marketing skills to the arts. The study of marketing in the arts and information relating to past market analysis; research and preparation of a specific market plan for an arts organization; presentation of market plan.
Prereq: MKTG 360.

CTAR 454 Law, Public Policy, and the Arts.  
3 hrs
Examination of the impact of public policy and law on arts organizations and the individual artist. Particular attention is paid to tax policy, copyright, arts advocacy, and contract law.
Prereq: Twelve hours in arts management or department permission.

CTAR 455 Experimental Approaches to Directing.  
1 hr
Study of nontraditional possibilities for using the dynamics of theatre to enhance a performance.
Prereq: One course in acting or department permission.

CTAR 456 Tryouts and Auditions.  
1 hr
Intensive study in the preparation of tryout and audition material for the actor.
Prereq: One course in play direction or department permission.

CTAR 457 Problems in Modern Theatre.  
3 hrs
The collaborative study and presentation of post-1850 theatrical styles and genres for actor, director, and designer. Students work in production teams to develop and present multiple solutions.
Prereq: 12 hours in theatre or department permission.

CTAR 458 Problems in Premodern Theatre.  
3 hrs
The collaborative study and presentation of pre-1850 theatrical styles and genres for actor, director, and designer. Students work in production teams to develop and present multiple solutions.
Prereq: 12 hours in theatre or department permission.

CTAR 459 Musical Theatre Acting.  
2 hrs
Analysis and application of the performance skills needed by the actor/singer in musical theatre.
Prereq: Nine hours in theatre arts or department permission.

CTAR 462 Directors on Directing.  
2 hrs
Study of selected noted stage directors past and present.
Prereq: Nine hours in theatre arts or department permission.

CTAR 463 The American Musical Stage: 1900 to 1940.  
2 hrs
A survey of the early character and development in America of the Broadway musical, concentrating on operetta, the musical revue, and musical comedy.
Prereq: Junior standing or department permission.

CTAR 464 Style (or the Actor)  
3 hrs
This course will address the challenge of matching the actor's personal methods with a wide range of stylistic demands that exist in the theatrical repertory. The student will discover that acting means translating the text into a series of actions and that physical actions take on a particular shape or style in accordance with the given circumstances of the text.
Prereq: CTAR 158 or CTAR 157.

CTAR 477/478/479 Special Topics.  
1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAR 487/488/489 Internship.  
1/2/3 hrs
One semester of practical, on-the-job work experience and training (four hours per week minimum) at selected on-campus or off-campus facilities.
Prereq: Twenty semester hours of concentration courses and department permission.

CTAR 496 Senior Seminar.  
2 hrs
A capstone course for theatre majors. A comprehensive and unified study of all areas of theatre. Combining knowledge and skills with preparation for professional careers and/or graduate study.
Prereq: Open only to department seniors or by department permission.

CTAR 497/498/499 Independent Study.  
1/2/3 hrs
Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.
Prereq: Department permission.
Telecommunications and Film Courses

CTAT 130 Introduction to Telecommunications and Film. 3 hrs
An introduction to mass media and telecommunication systems in the United States. Emphasis on development of telecommunications industries including radio-television-film, programming, new technology, regulation, and financial support.
Prereq: CTAS 121/124.

CTAT 131 Introduction to Audio Production and Direction. 2 hrs
For majors and minors only. Class meets for three hours per week, one hour lecture and two hours laboratory. The students will work with the audio facilities in Quirk Building including audio facilities in WQBR, Quirk TV studio, and the audio production booths. The course will be required of all telecommunications majors and minors. As an introductory course in audio production, CTAT 131 is essential to all other advanced production courses, including video and film. As such, CTAT 131 must be taken before CTAT 132 or other courses in the production curriculum. Laboratory fee.
Prereq: CTAT 131.

CTAT 132 Introduction to Video Production and Direction. 2 hrs
For majors and minors only. Class meets three times per week. One hour will be devoted normally to lecture and discussion. The two remaining hours will be spent in the television studio working with production equipment under supervised conditions. This course is required for all majors and minors in Telecommunications and Film. CTAT 132 is designed as an introductory course in video production. Laboratory fee.
Prereq: CTAT 130.

CTAT 141 Introduction to Radio-TV-Film Production. 3 hrs
For nonmajors and nonminors. A study and application of the technical elements of radio, television, and film with emphasis on the operation of studio and remote equipment. Laboratory hours will be arranged in order to ensure adequate practical experiences in the operation of studio production facilities. Laboratory fee.
Prereq or coreq: CTAT 130.

CTAT 145 Introduction to Film Appreciation. 3 hrs
An introduction to understanding the moving image as a medium of artistic expression and persuasion. The course will consider the principal components of film/video language including photography, writing, performances, editing, mise-en-scène, and major classification systems such as genres and auteurs. It will include an historical overview of the development of film/video industries, major theoretical approaches, and an analysis of the moving image's effects on audiences. Laboratory fee.

CTAT 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAT 230 Mass Media in America. 3 hrs
A general survey of mass media with selected radio-television programs and films used to examine key concepts in production, criticism, history, and industry structure. May not be counted on major or minor in telecommunications and film.

CTAT 231 Audio Recording Techniques. 3 hrs
An introduction to the practical problems of recording music ensembles from soloists to symphony orchestras. A professional audio engineer will supervise on-site recording sessions and all postproduction work. Two regular lecture hours and two hours of laboratory per week. Fieldwork projects arranged. Laboratory fee.
Prereq: CTAT 130, CTAT 131, and CTAT 132; or department permission.

CTAT 236 History and Criticism of Radio and Television. 3 hrs
An historical survey of network radio and television entertainment and public affairs programming with an emphasis on how the networks' offerings were received by a select number of social and cultural critics of the two media.
Prereq: CTAT 130.

CTAT 241 Radio-Television-Film Announcing. 3 hrs
A study of the various types of radio, television, and film nondramatic speaking such as music, commercials, interviews, and documentaries. Practice and evaluation of announcing types and styles.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 245 A Survey of American Cinema, 1894-Present. 3 hrs
This course is a chronological survey of the development of American cinema with an emphasis on the roles played by technological innovations, corporate development, and government intervention on the emergence of a dominant mode of film production practice. Key films by important directors from the entire period will be
screened and discussed.

Prereq: CTAT 145 or department permission.

CTAT 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAT 331 Fundamentals of Radio Production and Direction. 3 hrs
The fundamentals of preparation, production, direction, and evaluation of nondramatic radio programs.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 332 Fundamentals of Television Production and Direction. 3 hrs
The fundamentals of preparation, production, direction, and evaluation of nondramatic television programs. Emphasis is placed on basic techniques of studio and remote productions. Laboratory fee.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 333 Fundamentals of Film Production and Direction. 3 hrs
An introduction to the principles of film-video production. Course offers theory and practice of film-video continuity, master sequencing, narrative and nonnarrative editing. Three 16mm film or video projects will be required. Laboratory fees.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 334 Radio-Television News. 3 hrs
A study of the principles, techniques, and forms of broadcast journalism. Emphasis is placed on broadcast news writing, editing, and delivery.
Prereq: CTAT 130, CTAT 131, and CTAT 132 for majors and minors, or JRNL 215 for majors/minors in journalism or public relations, or department permission.

CTAT 335 Studies in Film. 3 hrs
Students will examine non-Hollywood films including European, Asian, and Third World theatrical films or documentary, animated, and experimental films. The topics will be alternated over terms to allow an in-depth approach.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 336 Studies in Telecommunications. 3 hrs
A comparative study of broadcasting services in European, Soviet, and Third World nations, also international shortwave, satellite interconnections, CATV, limited application video systems, and new technologies. Topics will be alternated over terms to allow an in-depth approach.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 341 Radio-Television-Film Dramatic Performance. 3 hrs
A study of types and styles of dramatic speaking for radio, television, and film. Practice in the basic techniques of acting for the three media.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission. CTAO 210 or CTAO 158 recommended.

CTAT 344 Continuity Writing for Radio-Television-Film. 3 hrs
A study of the forms of nondramatic writing for radio, television, and film, including commercials, public service announcements, music continuity, and narrations.
Prereq: CTAT 130 and CTAT 131 and CTAT 132, or department permission.

CTAT 345 American Film Genres. 3 hrs
This course examines key American film genres both past and present to identify their unique narrative and stylistic properties and to show their important economic, social, psychological, and symbolic functions. Genres to be considered include westerns, musicals, horror films, science fiction films, the "woman's" film, detective films, African American films, and sequels.
Prereq: CTAT 145 or department permission.

CTAT 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAT 387/388/389 Cooperative Education. 1/2/3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

CTAT 431 Advanced Radio Production and Direction. 3 hrs
A continuation of CTAT 331. Advanced theory and practical experience in production of longer, more complex dramatic and nondramatic material for radio.
Prereq: CTAT 331 or department permission.
CTAT 432 Advanced Television Production and Direction. 3 hrs
A continuation of CTAT 332. Principles, practices, and techniques of directing and producing dramatic material for television. Major television formats discussed and analyzed. Practical experience in depth provided for each student. Laboratory fee.
Prereq: CTAT 332 or department permission.

CTAT 433 Advanced Film Production and Direction. 3 hrs
Students make complete 16mm color films or videotapes participating in all stages of production from scripting, filming, and taping, to developing an original soundtrack and a final edited version. Laboratory fees.
Prereq: CTAT 333 and department permission.

CTAT 445 Film Theory and Criticism. 3 hrs
An intensive study of the key theories of film structure, historical development, and sociological function. Emphasis upon theories of editing, auteur criticism, genres, and textual analysis.
Prereq: CTAT 145 or LITR 245 or department permission.

CTAT 446 Contemporary Problems in Telecommunications. 3 hrs
A study of contemporary issues and problems affecting the telecommunications industries, including sociological and psychological influences, programming, new technology, regulation, and research.
Prereq: Twelve semester hours of radio-television courses or department permission.

CTAT 447 Radio-Television Station Management. 3 hrs
Study of station management in the areas of advertising, programming, personnel, applied research, and public relations.
Prereq: Twelve semester hours of radio-television courses or department permission.

CTAT 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

CTAT 487/488/489 Internship. 1/2/3 hrs
One semester of practical, on-the-job work experience and training (four hours per week minimum) at selected on-campus or off-campus facilities.
Prereq: Twenty semester hours of concentration courses and department permission.

CTAT 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.
Prereq: Department permission.

Activity Courses

CTAA 165/265/365/465 Television Laboratory. 1 hr each
Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.
Prereq: CTAT 130, CTAT 131, and CTAT 132; or department permission.

CTAA 166/266/366/466 Forensics. 1 hr each
Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.
Prereq: Department permission.

CTAA 167/267/367/467 Theatre Practice. 1 hr each
Students participating in specific positions with major responsibility in productions of the EMU Theatre, the department's instructional activity program in theatre arts, by prior permission of the department may receive one hour of credit during a single semester. The specified positions and prerequisites are:
167—Heading a major technical crew for a faculty-directed production.
Prereq: CTAR 155, CTAR 150, or CTAR 252 plus previous experience on a similar crew for at least one EMU Theatre production.
267—Assistant directing and/or stage managing a faculty-directed production.
Prereq: CTAA 167 and CTAR 355.
367—Directing an Experimental Series production.
Prereq: CTAA 167 and CTAR 355.
467—Additional experience in the responsibilities listed for 367.
Prereq: CTAA 167, CTAA 267, or CTAA 367.
Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities and the credit may be earned in one activity or in several activities. Admission to the activity does not ensure credit. (Available with a focus on oral interpretation of literature for the young.)

Prereq: CTAO 210 or department permission.

Students who participate in co-instructional programs may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities, and the credits may be earned in one activity or in several activities. Admission to the activity does not ensure credit.

Prereq: CTAT 130, CTAT 131, and CTAT 132; or department permission.

An exploration and study of topics not covered in other departmental offerings. Students may elect more than one provided different topics are studied.

Prereq: Department permission.

An exploration and study of topics not covered in other departmental offerings. Students may elect more than one provided different topics are studied.

Prereq: Department permission.

An exploration and study of topics not covered in other departmental offerings. Students may elect more than one provided different topics are studied.

Prereq: Department permission.
COMPUTER SCIENCE

George E. Haynam
Department Head
511 Pray-Harrold
487-1063

Professors: Ranjan Chaudhuri, George E. Haynam, Hartmut F.W. Höft, Kurt E. Lauckner, Mildred D. Lintner, William W. McMillan, Aby Tehranipour

Associate Professors: Andrew C. Dempster, Alan Heezen, John H. Remmers, Sushil K. Sachdev

Assistant Professors: John K. Cooper, Susan M. Haynes, Michael Zeiger

Instructors: Augustine Ikeji, Zenia Jones, Pamela A. Moore

Laboratory Coordinators: P. Steven Dotson, Karen Ueberroth

The Computer Science department offers training to facilitate both initial placement and continued growth in a rapidly changing and expanding field. Industrial ties are maintained through the cooperative education aspect of the program. The nonteaching computer science major prepares graduates for careers in computer systems analysis, software development, and application programming. The nonteaching minor accommodates students in mathematics, the physical and social sciences, and other fields concerned with information processing applications. The teaching major and minor train secondary school teachers of computer science. Inservice employees in industrial or research information processing environments or in schools can take specific courses to improve their professional competency.

Degrees:
Bachelor of Science and Bachelor of Arts

Programs of Study

Majors:
Computer science
Computer science for secondary education

Minors:
Computer science
Computer science for secondary, K-12, and special education-secondary

Advising assistance may be obtained through the department office. An adviser list is posted, and the department secretary will direct students to appropriate faculty members.

Advising Coordinators:
Computer science (nonteaching): Kurt Lauckner
Computer science (teaching): Mildred Lintner

Graduate courses and a program leading to an endorsement in computer science for secondary school teachers certified in other fields are described in the Graduate Catalog.

ACADEMIC MAJOR

COMPUTER SCIENCE MAJOR

Sem hours

Major in computer science .................................. 36

1. Required courses ........................................ 24
   COSC 138 Computer Science I .......................... 3
   COSC 238 Computer Science II ........................ 3
   COSC 239 Assembly and Machine Language Programming ........................................... 3
   COSC 330 Discrete Mathematical Structures .. 3
   COSC 334 Data Structures ............................. 3
   COSC 337 Programming Languages .................. 3
   COSC 338 Computer Organization ................... 3
   COSC 365 Foundations of Automata and Languages ...................................................... 3

2. Restricted electives ...................................... 12
   Choose four courses from the following two groups with at least two courses from Group A:
   Group A
   Group B
   COSC 432 Switching Theory, COSC 435 Introduction to Microprocessors, COSC 437 Microcomputer Graphics, COSC 442 Database Principles, COSC 443 Software Engineering Principles

3. Additional required mathematics courses
17-19
   MATH 120 Calculus I .................................... 4
   MATH 121 Calculus II ................................... 4
   MATH 122 Elementary Linear Algebra ................ 3
   MATH 360 Statistical Methods or MATH 370 Probability and Statistics I ............................. 3-4
   Choose one course from the following: .................. 3-4
   MATH 223 Multivariable Calculus, MATH 319 Mathematical Modeling, MATH 325 Differential Equations, MATH 411 Modern Algebra with Applications, MATH 418 Applied Linear Algebra, MATH 425 Mathematics for Scientists, MATH 436 Introduction to Numerical Analysis, MATH 471 Probability and Statistics II
ACADEMIC MINOR

COMPUTER SCIENCE MINOR

Students on the nonteaching minor interested in computer science applications in business may substitute courses from the College of Business with permission of the advising coordinator in computer science.

Sem hours

Minor in computer science .................................................. 21

1. Required courses .......................................................... 12
   COSC 138 Computer Science I ........................................ 3
   COSC 238 Computer Science II ....................................... 3
   COSC 239 Assembly and Machine Language Programming .... 3
   COSC 334 Data Structures ............................................ 3

2. Restricted electives ...................................................... 9
   Choose three courses from the following:
   COSC 330 Discrete Mathematical Structures;
   COSC 337 Programming Languages; COSC 338 Computer Organization;
   COSC 365 Foundations of Automata and Languages;
   COSC 430 Compiler Construction; COSC 431 Systems Programming;
   COSC 432 Switching Theory; COSC 433 Computer Operating Systems;
   COSC 435 Introduction to Microprocessors; COSC 437 Microcomputer Graphics;
   COSC 441 Computing Network Principles, COSC 442 Database Principles,
   COSC 443 Software Engineering Principles

TEACHING MAJOR

COMPUTER SCIENCE MAJOR

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in computer science, certification code "NR," and, depending on the minor selected, an additional endorsement. The certification test covering this field is #50, "Computer Science."

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. MATH 122 Elementary Linear Algebra (3)
I-B-5. COSC 136 Computers for the Nonspecialist (3)
II-B-1. Basic Studies requirement. See inside back cover
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. Basic Studies requirement. See inside back cover

III-B-1. Basic Studies requirement. See inside back cover
III-B-2. Basic Studies requirement. See inside back cover
III-B-3. Basic Studies requirement. See inside back cover
III-B-4. Basic Studies requirement. See inside back cover

IV-B-2. Basic Studies requirement. See inside back cover
IV-B-3. Basic Studies requirement. See inside back cover
IV-B-4. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: .............................................. 49

Teaching Major

See note "a" above for courses applicable to both Basic Studies and the major.

COSC 138 Computer Science I (3)
COSC 238 Computer Science II (3)
COSC 239 Assembly and Machine Language Programming (3)
COSC 330 Discrete Mathematical Structures (3)
COSC 334 Data Structures (3)
COSC 336 Programming Languages for Educators (3)
COSC 340 Applications in Computer Science (3)
COSC 490 Seminar and Project Design for Educators (3)

One of:

HIST 290 Introduction to the History of Technology (3)
PLSC 382 Politics and the 21st Century (3)
ANTH 379 Special Topics: Contemporary Issues in Developing and Modern Technological Societies (3)
ECON 386 Technology and Economic Growth (3)
SOC 462 Complex Organizations (3)
INDT 495 Technology, Values, and the Future (3)

Minor

Select a minor from the approved list (see p. 363).

Credit hours in minor: ...................................................... 20

Credit hours in major and related areas: ........................... 47

Professional Studies

100 clock hours of approved prestudent teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPOG 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission to the teacher education program:

CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
EDSC 346 Methods of Teaching Computer Science in the Secondary Schools (3)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ........................ 34

Total credit hours required, with 20-hour minor: ... 180

*Course required for and applicable to major.
*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

TEACHING MINOR

COMPUTER SCIENCE MINOR
SECONDARY, K-12, AND SPECIAL EDUCATION-SECONDARY

Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in computer science, certification code “NR.” The certification test covering this field is #60, “Computer Science.”

*COSC 136 Computers for the Nonspecialist (3)
*COSC 138 Computer Science I (3)
*COSC 238 Computer Science II (3)
*COSC 239 Assembly and Machine Language Programming (3)
*COSC 334 Data Structures (3)
*COSC 336 Programming Languages for Educators (3)
*COSC 340 Applications in Computer Science (3)
*COSC 346 Methods of Teaching Computer Science in the Secondary Schools (3)
24 hours (including hours satisfied in Basic Studies)

*May be satisfied in Basic Studies.

COMPUTER SCIENCE COURSES

COSC 136 Computers for the Nonspecialist. 3 hrs
A survey of computer science for nonspecialists who wish to learn about the capabilities and applications of computers in our society. The student will learn to write programs in the BASIC language. Not open to computer science nonteaching majors.

COSC 137 Introduction to FORTRAN Programming. 3 hrs
An introductory course for persons wishing to learn programming and applications of computers. Using the FORTRAN language, students develop and run programs to solve a variety of problems. Credit will not be given for more than one of COSC 137 and COSC 237. Does not count toward computer science major or minor.

Prereq: One and a half years of high school algebra.

COSC 138 Computer Science I. 3 hrs
An introduction to computers, programming, algorithm development, and a block structured language such as Pascal. In particular, strategies for problem solving, problem analysis, algorithm representation, and algorithm verification are balanced with actual program development using top-down, stepwise refinement design and good documentation techniques. The first course in the computer science major and minor, but open to all students.

Prereq: High school algebra II or MATH 105.

COSC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

COSC 237 Computer Programming and Numeric Methods. 3 hrs
An introductory programming course focusing on numerical algorithms fundamental to scientific computer work. Discussion of polynomial interpolation, numerical integration, solutions of systems of equations, and error analysis. Using the FORTRAN language, students develop and run programs to solve a variety of problems. Credit will not be given for more than one of COSC 137 and COSC 237. Does not count toward computer science major or minor.

Prereq or coreq: MATH 121.
COSC 238 Computer Science II. 
3 hrs
The second course in an introductory sequence for the computer science major, minor, and others. Continues software engineering methodology through specification, design, coding, and program correctness. Nested procedures and functions, scope and recursion. Introduction to data structures such as stacks, queues, linear lists, trees, sets, and files. Analysis of sorting and searching algorithms.
Prereq: COSC 238.

COSC 239 Assembly and Machine Language Programming. 
3 hrs
Computer structure, machine language, instruction execution, and digital representation of data. Computer systems organization and programs. Symbolic coding and assembly systems, macro definition and generation, program segmentation and linkage.
Prereq: COSC 137, COSC 138, COSC 237, or IS 219.

COSC 250 Programming for CAD/CAM. 
3 hrs
An introduction to programming in the C language intended for CAD/CAM majors in the College of Technology. Meets for two hours per week of lecture/demonstration, integrated with two hours of supervised laboratory work, using an integrated programming environment running on MS-DOS. Additional unsupervised lab time will also be available. Covers the basics of C statements, data types, operators, functions, arrays, and character strings. Structures and files will be introduced.
Prereq: Any college-level course in programming and permission of the Industrial Technology department.

COSC 277/278/279 Special Topics. 
1/2/3 hrs
A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.
Prereq: Instructor consent.

COSC 330 Discrete Mathematical Structures. 
3 hrs
Set algebra and algebraic structures. Elements of the theory of directed and undirected graphs. Boolean algebra and propositional logic. Applications to various areas of computer science.
Prereq: COSC 238, COSC 239, and MATH 122. COSC 239 may be taken concurrently.

COSC 334 Data Structures. 
3 hrs
Linear lists, strings, arrays, and orthogonal lists. Representation of trees and graphs. Storage systems, structures, storage allocation, and collection. Symbol tables, searching, and sorting techniques. Formal specification of data structures and data management systems.
Prereq: COSC 238 and COSC 239.

COSC 336 Programming Languages for Educators. 
3 hrs
Formal definition of programming languages; structure of simple statements, global properties of algorithmic languages; structure of list processing, string manipulation, data description, and simulation languages; runtime representation of program and data structures. Special emphasis will be placed on education oriented languages. Credit will not be given for both COSC 336 and COSC 337.
Prereq: COSC 238 or equivalent and COSC 239.

COSC 337 Programming Languages. 
3 hrs
Formal definition of programming languages; structure of simple statements, global properties of algorithmic languages; structure of list processing, string manipulation, data description, and simulation languages; runtime representation of program and data structures. Credit will not be given for both COSC 336 Programming Languages for Educators and COSC 337 Programming Languages.
Prereq: COSC 238 and COSC 239.

COSC 338 Computer Organization. 
3 hrs
Basic digital circuits, data representation and transfer, digital arithmetic. Digital storage and accessing, control functions, input-output facilities, systems organization, reliability, simulation techniques. Multiprogramming, multiprocessing, and real-time systems.
Prereq: COSC 238 and COSC 239.

COSC 340 Applications in Computer Science. 
3 hrs
Information systems, simulation, graphics, audio communication, artificial intelligence, instruction and training, and communications. The student will write or use previously written programs in each of the above areas using microcomputers. These programs will use many languages and programs including LOGO, PASCAL, BASIC, electronic spreadsheet, and a database program.
Prereq: COSC 136, COSC 238, and junior standing.

COSC 346 Methods of Teaching Computer Science in the Secondary Schools. 
3 hrs
Computer science programs in the high school, information, and materials needed to prepare students for
the teaching of computer science in these schools. Organization and content, methods of teaching and learning, security and maintenance of equipment, professional journals and magazines available for future growth, copying software and the legality of software duplication, dealing with diversity of abilities, problem solving skills, and strategies for debugging programs. This methods class does not count on the major or minor.

Prereq: COSC 336, CURR 305, and admission to the teacher education program.

COSC 360 C Programming in a UNIX Environment. 3 hrs
An intermediate course in computer programming, using the C programming language and emphasizing software development in a UNIX environment. Concepts of structured programming: operators and expressions; statements, functions, and program organization; pointers, arrays, and character strings; structured data types; input/output; command line arguments. Use of UNIX commands, editors, and other tools related to software development. Credit will not be given for more than one of COSC 451 and COSC 360. Does not count toward the Computer Science major or minor.

Prereq: COSC 239.

COSC 385 Foundations of Automata and Languages. 3 hrs
A rigorous treatment of finite state automata and the languages accepted by them: deterministic and nondeterministic automata, pushdown automata, regular and context-free languages, Turing machines. Applications to lexical analysis and parsing. Students will design automata and implement language processors.

Prereq: COSC 330 and COSC 334.

COSC 377/378/379 Special Topics. 1/2/3 hrs
Covers topics not considered in other courses when the immediate needs of the field, interests of the students, and expertise of the faculty coincide.

Prereq: COSC 238, COSC 239, and department permission.

COSC 388 Cooperative Education. 3 hrs
Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388 and COSC 488) alternated with full-time attendance at the University. Use on computer science major subject to department permission. Graded credit/no credit.

Prereq: Junior or senior majoring in computer science, any 300-level course in computer science, admittance to program by application, department permission.

COSC 430 Compiler Construction. 3 hrs

COSC 431 Systems Programming. 3 hrs
Batch-process systems programs, components, and operating characteristics. Implementation techniques for parallel processing and interrupt handling. Overall structure of multiprogramming systems. Addressing techniques, file system design, and management. Interprocess communication, design of system modules and interfaces.

Prereq: COSC 334, COSC 337, and COSC 338.

COSC 432 Switching Theory. 3 hrs
Switching algebra, gate network, and sequential circuit analysis and synthesis. Boolean algebra, sequential circuit state and combinational circuit minimization, hazards and races, elementary number systems and codes. Prereq: COSC 330 and COSC 338.

COSC 433 Computer Operating Systems. 3 hrs

Prereq: COSC 334 and COSC 338.

COSC 435 Introduction to Microprocessors. 3 hrs
The fundamentals of small system software development as it applies to microprocessors and minicomputers. Introduction to microprocessors and peripheral hardware; software and hardware development, applications. Students will have access to both microprocessors and a minicomputer to gain firsthand knowledge of this field.

Prereq: COSC 338 or department permission.

COSC 437 Microcomputer Graphics. 3 hrs
A course in computer graphics using microcomputers. Display technologies. Raster graphics, displaying graph-
ics primitives such as points, lines, curves, text, and scan conversion algorithms. Displaying graphs, functions, bar and pie charts, and applications. 2-D graphics including windowing, viewporting, window to viewport transformation, clipping algorithms, scaling, rotation, and translation transformations. Interactive graphics. 3-D graphics, including scaling, rotation, and translation transformations; parallel and perspective projections. 

**Prereq:** COSC 334 and MATH 122.

### COSC 441 Computing Network Principles

3 hrs

The basic concepts of computer communication systems with particular emphasis on communication hardware and microcomputer networks. Students will be involved in the development and writing of software components of communications such as terminal emulators and file transfer packages. Basic communication theory and terminology, communication hardware devices, communication protocols, and microcomputer networks.

**Prereq:** COSC 334 and COSC 338. COSC 330 recommended.

### COSC 442 Database Principles

3 hrs

A technical review of the theory and principles of database design and organization. The concepts and structures necessary to design and implement a database management system. Network, hierarchical, and relational database models. Data normalization, data description languages, query languages, data integrity and security.

**Prereq:** COSC 365. COSC 337 recommended.

### COSC 443 Software Engineering Principles

3 hrs

The design and analysis of large and complex software systems. Students will study software life cycles, analyze the requirements, and conduct detailed design studies using modern design methodologies. The knowledge gained from data structures, programming languages, computing architectures, and other computer science areas will be integrated and extended to build realistic systems.

**Prereq:** COSC 337, COSC 338, and COSC 365.

### COSC 450 UNIX for Programmers

1 hr

A course on the use of the UNIX operating system, with emphasis on those features which make it an outstanding development environment. History and design philosophy; basic commands and use of the editors; file system; shell constructs such as I/O redirection, pipelines, command substitution, variable substitution, and background tasks; pattern matching programs 'grep,' 'awk,' 'sed,' shell programming; internal structure. Does not count toward the computer science major or minor.

**Prereq:** Completion of at least one regular 300-level course in Computer Science.

### COSC 451 Programming in C

2 hrs

A course in the C language for those familiar with structured programming concepts, assembly language, and data structures. Syntax and semantics of expressions and statements; program organization; pointers and arrays; structures and unions; input/output; program structure; macro preprocessor; operating system environment; development tools such as `lint` and `make`; use of specialized program libraries such as the `curses` screen control package. Does not count toward the computer science major or minor.

**Prereq:** COSC 334 (may be taken concurrently.)

### COSC 452 Programming in Ada

3 hrs

A course in the Department of Defense language Ada for those familiar with structured programming concepts and data structures. Topics covered will be the syntax and semantics of expressions and statements. Packages and procedures, typing, abstract data types, exception handling, concurrency, generics, and operator overloading. Procedures and packages will be written and tested using an Ada compiler. Does not count as a restricted elective.

**Prereq:** COSC 334 or IS 315.

### COSC 460 Computer Science Practicum

3 hrs

A capstone course for students majoring in computer science that will provide the opportunity to develop one or more large software systems utilizing the latest software design techniques. These techniques include requirement specifications, functional specifications, architectural design, performance measurement, and testing. A final written report will be required that includes both the design documents and a user's guide.

**Prereq:** Any 400 level course in computer science.

### COSC 477/478/479 Special Topics

1/2/3 hrs

Covers topics not considered in other courses when the immediate needs of the field, interests of the students, and expertise of the faculty coincide.

**Prereq:** Senior standing in computer science and department permission.

### COSC 488 Cooperative Education

3 hrs

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388 and COSC 488) alternated
with full-time attendance at the University. Use on computer science major subject to department permission. Graded credit/no credit.

Prereq: COSC 388 and department permission.

COSC 490 Seminar and Project Design for Educators. 3 hrs
Major project design and more formalized structured programming. Each student will work on two original major programs, one of which will be a group project. The student will report on both projects (written and oral) and give a formal presentation of the individual project to the University community in the form of a public lecture.

Prereq: COSC 334, COSC 336, and senior standing.

COSC 493 Senior Project 1 hr
Intended for computer science majors in their senior year, this course assesses students' knowledge of the field's core subjects, surveys students to get reactions to and suggestions for the department's academic program, and provides guidance to students as they carry out a computing project and present it in a public forum as a poster presentation or talk. Credit/no credit.

Prereq: COSC 334, COSC 337, COSC 338, COSC 365, senior standing or department permission.

COSC 497/498/499 Independent Study. 1/2/3 hrs
A report or project on an approved subject in the field of computer science under the guidance of the staff of the Computer Science department.

Prereq: Undergraduate grade point average in computer science of 3.0 or above and department permission.
ECONOMICS

Raufof Hanna, Interim
Department Head
703 Pray-Harrold
487-3395

Professors: Young-Iob Chung, Kemper Moreland,
Donald W. Pearson, Michael G. Vogt, Bill M. Woodland

Associate Professors: Dewan A. Abdullah, John A.
Edgren, Sharon Erenburg, Alfredo G. Esposto,
Deborah M. Figart, Raouf S. Hanna, Steven C.
Hayworth, James A. Thornton

Assistant Professors: David B. Crary, Eija Multasuo

The Economics department offers majors and mi·
nors in economics with diversified areas of specializa·
tion, and in labor studies. A major in actuarial science
and economics is offered in a joint program with the
Mathematics department. The department also partici·
pates in other University programs such as language and
international trade, area studies offered in the His·
tory and Philosophy department, the minor in conserv·
ation and resource use in the Biology department, and
the Women’s Studies program.

Students have access to the University computer
system through the department’s own statistical lab·
oratory and terminals, and through facilities available
at various locations on campus.

The department presents six annual student
awards: the Murg Award for outstanding service to the
Economics Department, the Gockerman Award for an
outstanding paper on a subject related to economics; two
Hanna Awards for outstanding papers in econometrics;
the Moore Award for an outstanding essay in law and
economics; the Rowan Award for an economics major
with a superior academic record who is interested in a
government service career; the Labor Studies Award for
superior coursework, outstanding research effort, pub·
lic service, and/or commitment to the Labor Studies pro·
gram and its goals; and the Student Achievement Award
for the highest grade point average in economics.

Also, the department sponsors Eta chapter of
Omicron Delta Epsilon honor society in economics, est·
ablished in 1975 to recognize students who demonstrate
ability in the study of economics at an institute where
sound economics programs are offered, and the Econo·
mics Club, for students interested in economics as a ma·
or or minor or complementary field to their studies ei·
ther for further study in economics or for preparation
for professional programs such as law and business ad·
ministration.

Degrees:
- Bachelor of Arts or Bachelor of Science in economics
- Bachelor of Business Administration in economics
- Bachelor of Arts in labor studies
- Bachelor of Arts or Bachelor of Science in actuarial science and economics

Programs of Study

 Majors:
- Economics (with concentrations in business economics, economics of finance, labor economics, governmental economics, comparative economic systems, and theoretical and quantitative economics)
- Actuarial Science and Economics (Joint program with the Mathematics department)
- Economics for secondary education
- Labor Studies

 Minors:
- Economics
- Economics for secondary, K-12, and special education-secondary
- Labor studies

Undergraduate students seeking advising should see the Coordinator of Undergraduate Advising for their initial visit. They will be assigned to an advisor by the coor·
dinator.

Advising Coordinators:
- BA/BS in actuarial science and economics: Bill Woodland
- BA/BS in economics: Young-Iob Chung, John Edgren,
  Deborah M. Figart, Kemper Moreland, Eija
  Multasuo
- BBA in economics: Bill Woodland
- Labor studies: Donald W. Pearson

Graduate study leads to a master’s degree in three dif·
ferent programs: Master of Arts in economics; Master
of Arts in applied economics; and Master of Arts in de·
velopment, trade, and planning. The degrees are de·
scribed in the Graduate Catalog.

ACADEMIC MAJORS

BACHELOR OF BUSINESS

ADMINISTRATION IN ECONOMICS

The Bachelor of Business Administration in eco·
nomics degree program is designed to provide profes·
sional training in economics applicable to business man·
agement for students contemplating administrative and/or
research careers in business and/or government. This
program provides an additional career program option for students by permitting them to major in economics while taking the same foundation courses required of all business students. This is a cooperative program with the College of Business.

Students enrolling in this program are required to follow the business administration curriculum (see page 322) in addition to fulfilling the 24 semester hours in economics.

Assessment: As a condition of graduation, all majors are required to maintain and submit a portfolio reflection of their program of study. Contents may be include annual progress reports, copies of term papers, opinion statements about the program, and quizzes. Details are available from the Coordinator of Advising.

**ECONOMICS MAJOR**

The major in economics requires 30 semester hours of which 15 semester hours are elected from economics courses without restriction or as a concentration of courses in one of the following areas: business economics, economics of finance, labor economics, governmental economics, comparative economic systems, or theoretical and quantitative economics.

**ACTUARIAL SCIENCE AND ECONOMICS MAJOR**

Actuarial science and economics is a joint program of the Mathematics and Economics Departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous US locations. The first of these covers calculus and linear algebra and the second covers mathematical statistics. MATH 372 and 472 are designed to prepare students for these examinations.
2. Electives .......................................................... 15

Although any 15 semester hours of electives in economics will complete the requirements for the major, choice of one of the six recommended course patterns provides concentration in a specific career area.

Inquire at the Economics department regarding suggested concentrations, suggested courses within concentrations, and appropriate economics faculty advisors.

LABOR STUDIES MAJOR

This program is administered through the Economics department and leads to a Bachelor of Arts degree in labor studies. A minor also is available. Students should select courses in consultation with the director of labor studies and/or the specified advising coordinators.

Sem hours
Major in labor studies ............................................ 30
1. Required courses .................................................. 9
   ECON 310 Economic Statistics .......................... 3
   ACC 240 Principles of Accounting I .................. 3
   ECON 320 Labor Economics ............................... 3
2. Restricted electives .................................................. 21
   Choose seven courses from the following:
   ECON 321 Minority Workers in the Labor Market, ECON 322 American Labor Unions, ECON 323 Labor and Government, ECON 324 Unionism in the Public Sector, ECON 325 Collective Bargaining, ECON 328 Economics of Women, ECON 420 Comparative Labor Unionism
   CTAC 352 Communication in Negotiation
   HIST 463 United States Labor History
   LAW 403 Employment Law
   MGMT 384 Human Resource Management
   PLSC 335 Labor in American Politics
   PSY 351 Industrial Psychology
   SOCL 307 Industrial Sociology

TEACHING MAJOR

ECONOMICS MAJOR

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in economics, certification code "CA" and, depending on the minor selected, endorsement in geography ("GB"), history ("HC"), political science ("CD"), psychology ("CE"), sociology ("CF"), or social science ("CX"). The certification test covering this field is #07, "Economics."

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. One of:
   MATH 119 Mathematical Analysis for Social Sciences II (3)
   MATH 120 Calculus I (4)
I-B-5. Basic Studies requirement. See inside back cover
II-B-1. Basic Studies requirement. See inside back cover
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. Basic Studies requirement. See inside back cover
III-B-1. Basic Studies requirement. See inside back cover
III-B-2. HIST 102 Western Civilization, 1648 to World War I (3)

LABOR STUDIES MINOR

Sem hours
Minor in labor studies ............................................. 20
Electives .......................................................... 20

Choose 20 credits from the following:
   ECON 310 Economic Statistics, ECON 320 Labor Economics, ECON 321 Minority Workers in the Labor Market, ECON 322 American Labor Unions, ECON 323 Labor and Government, ECON 324 Unionism in the Public Sector, ECON 325 Collective Bargaining, ECON 328 Economics of Women, ECON 420 Comparative Labor Unionism
   ACC 240 Principles of Accounting I
   CTAC 352 Communication in Negotiation
   HIST 463 United States Labor History
   LAW 403 Employment Law
   MGMT 384 Human Resource Management
   PLSC 335 Labor in American Politics
   PSY 351 Industrial Psychology
   SOCL 307 Industrial Sociology

ACADEMIC MINORS

ECONOMICS MINOR

Sem hours
Minor in economics ............................................... 20
1. Required courses ................................................. 6
   ECON 201 Principles of Economics I .................... 3
   ECON 202 Principles of Economics II ................... 3
2. Electives .......................................................... 14
   Choose 14 credits from any economics courses,
   ECON 301 and ECON 302 are highly recommended.
III-B-3. One of:
- GEOG 107 Introduction to Geography (3)
- GEOG 110 World Regions (3)

III-B-4. HIST 103 Twentieth Century Civilization (3)

IV-B-1. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: .................................................. 49

Teaching Major
- ECON 201 Principles of Economics I (3)
- ECON 202 Principles of Economics II (3)
- ECON 301 Intermediate Macroeconomic Analysis (3)
- ECON 302 Intermediate Microeconomic Analysis (3)

One of:
- ECON 310 Economic Statistics (3)
- ECON 415 Introduction to Econometrics (3)

Fifteen hours of electives in economics

Minor
- Minor in one of geography, history, political science, psychology, sociology, or social science

Subtotal, Major and minor: ................................................... 50

Professional Studies
- 100 clock hours of approved prestudent teaching field experiences (0)
- EDTC 300 Introduction to Computer Applications in Education (1)
- SPGN 300 Exceptional Children in the Regular Classroom (1)
- EDPS 322 Human Development and Learning (4)

The following courses require formal admission to the teacher education program:
- CURR 305 Curriculum and Methods: Secondary (3)
- RDNG 311 Teaching Reading in the Secondary School (3)
- SOFD 328 Schools in a Multicultural Society (3)
- EDPS 340 Introduction to Assessment and Evaluation (3)
- EDMD 345 Media for the Classroom Teacher (1)
- HIST 481 The Teaching of Social Studies (3)
- EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: .................................... 34

Total credit hours required, with 20-hour minor: ................ 133

*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

TEACHING MINOR

ECONOMICS MINOR

SECONDARY, K-12, AND SPECIAL EDUCATION-SECONDARY

Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in economics, certification code “CA.” The certification test covering this field is #07, “Economics.”

- ECON 201 Principles of Economics I (3)
- ECON 202 Principles of Economics II (3)
- 14 credits from any economics courses (ECON 301 and 302 highly recommended)
- 20 hours (including hours satisfied in Basic Studies)

*Could be satisfied in Basic Studies in some programs.

ECONOMICS COURSES

ECON 100 Introduction to Economic Problems and Policies. .... 3 hrs
A nontechnical introduction to basic problems facing the US economy and different opinions over economic policy choices. Analysis of the controversial role of government in a private market economy. Not recommended for business students.

ECON 177/178/179 Special Topics. .......................... 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ECON 200 The American Economy. .............................. 3 hrs
Survey of the principles of economics; the basic knowledge of the functioning of the present-day American economy. Not open to students with ECON 201/ECON 202.

ECON 201 Principles of Economics I. ...................... 3 hrs
The first half of basic principles of economics. Emphasizes macroeconomic concepts of national income, fiscal and monetary policy, and problems of unemployment, inflation, and economic growth.
Prereq: MATH 104 or high school algebra.

ECON 202 Principles of Economics II. ...................... 3 hrs
Second half of an introduction to basic principles of eco-
nomics. Emphasizes microeconomic concepts of demand, supply, and problems relating to prices and resource allocation.

Prereq: ECON 201 or equivalent, and MATH 104 or high school algebra.

ECON 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

ECON 300 Contemporary Economics. 3 hrs
Analysis of contemporary economic problems. Topics may change each semester as the interests and/or problems change. Students may elect this course several times as long as different topics are studied but it may be taken only twice for credit toward a major or minor in economics.

Prereq: One course in economics.

ECON 301 Intermediate Macroeconomic Analysis. 3 hrs
Examines macroeconomic theories of the determination of national income, employment, the price level, interest rates, and economic growth; and linkages between the domestic and international economies. Topics include unemployment, inflation, monetary and fiscal policy, and the policy positions of various schools of thought. Standard analytical tools, such as IS-LM and aggregate demand and supply are examined.

Prereq: ECON 201 and ECON 202 or equivalent, and MATH 119/120.

ECON 302 Intermediate Microeconomic Analysis. 3 hrs
Analyzes contemporary theories of consumer and firm behavior, prices, and resource allocation. Examines firm behavior for several market structures, and evaluates the efficiency and equity implications of market outcomes.

Prereq: ECON 201 and ECON 202 or equivalent, and MATH 119/120.

ECON 310 Economic Statistics. 3 hrs
Introduction to the statistical measurement and analysis of data with applications to economics. Elements of descriptive statistics, probability, random samples, point and interval estimation, hypothesis testing, and regression analysis are examined.

Prereq: MATH 119 or MATH 120.

ECON 320 Labor Economics. 3 hrs
Analysis of the theory of wage determination, with attention to labor supply and labor demand, human resource development, trade unions, and labor market institutions.

Prereq: ECON 201 and ECON 202 or equivalent.

ECON 321 Minority Workers in the Labor Market. 3 hrs
Special problems and unique employment situations of minority workers (racial and ethnic minorities, women, handicapped) involving historical and market influences, and employer, union, and government policies. Recent and proposed legislation affecting the labor force status of minorities.

Prereq: One course in economics.

ECON 322 American Labor Unions. 3 hrs
The nature, characteristics, and principles of American labor unionism; the government and structure of unions and their role in the economy.

Prereq: One course in economics.

ECON 323 Labor and Government. 3 hrs
The economic aspects of labor legislation and governmental administrative rulings affecting unions and union-employer relations.

Prereq: One course in economics.

ECON 324 Unionism in the Public Sector. 3 hrs
The origins, goals, and methods of union organization of public sector employees. Emphasis on teachers and other public employees at state and local levels.

Prereq: One course in economics.

ECON 325 Collective Bargaining. 3 hrs
Major problems in present-day collective bargaining including the negotiation of collective agreements, practical aspects, and economic implications.

Prereq: One course in economics.

ECON 327 Inequality and Economic Justice. 3 hrs
The distribution of wealth and income in the US; an economic analysis of income maintenance programs, including the US social security system.

Prereq: ECON 201 and ECON 202 or department permission.

ECON 328 Economics of Women. 3 hrs
The changing economic role of women in the labor force. Analysis of policies affecting earnings, employment, and
work and family issues in traditional and nontraditional occupations. Includes some international comparisons.

**Prereq:** One course in economics or junior standing.

**ECON 329 Economics of Crime.** 3 hrs
The use of economic concepts and tools to analyze economic causes of crime and economic policies relevant to crime.

**Prereq:** ECON 202 or equivalent.

**ECON 332 Urban Economics.** 3 hrs
The level, distribution, stability, and growth of urban income and employment. Analysis of contemporary urban problems, such as inner-city poverty, housing-land use, transportation, and local public services with special reference to economic efficiency and programs.

**Prereq:** ECON 201 and ECON 202 or equivalent.

**ECON 336 Economics of Environment and Natural Resources.** 3 hrs
The application of economic concepts and analysis to problems of environment and management of natural resources.

**Prereq:** ECON 202 or equivalent.

**ECON 337 Energy Economics and Policies.** 3 hrs
Introduction to the economics of energy in the US and world economies, including a critical analysis of the policies of the governments involved.

**Prereq:** ECON 202 or equivalent.

**ECON 338 Land Economics.** 3 hrs
The use of land in modern society, including a critical economic evaluation of alternative and optimal uses of land.

**Prereq:** ECON 201 and ECON 202 or equivalent.

**ECON 340 Money and Banking.** 3 hrs
The nature and role of money and credit, the banking system and other financial institutions, and the relation of monetary policy to the level of economic activity.

**Prereq:** ECON 201 and ECON 202 or equivalent.

**ECON 350 Government Finance.** 3 hrs
An examination of theory, institutions, and problems of financing the public sector; the effects of expenditures, taxes and other revenue sources, borrowing, debt management, and grants-in-aid at all levels of government upon the distribution of national income and upon the allocation of resources.

**Prereq:** ECON 201 and ECON 202 or equivalent.

**ECON 361 Corporation Finance.** 3 hrs
The structure, financial organization, income, and policy decisions of corporations.

**Prereq:** One course in economics.

**ECON 370 Comparative Economic Systems.** 3 hrs
Alternative approaches to organizing economic activity, emphasizing advantages and disadvantages as compared to the US economic system. Illustrations are taken from noncapitalist economies such as Cuba and China.

**Prereq:** One course in economics.

**ECON 376 Economic History of the United States.** 3 hrs
The economic development of the United States.

**Prereq:** One course in economics.

**ECON 377/378/379 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Prereq:** Department permission.

**ECON 386 Economic Development.** 3 hrs
The causes, the consequences, and possible solutions of economic problems facing the developing countries of Latin America, Africa, and Asia. Emphasis on mass poverty, food shortages, overpopulation, unemployment, and unequal income distribution.

**Prereq:** One course in economics.

**ECON 386 Technology and Economic Growth.** 3 hrs
The nature of technology and its importance for contemporary economic growth. Includes technological change and the effects on society and the individual.

**Prereq:** One course in economics.

**ECON 387 Cooperative Education.** 3 hrs
Provides practical experience in the student's major field for four to six months of full-time employment at an individual employer. The program consists of one or two work experiences (ECON 387 and ECON 487) alternated with full-time attendance at the University. A written report is required at the end of each employment period. Admittance to program by application only. Graded credit/no credit. Credits count a maximum of three hours towards degree requirements in the labor studies program and none in the economics major or minor.

**Prereq:** Junior standing. Major in economics or labor studies. Department permission.

the less developed economies. Cases may change from year to year.
Prereq: ECON 201 and ECON 202 or equivalent.

ECON 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ECON 480 International Economics. 3 hrs
Analysis of theory and economic problems of international trade factor movements, exchange mechanisms, balance of payments, regional economic integration, assistance agencies, and adjustments to changing conditions.
Prereq: ECON 201 and 202, or equivalent.

ECON 487 Cooperative Education. 3 hrs
Provides practical experience in the student's major field for four to six months of full-time employment at an individual employer. The program consists of one or two work experiences (ECON 387 and ECON 487) alternated with full-time attendance at the University. A written report is required at the end of each employment period. Admittance to program by application only. Graded credit/no credit. Credits count a maximum of three hours towards degree requirements in the labor studies program and none in the economics major or minor.
Prereq: ECON 387, Department permission.

ECON 491 Research Seminar in Economics. 3 hrs
Selected issues in economic methodology, research procedures, and techniques with the preparation of a major research paper and group analysis of its findings.
Prereq: Junior standing, economics major or minor.

ECON 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.
ENGLISH LANGUAGE AND LITERATURE

Marcia A. Dalbey
Department Head
612 Pray-Harrold
487-4220

Associate Professors: Cheryl Cassidy, Keith Denning, Harry Eiss, Catherine Fleischer, Bernard Miller, Alexandra Norton, James Pinson, Daniel Seely, Ian Wojcik-Andrews

Emeritus Professors: Bernard Decker, Althea Helbig, Donald Lawniczak

The programs offered by the English department are designed to enhance a student's understanding and skill in literature, English language and composition, and written communication. These programs also prepare students for a broad range of careers, especially those that are media-related and require the ability to read carefully, write clearly, and understand the complexities of style and structure variations in the language.

The department supports a student chapter of Sigma Tau Delta, national honorary society for students of English; Women in Communications, Inc., national professional honorary organization for women and men in communications; and the student-managed English Club for all students of English.

Degrees:
Bachelor of Arts and Bachelor of Science
Programs of Study

Majors:
English language
English linguistics

Journalism
Literature
Written communication

Interdisciplinary and Group Majors:
English and American language and literature
English and American language and literature for elementary education
English and American language and literature for secondary education
Language, journalism, telecommunications, and film
Literature and drama/theatre for the young
Literature and drama/theatre for the young for elementary education
Literature, language, communications, and theatre arts
Literature, language, communications, and theatre arts for elementary education
Public relations

Minors:
Children's literature
Children's literature for elementary education
English language
English language and literature
English language and literature for elementary education
English language and literature for secondary, K-12, and special education-secondary
English linguistics
Journalism
Literature
Writing

Advising is available from faculty advisers whose names and office hours are posted in the English department office.

Special requirements for students seeking admission to the written communication major include evidence that their GPA is at least 2.5 at the end of the sophomore year.

Students who score above 650 on the verbal part of the SAT or 25 on the English section of the ACT and whose high school GPA was 2.5 or above may choose to enroll in a basic language course in a foreign language (FRNH/GERN/SPNH 121, 122, 221, or 222) instead of ENGL 121 English Composition.

Graduate study leads to the master's degree in English. The MA degree is described in the Graduate Catalog.

   - LITR 412 English Literature in the Middle Ages (3)
   - LITR 413 The Poetry of Chaucer (3)
LING 201 An Introduction to Linguistics .......... 3
LING 402 Modern English Grammar ............. 3
LING 205 English Words or LING 421 The History of the English Language .......... 3
ENGL 484 Seminar in Written Communications or LING 471 Independent Study in Linguistics 1-3

2. Restricted Electives .................................... 9-12
LING 310 Afro-American English, LING 340 Language and Culture, or any other LING course approved by the undergraduate advisor
ENGL 225 Intermediate English Composition, ENGL 326 Research Writing, ENGL 387/487 Co-operative Education, ENGL 424 Technical Writing, ENGL 427 Technical Editing, ENGL 428 Writing Computer Documentation
JRNL 215 Journalism, JRNL 306 Feature, Interpretive, and Editorial Writing, JRNL 307 Copy Editing, JRNL 314 Writing for Public Relations, JRNL 423 Magazine Article Writing, JRNL 453 Advanced Reporting

ENGLISH LINGUISTICS MAJOR
Sem hours
Major in English linguistics ................................ 30

1. Required courses ........................................... 18
LING 201 An Introduction to Linguistics .......... 3
LING 401 Introduction to Linguistic Science .... 3
LING 402 Modern English Grammar ............. 3
LING 420 Introduction to Phonology ............ 3
LING 421 The History of the English Language .. 3
LING 425 Introduction to Syntax ................. 3

2. Electives .................................................. 12
The remaining twelve hours of study are to be selected by the candidates and their advisers. They may include courses from inside or outside the department. Suggested areas include anthropology, composition and rhetoric, 500-level linguistics courses, foreign languages, literature (particularly the early periods), math and computer science, philosophy, psychology, reading, sociology, speech and hearing science, communications, and TESOL.

LITERATURE MAJOR
Sem hours
Major in literature .......................................... 30

1. Required basic literature courses .............. 9
a. Choose two courses from the following:
   LITR 100 The Reading of Literature, LITR 101 The Reading of Literature: Fiction, LITR 102 The Reading of Literature: Poetry, LITR 103 The Reading of Literature: Drama, LITR 204 Native American Literature, LITR 251 The Bible as Literature, LITR 260 African American Literature
b. LITR 210 Introduction to Shakespeare
   (No more than nine semester hours of 100- and 200-level literature courses may count toward this major)

2. Restricted electives ...................................... 12
Choose one course from each of the following groups:
   a. LITR 305 Shakespeare: The Major Comedies and Histories, LITR 340 The Rise of British Drama to 1642, LITR 341 English Drama 1660-1779, LITR 411 Medieval Epic and Romance, LITR 412 English Literature in the Middle Ages, LITR 413 The Poetry of Chaucer, LITR 414 English Renaissance Prose and Poetry 1500-1660, LITR 415 Literature of the Neo-Classical Period 1660-1798
c. LITR 333 Modern British and European Novel 1914 to Present, LITR 342 The Development of Modern Drama, LITR 401 Modern British and American Poetry 1914 to Present, LITR 460 Recent Trends in British and American Literature
d. LITR 328 The Rise of the American Novel to 1920, LITR 332 The Modern American Novel 1920 to Present, LITR 409 The Development of American Literature, LITR 410 Modern American Literature

3. Electives .................................................. 9
Choose from the restricted electives or from the following:
   LITR 300 Narrative in Literature and Film, LITR 440 Literary Types, LITR 443 Women in Literature, LITR 450 Major Authors

WRITTEN COMMUNICATION MAJOR
Students electing this major select one of the two areas of concentration: technical communications and imaginative writing. A 2.5 GPA is required for admission to each of the concentrations.

In the restricted electives for each concentration, students may take only the courses listed unless they obtain department permission for substitutions.
### Journalism Major

Students will be required to complete 30 hours in professional journalism and writing courses (see below), plus a 20-hour minor in a specified field. Admission to the program will require a 2.6 grade point average. For journalism majors, JRNL 213 Introduction to the Print Media is a prerequisite for all courses in the major. JRNL 213 does not count toward the major.

#### Major in journalism

1. **Required courses** ........................................... 21
   - ENGL 324 Principles of Technical Communication
   - ENGL 328 Writing: Style and Language
   - ENGL 424 Technical Writing
   - ENGL 427 Technical Editing
   - ENGL 428 Writing Computer Documentation
   - ENGL 436 Electronic Publishing
   - ENGL 484 Seminar in Written Communication 3

2. **Restricted electives** .................................. .. 9
   Choose three courses from the following:
   - CTAC 227 Interpersonal Communication
   - FA 165 Graphic Design for Nonmajors
   - INDT 121 Graphic Communication, INDT 201 Microcomputer Applications, INDT 204 Photographic Communication, INDT 436 Electronic Publishing Technology
   - COSC 138 Computer Science
   - INDT 201 Microcomputer Applications or INTE 105 Computer Applications for Industry

---

### Undergraduate Catalog

Students are advised to choose free electives from the following list:

- LITR 210 Introduction to Shakespeare
- LITR 332 The Modern American Novel 1920 to Present
- LITR 410 Modern American Literature
- HIST 101 Western Civilization to 1848
- HIST 102 Western Civilization, 1648 to World War I
- HIST 103 Twentieth Century Civilization
- PHIL 110 Philosophs of Life
- PHIL 130 Introduction to Logic
- PLSC 112 American Government

*Course may be repeated for additional credit if topic is different.*
course from a list available from journalism advisors)

ECON 201 Principles of Economics I
ECON 202 Principles of Economics II
COSC 136 Computers for the Nonspecialist
ANTH 135 Introduction to Cultural Anthropology

If a journalism major chooses a minor in economics, English language and literature, history, or political science, those courses listed here which are part of that minor should be replaced with courses listed as restricted electives on the major. Courses taken to fulfill the basic studies requirements leave room for still other free electives.

Science, technical, business, or other minors will be encouraged for those students wishing to pursue interests or careers that might combine journalism with those specialties. Choice of those minors will be subject to approval by the journalism adviser.

**Suggested electives:**
- SOCL 105 Introductory Sociology
- CTAT 141 Introduction to Radio-TV-Film Production
- CTAT 331 Fundamentals of Radio Production and Direction
- CTAT 332 Fundamentals of Television Production and Direction
- CTAT 336 Studies in Telecommunications

**INTERDISCIPLINARY MAJOR IN PUBLIC RELATIONS**

Admission to the program will require a 2.8 GPA, which must be maintained in the major as well as in the minor selected. Admission is granted by the English Language and Literature department. Courses from both the English and Communication and Theatre Arts departments are offered as requirements and restricted electives.

Credit hours in Professional Studies: .............. 34

Total credit hours required, with 20-hour minor: 196

*Course required for and applicable to major.
1Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

English and American Language and Literature Major

Elementary Teacher Certification
Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in English, certification code "BA." The certification test covering this field is #02, "English."

The curriculum for this major is that which is listed under "Teaching Major" in the secondary English program above, plus the requirements under IV-B-2 in that program's Basic Studies requirements. Approved minors are those for the elementary program as given on page 362.

33 hours, not including the minor and not including course work that may be satisfied through Basic Studies.

Teaching Minors

English and American Language and Literature Minor

Elementary, Secondary, K-12, Special Education-
Elementary, and Special Education-Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in English, certification code "BA." The certification test covering this field is #02, "English."

Two of:
*LITR 100 The Reading of Literature (3)
*LITR 101 The Reading of Literature: Fiction (3)
*LITR 102 The Reading of Literature: Poetry (3)
*LITR 103 The Reading of Literature: Drama (3)
LITR 251 The Bible as Literature (3)
*LITR 260 African American Literature (3)
LITR 210 Introduction to Shakespeare (3)
Any 300- or 400-level LITR course for which the prerequisites have been met, except LITR 351 and LITR 352 (3)

One of:
*ENGL 225 Intermediate English Composition (3)
ENGL 324 Principles of Technical Communication (3)
ENGL 326 Research Writing (3)
ENGL 328 Writing: Style and Language (3)
(Prereq: an advanced writing course or permission)
ENGL 336 Imaginative Writing (3)
ENGL 417 Writing about Controversies (3)
(Prereq: two writing courses at 200 level or above or permission)
ENGL 422 Writer's Workshop: Fiction or Poetry (3)
(Prereq: ENGL 324 or permission)

Not more than one of:
JRNL 215 Journalism (3)
JRNL 306 Feature Writing (3)
(Prereq: JRNL 215)
JRNL 307 Copy Editing (3)
(Prereq: JRNL 215 and JRNL 306)
JRNL 314 Writing for Public Relations (3)
(Prereq: JRNL 215 and either CTAS 121 or CTAS 124)

One of:
LING 201 An Introduction to Linguistics (3)
LING 402 Modern English Grammar (3)
LING 421 The History of the English Language (3) (Prereq: LING 201 or LING 401)

Two courses in literature, composition, or English language except ENGL 120, LITR 207, LITR 251, ENGL 451. Students in elementary programs may take LITR 207.

24 hours (including hours satisfied in Basic Studies)
*May be satisfied in Basic Studies in some programs.
**Satisfies cross-cultural/international studies requirement.

CHILDREN’S LITERATURE
ELEMENTARY AND SPECIAL EDUCATION-ELEMENTARY TEACHER CERTIFICATION

Note: Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in English, certification code “BA.” The certification test for “English” is #02, “English.” However, the student is advised that there is no test in children’s literature and that the test in English covers material not included in this curriculum.

* LITR 207 Introduction to Children’s Literature (3)
ENGL 450 Children’s Literature: Criticism and Response (3)
or
ENGL 451 Writing About Controversy in Literature for the Young (3)

Two of:
**LITR 100 The Reading of Literature (3)
**LITR 101 The Reading of Literature: Fiction (3)
**LITR 102 The Reading of Literature: Poetry (3)
**LITR 103 The Reading of Literature: Drama (3)
LITR 251 The Bible as Literature (3)
**LITR 260 African American Literature (3)

Three of:
**LITR 204 Native American Literature (3)
LITR 210 Introduction to Shakespeare (3)
LITR 251 The Bible as Literature (3)
LITR 351 World Mythology (3)
LITR 352 Folk Literature: Ballads and Folk Tales (3)
ENGL 451 Writing about Controversy in Literature for the Young (3)

21 hours (including hours satisfied in Basic Studies)

* In Basic Studies for elementary program.
** In Basic Studies for both elementary and special education programs.
*Satisfies cross-cultural/international studies requirement.

COMPOSITION COURSES

ENGL 120 Basic English Composition. 3 hrs
An introductory course on the composing process, with emphasis on writing short expository essays that follow the conventions for paragraphing, syntax, diction, and punctuation in standard American English. Required of students whose SAT verbal scores are below 400 or whose ACT English scores are below 17, as space permits. These students must take ENGL 120 during their first semester at Eastern as a prerequisite for ENGL 121. ENGL 120 does not apply on the basic studies requirements.

ENGL 121 English Composition. 3 hrs
The fundamental skills of reading, reasoning, and writing with emphasis upon the reading and analysis of prose selections and upon basic writing matters, such as thesis, organization, support and development, paragraphing, sentence structure, word choice, punctuation, and documentation. Frequent papers and conferences.

ENGL 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ENGL 225 Intermediate English Composition. 3 hrs
A course that explores the principles and strategies of effective writing with emphasis on argument and persuasion.
Prereq: ENGL 121 and sophomore standing.
ENGL 227 Writing about Literature. 3 hrs
An intermediate writing course that introduces students to a variety of critical approaches to literature and that teaches reading and writing as interrelated activities. 
Prereq: ENGL 121 and two courses in literature. Major or minor in the English department or department permission.

ENGL 277/278/279 Special Topics. 1/2/3 brs
An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied. 
Prereq: ENGL 121.

ENGL 308 Teaching English in the Secondary Schools. 3 hrs
For secondary English education majors with focus on appropriate methods and materials for teaching language arts in grades 7-12. Special attention will be given to lesson planning, evaluation techniques, and classroom management. Does not count toward majors or minors. 
Prereq: Taken the term before student teaching. Not open to students on academic probation. Must have at least a 2.75 GPA in major.

ENGL 324 Principles of Technical Communication. 3 hrs
A course for juniors and seniors who wish to study the style and focus of communication that is particularly appropriate to the fields of science and technology. 
Prereq: English 121 and Junior standing. Not open to students with credit in ENGL 323.

ENGL 326 Research Writing. 3 hrs
A course designed to explore the strategies, format, and styles of writing appropriate for academic research with emphasis on the student's own field of study. 
Prereq: ENGL 121 and junior standing.

ENGL 328 Writing: Style and Language. 3 hrs
An advanced writing course focusing on the interrelationships among purpose, audience, style, the social and political nature of language, and electronic writing. 
Prereq: JRNL 215, or ENGL 225, or ENGL 324, or ENGL 326.

ENGL 335 Imaginative Writing. 3 hrs
The study and practice of the techniques of imaginative writing, including poetry and prose fiction. The elements of narration, including description, character development, plot structure, and dialogue will be emphasized. Course may be repeated for additional credit if topic is different. 
Prereq: One advanced literature course (200 level or above), or department permission.

ENGL 377/378/379 Special Topics. 1/2/3 brs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 
Prereq: Department permission.

ENGL 408 Writing for Writing Teachers. 3 hrs
A writing course for students preparing to teach English in secondary schools. Students develop their skills as writers and learn how to teach writing. Special focus on recent composition research, theory, and practices, and on strategies, materials, and evaluation techniques. 
Prereq: Two writing courses at 200-level or above.

ENGL 417 Writing about Controversies. 3 hrs
The reading, analysis, and writing of argumentative essays on different types of controversies, with emphasis on how to use various types of arguments and appeals for different readers and on the different forms of written arguments. 
Prereq: ENGL 121 and two writing courses at the 200-level or above, or department permission.

ENGL 422 Writer's Workshop: Fiction or Poetry. 3 hrs
A seminar workshop for the student who wants more experience in imaginative writing. The class schedule will specify fiction or poetry for each particular workshop. This course may be repeated for additional credit if topic is different. 
Prereq: ENGL 335 and two literature courses at the 200 level or above, or department permission.

ENGL 424 Technical Writing. 3 hrs
An advanced workshop that prepares students to communicate, particularly to write, on the job. 
Prereq: ENGL 324 or department permission.
ENGL 427 Technical Editing. 3 hrs
Editing of technical material for publication. Principles of style, format, graphics layout, and publication management.
Prereq: ENGL 424, or department permission.

ENGL 428 Writing Computer Documentation. 3 hrs
An advanced writing course that introduces students to the principles of designing, preparing, and testing documents common in the computer industry, particularly software documentation for users.
Prereq: CSC 136 and ENGL 324, or department permission.

ENGL 450 Children's Literature: Criticism and Response. 3 hrs
Practical criticism of children's literature, prose, and poetry, designed to help students develop critical judgment and a clear prose style. Applies toward the minor in children's literature and the interdisciplinary major in children's literature and drama/theatre for the young.
Prereq: LITR 207.

ENGL 451 Writing about Controversy in Literature for the Young. 3 hrs
This course will deal with strategies for the collection, organization, and presentation of materials dealing with controversial issues in literature for young adults.
Prereq: ENGL 121 and LITR 207, or department permission.

ENGL 477/478/479 Special Topics. 1/2/3 hrs
An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: Department permission.

ENGL 484 Seminar in Written Communications. 3 hrs
A seminar requiring students to assess their progress in the major and to consider how their beliefs and practices concerning written communications relate to larger social and rhetorical considerations. Portfolio
Prereq: ENGL 328 and ENGL 424.

ENGL 487 Cooperative Education. 3 hrs
Employment for pay in a business or industry chosen to provide practical experience in the use of English skills. Work experiences generally are alternated with full-time attendance at the University.
Prereq: Senior standing. Admittance by application only.

ENGL 488/489/490 Internship. 1/2/3 hrs
Optional, practical on-the-job work experience for recommended students electing an opportunity provided by the department or finding an appropriate outside opportunity subsequently approved by the intern supervisor; paid or nonpaid. One hour credit for 10-15 hours per week; two hours for 16-25 hours; three hours for 26 and above.
Prereq: Junior or senior standing and recommendation of technical writing professor, ENGL 324; cumulative 3.0 GPA.

ENGL 497/498/499 Independent Study. 1/2/3 hrs
An intensive study of a topic not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the Curriculum Committee. Restricted to students taking majors or minors in the English Language and Literature department.
Prereq: Nine hours in the appropriate major or minor.

ENGLISH LANGUAGE AND LINGUISTICS COURSES

LING 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LING 201 An Introduction to Linguistics. 3 hrs
An introduction to phonology, morphology, syntax, the lexicon, semantics, sociolinguistics, psycholinguistics, and other concerns.
Prereq: Sophomore standing.

LING 206 English Words. 3 hrs
Principles of sound, form, and meaning relationships facilitate the student's mastery of word structure, spelling, use, and comprehension in a language science approach to the analysis of native English words and the foreign vocabulary which is frequently used in English speech and writing. Addresses linguistic, social, historical, and other factors in the development of English, fostering greater linguistic sophistication and appreciation for the richness of the English language.

LING 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
LING 310 African American Language. 3 hrs
A survey of the history of African American language from African origins to the present day. Details of the structure (i.e., sounds, words, sentence, and discourse patterns) of African American English and its functions in American culture, from everyday language use to its employment in literature and other verbal arts. Special attention is paid to issues resulting from contact between different language varieties and the pervasiveness of linguistic diversity in the US and around the world.
Prereq: LING 201, or LNGE 223, or AAS 101.

LING 322 Languages of the World. 3 hrs
A study of the relation of language to social behavior and modes of thought in unilingual and multilingual communities.

LING 340 Language and Culture. 3 hrs
A survey of the variety of languages and language groups of the world. Topics covered include: origins of human language, language relationships, the ways language changes and why, unusual writing systems, and linguistic exotica.
Prereq: ANTH 135 or LING 201 or LNGE 223.

LING 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LING 401 Introduction to Linguistic Science. 3 hrs
An introduction to linguistic theory and analytical procedures. Students will apply theoretical principles to problems of phonological and syntactic analysis.
Prereq: LING 201 or LNGE 223.

LING 402 Modern English Grammar. 3 hrs
An introduction to the grammar of modern English: problems in the description and analysis of English grammar.
Prereq: Junior standing.

LING 415 Women and Language 3 hrs
This course analyzes the way that gender is reflected in language structure and linguistic behavior, in both English and other languages. It will consider such topics as gender-related vocabulary and morphology, gender differences in discourse styles, and the question of whether gender-related language differences have neurological correlates or are exclusively social in origin.
Prereq: Junior standing or department permission.

LING 420 Introduction to Phonology. 3 hrs
An introduction to the basic principles of modern phonology, beginning with a review of phonetics.
Prereq: LING 401.

LING 421 The History of the English Language. 3 hrs
A study of the development of the language from its earliest stages to the present with attention to social influences as well as matters of sound, word formation, and sentence structure.
Prereq: LING 201 or LING 401.

LING 425 Introduction to Syntax. 3 hrs
The development of a base in syntactic theory, learning both the mechanisms of a transformational grammar and the argumentation used in syntactic analysis.
Prereq: LING 401.

LING 426 Topics in Linguistics. 3 hrs
Advanced study in specific areas of linguistics for which the department does not regularly offer a course. The area to be studied will vary and will be determined by the field of specialization of the staff members and by student interest. This course may be taken more than once, providing the topics are different.
Prereq: LING 401.

LING 434 The Linguistic Analysis of Literature 3 hrs
LING 434 will analyze the linguistic structure which underlies such aspects of literary interpretation as point of view shift, foregrounding, and presupposition.
Prereq:s: LING 201, or LING 401.

LING 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LING 497/498/499 Independent Study. 1/2/3 hrs
Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the Curriculum Committee. Restricted to students taking majors or minors in the English Language and Literature department.
Prereq: Nine hours in the appropriate major or minor.
**Journalism and Public Relations Courses**

**JRNL 177/178/179 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

**JRNL 213 Introduction to the Print Media.** 3 hrs
An exploration into the multiple effects of print media on American popular culture and vice versa. Understanding the business of news, features, editorials, comics, and other media formats. Tracking the development of contemporary media research. Learning to become critical consumers of print media. Student media research.

**JRNL 215 Journalism.** 3 hrs
An introduction to newspaper reporting. Learning to gather information and to write in an approved journalistic style. Courses offer practical instruction and working exercises in interviewing, news story development, lead writing, and editing skills. Substantial use of computer lab.
*Prereq: Sophomore standing.*

**JRNL 277/278/279 Special Topics.** 1/2/3 hrs
An examination of topics in journalism not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
*Prereq: Sophomore standing.*

**JRNL 305 Editorial, Column, and Review Writing.** 3 hrs
Writing of interpretive articles, editorials, reviews, and columns. Aimed at developing the student's critical faculties, it includes the study of public opinion and the efforts to change it, the rhetorical principles of argumentation and persuasion, and the aesthetic principles guiding criticism in the arts.
*Prereq: JRNL 215*

**JRNL 306 Feature Writing.** 3 hrs
Writing of feature and interpretive articles and editorials designed for newspapers or magazines. Emphasis on research, interviewing, and logical presentation of informative material. Writing assignments and analysis of writing in the mass media.
*Prereq: JRNL 215*

**JRNL 307 Copy Editing.** 3 hrs
Practical application of professional techniques for editing copy for newspapers, magazines, and books, including basic headline writing, use of pictures, and understanding the laws of libel and copyright and the rights of privacy.
*Prereq: JRNL 215 and JRNL 306.*

**JRNL 311 Editing Procedures.** 3 hrs
Presentation of the written word on the printed page relative to the use of photographs and other illustrations; copy fitting, printers' markings, visual concepts; typographical selection; page makeup; working with graphic artist and printer.
*Prereq: JRNL 215.*

**JRNL 312 Introduction to Public Relations.** 3 hrs
Definition, historic aspects, evolution, and ethics of public relations; the practical use of public relations by corporations, not-for-profit organizations, businesses, institutions, and government; correlation of written, oral, and visual skills.
*Prereq: JRNL 215, and CTAS 121/124.*

**JRNL 313 History of American Journalism.** 3 hrs
A survey of the historical evolution of journalism in the United States, its involvement in the social, economic, and political development of the national life and its influences on the decision-making process through its effect on public officials.
*Prereq: Sophomore standing.*

**JRNL 314 Writing for Public Relations.** 3 hrs
Practical experience in writing press releases, broadcast announcements, speeches, and scripts to present a project or product, preparing brochures, newsletters, annual reports, memos, and proposals; implementing public relations campaigns.
*Prereq: JRNL 312.*

**JRNL 377/378/379 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

**JRNL 387 Cooperative Education.** 3 hrs
Employment for pay in the print media, public relations, or publishing fields to provide practical experience for skills learned in the classroom. Work experiences gen-
generally are alternated with full-time attendance at the University.

Prereq: Junior or senior standing; admittance by application to the Cooperative Education office and recommendation approved by a journalism professor.

**JRNL 408 Case Studies in Public Relations. 3 hrs**
Solving problems and managing controversy in the day-to-day pursuit of public relations; legal considerations; crisis communication; professionalism and public responsibility in public relations.

Prereq: JRNL 312 and JRNL 314.

**JRNL 423 Magazine Article Writing. 3 hrs**
A writing course to develop skills in investigating and writing nonfiction articles longer and more complex than feature or background articles in daily newspapers. Emphasis on individual completion of articles of professional quality.

Prereq: ENGL 328 or JRNL 306 or department permission.

**JRNL 453 Advanced Reporting. 3 hrs**
Writing of news stories dealing with such topics as courts, politics, government, finance, labor, education, etc. Emphasis on study and research to provide articles of depth.

Prereq: JRNL 215.

**JRNL 454 Contemporary Problems in Journalism. 3 hrs**
Emphasis on student investigation, reporting, and writing on selected problems such as free press vs. fair trial, media accessibility, and the people's right to know.

Prereq: Junior standing.

**JRNL 455 Journalism and the Law. 3 hrs**
A senior professional course exploring issues of libel, privacy, free press-fair trial, and the First Amendment.

Prereq: JRNL 454.

**JRNL 477/478/479 Special Topics. 1/2/3 hrs**
An examination of topics in journalism not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.

Prereq: Junior standing and department permission.

**JRNL 487 Cooperative Education. 3 hrs**
Employment for pay in the print media, public relations, or publishing fields to provide practical experience for skills learned in the classroom. Work experiences generally are alternated with full-time attendance in the classroom.

Prereq: Junior or senior standing; admittance by application to the Cooperative Education office and recommendation approved by a journalism professor.

**JRNL 488/489/490 Internship. 1/2/3 hrs**
Optional, practical on-the-job work experience for recommended students electing an opportunity provided by the department or finding an appropriate outside opportunity subsequently approved by the intern supervisor; paid or nonpaid. One hour credit for 10 hours work per week; two hours for 11-17 hours; three hours for 18 and above.

Prereq: Junior or senior standing and recommendation of journalism professor.

**JRNL 497/498/499 Independent Study. 1/2/3 hrs**
Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the Curriculum Committee. Restricted to students taking majors or minors in the English Language and Literature department.

Prereq: Nine hours in the appropriate major or minor.

**Literature Courses**

Area IV basic studies requirements may be fulfilled with the following courses: LITR 100, 101, 102, 103, 204, 260.

**LITR 100 The Reading of Literature. 3 hrs**
An introduction to the techniques of critical reading with equal emphasis on prose fiction, poetry, and drama. Development of a fundamental understanding and enjoyment of reading.

**LITR 101 The Reading of Literature: Fiction. 3 hrs**
Reading and critical analysis of prose fiction intended to deepen the student's understanding and enjoyment of prose fiction.

**LITR 102 The Reading of Literature: Poetry. 3 hrs**
Reading and critical analysis of poetry intended to deepen the student's understanding and enjoyment of poetry.
LITR 103 The Reading of Literature: Drama. 3 hrs
Reading and critical analysis of drama intended to deepen the student’s understanding and enjoyment of drama.

LITR 106 Rome and America. 6 hrs
A comparison of the people and culture of ancient Rome and modern America, considering individual hopes and ideals, religious beliefs, and ideas about death, government, morality, love, and sex. Team taught by a member of the English department and a classicist. These courses must be taken concurrently and satisfy two literature requirements. Note: See Honors Humanities Courses, page 46.

LITR/HIST 107 Society in Crisis: 1848 and 1968. 6 hrs
A comparison and contrast of the social crises that culminated in two revolutionary aftermaths (1848 in Europe and 1968 in the United States and Europe), focusing on alienation, women, the rise of nationalism and ethnic consciousness, and the revolutionary outlook and its ultimate frustration. Team taught by members of the History and English departments. These courses must be taken concurrently and satisfy one history requirement and one literature requirement. Note: See Honors Humanities Courses, page 46.

LITR 122 American Studies: Success and the Pursuit of Happiness in 19th Century America. 3 hrs
An examination of the widespread 19th-century belief that worldly success produces happiness and an exploration of the proper relationship of knowledge and power, history and progress, wealth and happiness. Readings include such authors as Benjamin Franklin, H.D. Thoreau, William James, Mark Twain, and Horatio Alger. Team taught by members of the English and Philosophy Departments. This course satisfies one philosophy or one literature requirement. Note: See Honors Humanities Courses, page 46.

LITR 124 The Age of Wagner. 3 hrs
An exploration of the personal, intellectual, and artistic influences on Wagner’s life and work and a consideration of artists influenced by Wagner. Team taught by members of the English and Philosophy Departments. This course satisfies one philosophy or one literature requirement. Note: See Honors Humanities Courses, page 46.

LITR 126 The Age of Shakespeare. 3 hrs
An introduction to basic areas of Renaissance thought as background to at least three of Shakespeare’s plays, which are considered from theatrical as well as philosophical and literary points of view. Team taught by members of the English and Communication and Theatre Arts Departments. This course satisfies one literature or one theatre arts requirement. Note: See Honors Humanities Courses, page 46.

LITR 128 Russia in the Age of Tolstoy and Dostoevsky. 3 hrs
An introduction to the rise of the revolutionary movement in Russia in the half century preceding World War I due to developments in peasant, urban, and aristocratic life. Students examine selected works of literature and some art and music. Team taught by members of the English and History Departments. This course satisfies one literature or one history requirement. Note: See Honors Humanities Courses, page 46.

LITR 150 Humanity and Technology. 3 hrs
A brief study of distinctive and influential perceptions of the impact of technology on human values just after the first Industrial Revolution, with critical emphasis on problems concerning the use of special, refined technologies. Primary readings from Thoreau, Mark Twain, Henry Adams, Aldous Huxley, Lewis Mumford, and Garrett Hardin. This course satisfies one philosophy or one literature requirement. Note: See Honors Humanities Courses, page 46.

LITR 152 From the Gay Nineties to the Crash. 3 hrs
A series of biographical portraits providing an intensive look at profound cultural changes of the era 1890 to 1930, in both Europe and the United States. Team taught by members of the History and English Departments. This course satisfies one history or one literature requirement. Note: See Honors Humanities Courses, page 46.

LITR 155 Narrative in Literature and Film. 3 hrs
An introduction to cinematic concepts and terminology, focusing primarily on narrative techniques in literature and parallel devices in film. Readings include several prose forms and a text dealing with the theory of film. Team taught by members of the English and Philosophy Departments. This course satisfies one literature or one philosophy requirement. Students may not earn credit in both this course and LITR 300. Note: See Honors Humanities Courses, page 46.
LITR 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LITR 181 The Legacy of Greece. 3 hrs
An introduction to Greek epic, drama, poetry, history, and philosophy, illustrating the influence of the Greek tradition on western civilization. The literature is read in English translation. Representative examples of Greek architecture and sculpture are also examined. Team taught by a classicist and/or a member of the English Department. This course satisfies one literature requirement. Note: See Honors Humanities Courses, page 46.

LITR 201 Introduction to Science Fiction. 3 hrs
An introduction to science fiction as a medium for speculating on science, technology, politics, social systems, education, and the nature of being human. Does not satisfy the basic studies literature requirement.
Prereq: One literature course or department permission.

LITR 204 Native American Literature. 3 hrs
Study of the written and oral literature of the Native Americans, with emphasis upon the authored poetry, fiction, autobiography, and essay of the twentieth century.
Prereq: One literature course or department permission.

LITR 207 Introduction to Children's Literature. 3 hrs
A concentrated reading course designed to impart the knowledge necessary for an appreciation and understanding of children's literature and its use in the schools. In addition to reading the classics and the critically acclaimed works of both fiction and nonfiction by modern writers, students will study poetry, folklore, and mythology and examine the relationship between illustration and text. Does not count toward a major or minor in curricula for teachers in junior and senior high school.
Prereq: Sophomore standing.

LITR 210 Introduction to Shakespeare. 3 hrs
An introduction to at least five of Shakespeare's plays with emphasis upon the tragedies.
Prereq: One literature course or department permission.

LITR 245 Introduction to Film. 3 hrs
An introduction to the historical development of film as an art form with attention to cinematography, editing, scenarios, lighting, acting, and directing styles. Students cannot earn credit in both CTAT 145 and LITR 245.
Prereq: One course in literature or department permission.

LITR 251 The Bible as Literature. 3 hrs
Introduction to the literary study of the Bible. The Old Testament is represented chiefly by specimens of narrative and prophetic writings; the New Testament by selected incidents, parables, and sayings from the life of Jesus as portrayed in the synoptic gospels. Discussion of Biblical influences upon English and American literature.
Prereq: One course in literature.

LITR 260 African American Literature. 3 hrs
Representative American literature by black writers with emphasis upon the 20th century. Readings in poetry, fiction, drama, autobiography, and the essay.
Prereq: One course in literature.

LITR 277/278/279 Special Topics. 1/2/3 hrs
An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.
Prereq: One literature course or department permission.

LITR 281 The Bible as Literature. 3 hrs
An introduction to the literary study of the Bible. The Old Testament is represented chiefly by specimens of narrative and prophetic writings; the New Testament by selected incidents, parables, and sayings from the life of Jesus as portrayed in the synoptic gospels. Discussion of Biblical influences upon English and American literature.
Prereq: One course in literature.

LITR 290 Narrative in Literature and Film. 3 hrs
A study of the aesthetic parallels in narrative technique between certain prose forms (novel, novella, romance, satire) and film as a means of enhancing verbal and visual literacy. Not open to those with credit in LITR/PHIL 155.
Prereq: Two courses in literature.

LITR 300 Narrative in Literature and Film. 3 hrs
A study of the aesthetic parallels in narrative technique between certain prose forms (novel, novella, romance, satire) and film as a means of enhancing verbal and visual literacy. Not open to those with credit in LITR/PHIL 155.
Prereq: Two courses in literature.

LITR 305 Shakespeare: The Major Comedies and Histories. 3 hrs
A study of the aesthetic parallels in narrative technique between certain prose forms (novel, novella, romance, satire) and film as a means of enhancing verbal and visual literacy. Not open to those with credit in LITR/PHIL 155.
Prereq: Two courses in literature.

LITR 320 The Rise of the American Novel to 1920. 3 hrs
A critical reading of the American novel from C.B. Brown and J.P. Cooper through World War I. A study of the development of the novel in America from its earliest appearance to its critical maturity.
Prereq: Two literature courses or department permission.
3 hrs
The British novel from Defoe through Scott, including such figures as Richardson, Fielding, Sterne, Smollett, and Austen and such forms as the picaresque novel, the Gothic novel, the novel of sentiment, and the novel of manners.
Prereq: Two literature courses or department permission.

LITR 331 The Development of the British Novel 1832-1914.
3 hrs
A critical reading of Victorian and Edwardian fiction by such authors as Dickens, the Brontës, Thackeray, Trollope, Eliot, Meredith, Hardy, Moore, Wells, and Conrad.
Prereq: Two literature courses or department permission.

LITR 332 The Modern American Novel 1920 to Present.
3 hrs
A critical reading of significant American novels since World War I as represented by Hemingway, Fitzgerald, Faulkner, Bellow, Ellison, and others.
Prereq: Two literature courses or department permission.

LITR 333 Modern British and European Novel 1914 to Present.
3 hrs
A study of modern British and European novels significant to our times by such writers as Joyce, Proust, Lawrence, Forster, Wolfe, Kafka, Camus, Golding, Fowles, Robbe-Grillet, Handke, Calvino, Grass.
Prereq: Two literature courses or department permission.

LITR 340 The Rise of British Drama to 1642.
3 hrs
A study of British drama from the mystery plays, morality plays, and interludes to the revenge tragedies of Kyd, Marlowe, and Webster and the comedies of Jonson and Massinger.
Prereq: Two literature courses or department permission.

LITR 341 English Drama 1660-1779.
3 hrs
A study of the significant plays from the restoration of Charles II to the closing years of the 18th century.
Prereq: Two literature courses or department permission.

LITR 342 The Development of Modern Drama.
3 hrs
A study of modern drama from Robertson and Ibsen to the theater of the absurd of Pinter and Beckett, including such figures as Pirandello, Chekhov, Shaw, O'Neill, Williams, and Miller.
Prereq: Two courses in literature or department permission.

LITR 351 World Mythology.
3 hrs
A study of the mythological traditions that have most significantly informed western civilization. The myths are discussed as literature and as people's attempts to understand themselves, their society, and their physical environment.
Prereq: Two courses in literature.

LITR 352 Folk Literature: Ballads and Folk Tales.
3 hrs
A reading course in the traditional ballads and folk tales of Europe and North America with emphasis on those which appear in children's literature. Applies toward minor in children's literature only, but may be taken as a free elective.
Prereq: Two courses in literature.

LITR 377/378/379 Special Topics.
1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LITR 401 Modern British and American Poetry 1914 to Present.
3 hrs
A study of the verse of such major modern British and American poets as Yeats, Auden, Eliot, Pound, Cummings, Stevens, Williams, Thomas, Ashbery, Plath.
Prereq: Three courses in literature or department permission.

LITR 409 The Development of American Literature.
3 hrs
A study of American literature from colonial times to 1890, including such writers as Bradstreet, Franklin, Hawthorne, Melville, Thoreau, Emerson, Whitman, Dickinson, Twain, and James.
Prereq: Three courses in literature or department permission.

LITR 410 Modern American Literature.
3 hrs
A study of American literature from 1890 to the present, including such writers as Crane, Frost, Cather, Eliot, O'Neill, Fitzgerald, Faulkner, Hemingway, Bellow, Baldwin, O'Connor, and Updike.
Prereq: Three courses in literature or department permission.

LITR 411 Medieval Epic and Romance.
3 hrs
A critical reading of medieval French, German, and
English epics and romances (and their sources) in translation. The treatment will be both historical and comparative.

**Prereq:** Two courses in literature.

**LITR 412 English Literature in the Middle Ages.** 3 hrs
A survey of Old and Middle English literature from Beowulf to Malory, tracing the themes, genres, and literary techniques of early English literature.

**Prereq:** Three courses in literature or department permission.

**LITR 413 The Poetry of Chaucer.** 3 hrs
An introduction to the major works of Chaucer: a close reading of representative poetry.

**Prereq:** Three courses in literature or department permission.

**LITR 414 English Renaissance Prose and Poetry 1500-1660.** 3 hrs
Major authors from the age of Shakespeare to the close of the Renaissance, including the humanists, lyric poets, Spenser, Bacon, Donne and the metaphysicians, and Milton.

**Prereq:** Three courses in literature or department permission.

**LITR 415 Literature of the Neo-Classical Period 1660-1798.** 3 hrs
A study of English literature from the Restoration of Charles II through the second half of the 18th century: Dryden, Swift, Pope, Johnson, Goldsmith, Gray, Collins, and others.

**Prereq:** Three courses in literature or department permission.

**LITR 416 Romantic Rebellion in Britain 1798-1832.** 3 hrs
A study of the shift in literary emphasis in Britain from reason to the emotions, imagination, and individualism in the works of Wordsworth, Coleridge, Lamb, DeQuincey, Hazlitt, Byron, Shelley, Keats.

**Prereq:** Three courses in literature or department permission.

**LITR 417 Victorian and Edwardian Literature 1832-1914.** 3 hrs
A study of prose and poetry of such authors as Carlyle, Mill, Tennyson, Browning, Ruskin, Arnold, Hopkins, Swinburne, Hardy, Pater, Wilde, Kipling, and others.

**Prereq:** Three courses in literature or department permission.

**LITR 440 Literary Types.** 3 hrs
A study of the characteristics of a particular literary genre, independent of chronology, theme, or author.

**Prereq:** Three courses in literature or department permission.

**LITR 443 Women in Literature.** 3 hrs
A study of women and their experiences as described in literature.

**Prereq:** Two courses in literature.

**LITR 450 Major Authors.** 3 hrs
An intensive study of a major literary figure or a group of related authors. The particular author to be taught in a given semester will be announced in the class schedule bulletin.

**Prereq:** Three courses in literature or department permission.

**LITR 460 Recent Trends in British and American Literature.** 3 hrs
A study of innovations in recent British and American poetry, fiction, or drama. The particular focus of the course to be taught in a given semester will be announced in the class schedule bulletin.

**Prereq:** Three courses in literature or department permission.

**LITR 477/478/479 Special Topics.** 1/2/3 hrs
An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once as long as different topics are studied.

**Prereq:** Three courses in literature or department permission.

**LITR 497/498/499 Independent Study.** 1/2/3 hrs
Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the Curriculum Committee. Restricted to students taking majors or minors in the English Language and Literature department.

**Prereq:** Nine hours in the appropriate major or minor.
FOREIGN LANGUAGES AND BILINGUAL STUDIES

Steven D. Kirby
Department Head
219 Alexander
487-0130

Professors: JoAnn Aebersold, Ronald C. Cere, William J. Cline, E. Catherine Day, J. Sanford Dugan, James P. Holoka, John R. Hubbard, Steven D. Kirby, Benjamin W. Palmer, John Pisoni, Anne G. Nerenz, Sharon Robertson, Reynaldo Ruiz

Associate Professors: Ana Maria McCoy, Elisabeth Morgan, Thomas Vosteen

Assistant Professors: Thomas Cullen, Glenn Deckert, Alfonso Illingworth-Rico, Geneviève Peden, Motoko Tabuse

Director, bilingual bicultural teacher education program: Phyllis Clemens-Noda

The Foreign Languages and Bilingual Studies department offers a variety of traditional and innovative majors and minors in French, German, Japanese, Spanish, and English as a second language; a group minor in bilingual-bicultural teacher education leading to either elementary or secondary certification; a group minor in teaching English to speakers of other languages; a group major in language and international trade; and a group major in language, journalism, telecommunications, and film.

Students in the language and international trade program with concentrations in business French, German, and Spanish are eligible to take examinations administered by Eastern Michigan University leading to certification in their fields.

Degrees:
Bachelor of Arts and Bachelor of Science
Programs of Study

Majors:
Language and world business
French for business
French for secondary education
French language and literature
French language and literature for elementary education
German for business
German for secondary education
German language and literature
German language and literature for elementary education
Japanese language and culture teaching for elementary education
Japanese language and culture teaching for K-12 education
Spanish for business
Spanish for elementary education
Spanish for secondary education
Language and international trade

Minors:
Bilingual bicultural teacher education (Spanish-English) for elementary education
Bilingual bicultural teacher education (Spanish-English) for secondary, K-12, and special education-secondary
Classical Studies
English as a second language for nonnative speakers of English
French language and literature
French language
French language for secondary, K-12, and special education-secondary
French literature
French for business
German language and literature
German language
German language for secondary, K-12, and special education-secondary
German literature
German for business
Japanese language
Spanish language
Spanish language for secondary, K-12, and special education-secondary
Spanish literature
Spanish culture
Spanish for business
Teaching English to speakers of other languages

Concentration:
English as a second language for nonnative speakers of English

A placement test is given at the beginning of the fall and winter terms, and is required of all students of foreign language unless they are taking their first course in a foreign language or have completed their last course in that language at EMU. It is also recommended for students whose last course in a language was completed more than one year before. Further details on testing are available in the department office. Students should consult advising coordinators in interpreting test results and creating a schedule.

Any course for which a student registers prior to receiving placement test results must be considered pro-
visional. The Foreign Language Department will assist students to change their registration to the appropriate course, when necessary, without incurring financial penalties.

Listed below are rough guidelines for preliminary registration. They do not consider important factors such as actual grades received, academic standards, amount of time elapsed since completing the course, etc.:

- one to two years of high school would probably place in 121.
- three years of high school would probably place in 122.
- more than three years of high school would probably place in 221 (except in Spanish) and/or 233.
- In Spanish, most would probably place in 201.
- For every year elapsed between the present and the last completed course in your foreign language, go down one level (e.g. from 200 to 100, etc.).

**Department Residency Requirements:**

1. "Residency," for the purposes of this section, means registering for, attending, and successfully completing the required courses.

2. Major or minor in language, business language, literature, or culture (non LIT):
   - Department residency requirements are that majors in a foreign language must complete at EMU 12 credit hours consisting of the appropriate courses on the 300 or 400 level for the major chosen. Minors in the foreign language must complete either a) 343 and 344, or b) six (6) hours on the 400 level for which the student has the prerequisites.

3. Language and international trade major:
   - Students must complete at EMU the following nine credit hours in French, German, Japanese, or Spanish: 361, 446, and 447.

**Oral proficiency interview requirement:**

All students on teaching curricula in Foreign Languages and Bilingual Studies shall be rated in the last semester prior to graduation in an interview conducted by an oral proficiency tester certified by BTS-ACTFL.

Graduate study leads to the Master of Arts degree in Spanish (bilingual bicultural education), in language and international trade, and in TESOL (teaching English to speakers of other languages). A major emphasis in French, German, or Spanish also can be developed through the master's degree in secondary school teaching or the master's degree in individualized studies. The MA degrees are described in the Graduate Catalog.

**English as a second language**

English as a second language (ESLN) courses are taught in the Foreign Languages and Bilingual Studies department. These courses carry academic credit; up to 20 hours of ESLN credits may be used as elective credits required for graduation.

Three levels of ESLN instruction are offered: intermediate, advanced, and academic support, in both fall and winter terms. Only advanced and academic support levels are offered in the combined spring-summer term.

Admission status is based on the first English proficiency score that students send to the University. If a later test results in a higher score, it also should be sent to the Admissions Office. All scores must arrive two weeks before the first day of the term.

Students admitted with an official (not institutional) score of 80 or above on the Michigan English Language Assessment Battery (MELAB) or of 500 or above on the Test of English as a Foreign Language (TOEFL) will not be required to take any ESLN courses. Students admitted with scores of less than 80 or 500 are required to take the departmental placement test before registering. Depending upon test results, students will be placed in either part-time or full-time English (two, three, four, or five courses of ESLN) during their first semester. Part-time English students will be allowed to register for other University classes. Students placing in full-time English may not take any other University courses until a later semester. Some students may require two consecutive semesters of full-time English before they can register in other courses.

Once placed in ESLN courses, students must complete each course with a grade of "C" or better in order to move on to the next higher level the following semester. Students must immediately repeat all ESLN courses in which they receive a "C-" or below. Students starting below the 400 level must continue to enroll in ESLN courses until two 400-level courses are taken. When students have successfully completed ESLN 412 and 414 or 416, their admission status is changed from conditional to regular. See page 9 under Admission Policies for information regarding conditional admission status.

As of Fall 1990, ESLN 412 Academic ESL Writing (for international students) is considered the equivalent of ENGL 121 English Composition. ESLN 412 will therefore fulfill the Basic Studies requirement for English.

Failure to enroll in the required ESLN courses during the first semester and any required subsequent semesters will result in the cancellation of University enrollment and a possible loss of tuition for that semester.
Regular University academic probation and dismissal policies apply to students enrolled in ESLN.

Advising Coordinators:
Bilingual bicultural teacher education (Spanish): Ana Maria McCoy
English as a second language: Elisabeth Morgan
French: Benjamin W. Palmer
German: Sharon Robertson
Japanese language and culture teaching: Motoko Tabuse
TESOL: E. Catherine Day
Language and international trade: John R. Hubbard
Spanish: Ronald C. Cere

Language and world business: John R. Hubbard

ACADEMIC MAJORS

LANGUAGE AND WORLD BUSINESS
(JOINT BBA/BA DEGREE)

The joint Bachelor of Business Administration—Bachelor of Arts degree in language and world business is a double degree for undergraduates planning to enter a career in world business or international government and public administration. The major objective of the program is to prepare students for international careers with business and language skills, along with the knowledge needed to function effectively in the increasingly competitive world economy. The LWB joint degree provides students with both practical, on-site work experience as well as a thorough academic background in international affairs and world enterprise. (See page 322 for details.)

GROUP MAJOR IN LANGUAGE AND INTERNATIONAL TRADE

The major in language and international trade is designed to integrate the study of modern foreign languages and cultures with preparation in the field of international business. The major objective of the program is to provide students with skills, knowledge, and understanding needed to function in a foreign environment and in professional dealings with business people and clients who speak foreign languages. Students completing this group major have met the major and minor requirements for graduation. No outside minor is needed.

Qualified students in French, German, Japanese, and Spanish have the option of participating in a cooperative work exchange in an area of the world where French, German, Japanese, or Spanish is spoken. Students may take examinations leading to foreign certification in business French, German, or Spanish.

Sem hours

Group major in language and international trade ... 60

1. Required courses ........................................... 57
   a. Business and economics courses ..................... 30
   Business minor ........................................... 21-24
      Students must complete requirements for a minor
      in an operational area of business of their
      choosing. These areas include marketing,
      management, accounting, finance, business
      computer systems, general business, and office
      administration, among others. Special
      combinations of business courses equivalent to
      a minor are possible in consultation with an
      adviser.

      MKTG 460 International Marketing .................... 3
      ECON 370 Comparative Economic Systems or ECON
      480 International Economics ........................... 3

   b. Language and area studies courses .................... 27
      Language courses ....................................... 18
      Students must choose one language in which to special-
      ize—we currently offer French, German, Japanese, and
      Spanish—and must complete 18 hours in that chosen
      language. This 18 hour minimum must include:
      FRNH/GERN/JPNE/SPNH 361 French/German/
      Japanese/Spanish for International Trade;
      FRNH/GERN/JPNE/SPNH 446, 447 Business
      French/German/Japanese/Spanish I and II
      One additional language course at the 300 or 400 level
      and one additional language course at the 400 level.
      Students with prior language study or knowledge will
      be placed at an appropriate level in consultation with
      an advising coordinator.

      • Geography/history courses ............................ 6
      GEOG/HIST 316 History and Geography of
      Modern Europe, GEOG/HIST 317 History and
      Geography of Spanish America, or GEOG/HIST
      326 History and Geography of Modern Asia
      These credit hours may be used as electives in history
      and geography.

      • Political science courses .............................. 3
      Choose one course from the following:
      PLSC 211 Introduction to Comparative
      Government, PLSC 212 Introduction to
      International Politics, PLSC 341 International
      Law, PLSC 342 International Organizations,
      PLSC 384 Government and Politics of Canada,
      PLSC 367 Contemporary Political Systems of
      Latin America, PLSC 412 Comparative Legal
      Systems
2. Field experience ............................................... 3

ENGLISH AS A FOREIGN LANGUAGE FOR NONNATIVE SPEAKERS OF ENGLISH MINOR

This minor is limited to international students who are nonnative speakers of English and conditionally admitted to the University on the basis of English language proficiency. It is administered jointly by the Foreign Languages and Bilingual Studies and the English Language and Literature departments.

Students who have placed at the 300 level on the departmental placement test will complete all of the following courses. Students who have placed at the 400 level will begin this minor by taking ESLN 412 Academic ESL Writing and ESLN 414 Academic ESL Reading and/or ESLN 416 Academic ESL Speaking and Listening. These students must choose 6 credit hours from the restricted electives or other courses with the permission of the adviser.

LNGE 425 Second Language Acquisition .................... 3

2. Restricted electives .............................................. 9
   Choose at least one course from each group:
   Undergraduate linguistics majors in the English department may not count Group 1 courses toward this minor. They must take 2 courses from either Group 2 or 3, and one course from the remaining group.
   Group 1
      LING 401 Introduction to Linguistic Science ............. 3
      LING 402 Modern English Grammar ........................ 3

*Course required for and applicable to major.
*Prerequisite for another course in program.
*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

JAPANESE LANGUAGE AND CULTURE
TEACHING MAJOR
ELEMENTARY TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in Japanese language and culture, certification code “FL.”

The curriculum for this major is that which is listed under “Teaching Major” in the K-12 Japanese language and culture teaching program, plus the requirements under I-B-3, III-B-2, and III-B-3 in that program’s Basic Studies requirements. Approved minors are those for the elementary program as given on page 230.

54 hours, not including the minor and not including course work that may be satisfied through Basic Studies.

SPANISH MAJOR
SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in Spanish, certification code “FF,” and, depending on the minor selected, an additional endorsement. The certification test covering this field is #28, “Spanish.”

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. SPNH 201 Intermediate Spanish or SPNH 202 Intermediate Spanish (3)*

IV-B-1 and IV-B-2. Either:

SPNH 221 Intermediate Spanish Reading and SPNH 222 Intermediate Spanish Reading (6)
or
SPNH 341 Survey of Spanish Literature and SPNH 342 Survey of Spanish Literature (6)

IV-B-3. Basic Studies requirement. See inside back cover
IV-B-4. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies:...................................... 49

Teaching Major
See note “a” above for courses applicable to both Basic Studies and the major.

SPNH 343 Spanish Grammar and Composition (3)
SPNH 344 Spanish Conversation and Composition (3)
SPNH 443 Advanced Spanish Grammar and Composition (3)
SPNH 444 Advanced Spanish Conversation and Composition (3)

Twelve credits in Spanish at the 300-level or above
Six credits in Spanish at any level, in consultation with an adviser

Minor
A minor from the approved list (see p. 363)

Subtotal, Major and minor:...................................... 501

Professional Studies
100 clock hours of approved presudent teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in Spanish, certification code "FF." The certification test covering this field is #28, "Spanish."

SPNH 343 Spanish Grammar and Composition (3)  
SPNH 344 Spanish Conversation and Composition (3)  

One of:

Either SPNH 443 Advanced Spanish Grammar and Composition (3) and SPNH 444 Advanced Spanish Conversation and Composition (3) or additional courses (6 hours) in Spanish at the 300 level or above.

Eight credits in Spanish at any level in consultation with the advising coordinator.

20 hours

FRENCH COURSES

FRNH 121 Beginning French.  
FRNH 122 Beginning French.  
FRNH 177/178/179 Special Topics.  
FRNH 221 Intermediate French (Reading).  
FRNH 222 Intermediate French (Reading).  
FRNH 233 Intermediate French Conversation, Composition, and Grammar.  

FRNH 121 Beginning French.  
FRNH 122 Beginning French.  
FRNH 177/178/179 Special Topics.  
FRNH 221 Intermediate French (Reading).  
FRNH 222 Intermediate French (Reading).  
FRNH 233 Intermediate French Conversation, Composition, and Grammar.

FRNH 121 Beginning French.

Introductory course including practice in listening, speaking, reading, and writing in French. Sessions in the language laboratory are part of regular assignments. Satisfies basic studies foreign language composition requirement, Area I.

Prereq: FRNH 121 or equivalent. Placement exam required.

FRNH 122 Beginning French.

Introductory course including practice in listening, speaking, reading, and writing in French. Sessions in the language laboratory are part of regular assignments. Satisfies basic studies foreign language composition requirement, Area I.

Prereq: FRNH 121 or equivalent. Placement exam required.

FRNH 177/178/179 Special Topics.

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

FRNH 221 Intermediate French (Reading).

Rapid reading of large quantities of French. Materials include readings in literature and civilization. Students who plan to continue in French should take this course concurrently with FRNH 233. Satisfies basic studies intermediate or advanced foreign language literature requirement, Area IV.

Prereq: FRNH 122 or equivalent. Placement exam required.

FRNH 222 Intermediate French (Reading).

Rapid reading of large quantities of French. Materials include readings in literature and civilization. Students who plan to continue in French should take this course concurrently with FRNH 234. Satisfies basic studies intermediate or advanced foreign language literature requirement, Area IV.

Prereq: FRNH 221 or equivalent. Placement exam required.

FRNH 233 Intermediate French Conversation, Composition, and Grammar.

A review of grammar; practice in writing and speaking. Sessions in the language laboratory are available. Students who plan to continue in French should take this course concurrently with FRNH 221. Does not satisfy basic studies literature requirement. Satisfies basic studies foreign language composition requirement, Area I.

Prereq: FRNH 122 or equivalent. Placement exam required.

FRNH 234 Intermediate French Conversation, Composition, and Grammar.

A review of grammar; practice in writing and speaking.
Sessions in the language laboratory are available. Students who plan to continue in French should take this course concurrently with FRNH 222. Does not satisfy basic studies literature requirement. Satisfies basic studies foreign language composition requirement, Area I.
Prereq: FRNH 233 or equivalent. Placement exam required.

FRNH 277/278/279 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.

FRNH 341 Survey of French Literature. 3 hrs
This survey course covers major authors and literary movements from the beginning of French literature to the 19th century. In French. Satisfies basic studies intermediate or advanced foreign language literature requirement, Area IV.
Prereq: FRNH 222 or department permission.

FRNH 342 Survey of French Literature. 3 hrs
This survey course covers major authors and literary movements from the beginning of French literature to the 19th century. In French. Satisfies basic studies intermediate or advanced foreign language literature requirement, Area IV.
Prereq: FRNH 222 or department permission.

FRNH 343 French Composition. 3 hrs
Review and drill of intermediate and advanced linguistic patterns in French. Written compositions.
Prereq: FRNH 234 or department permission.

FRNH 344 French Conversation. 3 hrs
Additional classwork in conversation: improving pronunciation and acquiring a larger active vocabulary for daily life.
Prereq: FRNH 234 or department permission.

FRNH 361 French for International Trade. 3 hrs
This course is intended for students who already have a solid intermediate-level command of French and who wish to acquire minimum professional competence in the French language as it is used in the world of international business. It includes practice in various forms of business communication, both oral and written.
Prereq: FRNH 343 or department permission.

FRNH 377/378/379 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.

FRNH 388 Internship. 1 hr
Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.
Prereq: Department permission.

FRNH 431 Studies in French Theatre. 3 hrs
A study of selected French drama. Specific topic (themes, authors, genres, periods) will vary depending on the instructor's field of specialization and student interest. The course may be repeated for credit with department permission. In French.
Prereq: FRNH 341, 342 or department permission.

FRNH 432 Studies in French Poetry. 3 hrs
A study of selected French poetry. Specific topic (themes, authors, genres, periods) will vary depending on the instructor's field of specialization and student interest. The course may be repeated for credit with department permission. In French.
Prereq: FRNH 341, 342 or department permission.

FRNH 433 Studies in French Prose. 3 hrs
A study of selected French prose. Specific topic (themes, authors, genres, periods) will vary depending on the instructor's field of specialization and student interest. The course may be repeated for credit with department permission.
Prereq: FRNH 341, 342 or department permission.

FRNH 443 Advanced French Grammar and Composition. 3 hrs
Review and practice of advanced syntactical patterns. Practice in composition. Taught in French.
Prereq: FRNH 343.

FRNH 444 Advanced French Conversation. 3 hrs
This course aims to develop advanced fluency. Group discussions are based on the reading of periodical literature. May be repeated for credit.
Prereq: FRNH 343 and FRNH 344, or department permission.
FRNH 446 Business French I. 3 hrs
Study of principles and practices of business communication in France with emphasis on business correspondence and translation. Introduction to the French economy including business law, industry, business, and services. In French.
Prereq: FRNH 361 or department permission.

FRNH 447 Business French II. 3 hrs
Further study of business practices, business law, and the French economy. Emphasis on business correspondence and translation and on French ties with the European economic community, the US, the East, developing countries, and francophone countries. Prepares student for language proficiency examinations (CCIP diplomas).
Prereq: FRNH 446 or department permission.

FRNH 451 Readings in French. 1 hr
Special projects in directed readings for majors and minors who have completed the available offerings in French or who, because of most unusual circumstances, are granted department approval to substitute one or both of these for the regular courses.
Prereq: FRNH 341, 342 or department permission.

FRNH 452 Readings in French. 2 hrs
Special projects in directed readings for majors and minors who have completed the available offerings in French or who, because of most unusual circumstances, are granted department approval to substitute one or both of these for the regular courses.
Prereq: FRNH 341, 342 or department permission.

FRNH 456 Scientific and Technical French. 3 hrs
In-depth study of French scientific and technical vocabulary and terminology needed for Franco-American business interaction in three scientific and technical fields. Topics covered may include food industry, automobile, mass transportation, and energy. In French.
Prereq: Any two 300-level French courses or department permission.

FRNH 457 Scientific and Technical French. 3 hrs
Study of French scientific and technical vocabulary and terminology in three scientific and technical fields not covered in FRNH 456. Topics may include electronics, computers, glass, or robotics. In French.
Prereq: Any two 300-level French courses or department permission.

FRNH 466 French Speaking Cultures of the World. 3 hrs
Survey of the more than two dozen different cultures of the world that make up "la Francophonie". Language and cultural variations that one must know in order to understand and to communicate successfully with people in those cultures. In French.
Prereq: FRNH 343 and FRNH 344.

FRNH 467 French Culture and Civilization. 3 hrs
A study of the main events of the 20th century. The major historical and societal movements will be covered. In French.
Prereq: FRNH 343 or department permission.

FRNH 476 20th Century French Civilization. 3 hrs
A study of French history and civilization. All major pre World War I historical periods and cultural movements will be covered. In French.
Prereq: FRNH 343 or department permission.

FRNH 477/478/479 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.

FRNH 488/489 Internship. 2/3 hrs
Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. In French.
Prereq: Department permission.

FRNH 490 Intensive French Abroad. 3 hrs
An intensive spring/summer course offered in a French-speaking environment. Instruction at many different levels. May be counted for equivalent hours on 100-200 levels. May be repeated for credit.

FRNH 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual research basis in areas not covered in formal course work.
Prereq: Department permission.
GERMAN COURSES

GERN 121 Beginning German. 6 hrs
Instruction includes pronunciation, aural-oral pattern practice, the fundamentals of grammar, written exercise, reading. Laboratory attendance is required. Satisfies Area I 3.c of basic studies requirements.

GERN 122 Beginning German. 5 hrs
The goals of the two-course Beginning German sequence are the development of oral and written communication through the use of verbal and nonverbal symbols. The emphasis is on communicative competence (both spoken and written) through the mastery of vocabulary and grammar appropriate to given communicational situations. Besides gaining communicative skills in German, the student can expect to gain some familiarity with modern German culture. Satisfies Area I 3.c of the basic studies requirements.
Prereq: GERN 121 or equivalent. Placement examination required.

GERN 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GERN 221 Intermediate German Reading. 3 hrs
This course consists of readings in German literature and civilization. Students who plan to continue in German should take GERN 233, 234 concurrently with GERN 221, 222. Satisfies Area IV of basic studies requirements.
Prereq: GERN 122 or equivalent. Placement examination required.

GERN 222 Intermediate German Reading. 3 hrs
This course consists of readings in German literature and civilization. Students who plan to continue in German should take GERN 233, 234 concurrently with GERN 221, 222. Satisfies Area IV of basic studies requirements.
Prereq: GERN 122 or equivalent. Placement examination required.

GERN 233 Intermediate German Conversation, Composition, and Grammar. 3 hrs
This course requires the student to practice spoken and authentically correct language in the social-cultural situations that occur in German-speaking Europe. Prereq: GERN 122 or equivalent.

GERN 234 Intermediate German Conversation, Composition, and Grammar. 3 hrs
This course requires the student to practice spoken and authentically correct language in the social-cultural situations that occur in German-speaking Europe. Prereq: GERN 233 or equivalent.

GERN 341 Survey of German Literature. 3 hrs
This is an introduction to literary criticism as applied to German literature. Extensive readings of materials in German literature and culture. It covers an introduction to literature analysis and major writers and trends in modern German poetry and short stories, and is a prerequisite for all later courses in literature. Students must have sufficient comprehension to follow lectures in German.
Prereq: GERN 222 or department permission.

GERN 342 Survey of German Literature. 3 hrs
This is the second part of the introductory survey course in German Literature. It continues the introduction to literary criticism begun in GERN 341 and encourages students to apply principles of analysis to a chronological selection of literary works from the beginning of German literature to 1940. It is a prerequisite for all later courses in literature. Students must have sufficient comprehension to follow lectures in German.
Prereq: GERN 222 and GERN 341, or department permission.

GERN 343 German Composition. 3 hrs
Writing for a variety of purposes and a systematic grammar review. Frequent written assignments. Taught in German.
Prereq: GERN 234 or department permission.

GERN 344 German Conversation. 3 hrs
Builds on the foundation in speaking skills acquired in GERN 233, 234. Emphasizes vocabulary and idiom building and improvement in basic sentence structure.
Readings, slides, tapes, films, and other aids stimulate discussion. Meets three times per week.
Prereq: GERN 234 or department permission.

GERN 361 German for International Trade. 3 hrs
Develops working knowledge of commercial material including economics and business in multinational setting. Cross-cultural references provide opportunity for comparative and contrastive analysis of American and German cultural patterns in a business setting. Prereq: GERN 343 or department permission.

GERN 377/378/379 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied. Prereq: Department permission.

GERN 388 Internship. 1 hr
An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit. Prereq: Department permission.

GERN 425 German Literature from the Middle Ages to the Baroque. 3 hrs
Readings from the period are discussed in class meetings and taken as topics for student essays and reports. The literature is considered in the broad context of culture. In German. Prereq: GERN 341, 342 or department permission.

GERN 426 German Literature from 1750 to 1850. 3 hrs
The literature of Germany from the preclassical period through Romanticism is discussed in class meetings and treated in student essays and reports. Perspectives of the other arts and of political and social developments enable the student to appreciate the literature in the context of European civilization. Taught in German. Prereq: GERN 341, 342 or department permission.

GERN 427 German Literature from 1850 to 1945. 3 hrs
Selections from the literature of Poetic Realism, Biedermeier, Naturalism, Neo-Romanticism, and Expressionism, viewed against the background of political and cultural history. Classroom discussion and student reports. Prereq: GERN 341, 342 or department permission.

GERN 428 German Literature from 1945 to the Present. 3 hrs
Those works that have shaped and are shaping current German literary and cultural life. Classroom discussion, papers, and reports. In German. Prereq: GERN 341, 342 or department permission.

GERN 443 German Syntax and Advanced Composition. 3 hrs
Builds on the foundation in written expression acquired in GERN 343. Intensive vocabulary and idiom writing; treatment of the more complex structural features of German and stylistics. Frequent assignments increase the student's ability to write for a variety of purposes. Prereq: GERN 343 and GERN 344, or department permission.

GERN 444 Advanced German Conversation. 3 hrs
Development of advanced conversational fluency. A variety of media are employed to increase the student's facility in oral comprehension and to stimulate conversational exchange among the class members. Prereq: GERN 343 and GERN 344, or department permission.

GERN 446 Business German I. 3 hrs
The idiom and terminology of the German economy and economic geography. Emphasis on business communication in German. Prereq: Three years of college German or the equivalent, or department permission.

GERN 447 Business German II. 3 hrs
The idiom and terminology of the German economy and economic geography. Emphasis on business communication in German. Prereq: GERN 446 Business German I or department permission.

GERN 451/452 Readings in German. 1/2 hrs
Special projects in directed reading for majors and minors who have completed the available offerings in German or who, because of most unusual circumstances, are granted department approval to substitute this for the regular courses. Prereq: Department permission.

GERN 456 Technical German I. 3 hrs
Specialized vocabulary and jargon used in selected fields of technology. Basic technical concepts and terminology
that students may encounter in German industry. Development of oral and reading facility as well as accurate translation of technical documents. Selected aspects of electronics, wood and metalworking, metallurgy, brake systems, computers, robotics, and auto production. Content areas will occasionally be changed and updated in order to keep pace with changed student needs and changes in technology.

**Prereq:** GERN 343 or department permission.

**GERN 457 Technical German II.** 3 hrs
Specialized vocabulary and jargon used in selected fields of technology. Basic technical concepts and terminology that students may encounter in German industry. Development of oral and reading facility as well as accurate translation of technical documents. Selected aspects of internal combustion engines, fuel systems, and the petroleum industry. Content areas will occasionally be changed and updated in order to keep pace with changed student needs and changes in technology.

**Prereq:** GERN 456 or department permission.

**GERN 466 German for International Affairs.** 3 hrs
The study and functional use of German terminology for international affairs with emphasis on improving cross-cultural communication skills. The principles of German government (with references to Austria and Switzerland) and the implications for Germany's international relations and trade with the United States. In German.

**Prereq:** GERN 343 and GERN 344.

**GERN 477/478/479 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Ger 488/489 Internship.** 2/3 hrs
An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.

**Prereq:** Department permission.

**GERN 490 Intensive German in Europe.** 3 hrs
An intensive summer course offered in Europe. Instruction at many different levels available. May be counted for equivalent hours on 100-400 levels. May be repeated for credit.

**GERN 497/498/499 Independent Study.** 1/2/3 hrs
Advanced study on an individual research basis in areas not covered in formal course work.

**Prereq:** Department permission.

**Japanese Courses**

**JPNE 121 Beginning Japanese.** 5 hrs
Practice in elementary conversation with special attention to reading and writing the two Japanese syllabaries and basic ideographs. Laboratory attendance required. Satisfies Area I 3.c of the basic studies requirements.

**JPNE 122 Beginning Japanese.** 5 hrs
Instruction includes practice in elementary conversation with special attention to reading and writing the two Japanese syllabaries and basic ideographs. Laboratory attendance required. Satisfies Area I 3.c of the basic studies requirements.

**JPNE 211 Intermediate Japanese.** 5 hrs
Practice in intermediate Japanese conversation, with heavy emphasis on reading and writing common ideographs in nontechnical text. Laboratory attendance required. Satisfies Area I 3.c of the basic studies requirements.

**JPNE 212 Intermediate Japanese.** 5 hrs
Instruction includes practice in intermediate Japanese conversation, with heavy emphasis on reading and writing common ideographs in nontechnical text. Laboratory attendance required. Satisfies Area I 3.c of the basic studies requirements.

**JPNE 277/278/279 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Prereq:** Department permission.
JPNE 344 Japanese Conversation. 3 hrs
Emphasizes acquisition of an active vocabulary for daily life and greater oral facility. Intensive study of casual or familiar levels of speech as well as polite forms and honorifics. About 80 percent in Japanese.
Prereq: JPNE 212 or department permission.

JPNE 345 Japanese Composition. 3 hrs
Writing for a variety of purposes and a review of kanji (ideographs) and grammar constitute the core of the course. Frequent written assignments.
Prereq: JPNE 344 or department permission.

JPNE 361 Japanese for International Trade. 3 hrs
Prereq: JPNE 345 or department permission.

JPNE 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

JPNE 444 Advanced Japanese Conversation. 3 hrs
The course aims to develop advanced conversational fluency. Students are expected to participate actively in group discussion. Instruction includes extensive vocabulary building for discussing a variety of subjects. In Japanese.
Prereq: JPNE 345 or department permission.

JPNE 446 Business Japanese I. 3 hrs
The course aims to increase proficiency in business communication in Japanese and to develop knowledge of Japanese economy, industry, and foreign trade. Extensive work on the vocabulary and idiom of Japanese economy and business. In Japanese.
Prereq: JPNE 361 and JPNE 444, or department permission.

JPNE 447 Business Japanese II. 3 hrs
The course provides an overview of the system of organization, managerial style, and personnel relations of the Japanese company. Study of business communication focuses on business correspondence and translation. In Japanese.
Prereq: JPNE 446 or department permission.

JPNE 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

JPNE 494 Seminar in Japanese Studies. 3 hrs
Required of students majoring in teaching Japanese language and culture. Extensive study and discussion of issues related to Japanese society and to political and economic systems. Students are required to apply Japanese language skills in research, presentations, and papers. About 50 percent in Japanese.
Prereq: JPNE 361 or department permission.

SPANISH COURSES

SPNH 121 Beginning Spanish. 5 hrs
Basic principles of grammar. Practice in elementary conversation, pronunciation, composition, and reading. One-half hour per day in the laboratory required. Satisfies the basic studies foreign language composition requirement, Area I.
Prereq: SPNH 121 or equivalent. Placement exam required.

SPNH 122 Beginning Spanish. 5 hrs
Basic principles of grammar. Practice in elementary conversation, pronunciation, composition, and reading. One-half hour per day in the laboratory required. Satisfies the basic studies foreign language composition requirement, Area I.
Prereq: SPNH 121 or equivalent. Placement exam required.

SPNH 134 Spanish for the Bilingual. 5 hrs
Basic grammar and composition for students with an oral command of Spanish. Conducted in Spanish. Prepares the student for entry into more advanced Spanish classes.
Prereq: Native command of oral Spanish and department permission.

SPNH 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPNH 201 Intermediate Spanish. 3 hrs
A review of Spanish grammar, frequent simple written compositions, and extensive oral work. Meets three
times per week and students will spend two half-hour periods per week in the laboratory. In Spanish. Satisfies the basic studies foreign language composition requirement, Area I. Does not satisfy the basic studies literature requirement. **Prereq:** SPNH 122 or equivalent. Placement exam required.

**SPNH 202 Intermediate Spanish.** 3 hrs
A review of Spanish grammar, frequent simple written compositions, and extensive oral work. Meets three times per week and students will spend two half-hour periods per week in the laboratory. In Spanish. Satisfies the basic studies foreign language composition requirement, Area I. Does not satisfy the basic studies literature requirement. **Prereq:** SPNH 201 or equivalent.

**SPNH 221 Intermediate Spanish Reading.** 3 hrs
An introduction to literary criticism as applied to Hispanic literature. Extensive reading of materials in Hispanic literature and culture. In Spanish. Satisfies Area IV of the basic studies requirements. **Prereq:** SPNH 202 or department permission.

**SPNH 222 Intermediate Spanish Reading.** 3 hrs
An introduction to literary criticism as applied to Hispanic literature. Extensive reading of materials in Hispanic literature and culture. In Spanish. Satisfies Area IV of the basic studies requirements. **Prereq:** SPNH 221 or department permission. Placement exam required.

**SPNH 277/278/279 Special Topics.** 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied. **Prereq:** Department permission.

**SPNH 301 The Cultures of Spain.** 3 hrs
A panoramic view of the peoples of Spain, their cultures, environment, and way of life. In Spanish. **Prereq:** SPNH 202 and SPNH 222, or department permission.

**SPNH 302 The Cultures of Spanish America.** 3 hrs
A panoramic view of the cultures, the peoples, and the environment of Spanish America. In Spanish. **Prereq:** SPNH 202 and SPNH 222, or department permission.

**SPNH 341 Survey of Spanish Literature.** 3 hrs
This survey course covers the major authors and literary movements from the beginning of Peninsular Spanish literature to the end of the 17th century. In Spanish. Satisfies the basic studies literature requirement, Area IV. **Prereq:** SPNH 222 or department permission.

**SPNH 342 Survey of Spanish Literature.** 3 hrs
This survey course covers the major authors and literary movements in Peninsular Spanish literature from 1700 to the present. In Spanish. Satisfies the basic studies literature requirement, Area IV. **Prereq:** SPNH 222 or department permission.

**SPNH 343 Spanish Grammar and Composition.** 3 hrs
A systematic review of Spanish grammar and practice in composition. Frequent written assignments. **Prereq:** SPNH 202 and SPNH 222, or department permission.

**SPNH 344 Spanish Conversation and Composition.** 3 hrs
Improved pronunciation, the acquisition of an active vocabulary for daily life, frequent written compositions, and the development of greater oral facility. Meets three times per week and students spend three half-hour periods in the laboratory each week. **Prereq:** SPNH 202 and SPNH 222, or department permission.

**SPNH 351 Survey of Spanish American Literature.** 3 hrs
This course deals with the major writers of Spanish America from the colonial period through modernism. In Spanish. **Prereq:** SPNH 222 or department permission.

**SPNH 352 Survey of Spanish American Literature.** 3 hrs
This course deals with the major writers of Spanish America from postmodernism to the present. In Spanish. **Prereq:** SPNH 222 or department permission.

**SPNH 361 Spanish for International Trade.** 3 hrs
This course is intended for students who already have a solid intermediate level command of Spanish and who wish to acquire minimum professional competence in
the Spanish language as it is used in the world of international business. It includes practice in various forms of business communication, both written and oral.

**Prereq:** SPNH 343 or department permission.

**SPNH 377/378/379 Special Topics.** 1/2/3 hrs

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.

**Prereq:** Department permission.

**SPNH 388 Internship.** 1 hr

Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.

**Prereq:** Department permission.

**SPNH 448 Advanced Spanish Grammar and Composition.** 3 hrs

A review of selected points of Spanish grammar and extensive practice in writing Spanish.

**Prereq:** SPNH 343 and SPNH 344, or department permission.

**SPNH 444 Advanced Spanish Conversation and Composition.** 3 hrs

Improved pronunciation, greater oral facility, and frequent written compositions. Meets three times per week and students spend three half-hour periods in the laboratory each week. May be repeated for supplementary credit.

**Prereq:** SPNH 343 and SPNH 344, or department permission.

**SPNH 445 Spanish-American Prose.** 3 hrs

A study of selected topics in Spanish-American literature. May be repeated for credit if the material of the course is in another area. *In Spanish.*

**Prereq:** SPNH 352 or department permission.

**SPNH 446 Business Spanish.** 3 hrs

Required of students majoring in business Spanish. Practice with Spanish commercial correspondence, translation of Spanish business documents, and reading of foreign periodical publications on economics and international trade. An overview of international economic organizations and trade agreements related to Spanish-speaking countries and a review of existing bibliography on commercial Spanish.

**Prereq:** SPNH 361 or department permission.

**SPNH 447 Business Spanish.** 3 hrs

Required of students majoring in business Spanish. Practice with Spanish commercial correspondence, translation of Spanish business documents, and reading of foreign periodical publications on economics and international trade. An overview of international economic organizations and trade agreements related to Spanish-speaking countries and a review of existing bibliography on commercial Spanish.

**Prereq:** SPNH 361 or department permission.

**SPNH 448 Modern Drama.** 3 hrs

The development of modern Spanish drama and its various types. Works of the principal dramatists of the 19th and 20th centuries. *In Spanish.*

**Prereq:** SPNH 342 or department permission.

**SPNH 449 Romanticism.** 3 hrs

A study of the major works of Hispanic Romanticism. *In Spanish.*

**Prereq:** SPNH 342 or department permission.

**SPNH 450 Spanish-American Theatre.** 3 hrs

A study of the theatre in Spanish America from its beginning to the present. *In Spanish.*

**Prereq:** SPNH 352 or department permission.

**SPNH 451/452/453 Readings in Spanish.** 1/2/3 hrs

Special projects in directed readings for majors or minors who have completed the available offerings in Spanish or who, because of unusual circumstances, are granted departmental approval to substitute this for regular courses.

**Prereq:** Department permission.

**SPNH 454 Modernism in Spanish America.** 3 hrs

A survey of the literary movement known as "modernismo" in the literature of Spanish America. *In Spanish.*

**Prereq:** SPNH 352 or department permission.

**SPNH 455 The Generation of 1898.** 3 hrs

A study of the works of the main authors of the generation of 1898, from Unamuno to Ortega y Gasset. *In Spanish.*

**Prereq:** SPNH 342 or department permission.
**SPNH 456 Scientific and Technical Spanish I. 3 hrs**  
Study of the fundamental Spanish terminology required for scientific and technical contexts, including basic vocabulary for mathematics, geometry, and physics. In-depth study of at least one scientific or technical field (e.g., automobile industry, automated processes). Students will explore the vocabulary and resources in their chosen fields.  
*Prereq:* SPNH 343 or department permission.

**SPNH 457 Scientific and Technical Spanish II. 3 hrs**  
Study of the fundamental Spanish terminology required for scientific and technical contexts, including basic vocabulary for computers, chemistry, and biology. In-depth study of at least one scientific or technical field (e.g., data processing, nutrition). Students will explore the vocabulary and resources in their chosen fields.  
*Prereq:* SPNH 456 or department permission.

**SPNH 463 Don Quixote. 3 hrs**  
The universal qualities of both the book and its author, as well as their relation to Spanish life and literature of the period. *In Spanish.*  
*Prereq:* SPNH 341 or department permission.

**SPNH 464 Drama of the Golden Age. 3 hrs**  
The drama of the 16th and 17th centuries. Works of the major authors will be read and discussed. *In Spanish.*  
*Prereq:* SPNH 341 or department permission.

**SPNI 465 Modern Novel. 3 hrs**  
Study of the development of the modern novel in Spain during the 19th and 20th centuries. Representative novels will be read and discussed. *In Spanish.*  
*Prereq:* SPNH 342 or department permission.

**SPNH 466 Spanish for International Affairs. 3 hrs**  
The political structures, issues, and realities of Spain, Mexico, and a representative sample of Spanish-speaking countries (may vary from semester to semester) and their relationship to international affairs and business, particularly with the US. *In Spanish.*  
*Prereq:* SPNH 343, SPNH 344, SPNH 301, SPNH 302, or department permission.

**SPNH 471 Culture and Literature of the Hispanic Groups in the United States. 3 hrs**  
A study of the cultures of the major Hispanic groups in the US. The study of representative literary works is intended to lead to an increased appreciation of the cultural roots and current life styles of these groups. *In Spanish.* A minimum of 24 hours of field experience required.

**SPNH 477/478/479 Special Topics. 1/2/3 hrs**  
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.  
*Prereq:* Department permission.

**SPNH 482 Language of the Hispanic Groups in the United States. 3 hrs**  
A survey of present-day social and regional variations in the Spanish spoken in the US and the historical background of these variations. *In Spanish.* A minimum of 24 hours of field experience are required.  
*Prereq:* An introductory course in linguistics or department permission.

**SPNH 488/489 Internship. 2/3 hrs**  
Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.  
*Prereq:* Department permission.

**SPNH 490 Intensive Spanish. 6 hrs**  
An intensive summer course offered in Mexico. Instruction on a small-group (four to five students) basis, with many different instructional levels available. Students advance according to individual progress. Students live with Mexican families. May be counted for equivalent hours in Spanish on 100-400 levels. *May be repeated for credit.*

**SPNH 497/498/499 Independent Study. 1/2/3 hrs**  
Advanced study on an individual research basis in areas not covered in formal course work.  
*Prereq:* Department permission.

**General Language and Bilingual-Bicultural Education Courses**

**FLAN 177/178/179 Special Topics. 1/2/3 hrs**  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
*Prereq:* Department permission.
FLAN 215 The Culture of the Latino Groups in the United States. 3 hrs
A study of contemporary life of the principal Latino groups in the United States. Since their language and literature reflect a unique sociocultural situation, they will be used as a point of departure. Topics will include traditional family structure, economic, political, educational, ethnic and religious backgrounds, artistic contributions, and prospects for the future.

FLAN 277/278/279 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.

FLAN 377/378/379 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.

FLAN 387 Cooperative Education. 3 hrs
Four to six months of full-time employment in a position designed to give practical experience in a field related to the student's foreign language major. The program ordinarily consists of two work experiences (FLAN 387 and FLAN 487) alternated with full-time attendance at the University. Credit/no credit.
Prereq: Junior standing; admission to the program by application only.

FLAN 388 Internship. 1 hr
An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.
Prereq: Department permission.

FLAN 411 Theory and Methods of Modern Language Teaching. 3 hrs
The history, theory, and techniques of modern language teaching. Not counted in the language area of the degree requirements, nor toward a major in any modern language. Should be taken during the fall semester prior to student teaching. Not open to students on academic probation.
Prereq: Junior standing, FRNH/SPNH/GERN 343 or department permission.

FLAN 412 Methods of Teaching Modern Language in Elementary Grades. 3 hrs
The technique and materials of teaching foreign language in the elementary grades. Not counted in the language area of the degree requirements, nor toward a major in any modern language. Should be taken during the fall semester prior to student teaching. Not open to students on academic probation.
Prereq: Junior standing, FRNH/SPNH/GERN 343 or department permission.

FLAN 421 History and Theory of Bilingual Education. 3 hrs
Sociolinguistic and psycholinguistic aspects of bilingualism, language acquisition and cognitive development in the bilingual child, different instructional models for bilingual education programs, and school and community relations. A minimum of 24 hours of field experience required. Not open to students on academic probation.

FLAN 422 Teaching Hispanic Culture and Language. 3 hrs
The techniques and materials for teaching the language and culture of Hispanic groups within the bilingual classroom. Techniques and materials for teaching other subject matter areas in Spanish. A minimum of 24 hours of field experience in a bilingual classroom required. Not open to students on academic probation.

FLAN 423 Bilingual Multicultural Methods K-12. 3 hrs
Identification and study of methods appropriate for the diverse ethnolinguistic groups comprising the school community. Focus on appropriate strategies with an impact on learning styles, achievement, and school socialization of ethnolinguistic and national origin minority school children and youth. Not open to students on academic probation.
Prereq: Junior standing or department permission.

FLAN 477/478/479 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.
FLAN 487 Cooperative Education. 3 hrs
Four to six months of full-time employment in a position designed to give practical experience in a field related to the student's foreign language major. The program ordinarily consists of two work experiences (FLAN 387 and FLAN 487) alternated with full-time attendance at the University. Credit/no credit.
Prereq: FLAN 387; admission to the program by application only.

FLAN 488/489 Internship. 2/3 hrs
An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.
Prereq: Department permission.

FLAN 490 Internship. 3 hrs
An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. Credit/no credit.
Prereq: Department permission.

FLAN 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas not covered in formal course work.
Prereq: Department permission.

Classical Languages Courses

GREK 121 Beginning Ancient Greek I. 5 hrs
For students with a strong interest in archaic and classical Greek culture. Acquaints students with sufficient ancient Greek grammar, vocabulary, and syntax to facilitate the reading of the masterpieces of Greek literature. Satisfies Area I 3.c of the basic studies requirements.

GREK 122 Beginning Ancient Greek II. 5 hrs
For students with a strong interest in archaic and classical Greek culture. Acquaints students with sufficient ancient Greek grammar, vocabulary, and syntax to facilitate the reading of the masterpieces of Greek literature. Satisfies Area I 3.c of the basic studies requirements.
Prereq: GREK 121.

GREK 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GREK 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GREK 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GREK 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LATN 121 Beginning Latin I. 5 hrs
A course to bring students to the level of facility necessary to read ancient authors with enjoyment and understanding. Satisfies Area I 3.c of the basic studies requirements.

LATN 122 Beginning Latin II. 5 hrs
A course to bring students to the level of facility necessary to read ancient authors with enjoyment and understanding. Satisfies Area I 3.c of the basic studies requirements.
Prereq: LATN 121.

LATN 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LATN 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
LATN 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LATN 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

Courses in English for Foreign Students

ESLN 110 Beginning ESL Grammar. 3 hrs
The basic components of the simple sentence are taught. There is a special emphasis on basic verb tenses, question and negative forms.
Prereq: Department permission or placement.

ESLN 112 Beginning ESL Writing. 3 hrs
This course includes grammar manipulation of simple sentences while introducing paragraph organization and form.
Prereq: Department permission or placement.

ESLN 114 Beginning ESL Reading. 3 hrs
Basic vocabulary is developed while comprehension skills of recognizing main idea, supporting detail, exemplification, and narration of materials in simplified English are studied.
Prereq: Department permission or placement.

ESLN 116 Beginning ESL Speaking and Listening. 3 hrs
This course promotes and practices production and comprehension of conversational and survival levels of communication.
Prereq: Department permission or placement.

ESLN 118 Beginning ESL Laboratory. 1 hr
Individual and/or group lab sessions.
Prereq: Department permission or placement.

ESLN 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ESLN 210 Intermediate ESL Grammar. 3 hrs
Basic sentence components emphasizing verb tenses and usage. Some work on complex sentence structures.
Prereq: Department permission or placement.

ESLN 212 Intermediate ESL Writing. 3 hrs
Expanding paragraph constructions while developing unity, cohesion, and transition.
Prereq: Department permission or placement.

ESLN 214 Intermediate ESL Reading. 3 hrs
Continued development of techniques to build vocabulary and reading skills. Materials emphasize informational reading.
Prereq: Department permission or placement.

ESLN 216 Intermediate ESL Speaking and Listening. 3 hrs
Continued development of conversational skills, both speaking and listening. Delivery of short speeches and the development of listening for details.
Prereq: Department permission or placement.

ESLN 218 Intermediate ESL Laboratory. 2 hrs
Individual and/or group lab sessions.
Prereq: Department permission or placement.

ESLN 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ESLN 310 Advanced ESL Grammar. 3 hrs
The formation and manipulation of clauses in complex sentences and the sequence of verb tenses across clauses. A review of verb tenses and problematic grammar points.
Prereq: ESLN 210, department permission, or placement.

ESLN 312 Advanced ESL Writing. 3 hrs
Development of knowledge of organization patterns used in writing both paragraphs and compositions. The principal parts of a composition, writing devices used to achieve coherence.
Prereq: ESLN 212, department permission, or placement.

ESLN 314 Advanced ESL Reading. 3 hrs
Practice in comprehending and analyzing unsimplified texts of greater length and linguistic complexity in a variety of fields.
Prereq: ESLN 214, department permission, or placement.
ESLN 316 Advanced ESL Speaking and Listening.  
3 hrs
Continued development of conversational, speaking, and listening skills. Production and comprehension of short discourses on personal and nonpersonal topics.  
Prereq: ESLN 216, department permission, or placement.

ESLN 318 Advanced ESL Laboratory.  
1 hr
Individual and/or group lab sessions.  
Prereq: Department permission or placement.

ESLN 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

ESLN 412 Academic ESL Writing. 3 hrs
A review of the components of compositions; practice in composition skills and researching, outlining, formatting, and writing a short research paper. Fulfills Area I.  
Prereq: ESLN 312, department permission, or placement.

ESLN 414 Academic ESL Reading. 3 hrs
Reading in specialized fields at professional levels. Practice in outlining, summarizing, and synthesizing ideas from different sources.  
Prereq: ESLN 314, department permission, or placement.

ESLN 416 Academic ESL Speaking and Listening. 3 hrs
Strategies for and practice in comprehending lectures, taking notes, and effectively participating in informal and formal classroom speaking activities.  
Prereq: ESLN 316, department permission, or placement.

ESLN 420 Review of English as a Second Language. 3 hrs
For nonnative English speakers who need an additional semester of intensive English training before entering a regular full-time program of study. Includes practice in reading, writing, note-taking, listening, and speaking. May be repeated for credit.  
Prereq: Department permission.

ESLN 466 English for Special Purposes: Science and Technology. 3 hrs
Development of English speaking, listening, reading, and writing skills for international students who plan to major in scientific and/or technical fields. Students will read and summarize articles in their fields, practice reporting technical information, formally and informally, listen and take notes on technical lectures, and develop skills needed in reading technical books.  
Prereq: ESLN 310, 312, 314, 316, or department permission.

ESLN 477/478/479 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.  
Prereq: Department permission.

Classics Courses

CLAS 104 Quest for Power: Famous Figures in History. 3 hrs
An examination of the lives and times of selected leaders from the ancient and modern worlds. Examples of figures to be covered are Pericles, Nero, Napoleon I, and Adolf Hitler. Major literary monuments of the periods will be examined as well. Team taught by a member of the History Department and a classicist. This course satisfies one literature or one history requirement. Note: See Honors Humanities Courses, page 46.

CLAS 106 Rome and America. 6 hrs
An investigation into problems and pressures comparing the people and culture of ancient Rome and modern America, considering individual hopes and ideals, religious beliefs, and ideas about death, government, morality, love, and sex. Team taught by a member of the English Department and a classicist. These courses must be taken concurrently and satisfy two literature requirements. Note: See Honors Humanities Courses, page 46.

CLAS 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

CLAS 181 The Legacy of Greece. 3 hrs
An introduction to Greek epic, drama, poetry, history, and philosophy, illustrating the influence of the Greek tradition on western civilization. The literature is read
in English translation. Representative examples of Greek architecture and sculpture also are examined. Team taught by a classicist and/or a member of the English Department. This course satisfies one literature requirement. Note: See Honors Humanities Courses, page 46.

CLAS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CLAS 301 Mythology. 3 hrs
The general field of classical mythology and the psychology underlying it. The poet's and artist's selection and use of the classic myths from early until modern times; an interpretation of mythological allusions in literature.

CLAS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CLAS 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LNGE 134 Etymology. 3 hrs
Greek and Latin words and roots that are current in English forms are studied in order to enlarge the vocabulary and to produce a more discriminating use of words.

LNGE 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LNGE 223 Introduction to Language. 3 hrs
The basic principles of linguistic structure as they apply to the western European languages taught in the department.

LNGE 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LNGE 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

LNGE 425 Second Language Acquisition. 3 hrs
Examines the nature of learning a second language simultaneously with or subsequent to one's first language. Linguistic, cognitive, affective, cultural, and social factors influencing the acquisition of another language will be explored. Focus will be on birth through teen years with particular attention paid to language used in English-medium elementary and secondary schools.
Prereq: LNGE 223.

LNGE 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

TESOL COURSES

TSLN 410 TESOL Methods. 3 hrs
Various methods and techniques used to teach language components (grammar, vocabulary, pronunciation) and language skills (reading, writing, listening, and speaking) are examined with regard to the theories on which they are based. Practice in developing and implementing balanced and effective language lesson plans is provided.
Prereq: One year college-level foreign language and an introduction to language course, or department permission.

TSLN 420 Materials and Tests for TESOL. 3 hrs
Review of existing materials and tests used with limited English proficient students in public schools. Practice in adapting and developing materials for varying audiences in the public schools. Practice administering ESL tests used in public schools.
Prereq: TSLN 410 or concurrent enrollment, or department permission.
TSLN 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
GEOGRAPHY AND GEOLOGY

Andrew A. Nazzaro
Department Head
208 Strong Hall
487-0218

Associate Professors: Michael Kasenow, Theodore Ligibel, Norman Tyler
Assistant Professors: Michael Bradley, Allen Cichanski, Steven LoDuca, Yichun Xie

The department's programs are designed to enhance student understanding and skills through courses having both theoretical and applied content. Where appropriate, students are directed to field and laboratory courses, important elements in all department programs. Internship and cooperative education opportunities are also encouraged.

The geology program includes a field camp in Colorado. To support and encourage computer literacy in the department's multiple disciplines, there is a modest Geographic Information Systems and Computer Mapping Laboratory. Among the programs listed below, the department of Geography and Geology collaborates with other departments on the area studies, public administration, travel and tourism, and urban and regional planning programs. The department also provides teacher preparation courses to serve College of Education students.

Department faculty regularly participate in the University Honors Program. Department students often contribute original work to the Undergraduate Symposium. The Geographical Bulletin, the journal associated with Gamma Theta Upsilon (national professional geography organization), is edited in the department.

Four student groups are associated with Geography and Geology: the GEO Club, Preservation Eastern, the Planning Awareness Club of Eastern (PLACE), and the Travel and Tourism Student Association.

Degrees:
Bachelor of Science and Bachelor of Arts 
Programs of Study

Majors:
Earth science
Earth science for elementary education
Earth science for secondary education

Earth science for secondary education
Geography
Geography for elementary education
Geography for secondary education
Geology
Geology with concentration in hydrogeology
Geology for elementary education
Geology for secondary education
Travel and tourism
Urban and regional planning

Minors:
Cartography and remote sensing
Coastal environments
Earth science
Earth science for elementary education
Earth science for secondary, K-12, and special education-secondary
Environmental Analysis
Geography
Geography for elementary education
Geography for secondary, K-12, and special education-secondary
Geology
Geology for elementary education
Historic preservation
Travel and tourism
Urban and regional planning

Advising coordinators:
Coastal environments: C. Nicholas Raphael
Earth science: Michael Bradley, Horace MacMahan, Carl Ojala
Geography: James R. McDonald, Andrew A. Nazzaro
Geology: Michael Bradley, Allen Cichanski, Michael Kasenow, Steven LoDuca
Geology with concentration in hydrogeology: Michael Kasenow
Historic preservation: Ted Ligibel, Marshall McLennan
Urban and regional planning: Norman Tyler
Travel & tourism: Gabriel Cherem, Robert Mancell
Cartography & remote sensing: Eugene Jaworski

Graduate study leads to the master's degree in either geography or historic preservation planning. A nondegree certification program of study (five courses) in historic preservation also is offered. The MA and MS degrees and certification are described in the Graduate Catalog.
ACADEMIC MAJORS

EARTH SCIENCE MAJOR

The earth science major informs about the planet Earth from the multiple perspectives of the atmosphere, the earth’s surface, the oceans, and the interior structure of the planet. This includes study of weather and climate; the natural processes like wind, water, and ice which shape the surface; plate tectonics and associated volcanism and earthquakes; and the impact of the planet’s oceans.

Sem hours

Major in earth science ............................................... 32

1. Required courses .............................................. 27-30
   ASTR 205 Principles of Astronomy .......................... 4
   GESC 108 Earth Science ....................................... 4
   GESC 114 National Parks and Monuments ........... 2
   GESC 308 Plate Tectonics .................................... 3
   GESC 320 The Oceans ......................................... 3
   GESC 324 Weather ........................................... 3
   GEOL 120 The Fossil Record or GEOL 161 Historical Geology ... 3-4
   GEOL 228 Mineralogy or GEOL 229 Rocks of Michigan .......... 2-3

2. Restricted electives ........................................... 2-5
   Choose two to five hours from the following:
   ASTR 204 Astronomical Investigations, GESC 205
   Environment Hazards, GESC 227 Topographic Maps,
   GESC 250 Introduction to Coastal Processes,
   GEOL 325 Severe and Unusual Weather,
   GESC 327 Soil Science,
   GEOL 424 Climatology

GEOGRAPHY MAJOR

The geography major includes the study of physical landscapes, their origins and the processes that alter them; the imprint of human activity on the earth’s surface; the complex relationships among places; and the application of technology to human resource identification, conservation, and management.

Sem hours

Major in geography .................................................. 30

1. Required courses ............................................... 27-28
   GESC 108 Earth Science ..................................... 4
   GEOG 110 World Regions ........................................ 3
   GEOG 235 Economic Geography ................................ 3
   Technique courses ........................................... 6
   Choose two courses from the following:
   GEOG 300 Location and Site Analysis, GESC 401
   Cartography, GESC 303 Field Geography,
   GESC 305 Aerial Photograph Interpretation,
   GESC 470 Quantitative Methods in Geography

   Systematic courses .......................................... 6
   Choose two courses from the following:
   GESC 320 The Oceans, GESC 324 Weather,
   GEOL 325 Geomorphology, GESC 327 Soil
   Science, GEOL 448 Hydrogeology

   Regional courses ........................................... 3
   Choose one course from the following:
   GEOL 314 Geography of Russia and Neighboring
   States, GEOG 318 Geography of Asia, GEOG 319
   Geography of Europe, GEOG 320
   Geography of the United States and Canada,
   GEOG 321 Geography of Latin America, GEOG 322
   Geography of Africa, GEOG 323 Geography
   of Australia and Pacific Islands, GEOG 328
   Geography of Canada

   2. Restricted electives ....................................... 2-3
   Choose elective credits in consultation with
   geography adviser.

GEOLOGY MAJOR

Geology majors who intend to enter the geological profession or enroll in graduate school also should take general chemistry and mathematics through calculus.

Sem hours

Major in geology ................................................... 30

1. Required courses ............................................... 28-31
   GEOL 160 Physical Geology .................................. 4
   GEOL 161 Historical Geology ................................ 4
   GEOL 228 Mineralogy ......................................... 4
   GEOL 326 Structural Geology ................................ 3
   GEOL 329 Petrology ........................................... 4
   GEOL 330 Sedimentology and Stratigraphy ........... 4
   "Field Geology .................................................. 5-8

2. Electives ....................................................... 0-2
   Choose elective credits in consultation with
   geology adviser.
Students on a Bachelor of Arts curriculum may substitute GEOL 331 Paleontology and three semester hours of electives for field geology, with the total required for the major to remain at 30 semester hours.

GEOLGY MAJOR

HYDROGEOLOGY CONCENTRATION

The hydrogeology concentration prepares students for graduate study or employment in the hydrogeology industry. It focuses on those aspects of geology and related sciences that pertain to the occurrence, movement, supply, and quality of water. The program is designed to provide a strong technical base. Students will be educated in skills which are required to gather and process data with particular attention to water-related problems.

Sem hours

Major in geology with concentration in hydrogeology ........................................ 40

1. Required courses ......................................... 40
   GEOL 160 Physical Geology ................................. 4
   GEOL 161 Historical Geology ............................... 4
   GEOL 200 Introduction to Hydrology .................... 3
   GEOL 228 Mineralogy ....................................... 4
   GEOL 325 Geomorphology .................................... 3
   GEOL 326 Structural Geology ............................... 3
   GEOL 329 Petrology ......................................... 4
   GEOL 330 Sedimentology and Stratigraphy ............... 4
   GEOL 355 Field Geology I .................................. 2
   GEOL 356 Field Geology II ................................ 3
   GEOL 448 Hydrogeology ..................................... 3
   *Field Hydrogeology ......................................... 3

*The hydrogeology field course may be selected from a number of universities with approval from a geology adviser.

An approved internship through cooperative education is strongly recommended.

Recommended supporting courses

Recommended minors

  Chemistry
  Botany
  Environmental Analysis
  Mathematics
  Physics

TRAVEL AND TOURISM MAJOR

The travel and tourism major responds to continuing needs for strong liberal arts programs with directed career opportunities. Careful attention is given to course offerings that provide graduates with distinct possibilities for enhancing the travel and tourism profession. Students who successfully complete the curriculum will have: a) increased awareness of the world, particularly in those regions where travel and tourism are commonly associated; b) increased understanding of business, especially from a marketing perspective; and c) increased written and oral skills in English or a foreign language.

The travel and tourism major leading to either a Bachelor of Arts or Bachelor of Science degree consists of: 1) an equal number of required credit hours (21 each) in geography and business courses; 2) electives chosen from a selection of courses from the colleges of Arts and Sciences and Business; and 3) a choice from one of two communications skills options—either a general concentration with courses emphasizing writing and speaking skills, or a foreign language and area studies concentration.

Sem hours

Major in travel and tourism ...................................... 75-76

1. Required courses ............................................. 42
   GEOG 110 World Regions ..................................... 3
   GEOG 112 Introduction to Travel and Tourism .......... 3
   GEOG 212 Geography of Travel and Tourism ............ 3
   GEOG 312 Travel Business Applications .................. 3
   GEOG 320 Geography of the United States and Canada ......................................................... 3
   GEOG 441 Transportation Geography and Planning ................................................................. 3
   GEOG 445 Cultural Tourism Resources .................... 3
   ACC 240 Principles of Accounting I ...................... 3
   MGMT 386 Organizational Behavior and Theory ......... 3
   MGMT 202 Business Communications ...................... 3
   MKTG 261 Contemporary Selling ......................... 3
   MKTG 360 Principles of Marketing ...................... 3
   MKTG 365 Buyer Behavior .................................. 3
   MKTG 369 Advertising ...................................... 3
2. Elective courses .............................................. 15-16

Choose 15-16 credits from the following (not more than three courses may be chosen from the College of Business):

- ANTH 135 Introduction to Cultural Anthropology
- ANTH 233 Peoples and Cultures of Mexico
- GEOG 321 Geography of Latin America
- ANTH 236 Peoples and Cultures of Africa
- GEOG 322 Geography of Africa
- ANTH 248 Peoples and Cultures of the Pacific
- GEOG 323 Geography of Australia and Pacific Islands
- GEOG 115 Foundations of Guest Service
- GEOG 115 Observing the Human Landscape
- GEOG 315 Travel and Tourism: The European Scene
- GEOG 318 Geography of Asia
- GEOG 319 Geography of Europe
- GEOG 333 Settlement Geography
- GEOG 344 Recreation Geography
- GEOG 345 Geography of Resorts
- GEOG 380 Cultural Geography
- GEOG 387 and/or GEOG 487 Cooperative Education
- GEOG 436 History of Urban Form and Function
- GEOG 436 Tourism
- GEOG 446 Heritage Interpretation and Tourism
- GEOG 478 Special Topics
- GEOG 488 Internship
- GESC 114 National Parks and Monuments
- FA 429 History of American Architecture
- LAW 293 Legal Environment of Business
- LAW 393 Law of Business Enterprises
- MKTG 368 Marketing Strategy
- MKTG 460 International Marketing
- MKTG 473 Promotional Strategy

3. Concentrations .................................................. 18

Choose either Option A: General or Option B: Foreign language and area studies

Option A: General

Required:
- JRNL 215 News Writing and Reporting ....... 3
- CTAC 374 Intercultural Communication ....... 3

Choose two of the following:
- JRNL 306 Feature Writing, JRNL 312 Introduction to Public Relations, ENGL 324 Principles of Technical Communication
- CTAC 224 Public Speaking, CTAC 227 Interpersonal Communication, CTAC 357 Interviewing as Communication

Option B: Foreign language and area studies

Before choosing Option B, students must have completed FRNH/GERN/SPNH 121, 122, 221, 222, and 233, 234 or equivalencies approved by the Foreign Languages and Bilingual Studies Department.

- GEOG/HIST 316 History and Geography of Modern Europe
- GEOG/HIST 317 History and Geography of Spanish America
- FRNH/GERN/SPNH 343 and 344 Composition and Conversation
- FRNH/GERN/SPNH 341 and 342 Survey of Literature
- 36 Language for International Trade
- 446 Business French, Spanish, and German

URBAN AND REGIONAL PLANNING Major

This interdisciplinary major studies the current situation in urban and regional planning, including land use, zoning, problems of urban growth, and local decision-making. The program is designed to prepare students for positions in public planning agencies, private planning firms, or other positions where planning skills are needed and relevant. Courses provide necessary skills to develop zoning ordinances, analyze site plans, critique general development plans, administer local planning regulations, as well as prepare and review grant applications, environmental impact statements and policy planning programs.

Incorporated in the major are courses from several other departments, particularly in the areas of biological science, public policy and government, and real estate management. Courses recommended to fulfill basic studies requirements include BIOL 105 Biology and the Human Species, MATH 105 College Algebra, SOCL 105 Introductory Sociology, GESC 108 Earth Science, ECON 201-202 Principles of Economics I-II, PLSC 202 State and Local Government, and ENGL 225 Intermediate English Composition.

Sem hours

Major in urban and regional planning ............... 36

1. Required courses ............................................. 25
- RES 210 Real Estate Principles and Practices. 3
- GEOG 215 Introduction to Urban and Regional Planning ........................................... 3
- GEOG 306 Comprehensive Planning and Regional Planning ........................................ 3
- GESC 401 Cartography ........................................ 3
- GEOG 410 Site Planning Studio ....................... 4
GEOG 435 History of Urban Form and Function .. 3
GESC 476 Introduction to Geographic Information Systems ................... 3
GESC 495 Environmental Assessment and Planning .................................. 3

2. Restricted electives ........................................ 11
Choose 11 credits from the following in consultation with the advising coordinator:

DS 255 Business Statistics I
PLSC 270 Public Administration
GEOG 300 Location and Site Analysis, GEOG 332 Urban Geography, GEOG 407 Housing and Residential Development, GEOG 441 Transportation Geography and Planning
GESC 303 Field Geography, GESC 305 Aerial Photograph Interpretation, GESC 475 Computer Mapping, GESC 479 Special Topics: Planning Law, GESC 485/487/489/490 Internship
GHPR 335 Historic Preservation

ACADEMIC MINORS

CARTOGRAPHY AND REMOTE SENSING MINOR

Cartography (map-making) is an ancient science designed to depict the earth's features and human activities. Today maps are made with several significant functions in mind—to understand spatial phenomena, to store information, and to analyze areal relationships.

Remote sensing uses space-age technology to sense, record, and transmit information about the biosphere and atmosphere. Satellite imagery is an important element in collecting remote sensing data. Remote sensing information is often used in constructing modern maps, whether by hand or through the use of computer mapping and geographic information systems software.

The goal of the minor is to provide an employment track for undergraduates to entry level positions as cartographers and remote sensing technicians. The minor provides balanced training between traditional cartographic work and computer maps. Emphasis is on map properties, spatial concepts, mapping techniques, drafting skills, graphic storage, and display of data. A strongly recommended aspect of this training is the internship or cooperative education experience at nearby private and public agencies.

Sem hours

Minor in cartography and remote sensing .... 20

1. Required courses ........................................ 15
GESC 305 Aerial Photograph Interpretation .. 3
GESC 401 Cartography ...................................... 3
GESC 402 Advanced Cartography ................. 3
GESC 475 Computer Mapping ......................... 3
GESC 485 Introduction to Remote Sensing .... 3

2. Restricted electives ..................................... 5
Choose five credits from the following:

GESC 227 Topographic Maps, GEOL 355 Field Geology, GESC 387/487/489/490 Internship
MATH 105 College Algebra, MATH 107 Plane Trigonometry
FA 165 Graphic Design for Nonmajors
INDT 121 Graphic Communication
CNST 206 Surveying, INTE 231 Industrial Computer Graphics
IS 215 End-User Computing or COSC 137 Introduction to FORTRAN Programming, IS 417 Systems Analysis and Design

COASTAL ENVIRONMENTS MINOR

Sem hours

Minor in coastal environments .......................................... 22

1. Required courses .......................................... 18
GESC 108 Earth Science or GEOL 160 Physical Geology ......................... 4
GESC 250 Introduction to Coastal Processes ...... 3
GESC 320 The Oceans ....................................... 3
GESC 350 Biogeography .................................... 3
GESC 450 Lake and Coastal Management .......... 3

2. Restricted electives ....................................... 6
Choose six credits from the following:

GEOG 215 Introduction to Urban and Regional Planning, GESC 208 Natural Environmental Hazards, GESC 305 Aerial Photograph Interpretation, GEOL 325 Geomorphology, GEOL 330 Sedimentology and Stratigraphy, GESC 495 Environmental Assessment and Planning

(Students, in consultation with the minor adviser, may choose other electives not listed above.)

EARTH SCIENCE MINOR

Sem hours

Minor in earth science .................................................. 21

1. Required courses ............................................ 18
GESC 108 Earth Science .................................... 4
GESC 320 The Oceans ....................................... 3
GESC 324 Weather ........................................... 3
GEOL 229 Rocks of Michigan .............................. 2
ASTR 203 Exploration of the Universe ............. 3

2. Restricted electives ................................ 3

Choose one course from the following:
GEOL 161 Historical Geology, GEOL 228
Mineralogy, GEOL 325 Geomorphology, GEOL
331 Paleontology, GEOL 370 Glacial Geology

(Students, in consultation with the minor adviser, may
choose other electives not listed above.)

ENVIRONMENTAL ANALYSIS MINOR

Minor in environmental analysis ................... 24

1. Required courses ..................................... 7
   GEOG 215 Introduction to Urban and Regional
   Planning .................................................. 3
   GESC 260 Introduction to Coastal Processes or
   GESC 486 Introduction to Remote Sensing .. 3
   GESC 305 Aerial Photograph Interpretation ... 3
   GESC 470 Quantitative Methods in Geography
   and Geology ............................................. 3
   GESC 475 Computer Mapping ........................ 3
   GESC 496 Environmental Assessment and
   Planning .................................................. 3
   GEOL 459 Groundwater Modeling ................... 3
   GEOL 460 Contaminant Hydrology ................. 3

2. Recommended supporting courses
   CHEM 121 General Chemistry I and CHEM 122
   General Chemistry I Laboratory
   MATH 170 Elementary Statistics
   CNST 206 Surveying
   PHY 221 Mechanics, Sound, and Heat and PHY
   222 Electricity and Light
   GESC 227 Topographic Maps
   ENGL 324 Principles of Technical Communication
   GESC 324 Weather
   GESC 327 Soil Science
   GEOL 370 Glacial Geology
   GESC 424 Climatology
   BIOL 435 Wetland Ecosystems
   BOTN 450 Aquatic Tracheophyta

Students considering graduate study should select the
following:
CHEM 123 General Chemistry II
CHEM 124 General Chemistry II Laboratory
PHY 221 Mechanics, Sound, and Heat and PHY
   222 Electricity and Light
MATH 120 Calculus I
MATH 121 Calculus II

GEOGRAPHY MINOR

Minor in geography .................................... 20

1. Required courses ..................................... 4
   GESC 108 Earth Science .............................. 4
   GEOG 110 World Regions ............................. 3

2. Restricted electives ................................ 13

Choose 13 credits in consultation with a
geography adviser.

GEOLOGY MINOR

Minor in geology ....................................... 21

1. Required courses ..................................... 19
   GEOL 160 Physical Geology ......................... 4
   GEOL 161 Historical Geology ....................... 4

*Course required for and applicable to major.

EARTH SCIENCE MAJOR

Elementary Teacher Certification

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in geology/earth science, certification code “DH.” The certification test covering this field is #20, “Geology/Earth Science.” The student is also qualified for recommendation for endorsement in science, certification code “DX.” The certification test covering this field is #16, “Science.”

The curriculum for this major is that which is listed under “Teaching Major/Minor” in the secondary earth science program, plus the requirements under II-B-1 and II-B-3 in that program’s Basic Studies requirements. The program includes a structured general science minor. *Students may take GESC 202 instead of GESC 108.

56 hours, not including course work that may be satisfied through Basic Studies.

GEOGRAPHY MAJOR

Secondary Teacher Certification

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in geography, certification code “CB” and, depending on the minor selected, endorsement in economics (“CA”), history (“CC”), political science (“CD”), psychology (“CE”), sociology (“CF”), or social science (“CX”). The certification test covering this field is #08, “Geography.”

Two of:
GEOG 300 Location and Site Analysis (3)
GESC 401 Cartography (3)
GESC 303 Field Geography (3)
GESC 305 Aerial Photograph Interpretation (3)
GESC 470 Quantitative Methods in Geography and Geology (3)

One of:
GESC 320 The Oceans (3)
GESC 324 Weather (3)
GEOL 325 Geomorphology (3)
GESC 327 Soil Science (3)
GEOL 448 Hydrogeology (3)

Two of:
GEOG 310 Energy Awareness (3)
GEOG 332 Urban Geography (3)
GEOG 360 Cultural Geography (3)
GEOG 361 Geography of Population (3)
GEOG 431 Historical Geography of the United States (3)
GEOG 438 Industrial Location and Development (3)

One of:
GEOG 314 Geography of Russia and Neighboring States (3)
GEOG 318 Geography of Asia (3)
GEOG 319 Geography of Europe (3)
GEOG 320 Geography of the United States and Canada (3)
GEOG 321 Geography of Latin America (3)
GEOG 322 Geography of Africa (3)
GEOG 323 Geography of Australia and Pacific Islands (3)
GEOG 328 Geography of Canada (2)

Two hours of electives chosen in consultation with an adviser.

Minor
A minor in one of economics, history, political science, psychology, sociology, or social science

Subtotal, Major and minor: .................................. 42

Professional Studies
100 clock hours of approved prestudent teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
HIST 481 The Teaching of Social Studies (3)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ......................... 34

Total credit hours required, with 20-hour minor: 128

*Course required for and applicable to major.
*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.
GEOGRAPHY MAJOR

Elementary Teacher Certification

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in geography, certification code “CB.” The certification test covering this field is #08, “Geography.”

The curriculum for this major is that which is listed under “Teaching Major” in the secondary geography program*, plus the requirements under II-B-3, III-B-2, III-B-3, and III-B-4 in that program’s Basic Studies requirements. Approved minors are history, political science, sociology, and social science group for elementary teachers. *Students are recommended to take GESC 202 instead of GESC 108.

28-29 hours, not including the minor and not including course work that may be satisfied through Basic Studies.

* Students are recommended to take GESC 202 instead of GESC 108.

GEOLOGY MAJOR

Elementary Teacher Certification

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in geology/earth science, certification code “DH.” The certification test covering this field is #20, “Geology/Earth Science.”

GEOL 160 Physical Geology (4)
GEOL 161 Historical Geology (4)
GEOL 228 Mineralogy (4)
GEOL 326 Structural Geology (3)
GEOL 329 Petrology (4)
GEOL 330 Sedimentology and Stratigraphy (4)
5-8 hours from field geology
Additional electives in geology to total 30 hours
Approved minors are those for the elementary program as given on page 362.

30 hours, not including the minor and not including course work that may be satisfied through Basic Studies.

TEACHING MINORS

EARTH SCIENCE MINOR

Elementary, Secondary, K-12, Special Education-Elementary, and Special Education-Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in geology/earth science, certification code “DH.” The certification test covering this field is #20, “Geology/Earth Science.”

*GESC 108 Earth Science (4)
GESC 309 Plate Tectonics (3)
GESC 320 The Oceans (3)
GESC 324 Weather (3)
GEOL 229 Rocks of Michigan (2)
#ASTR 203 Exploration of the Universe (3)

One of:
GEOL 161 Historical Geology (4) (Prereq: GEOL 160 or permission)
GEOL 228 Mineralogy (4) (Prereq: CHEM 121)
GEOL 325 Geomorphology (3)
GEOL 331 Paleontology (4) (Prereq: GEOL 161 or BIOL 106 or permission)
GEOL 370 Glacial Geology (3) (Prereq: GEOL 161, 330 or permission)
Others, chosen in consultation with advising coordinator

20-21 hours (including hours satisfied in Basic Studies)

*Elementary education focused students are recommended to take GESC 202 instead of GESC 108.
#Could be satisfied in Basic Studies in some programs.

GEOGRAPHY MINOR

Elementary, Secondary, K-12, Special Education-Elementary, and Special Education-Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in geography, certification code “CB.” The certification test covering this field is #08, “Geography.”

*#GESC 108 Earth Science (4)

Elementary education focused students are recommended to take GESC 202 instead of GESC 108.

**GEOG 110 World Regions (3)

13 hours chosen in consultation with the advising coordinator to include five hours from:
GEOG 313 Geography of Michigan (2)
GEOG 314 Geography of Russia and Neighboring States (3)
GEOG 318 Geography of Asia (3)
GEOG 319 Geography of Europe (3)
GEOG 320 Geography of the United States and Canada (3)
GEOG 321 Geography of Latin America (3)
GEOG 322 Geography of Africa (3)
GEOG 328 Geography of Canada (2)

20-21 hours (including hours satisfied in Basic Studies)

*Included in Basic Studies for some programs.
**Included in Basic Studies for elementary program.
*May be included in Basic Studies in special education programs.

GEOLOGY MINOR

ELEMENTARY, SECONDARY, K-12, SPECIAL EDUCATION-
ELEMENTARY, AND SPECIAL EDUCATION-SECONDARY TEACHER
CERTIFICATION

Successful completion of this minor, in the context
of other program requirements, qualifies the student
for recommendation for endorsement in geology/earth
science, certification code “DH.” The certification test
covering this field is #20, “Geology/Earth Science.”

GEOL 160 Physical Geology (4)
GEOL 161 Historical Geology (4)
GEOL 228 Mineralogy (4)
GEOL 326 Structural Geology (3)
GEOL 329 Petrology (4)

Four credits chosen in consultation with advising
coordinator.

21 hours

GEOGRAPHY AND EARTH SCIENCE COURSES

GESC 106 Earth Science. 4 hrs
Selected topics and concepts from geology, physical ge-
ography, meteorology, and oceanography provide the
basis for understanding current environmental problems
and for perceiving fundamental options as humans in-
crease pressure on the world’s resources and ecosystems.
A requirement for both the major and minor in geogra-
phy. Not open to students who have credit in GESC 202
Science for Elementary Teachers. Lecture: three hours
per week. Laboratory: one two-hour period per week.

GESC 114 National Parks and Monuments. 2 hrs
An analysis of the geology, vegetation, and wildlife that
led to the designation of certain US lands as national
parks, monuments, and recreational areas. The envi-
ronmental impact of people on the ecology of these ar-
 eas resulting from population pressures of camping, trail
use, fire, tourist services, and recreational facilities; NPS
conservation policies that govern preservation of our
heritage. Illustrated lectures and demonstrations.

GESC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other
departmental offerings. Students may elect more than
once provided different topics are studied.
Prereq: Department permission.

GESC 202 Science for Elementary Teachers. 3 hrs
Lectures and laboratory deal with earth science concepts
and teaching methodology. Nationally used elementary
science curriculums acquaint the student with tech-
niques of teaching basic earth science concepts. Empha-
sis on student-centered, process-oriented approaches
widely used in elementary classrooms. Not open to stu-
dents with credit in GESC 108. Lecture: two hours per
week. Laboratory: one two-hour period per week.

GESC 209 Natural Environmental Hazards. 3 hrs
Analysis of devastating earthquakes, volcanic eruptions,
floods, violent storms, freezes, and other environmen-
tal catastrophes, emphasizing their causes and human
adjustments to these events.

GESC 227 Topographic Maps. 2 hrs
Interpretation of distances, slopes and terrain features
as shown on topographic contour maps. Preparation of
contour maps from numerical data and of topographic
profiles from contour maps; the correlation of landforms
and landform patterns with the geologic materials and
processes responsible for them.
Prereq: GESC 108.

GESC 250 Introduction to Coastal Processes. 3 hrs
Description and analysis of the physical and bioge-
ographical processes of ocean and lake coasts. Distribu-
tion and origins of coastal environments. Natural and
human modification of beach, river valley, estuary,
marsh, delta, and coral reef environments by waves,
currents, and tides. Classroom demonstrations and field
trips.
Prereq: GESC 108 or BIOL 105 or department permis-
sion.

GESC 277/278/279 Special Topics. 1/2/3 hrs
An experimental course for subject matter not provided
in other departmental offerings. The content will change
from semester to semester. Students may elect this
course several times as long as different topics are stud-
ied.
Prereq: Department permission.
GESC 303 Field Geography. 3 hrs
Techniques in the observation and analysis of geographic features in the field. Emphasizes individual and group problem formulation, problem solving of geographic questions by using the scientific method, and combining traditional field exploration with the use of library aids.

GESC 305 Aerial Photograph Interpretation. 3 hrs
Analysis of black and white and color infrared photographs for land use planning, environmental assessment, geology, and resource management. Weekly lab exercises. Optional field trip.
Prereq: GESC 108 and algebra/trigonometry, or department permission.

GESC 309 Plate Tectonics. 3 hrs
An introduction to plate tectonics—i.e., continental drift and seafloor spreading—emphasizing the historical development of this new theory. Topics include the theory’s influence on improving our understanding of the close relationships between earthquakes, volcanic eruptions, mountain building, the formation of continents, and the origin of and eventual destruction of oceans. Lecture: three hours per week.
Prereq: GESC 108 or GEOL 160 or GESC 202 or department permission.

GESC 320 The Oceans. 3 hrs
A study of the world’s oceans, including coasts, waves, currents, tides, sediments, marine geology, properties of sea water, the energy balance, oceanographic research techniques, and marine resources, stressing physical oceanography.
Prereq: GESC 108 or GEOL 160 or GESC 202 or department permission.

GESC 324 Weather. 3 hrs
Introduction to the properties and processes that create weather, including an analysis of conditions aloft, the formation of storms, and methods and problems of weather forecasting.
Prereq: GESC 108 or department permission.

GESC 327 Soil Science. 3 hrs
The mineralogical, physical, chemical, and engineering properties of soils as related to soil formation, groundwater movement, soil erosion, plant-soil relationships, and land development capability. Field trips and exercises required. Fall semester only.
Prereq: GESC 108 or GEOL 160 or department permission.

GESC 334 Weather and Climate Investigations. 1 hr
A laboratory course for weather and climate students; includes the techniques utilized and concepts involved in the fields of weather and climate. Two hours of laboratory per week.
Prereq: GESC 324 or GESC 424; may be taken concurrently.

GESC 347 Teaching Earth Science and Physical Geography. 3 hrs
The techniques of teaching laboratory-centered earth science and physical geography courses, emphasizing inquiry teaching and questioning techniques. Practical experience is obtained by teaching actual earth science and physical geography classes. A requirement for teacher certification in earth science and physical geography. Not open to students on academic probation.
Prereq: GESC 108 or equivalent and junior standing or department permission.

GESC 350 Biogeography. 3 hrs
Analysis of the distribution, geologic setting, and ecological function of inland freshwater lakes and Great Lakes coasts. Emphasis on sediment, vegetation, wildlife, waterfowl and fisheries resources.
Prereq: GESC 108 or BIOL 224; GESC 250 recommended.

GESC 377/378/379 Special Topics. 1/2/3 hrs
An experimental course for subject matter not provided in other department offerings. The content will change from semester to semester. Students may elect this course several times as long as different topics are studied.
Prereq: Department permission.

GESC 387 Cooperative Education. 3 hrs
Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in earth science or land use planning. The program consists of two work experiences (GESC 387 and GESC 487) alternated with full-time University attendance. A written report is required at the end of each employment period. Graded on a credit/no credit basis.
Prereq: Completion of sophomore year, earth science or urban and regional planning major. Admittance by application only.
GESC 401 Cartography. 3 hrs
A lecture-laboratory course in the techniques of map making and visual representation of geographic information. The study and construction of several map projections, the evaluation of maps, and the use of map-drawing instruments. One hour lecture and four hours laboratory per week.

Prereq: GESC 401 or department permission.

GESC 402 Advanced Cartography. 3 hrs
A continuation of GESC 401. Emphasizes the student's production of thematic maps; the use of press-on materials, tapes and acetate overlays; scribing, computer mapping; reproduction techniques. One hour lecture, four hours laboratory per week.

Prereq: GESC 401 or GESC 475 or department permission.

GESC 424 Climatology. 3 hrs
An analysis of the world's climate types, including characteristics, classification, controls, and their effects on world soils and natural vegetation.

Prereq: GESC 324.

GESC 425 Severe & Unusual Weather 3 hrs
Analysis of cyclones, blizzards, thunderstorms, tornadoes, hurricanes and other catastrophic weather phenomena. Their environmental impact and prediction.

Prereq: GESC 424.

GESC 450 Lake and Coastal Management. 3 hrs
An analysis of modern coastal management problems of inland lakes and Great Lakes coasts. Selected topics include beach erosion, dredging, loss of wetlands, wildlife habitat degradation, and impact of shoreland development.

Prereq: GESC 250 or GESC 350 or department permission.

GESC 470 Quantitative Methods in Geography and Geology. 3 hrs
Introduction to current techniques and methods applicable to geographic and geologic problems. A laboratory course emphasizing statistical analyses and computer applications.

Prereq: Geography, geology, or earth science major; junior standing; or department permission.

GESC 475 Computer Mapping. 3 hrs
A laboratory course introducing interactive operation of microcomputers to produce maps on line printers and plotters. Students learn to develop and apply computer mapping graphics, databases, digitized data, and a simple geographic information system. Two hours instruction and two hours laboratory each week.

Prereq: A course in computer programming (FORTRAN) or cartography is recommended.

GESC 476 Introduction to Geographic Information Systems. 3 hrs
Introduction to basic Geographic Information Systems (GIS) concepts, geographic referencing, and to available software programs. Includes theory on map projections, mapping techniques, data collection and compilation, and data analysis. Microcomputer oriented.

Prereq: GESC 401 or GESC 475 or department permission.

GESC 477/478/479 Special Topics. 1/2/3 hrs
An experimental course for subject matter not provided in other department offerings. The content will change from semester to semester. Students may elect this course several times as long as different topics are studied.

Prereq: Department permission.

GESC 485 Introduction to Remote Sensing. 3 hrs
Introduction to remote sensing techniques and types of imagery, including multispectral, thermal, and radar images. Emphasis on image enhancement and interpretation in regard to land use planning and resource management.

Prereq: GESC 305 or department permission.

GESC 487 Cooperative Education. 3 hrs
Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in earth science or land use planning. The program consists of two work experiences (GESC 387 and GESC 487) alternated with full-time University attendance. A written report is required at the end of each employment period. Graded on a credit/no credit basis.

Prereq: Completion of sophomore year; earth science or urban and regional planning major. Admittance by application only.

GESC 488/489/490 Internship. 4/5/6 hrs
Supervised internship in some aspect of earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application. May be taken only once for credit.

Prereq: Department permission and placement.
GESC 495 Environmental Assessment and Planning.  
3 hrs
An examination of the program elements of environmental impact statements. Geobased data sources are explored and analyzed. Impact statements are prepared by the class and existing impact statements are evaluated.  
Prereq: GEOG 215 or BIOL 224.

GESC 497/498/499 Independent Study.  
1/2/3 hrs
Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.  
Prereq: Department permission.

Geology Courses

GEOL 120 The Fossil Record.  
3 hrs
The origin, development, and succession of life on earth. Systematic study of the evolution of life through time. An introduction to the record of life on earth for the nonscience major.

GEOL 160 Physical Geology.  
4 hrs
Geological concepts, processes, materials, and surface features of the physical earth; internal features such as heat and volcanism, earthquakes and deformation, and plate tectonics; and external processes that have shaped the landscape. Lecture: three hours per week. Laboratory: one two-hour period per week. Required for the geology major.

GEOL 161 Historical Geology.  
4 hrs
The origin, development, and succession of earth materials, surface, and life forms, culminating in one present scene and organic population. Field trips and reports may be required. Required for the geology major and minor. Lectures: three hours per week. Laboratory: one two-hour period per week.  
Prereq: GEOL 160 or department permission.

GEOL 177/178/179 Special Topics.  
1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

GEOL 200 Introduction to Hydrology.  
3 hrs
Study of physical, chemical and biological elements of rivers, lakes, wetlands, and groundwater, and the economic, social, political, and legal issues currently associated with these systems. Required for the hydrogeology major.  
Prereq: GESC 108 or GEOL 160 or GESC 202 or department permission.

GEOL 228 Mineralogy.  
4 hrs
A study of the crystallography, crystal chemistry, and identification of the most important rock forming and economic minerals of the crust of the earth. Lecture: three hours weekly. Laboratory: two hours weekly.  
Prereq: CHEM 121.

GEOL 229 Rocks of Michigan.  
2 hrs
The identification and classification of rocks with special emphasis on characteristics used in the field.  
Prereq: GESC 108 or GEOL 160.

GEOL 277/278/279 Special Topics.  
1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

GEOL 325 Geomorphology.  
3 hrs
A detailed study of surface features and the degradational, aggradational, and structural processes by which they are formed. Worldwide examples are used extensively.  
Prereq: GESC 108 or GEOL 160 and GEOL 161 or department permission.

GEOL 326 Structural Geology.  
3 hrs
Introduction to the terminology, relationship, and deformation of rocks with examples from specific areas. Laboratory problems are directed toward understanding of geological structures in three dimensions and their representation, interpretation, projection, and illustration as applied to economic problems. Lecture: two hours weekly. Laboratory: two hours weekly.  
Prereq: GESC 108 or GEOL 160.

GEOL 329 Petrology.  
4 hrs
The origin, occurrence, association, chemical relationships, and distribution of igneous, sedimentary, and metamorphic rocks. Laboratory: two hours weekly. Not open to students with credit in GEOL 229. Winter term only.  
Prereq: GEOL 228.
GEOL 330 Sedimentology and Stratigraphy. 4 hrs
The properties, description, and classification of sedimentary rocks; processes and environments of sediment deposition; principles and techniques of stratigraphy. Field trips and reports required. 
Prereq: GEOL 120 or GEOL 161 or ZOOL 222.

GEOL 331 Paleontology. 4 hrs
Origin and development of life on earth and the environments in which animal assemblages lived. Study of the principles involved in the interpretation of fossils. Systematic study of the features of the organisms most important in the fossil record. Lecture: three hours per week; laboratory: one two-hour period per week. 
Prereq: GEOL 161 or BIOL 105 or department permission.

GEOL 334 Geology of Construction. 3 hrs
Geologic features of near-surface soil and bedrock materials; how the materials and their chemical and physical properties are related to construction. Exploration and exploitation of the materials associated with ground water supply and disposal, aggregates and construction problems of dams, reservoirs, excavations, foundations, highways, and beach control structures. 
Prereq: GESC 108 or GEOL 160, GEOL 161, GEOL 330 or department permission.

GEOL 355 Field Geology I. 2 hrs
Theory and practice of precision mapping using tape, alidade, plane table, and stadia rod in local area. With GEOL 356 Field Geology II, satisfies the field requirement for major in geology. May include field study in a quarry. 
Prereq: GESC 229, GEOL 160, and GEOL 326.

GEOL 356 Field Geology II. 3 hrs
Instruction and practice in pace-traverse mapping, measurement of stratigraphic sections, and a mapping of areal geology and geologic structure in the Rocky Mountain west. With GEOL 355, satisfies field requirement for geology major. 
Prereq: GEOL 326, GEOL 329, GEOL 330, and GEOL 355; or department permission.

GEOL 370 Glacial Geology. 3 hrs
A study of the glacial geomorphology and stratigraphy of the Pleistocene drift with emphasis on the character of the drift, sheets, their soils and lithology, and the techniques of study as applied to the Wisconsin Stage in the state of Michigan. Comparisons drawn with the movements and deposits of modern glaciers; Paleoclimatic cycles of Precambrian and Paleozoic glacial ages and theories stressed. Field trips and reports required. 
Prereq: GESC 108 or GEOL 160, GEOL 161, GEOL 330 or department permission.

GEOL 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 
Prereq: Department permission.

GEOL 387 Cooperative Education. 3 hrs
Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geology. The program consists of two work experiences (GEOL 387/487) alternated with full-time University attendance. A written report is required at the end of each employment period. Graded on a credit/no credit basis. 
Prereq: Completion of sophomore year, geology major. Admittance by application only.

GEOL 428 Optical Mineralogy. 4 hrs
Study of the optical properties of crystalline matter with petrographic microscope used to identify nonopaque and some opaque minerals, using crushed fragments and some thin-sections. 
Prereq: OEOL 228 and PHY 224.

GEOL 430 Petroleum Geology. 3 hrs
A study of the origin, migration and accumulation of oil and natural gas. Exploration techniques in the use of structural geology, sedimentology, and stratigraphy. The various drilling coring methods, drilling equipment, and the procedures of drilling. Field trips to active drilling and/or producing areas and reports are required. Studies of specific oil and gas fields will be assigned. 
Prereq: GEOL 161, GEOL 326, GEOL 330 or department permission.

GEOL 439 Economic Geology. 3 hrs
A study of the geochemical behavior of metallic elements; the origin, processes, controls, and classification of ore deposits; and fossil fuels. The occurrence and distribution of metallic and nonmetallic deposits. 
Prereq: GEOL 228.
GEOL 448 Hydrogeology. 3 hrs
Subsurface water occurrence, distribution, relationships to surface water and precipitation; subsurface flow, especially as related to well water production; tests of aquifers; well drilling and installation; ground water exploration and recharge; legal problems. 
Prereq: GESC 108 or GEOL 160, algebraic ability, and junior standing.

GEOL 459 Groundwater Modeling. 3 hrs
Study of groundwater flow and contaminant transport rates using analytical, numerical, and statistical models. 
Prereq: GESC 475 and GEOL 448.

GEOL 460 Contaminant Hydrology. 3 hrs
Study of hydrochemistry, pollution pathways, and transport of contaminants. 
Prereq: BOTN 221, CHEM 121-122, and GEOL 448.

GEOL 470 Quantitative Methods in Geography and Geology. 3 hrs
Introduction to current techniques and methods applicable to geographic and geologic problems. A laboratory course emphasizing statistical analyses and computer applications. 
Prereq: Geography, geology, or earth science major, junior standing, or department permission.

GEOL 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 
Prereq: Department permission.

GEOL 487 Cooperative Education. 3 hrs
Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geology. The program consists of two work experiences (GEOL 387/487) alternated with full-time University attendance. A written report is required at the end of each employment period. Graded on a credit/no credit basis. 
Prereq: Completion of sophomore year, geology major. Admission by application only.

GEOL 488/489/490 Internship. 4/5/6 hrs
Supervised internship in some aspect of geology that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application. May be taken only once for credit. 
Prereq: Department permission and placement.

GEOL 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses. 
Prereq: Department permission.

Geography Courses in Social Science

GEOG 100 Future Worlds. 3 hrs
Introduces the student to reasons for studying the future from a geographical perspective, methods used in futuristics, the state of future shock today, the consequences of a shrinking world, and growing interdependence. Possible worlds that may exist in the year 2000 and beyond.

GEOG 107 Introduction to Geography. 3 hrs
A survey of the major concepts and subfields in modern geography. Physical, cultural, economic, political, and social geography are among the major areas explored.

GEOG 110 World Regions. 3 hrs
Geographic evaluation of the human imprint on the world, focusing on how peoples of various societies have approached the problems of living in their natural environments and with each other. A requirement for both the major and minor in geography.

GEOG 111 Regions and Resources. 3 hrs
A comparative analysis of the economic resources of major regions of the world. The relationships among countries, corporations, and multiple levels of technology are examined. 
Prereq: GEOG 110.

GEOG 112 Introduction to Travel and Tourism. 3 hrs
An introduction to the travel and tourism industry, including traditional and emerging careers; the ethical, behavioral, and logistical aspects of the travel experience; traveler needs and motivations; futuristic travel directions; and travel-related organizations.

GEOG 113 Foundations of Guest Service. 3 hrs
Analysis of guest-host service concepts and interactions in the travel and tourism industry, emphasizing the req-
GEOG 115 Observing the Human Landscape. 2 hrs
A geography course for students of any curriculum designed to enlighten travel experiences by developing observational awareness and perceptual appreciation of human landscapes and by enhancing sensitivity to the personality of places.

Prereq: GEOG 112 or department permission.

GEOG 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

GEOG 212 Geography of Travel and Tourism. 3 hrs
A review of the philosophy, historical development, and geographical distribution of travel and tourism. The economic, social, and environmental impacts of these activities; case studies illustrating their significance from all regions of the world.

Prereq: GEOG 235 recommended.

GEOG 215 Introduction to Urban and Regional Planning. 3 hrs
A general introduction to concepts and techniques of urban and regional planning. An overview of land use planning and ordinances, site analysis and planning, and preparation of general development plans. Discussion of urban and regional planning as a career, in both public agencies and private firms.

Prereq: Not open to freshmen.

GEOG 235 Economic Geography. 3 hrs
Systematic treatment of economic activities in selected world locations. Areal factors included in the evaluation, production, and distribution of goods and services.

GEOG 240 Geographic Perspectives on Third World Development. 3 hrs
A course designed to study the geographic nature of critical development issues. Explores both positive and negative consequences of world interdependence and the global economy.

Prereq: GEOG 110 or department permission.

GEOG 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

GEOG 300 Location and Site Analysis. 3 hrs
Practical and theoretical application of models that explain the location of human activities on earth.

Prereq: GEOG 235 recommended.

GEOG 306 Comprehensive Planning and Zoning. 3 hrs
A course studying issues of comprehensive planning, zoning, and land use regulation. Topics include preparation of a General Development Plan, current and recent zoning issues, land use legislation, and the drafting and use of state and local zoning ordinances. A base course for Urban and Regional Planning students as well as a valuable perspective to anyone interested in rural, urban, or regional development issues.

Prereq: GEOG 215.

GEOG 310 Energy Awareness. 3 hrs
A study of production, transportation, and consumption of energy, including analysis of historic, modern, and future energy sources and the environmental effects of their development. GEOG 110 or GESC 108 recommended.

GEOG 312 Travel Business Applications. 3 hrs
A survey of the operational procedures common to travel business ventures. Students will learn information-gathering techniques, the use of reference materials, the design of itineraries, reservations, and ticketing procedures, sales techniques, presentation and proposal preparation, and the emerging technologies available to travel planners.

Prereq: GEOG 110 and GEOG 112.

GEOG 313 Geography of Michigan. 2 hrs
Detailed analysis of the natural setting, population and settlement characteristics, industry, recreation, and agriculture in the state.

Prereq: GEOG 110 or GESC 108.

GEOG 314 Geography of Russia and Neighboring States. 3 hrs
A systematic and regional study of physical, cultural, and economic factors in Russia and other states of the former Soviet Union. Distribution of natural resources,
population and ethnic questions, environmental problems, and political evolution will be emphasized.

**GEOG 315 Travel and Tourism: The European Scene.**

3 hrs
Consideration of Europe as the most significant continent for modern tourism. Emphasis is on the natural, cultural, and historical factors which form the foundation of this industry; and on the major economic, social, and environmental impacts which can be attributed to tourism.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 316 History and Geography of Modern Europe.**

3 hrs
An interdisciplinary geographical-historical study of modern Europe with the geographical component emphasizing information of an urban, demographic, occupational, and environmental nature and the historical component stressing major political, social, and cultural developments. Must be taken concurrently with HIST 316.

**Prereq:** GEOG 110 and one of HIST 101/102/103.

**GEOG 317 History and Geography of Spanish America.**

3 hrs
An interdisciplinary presentation of the history and geography of Spanish America with emphasis on political, cultural, and socioeconomic forces from the conquest to the present. Similarities and differences within and between nations are stressed as are the special relationships that exist between the nations and the United States. Must be taken concurrently with HIST 317.

**Prereq:** GEOG 110 and one of HIST 101/102/103.

**GEOG 318 Geography of Asia.**

3 hrs
A regional treatment of natural setting, distribution of the people, important occupations, and problems of future development in each of several regions.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 319 Geography of Europe.**

3 hrs
Systematic treatment of the natural setting, cultural patterns, economic activities, and developmental problems of the continent; selected significant regions analyzed in detail.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 320 Geography of the United States and Canada.**

3 hrs
A regional treatment of natural setting, distribution of the people, important occupations, and problems of future development in each of several regions.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 321 Geography of Latin America.**

3 hrs
A regional treatment of natural setting, distribution of the people, important occupations, and problems of future development in each of several regions.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 322 Geography of Africa.**

3 hrs
A human ecological treatment of the African continent, involving resource identification and use as well as the varied nature of evolving human landscapes.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 323 Geography of Australia and Pacific Islands.**

3 hrs
The natural setting, distribution of the people, important occupations, and problems of future development in each of several regions.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 326 History and Geography of Modern Asia.**

3 hrs
An interdisciplinary geographical-historical study of modern Asia. The geography component emphasizes urban, demographic, occupational, and environmental trends and developments; the history component stresses major political and social developments and international relations. A requirement for majors in the Japanese program in language and international trade. Must be taken concurrently with HIST 326.

**Prereq:** GEOG 110 and either HIST 103 or HIST 106.

**GEOG 328 Geography of Canada.**

2 hrs
A detailed regional treatment of natural setting, distribution of the people, important occupations, and problems of future development in each part of Canada.

**Prereq:** GEOG 110 or GESC 108.

**GEOG 332 Urban Geography.**

3 hrs
A study of geographic principles related to distribution, function, structure, and regional setting of urban centers.

**Prereq:** GEOG 110.
GEOG 333 Settlement Geography. 3 hrs
Cultural, functional, and ecological factors underlying human settlement patterns.
Prereq: GEOG 110 or GESC 108 or GEOG 115.

GEOG 340 Medical Geography. 3 hrs
An inquiry into ecosystemic relationships between human health and conditions of the environment, both natural and cultural. The application of geographic concepts and techniques to interregional and intercultural health and health care problems.
Prereq: GEOG 110 or department permission.

GEOG 343 Geography of Sport. 3 hrs
A study of the geographic dimensions of sport, emphasizing such topics as origin, diffusion, and distribution of American sports and athletes, sports regions, and regional recruiting patterns.

GEOG 344 Recreation Geography. 3 hrs
A study of the relationship between human recreation activities and the environment. The environment as a recreation resource; recreation travel patterns; types of recreational facilities; impact of leisure activities upon the environment; recreational surveys and planning.
Recommended: GESC 114 or GEOG 215 or GEOG 115 or GEOG 360 or BIOL 224.

GEOG 345 Geography of Resorts. 2 hrs
Historical and systematic study of resorting and the resort as a functionally specialized settlement type; major resort areas of the world.
Prereq: GEOG 110 and GEOG 212 or department permission.

GEOG 348 Teaching Social Studies in Elementary Schools. 3 hrs
Survey of the social studies and evaluation of methods commonly used in the teaching of social studies in the elementary grades, with special emphasis on inquiry. Types of activities most effective in the presentation of materials and the use of visual aids are featured. A study of maps and globes, controversial issues, social values, environmental education, consumer education, global education, and ethnic groups is included. Not open to students on academic probation.
Prereq: One course in geography.

GEOG 360 Cultural Geography. 3 hrs
Human landscape patterns; emphasis upon the processes concerned with their origins, locations, and persistence.
Prereq: GEOG 110 or department permission.

GEOG 381 Geography of Population. 3 hrs
An analytical study of population characteristics and growth, world patterns of fertility, mortality, and migration. Major attention is given to human population problems, including ecology, resources depletion, and impacts of urbanization.
Prereq: GEOG 110 or department permission.

GEOG 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GEOG 387 Cooperative Education. 3 hrs
Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geography. The program consists of two work experiences GEOG 387/487) alternated with full-time University attendance. A written report is required at the end of each employment period. Graded on a credit/no credit basis.
Prereq: Completion of sophomore year, geography major. Admittance by application only.

GEOG 407 Housing and Residential Development. 3 hrs
A course for students interested in planning, administrative, and sociological aspects of housing, emphasizing the important role of housing in American society. Issues covered include housing programs, neighborhood development activities, construction and rehabilitation of residential units, and planning techniques and regulations for residential areas. Information is presented through lectures and readings; students will also work on a preliminary site layout of a housing development.
Prereq: GEOG 215.

GEOG 409 Professional Practice for Planners. 3 hrs
A senior-level course for urban and regional planning majors and minors, intended to be taken concurrently with GEOG 410. A seminar format is used to present a series of topics relating to professional practice in planning. Readings, case studies, simulations, and guest speakers are used to expose students to professional activities, including public hearings, dealing with com-
Community controversies, and professional-level communication techniques. Topics also deal with issues of professional ethics and certification.

Prereq: GEOG 215 and senior standing, or department permission.

**GEOG 410** Site Planning Studio. 3 hrs
A studio course in urban planning, gives hands-on experience in developing a site plan. Using an actual site and client, a project will be taken through the various stages of plan development. Activities include program analysis, data collection, development of alternative solutions, and selection and presentation of a final site plan.

Prereq: GEOG 215 and GEOG 306.

**GEOG 423** Principles of City and Regional Planning. 3 hrs
Theory and practice of planning in the urban and regional contexts, with emphasis on the United States. Planning process at local, state, and regional levels.

Prereq: GEOG 332 or department permission.

**GEOG 431** Historical Geography of the United States. 3 hrs
The sequence of human occupancy of the United States from pre-European times to the present. Temporal and spatial evolution of cultural landscapes.

Prereq: GEOG 320 or department permission.

**GEOG 432** Political Geography. 3 hrs
A study of the theory and concepts of political geography, using contemporary examples. Size, location, resources, boundaries, population, and level of technology within and outside the political framework.

Prereq: GEOG 110 or department permission.

**GEOG 433** Political Geography of the United States. 3 hrs
A study of the variety and diversity of geographic forms of political behavior, organization, and structure in the United States.

Prereq: GEOG 110 or department permission.

**GEOG 434** The Geopolitical World. 3 hrs
Views of political space by world and regional states; strategies and capabilities for employing national power to carry out geopolitical goals.

Prereq: GEOG 110 or department permission.

**GEOG 435** History of Urban Form and Function. 3 hrs
Analysis of the history of urban planning in selected regions of the world and in North American cities. Discussions of the current urban situation, and various urban planning theories.

Prereq: GEOG 332 or department permission.

**GEOG 436** Industrial Location and Development. 3 hrs
Basic principles of industrial development including industrial location theory, industrial site strategy, corporate facilities planning, and community industrial development programming. Strengths and weaknesses of Michigan for economic expansion. Case studies and practical applications.

Prereq: GEOG 300 or department permission.

**GEOG 437** Transportation Geography and Planning. 3 hrs
Historical evolution and worldwide distribution of major transportation systems. Technological and social implications will be considered, with particular attention to travel and tourism.

Prereq: GEOG 235 or department permission.

**GEOG 444** Census Applications to Spatial Analysis. 3 hrs
Utilization of census materials as data resources and tools with application to spatial analysis and social service problems. Designed to prepare students to intelligently assemble, organize, analyze, and utilize US census data.

**GEOG 445** Cultural Tourism Resources. 3 hrs
Survey of the relationships between cultural heritage resources and tourism. The tourism potentials of cultural centers and museums, archeological sites, folk
crafts and foodways, regional cultural mannerisms, ethnic landscapes, architecturally significant buildings, historic cities and towns, and other types of historic landscapes will be covered.

**Prereq: GEOG 115 or 212 or GEOG 360 or GHPR 335.**

**GEOG 446 Heritage Interpretation and Tourism. 3 hrs**

Evolution of the private sector tour-guiding and the public sector heritage interpretation concepts. Practice in the application of interpretive technique to cultural and natural tourism resources. Strategies for the integrative use of interpretive methods, including tours, demonstrations, talks, person-to-person experiences, publications, exhibits, signage, and audiovisuals.

**Prereq: GEOG 445 or department permission.**

**GEOG 477/478/479 Special Topics. 1/2/3 hrs**

An experimental course for subject matter not provided in other departmental offerings. The content will change from semester to semester. Students may elect this course several times as long as different topics are studied.

**Prereq: Department permission.**

**GEOG 487 Cooperative Education. 3 hrs**

Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in geography. The program consists of two work experiences (GEOG 387/487) alternated with full-time attendance at the University. A written report is required at the end of each employment period. Graded on a credit/no credit basis.

**Prereq: GEOG 387. Completion of junior year, geography major. Admittance by application only.**

**GEOG 488/489/490 Internship. 4/5/6 hrs**

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application. May be taken only once for credit.

**Prereq: Department permission and placement.**

**GEOG 497/498/499 Independent Study. 1/2/3 hrs**

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

**Prereq: Department permission.**

---

**Historic Preservation**

**GHPR 177/178/179 Special Topics. 1/2/3 hrs**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Prereq: Department permission.**

**GHPR 277/278/279 Special Topics. 1/2/3 hrs**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Prereq: Department permission.**

**GHPR 335 Historic Preservation. 3 hrs**

Introduction to general concepts and goals of historic preservation. The built environment as a cultural heritage resource; objectives of cultural surveys and inventories; methods of preservation, conservation, planning, and interpretation.

**Prereq: GEOG 115 recommended.**

**GHPR 377/378/379 Special Topics. 1/2/3 hrs**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Prereq: Department permission.**

**GHPR 387 Cooperative Education. 3 hrs**

Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in historic preservation, historic administration or heritage interpretation. The program consists of two work experiences (GHPR 387/487) alternated with full-time University attendance. A written report is required at the end of each employment period. Graded on a credit/no credit basis.

**Prereq: Completion of sophomore year, historic preservation or selected minor. Admittance by application only.**

**GHPR 436 Historic Preservation Field Project. 3 hrs**

Specially arranged supervised field experiences and application of theoretical viewpoints to field problems in historic preservation.

**Prereq: Department permission.**

**GHPR 437 Historic Preservation Field Project. 6 hrs**

Specially arranged supervised field experiences and application of theoretical viewpoints to field problems in historic preservation.

**Prereq: Department permission.**
GHPR 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GHPR 487 Cooperative Education. 3 hrs
Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in historic preservation, historic administration, or heritage interpretation. The program consists of two work experiences (GHPR 387/487) alternated with full-time attendance at the University. A written report is required at the end of each employment period. Graded on a credit/no credit basis.
Prereq: Completion of junior year, historic preservation or related minor.

GHPR 488/489/490 Internship. 4/5/6 hrs
Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application. May be taken only once for credit.
Prereq: Department permission and placement.

GHPR 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.
Prereq: Department permission.
HISTORY AND PHILOSOPHY

Margot I. Duley
Department Head
701 Pray-Harrold
487-1018

HISTORY SECTION

Associate Professors: Robert M. Citino, Roger D. Long

Assistant Professors: Ronald Delph, Mark Higbee, Pamela Graves, Philip Schmitz

Emeritus Professor: W. Donald Briggs

Instructor: Joseph Engwenyu

PHILOSOPHY SECTION

Associate Professors: Margaret Crouch, Kate Meburon, Michael Reed

Graduate programs under the auspices of the department are the Master of Arts in history, the MA program in social science, the MA program in liberal studies with a concentration in social science and American culture, and the Graduate Certificate in state and local history. See the Graduate Catalog for program descriptions.

Advising

Advising is available in the History and Philosophy department for all areas of study listed above, with the exception of programs in elementary education which are the responsibility of the Teacher Education department. In the History and Philosophy department, advising appointments should be made through the department secretary (487-1018).

History, social science, area studies: Richard Goff

History, social science, area studies, religion: Lester Scherer

Philosophy: to be announced

ACADEMIC MAJORS
(HISTORY)

Area Studies Majors

The interdisciplinary area studies majors help students understand the background and specific problems of a world cultural or geopolitical area: Africa, Asia-Far East, Latin America, Middle East and North Africa, or the Soviet Union. Courses drawn from several departments supply information on the area's economy, geography, history, politics, society, and general cultural background. The program also provides a foundation for graduate work with an area of specialization or preparation for careers in government service or private business. Students who enter the program choose either a

   B. Europe
   C. Africa, Asia, History of Religions (HIST 301,
      302), Latin America

3. Unrestricted electives ....................................... 6
   HIST 100 The Comparative Study of Religion and
   HIST 481 The Teaching of Social Studies may
   not be counted towards the major.
SOCIAL SCIENCE MAJOR

The social science major requires a total of 36 semester hours, including electives, chosen from history, anthropology, sociology, economics, geography, and political science.

The major must include at least eight semester hours each in three of the areas of concentration listed below.

Of the 36 semester hours, at least 14 must be in courses at the 300-level or above.

Students minoring in any of the fields listed above may not choose any courses from that field for this major.

Sem hours

Areas of concentration (choose three)

1. World history .................................................. 8-9
   a. Choose two of the following: ................................. 6
      HIST 101 Western Civilization to 1648; HIST 102
      Western Civilization, 1648 to World War I;
      HIST 103 Twentieth Century Civilization;
      HIST 106 Asian and African Civilizations
   b. One world history course at the 300-level or above .......... 2-3

2. United States history ........................................ 8-9
   a. HIST 123 The United States to 1877 ...................... 3
   b. HIST 124 The United States, 1877 to the Present ........... 3
   c. One United States or Canadian history course at the 300-level or above ............................................... 2-3

3. Anthropology .................................................. 8-9
   a. ANTH 135 Introduction to Cultural Anthropology ........... 3
   b. An anthropology course at the 300-level or above ............ 3
   c. Any other anthropology course .................................. 2-3

4. Sociology ...................................................... 8-9
   a. SOC 105 Introductory Sociology .............................. 3
   b. A sociology course at the 300-level or above ............... 3
   c. Any other sociology course ...................................... 2-3

5. Economics ..................................................... 8-9
   a. ECON 201 Principles of Economics I and ECON
      202 Principles of Economics II ............................... 6
   b. An economics course at the 300-level or above .............. 2-3

6. Geography ..................................................... 8-9
   a. GEOG 110 World Regions ...................................... 3
   b. An Area III geography course at the 300-level or above .. 3
   c. Any other area III geography course ......................... 2-3

7. Political science ............................................... 8-9
   a. Choose one of the following: .................................. 3
      PLSC 112 American Government or PLSC 113
      American Government Honors
   b. A political science course at the 300-level or above ........... 3
   c. Any other political science course ........................... 2-3

Electives

Choose courses from any of the above fields to complete the required 36 hours, except HIST 100 and HIST 481.

ACADEMIC MINORS
(HISTORY)

AREA STUDIES MINOR

Sem hours

Area studies minor: Africa ....................................... 20
1. Required area courses (as listed for the major) ............ 15
2. Area electives (as listed for the major) .................... 5

Sem hours

Area studies minor: Asia-Far East ............................... 20
1. Required area courses (as listed for the major) ............ 14
2. Area electives (as listed for the major) .................... 6

Sem hours

Area studies minor: Latin America ............................... 20
1. Required area courses (as listed for the major) ............ 15
2. Area electives (as listed for the major) .................... 5

Sem hours

Area studies minor: Middle East and North Africa ............. 20
1. Required area courses (as listed for the major) ............ 9
2. Area electives (as listed for the major) .................... 11

Sem hours

Area studies minor: Soviet Union ............................... 20
1. Required area courses (as listed for the major) ............ 12
2. Area electives (as listed for the major) .................... 8

HISTORY MINOR

Sem hours

Minor in history .................................................. 20-21
1. Required courses ............................................... 6
   HIST 101 Western Civilization to 1648; HIST 102
   Western Civilization, 1648 to World War I; or
   HIST 103 Twentieth Century Civilization .................... 3
   HIST 123 The United States to 1877 or HIST 124
   The United States, 1877 to the Present ........................ 3
2. Restricted electives .......................................... 12
   Choose six hours of courses at the 300-level or above in
one of the following areas and three hours in each of the other two areas:
A. United States and Canada
B. Europe
C. Africa, Asia, History of Religions, Latin America

3. Unrestricted electives ..................................... 2-3

Note: No more than three 100-level courses may be counted toward the minor.
HIST 100 The Comparative Study of Religion and HIST 481 The Teaching of Social Studies may not be counted toward the minor.

RELIGIOUS STUDIES MINOR

Sem hours
Minor in religious studies .................................. 20-21

1. Required course ............................................. 3
   HIST 100 The Comparative Study of Religion

2. Restricted electives* ....................................... 12
   Choose four courses from the following:
   PHIL 215 Philosophy of Religion
   ANTH 338 Anthropology of Religion
   HIST 301 The Religions of South and East Asia,
   HIST 302 Near Eastern and Western Religions,
   HIST 303 History of American Religion
   LITR 251 The Bible as Literature
   PSY 225 Psychology of Religion
   SOCL 320 Sociology of Religion

3. Electives* .................................................... 5-6
   Choose two additional courses from the restricted electives list or from the following:
   PHIL 220 Ethics, PHIL 260 Existentialism
   ANTH 135 Introduction to Cultural Anthropology
   CLAS 301 Mythology
   FA 107 Art History Survey I, FA 340 History of Classical Art, FA 341 History of Renaissance Art
   HIST 327 Europe in the Making, 600-1800; HIST 330 Europe in the Renaissance and Reformation
   LITR 351 World Mythology, LITR 409 The Development of American Literature, LITR 414 English Renaissance Prose and Poetry 1500-1660
   (No more than three of the seven courses in the minor may be chosen from a single area—fine arts, literature, and history.)
   *Certain independent study courses and special topics courses may be counted as restricted electives or electives with the approval of the advising coordinator of religious studies.

SOCIAL SCIENCE GROUP MINOR (NON-TEACHING)

The social science minor requires a total of 24 semester hours chosen from history, anthropology, sociology, economics, geography, and political science.

The minor must include at least eight semester hours each in two of the areas listed below.

Of the 24 semester hours, at least 8 must be at the 300-level or above.

Students majoring in any of the fields listed above may not choose any courses from that field for this minor.

This minor cannot be taken together with the social science major.

Sem hours
Minor in social science ...................................... 24

Areas of concentration (choose two)

1. World history ............................................. 8-9
   a. Choose two of the following: ...................... 6
      HIST 101 Western Civilization to 1648; HIST 102 Western Civilization, 1648 to World War I;
      HIST 103 Twentieth Century Civilization;
      HIST 106 Asian and African Civilizations
   b. One world history course at the 300-level or above ................................................. 2-3

2. United States history ................................ 8-9
   a. HIST 123 The United States to 1877 ........... 3
   b. HIST 124 The United States, 1877 to the Present ..................................................... 3
   c. One United States or Canadian history course at the 300-level or above ......................... 2-3

3. Anthropology ............................................. 8-9
   a. ANTH 155 Introduction to Cultural Anthropology ..................................................... 3
   b. An anthropology course at the 300-level or above ..................................................... 3
   c. Any other anthropology course ..................... 2-3

4. Sociology .................................................. 8-9
   a. SOCL 105 Introductory Sociology ............... 3
   b. A sociology course at the 300-level or above .................................................... 3
   c. Any other sociology course ......................... 2-3

5. Economics .................................................. 8-9
   a. ECON 201 Principles of Economics I and ECON 202 Principles of Economics II ............... 6
   b. An economics course at the 300-level or above .................................................... 2-3

6. Geography .................................................. 8-9
   a. GEOG 110 World Regions .......................... 3
   b. An Area III geography course at the 300-level or above ............................................. 3
7. Political science ............................................. 8-9
   a. Choose one of the following: .......................... 3
      PLSC 112 American Government or PLSC 113
      American Government Honors
   b. A political science course at the 300-level or
      above .................................................................. 3
   c. Any other political science course ............... 2-3

Electives
Choose courses from any of the above fields to
complete the required 36 hours, except HIST
100 and HIST 481.

TEACHING MAJORS

HISTORY MAJOR
SECONDARY TEACHER CERTIFICATION
Successful completion of this course of studies, in
the context of other program requirements, qualifies the
student for recommendation for certification for the
Michigan Department of Education Secondary Provi-
sional Certificate endorsed in history, certification code
“CC” and, depending on the minor selected, endorse-
ment in economics (“CA”), geography (“CB”), political
science (“CD”), psychology (“CE”), sociology (“CF”), or
social science (“CX”). The certification test covering this
field is #09, “History.”

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: ..................................... 52

Teaching Major
See note “a” above for courses applicable to both
Basic Studies and the major
One of:
   HIST 123 The United States to 1877 (3)
   HIST 124 The United States, 1877 to the
   Present (3)
HIST 300 Historical Research and Writing (3)
Choose six hours of history courses 300-level or above
in two of the following areas and three hours in the
remaining area:
United States and Canada
Europe
Latin America, Africa, Asia, History of Religions
   (HIST 301, 302)
One further course in history; not including HIST 100
or HIST 481. Major should include at least eight
hours of US history, including HIST 123 or HIST
124 or both.

Minor
A minor in economics, geography, political science,
psychology, or sociology.

Subtotal, Major and minor: ........................................... 50

Professional Studies
100 clock hours of approved prestudent teaching
field experiences (0)
EDTC 300 Introduction to Computer Applications
   in Education (1)
SPGN 300 Exceptional Children in the Regular
   Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission
to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary
   School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
HIST 481 The Teaching of Social Studies (3)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ....................... 34

Total credit hours required, with 20-hour minor: 133

*Course applicable to major.
*Could be less, depending on the minor and the possible application of
Basic Studies courses to the minor.
HISTORY MAJOR
Elementary Teacher Certification

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in history, certification code "CC." The certification test covering this field is #09, "History."

The curriculum for this major is that which is listed under "Teaching Major" in the secondary history program, plus the III-B-2, III-B-3, and III-B-4 in that program's Basic Studies requirements. Approved minors are geography, political science, sociology, and social science group for elementary teachers.

30 hours, not including the minor and not including course work that may be satisfied through Basic Studies.

SOCIAL SCIENCE CURRICULUM
Secondary Teacher Certification

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in social science, certification code "CX," and, depending on the minor selected, endorsement in economics ("CA"), geography ("CB"), history ("CC"), political science ("CD"), psychology ("CE"), or sociology ("CF"). The certification test covering this field is #06, "Social Studies."

TEACHING MINORS

HISTORY MINOR

Elementary, Secondary, K-12, Special Education-Elementary, and Special Education-Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in history, certification code “CC.” The certification test covering this field is #09, “History.”

One of:
*HIST 123 The United States to 1877 (3)
*HIST 124 The United States, 1877 to the Present (3)

Choose six hours of courses at the 300-level or above in one of the following areas and three hours in each of the other two areas:
United States and Canada
Europe
Africa, Asia, History of Religions (HIST 301, 302), Latin America

Two hours of unrestricted elective(s)

No more than three 100-level courses may be counted toward the minor. HIST 100 and HIST 481 may not be counted. Secondary education certification requires at least eight hours of United States history.

20 hours (including hours satisfied in Basic Studies)

* May be satisfied in Basic Studies requirements.

HISTORY COURSES

BASIC COURSES

HIST 100 The Comparative Study of Religion. 3 hrs
An introduction to the systematic study of religious experience and expression; organized around representative motifs, phenomena, and institutions, and illustrated with relevant examples from the various historical religious traditions. (Satisfies basic studies philosophy/religion requirement. Does not satisfy basic studies history requirement. Does not count for social science major or minor, or history major or minor.)

HIST 101 Western Civilization to 1648. 3 hrs
A topical survey of western civilization from its Greco-Roman origins to the 17th century. Cultural development and institutional growth are emphasized. Greco-Roman contributions, the Judeo-Christian heritage, Byzantine and Islamic cultures, European expansion and militarism, the Renaissance, and the Reformation are among the major topics considered.

HIST 102 Western Civilization, 1648 to World War I. 3 hrs
A topical survey of western civilization from the 17th century to World War I. Cultural development and institutional growth are emphasized. The Baroque era, Enlightenment, political and industrial revolutions, nationalism, and imperialism are among major topics considered.
HIST 103 Twentieth Century Civilization. 3 hrs
An examination of the international developments of the 20th century, with particular emphasis on the interactions between the West and other world cultures.

HIST 106 Asian and African Civilizations. 3 hrs
The civilizations of the Moslem world, Africa, India, and East Asia in historical perspective. Philosophical outlook, cultural development, and technological advances are emphasized with attention also being given to social and economic changes in the period since 1500.

HIST 300 Historical Research and Writing. 3 hrs
Practice and development of the historian's skills by means of frequent written student exercises. Students will examine and criticize their own and one another's work. Required of history majors.

**United States and Canada**

HIST/LITR 107 Society in Crisis: 1848 and 1968. 6 hrs
A comparison and contrast of the social crises that culminated in two revolutionary aftermaths (1848 in Europe and 1968 in the United States and Europe), focusing on alienation, women, the rise of nationalism and ethnic consciousness, and the revolutionary outlook and its ultimate frustration. Team taught by members of the History and English Departments. These courses must be taken concurrently and satisfy one history requirement and one literature requirement. Note: See Honors Humanities Courses, page 46.

HIST 123 The United States to 1877. 3 hrs
A study of United States history through the Reconstruction following the Civil War.

HIST 124 The United States, 1877 to the Present. 3 hrs
A study of United States history from the end of Reconstruction to the present.

HIST 152 From the Gay Nineties to the Crash. 3 hrs
A series of biographical portraits providing an intensive look at the profound cultural changes of the era 1890 to 1930, in both Europe and the United States. Team taught by members of the History and English Departments. This course satisfies one history or one literature requirement. Note: See Honors Humanities Courses, page 46.

HIST 303 History of American Religion. 3 hrs
A survey of religious institutions and ideas in relation to American culture from colonial times to the present. Prereq: One course in American history.

HIST 305 Indians of the United States. 3 hrs
An ethnohistory of Indian peoples and nations of the United States from their origins to the present. Prereq: One course in history or department permission.

HIST 313 Michigan History. 3 hrs
A survey of major economic, social, and political developments in Michigan from prehistoric times to the present. Emphasizes the period prior to the 20th century.

HIST 315 History of Black Americans. 3 hrs
A history of Americans of African ancestry from colonial times to the present. Emphasizes slavery, the post-Civil War South, northward migration and urban settlement, and philosophies of racial progress. Prereq: One course in American history.

HIST 325 The Family in History. 3 hrs
A history of the family in a selected geographical area (for example, the United States or Europe), exploring the interaction between the family and broader cultural and economic forces over time, and examining in historical perspective the various stages of life, such as childhood, adolescence, courtship, marriage, and old age.

HIST 330 History of Women in the United States and Great Britain, 1800 to the Present. 3 hrs
A comparative study of the history of women in the United States and Great Britain. Examines the ideology of the nature and role of women, the history of women's lives, the impact of industrialization, and the feminist movements of the 19th and 20th centuries. Prereq: One course in history or department permission.

HIST 350 History of Canada. 3 hrs
A survey of the development of Canada from prehistoric times to the present with an emphasis on social and economic topics.

HIST 352 United States Urban History. 3 hrs
The development of United States cities from the commercial town of colonial times to the industrial metropolis of today. Emphasizes urban economic activities, boss and reform politics, immigrant and racial minorities, and city and suburban expansion. Prereq: Junior standing or HIST 123 or HIST 124.
HIST 364 United States Military History. 3 hrs
A study of the origins and developments of military institutions, traditions, and practices in the United States from the colonial period to the present, with attention given to the interrelationship between military history and political, social, and economic conditions in the United States and the world. A requirement for cadets in ROTC programs.
Prereq: One course in history.

HIST 365 The Old South. 3 hrs
The South from the colonial foundations to the formation of the Confederacy in 1861.
Prereq: HIST 123 and junior standing.

HIST 380 American Colonies to Independence. 3 hrs
A study of the European prelude to colonization; the founding of the colonies, and their political, economic, and social development; the deterioration of the relationship between Great Britain and the American colonies after 1763.
Prereq: HIST 123 or equivalent.

HIST 383 The Age of Jackson. 3 hrs
A study of the United States from the end of the War of 1812 through the Mexican War, with the major emphasis on the transportation revolution, sectionalism, the second American party system, Manifest Destiny, and the social movements of the era.

HIST 385 Civil War and Reconstruction. 3 hrs
A study of the United States from the Mexican War through the era of Reconstruction. Examines the sectional tensions leading to the Civil War; the political, social, military, and economic aspects of the war; the problems of reconstruction and the rise of the solid South.
Prereq: Junior standing.

HIST 414 The Automobile Industry and Modern America. 3 hrs
An examination of the European and American origins of the automobile industry, the emergence of Michigan's dominant position in the industry, and the social, economic, and general cultural influence that the automobile and the industry have exerted on 20th-century America.

HIST 424 The United States from 1917 to 1941. 3 hrs
A study of United States history from World War I through US entry into World War II. The course covers foreign affairs, national government and politics, economic developments, and social trends. World War I, modernization, and cultural conflict of the 1920s and the Great Depression and New Deal of the 1930s receive special attention.
Prereq: HIST 124.

HIST 425 The United States from 1941 to 1963. 3 hrs
A study of United States history from entry into World War II to the death of President John F. Kennedy. The course covers national government and politics, foreign policy, and social history of the American people. World War II diplomacy and home front; Cold War; Truman, Eisenhower, and Kennedy administrations; Red Scare; civil rights; suburbanization; mass culture; and other postwar social and cultural trends receive special attention.
Prereq: HIST 124.

HIST 426 The United States from 1963 to the Present. 3 hrs
A study of United States history from the presidency of Lyndon B. Johnson to the present. The course covers national government and politics, foreign policy, and social history of the American people. The Great Society; Vietnam War; protest movements of the 1960s; Nixon administration and Watergate; economic, social, and cultural trends of the 1970s and 1980s; the conservative resurgence; and the Reagan Revolution and its aftermath are among topics that receive special attention.
Prereq: HIST 124.

HIST 461 Foreign Relations of the United States. 3 hrs
A survey of the foreign relations of the United States emphasizing the diplomacy of the period after the Civil War.

HIST 463 United States Labor History. 3 hrs
A history of workers in the United States from colonial times to the present with special emphasis on developments occurring between 1820 and 1940. Considers working-class life and culture, labor unions, government-labor relations, and the impact of economic change.
Prereq: One course in history.

HIST 464 The Old West, 1540-1890. 3 hrs
A study of Spanish settlement, the fur trade, great explorations, settlement and expansion, transportation and mining frontiers, the cattle industry and cowboy culture, and the impact on the Indians.
Prereq: One course in history.
HIST 465 United States Constitutional History. 3 hrs
A history of the development of the American Constitution from English and American colonial origins to the present.
Prereq: HIST 123 or HIST 124 or department permission.

HIST 468 The American Mind to the Civil War. 3 hrs
Ideas and culture in America during the 17th, 18th, and early 19th centuries. Includes such subjects as Puritanism, the Enlightenment, and Romanticism/Transcendentalism, together with their general cultural implications.
Prereq: HIST 123 and junior standing.

HIST 469 The American Mind since the Civil War. 3 hrs
Ideas and culture in America during the late 19th and 20th centuries. Includes such subjects as pragmatism, social Darwinism, nationalism and internationalism, and liberal and conservative thought together with their general cultural implications.
Prereq: One course in history and junior standing.

HIST 482 The Age of Washington and Jefferson. 3 hrs
The formation of the new nation during the War for Independence, the creation of the Constitution, the Federalist era, the Republican administration through Madison's term in office, the War of 1812, and postwar diplomacy.
Prereq: HIST 123 or equivalent.

HIST 486 The United States as an Emerging World Power. 3 hrs
The passing of the frontier after the Civil War, the Industrial Revolution, the big city and its problems, Populist revolt and Progressive reform, Imperialism, and World War I.
Prereq: HIST 123 or HIST 124 or equivalent.

HIST 127 The Splendid Centuries of Austria. 3 hrs
A survey of the art, music, and literature of Austria from the 17th to early 20th century in its intellectual, political, and social setting. Baroque and Rococo art, and Classical and Romantic music and literature are considered. Extensive use is made of recordings and slides. Team taught by a member of one of the fine arts Departments and a member of the History Department. This course satisfies one fine arts or one history requirement. Note: See Honors Humanities Courses, page 46.

HIST 128 Russia in the Age of Tolstoy and Dostoevsky. 3 hrs
An introduction to the rise of the revolutionary movement in Russia in the half century preceding World War I due to developments in peasant, urban, and aristocratic life. Students examine selected works of literature and some art and music. Team taught by members of the English and History Departments. This course satisfies one literature or one history requirement. Note: See Honors Humanities Courses, page 46.

HIST 151 Reason and Revolution. 3 hrs
An examination of the transition in political history, philosophy, art, literature, and music from Puritan England and Louis XIV's France to Napoleon. Team taught by members of the Art and History departments. This course satisfies one art or one history requirement. Note: See Honors Humanities Courses, page 46.

HIST 290 Introduction to the History of Technology. 3 hrs
An introduction to western technology from medieval times to the present. Examines the process of technical change, the nature of technological systems, the diffusion of technological improvements, and the role of technology in broader historical movements.

HIST 309 France to 1789. 3 hrs
A study of the main currents in early modern times with special emphasis on the impact of the Protestant Revolt and the Renaissance on French society, the rise of absolutism, and the political and intellectual background of the French Revolution.

HIST 310 France since 1789. 3 hrs
An examination of the major trends in French history since the start of the Revolution. Stresses cultural, social, economic, intellectual, and political trends, and treats the ways in which France has been a seedbed for new movements in Europe.
Prereq: HIST 102 or HIST 332.
HIST 316 History and Geography of Modern Europe. 3 hrs
An interdisciplinary and geographical-historical study of modern Europe with the geographical component emphasizing information of an urban, demographic, occupational, and environmental nature, and with the history component stressing major political, social, and cultural developments. A requirement for majors in language and international trade. Must be taken concurrently with GEOG 316.
Prereq: GEOG 110 and either HIST 101, HIST 102, or HIST 103.

HIST 323 Greek History. 3 hrs
Examines the Greeks' achievements from the Bronze Age to the Roman conquest, focusing on the period after 800 B.C. Emphasizes political, social, and economic developments; also considers literary, intellectual, and artistic accomplishments.
Prereq: One course in history or department permission.

HIST 324 Roman History. 3 hrs
Examines the Romans' achievements from earliest times to the German conquest, focusing on the period 500 BC-AD 500. Emphasizes political, social, and economic developments; also considers literary, intellectual, and artistic accomplishments.
Prereq: One course in history or department permission.

HIST 327 Europe in the Making, 500-1300. 3 hrs
Examines the combination of classical, Christian, and barbarian elements to form a dynamic civilization in a previously underdeveloped area; explores the political, social, and economic developments and the literary, intellectual, and artistic accomplishments within that period.
Prereq: One course in history or department permission.

HIST 330 Europe in the Renaissance and Reformation. 3 hrs
A survey of the political, cultural, religious, and economic history of Europe from the Italian Renaissance to the Peace of Westphalia.

HIST 332 Modern Europe 1615-1919. 3 hrs
A study of the development and conflicts of the national states of Europe from the Congress of Vienna to the Treaty of Versailles.

HIST 333 Europe since 1919. 3 hrs
A history of Europe since Versailles with emphasis upon the Communist, Fascist, and Nazi revolutions and their impact on the world, the origins and outbreak of the Second World War and the post-1945 era.
Prereq: Junior standing or department permission.

HIST 335 History of Women in Europe. 3 hrs
A study of the history of women and views of women in western society from the 18th century to the present. Emphasizes the struggles, setbacks, and achievements of the women's movements in the context of modern European history.
Prereq: One course in history.

HIST 336 Russia to 1855. 3 hrs
A survey of political, economic, and cultural trends in the history of Russia from 862 to the death of Tsar Nicholas I, with special emphasis on the growth of tsarist absolutism.
Prereq: Junior standing or department permission.

HIST 338 Russia since 1855. 3 hrs
A survey of the political, economic, and diplomatic history of imperial Russia and the Soviet Union from the great reforms of the 1860s to the present.
Prereq: Junior standing or department permission.

HIST 411 England to 1689. 3 hrs
The general history of England to the Revolution of 1688, with emphasis on its cultural and constitutional contributions to the modern world.

HIST 412 England 1689 to Present. 3 hrs
England in the period of imperial expansion, its industrial and social revolutions and its transition into a modern socially-minded nation. A continuation of HIST 411.

HIST 427 Europe from Absolutism to Revolution, 1648-1815. 3 hrs
A political, social, and cultural study of Europe from the Peace of Westphalia through the Napoleonic Era. Emphasizes the development of absolutism in France, constitutionalism in England, the Enlightenment, and the French Revolution.
HIST 435 Italy since 1815. 3 hrs
The political, social, and economic development of Italy from the Congress of Vienna to the present. Emphasizes the unification movement, domestic and foreign problems of the 19th and 20th centuries, World War I and its effects, Mussolini and Fascism, World War II, and the new liberal republic.
Prereq: Junior standing or department permission.

HIST 458 Europe since 1945. 3 hrs
Study of the political, economic, social, and diplomatic history of Europe since the end of World War II, with emphasis on the Cold War, economic recovery and decline, the European integration movement, solidarity and dissen­sion within the communist bloc, stability and unrest within the democracies, and the impact of US-Soviet detente.
Prereq: Junior standing or department permission.

HIST 471 Social and Intellectual History of Nine­teenth Century Europe. 3 hrs
A detailed study of the original concepts of Europe's 19th-century intellectuals whose works were of major influence in the 19th and 20th centuries.
Prereq: Junior standing or department permission.

AFRICA, ASIA, HISTORY OF RELIGIONS, LATIN AMERICA

HIST 301 The Religions of South and East Asia. 3 hrs
A survey of the religious traditions of India, Ceylon, Burma, Thailand, China, Tibet, and Japan, showing the interaction of folk religion with the developing concepts and institutions of Hinduism, Buddhism, Confucianism, Taoism, and Shinto.
Prereq: HIST 100 or HIST 106.

HIST 302 Near Eastern and Western Religions. 3 hrs
A survey of the historical evolution of the several religions originating in western Asia, concentrating especially on the development and interaction of Judaism, Christianity, and Islam.
Prereq: HIST 100 or HIST 101.

HIST 317 History and Geography of Spanish America. 3 hrs
An interdisciplinary geographical-historical study of Spanish America, emphasizing political, cultural, and socioeconomic forces from the conquest to the present. Stresses similarities and differences within and between nations and the special relationships that exist between the nations and the United States. A requirement for majors in language and international trade. Must be taken concurrently with GEOG 317.
Prereq: GEOG 110 and either HIST 101, HIST 102, or HIST 103.

HIST 326 History and Geography of Modern Asia. 3 hrs
An interdisciplinary geographical-historical study of modern Asia. The geography component emphasizes urban, demographic, occupational, and environmental trends and developments; the history component stresses major political and social developments and international relations. A requirement for majors in the Japanese program in language and international trade. Must be taken concurrently with GEOG 326.
Prereq: GEOG 110 and either HIST 103 or HIST 106.

HIST 341 The Middle East, 1798 to Present. 3 hrs
A survey of the political, economic, and social history of the Middle East including Turkey and Iran with emphasis on the growth of independence movements within the area.
Prereq: Junior standing or department permission.

HIST 342 North Africa, 1798 to Present. 3 hrs
A survey of the political, economic, and social history of North Africa, Egypt, and the Sudan, emphasizing the internal movements for independence from colonial powers.
Prereq: Junior standing or department permission.

HIST 347 Sub-Saharan Africa to 1885. 3 hrs
The historical evolution of sub-Saharan African civilizations including their origins, interrelations, and responses to European colonialism.
Prereq: Junior standing or department permission.

HIST 348 Twentieth Century Africa. 3 hrs
A detailed examination of black Africa's response to the historical experience of European colonialism, along with the evolution of those responses, forms, and patterns applicable not only to Africa, but also to the entire nonwestern world.

HIST 355 Latin America: Colonial Period. 3 hrs
Surveys the history of Spanish America and Portuguese America from the conquest to the independence era; stressing political, social, and economic aspects.
Prereq: Junior standing or department permission.
HIST 356 Latin America: National Period. 3 hrs
Surveys the history of Latin America from the independence era to the present, stressing political, social, intellectual, and economic topics.
Prereq: Junior standing or department permission.

HIST 375 Modern India. 3 hrs
The development and maturing of British rule in India against the background of Indian culture. Examines the rise and development of Indian nationalism, the struggle for independence, and the problems faced by India since 1947.
Prereq: Junior standing or department permission.

HIST 441 The Far East to 1800. 3 hrs
A study of the history of China, Korea, and Japan from ancient times to the beginning of the 19th century, stressing political, cultural, and social developments and the dominant role of China.
Prereq: One history course.

HIST 442 Modern China. 3 hrs
China from 1800 to the present: traditional Confucian China in crisis, impact of the West, reform, and revolution. Republican China, the Communist revolution, China since 1949.
Prereq: One history course.

HIST 443 Modern Japan. 3 hrs
Japan from 1800 to the present: collapse of the shogunate, 19th century reforms, rise of the empire to great power status, defeat in World War II, postwar changes. Political, economic and cultural developments are considered.
Prereq: Junior standing or department permission.

HIST 457 History of Mexico. 3 hrs
An introduction to Mexican history from the Amerindian period through the recent past. Examines political, social, economic, and cultural developments in the area comprising the present day nation as well as those areas in North America once included in Mexico.
Prereq: Junior standing.

Cooperative Education

HIST 387/487 Cooperative Education. 3 hrs each
Four to six months of full-time employment in a business or industry chosen to provide practical experience in the student’s major field. The program consists of one or two such work experiences alternated with full-time attendance at the University.
Prereq: Junior standing. History or social science major. Admittance to program by application only. Department approval.

Independent Study

HIST 497/498/499 Independent Study. 1/2/3 hrs
Study on an individual basis in areas in which the department does not currently offer formal courses. These courses are restricted to highly proficient students. Students are limited to a maximum of three semester hours of independent study in history during any semester or session.
Prereq: Department permission.

Special Topics

HIST 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

HIST 277/278/279 Special Topics. 1/2/3 hrs
An exploration of historical subject matter not provided in other departmental offerings. Content will change from semester to semester; up to three different topics may be offered in any one semester. Students may not count more than six hours of special topics courses as credit toward the major or minor.
Prereq: One course in history or department permission.

HIST 377/378/379 Special Topics. 1/2/3 hrs
An exploration of historical subject matter not provided in other departmental offerings. Content will change from semester to semester; up to three different topics may be offered in any one semester. Students may not count more than six hours of special topics courses as credit toward the major or minor.
Prereq: One course in history or department permission.

HIST 477/478/479 Special Topics. 1/2/3 hrs
An exploration of historical subject matter not provided in other departmental offerings. Content will change from semester to semester; up to three different topics may be offered in any one semester. Students may not count more than six hours of special topics courses as credit toward the major or minor.
Prereq: One course in history or department permission.

TEACHING METHODS COURSES

GEOG 348 Teaching Social Studies in Elementary Schools. 3 hrs
(See Geography and Geology Department)

HIST 481 The Teaching of Social Studies. 3 hrs
For intending teachers in junior and senior high schools. Examines the nature of the subjects included in social science in the public schools and the problems related to the teaching of history and other social studies. Not open to students on academic probation.

ACADEMIC MAJOR

(PHILOSOPHY)

PHILOSOPHY MAJOR

The Philosophy Major provides basic knowledge in the general field of philosophy and strikes a balance between topical philosophical groups. The Program supplements those in many other disciplines, such as teaching literature, the performing arts, and the sciences. A Philosophy Major also prepares students for graduate work in Philosophy, Law, Theology, literature, political science, and other related liberal arts subjects. It is a non-teaching major.

PHILOSOPHY COURSES

I. BASIC STUDIES COURSES

PHIL 100 Introduction to Philosophy. 3 hrs
An introduction to philosophy by the study of important philosophical thinkers, problems, and methodologies.

PHIL 110 Philosophies of Life. 3 hrs
An introduction to differing accounts of what constitutes a meaningful life and how an individual can attain it. Representative topics include the notions of pleasure, love, empathy, and power as discussed by such writers as Plato, Epicurus, Nietzsche, Lao Tse, and Buddha.

PHIL 120 Introduction to Critical Reasoning. 3 hrs
An introduction to the techniques of identifying and evaluating arguments. The emphasis will be on the enhancement of reasoning skills through the study of arguments in their natural setting in newspapers, political speeches, advertising, etc. The course also may include such related topics as fallacies, inductive reasoning, and the logic of explanation in the social sciences.

PHIL 130 Introduction to Logic. 3 hrs
An introduction to the analysis of arguments using the theory and techniques of formal logic. The theory underlies most formal systems, including computer applications. Students learn such concepts as deduction and induction and how to prove that arguments are valid or invalid.
PHIL 212 Philosophy of Art. 3 hrs
Can “art” be defined? Do artists owe a responsibility to society? Should works of art be primarily analyzed as “significant form” or as an expression of the artist’s personality? Can we isolate a uniquely “aesthetic” attitude? Through considering such questions, the course introduces the student to philosophical reasoning and analysis.

PHIL 215 Philosophy of Religion. 3 hrs
A philosophical study of the nature, goals, and proper function of religion. Some possible topics are traditional arguments for the existence of God, grounds for disbelief in God, immortality, religious experience, the nature of religious language, the relation of science to religion, the role of faith and revelation, the connection between religion and ethics.

PHIL 220 Ethics. 3 hrs
An introduction to the major problems of ethical theory such as the nature of value, the justification of ethical decisions, the idea of obligation, and the application of ethical theory to specific ethical problems, which may concern both personal relationships and important public issues—e.g., abortion, euthanasia, medical experimentation, privacy, and surveillance.

PHIL 221 Business Ethics. 3 hrs
An examination of the relationships between contemporary business values and traditional ethical values. Students will investigate various ethical theories and critically examine by means of case studies controversial current business issues.

PHIL 222 Professional Ethics. 3 hrs
An analysis of professionalism and the relationships between contemporary professional values and traditional ethical values. Students will investigate various ethical theories and analyze current ethical issues in various professions by means of case studies controversial case studies.

PHIL 225 Political Philosophy. 3 hrs
Examines the philosophical bases of political ideology and theory through analysis of a variety of political theories, their component parts, and their basic assumptions.

Examples may be taken from the works of such writers as Plato, Aristotle, Hobbes, Locke, Rousseau, Mussolini, Marx, and Thoreau.

PHIL/WMST 226 Philosophy of Women. 3 hrs
A consideration of philosophical issues concerning the nature and status of women. Readings from both traditional and contemporary sources. Topics may include scientific and religious views, the ideal society and women’s place in it, varieties of feminism, views on sexuality, family and reproduction, and work and the economy.

II. Other Courses

PHIL 122 American Studies: Success and the Pursuit of Happiness in 19th Century America. 3 hrs
An examination of the widespread 19th-century belief that worldly success produces happiness and an exploration of the proper relationship of knowledge and power, history and progress, wealth and happiness. Readings include such authors as Benjamin Franklin, H.D. Thoreau, William James, Mark Twain, and Horatio Alger. Team taught by faculty in English and Philosophy. This course satisfies one philosophy or one literature requirement. Note: See Honors Humanities Courses, page 46.

PHIL 124 The Age of Wagner. 3 hrs
An exploration of the personal, intellectual, and artistic influences on Wagner’s life and work and a consideration of artists influenced by Wagner. Team taught by faculty in English and Philosophy. This course satisfies one philosophy or one literature requirement. Note: See Honors Humanities Courses, page 46.

PHIL 150 Humanity and Technology. 3 hrs
A brief study of distinctive and influential perceptions of the impact of technology on human values just after the first Industrial Revolution, with critical emphasis on problems concerning the use of special, refined technologies. Primary readings from Thoreau, Mark Twain, Henry Adams, Aldous Huxley, Lewis Mumford, and Garrett Hardin. This course satisfies one philosophy or one literature requirement. Note: See Honors Humanities Courses, page 46.

PHIL 151 Reason and Revolution. 3 hrs
An examination of the transition in political history, philosophy, art, literature, and music from Puritan En-
PHIL 165 Narrative in Literature and Film. 3 hrs
An introduction to cinematic concepts and terminology, focusing primarily on narrative techniques in literature and parallel devices in film. Readings include several prose forms and a text dealing with the theory of film. Team taught by faculty in English and Philosophy. This course satisfies one literature or one philosophy requirement. Students may not earn credit in both this course and LITR 300. Note: See Honors Humanities Courses, page 81.

PHIL 230 History of Philosophy: Ancient. 3 hrs
A study of important philosophical developments in western thought from the pre-Socratics through Aristotle. Covers the pre-Socratics, Socrates, Plato, and Aristotle.
Prereq: One course in philosophy other than PHIL 120 or PHIL 130.

PHIL 231 History of Philosophy: Modern. 3 hrs
Prereq: One course in philosophy other than PHIL 120 or PHIL 130.

PHIL 281 Symbolic Logic. 3 hrs
An introduction to the notation and proof procedures of symbolic logic with emphasis upon the clarification and development of the notion of a formal language.

PHIL 282 Nineteenth Century Philosophy. 3 hrs
An introduction to the major philosophical themes of the 19th century that dominate 20th century European thought. These themes include the collapse of German Idealism and Romanticism, the death of God, the nature of historical process, evolutionary theory, and the implications of these themes for the concept of human freedom.
Prereq: One course in philosophy other than PHIL 120 or PHIL 130. Recommended: PHIL 230 or PHIL 231.

PHIL 285 Theory of Knowledge. 3 hrs
An investigation of the nature, scope, and limits of knowledge. Some possible topics are the connection between belief and knowledge, knowledge of other people's minds, the reliability of memory, the possibility of certainty in knowledge, theories of truth.
Prereq: One course in philosophy other than PHIL 120 or PHIL 130. Recommended: PHIL 230 or PHIL 231.

PHIL 290 American Philosophy. 3 hrs
An examination of the philosophical tradition in the United States through a study of such movements as idealism, transcendentalism, realism, and pragmatism; from Jonathan Edwards to the present day.
Prereq: One course in philosophy other than PHIL 120 or PHIL 130.

<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 355</td>
<td>Philosophy of Law</td>
<td>3 hrs</td>
<td>A consideration of philosophical questions about the law such as: What sorts of behavior should be illegal? What is punishment supposed to accomplish? When are we justified in punishing a person? How do judges arrive at decisions? Are there really legal principles that cover all the hard cases judges must deal with or do they use their own personal moral values? What is a legal system and how does it differ from a moral code?</td>
<td>Prereq: One course in philosophy other than PHIL 120 or PHIL 130, or department permission.</td>
</tr>
<tr>
<td>PHIL 370</td>
<td>Philosophy and Narrative</td>
<td>3 hrs</td>
<td>This course will focus on philosophical issues relevant to one or more of the following topic areas: philosophical issues in literature and film, theories of drama and performance, the politics of narrative, and recent hermeneutical theory. May be repeated for credit with department permission.</td>
<td>Prereq: One course in philosophy other than PHIL 120 or PHIL 130. Recommended: PHIL 232, PHIL 260 or PHIL 390.</td>
</tr>
<tr>
<td>PHIL 375</td>
<td>Metaphysics</td>
<td>3 hrs</td>
<td>A study of questions concerning basic structure and ultimate nature of reality. Possible topics include universals and particulars, space and time, determinism and freedom, the self, materialism, idealism, substance and process.</td>
<td>Prereq: One course in philosophy other than PHIL 120 or PHIL 130.</td>
</tr>
<tr>
<td>PHIL 377/378/379</td>
<td>Special Topics.</td>
<td>1/2/3 hrs</td>
<td>An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.</td>
<td>Prereq: Department permission.</td>
</tr>
<tr>
<td>PHIL 380</td>
<td>Philosophy of Science</td>
<td>3 hrs</td>
<td>A systematic examination of the main philosophical problems raised by the results and methods of the physical and social sciences. Topics include the problem of meaning, measurement, the interpretation of probability statements, the justification of induction, the concept of cause, the laws of nature, description and explanation, determinism and indeterminism.</td>
<td>Prereq: One course in philosophy other than PHIL 120 or PHIL 130. Recommended: PHIL 326.</td>
</tr>
<tr>
<td>PHIL 390</td>
<td>Phenomenology</td>
<td>3 hrs</td>
<td>The course attempts to trace the history and development of the phenomenological movement from its origins in the notion of the intentionality of consciousness, beginning with the work of Edmund Husserl and continuing with the later &quot;existential&quot; developments in the field by such thinkers as Heidegger, Sartre, and Merleau-Ponty. The course also will study the impact of phenomenology on such varied fields as psychology, sociology, and literature.</td>
<td>Prereq: One course in philosophy other than PHIL 120 or PHIL 130. Recommended: PHIL 231 or PHIL 260.</td>
</tr>
<tr>
<td>PHIL/WMST 426</td>
<td>Topics in Gender and Philosophy</td>
<td>3 hrs</td>
<td>An examination of gender and its relationship to other issues from a philosophical perspective. Possible topics include rationality, sexuality, aesthetics, ethics, and political theory.</td>
<td>Prereq: Two courses in philosophy other than PHIL 120 or PHIL 130.</td>
</tr>
<tr>
<td>PHIL 442</td>
<td>Philosophy of Mind</td>
<td>3 hrs</td>
<td>A philosophical study of the nature of mind. Examines the logical relations among mental concepts such as consciousness, choice, intention, emotion, feeling, the unconscious; also treats human action and the possibility and meaning of an adequate explanation of psychological phenomena.</td>
<td>Prereq: Two courses in philosophy other than PHIL 120 or PHIL 130.</td>
</tr>
<tr>
<td>PHIL 460</td>
<td>Philosophy of Language</td>
<td>3 hrs</td>
<td>An examination of the philosophically important aspects of language. Possible topics include theories of meaning, analysis of referring and predication, the relation between language and reality, analysis of vagueness and metaphor, the role of language in philosophical method, the relation between language and necessary truth.</td>
<td>Prereq: Two courses in philosophy.</td>
</tr>
<tr>
<td>PHIL 470</td>
<td>Contemporary European Philosophy</td>
<td>3 hrs</td>
<td>An exploration of recent developments in European thought. Possible topics include post-structuralist evaluations of western institutions and ideas, post-Marxist critical theory, the hermeneutic effort to establish interpretation as the basis of philosophical understanding, and the effect of deconstructive thought on philosophy and literature.</td>
<td>Prereq: Two courses in philosophy other than PHIL 120.</td>
</tr>
</tbody>
</table>
or PHIL 130. Recommended: PHIL 232, PHIL 260, or PHIL 390.

PHIL 471 Contemporary British and American Philosophy. 3 hrs
An examination of some of the major philosophical developments in England and the United States since approximately 1900. Considers logical atomism, logical positivism, pragmatism, and ordinary language philosophy as reflected in the works of such philosophers as Russell, Carnap, Ayer, James, Dewey, Ryle, Austin, and Quine.
Prereq: Two courses in philosophy other than PHIL 120 or PHIL 130. Recommended: PHIL 231.

PHIL 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

PHIL 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas in which the department does not offer a formal course. Restricted to juniors and seniors majoring or minoring in philosophy.
Prereq: Department permission.
MATHEMATICS

Don R. Lick
Department Head
515 Pray-Harrold
487-1444

Associate Professors: David Folk, David C. Johnson, Mohammad Rafiq, Kim L. Rescorla, Carla Tayeh

Assistant Professors: Mahmoud Al-Khafaji, Joanne Caniglia, Lora Durham, Jiuqiang Liu, James R. Walter, Mary Yorke

Developmental Mathematics Program: Irene Duranczyk, Jill McClain, William Schemer, Jo Warner

The program in mathematics is designed to give majors certain basic courses, and to ensure a broad background, yet allow enough electives for students to adapt programs to any of the following areas of mathematics: junior and senior high school teaching, statistics, engineering, the physical sciences, or graduate work in pure or applied mathematics.

Degrees:
Bachelor of Science and Bachelor of Arts

Programs of Study
Majors:
Mathematics
Mathematics with concentration in statistics
Mathematics for the Elementary Teaching Certificate
Mathematics for secondary education

Minors:
Mathematics
Mathematics for secondary, K-12, and special education-secondary
Mathematics with concentration in statistics
Mathematics for the Elementary Teaching Certificate

Joint Program with Economics:
Actuarial science and economics

Advising for students desiring to pursue a major in mathematics is available from the undergraduate advising coordinators. Those students are listed initially as "mathematics intent." To be accepted into one of the Mathematics department programs, the student should go to the appropriate advising coordinator and pick up a form for student program identification. Academic Advising will update the student’s computer record code to indicate the program into which the student has been accepted. Other students needing general program advising should contact the appropriate undergraduate advising coordinator or the department secretary, who will direct students to appropriate faculty members.

Without department permission, no student may receive credit in courses MATH 104, 105, 107, 112, or 119 after credit for MATH 120 has been earned.

Students majoring in mathematics must complete at least nine semester hours and minors must complete at least six semester hours from courses numbered 300 or above.

Placement into mathematics classes

Students without credit in an EMU mathematics course, or equivalent transfer credit, will need to obtain placement into an appropriate mathematics course. Those with no declared major should go to Academic Advising; others go to the Mathematics department. For some mathematics classes, evidence that the official prerequisites have been satisfied must be presented to the instructor on the first day of class. Students without such evidence will not be permitted to remain in the class. Details will be found in the Class Schedule for that semester.

Advising Coordinators:
Mathematics: Richard W. Marshall
Secondary mathematics education: Richard W. Marshall
Elementary mathematics education: John L. Ginther, Donald A. Buckeye

Actuarial examinations: Nelly S. Ullman, Bette Warren
Actuarial science and economics: Nelly Ullman and Bette Warren (mathematics), Young-Job Chung (economics)

Graduate study leads to the master's degree in mathematics. The MA degree is described in the Graduate Catalog. For information, contact the graduate advising coordinator, Ken Shiskowski.

ACADEMIC MAJORS

Students interested in lucrative careers in business and industry are advised to take the Actuarial Examinations, Part I after completing MATH 223 Multivariable Calculus and Part II after completing MATH 471 Probability and Statistics II. These are the first two
of a series of examinations sponsored by the Society of Actuaries.

**Mathematics Major**

**Sem hours**

**Major in mathematics** ........................................... 34

In addition to the 34 semester hour requirement, non-teaching majors must take MATH 211 Discrete Mathematics or COSC 330 Discrete Mathematical Structures, as well as COSC 137 Introduction to FORTRAN Programming, COSC 138 Computer Science I, or COSC 237 Computer Programming and Numerical Methods, or an equivalent course as determined by the mathematics advising coordinator.

1. **Required courses** ........................................... 22
   - MATH 120 Calculus I ........................................ 4
   - MATH 121 Calculus II ....................................... 4
   - MATH 122 Elementary Linear Algebra .................... 3
   - MATH 223 Multivariable Calculus ......................... 4
   - MATH 370 Probability and Statistics I ................... 4
   - MATH 411 Modern Algebra with Applications or MATH 416 Linear Algebra or MATH 420 Introduction to Analysis .... 3

2. **Restricted electives** ......................................... 12
   Choose 12 credits from the following:
   - MATH 307 Elementary Number Theory
   - MATH 319 Mathematical Modeling
   - MATH 325 Differential Equations
   - MATH 341 College Geometry or MATH 342 Elementary Space-Time Geometry
   - MATH 372 Problems in Actuarial Studies I
   - MATH 406 Introduction to Computability
   - MATH 411 Modern Algebra with Applications
   - MATH 416 Linear Algebra
   - MATH 418 Applied Linear Algebra
   - MATH 419 Advanced Mathematical Modeling
   - MATH 420 Introduction to Analysis
   - MATH 424 Introduction to Complex Variables
   - MATH 425 Mathematics for Scientists
   - MATH 426 Differential Equations II
   - MATH 436 Introduction to Numerical Analysis
   - MATH 460 Applied Survey Sampling
   - MATH 461 Linear Regression Analysis
   - MATH 462 Design and Analysis of Experiments
   - MATH 471 Probability and Statistics II
   - MATH 472 Problems in Actuarial Studies II
   - MATH 474 Applied Statistics

3. **Recommended courses for double majors**
   Students electing a double major with mathematics—business, the social sciences, biological, or physical science—should consult an advising coordinator to choose appropriate courses. MATH 411 Modern Algebra with Applications, MATH 416 Linear Algebra, and MATH 420 Introduction to Analysis are strongly recommended for double majors and those preparing for graduate work.

- **Biology:** MATH 418 Applied Linear Algebra, MATH 471 Probability and Statistics II
- **Business:** MATH 325 Differential Equations, MATH 416 Linear Algebra, MATH 436 Introduction to Numerical Analysis, MATH 471 Probability and Statistics II
- **Chemistry:** MATH 325 Differential Equations, MATH 416 Linear Algebra, MATH 425 Mathematics for Scientists, MATH 436 Introduction to Numerical Analysis
- **Economics:** MATH 325 Differential Equations, MATH 418 Applied Linear Algebra
- **Physics:** MATH 325 Differential Equations, MATH 416 Linear Algebra, MATH 418 Applied Linear Algebra, MATH 425 Mathematics for Scientists, MATH 436 Introduction to Numerical Analysis
- **Psychology:** MATH 418 Applied Linear Algebra, MATH 471 Probability and Statistics II

**Mathematics with Concentration in Statistics Major**

**Sem hours**

**Major in mathematics with concentration in statistics** ........................................... 37

1. **Required Courses** ........................................... 28
   - MATH 120 Calculus I ........................................ 4
   - MATH 121 Calculus II ....................................... 4
   - MATH 122 Elementary Linear Algebra .................... 3
   - MATH 223 Multivariable Calculus ......................... 4
   - MATH 370 Probability and Statistics I ................... 4
   - MATH 461 Linear Regression Analysis ............ 3
   - MATH 462 Design and Analysis of Experiments .. 3
   - MATH 471 Probability and Statistics II ........... 3

2. **Restricted electives** ......................................... 9
   Students must take nine hours from among the following, at least six of which must be taken from the applied statistics electives:

   - **Applied statistics electives:**
     - MATH 460 Applied Survey Sampling .................. 3
     - MATH 474 Applied Statistics .......................... 3
   - **Mathematics Electives:**
     - MATH 416 Linear Algebra .............................. 3
     - MATH 418 Applied Linear Algebra .................... 3
     - MATH 420 Introduction to Analysis .................. 3
     - MATH 472 Problems in Actuarial Studies II .... 2

UNDERGRADUATE CATALOG
3. Additional Requirement

COSC 137 Introduction to FORTRAN Programming or COSC 138 Computer Science I or COSC 237 Computer Programming and Numeric Methods

ACTUARIAL SCIENCE AND ECONOMICS

Major

Actuarial science and economics is a joint program of the Mathematics and Economics Departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous US locations. The first of these covers calculus and linear algebra and the second covers mathematical statistics. MATH 372 and 472 are designed to prepare students for these examinations.

Sem hours

Major in actuarial science and economics ........................ 60

1. Required courses ........................................... 53
   a. Basic studies ........................................... 9
      COSC 137 Introduction to FORTRAN Programming, COSC 138 Computer Science I, or COSC 237 Computer Programming and Numeric Methods ........................................... 3
      ECON 201-202 Principles of Economics I-II .......... 6
   b. Mathematics ........................................... 29
      MATH 120 Calculus I ................................... 4
      MATH 121 Calculus II ................................... 4
      MATH 122 Elementary Linear Algebra ................. 3
      MATH 223 Multivariable Calculus ....................... 4
      MATH 370 Probability and Statistics I ............. 4
      MATH 372 Problems in Actuarial Studies I .......... 2
      MATH 436 Introduction to Numerical Analysis ...... 3
      MATH 471 Probability and Statistics II ............ 7
      MATH 472 Problems in Actuarial Studies II ....... 4
   c. Economics ........................................... 15
      ECON 301 Intermediate Macroeconomic Analysis .. 3
      ECON 302 Intermediate Microeconomic Analysis ... 3
      ECON 320 Labor Economics .............................. 3
      ECON 340 Money and Banking ............................ 3
      ECON 415 Introduction to Econometrics ............ 3

2. Restricted electives ....................................... 7

Choose electives from courses at the 300 level and above in mathematics, computer science, or economics.

No minor is required with this program.

ACADEMIC MINORS

MATHEMATICS MINOR

Sem hours

Minor in mathematics ........................................... 20

1. Required courses ........................................... 14-15
      MATH 120 Calculus I ................................... 4
      MATH 121 Calculus II ................................... 4
      MATH 122 Elementary Linear Algebra ................. 3
      MATH 211 Discrete Mathematics or **MATH 360 Statistical Methods or **MATH 370 Probability and Statistics I ........................................... 3-4

2. Restricted electives ....................................... 5-6

Choose five to six credits from the following:

   MATH 223 Multivariable Calculus, MATH 307 Elementary Number Theory, MATH 319 Mathematical Modeling, MATH 325 Differential Equations, MATH 341 College Geometry or MATH 342 Elementary Space-Time Geometry, **MATH 360 Statistical Methods or **MATH 370 Probability and Statistics I, MATH 372 Problems in Actuarial Studies I, MATH 406 Introduction to Computability, MATH 411 Modern Algebra with Applications, MATH 416 Linear Algebra, MATH 418 Applied Linear Algebra, MATH 419 Advanced Mathematical Modeling, MATH 420 Introduction to Analysis, MATH 424 Introduction to Complex Variables, MATH 426 Mathematics for Scientists, MATH 428 Differential Equations II, MATH 436 Introduction to Numerical Analysis, MATH 460 Applied Survey Sampling, MATH 461 Linear Regression Analysis, MATH 462 Design and Analysis of Experiments, MATH 471 Probability and Statistics II

3. Additional Requirement ................................... 3

COSC 137 Introduction to FORTRAN Programming or COSC 138 Computer Science I or COSC 237 Computer Programming and Numeric Methods

*Students minoring in mathematics must complete at least six hours at EMU from courses numbered 300 or above.

**It is not permitted to count both MATH 360 and MATH 370 on the minor.
MATHEMATICS WITH CONCENTRATION IN STATISTICS MINOR

Sem hours

Minor in mathematics with concentration in statistics ............................................................. 23

1. Required courses ............................................................. 14
   MATH 120 Calculus I ........................................ 4
   MATH 121 Calculus II ....................................... 4
   MATH 122 Elementary Linear Algebra ............ 3
   MATH 360 Statistical Methods or MATH 370 Probability and Statistics I .................. 3

2. Restricted electives ......................................... 9
   Students must take nine hours from among the following, at least six of which must be taken from
   the statistics electives:
   Statistics electives:
   MATH 460 Applied Survey Sampling .......... 3
   MATH 461 Linear Regression Analysis ........ 3
   MATH 462 Design and Analysis of Experiments .. 3
   MATH 471 Probability and Statistics II ....... 3
   MATH 474 Applied Statistics ......................... 3

TEACHING MAJORS

MATHEMATICS MAJOR

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code “EX,” and, depending on the minor selected, an additional endorsement. The certification test covering this field is #22, “Mathematics.”

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. MATH 120 Calculus I (4)*
I-B-5. One of:
   COSC 137 Introduction to FORTRAN Programming (3)

COSC 138 Computer Science I (3)
COSC 237 Computer Programming and Numeric Methods (3)

II-B-1. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies:............................... 50

TEACHING MAJOR

See note “a” above for courses applicable to both Basic Studies and the major.

MATH 121 Calculus II (4)
MATH 122 Elementary Linear Algebra (3)
MATH 211 Discrete Mathematics (3)
MATH 223 Multivariable Calculus (4)

One of:

MATH 341 College Geometry (3)
MATH 342 Elementary Space-Time Geometry (2)
MATH 370 Probability and Statistics I (4) (MATH 360 may be used with permission)
MATH 411 Modern Algebra with Applications (3)

Six or seven credits from the following list. Credits in mathematics, including MATH 120 but not MATH 306, must total at least 34 hours.

MATH 307 Elementary Number Theory (3)
MATH 319 Mathematical Modeling (3)
MATH 325 Differential Equations (3)
MATH 341 College Geometry (3)
MATH 342 Elementary Space-Time Geometry (2)
MATH 372 Problems in Actuarial Studies I (3)
MATH 400 History and Development of Mathematics (3)
MATH 416 Linear Algebra (3)
MATH 420 Introduction to Analysis (3)
MATH 424 Introduction to Complex Variables (3)
MATH 425 Mathematics for Scientists (3)
MATH 471 Probability and Statistics II (3)
Minor
A minor from the approved list (see p. 363)

Subtotal, Major and minor: ........................................ 50

Professional Studies
100 clock hours of approved prestudent teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
MATH 306 Teaching of High School Mathematics (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ......................... 34

Total credit hours required, with 20-hour minor: 134

*Course required for and applicable to major.
*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

MATHEMATICS FOR THE ELEMENTARY TEACHING CERTIFICATE MAJOR
ELEMENTARY AND SPECIAL EDUCATION-ELEMENTARY TEACHER CERTIFICATION
Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in mathematics, certification code "EX." The certification test covering this field is #22, "Mathematics."

MATHEMATICS COURSES

Placement into mathematics classes

Students without credit in an EMU mathematics course, or equivalent transfer credit, will need to obtain placement into an appropriate mathematics course. Those with no declared major should go to Academic Advising; others go to the Mathematics department. For some mathematics classes, evidence that the official prerequisites have been satisfied must be presented to the instructor on the first day of class. Students without such evidence will not be permitted to remain in the class. Details will be found in the Class Schedule for that semester.

MATH 097 Precollege Mathematics: Arithmetic. 5 hrs
A developmental mathematics course designed to prepare students whose current mathematics skills are insufficient for them to pass a college-level mathematics course. The course covers basic arithmetic and problem solving in a supportive but structured setting. This course plus MATH 098 will cover the same material as MATH 099. Credit for this course will not count toward any degree program.
Prereq: Program placement.
MATH 098 Precollege Mathematics: Beginning Algebra. 5 hrs
A developmental mathematics course designed to prepare those students whose current mathematics skills are insufficient for them to pass a college-level mathematics course. The course will cover beginning algebra in a supportive but structured setting. This course plus MATH 097 will cover the same material as MATH 099. Credit for this course will not count toward any degree program.
Prereq: At least "C" in MATH 097, or placement.

MATH 099 Precollege Mathematics. 5 hrs
A developmental mathematics refresher course designed to prepare those students whose current mathematics skills are insufficient for them to pass a college-level mathematics course. The course will cover basic arithmetic through elementary algebra in a supportive but structured setting. Credit for this course will not count toward any degree program.
Prereq: Program placement.

MATH 104 Intermediate Algebra. 3 hrs
A review of elementary algebra and a continuation into the study of functions, graphs and quadratic equations.
Prereq: At least "C" in MATH 098, or placement.

MATH 105 College Algebra. 3 hrs
Properties of the real numbers; equations and inequalities; functions; sequences; mathematical induction; polynomial, rational, exponential and logarithmic functions; introduction to probability.
Prereq: At least a "C" in MATH 104 ("B" or better strongly recommended), or placement.

MATH 107 Plane Trigonometry. 2 hrs
An elementary course in plane trigonometry. Students who have good records in high school courses including trigonometric identities, trigonometric equations, and oblique triangles should not take the course.
Prereq: At least a "C" in MATH 104 or placement.

MATH 108 Mathematics for Elementary Teachers I. 3 hrs
The first of a two-course sequence which examines topics in the elementary school mathematics curriculum from an advanced standpoint, with an emphasis on concepts and problem solving. Topics include number theory, real number systems and its properties, algebra concepts, and functions. Required of all students in elementary and later elementary curriculums. Open only to prospective elementary teachers.
Prereq: At least "C" in MATH 098, or placement.

MATH 109 Mathematics for Elementary Teachers II. 3 hrs
The second of a two-course sequence which examines topics in the elementary school mathematics curriculum from an advanced standpoint, with an emphasis on concepts and problem solving. Topics include: elementary probability including both experimental and theoretical; elementary statistics including exploratory data analysis, descriptive statistics, and an introduction to inferential statistics; informal geometry including symmetry, similarity and congruence, and measurement. Required of all students in elementary and later elementary curriculums. Open only to prospective elementary teachers.
Prereq: MATH 108.

MATH 112 Topics in Precalculus Mathematics. 4 hrs
Provides a thorough preparation for calculus for students who are insufficiently prepared in college algebra and trigonometry, or who need to review these subjects. Emphasis will be on topics from college algebra and trigonometry that are used in calculus.
Prereq: MATH 105 and MATH 107, or placement.

MATH 118 Mathematical Analysis for Social Sciences I. 3 hrs
Solutions of linear equations and inequalities, vectors and matrices, linear programming, sets, probability. Emphasis on applications.
Prereq: At least "C" in MATH 098, or MATH 104, or placement.

MATH 119 Mathematical Analysis for Social Sciences II. 3 hrs
Functions, differentiation of algebraic functions, optimization, exponential and logarithmic functions and their derivatives, an introduction to the definite integral. Emphasis on problem setup and interpretation and applications.
Prereq: At least a "C" in MATH 104 ("B" or better strongly recommended), or MATH 105, or placement.

MATH 120 Calculus I. 4 hrs
Calculus of functions of a single variable; differential calculus, including limits, derivatives, techniques of differentiation, the Mean Value Theorem and applications
of differentiation to graphing, optimization, rates. Integral calculus, including indefinite integrals, the definite integral, the Fundamental Theorem of Integral Calculus, and applications of integration to area and volume. Prereq: At least a "C" in MATH 105 and at least a "C" in MATH 107 ("B" or better strongly recommended in both), or at least a "C" in MATH 112, or placement.

MATH 121 Calculus II. 4 hrs
Calculus of functions of a single variable continued; additional applications of definite integration to moments, centroids, arc length, surface area, and work. Transcendental functions, infinite series, methods of integration, review of conic sections. Prereq: At least a "C" in MATH 120.

MATH 122 Elementary Linear Algebra. 3 hrs
Vectors and matrices, operations on matrices, determinants, systems of linear equations, linear independence, linear transformations, applications. Prereq: At least a "C" in MATH 105 ("B" or better strongly recommended), or placement.

MATH 130 Calculus Laboratory I. 1 hr
Computer laboratory class designed to reinforce the major concepts of first-semester calculus. Prereq: Concurrent registration in MATH 120.

MATH 131 Calculus Laboratory II. 1 hr
Computer laboratory class designed to reinforce the major concepts of second-semester calculus. Prereq: Concurrent registration in MATH 121.

MATH 160 Mathematical Reasoning. 3 hrs
An introduction to contemporary mathematical thinking for the nonspecialist, with the aim of developing the capacity to engage in logical thinking and to read critically the technical information that is so prevalent in modern society. Topics include elementary logic, basic probability and statistics, and applications. Prereq: At least a "C" in MATH 098, or MATH 104, or placement.

MATH 170 Elementary Statistics. 3 hrs
An introduction to standard methods in statistics, emphasizing the rationale behind them and their application to problems in a variety of fields. Data summary and representation, measures of center and dispersion, correlation and regression, basic probability, point and interval estimation, and hypothesis testing. Prereq: At least a "C" in MATH 098, or placement.

MATH 177/178/179 Special Topics. 1/2/3 hrs
These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics. Prereq: Department permission.

MATH 210 Algebra for Elementary Teachers. 3 hrs
Field properties, complex numbers, number sentences, introduction to coordinate geometry, nature of proof, and concept of limit. Open only to prospective elementary teachers. Prereq: MATH 108.

MATH 211 Discrete Mathematics. 3 hrs
Logic, proofs, mathematical induction, sets, relations, equivalence and order relations, graphs, trees, functions, binary operations, semigroups, groups, rings, fields, finite combinatorics, pigeonhole principle, permutations, combinations, discrete probabilities. Prereq: MATH 121 and MATH 122.

MATH 223 Multivariable Calculus. 4 hrs

MATH 233 Calculus Laboratory III. 1 hr
Computer laboratory class designed to reinforce the major concepts of third-semester calculus. Prereq: Concurrent registration in MATH 223.

MATH 240 Geometry for Elementary Teachers. 3 hrs
Informal geometry of the plane and space, congruence and measurement, elementary theorems and proof, and plane coordinate geometry. Open only to prospective elementary teachers. Prereq: MATH 108.

MATH 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than
MATH 301 Advanced Topics in Elementary Mathematics. 3 hrs
Acquaints prospective elementary teachers with new topics in the elementary mathematics curriculum such as algebraic systems, conic sections, trigonometry, statistical procedures, and topics in number theory.
Prereq: MATH 109 or MATH 210 or MATH 240.

MATH 304 Middle School Mathematics Methods and Content. 3 hrs
Consideration of the mathematics program in middle school and junior high school, its organization and content, methods of teaching and learning. Not open to freshmen, sophomores, or students on academic probation.
Prereq: MATH 240 or MATH 120.

MATH 306 Teaching of High School Mathematics. 3 hrs
Consideration of the mathematics program in the high school, its organization and content, methods of teaching and learning. Does not count on the major or minor. Not open to freshmen, sophomores, or students on academic probation.
Prereq: MATH 120.

MATH 307 Elementary Number Theory. 3 hrs
Primes, Euclidean algorithm and prime factorization, congruences, multiplicative functions, quadratic residues and reciprocity, continued fractions, Diophantine equations, possible applications to cryptology, and/or primality testing.
Prereq: MATH 211.

MATH 319 Mathematical Modeling. 3 hrs
The modeling process; model building and evaluation, techniques of modeling; model fitting and models requiring optimization; empirical model construction—experimental models, dimensional analysis, simulation models, dynamic models; use of derivatives in the modeling process, single and multivariable dynamic models.
Prereq: MATH 120 and MATH 122.

MATH 325 Differential Equations. 3 hrs
First and second order differential equations with applications, linear differential equations, power series solutions, Laplace transforms.
Prereq: MATH 121 and MATH 122.

MATH 341 College Geometry. 3 hrs
An introduction to several geometries such as affine, projective, space-time, and non-Euclidean.
Prereq: MATH 120 and MATH 122.

MATH 342 Elementary Space-Time Geometry. 2 hrs
In-depth study of a geometry other than Euclidean. Both synthetic and analytic treatment of Special Relativity.
Prereq: MATH 121.

MATH 360 Statistical Methods. 3 hrs
A comprehensive overview of statistical methods and analysis with applications. Topics include descriptive statistics, probability theory, random variables and probability distributions, sampling distributions, estimation and testing hypotheses, correlation and regression, introduction to computer-assisted statistical analysis. A statistical software package (SAS) is used.
Prereq: MATH 121.

MATH 370 Probability and Statistics I. 4 hrs
Basic concepts of probability; expectation, variance, covariance distribution functions and their application to statistical tests of hypothesis; bivariate, marginal, and conditional distributions; treatment of experimental data. Applications to problems in science and/or social science are emphasized.
Prereq: MATH 223.

MATH 372 Problems in Actuarial Studies I. 2 hrs
Applications of mathematics to actuarial science. Particular attention paid to subject matter not covered in the regular mathematics curriculum and to special techniques of problem solving appropriate to actuarial science. (This course can be useful in preparing for the Actuarial Examination, Part I—General Mathematics.)
Prereq: MATH 223; a minimum GPA in mathematics of 3.4 is strongly recommended.

MATH 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

MATH 381 The Teaching of Mathematics K-6. 3 hrs
Learning to teach children in the elementary grades (K-6) the understanding processes of mathematics. Attention is focused on learning-teaching situations and effective use of learning aids. Required of all students on
early elementary and later elementary curriculums. Not open to students on academic probation.  
Prereq: MATH 108 and junior standing.

MATH 382 Calculators and Microcomputers in Elementary Mathematics Education. 3 hrs  
A survey of the uses of calculators and microcomputers, with specific emphasis on their use in the elementary classroom. Emphasis will be placed on problem-solving. A calculator will be required.  
Prereq: MATH 210.

MATH 387 Cooperative Education. 3 hrs  
Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in mathematics. The program consists of two work experiences (MATH 387 and MATH 487) alternated with full-time attendance at the University. Use on mathematics major subject to department permission. Graded on a credit/no credit basis.  
Prereq: Junior or senior majoring in mathematics, MATH 223, admittance to program by application only, department permission.

MATH 400 History and Development of Mathematics. 3 hrs  
The course presents topics in the evolution of mathematics—the historical development of algebra, geometry, and calculus provides the major focus. Problems will be assigned that reflect the content and methods of this development.  
Prereq: MATH 121 and MATH 122.

MATH 401 Mathematics and its History for Elementary Teachers. 3 hrs  
Topics in the evolution of mathematics from ancient times through the present, with an emphasis on connections with the elementary school curriculum. Development of numeration systems, algebra, different geometries, calculus; including the contributions of different cultures in the development of mathematics.  
Prereq: MATH 240 and MATH 301.

MATH 403 Current Research in Elementary School Mathematics. 3 hrs  
A brief history of mathematics education, 1890 to present. Special emphasis on important recent research studies. Consideration of various textbook series, use and evaluation of supplementary materials, the place and value of teaching aids. Professional journals will be utilized throughout the course.  
Prereq: MATH 301 and MATH 381.

MATH 406 Introduction to Computability. 3 hrs  
Computable functions, register machines, recursion, minimalization, Church's thesis, Turing machines, diagonal method, universal programs, decidability, recursive and recursively enumerable sets, undecidability, applications to computer science and the foundations of mathematics.  
Prereq: MATH 223 or COSC 330.

MATH 411 Abstract Algebra. 3 hrs  
An introduction to the theory and concepts of abstract algebra. Topics from group theory: subgroups, cosets, Lagrange's Theorem, homomorphisms. Also selected topics from ring theory and field theory.  
Prereqs: MATH 121, MATH 122 and MATH 211.

MATH 416 Linear Algebra. 3 hrs  
Prereq: MATH 121, MATH 122, and MATH 211; or department permission.

MATH 418 Applied Linear Algebra. 3 hrs  
Discussion of mathematical algorithms that make wide use of linear algebra methods; their implementation in computer systems and their applications to real life problems. Numerical solution of simultaneous linear equations, the simplex algorithm, linear programming, and their applications.  
Prereq: MATH 120, MATH 122; COSC 137 or COSC 138 or COSC 237 or department permission.

MATH 419 Advanced Mathematical Modeling. 3 hrs  
A course involving an in-depth study of mathematical models of greater complexity than is possible in MATH 319, including both deterministic and probabilistic models. An important part of the course should include an opportunity for a student to become involved in an actual modeling problem.  
Prereq: MATH 319.

MATH 420 Introduction to Analysis. 3 hrs  
Real numbers, elementary topology of the real line, sequences and series, continuity, uniform continuity, differentiation, integration, sequences and series of functions.  
Prereq: MATH 121 and MATH 211; or department permission.
MATH 424 Introduction to Complex Variables. 3 hrs
Complex numbers, analytic functions, elementary functions and their mapping properties, conformal mapping and applications; contour integrals, Cauchy-Goursat Theorem and its consequences, Taylor and Laurent series, calculus of residues.
Prereq: MATH 223.

MATH 425 Mathematics for Scientists. 3 hrs
The scientific applications of mathematics. Topics chosen will reflect the interests of the class. Possible areas of study include Fourier series and transforms, complex variables, generalized functions, Laplace transform, Bessel functions, curve fitting, partial differential equations, and the calculus of variations. A record of topics studied each semester will be kept in the mathematics files.
Prereq: MATH 223.

MATH 426 Differential Equations II. 3 hrs
Systems of linear differential equations, transforms, qualitative theory of systems, existence and uniqueness theorems.
Prereq: MATH 325.

MATH 436 Introduction to Numerical Analysis. 3 hrs
Introduces the theory and application of numeric methods using the digital computer as a tool; finite differences, polynomial approximation, numeric integration, solution of equations and nonlinear systems, numeric solution of differential equations, error analysis.
Prereq: MATH 223; and COSC 137 or COSC 138 or COSC 237 or department permission.

MATH 448 Differential Geometry with an Introduction to General Relativity. 3 hrs
Curve and surface theory in three-dimensional space: introduction to special and general relativity. Not open to students with credit in MATH 548 Introduction to Differential Geometry.
Prereq: MATH 223 and MATH 325.

MATH 460 Applied Survey Sampling. 3 hrs
A course in principles of sampling for assessment of data in business, social sciences, or natural resource management. Sampling problem, selection of samples, designing questionnaires, estimation of means and variances, ratio, regression and difference methods, simple and stratified random sampling, systematic sampling, cluster sampling, probability proportional to size sampling. A special survey software package is used.
Prereq: MATH 360 or MATH 370.

MATH 461 Linear Regression Analysis. 3 hrs
Topics include modeling a response as a simple or multiple regression model, validity of assumptions, using models for estimation and prediction, multicollinearity, auto-correlation of error terms, residual analysis, stepwise regression. A statistical software package (SAS) is used extensively.
Prereq: MATH 122 and MATH 360 or MATH 370.

MATH 462 Design and Analysis of Experiments. 3 hrs
A basic course in principles of experimental designs and analysis: randomized blocks and latin squares, nested experiments, experimental and sampling errors, fixed and random effects models, factorial and fractional designs. A statistical software package (SAS) is used extensively.
Prereq: MATH 360 or MATH 370 or equivalent.

MATH 471 Probability and Statistics II. 3 hrs
Nature of statistics; distributions, measure of central value and dispersion; sampling; statistical inference estimation and tests of hypothesis. Methods of computation applications and data analysis will be stressed. Nonparametric statistics: sequential tests, analysis of variance.
Prereq: MATH 223 and MATH 370, or department permission.

MATH 472 Problems in Actuarial Studies II. 2 hrs
Applications of probability and statistics to actuarial science. Particular attention paid to subject matter not covered in the regular mathematics curriculum and to special techniques of problem solving appropriate to actuarial science. (This course can be useful in preparing for the Actuarial Examination, Part II—Probability and Statistics).
Prereq: MATH 471 (may be taken concurrently); a minimum GPA in mathematics of 3.4 is strongly recommended.

MATH 474 Applied Statistics. 3 hrs
This course stresses the empirical approach to statistics: Monte Carlo methods to generate samples and to model distributions; tests of fit to assumed distributions; medians vs. means and range vs. standard deviations; demonstrations of basic theorems; randomness and independence.
Prereq: MATH 360 or MATH 370.
MATH 477/478/479 Special Topics. 1/2/3 hrs
A senior level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.
Prereq: Undergraduate grade point average in mathematics 3.0 or above and department permission.

MATH 480 Honors Course in Mathematics. 2 hrs
The content of this course varies with the instructor and the individual student. It consists of advanced reading and/or an individual project of a difficult nature. The work will be done independently with periodic reports to the instructor.
Prereq: Completion of the requirements for a major with 3.5 grade point average in mathematics.

MATH 487 Cooperative Education. 3 hrs
Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in mathematics. The program consists of two work experiences (MATH 387 and MATH 487) alternated with full-time attendance at the University. Use on mathematics major subject to department permission. Graded on a credit/no credit basis.
Prereq: Junior or senior majoring in mathematics, admittance to program by application only, MATH 387, department permission.

MATH 497/498/499 Independent Study. 1/2/3 hrs
A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.
Prereq: Undergraduate grade point average in mathematics 3.0 or above and department permission.
The Music department offers five baccalaureate degree programs as well as cultural enrichment for all students. Music is presented in the context of a broad liberal education; as preparation for teaching of vocal and instrumental music at the elementary and secondary levels; as preparation for becoming a music therapist; as individual and group study for performance media; as basic training for professional careers as instrumentalists, singers, conductors, composers, arrangers, and music scholarship; and as preparation for concentrated graduate study and college teaching.

The department collaborates with other departments in dance, radio, television, and theatre. A marketing minor also is available to students interested in music-related businesses.

Housed in the Alexander Music Building, the department has three rehearsal halls, a recital hall, an organ recital/teaching studio, an electronic music studio, a computer lab, and 65 practice rooms.

The Music department is a member of the National Association of Schools of Music.

Degrees:
- Bachelor of Arts
- Bachelor of Music
- Bachelor of Music Education
- Bachelor of Music Therapy
- Bachelor of Science

Programs of Study

Curricula:
- Music education (instrumental and vocal) for elementary education
- Music education (instrumental and vocal) for K-12 education
- Music performance
- Music therapy

Major:
- Music
- Music education (instrumental and vocal) for elementary education

Minors:
- General music
- Music education for elementary education

Advising is according to student interest. Advisers are posted each term in the department office, or the advising coordinator may be contacted for further information.

Advising Coordinator:
- Curricula for teachers of instrumental music, vocal music, and music therapy: David Pierce
- Curriculum for music performance: David Pierce
- Music major: David Pierce
- General music, elementary music education minors: David Pierce

Enrollment in any music curriculum will be determined by the results of an audition process. All new students should write the department well in advance of their intended registration date to arrange these auditions and examinations. Transfer students may apply at the same time for advanced standing in music.

Address all correspondence to:

Department of Music
Eastern Michigan University
Ypsilanti, MI 48197
(313) 487-4380

Music fees are charged for private lessons according to the following schedule (1995-96):
- Music majors: $60 per semester (maximum) for all instruction.
- Other University students: $60 per semester for a one-hour lesson, $30 per semester for a half-hour lesson.
- Students from public schools and the community, and EMU staff and families: Lessons are available
through the EMU Community Music School. Fees vary depending on the length of the lesson, and the instructor. Call the Department of Music for details.

Student recitals are a participatory expectation of all music students. These performances may take place in studio classes, informal departmental recitals, or in public recitals where required.

A senior recital to fulfill requirements of graduation must be prepared and approved by an appropriate faculty committee. Ensemble music may be included on the programs. In such event, the recitalist must have a principal solo role in the music performed. Additional approval of senior programs for public performance will rest with the committee’s recommendation.

All public recitals are subject to prior review and approval by a faculty committee.

All full-time (minimum 12 hours) music majors are required to attend a quota of music recitals and concerts each semester. Majors should consult with their major applied instructor or department adviser for specific requirements.

Graduate study leads to the Master of Arts degree in music. For description of graduate courses, see the Graduate Catalog.

ACADEMIC MAJORS
Curriculum for Music

Performance

The Bachelor of Music degree curriculum is available for students using voice, guitar, keyboard, or an orchestral instrument as the principal performing medium. All basic studies requirements must be completed including one approved course in crosscultural or international studies. (Complete pattern sheet is available in the department.)

Curriculum for Music Therapy

The Bachelor of Music Therapy degree is awarded on completion of this curriculum. The degree program is approved by the National Association for Music Therapy.

All students must take the courses specified in education and fine arts.

| MUSC 219 Aural Skills III                                             | 1         |
| MUSC 228 Music Literature IV                                          | 1         |
| MUSC 229 Aural Skills IV                                              | 1         |
| MUSC 301 History of Music                                             | 3         |
| MUSC 302 History of Music                                             | 3         |
| MUSC 413 Orchestration                                               | 2         |

#### 2. Applied music ................................................................. 34

| MUSC 326 Conducting                                                   | 2         |
| Ensembles                                                            | 4         |
| Applied Music courses at the 100-300 level (principal instrument)     | 4         |

#### Minimal performance skills as determined by the National Association for Music Therapy
- Most students should be able to meet some of these skill requirements upon entrance or they can be achieved through the courses listed below:
- **Voice:** MUSC 232 Voice Class and AVOC 101-A01
- **Applied Music**
- **Piano:** MUSC 251-254 Functional Piano and MUSC 305 Keyboard Skills

#### Guitar: MUSC 274 Functional Guitar .................................... 2
#### Secondary instrument classes ............................................. 4
#### MUSC 211 Basic Brass Class, MUSC 241 Percussion, MUSC 261 Basic String Class:
- Violin, MUSC 281 Basic Woodwind Class

### 3. Music therapy courses ..................................................... 22

| MUSC 103 Introduction to Music Therapy                               | 2         |
| MUSC 221 Methods and Materials in Music Therapy                     | 3         |
| MUSC 222 Preclinical Training Practicum in Music Therapy I           | 1         |
| MUSC 223 Preclinical Training Practicum in Music Therapy II          | 1         |
| MUSC 303 Music Therapy Principles I                                 | 4         |
| MUSC 304 Music Therapy Principles II                                | 4         |
| MUSC 405 Psychology of Music I                                      | 2         |
| MUSC 407 Psychology of Music II                                     | 2         |
| MUSC 424 Preclinical Training Practicum in Music Therapy III         | 1         |
| MUSC 425 Preclinical Training Practicum in Music Therapy IV          | 1         |
| MUSC 488 Clinical Training in Music Therapy                          | 2         |

### Physical education and health ............................................. 2

- Choose two activity courses from the following:
- PEGN 103 Couple, Square, and Ballroom Dancing
- PEGN 158 Jazz I, PEGN 158 Folk Dancing, PEGN 161 Modern Dance, PEGN 255 Jazz II, PEGN 258 Intermediate Folk Dancing, PEGN 261 Intermediate Modern Dance

- **Total** .................................................................................. 140-142

### Music Major

Students must complete the requirements for the Bachelor of Arts or Bachelor of Science degrees by including the academic major below and a different minor subject of 20-24 semester hours in some other department. Students will not earn a teaching certificate by completing this major.

- Students must complete all basic studies requirements including one approved course in crosscultural or international studies. (Complete pattern sheet is available in the department.)

#### Sem hours

2. Electives in music ................................. 8

### ACADEMIC MINOR

#### GENERAL MUSIC MINOR

Students seeking admission to the general minor in music must complete an application at the Music department office and take placement tests in applied music and basic musicianship. Each must work out a course of study with a designated music adviser.

**Minor in general music ....................... 20 sem hours**

### APPLIED MUSIC COURSES

Students who do not qualify by audition for admission to a curriculum in music may, at the discretion of the department, be assigned preparatory work until ready for university applied music study. It should be understood that delayed admission as a departmental major may extend the time normally required to satisfy graduation requirements.

Transfer students may be granted credit for applied music study accomplished at another institution or with a recognized private teacher. Eligibility for credit will be determined by audition. A course of study designed to satisfy Music department graduation requirements will be recommended at that time.

At the time of admission to a music curriculum, students with piano as a secondary instrument must demonstrate the required level of proficiency for graduation in their chosen curriculum, or elect piano every semester until the required proficiency is attained.

Study is available on the following instruments:
- Bassoon (ABSN)
- Cello (AVCL)
- Clarinet (ACLA)
- Euphonium (AEPH)
- Flute (ABSN)
- Guitar* (AGTR)
- Harp (AHRP)
- Harpsichord (AHPS)
- Oboe (AOBO)
- Organ (AORG)
- Piano (APNO)
- Percussion (APER)
- Saxophone (ASAX)
- String Bass (ADBS)
- Trumpet (ATPT)
- Tuba (ATUB)
- Viola (AVLA)
- Violin (AVLN)

*Guitar does not qualify as a principal instrument in the Bachelor of Music Education curriculum. Acceptable for Bachelor of Arts, Bachelor of Science, or Bachelor of Music degree with major in music.

### Principal Instruments

The baccalaureate degrees require varying semester hours of work on the principal applied music instrument as indicated in the course requirements of the specific curriculum and major.

Students are admitted to the 100 series level at different degrees of competency; therefore some students will require more time to achieve the proficiency needed for admission to the 300 series level. Permission to move to 300 series level may be given by the faculty jury with the permission of the teacher.

### TEACHING MAJORS

#### MUSIC EDUCATION (INSTRUMENTAL) MAJOR

**K-12 TEACHER CERTIFICATION**

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary-Secondary Provisional Certificate endorsed in music education, certification code "JX." The certification test covering this field is #39, "Music Education."

Music Major

Elementary Teacher Certification

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in music education, certification code "JX." The certification test covering this field is #39, "Music Education."

The curriculum for this major is that which is listed under "Teaching Major" in the K-12 music (instrumental) or K-12 music (vocal) program. No minor is required.

75 hours for instrumental, 80 hours for vocal.

For certification in both K-12 Music and K-8 Elementary Education student teaching in both Music (12 hours) and Elementary Education (12 hours) is required

Teaching Minor

Elementary Music Education Minor

Elementary and Special Education-Elementary Teacher Certification

Students seeking admission to the minor in elementary music education must complete an application at the Music department office and take placement tests in applied music and basic musicianship. Each must work out a course of study with a designated music adviser.

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in music education, certification code "JX." The certification test covering this field is #39, "Music Education."

24 hours in music theory, music literature, music
education, applied music, conducting, and piano. Three or four semester hours of student teaching also are required. The methods course must be taken in the area of teaching desired. All courses in the minor must be completed before student teaching in the minor field.

**Music Courses**

**Theory-Literature and History**

**MUSC 100 Introduction to Music Theory.** 3 hrs
Designed for the nonmusic major. A preparatory course for MUSC 101 for the music major or minor deficient in music theory. The basic elements of music: notation of pitch and rhythm, scales, intervals, tonality, beginning sightsinging, and dictation.

**MUSC 101 Music Theory I.** 3 hrs
Integrated theory course dealing with perception, writing, analysis, and performance of basic musical materials; stylistic comprehension of music of all periods. For music majors and minors. Generally taken concurrently with MUSC 118 and MUSC 119.

**Prereq:** Music majors/minors or placement examination.

**MUSC 102 Music Theory II.** 3 hrs
Continuation of MUSC 101. For music majors and minors. Generally taken concurrently with MUSC 118 and MUSC 119.

**Prereq:** MUSC 101, MUSC 118, MUSC 119, or placement examination.

**MUSC 106 Introduction to the Performing Arts.** 3 hrs
A survey of the arts of dance, theatre, and music, developing an understanding and appreciation of representative works in the three fields; the place of these arts in contemporary society and their contribution to a richer life. Attendance required at specified on-campus performances. Nonmusic majors only.

**MUSC 107 Music Appreciation.** 2 hrs
Guides the student in listening to and understanding various types, forms, and styles of instrumental and vocal music of the world. Representative works of all periods and cultures, including contemporary developments, will be studied. Attendance at some concerts and recitals required. Nonmusic majors only.

**MUSC 118 Music Literature I.** 1 hr
Stylistic analysis and aural presentation of selected musical masterworks in the history of western music, from the medieval period through the classic period.

Objectives of the course parallel and relate to those of MUSC 101. Generally taken concurrently with MUSC 101 and MUSC 119.

**Prereq:** Music majors/minors or placement examination.

**MUSC 119 Aural Skills I.** 1 hr
Development of fundamental sight singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 101. Generally taken concurrently with MUSC 101 and MUSC 118.

**Prereq:** Music majors/minors or placement examination.

**MUSC 127 The Splendid Centuries of Austria.** 3 hrs
A survey of the art, music, and literature of Austria from the 17th to early 20th century in its intellectual, political, and social setting. Baroque and Rococo art, and Classical and Romantic music and literature are considered. Extensive use is made of recordings and slides. Team taught by a member of one of the fine arts Departments and a member of the History Department. This course satisfies one fine arts or one history requirement. Note: See Honors Humanities Courses, page 81.

**MUSC 128 Music Literature II.** 1 hr
A continuation of MUSC 118. Stylistic analysis and aural presentation of selected musical masterworks in the history of western music, from the classic period through the 20th century. Objectives of the course parallel and relate to those of MUSC 102. Generally taken concurrently with MUSC 102 and MUSC 129.

**Prereq:** MUSC 118 or placement examination. Music majors/minors.

**MUSC 129 Aural Skills II.** 1 hr
A continuation of MUSC 119. Development of intermediate sight singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 102. Generally taken concurrently with MUSC 102 and MUSC 128.

**Prereq:** Music majors/minors. MUSC 101, MUSC 118, MUSC 119, or placement examination.

**MUSC 201 Music Theory III.** 3 hrs
Continuation of MUSC 102 with more emphasis on harmonic, melodic, compositional, and structural techniques of 16th through 20th centuries. Generally taken concurrently with MUSC 218 and MUSC 219.

**Prereq:** MUSC 102, MUSC 128, MUSC 129, or placement examination.
MUSC 202 Music Theory IV. 3 hrs
Continuation of MUSC 201. For music majors/minors. Generally taken concurrently with MUSC 228 and MUSC 229.
Prereq: MUSC 201, MUSC 218, MUSC 219, or placement examination.

MUSC 203 Jazz Styles, History, and Analysis. 2 hrs
Presents stylistic, historical, and analytical perspectives in jazz from its origin through the present. Includes vocal jazz, extensive use of recordings.
Prereq: Music major/minor, sophomore standing, or MUSC 102.

MUSC 219 Aural Skills III. 1 hr
A continuation of MUSC 129. Development of intermediate/advanced sight singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 201. Generally taken concurrently with MUSC 201 and MUSC 218.
Prereq: Music majors/minors, MUSC 102, MUSC 128, MUSC 129, or placement examination.

MUSC 228 Music Literature IV. 1 hr
A continuation of MUSC 218. Stylistic analysis and aural presentation of selected musical masterworks in the history of western music, from the classic period through the 20th century. Objectives of the course parallel and relate to those of MUSC 202. Generally taken concurrently with MUSC 202 and MUSC 229.
Prereq: MUSC 201, MUSC 218, MUSC 219; or placement examination. Music majors/minors.

MUSC 229 Aural Skills IV. 1 hr
A continuation of MUSC 219. Development of advanced sight singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 202. Generally taken concurrently with MUSC 202 and MUSC 228.
Prereq: Music majors/minors, MUSC 201, MUSC 218, MUSC 219; or placement examination.

MUSC 301 History of Music. 3 hrs
A chronological study of western music in its historical and cultural setting. Recognition of idioms, changing sounds, styles, and forms of music in medieval, Renaissance, and Baroque periods, approximately through 1750. Students survey the history of their instruments.
Prereq: MUSC 202.

MUSC 302 History of Music. 3 hrs
A continued chronological study of western music in its historical and cultural setting, beginning about 1750. Emphasis similar to MUSC 301 but with a strong concentration in contemporary music. Covers classical, Romantic, and present periods.
Prereq: MUSC 301.

MUSC 317 Music Composition. 2 hrs
Original writing and analysis of music, beginning with the smaller forms. May be repeated for credit.
Prereq: MUSC 202.

MUSC 341 Contrapuntal Techniques. 2 hrs
Writing in polyphonic forms with concomitant analysis.
Prereq: MUSC 202.

MUSC 401 Music Theory-Literature V. 2 hrs
Integration of previous studies in theory-literature and music history; continued study and analysis of music from all periods; original, creative composition with special emphasis on contemporary style.
Prereq: MUSC 202.

MUSC 402 Music Theory-Literature VI. 2 hrs
Continuation of MUSC 401.
Prereq: MUSC 401.

MUSC 413 Orchestration. 2 hrs
Practical work in setting compositions for full orchestra and various other instrumental ensembles.
Prereq: MUSC 202.

MUSC 414 Band Arranging. 2 hrs
Arranging for band; transcription from other media; original composition; analysis of representative work.
Prereq: Senior standing

Music Education Courses

MUSC 104 Elements of Music. 2 hrs
Singing, music reading, and theory experience in the elements of music for the elementary classroom teacher. Concepts of rhythm and tonality. Lecture: two hours per week. Laboratory: one hour per week.
Prereq: Elementary education or special education major.
MUSC 151 Class Piano. 2 hrs
Group instruction in piano for students with no previous keyboard experience. Provides the necessary skills for carrying on a music program in the elementary classroom. Nonmusic majors only.

MUSC 152 Class Piano. 2 hrs
Continuation of MUSC 151 with emphasis on the functional aspects of piano playing and elementary piano literature. For students not specializing in music and with not more than one year of previous keyboard experience. Prereq: MUSC 151 or department permission.

MUSC 211 Basic Brass Class. 1 hr
The teaching and playing of trumpet and trombone. Majors and minors only.

MUSC 212 Brass Class. 1 hr
The teaching and playing of French horn, euphonium, and tubas. Majors and minors only.

MUSC 224 Recreational Music. 2 hrs
For recreation majors. Specific activities, techniques, and resources for directing recreational music programs.

MUSC 232 Voice Class. 1 hr
Improving the singing and speaking voice through the study of breath control, tone production, and diction. Not open to students with voice as a principal instrument. Prereq: The ability to read music in the clef appropriate to student's voice classification.

MUSC 235 Diction in Singing. 2 hrs
The physiological descriptions and laboratory practice of diction as used in singing English, French, German, Italian, and Latin.

MUSC 241 Percussion. 1 hr
The teaching and playing of snare drum, tympani, and keyboard percussion with an emphasis on group lesson techniques; survey of accessory instruments; introduction of methods, literature, and use of the percussion ensemble. Majors and minors only.

MUSC 261 Basic String Class: Violin. 1 hr
The teaching and playing of the violin from a pedagogical approach. Designed primarily for music education and music therapy majors. Small and large group instruction and current methods including rote and Suzuki approaches. Majors and minors only.

MUSC 262 String Class: Viola. 1 hr
Continuation of MUSC 261; teaching and playing of viola. Majors and minors only. Prereq: MUSC 261.

MUSC 263 String Class: Cello and Double Bass. 1 hr
The teaching and playing of cello and double bass. Majors and minors only.

MUSC 271 Beginning Classical Guitar. 2 hrs
Group instruction in classical guitar through the study of standard beginning methods and repertoire. Prereq: Department permission.

MUSC 272 Intermediate Classical Guitar. 2 hrs
Group instruction in classical guitar through the study of standard intermediate methods and repertoire. Prereq: MUSC 271.

MUSC 274 Functional Guitar. 2 hrs
Functional skills for playing guitar. Students will learn guitar notation, chords, and various accompaniment styles. Intended primarily for music education majors, music education minors, and music therapy majors. Prereq: Department permission.

MUSC 281 Basic Woodwind Class. 1 hr
The teaching and playing of clarinet. Majors and minors only.

MUSC 282 Woodwind Class. 1 hr
The teaching and playing of flute and saxophone. Majors and minors only.

MUSC 283 Woodwind Class. 1 hr
The teaching and playing of oboe and bassoon. Majors and minors only.

MUSC 320 Elementary Music Education. 2 hrs
A study of materials and teaching techniques in relation to the interests, characteristics, and needs of children in elementary and special education classrooms. Nonmajors only. Prereq: MUSC 104 and junior standing.

MUSC 330 Music Education in the Elementary School. 3 hrs
Organization, planning, and teaching of elementary music. Examination, evaluation, and preparation of materials. Music curriculum based on child growth and development principles. Concurrent placement in
schools for observation and prestudent teaching experience. Open to music education majors and minors only. 

Prereq: Junior standing. Completion of MUSC 254 and Applied Music Course 114/115/116, or Applied Music Course 105/106 and Applied Music Course 134/135/136; MUSC 202; Coreq: MUSC 326.

**MUSC 331 Music Education in the Secondary School.**

3 hrs
Care and treatment of adolescent voices; classification and training of voices; song interpretation; organization and administration of all types of choral ensembles; theory, history, and literature of music classes; evaluation of numerous materials suitable for choral organizations and other classes in the secondary school; psychology and philosophy of music education. Open to music education majors only. 

Prereq: Junior standing; satisfactory completion of MUSC 330. Proficiency in piano and voice; Coreq: MUSC 328.

**MUSC 332 Instrumental Music in the Public Schools.**

3 hrs
Designed to prepare students to teach instrumental music; covers organization of beginning classes, special problems of strings, selection of suitable materials, techniques of teaching, public relations, and other areas of interest in the development of orchestras and bands. Special emphasis placed on music for grades four through nine. Open only to instrumental music education majors and minors. No students on academic probation.

Prereq: Junior standing.

**MUSC 333 Orchestral Methods.**

3 hrs
Designed to assist students in their preparation as orchestra directors; special problems relevant to the string orchestra, string ensembles, and the string curriculum in the secondary schools. Open only to instrumental music majors. No students on academic probation.

Prereq: MUSC 332 and junior standing.

**MUSC 334 Band Methods.**

3 hrs
Designed to assist students in their preparation as band directors in secondary schools; charting and drills for marching band; rehearsal procedures and selection of suitable materials for the concert band. Open only to instrumental music education majors. No students on academic probation.

Prereq: MUSC 332 and junior standing.

**MUSC 361 Methods and Materials for Teaching Piano.**

2 hrs
Study of methods and materials suitable for use with beginning- and intermediate-level students.

Prereq: Junior standing

**MUSIC THERAPY**

**MUSC 103 Introduction to Music Therapy.**

2 hrs
An orientation to music therapy. Introductory survey of the various impaired and disabled populations served, current career opportunities, and exploration of interventions utilized by music therapists to achieve specific therapeutic goals. Observation of registered music therapists in hospital, clinical, and school settings is required. 

Prereq: Admission to music therapy program.

**MUSC 221 Methods and Materials in Music Therapy.**

2 hrs
Study of resources available in music therapy and their systematic application to meet the treatment needs of children and adults with various dysfunctions. Presentation of specifically designed music therapy experiences.

Prereq: MUSC 102, MUSC 103.

**MUSC 222 Preclinical Training Practicum in Music Therapy I.**

1 hr
Introductory fieldwork experience in music therapy. Observation and documentation of music therapy sessions in clinical or educational settings.

Prereq: MUSC 103.

**MUSC 223 Preclinical Training Practicum in Music Therapy II.**

1 hr
Continuation of MUSC 222. Leadership or co-leadership of music therapy sessions.

Prereq: MUSC 222.

**MUSC 303 Music Therapy Principles I.**

4 hrs
Examination of the research literature dealing specifically with the influence of music on behavior, including neurophysiological effects. In-depth study of diagnostic categories and systematic application of music therapy treatment to people within these categories. Laboratory experience is required in which music therapy treatment is provided to individuals with various dysfunctions.

Prereq: Admission to music therapy program, PSY 101/102, MUSC 221, MUSC 222, and MUSC 223.
MUSC 304 Music Therapy Principles II. 4 hrs
Continuation of MUSC 303. Exploration of professional skills needed by a music therapist in a variety of clinical settings. Includes in-depth examination of music therapy literature, various psychological theories and their relationships to music therapy. Laboratory experience is required.
Prereq: MUSC 303.

MUSC 404 Psychology of Music I. 2 hrs
Study of the functional uses, psychological attributes, aesthetic effects, and psycho-physical properties of music. Introduction to statistical analysis and evaluation of research in the field; examination of the continued need for investigation and documentation.
Prereq: MUSC 304.

MUSC 405 Psychology of Music II. 2 hrs
Continuation of MUSC 404. In-depth exploration of empirical research in the field, with opportunities to conduct individual investigation of selected topics.
Prereq: MUSC 404.

MUSC 424 Preclinical Training Practicum in Music Therapy III. 1 hr
Fieldwork experience in clinical or educational setting under supervision of a registered music therapist. Taken concurrently with MUSC 404.
Prereq: Senior standing in music therapy program; MUSC 304.

MUSC 425 Preclinical Training Practicum in Music Therapy IV. 1 hr
Fieldwork experience continued. Taken concurrently with MUSC 405.
Prereq: MUSC 424.

MUSC 488 Clinical Training in Music Therapy. 2 hrs
Six months of supervised training in a hospital, clinical, or educational setting affiliated with the National Association for Music Therapy.
Prereq: Senior standing, completion of all other music therapy curriculum requirements, and successful completion of guitar, keyboard and voice competency examinations.

COOPERATIVE EDUCATION

MUSC 387 Cooperative Education. 3 hrs
A cooperative work experience in the field of music.
Prereq: Department permission.

MUSIC HONORS

MUSC 490 Honors Course in Music. 2 hrs
Provides superior students with the opportunity for an intensive program of independent study, original composition, performance, or research.
Prereq: Senior standing, cumulative average of 3.5 in music, 3.2 in general studies. Regulations governing honors courses must be followed (see page 15).
Honors program available. Consult with department adviser, D. Pierce.

SPECIAL TOPICS COURSES

MUSC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

MUSC 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

MUSC 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

APPLIED MUSIC COURSES

Applied Music Course 100 01-04. 1 to 2 hrs
For the student who requires additional preparation in his or her principal instrument before entering regular freshman level work. Cannot apply toward graduation requirements in either music major curriculum.

Applied Music Course 100 11-22. 1 to 4 hrs
Lower level work for music majors and minors only. May be repeated for credit.
Applied Music Course 100 01-22. 1 hr
For music minors. May be repeated for credit.

Applied Music Course 300 31-62. 1 to 4 hrs
Upper level work for music majors and minors. May be repeated for credit.

Secondary Instruments

MUSC 251 Functional Piano. 1 hr
Required for all music majors and minors with no previous piano experience. Teaches keyboard skills necessary both for accompaniment of simple music and for developing musical understanding basic to all coursework in music.
Prereq: Majors or minors only.

MUSC 252 Functional Piano. 1 hr
Continuation of MUSC 251.
Prereq: MUSC 251 or equivalent. Majors or minors only.

MUSC 253 Functional Piano. 1 hr
Continuation of MUSC 252. Stresses keyboard harmony, accompaniment, sight-reading, piano literature, and technique.
Prereq: MUSC 252. Majors or minors only.

MUSC 254 Functional Piano. 1 hr
Continuation of MUSC 253. Additional accompaniment experience, keyboard harmony, improvisation, piano literature, and techniques. Any break in the continuity of Functional Piano courses will require an audition before resumption of study.
Prereq: MUSC 253 or equivalent. Majors or minors only.

MUSC 305 Keyboard Skills. 2 hrs
Sight reading, harmonization, transposition, improvisation, and score reading.
Prereq: MUSC 102, MUSC 254. Majors or minors only.

MUSC 326 Conducting. 2 hrs
Fundamentals of baton technique, score reading, and interpretation of instrumental and vocal music.
Prereq: Junior standing. Majors or minors only.

MUSC 327 Instrumental Conducting. 2 hrs
A practical course in instrumental conducting; score preparation, baton technique, study of technical and musical problems in conducting traditional and contemporary works.
Prereq: MUSC 326.

MUSC 328 Choral Conducting. 2 hrs
A practical course in choral conducting; baton technique, score analysis, study of technical and musical problems in conducting traditional and contemporary works.
Prereq: MUSC 326.

Large Ensembles

MUSC 131 University Choir. 1 hr
An ensemble of advanced singers. Open to all students in the University.
Prereq: Department permission.

MUSC 134 University Women's Chorus. 1 hr
Open to all women students.

MUSC 135 University Men's Chorus. 1 hr
Open to all men students.
Prereq: Department permission.

MUSC 136 Chamber Choir. 1 hr
Chamber music for mixed voices. Open to all students.
Prereq: Department permission.

PEGN 140 Marching Band. 1 hr
(See Health, Physical Education, Recreation, and Dance department.)

MUSC 149 Athletic Band. 1 hr
The Athletic Band rehearses music and performs for a schedule (determined by the instructor) of the University's men's and women's basketball and volleyball home games. The Athletic Band also may perform for postseason basketball competition. MUSC 149 may not serve to fulfill Group V basic studies requirement.
Prereq: Department permission.

MUSC 248 Orchestra. 1 hr
Open to all students in the University.
Prereq: Department permission.

MUSC 249 Band. 1 hr
MUSC 249 includes Concert Winds, Symphonic Band, and Marching Band. Open to all students of the University. Enrollment in MUSC 249 requires attendance for the entire semester. Students electing MUSC 249 may also elect PEGN 140 for one credit.
MUSC 350 Contemporary Chamber Ensemble. 1 hr
Various mixed ensembles of soloists. Devoted to performance of 20th-century music, especially of the last 15 years. Compositions require performers on all instruments, solo voices, and, on occasion, electronic music. Open to all qualified musicians.
Prereq: Department permission.

MUSC 351 Collegium Musicum. 1 hr
Various ensembles of soloists—instrumental, vocal, and mixed. Opportunity to perform old and new music infrequently heard. Open to all qualified students.

MUSC 445 The Opera. 2 hrs
The history and literature of opera from its inception to the present day as music and theater.
Prereq: Voice major or department permission.

MUSC 448/449 Opera Workshop. 1/2 hrs
A laboratory-performance course that deals with performance of opera scenes and, when feasible, complete works. Musical, technical, and dramatic aspects of production.
Prereq: Department permission.

SMALL ENSEMBLES

MUSC 243 Percussion Ensemble. 1 hr
Performance class designed to develop the percussionist's technical and musical skills in an ensemble setting. Devoted to the rehearsal and performance of the best in twentieth-century percussion ensemble literature in a variety of styles.
Prereq: Percussion major or minor or department permission.

MUSC 244 Jazz Ensemble. 1 hr
Performance class dealing with the elements of jazz arrangement, improvisation, and ensemble techniques with special emphasis on the function of jazz in music education.
Prereq: Department permission.

MUSC 245 Brass Ensemble. 1 hr
Chamber music for brass.
Prereq: Department permission.

MUSC 246 String Ensemble. 1 hr
Chamber music for strings.
Prereq: Department permission.

MUSC 247 Woodwind Ensemble. 1 hr
Chamber music for woodwinds.
Prereq: Department permission.

MUSC 475 Chamber Music Performance. 2 hrs
Study and performance of literature for small chamber groups. May be repeated for credit.
Prereq: Department permission.

PHILOSOPHY
(See under History and Philosophy)
PHYSICS AND ASTRONOMY

Dan Trochet
Department Head
303 Strong Hall
487-4144

Professors: James C. Porter, Dan Trochet, Jon K. Wooley
Associate Professors: Diane A. Jacobs, Alexandria Oakes, Natthi Sharma, Weidian Shen, Marshall Thomsen
Assistant Professors: Ernest Behringer, David D. Reid, Bonnie L. Wylo

The Physics and Astronomy department offers majors in physics, physics research, and engineering physics. Minors are offered in astronomy, general science, and physics. The department also administers interdisciplinary offerings in applied science and general science. Transfer students who wish to major in physics, physics research, or engineering physics must take a minimum of nine semester hours at the 300-level or above in this department. Transfer students who wish to minor in these areas must take a minimum of six semester hours of coursework at the 300-level or above in this department.

Degrees:
Bachelor of Arts and Bachelor of Science

Programs of Study
Curriculum:
Applied science

Group majors:
General science
General science-Biology for secondary education
General science-Chemistry for secondary education
General science-Earth Science for secondary education
General science-Mathematics for secondary education
General science-Physics for secondary education

Group minors:
General science

Majors:
Engineering physics
Geophysics
Physics research
Physics
Physics for secondary education

Minors:
Astronomy
Astronomy for secondary, K-12, and special education-secondary
General science

Graduate study leads to the master’s degree in physics research, physics education, or general science. These programs are described in the Graduate Catalog.

ACADEMIC MAJORS

APPLIED SCIENCE CURRICULUM

This program is designed for students who plan to enter occupations in which a substantial background in mathematics and science is required. It calls for concentrations of 16-18 semester hours in each of two departments (chemistry, mathematics, or physics) and 36 semester hours in the third. To qualify for a Bachelor of Arts degree, the student must complete one year of college level credit in a foreign language. In addition to meeting the basic studies requirements, all students on this curriculum must complete all other courses specified.

Sem hours
Symbolics and communication ........................................... 14-18
Science and technology .................................................... 68-70

1. Required courses ......................................................... 50

Chemistry courses .......................................................... 15
CHEM 121 General Chemistry I ........................................ 3
CHEM 122 General Chemistry I Laboratory .................. 1
CHEM 123 General Chemistry II .................................... 3
CHEM 124 General Chemistry II Laboratory .................. 1
CHEM 241 Materials Science .......................................... 3
CHEM 281 Quantitative Analysis ...................................... 4

Mathematics and computer science courses .................. 17
MATH 120 Calculus I ..................................................... 4
MATH 121 Calculus II ..................................................... 4
GROUP MAJOR/MINOR IN GENERAL SCIENCE

This 56 semester hour major and minor combination encompasses five areas of study: biology, chemistry, earth science, mathematics, and physics. Students must follow regular department requirements to complete a 20 semester hour cognate minor in one of the areas listed above and a 36 hour group major composed of courses from the other four areas.

Sem hours

Group major (36 hrs) with cognate minor (20-21 hrs) .................................................. 56-57

1. Cognate minor in one of the following five science areas ........................................... 20-21
   Biology .......................................................... 20
   Chemistry ...................................................... 20
   Earth science .................................................. 21
   Mathematics .................................................... 20
   Physics ............................................................ 20

Select courses for your minor in consultation with an adviser in the appropriate department.

2. Group major ................................................. 36

With a biology minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; GESC 108 Earth Science; GESC 324 Weather; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 28
   Approved electives in chemistry, earth science, mathematics, and physics ................. 8

With a chemistry minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; GESC 108 Earth Science; GESC 324 Weather; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 32
   Approved electives in biology, earth science, mathematics, and physics .................. 4

With an earth science minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 29
   Approved electives in biology, earth science, mathematics, and physics .................. 7

With a mathematics minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 31
   Approved electives in biology, earth science, mathematics, and physics .................. 9

With a physics minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 31
   Approved electives in biology, earth science, mathematics, and physics .................. 9

Total .................................................................. 124

GROUP MAJOR/MINOR IN GENERAL SCIENCE

This 56 semester hour major and minor combination encompasses five areas of study: biology, chemistry, earth science, mathematics, and physics. Students must follow regular department requirements to complete a 20 semester hour cognate minor in one of the areas listed above and a 36 hour group major composed of courses from the other four areas.

Sem hours

Group major (36 hrs) with cognate minor (20-21 hrs) .................................................. 56-57

1. Cognate minor in one of the following five science areas ........................................... 20-21
   Biology .......................................................... 20
   Chemistry ...................................................... 20
   Earth science .................................................. 21
   Mathematics .................................................... 20
   Physics ............................................................ 20

Select courses for your minor in consultation with an adviser in the appropriate department.

2. Group major ................................................. 36

With a biology minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; GESC 108 Earth Science; GESC 324 Weather; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 28
   Approved electives in chemistry, earth science, mathematics, and physics ................. 8

With a chemistry minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; GESC 108 Earth Science; GESC 324 Weather; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 32
   Approved electives in biology, earth science, mathematics, and physics .................. 4

With an earth science minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 29
   Approved electives in biology, earth science, mathematics, and physics .................. 7

With a mathematics minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 31
   Approved electives in biology, earth science, mathematics, and physics .................. 9

With a physics minor, take the following for the group major:

   ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; MATH 105 College Algebra; MATH 107 Plane Trigonometry; PHY 221 Mechanics, Sound, and Heat; PHY 222 Electricity and Light ........ 31
   Approved electives in biology, earth science, mathematics, and physics .................. 9

Total .................................................................. 124
group major:

ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; GESC 108 Earth Science; GESC 324 Weather; PHY 221 Mechanics; Sound, and Heat; PHY 222 Electricity and Light .......... 31

Approved electives in biology, chemistry, earth science, and physics ............................... 5

With a physics minor, take the following for the group major:

ASTR 205 Principles of Astronomy; BIOL 105 Biology and the Human Species; BIOL 224 Principles of Conservation; CHEM 121 General Chemistry I; CHEM 122 General Chemistry I Laboratory; GESC 108 Earth Science; GESC 324 Weather; MATH 120-121 Calculus I-II 31

Approved electives in biology, chemistry, earth science, and mathematics ............................ 5

Approved electives:

ASTR 204 Astronomical Investigations; BIOL 205 Field Biology; BIOL 207 Elements of Ecology; BOTN 221 General Botany; ZOOL 222 General Zoology; CHEM 123 General Chemistry II; CHEM 124 General Chemistry II Laboratory; CHEM 270 Organic Chemistry; CHEM 271 Organic Chemistry Laboratory; COSC 137 Introduction to FORTRAN Programming; GESC 114 National Parks and Monuments; GESC 309 Plate Tectonics; GEOL 228 Mineralogy; GESC 320 The Oceans; GESC 324 Weather; MATH 120-121 Calculus I-II 31

Approved electives in biology, chemistry, earth science, and mathematics ............................ 5

GEOPHYSICS MAJOR

The geophysics major involves concentrations in physics, geology, and mathematics. This major is designed to bring together the traditional sciences of physics and geology into a program that will prepare persons for employment in the modern day geoscience area. This major also will prepare the student for graduate work in either geophysics, geology, or physics.

Sem hours

Required physics and geology courses...... 60-62
PHY 223 Mechanics, Sound, and Heat .......... 5
PHY 224 Electricity and Light .................... 5
PHY 229 Strength and Elasticity of Materials 4
PHY 330 Intermediate Mechanics I .............. 3
PHY 350 Electricity and Magnetism I ............ 3
PHY 481 Mathematical Physics ................... 3
GEOL 160 Physical Geology .......................... 4
GEOL 228 Mineralogy ..................................... 4
GEOL 161 Historical Geology ....................... 4
GESC 309 Plate Tectonics ............................ 3
GEOL 326 Structural Geology ....................... 3
GEOL 329 Petrology ....................................... 4
GEOG 330 Sedimentology and Stratigraphy .... 4
GEOL 355 Field Geology I ............................. 2
GEOL 356 Field Geology II ............................ 3

Select two of the following:
PHY 370 Introduction to Modern Physics .... 3
PHY 436 Vibration and Sound ......................... 4
PHY 452 Electrical Measurements .................. 4
PHY 456 Electronics for Scientists ............... 4
PHY 485 Fluid Dynamics ................................. 3

Required mathematics courses (these courses may be used on a minor in mathematics) .......... 21
MATH 120 Calculus I ..................................... 4
MATH 121 Calculus II .................................... 4
MATH 122 Elementary Linear Algebra .......... 3
COSC 237 Computer Programming and Numeric Methods ............................................. 3
MATH 223 Multivariable Calculus ............... 4
MATH 325 Differential Equations ................... 3

Required chemistry courses (these courses may be used on a minor in chemistry) .............. 8
CHEM 121 General Chemistry I .................... 3
CHEM 122 General Chemistry I Laboratory 1
CHEM 123 General Chemistry II ................ 3
CHEM 124 General Chemistry II Laboratory 1

PHYSICS RESEARCH MAJOR

The physics research major provides the necessary background for those planning to become professional physicists. The requirements listed below ensure adequate depth and breadth of subject matter in both theoretical and experimental physics and in mathematics. Students successfully completing this major are prepared to enter technical positions in government or industrial research or to undertake graduate study in physics. Further work on the graduate level is highly recommended.
Major in physics research (all required courses) 70

1. Total physics and astronomy courses .......... 49
   A. Required physics courses .......................... 37
      PHY 223 Mechanics, Sound, and Heat .......... 5
      PHY 224 Electricity and Light ............... 5
      PHY 330 Intermediate Mechanics I .......... 3
      PHY 350 Electricity and Magnetism I ....... 3
      PHY 360 Heat and Thermodynamics or PHY 452
         Kinetic Theory and Statistical Mechanics .. 3
      PHY 370 Introduction to Modern Physics ..... 3
      PHY 431 Intermediate Mechanics II .......... 3
      PHY 450 Electricity and Magnetism II ....... 4
      PHY 475 Introduction to Quantum Mechanics 3
      PHY 481 Mathematical Physics .................. 3
      PHY 417 Undergraduate Research Laboratory or
         PHY 490 Special Problems (Honors) ....... 2
   B. Restricted electives ............................... 3-12
      Choose three of the following laboratory courses:
      PHY 332 Mechanics Laboratory, PHY 372 Modern
         Physics Laboratory, PHY 436 Vibration and
         Sound, PHY 442 Optics Laboratory, PHY 456
         Electronics for Scientists, PHY 458
         Microcomputer and Digital Electronics, PHY
         471 Nuclear Physics
   C. General electives in physics and astronomy ... 0-9
      No physics or astronomy courses numbered less
      than 300 are to be used as electives on this
      major. PHY 325 is not to be used as an elective
      on this major.

2. Additional required courses (these courses may
   be used on a minor in mathematics) ............ 21
   MATH 120 Calculus I .................................. 4
   MATH 121 Calculus II .................................. 4
   MATH 122 Elementary Linear Algebra ............ 3
   MATH 223 Multivariable Calculus ................. 4
   MATH 325 Differential Equations .................. 3
   COSC 237 Computer Programming and Numeric
      Methods ............................................... 3

Physics Major

This major is provided for students who desire a
general cultural education with an emphasis on phys-
tics, who are preparing for work in another field such as
premedicine or prelaw or who are interested in combing
physics with an allied field such as biology, chemis-
try, astronomy, or geology or with the field of business.

Sem hours

Major in physics ............................................ 50
   1. Total physics and astronomy courses .......... 32

A. Required physics courses ............................ 20
   PHY 223 Mechanics, Sound, and Heat .......... 5
   PHY 224 Electricity and Light ............... 5
   PHY 330 Intermediate Mechanics I .......... 3
   PHY 350 Electricity and Magnetism I ....... 3
   PHY 370 Introduction to Modern Physics .... 3
   PHY 406 Ethical Issues in Physics ............ 1

B. Restricted electives ................................. 3-12
   Choose three of the following laboratory courses:
      PHY 332 Mechanics Laboratory, PHY 372 Modern
      Physics Laboratory, PHY 436 Vibration and
      Sound, PHY 442 Optics Laboratory, PHY 456
      Electronics for Scientists, PHY 458
      Microcomputer and Digital Electronics, PHY
      471 Nuclear Physics

C. General electives in physics and astronomy ... 0-9
   No physics or astronomy courses numbered less
   than 300 are to be used as electives on this
   major. PHY 325 is not to be used as an elective
   on this major.

2. Additional required courses (these courses may
   be used on a minor in mathematics) ............ 18
   MATH 120 Calculus I .................................. 4
   MATH 121 Calculus II .................................. 4
   MATH 122 Elementary Linear Algebra ............ 3
   MATH 223 Multivariable Calculus ................. 4
   COSC 237 Computer Programming and Numeric
      Methods ............................................... 3

Engineering Physics Major

Students following this program will earn a Bach-
elor of Science degree with a major in physics and will
have a strong background in engineering mechanics.
Graduates will be well qualified to fill engineering-orien-
ted positions.

Sem hours

Concentration in physics-engineering ................ 77
   1. Required physics courses ....................... 28
      PHY 223 Mechanics, Sound, and Heat .......... 5
      PHY 224 Electricity and Light ............... 5
      PHY 360 Heat and Thermodynamics .......... 3
      PHY 370 Introduction to Modern Physics .... 3
      PHY 372 Modern Physics Laboratory ......... 1
      PHY 440 Optics .................................... 3
      PHY 442 Optics Laboratory ..................... 1
      PHY 456 Electronics for Scientists .......... 4
      PHY 458 Microcomputer and Digital Electronics .3
   2. Physics electives .................................. 6
      Choose six credits from the following:
      PHY 332 Mechanics Laboratory, PHY 406 Ethical
Issues in Physics, PHY 431 Intermediate Mechanics II, PHY 436 Vibration and Sound, PHY 471 Nuclear Physics, PHY 497/498 Independent Study (with prior department approval)

3. **Required engineering mechanics courses** 14
   - PHY 229 Strength and Elasticity of Materials .. 4
   - PHY 230 Engineering Dynamics ...................... 4
   - PHY 420 Engineering Physics Design ............ 3
   - PHY 485 Fluid Dynamics .............................. 3

4. **Required chemistry courses** (these courses may be used on a minor in chemistry) ............ 8
   - CHEM 121 General Chemistry I .................. 3
   - CHEM 222 General Chemistry I Laboratory ... 1
   - CHEM 241 Materials Science ...................... 3
   - CHEM 242 Materials Science Laboratory ....... 1

5. **Required mathematics courses** (these courses may be used on a minor in mathematics) 21
   - MATH 120 Calculus I ................................. 4
   - MATH 121 Calculus II ................................. 4
   - MATH 122 Elementary Linear Algebra ............ 3
   - MATH 223 Multivariable Calculus .................. 4
   - COSC 237 Computer Programming and Numeric Methods ................................. 3
   - MATH 325 Differential Equations .................. 3

**ACADEMIC MINORS**

**ASTRONOMY GROUP MINOR**

This minor is designed to give the student a basic knowledge of astronomy and related fields. It is recommended that students wishing to undertake graduate work in astronomy complete the research major in physics with a minor in either mathematics or astronomy. Electives used to fulfill the astronomy minor cannot be used to complete any other major or minor.

Teaching Major

See note "a" above for courses applicable to both Basic Studies and the major.

BOTN 221 General Botany (4)
ZOOL 222 General Zoology (4)
BIOL 301 Genetics (3)

Nine hours of electives from biology, botany, microbiology, or zoology. Restrictions: May not include ESCI 302, ESCI 303, BIOL 205, and BIOL 403. No more than two hours may be taken in any combination of BIOL/BOTN/ ZOOL 497/498/499 or 477/478/479 Independent Study/Special Topics courses or BIOL/BOTN/ MICR/ZOOL 387/487 Cooperative Education courses will not count.

MATH 105 College Algebra (3)
MATH 107 Plane Trigonometry (2)
GESC 108 Earth Science (4)
ASTR 205 Principles of Astronomy (4)
PHY 222 Electricity and Light (4)
GESC 324 Weather (3)

Eight hours of electives from among:

ASTR 204 Astronomical Investigations (1)
CHEM 123 General Chemistry II and CHEM 124 General Chemistry II Laboratory (4)
CHEM 270 Organic Chemistry (4)
CHEM 271 Organic Chemistry Laboratory (1)
COSC 137 Introduction to FORTRAN Programming (3)
GESC 114 National Parks and Monuments (2)

Professional Studies
100 clock hours of approved prestudent teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)

The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: 34

Total credit hours required: 132

*Course required for and applicable to major.

WITH CHEMISTRY MINOR
Secondary Teacher Certification
Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the

Michigan Department of Education Secondary Provisional Certificate endorsed in general science, certification code “DX,” and chemistry, certification code “DC.” The certification tests covering this field are #16, “Science,” and #18, “Chemistry.”

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. Basic Studies requirement. See inside back cover
I-B-5. Basic Studies requirement. See inside back cover
II-B-1. CHEM 121 General Chemistry I (3)*
CHEM 122 General Chemistry I Laboratory (1)*
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. PHY 221 Mechanics, Sound, and Heat (4)*
III-B-1. Basic Studies requirement. See inside back cover

Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: ...................... 34

Total credit hours required: ................................. 129

*Course required for and applicable to major.

PHYSICS MAJOR
SECONDARY TEACHER CERTIFICATION
Successful completion of this course of studies, in
the context of other program requirements, qualifies the
student for recommendation for certification for the
Michigan Department of Education Secondary Provisional Certificate endorsed in physics, certification code
"DE," and, depending on the minor selected, an addi­
tional endorsement. This program of studies meets all
requirements of the National Science Teachers Associa­
tion. The certification test covering this field is #19,
"Physics."

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. MATH 120 Calculus I (4) *
I-B-5. COSC 237 Computer Programming and Numeric
Methods (3)

II-B-1. One of:
CHEM 115 Chemistry and Society and CHEM 116
Chemistry and Society Laboratory (4)
CHEM 119 Fundamentals of Chemistry (4)
CHEM 120 Fundamentals of Organic and Bio­
chemistry (4)
CHEM 121 General Chemistry I and CHEM 122
General Chemistry I Laboratory (4)
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. One of:
   - BIOL 105 Biology and the Human Species (4)
   - BOTN 221 General Botany (4)
   - ZOOL 222 General Zoology (4)
III-B-1. Basic Studies requirement. See inside back cover
III-B-2. Basic Studies requirement. See inside back cover
III-B-3. Basic Studies requirement. See inside back cover
III-B-4. Basic Studies requirement. See inside back cover
IV-B-1. Basic Studies requirement. See inside back cover
IV-B-2. Basic Studies requirement. See inside back cover
IV-B-3. Basic Studies requirement. See inside back cover
IV-B-4. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: ................................... 48

Teaching Major
   ASTR 204 Astronomical Investigations (1)
   ASTR 205 Principles of Astronomy (4)
   MATH 121 Calculus II (4)
   MATH 122 Elementary Linear Algebra (3)
   MATH 223 Multivariable Calculus (4)
   PHY 223 Mechanics, Sound, and Heat (5)
   PHY 224 Electricity and Light (5)
   PHY 330 Intermediate Mechanics I (3)
   PHY 350 Electricity and Magnetism I (3)
   PHY 370 Introduction to Modern Physics (3)
   PHY 406 Ethical Issues in Physics (1)

Three of:
   PHY 332 Mechanics Laboratory (1)
   PHY 372 Modern Physics Laboratory (1)
   PHY 436 Vibration and Sound (4)
   PHY 442 Optics Laboratory (1)
   PHY 456 Electronics for Scientists (4)
   PHY 458 Microcomputer and Digital Electronics (4)
   PHY 471 Nuclear Physics (4)

Zero to four hours of electives in physics (300-level and above) to complete 32 hours of physics and astronomy courses.

Additional Requirement
   A four-hour geology course (4)
   An additional four hours in the areas of biology, chemistry, or geology (4)

Minor
   A minor from the approved list (see p. 363, mathematics highly recommended)

Subtotal, Major and minor: ................................... 57

Total credit hours required: .................................... 143

Professional Studies
   100 clock hours of approved prestudent teaching field experiences (0)
   EDTC 300 Introduction to Computer Applications in Education (1)
   SPGN 300 Exceptional Children in the Regular Classroom (1)
   EDPS 322 Human Development and Learning (4)

The following courses require formal admission to the teacher education program:
   CURR 305 Curriculum and Methods: Secondary (3)
   RDNG 311 Teaching Reading in the Secondary School (3)
   PHY 325 Methods of Teaching the Physical Sciences (3)
   SOFD 328 Schools in a Multicultural Society (3)
   EDPS 340 Introduction to Assessment and Evaluation (3)
   EDMD 345 Media for the Classroom Teacher (1)
   EDUC 492 Student Teaching (12)

Credit hours in Professional Studies, with 20-hour minor: 34

TEACHING MINORS

ASTRONOMY MINOR

Secondary, K-12, and Special Education-Secondary Teacher Certification
   Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in astronomy, certification code “DO.” The certification test covering this field is #21, “Astronomy.”
   *ASTR 204 Astronomical Investigations (1)
   ASTR 205 Principles of Astronomy (4)
   ASTR 315 Applied Astronomy (3)
   ASTR 370 Astrophysical Concepts (3)
   13 credits from approved courses in physics, astronomy, mathematics, or chemistry in consultation with the advising coordinator for astronomy.
   Electives used to fulfill the astronomy minor cannot be used to complete any other major or minor.
   24 hours (including hours satisfied in Basic Studies)

*ASTR 204 may be satisfied in Basic Studies in some programs.
General Science Minor (available only to majors in one of the sciences)

Secondary, K-12, and Special Education
Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in science, certification code "DX." The certification test covering this field is #16, "Science."

With a major in biology, take the following courses:
- ASTR 205 Principles of Astronomy (4)
- *CHEM 121 General Chemistry I (3)
- *CHEM 122 General Chemistry I Laboratory (1)
- GESC 108 Earth Science (4)
- MATH 105 College Algebra (3)
- MATH 107 Plane Trigonometry (2)
- *PHY 221 Mechanics, Sound, and Heat (4)

3 hours from:
- #CHEM 123 General Chemistry II (3)
- #CHEM 124 General Chemistry II Laboratory (1)
- GESC 324 Weather (3)
- **COSC 137 Introduction to FORTRAN Programming (3)
- #PHY 222 Electricity and Light (4)

Others as approved by general science adviser

24 hours (including hours satisfied in Basic Studies)

With a major in chemistry, take the following courses:
- ASTR 205 Principles of Astronomy (4)
- BIOL 105 Biology and the Human Species (4)
- *CHEM 121 General Chemistry I (3)
- *CHEM 122 General Chemistry I Laboratory (1)
- *GESC 108 Earth Science (4)
- **MATH 120 Calculus I (4)

4 hours from:
- BIOL 224 Principles of Conservation (4)
- CHEM 123 General Chemistry II (3)
- CHEM 124 General Chemistry II Laboratory (1)
- GESC 324 Weather (3)
- **COSC 137 Introduction to FORTRAN Programming (3)

Others as approved by general science adviser

24 hours (including hours satisfied in Basic Studies)

*Included in Basic Studies.
**May be satisfied through Basic Studies.
#Included in specialty studies.

Physics Minor

Secondary, K-12, and Special Education
Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physics, certification code "DE." The certification test covering this field is #19, "Physics."

- *MATH 120-121 Calculus I-II (8) (Math requirement to meet physics prerequisites)
- *PHY 223 Mechanics, Sound, and Heat (5)
- PHY 224 Electricity and Light (5)
- PHY 370 Introduction to Modern Physics (3)

One of:
- PHY 332 Mechanics Laboratory (1) (Pre- or coreq: PHY 330)
- PHY 372 Modern Physics Laboratory (1)
- PHY 436 Vibration and Sound (4)
- PHY 442 Optics Laboratory (1) (Pre- or coreq: PHY 440)
PHY 452 Electrical Measurements
PHY 456 Electronics for Scientists
PHY 458 Microcomputer and Digital Electronics
PHY 471 Nuclear Physics (Prereq: PHY 370)

Electives in physics to total 20 hours. No physics courses numbered less than 300 are to be used as electives on this minor. No astronomy courses can be used on this minor.

20 hours (including hours satisfied in Basic Studies)

*Could be satisfied in Basic Studies.

Physics Courses

PHY 100 Science for Elementary Teachers. 3 hrs
Designed to stimulate interest in science by the use of simple and inexpensive equipment to demonstrate scientific principles. Sound, light, heat, electricity, and magnetism. Does not count toward a physics major or minor. Open only to students pursuing any curriculum for elementary teachers.

PHY 110 Physical Science. 4 hrs
Designed for the non-science major with little or no background in science or mathematics. Provides a more perceptive view of physical reality by introducing central ideas, principles, and relationships of physical science that relate to one's everyday environment. Students in science, medicine, or engineering should take physics courses PHY 221 and PHY 222, or PHY 223 and PHY 224. Does not count toward a physics major or minor.

PHY 115 Physics in the Modern Home. 4 hrs
A course for non-science majors including the areas of mechanics, heat, sound, electricity, light, and modern physics with special emphasis on application in the environment of the home. Three lecture hours and two lab hours per week. Does not count toward a physics major or minor.

PHY 140 Light, Color, and Photography for Artists and Others. 4 hrs
A course for non-scientists who wish to put their experience with optics on a scientific foundation. Based on general physical principles; emphasizes optical phenomena rather than the mathematical treatment of the phenomena. Optical instruments, the eye, color, photography, lasers, and holography. Three lecture hours and one two-hour laboratory per week. Does not count on a physics major or minor.

PHY 177/178/179 Special Topics. 1/2/3 hrs
This special topics course will be used to teach some aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering. Prereq: See department for prerequisites.

PHY 210 Musical Acoustics. 4 hrs
For students with a major interest in music. The physical bases of sound production, transmission, and reception. Application to topics such as intervals, temperament, acoustics of rooms, and tone production in the various types of musical instruments. Does not count on a physics major or minor.

PHY 216 Science of High Fidelity. 3 hrs
Scientific base of high-fidelity equipment for the home and studio. Lecture-demonstrations cover components and fundamental physics. Laboratory experiences involve basic physics and testing of modern equipment.

PHY 221 Mechanics, Sound, and Heat. 4 hrs
A basic course in college physics for liberal arts students who desire an introduction to physics and for pre-professional students who do not require a rigorous knowledge of problem solving. All physics majors and pre-engineers must elect PHY 223. The laws of mechanics, sound, and heat with more emphasis on applications and somewhat less on problems. Laboratory: two consecutive hours, one day per week. Prereq: MATH 105 and MATH 107 with a "C" or better in both courses.

PHY 222 Electricity and Light. 4 hrs
A continuation of PHY 221. Static and current electricity, magnetism, and light. Laboratory: two consecutive hours, one day per week. Prereq: PHY 221.

PHY 223 Mechanics, Sound, and Heat. 5 hrs
A basic course in college physics for students majoring in physical science and those on a pre-engineering curriculum. Laws of mechanics, sound, and heat together with their application. Laboratory: two consecutive hours, one day per week. Prereq: MATH 120.

PHY 224 Electricity and Light. 5 hrs
A continuation of PHY 223. Static and current electricity, magnetism, and light. Laboratory: two consecutive
hours, one day per week.

**PHY 229 Strength and Elasticity of Materials.** 4 hrs

Fundamental principles of mechanics applied to solids. Equilibrium, elasticity, stress and strain, generalized Hooke's Law, tension, torsion, shear, bending, deflection of beams, theory of columns, and strain energy. Four lecture-recitation periods per week. Laboratory required.  

**Prereq:** PHY 223; MATH 121.

**PHY 230 Engineering Dynamics.** 4 hrs

Vector representation of physical quantities. Statics of rigid bodies. Friction, kinematics of particles and rigid bodies. Dynamics of particles and rigid bodies. Work and energy. Four lecture-recitation periods per week.  

**Prereq:** PHY 223; MATH 121; MATH 122.

**PHY 256 Introduction to Electronics.** 3 hrs

An introduction to electronic circuits and electronics devices for medical technology students and others desiring familiarization with electronics. Two lecture hours and one three-hour laboratory period per week. Does not apply on physics majors or minors.  

**Prereq:** MATH 105.

**PHY 277/278/279 Special Topics.** 1/2/3 hrs

This special topics course will be used to teach some aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.  

**Prereq:** See department for prerequisites.

**PHY 296 Science in Science Fiction.** 3 hrs

Current science fiction in paperback edition serves as a springboard for a wide-ranging study of the physical sciences. Does not count on a physics major or minor.  

**Prereq:** PHY 100.

**PHY 297/298/299 Independent Study.** 1/2/3 hrs

An intensive study of a problem or group of problems under the direction of a department faculty member.  

**Prereq:** Approval by the faculty member and department permission.

**PHY 311 Elementary Physical Science.** 3 hrs

Designed particularly for teachers in elementary science. An elementary study of motion, forces, energy, matter, heat, sound, light, magnetism, and electricity. Focus is on simple experimental projects, followed by class discussions. Most of the apparatus will be made from materials available in the home or at a variety store. Does not count on a physics major or minor.  

**Prereq:** PHY 100.

**PHY 325 Methods of Teaching the Physical Sciences.** 3 hrs

A study of strategies and procedures used in secondary school teaching. Students will be provided with the opportunity to familiarize themselves with the newer science curricula; visit secondary school classrooms; present classroom demonstrations and conduct laboratory work; learn to use modern teaching aids, especially the computer, in classroom teaching; and develop means of evaluating cognitive and affective learning. Two recitation and two laboratory hours per week. Open to prospective teachers following the junior-senior high school curriculum who are majoring or minoring in general science or a physical science. Not open to students on academic probation. Does not count on physics major or minors.  

**Prereq:** Junior standing or department permission.

**PHY 330 Intermediate Mechanics I.** 3 hrs

The statics and dynamics of a particle, projectiles with air resistance, central forces, dynamics of a system of particles, vibrational motion and pendulums.  

**Prereq:** PHY 224; MATH 121; MATH 122.

**PHY 332 Mechanics Laboratory.** 1 hr

A laboratory course providing experimental studies in intermediate mechanics. Three hours of laboratory per week.  

**Prereq:** PHY 330; may be taken concurrently.

**PHY 333 Electricity and Magnetism I.** 3 hrs

An introductory course dealing mainly with electrostatics and magneto statics. The following topics will be covered: vector calculus; Coulomb's law; Gauss's and Ampere's law; electric and magnetic fields; potentials and potential energies; solution of Laplace's equation for rectangular, cylindrical, and spherical geometries in the presence of conductors, dielectrics, and magnetic materials; electric and magnetic susceptibilities; resistance; capacitance; inductance; electromotive force; and electromagnetic induction.  

**Prereq:** PHY 224; MATH 223.

**PHY 360 Heat and Thermodynamics.** 3 hrs

An intermediate course in the fundamentals of heat and thermodynamics. Thermal expansion, specific heat,
change of state, heat transfer, elementary kinetic theory, thermodynamic laws, entropy, and other thermodynamic functions.

**Prereq:** PHY 222 or PHY 224; MATH 223.

**PHY 370 Introduction to Modern Physics.** 3 hrs
An introduction to modern physics and relativity. The qualitative interpretation, according to the modern quantum theory, of experimental results in atomic and nuclear physics.

**Prereq:** MATH 120; PHY 222 or PHY 224.

**PHY 372 Modern Physics Laboratory.** 1 hr
A laboratory course providing experimental studies in such areas as late classical, relativistic, quantum, and nuclear physics. Three hours of laboratory per week.

**Prereq:** PHY 370; may be taken concurrently.

**PHY 377/378/379 Special Topics.** 1/2/3 hrs
This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

**Prereq:** See department for prerequisites.

**PHY 387 Cooperative Education.** 3 hrs
Four to six months of full-time employment at an industrial firm specially chosen for imparting a practical educational experience in physics. The program consists of two work experiences (PHY 387 and PHY 487) alternated with full-time attendance at the University. Use on physics major or minor subject to department permission. Offered on a graded credit/no credit basis.

**Prereq:** Junior standing. Admittance by application only.

**PHY 390/391 Physics Project.** 2 hrs each
A suitable project in physics is to be done on an individual basis. Arrangements must be made with a physics faculty member before the beginning of the semester.

**Prereq:** Department permission.

**PHY 397/398/399 Independent Study.** 1/2/3 hrs
An intensive study of a problem or group of problems under the direction of a department faculty member.

**Prereq:** Approval by the faculty member and department permission.

**PHY 400 Ethical Issues in Physics.** 1 hr
Ethical issues that a career physicist may encounter are studied and discussed. Historical accounts and essays are used to illustrate potential ethical conflicts associated with interactions within the scientific community as well as interactions between the scientific community and society at large.

**Prereq:** PHY 224.

**PHY 417 Undergraduate Research Laboratory.** 2 hrs
Laboratory work of a research nature done under the direction of a staff member working on a research problem. One problem will extend through the semester, with a comprehensive report required. Six hours are to be spent in the laboratory each week. Arrangements must be made with the department before the beginning of the semester. Open to seniors nearing completion of a physics major.

**Prereq:** Department permission.

**PHY 420 Engineering Physics Design.** 2 hrs
This course seeks to integrate knowledge of wide-ranging topics in engineering physics in order to solve design problems. Major emphasis is placed on a group-oriented term project which must successfully be completed from concept through analysis to layout and report.

**Prereq:** At least 30 hours of physics courses or department permission.

**PHY 431 Intermediate Mechanics II.** 3 hrs
A continuation of PHY 330. Mechanics of a rigid body, generalized coordinates, the Lagrangian and Hamiltonian functions, relative motion.

**Prereq:** PHY 330, MATH 223.

**PHY 433 Robot Motions.** 3 hrs
This course provides an introduction to the kinematics, dynamics, and trajectory control of robot manipulators.

**Prereq:** PHY 330.

**PHY 436 Vibration and Sound.** 4 hrs
Detailed studies of vibration and wave motion with specific emphasis on acoustic waves in air and other media. Reflection, refraction, and interference of sound; vibrating strings and air columns; electroacoustic transducers; architectural acoustics. Laboratory required. Laboratory meets once per week for 3 hours.

**Prereq:** PHY 222 or PHY 224; MATH 223.

**PHY 440 Optics.** 3 hrs
An intermediate course dealing with fundamentals of geometrical and physical optics. Reflection, refraction,
lenses and optical instruments, spectroscopes and spectra, interference, diffraction and polarization.
Prereq: PHY 221/223 and PHY 222/224; MATH 121.

PHY 442 Optics Laboratory. 1 hr
A laboratory course providing experimental studies in geometrical, physical, and quantum optics. Three hours of laboratory per week.
Prereq: PHY 440; may be taken concurrently.

PHY 450 Electricity and Magnetism II. 3 hrs
A brief review of electrostatics and magnetostatics. The following topics will be covered: Faraday's Law, displacement current, Maxwell's equations, Poynting vector, plane wave solutions, polarization, wave propagation in dielectrics and conductors, dispersion, Fresnel's equations, guided waves, dipole radiation, Lienard-Wiechert potentials, and radiation theory.
Prereq: PHY 350; MATH 325.

PHY 452 Electrical Measurements. 4 hrs
An intermediate course in electricity. The fundamental principles involved in measuring electric and magnetic quantities, the use of high grade electrical apparatus. Experiments include studies of galvanometers, Wheatstone bridges of various forms, potentiometers and standard cells, vacuum tubes, magnetic measurements and methods of measuring capacitance and inductance. Laboratory: four consecutive hours, one day per week.
Prereq: PHY 221/223 and PHY 222/224.

PHY 456 Electronics for Scientists. 4 hrs
Theory and application of passive and semiconductor circuit elements. Analog and digital circuit analysis and design problems. Lecture: three hours per week. Laboratory: three hours per week.
Prereq: PHY 222 or PHY 224; MATH 121.

PHY 458 Microcomputer and Digital Electronics. 4 hrs
Physical and logical structure of microcomputer systems. Interface techniques and applications to measurements. Basic digital electronics used in microcomputers: logic gates, memories, and interface circuits. Laboratory: three consecutive hours, one day per week.
Prereq: PHY 456.

PHY 462 Kinetic Theory and Statistical Mechanics. 3 hrs
An introduction to the kinetic theory of gases and statistical mechanics. For students concentrating in physics and those contemplating advanced study in related fields of science and engineering. Maxwell-Boltzman distribution law, entropy and probability, transport phenomena, quantum statistics, Bose-Einstein and Fermi-Dirac statistics, the connection between statistical mechanics and thermodynamics, the equation of state, the elementary electron theory of metals, and statistical methods in nuclear physics.
Prereq: PHY 224; MATH 223.

PHY 463 Finite Element Analysis. 3 hrs
An introduction to the concepts and methods of finite element analysis. Finite element computer programs are used in this course to analyze stresses in materials and to solve problems in acoustics, heat flow, and electricity and magnetism.
Prereq: PHY 330; COSC 137 or COSC 237 or IS 215.

PHY 471 Nuclear Physics. 4 hrs
Radioactivity, scintillation counters, cloud chambers, particle accelerators, transmutation of the elements, waves and particles, fission, fusion, stellar energies, nuclear reactors, cosmic rays, nuclear forces. Laboratory: two consecutive hours, one day per week.
Prereq: PHY 370, MATH 121.

PHY 475 Introduction to Quantum Mechanics. 3 hrs
The fundamental ideas of the quantum theory; the dual nature of matter, wave equations and wave packets, observable and linear operators, the application of the Schrödinger and Heisenberg equations to elementary systems, Pauli's theory of electron spin.
Prereq: PHY 370; MATH 223.

PHY 477/478/479 Special Topics. 1/2/3 hrs
This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.
Prereq: See department for prerequisites.

PHY 481 Mathematical Physics. 3 hrs
Advanced mathematical topics for the physics student, with applications drawn from the field of physics. Vectors, matrices, tensors, partial differential equations, contour integration, calculus of variations, integral equations and transforms, eigenvalue functions, perturbation and group theory, special functions.
Prereq: MATH 325; PHY 330.
**PHY 485 Fluid Dynamics.** 3 hrs
An introduction to the statics and dynamics of real and ideal fluids: properties of fluids, mathematical models, dimensional analysis, boundary layer flow, flow in pipes, compressible, incompressible, laminar, and turbulent flow.
Prereq: PHY 230 or PHY 330; PHY 360.

**PHY 487 Cooperative Education.** 3 hrs
Four to six months of full-time employment at an industrial firm specially chosen for imparting a practical educational experience in physics. The program consists of two work experiences (PHY 387 and PHY 487) alternated with full-time attendance at the University. Offered on a graded credit/no credit basis.
Prereq: PHY 387. Admittance by application only.

**PHY 490/491 Special Problems (Honors Courses).** 2 hrs each
An original experimental or theoretical problem in some area of physics investigated on an individual basis. Arrangements must be made with a staff member before the beginning of the semester.
Prereq: 20 semester hours of physics, a "B" average in physics, and department permission.

**PHY 496 Readings in Physics (Honors Course).** 1 hr
Designed to give individual students a planned intensive reading program in some field of physics, the subject being chosen jointly by the student and the instructor. A part of this course will be the presentation of an hour-long talk in the chosen subject at an open meeting of the Physics department staff and students.
Prereq: 20 semester hours of physics and department permission.

**PHY 497/498/499 Independent Study.** 1/2/3 hrs
An extensive study of a problem or group of problems under the direction of a department faculty member.
Prereq: Approval by the faculty member and department permission.

**ASTR 203 Exploration of the Universe.** 3 hrs
An introductory astronomy course for students of any curriculum. The solar system, stars, galaxies, cosmology, and the history of astronomy. Observations with telescopes scheduled a few evenings each semester. ASTR 204 may be taken concurrently with this course. Cannot be applied toward a physics major or minor.

**ASTR 204 Astronomical Investigations.** 1 hr
A laboratory course for the beginning astronomy student. The techniques and concepts of astronomy. Two hours of laboratory per week.
Prereq or coreq: ASTR 203 or ASTR 205.

**ASTR 205 Principles of Astronomy.** 4 hrs
An astronomy course for students desiring a comprehensive introduction to astronomy. Topics discussed in ASTR 203 are covered in more detail and additional topics are introduced. Especially recommended for science students. ASTR 204 may be taken concurrently. Not open to students with credit in ASTR 203.

**ASTR 277/278/279 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

**ASTR 297/298/299 Independent Study.** 1/2/3 hrs
An intensive study of a problem or group of problems under the direction of a department faculty member.
Prereq: Approval of the faculty member and department permission.

**ASTR 315 Applied Astronomy 3 hrs**
The practical aspects of astronomy emphasizing advanced amateur observational practices such as identification of astronomical objects using charts and references, telescopes, imaging and darkroom techniques, and computer applications.
Prereq's: ASTR 203 and ASTR 205.

**ASTR 370 Astrophysical Concepts.** 3 hrs
The emphasis is on the theoretical understanding and analytical treatment of topics in astrophysics. These topics include celestial mechanics, astronautics, planetary atmospheres, stellar structure, stellar evolution, galaxies, and cosmology.
Prereq: PHY 224 or PHY 222; MATH 121.
ASTR 377/378/379 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other
departmental offerings. Students may elect more than
once provided different topics are studied.
Prereq: Department permission.

ASTR 477/478/479 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other
departmental offerings. Students may elect more than
once provided different topics are studied.
Prereq: Department permission.

ASTR 497/498/499 Independent Study.  1/2/3 hrs
An intensive study of a problem or group of problems
under the direction of a department faculty member.
Prereq: Approval of the faculty member and department
permission.
POLITICAL SCIENCE

Edward Sidlow
Department Head
601 Pray-Harrold
487-3113

Professors: Robert C. Grady, Benjamin T. Hourani,
James D. Johnson, Karen E. Lindenberg, James S.
Magee, Joseph F. Ohren, Barnabas A. Racz,
Raymond A. Rosenfeld, Leonas Sabaliunas, M.
Hisham Sabki, Joanna V. Scott, Edward Sidlow
Associate Professors: David W. Hortin, F. Elaine
Martin, James W. Pfister
Assistant Professors: Siba N. Grovogui, Michael
Harris, Rhonda Kinney, Adrian J. Lottie

Political Science studies every aspect of public life,
encouraging a high level of civic literacy and political
participation. It explores political thinking, values, sys­
tems of government, and the socio-economic environ­
ments in which they function. Legislative, executive and
judicial structures of government are emphasized, along
with the roles of parties and interest groups, voting be­
havior, public opinion and political socialization.

Political Science draws upon a variety of method­
ological approaches to focus on public life, including both
the qualitative social sciences and quantitative analytic
techniques. Computer-assisted learning is encouraged.

Students who select major programs within the
Political Science department are successful in a broad
range of careers such as: elective public office, legal stud­
ies, state and local government service, public opinion
research, primary and secondary school teaching, jour­
nalism and business. Many pursue postbaccalaureate
education at the master's and doctoral levels and in pro­
fessional schools. As an inherently interdisciplinary lib­
eral arts discipline, political science coordinates prelaw
studies for the university and also participates in sev­
eral international programs of study.

Degrees:
Bachelor of Arts and Bachelor of Science
Programs of Study

Majors:
Political science
Political science for elementary education
Political science for secondary education
Public administration
Public law and government

Minors:
Political science

Preprofessional Program:

Political science for elementary education
Political science for secondary, K-12, and special
education-secondary
Public administration
Public law and government

Advising is coordinated by the Political Science
office. Faculty advisers are available during posted of­
office hours or by appointment. Students enrolled in any
of the majors offered by the department are expected to
consult an assigned department faculty adviser when
they declare the major and prior to each registration for
classes.

Advising Coordinators:
Political science: James S. Magee
Public administration: Joseph F. Ohren
Public law and government: David W. Hortin
Prelaw: David W. Hortin

Graduate study in the Political Science Depart­
ment consists of a Master of Public Administration de­
gree. A political science concentration is also possible
under the interdisciplinary Master of Arts in social sci­
ence that is administered by the History Department. The
MPA and the MA programs are described in the
Graduate Catalog.

ACADEMIC MAJORS

POLITICAL SCIENCE MAJOR

To fulfill the requirements for a major in political
science, students must (1) complete at least 30 semes­
ter hours in the major as specified below, (2) complete
at EMU at least four courses in the major numbered
300 or above, and (3) attain at least a “C” average in the
major. Students are further expected to take PLSC 112
(or 113), one of their Basic Studies courses, prior to the
required core courses and to complete PLSC 112 (or 113)
and the required core courses within the first 18 hours
of political science coursework. A maximum of three se­
mester hours of independent study or internship/coop­
erative education courses may be applied to the 30 se­
mester hours required for the major. Finally, neither the
independent study or internship/cooperative education
course nor PLSC 470 meets the group distribution re­
quirements specified below under areas of concentra­
tion, but both may be taken as free political science elec­
tives.
Sem hours

Major in political science .............................................. 30

1. Required core courses ............................................ 9
   Choose one: .......................................................... 3
   PLSC 210 Introduction to Political Analysis (3)
   PLSC 310 Methods of Political Research (3)
   Choose two: .......................................................... 6
   PLSC 211 Introduction to Comparative Government (3)
   PLSC 212 Introduction to International Politics (3)
   PLSC 213 Introduction to Political Thought (3)

2. Areas of concentration ............................................ 21
   Choose seven courses from the three groups listed below, including at least one course from each group.
   Group I—American politics, public law, and administration
   PLSC 202 State and Local Government (3)
   PLSC 215 Municipal Government (3)
   PLSC 270 Public Administration (3)
   PLSC 301 The American Legal System (3)
   PLSC 312 American Constitutional Law I (3)
   PLSC 313 American Constitutional Law II (3)
   PLSC 330 Urban Politics (3)
   PLSC 332 Intergovernmental Relations and Federalism (3)
   PLSC 335 Labor in American Politics (3)
   PLSC 352 Politics of Government Budgeting (3)
   PLSC 358 Parties, Elections and Interest Groups (3)
   PLSC 364 The Legislative Process (3)
   PLSC 365 Women and Politics (3)
   PLSC 380 The American Presidency (3)
   PLSC 381 Public Policy Analysis (3)
   PLSC 385 Judicial Process and Behavior (3)
   Group II—Comparative politics and international relations
   PLSC 221 Vietnam (3)
   PLSC 222 War and Peace in the Nuclear Age (3)
   PLSC 311 Third World Politics (3)
   PLSC 327 American Foreign Policy Process (3)
   PLSC 341 International Law (3)
   PLSC 342 International Organizations (3)
   PLSC 354 Government and Politics of Canada (3)
   PLSC 361 Soviet Succession Politics (3)
   PLSC 367 Contemporary Political Systems of Latin America (3)
   PLSC 371 Government and Politics of the Middle East (3)
   PLSC 372 Government and Politics of Sub-Saharan Africa (3)
   PLSC 374 Asian Political Systems (3)
   PLSC 462 Russian Foreign Relations (3)
   PLSC 467 Advanced International Relations (3)
   Group III—Political theory and methods
   PLSC 308 Political Violence and Revolution (3)
   PLSC 359 Public Opinion and Political Learning (3)
   PLSC 382 Politics and the 21st Century (3)
   PLSC 418 20th Century Political Theory (3)
   PLSC 420 Democracy and Power (3)
   PLSC 422 American Political Theory (3)

Public Administration Major

Public Administration is a broad-ranging discipline which combines theory and practice, and focuses on the organization of government structure, policies and programs as well as the performance of officials. Public Administration encourages public policies that are more responsible to human, social and economic needs and are more efficient and effective.

The major is interdisciplinary, involving political science, economics, sociology, business administration, computer science/business computer systems, and English composition. Students who complete the major have access to a broad range of careers in government service or business or enter graduate or professional schools for further study.

A minor is to be selected in consultation with a public administration adviser. Recommended are: computer science, economics, general business, management, and writing. Other appropriate minors include communication, conservation and resource use, criminology and criminal justice, gerontology, historic preservation, journalism, labor studies, land use analysis, military science, public law and government, and social work.

With permission of the public administration adviser, six semester hours of internship credit (PLSC 480, PLSC 486, PLSC 488, or PLSC 489) or six semester hours of cooperative education credit (PLSC 387 and PLSC 487) may be substituted for two of the restricted electives.

Courses to be completed prior to beginning the major are:
   PLSC 112 or PLSC 113 American Government
   ECON 201 Principles of Economics I
   ECON 202 Principles of Economics II
   SOCL 105 Introductory Sociology
Major in public administration ........................................ 36

1. Required courses .................................................. 18
   PLSC 270 Public Administration .................................. 3
   PLSC 334 Personnel Administration in Government .............. 3
   PLSC 352 Politics of Government Budgeting ....................... 3
   PLSC 381 Public Policy Analysis .................................. 3
   PLSC 431 Theories of Public Organization ........................ 3
   ACC 246 Accounting for Public Administrators 3

2. Restricted electives ............................................... 18
   Choose one course from each of the following six categories:
   a. ECON 350 Government Finance, ECON 455 Cost-Benefit Analysis
   b. COSC 137 Introduction to FORTRAN Programming, IS 215 End-User Computing
   d. PLSC 310 Methods of Political Research, SOCL 304 Methods in Sociological Research
   e. ENGL 225 Intermediate English Composition, JRNL 314 Writing for Public Relations, ENGL 324 Principles of Technical Communication, ENGL 328 Writing: Style and Language, MGMT 202 Business Communications
   f. PLSC 216 Municipal Government, PLSC 330 Urban Politics, PLSC 332 Intergovernmental Relations and Federalism, PLSC 470 Seminar in Political Science

CURRICULUM FOR PUBLIC SAFETY ADMINISTRATION

The Public Safety Administration Program is an interdisciplinary program involving coursework in three departments in two colleges within the university. The curriculum is intended to meet the professional development needs of inservice and entry-level personnel in public safety organizations—law enforcement, public safety, fire protection, private security, and corrections—with a competency based curriculum resting on a strong liberal arts foundation.

The public safety manager's focus is on public policy, politics, and administration. The public safety manager is concerned with the causes of crime, the nature and impact of criminal behavior, threats to public safety arising from environmental and natural disasters, and the nature and operation of correctional institutions. But the administrator's responsibilities extend to addressing how the public safety organization develops a response to these problems, the nature of the response, and how resources—budgets and personnel—are obtained, utilized, and evaluated in responding to problems.

This program builds on the existing public administration major. Courses are drawn from an interdisciplinary foundation group, an administration group, and a public safety administration component including three areas: a public safety administration group, an area concentration, and an academy or internship component. The program combines both major and minor requirements, and graduating students will be awarded a baccalaureate degree in public administration.

Transfer students from associate degree programs in related fields can matriculate into the program (students transferring from another college must complete all basic studies coursework as required by the University for the bachelor's degree).

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. CTAS 124 Fundamentals of Speech (3)
I-B-3. One of the following:
   CTAC 227 Interpersonal Communication (3)
   ENGL 326 Research Writing (3)
   *CTAC 374 Intercultural Communication (3)
I-B-4. SOCL 250 Social Statistics I (3)
I-B-5. INDT 201 Microcomputer Applications in Technology (3)
II-B-1. One of the following:
   CHEM 119 Fundamentals of Chemistry (4)
   PHY 221 Mechanics, Sound, and Heat (4)
II-B-2. PSY 101 General Psychology (3)
II-B-3. Basic Studies requirement. See inside back cover
II-B-4. Basic Studies requirement. See inside back cover
II-B-5. Basic Studies requirement. See inside back cover
II-B-6. SOCL 105 Introductory Sociology (3)
II-B-7. SOCL 202 Social Problems (3)
IV-B-1. Basic Studies requirement. See inside back cover
IV-B-2. Basic Studies requirement. See inside back cover
IV-B-3. Basic Studies requirement. See inside back cover
IV-B-4. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)
or SOCL 214 Racial and Cultural Minorities 3
PLSC 202 State and Local Government or PLSC 216 Municipal Government or PLSC 330 Urban Politics 3
PLSC 313 American Constitutional Law II or CRM 300 Criminal Justice 3
CTAC 352 Communication in Negotiation or CTAC 354 Organizational Communication 3
PLSC 310 Methods of Political Research or SOCL 304 Methods in Sociological Research 3

2. Administration Group 15
   PLSC 270 Public Administration 3
   PLSC 334 Personnel Administration in Government 3
   PLSC 352 Politics of Government Budgeting 3
   PLSC 381 Public Policy Analysis 3
   PLSC 431 Theories of Public Organization 3

Public Safety Administration Focus
1. Public Safety Administration Group 12
   INDT 380 Planning and Decision-Making for Public Safety 3
   INDT 381 Public Relations and Public Safety 3
   PLSC 450 Managing Public Safety Agencies 3
   PLSC 451 Seminar in Public Safety Administration 3

2. Area Concentration 15
   Students must select three courses from one, and two courses from the other concentration below:

   Police/Fire Administration
   CRM 431 Police in Modern Society (3)
   INDT 433 Arson Investigation (3)
   INDT 434 Hazardous Materials (3)
   INDT 435 Incident Command (3)
   PLSC 456 Criminal Law I (3)

   Corrections Administration
   HLED 390 Drug Use and Abuse (3)
   INDT 255 Emergency Preparedness Planning (3)
   CRM 331 Introduction to Corrections (3)
   PSY 360 Abnormal Psychology (3)
   INDT 475 Managing Correctional Agencies and Facilities (3)

3. Academy or Internship/Coop 6
   Preservice students must complete an internship or cooperative education placement or an accredited academy program; in-service students may substitute credits from an accredited academy program
   PLSC 488 Internship 6

Public Law and Government Major

To fulfill the requirements for a major in public law and government, students must (1) complete PLSC 112 (or 113), a Basic Studies requirement and a prerequisite for public law and government courses; (2) complete at least 16 hours in the major as specified below; (3) complete at EMU at least four courses in the major numbered 300 or above; and (4) attain at least a "C" average in the major. A maximum of six semester hours of independent study or internship/cooperative education courses, or a combination of both, may be applied to the 36 semester hours required for the major.

Sem hours

Major in public law and government 36

1. Required courses 9
   PLSC 301 The American Legal System 3
   Choose two courses from the following: 6
   PLSC 312 American Constitutional Law I, PLSC 313 American Constitutional Law II, PLSC 341 International Law, PLSC 412 Comparative Legal Systems 3

2. Restricted electives 9
   Choose one course in each of the following three groups:
   Group I·American politics and administration
   PLSC 202 State and Local Government; PLSC 216 Municipal Government; PLSC 270 Public Administration; PLSC 330 Urban Politics; PLSC 332 Intergovernmental Relations and Federalism; PLSC 335 Labor in American Politics; PLSC 352 Politics of Government Budgeting; PLSC 358 Parties, Elections, and Interest Groups; PLSC 357 Political Parties; PLSC 380 The American Presidency; PLSC 381 Public Policy Analysis

Group II·Comparative politics and international relations
Systems, PLSC 462 Russian Foreign Relations, PLSC 467 Advanced International Relations

Group III—Political theory and methods
PLSC 210 Introduction to Political Analysis, PLSC 213 Introduction to Political Thought, PLSC 308 Political Violence and Revolution, PLSC 310 Methods of Political Research, PLSC 359 Public Opinion and Political Learning, PLSC 382 Politics and the 21st Century, PLSC 418 20th Century Political Theory, PLSC 420 Democracy and Power, PLSC 422 American Political Theory

3. Other electives ............................................. 12
Choose four courses from the following:

4. Cognate electives ............................................. 6
Courses in a related content area selected with the approval of the adviser.

ACADEMIC MINORS

POLITICAL SCIENCE MINOR

Students must complete PLSC 112 American Government or PLSC 113 American Government Honors before beginning the course of study for the minor.

Sem hours
Minor in political science .................................. 21
1. Required core courses ..................................... 6
Choose two core courses from the following:
PLSC 210 Introduction to Political Analysis, PLSC 211 Introduction to Comparative Government, PLSC 212 Introduction to International Politics, PLSC 213 Introduction to Political Thought, PLSC 310 Methods of Political Research

2. Area of concentration ..................................... 15
Choose five courses from two of the three areas of concentration (Groups I, II, and III) listed under the political science major

PUBLIC ADMINISTRATION MINOR

Sem hours
Minor in public administration .......................... 24
1. Required course .............................................. 3
PLSC 270 Public Administration .......................... 3
2. Restricted electives ....................................... 12
Choose four of the following courses:

3. Electives ...................................................... 9
Choose three courses from the remaining required or elective courses in the public administration major. With permission of a public administration adviser, three semester hours of internship credit (PLSC 480, 486, 488, or 489) or three semester hours of cooperative education credit (PLSC 387 or 487) may be applied to the public administration minor.

PUBLIC LAW AND GOVERNMENT MINOR

Students must complete at Eastern Michigan University at least three courses in the public law and government minor numbered 300 or above. A maximum of four semester hours of independent study or internship/cooperative education courses may be applied to the 24 semester hours required for this minor.

Sem hours
Minor in public law and government .................. 24
1. Required courses .............................................. 6
PLSC 301 The American Legal System .................. (3)
Choose one course from the following: ............... (3)
PLSC 312 American Constitutional Law I, PLSC 313 American Constitutional Law II, PLSC 412 Comparative Legal Systems

2. Restricted electives ......................................... 6
Elect two courses from two of the three areas of concentration (Groups I, II, and III) listed under the public law and government major

3. Other electives ............................................. 12
Choose four courses from those listed as other electives in the public law and government major. One of these four electives may be a cognate in a related content area selected with the approval of the adviser.
TEACHING MAJORS

POLITICAL SCIENCE MAJOR

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in political science, certification code “CD,” and, depending on the minor selected, endorsement in economics (“CA”), geography (“CB”), history (“CC”), psychology (“CE”), sociology (“CF”), or social science (“CX”). The certification test covering this field is #10, “Political Science.”

To fulfill the requirements for a major in political science, students must (1) complete at least 30 semester hours in the major as specified below, (2) complete at EMU at least four courses in the major numbered 300 or above, and (3) attain at least a “C” average in the major. Students are further expected to take PLSC 112 (or 113), one of their Basic Studies courses, prior to the required core courses and to complete PLSC 112 (or 113) and the required core courses within the first 18 hours of political science coursework. A maximum of three semester hours of independent study or internship/cooperative education courses may be applied to the 30 semester hours required for the major. Finally, neither the independent study or internship/cooperative education course nor PLSC 470 meets the group distribution requirements specified below under areas of concentration, but both may be taken as free political science electives.

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. Basic Studies requirement. See inside back cover
I-B-5. Basic Studies requirement. See inside back cover
II-B-1. Basic Studies requirement. See inside back cover
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. Basic Studies requirement. See inside back cover
III-B-1. Basic Studies requirement. See inside back cover

Teaching Major ................................................. 30
Same as political science major (see above).

Minor

A minor in one of economics, geography, history, psychology, sociology, or social science

Subtotal, Major and minor: ................................. 60

Professional Studies

100 clock hours of approved presudent teaching field experiences (0)
EDTC 300 Introduction to Computer Applications in Education (1)
SPGN 300 Exceptional Children in the Regular Classroom (1)
EDPS 322 Human Development and Learning (4)
The following courses require formal admission to the teacher education program:
CURR 305 Curriculum and Methods: Secondary (3)
RDNG 311 Teaching Reading in the Secondary School (3)
SOFD 328 Schools in a Multicultural Society (3)
EDPS 340 Introduction to Assessment and Evaluation (3)
EDMD 345 Media for the Classroom Teacher (1)
HIST 481 The Teaching of Social Studies (3)
EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: .............................. 34

Total credit hours required, with 20-hour minor: 136

*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

POLITICAL SCIENCE MAJOR

ELEMENTARY TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in political science, certification code “CD.” The certification test covering this field is #10, “Political Science.”

The curriculum for this major is that which is listed under “Teaching Major” in the secondary political science program, plus the “history” requirement and the economics course requirement under III-B-2, III-B-3, and III-B-4 in that program’s Basic Studies requirements. Approved minors are geography, history, sociology, and social science group for elementary teachers.

30 hours, not including the minor, and not counting course work that may be satisfied through Basic Studies.

Subtotal, Major and minor: ................................. 60
TEACHING MINOR

Political Science Minor

Elementary, Secondary, K-12, Special Education-Elementary, and Special Education-Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in political science, certification code “CD.” The certification test covering this field is #10, “Political Science.”

Minor in Political Science ........................................... 21
Same as political science minor (see above).

Preprofessional Program in Prelaw

Most law schools require a bachelor’s degree and evidence of potential for law school as measured by grade point average and the results of the Law School Admission Test (LSAT). In addition, most law school admission officers emphasize the importance of a broad academic background and the development of analytical and communication skills.

The Political Science department provides counseling for prelaw students, LSAT registration and application materials and catalogs from many law schools throughout the country.

Because law schools typically do not require specific courses for admission or identify any particular major or curriculum as preferable, it is necessary for prelaw students to plan their own academic programs. Given the increasing competitiveness of admission to law school, it is doubly important that great care be exercised in selecting a program of study appropriate to a legal career and in maintaining a high level of academic performance. It is also prudent to choose a program that will provide a suitable alternative career.

The majors most commonly selected by prelaw students are political science, economics, history, and sociology. Other frequent choices include English language and literature, communications, psychology, philosophy, and business administration. Although less numerous, students with majors in mathematics, the natural sciences, foreign languages, music, and art also enter law school to enhance their career potential.

Whatever major/minor combination is chosen, attention also should be given to the selection of appropriate elective courses. Generally, any challenging course that will facilitate mastery of the use of language, develop critical understanding of human values and institutions, or contribute to the capacity for independent and creative thinking is likely to be useful. Among specific courses that are often recommended by prelaw advisors are advanced English composition, persuasive speech, logic, and accounting. Mathematics and science courses are frequently cited as helpful in developing needed analytical skills.

Prelaw students who desire to gain greater insight into the law and legal procedures and law school approaches to legal studies may choose from a broad range of courses offered by the Political Science, Sociology, Economics, History and Philosophy, and Marketing departments. The major and minor in Public Law and Government, offered by the Political Science department, provide a firm foundation on which to build a career in law.

Political Science Courses

PLSC 112 American Government. 3 hrs
A study of the institutions and processes of American national government. Includes critical comparisons with major foreign governmental systems. Satisfies the political science requirement of all curriculums. Not open to those with credit in PLSC 113.

PLSC 113 American Government Honors. 3 hrs
An enhanced approach to the study of the institutions and processes of American national government. Includes critical comparisons with major foreign governmental systems. Satisfies the political science requirement of all curriculums. Not open to those with credit in PLSC 112.

PLSC 177/178/179 Special Topics. 1/2/3 hrs
An examination of a topic in political science not normally covered in the curriculum in which the distinctive concerns of political science are emphasized. Students may elect this course several times as long as different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.
Prereq: Department permission.

PLSC 202 State and Local Government. 3 hrs
A study of the forms and functions of state and local governments with special emphasis on the government of Michigan. Especially valuable for teachers of social studies in senior and junior high schools.
Prereq: PLSC 112/113, or department permission.
PLSC 210 Introduction to Political Analysis. 3 hrs
A study of the conceptual and analytical foci of political science. Consideration is given to micro-level analysis of personality, attitudes, socialization, and roles and to macro-level analysis of group theory, decision making, systems, and communications.
Prereq: PLSC 112/113.

PLSC 211 Introduction to Comparative Government. 3 hrs
Using a comparative focus, identifies important similarities and differences in the structure and the behavior of foreign political systems, principally but not exclusively European.
Prereq: PLSC 112/113.

PLSC 212 Introduction to International Politics. 3 hrs
The fundamentals of great power politics, the impact of efforts at international organization.
Prereq: PLSC 112/113.

PLSC 213 Introduction to Political Thought. 3 hrs
Selections from major theorists are used to examine different approaches to perennial issues such as justice, liberty, equality, legitimacy, and political order.
Prereq: PLSC 112/113.

PLSC 218 Municipal Government. 3 hrs
A study of forms and functions of municipal government.
Prereq: PLSC 112/113.

PLSC 221 Vietnam. 3 hrs
This course will be a political-military look at the Vietnam War from its beginnings in the 1940s to its climax in 1975. A brief look at the parallels with other wars (The Persian Gulf, etc.) and an aftermath will be included. The course will include the PBS videotapes of Vietnam: A History.
Prereq: PLSC 112/113.

PLSC 222 War and Peace in the Nuclear Age. 3 hrs
This course will be a study of the history of atomic weapons and the struggle to control them from 1945 to 1989. While concentrating most on the United States, it will include the Soviet Union, China, and western Europe. It will also examine the personalities involved and attempt to assess the impact they had on the struggle for arms control.
Prereq: PLSC 112/113.

PLSC 270 Public Administration. 3 hrs
The nature of public administration: problems connected therewith—direction and organization, recruitment, training, and promotion of personnel; maintenance of loyalty and efficiency.

PLSC 277/278/279 Special Topics. 1/2/3 hrs
An examination of a topic in political science not normally covered in the curriculum in which the distinctive concerns of political science are emphasized. Students may elect this course several times as long as different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

PLSC 287/288/289 Independent Study. 1/2/3 hrs
Approved studies on an individual basis in areas in which the department does not offer formal courses.

PLSC 301 The American Legal System. 3 hrs
A survey of various substantive components of the American system of law and its function in a democratic society. Special emphasis is placed upon problems of law enforcement, legal agencies, and the processes involved in the administration of criminal justice.

PLSC 308 Political Violence and Revolution. 3 hrs
A cross-national examination of political violence and revolution. Covers distinctions in types of political violence, examines ideological arguments on violence and revolution, examines case studies, and the impact of political, biological, psychological, and sociological factors that have been associated with violent outbreaks cross-nationally.

PLSC 310 Methods of Political Research. 3 hrs
Acquaints students with philosophic and methodological problems and analytic techniques in the study of politics.

PLSC 311 Third World Politics. 3 hrs
This course is designed to increase student awareness and understanding of political development within third world nations. The colonial legacy and current sociopolitical conditions are investigated in order to de-
determine how these forces influence public policy making. Prereq: PLSC 112/113 and PLSC 212.

PLSC 312 American Constitutional Law I 3 hrs
PLSC 313 American Constitutional Law II 3 hrs
The environment of judicial decision-making will be ascertained through an investigation of the politics, procedures, and personalities of the Supreme Court. The impact of the court upon the development and operation of the American system of government will be assessed through an examination of leading court decisions. May be taken as a two-semester sequence, or elected independently. Prereq: PLSC 112/113/202.

PLSC 315 Consumer Law and Politics. 3 hrs
A study of the politics of the consumer movement; executive, legislative, and judicial responses to consumer demands at the federal, state, and local levels. Investigation of the body of legislation and court decisions that affect the consumer in the market place. Prereq: PLSC 112/113/202.

PLSC 327 American Foreign Policy Process. 3 hrs
An introduction to the formulation and execution of American foreign policy, including consideration of the role of public opinion, the press, interest groups, Congress, the president, deterrence theory, and decision-making in crisis situations. Prereq: PLSC 112/113/202.

PLSC 330 Urban Politics. 3 hrs
An examination of the urban political environment in the United States; structure, processes, power relationships, ethnic considerations, fiscal constraints, and selected specific policy areas are considered. Prereq: PLSC 112/113/202.

PLSC 332 Intergovernmental Relations and Federalism. 3 hrs
A study of intergovernmental relations in the United States focusing on recent trends in the federal system. Examines significant developments and alternatives in shared governmental responsibilities, such as metropolitan reorganization, grant programs, and regionalism. Prereq: PLSC 112/113/202.

PLSC 334 Personnel Administration in Government. 3 hrs
An examination of the basic personnel management practices of public bureaucracies. Topics include the development of the merit system and the civil service; public sector requirements for hiring, promotion, pay, and benefits; discipline and grievance handling; the development and impact of public sector collective bargaining. Prereq: PLSC 112/113/202.

PLSC 335 Labor in American Politics. 3 hrs
An examination of the role played by American labor as a political pressure group and as an agent of voter mobilization; American labor voting patterns; the political impact of labor organization on the civil service; American role in international union affairs. Prereq: PLSC 112/113/202.

PLSC 341 International Law. 3 hrs
An introduction to the principles and practices of public international law. The origin and development, the nature and sources of international law. Special emphasis will be placed upon the legal problems of peace and war and the future perspectives of international law in the relations of nations. Prereq: PLSC 112/113.

PLSC 342 International Organizations. 3 hrs
The structure and functions of international organizations. Collective security, disarmament, and the pacific settlement of disputes will be examined. Organizations emphasized will be the League of Nations, the United Nations, the European Common Market, and OPEC. Prereq: PLSC 112/113/202.

PLSC 352 Politics of Government Budgeting. 3 hrs

PLSC 354 Government and Politics of Canada. 3 hrs
Analysis of the Canadian political system in terms of historical background; political environment; constitutional structure; legislative, executive, and judicial processes; political parties and pressure groups; public opinion and voting behavior; political problems and trends. Prereq: PLSC 112/113.

PLSC 356 Parties, Elections, and Interest Groups. 3 hrs
The organization, operation, and function of American political parties and their impact on the American political system. The impact of interest groups and elections is also stressed. Prereq: PLSC 112/113.
PLSC 359 Public Opinion and Political Learning. 3 hrs
The nature, formation, measurement, and role of public opinion; the structure of control and the performance of the mass media; the nature of techniques, strategies, and effects of propaganda.
Prereq: PLSC 112/113.

PLSC 361 Soviet Succession Politics. 3 hrs
Government and politics in the former USSR: the rise and decline of Communist power, party and government structures, elements of political culture, and the nature of current system-modification.

PLSC 364 The Legislative Process. 3 hrs
A study of the agencies, procedures, and influences in the formation of public policy by Congress, state legislatures, and administrative agencies.
Prereq: PLSC 112/113.

PLSC 365 Women and Politics. 3 hrs
A study of the role of women in American politics as voters, activists, and candidates, with consideration of how the political behavior of women relates to their economic, social, and religious roles. Comparisons are made with selected European and Asian political systems.
Prereq: PLSC 112/113.

PLSC 367 Contemporary Political Systems of Latin America. 3 hrs
A study of the governmental structure and the nature of political activity in selected Latin-American nations, with an emphasis on issues such as urbanization, military influence, students, and labor, and the development of political parties.

PLSC 371 Government and Politics of the Middle East. 3 hrs
The Middle East as a case study in the field of comparative politics, European colonial policies, nationalist movements, and politics of independent states.

PLSC 372 Government and Politics of Sub-Saharan Africa. 3 hrs
Africa as a case study in the field of comparative politics, tribal political systems, European colonial policies, nationalist movements, multiracial conflict, and politics of independent states in sub-Saharan Africa.
Prereq: PLSC 112/113.

PLSC 374 Asian Political Systems. 3 hrs
A study of the politics and government of China, Japan, the mainland Southeast Asian states, Indonesia, and India.

PLSC 377/378/379 Special Topics. 1/2/3 hrs
An examination of a topic in political science not normally covered in the curriculum in which the distinctive concerns of political science are emphasized. Students may elect this course several times as long as different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

PLSC 380 The American Presidency. 3 hrs
A study of executive power, emphasizing the contemporary presidential role and how it has evolved, the politics of candidate choice, the personal qualities and political styles of recent presidents, and the array of formal and informal institutions constituting the modern presidency.

PLSC 381 Public Policy Analysis. 3 hrs
An advanced course in public administration dealing with modern administrative techniques, budget analysis, the politics of resource allocation, and regulatory problems.
Prereq: PLSC 270.

PLSC 382 Politics and the 21st Century. 3 hrs
A study of the political and public policy directions of the future. Consideration will be given to worldwide political developments and alternative political futures as affected by accelerating sociopolitical and technological change.

PLSC 385 Judicial Process and Behavior. 3 hrs
A study of the judicial process and behavior in the United States with emphasis on analysis of policy-making by the courts. Federal judicial structures and functions, decision-making procedures and political ideology, and judicial review.

PLSC 387 Cooperative Education. 3 hrs
Four to six months of full-time employment in the pub-
lic sector intended to provide practical experience in government, politics, or administration. The program consists of two directed work experiences (PLSC 387 and PLSC 487) alternated with full-time attendance at the University. Applications of credit toward political science programs subject to department approval. Graded credit/no credit.

Prereq: Junior standing. Major in political science, public administration, or public law and government. Departmental recommendation required.

PLSC 410 Political Science in Fiction. 3 hrs
A discussion and analysis of political theories, institutions, and practices utilizing a storehouse of insightful and articulate materials not normally tapped in traditional political science courses; the works of essayists, aphorists, dramatists, pamphleteers, poets, and novelists.
Prereq: Political science major or minor. At least nine hours of political science course work completed. Junior or senior standing or department permission.

PLSC 412 Comparative Legal Systems. 3 hrs
Analysis of fundamental elements of the common law, the civil law, socialist laws, and other legal traditions, and a comparison of the legal systems of selected foreign countries.
Prereq: PLSC 112/113.

PLSC 418 20th Century Political Theory. 3 hrs
A comparative study of recent political theories and ideologies including democracy, socialism, communism, and fascism. The analysis includes modern psychological and sociological theories as they affect political thought.
Prereq: PLSC 112/113.

PLSC 420 Democracy and Power. 3 hrs
A study of the ideals and limitations of democracy. Examines values such as consent, equality, rights, citizenship, and the public interest and the limitations posed by authority, coercion, class conflict, distribution of wealth, and the state.
Prereq: PLSC 210/213, or PHIL 225.

PLSC 422 American Political Theory. 3 hrs
A concise survey of American political thought. The origins, growth, and present state of American political ideologies will be examined.

PLSC 431 Theories of Public Organization. 3 hrs
An introduction to theories of organization as related to public bureaucracies in a democratic political context.
Prereq: PLSC 270 or department permission.

PLSC 450 Managing Public Safety Agencies. 3 hrs
Analysis of public sector management elements, including planning, organizing, leading, controlling, and communicating, presented in the context of and applied to internal police/fire and corrections administration.
Prereq: PLSC 270 and PLSC 431, or department permission.

PLSC 451 Seminar in Public Safety Administration. 3 hrs
A capstone seminar in the public safety administration concentration; integrates previous coursework in law, management, and politics by focusing on contemporary problems and issues in public safety operations, including attention to leadership, organizational conflict, and resource allocation/utilization; utilizes a case approach.
Prereq: Senior standing and department permission.

PLSC 456 Criminal Law I. 3 hrs
A study of criminal law currently in use in the United States with emphasis upon the way its basic concepts function; its principal components and problems central to its impact upon the political system.
Prereq: PLSC 112/113.

PLSC 462 Russian Foreign Relations. 3 hrs
An analytical and historical examination of Soviet foreign policy since 1917—their sources, character, objectives, and periodization.

PLSC 467 Advanced International Relations. 3 hrs
The course will explore through case studies the ways in which ideas, cultural differences, and different political systems combine to produce the international politics of today. Special attention will be paid to the United States in this process as well as the role of economics and international organization. Limit: 25 students.
Prereq: PLSC 212 and PLSC 327.

PLSC 470 Seminar in Political Science. 3 hrs
Examination and utilization of research techniques in the preparation of a major seminar paper in political science, public administration, or public law and government.
PLSC 477/478/479 Special Topics. 1/2/3 hrs
An examination of a topic in political science not normally covered in the curriculum in which the distinctive concerns of political science are emphasized. Students may elect this course several times as long as different topics are studied, but it may be taken only twice for credit toward a major or minor in political science. Prereq: PLSC 112/113/202.

PLSC 480 Field Seminar in Political Science/Public Administration. 3 hrs
Designed to help students relate their field experience to some aspect of political science or public administration. Prereq: Department permission.

PLSC 486/488/489 Internship. 3/6/9 hrs
Extends classroom learning through practical experience with legislative, administrative, and other public sector agencies at all levels of government. Open to majors and minors in political science and public administration. Prereq: Department permission.

PLSC 487 Cooperative Education. 3 hrs
Four to six months of full-time employment in the public sector intended to provide practical experience in government, politics, or administration. The program consists of two directed work experiences (PLSC 387 and PLSC 487) alternated with full-time attendance at the University. Applications of credit toward political science programs subject to department approval. Graded credit/no credit. Prereq: Senior standing, PLSC 387 or departmental recommendation required.

PLSC 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas in which the department does not offer formal courses. Normally restricted to political science majors. Prereq: Senior standing and department permission.
PSYCHOLOGY

Kenneth W. Rusiniak
Department Head
537 Mark Jefferson
487-1155

Professors: Barbara E. Brackney, Jeffrey Dansky,
Dennis J. Delprato, Barry Fish, Monroe Friedman,
Norman Gordon, V. Kay Hodges, Peter A. Holmes,
Stuart A. Karabenick, John Knapp, Jerry O'Dell,
James Roff, Kenneth W. Rusiniak, Alida S.
Westman, Zakhour I. Youssef
Associate Professors: Marilyn K. Bonem, John L.
McManus, James Todd, Silvia Von Kluge
Assistant Professors: Carol Freedman-Doan

Graduate study leads to a master's degree in psychology with programs in general psychology, clinical psychology, and clinical behavioral psychology. These programs are described in the Graduate Catalog.

ACADEMIC MAJOR

PSYCHOLOGY MAJOR

The major in psychology is designed to provide a general and in-depth survey of the fields in the science of psychology and to prepare students to work with people in several career areas. Further study beyond the baccalaureate degree is required to enter professional career work.

Sem hours

Major in psychology............................................. 30
1. Required courses ............................................. 13-14
   PSY 101/102 General Psychology....................... 3/4
   PSY 205 Quantitative Methods in Psychology ........ 3
   PSY 301 Introductory Experimental Psychology ...... 4
   PSY 455 History and Systems of Psychology ........ 3
2. Restricted electives ....................................... 12
   Choose one course from each of the following groups:
   Adjustment and personality
   PSY 360 Abnormal Psychology, PSY 451
   Dynamics of Personality
   Biological
   PSY 357 Sensation and Perception, PSY 457
   Physiological Psychology, PSY 458
   Comparative Animal Behavior
   Learning and motivation
   PSY 304 Learning, PSY 356 Motivation
   Developmental and social
   PSY 309 Social Psychology, PSY 321 Child
   Psychology
3. Electives ....................................................... 4-5
   Choose four or five credits in consultation with
   advising coordinator.

ACADEMIC MINOR

PSYCHOLOGY MINOR

The minor provides students entering many career fields a fuller scientific understanding of human experience, behavior, needs, desires, and potentialities. The minor is flexible; within limits it may be designed to meet the needs of each student.

### Total credit hours required, with 20-hour minor: 133
TEACHING MINOR
PSYCHOLOGY MINOR
SECONDARY, K-12, AND SPECIAL EDUCATION-SECONDARY
TEACHER CERTIFICATION
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in psychology, certification code “CE.” The certification test covering this field is #11, “Psychology.”

*One of:
PSY 101 General Psychology (3)
PSY 102 General Psychology (4)
Choose 16-17 credits in consultation with advising coordinator.
20 hours (including hours satisfied in Basic Studies)
*Satisfied in Basic Studies.

Psychology Courses

PSY 101 General Psychology. 3 hrs
Principles, theories, and methods evolving from the scientific analysis of behavior. This or PSY 102 is a prerequisite to all other courses. Not open to those who have earned credit in PSY 102.

PSY 102 General Psychology. 4 hrs
Principles, theories, and methods evolving from the scientific analysis of behavior. Laboratory demonstrations and experiments illustrating selected concepts. Not open to those with credit in PSY 101.

PSY 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 
Prereq: PSY 101/102 and department permission.

PSY 203 Self-analysis and Control. 3 hrs
Behavioral principles and techniques that can be applied to behavioral self-analysis and self-management. Student-initiated self-improvement projects encouraged. 
Prereq: PSY 101/102.

PSY 205 Quantitative Methods in Psychology. 3 hrs
Basic concepts and methods used in the analysis of psychological data. Methods of describing and drawing inferences from sets of data. 
Prereq: PSY 101/102, and MATH 104 or equivalent.

PSY 207 Psychology of Adjustment. 3 hrs
Systematic presentation of issues, concepts, principles, and theories of human adjustment. 
Prereq: PSY 101/102.

PSY 225 Psychology of Religion. 3 hrs
The application of psychological theory, principles, and method to the study of religious behavior. The relationships between religion and personality, health/pathology, social behavior, and intense emotional experience. 
Prereq: PSY 101/102.

PSY 240 Psychology of Sex. 3 hrs
Survey of the psychological research concerned with human sexuality from a psychological point of view with an emphasis on research findings. 
Prereq: PSY 101/102.

PSY 242 Psychology of Women. 3 hrs
Theories and empirical research concerning personality development in females. Examination of the origins of the behavior of women. 
Prereq: PSY 101/102.

PSY 301 Introductory Experimental Psychology. 4 hrs
Design, control, and measurement techniques employed in the scientific investigation of behavior; e.g., motivation, emotion, perception, and learning. 
Prereq: PSY 205.

PSY 304 Learning. 3 hrs
Includes learning theories and empirical research as developed by Pavlov, Thorndike, Guthrie, Tolman, Hull, Skinner, Mowrer, and others, plus selected contemporary topics. 
Prereq: PSY 301.

PSY 309 Social Psychology. 3 hrs
The order and regularity underlying processes of human interaction. Motives and attitudes, social norms
and roles, the socialization process, personality, and group membership. The effect of group membership upon individual behavior. Not open to those with credit in SOCL 308.
Prereq: SOCL 105 and PSY 101/102.

PSY 321 Child Psychology. 3 hrs
The development of human behavior from conception to adolescence. Analysis of developmental processes involved in cognition, socialization, emotion, and personality, relying on research and theory; emphasis on developmental trends. Not open to students in early elementary education curriculum.
Prereq: PSY 101/102.

PSY 322 Psychology of Adolescence. 3 hrs
An opportunity to formulate, examine, and understand a comprehensive, balanced picture of the physical, mental, emotional, social, and ideological developments and adjustments during adolescence.
Prereq: PSY 101/102.

PSY 323 Psychology of Human Aging. 3 hrs
Aging individuals in the context of their life span; the special problems of the aged in modern American society. Intellectual functioning, socialization and personality, environmental effects, and the problems of isolation and institutionalization.
Prereq: PSY 101/102.

PSY 330 The Psychology of Contemporary Issues. 3 hrs
The application of psychological principles and methodology to selected contemporary world problems such as arms control, disarmament, and cybernetics.
Prereq: PSY 101/102.

PSY 340 Psychological Perspectives on Prejudice and Discrimination. 3 hrs
The psychological processes underlying the phenomena of prejudice and discrimination. A review of materials on personality and development relevant to the practice of discrimination and to the experience of prejudice on the part of both minority and majority group individuals.
Prereq: PSY 101/102 and sophomore standing.

PSY 350 Environmental Psychology. 3 hrs
The psychological effects of various environmental settings and configurations on human behavior. Selected qualities of architectural spaces, urban environments, and natural settings.
Prereq: PSY 101/102.

PSY 351 Industrial Psychology. 3 hrs
Applications of psychological methods and principles to industrial problems.
Prereq: PSY 101/102, and junior or senior standing.

PSY 352 Psychological Testing and Evaluation. 3 hrs
Principles and theories of psychological testing. Introduction to evaluation, administration, and interpretation of group and individual tests used in diagnosis and prognosis.
Prereq: PSY 101/102, and junior or senior standing.

PSY 355 Motivation. 3 hrs
Review and analysis of research and theory on the determinants of the direction, persistence, and vigor of behavior.
Prereq: PSY 301.

PSY 357 Sensation and Perception. 3 hrs
Analysis of the psychological literature relating to sensory and perceptual experience.
Prereq: PSY 301.

PSY 358 Cognitive Processes. 3 hrs
A review of the theoretical and empirical developments concerned with cognitive processes, such as concept formation, memory and retrieval from memory, language acquisition, thought, problem solving, imagination, and creativity.
Prereq: Junior standing, PSY 205 or equivalent.

PSY 360 Abnormal Psychology. 3 hrs
Modern theories of the origin of mental disorders and personality disturbances, nature and mechanism of the various forms of abnormal behavior, prevention and treatment, social significance of aberrations.
Prereq: PSY 101/102, and junior or senior standing.

PSY 361 Psychotherapy. 3 hrs
Survey of therapeutic systems and research on psychotherapy.
Prereq: PSY 360.

PSY 362 The Psychology of Stress and Relaxation. 3 hrs
An introduction to the theoretical aspects of stress, stress
reactions, stress assessment, and stress management and prevention.
Prereq: PSY 101/102.

PSY 366 Behavior Modification. 3 hrs
For students in psychology, special education, social work, nursing, and related fields. Techniques for coping with problem behaviors. Training in practical observation and recording procedures, program evaluation designs, and behavior change principles.
Prereq: PSY 101/102.

PSY 368 Health Psychology/Behavioral Medicine. 3 hrs
The application of behavioral-science theory, principles, and techniques to understanding of health and illness and to prevention, diagnosis, treatment, rehabilitation, and health-care delivery.
Prereq: PSY 101/102.

PSY 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: PSY 101/102 and department permission.

PSY 387 Cooperative Education. 3 hrs
Four months of full-time employment at an individual employer chosen to provide practical experience in the student's major field. The program consists of two work experiences (PSY 387 and PSY 487) alternated with full-time attendance at the University.
Prereq: Two 300-level psychology courses and department permission.

PSY 388 Psychology in the Field Setting. 2 hrs
A practical work experience in a supervised mental health setting that integrates scholarly and practical aspects of psychology. Approximately three hours of fieldwork each week and completion of a journal of goals and experiences.
Prereq: PSY 101/102, concurrent enrollment in a three-hour psychology class, and/or department permission.

PSY 397/398/399 Independent Study. 1/2/3 hrs
Supervised reading on psychological problems.
Prereq: PSY 101/102, and prior department approval of a planned reading program.

PSY 401 Honors Seminar: Contemporary Issues and Methods in Psychology. 3 hrs
Prepares the honors student to design and develop an original senior honors thesis in current issues, methods, and research opportunities in selected specialty areas of psychology.
Prereq: PSY 301.

PSY 445 Consumer Psychology. 2 hrs
A survey of psychological principles, theories, and methodology relating to consumer behavior.
Prereq: PSY 101/102.

PSY 449 Seminar in Psychology. 2 hrs
A synthesis of various approaches to the study of psychology. Development, presentation, and critical appraisal of individual student projects. Open to seniors majoring or minoring in psychology.

PSY 450 Psychology of Individual Differences. 2 hrs
Analysis of research on variability between individuals and groups regarding intelligence, aptitudes, achievement, motivation, perception, and attitudes.
Prereq: PSY 101/102.

PSY 451 Dynamics of Personality. 3 hrs
Physiological, psychological, and cultural determinants of human personality; analysis of selected theories of human personality.
Prereq: Six hours in psychology and junior or senior standing.

PSY 453 History and Systems of Psychology. 3 hrs
Historical development of modern psychological theories; contemporary systems, including functionalism, behaviorism, phenomenology, psychoanalysis, and dynamic psychologies.
Prereq: Twelve hours of psychology and senior standing.

PSY 457 Physiological Psychology. 3 hrs
Analysis of the relationships among brain functions, physiological processes, and behavior. Open to junior and senior science majors with department permission.
Prereq: PSY 301. Recommended: BIOL 105 or ZOOL 222.

PSY 458 Comparative Animal Behavior. 3 hrs
Modern solutions to the innate versus learned behavior controversy; species differences with respect to behavior and behavioral capacities.
Prereq: PSY 301.
PSY 460 Psychology of Film. 3 hrs
The psychology of film and audience. Viewer psychology, presentation of psychology, family, violence, and sexuality in film.
Prereq: Junior standing and/or two courses in psychology.

PSY 477/478/479 Special Topics. 1/2/3 hrs
An examination of topics in psychology not covered in other department offerings. May be elected more than once as long as different topics are studied.
Prereq: PSY 101/102, and department permission.

PSY 487 Cooperative Education. 3 hrs
Four months of full-time employment at an individual employer chosen to provide practical experience in the student's major field. The program consists of two work experiences (PSY 387 and PSY 487) alternated with full-time attendance at the University.
Prereq: PSY 387 and department permission.

PSY 497/498/499 Independent Study. 1/2/3 hrs
Supervised investigation of psychological problems.
Prereq: PSY 205 and department permission.
SOCIIOLOGY, ANTHROPOLOGY, AND CRIMINOLOGY

Gregg Barak
Department Head
712 Pray-Harrold
487-0012

Associate Professors: E. L. Cerroni-Long, Mansoor Moaddel

Assistant Professors: Anthony Adams, Liqun Cao, Nancy N. Thalhofer

The department offers majors and minors in the disciplines of sociology, anthropology, and criminology and criminal justice, and participates in the social work curriculum, the major in area studies, and programs in gerontology, bilingual-bicultural education, and women's studies.

Degrees:
- Bachelor of Arts and Bachelor of Science

Programs of Study

Curriculum:
- Criminology and criminal justice

Majors:
- Anthropology
- Sociology
- Sociology for secondary education

Minors:
- Anthropology
- Criminology and criminal justice
- Sociology
- Sociology for elementary education
- Sociology for secondary, K-12, and special education-secondary
- Interdisciplinary minors in Anthropology/Sociology:
  - Health and illness studies
  - Sociocultural perspectives on the family

Advising is available for particular areas of study. Students majoring in one of the department's programs are encouraged to see the undergraduate advising coordinator to be assigned an adviser as soon as they make their selection. Students not majoring in the department's programs may seek information about the curricula from any faculty member during their "on call" advising hours.

Advising Coordinators:
- Undergraduate: Patrick Easto
- Graduate criminology and criminal justice: Joseph Rankin
- Graduate sociology: Patricia Ryan

Graduate study leads to the master's degree in sociology or criminology and criminal justice. The MA degree is described in the Graduate Catalog.

ACADEMIC MAJORS

CURRICULUM IN CRIMINOLOGY AND CRIMINAL JUSTICE

The Criminology and Criminal Justice curriculum provides students with a multidisciplinary understanding of crime and justice within the framework of broader social processes. This curriculum is a three-tiered structure comprising basic studies, a core curriculum, and selected concentrations. The typical student will move from basic studies to the core of the program and then into one of four specialized concentrations, where s/he will be introduced to courses on the principles and application of the chosen specialty.

The curriculum for basic studies includes introductory courses in the fundamental social science disciplines of sociology and psychology. The core of the curriculum consists of a number of related courses that will build a foundation of social science education emphasizing analytical and conceptual skills. The pivotal course is Criminology—a multidisciplinary perspective on the nature, extent, and causes of crime. Criminology (CRM 301) should be the first core course taken by the typical student, followed by Criminal Justice (CRM 300). The third and final tier of the curriculum consists of 21 hours in one of four concentrations. These concentrations contain some courses without criminological content that provide students with professionally relevant occupational knowledge and skills.

Students completing the curriculum will have satisfied all major and minor requirements for graduation. No additional minor is required. Specific courses marked with an asterisk (*) also satisfy basic studies requirements—the specific requirement is enclosed within brackets [...]. You may need to refer to p. 41 in this catalog for exceptions to the general basic studies requirements.
Sem hours

Core requirements .................................. 48-49

All of the following courses must be taken as part of the requirements for the Criminology and Criminal Justice curriculum:

- *PSY 101/102 General Psychology [Area II.2.] 3/4
- *PLSC 112 American Government [Area III.1.]
or PLSC 202 State and Local Government ... 3
- *SOCL 105 Introductory Sociology [Area III.3.] 3
- *SOCL 202 Social Problems [Area III.4b.] ... 3

Concentration ............................................. 21

Students choose one of the following concentrations to fulfill their curriculum requirements.

**Concentration (1): Legal Studies**

Take all of the following courses: ....................... 9

- *PHIL 130 Introduction to Logic, PHIL 355 Philosophy of Law, PLSC 456 Criminal Law I

Choose one of the following courses: ................... 3

- PLSC 364 The Legislative Process, PLSC 385 Judicial Process and Behavior

Choose three of the following courses: ............... 9

- CRM 460 Criminal Law II, CRM 488 Internship
- ANTH 330 Anthropology of Law and Politics
- LAW 293 Legal Environment of Business, LAW 295 Legal Research
- BEDU 211 Introduction to Paralegalism and Legal Terminology, BEDU 304 Legal Writing, Research, and Analysis I, BEDU 412 Court Rules, Forms, and Legal Drafting
- CTAC 357 Interviewing as Communication

**Concentration (2): Law Enforcement**

Take all of the following courses: ....................... 15

- CRM 431 Police in Modern Society
- PLSC 466 Criminal Law I, PLSC 385 Judicial Process and Behavior
- SWRK 120 Introduction to Social Work Services and Professional Roles
- PSY 340 Psychological Perspectives on Prejudice and Discrimination

Choose two of the following courses: ................... 6

- SOCL 308 The Urban Community, SOCL 448 Collective Behavior
- CRM 460 Criminal Law II, CRM 488 Internship
- PSY 360 Abnormal Psychology
- PLSC 308 Political Violence and Revolution
- HLED 390 Drug Use and Abuse or SWRK 431 Substance Abuse

**Concentration (3): Corrections**

Take all of the following courses: ....................... 15

- CRM 331 Introduction to Corrections
- SWRK 120 Introduction to Social Work Services and Professional Roles, SWRK 463 Social Work Practice with Legal Offenders
- PSY 360 Abnormal Psychology
- GDCN 450 An Introduction: Counseling Concepts and Skills

Choose two of the following courses: ................... 6

- SOCL 402 Group Dynamics
- CRM 488 Internship
- PSY 340 Psychological Perspectives on Prejudice and Discrimination, PSY 365 Behavior Modification
- HLED 390 Drug Use and Abuse or SWRK 431 Substance Abuse
- CTAC 357 Interviewing as Communication

**Concentration (4): Management and Administration**

Take all of the following courses: ....................... 12

- SOCL 451 Sociology of Work and Occupations
- PLSC 270 Public Administration, PLSC 381 Public Policy Analysis
- SWRK 470 Supervising Staff and Volunteers

Choose three of the following courses: ............... 9-10

- CRM 488 Internship
- ANTH 345 Qualitative Methods
- PSY 301 Introductory Experimental Psychology
- PLSC 334 Personnel Administration in Government
ANTHROPOLOGY MAJOR

The program in Anthropology advances the goals of humanistic education, prepares students for successfully operating in a multicultural society, and provides majors with a foundation for graduate study. Anthropology is the comparative study of human behavior, both in terms of its development and in terms of its culture-specific expressions. The EMU program in anthropology gives particular attention to the sociocultural subfield.

2. Electives ....................................... 6

Any course in anthropology counted toward elective credit for the sociology minor must be at the 300-level or above. Social work courses may not be counted toward the sociology minor.

SOCIOCULTURAL PERSPECTIVES ON THE FAMILY INTERDISCIPLINARY MINOR

This minor combines the perspectives of anthropology and sociology by examining the sociocultural determinants and consequences of the family in the United States and other cultures. Students in such diverse fields as business, law, teaching, communication, nursing, and technology learn how the family is integrated into the segment of society in which they intend to work. It is designed for students planning to work directly with families as social workers, family life professionals, or clinical psychologists.

ELEMENTARY, SECONDARY, K-12, SPECIAL EDUCATION-
ELEMENTARY, AND SPECIAL EDUCATION-SECONDARY TEACHER CERTIFICATION
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in sociology, certification code "CF." The certification test covering this field is #12, "Sociology."
#SOCL 105 Introductory Sociology (3)
ANTH 135 Introduction to Cultural Anthropology (3)
8 hours of sociology or criminology courses at the 300-level or above.
*6 hours of electives. Any course in anthropology must be at the 300-level or above. Social work courses may not be counted. 20 hours (including hours satisfied in Basic Studies)

#Can be satisfied in Basic Studies for some programs and for special education students.
*3 hours can be satisfied in Basic Studies for some programs.

SOCIOLOGY COURSES
SOCL 105 Introductory Sociology, 3 hrs
Basic sociological concepts are used to analyze aspects of American society in intergroup relations, rural and urban communities, social classes, and in family, educational, religious, governmental, and economic institutions.
SOCL 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SOCL 202 Social Problems. 3 hrs
An analysis of problems arising in contemporary American society, such as child rearing, relations between the sexes, crime and delinquency, relations between racial and cultural subgroups, and personality disorders.
Prereq: SOCL 105.

SOCL 204 Marriage and Family. 3 hrs
The position and significance of the family in our changing society. Courtship, mate selection, and problems of marital adjustment from sociological and social-psychological perspectives.
Prereq: SOCL 105.

SOCL 205 Minority Women in the United States. 3 hrs
This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: Black, Asian-American, Latin-American, and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives, and relationship to the feminist movement. Not open to students with credit in ANTH 205.

SOCL 214 Racial and Cultural Minorities. 3 hrs
Racial and cultural minorities in the modern world with particular references to the black and Hispanic, and European and Oriental immigrants in the United States; racial myths, doctrines, and movements; conflict and accommodation of majority and minority peoples; proposed solutions of ethnic problems.
Prereq: SOCL 105 or ANTH 135.

SOCL 220 Social Statistics I. 3 hrs
Introduction to the evaluation of empirical data and the organization of bivariate and univariate data using descriptive and inferential statistical techniques.
Prereq: SOCL 105 and 1 1/2 years high school algebra or MATH 104.

SOCL 277/278/279 Special Topics. 1/2/3 hrs
A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times as long as different topics are studied, but only twice for credit toward a major or minor in sociology.
Prereq: SOCL 105.

SOCL 303 Sociology of Childhood and Youth. 3 hrs
Childhood and youth as elements of social organization. The relationship between social structure and the emergent personality of the individual; normality and deviance as social processes.
Prereq: SOCL 105.

SOCL 304 Methods in Sociological Research. 3 hrs
Methods used in sociological research and their various applications. Participation in conducting a survey.
Prereq: Three courses in sociology and junior standing.

SOCL 306 The Urban Community. 3 hrs
Ecological and social organization of urban life. The metropolitan trend in the United States and the social problems created by it.
Prereq: SOCL 105.

SOCL 307 Industrial Sociology. 3 hrs
The social structure of the workplace, the work experience of the participants and the relation of both to the community and to society. Formal structure of large-scale organizations and the operation of small groups within them.
Prereq: SOCL 105.

SOCL 308 Social Psychology. 3 hrs
Introductory study of the order and regularity underlying processes of human interaction. Motives and attitudes, social norms and roles, the socialization process, personality and group membership. The effect of group membership upon individual behavior. Credit cannot be earned in both SOCL 308 and PSY 309.
Prereq: SOCL 105 and PSY 101.

SOCL 309 Culture and Personality. 3 hrs
An analysis of the manner in which group and cultural factors influence the growth and change of personality. The impact of personality types on group life. Not open to those with credit in ANTH 309.
Prereq: SOCL 105 or ANTH 135 and PSY 101.
SOCL 310 Contemporary American Class Structure. 3 hrs
The determinants and consequences of social class structure in America. The nature of social classes, status groups, and the distribution of power from various theoretical perspectives. The relationships between social class and the family, schools, government, religion, and recreation both with reference to the total system and to various racial and regional subsystems.
Prereq: SOCL 105.

SOCL 311 Social Gerontology. 3 hrs
Demographic and sociocultural factors in aging, the aging individual as a person, older people as groups and aggregates within the culture and structure of a changing society, the manner in which society attempts to meet the needs of aging people and the aged.
Prereq: SOCL 105.

SOCL 312 Medical Sociology. 3 hrs
Social behavior and social organization as factors in disease distribution. The sociological analysis of medical care, organization, and practitioners.
Prereq: SOCL 105 and sophomore standing.

SOCL 320 Sociology of Religion. 3 hrs
A sociological analysis of religious organizations and the institution of religion including the interaction between religious organizations and other institutions and associations and the role of religion in social movements and social change.
Prereq: SOCL 105 or ANTH 135.

SOCL 321 Cooperation and Conflict in Society. 3 hrs
The principles of cooperation, cooperation in our competitive-individualistic society, cooperative skills, and forms of mutual aid are examined. Students learn cooperation through doing as well as reading and writing, including a variety of group projects, exercises, and discussion.
Prereq: SOCL 105 or ANTH 135 or department permission.

SOCL 334 Population. 3 hrs
Population size and composition and their impact on society; determinants and consequences of natality, mortality, and migration; the relationship between human numbers and resources and its politico-economic implications; population theories and policies of population control.
Prereq: SOCL 105 or department permission.

SOCL 335 The Study of Nonprimitive Societies. 3 hrs
An analysis of studies and problems anthropology has investigated in nonprimitive societies. Problems of analysis in complex societies, national character, folk-urban continuum, peasants and colonialism. Not open to those with credit in ANTH 335.
Prereq: ANTH 135 or equivalent and sophomore standing.

SOCL 336 Social and Cultural Change. 3 hrs
Survey of the theories and problems of change in developing and advanced societies. Not open to those with credit in ANTH 336.
Prereq: ANTH 135 or equivalent and sophomore standing.

SOCL 339 Sociology of Love. 3 hrs
A sociological examination of love, emphasizing typologies, scientific research, and cross-cultural comparisons. Special attention is given to the analysis of love in terms of feelings, thoughts, behaviors, and attitudes.
Prereq: SOCL 105.

SOCL 341 Quantitative Methods of Social Research I. 3 hrs
Examination and review of research methods in behavioral sciences and the nature of empirical data, organization of univariate and bivariate data. Not open to those with credit in SOCL 250 or SOCL 304. Must be followed by SOCL 342.
Prereq: SOCL 105, high school algebra or equivalent.

SOCL 342 Quantitative Methods of Social Research II. 3 hrs
Further review and applications of research methods and introduction to statistical inference. Not open to those with credit in SOCL 250 or SOCL 304.
Prereq: SOCL 341.

SOCL 344 Sociology of Sex Roles. 3 hrs
Analysis of past, present, and future sex roles; the changing roles of women and men and the conflicts and consequences of these changes on marriage and family systems in the United States.
Prereq: Sophomore standing and SOCL 105.

SOCL 345 Qualitative Methods. 3 hrs
A review and examination of social science research methods that entail fieldwork, participant observation,
naturalistic experimentation, and the analysis of cultural data. Not open to those with credit in ANTH 345. Prereq: Nine hours in anthropology or department permission.

SOCL 375 Political Sociology. 3 hrs
The structure of political systems analyzed from an individual and social system perspective. Prereq: Nine credit hours in sociology or political science or junior/senior standing.

SOCL 377/378/379 Special Topics. 1/2/3 hrs
One topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times as long as different topics are studied, but only twice for credit toward a major or minor in sociology. Prereq: SOCL 105.

SOCL 387 Cooperative Education. 3 hrs
Practical experience in industrial, business, or government settings to provide job skills. Credit/no credit basis. Prereq: Twelve hours of sociology, six of which must be at the 300 level or above.

SOCL 402 Group Dynamics. 3 hrs
Structure and interaction processes of small groups. Cohesiveness, group standards, conformity and deviance, leadership, group emotion, communication, group roles, and sociometrics. Prereq: SOCL 105 or PSY 101.

SOCL 403 Modern Sociological Theory. 3 hrs
The rise and development of sociological thought from Comte to the present. The works of various European and American schools analyzed and critically appraised in terms of their value in empirical research. Prereq: Three courses in sociology and junior standing.

SOCL 405 Honors Seminar. 3 hrs
An undergraduate honors seminar examining selected topics in theory, research, and applied sociology. Prereq: Senior status, a 3.0 grade point average, 12 hours of social science courses, or department permission.

SOCL 412 Law and Society. 3 hrs
Law as a social and cultural product; the interrelationships between law and social institutions. Not open to those with credit in CRM 412. Prereq: SOCL 105.

SOCL 440 Sociology of Technology. 3 hrs
A study of social factors involved in the creation, innovation, distribution, evaluation, and social effects of technology. Prereq: SOCL 105.

SOCL 448 Collective Behavior. 3 hrs
Spontaneous, transitory, and volatile collective behavior contrasted with the relatively stable, institutionalized patterns of interaction. Analysis of rumor transmission, crowd behavior, mass behavior, and the emergence of organized social movements. Prereq: SOCL 105.

SOCL 450 The Family. 3 hrs
The family as a basic social institution. Various types of family systems throughout the world with special emphasis on the American family. Prereq: Junior standing and either SOCL 105 or ANTH 135.

SOCL 451 Sociology of Work and Occupations. 3 hrs
Social aspects of work. Recruitment, career patterns, professionalization, sociology of the workplace and labor force. Prereq: SOCL 105.

SOCL 462 Complex Organizations. 3 hrs
An examination of several types of large organizations, with emphasis on the nature of bureaucratic organizations. Theoretical and empirical studies of organizational growth, recruitment, control, and relations between organizations. Prereq: SOCL 105.

SOCL 465 Sociology of Revolution. 3 hrs
This course surveys major theoretical perspectives that have been used by social scientists to interpret and explain revolutions. With the aid of the best available theories, the course will examine a series of historical instances, ranging from the French Revolution of the 18th century, through the Russian and Chinese Revolutions, to recent revolutions in postcolonial or dependent countries such as the Iranian Revolution. Prereq: SOCL 105.

SOCL 477/478/479 Special Topics. 1/2/3 hrs
A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times as long as different topics are studied, but only twice for credit toward a major or minor in sociology. Prereq: SOCL 105.
SOCL 487 Cooperative Education. 3 hrs
Practical experience in industrial, business, or government settings to provide job skills. Credit/no credit basis. Prereq: SOCL/CRM 387.

SOCL 489 Internship. 3 hrs
Students are assigned a minimum of eight hours per week to a governmental or private organization dealing with a sociological problem, issue, service, or concern. The placement, in agreement with the field instructor, provides supervised learning experiences appropriate to the objectives of the undergraduate program. A weekly seminar relates field experience to theory. Prereq: Senior standing in major.

SOCL 497/498/499 Independent Study. 1/2/3 hrs
Directed reading and research on problems within the field of sociology. Prereq: Department permission.

ANTHROPOLOGY COURSES

ANTH 135 Introduction to Cultural Anthropology. 3 hrs
Man’s adaptation to natural and cultural environments focusing upon primitive and nonwestern societies. The basic institutions of human society such as kinship, religion, law, politics, and economics.

ANTH 140 Introduction to Prehistoric Anthropology. 3 hrs
A survey of the evolution of human societies using materials from primate studies, early man, and archeological findings. Prereq: ANTH 135.

ANTH 150 Introductory Archeology. 3 hrs
A general survey of the field of archeology; the methodologies and analyses employed in the study of prehistoric cultures. Prereq: ANTH 135.

ANTH 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

ANTH 200 Writing for Anthropology. 3 hrs
This course will teach students the necessary writing and research skills for anthropology. Students will also learn how to use library resources for anthropological research. Prereq: Sophomore standing. ANTH 135, ANTH 140, and ENGL 121.

ANTH 210 History of Anthropological Theory. 3 hrs
A survey of various theoretical approaches within the field of cultural anthropology. The course will span the period from the mid-nineteenth century to the present, covering theoretical perspectives which have dominated European and American schools of anthropology. Prereq: ANTH 135 and ANTH 140.

ANTH 214 Racial and Cultural Minorities. 3 hrs
Racial and cultural minorities in the modern world with particular references to the black and Hispanic, and European and Oriental immigrants in the United States; racial myths, doctrines, and movements; conflict and accommodation of majority and minority peoples; proposed solutions of ethnic problems. Prereq: SOCL 105 or ANTH 135.

ANTH 233 Peoples and Cultures of Mexico. 3 hrs
A regional, historical, and topical survey of Mexican cultures. Prereq: ANTH 135.

ANTH 236 Peoples and Cultures of Africa. 3 hrs
Regional, historical, and topical survey of African cultures. Prereq: ANTH 135.

ANTH 237 Indians of North America. 3 hrs
Regional, historical, and topical survey of aboriginal North American cultures. Prereq: ANTH 135 or department permission.

ANTH 245 Culture of Japan. 3 hrs
A historical and topical survey of Japanese culture. Prereq: ANTH 135 or department permission.

ANTH 248 Peoples and Cultures of the Pacific. 3 hrs
A regional, historical, and topical survey of aboriginal Pacific cultures. Prereq: ANTH 135.

ANTH 277/278/279 Special Topics. 1/2/3 hrs
An examination of topics in anthropology not normally covered in the curriculum. Students may elect this
course several times as long as different topics are studied.
Prereq: ANTH 135.

ANTH 309 Culture and Personality. 3 hrs
An analysis of the manner in which group and cultural factors influence the growth and change of personality. The impact of personality types on group life. Not open to those with credit in SOCL 309.
Prereq: SOCL 105 or ANTH 135 and PSY 101.

ANTH 329 Medical Anthropology. 3 hrs
Ways in which various cultures define, explain, and treat physical and psychic illness. Different approaches to curing including witchcraft, sorcery, spiritual and psychic healing, and the use of hallucinogens compared with contemporary medical practices.
Prereq: ANTH 135 or department permission.

ANTH 330 Anthropology of Law and Politics. 3 hrs
Comparative study of political systems in primitive and peasant societies, local-level politics, government, and law; examined from an anthropological perspective.
Prereq: ANTH 135 and sophomore standing.

ANTH 336 Social and Cultural Change. 3 hrs
A survey of the theories and problems of change in developing and advanced societies. Not open to those with credit in SOCL 336.
Prereq: ANTH 135 or equivalent and sophomore standing.

ANTH 338 Anthropology of Religion. 3 hrs
The anthropological study of religious belief and ritual in primitive and peasant societies.
Prereq: ANTH 135 and sophomore standing.

ANTH 340 Language and Culture. 3 hrs
A study of the relation of language to social behavior and modes of thought in unilingual and multilingual speech communities.
Prereq: ANTH 135 or LING 201 or LNGE 223.

ANTH 345 Qualitative Methods. 3 hrs
A review and examination of social science research methods that entail fieldwork, participant observation, naturalistic experimentation, and the analysis of cultural data. Not open to those with credit in SOCL 345.
Prereq: Nine hours in anthropology or department permission.

ANTH 355 Anthropology of Women. 3 hrs
The role of women in diverse cultural contexts. Theories dealing with the position of women. Life histories of women constitute the basic reading in the course.
Prereq: ANTH 135.

ANTH 377/378/379 Special Topics. 1/2/3 hrs
An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times as long as different topics are studied.
Prereq: ANTH 135.

ANTH 387 Cooperative Education. 3 hrs
Practical experience in industrial, business, or government settings that provides job skills. Credit/no credit.
Prereq: Twelve hours of anthropology, six of which must be at the 300 level or above.

ANTH 437 Kinship and Social Structure. 3 hrs
The comparative study of kinship and social structure traced from primitive through complex societies.
Prereq: Three courses in anthropology and junior standing.

ANTH 439 Seminar in Anthropological Theory. 3 hrs
An intensive examination of theoretical approaches to the study of cultural phenomena. Emphasis will be placed upon the critical reading of primary source materials seminal to the development of various theoretical stances within the discipline of anthropology. This course will be organized around written and oral presentations by students.
Prereq: Four courses in anthropology including ANTH 140, ANTH 200, and ANTH 210, and senior standing.

ANTH 441 Senior Seminar in Anthropology. 3 hrs
An intensive study of specific subdisciplinary issues in the context of current anthropological theory and ethnographic practice. Open to Anthropology majors only.
Prereq: Twenty-one credits in anthropology, including ANTH 140, ANTH 200, and ANTH 439.

ANTH 477/478/479 Special Topics. 1/2/3 hrs
An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times as long as different topics are studied.
Prereq: ANTH 135.
ANTH 487 Cooperative Education. 3 hrs
Practical experience in industrial, business, or government settings that provides job skills. Credit/no credit basis.
Prereq: ANTH 387.

ANTH 497/498/499 Independent Study. 1/2/3 hrs
Directed reading and research on problems within the field of anthropology.
Prereq: ANTH 135 and department permission.

Criminology Courses

CRM 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CRM 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CRM 300 Criminal Justice. 3 hrs
A critical view of the entire spectrum of criminal justice. The police, courts, and corrections studied as interrelated institutions in the process of defining criminals. Not open to students with less than 35 semester hours.
Prereq: SOCL 105 or junior standing.

CRM 301 Criminology. 3 hrs
Prereq: SOCL 106 or junior standing.

CRM 331 Introduction to Corrections. 3 hrs
An examination of corrections/punishment in contemporary society, its historical development, structural dependency, relationship to the system of justice, and problems of effectiveness.
Prereq: CRM 300.

CRM 364 Juvenile Delinquency. 3 hrs
The nature, incidence, and measurement of juvenile delinquency; theories and causation; juvenile justice philosophies and treatment methods.
Prereq: SOCL 105. Not open to freshmen.

CRM 370 Corporate and White Collar Crime. 3 hrs
An examination of the definitions, laws, causes, and policy responses that shape crimes by corporations, government agencies, professionals, and others engaged in legitimate occupations.
Prereq: SOCL 105.

CRM 377/378/379 Special Topics. 1/2/3 hrs
A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a topics course several times as long as different topics are studied, but only twice for credit toward a major or minor in criminology.
Prereq: SOCL 105.

CRM 387 Cooperative Education. 3 hrs
Practical experience in industrial, business, or government settings to provide job skills. Credit/no credit basis.
Prereq: Twelve hours of sociology, six of which must be at the 300 level or above.

CRM 412 Law and Society. 3 hrs
Law as a social and cultural product; the interrelationships between law and social institutions. Not open to those with credit in SOCL 412.
Prereq: SOCL 105.

CRM 431 Police in Modern Society. 3 hrs
The social and historical origin of the police; police culture, role, and career; police in the legal system; police discretion; ethical development of police; police and the community; police organization and community control.
Prereq: CRM 300.

CRM 447 Advanced Criminology. 3 hrs
An intensive analysis of selected problems in criminology; the application of criminology to policies and programs of crime prevention and control.
Prereq: CRM 301 or CRM 506, and CRM 300 or CRM 507; or department permission.

CRM 460 Criminal Law II. 3 hrs
The distinguishing characteristics of criminal law and its sources. Problems in determination of criminal liability; crimes against property; crimes against the person; the defenses to criminal charges.
Prereq: Junior standing.
CRM 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CRM 487 Cooperative Education. 3 hrs
Practical experience in industrial, business, or government settings to provide job skills. Credit/no credit.
Prereq: CRM/SoCL 387.

CRM 488/489 Internship. 3 hrs each
Students are assigned a minimum of eight hours per week to a governmental or private agency dealing with the crime problem. The agency, in agreement with the field instructor, provides supervised learning experiences appropriate to the objectives of the undergraduate program. A weekly seminar relates field experience to theory. May be repeated once for credit.
Prereq: Senior standing, CRM 300-301, and department permission. Second semester juniors may be admitted by department permission. Requests for admission by students who do not meet these requirements must be approved by the Faculty Committee on Criminology and Criminal Justice.

CRM 497/498/499 Independent Study. 1/2/3 hrs
Independent study, under the supervision of a department member, in areas in which the department does not offer a course.
Prereq: Department permission.
The Women's Studies program offers an interdisciplinary academic minor to provide intellectual perspective and life-enriching skills for women and men. Professors have designed interdisciplinary courses that document the contributions of women to history, literature, education, family, and work in a cultural context. Insights into the psychology of women, the impact of women on social structures, and how women influence contemporary society will be valuable to students in their personal and professional lives.

Individual courses in the women's studies program can be taken as electives to enrich any major.

Program of Study

Curriculum:
Women's Studies minor

Advising is the responsibility of the program director.

Advising coordinator:
Rachel Brett Harley (MUSC)

ACADEMIC MINOR

WOMEN'S STUDIES MINOR

For all of the following listed courses, note the relevant department's or program's course prerequisites. For availability of all of the following courses, check the Class Schedule of the Term for which you register. Also, consult the Women's Studies Program Director or the Undergraduate Advisor for other approved Women's Studies courses offered in the term for which you register.

Minor in women's studies ........................................... 21
1. Required courses .................................................. 12
WMST 200 Introduction to Women's Studies .................. 3
Choose six hours from the courses listed under Group I, and six hours from the courses listed under Group II.

Group I: Arts & Humanities

FA/WMST 436 Women in Art (3)
HIST/WMST 335 History of Women in Europe (3)
HIST/WMST 336 History of Women in the U.S. and Great Britain: 1800-Present (3)
LITR/WMST 443 Women in Literature (3)
PHIL/WMST 226 Philosophy of Women (3)
PHIL/WMST 426 Topics in Gender and Philosophy (3)

Group II: Social and Physical Sciences

ANTH 205 Minority Women in the U.S. (3)
ANTH 355 Anthropology of Women (3)
INDT/WMST 420 Women in Technology (3)
PLSC 365 Women and Politics (3)
PSY/WMST 242 Psychology of Women (3)
SOCL/WMST 205 Minority Women in the U.S. (3)
SOCL/WMST 344 Sociology of Sex Roles (3)

2. Electives ......................................................... 6
Choose six credits from the following electives:
AAS 361 The African American Family (3)
ANTH/SOCL 214 Racial and Cultural Minorities (3)
ATHL 317 Theory of Coaching Individual Sports for Women (2)
ATHL 318 Theory of Coaching and Teaching Women’s Team Sports (2)
BEDU/WMST 205 Women in Business (3)
BEDU 313 Family Law (3)
CTAC 374 Intercultural Communication (3)
CTAC 375 Interracial/Ethnic Communication (3)
ECON 321 Minority Workers and the Labor Market (3)
GDNC 460 An Introduction: Counseling Concepts and Skills (3)
HED 360 Concepts in School Sex Education (2)
HED 399 Teaching About AIDS (1)
INDT/WMST 420 Women and Technology (3)
NURS 380 Health and Illness Problems Throughout the Life Span (2)
PHED 405 Women in Sports (3)
PSY 240 Psychology of Sex (3)
PSY 340 Psychological Perspectives on Prejudice and Discrimination (3)
SOCL 450 The Family (3)
SWRK 403 Practice Issues with Women (3)
SWRK 413 Women and Aging (3)
SWRK 465 Social Work, Sex and the Family (3)
**Women's Studies Courses**

For course descriptions of all courses listed as Required Courses or available as Electives, see their catalog descriptions under the appropriate Department or Program.

**WMST 177/178/179 Special Topics.** 1/2/3 hrs
Different subject matter will be taught each semester offered, including interdisciplinary courses in women's studies. Students may take these courses more than once as long as the subject matter is different, but no more than two such courses may be counted toward the minor in women's studies.

*Prereq: Department permission.*

**WMST 200 Introduction to Women's Studies.** 3 hrs
An overview of women in society. Historical and literary perspectives on women's contributions; socialization, roles, and status in professional fields.

**WMST 205 Women in Business.** 3 hrs
Social and business conditions that support the entry of women to executive positions in business; career opportunities at the professional and executive levels of business.

**WMST/PHIL 228 Philosophy of Women** 3 hrs
A consideration of philosophical issues concerning the nature and status of women. Readings from both traditional and contemporary sources. Topics may include scientific and religious views, the ideal society and women's place in it, varieties of feminism, views on sexuality, family and reproduction, and work and the economy.

**WMST 242 Psychology of Women.** 3 hrs
Theories and empirical research concerning personality development in females. Examination of the origins of the behavior of women.

*Prereq: PSY 101 or 102.*

**WMST 277/278/279 Special Topics.** 1/2/3 hrs
Different subject matter will be taught each semester offered, including interdisciplinary courses in women's studies. Students may take these courses more than once as long as the subject matter is different, but no more than two such courses may be counted toward the minor in women's studies.

*Prereq: Department permission.*

**WMST 328 Economics of Women.** 3 hrs
The changing economic role of women in the labor force. Analysis of policies affecting earnings, employment, and work and family issues in traditional and nontraditional occupations. Includes some international comparisons.

*Prereq: One course in economics or junior standing.*

**WMST 336 History of Women in Europe.** 3 hrs
A study of the history of women and views of women in western society from the 18th century to the present. Emphasizes the struggles, setbacks, and achievements of the women's movements in the context of modern European history.

*Prereq: One course in history.*

**WMST 336 History of Women in the United States and Great Britain, 1800 to the Present.** 3 hrs
A comparative study of the history of women in the United States and Great Britain. Examines the ideology of the nature and role of women, the history of women's lives, the impact of industrialization, and the feminist movements of the 19th and 20th centuries.

*Prereq: One course in history or department permission.*

**WMST 344 Sociology of Sex Roles.** 3 hrs
Analysis of past, present, and future sex roles; the changing roles of women and men and the conflicts and consequences of these changes on marriage and family systems in the United States.

*Prereq: Sophomore standing.*

**WMST 355 Anthropology of Women.** 3 hrs
The role of women in diverse cultural contexts. Theories dealing with the position of women. Life histories of women constitute the basic reading in this course.

*Prereq: ANTH 135 or Department permission.*

**WMST 377/378/379 Special Topics.** 1/2/3 hrs
Different subject matter will be taught each semester offered, including interdisciplinary courses in women's studies. Students may take these courses more than once as long as the subject matter is different, but no more than two such courses may be counted toward the minor in women's studies.

*Prereq: Department permission.*

**WMST 387 Cooperative Education.** 3 hrs
This course provides students with an opportunity to deal directly with issues affecting women by working with agencies and local organizations.

*Prereq: 12 hours of previous coursework in women's studies.*
WMST 402 Sexism and Education. 3 hrs
How sexist attitudes and behaviors affect and are affected by school policies and practices; educational aims, staff relations, teaching styles, decision-making, treatment of pupils, instructional materials, antisexist programs.

WMST 405 Women in Sports. 3 hrs
Patterns, problems, and conditions associated with women's sports involvement in selected world cultures; the sportswoman in American society.

WMST 420 Women and Technology. 3 hrs
An interdisciplinary course designed to familiarize students with various concepts of technology, technological change, and technological society; probe the problems and advantages women face in technological society or technology-based professions; explore women's roles in several specific technology professions.

WMST 436 Women in Art. 3 hrs
A survey of the contributions of female artists in the history of art. Discussions will include the history of women as patrons of the arts, and the uses of the female image in art.
Prereq: FA 108 or department permission.

WMST 426 Topics in Gender and Philosophy. 3 hrs
An examination of gender and its relationship to other issues from a philosophical perspective. Possible topics include rationality, sexuality, aesthetics, ethics, and political theory.
Prereq: Two courses in philosophy.

WMST 443 Women in Literature. 3 hrs
A study of women and their experiences as described in literature.
Prereq: Two courses in literature.

WMST 450 Adult Role Transitions. 3 hrs
Investigation of changes during early, middle, and later adulthood. Normative and nonnormative role transitions related to work and family for women and men.

WMST 477/478/479 Special Topics. 1/2/3 hrs
Different subject matter will be taught each semester offered, including interdisciplinary courses in women's studies. Students may take these courses more than once as long as the subject matter is different, but no more than two such courses may be counted toward the minor in women's studies.
Prereq: Department permission.

WMST 487 Cooperative Education. 3 hrs
This course provides students with an opportunity to deal directly with issues affecting women by working with agencies and local organizations.
Prereq: WMST 387.

WMST 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.
Prereq: Department permission.

MARKETING
The College of Business develops future business leaders by providing high quality, professionally accredited programs at the undergraduate and graduate levels and by offering professional development education to the business community. The college values and promotes scholarly research, applications, and an international perspective in its programs.

Professional preparation is provided for students who contemplate administrative careers in business, government agencies, and public administration. College of Business programs emphasize the combination of tools, concepts, and theory for practical application to business decisions and business problems.

The college also serves as an educational resource for business firms of regional, national, and international scope and maintains alliances that are mutually beneficial to students, faculty, and the college. Its faculty is professionally recognized for its contributions to the body of knowledge and understanding of management and business enterprise.

The Bachelor of Business Administration degree is offered to students concentrating in any one of 9 undergraduate professional programs:
- Accounting
- Accounting Information Systems
- Computer Information Systems
- Economics*
- Finance
- General Business
- Management
- Marketing
- Production and Operations Management

*Economics is offered in cooperation with the Economics department, College of Arts and Sciences.

Degree programs are described within the appropriate departments.

The Joint Bachelor of Business Administration—Bachelor of Arts degree in Language and World Business is offered in cooperation with the College of Arts and Sciences and the EMU World College.

Graduate programs lead to the Master of Business Administration and Master of Science degrees in accounting, in computer-based information systems, and in human resources and organization development. For descriptions of graduate programs and courses in the College of Business, consult the Graduate Catalog.

Accreditation of all undergraduate and graduate programs is by the American Assembly of Collegiate Schools of Business.

Admission to the College of Business is open to student applicants with 44 or more semester hours completed who are enrolled in the last one or two of the 16 required courses to qualify for admission. Students who want to advance register should return their applications to the College of Business Undergraduate Business Program Office by the deadlines listed below:
- Winter semester: November 1
- Spring and summer sessions: March 1
- Fall semester: March 1

Applications for each semester must be accompanied by a progress report, tabulation of transfer credit, transcripts or grade reports in order for the applicant to be approved or registered in business courses.

Students may obtain an application for admission to EMU's College of Business from the College of Business directly:
- Undergraduate Business Program Office
- College of Business
- Eastern Michigan University
- 401 Owen
- Ypsilanti, Michigan 48197
- (313) 487-2344

Students must be admitted by the University to be considered for admission to the College of Business. However, students admitted to the University are not automatically admitted to the College of Business.

To qualify for admission, students must have successfully completed 56 semester hours with a minimum cumulative grade point average of 2.50. In addition, the following courses (1 through 13) must be recognized as successfully completed by the University, and the business courses (9 through 13) must be completed with a minimum earned grade of "C" in each:

01. ENGL 121 English Composition
02. CTAS 121/124 Fundamentals of Speech
03. An English, foreign language or communication elective
04. MATH 118 Mathematical Analysis for Social Sciences I or MATH 122 Elementary Linear Algebra, and MATH 105 College Algebra (MATH 119 Mathematical Analysis for Social Sciences II or 120 Calculus I accepted)
05. ECON 201 Principles of Economics I and ECON 202 Principles of Economics II
06. PLSC 112/113 American Government or PLSC 202 State and Local Government
07. Philosophy or religion (logic or ethics strongly recommended)
08. PSY 101/102 General Psychology
09. ACC 240 Principles of Accounting I and ACC 241
Business courses numbered 300 and above may not be taken by business students who have not completed admission requirements. Students who fail to satisfy admission requirements will be involuntarily withdrawn from upper division business courses by the college. Refunds in effect at the date of withdrawal shall apply.

Nonbusiness majors will be asked to provide academic records and to complete a Student Intake Sheet to confirm their program of study and preparation. Students must be of junior standing (60 or more credit hours) and of good academic standing (2.00 grade point average or better) to enroll in 300- and 400-level College of Business courses. No student majoring in a program outside of the College of Business may be given more than 30 semester hours of credit for courses offered in EMU's College of Business. This limitation applies to those minoring in business as well as to those taking business courses for general elective credit. Nonbusiness majors also must satisfy stated course prerequisites listed in this catalog or updated in the current Class Schedule Bulletin.

Second bachelor's degree students must apply to the Undergraduate Admissions office and must be advised by the coordinator of advising for second bachelor's degrees to be eligible to enroll in business courses. Second bachelor's candidates working toward a business degree must formally apply for admission to the College of Business and must meet all college admission requirements.

Special students and nonmatriculated students are not eligible to register in College of Business courses. Such students should contact the Undergraduate Business Program Office for advisement.

Guest students may enroll for one semester only with approval in advance from the college. Guest student applicants should provide proof of guest status and completion of 56 semester hours, as well as completion of appropriate prerequisites for intended coursework. An unofficial transcript from the student's parent institution is recommended and an official transcript may be required.

Advising is offered to all College of Business students in each major area. Faculty are available to discuss career opportunities and to assist students who are undecided about a major.

Undergraduate business intent students are encouraged to contact the Undergraduate Business Program Coordinator (Room 401 Owen) to receive guidance in selecting appropriate courses to meet College of Business admission requirements.

Academic standards require that students maintain a 2.00 grade point average. Students who fail to achieve this average in any term or to maintain a cumulative 2.00 GPA will be considered to be on probation by the University. Two consecutive semesters of less than 2.00 earned or cumulative GPA may result in dismissal from the University.

To qualify for graduation, students must maintain a GPA of 2.00 in the business administration core and 2.00 in their major as well as maintaining a 2.00 overall EMU GPA.

**BACCALAUREATE DEGREE CURRICULUM FOR THE BACHELOR OF BUSINESS ADMINISTRATION DEGREE**

Advising Coordinator: Amelia Chan

The Bachelor of Business Administration degree requires that students successfully complete a minimum of 50 semester hours in economics, psychology, and mathematics and in related areas of arts, sciences, and technology within the minimum 124 hours required to qualify for a degree.

In the program of study outlined below, the number of basic studies credit hours in symbolic and communication, mathematics, science and technology, social science, and arts and humanities is indicated. Students must take the specified courses as shown. In some cases, courses taken to meet basic studies requirements also may satisfy specific program requirements, as in the case of economics and mathematics. Both course and semester hour requirements must be met in the practical arts.

Students must meet requirements for admission to the College of Business before enrolling in upper division (300- or 400-level) business courses.

The curriculum described meets the major and minor requirements for graduation. No outside minor is needed. Please refer to University basic studies requirements for additional information.

The business core and major requirements in effect at the time of the student's initial registration at Eastern Michigan University (see the Eastern Michigan University seven year rule), or the requirements of a subsequent catalog including those in effect at the time.
of the student's graduation may be used to complete graduation requirements.

**The Joint Bachelor of Business Administration-Bachelor of Arts Degree in Language and World Business**

The Joint Bachelor of Business Administration—Bachelor of Arts degree in Language and World Business is a double degree for undergraduates planning to enter a career in world business or international government and public administration. The major objective of the program is to prepare students for international careers with business and language skills, along with the knowledge needed to function effectively in the increasingly competitive world economy. The LWB joint degree provides students with both practical, on-site work experience as well as a thorough academic background in international affairs and world enterprise.

Students in the language and world business program receive two separate but integrated degrees: a Bachelor of Business Administration with a major in any one of eight professional areas and a Bachelor of Arts in language and international trade. The language
and international trade major trains students in French, German, Japanese, or Spanish for business and professional situations. It also includes cultural and area studies. Students additionally may take examinations leading to certification in Business French, German or Spanish.

All LWB joint degree students take part in a cooperative education internship. Qualified students are eligible for placement in companies in locations such as Paris, Rouen, Madrid, and Stuttgart. Caracas and Tokyo are scheduled for placements also. Companies around the world that have hosted EMU interns include Mercedes-Benz, Volkswagen, Bosche, Siemens, Renault, ELF Petrochemical, Kiwi, Société Générale de Surveillance, Foreign Trade Bank of Madrid, Unesa Corporation, and others, including foreign branches of US Fortune 500 companies. The goal is to place qualifying students abroad where they can use their language and business skills in an actual international professional environment. Students who do not go abroad are placed regionally and work one or two semesters for an employer in a staff support or administrative capacity.

The program is designed so the student can finish the joint degree in 154 credit hours, without any free electives. This is ordinarily a 10-semester program. The curriculum described meets the major and minor requirements for graduation. No outside minor is needed.

ACC 475 International Accounting (3)

**These two required courses are approved as "restricted electives" in the departments providing them. At least one course must be selected from the major and the second may be selected from any of these offerings. This may satisfy the major requirement regarding "restricted electives."

Credit hours in Other International Courses: ...... 15-18

Academic Major
Choose one of the following:
Accounting
Computer Information Systems***
Economics
Finance
General Business
Management
Marketing
Production/Operations Management

***Students may major in Accounting Information Systems (36-hour major). Graduation requirements will exceed 154 hours.

Credit hours in Academic Major: ....................... 24-36***
Free electives (0-6)
Total credit hours required: ........................................ 154

*Some students, including transfer students, may require a slightly higher number of hours depending on level of high school language courses.

All students eligible for admission to the College of Arts and Sciences and to the College of Business are eligible for the LWB joint degree. However, a placement test is required of all students of foreign language unless they successfully completed their last course in foreign language at EMU. This placement test is also strongly advised for students whose last course in a foreign language at EMU was completed more than one year before the semester for which they are currently enrolling.

Since this professional program is especially challenging, it is suggested that students enroll at the beginning of the freshman year.

Advising is offered to all joint BBA-BA language and world business students, both in their major language and in their business major area. Faculty are available to discuss career opportunities and to assist
students who are undecided about a major. Foreign lan-
guage advising is available from appropriate advising
 coordinators who will recommend specific courses re-
quired in each language pattern.

**College of Business Courses**

**COB 177/178/179 Special Topics.**  1/2-3 hrs
Team-taught current topics related to career prepara-
tion for business and industry.

ACCOUNTING

S. Thomas Cianciolo, Interim
Department Head
406 Gary M. Owen Building
487-3320

Associate Professors: Amelia A. Baldwin-Morgan, Linda J. Burilovich, George S. Clark, Wayne C. Ellis, Roger Gledhill, Zafar Khan, John W. Keros, Morrey Kramer, Sua Ravenscroft, Andrew Snyir, Kenneth C. Young

Assistant Professors: Susan C. Kattelus, Gary B. McCombs

The Accounting department prepares students for professional careers related to the fields of accounting and accounting information systems. Within each of these major areas, students can develop their expertise in a variety of areas including financial accounting, budgeting, managerial accounting, accounting information systems, internal auditing, governmental accounting, taxes, and auditing. Because of the need for good communication in business, students are encouraged to elect courses in English composition and speech beyond the basic requirements.

Programs of Study

Majors:
* Accounting
  * Track: Internal Audit
* Accounting information systems

* The Accounting Department also offers a 150-hour program designed on the basis of the American Institute of Certified Public Accountants' recommendations.

Minors:
Accounting

Advising assistance, both academic and career, is provided by the faculty and is available in the department office Monday through Friday while school is in session, or by appointment.

Advising coordinator: Mohsen Sharifi

Graduate study leads to the Master of Science degree in accounting (MSA). The MSA degree program and courses are described in the Graduate Catalog.

ACADEMIC MAJORS

ACCOUNTING MAJOR

Students majoring in accounting are prepared for professional careers in three major areas:

Public accounting, which leads to service as a Certified Public Accountant, primarily in the audit field. CPAs are independent professionals who provide opinions on the fairness of financial statements prepared for investors. They also render tax service and management advisory service to clients.

Strategic managerial accounting, which leads to careers in strategic cost management, financial accounting, budget analysis, cost accounting, and internal and operational auditing. The basic function of a strategic Managerial Accountant is to process operating and financial data that help management in their strategic and operational decisions.

Institutional (not-for-profit) or governmental accounting, which leads to positions in not-for-profit organizations and local, state, and federal governmental agencies. These professionals provide financial information about the effectiveness of operations, similar to management accountants, review tax returns, analyze cost reports on projects funded by government, and assist regulatory commissions in monitoring private industry and individual businesses.

Internal Audit is a track available to students who seek careers in large private corporations. Internal auditors are viable candidates for executive development programs in large organizations.

Through an internship program, students with good academic records have an opportunity to work in public accounting or industry. These internships provide education, market salary, and exposure to professional experience.

Upon graduation, accounting majors who wish to become Certified Public Accountants (public accounting), Certified Management Accountants (industrial or governmental accounting), or Certified Internal Auditors (managerial, or not-for-profit, or governmental accounting) will meet the educational requirements and qualify to sit for national examinations that test for entrance into the above professional fields.

The general requirements for the Bachelor of Business Administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 semester hours for graduation must be completed.

ACCOUNTING INFORMATION SYSTEMS MAJOR

Accounting information systems is a four-year program designed to provide a bachelor's degree with a concentration in accounting and computer-based information systems. The program combines the coursework required for a degree in accounting with numerous computer information systems courses.

Eastern Michigan University is one of only a few universities in the country offering this unique degree. Accounting Information Systems majors who obtain this degree are well prepared for careers in a dynamic and ever-changing environment, where knowledge of both accounting and computer information systems is fast becoming mandatory. Possible career choices include computer systems design, information systems auditing, computer security analysis, internal auditing, public accounting, not-for-profit accounting, and strategic managerial accounting.

The general requirements for the Bachelor of Business Administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 semester hours for graduation must be completed.

150-HOUR ACCOUNTING PROGRAM
COMBINED MSA AND BBA DEGREES

Beginning in the year 2000, a CPA candidate must have completed 150 hours of education prior to being admitted as a member of the American Institute of Certified Public Accountants.

Admission Requirements
Following are the minimal standards for admission to the 150-Hour Program. Generally, each item should be satisfied, though the candidate's overall record is considered most significant. Thus, a slight deficiency in one criterion may be compensated by the candidate's strengths in other areas. Special circumstances, particularly improvement in recent performance, will be considered on their merits by the 150-Hour Program Policy Committee. Transfer credits and grades will be evaluated in terms of Eastern Michigan University equivalency.

Initial admission is dependent on:
1. Completion of 90 semester hours of undergraduate coursework including the College of Business requirements, Basic Studies, and ACC 341.
2. Cumulative grade point average of 3.00 on a 4.00 scale.
3. The candidate's written statement of personal goals.
4. Interview with the 150-Hour program director/adviser.

Admission to the graduate level requires:
1. Completion of 120 semester hours of undergraduate coursework including course content noted under initial admission above and the undergraduate components (i.e., required and restricted electives).
2. Graduate Management Admission Test score of 500 (must be taken during the 4th year so the candidate's score is received before admission to the 5th year).
3. Application to the University Graduate School with payment of fee.

If the candidate is an accounting undergraduate from another four-year accredited school and plans to complete the graduate level program at EMU, he/she must meet the minimum requirements set for graduate level admission noted above, in addition to the bachelor's degree. The candidate is encouraged to apply to EMU at the beginning of his/her senior year and take the Graduate Management Admission Test during that same year.

For more information, please contact the Director of Graduate Business Programs, 401 Gary M. Owen Building, (313) 487-4444.

ACADEMIC MINOR
ACCOUNTING MINOR
21 hours
(For nonbusiness majors)

ACC 240 Principles of Accounting I (3)
ACC 241 Principles of Accounting II (3)
ACC 340 Intermediate Accounting I (3)
ACC 341 Intermediate Accounting II (3)

Choose three courses from the following: (9)

ACC 342 Managerial Cost Accounting, ACC 344 Tax Accounting, ACC 346 Governmental Accounting, ACC 356 Accounting Information Systems, ACC 440 Advanced Accounting, ACC 442 Advanced Cost Accounting, ACC 444 Advanced Tax Accounting, ACC 450 Internal Auditing, ACC 451 Advanced Internal Auditing, ACC 475 International Accounting
Accounting Courses

ACC 130 Accounting for Nonbusiness Majors. 3 hrs
Introduction to financial information generated by typical business organizations, with special emphasis on the use and interpretation of this information in managerial and financial decision-making process. May not be substituted for ACC 240. Not open to students with credit for ACC 240 or ACC 241.
Prereq: Any college-level algebra course.

ACC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ACC 240 Principles of Accounting I. 3 hrs
Use and development of financial information about economic organizations, with special emphasis on the use of financial statements and their creation in the business decision-making and reporting process.

ACC 241 Principles of Accounting II. 3 hrs
Use and development of accounting information in managerial settings to achieve managerial goals. Use of managerial accounting tools such as budgets and cost analysis in typical business environments.
Prereq: ACC 240.

ACC 244 Personal Tax Accounting. 2 hrs
Introduction to federal and state income and social security tax problems of individuals. Practice on preparation of individual tax returns. Credit toward a degree will not be permitted for both ACC 244 and ACC 344. (Business education majors may substitute this course for ACC 344 with permission of their department head.)

ACC 246 Accounting for Public Administrators. 3 hrs
Surveys the use of accounting to manage a public organization. Basic accounting principles, program budgeting, and the construction of internal control systems.

ACC 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ACC 286 Cooperative Education. 1 hr
Accounting employment at a business or public organization imparting a practical experience in accounting. Position may be part-time, volunteer, or less than full semester in duration. Use on an accounting major or minor is not permitted. Graded credit/no credit. Admittance by application only. This course may be repeated once for additional credit.
Prereq: Department permission.

ACC 287 Cooperative Education. 3 hrs
One term of full-time or two terms of part-time employment at a business or public organization chosen for imparting a practical experience in accounting. Use on an accounting major or minor is not permitted. Graded credit/no credit. Admittance by application only. This course may be repeated once for additional credit.
Prereq: Department permission.

ACC 340 Intermediate Accounting I. 3 hrs
Review of recording and reporting procedures; accounting concepts and theories guiding the valuation and classification of current assets, plant assets, intangible assets, and current liabilities.
Prereq: ACC 241.

ACC 341 Intermediate Accounting II. 3 hrs
Capital stock, rights, options, and retained earnings; long term liabilities; income tax allocation; long term investments; prior period adjustments; funds flow; price level accounting; consignments; installment sales.
Prereq: ACC 340.

ACC 342 Managerial Cost Accounting. 3 hrs
Accounting information for use in planning objectives and controlling operations. A framework for measuring managerial performance is developed through an analytic treatment of cost behavior under dynamic conditions by employing such devices as cost-volume-profit relationships, flexible budgeting, and standards.
Prereq: ACC 241.

ACC 344 Tax Accounting. 3 hrs
History of the income tax; the tax legislative process; tax research; income and loss realization and recognition; capital gains and losses; exclusions; deductions; losses; exemptions; rates, personal tax returns.
Prereq: ACC 241.

ACC 346 Governmental Accounting. 3 hrs
Accounting philosophy for nonprofit organizations; prin-
ples of fund accounting; the budget process including program budgeting; institutional (college, hospital, welfare agency) accounting; internal control; data processing.

**Prereq:** ACC 241.

### ACC 356 Accounting Information Systems. 3 hrs

Concepts of a responsive information system, including principles of design, profitability and responsibility, accounting, and control. Description of typical accounting systems and procedures within the business enterprise.

**Prereq:** IS 215 and ACC 342 or department permission.

### ACC 377/378/379 Special Topics. 1/2/3 hrs

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

**Prereq:** Department permission.

### ACC 440 Advanced Accounting. 3 hrs

Consolidation accounting; partnership organization, change, and liquidation; fiduciary accounting; introduction to governmental accounting.

**Prereq:** ACC 341.

### ACC 442 Advanced Cost Accounting. 3 hrs

Cost concepts on an advanced level such as standard costs and variance analysis; responsibility accounting, direct costing, overhead allocation, break-even; product pricing through return on investment methods; divisional income measurement; forecasting with statistical models; capital budgeting; applications of mathematics to cost accounting problems.

**Prereq:** ACC 342.

### ACC 444 Advanced Tax Accounting. 3 hrs

Tax law applicable to partnerships and corporations; operation distributions, reorganization, and liquidation.

**Prereq:** ACC 344.

### ACC 445 Auditing. 3 hrs

Audit standards, professional responsibility, ethics, internal control evaluation, statistical sampling, and audit of EDP systems.

**Prereq:** 18 semester hours of accounting, including ACC 341 and ACC 356.

### ACC 447 Contemporary CPA Problems. 3 hrs

Analysis of current accounting problems faced by the CPA profession. Audit, legal liability, ethics, theory, and practice.

**Prereq:** ACC 440.

### ACC 448 EDP Auditing and Controls. 3 hrs

A comprehensive coverage of electronic data processing (EDP) auditing from both a theoretical and pragmatic point of view, with special emphasis on control features of a system and its purpose.

**Prereq:** ACC 356 and ACC 445.

### ACC 450 Internal Auditing. 3 hrs

Introduction to the profession of internal auditing. Includes professional standards, techniques, scientific methods, reporting, operational auditing, and internal audit management.

**Prereq:** ACC 341 or permission of instructor.

### ACC 451 Advanced Internal Auditing. 3 hrs

Continued study of the profession of internal auditing. The focus of this course will be on the advanced study of topics that were briefly discussed in the introductory course. Special emphasis will be placed on applying the concepts learned in the introductory course by performing various exercises with practical (real world) applications.

**Prereq:** ACC 450.

### ACC 456 Accounting Information Systems Implementation and Projects. 3 hrs

A capstone course for the accounting information systems major designed to develop expertise in the implementation of an accounting information system.

**Prereq:** ACC 356 and IS 380, or department permission.

### ACC 475 International Accounting. 3 hrs

Introduction to accounting in an international environment. Includes the study of environmental factors, performance evaluation, financial reporting, and specific accounting and auditing problems.

**Prereq:** ACC 241, or department permission.

### ACC 477/478/479 Special Topics. 1/2/3 hrs

Specialized accounting topics in relation to changes in the practice of accounting and its regulation by government agencies.

**Prereq:** Department permission and ACC 341.

### ACC 489 Accounting Internship. 3 hrs

Directed full-time work experience in the accounting phase of a business organization. Use on an accounting major or minor is not permitted. This course may be repeated once for additional credit. Credit/no credit.

**Prereq:** Department permission. To be used as an elective only; does not apply on a major or minor.
ACC 491 Accounting Honors Thesis. 3 hrs
A directed studies course for accounting honors students only. An in-depth research thesis or project under the direction of an accounting faculty member is required with an oral examination or form of presentation to the faculty and other interested parties upon completion of the thesis.
Prereq: Final semester in undergraduate accounting Honors Program.

ACC 497/498/499 Independent Study. 1/2/3 hrs
Directed study of a problem or group of problems in accounting not otherwise treated in departmental courses.
Prereq: Department permission.

**Decision Science Courses**

DS 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DS 265 Business Statistics I. 3 hrs
Concepts of statistics and applications to business decisions. Elements of probability, random samples, descriptive statistics, sampling distributions, point and interval estimation, hypothesis testing, chi-square analysis, and regression and correlation analysis.
Prereq: MATH 118, MATH 119, IS 215.

DS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DS 300 Quantitative Analysis and Statistics for Business. 3 hrs
An elementary course for MBA students emphasizing three quantitative areas: differentiation and optimization, probability and statistics, and a matrix algebra approach to systems of linear equations.
Prereq: Two years of high school algebra or MATH 104 or equivalent.

DS 317 System Simulation. 3 hrs
Computer-based simulation techniques for business analysis and decision-making. Random number and process generators, system simulation models, and specialized computer simulation languages. Simulation of discrete time systems and the GPSS language.
Prereq: IS 215 and DS 265.

DS 367 Business Statistics II. 3 hrs
A continuation of the statistical methodology developed in Business Statistics I. Topics include two sample interval estimation and hypothesis tests, inference about the population variance, and simple and multiple regressions.
Prereq: DS 265.

DS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DS 387 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization to impart a practical experience in decision science disciplines. Credit/no credit basis for general elective credit only. Admittance by application only.
Prereq: Completion of three hours in decision science systems area. Department permission.

DS 465 Applied Linear Statistical Models. 3 hrs
An introduction to linear models with an emphasis on business applications. Topics include multiple linear regression models, analysis of variance and multivariate data analysis. Computer packages will be used.
Prereq: DS 265.

DS 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DS 487 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization to impart a practical experience in decision science disciplines. Credit/no credit basis for general elective credit only. Admittance by application only.
Prereq: DS 387. Department permission.

DS 497/498/499 Independent Study. 1/2/3 hrs
Directed study of a problem or group of problems in decision science.
Prereq: Department permission.
FINANCE AND COMPUTER INFORMATION SYSTEMS

Asrat Tessema  
Department Head  
412 Gary M. Owen Building  
487-2454

Professors: Imtiaz S. Ahmad, Badie Farah, Ramesh C. Garg, Asad S. Khailany, Pedro Sanchez, Charles S. Saxon, Fathi Sokkar, V.M. Asrat Tessema, Rao Tummala, Nesa L. Wu  
Associate Professors: Alahassane Diallo, Juan C. Esteva, Ronald E. Hutchins, Wafa Khorsheed, Susan Moeller, Stevan Mrdalj  
Assistant Professors: Robert Kiss, Michel Mitri, Mahmud Rahman, Reino V. Warren

The Finance area prepares students for professional careers related to the fields of finance. Students can develop their expertise in a variety of areas including corporate financial analysis, budgeting, banking, investments, and appraisal.

The Computer Information Systems area prepares students for careers in business information systems, and the Production/Operations Management area unit prepares students for careers in production and operations management.

Programs of Study

Majors:
- Computer information systems
- Finance
- Production/operations management

Minors:
- Computer information systems
- Finance
- Production/operations management

Advising assistance, both academic and career, is provided by the faculty and is available Monday through Friday while school is in session, or by appointment.  
Advising coordinator: Asrat Tessema

Graduate study leads to the Master of Business Administration with concentration in finance, CIS and POM or the Master of Science degree in Information Systems (MSIS). These degree programs and courses are described in the Graduate Catalog.

ACADEMIC MAJORS

COMPUTER INFORMATION SYSTEMS MAJOR

Computer information systems emphasizes the role and application of the computer in making management decisions. Students are prepared for careers as systems analysts, programmers software engineers, database specialists, and information systems and database management administrators.

The general requirements for the Bachelor of Business Administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 semester hours for graduation must be completed.

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. Either:*  
- MATH 118 Mathematical Analysis for Social Sciences I (3)
- MATH 122 Elementary Linear Algebra (3)

or

- Math 122 Elementary Linear Algebra (3)

and

- MATH 105 College Algebra (3)

[Math 119 Mathematical Analysis for Social Sciences II (3) or Math 120 Calculus I (3) is also acceptable.]

I-B-5. IS 215 End-User Computing (3)
I-B-6. Basic Studies requirement. See inside back cover
I-B-7. Basic Studies requirement. See inside back cover
I-B-8. Basic Studies requirement. See inside back cover
III-B-1. PLSC 112/113 American Government or PLSC 202 State and Local Government (3)
III-B-2. Basic Studies requirement. See inside back cover
III-B-3. ECON 201 Principles of Economics I (3)
III-B-4. ECON 202 Principles of Economics II (3)
IV-B-1. Basic Studies requirement. See inside back cover
IV-B-2. Basic Studies requirement. See inside back cover
IV-B-3. Basic Studies requirement. See inside back cover

Logic or ethics is strongly recommended for philosophy or religion requirement.

IV-B-4. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: ......................................... 49

*Students planning to pursue graduate study in business administration are encouraged to select MATH 120 Calculus I and MATH 122 Elementary Linear Algebra.
Business Core

ACC 240 Principles of Accounting I (3)
ACC 241 Principles of Accounting II (3)
LAW 293 Legal Environment of Business (3)
MGMT 202 Business Communications (3)
IS 215 End-user Computing (3)
DS 365 Business Statistics I (3)

Credit hours in Business Core: .......................... 18

Business Administration Core

(All 200-level core courses must be completed prior to admission to the College of Business.)
FIN 350 Principles of Finance (3)
MKTG 360 Principles of Marketing (3)
MGMT 386 Organizational Behavior and Theory (3)
POM 374 Introduction to Production/Operations Management (3)
MGMT 490 Business Policy (3)

(All 300-level core courses listed above must be completed before enrollment in MGMT 490 Business Policy.)

Credit hours in Business Core: .......................... 15

Academic Major

IS 219 File Processing and COBOL Programming (3)
IS 247 Software Design and Programming in Business (3)
IS 315 Applied Data Structures (3)
IS 380 Database Concepts (3)
IS 417 Systems Analysis and Design (3)
IS 420 Business Data Communications and Computer Networks (3)
IS 426 Software Engineering Management (3)
IS 442 Information Resource Management (3)
IS 449 Information Systems Development and Implementation Projects (3)

Choose one course from the following:

CO SC 239 Assembly and Machine Language Programming
INTE 431 Interactive Industrial Computer Graphics

Credit hours in Academic Major: .......................... 30

Electives

Students planning to continue study in a graduate school of business are urged to complete the following courses as electives:
ECON 301 Intermediate Macroeconomic Analysis (3)
ECON 302 Intermediate Microeconomic Analysis (3)
DS 367 Business Statistics II (3)

Credit hours in Electives: .......................... 11-19

Total credit hours required: .......................... 124

Finance Major

The finance major is designed for students interested in planning and managing assets and the acquisition of funds for investment by corporations, nonprofit organizations, governmental units, and financial institutions.

The general requirements for the Bachelor of Business Administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 semester hours must be completed for graduation.

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover

- FIN 454 Mortgage Banking (3)
- FIN 479 Special Topics (3)

Restricted Electives (3 Credit Hours)

Choose one from the following:
- FIN 370 International Business Finance (3)
- FIN 451 Intro. to Speculative Markets (3)

**Production/Operations Management Major**

This major equips graduates to work in various kinds and sizes of production systems as well as to pursue graduate study in several areas. Emphasized are production planning and scheduling, material procurement, inventory control, project scheduling, quality control, layout of facilities, and time and motion studies. The program responds to social, economic, and technological developments. Students are prepared for careers as production planners, materials planners, production supervisors, and industrial buyers.

To be completed are the general requirements for the Bachelor of Business Administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 semester hours for graduation.
Basic Studies
I-B-1. ENGL 121 English Composition (3)

MGMT 386 Organizational Behavior and Theory (3)

Choose one course from the following:

*Satisfies Basic Studies requirement 1-B-5.

FINANCE MINOR

(For Nonbusiness Majors)
ACC 240 Principles of Accounting I (3)
ACC 241 Principles of Accounting II (3)
FIN 350 Principles of Finance (3)
FIN 359 Intermediate Financial Theory (3)

Choose three courses from the following:

PRODUCTION/OPERATIONS MANAGEMENT MINOR

(For Nonbusiness Majors)
ACC 342 Managerial Cost Accounting (3)
POM 374 Introduction to Production/Operations Management (3)
MGMT 386 Organizational Behavior and Theory (3)
POM 474 Design of the Production/Operations System (3)
POM 475 Production and Inventory Control I (3)

Choose two courses from the following:

FINANCE COURSES

FIN 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

FIN 277/278/279 Special Topics. 1/2/3 hrs
These courses deal with subject matter not provided in other departmental offerings. Students may elect such a course several times as long as different topics are studied.
Prereq: Department permission.

FIN 287 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization in a finance position chosen for imparting a practical experience in finance. Use on a finance major or minor not permitted. Credit/No credit. Admittance by application only.
Prereq: ACC 240 and department permission.

FIN 350 Principles of Finance. 3 hrs
A survey course covering the financial operations of business corporations. It begins with a general overview, then goes into detail on several concepts and techniques used in financial decision making. Specific topics emphasized include the time value of money, asset valuation models, risk management, and financial statement analysis. The course is designed for the general business student.
Prereq: ACC 241.

FIN 352 Financial Management for Entrepreneurs. 3 hrs
A continuation of FIN 350, but with an emphasis on financial management for growth of the small- to medium-sized firm. Working capital management, short-term financing, equipment financing, and other topics pertinent to the growth firm.
Prereq: FIN 350 or equivalent.

FIN 354 Investments. 3 hrs
The purpose of the course is to introduce students to fundamentals of investment analysis. The course attempts to highlight the alternative investments available and develop a way of thinking about investments. The course is a mixture of description and theory. The descriptive material involves a discussion of available
investment instruments and considers the way the capital market currently works. The theoretical portion takes into consideration ways you should evaluate current investments and future opportunities.

**Prereq:** FIN 350.

**FIN 357 Financial Markets and Institutions.** 3 hrs
The operation and behavior of capital markets and financial intermediaries as sources of investment capital to the business firm. Liability management and investment portfolio behavior of financial market participants. Flow of funds through money and capital markets, and investment characteristics of securities traded. Term structure of yields, yield differentials, and the valuation of debt and equity securities.

**Prereq:** FIN 350.

**FIN 358 Analysis of Financial Statements.** 3 hrs
Analysis and interpretation of the financial statements and reports of various types of businesses and industries. Examination of the impact of using alternative accounting methods on reported profits, taxes, and cash flows. Forecast of financial statements for planning purposes.

**Prereq:** FIN 350.

**FIN 359 Intermediate Financial Theory.** 3 hrs
Focuses on the theory of financial management and analysis of financial decisions made by financial managers. The financial decisions include capital structure, dividend policy, lease or buy, mergers and issuance of new securities.

**Prereq:** FIN 350.

**FIN 370 International Business Finance.** 3 hrs
This course deals with how decisions about financial management are made in the modern multinational enterprises. Financial management of any firm involves acquisition of funds, investing of these funds in economically productive assets, the managing of assets so acquired and eventually reconversion of some of the productive assets into funds to return to the original investors, creditors, suppliers, employees and other interest groups. International Business Finance deals with the management of these functions for firms operating in several separate countries.

**Prereq:** FIN 350 or equivalent.

**FIN 377/378/379 Special Topics.** 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.

**Prereq:** Department permission.

**FIN 387 Cooperative Education.** 3 hrs
Four months of full-time employment at a business or public organization in a finance position chosen for imparting a practical experience in finance. Use on a finance major or minor not permitted. Credit/no credit. Admission by application only.

**Prereq:** FIN 287. Department permission.

**FIN 450 Problems in Financial Management.** 3 hrs
Deals with application of financial management theory. Emphasis is placed on problem-solving in differing economic and situational environments using various quantitative tools. Case analysis and class discussions are emphasized.

**Prereq:** FIN 359.

**FIN 451 Introduction to Speculative Markets.** 3 hrs
This course is designed to provide a solid foundation in the principles of derivatives. It attempts to strike a balance between institutional details, theoretical foundations, and practical applications. Options and futures will be the primary focus.

**Prereq:** FIN 354 or equivalent or equivalent.

**FIN 453 Commercial Banking.** 3 hrs
Practices, policies, and problems of commercial bank management and operation, capital adequacy, loan and investment policy, liquidity and profit maximization.

**Prereq:** FIN 350.

**FIN 454 Mortgage Banking.** 3 hrs
The purpose of this course is to communicate and explain the fundamentals of mortgage lending in as simple and concise a manner as possible. A good portion of the course deals with real estate appraisal.

**Prereq:** FIN 350 or equivalent.

**FIN 477/478/479 Special Topics.** 1/2/3 hrs
These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times as long as different topics are studied.

**Prereq:** Department permission.

**FIN 487 Cooperative Education.** 3 hrs
Four months of full-time employment at a business or public organization in a finance position chosen for im-
parting a practical experience in finance. Use on a finance major or minor not permitted. Credit/no credit. Admittance by application only.
Prereq: FIN 387, Department permission.

FIN 489 Internship. 3 hrs
Directed full-time work experience in the finance phase of a business or public organization. Use on a finance major or minor not permitted. May be repeated once for additional credit. Graded credit/no credit. Admittance by application only.
Prereq: Department permission.

FIN 497/498/499 Independent Study. 1/2/3 hrs
Directed study of a problem or group of problems in finance.
Prereq: Department permission.

**Insurance Courses**

INS 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INS 258 Personal Insurance Planning. 3 hrs
A study of the major risks of individuals and the methods of handling these risks. Topics covered include types of risks, handling risks, purposes and nature of insurance, and basic insurance principles and coverages. Primary emphasis is placed on family insurance programs: automobile, home, life, health, and retirement.
Prereq: Sophomore standing.

INS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INS 351 Introduction to Risk and Insurance. 3 hrs
An introduction to study of pure risks, risk management, and insurance, with emphasis on the application of risk management principles and techniques of handling the pure risks of business firms and public institutions. Topics covered include nature and types of risks, risk management process, and types and uses of insurance.
Prereq: ACC 241.

INS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INS 457 Property and Liability Insurance. 3 hrs
A study of the principles and practices of property and liability insurance. Primary emphasis is on developing an understanding of the various property and liability insurance contracts and their uses. Role of risk manager in handling personal and business risk is stressed.
Prereq: INS 351.

INS 458 Life and Health Insurance. 3 hrs
A study of the purposes, uses, and role of life insurance in our society. Major topics covered are nature and uses, legal aspects, types of policies, contract provisions, rate-making, company organization and operation, underwriting practices, and regulation.
Prereq: INS 351.

INS 477/478/479 Special Topics. 1/2/3 hrs
A study of risks, including the identification, measurement, analysis, and handling of business risks from the viewpoint of a risk manager. Cases are used extensively to provide practical applications of risk management principles and practices.
Prereq: INS 457 and INS 458.

**Computer Information Systems Courses**

IS 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

IS 215 End-User Computing. 3 hrs
Computers are being used more extensively by managers and professionals. This revolution is known by the name “End-User Computing” (EUC). Students learn traditional information systems topics such as software life cycles, transaction processing systems, and business problem solving. In addition, a wide range of applications including Decision Support Systems, Executive Information Systems, Nonclerical Office Automation, Data Communications, and Local Area Networks, are covered. These applications cover all the functional areas of businesses. Coursework includes conceptual material as well as laboratory material.
Prereq: MATH 118.
IS 219 File Processing and COBOL Programming. 3 hrs
COBOL programming is an important skill for business application developers. In this class, students will learn to program in COBOL while also learning the basic algorithms for producing reports with multiple control breaks and for processing sequential and random files. All students will design, write, debug, and test COBOL programs using good design techniques and software engineering principles. Intended for computer information systems majors and others.
Prereq: IS 215.

IS 247 Software Design and Programming in Business. 3 hrs
Business computer programmers must be able to use problem-solving techniques, appropriate algorithms, and follow the principles of software engineering to develop good computer solutions to business problems. In this class, the students will study these topics and apply them in the design, writing, debugging, and testing of several programs. This is the first of a sequence of three courses, the others being IS 315 and IS 375.
Prereq: IS 215.

IS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

IS 280 Introduction to Expert Systems in Business. 3 hrs
Recent developments in computer technology have had a dramatic effect on the way decision-making is done in business. The advent of small but powerful computers has made it possible to capture knowledge and distribute it throughout corporations with computerized expert systems. These expert systems can be developed without programming in the traditional sense by using expert shells. In this class, students will use expert systems shells to create several expert systems. Additional topics related to the development and use of expert systems in business will also be studied. Intended for non-CIS majors.

IS 315 Applied Data Structures. 3 hrs
Business computer programmers must have a good knowledge of basic data structures such as linked lists, trees, and networks to permit them to design appropriate computer solutions to the more difficult problems they are typically being asked to solve. In this class, the students will study these data structures and apply them in the design, writing, debugging, and testing of several programs in some suitable high-level language. This is the second of a sequence of three courses, the others being IS 247 and IS 375.
Prereq: IS 247.

IS 375 Object-Oriented Programming and Database. 3 hrs
Students will gain an understanding of the principles of object-oriented programming and databases. Students will learn concepts and techniques of object-oriented software development, object-oriented programming principles, characteristics of object-oriented languages, and fundamentals of object-oriented database management systems. Students will also gain hands-on experience in designing and building object-oriented applications. This is the third of a sequence of three courses, the others being IS 247 and IS 315.
Prereq: IS 315.

IS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

IS 380 Database Concepts. 3 hrs
Database concepts for large-scale information systems. Logical and physical designs for data element usage; database management systems.
Prereq: IS 315.

IS 387 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization to impart a practical experience in computer information systems disciplines. Credit/no credit basis for general elective credit only. Admittance by application only.
Prereq: Completion of three hours in computer information systems area. Department permission.

IS 410 Knowledge-Based Systems. 3 hrs
Modern knowledge-based software is being used increasingly in all business activities. Techniques such as English language database queries and expert systems have moved from the realm of research laboratories to everyday business use in the last few years. Business
computer professionals of the future will be expected to be skilled in the use of a wide variety of knowledge-based software and knowledge engineering techniques. This class will study one important programming language and its application to several knowledge-based systems. Each student will design and implement several computer programs.

Prereq: IS 315.

IS 413 Evaluation and Application of Computer Hardware. 3 hrs
Evaluation of computer hardware found in business computer systems. A nontechnical explanation of the operation, needs, and limits of CPUs and peripherals; practical demonstrations of the hardware. CPUs, memory printers, disks, terminals, communications, and related software.
Prereq: IS 219.

IS 416 Computer Operating Systems. 3 hrs
Decision methods and concepts for determining the types of computer operating systems required for a particular business environment. Various operating system designs with respect to allocation and utilization of resources; the acceptance, executive, and presentation portions of the systems; large and small operating systems to be considered for the business environment.
Prereq: IS 315.

IS 417 Systems Analysis and Design. 3 hrs
Computer-based information systems exist everywhere in business and industry. People armed with the necessary tools are the key to both successful development and performance of these systems. The objective of this course is to introduce students to processes, principles, guidelines, tools, and techniques for systems analysis and design of information systems. The major thrust of the course is to aid the communication process that must take place between the system developers and users. This is facilitated by the use of projects as a vehicle for effectively communicating the content of this course.
Prereq: IS 219 and DS 265.

IS 420 Business Data Communications and Computer Networks. 3 hrs
In an information-based society, knowledge of data communications and computer networks is very important to everyone who works with computers. This course is intended to teach students everything they need to know to be effective participants in the establishment of data communications links for their employers. This course assumes no prior data communications and computer networks knowledge. It combines technical aspects with practical business applications without resorting to a rigorous mathematical approach.
Prereq: IS 215.

IS 421 Pictorial Information Systems. 3 hrs
The study of Pictorial Information Systems is applicable to a variety of areas dealing with representation, storage, retrieval, manipulation, and communication of business information. Examples of the current activity in this area include documents, forms, and photographs in office information systems; pictorial databases for manufacturing information systems; image understanding support for information systems in semiconductor, aerospace, and other industries; and medical pictorial archiving and communication systems (PACS).
Prereq: IS 315.

IS 425 Software Engineering Management. 3 hrs
Introduction of the concept and techniques managing software growth and software life cycle, increasing software productivity, reliability, correctness, and predicting software costs. Legal and ethical aspects of software and human factors are discussed.
Prereq: IS 417.

IS 426 Advanced Structured COBOL Programming. 3 hrs
Students work in teams developing integrated information systems in structured COBOL. Searches, reporting, subprograms, random files, indexed sequential files, various sorting routines, debugging techniques, programming style, optimization techniques, structured and modular programming concepts, transferability and portability strategies, and documentation, including writing program specifications and users' manuals.
Prereq: IS 219.

IS 441 FORTRAN Programming Language. 1 hr
An introduction to the FORTRAN language. Variables and constants, format statements, input/output, arithmetic and logical assignment statements, dimension statements and subscripts, subprograms, and advanced IO statements. Credit can be earned only by nonbusiness undergraduate majors or by graduate students meeting a programming language requirement.

IS 442 Information Resource Management. 3 hrs
Most organizations use computers for operations, control and planning, and for office automation. Although
computers facilitate and enhance the functioning of organizations, they do add to the responsibilities of managers. In this course, students learn how to acquire, organize, monitor, and control information resources. The course also discusses problems unique to the management of information resources.
Prereq: IS 417.

IS 447 Basic Assembly Language. 2 hrs
Introduction to assembly language. Data format, storage allocation, symbolic programming, macro definition, data movement and branching, arithmetic operations, editing, tables, indexing, subroutines, program linkage, and interrupts. Credit can be earned only by nonbusiness majors or by graduate students meeting a programming language requirement.
Prereq: IS 215 or equivalent.

IS 449 Information Systems Development and Implementation Projects. 3 hrs
This is the capstone course. Students work in teams to develop information systems for real-life organizations. These organizations are local businesses, industries, nonprofit organizations, governmental institutions, and universities. Classes start with short lectures. The subject matter is then applied to the various projects by the teams with the help of the instructor. The objective of the discussion is to support the students in producing quality operational information systems. Examples are drawn from students' projects to facilitate discussion.
Prereq: IS 417, IS 420, and IS 380.

IS 477/478/479 Special Topics, 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

IS 487 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization to impart a practical experience in computer information systems disciplines. Credit/no credit basis for general elective credit only. Admission by application only.
Prereq: IS 387, Department permission.

IS 489 Internship. 3 hrs
Directed full-time work experience in the business computer systems units of a business organization. This course may be repeated for a maximum total of six hours.
Prereq: Major and department permission.

IS 497/498/499 Independent Study. 1/2/3 hrs
Directed study of a problem or group of problems in production systems or management science.
Prereq: Department permission.

PRODUCTION/OPERATIONS MANAGEMENT COURSES

POM 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

POM 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

POM 374 Introduction to Production/Operations Management. 3 hrs
The major design, operation, and control problems of production/operations management in manufacturing and service organizations. Topics include product or service design; facilities location, design and layout; productivity including job design, standards and incentive plans; materials management including forecasting, purchasing, and inventory control; production control; quality assurance and control.
Prereq: DS 265.

POM 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

POM 387 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization to impart a practical experience in production/operations management disciplines. Credit/no credit basis for general elective credit only. Admission by application only.
Prereq: Completion of three hours in production/operations management area. Department permission.

POM 389 Management Systems. 3 hrs
Various concepts of systems theory and applications to management. The environment and boundaries of a
system, organizational information flows and the firm as a system, cybernetics and communication theory, and the management of large-scale systems. Not open to ORIS majors.

Prereq: MGMT 386.

POM 428 Linear Programming. 3 hrs
Theories and applications of linear programming models. Formulation, graphical solution, simplex method, revised simplex method, duality theorem, sensitivity analysis, parametric programming, integer programming, transportation models, transshipment models, assignment models, input/output models, and zero-sum game models.

Prereq: IS 215.

POM 472 Tools for Strategic Quality Management. 3 hrs
Examination of "Enumerative" and "Analytic" statistical studies of Quality Management. Emphasis is given on how to diagnose an unstable process and how to improve a stable process through analysis of control charts and other management tools for continuous improvement. Major modern philosophies by Deming and Taguchi, as well as others, concerning quality management, are discussed.

Prereq: POM 374.

POM 474 Design of the Production/Operations System. 3 hrs
An in-depth qualitative, quantitative, and computerized analysis of problems related to the design of manufacturing and non-manufacturing systems. Product service design, process planning, facilities planning, job design and measurement, maintenance planning and control.

Prereq: POM 374.

POM 475 Production and Inventory Control I. 3 hrs
The main objective of this course is to provide students with a solid background in several topics in the field of production and inventory control. Specifically, an in-depth analysis of the following topics is covered: Strategic Planning; Forecasting of Demand and its relationships to Production Planning; Master Production Scheduling & Demand Management; Material Requirements Planning; and Capacity Management. These topics are discussed within the framework of production to stock, assemble or finish to order, with production to order. A secondary objective of this course is to provide students with material necessary to start preparing for the certification exams of the American Production & Inventory Control Society (APICS) in Master Planning, and Material & Capacity Requirements Planning.

Prereq: POM 374.

POM 476 Production and Inventory Control II. 3 hrs
The main objective of this course is to provide students with a solid background in several topics in the field of production and inventory control. Specifically, an in-depth analysis of the following topics is covered: Inventory Management & Distribution Requirements Planning (DRP), Production Activity Control (PAC), Purchasing Management, Project Management, Just-In-Time, and the role of Quality Management. A secondary objective of this course is to provide students with the material necessary to start preparing for the CPIM exams of the American Production & Inventory Control Society (APICS) in Inventory Management, Production Activity Control, and Just-In-Time.

Prereq: POM 374.

POM 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

POM 480 Production/Operations Management World Business View. 3 hrs
A discussion of similarities and differences in concepts and techniques used worldwide in Production/Operations Management. American, European, and Japanese systems are compared and analyzed throughout this course. Comparative topics in POM include productivity, management, product/service design, process planning and manufacturing technology, facilities planning, maintenance and quality management, production/inventory planning and control system, and planning and control of repetitive manufacturing.

POM 487 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization to impart a practical experience in production/operations management disciplines. Credit/no credit basis for general elective credit only. Admittance by application only.

Prereq: POM 387, Department permission.
POM 489 Internship.  3 hrs
Directed full-time work experience in the production/operations management units of a business organization. This course may be repeated for a maximum total of six hours.
Prereq: Major and department permission.

POM 497/498/499 Independent Study.  1/2/3 hrs
Directed study of a problem or group of problems in production systems or management science.
Prereq: Department permission.
MANAGEMENT

Sahab Dayal
Department Head
406 Gary M. Owen Building
487-3240

Associate Professors: Jean Bush-Bacelis, Pradeep Chowdhry, Jagdish Danak

Assistant Professors: Deborah Ettington, Stephanie E. Newell, Jack Nightingale

Graduates from Eastern's Management department are prepared to assume leadership roles in today's dynamic environment in both business and nonbusiness organizations. They understand the roles of management as well as the complex social and environmental obligations faced in business today. In so doing, they are ready to apply the needed technical, human, and conceptual skills.

Eastern's Management graduates understand and are able to apply the behavioral sciences in planning, implementation, communication, organizational design and development, and in performance measurement to maximize organizational and employee achievement.

Programs of Study

Majors:
- General Business
- Management

Minors:
- General Business
- Management

Faculty from the department provide both academic and career advising assistance Monday through Friday while school is in session, or by appointment. Management advisers are available to help students tailor a course program that answers a variety of career needs in both general business and management.

Advising Coordinator: Sahab Dayal

Details on the department's innovative Master of Science degree in human resource organizational development (HR/OD) are available in the Graduate Catalog.

ACADEMIC MAJORS

GENERAL BUSINESS MAJOR

The major in general business has been designed for students seeking a broad business background rather than specialization in any one functional area of business. The program for the general business major includes a minimum of 124 semester hours for graduation as stipulated in the catalog.

Basic Studies

I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. Either:

* MATH 118 Mathematical Analysis for Social Sciences I (3)

or

Math 122 Elementary Linear Algebra (3)

and

MATH 105 College Algebra (3)

[Math 119 Mathematical Analysis for Social Sciences II (3) or Math 120 Calculus I (3) is also acceptable.]

II-B-5. IS 215 End-User Computing (3)

II-B-1. Basic Studies requirement. See inside back cover
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. Basic Studies requirement. See inside back cover
III-B-1. PLSC 112/113 American Government or PLSC 202 State and Local Government (3)

III-B-2. Basic Studies requirement. See inside back cover
III-B-3. ECON 201 Principles of Economics I (3)

III-B-4. ECON 202 Principles of Economics II (3)

IV-B-1. Basic Studies requirement. See inside back cover
IV-B-2. Basic Studies requirement. See inside back cover
IV-B-3. Basic Studies requirement. See inside back cover

Logic or ethics is strongly recommended for philosophy or religion requirement.

IV-B-4. Basic Studies requirement. See inside back cover

Physical education, military science, or equivalent (2)

Credit hours in Basic Studies: .......................... 49

* Students planning to pursue graduate study in business administration are encouraged to select MATH 120 Calculus I and MATH 122 Elementary Linear Algebra.
Business Core
ACC 240 Principles of Accounting I (3)
ACC 241 Principles of Accounting II (3)
LAW 293 Legal Environment of Business (3)
MGMT 202 Business Communications (3)
IS 215 End-User Computing (3)
DS 265 Business Statistics I (3)
Credit hours in Business Core: ................................. 18

Business Administration Core
(All 200-level core courses must be completed prior to admission to the College of Business)
FIN 350 Principles of Finance (3)
MKTG 360 Principles of Marketing (3)
MGMT 386 Organizational Behavior and Theory (3)
POM 374 Introduction to Production/Operations Management (3)
MGMT 490 Business Policy (3)
(All 300-level core courses listed above must be completed before enrollment in MGMT 490 Business Policy.)
Credit hours in Business Core: ................................ 16

Additional Required Courses
Credit hours in Additional Required Courses: ............... 12

Academic Major
MGMT 384 Human Resource Management (3)
MGMT 388 Introduction to Entrepreneurship (3)
MGMT 460 Management Skills (3)
MGMT 480 Management Responsibility and Ethics (3)
Credit hours in Academic Major: ............................... 12

Restricted Electives
Twelve hours of restricted electives must come from at least 3 different departments in the College of Business. At least 6 hours must be at the 300 or 400 level.
Credit hours in Restricted Electives: ......................... 12

Electives
Credit hours in Electives: ........................................ 11-19

Total credit hours required: ...................................... 124

Management Major
The major in management prepares students for a variety of roles in the business world. Depending on the courses chosen, these roles can include line and staff supervisory positions and human resource assignments. The general requirements for the Bachelor of Business Administration degree include a minimum of 124 semester hours for graduation as stipulated in the catalog.

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover

Academic Major
MGMT 384 Human Resource Management (3)
MGMT 460 Management Skills (3)
MGMT 480 Management Responsibility and Ethics (3)
MGMT 486 Organizational Development (3)

Choose four courses from the following:
MGMT 388 Introduction to Entrepreneurship (3),
MGMT 402 Business Report Writing or MGMT 403 Managerial Communication: Theory and Application (3), MGMT 479 Special Topics (3),
MGMT 482 Compensation Administration (3), MGMT 483 Staffing Organizations (3), MGMT 484 Management-Union Relations (3), MGMT 485 Human Resource Development (3), MGMT 492 Managing World Business Communication or MGMT 495 International Management (3),
MGMT 496 Current Issues in Human Resource Management (3)

Credit hours in Academic Major: ...................... 24

Credit hours in Electives: .............................. 11-19

Total credit hours required: ............................ 124

GENERAL BUSINESS MINOR
(21 HOURS)
(For nonbusiness majors)

ACC 240 Principles of Accounting I (3)
ACC 241 Principles of Accounting II (3)
LAW 293 Legal Environment of Business (3)

Choose four courses from the following:
FIN 350 Principles of Finance (3), FIN 354 Investments (3),
+IS 215 End-User Computing (3),
LAW 393 Law of Business Enterprises (3),
MGMT 202 Business Communications (3),

* Satisfies Basic Studies requirement 1-8-8.

MANAGEMENT MINOR
(21 HOURS)
(For nonbusiness majors)

ACC 240 Principles of Accounting I (3)
MKTG 360 Principles of Marketing (3)
MGMT 386 Organizational Behavior and Theory (3)

Choose four courses from the following:
IS 215 End-User Computing, POM 374 Introduction to Production/Operations Management, POM 390 Management Systems

MANAGEMENT COURSES

MGMT 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

MGMT 202 Business Communications. 3 hrs
Study of principles, elements, and practices underlying administrative communication. The thinking and creative processes involved in problem-solving. The psychology, planning, and transmittal of business information.
Prereq: CTAS 121/124 and ENGL 121.

MGMT 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other
departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

MGMT 377/378/379 Special Topics. 1/2/3 hrs  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

MGMT 384 Human Resource Management. 3 hrs  
Industrial relations functions in business organization. Recruitment, selection, placement, training, motivation, and appraisal of personnel; the scientific approach to the solution of practical problems of industrial manpower utilization.

MGMT 386 Organizational Behavior and Theory. 3 hrs  
The study of behavioral problems in administration. Individual, group, intergroup, and organizational behavior under dynamic environment conditions.

MGMT 387 Cooperative Education. 3 hrs  
Four months of full-time employment at a business or public organization in a management position chosen for imparting a practical experience in management. Use on a management major or minor not permitted. Graded credit/no credit. Admittance by application only.  
Prereq: Completion of three hours in management.

MGMT 388 Introduction to Entrepreneurship. 3 hrs  
This course emphasizes the role of entrepreneurs in making integrated managerial and growth decisions for an enterprise from the initial start-up through various evolutionary stages of growth.

MGMT 390 Introduction to Strategic Management. 3 hrs  
A study of the environment in which managers operate, using cases and exercises. The development of decision making and other analytical skills.  
Prereq: MGMT 386 and FIN 350 (FIN 350 may be taken concurrently).

MGMT 402 Business Report Writing. 3 hrs  
Study of principles and practices of business report writing required of men and women in business, industry, education, and government. Concepts, their illustrations, and applications. The creative and functional aspects in understanding the problem, gathering, and organizing data, and presenting reports for management, employees, and the public.  
Prereq: MGMT 202.

MGMT 408 Managerial Communication: Theory and Application. 3 hrs  
A theoretical framework of key managerial communication concepts; skills used to diagnose communication problems and to communicate corporate policies.  
Prereq: MGMT 202, MGMT 386 or department permission.

MGMT 460 Management Skills. 3 hrs  
This course will provide students with extensive practice in critical management skills such as group facilitation, project management, supervising employees, and individual career management. Multiple participative techniques will be used such as case study, exercises, group projects, and student presentations.  
Prereq: MGMT 384 and MGMT 386.

MGMT 477/478/479 Special Topics. 1/2/3 hrs  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: MGMT 386 or department permission.

MGMT 480 Management Responsibility and Ethics. 3 hrs  
Social, legal, and moral pressures of external and community groups on business operations; management's role of responsibility and leadership in interacting with these forces and reducing and resolving conflicts with them.  
Prereq: Senior standing or department permission.

MGMT 481 Small Business Management. 3 hrs  
A study of the major concepts and fundamental principles involved in the management of a small business enterprise. The role of the small firm in the national economy; the managerial considerations and problems confronting the entrepreneur in establishing such a venture.  
Prereq: Completion of all business junior-level core courses.

MGMT 482 Compensation Administration. 3 hrs  
Basic concepts of design and methodology for wage and salary administration in an organization. Fundamental considerations in evaluating jobs and positions. Com-
pensation methods and wage incentive systems.  
Prereq: MGMT 384 and MGMT 386 or department permission.

MGMT 483 Staffing Organizations.  
3 hrs  
The staffing of organizations; skills needed in human resource planning, recruitment, job analysis, selection techniques, and evaluation.  
Prereq: MGMT 384.

MGMT 484 Management-Union Relations.  
3 hrs  
Management strategy and techniques for conducting effective management-union relationships and negotiations; contract administration for both industrial and non industrial organizations.  
Prereq: MGMT 384 and MGMT 386 or department permission.

MGMT 485 Human Resource Development.  
3 hrs  
Determination of training needs; development of training objectives; selection and development of resources for appropriate training experiences; implementation of training program evaluation.  
Prereq: MGMT 384 or department permission.

MGMT 486 Organizational Development.  
3 hrs  
A practical approach to organizational renewal, or the strategies used to effect change in organizations operating under dynamic conditions, including the role of the change agent.  
Prereq: MGMT 386 or department permission.

MGMT 487 Cooperative Education.  
3 hrs  
Four months of full-time employment at a business or public organization in a management position chosen for imparting a practical experience in management. Use on a management major or minor not permitted. Credit / no credit. Admittance by application only.  
Prereq: MGMT 387. Department permission.

MGMT 488 Small Business Management Field Study.  
3 hrs  
Detailed study of an actual small business, analyzing the operation and making recommendations. A comprehensive written report is required, with one copy going to the owner of the business. Credit / no credit.  
Prereq: Department permission.

MGMT 489 Internship.  
3 hrs  
Approved on-the-job experience of students in the management internship program supplemented by seminars as appropriate. Open only to students formally enrolled in the program and taken during their terms of supervised work experience. May be repeated for a maximum of six semester hours, but may be counted for free elective credits only. Graded credit/no credit.  
Prereq: Department permission.

MGMT 490 Business Policy.  
3 hrs  
Integration and analytical application of fundamental areas of business to case problems. Policy issues in the identification and resolution of problem situations.  
Prereq: Senior standing in business administration or department permission (senior standing implies completion of the College of Business core): FIN 350, MKTG 360, MGMT 386, POM 374)

MGMT 492 Managing World Business Communication.  
3 hrs  
This course focuses on such issues as global management in a cultural context, breaking down international business barriers, motivation in a global context, management of culture shock, international conflict management, management and cultural synergy, and business communication practice and traditions in specific national settings.  
Prereq: MGMT 202 or department permission.

MGMT 495 International Management.  
3 hrs  
Comparisons of management concepts, processes, and practices in various countries with their different educational, sociological, legal-political, and cultural constraints. The evolution of management and the transfer of managerial philosophy and practices to other countries.  
Prereq: MGMT 386 and senior standing or department permission.

MGMT 496 Current Issues in Human Resource Management.  
3 hrs  
A practical application of personnel management techniques to actual current business issues; specially designed workshop-type sessions for prospective managers, supervisors, and personnel specialists.  
Prereq: MGMT 384 and 3 hours of HRM courses.

MGMT 497/498/499 Independent Study.  
1/2/3 hrs  
Directed study of a problem in management not otherwise treated in department courses.  
Prereq: Senior standing and department permission.
To be completed are the general requirements for the Bachelor of Business Administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 semester hours for graduation.

Basic Studies
I-B-1. ENGL 121 English Composition (3)
I-B-2. Basic Studies requirement. See inside back cover
I-B-3. Basic Studies requirement. See inside back cover
I-B-4. Either:
  * MATH 118 Mathematical Analysis for Social Sciences I (3)
  or
  Math 122 Elementary Linear Algebra (3)

and
  MATH 105 College Algebra (3)
  [Math 119 Mathematical Analysis for Social Sciences II (3) or Math 120 Calculus I (3) is also acceptable.]

I-B-5. IS 215 End-User Computing (3)
II-B-1. Basic Studies requirement. See inside back cover
II-B-2. Basic Studies requirement. See inside back cover
II-B-3. Basic Studies requirement. See inside back cover
III-B-1. PLSC 112/113 American Government or PLSC 202 State and Local Government (3)
III-B-2. Basic Studies requirement. See inside back cover
III-B-3. ECON 201 Principles of Economics I (3)
III-B-4. ECON 202 Principles of Economics II (3)
IV-B-1. Basic Studies requirement. See inside back cover
IV-B-2. Basic Studies requirement. See inside back cover
IV-B-3. Basic Studies requirement. See inside back cover

Logic or ethics is strongly recommended for philosophy or religion requirement.

IV-B-4. Basic Studies requirement. See inside back cover

Academic Major

MKTG 261 Contemporary Selling (3)
MKTG 365 Buyer Behavior (3)
MKTG 368 Marketing Strategy (3)
MKTG 470 Marketing Research (3)
MKTG 475 Marketing Planning and Management (3)

Choose one of the following suggested concentrations or any nine-hour combination of marketing electives:

The advertising and sales promotion concentration prepares students for positions leading to careers as account executives, sales promotion managers, and advertising managers.

MKTG 369 Advertising (3)
MKTG 474 Promotional Strategy (3)
Any additional marketing elective (3)

The international business concentration prepares students for a variety of positions in organizations conducting business in foreign environments. Course work describes international trade, foreign exchange, comparative advantage, and marketing opportunity assessment. Course work in a foreign language is suggested.

MKTG 375 International Business Transactions (3)
MKTG 460 International Marketing (3)
Any additional marketing elective (3)

The purchasing and materials management concentration prepares students for careers as purchasing managers, directors of purchasing, distribution managers, traffic managers, and directors of materials management. Areas of study include assessing business markets, vendor analysis, economics of purchasing, and materials planning systems.

MKTG 364 Logistics and Materials Management (3)
MKTG 374 Business to Business Marketing (3)
MKTG 464 Purchasing Management (3)

The distribution concentration prepares students for careers as retail buyers, merchandising managers, and store managers. Course work covers subjects such as retailing as an institution, site selection, product assortment, merchandising, retail advertising, and inventory control.

MKTG 363 Retailing (3)
MKTG 369 Advertising (3)
MGMT 384 Human Resource Management (3)

The sales and sales management concentration prepares students for such careers as salesman, district sales manager, and national sales manager.

MKTG 374 Business to Business Marketing (3)
MKTG 461 Sales Management (3)
Any additional marketing elective (3)

The marketing management concentration prepares students for positions in marketing administration such as product or brand management, customer satisfaction, and market manager.

Any three marketing electives (9)
Credit hours in Academic Major: 24
Credit hours in Electives: 11-19

Total credit hours required: 124

ACADEMIC MINORS

MARKETING MINOR
(FOR NONBUSINESS MAJORS)

Students who are not majors in the College of Business may elect to minor in marketing.

MGMT 386 Organizational Behavior and Theory (3)

Choose 12 credits from marketing courses (12)

MARKETING COURSES

MKTG 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.

MKTG 261 Contemporary Selling. 3 hrs
The basic principles of personal selling applicable to any product and/or service; professional attitudes and performance.

MKTG 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.
MKTG 287 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization in a marketing position. General elective credit only. Credit/no credit.
Prereq: Department permission.

MKTG 360 Principles of Marketing. 3 hrs
Marketplace exchanges; the relationship between marketing activities of the organization and the consumer.

MKTG 363 Retailing. 3 hrs
The practices of retail store management. Store location, layout, organization, buying systems, sales promotion activities, customer services, and store operating expenses.
Prereq: MKTG 360.

MKTG 364 Logistics and Materials Management. 3 hrs
Concepts and systems designed to facilitate and control the movement of materials and parts through the procurement, production, and distribution processes until they reach the final user. Transportation, inventory control, materials handling, warehousing, customer service, order processing, planning, and control.
Prereq: MKTG 360.

MKTG 365 Buyer Behavior. 3 hrs
Concepts and research related to consumer and industrial buyer behavior. Sociological and psychological aspects of consumer and industrial buyer behavior, product adoption and diffusion, and purchasing decision-making.
Prereq: MKTG 360 and PSY 101.

MKTG 368 Marketing Strategy. 3 hrs
Advanced policies and practices in marketing. Case analysis of marketing problems pertinent to product, price, promotion, and channels of distribution policies.
Prereq: MKTG 360 and ACC 240.

MKTG 369 Advertising. 3 hrs
Advertising as a communications tool in marketing management. The role of advertising in the marketing mix; advertising and the process of communication; influence of buyer behavior on the character of promotional efforts; planning creative strategy; effective execution of promotional programs; measuring the results of promotional efforts.
Prereq: MKTG 360.

MKTG 374 Business to Business Marketing. 3 hrs
Concepts, procedures, and problems encountered when one business markets its products or services to another company. Emphasizes the marketing practices employed by industrial organizations. Topics include market analysis, organizational buying behavior, purchasing procedures, pricing and negotiation, selling, and marketing planning.
Prereq: MKTG 360.

MKTG 375 International Business Transactions. 3 hrs
How goods and services are moved internationally. Transportation concepts and systems, the shipping scene, various documents needed to expedite the international movement of goods.
Prereq: MKTG 360.

MKTG 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.

MKTG 387 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization in a marketing position. General elective credit only. Credit/no credit.
Prereq: Three hours of marketing. Department permission.

MKTG 390 International Marketing. 3 hrs
International marketing and its role in the multinational corporation. Appraising international market opportunities; product, price, promotion, and distribution policies; foreign marketing environments.
Prereq: MKTG 360.

MKTG 461 Sales Management. 3 hrs
Planning, organizing, directing, and controlling the sales force. Recruiting, selecting, training, evaluating, compensating, and supervising.
Prereq: MKTG 261 and MKTG 360.

MKTG 464 Purchasing Management. 3 hrs
Planning, organizing, directing, and controlling the purchasing function. Purchasing systems, forms, and procedures; selecting sources of supply; inventory control; transportation; legal aspects of purchasing; purchasing research, planning, and budgeting.
Prereq: MKTG 360 and FIN 350.
MKTG 470 Marketing Research. 3 hrs
Skills and attitudes required to specify and utilize market and buyer information in defining marketing problems and making marketing decisions. Applied marketing research problems.
Prereq: MKTG 360 and DS 265.

MKTG 473 Marketing and Product Innovation. 3 hrs
Marketing and product successes and failures, environmental influences, market/product plans, and the new product planning process. Development of a project starting with product idea and continuing through offering a new product/service.
Prereq: MKTG 360.

MKTG 474 Promotional Strategy. 3 hrs
Problems of advertising and promotion including appropriate use of research in advertising decision-making. Development of advertising campaigns, determining advertising effectiveness, client-agency relationships and societal impact of advertising.
Prereq: MKTG 369.

MKTG 475 Marketing Planning and Management. 3 hrs
Integration of concepts from previous marketing courses and planning the marketing program.
Prereq: MKTG 368 and marketing major with senior standing or department permission.

MKTG 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.

MKTG 487 Cooperative Education. 3 hrs
Four months of full-time employment at a business or public organization in a marketing position. General elective credit only. Credit/no credit.
Prereq: MKTG 387. Department permission.

MKTG 489 Internship. 3 hrs
Approved marketing projects with business or nonprofit organizations.
Prereq: Marketing major and department permission.

MKTG 497/498/499 Independent Study. 1/2/3 hrs
Directed study of a specific problem area under the direction of a faculty member.
Prereq: Senior standing and department permission.

---

LAW Courses

LAW 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.

LAW 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.

LAW 293 Legal Environment of Business. 3 hrs
The judicial system and legal procedure, crimes and torts, contractual arrangements, sales of goods, and other transactions under the Uniform Commercial Code.

LAW 295 Legal Research. 3 hrs
The performance of research on several actual legal problems.
Prereq: LAW 293.

LAW 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Departmental permission.

LAW 388 Law of Business Enterprises. 3 hrs
The law of forms of business enterprise and negotiable instruments. Agency, partnerships, corporations, and negotiable instruments.
Prereq: LAW 293 or department permission.

LAW 403 Employment Law. 3 hrs
The legal framework within which business (or public) managers must make employment and labor relations decisions; includes laws relative to labor relations, discrimination, affirmative action, occupational health and safety, wage-hour, wrongful discharge, workers compensation, etc.
Prereq: LAW 293.

LAW 435 Law and Marketing. 3 hrs
The influence of law on decision-making in marketing; antitrust and consumer protection issues.
Prereq: LAW 293.
LAW 455 Real Estate Law. 3 hrs
Legal principles involved in real estate. Evidence of title, deeds, financing, legal position of brokers, leases, zoning, real estate taxes.
Prereq: LAW 293 or RES 210.

LAW 479 Special Topics. 3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: LAW 293. Department permission.

LAW 499 Independent Study. 3 hrs
Directed study of a problem in business law not otherwise treated in department courses.
Prereq: Senior standing and department permission.

DEPARTMENTS

HEALTH. PHYSICAL EDUCATION, RECREATION, AND DANCE
LEADERSHIP AND COUNSELING
SPECIAL EDUCATION
TEACHER EDUCATION
THE PROFESSIONAL EDUCATION PROGRAMS OF EASTERN MICHIGAN UNIVERSITY

Applicability

The curricula and academic policies contained in this portion of the catalog are applicable to students who were admitted to the professional education program for the initial preparation of teachers (the teacher education program) on or after the effective date of this catalog.

Persons admitted to the teacher education program under the provisions of an earlier catalog may continue to follow the curriculum and academic policies of the earlier catalog, except in such cases as a state-imposed policy (e.g., testing), expiration of a time limit, courses/programs no longer being offered, etc. However, students falling under the provisions of an earlier catalog are encouraged to change to and to follow the provisions of this catalog or its successors.

Authority

The curricula and academic policies contained in this catalog have been established under the EMU procedures for faculty input and administrative action. Extensive effort has been made to insure that the curricula and academic policies contained herein are in conformity with requirements of the National Council for the Accreditation of Teacher Education, the state of Michigan, the Michigan Department of Education, the Board of Regents of Eastern Michigan University, policies and processes of Eastern Michigan University, and, in a number of instances, discipline-based accrediting bodies and professional associations.

It is not necessarily the case that other EMU materials (e.g., older catalogs, departmental/program handout materials) are in conformity with the curricula and academic policies described in the previous paragraph. Therefore students subject to the provisions of this catalog must consider this portion of the catalog as the authoritative source of information.

Amendment

As this document is used, technical errors may be found and corrected. It is possible that substantive changes may be made and implemented before the next editions of either or both the Undergraduate Catalog or Graduate Catalog are issued.

The University reserves the right to change fees, courses, policies, programs, services, and personnel as required. The official, amended edition of the curriculum and academic policy portions of this catalog is maintained in the Office of the Dean of the College of Education. An informational copy, accessible to students, faculty, and staff, is maintained in the College of Education, Office of Academic Services.

Transfer Students

Many of the curricular and academic policy provisions of this catalog are stated as though the student took all work at Eastern Michigan University. It is recognized that many students have course work from other institutions. Inquiries about the possible application of some or all work from other institutions to an undergraduate program of study at Eastern Michigan University should be directed to the Office of Records and Registration, where they will be addressed in conformity with EMU policies on transfer work. Inquiries about the possible application of some or all work from other institutions to a graduate program of study at EMU should be directed to the graduate coordinator in the department in which the program is housed.

Post Baccalaureate Students

Except where otherwise noted, students who hold a baccalaureate (or higher) degree prior to the beginning of pedagogical studies or prior to admission to the teacher education program are expected to complete all requirements for the desired teaching speciality as outlined in this catalog. These requirements include (but are not limited to) those related to the teachable major and teachable minor, grade point average, admission to the teacher education program, the appropriate pedagogical sequence, and required state tests.

A useful first step for persons who fall into this category is to consult with personnel of the Records and Registration Office regarding which courses are already part of the person’s academic record are applicable to the desired teaching speciality.

Exceptions

By policy of the College of Education Council, covering matters related to all professional education programs and, in addition, all other programs offered by the College of Education, requests for exceptions to academic policy (e.g., admission, retention, exit requirements) and for exceptions to curricular requirements are to be processed through administrative channels.

In particular, a request for an exception should be discussed with the academic adviser, reviewed and ap-
proved by the appropriate department head, and reviewed and approved by the Dean of the College of Education (or his designee). From there, depending on the nature of the request for exception, it may be reviewed as necessary by other administrators, and, if approved at all levels, transmitted to the appropriate office for use at the time of graduation audit and/or request for recommendation for certification.

In general, there are few appropriate opportunities for exceptions to be made. Each component of a program is carefully designed to accomplish some particular purpose. Where options are available, they are identified in this document. Where options are not available, it is generally because requirements (local or external) do not permit other approaches.

**INTERPRETATION**

Any student, staff member, faculty member, or administrator may request an official interpretation of the provisions of this portion of the catalog. Such a request must be made, in writing, to the Dean of the College of Education. The Dean will advise the requester of the source of the policy or curriculum requirement in question. If the source is an authority other than EMU governance structure for professional education (e.g., Michigan Department of Education), the requester will be advised from whom the interpretation should be sought. If the source is the EMU governance structure for professional education, the Dean, in consultation with appropriate parties, will obtain and provide the requested interpretation.

**RELATIONSHIP OF THIS DOCUMENT TO OTHER MODES OF WRITTEN AND ORAL ADVICE**

Students to whom the provisions of this catalog are applicable (see above) must understand that, in the event of inconsistency between (a) oral advice (e.g., conversation with a faculty or staff member) or informal written advice (e.g., an advising form, a brochure, a letter) and (b) the provisions of this catalog, the provisions of this catalog are the ones that govern the situation.

Given the size and complexities of the professional preparation programs of Eastern Michigan University, the complicated interactions between university programming and external authorities, the rapid change that is occurring to keep EMU professional education programming on "the cutting edge," and other such factors, it is virtually impossible for any single faculty or staff member to be completely and fully informed on every matter that might be raised.

Faculty and staff members make every effort to be helpful to students and departmental/program materials are intended to inform. Even so, none of these sources is infallible, especially in complicated situations.

Thus there is the need for a single, authoritative source of information about professional education curricula and academic policy on which the entire EMU community can draw and in which all can have confidence. This portion of the catalog is intended to serve that purpose.

**THE GOVERNANCE OF PROFESSIONAL EDUCATION**

As a member of The Renaissance Group, Eastern Michigan University is committed to the principle that teacher preparation is a campus-wide responsibility. Many EMU organizational entities are involved with services to prospective teachers (and other professional personnel) and teacher (and other professional personnel) preparation program delivery. Several established faculty bodies are charged with roles involving curriculum and academic policy issues.

**Committee on Basic Programs**

The Committee on Basic Programs (CBP) is charged, under its governing document, with the coordination of initial teacher preparation. The CBP is composed of elected faculty members from three academic colleges, each representing one or more program areas in which the institution prepares beginning teachers; students; and major administrators of the teacher education program. The determinations of the CBP are made as recommendations to the Education Council.

**College of Education Council**

The College of Education Council (COE Council) is composed of elected members of the faculty of the College of Education. CBP recommendations are forwarded to the COE Council for its review. Positive recommendations are forwarded through the dean of the College of Education to the Office of the Provost/Vice President for Academic Affairs for further review and approval.

All matters related to the advanced preparation of teachers and related to the preparation of all other types of educational personnel (e.g., principals, counselors) are processed through the Committee on Advanced Programs and the COE Council determinations are forwarded through the dean of the College of Education to the Office of the Provost/Vice President for Academic Affairs.
Central Institutional Structures

An item approved by the College of Education Council and also approved by the dean of the College of Education is transmitted to the Office of the Provost and Vice President for Academic Affairs. From there, the routing to obtain closure on the item, depending on the nature of the item, might be to one or more of several different entities, including the Faculty Council, the Graduate School, the Board of Regents, etc. The policies, procedures, minutes, etc. of these various structures are available through the executive officer of the body or the relevant Eastern Michigan University administrator.

General Information Applicable to All Prospective Teachers

Eastern Michigan University is authorized and approved by the Michigan Department of Education and accredited by the National Council for Accreditation of Teacher Education to prepare the following types of teachers. Successful completion of the appropriate program of studies leads to a recommendation for the Michigan provisional certificate.

Elementary

Several approaches for establishing eligibility for recommendation for certification as an elementary teacher are offered. One approach includes the coursework necessary for eligibility for the additional early childhood education endorsement. See for the curricula in both elementary and early childhood education.

Secondary and K-12

Programming is offered to establish eligibility for recommendation for certification as a secondary teacher in the following fields: biology, business education, chemistry, computer science, earth science, economics, English, French, general science, geography, German, history, industrial-vocational education, marketing education, mathematics, physics, political science, psychology, social science, sociology, Spanish, and speech. See the curricula for these secondary programs.

Programming is offered to establish eligibility for recommendation for certification as a K-12 teacher in the following fields: art, industrial arts, Japanese language and culture, music, and physical education. See the curricula for these K-12 programs.

Special Education

In general, one must complete requirements for becoming an elementary or secondary teacher prior to or simultaneously with completing additional requirements for becoming a special education teacher. At the baccalaureate level, EMU prepares special education teachers in the areas of emotionally impaired, hearing impaired, mentally impaired, physically and otherwise health impaired, and visually impaired. The speech and language impaired program is a five-year course of study that culminates in a master's degree. The learning disabilities program is a graduate-level program only. See the curricula for these special education programs.

Endorsements

One may become eligible to become endorsed in a second (or third or fourth) teaching field. In addition to the teaching fields given above, coursework leading to eligibility for recommendation for a certification endorsement is available in such fields as astronomy, bilingual Spanish, health, vocational business education, and vocational home economics.

Employment Opportunities

The demand for certain kinds of teachers is much greater, both in Michigan and nationally, than it is for other kinds of teachers. In addition, it is sometimes difficult to place student teachers in certain teaching fields. Accordingly, prospective teachers are urged to consult with an adviser at an early point so as to optimize ultimate employment opportunities through careful selection of a course of study.

Admission to and Retention in the Teacher Education Program

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher education program. Admission requirements are common for all teacher education programs.

Application for admission to the teacher education program should occur immediately after the semester in which the student has earned 56 semester hours of credit. Transfer students with more than 56 semester hours should apply immediately after the semester in which they have earned 12 semester hours at EMU.

Admission to the teacher education program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.
Application forms and additional information are available in the College of Education Office of Academic Services, 101 Boone Hall.

Criteria

Criteria for admission to and continuance in the teacher education program are:

1. A minimum EMU overall grade point average of at least 2.50 and at least 2.50 in the major (secondary and where applicable, elementary) or three minors (elementary). As an alternative to the overall 2.50 GPA requirement, an applicant may substitute either of the following:
   a. Complete 24 credit hours of approved undergraduate work in Michigan-approved substantive fields at Eastern Michigan University and earn a GPA of 2.50 or better. At least one half of the credits must be in the student’s major or minor(s) which he/she expects to teach. Students may not enroll in courses for which admission to the teacher education program is a prerequisite before the 24 hours are completed.
   b. Complete a master’s degree in a Michigan substantive field he/she expects to teach. Students may not enroll in courses for which admission to the teacher education program is a prerequisite before the master’s degree is completed.

2. Demonstrated competence in:
   a. speaking effectiveness as determined by successful completion of the required course(s) in speech;
   b. reading ability as determined by EMU admission policies, successful completion of basic studies requirements; and successful completion of the state-mandated basic skills test.
   c. written expression as determined by successful completion of all basic studies requirements, a review of an autobiography submitted as a part of the teacher education program admission process; and successful completion of the state-mandated basic skills test.
   d. mathematical computation as determined by EMU admissions policies, completion of basic studies requirements in science and mathematics with a C or better, and successful completion of the state-mandated basic skills test.

3. Satisfactory health status, including tuberculosis and speech and hearing screenings.
4. Social and emotional adjustment: account is taken of standards of conduct expected on Eastern’s campus; the degree to which students meet their academic, financial, moral, social, and other obligations; and the practice of good citizenship among fellow students.
5. Freedom from any kind of probation—administrative or academic. While on academic probation, students may not register for, remain in, or receive credit for a professional education course. This includes all methods classes taught in departments outside of the College of Education.

Undergraduate students on academic probation may not earn credit for any graduate level on-campus or off-campus courses (500 level and above).

Prestudent Teaching Field Experiences

Robbie A. Johnson
Director

The prestudent teaching field experience requires prospective teachers to work with children or youth in an actual classroom setting. It is designed to help prospective teachers evaluate their own abilities as teachers and to affirm their decision about choosing teaching as a career. It also enables prospective teachers to understand how the professional education courses in human development and learning, social aspects of teaching, and curriculum and methods relate to the classroom.

A minimum of 100 clock hours of approved prestudent teaching field experiences are required of all candidates for a recommendation for a teaching certificate. See the program descriptions for the exact requirement in each program. At least 50 percent of the experience must be in a classroom situation with the age group and (in the case of secondary/K-12) in the subject matter area the student plans to teach. By the end of the prestudent teaching field experience, the student should be able to:

1. describe some of the major issues confronting the school in society;
2. describe the organization and operation of a public school;
3. explain some classroom management skills;
4. understand how students in the public schools
behave and learn;
5. describe some teaching methods and teaching behaviors;
6. make a valid decision concerning teaching as a career.

Students may and should complete the prestudent teaching experience early in their college career. Students should identify a prestudent teaching field assignment that includes a wide range of experiences with students from different socio-economic levels and cultures. The teaching activity selected must be approved by the College of Education Office of Academic Services. All prestudent teaching requires the completion of a course pack.

Majors in special education should consult their advisers or the prestudent teaching director concerning overlapping preclinical requirements.

STUDENT TEACHING

Robbie A. Johnson
Director

Applicability
All candidates for recommendation for certification as a teacher are required to fulfill a student teaching requirement in the area of their academic preparation and at the level for which certification is being sought.

Students desiring certification in the elementary, secondary, and K-12 programs are required to complete successfully twelve semester hours of student teaching.

Students in special education areas (emotionally impaired, hearing impaired, mentally impaired, physically or otherwise health impaired, visually impaired) are required to fulfill six semester hours of student teaching with nonimpaired children and an additional ten semester hours of student teaching in their area of specialization.

Students desiring certification in bilingual education are required to fulfill 8 semester hours of student teaching with English-speaking children and an additional 4 semester hours of student teaching in bilingual education.

Application Deadlines
Applications for student teaching may be obtained from the College of Education Office of Academic Services, 101 Boone Hall, and should be completed and returned to that office in accordance with the following schedule:
Fall student teaching:
previous January 15
Summer student teaching:
previous January 15
(By special permission only)
Winter student teaching:
previous June 15
Spring student teaching:
previous January 15
(By special permission only)

Applications for student teaching will be accepted after the deadline; however, placement priority is given to those students who file in accordance with the deadline dates and it is rarely possible to provide placements for those who apply late.

Eligibility for Student Teaching
To qualify for a student teaching placement, students must satisfy the following criteria:
1. Fulfill the requirements of the prestudent teaching field experience.
2. Demonstrate minimum levels of skills in reading, written English, and mathematics as defined and measured by the state-mandated basic skills test.
3. Demonstrate competence in the teaching field(s) through a satisfactory score on state-mandated subject area test(s), if required by the state.
4. Provide written recommendations from course instructors and field supervisors demonstrating a minimum level of skill in working with students. These become a part of the student teacher’s file.
5. Have a positive recommendation from the designated representative of the department in which the major is located.
6. Register in the appropriate student teaching course (see course descriptions).
7. Be a first semester senior with the majority of major courses completed.
8. Carry a class load of no more than 15 hours. To be considered for more than 15 semester hours, the student must have a 3.0 cumulative GPA.
9. Complete one semester of resident study at EMU prior to student teaching. Exceptions are subject to approval by the dean of the College of Education or the Dean’s designee.

The following prerequisites are to be completed
prior to student teaching and cannot be taken concurrently:

1. CURR 304 Curriculum and Methods: Elementary (Elementary) or CURR 305 Curriculum and Methods: Secondary (Secondary and K-12)
2. EDFS 322 Human Development and Learning (all except Special Education) or EDFS 326 Life Span Human Growth and Development (Special Education)
3. SOFD 328 Schools in a Multicultural Society
4. Secondary and K-12: the appropriate special methods course in the major or minor field.
5. Elementary: RDNG 314 Teaching Reading in the Elementary School and MATH 381 The Teaching of Mathematics K-6
6. All state-mandated tests.

No student shall be assigned to student teaching whose grade point average is less than 2.50 in work completed at Eastern Michigan University or less than 2.50 in the teaching major (including courses completed at other colleges if applicable). No student shall be assigned to student teaching who has received a grade lower than "C" in any professional education course. Students enrolled in the elementary education program, if taking the three minors option, must attain a combined minimum GPA of 2.50 in the three teaching minors.

Placements

Students who meet all eligibility requirements at the time of application for student teaching will receive priority in placement. Placement during the requested semester can not be guaranteed for those who do not qualify at the time of application.

Students cannot arrange their own student teaching assignments. Prior arrangements will not be honored by the College of Education Office of Academic Services. Placement could be delayed a full semester in these cases.

A preferred student teaching placement will be accommodated by the College of Education Office of Academic Services if possible.

In requesting placement in a particular school district, the student is advised to avoid the following: districts in which a parent or other relative is employed by the district board of education; districts in which the student has a record of significant prior involvement; and districts that are outside of the list of the student teaching agreements.

The director of student teaching must approve all placements outside the list of Eastern Michigan University cooperating districts. A request for a guest student teaching must be approved by the Office of Records and Teacher Certification and the director of student teaching and must be at an NCATE (National Council for Accreditation of Teacher Education) accredited institution. Guest status at another university requires a 3.0 Eastern Michigan GPA.

Students enrolled at another institution in Michigan or in another state, who wish to do their student teaching through Eastern Michigan University, are advised to consult the director of student teaching on their campus prior to submitting the request to this University. Students granted guest student status for student teaching are expected to have fulfilled all prerequisites required for student teaching at the home institution.

Spring student teaching is available only under very specialized circumstances involving special education teachers.

When students are doing student teaching, they should arrange their daily schedule so that teaching will take precedence over other interests and duties.

Students requesting placements beyond a 40-mile radius from Eastern Michigan may be assessed a mileage fee.

Courses

All student teaching courses (EDUC 490 through EDUC 499) provide practical experience in the appropriate classroom under the guidance of mentor supervising teachers. The student teacher's role as an instructional decision-maker is reflected in planning for teaching, managing the classroom, and directing the learning activities of pupils. Student teachers are given increasing tasks for directing the activities of the classroom, gradually assuming full responsibility.

All student teaching courses have as prerequisites the following requirements, with additional prerequisites given, as applicable, with each course:

Elementary—Completion of EDPS 322 or EDPS 325, RDNG 314, CURR 304, SOFD 328, and MATH 381 (or appropriate substitutions).

Secondary—Completion of EDPS 322, CURR 305, SOFD 328, and completion of the special methods course in the major or minor (or appropriate substitutions)
College of Education Courses

EDUC 490 Student Teaching
3 hrs

EDUC 491 Student Teaching
10 hrs

EDUC 492 Student Teaching
12 hrs

EDUC 493 Student Teaching
2 hrs
For experienced, certified teachers.
Prereq: Permission from College of Education Office of Academic Services.

EDUC 494 Student Teaching
3 hrs
For experienced, certified teachers.
Prereq: Permission from College of Education Office of Academic Services.

EDUC 495 Student Teaching
4 hrs
Prereq: Permission from College of Education Office of Academic Services.

EDUC 496 Student Teaching
6 hrs
Prereq: Permission from College of Education Office of Academic Services.

EDUC 497 Student Teaching
6 hrs
Prereq: Credit toward certification in either EDUC 496 or EDUC 499.

EDUC 498 Student Teaching
5 hrs
Prereq: Credit toward certification in either EDUC 496 or EDUC 499.

EDUC 499 Student Teaching
6 hrs
Prereq: Permission from College of Education Office of Academic Services.

Elementary and Early Childhood

The curricula for the elementary education programs (including early childhood with the selection of the appropriate minor) consist of (1) an appropriately selected group of courses in Basic Studies, (2) an appropriately chosen major and minor (or three minors), and (3) a required group of professional education courses. If these minors are selected, the three minors must include at least one of (a) Elementary Science Group, (b) Social Studies Group, (c) Language Arts Group, or (d) Mathematics for the Elementary Teaching Certificate. See page 436 for requirements having to do with admission to, retention in, and exit from the teacher education program. Satisfactory completion of these courses and requirements will satisfy requirements for a baccalaureate degree and for eligibility for recommendation for the State of Michigan Provisional Elementary Certificate.

Ordinarily, the degree earned is the Bachelor of Science. The Bachelor of Arts degree requires completion of 75 hours in the liberal arts and one year of college credit in foreign language. In any event, the student must complete a minimum of 124-128 appropriate semester hours to satisfy graduation requirements.

The State Elementary Provisional Certificate is valid for teaching all subjects kindergarten through grade 5, for teaching in self-contained classrooms in grades 6-8, and for teaching in one’s major or minor areas of concentration in grades 6-8. The certification test for elementary education is #83, “Elementary Education.”

Curricula for Secondary (Junior-Senior High School) and K-12 Teachers

The curricula for the secondary/K-12 teacher education programs consist of (1) an appropriately selected group of courses in Basic Studies, (2) an appropriately chosen major and (except where noted below) minor, (3) and a required group of professional education courses. See page 358 for requirements having to do with admission to, retention in, and exit from the teacher education program. Satisfactory completion of these courses and requirements will satisfy requirements for a baccalaureate degree and for eligibility for recommendation for the State of Michigan Provisional Secondary Certificate. The student must complete a minimum of 124-128 appropriate semester hours to satisfy graduation requirements.

Ordinarily, the degree earned is the Bachelor of Science; however, the Bachelor of Arts degree may be obtained by completion of 75 hours in the liberal arts and one year of college credit in foreign language.

**Special Education Programs**

**Admission**

Admission requirements to the University, the teacher education program, and the department of Special Education must be met by students intending to major in the programs listed below. However, students may indicate their intention to major in special education upon entrance to the University. Formal application for admission to any of the special education programs of study will be considered only when supported by a letter of recommendation from a faculty member in the department of Special Education and following acceptance into the teacher education program. Program area faculty will determine admission.

**Admission and Continuance Criteria**

(For All Programs Except Speech and Language Impaired)

1. Completion of 56 semester hours of college credit and with an EMU grade point average of 2.50 or better.
2. Completion of SPGN 251 Education of Exceptional Children and the introductory course in the major area of study with a grade of “C” or better. These introductory courses are:
   a. Emotionally impaired: SPEI 301 Emotionally Impaired Children and Adolescents.
   b. Hearing impaired: (see statement under Hearing Impaired).
   c. Mentally impaired: SPMI 350 Introduction to Mental Retardation.
   d. Physically and otherwise health impaired: SPPI 310 Developmental Sciences for Teachers of the Physically and Health Impaired.
   e. Visually impaired: Demonstrate proficiency in typing.
3. Successful completion of the state-mandated basic skills test.
4. Submission of a formal application for admission to the department of Special Education supported by a letter of recommendation from a faculty member in the Department of Special Education.

Criteria for continuance in a program of study in the department of Special Education is dependent upon:

1. Maintenance of a 2.50 cumulative grade point average.
2. Completion of all courses in the major with a grade of “C” or better. Students will be required to retake any major course in which they earn a grade below “C.” A major course may be repeated only once.
3. Demonstration of performance that indicates reasonable aptitude, maturity, stability, skill, and understanding necessary for success in the professional field of special education.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise them of any extenuating circumstances that may aid them in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative, or social probation.

**Speech and Language Impaired**

**Admission and Continuance Criteria**

The following criteria must be met before admission to the undergraduate program is granted:

1. Must complete 35-45 credit hours with a minimum GPA of 2.75.
2. Must have taken the Basic Skills Test, which assesses math, reading comprehension, grammar, and writing skills. Must achieve or surpass the score established by the College of Education.
3. Must pass a speech and hearing screening.
4. Must meet application submission deadlines:
   - Fall semester: February 15
   - Winter semester: October 15

When the number of applicants exceeds program capacity, a specific formula will be applied to make selections. Preference will be given on the basis of GPA, previous enrollment at EMU, membership in a protected minority group, and membership in the underrepresented gender.

To be allowed to continue in the speech-language pathology program, the student must meet the following:

1. Maintenance of a cumulative overall GPA of 2.75 or better.
2. Maintenance of a cumulative major GPA of 3.0 or better.
3. Completion of all major academic courses with a grade of “C” or better. Courses in which a grade of “C-” or lower is achieved must be repeated and may be repeated only once. A student must retake the course
in which the lowest grade was received. No more than two courses may be repeated. Students will not be able to enroll in courses at the management level or beyond until this requirement is met. Students must remain in their planned tracks if they are required to repeat. This implies ineligibility to take advanced SPSI courses for 1 or 2 terms.

4. Completion of all major clinical courses with a grade of "C+" or better. Clinical courses in which a grade of "C" or lower is achieved must be repeated before the student is allowed to continue with the next level of courses and may be repeated only once.

5. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgements will be made by the SLP faculty.

6. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 2.75.

**Termination From the Program**

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with the full faculty for discussion of academic performance and continuation in the program.

**General Information**

Fieldwork in both general and special education is required. Prestudent teaching experiences are required of all candidates pursuing a teaching certificate. (See Prestudent Teaching, page 359.) Majors in special education are required to complete practicums or pre-clinical experiences in addition to those required for teacher certification and should consult with their advisers regarding specific requirements within their designated areas of special education.

Student teaching in either elementary or secondary education must be successfully completed prior to the special student teaching placement. Special student teaching assignments are arranged and approved by the department upon the recommendation of the faculty within the designated area of special education.

**Certification – Special Education**

Certification in either elementary or secondary (regular) education is required for all programs of study in special education except speech and language impaired (see SLI program description). Successful completion of any program of study leads to either an elementary or secondary special education endorsement except in the area of speech and language impaired. The speech and language impaired program is a 5-year MA degree program in which K-12 endorsement is granted.

Each of the programs of study in special education meets or exceeds minimum course, experience, or competency requirements established by the Michigan State Board of Education for that endorsement area. However, meeting Michigan teaching certification and endorsement requirements does not necessarily meet requirements for teacher certification or endorsement in other states. All special education programs of study are recognized and approved for accreditation by the International Council for Exceptional Children.

The hearing impaired and speech and language impaired programs also are certified by national professional associations. The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language, and/or hearing). An individual who meets these requirements may be awarded a Certificate of Clinical Competence in Speech Pathology. Specific requirements may be obtained from the advisers in speech and language impairment.

National certification is provided by the Council on Education of the Deaf to eligible majors in the hearing impaired program. Specific requirements may be obtained from advisers in this area.

TEACHING PROGRAMS

Emotionally Impaired
(Elementary)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in emotionally impaired, certification code "SE," and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #88, "Elementary Education," and #59, "Emotionally Impaired." See page 415.
EMOTIONALLY IMPAIRED
(SECONDARY)
Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in emotionally impaired, certification code “SE,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #59, “Emotionally Impaired,” and the minor area. See page 416.

HEARING IMPAIRED
(ELEMENTARY)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in hearing impaired, certification code “SL,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #83, “Elementary Education,” and #62, “Hearing Impaired.” See page 417.

MENTALLY IMPAIRED
(ELEMENTARY)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in mentally impaired, certification code “SA,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #83, “Elementary Education,” and #56, “Mentally Impaired.” See page 419.

MENTALLY IMPAIRED
(SECONDARY)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in mentally impaired, certification code “SA,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #56, “Mentally Impaired,” and the minor area. See page 420.

PHYSICALLY AND OTHERWISE HEALTH IMPAIRED
(ELEMENTARY)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in physically impaired, certification code “SC,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #83, “Elementary Education,” and #58, “Physically and Otherwise Health Impaired.” See page 421.

PHYSICALLY AND OTHERWISE HEALTH IMPAIRED
(SECONDARY)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in physically impaired, certification code “SC,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #58, “Physically and Otherwise Health Impaired,” and the minor area. See page 422.

SPEECH AND LANGUAGE IMPAIRED
(ALL GRADE LEVELS)
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for either the Michigan Department of Education Elementary Provisional Certificate endorsed in speech/language impaired, certification code “SB” or the Michigan De-
department of Education Secondary Provisional Certificate endorsed in speech/language impaired, certification code “SB.” For elementary, the certification tests covering this field are #83, “Elementary Education,” and #57, “Speech and Language Impaired.” For secondary, the certification tests covering this field are #57, “Speech and Language Impaired,” and the minor area. See page 423.

**Visually Impaired**  
*(Elementary)*

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in visually impaired, certification code “8K,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #83, “Elementary Education,” and #61, “Visually Impaired.” See page 425.

**Visually Impaired**  
*(Secondary)*

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in visually impaired, certification code “SK,” and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #61, “Visually Impaired,” and the minor area. See page 426.

**TEACHING PROGRAMS**

**EARLY CHILDHOOD**  
*(Elementary with Early Childhood Minor)*

**Elementary Teacher Certification**

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate, which is valid for teaching all subjects kindergarten through grade 5, for teaching in self-contained classrooms in grades 6-8, and for teaching in one’s major or minor subject areas of concentration in grades 6-8. In addition, the student is qualified for recommendation for endorsement in early childhood, certification code “ZA.” Depending on the major selected (or two other minors selected), the individual will be eligible for an additional endorsement(s). The certification tests for this field are #81, “Early Childhood,” #83, “Elementary,” and those needed for subject area endorsements. See page 442.

**ELEMENTARY EDUCATION**

**Elementary Teacher Certification**

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate, which is valid for teaching all subjects kindergarten through grade 5, for teaching in self-contained classrooms in grades 6-8, and for teaching in one’s major or minor areas of concentration in grades 6-8. Depending on the major and minor selected (or three minors selected), the individual will be eligible for additional endorsements. The certification tests for this field are #81, “Early Childhood,” #83, “Elementary,” and those needed for subject area endorsements. The certification tests for this field are #83, “Elementary,” and those needed for subject area endorsements. See page 437.
TEACHING MAJORS

ARTS GROUP MAJOR
Elementary Teacher Certification
Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in fine arts, certification code “OX.” The certification test covering this field is #53, “Fine Arts.” See page 439.

ELEMENTARY SCIENCE GROUP MAJOR
Elementary Teacher Certification
Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in science, certification code “DX.” The certification test covering this field is #16, “Science.” See page 440.

LITERATURE, LANGUAGE, COMMUNICATION, AND THEATRE ARTS GROUP MAJOR
Elementary Teacher Certification
Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in language arts, certification code “BX.” The certification test covering this field is #01, “Language Arts.” See page 440.

SOCIAL SCIENCE GROUP MAJOR FOR ELEMENTARY EDUCATION
Elementary Teacher Certification
Note: Recommendation for endorsement in social science (certification code “CX”) requires a group major of 36 hours from economics, geography, history, political science, psychology, sociology, anthropology, cultural studies, government, and behavioral studies. The certification test covering social sciences is #06, “Social Sciences.” See page 441.

TEACHING MINORS

ARTS GROUP MINOR (NOT AVAILABLE WITH ART MAJOR OR WITH MUSIC MAJOR)
Elementary and Special Education-Elementary Certification
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in fine arts, certification code “OX.” The certification test covering this field is #53, “Fine Arts.” 13 hours for elementary program, not counting hours in Basic Studies and professional studies. See page 441.

EARLY CHILDHOOD EDUCATION MINOR
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in early childhood, certification code “ZA.” The certification test covering this field is #82, “Early Childhood.” See page 442.

ELEMENTARY SCIENCE GROUP MINOR
Elementary and Special Education-Elementary Certification
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in science, certification code “DX.” The certification test covering this field is #16, “Science.” See page 442.

FRENCH LANGUAGE MINOR
Elementary and Special Education-Elementary Teacher Certification
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in French, certification code “FA.” The certification test covering this field is #23, “French.” See page 443.
GERMAN LANGUAGE MINOR
ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION
Successful completion of this minor, in the context
of other program requirements, qualifies the student
for recommendation for endorsement in German, certi-
fication code “FB.” The certification test covering this
field is #24, “German.” See page 443.

SOCIAL SCIENCE GROUP MINOR
(ELEMENTARY)
ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION
Successful completion of this minor, in the context
of other program requirements, qualifies the student
for recommendation for endorsement in social science,
certification code “CX.” The certification test covering
this field is #06, “Social Sciences.” See page 443.

SPANISH LANGUAGE MINOR
ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION
Successful completion of this minor, in the context
of other program requirements, qualifies the student
for recommendation for endorsement in Spanish, certi-
fication code “FF.” The certification test covering this
field is #28, “Spanish.” See page 444.
TEACHING MINOR IN THE COLLEGE OF HEALTH & HUMAN SERVICES

HUMAN, ENVIRONMENTAL, AND CONSUMER RESOURCES

George Lippa
Department Head
108 Roosevelt Building
487-0077/487-0078

TEACHING MINOR

OCCUPATIONAL FOODS MINOR
(AVAILABLE ONLY TO BUSINESS EDUCATION AND TECHNOLOGY EDUCATION MAJORS)
SECONDARY, K-12, AND SPECIAL EDUCATION-SECONDARY TEACHER CERTIFICATION

Students who will qualify for the Vocational Secondary Provisional Teaching Certificate may choose to take the courses in order to earn an endorsement in occupational foods. The course work will convert to 2,000 hours of supervised experience in quantity foodservice operations. An additional 2,000 hours of recent and relevant supervised experience in quantity foodservice are required. See p. 475.
TEACHING MAJORS AND MINOR IN THE COLLEGE OF TECHNOLOGY

BUSINESS AND TECHNOLOGY EDUCATION

Ann M. Remp
Department Head
14 Sill Hall
487-4330

TEACHING MAJORS

BUSINESS SERVICES AND TECHNOLOGY EDUCATION MAJOR

SECONDARY TEACHER CERTIFICATION

The Business Services and Technology Education major leads to a Michigan Department of Education Secondary Provisional Certificate and, upon meeting the requirements according to the current Michigan State Plan, a vocational endorsement. The program prepares prospective teachers in the areas of information processing and management, administrative services, accounting and computing, and basic business such as economics, consumer economics, business law, business management, computer literacy, and introduction to business.

This major can be completed only in conjunction with the Bachelor of Business Education curriculum. Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in business education, certification code “GX,” or, with appropriate work experience, certification code “VB.” The certification test covering this field is #36, “Marketing (Distributive Education).” See page 505.

INDUSTRIAL-VOCATIONAL EDUCATION MAJOR

SECONDARY TEACHER CERTIFICATION

The Industrial-Vocational major is designed to prepare teachers of industrial-vocational subjects for senior high school and community college vocational education programs. Graduate who complete this major and have a minimum of two years work experience in a certifiable occupational area will qualify for the Temporary Vocational Authorization to teach in a specific occupational area. Options for cooperative work experience studies are available to the student as partial credit toward the occupational requirement.

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in vocational trades, certification code “VT.” The certification test covering this field is an occupational area test. See page 507.

TECHNOLOGY EDUCATION MAJOR

SECONDARY TEACHER CERTIFICATION

This major must be completed in conjunction with the Industrial Education curriculum. Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in industrial arts, certification code “IX.” The certification test covering this field is #38, “Industrial Arts.” See page 508.
TEACHING MINOR

Technology Education Minor
Elementary and Special Education - Elementary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in industrial arts, certification code "IX." The certification test covering this field is #38, "Industrial Arts." See page 510.
HEALTH, PHYSICAL EDUCATION, RECREATION, AND DANCE

Michael M. Bretting
Department Head
235 Warner Physical Education Building
487-0090

Associate Professors: Michael M. Bretting, Jennifer Beller, Douglas W. Briggs, Jean E. Folkert, Robbie A. Johnson, Michael H. Jones, Joann McNamara, Robert C. Parks, Jerry Ricciardo, Claudia B. Wasik

Instructors: Linda Hemmelgarn, Sharon Pendleton

All University students are required to take PEGN 210 Lifetime Wellness and Fitness in the Health, Physical Education, Recreation, and Dance department as part of their undergraduate degree requirements. In addition, students may elect up to eight hours of physical education activity courses that enhance students' personal development, health-related fitness, and their use of leisure. All students seeking admission to a professional major program must make application in room 236 of the Warner physical education building. Upon acceptance into a program, declared major students are assigned a faculty adviser.

In addition, the department provides career education in the fields of dance, health, physical education, adapted physical education, recreation/park management, therapeutic recreation, and sports medicine.

Three physical education facilities are available to accommodate accelerating student use. Warner Physical Education Building, dedicated in 1964, houses the majority of areas used by the department to instruct students in their career preparation. The facility includes three gymnasiaums, a dance studio, a combative room, a gymnastics room, sports medicine lab, and six classrooms.

Adjacent and attached to Warner are Bowen Field House and the Olds Student Recreation Center, where classes are taught in new facilities such as the indoor track, racquetball/paddleball courts, and 50-meter swimming pool. Also available for class use are 17 tennis courts and bowling lanes on campus and water sports facilities nearby.

The department is affiliated with the American Alliance and Michigan Associations of Health, Physical Education, Recreation, and Dance; the National and Michigan Recreation and Park Associations; and the National Athletic Trainers Association. It also sponsors the student professional organizations Eta Sigma Gamma (health) and Delta Psi Kappa (physical education). Other student organizations include the Student Athletic Trainer Club, the Student Exercise Science Club, and the Physical Education Organization.

Degree

Bachelor of Science

Programs of Study

Majors:
- Dance
- Physical education for K-12 education
- Recreation and park management
- Sports medicine-athletic training
- Sports medicine-exercise science
- Therapeutic recreation

Minors:
- Athletic coaching
- Dance
- Health education
- Health education for elementary, secondary, K-12, special education-elementary, and special education-secondary
- Physical education for secondary, K-12, and special education-secondary
- Physical education for special education-elementary and special education-secondary
- Recreation and park management
The list of officially assigned advisees is posted in Room 235 of Warner Physical Education Building.

It is recommended that students seek out their adviser as soon as possible to establish a course of study leading to the degree sought.

Advising Coordinators:
Faculty in each of the professional programs are assigned advising responsibilities for those who declare their majors in one of the four disciplines. Coordinators are:

Majors:
- Dance: Linda Hemmelgarn
- Teachers of physical education: Michael Paciorek
- Recreation and park management: Vic Chiasson
- Therapeutic recreation: Jean Folkerth
- Sports medicine-athletic training: Ron Venis
- Sports medicine-exercise science: Charles X. Witten

Minors:
- Coaching: Michael Paciorek
- Dance: Linda Hemmelgarn
- Health: Myrna Yeakle
- Physical education: Michael Paciorek
- Physical education minor for special education: Michael Paciorek
- Recreation and park management: Vic Chiasson

Approvals:
- State of Michigan Approval as a Physical Education Teacher for Students with Disabilities: Michael Paciorek

Fieldwork is a criteria of individual professional programs. Extracurricular assignments enhance the practical application of knowledge learned in the classroom.

Certification is dependent upon the professional program a student selects. Each of the major and minor programs allows students to fulfill professional preparation for different careers.

Graduate study leads to the master's degree in physical education. For descriptions of graduate courses and programs, consult the Graduate Catalog.

ACADEMIC MAJORS
DANCE CURRICULUM

The dance curriculum is uniquely designed, offering students of dance a choice of three career-track options. This curriculum leads to a Bachelor of Science degree. The three tracks are: (1) pre-dance therapy, (2) studio management, and (3) performance. Students are not required to choose a minor, with the exception of (2) studio management.

Students planning admission to the dance major must officially enroll in the program at the Academic Advising Center and complete the following:
1. A technical assessment and audition into the program
2. An application into the dance program at 108 Warner
3. An application at 223 Warner Physical Education Building
4. A course of study planned with a dance adviser based on track recommendations.

All students must meet the basic studies requirements and the other courses specified in each area below. Suitable adjustments can be made in consultation with the dance faculty adviser. Some of the track required courses can be used to fulfill basic studies requirements.

Dance majors are strongly urged to enroll in a technique class every semester while attending Eastern Michigan University. Ballet or modern technique classes may be repeated for no-credit.

### PHYSICAL EDUCATION MAJOR

**K-12 Teacher Certification**

Successful completion of this course of study leads to a Bachelor's of Science Degree, and qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate K-12 endorsement in physical education, certification code “MB” and, depending on the minor selected, an additional endorsement. The certification
test covering this field is #44, "Physical Education" and is taken at the completion of all program requirements.

Students seeking certification must meet requirements for entry into the teacher education program. The course of study requires completion of Basic Studies requirements, a minor in a secondary subject area, the physical education major, and professional education courses.

The course of study is uniquely designed to provide students with theoretical and practical knowledge of how to deliver physical education programming to students with and without disabilities, from kindergarten through grade 12. The Michigan Exemplary Physical Education Curriculum Project (Mi-EPEC) is used as a model to enable students to develop exemplary physical education programs upon graduation. The methods of teaching courses provide information on the sequencing and presenting of a wide variety of activities found within the public schools.

Fieldwork experiences are a critical component of the professional program. Extracurricular assignments enhance the practical application of knowledge learned within the classroom. Majors are required to complete a minimum of 100 hours of prestudent teaching experiences with students of all ages and abilities. Fieldwork experiences will begin in the freshman year, will include students with and without disabilities, and will culminate in a one semester student teaching assignment with elementary and secondary students under the supervision of master teachers.

This program primarily serves the needs of K-12 school programs in Michigan and the United States. Faculty provide students with numerous opportunities for professional growth. Opportunities for additional certifications and endorsements such as water safety instructor (WSI), Red Cross First Aid, coaching, and certification in programs for students with disabilities are also available and strongly encouraged.

The physical education major program participates in the University Honors Program. Students wishing to enroll in the Honors Program must maintain a GPA of 3.3 and fulfill all requirements in specific honor courses. See the department Honors adviser for specific information.

(Could be less, depending on the minor and the possible application of basic studies courses to the minor.

RECREATION CURRICULUM

The Recreation program at Eastern Michigan University consists of two separate sub-disciplines: 1) Recreation and Park Management and 2) Therapeutic Recreation. The NRPA/AALR accredited core curriculum for both programs is listed below:

Recreation core courses ............................................ 33
RECR 100 Introduction to Recreation and Leisure (F, W) (3)
RECR 200 Recreation for Persons with Disabilities (F, W) (3)
RECR 250/251/252/253 Fieldwork in Recreation (F, W) (1)
RECR 260 Recreation Leadership (F) (3)
RECR 290/479 Practical Research in Recreation (F, W) (3)
RECR 321/479 Legal Aspects of Recreation (W) (3)
RECR 360 Recreation Program Planning (W) (3)
RECR 370/479 Facility Design and Management (F) (3)
RECR 410 Professional Preparation (W) (1)
RECR 460 Park and Recreation Administration (F) (3)
EDP 325 Life Span Human Growth and Development (F, W, SP, SU) (4)
ENGL 326 Report and Research Writing (F, W, SP, SU) (3)

RECREATION AND PARK MANAGEMENT

The Recreation and Park Management curriculum leads to a Bachelor of Science degree and is designed to prepare students for a broad range of professional career options including municipal and regional recreation, state and federal park agencies, college intramurals and student unions, commercial and private recreation, outdoor adventure programs, industrial recreation, armed forces recreation, and resorts. The program is a non-teaching major. A minor in Recreation and Park Management is offered to majors in other fields.

The curriculum is multidisciplinary, including course work in management and the social sciences, with required core course work to include recreation leadership, programming, and administration and management courses. Students are advised in selecting electives from recreation/park and related subject areas that will further prepare them for careers in their chosen area of interest.

This curriculum consists of a minimum of 52-54 credit hours of basic studies, a minimum of 50 credit hours of courses in the Recreation and Park Management major, 8-13 credit hours of electives, 250 hours of volunteer and/or paid recreation experience, and a minimum GPA requirement before taking a full-time 15 week practicum. The practicum and fieldwork cannot be completed at the same site. The student must also file for Candidate Status one semester prior to enrolling in the practicum. No outside minor required, but it is strongly recommended.

Criteria for Candidate Status in Recreation and Park Management are:
1. Obtain a minimum of 2.5 GPA overall and 2.75 GPA in all major courses.
2. Complete an application for Candidate Status in Recreation and Park Management.
3. Complete 250 hours of verified volunteer or paid work experience in one or more leisure service agencies (this requirement stands alone and does not include required hours included in other courses such as REC 200, REC 250, REC 251, REC 252, REC 253.
4. Complete 30 hours of volunteer or work experience in recreation with persons with disabilities.
5. Complete all Recreation and Park Management core courses.
6. Complete all Recreation and Park Management required courses.
7. Complete 90% of all academic courses.
8. Submit two letters of recommendation from
recreation professionals under whom the applicant has completed work or volunteer experience to the assigned academic advisor in recreation.

- PHED 453 American Red Cross Water Safety and Lifeguard Instructor (3)
- HLED 210 First Aid (2)

**Total** ........................................................................ 124

**THERAPEUTIC RECREATION CURRICULUM**

The Therapeutic Recreation curriculum leads to a Bachelor of Science degree in Therapeutic Recreation. Graduates from this program may apply for national certification as a Certified Therapeutic Recreation Specialist.

This curriculum consists of a minimum of 52-54 credit hours of basic studies, a minimum of basic studies, a minimum of 64 credit hours of courses in the Therapeutic Recreation major, 8-10 credit hours of electives, and 250 hours of volunteer and/or paid recreation experience before taking a full-time 15 week, 600 hour practicum. The practicum and fieldwork cannot be completed at the same site. The student must also file for Candidate Status one semester prior to enrolling in the practicum. No outside minor is required, but it is strongly recommend.

Students who have been accepted by the University through the Admissions Office must apply for a provisional admission to the Therapeutic Recreation curriculum through the Therapeutic Recreation Advisor.

Criteria for Therapeutic Recreation provisional status are:

1. Application for program admission
2. Autobiographical sketch and your interest in working with special populations in the field of Therapeutic Recreation
3. Statement of current goals
Criteria for Candidate status in Therapeutic Recreation are:
1. Obtain a minimum of 2.50 GPA overall and 2.75 GPA in all major courses.
2. Complete an application for Candidate Status in Therapeutic Recreation.
3. Complete a minimum of 60 hours of verified volunteer and/or paid Therapeutic Recreation experience with special populations.
4. Complete 30 hours of volunteer work or experience in therapeutic recreation with persons who do not have disabilities.
5. Complete 250 hours of verified volunteer or paid work experience in one or more leisure service agencies (this requirement does not include items three and four listed above).
6. Complete all Therapeutic Recreation core courses.
7. Complete all Therapeutic Recreation required courses.
8. Complete 90% of all academic courses.
9. Submit two letters of recommendation from recreation professionals under whom the applicant has completed work or volunteer experience to the assigned academic advisor in recreation.

Curriculum for Sports Medicine
Sports medicine is a comparatively new field of study that integrates sports, medicine, the sciences, and other health related areas into a professional curriculum. It is identified under different approaches and titles including: athletic medicine, cardiovascular rehabilitation, exercise physiology and biomechanics. Essentially, the study of sports medicine provides an understanding of the health and physical implications of human movement.

The curriculum leads to a Bachelor of Science degree in sports medicine. The course of study consists of
a minimum of 53 semester hours in basic studies, a minimum of 54-59 semester hours in the major and 17-20 hours of free electives. Students must participate in a variety of practicum experiences prior to completing a full-time internship in the senior year. The program has established special course prerequisites, GPA requirements, and candidacy admission requirements. No outside minor is needed.

Students electing this curriculum may choose one of two areas of specialization: exercise science or athletic training.

Sports medicine-athletic training:

Students entering the athletic training program are listed as "intents" and cannot be considered for candidacy until the following criteria are met:

1. Declare major intent with the Academic Advising Center and the department.
2. Overall grade point average at Eastern Michigan University of 2.9 (transfer grade point average evaluated separately).
3. Completion of 60 hours of the program. (The following courses must be included in the 60 hours: SPMD 119, PHED 209, SPMD 200, ZOOL 318, and PHED 204 or SPMD 305.
4. Grades of "C" or above in each of the following: BIOL 105 Biology and the Human Species, CHEM 120 Fundamentals of Organic and Biochemistry, PHY 221 Mechanics, Sound, and Heat, SPMD 200 Anatomy and Physiology, ZOOL 318 Laboratory in Human Anatomy.
5. Three letters of recommendation, two professional and one personal.

When an "intent" has successfully achieved the above, he or she must apply for candidacy with the program chair for a personal interview with the Sports Medicine Committee. Once accepted into candidacy, the student must maintain a 2.75 GPA. Failure to maintain the required GPA will result in dismissal from the program.

Sports medicine-exercise science:

Students entering the exercise science program are listed as "intents" and cannot be considered for candidacy until the following criteria are met:

1. Declare major intent with the Academic Advising Center and the department.
2. Overall grade point average at Eastern Michigan University of 2.75 (transfer grade point average evaluated separately).
3. Completion of 60 hours of the program. (The following courses must be included in the 60 hours: SPMD 119, PHED 209, SPMD 200, ZOOL 318, and PHED 204 or SPMD 305.
4. Grades of "C" or above in each of the following: BIOL 105 Biology and the Human Species, CHEM 120 Fundamentals of Organic and Biochemistry, PHY 221 Mechanics, Sound, and Heat, SPMD 200 Anatomy and Physiology, ZOOL 318 Laboratory in Human Anatomy.
5. Three letters of recommendation, two professional and one personal.

Additional requirement: PHY 221 Mechanics, Sound, and Heat (4)

Physical education (2)

Credit hours in Basic Studies: ........................................... 53

TEACHING MINORS

HEALTH MINOR

Elementary, Secondary, K-12, Special Education—Elementary, and Special Education—Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in health, certification code “MA.” The certification test covering this field is #43, “Health.”

HLED 210 Standard American Red Cross First Aid (2)
HLED 302 From Host to Host: The Communicable Diseases (1)
HLED 320 Health Education in the Elementary Grades (2)
HLED 360 Scientific Foundations in Health (3)
HLED 360 Concepts in School Sex Education (2)
HLED 380 Psychosocial Concepts of Health (2)
HLED 390 Drug Use and Abuse (3)
HLED 399 Teaching about AIDS (1)
Eight credits chosen in consultation with advising coordinator.

24 hours

PHYSICAL EDUCATION MINOR

Secondary, K-12, and Special Education—Secondary Teacher Certification

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physical education, certification code “MB.” The certification test covering this field is #44, “Physical Education,” and should be taken at the completion of the program.

PHED 210 Standard American Red Cross First Aid (2)
PHED 200 Anatomy and Physiology (5)
PHED 204 Kinesiology (Mechanics of Movement) (3)
PHED 281 Motor Development (2)
PHED 300 Physiology of Exercise (4)
PHED 334 Adaptive Physical Education (3)
PHED 367 Methods and Materials in Physical Education (3)
Select at least four credits from the following courses:

PHED 150 Methods of Teaching Individual Sports (3)
PHED 151 Methods of Teaching Team Sports I (3)
PHED 152 Methods of Teaching Team Sports II (1)
PHED 153 Methods of Teaching Conditioning Activities (1)

24 hours

PHYSICAL EDUCATION MINOR FOR SPECIAL EDUCATION MAJORS

Special Education—Elementary and Special Education—Secondary Teacher Certification (Available Only to Special Education Majors)

This program is intended for SPECIAL EDUCATION MAJORS interested in a teaching minor in adapted physical education. The minor in adapted physical education is designed for undergraduates who wish to complete the State of Michigan Approval for Teachers of Students with Disabilities. Because it is a minor, students are required to meet university requirements governing minors as well as the competencies in the Revised Administrative Rules for Special Education, July 1, 1987.

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physical education, certification code “MB.” The certification test covering this field is #44, Physical Education, and should be taken at the completion of the program.

PHED 200* Anatomy and Physiology (5)
PHED 281 Motor Behavior (3)
PHED 282 Perceptual-Motor Training (1)
PHED 334 Adaptive Physical Education (2)
PHED 388 Assessment in Adaptive Physical Education (1)
PHED 367 Curriculum and Methods in Physical Education (3)
PHED 389 Sport and Activity for the Disabled (1)
**PHED 490 Field Experience in Adaptive Physical Education (4)
Select at least 4 credits from the following courses:
PHED 150 Methods of Teaching Individual Sports (3)
PHED 151 Methods of Teaching Team Sports I (3)
PHED 152 Methods of Teaching Team Sports II (1)
PHED 153 Methods of Teaching Conditioning Activities (1)
PHED 250 Methods of Teaching Aquatics (2)
PHED 251 Methods of Teaching Gymnastics (2)
PHED 350 Methods of Teaching Rhythmic Activities (1)
PHED 351 Methods of Teaching Fundamental Movement and Movement Education (1)
PHED 352 Methods of Teaching Elementary Physical Education (2)

* Majors in Physically and Otherwise Health Impaired (POHI) are exempt from this requirement. However, students must select an additional 6 credit hours of electives in consultation with the adapted physical education advisor.
** This course is required for those students seeking the State of Michigan Approval as a Physical Education Teacher for Students with Disabilities.

COACHING MINOR
This program is intended for students planning to pursue coaching as a full- or part-time activity. This is not a minor for prospective teachers. The Coaching Minor leads to PACE certification.
ATHL 315 Psychology of Sports Competition (3)
HLED 390 Drug Use and Abuse (3)
PHED 200 Anatomy and Physiology (5)
PHED 312 Athletic Training and Physiotherapy (2)
PHED 421 Legal Aspects of Sport, Physical Education and Recreation (3)
Select a minimum of 4 hours from the following:
ATHL 263 Theory of Coaching Football (2)
ATHL 265 Theory of Coaching Baseball (2)
ATHL 267 Theory of Coaching Basketball (2)
ATHL 268 Theory of Coaching Swimming (2)
ATHL 269 Theory of Coaching Track and Field (2)
Select a minimum of 3 hours from the following:
ATHL 261 Techniques in Officiating I (2)
ATHL 262 Techniques in Officiating II (2)
PHED 305 Practical Concepts of Conditioning (2)
PHED 316 Foundations of Coaching (2)
PHED 389 Sport and Activity for the Disabled (2)
PHED 405 Women in Sport (2)
PHED 477-479 Special Topics (see adviser) (1-3)

23 hours

DANCE MINOR
Students planning admission to the dance minor must complete the following:
1. A technical assessment and audition into the program.
3. A course of study planned with a dance adviser.
DANC 107 Rhythmic Analysis and Dance Accompaniment (3)
DANC 245 Elements of Dance Composition (3)
DANC 255 Dance Production (3)
DANC 360 History of Dance (3)
DANC 460 Advanced Dance Composition (4)
DANC 455 Seminar in Dance (2)
Two levels of Modern Dance Technique I-IV (4-6)
Two levels of Classical Ballet Technique I-IV (4-6)
Two levels of Jazz I-II (2)

24 hours

HEALTH MINOR
While designed to provide preparation for teaching health in schools, the health minor is not restricted to those preparing to work in health-related fields. It is an excellent background for graduate programs in the school health and community health disciplines.
HLED 210 Standard American RedCross First Aid (2)
HLED 302 From Host to Host: The Communicable Diseases (1)
HLED 320 Health Education in the Elementary Grades (2)
HLED 390 Scientific Foundations in Health (3)
HLED 360 Concepts in School Sex Education (2)
HLED 380 Psychosocial Concepts of Health (2)
HLED 390 Drug Use and Abuse (3)
HLED 399 Teaching about AIDS (4-6)
Eight credits chosen in consultation with advising coordinator.

24 hours
RECREATION AND PARK MANAGEMENT MINOR

1. Required Courses (16 hours)
   - RECR 100 Introduction to Recreation and Leisure (2)
   - RECR 200 Recreation for Persons with Disabilities (3)
   - RECR 250/251/252/253 Fieldwork in Recreation (1 each)
   - RECR 260 Recreation Leadership (3)
   - RECR 360 Recreation Program Planning (3)
   - RECR 460 Recreation and Park Planning (3)

2. Restricted Electives (5-6 hours)
   Choose 5-6 credit hours from any of the following:
   - RECR 271 Park Maintenance (3)
   - RECR 280 Camping (2)
   - RECR 285 Camping for Special Populations (2)
   - RECR 290 Practical Research in Recreation (3)
   - RECR 300 Principles of Therapeutic Recreation (3)
   - RECR 321 Legal Issues in Recreation (3)
   - RECR 361 Special Events (3)
   - RECR 370 Facility Design and Management (3)
   - RECR 390 Outdoor Recreation (3)
   - RECR 400 Processes and Services in Therapeutic Recreation (3)
   - RECR 430 Issues in Therapeutic Recreation (3)
   - RECR 450 Park Planning and Design (3)
   - RECR 465 Park Management (3)
   - PHEC 389 Sport and Activity for the Disabled (1)

ACTIVITY COURSES FOR GENERAL STUDENTS

The physical education activity requirement is explained on page 40 in this catalog. Additional information may be obtained in the department office in Room 235 Warner Physical Education Building.

Students are required to wear apparel appropriate to safe and efficient participation in the particular course activity. Students are also required to pay a locker and towel fee. This fee is payable at the Cashier's Office, Pierce Hall.

100 LEVEL BEGINNING COURSES

These courses are designed for students who have limited or no experience in the particular activity. Instruction and participation include basic skills, rules and strategies. Although all courses are open to both men and women, certain courses include content that is prescribed by the course title, for example PEGN 119 Women's Gymnastics and PEGN 122 Men's Gymnastics I.

### Athletic Courses

**ATHL 177/178/179 Special Topics.**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 

**Prereq: Department permission.**

**ATHL 220 Remedial Exercises and Therapeutic Modalities.**

A study of the principles of applications, physiological effects, indications and contraindications of all commonly used therapeutic modalities and therapeutic exercise methods used in athletic training.

**Prereq: SPMD 219.**

**ATHL 250 Techniques of Officiating Volleyball.**

The proper techniques and mechanics of officiating volleyball taught through class presentations and practical experiences. Rules interpretation and application, positioning, scoring, verbal and hand signals and the responsibilities of an official. Students may become registered volleyball officials with the Michigan High School Athletic Association.

**ATHL 251 Techniques of Officiating Basketball.**

The proper techniques and mechanics of officiating basketball taught through class presentations and practical experience. Floor positions, signals, interpretation and application of rules, officials' duties and the psychology of officiating. For students interested in pursuing job opportunities in officiating basketball, as well as coaches and teachers. Lecture and laboratory sessions.
ATHL 252 Techniques of Officiating Softball. 1 hr
Proper mechanics and techniques of officiating softball. Rules interpretation and application, positioning, scoring, verbal and hand signals, and the duties of an official. Students may also become registered softball officials with the Michigan High School Athletic Association. Lecture and laboratory sessions.

ATHL 261 Techniques of Officiating I. 2 hrs
An elective course offered to men and women students interested in pursuing officiating as an avocation or as an integral part of a coaching background. The course covers football and men’s and women’s basketball. Registration with the Michigan High School Athletic Association will be available.

ATHL 262 Techniques of Officiating II. 2 hrs
An elective course offered to men and women students who are interested in pursuing officiating as an avocation. The course would also be valuable to those students who are interested in coaching as the coach-official relationship is a valuable tool in one’s coaching background. The sports covered are: track and field, baseball, and softball. There will be a practical phase as well as a lecture phase of instruction.

ATHL 263 Theory of Football. 2 hrs
Lecture course covering the basic fundamentals and styles of offensive and defensive football.

ATHL 265 Theory of Baseball. 2 hrs
The fundamental skills and strategy of baseball for the prospective teacher and coach.

ATHL 267 Theory of Basketball. 2 hrs
Lecture course covering the basic fundamentals and styles of offensive and defensive basketball.

ATHL 268 Theory of Coaching Swimming. 2 hrs
ATHL 268 is a lecture course for anyone who might coach swimming. The topics covered are stroke technique, applied physiology, strength and flexibility training, rules, and how these components contribute to a daily, weekly, and seasonal training plan.

ATHL 269 Theory of Track and Field. 2 hrs
The fundamental techniques for coaching and administering programs of track and field for the prospective teacher and coach.

ATHL 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 
Prereq: Department permission.

ATHL 317 Theory of Coaching Individual Sports for Women. 2 hrs
Coordinates, correlates and supplements skills and information already conveyed in badminton, golf, tennis, and archery activity classes. Place of individual sports in the school intramural and interschool programs, lesson plans, unit plans, techniques and strategies of advanced play, organization of a large class, evaluation of current literature pertinent to each activity.

ATHL 318 Theory of Coaching and Teaching Women’s Team Sports. 2 hrs
Coordinates, correlates and supplements skills and coaching techniques introduced in activity courses. Field sports, volleyball and basketball.

DANCE COURSES

DANC 106 Introduction to the Performing Arts. 3 hrs
A survey of the arts of dance, theatre, and music; developing an understanding and appreciation of representative works in the three fields. The place of these arts in contemporary society and their contribution to a richer life. Attendance required at specific on campus performances.

DANC 107 Rhythmic Analysis and Dance Accompaniment. 3 hrs
The study of rhythm, sound and music literature as related to the teaching and performing of dance. Assigned listening experiences and designated explorations of pertinent elements of music.

DANC 108 Classical Ballet Technique I. 2 hrs
Theory and technique of beginning classical ballet. 
Prereq: Dance major/minor, DANC 107 or equivalent, and/or permission.
DANC 109 Classical Ballet Technique II. 2 hrs
A continuation of the theory and technique of beginning classical ballet.
Prereq: Dance major/minor, DANC 108 or equivalent, and/or permission.

DANC 110 Modern Dance I. 2 hrs
The course is designed as an introduction to the technique of modern dance. The course will include beginning-level skills, modern dance terminology, and the history and combinations of variety of modern dance techniques.

DANC 111 Modern Dance II. 2 hrs
A continuation of the theory and technique of DANC 110.
Prereq: DANC 110.

DANC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DANC 208 Classical Ballet Technique III. 3 hrs
Theory and technique of intermediate classical ballet.
Prereq: Dance major/minor, DANC 109 or equivalent, and/or permission.

DANC 209 Classical Ballet Technique IV. 3 hrs
A continuation of the theory and technique of advanced and intermediate classical ballet.
Prereq: Dance major/minor, DANC 208 or equivalent, and/or permission.

DANC 210 Modern Dance Technique III. 3 hrs
A continuation of DANC 111.
Prereq: DANC 111.

DANC 211 Modern Dance Technique IV. 3 hrs
A continuation of DANC 210.
Prereq: DANC 210.

DANC 245 Elements of Dance Composition. 3 hrs
An introduction to the fundamentals of choreography, including the use of improvisation and the development of compositions. Exploration and manipulation of the elements of dance.
Prereq: DANC 110.

DANC 255 Dance Production. 3 hrs
A study of the fundamentals of dance production including publicity, planning and organization, set design and construction, stage lighting, sound effects, recording, costuming and stage makeup. Laboratory projects coordinated with dance productions.

DANC 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DANC 350 History of Dance. 3 hrs
A lecture and reference course covering the history, philosophy and theory of dance from primitive man to modern man, including the social and educational implications of dance today.

DANC 354 Methods and Materials in Teaching of Dance. 3 hrs
A study of the methods and the use of materials in the teaching of dance idioms K-12. Modes and models that facilitate learning, lesson planning and vertical progression. Experiences in teaching and field observations.

DANC 355 Labanotation. 3 hrs
A study of the basic elements of Labanotation with special emphasis on the analysis of dance movements. The course will also include the development of skills necessary to record movement and read notation.
Prereq: DANC 110, DANC 245.

DANC 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

DANC 450 Advanced Dance Composition. 4 hrs
An extension of the principles explored in DANC 245 with emphasis on structural development and experiences in the use of thematic materials, selected dance
A choreographic work will be required of students.  
Prereq: DANC 107 and DANC 211.

DANC 456 Seminar in Dance.  2 hrs
Current literature and dance research, trends in dance education and developments in contemporary concert dance. Lecture-discussion.  
Prereq: DANC 350, DANC 450, or department permission.

DANC 456 Creative Dance for Children.  2 hrs
Goals, concepts, materials and experiences to teach children's creative dance.

DANC 477/478/479 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

Health Courses

HLED 110 Introduction to Safety Education.  2 hrs
An orientation of the field of safety education with emphasis on the safety movement, accident causation, school safety programs, and the application of the principles of accident prevention to selected areas of safety.

HLED 120 Healthful Living.  3 hrs
Develops in students the responsibility for guiding and evaluating their own health. Acquisition of attitudes, habits, skills, and ideas favorable to efficient and healthful living. Material and information concerning mental, physical, and social well-being. Group discussion, lectures, instructional aids.

HLED 177/178/179 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

HLED 277/278/279 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

HLED 301 Drinking, Drunkenness, and Alcoholism.  1 hr
Alcoholic beverages, effects of alcohol on the human body, drinking patterns, alcoholism, alcoholism and the family, and treatment and rehabilitation of the alcoholic. A lecture-discussion course intended to meet the personal needs of students and/or the professional needs of students who may deal with alcohol-related problems.

HLED 302 From Host to Host: The Communicable Diseases.  1 hr
Various types of communicable diseases—childhood and young adulthood, skin, upper respiratory, gastrointestinal, and sexually transmitted—their causes, modes of transmission, signs and symptoms, treatment, complications, and means of control. Lectures, discussions, readings, and audiovisual materials.

HLED 310 Advanced First Aid and Emergency Care.  3 hrs
Designed for the sports medicine major. At the completion of this course, the student should have developed the functional first aid capabilities required of police officers, firefighters, emergency squad members, ambulance attendants, and others who, as part of their daily routines, may be required to provide the initial emergency care necessary to sustain life and to maintain life support until the victims of accidents or sudden illness are cared for by qualified medical personnel.  
Prereq: HLED 210 or current Red Cross certification in First Aid.
HLED 320 Health Education in the Elementary Grades. 2 hrs
For students preparing to teach primary and intermediate grades. Health observation of school children, survey of environmental conditions and other methods of determining the health needs of the child. The application of educational principles in health instruction. Evaluation of the newer courses in health education.
Prereq: Sophomore standing.

HLED 330 Health Work in the Schools. 2 hrs
Scientific facts and current issues, practices and trends in school health programs at the secondary level. Methods and materials of health instruction.
Prereq: Sophomore standing.

HLED 350 Scientific Foundations in Health. 3 hrs
Basic instruction in the physiological and anatomical concepts related to the health of the human organism.

HLED 360 Concepts in School Sex Education. 2 hrs
The concepts of sex education as they apply to the school setting. A study of the biological, sociological, and psychological foundations of sex education and the methods and materials for use in presenting sex education in schools.

HLED 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

HLED 380 Psychosocial Concepts of Health. 2 hrs
Mental and social factors as they affect the health of the human being. An exploration of all health concepts and correlation of the mental and social phenomena with the physiological principles presented in HLED 350.

HLED 390 Drug Use and Abuse. 3 hrs
Alcohol and other drug use and abuse. Historical perspectives of current problems, pharmacology of drugs commonly used and abused, physiological and psychosocial factors related to abuse, drug problems of special populations, alcohol and other drug abuse prevention, treatment and rehabilitation, drugs and the law.

HLED 399 Teaching about AIDS. 1 hr
A course for prospective teachers, nurses, or others who want to examine the issues pertaining to teaching about AIDS prevention. Includes curriculum, methods, and resources.
Prereq: One course in AIDS or department permission.

HLED 402 Selecting Health Products and Services. 3 hrs
The development of skills in making wise selections of health products and services. Characteristics of the health consumer, consumer protection agencies and laws, quackery, evaluation of health products and services.
Prereq: Sophomore standing.

HLED 410 Drug Overdose Aid. 2 hrs
Outlined by the American Red Cross. Lectures, textbook and practical application of first aid skills and overdose aid skills to give immediate, temporary help in cases of accidents involving drugs. Listening, feedback, and communication skills; limited field experience or its equivalent. Certification in Multi-Media First Aid, Cardiopulmonary Resuscitation, and Overdose Aid is awarded upon successful completion of the course.

HLED 420 Health and Aging. 3 hrs
A study of some of the major physiological aspects of aging. A review of the basic systemic anatomy and physiology necessary to understand the major aspects of biological aging and the chronic diseases associated with aging. For the general student.
Prereq: Sophomore standing.

HLED 430 Community Health Resources. 2 hrs
Community health programs and resources as they apply to the school health program.
Prereq: HLED 320.

HLED 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

PHED 160 Methods of Teaching Individual Sports. 3 hrs
A required class for physical education majors/minors who are preparing to teach individual sports in the elementary and secondary schools. Instruction in the teaching, performance, analysis, and evaluation of selected fundamental badminton, golf, and tennis skills.
PHED 151 Methods of Teaching Team Sports I.  3 hrs
A required class for physical education majors/minors who are preparing to teach in elementary and secondary schools. Instruction in the teaching, performance, analysis, and evaluation of fundamental basketball, softball, and volleyball skills will be presented.

PHED 152 Methods of Teaching Team Sports II.  1 hr
A required class for physical education majors/minors who are preparing to teach in elementary and secondary schools. Instruction will focus on performance, analysis, methods of teaching and evaluation of skills utilized in soccer, team handball, and nontraditional activities.

PHED 153 Methods of Teaching Conditioning Activities.  1 hr
A required class for physical education majors/minors who are preparing to teach in elementary and secondary schools. Instruction will focus on performance, analysis, methods of teaching, and evaluating conditioning activities to increase physical fitness.

PHED 177/178/179 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

PHED 204 Kinesiology (Mechanics of Movement).  3 hrs
A required class for sports medicine and physical education majors/minors to scientifically analyze the techniques involved in the performance of human movement skills.  
Prereq: SPMD 200.

PHED 206 Bio-Fitness.  2 hrs
Individual biological needs and how those needs are related to daily habits. Students will complete an individual fitness profile that will be the basis for understanding how desirable changes in fitness are achieved.

PHED 210 Lifetime Wellness and Fitness.  2 hrs
A lecture course covering the essential elements of wellness and fitness. This course is geared toward entering freshmen and is a graduation requirement.  
Prereq: Honors student.

PHED 231 Service Teaching.  1 hr

PHED 232 Service Teaching.  1 hr

PHED 240 History and Philosophy of Physical Education.  2 hrs
A lecture and reference course covering the history and philosophy of physical education and play and how they have influenced the social structure of the various countries and their educational implications.

PHED 250 Methods of Teaching Aquatics.  2 hrs
A required course for physical education majors/minors. Aquatics covers the teaching of the four competitive swimming strokes; front crawl, back crawl, breast stroke, and butterfly. In addition, lifesaving strokes, side stroke, and elementary backstroke are studied to prepare students to teach swimming in physical education classes.

PHED 251 Methods of Teaching Gymnastics.  3 hrs
A required class for physical education majors/minors who are preparing to teach in elementary and secondary schools. Instruction in the teaching, performance, analysis, and evaluation of fundamental gymnastics skills will be presented.

PHED 257 Physical Education for the Classroom Teacher.  2 hrs
A methods and materials course in which the prospective classroom teacher gains knowledge in organizing and implementing a physical education program. Not intended for students majoring in physical education.

PHED 277/278/279 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

PHED 281 Motor Behavior.  2 hrs
A required course for physical education majors and minors. Instruction will focus on principles of motor development, with implications for learning gross motor skills. Consideration of the factors associated with individual differences in attaining motor proficiency during childhood and adolescence will be examined.

PHED 282 Perceptual-Motor Training.  1 hr
Planning and effecting gross motor activity programs for students with neurological dysfunction. Assessment procedures and activity sequences. Supervised field experiences required.
PHED 287 Cooperative Education. 3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

PHED 300 Physiology of Exercise. 4 hrs
A lecture/laboratory course concerned with human responses and adaptations to muscular activity. The enhancement of health and physical fitness for the general population, optimizing performance in the various types and levels of competitive athletics.
Prereq: SPMD 200.

PHED 304 Microcomputer Applications in HPERD. 2 hrs
The course provides a basic overview of how the microcomputer can be integrated into the physical education, recreation, health, dance, and sports medicine programs. Through the use of lecture/demonstrations and hands-on activities, participants use and evaluate a variety of software applicable to school and nonschool settings.

PHED 305 Practical Concepts of Conditioning. 2 hrs
A practical experience in applying the concepts and theories of conditioning to in-class situations as well as coaching. Programs such as interval training will be designed and experienced by the student for use in a particular situation.

PHED 310 Physiology of Human Performance. 2 hrs
Environmental physiology (heat stress, altitude, and underwater physiology) as it relates to physical education; exercise metabolism as it relates to training techniques for endurance, strength, speed, weight control, and physical fitness; physiological and structural sex differences as they relate to physical education; special aids to performance.
Prereq: SPMD 200.

PHED 312 Athletic Training and Physiotherapy. 2 hrs
For prospective coaches and physical educators. Principles and skills of athletic training and physiotherapy. Lectures, demonstration, and practice of massaging, bandaging, taping, and therapeutic measures as applied in athletic activities and injuries.
Prereq: SPMD 200.

PHED 316 Foundations of Coaching. 2 hrs
Practical and scientific information necessary for the implementation of a successful coaching program.

PHED 331 Service Teaching. 1 hr

PHED 332 Service Teaching. 1 hr

PHED 334 Adaptive Physical Education. 2 hrs
A lecture and participation course covering the philosophy and goals of adaptive physical education, the relationship of adaptive physical education to the general physical education program, the needs and characteristics of the students with disabilities, and the designing of exemplary adapted physical education programs. Supervised fieldwork required.

PHED 350 Methods of Teaching Rhythmic Activities. 1 hr
A required class for physical education majors who are preparing to teach in elementary and secondary schools. Instruction will focus on the teaching, performance, analysis, and evaluation of fundamental rhythmic and dance skills.

PHED 351 Methods of Teaching Fundamental Movement and Movement Education. 1 hr
A required class for physical education majors who are preparing to teach in elementary and secondary schools. Instruction will focus on the teaching, performance, analysis, and evaluation of fundamental movement skills.
Prereq: PHED 281.

PHED 352 Methods of Teaching Elementary Physical Education. 2 hrs
A required course for physical education majors who are preparing to teach and direct physical education experiences for elementary school children. The course focuses on theory and practical experience in physical education in the elementary school. It presents a variety of activities and teaching styles needed to meet the needs of children in the elementary school years.
Prereq: PHED 351.

PHED 353 American Red Cross Lifeguarding. 3 hrs
American Red Cross (A.C.R.) This course covers C.P.R. for the professional rescuer (C.P.R.- P.R.), first aid, and in-water rescue skills. A.R.C. lifeguarding certificates are awarded upon successful course completion.

PHED 387 Methods and Materials in Physical Education.

Methods and use of materials in the teaching of activities in the elementary and secondary grades. Unit and lesson planning, classroom management, audiovisual aids. Observations of physical education classes at different levels required. Entry into College of Education required.

PHED 377/378/379 Special Topics.

1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

PHED 384 Physical Education for the Visually and Hearing Impaired.

1 hr
Planning and effecting physical education programs for visually and hearing impaired students. Adaptations, teaching strategies, and activity sequences. Supervised field experiences required.

Prereq: PHED 281 or PHED 334.

PHED 385 Special Olympics.

3 hrs
Planning and effecting Special Olympics participation for mentally impaired students. Task analysis, organization, instructional techniques, and program content. Supervised field experiences required.

Prereq: PHED 386 and either PHED 281 or PHED 334.

PHED 386 Physical Education for the Mentally Impaired.

1 hr
Planning and effecting physical education programs for trainable and severely mentally impaired students. Assessment procedures, teaching strategies, and activity sequences. Supervised field experiences required.

Prereq: PHED 281 or PHED 334.

PHED 387 Cooperative Education.

3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

PHED 388 Assessment in Adaptive Physical Education.

1 hr
A study of the process of assessing gross motor functioning of students who exhibit a variety of disabilities. Investigation of the legislative mandates requiring assessment and application of the latest assessment instruments for students with disabilities. Fieldwork required.

Prereq: PHED 334.

PHED 389 Sport and Activity for the Disabled.

1 hr
A course designed to investigate sports organizations that serve people with disabilities. Topics to be explored include the role of the United States Olympic Committee, Group E members of the USOC and Committee on Sports for the Disabled, classification of athletes for competition, role of the National Governing Bodies in promoting sports, and ways people with disabilities can access sports and noncompetitive opportunities.

PHED 405 Women in Sports.

3 hrs
Patterns, problems, and conditions associated with women's sports involvement in selected world cultures; the sportswoman in American society.

PHED 421 Legal Aspects of Sport, Physical Education, and Recreation.

2 hrs
Individual rights, due process, selected legal concepts and principles, liability, safe environments, risk management, contracts, insurance, and other selected topics.

Prereq: Senior standing.

PHED 440 Tests and Measurements in Physical Education.

2 hrs
The discriminating selection, administration, interpretation, and use of standardized tests and measurements in physical education. Entry into College of Education required.

PHED 441 Organization and Administration of Physical Education.

3 hrs
Principles and objectives in physical education in the light of the needs, interests, and characteristics of public school students. Principles of organization and administration of programs in departments, classes, clubs, intramurals, athletics, and leadership. Functional construction of gymnasiums, swimming pools, athletic fields, and various facilities.

Prereq: Junior or senior standing.

PHED 453 American Red Cross Water Safety and Lifeguard Instructor.

3 hrs
This course offers students American Red Cross (A.R.C.) Certification in instructor candidate training, (I.C.T.) water safety instructor (W.S.I.), lifeguarding instructor
(L.G.I.), waterfront lifeguarding instructor (W.F.I.), and head lifeguarding instructor (H.G.I.). Demonstration; explanation, analysis, practice of teaching skills, use of manuals and videos are used to implement the course content.

**PHED 477/478/479 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

**PHED 481 Adaptive Aquatics.** 2 hrs
Aquatic instructional techniques in working with special populations including physically disabled, developmentally disabled, and the aging. Lectures, films, swimming skills, adaptations of swimming skills, and 20 hours of fieldwork experience. Students with current WSI who meet course requirements will receive Adaptive Aquatics Instructor certification. Students with no WSI but who meet course requirements will receive Adaptive Aquatics Aide certification.

**PHED 487 Cooperative Education.** 3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
*Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.*

**PHED 490 Field Experience in Adaptive Physical Education.** 4 hrs
Required course for "teachers of physical education for handicapped individuals; approval." A directed 15-week field experience in teaching physical education to handicapped persons in a school setting.
*Prereq: Department permission.*

**PHED 495 Senior Seminar.** 2 hrs
A synthesis of educational theories presented in the undergraduate physical education program and the student teaching experience.

**PHED 496 Youth Sports Program.** 2 hrs
Development of professional leadership skills for the expanding nonschool community sports programs.

**PHED 497/498/499 Independent Study.** 1/2/3 hrs
Directed study in areas not covered in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to selected faculty members for direction, consultation, and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a grade point average of 3.0 or above, and who have completed the appropriate background courses.
*Prereq: Department permission.*

**Physical Education Major Courses**

**PEMJ 177/178/179 Special Topics**

**PEMJ 234 Field Hockey**

**PEMJ 236 Intermediate Volleyball**

**PEMJ 238 International and Ethnic Games**

**PEMJ 377/378/379 Special Topics**

**PEMJ 320 Dance Workshop**

**PEMJ 322 Dance Workshop**

**PEMJ 377/378/379 Special Topics**

**PEMJ 477/478/479 Special Topics**

**Therapeutic Recreation Courses**

**RECR 100 Introduction to Recreation and Leisure.** 3 hrs
A basic overview of the fields of recreation and leisure service delivery for the major student. Emphasizes the broad aspects of recreation and leisure as they relate to the delivery of human services. Includes history, philosophy, trends, and job opportunities. Lecture, discussion, film, and speakers from the field.

**RECR 165 Leisure Lifestyles.** 3 hrs
An introduction to leisure lifestyles as related to oneself and how leisure behavior relates to an individual's work, education, economy, ethnic beliefs, and values. The course involves individual leisure awareness, choices, goals, and strategies to assist in creating a quality and fulfilling life. Lecture, discussion, evaluation techniques, and self-exploration. Helpful for majors in any discipline.

**RECR 185 Leisure Lifestyles.** 3 hrs
An introduction to leisure lifestyles as related to oneself and how leisure behavior relates to an individual's work, education, economy, ethnic beliefs, and values. The course involves individual leisure awareness, choices, goals, and strategies to assist in creating a quality and fulfilling life. Lecture, discussion, evaluation techniques, and self-exploration. Helpful for majors in any discipline.

**RECR 177/178/179 Special Topics.** 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*
RECR 180 Activity Analysis and Adaption. 2 hrs
Develops the skills necessary to analyze activities to find inherent characteristics that contribute to program objectives for special populations. Components of activity analysis (physical, cognitive, affective, and social/interactional skills) are studied in detail. Lecture, discussion, and experiential learning.

RECR 200 Recreation for Persons with Disabilities. 3 hrs
An overview of therapeutic recreation relative to physically disabled, mentally impaired, emotionally impaired, socially deviant, the aged, and chemically dependent within clinical, outpatient, and community settings. Lecture, discussion, film, readings, and 20 hours of fieldwork experience.

RECR 210 Camping for Special Populations. 2 hrs
This course will provide practical experience for the student interested in working as a counselor at a camp for special populations. It will also provide experience in setting up a camp since the student will be responsible for the development of all materials and programming for a weekend camp.
Prereq: RECR 200 or SPGN 251.

RECR 260 Recreation Leadership. 3 hrs
Methods and techniques of group and individual leadership skills at three levels: direct face-to-face leadership, supervision, and management. An overview of conceptual and theoretical components of the leadership process; practical application of various leadership methods and procedures in a cross section of leisure service settings. Lectures, discussion, and experiential learning.

RECR 271 Park Maintenance. 3 hrs
Principles, practices, and techniques of maintenance and management of outdoor recreation areas and facilities. Resource maintenance and management; maintenance and depreciation of equipment; personnel practices in maintenance; safety practices, legal issues, and public relations. Lecture, speakers, park visitations, and projects.
Prereq: RECR 100 or department permission.

RECR 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

RECR 280 Camping. 2 hrs
History of organized camping; camping on federal and state recreation areas; information sources for camping; planning and preparation (equipment, clothing, meals, camp schedules, and camp programs) Skills areas for camping: map and compass, ropes and knot-tying, campfire construction, camp tool use and maintenance, tents. Safety reviewed for meal preparation, use of tools, and toxic plants and animals. Lecture, demonstrations, and student participation in a weekend camping trip.

RECR 300 Principles of Therapeutic Recreation. 3 hrs
Leadership, assessment, adaptation, and programming techniques to meet the leisure needs of special populations in today's society. Task analysis, facilitation techniques, leisure counseling, programming, and adaptation of specific activities. Lecture, experiential participation, and 30 hours of community fieldwork.
Prereq: RECR 200 or RECR 260.

RECR 310 Leisure and the Older Adult. 3 hrs
Interdisciplinary approach for working with older persons through physical activities, socialization, drama, music, dance, fitness, and facilitation techniques. Aspects of aging, concepts of leadership and individualized programming are studied and then experienced through activities at senior centers and long-term care facilities. Lecture, group assignments, and experiential participation.

RECR 320 Leisure Education. 3 hrs
Concepts and techniques of leisure education for use with all populations. Leisure awareness, social interaction skills, leisure activity skills, and leisure resources. Educates the student as a provider of leisure services. Lecture, speakers, readings, and participation.

RECR 330 Therapeutic Recreation: Substance Abuse. 3 hrs
The use of leisure and recreation in the prevention and/or rehabilitation of chemical dependency. Skill development in areas of leisure education, group dynamics, facilitation techniques, communication, values clarification.
tion, decision-making, games and sports, new games, socialization and outdoor/nature techniques, and family leisure education. Lectures, discussions, and experiential learning.

Prereq: RECR 200.

RECR 340 Techniques in Therapeutic Recreation. 3 hrs
Introduction to specific techniques used in therapeutic recreation, including counseling theory, psychotherapies, medical terminology, and transfers and lifts. Lecture, speakers, assessments, and 30 hours of fieldwork.
Prereq: RECR 200.

RECR 360 Recreation Program Planning. 3 hrs
Learning to plan and deliver leisure experiences to an individual or group of individuals. Use of systematic way of identifying, developing, implementing, evaluating, and revising programs to meet people's leisure needs and interests. Plan individual programs. Lecture, speakers, projects.
Prereq: RECR 260.

RECR 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

RECR 390 Outdoor Recreation. 3 hrs
History of outdoor recreation and outdoor recreation management. A systems view of outdoor recreation resources; federal, state, and local agencies that provide outdoor recreation opportunities; their history and management philosophies and problems. Tools utilized by managers of outdoor recreation resources to provide opportunities for recreation. Lecture, speakers, projects.

RECR 400 Therapeutic Recreation Processes and Services. 3 hrs
The philosophical and theoretical premises on which program design is developed; sequential development components of program design, implementation and evaluation; specific management concerns that are crucial to the effective operation and evaluation of systems-designed therapeutic recreation programs. Lectures, study of ongoing programs, and assessment through role-playing.
Prereq: RECR 200, RECR 300, RECR 340; or department permission.

RECR 410 Professional Preparation. 1 hr
Involves self-appraisal as a recreation professional; professional ethics; writing practicum and career goals; developing a chronological and functional résumé; writing letter of inquiry and cover letter; information on job placement within recreation services; NRPA registration/certification; applying for graduate school; and the job interview process. Lecture, self-appraisal, formal videotaped interview with a recreation professional.

RECR 430 Issues in Therapeutic Recreation. 3 hrs
This required course is designed for the senior therapeutic recreation major. Students will gain an awareness of the current issues impacting the practice of therapeutic recreation.
Prereq: RECR 200, RECR 300, RECR 400.

RECR 449 Therapeutic Recreation Practicum. 8 hrs
A full-time, 15-week, 600-hour experience in an approved hospital, outpatient, or community setting under direction of a certified therapeutic recreation specialist and University supervisor. Leadership, supervisory, and administrative experience of a practical nature.
Prereq: Candidate status for a minimum of one semester prior to application for practicum; completion of 90 percent of all academic courses including RECR 100, RECR 200, RECR 250, RECR 260, RECR 300, RECR 340, RECR 360, RECR 400, RECR 460, and RECR; completion of 250 hours of fieldwork; grade point average of 2.50 overall and 2.75 in all major classes.

RECR 450 Park Planning and Design. 3 hrs
Overview of history of park planning and design; scope of park planning, types of park plans; planning processes, systems, and site-level planning; work program design; use of consultants; sources for planning; recreation standards; analysis of supply and demand for recreation and open space; site analysis; use area relationships; and site plan development and interpretation. Lab: maps and aerial photos, drawing and perspective; computer drawing; site analysis and design. Lecture, projects, field trips.
Prereq: RECR 100.

RECR 460 Park and Recreation Administration. 3 hrs
Influence of organizational thought as related to park and recreation agencies. Organizational structures of park and recreation agencies, budgeting, management by objectives, public and private financial sources,
volunteerism, marketing of park and recreation resources, pricing services and products, and administrative responsibility and ethics. Lectures, speakers, projects.

Prereq: RECR 100, RECR 260, RECR 360, or permission.

RECR 465 Park and Recreation Management. 3 hrs
Use of systems approach to agency management; nature of a problem and problem-solving model; use of public input in management decision-making; role of research in managing recreation services; personnel management practices; and basic legal issues. Lecture, speakers, projects.

Prereq: RECR 100, RECR 260, RECR 360, or permission.

RECR 471 Contemporary Issues in Recreation. 3 hrs
This course is to familiarize the recreation and park management student with vital issues that practicing professionals are facing on a daily basis. The class will utilize a seminar format with each session focusing on a single issue. A wide range of leading authorities in the field will present from their perspective followed by an in-depth discussion session on how this topic impacts the future professional.

Prereq: RECR 100, RECR 260, RECR 360, RECR 460.

RECR 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

RECR 481 Adaptive Aquatics. 2 hrs
Aquatic instructional techniques in working with special populations including physically disabled, developmentally disabled, emotionally impaired, and the aged. Lectures, films, swimming skills, adaptations of swimming skills, and 20 hours of fieldwork.

RECR 489 Recreation Practicum. 8 hrs
A full time, 15 week, 80-hour experience in a leisure services setting under a qualified recreation/leisure specialist and University supervisor.

Prereq: Completion of 90 percent of all academic courses including RECR 100, RECR 200, RECR 260, RECR 265, RECR 360, RECR 460, RECR 465; completion of 250 hours of fieldwork. Overall grade point average of 2.5 and GPA of 2.75 in recreation and park management required and elective courses.

RECR 497/498/499 Independent Study. 1/2/3 hrs
An opportunity for directed study in areas not covered in other course offerings, or greater in-depth of study in areas of continued interest for the student. Students will be assigned to selected faculty members for direction, consultation, and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a grade point average of 3.0 or above and who have completed the appropriate background courses.

SPORTS MEDICINE COURSES

SPMD 119 Orientation to Sports Medicine. 1 hr
A class for students interested in sports medicine. An introductory course to orient students to the specialized major areas of athletic training and exercise science.

SPMD 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

SPMD 200 Anatomy and Physiology. 5 hrs
Required lecture course for Sports Medicine Majors which examines the structure and function of the human body. Designed to accompany laboratory material in ZOOL 318, Laboratory in Human Anatomy.

Prereq: BIOL 105, CHEM 120, 2.5 GPA.

SPMD 225 Practicum I. 2 hrs
A supervised educational experience in athletic training under the supervision of a certified athletic trainer.

Prereq: GPA 2.8, SPMD 119 and department permission.

SPMD 219 Introduction to Athletic Training. 3 hrs
An introduction designed to expose the student to the discipline of athletic health care. The student will study modern concepts of the prevention and care of athletic injury and common health care issues.

Prereq: SPMD 119.

SPMD 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.
SPMD 290 Practicum II  
2 hrs  
A supervised athletic training practicum designed to incorporate theories and technical skills learned in the prerequisite courses. The objective is to obtain hands-on experiences in an intercollegiate setting.  
Prereq: Departmental Permission; Coreq: SPMD 295, GPA 2.9.

SPMD 295 Recognition and Evaluation of Athletic Injury  
4 hrs  
A study of the principles, procedures and techniques that are commonly utilized in the recognition and assessment process of athletic injury. Emphasis is on the student taking patient history, conducting the physical examination, and the primary care features of athletic injury.  
Prereq: SPMD 225 and 2.9 GPA.

SPMD 305 Kinesiology-Tissue Mechanics  
3 hrs  
A required course for athletic training majors in the sports medicine program. Instruction will focus on the laws of physics as they are adapted to explain biological phenomena.  
Prereq: PHY 221, SPMD 200, and a 2.7 GPA.

SPMD 315 Applied Sport Psychology  
3 hrs  
A course of study which provides information to help the prospective teacher/coach or sports medicine student apply behavioral science principles to the performance aspects of sport and human performance.  
Prereq: PSY 101 / Candidacy.

SPMD 377/378/379 Special Topics  
1/2/3 hrs  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

SPMD 378 Special Topics: SPMD 321 Therapeutic Modalities for Athletic Trainers  
2 hrs  
A detailed study of theory, applications, physiological effects, and indications and contraindications of commonly used therapeutic modalities in the practice of athletic training.  

SPMD 379 Special Topics: SPMD 322 Therapeutic Exercise for Athletic Trainers  
3 hrs  
A study of the principles of applications, physiological effects, and indications and contraindications of commonly used therapeutic exercise methods in the practice of athletic training.  

SPMD 390 Preinternship  
2 hrs  
This course is organized and conducted to include a supervised clinical experience that allow the advanced student to assist in the skills, procedures and management of athletic injury and health care.  
Prereq: Candidacy and department permission; 3.0 GPA.

SPMD 410 Laboratory Techniques in Human Performance Analysis  
4 hrs  
A required course for students majoring in the Exercise portion of the Sports Medicine program. Instruction will focus on techniques of human performance analysis including Graded Exercise Testing, Measurement of resting and exercise blood pressure, body composition, EKG recordings, indirect measures of energy expenditure, estimated MET levels from walking, running, leg ergometry, arm ergometry, and stepping exercises, environmental considerations in exercise testing and training, and exercise prescription for various populations.  
Prereq: SPMD 430 and Candidacy.

SPMD 419 Medical and Administrative Aspects of Athletic Training  
3 hrs  
To expose a candidate student to the various medical specialities that an athletic trainer is likely to utilize as medical support staff in the athletic health care setting. The organizational and administrative concepts are also featured that are necessary to the smooth delivery of an athletic health care system. The course is primarily lecture, but practical sessions are included where appropriate.  
Prereq: SPMD 295, Candidacy.

SPMD 425 Sports Medicine Practicum Exercise Science  
2 hrs  
A full semester experience in a department-approved agency or institution under the direction of certified personnel to work in areas including, but not limited to, adult fitness, cardiac rehabilitation, physical therapy, and other related areas.  
Prereq: PHED 300, Candidacy.
SPMD 430 Basic Principles of Electrocardiography.  
3 hrs  
A three-hour undergraduate course on the basics of electrocardiography. The student will learn the basic concepts of conduction, rate, rhythm, axis determination, hypertrophy infraction, and the effects of drug therapy.  
Prereq: Candidacy.

SPMD 477/478/479 Special Topics.  
1/2/3 hrs  
Offered on an experimental basis for one semester for purposes of meeting special needs and/or innovations.  
Prereq: Candidacy and department permission.

SPMD 479 Special Topics: SPMD 421 Legal Aspects of Sports Medicine.  
3 hrs  
This course examines the legal issues surrounding the field of sports medicine including: individual rights, due process, selected legal concepts and principles, liability, safe environments, risk management, contracts, insurance, and other selected topics.  
Prereq: Candidacy

SPMD 479 Special Topics: SPMD 431 Pathology for Sports Medicine.  
3 hrs  
A required course for sports medicine majors which relates normal body functioning to the physiologic changes that occur as a result of injury and disease, and examines the effects of physical activity on these processes.  
Prereq: Candidacy

SPMD 479 Special Topics: SPMD 432 Introduction to Exercise Programming.  
3 hrs  
A required course for students majoring in exercise science. This course provides information needed to develop, implement, and manage exercise programs in a variety of settings. Within the context of each program setting the following issues will be discussed: 1) the health screening, 2) implementation and management of the exercise prescription, 3) identification and development of exercise leadership skills, and 4) exercise compliance issues.  
Prereq: Candidacy

SPMD 480 Internship Exercise Science.  
8 hrs  
A directed full semester field experience in a department-approved agency or institution under the direction of certified personnel to work with adult fitness and/or cardiac rehabilitation.  
Prereq: Candidacy and department permission.
LEADERSHIP AND COUNSELING

John Waidley
Interim Department Head
13 Boone Hall
487-0255/487-3270

Associate Professors: Beverly Geltree, William M. Hetrick, William J. Price
Assistant Professors: James E. Berry, Yvonne L. Calloway, John Gooden, Jane S. Goodman, Donald Hackmann, Alison J. Harmon, Christine E. Phelps, Sue A. Stickel, Jaclyn R. Tracy

GRADUATE-LEVEL STUDY

Students who wish to enter the educational leadership program or the guidance and counseling program are reminded that these are graduate-level programs. The undergraduate courses in these areas provide an introduction to the organization of American education, help students explore career opportunities, or provide an opportunity for the students to learn about basic counseling concepts and processes. Undergraduate students may not enroll in any graduate coursework in the department of Leadership and Counseling. Rules governing graduate study and complete descriptions of all graduate courses and programs are in the Graduate Catalog.

The educational leadership program offers graduate work leading to the master's, specialist, and doctoral degrees in educational leadership, as well as many other leadership positions in education, e.g., adult education, business management, vocational education, community education, personnel, public relations, community college.

The guidance and counseling program is concerned with the professional preparation of elementary and secondary school counselors, student personnel workers in higher education, and counselors and personnel workers in noneducation settings, e.g., employment counselors, vocational rehabilitation counselors, community agency personnel, business/industry personnel. This program provides course work leading to completion of the master's and specialist degrees.

Advising coordinators:
Educational leadership: James E. Berry
Guidance and counseling: John W. Waidley

EDUCATIONAL LEADERSHIP COURSES

EDLD 402 Organization of American Education. 3 hrs
A study of the organization and control of education in America to determine its purposes, structural characteristics and efficiency, and the various educational roles.
Prereq: One professional education class or department permission.

EDLD 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

GDCN 100 Career Exploration and Decision-Making. 3 hrs
Self-exploration (values, interests, goals) as it relates to careers and the world of work. Presentation in an experimental format of career exploration and personal decision-making strategies and processes. Investigation of career planning and resources (people and materials).

GDCN 450 An Introduction: Counseling Concepts and Skills. 3 hrs
Introduction to basic concepts of counseling relationships; training in basic counseling skills; experiential learning activities which focus on self-development, interpersonal relationships, and related issues; and initial exposure to counseling theory and process. Open to juniors and seniors or by department permission; recommended for those planning a career in the helping professions.

GDCN 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
SPECIAL EDUCATION

Kathleen S. Quinn
Department Head
215 Rackham Building
487-3300

Professors: Henry L. Gottwald, Ronald Hoodin, Marylyn E. Lake, Nora Martin, Sandra McClennen, Gary B. Navarre, James R. Palasek, Dale L. Rice

Associate Professors: George J. Barach, Michael Beebe, Lawrence M. Bemish, Joe E. Coyner, Dorothea French, Carole Gorenflo, Nancy L. Halmhuber, Robert Kreger, Lynne A. Rocklage, Angela Massenberg, Gayle L. Nash, Kathleen S. Quinn, Marvin L. Skore, Jody Smith, Lech Wisniewski, Florence E. VanVoorhees

Assistant Professors: Roberta Anderson, Kenneth Schatz

The Special Education department is among the oldest and most prestigious preparation programs for teachers of students with disabilities in the nation. It is the largest special education program in Michigan and among the most extensive in the country because of its numerous course offerings, experienced faculty, location, and affiliations with schools, clinics, institutions, agencies, and hospitals in the metropolitan area that surrounds the University.

The department provides courses that prepare students to educate individuals with special needs and where necessary to meet the basic requirements for the State Provisional Elementary and Secondary Certificate in Teaching.

In addition, the department has unique facilities on campus:

1. A speech and hearing clinic, which provides a complete range of clinical training opportunities for majors in speech pathology as well as observation opportunities for students in other programs of study. Clinical outpatient services are available to college students and to children and adults from the surrounding areas.

Clinical speech and language evaluations and therapy and complete audiological services are offered, including diagnostic audiology, hearing aid evaluation and selection, aural rehabilitation, prenursery evaluation and training, and parent counseling. As part of their preparation, majors in speech and language impaired and hearing impaired may be directly involved in the delivery of these services under staff supervision.

2. A parent-infant management program for the hearing impaired, which provides guidance for parents of hearing impaired children and enables them to help their child develop auditory/speech/language skills during their formative years.

Parents/caregivers are expected to work in the clinical setting with their infant/toddler and discuss problems concerning their child. University students also have the opportunity to observe and participate in skill development.

3. CENTER FOR ADAPTIVE TECHNOLOGY EDUCATION (CATE) The Center for Adaptive Technology Education is a program and facility in the department of Special Education, Rackham Building. The CATE program focuses on the use of adaptive and assistive technology to support and facilitate the activities and pursuits of persons with disabilities. CATE has three broad missions that directly relate to the University's commitment to teaching, service, and research.

The teaching mission of CATE is reflected in preservice and inservice educational programs. CATE's service mission focuses on providing services to EMU students, staff, and faculty with disabilities, as well as providing adaptive technology evaluation and training services to persons with disabilities in the local community. CATRE also is involved in research and development activities that focus on the design and development of innovative software and hardware, as well as unique adaptations to existing technology.

Students not majoring in special education may enroll in a planned program consisting of a sequence of special education courses to meet personal and professional goals. Designed primarily for those majoring in physical education or recreation, industrial education, and music education, the program provides background on handicapping conditions but will not offer sufficient specialized work to meet endorsement requirements to teach students with disabilities. The sequence of courses is to be planned in advance and have the written approval of the head of the department of Special Education.

Degrees:
Bachelor of Science and Bachelor of Arts

Programs of Study

Majors:
- Emotionally impaired
- Hearing impaired
- Mentally impaired
Physically and otherwise health impaired
Speech and language impaired
Visually impaired

*The speech and language impaired program is a five-year course of study to conform with professional and state guidelines and culminates in a major's degree.

Minors:
Students must complete one subject area minor of 20 hours or a group minor of 24 hours. The minor must be in a teaching subject appropriate to and approved for the level of teaching certificate for which the student is qualifying. Elementary certificate candidates may complete an approved planned program in lieu of a minor when circumstances warrant.

Advising
Students are assigned a faculty adviser from the program area he/she elects as a major. The adviser will monitor the student's progress throughout his/her professional preparation however, it is the student's responsibility to schedule advising appointments each semester prior to or during the university registration period. Faculty advisers post office hours and other times students may schedule appointments. Advisers can inform students of special area requirements and procedures. For example, students in the speech and language impaired and the hearing impaired program areas must have permission from their advisers prior to registration.

Faculty advisers
Emotionally impaired: Robert Kreger, Marvin Skore, Jody Smith
Hearing impaired: Dorothea French, Gayle Nash
Mentally impaired: Marylyn Lake, Nora Martin, Sandra McClennen
Physically and otherwise health impaired: Roberta Anderson
Speech and language impaired: Willie P. Cupples, Ronald Hoodin, James Palasek
Visually impaired: George Barach, Alicia Li

Admission
Admission requirements to the University, the College of Education and the department of Special Education must be met by students intending to major in this department. However, students may indicate their intention to major in special education upon entrance to the University. Formal application for admission to any of the department's programs of study will be considered only when supported by from a faculty member in the department of Special Education and following acceptance into the College of Education Program area faculty will determine admission.

Admission and Continuance Criteria
(FOR ALL PROGRAMS EXCEPT SPEECH AND LANGUAGE IMPAIRED)
1. Completion of 56 semester hours of college credit and with an EMU grade point average of 2.50 or better.
2. Completion of SPGN 251 Education of Exceptional Children and the introductory course in the major area of study with a grade of "C" or better. These introductory courses are:
   a. Emotionally impaired: SPEI 301 Emotionally Impaired Children and Adolescents.
   b. Hearing impaired: (see statement under Hearing Impaired).
   c. Mentally impaired: SPMI 350 Introduction to Mental Retardation.
   d. Physically and otherwise health impaired: SPP1 310 Developmental Sciences for Teachers of the Physically and Health Impaired.
   e. Visually impaired: Demonstrate proficiency in typing.
3. Successful completion of the state-mandated basic skills test.
4. Submission of a formal application for admission to the department of Special Education supported by a letter of recommendation from a faculty member in the department of Special Education.

Criteria for continuance in a program of study in the department of Special Education is dependent upon:
1. Maintenance of a 2.50 cumulative grade point average.
2. Maintenance of a 2.50 cumulative grade point average in major courses in program of study.
3. Completion of all courses in the major with a grade of "C" or better. Students will be required to retake any major course in which they earn a grade below "C." A major course may be repeated only once.
4. Demonstration of performance that indicates reasonable aptitude, maturity, stability, skill, and understanding necessary for success in the professional field of special education.

The continuance or termination decision will be made by the faculty in the program area. Students may
request a meeting with the faculty of a program area to apprise them of any extenuating circumstances that may aid them in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative, or social probation.

SPEECH AND LANGUAGE IMPAIRED
ADMISSION AND CONTINUANCE CRITERIA

The following criteria must be met before admission to the undergraduate program is granted:
1. Must complete 35-45 credit hours with a minimum GPA of 2.75.
2. Must have taken the Basic Skills Test, which assesses math, reading, comprehension, grammar, and writing skills. Must achieve or surpass the score established by the College of Education.
3. Must pass a speech and hearing screening.
4. Must meet application submission deadlines:
   Fall semester: February 15
   Winter semester: October 15

When the number of applicants exceeds program capacity, a specific formula will be applied to make selections. Preference will be given on the basis of GPA, previous enrollment at EMU, membership in a protected minority group, and membership in the underrepresented gender.

To be allowed to continue in the speech-language pathology program, the student must meet the following:
1. Maintenance of a cumulative overall GPA of 2.75 or better.
2. Maintenance of a cumulative major GPA of 3.0 or better.
3. Completion of all major academic courses with a grade of "C" or better. All courses in which a grade of "C-" or lower is achieved must be repeated and may be repeated only once. A student must retake the course in which the lowest grade was received. No more than two courses may be repeated. Students will not be able to enroll in courses at the management level or beyond until this requirement is met. Students must remain in their planned tracks if they are required to repeat. This implies ineligibility to take advanced SPSI courses for 1 or 2 terms.
4. Completion of all major clinical courses with a grade of "C+" or better. Clinical courses in which a grade of "C" or lower is achieved must be repeated before the student is allowed to continue with the next level of courses and may be repeated only once.
5. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgments will be made by the SLP faculty.
6. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 2.75.

TERMINATION FROM THE PROGRAM

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with the full faculty for discussion of academic performance and continuation in the program.

GENERAL INFORMATION

Fieldwork in both general and special education is required. Presudent teaching experiences are required of all candidates pursuing a teaching certificate. (See Presudent Teaching, page 359). Majors should consult with their advisers regarding specific requirements within their designated areas of special education.

Student teaching in either elementary or secondary education must be successfully completed prior to the special student teaching placement. Special student teaching assignments are arranged and approved by the department upon the recommendation of the faculty within the designated area of special education.

Certification in either elementary or secondary (regular) education is required for all programs of study in special education except speech and language impaired (see SLI program description). Successful completion of any program of study leads to either an elementary or secondary special education endorsement except in the area of speech and language impaired. The speech and language impaired program is a 5-year MA degree program in which K-12 endorsement is granted.

Each of the programs of study in the Special Education department meets or exceeds minimum course, experience, or competency requirements established by the Michigan State Board of Education for that endorse-
ment area. However, meeting Michigan teaching certification and endorsement requirements does not necessarily meet requirements for teacher certification or endorsement in other states. All special education programs of study are recognized and approved for accreditation by the International Council for Exceptional Children.

The hearing impaired and speech and language impaired programs also are certified by national professional associations. The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language, and/or hearing). An individual who meets these requirements may be awarded a Certificate of Clinical Competence in Speech Pathology. Specific requirements may be obtained from the advisers in speech and language impairment.

National certification is provided by the Council on Education of the Deaf to eligible majors in the hearing impaired program. Specific requirements may be obtained from advisers in this area.

Graduate study leads to the master's degree in special education and the specialist's degree in special education. The MA and specialist's degrees are described in the Graduate Catalog.

TEACHING PROGRAMS

EMOTIONALLY IMPAIRED

Elementary Teacher Certification

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in emotionally impaired, certification code "SE," and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #83, "Elementary Education," and #59, "Emotionally Impaired."

HEARING IMPAIRED
ELEMENTARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary Provisional Certificate endorsed in hearing impaired, certification code "SL," and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #83, "Elementary Education," and #62, "Hearing Impaired."

Registration for the first course in the hearing impaired sequence (SPHI 228) is by permission only. If there is greater demand for enrollment than availability of places in the class, the hearing impaired program faculty will determine who receives permission. Grade point average will be the primary criterion. It is essential to see a hearing impaired program adviser in order to begin the program sequence.

All students are considered provisional majors until such time as they successfully complete SPHI 391 and pass a language proficiency examination. The basic philosophy of the program is oral communication; however, students are exposed to manual communication during their course of study.

The hearing impaired program is in the process of developing a portfolio presentation as a capstone requirement, attached to SPGN, Seminar for Teachers of Special Education for the hearing impaired program majors.

The "planned program" courses overlap with other required courses by approximately 20 hours.

HEARING IMPAIRED

SECONDARY TEACHER CERTIFICATION

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in hearing impaired, certification code "SL," and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #62, "Hearing Impaired," and the minor area.

Registration for the first course in the hearing impaired sequences (SPHI 228) is by permission only. If there is greater demand for enrollment than availability of places in the class, the hearing impaired program faculty will determine who receives permission. Grade point average will be the primary criterion. It is essential to see a hearing impaired program adviser in order to begin the program sequence.

All students are considered provisional majors until such time as they successfully complete SPHI 391 and pass a language proficiency examination. The basic philosophy of the program is oral communication; however, students are exposed to manual communication during their course of study.

The hearing impaired program is in the process of developing a portfolio presentation as a capstone requirement, attached to SPGN 491, Seminar for Teachers of Special Education for the hearing impaired program majors.

SPEECH AND LANGUAGE IMPAIRED
ALL GRADE LEVELS TEACHER CERTIFICATION
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for either the Michigan Department of Education Elementary Provisional Certificate endorsed in speech/language impaired, certification code "SB" or the Michigan Department of Education Secondary Provisional Certificate endorsed in speech/language impaired, certification code "SB." For elementary, the certification tests covering this field are #83, "Elementary Education," and #57, "Speech and Language Impaired." For secondary, the certification tests covering this field are #57, "Speech and Language Impaired," and the minor area.

The program in speech and language impaired is a five and one-half to six-year course of study culminating in a master's degree that conforms to the requirements of the American Speech-Language-Hearing Association. Students may elect a teacher training or nonteacher training track.

The undergraduate program consists of five semesters of speech-pathology coursework (approximately 36 credit hours) in addition to those hours required by the University to satisfy Basic Studies, teacher certification (for those electing a teacher certification track), and minor requirements. Students must elect either a teacher certification track or healthcare program of study. In general, speech-language pathology (SLP) major academic courses are offered during the fall, winter, and a combination of spring-summer semesters. Each student should plan to attend at least one spring-summer term.

Major courses are entered in the second year or after a student has completed a minimum of 35 to 45 credit hours and has been admitted to the program. This assures that the student maintains continuity once major coursework has begun. Although it may be possible to complete all undergraduate requirements in four academic years (fall and winter semesters only), most
students find it necessary to enroll during one or more spring-summer terms. Students who transfer into the program during their first year may be unable to complete all program and University requirements in four calendar years. By working closely with their academic adviser, students can be assured of completing the program in the least amount of time possible.

Upon completion of a minimum of 124 semester hours reflecting all requirements in Basic Studies and undergraduate major and minor sequences, the student will be granted the Bachelor of Science degree without certification. For those students electing the teacher training track, certification is recommended upon completion of the master's degree. Graduate level courses are those numbered 500 and above. The endorsement is K-12.

- INED 252 Prevocational/Vocational Special Needs Program (4)
- PHED 257 Physical Education for the Classroom Teacher (2)
- EDPS 325 Life Span Human Growth and Development (4)

The following courses require formal admission to the teacher education program:
- CURR 305 Curriculum and Methods: Secondary (3)
- RDNG 311 Teaching Reading in the Secondary School (3)
- SOFD 328 Schools in a Multicultural Society (3)
- EDM 345 Media for the Classroom Teacher (1)
- SPGN 390 Measurement and Diagnosis in Special Education (3)

The appropriate secondary special methods course (see page 366) (3)
- SPGN 461 Classroom Management and Intervention Strategies for Handicapped Students (3)
- SPVI 464 Methods of Teaching the Blind (3)*
- SPGN 481 Adaptive Technology in Special Education (2)
- SPGN 485 Methods and Curriculum: Adolescents and Young Adults with Special Needs (2)*

---

**Total credit hours required:** ........................................... 153

---

*Course required for and applicable to major.

*Could be less, depending on the minor and the possible application of Basic Studies courses to the minor.

*The "planned program" courses overlap with other required courses by approximately 20 hours.

---

**VISUALLY IMPAIRED**

**SECONDARY TEACHER CERTIFICATION**

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in visually impaired, certification code "SK," and, depending on the minor selected, an additional endorsement. The certification tests covering this field are #61, "Visually Impaired," and the minor area.

MUSC 103 Introduction to Music Therapy (2)

Total: 30

Emotionally Impaired Courses

SPEI 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPEI 240 Introductory Clinical Experiences in Emotional Impairment. 3 hrs
Students will be provided with an opportunity to work with impaired students in an effort to help them understand these youngsters, and evaluate their own qualifications for working with this type of youngster. Evaluations of the student's performance will be obtained from a supervising person. Majors in the area of emotional impairment will complete 150 clock hours of experience with youngsters prior to student teaching with emotionally impaired students. Twenty-five (25) of these hours will be completed during this course. An overview and hours introduction to the field of teaching emotionally impaired children and youth including theory, service delivery systems, and classroom practices will also be presented.

SPEI 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPEI 301 Emotionally Impaired Children and Adolescents. 4 hrs
This course provides an explanation of conceptual models which explain disturbed behavior of children and adolescents. Definitive diagnostic categories will also be explained in context of their use in a variety of educational settings by teachers of emotionally impaired children and adolescents.
Prereq: PSY 360; SPEI 240; SPGN 251 is advised. Not open to students on academic probation.

SPEI 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
SPEI 401 Programming, Methods, and Curriculum for the Elementary Emotionally Impaired Child. 4 hrs
Teaching methods, techniques, and materials for educating elementary age emotionally impaired children will be presented. In addition, types of programs serving elementary age disturbed youngsters as well as the Individualized Education Program, federal, and state rules governing the programs will be discussed. For elementary majors only.
Prereq: SPEI 301 and SPGN 461; admission to the teacher education program.

SPEI 440 Seminar: Current Topics in Emotional Impairment. 2 hrs
An examination and discussion of issues and topics of current concern and pertinent to working with emotionally impaired children and adolescents.
Prereq: SPEI 301; admission to the teacher education program.

SPEI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPEI 488 Programming, Methods, and Curriculum for Secondary Emotionally Impaired Youth. 4 hrs
Teaching methods, techniques, and materials for educating secondary age emotionally impaired youth. Types of programs serving adolescent age disturbed youth as well as the Individualized Education Program, federal, and state rules governing the programs will be discussed. For secondary majors only.
Prereq: SPEI 301 and SPGN 461; admission to the teacher education program. SPGN 485 (may be taken concurrently).

LEARNING DISABLED

SPLI 468 Education of Children with Learning Disabilities. 2 hrs
A study of educational and psychological problems of children with neurological and perceptual defects. Theories as they relate to the central nervous system, teaching techniques, classroom management, case studies, research, and teacher-child and parent relationships.
Prereq: SPGN 251; admission to the teacher education program; senior standing.

SPLI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPEECH AND LANGUAGE IMPAIRED

SPSI 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPSI 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPSI 332 Acoustic Phonetics: Speech Science. 2 hrs
Basic principles of acoustic science and speech perception. Consideration of speech as an acoustical phenomenon and the analysis of speech patterns through measurements of sound and spectral analysis.
Coreq: SPSI 336.

SPSI 334 Applied Phonetics. 2 hrs
An introduction to the use of the International Phonetic Alphabet Classification and production of English speech sounds. Phonetic transcription, including some analysis of deviant and variant speech. Lab experiences weekly.
Coreq: SPSI 335.

SPSI 335 Communication Disorders. 3 hrs
A study of the major communication disorders as deviations from normal physical and social behavior. Etiology and symptomatology.
Coreq: SPSI 334.

SPSI 336 Physiologic Phonetics: Anatomy and Physiology. 3 hrs
Anatomy and physiology of normal speech production, consideration of speech as a motor behavior, physiological investigation of speech and voice.
Coreq: SPSI 332.

SPSI 337 Language Acquisition. 3 hrs
The development of speech, language, hearing, and com-
communication from birth. The interrelationship between cognitive development and language acquisition and usage. Developmental processes and milestones in phonology, morphology, syntax, and semantics and pragmatics as a basis for understanding the effects of speech, language, and hearing problems of the individual. Coreq: SPSI 332, SPSI 336, and SPSI 341.

SPSI 340 Management of Phonological Disorders. 3 hrs

SPSI 341 Directed Observation in Speech Pathology. 2 hrs
Observation and evaluation of the methods and materials used in treating speech and hearing disorders. Opportunity for supervised clinical practice. SLI majors must take this course concurrently with SPSI 337, SPSI 332, and SPSI 336.

SPSI 342 Management of Language Disorders. 3 hrs
Diagnosis and treatment of language disorders that result from developmental lag, physical anomalies, and cultural differences. Focuses on preschool, elementary, and secondary school-aged individuals. Prereq: SPSI 334, SPSI 337, SPSI 332, SPSI 336, and SPSI 335. Coreq.: SPSI 340

SPSI 343 Clinical Practice in Speech Pathology I. 2 hrs
A minimum of 60 clock hours of supervised clinical experience with children and adults in individual and group settings. Functional articulation, voice disorders and rhythm problems. Prereq: SPSI 340, SPSI 342, department permission.

SPSI 344 Clinical Practice in Speech Pathology II. 2 hrs
A minimum of 60 clock hours of supervised clinical experience with speech disorders associated with organic impairment. Problems of children and adults with cerebral palsy, cleft palate, hearing losses, mental impairments, and language. Prereq: SPSI 343 and department permission.

SPSI 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

SPSI 452 Voice. 3 hrs

SPSI 454 Stuttering. 3 hrs
Causation, symptomatology, and remedial procedures of stuttering; specific therapy procedures in the clinic, the school, and the home. Prereq: SPSI 340, SPSI 342.

SPSI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

General Special Education Courses

SPGN 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

SPGN 251 Education of Exceptional Children. 3 hrs
An introductory survey course providing the historical, philosophical, and organizational factors leading to the enactment of federal and state laws, rules, and regulations governing special education. Characteristics, educational considerations, and implications of all areas of exceptionality including the gifted, learning disabled, mentally, emotionally, speech and language, hearing, visually, physically, and health impaired are addressed.

SPGN 271 Language Development and Speech Disorders in Special Populations. 2 hrs
Understanding the dynamics of language development and usage from birth through the school years. The effects of disability on language development and processes. Lecture and observation. Required of all special education majors except speech and language impaired and hearing impaired who must take SPSI 337 Language Acquisition.
SPGN 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPGN 300 Exceptional Children in the Regular Classroom. 1 hr
Characteristics of the exceptional learner including impairments of hearing, vision, speech, intelligence, behavior, and physical abilities. Considerations and implications of the educational, social, and psychological experience for the exceptional learner in the regular classroom. Not open to Special Education majors.

SPGN 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPGN 387 Cooperative Education. 3 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

SPGN 390 Measurement and Diagnosis in Special Education. 3 hrs
This course is required for all students majoring in special education. Students will learn about a wide variety of standardized and criterion-referenced tests and about their role in assessing intellectual capacity, academic achievement, socialemotional skills, adaptive behavior, and auditory and visual limitations of students with handicaps. The course will be taught in a lecture format. Students will look at and become familiar with a wide variety of commonly used tests. Cultural reactions, test bias, and limitations will be explored.
Prereq: SPGN 251; admission to the teacher education program.

SPGN 395 Special Needs Persons: School, Family, and Community Interaction. 3 hrs
Designed to provide students with knowledge of the reciprocal influences of special needs persons, birth through 26 years of age, their families, and community institutions: legal, medical, social welfare, and educational. Students will develop skills required to identify problem areas for the special needs person and their families when interfacing with community institutions and to plan and implement effective intervention for positive growth.
Prereq: SPGN 251; admission to the teacher education program.

SPGN 461 Classroom Management and Intervention Strategies for Handicapped Students. 3 hrs
An understanding of selected approaches to effective classroom management for special education students in varied settings will be developed. Behavioral theories will provide the foundation for building effective strategies and approaches for classroom management. The roles and responsibilities of students, parents, teachers, and other school personnel will be identified.
Prereq: SPGN 251; admission to the teacher education program.

SPGN 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPGN 481 Adaptive Technology in Special Education. 2 hrs
This course is intended to assist the student in identifying and implementing adaptive technology in the special education curriculum. The course explores the latest technology available in adapting computers and other devices to assist the special child. Major areas of interest include voice input/output, switching devices, alternative keyboards for the computer, (touch pads, membranes), adaptive devices for the visually impaired (braille and voice output), and other alternative devices. Students are encouraged to look at a broad range of uses for each technological instrument rather than isolate a given advancement for the use of a designated or single disability.
Prereq: SPGN 251; a computer course; admission to the teacher education program.

SPGN 485 Methods and Curriculum: Adolescents and Young Adults with Special Needs. 2 hrs
This course is intended for all students seeking a secondary special education endorsement and interested in working with adolescents or young adults with cognitive, sensory, or physical limitations. Students will
develop knowledge and awareness about secondary and postsecondary special education programs, curriculum, and services that address the intellectual, social, emotional, physical, and vocational needs of this population. 

**Prereq: Admission to the teacher education program.**

**SPGN 486 Recitation and Field Experience with Adolescents and Young Adults: Mentally Impaired, Physically Impaired, Hearing Impaired, or Visually Impaired.** 

Adaptation and application of curriculum and methods appropriate to the student's field of study (major). Students will complete a field experience at the secondary level in the area of disability for which he/she is to be endorsed. 

**Prereq: Admission to the teacher education program.**

**SPGN 487 Cooperative Education.** 

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period. 

**Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.**

**SPGN 491 Seminar for Teachers of Special Education.** 

This course provides a transition from the academic environment to the professional setting. Competencies and issues necessary for teacher preparation and pertinent to the student's internship are presented. Topics for discussion include: a review of the history, nature, and structure of the Michigan Public School system and the delivery of total services to all students including the special education child; state and federal law including due process, data privacy requirements, teacher tenure, and professional liability; professional ethics, organizations, unions, and the influences on education; supervision of and interaction with teaching aids, para-professionals, volunteers, and other school personnel including the regular classroom teacher. Concurrent with special student teaching. 

**Prereq: Admission to the teacher education program.**

**SPGN 497/498/499 Independent Study.** 

Directed study of a problem or group of problems in special education. 

**Prereq: Department permission.**

**HEARING IMPAIRED**

**SPHI 177/178/179 Special Topics.** 

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 

**Prereq: Department permission.**

**SPHI 228 Education of Hearing-Impaired Students.** 

Designed to cover the history of the education of persons with hearing impairments, and to provide an overview of educational programming, psychological adjustment, parent counseling, communication methods, and various philosophical approaches to education of persons with hearing impairments. 

**Prereq: Department permission.**

**SPHI 277/278/279 Special Topics.** 

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 

**Prereq: Department permission.**

**SPHI 375 Fundamentals of Sign Communication.** 

A study of the rationale for use of manual communication systems with persons with hearing impairments, including American Sign Language, manually-coded English Sign systems, and fingerspelling. Beginning-level skills in manual communication will be developed. Observation of use of sign language in school programs will be required. 

**SPHI 377/378/379 Special Topics.** 

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 

**Prereq: Department permission.**

**SPHI 387 Introductory Practicum with Hearing-Impaired Students.** 

Thirty clock hours of supervised observation and work with students with hearing impairments. 

**Prereq: SPHI 228; admission to the teacher education program.**

**SPHI 391 Language for Hearing-Impaired Students.** 

Language development of children with prelingual hearing impairments. Survey of various methods of teach-
SPHI 392 Introduction to Audiology. 2 hrs
Medical and surgical treatment of pathologies of the ear.
Hearing screening tests, basic audiometric testing procedures, and audiometric interpretation.
Prereq: SPSI 332 and SPSI 336.

SPHI 394 Aural Habilitation/Rehabilitation. 3 hrs
A study of the avenues of receptive language available to persons with impaired hearing; the development of auditory learning, auditory training, and the training of speechreading. Includes the understanding of group and individual hearing aids, other assistive technology, and surgical implants.
Prereq: SPHI 392.

SPHI 435 Phonetics and Hearing Impairment. 2 hrs
Prereq: SPSI 332 and SPSI 336; admission to the teacher education program.

SPHI 436 Speech Methods for Hearing-Impaired Persons. 2 hrs
Methods of assessment and intervention in the development of intelligible connected speech in persons with hearing impairments.
Prereq: SPHI 435; admission to the teacher education program.

SPHI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPHI 487 Speech Practicum with Hearing-Impaired Students. 1 hr
Thirty (30) clock hours of supervised observation and speech work with persons with hearing impairments.
Prereq: SPHI 436; admission to the teacher education program.

MENTALLY IMPAIRED

SPMI 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPMI 240 Preclinical: Mentally Impaired. 3 hrs
The purposes of the preclinical experiences in the area of the mentally impaired are twofold. First, it provides the student with opportunities to observe a variety of programs and work with children or youth displaying a variety of types and/or degrees of learning, emotional, and physical difficulties. (For a more detailed description of this component, please review the Handbook for Majors in the Mentally Impaired.) Secondly, students will meet together to discuss observations, insights, and concerns related to their experiences. Educational programs for students with mental retardation will be discussed and site visits will be made.

SPMI 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPMI 350 Introduction to Mental Retardation. 3 hrs
This lecture course introduces students to the field of mental retardation: its history, terminology, causes, health, medical, and sensorineural components. The range of philosophies influencing educational practices and life management programs are also discussed.
Prereq: SPGN 251, PSY 101.
SPMI 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPMI 427 Educating the Elementary Student with Mild Retardation. 2 hrs
The development of programs, materials, and instructional techniques appropriate to the needs of the educable mentally retarded child from birth to age 12.
Prereq: SPMI 240, SPMI 350; admission to the teacher education program.

SPMI 429 Curriculum Design and Education Programs for Students with Mild Retardation. 3 hrs
Emphasis will be given to the assessment of basic learning skills and academic levels of functioning based on the use and results of formal tests, criterion referenced tests, and formal data gathering instruments. Additional emphasis will be placed on the development of appropriate educational program goals. The development of appropriate lessons using selected materials, methods, and techniques to meet these goals. Selected behavioral management approaches will be included as they relate to overall educational goals and program development.
Prereq: SPMI 240, SPMI 350, SPMI 427; admission to the teacher education program.

SPMI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPM1 483 Education of Students with Moderate or Severe Retardation. 4 hrs
This course focuses on philosophy, curriculum, assessment, teaching methods, and classroom management techniques for students identified as TMI, SMI, or SXI. A three-hour-per-week field placement in one of the above classrooms is an integral part of the course.
Prereq: SPMI 240, SPMI 350, SPMI 427; admission to the teacher education program.

Physically or Otherwise Health Impaired

SPPI 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPPI 240 Preclinical ExperiencesPOHI. 3 hrs
This introductory course provides exposure to and experience with the physically or otherwise health impaired. Students will be encouraged to evaluate and examine their motivation for becoming a teacher of the physically and health impaired and be introduced to all aspects of the teaching profession. Students will participate in a field experience, being exposed to all age and grade levels. They will have an opportunity to visit a variety of settings that employ teachers of the physically and health impaired and be exposed to the ancillary services found in most POHI delivery models.

SPPI 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SPPI 310 Developmental Sciences for Teachers of the Physically and Health Impaired. 4 hrs
A study of developmental human anatomy and physiology with emphasis upon the impact of the nervous system and its integration, function, and control of the other body systems and their functions. The relationship of normal development to disability is explored and infused throughout the course. Laboratory periods are required where students can investigate the principles covered in lecture using anatomical models and specimens.
Prereq: SPGN 251, SPPI 240, and BIOL 105.

SPPI 360 Pathology of Physical and Health Impairments. 3 hrs
A comprehensive study of orthopedic, neurologic, health, and other handicapping conditions common to children and youth comprising the population found in educational settings serviced by the POHI teacher. Medical terminology and procedures are also introduced. Laboratory assignments are included in this course.
Prereq: Admission to the teacher education program, SPPI 310.
### SPPI 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

### SPPI 412 Ancillary Services and Health Procedures for Teachers of Physically Impaired. 2 hrs
Information concerning the individual disciplines that provide ancillary services to physically and health-impaired students. Skills involving the use of adaptive equipment, manipulation of orthotics, and implementation of health intervention and maintenance procedures will be learned. A field placement is also required.
Prereq: Admission to the teacher education program. SPPI 310 and SPPI 360 or instructor permission.

### SPPI 414 Educational Strategies for Teachers of the Physically Impaired. 4 hrs
This course encompasses information and develops skills needed to develop, implement, and evaluate curriculum and methods for the preschool and elementary physically otherwise health-impaired student. All aspects of cognitive, affective, and psychomotor education are explored. Emphasis is placed upon individualized instruction and programming, adaptations and modification of instructional methods and materials, remediation, communication, problem-solving, decision-making, personal adjustment, provocative education, and leisure activities. A directed classroom laboratory is required.
Prereq: SPPI 310, SPPI 360, and admission to the teacher education program.

### SPPI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

### VISUALLY IMPAIRED

### SPVI 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

### SPVI 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

### SPVI 365 Braille. 3 hrs
Developing proficiency in reading and writing error-free braille and the reading of music braille.
Prereq or coreq: SPGN 251.

### SPVI 366 The Eye and Vision Anatomy and Physiology. 2 hrs
Anatomy, physiology, and pathology of the organs of vision, refractive errors, and principles of correction. Educational implications of visual handicaps in children rather than strictly medical achievements. Interpretation of medical reports to parents, students, and other teachers.
Prereq: SPGN 251.

### SPVI 367 Mobility Training for the Visually Impaired. 2 hrs
Sensory training, study, and development of cane techniques as they apply to mobility for the blind. Introduction to leader dog program. Practicum included. Offered on the junior, senior, and graduate level.
Prereq: Junior level.

### SPVI 368 Community Considerations for the Visually Impaired. 3 hrs
The lifestyle and needs of persons with visual impairments; appropriate considerations the community must take for all levels of physical, emotional, and vocational development. Field trips and classroom experiences, acquaintance with a wide variety of service-oriented facilities for the visually impaired.
Prereq: SPGN 251.

### SPVI 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

### SPVI 464 Methods of Teaching the Blind. 3 hrs
A study of the various methods used in educating and assessing blind children. The adaptation of these methods to the teaching of school subjects to blind students. Further emphasis on Nemeth Code, Cranmer abacus and other teaching materials and devices.
Prereq: SPGN 251; admission to the teacher education program.
SPVI 465 Braille II: Nemeth Code. 3 hrs
Transcription skills with Nemeth Code.
Prereq: SPVI 365; admission to the teacher education program.

SPVI 467 Education of Children with Impaired Vision. 2 hrs
Organization and administration of various plans for educating partially seeing children. Adaptation of the various teaching methods and materials to partially seeing children. A comparison of various vision testing methods and devices. Visits to classes for visually impaired children.
Prereq: SPGN 251; admission to the teacher education program.

SPVI 469 Electronic Communication for the Visually Impaired. 3 hrs
This course is designed to expose the student to a variety of tools available for use by visually impaired persons. The tools or devices covered include those designed to provide assistance in travel, reading, braille, low vision (such as the Optacon, Kurzweil Reading Machine, Versabrailler, Stereo Toner, and Computer Braille Programs). Proficiency of five words per minute on the Optacon is expected.
Prereq: Admission to the teacher education program.

SPVI 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
TEACHER EDUCATION

James D. Riley
Department Head
234 Boone Hall
487-3260

Associate Professors: Kathleen Jeakle Beauvais, Anne K. Bednar, Barbara Diamond, Jan Collins-Eaglin, Martha Kinney-Sedgwick, Edward Lederman, Rebecca Martusewitz, Maureen McCormack, Olga G. Nelson, Karen Paciorek, Patricia Pokay
Assistant Professors: Betty L. Barber, Peggy Daisey, Jane Gordon, Sue Grossman, Elizabeth Johnson, Sylvia Jones, Michael Walker
Emeritus: Thomas Bushey, Wallace D. LaBene, Judith McKee

The Teacher Education department provides undergraduate courses in orientation to the University, psychological and social foundations of education, methods, reading, and educational media, among others. These courses, along with courses in other University departments, comprise the programs for preparing elementary, secondary, and K-12 teachers.

Curricula
The department provides coordination of and a portion of the coursework for programs for persons seeking to become elementary teachers, elementary teachers with early childhood endorsement, secondary teachers, and teachers of K-12 subjects.

Prospective elementary teachers
The general program of studies and other information for prospective elementary teachers is found on page 436. Each program includes a major and a minor (or three minors). Many majors and minors are offered through colleges other than the College of Education. A list of approved majors and minors is on page 363.

However, the Teacher Education department administers these majors for prospective elementary teachers: Arts Group; Elementary Science Group; Social Science Group Major for Elementary Education.

The Teacher Education department administers these minors for prospective elementary teachers: Arts Group; Early Childhood Education; Elementary Science Group; French Language; German Language; Social Science Group (Elementary); and Spanish Language.

Prospective elementary teachers with early childhood endorsement
The program of studies and other information for prospective elementary teachers with early childhood endorsement is found on page 438. See also information for prospective elementary teachers above.

Prospective secondary and K-12 teachers
Programs of studies and other information for prospective secondary and K-12 teachers are found in regular department listings. A list of approved majors and minors is on pages 362-363.

Advising
Advising Coordinator for Elementary Certification: Olga Nelson

Advising is required for all students so that each can pursue both personal and professional goals in a timely and satisfying manner.

Elementary education and early childhood education students are required to attend open advising session before being assigned an adviser. Students should visit the Teacher Education office in 234 Boone to pick up a copy of the open advising schedule as part of the advising process pursuant to the declaration of intent.

Graduate study leads to the master's degree in early childhood education, elementary education, middle school/junior high and secondary school teaching, common learnings, reading, social foundations, and educational psychology (development and personality, research and measurement, or educational technology concentrations). For descriptions of graduate courses and programs, consult the Graduate Catalog.

TEACHING PROGRAMS

EARLY CHILDHOOD
(Elementary with Early Childhood Minor)

Elementary Teacher Certification
Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the
Michigan Department of Education Elementary Provisional Certificate, which is valid for teaching all subjects kindergarten through grade 5, for teaching in self-contained classrooms in grades 6-8, and for teaching in one's major or minor subject areas of concentration in grades 6-8. In addition, the student is qualified for recommendation for endorsement in early childhood, certification code “ZA.” Depending on the major selected (or two other minors selected), the individual will be eligible for an additional endorsement(s). The certification tests for this field are #81, “Early Childhood,” #83, “Elementary,” and those needed for subject area endorsements.

^Could be less, depending on the major and minor (or three minors) selected and the possible application of Basic Studies courses/hours to the major and minor (or three minors)
TEACHING MAJORS ADMINISTERED BY THE DEPARTMENT

Majors and minors for prospective elementary teachers may be selected from, but are limited to, those on the approved list on page 362. The majors and minors given below are administered by the Teacher Education department.

ARTS GROUP MAJOR

ELEMENTARY TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in fine arts, certification code "OX." The certification test covering this field is #53, “Fine Arts.”

FA 101 Introduction to Art (3)
CTAD 222 Drama and Play in Human Experience (3)
INED 354 Experiences in Technology for Children (2)
17 credits from fine arts, industrial education, music, drama/theatre for the young, or theatre arts courses
25 hours, not counting hours applicable to Basic Studies or professional studies.

The following courses, required in the general education or professional studies for elementary education, are considered part of this major and must be included if this major is selected:

MUSC 104 Elements of Music (2)
INED 253 Technology Education for Children (3)
FA 300 Art Integration for the Elementary Teacher (4)
MUSC 320 Elementary Music Education (2)

CHILDREN’S LITERATURE AND DRAMA/ THEATRE FOR THE YOUNG, INTERDISCIPLINARY MAJOR

ELEMENTARY TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in language arts, certification code "BX." The certification test covering this field is #01, "Language Arts."

Two of:

*LITR 101 The Reading of Literature: Fiction (3)
*LITR 102 The Reading of Literature: Poetry (3)
*LITR 103 The Reading of Literature: Drama (3)
*LITR 204 Native American Literature (3)
LITR 210 Introduction to Shakespeare (3)
LITR 251 The Bible as Literature (3)
*LITR 260 African American Literature (3)

*LITR 207 Introduction to Children's Literature (3)

ENGL 450 Children’s Literature: Criticism and Response (3)

One of:

LITR 351 World Mythology (3)
LITR 352 Folk Literature: Ballads and Folk Tales (3)

One of:

*CTAS 121 Fundamentals of Speech (2)
*CTAS 124 Fundamentals of Speech (3)
CTAD 222 Drama and Play in Human Experience (3)
CTAD 323 Improvising and Role-Play (3)
CTAD 324 Oral Interpretation of Literature for the Young (3)

If CTAS 121 is in the program, choose 10 credits from this list; if CTAS 124 is in the program, choose 9 credits from this list:

CTAD 322 Theatre for the Young (3)
CTAD 327 Plays for the Young (3)
CTAD 497/498/499 Independent Study (1/2/3)
CTAO 210 Interpretative Reading (3)
CTAA 168/268/368/468 Interpretation (1 each)
ENGL 451 Writing about Controversy in Literature for the Young (3)

*LITR 204 Native American Literature (3)
LITR 210 Introduction to Shakespeare (3)
LITR 251 The Bible as Literature (3)
LITR 351 World Mythology (3)
LITR 352 Folk Literature: Ballads and Folk Tales (3)
LITR 401 Modern British and American Poetry 1914 to Present (3)

Approved minors are those for the elementary program as given on page 362.

24 hours, not including the minor and not including requirements that may be satisfied through Basic Studies (*).

*May be satisfied in Basic Studies.
ELEMENTARY SCIENCE GROUP MAJOR

ELEMENTARY TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in science, certification code "DX." The certification test covering this field is #16, "Science." At catalog press time, a revision of this program was in process. Please see adviser.

A. *One of:
   - #PSY 101 General Psychology (3)
   - PSY 102 General Psychology (4)

B. *CHEM 101 Science for Elementary Teachers (3)

C. *ESCI 303 Science for the Elementary Teacher (3)

D. *GESC 202 Science for Elementary Teachers (3)

E. *PHY 100 Science for Elementary Teachers (3)

F. If PSY 101 is in the program, choose 21 credits from the entire list of courses below in all options. If PSY 102 is in the program, choose 20 credits from the entire list of courses below in all options. The selections must include two of the following options and must include at least nine hours of courses at the 300-level or higher. Not more than 18 hours may be taken from any one department.

Option 1. Two courses from the following list, at least one of which must be at the 300-level or above:
   - #BIOL 105 Biology and the Human Species (4)
   - BIOL 205 Field Biology (4)
   - BIOL 207 Elements of Ecology (2)
   - BIOL 224 Principles of Conservation (4)
   - BIOL 232 Nature Interpretation (3)
   - BIOL 412 Biogeography (3)
   - BIOL 413 Animal and Plant Preservation Techniques (1)
   - BOTN 209 Ornamental Plants (2)
   - BOTN 215 Economic Botany (3)
   - BOTN 221 General Botany (4)
   - BOTN 354 Trees and Shrubs (3)
   - BOTN 497/498/499 Independent Study (1/2/3)
   - ESCI 377/378/379 Special Topics (1/2/3)
   - ZOOL 222 General Zoology (4)
   - ZOOL 223 Field Bird Study (1)
   - ZOOL 336 Economic Zoology (2)
   - ZOOL 497/498/499 Independent Study (1/2/3)

Option 2. Two choices from the following list, at least one of which must be at the 300-level or above:

A. One of:
   - CHEM 105 Survey of Chemistry (6)
   - CHEM 119 Fundamentals of Chemistry (4)
   - #CHEM 115 Chemistry and Society and CHEM 116 Chemistry and Society Laboratory (4)
   - #CHEM 120 Fundamentals of Organic and Biochemistry (4)
   - CHEM 121 General Chemistry I and CHEM 122 General Chemistry I Laboratory (4)

Option 3. Two choices from the following list, at least one of which must be at the 300-level or above:
   - GESC 114 National Parks and Monuments (2)
   - GESC 208 Natural Environmental Hazards (3)
   - GESC 227 Topographic Maps (2)
   - GESC 250 Introduction to Coastal Processes (3)
   - GESC 303 Field Geography (3)
   - GESC 309 Plate Tectonics (3)
   - GESC 320 The Oceans (3)
   - GESC 324 Weather (3)
   - GESC 326 Severe and Unusual Weather (3)
   - GESC 327 Soil Science (3)
   - GESC 378/479 Special Topics (2/3)
   - GESC 401 Cartography (3)
   - GESC 424 Climatology (3)
   - GESC 476 Geographic Information Systems (3)
   - GEOL 120 The Fossil Record (3)
   - GEOL 160 Physical Geology (4)
   - GEOL 161 Historical Geology (4)
   - GEOL 229 Rocks of Michigan (2)
   - GEOL 325 Geomorphology (3)
   - GEOL 331 Paleontology (3)
   - GEOL 378/478 Special Topics (2/2)

Option 4. Two choices from the following list, at least one of which must be at the 300-level or above:
   - ASTR 203 Exploration of the Universe (3)
   - ASTR 204 Astronomical Investigations (1)
   - PHY 110 Physical Science (4)
   - PHY 221 Mechanics, Sound, and Heat (4)
   - PHY 222 Electricity and Light (4)
   - PHY 311 Elementary Physical Science (3)

21 hours, not including coursework satisfied through Basic Studies or professional studies.

*L Required in Basic Studies in the elementary program.
* Could be taken in Basic Studies in the special education program.

LITERATURE, LANGUAGE, COMMUNICATION, AND THEATER ARTS GROUP MAJOR

ELEMENTARY TEACHER CERTIFICATION

Successful completion of this major, in the context of other program requirements, qualifies the student for recommendation for endorsement in language arts, certification code "BX." The certification test covering
this field is #01, "Language Arts."
*ENGL 121 English Composition (3)
LITR 210 Introduction to Shakespeare (3)
*LITR 207 Introduction to Children’s Literature (3)

Two of:
* LITR 100 The Reading of Literature (3)
* LITR 101 The Reading of Literature: Fiction (3)
* LITR 102 The Reading of Literature: Poetry (3)
* LITR 204 Native American Literature (3)
LITR 251 The Bible as Literature (3)
* LITR 260 African American Literature (3)

One of:
* ENGL 225 Intermediate English Composition (3)
ENGL 328 Writing: Style and Language (3)
ENGL 335 Imaginative Writing (3)

Two of:
LING 201 An Introduction to Linguistics (3)
LING 401 Introduction to Linguistic Science (3)
LING 402 Modern English Grammar (3)
LING 421 The History of the English Language (3)

One of:
* CTAS 121 Fundamentals of Speech (2)
* CTAS 124 Fundamentals of Speech (3)
CTAO 210 Interpretative Reading (3)
CTAD 222 Drama and Play in Human Experience (3)

If CTAS 121 is in the program, take 4 hours in communication and theatre arts; if CTAS 124 is in the program, take 3 hours in communication and theatre arts.

18 hours, not including the minor and not including requirements that may be satisfied through Basic Studies (*).

SOCIAL SCIENCE GROUP MAJOR FOR ELEMENTARY EDUCATION
ELEMENTARY TEACHER CERTIFICATION

Note: Changes are pending. Students must attend group advising. Contact the Department of Teacher Education.

Recommendation for endorsement in social science (certification code "CX") requires a group major of 36 hours from economics, geography, history, political science, psychology, sociology, anthropology, cultural studies, government, and behavioral studies. The certification test covering social sciences is #06, "Social Sciences."

Choose at least 12 credits, but no more than 18 credits from one of the following five areas: economics, geography, history, political science, sociology. Geography and geology applicable in the science and technology courses do not count on this major.

Choose three credits in each of the remaining four social science areas.

12 hours, not including the minor and not including requirements that may be satisfied through Basic Studies.

TEACHING MINORS ADMINISTERED BY THE DEPARTMENT

ARTS GROUP MINOR
ELEMENTARY AND SPECIAL EDUCATION- ELEMENTARY TEACHER CERTIFICATION
(NOT AVAILABLE WITH ART MAJOR OR WITH MUSIC MAJOR)

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in fine arts, certification code “OX.” The certification test covering this field is #53, “Fine Arts.”

FA 101 Introduction to Art (3)
**MUSC 104 Elements of Music (2)
#INED 253 Technology Education for Children (3)
#FA 300 Art Integration for the Elementary Teacher (4)
#MUSC 320 Elementary Music Education (2)
INED 354 Experiences in Technology for Children (2)

8 hours from:
CTAD 222 Drama and Play in Human Experience (3)
CTAD 322 Theatre for the Young (3)
CTAD 323 Improvising and Role-Play (3)
CTAD 324 Oral Interpretation of Literature for the Young (3)
CTAD 497/498/499 Independent Study (1/2/3)
CTAO 210 Interpretative Reading (3)
CTAR 106 Introduction to the Performing Arts (3)
Not open to those with credit in MUSC 106.
CTAR 150 Introduction to Theatre (3)
*CTAR 151 African American Theatre: An Introduction (3)
CTAR 153 Technical Theatre: Costume and Makeup (2)
CTAR 251 African American Theatre: Creative Problems (3)
CTAA 168/268/368/468 Interpretation (1 each)
Applied Music Lessons at the 101-300 level (1-4)
FA 100 Art Appreciation (3)
FA 107 Art History Survey I (3)
FA 108 Art History Survey II (3)

INED 118 Energy Technology (3)
INED 152 Arts and Crafts (3)
MUSC 196 Introduction to the Performing Arts (3)
MUSC 107 Music Appreciation (2)
MUSC 151 Class Piano (2)
MUSC 152 Class Piano (2)
MUSC 232 Voice Class (1)
MUSC 131 University Choir (1)
MUSC 134 University Women's Chorus (1)
MUSC 135 University Men's Chorus (1)
MUSC 249 Band (1)
MUSC 248 Orchestra (1)
MUSC 274 Functional Guitar (2)
MUSC 224 Recreational Music (2)
Other courses in fine arts, industrial education, music, or theatre arts
13 hours for elementary program, not counting hours in Basic Studies and professional studies. 21 hours for special education program, not counting hours that could be taken in Basic Studies.
*Satisfies multicultural/international studies requirement.
**Included in Basic Studies for elementary program.
#Included in professional studies for elementary program.

**CURR 214 The Developing Child in ECE (3)
CURR 215 The Developing Professional in ECE (1)
**CURR 303 Implementing the Curriculum in ECE (2)
#SPGN 251 Education of Exceptional Children (3)
**CURR 302 Methods of Integrating Curriculum and Resources in ECE (3)
**EDPS 341 Assessment of the Young Child (3)
**EDUC 496 Student Teaching (6)

One of:
CURR 314 Infants and Toddlers in ECE (3)
EDPS 318 Play and Creativity in ECE (3)
PHE 281 Motor Behavior (3)

23 hours for those in elementary programs; 20 hours for those in special education programs.
**Requires formal admission to the teacher education program.
#Included in the special education programs.

Elementary Science Group Minor
Elementary and Special Education-
Elementary Teacher Certification
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in science, certification code "DX." The certification test covering this field is #16, "Science." At catalog press time, a revision of this program was in process. Please see advisor.
A. *One of:
   #PSY 101 General Psychology (3)
   PSY 102 General Psychology (4)
B. *CHEM 101 Science for Elementary Teachers (3)
C. *ESCI 303 Science for the Elementary Teacher (3)
D. *GESC 202 Science for Elementary Teachers (3)
E. *PHY 100 Science for Elementary Teachers (3)
F. If PSY 101 is in the program, choose 9 credits from the entire list of courses below in all options. If PSY 102 is in the program, choose 8 credits from the entire list of courses below in all options. The selections must include two of the following options and must include at least six hours of courses at the 300-level or higher. Not more than 18 hours may be taken from any one department.

Option 1. Two courses from the following list, at least one of which must be at the 300-level or above:
   #BIOL 105 Biology and the Human Species (4)
   BIOL 205 Field Biology (4)
   BIOL 207 Elements of Ecology (2)
   BIOL 224 Principles of Conservation (4)
   BIOL 232 Nature Interpretation (3)
BIOL 412 Biogeography (3)
BIOL 413 Animal and Plant Preservation Techniques (1)
BOTN 209 Ornamental Plants (2)
BOTN 215 Economic Botany (3)
BOTN 221 General Botany (4)
BOTN 354 Trees and Shrubs (3)
BOTN 497/498/499 Independent Study (1/2/3)
ESCI 377/378/379 Special Topics (1/2/3)
ZOOL 222 General Zoology (4)
ZOOL 223 Field Bird Study (1)
ZOOL 336 Economic Zoology (2)
ZOOL 497/498/499 Independent Study (1/2/3)

Option 2. Two choices from the following list, at least one of which must be at the 300-level or above:
A. One of:
   CHEM 105 Survey of Chemistry (5)
   CHEM 119 Fundamentals of Chemistry (4)
   CHEM 115 Chemistry and Society (3)
   GESC 114 National Parks and Monuments (2)
   BOTN 209 Ornamental Plants (2)
   BOTN 215 Economic Botany (3)
   BOTN 221 General Botany (4)
   BOTN 354 Trees and Shrubs (3)
   BOTN 497/498/499 Independent Study (1/2/3)

   ZOOL 222 General Zoology (4)
   ZOOL 223 Field Bird Study (1)
   ZOOL 336 Economic Zoology (2)
   ZOOL 497/498/499 Independent Study (1/2/3)
B. CHEM 120 Fundamentals of Organic and Biochemistry (4)
C. CHEM 121 General Chemistry I and CHEM 122 General Chemistry I Laboratory (4)

Option 3. Two choices from the following list, at least one of which must be at the 300-level or above:
GESC 114 National Parks and Monuments (2)
GESC 227 Topographic Maps (2)
GESC 250 Introduction to Coastal Processes (3)
GESC 303 Field Geography (3)
GESC 309 Plate Tectonics (3)
GESC 320 The Oceans (3)
GESC 324 Weather (3)
GESC 325 Severe and Unusual Weather (3)
GESC 327 Soil Science (3)
GESC 378/479 Special Topics (2/3)
GESC 401 Cartography (3)
GESC 424 Climatology (3)
GESC 476 Geographic Information Systems (3)
GEOL 120 The Fossil Record (3)
GEOL 160 Physical Geology (4)
GEOL 161 Historical Geology (4)
GEOL 229 Rocks of Michigan (2)
GEOL 325 Geomorphology (3)
GEOL 331 Paleontology (3)
GEOL 378/478 Special Topics (2/2)

Option 4. Two choices from the following list, at least one of which must be at the 300-level or above:
ASTR 203 Exploration of the Universe (3)
ASTR 204 Astronomical Investigations (1)
PHY 110 Physical Science (4)
PHY 221 Mechanics, Sound, and Heat (4)
PHY 222 Electricity and Light (4)
PHY 311 Elementary Physical Science (3)

*Required in Basic Studies of the elementary program.
*Could be taken in Basic Studies in the special education program.

FRENCH LANGUAGE MINOR
ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in French, certification code “ FA.” The certification test covering this field is #23, “French.”
FRNH 343 French Composition (3)
FRNH 344 French Conversation (3)
14 credits from any level French courses
20 hours

GERMAN LANGUAGE MINOR
ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in German, certification code “FB.” The certification test covering this field is #24, “German.”
GERN 343 German Composition (3)
GERN 344 German Conversation (3)
14 credits from any level German courses
20 hours

SOCIAL SCIENCE GROUP MINOR
(ELEMENTARY)
ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in social science, certification code “CX.” The certification test covering this field is #06, “Social Sciences.”
#SOCL 105 Introductory Sociology (3)
**9 credits in social science courses
CURR 215 The Developing Professional in ECE. 1 hr
An orientation to the profession of early childhood education. Students will learn communication skills, how to interpret child and adult behaviors, and how to build relationships. Students will begin to apply effective teaching practices and to use a reflective inquiry approach to understand child development theories as the bases for early childhood programs. Concurrent registration in CURR 214 required.
Prereq: PSY 101 and sophomore standing.

CURR 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CURR 302 Methods of Integrating Curriculum and Resources in ECE. 3 hrs
To help students design and implement developmentally appropriate curricula and programs for children prekindergarten through third grade. An inquiry approach will be used to assist the student in broadening the scope of curriculum to provide for individual interests and needs.
Prereq: EDPS 322 or 325; CURR 214 and CURR 215. Taken concurrently with CURR 303. Admission to the teacher education program.

CURR 303 Implementing the Curriculum in ECE. 2 hrs
This course is divided into two parts, the first being a 1 1/2 hour class each week. The content of the class will focus on implementing a developmentally appropriate curriculum in the practicum setting. The second part is a three hour per week practicum experience in a program serving one of the following age groups of children: infants/toddlers, preschoolers, or kindergartners.
Prereq: EDPS 322 or 325; CURR 214 and CURR 215. Taken concurrently with CURR 302. Admission to the teacher education program.

CURR 304 Curriculum and Methods: Elementary. 3 hrs
The concept of curriculum and its relationship to differing philosophies of education and styles of teaching. The instructional process and multiple teaching strategies examined and applied through lesson planning and demonstration. Social studies content used in lesson planning by students seeking elementary certification. Classroom management principles and techniques considered in the light of a curriculum and instruction perspective.
Includes a planned practicum experience in public schools in addition to the regularly scheduled hours.

Prereq: Admission to the teacher education program prior to registration.

CURR 305 Curriculum and Methods: Secondary. 3 hrs
The concept of curriculum and its relationship to differing philosophies of education and styles of teaching. The instructional process and multiple teaching strategies examined and applied through lesson planning and demonstration. Classroom management principles and techniques considered in the light of a curriculum and instruction perspective. Includes a planned practicum experience in public schools in addition to the regularly scheduled hours.

Prereq: Admission to the teacher education program prior to registration.

CURR 314 Infants and Toddlers in ECE. 3 hrs
The home as a center for the nurture and development of infants and toddlers (conception to 2 1/2 years) with particular emphasis on the dynamics of the parent-child relationship.

Prereq: CURR 214 and CURR 215.

CURR 372 Methods and Resources in Child Development Centers. 4 hrs
Curriculum and program planning for guiding groups of young children; planning for the secondary pupil or the paraprofessional to work with preschool children. Concurrent registration in CURR 303 required.

Prereq: CURR 214 and CURR 314.

CURR 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

CURR 387 Cooperative Education. 13 hrs
One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Prereq: Nine credit hours in concentration, approval by Cooperative Education Office, and department permission.

CURR 407 Administration and Supervision in Child Development Centers. 3 hrs
The administrator's role in child development/child care programs. Applications of philosophy and management skills to preschool programs. Supervision, safety, licensing, and other regulations.

Prereq: CURR 214 and department permission.

CURR 413 Experiences with Children. 5 hrs
Supervised participation with young children in home and group settings. Selection, presentation, and evaluation of learning experiences for young children. Emphasis on interpreting these experiences to secondary pupils.

Prereq: CURR 302 and CURR 303.

CURR 422 Seminar in Child Development. 2 hrs
Critical analysis of selected readings and research in child development, with interpretations for implementation in child development centers.

Prereq: CURR 214.

CURR 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

CURR 486/488/489 Internship. 1/2/3 hrs
Directed experience involving a field placement in curriculum.

Prereq: Department permission.

CURR 490/491 Special Work (Honors Courses). 1/2 hrs
Additional experiences for exceptionally promising students who are seeking certification. Work based on problem or research interest with written and/or oral report.

Prereq: Senior standing, 3.5 average, permission of department head.

CURR 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas in which the department does not offer a formal course.

Prereq: Department permission.
**Educational Media Courses**

EDMD 101 Use of Books and Libraries. 2 hrs
Practical instruction in the use of the library's tools and materials. Given on demand.

EDMD 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

EDMD 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

EDMD 345 Media for the Classroom Teacher. 1 hr
A methods course in which students will produce instructional materials in their teaching area and demonstrate the use of these materials in the classroom environment. The selection, utilization, and evaluation of teaching materials. Various types of media production and utilization equipment.
*Prereq: Admission to the teacher education program.*

EDMD 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

EDMD 402 General Reference. 3 hrs
The selection, critical examination, evaluation, and use of general reference materials, and the techniques of reference service.

EDMD 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

**Educational Psychology Courses**

EDPS 106 Introduction to University Studies. 3 hrs
Orientation to the role and function of the university; career orientation; improvement of study skills; university services and diagnostic testing and counseling. Credit awarded and normal tuition charges apply.
*Prereq: Special permission of the Academic Advising Center.*

EDPS 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

EDPS 206 Mental Hygiene. 2 hrs
A study of the facts, conditions, techniques, and policies that further mental health and prevent mental illness. Skills and knowledge pertaining to effective interpersonal relationships and current concepts and approaches to mental health. Not open to freshmen.
*Prereq: PSY 101/102.*

EDPS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
*Prereq: Department permission.*

EDPS 307 Young Children in Peril: Educational Implications. 3 hrs
This course analyzes the critical conditions of young children living in poverty and the social-psychological development of all children whose families are in crisis. Educational implications for teachers are emphasized with a focus on child advocacy and early educational interventions which promote understanding of family, ethnic, cultural, and socioeconomic diversity.
*Prereq: CURR 214 and CURR 215, or instructor permission.*

EDPS 318 Play and Creativity in ECE. 3 hrs
An overview of approaches to play and creative expression in the education of young children. Applications will be made to the fields of early childhood, elementary education, special education, and extended day programs. Students will conduct observations and interviews on play and experiment with a variety of play materials and media with children.
*Prereq: CURR 214, CURR 215, and admission to the teacher education program.*
EDPS 322 Human Development and Learning. 4 hrs
The psychological study of childhood from birth through adolescence with a focus on intellectual and psychosocial behavior and the role of parents and teachers in fostering learning and development.
Prereq: PSY 101/102.

EDPS 325 Life Span Human Growth and Development. 4 hrs
An exploration of the biological, cognitive, social, and affective domains of human growth and development from the prenatal period until death; the relationship of growth and development to behavior through the life span.
Prereq: PSY 101/102.

EDPS 340 Introduction to Assessment and Evaluation. 3 hrs
Basic principles in evaluation and assessment. Students will construct and interpret tests and alternative assessments; critique standardized tests; assess social, affective, and behavioral factors; use computer applications; and examine assessment issues.
Prereq: Admission to the teacher education program.

EDPS 341 Assessment of the Young Child. 3 hrs
Procedures and practices used in the evaluation and assessment of young children from birth through the elementary years, with emphasis on children up through age eight.
Prereq: EDPS 322, CURR 214, CURR 215, and admission to the teacher education program.

EDPS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

EDPS 402 Learning in the Later Years. 3 hrs
Introduction to the nature of age-related changes and differences among age groups found in the teaching-learning process. Learning in later years, including processes, strategies, and variables associated with the older learner.
Prereq: PSY 101 or equivalent.

EDPS 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

EDPS 497/498/499 Independent Study. 1/2/3 hrs
Advanced study on an individual basis in areas in which the department does not offer a formal course.
Prereq: Department permission.

Educational Technology Courses

EDTC 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

EDTC 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

EDTC 300 Introduction to Computer Applications in Education. 1 hr
An introductory course in educational technology with an emphasis on the emergence of technology in schools. Technology and its applications in schools past, present, and future. How to operate a microcomputer and run commercially prepared educational software. Instructional applications of microcomputers, programming languages, communications, and educational information. Basic concepts concerned with information processing, systems design, and artificial intelligence.
Prereq: None. Although the emphasis is educational applications of computers, the course has appeal for any student interested in an introduction to the operation and use of the microcomputer. Required for all students pursuing a teacher education curriculum.

EDTC 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

EDTC 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
Reading Courses

RDNG 177/178/179 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

RDNG 277/278/279 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

RDNG 311 Teaching Reading in the Secondary School.  3 hrs
The developmental sequence for reading skills at the junior and senior high school levels and methods for teaching the sequence, including teaching programs for both the normal and retarded reader. Providing reading instruction within the context of the various areas. Required for all students who seek certification to teach in secondary schools.
Prereq: Admission to the teacher education program.

RDNG 314 Teaching Reading in the Elementary School.  6 hrs
The developmental aspects of reading and language arts programs from preschool through elementary school. Theoretical and research knowledge pertinent to child growth and development and fundamental skills appropriate for the teaching of reading and language arts. Field-based experiences. Required for all students who seek certification to teach in elementary schools.
Prereq: Admission to the teacher education program.

RDNG 377/378/379 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

RDNG 477/478/479 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

Social Foundations Courses

SOFD 177/178/179 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SOFD 277/278/279 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SOFD 328 Schools in a Multicultural Society.  3 hrs
A study of the interactive relationship between schools and society, and the development of a culturally responsible pedagogy. Special emphasis on educational equity and the theoretical foundations of multicultural education.
Prereq: Admission to the teacher education program.

SOFD 377/378/379 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SOFD 402 Sexism and Education.  3 hrs
How sexist attitudes and behaviors affect and are affected by school policies and practices; educational aims, staff relations, teaching styles, decision-making, treatment of pupils, instructional materials, anti-sexist programs.

SOFD 403 Endangered Children.  3 hrs
Multi-disciplinary analysis of the conditions of children and youth; a consideration of the rights of children and examination of such phenomena as myths about adolescents; dropouts and runaways; infanticide, homicide, and suicide among the young; the abuse and exploitation of children; the political meaning of the economic deprivation of youth.

SOFD 477/478/479 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

SOFD 497/498/499 Independent Study.  1/2/3 hrs
Advanced study on an individual basis in areas in which the department does not offer a formal course.
Prereq: Department permission.
COLLEGE OF HEALTH AND HUMAN SERVICES

ELIZABETH C. KING, DEAN
JENNIFER LENWAY, ASSISTANT TO THE DEAN
212 KING HALL
487-0077

DEPARTMENTS

ASSOCIATION HEALTH PROFESSIONS
HUMAN, ENVIRONMENTAL AND CONSUMER RESOURCES
NURSING EDUCATION
SOCIAL WORK
The College of Health and Human Services prepares professionals with the appropriate combination of knowledge and skills that will enable them to enhance the quality of life and facilitate social change to meet societal needs.

The programs in the College focus on the preparation of professionals for a unique combination of health and human services disciplines. As a result, curricula are built around an integration of knowledge with practice. Experiential education that is community based strongly links theory and practice. The curricula focus on a holistic view of individuals, groups, families, communities and the process of change. The interrelationships of people, institutions and services are also included. A unique contribution is the preparation of students for professional roles within the service delivery system.

**Clinical Affiliations**

Following is a representative list of agencies with which the College of Health and Human Services is affiliated:

- Allen Park Veterans Administration Hospital, Allen Park
- Alzheimer’s Association, Southfield
- Ann Arbor Veterans Administration Medical Center, Ann Arbor
- Annapolis Hospital, Wayne
- Battle Creek Public Schools, Battle Creek
- William Beaumont Hospital, Royal Oak
- Beyer Memorial Hospital, Ypsilanti
- Bixby Hospital, Adrian
- Borgess Hospital, Kalamazoo
- Bortz Health Care
- Botsford Hospital, Farmington Hills
- Robert B. Brigham Hospital, Boston, MA
- Brighton Hospital, Brighton
- Business/Education Alliance, Detroit
- Chelsea Community Hospital, Chelsea
- Children’s Hospital of Michigan, Detroit
- Cincinnati General Hospital, Cincinnati, OH
- Citizen’s for Better Care, Traverse City
- Comfort Inn, Ypsilanti
- Complete Home Health Care Services, Southfield
- Cooperative Extension Service, Ann Arbor
- Cottage Hospital, Grose Pointe Farms
- Karen deKoning Design, Ann Arbor
- Detroit Area Agency on Aging
- Detroit Health Care for the Homeless, Detroit
- Detroit Medical Center, Detroit
- Detroit Memorial Hospital, Detroit
- Detroit Orthopedic Clinic, Detroit
- Detroit Psychiatric Institute, Detroit
- Easter Seals Society of Wayne County, Inkster
- Flower Hospital, Sylvania, OH
- W.A. Foote Hospital, Jackson
- Henry Ford Estate, Dearborn
- Henry Ford Home Health Care
- Henry Ford Hospital, Detroit
- Henry Ford Hospital, Fairlane
- Flint Osteopathic Hospital, Flint
- Garden City Hospital, Garden City
- Glacier Hills Nursing Center, Ann Arbor
- Gorman’s, Southfield
- Grace Hospital
- Heritage Hospital, Taylor
- University of Indiana Medical Center, Indianapolis, IN
- Institute of Living, Hartford, CT
- Institute of Rehabilitation Medicine, New York, NY
- Jacobson’s, Jackson
- JC Penney Company, Southfield
- Jewish Home for the Aged, Detroit
- Klenczar Linda Korboszja, ASID, Ypsilanti
- Life Skills Center, Howell
- The Linen Center, St. Louis, MO
- Livingston County Health Department, Howell
- Livonia Public Schools, Livonia
- Macomb County Health Department
- McLaren Hospital, Flint
- Metropolitan West Health Maintenance Organization, Westland
- Michigan Retailers Association, Lansing
- Milan Federal Correctional Institution Infirmary, Milan
- Monroe County Health Department
- Muskegon Public Schools, Muskegon
- Normal Street House, Ypsilanti
- North Carolina Memorial Hospital, Chapel Hill, NC
- Northville Public Schools, Northville
- Oakwood Hospital, Dearborn
- The Ohio State University Hospitals, Columbus, OH
- Oakdale Developmental Center, Lapeer
- Oakland County Health Department, Pontiac
- Pontiac General Hospital, Pontiac
- Port Huron Hospital, Port Huron
- Providence Hospital, Southfield
- Rehabilitation Institute, Inc., Detroit
- Rehabilitation Institute of Chicago, Chicago, IL
- Residence Inn, Ann Arbor
- Roth Young Personnel Service, Southfield
- Rush Presbyterain-St. Luke’s Medical Center, Chicago, IL
Safehouse Shelter for Battered Women, Ann Arbor
Saginaw Public Schools, Saginaw
Saline Community Hospital, Saline
Saline Public Schools, Saline
Sinai Hospital of Detroit, Detroit
Springfield Hospital, Springfield, VT
SOS Community Crisis Center, Ypsilanti
Southwest Detroit Hospital, Detroit
St. John's Hospital, Detroit
St. Joseph Hospital, Flint
St. Joseph Mercy Hospital, Ann Arbor
St. Mary's Hospital, Livonia
St. Vincent's Hospital, Toledo, OH
State of Michigan Department of Public Health
Synod House, Ypsilanti
Therapeutic Day Clinic, Inkster
Tri County Home Health Care, Southfield
University of Michigan Hospitals, Ann Arbor
University of Michigan Facility Design Department, Ann Arbor
Veterans Administration Medical Center, Ann Arbor
Visiting Nurse Association of Huron Valley
Washtenaw County Community Mental Health Program, Ann Arbor
Washtenaw County Health Department, Ann Arbor
Washtenaw County League for Planned Parenthood, Ann Arbor
Wayne-Westland Schools
Wayne County Head Start Program, Wayne
Weber’s Inn, Ann Arbor
Whitmore Lake Convalescent Center, Whitmore Lake

Winkelman’s, Detroit
Wyandotte General Hospital, Wyandotte
Ypsilanti Public Schools, Ypsilanti
Zingerman’s, Ann Arbor

College of Health and Human Services Courses

IHHS 177/178/179 Special Topics. 1/2/3 hrs
This course focuses on the multiple career options within the health care delivery system. Issues related to career selection, education, costs, and manpower needs are explored. Concepts related to all health careers are also examined: health and illness; beliefs and values; people; the health care delivery system and communication in health care. This is an introductory course for all freshman and sophomore majors in the College of Health and Human Services.

IHHS 226 Computers for Health and Human Services. 3 hrs
This interdisciplinary computer literacy course will introduce students to computers and their applications in health and human services. Students will learn about computers and computer languages. This course will include applications of computer technology to direct services for clients as well as the use of computers to manage work.

IHHS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

IHHS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

IHHS 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
ASSOCIATED HEALTH PROFESSIONS

Stephen A. Sonstein
Department Head
328 King Hall
487-4094

The Associated Health Professions department offers programs that lead to the baccalaureate degree in clinical laboratory sciences, health administration, and occupational therapy. The department also offers a minor in Health Administration and a certificate program in phlebotomy. In addition, the department offers several interdisciplinary courses relating to the health services and the health care specialities.

INTERDISCIPLINARY COURSES

AHPR 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

AHPR 196 Introduction to Health Careers. 2 hrs
An introductory course designed to familiarize the student with careers in the health sciences. Various careers such as medical technology, nursing, dietetics, health administration, occupational therapy, medicine, clinical psychology, physical therapy and others will be presented by individuals in the respective disciplines. Educational requirements, career opportunities, and clinical experience requirements will be highlighted.

AHPR 200 Medical Terminology. 1 hr
A detailed study of medical terminology, through which students will achieve a working medical vocabulary. Anatomical terms, terminology relating to diseases and disease processes will be presented. This course is designed for students entering a health related educational program, and is a prerequisite for admission to the Occupational Therapy program. Credit/no credit.

AHPR 208 Ethical Dimensions in Health Care Delivery. 2 hrs
This course presents information which students interested in the health professions may use to identify ethical situations and to resolve dilemmas they may face in their professional lives.

AHPR 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

AHPR 305 Data Analysis for the Health Sciences. 3 hrs
Introduction to the application of statistical methods and research design to a range of practice and research problems in the health sciences.
Prereq: College algebra.

AHPR 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

AHPR 401 Legal Issues in Health Care. 3 hrs
This is a survey of the laws that govern the health care system. Litigation, malpractice, contract, regulatory, health care personnel, and the use of human subjects in medical research are among the topics discussed.

AHPR 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

ACADEMIC PROGRAMS

CLINICAL LABORATORY SCIENCES PROGRAM

Sandra Drake/Assistant Professor
Program Director
327 King Hall
487-0154
Clifford Renk
Honors Advisor
328 King Hall
487-4094

Professor: Clifford Renk
Assistant Professor: Gary Hammerberg

Degree: Bachelor of Science
Programs of Study
Curriculum:
Clinical laboratory sciences
(Clinical certification tracks include: medical technology, cytogenetics, cytotechnology,
The clinical laboratory sciences program offers two tracks, the clinical certification track that includes submajors of medical technology, cytogenetics, cytotechnology, and histotechnology; and the professional track. Each leads to the Bachelor of Science degree. Successful completion of a three-course sequence in phlebotomy qualifies students to take a national certification examination in phlebotomy. The tracks are designed to prepare graduates for employment in hospitals, physician’s offices, private laboratories, public health agencies, pharmaceutical companies, and academic or industrial research. The professional track is the preferred course of studies for students considering graduate school or advanced studies in the clinical sciences. The professional track also can be used as preparation for careers in medicine, dentistry, and veterinary science.

Advising is available by faculty through the clinical laboratory sciences program. To assess progress, students should meet with their adviser each semester in which they are enrolled in classes.

Advising Coordinators:
Students are assigned to a faculty adviser upon declaring clinical laboratory sciences as a major.

Clinical Laboratory Sciences
Clinical Certification Track and Professional Track

This curriculum is a four-year program at Eastern Michigan University with two options or tracks:

1. **Clinical certification track**: The medical technology option consists of seven semesters of coursework in basic studies, basic sciences, and clinical sciences and includes 23 weeks of rotation through an accredited clinical laboratory. The cytogenetics, cytotechnology, and histotechnology options consist of six semesters of coursework, and 12 months of clinical rotations through an accredited clinical laboratory. These clinical laboratories include the University of Michigan, Ann Arbor; Veteran’s Administration Hospital, Ann Arbor; St. Joseph Mercy Hospital, Ann Arbor; Providence Hospital, Southfield; Henry Ford Hospital, Detroit; and Wm. Beaumont Hospital, Royal Oak. These programs are accredited by the National Accrediting Agency for Clinical Laboratory Sciences.

2. **Professional track**: This option consists of eight semesters of coursework in the basic studies, basic and advanced sciences, and clinical sciences. Included will be a strongly recommended cooperative education experience in industry or academia. Graduates will be prepared for careers in pharmaceutical, clinical diagnostics or other health care industries. Additionally, graduates will be eligible for entry into a master’s or doctoral level program in the basic or clinical sciences. Students also would be eligible for one-year hospital rotations and subsequent certification as a registered medical technologist.

The major in clinical laboratory sciences follows an interdisciplinary format comprised of courses in clinical laboratory sciences, biology, chemistry, and mathematics.

All students must complete the courses in each of the four areas of basic studies. At least 30 semester hours of the academic program must be completed at Eastern Michigan University. Students should be aware of the 60 and 75 hour rule regarding transfer of community college credit.

Continuation in the clinical laboratory sciences program is based upon the following:

a. A minimum EMU cumulative grade point average of 2.0 must be maintained. However, a cumulative GPA of less than 2.7 mandates warning students of their ineligibility for acceptance into the clinical track.

b. No grade below “C” in any mathematics or science course.

c. A grade of “D” (including “D-“ and “E”) in two courses in the clinical laboratory sciences major may, upon recommendation by the Program Review Committee, result in dismissal from the CLS program.

d. Freedom from any kind of probation, administrative, academic or social, must be maintained. While on academic probation, no student may register for, remain in, or receive credit for science courses or practicum courses within the clinical laboratory sciences program.

Successful completion of the clinical track and the Bachelor of Science degree qualifies students to take the national registry examination in medical technology. The two certifying agencies recommended are the American Society of Clinical Pathologists and the National Certifying Agency for Clinical Laboratory Personnel.
**Clinical Track Requirements**

Students must first be accepted to Eastern Michigan University before they can be considered by the Clinical Laboratory Science Program Screening Committee. However, admission to EMU does not guarantee admission into the clinical track program.

Students entering the program will be classified initially as clinical laboratory sciences "intent." Application for full admission to the clinical track program should be made during the winter semester of the junior year.

Application packets can be obtained from the Associated Health Professions department office. Completed applications must be in the office by March 15 in order to be considered for acceptance for the winter semester.

Selection criteria include overall EMU GPA, letters of recommendation, overall science GPA, interview evaluations, and completed application form.

Admission to the clinical laboratory sciences curriculum/clinical track is competitive and is based on the following:

1. A minimum grade point average of 2.7 on a 4.0 scale with no grade below "C" in any science, mathematics, or preprofessional course. The prerequisite courses may be taken at this university, any four-year college/university, or at a community college.
2. A minimum science GPA of 2.7.
3. Completion of at least 60 semester hours of university credit, including 45 semester hours of prerequisite mathematics and science courses, as indicated on the application form.
4. Three letters of recommendation. It is suggested that references should include a science instructor and an employer.
5. Students must document that they will have completed all prerequisite clinical laboratory sciences courses prior to beginning clinical rotations in the spring of their senior year.

The first three years of clinical laboratory sciences are the same for both the professional and clinical tracks. It is likely that acceptance into the clinical track will be highly competitive. Clinical laboratory sciences majors who are not accepted into the clinical track program, yet desire to sit for the registry examination in medical technology, have the following options:

1. Completion of the B.S. degree in clinical laboratory sciences (professional track) at Eastern Michigan University and filing a reapplication to the clinical track program.
2. Completion of all required coursework for the B.S. degree in clinical laboratory sciences and application to an approved hospital-based school of medical technology. The faculty advisers will assist students in the application process. Students are selected for internship placement through a statewide computer matching process. The selection process is completed in February each year, with internships usually beginning during the month of July. A Bachelor of Science in clinical laboratory sciences will qualify the student to apply to hospitals within Michigan and throughout the United States.

**Hospital-based schools of medical technology (internship programs) affiliated with the University are:**
- Detroit Medical Center, Detroit
- Garden City Osteopathic, Garden City
- St. John Hospital, Detroit
- Genesys-St. Joseph, Flint

**Professional Track Requirements**

The professional track is designed for students with an interest in the clinical sciences, whose career goals may not include working as a registered medical technologist in a hospital laboratory setting.

Students electing the professional track of the clinical laboratory sciences program complete eight semesters of academic coursework. The curriculum includes an optional but recommended cooperative education experience. Work opportunities are diverse and include employment in pharmaceutical companies, analytical laboratories, and research laboratories. The clinical practicum is not required for the professional track.

Formal application into the professional track is not required. Students must maintain an overall GPA of 2.0 in the major and satisfy University requirements for graduation. Registration for cooperative courses requires a 2.5 overall GPA and 2.5 in the sciences.

These curricula lead to a Bachelor of Science in the clinical laboratory sciences program.

Specialization in histotechnology
Program Director: Peggy Wenk
Histotechnologists perform a variety of diagnostic
and research procedures in the anatomic sciences. Bas-
ic histologic techniques involve the processing and
staining of tissue specimens that have been removed
from humans or animals by biopsy or autopsy. Advanced
techniques involve the use of the electron microscope,
immunofluorescence microscopy, autoradiography, cyto-
genetics, and medical photography.

Students may be accepted into the histotechnology
specialization after completing the required science,
mathematics, and clinical laboratory science courses. Un-
iversity general education requirements must also
be met. The senior year consists of a 12 month internship
at Henry Ford. The program includes an integrated pre-
sentation of didactic material, microscopic study, speci-
men preparation, clinical observation, cytogenetics, labo-
ratory management, and a research project.

Specialization in cytogenetics

Program Director: Jim Zabawski (Henry Ford Hospital)

Cytogenetic technologists work independently under general supervision and can interpret and implement established procedures to prepare biological specimens for cytogenetics analysis, perform the analysis, and construct and interpret karyotypes.

Students may be accepted into the cytogenetics specialization after completing the required science, mathematics, and clinical laboratory science courses. University general education requirements must also be met. The senior year consists of a 12 month internship at Henry Ford Hospital in the Cytogenetics department. The program consists of an integrated presentation of didactic material and intensive laboratory study in the area of cytogenetics that includes specimen preparation, cell culture, chromosome analysis, microscopy, and photography.

Clinical Laboratory Science
Phlebotomy Program

The clinical laboratory science program, in conjunction with Ann Arbor area hospitals, has established a phlebotomy training program. This program consists of three courses. The program can be completed in two semesters. This allows the students the opportunity to become employed as health care professionals at good paying jobs while they continue their education.

Upon successful completion of AHPR 200, CLSC 201, and CLSC 202, students will qualify to take a national certification examination in phlebotomy, such as the examination given by the American Society of Phlebotomy Technicians.

Clinical Laboratory Sciences Courses

CLSC 101 Introduction to Clinical Laboratory Sciences 1 hr
An overview of the profession highlighting the various areas of clinical laboratory sciences: medical technology, phlebotomy, cytology, histology, cytogenetics, and tissue typing. The course provides information on employment opportunities including wage and salary benefits, legal issues, and certification in the profession. The course also highlights the benefits of a clinical laboratory science degree for individuals contemplating advanced degrees in medicine or graduate school.

CLSC 177/178/179 Special Topics 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

CLSC 200 Clinical Laboratory Techniques 2 hrs
Basic skills necessary to function in a clinical laboratory; i.e., phlebotomy, use of the microscope, specimen collection and preparation, pipetting, and lab safety. Prereq: AHPR 200.

CLSC 201 Phlebotomy Techniques 2 hrs
Phlebotomy Techniques is presented in a lecture-laboratory format. The course is designed to present the theory of blood collection and the practical techniques for venipuncture and skin puncture. Topics included in the course will cover the phlebotomist's role, professionalism and ethics, laboratory and hospital organization, specimen collection techniques, various blood drawing equipment, patient interaction, and some medical and laboratory terminology. Prereq: AHPR 200 or department permission.

CLSC 202 Clinical Phlebotomy Practicum 2 hrs
The Clinical Phlebotomy Practicum is the second course in a two-course sequence designed to prepare students for entry level positions as phlebotomists. The practicum will generally consist of forty hours of training at an affiliated institution. Graded on a credit/no credit basis. Prereq: Permission of instructor and CLSC 201.

CLSC 277/278/279 Special Topics 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

CLSC 300 Molecular Diagnostics 3 hrs
This course covers molecular diagnostic techniques in the clinical laboratory. Topics will include laboratory diagnosis of infectious and genetic diseases through cytogenetic, molecular cytogenetic, and DNA molecular technology. Prereq/coreq: CLSC 335

CLSC 307 Urinalysis, Body Fluids, and Hemostasis 3 hrs
Lecture and laboratory covering urines, body fluids, and hemostasis. Specimen collection and handling, physical examination, chemical testing, and microscopic evaluation of urines and body fluids; evaluation of hemostasis testing and hemostasis theory. Prereq: CLSC 200, CHEM 270-271.

CLSC 335 Clinical Immunology 4 hrs
Lecture and laboratory presenting theory, basic principles, and practical experience in clinical immunology. The correlation of basic principles to human disease state. Prereq: CLSC 200 or permission of instructor.

CLSC 377/378/379 Special Topics 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.
CLSC 387 Cooperative Education. 3 hrs
Three or four months of full-time employment at a clinical, research or industrial laboratory or related area chosen for providing a practical educational experience in clinical laboratory sciences. The program consists of two work experiences alternated with full-time attendance at the University. Offered on a graded or credit/no credit basis. 
Prereq: CHEM 270, 271; permission of program director.

CLSC 401 Laboratory Management/Education/Quality Assurance. 3 hrs
Basic management skills for laboratory personnel and laboratory. Personnel practices, equipment and reagent purchase, and laboratory information systems including computer applications, laboratory statistics, and evaluation of methods are covered in this lecture course. 
Prereq: MATH 170 or equivalent.

CLSC 402 Applications of Clinical Chemistry to Pathophysiology. 3 hrs
This lecture course covers the relationship of clinical chemistry to diagnosis, prognosis, and treatment of disease. Focus will be on testing procedures, instrumentation, and controlling the functions in order to provide correct information to the medical staff.
Prereq: CHEM 451 or permission of instructor.

CLSC 406 Cytotechnology Clinical Internship. 14 hrs
Microscopic study of cellular alterations indicative of cancer and precancerous conditions, bacterial, viral and parasitic infections, and hormonal abnormalities; cytogenetics; and a research project. 
Prereq: program approval.

CLSC 406 Cytotechnology Clinical Internship. 14 hrs
Continuation of CLSC 405. 
Prereq: program approval.

CLSC 407 Hematology. 4 hrs
This lecture and laboratory course covers the theory and application of hematological test procedures, interpretation of results, problem solving, and correlation of laboratory findings with disease states. Not open to those with credit in BIOL 407.
Prereq: CLSC 200 or department permission.

CLSC 410 Cytogenetics, Clinical Internship I. 14 hrs
CLSC 410 and CLSC 411 cytogenetics clinical rotation I and II will be used for the clinical practice for the cytogenetics track in the CLS program. The student will set up tissue cultures, harvest cells, prepare slides for analysis, and prepare analysis for a broad spectrum of genetic abnormalities. This will include photograph and computer assisted chromosome analysis. Procedures will include chronic villus, fragile X, and sister chromatid exchanges. 
Prereq: Program approval.

CLSC 411 Cytogenetics, Clinical Internship II. 14 hrs
Continuation of CLSC 410. 
Prereq: Program approval.

CLSC 418 Basic Histotechnology and Histochemical Staining Methods. 12 hrs
Didactic and practicum experience in preparing histologic sections for light microscopy, including the study of more than 50 different histologic staining methods and their specific applications.
Prereq: Program approval.

CLSC 417 Basic Electron Microscopy. 8 hrs
Didactic and practicum experience in basic biological electron microscopy. Electron microscopic histochemistry and special techniques are also covered. Emphasis is on the electron microscope as a medical diagnostic tool. 
Prereq: Program approval.

CLSC 418 Immunohisto-Cytochemistry. 4 hrs
A course designed to teach basic and advanced procedures of fluorescent and enzyme labeled antibody techniques. The course includes the preparation of tissues, staining with labeled antibodies, and the use of fluorescence microscope in clinical medicine and research. 
Prereq: Program approval.

CLSC 419 Special Histotechnology Techniques. 4 hrs
A course designed to present didactic and practicum experience in molecular pathology, including in situ-hybridization and DNA analysis. Cytogenetics will be presented with emphasis on preparing karotypes and chromosome identification. A research project will be required on a related topic, formalized and presented as a lecture. Management and education methodologies will be presented.
Prereq: Program approval.
CLSC 432 Clinical Microbiology. 3 hrs
Course covers mechanisms of pathogenesis associated with specific bacterial, viral, fungal, and parasitic etiological agents of human disease.
Prereq: CLSC 335 or permission of the instructor.

CLSC 433 Clinical Microbiology Laboratory. 2 hrs
Laboratory will cover methods of detection, isolation, enumeration, and identification of human pathogenic microorganisms encountered in the clinical microbiology laboratory.
Prereq: CLSC 335 or permission of the instructor. Coreq: CLSC 432.

CLSC 434 Advanced Immunohematology. 3 hrs
Principles and procedures used in the blood bank. The laboratory is designed to simulate problem situations in the clinical laboratory. Not open to those with credit in BIOL 434.
Prereq: CLSC 307 and CLSC 335.

CLSC 450 Hematology/Coagulation Practicum. 5 hrs
An intensive hands-on clinical experience in routine hematology, coagulation, and special techniques at an advanced level.
Prereq: Acceptance into clinical track.

CLSC 452 Clinical Immunology/Immunohematology Practicum. 5 hrs
An intensive hands-on clinical experience in an advanced level of instruction in blood banking, immunology, and serology.
Prereq: Acceptance into clinical track.

CLSC 454 Clinical Chemistry Practicum. 5 hrs
An intensive hands-on clinical experience at an advanced level of instruction in automated chemistry, radioimmunoassay, electrophoresis, and toxicology.
Prereq: Acceptance into clinical track.

CLSC 455 Clinical Chemistry Laboratory. 2 hrs
This laboratory course includes theory, instrumentation, and current procedures used in clinical chemistry laboratories. Analysis will be done on clinical specimens and a clinical chemistry quality control program will be integrated throughout the semester.
Prereq or coreq: CLSC 402.

CLSC 456 Clinical Microbiology Practicum. 5 hrs
An intensive hands-on clinical experience at an advanced level of instruction in clinical microbiology.
Prereq: Acceptance into clinical track.

CLSC 457 Clinical Methods Practicum. 1 hr
This one-week intensive course includes an orientation to hospitals training students, a one-day experience at the American Red Cross, and a combined urinalysis/phlebotomy experience at the hospital affiliates.
Prereq: Acceptance into clinical track.

CLSC 459 Clinical Mycology Practicum. 1 hr
This is an intensive introductory lecture and laboratory course highlighting medically important fungi, disease states, and laboratory methods of isolation and identification. Credit/no credit.
Prereq: Acceptance into clinical track or permission of instructor.

CLSC 477/478/479 Special Topics. 1/2/3 hrs
Advanced level courses covering specific topics in clinical laboratory sciences not discussed in other clinical laboratory sciences courses.
Prereq: Permission of instructor.

CLSC 487 Cooperative Education. 3 hrs
Three to four months of full-time employment at a clinical, research or industrial laboratory or related area chosen for providing a practical educational experience in clinical laboratory sciences. The program consists of two work experiences alternated with full-time attendance at the University. Offered on a graded or credit/no credit basis.
Prereq: CLSC 387, permission of program director.

CLSC 497/498/499 Independent Study. 1/2/3 hrs
Independent original endeavors involving library and/or laboratory work under the guidance of a clinical laboratory program faculty member or clinical associate faculty member.
Prereq: Permission of the instructor.
ACADEMIC PROGRAM

HEALTH ADMINISTRATION PROGRAM

Richard L. Douglass
Program Director/Associate Professor
328 King Hall
487-0460

Associate Professor: Roberto Torres

Degree: Bachelor of Science
Programs of Study
Curricula:
  Health administration
  Health services management (degree completion track)

Advising is available by the faculty in the health administration program offices.
Honors Adviser: Richard L. Douglass

The program in health administration emphasizes the rapidly changing forms of health care delivery, health care reform, health care for the indigent, and services to special populations, such as migrant workers, the homeless, and prisoners. Student writing, publication, and opportunities for research are central to the program's mission.

CLINICAL AFFILIATIONS

The Health Administration program is one of only 29 undergraduate programs in the United States with full membership in the Association of University Programs in Health Administration (AUPHA) and the only full member among Michigan's colleges and universities. In addition, the program is closely affiliated with the American Academy of Medical Administrators (AAMA) and the American College of Health Executives (ACHE). The Health Administration Student Association is a Student Chapter of the American College of Health Care Executives. Internship opportunities are an important component in the curriculum of the Program. The following organizations are representative of those in which Health Administration majors acquire field experience:
  Alzheimer's Disease and Related Disorders Association, Southfield
  Beyer Hospital, Oakwood Health Services, Ypsilanti
  Catherine McAuley Health Center, Ann Arbor

Chelsea Community Hospital, Chelsea
City of Detroit, Bureau of Substance Abuse Services, Detroit
Detroit Health Care for the Homeless, Detroit
Detroit Osteopathic Hospital Corporation, Detroit
Detroit Receiving Hospital, Detroit
Garden City Osteopathic Hospital, Garden City
Health Alliance Plan of Michigan, Detroit
Henry Ford Hospital, Detroit
Hospice of Washtenaw, Ann Arbor
Hospice of Livingston County, Howell
Institute of Women's Medicine, Hutzel Hospital, Detroit
Laurel Home Health Care Centers, Ypsilanti
M-Care, Ann Arbor
McAuley-McPhearson Health Care, Howell
Michigan Blue Shield and Michigan Blue Cross, Detroit
Michigan Insurance Bureau, Lansing
Michigan Department of Corrections
Michigan Department of Mental Health
Michigan Department of Public Health
Munson Hospital, Traverse City
Milan Federal Correctional Institution, Milan
Oakland County Department of Public Health
Packard Community Clinic, Ann Arbor
Saline Community Hospital, Saline
St. John Hospital, Detroit
St. Joseph Mercy Hospital, Ann Arbor
St. Mary's Hospital, Saginaw
Seaway Hospital, Trenton
Springfield Hospital, Springfield, VT
Traverse City Osteopathic Hospital, Traverse City
University of Michigan Hospitals, Ann Arbor
Visiting Nurse Association of Huron Valley, Ann Arbor
Washtenaw County Community
Wayne County Medical Examiner's Office, Detroit

HEALTH ADMINISTRATION CURRICULUM

The curriculum concentrates on the principles and processes utilized in the field of health administration and management. The program is designed to prepare those seeking a career in the administrative sector of the health care delivery system in any of its forms. It also is appropriate for those already working in the health care field in some other capacity but wishing to redirect their career toward the area of health administration. Practicing health administrators without previous formal education in the field also may find this program beneficial for career advancement.
All students must take a one-semester internship during their senior year unless waived by the program director due to significant administrative experience. Courses denoted with an asterisk (*) complete the requirements for a degree. No outside minor is required, however, many students elect the gerontology minor.

A degree completion track, Health Services Management, has been established for persons with clinical associate degrees from accredited community colleges who have had five or more years of experience subsequent to that degree completion. Associate degree trained nurses, respiratory therapists, and others interested in the degree completion option in health services management should contact the program director. Successful completion of the degree completion track leads to the same degree as the regular program major.

A minor in health administration is available to undergraduate students at Eastern Michigan University. The curriculum for the minor in health administration includes 20-22 semester hours. Students interested in the minor should contact the program in writing and meet with the program's minor curriculum adviser.

### Sem hours

**Symbolics and communication** .............................. 10-15
Five courses as required by the basic studies program: Must include MATH 118 Mathematical Analysis for Social Sciences

**Science and technology** .................................................. 7-10
Three courses as required by the basic studies program: Must include BIOL 105 Biology and the Human Species

**Social science** ................................................................. 8-12
Four courses as required by basic studies: must include ECON 201-202 Principles of Economics I-II

**Arts and humanities** .......................................................... 8-12
Four courses as required by the basic studies program: No restrictions.

**Cross-cultural or international studies** ......................... 3
One course approved as described by the basic studies program: No restrictions.

**Physical education and health** ........................................ 2
As required for all undergraduate degree candidates.

Health Services Management Track Curriculum

This is a degree completion track leading to the BS in health administration for persons holding an accredited associate's degree in a recognized health services or clinical discipline. Such disciplines include nursing, respiratory therapy, or other specialized two-year programs of study.

For degree completion students in this curriculum, up to 22 semester hours may be awarded and credited towards the BS obligation of 124 semester hours on the basis of supervised clinical coursework taken in the associate degree curriculum. These credits may be based on supervised clinical courses that have no exact equivalence at Eastern Michigan University. This is determined in consultation with the program director of the health administration program.

The curriculum for such degree candidates includes:
1. Completion of all Basic Studies requirements for Eastern Michigan University
2. Electives
3. Completion of the minor in management (for nonbusiness majors)
4. Completion of the following courses:
   AHPR 200 Medical Terminology ....................... 1
   AHPR 208 Ethical Dimensions in Health Care Delivery ............................................... 2
   AHPR 305 Data Analysis for the Health Sciences .............................................. 3
   HLAD 305 Introductory Seminar in the US Health Care System ........................................... 3
   HLAD 310 Administration of Health Care Organizations .............................................. 3
   HLAD 311 Management of Health Services .............................................. 3
   HLAD 420 Financial Management of Health Institutions .............................................. 3
   HLAD 425 Decision Making for Health Administrators .............................................. 3
   HLAD 416 Health Planning or HLAD 417 Health Regulation ........................................... 3

Health Administration Minor Curriculum

Students must complete these course requirements for the health administration minor:

Minor in health administration

1. Required Courses ...................................... Sem hours
   Group I .......................................................... 15-16
   HLAD 300 Health Care Issues or HLAD 306 Introductory Seminar in the US Health Care System .............................................. 2-3
   HLAD 310 Administration of Health Care Organizations .............................................. 3
   HLAD 311 Management of Health Services .............................................. 3
   HLAD 420 Financial Management of Health Institutions .............................................. 3
   AHPR 401 Legal Issues in Health Care .............................................. 3
   AHPR 200 Medical Terminology .............................................. 1

2. Restricted electives
   Group II .......................................................... 5-6
   Students must elect two of the following:
   AHPR 401 Legal Issues in Health Care (3)
   HLAD 479 Special Topics (3)
   AHPR 208 Ethical Dimensions in Health Care Delivery (2)
   AHPR 306 Data Analysis for the Health Sciences (3)
   NURS 380 Health and Illness Problems Throughout the Life Span (3)
   SWRK 431 Substance Abuse (3)
   SWRK 438 The Interdisciplinary Health Care Team (3)
   GERT 404 Gerontology Interdisciplinary Seminar (3)
   AAS 351 The Social Context of African American Health (3)

Total .............................................................. 20-22

Health Administration Courses

HLAD 177/178/179 Special Topics. ......................................................... 1/23 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.
HLAD 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

HLAD 287 Cooperative Education. 3 hrs
Employment for pay in a work setting chosen to provide practical experience related to health administration. The cooperative education sequence consists of two work experiences (HLAD 287 and HLAD 387) alternated with full-time attendance at the University.
Prereq: Sophomore standing and health administration major.

HLAD 300 Health Care Issues. 2 hrs
This survey of the organization, traditions, professional stratification, and current issues of the US health care system is designed to introduce the non-Health Administration major to the field of managing and administering health care services in hospitals, public health systems, nursing homes, and ambulatory settings.

HLAD 305 Introductory Seminar in the US Health Care System. 3 hrs
A survey of important issues facing the health field. The US health care system and the relationship between components; the changing nature of the health field and implications for the future (encouraged in sophomore year or early junior year).

HLAD 310 Administration of Health Care Organizations. 3 hrs
Analysis of modern health care organizations with emphasis on management structure, boards of trustees, administration, physicians, and others. Delivery of institutional patient care, role of professionals and other personnel, and departmental interrelatedness.
Prereq: HLAD 305.

HLAD 311 Management of Health Services. 3 hrs
A continuation of HLAD 310, emphasizing quantitative methods in program implementation, control, and evaluation. The administrative role in financial control, the legal aspects of control, and the control of human resources.
Prereq: HLAD 310.

HLAD 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

HLAD 387 Cooperative Education. 3 hrs
Employment for pay in a work setting chosen to provide practical experience related to health administration. The cooperative education sequence consists of two work experiences (HLAD 287 and HLAD 387) alternated with full-time attendance at the University.
Prereq: Department permission.

HLAD 416 Health Planning. 3 hrs
This course examines in detail the essence of health planning as practiced in the health care industry. Topics include the history of health planning, planning theory and conceptual foundations, public sector planning and policy-making, private sector planning and health planning methods. Special emphasis is placed on health planning as an ongoing process which should be developed by health care organizations in order to be successful.
Prereq: HLAD 310, and one course in statistics or AHPR 305

HLAD 417 Health Regulation. 3 hrs
This course will provide an overview of health care regulation from the perspective of providers, the government regulator, and the general citizenry. Topics include licensing and private accreditation, the regulation relating to cost containment, alternative delivery systems, health care reform, rate regulation, and health planning.
Prereq: HLAD 310, and one course in law (AHPR 401, LAW 293, or PLSC 301).

HLAD 420 Financial Management of Health Institutions. 3 hrs
The application of generic concepts and tools to the health field.
Prereq: HLAD 310.

HLAD 421 Managed Care. 3 hrs
This course will provide an overview of the managed care industry. It will discuss the origins of managed care, the mechanics of managed care, and the effects of managed care across the various constituencies involved (purchaser, provider, and patient). The role of managed care in the area of health reform will also be treated in some detail.
Prereq: HLAD 310 and HLAD 420.
HLAD 425 Decision Making for Health Administrators. 3 hrs
The integration of many knowledge areas into health administration. A capstone course utilizing case studies, role playing, simulation, and games.
Prereq: HLAD 310.

HLAD 477/478/479 Special Topics. 1/2/3 hrs
For seniors. Topics included will depend upon the interests of the students and the faculty member's field of specialization. Topics generally include planning, regulation, and issues of special populations such as the homeless and prisoners.
Prereq: Department permission.

HLAD 480 Internship Seminar in Health Administration. 3 hrs
Seminar for those students taking an internship to provide a forum for the exchange of ideas and experiences.
Prereq: Program permission, and enrolled in internship program. Departmental GPA of 2.5 or higher.

HLAD 487/488/489 Internship. 3/6/9 hrs
Internship to provide formally structured and directed work experience to assist in integrating classroom learning with professional perspectives and working requirements.
Prereq: Program permission, concurrent enrollment in HLAD 480.

HLAD 497/498/499 Independent Study. 1/2/3 hrs
Under the supervision of a health administration faculty member, study in subjects not covered in other course offerings, or advanced study in areas of special interest to the student.
Prereq: Program permission.

OCCUPATIONAL THERAPY PROGRAM

Ruth A. Hansen
Program Director
328 King Hall
487-0461

Professor: Ruth A. Hansen
Associate Professor: Sherry Sayles-Folks
Assistant Professors: Ben Atchison, Normajean Bennett, Virginia Dickie
Instructors: Elizabeth Francis-Connolly, Judith Olson, LaDonn People

Degree: Bachelor of Science
Program of Study
Curriculum
Occupational therapy

Advising for occupational therapy-intent students is performed by the Academic Advising Center. After acceptance into the occupational therapy program, students are assigned a faculty adviser.

All students in the professional program must meet with their advisers before registering each semester.
Special Requirements
Admission
1. Students must first be accepted to the University by the Admissions Office before they can be considered by the Occupational Therapy Screening Committee. However, admission to EMU does not guarantee admission to occupational therapy. After acceptance by the University, a separate application must then be made to the occupational therapy program. Applications are available from occupational therapy in King Hall or from the Admissions Office.
2. Admission to the occupational therapy curriculum is competitive and based on the following:
a. A minimum grade point average of 2.7 on a 4.0 scale; at least a "B-" in three prerequisites and at least a "C" in the other one and in any major courses taken before beginning the program.
b. Completion of at least 40 semester hours of college credit (in addition to physical education activity courses) including the following prerequisites:
   PSY 101 General Psychology
   BIOL 105 Biology and the Human Species
Combined anatomy/physiology with lab or human physiology course
CHEM 119 Fundamentals of Chemistry or equivalent.
c. Acceptance is provisional. Before the student actually begins the professional curriculum, evidence of successful completion of at least 55 semester hours and the following additional prerequisite courses must be presented with at least a “B-” in three of these courses and at least a “C” in the other one: a psychology course at the 200 level or above; a course in art, music, theatre, or dance; life span human growth and development, or psychology of development, or child psychology; and a course in medical terminology.
The prerequisite courses may be taken at this University, at another four-year college/university. Individuals with fewer than 75 semester hours of transferable credits may take courses at a junior or community college.
d. Completed information on the application form with emphasis on work/volunteer experiences with individuals having special needs.
e. Three references required: at least one from a supervisor of work or volunteer experience with individuals having special needs. Personal references are not acceptable (e.g., relatives, friends, neighbors.)
f. Application deadlines are December 1 for the following fall semester and June 1 for the following winter semester.
The availability of fieldwork placements and other considerations restrict the number of students admitted to the classes that begin each fall and winter semester.

Criteria for continuance in the occupational therapy curriculum is based upon the following:
1. Scholarship:
   a. A minimum EMU cumulative grade point average of 2.0 on a 4.0 scale must be maintained.
   b. All students must achieve a minimum letter grade of “C-” in all courses in the OT program (OCTH 300, 301, 302, 303, 304, 308, 400, 403, 418, 420, 421, 488, 489, gerontology; ZOOL 317, 326, 417; HLAD 300; and INED 358).
   If the student receives a “D” (D+, D, D-) in an occupational therapy course, the student must retake the course and obtain at least a “C” grade before the student is allowed to take the next course in the sequence, and will be automatically placed on “Academic Warning” status. A second “D” in any course in the OT program will result in automatic dismissal.
   c. A letter grade of “E” in any required course will result in automatic dismissal from the OT program.
2. Demonstrated competence in:
   a. Speaking effectiveness
   b. Written expression
3. Demonstrated responsibility for:
   a. Punctuality and attendance
   b. Communication with instructors, supervisors, students
   c. Organization of time
   d. Professional appearance
4. Freedom from any kind of probation, administrative, academic, or social. While on academic probation, no student may register for, remain in, or receive credit for the science and mathematics courses or the practical arts (Group VI) courses within the occupational therapy curriculum.

Supervised fieldwork of a minimum of six months is required for the baccalaureate degree and to become eligible for the national certification examination. Assignment to field placement is arranged and approved by the program and is by recommendation of the occupational therapy faculty. OCTH 488 and OCTH 489 Fieldwork are full-time placements of a minimum of three months each. All fieldwork experiences must be completed within 24 months of completion of the academic portion of the program.

Certification requires successful completion of all academic requirements, fieldwork experiences, and the recommendation of the faculty. A registered occupational therapist (OTR) is one who has passed the certification examination administered by the American Occupational Therapy Certification Board.

The Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA'S phone number is (301) 652-AOTA. Graduates of the program will be able to sit for the national certification examination for the occupational therapist administered by the American Occupational Therapy Certification Board (AOTCB). After successful completion of this exam, the individual will be an Occupational Thera-
pist, Registered (OTR). Most states require licensure in order to practice; however, state licenses are usually based on the results of the AOTCB Certification Examination.

The professional segment of the program requires four semesters of academic courses and, in addition, a minimum of six months full-time fieldwork experience. Courses in the occupational therapy major are usually offered in the fall and winter semesters only.

**Occupational Therapy Curriculum**

The occupational therapy curriculum leads to a Bachelor of Science degree in occupational therapy. Completion of courses identified by an asterisk (*) satisfies all major and minor requirements for a degree. No outside minor is needed.

**Occupational Therapy Courses**

OCTH 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

OCTH 200 Orientation to Occupational Therapy. 2 hrs
An overview of roles and functions of occupational therapists in a variety of settings. Career information is explored including helping skills, comparison to other fields, salaries, outlook, and application process.

OCTH 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

OCTH 287 Cooperative Education. 3 hrs
A two-course sequence that provides a work position designed to offer experience related to occupational therapy while the student receives academic credit and financial support. Available to students pursuing the profession of occupational therapy at the freshman, sophomore, or junior levels. Consists of either full-time work experience alternated with full-time attendance at the University, or a combination of part-time work and academic courses. Cooperative education does not substitute for occupational therapy Fieldwork I or II. Prereq: Approval of the Cooperative Education Office and program permission.
OCTH 300 Introduction to Occupational Therapy. 
2 hrs
The roles and functions of occupational therapy in providing direct and indirect health care service. A foundation for the advanced professional courses. To be taken concurrently with OCTH 301 Practicum, and with or after ZOOL 317 and ZOOL 326.
Prereq: Admission to the program. Coreq.: OCTH 301

OCTH 301 Practicum in Occupational Therapy. 1 hr
An opportunity for students to develop skills in observing and interacting with individuals requiring occupational therapy intervention. To be taken concurrently with OCTH 300 Introduction to Occupational Therapy.
Prereq: Admission to the program. Coreq.: OCTH 300

OCTH 302 Developmental Activities I. 2 hrs
The theory, analysis, and application of developmental activities used in occupational therapy intervention. May be taken concurrently with OCTH 303 Conditions I and OCTH 308 Programming for Early Childhood.
Prereq: INED 358, OCTH 300.

OCTH 303 Conditions I. 3 hrs
Health and illness and selected conditions that affect occupational performance and require OCTH intervention.
Prereq: For OT majors: OCTH 300, ZOOL 317, and ZOOL 326. For non-OT majors: department permission.
Prereq. or coreq.: ZOOL 417

OCTH 304 Developmental Activities II. 2 hrs
Theory, analysis, and application of developmental activities used in occupational therapy intervention with adults and aged persons. May be taken concurrently with OCTH 403, OCTH 418.
Prereq.: OCTH 302, OCTH 303, OCTH 308.

OCTH 308 Programming for Early Childhood. 6 hrs
The rationale and methods of evaluating the developmental status of the young child in relation to the performance of life tasks. Includes methods of translating the evaluation data into program plans appropriate for the young child. To be taken concurrently with or after OCTH 302, OCTH 303, ZOOL 417.
Prereq.: OCTH 300. Prereq. or coreq.: OCTH 302, 303, ZOOL 417

OCTH 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

OCTH 387 Cooperative Education. 3 hrs
A two-course sequence that provides a work position designed to offer experience related to occupational therapy while the student receives academic credit and financial support. Available to students pursuing the profession of occupational therapy at the freshman, sophomore, or junior levels. Consists of either full-time work experience alternated with full-time attendance at the University, or a combination of part-time work and academic courses. Cooperative education does not substitute for occupational therapy Fieldwork I or II.
Prereq: OCTH 287.

OCTH 400 Seminar in Health Care Issues. 1 hr
The issues covered in HLAD 300 as they pertain to occupational therapy.
Prereq., coreq.: OCTH 419, HLAD 300.

OCTH 403 Conditions II. 3 hrs
Conditions that interrupt development and performance in later childhood and adolescence and necessitate intervention.
Prereq: For OT majors: OCTH 303, OCTH 308. For non-OT majors: department permission.

OCTH 418 Programming for Childhood and Adolescence. 5 hrs
Methods of evaluating the developmental status and performance of the older child and adolescent. Results of evaluation methods are used to determine program plans using specific approaches. May be taken concurrently with OCTH 403.
Prereq: OCTH 303, OCTH 308. Prereq. or coreq.: OCTH 403

OCTH 419 Programming for Adulthood and Aging. 5 hrs
Methods of evaluating the developmental status and performance of the adult. Students plan intervention programs based on the results of the evaluation, using specific occupational therapy approaches.
Prereq: OCTH 304, OCTH 403, OCTH 418.
OCTH 420 Fieldwork (part-time). 2 hrs
An experience with children and/or adolescents in evaluating, planning, and implementing supervised occupational therapy intervention programs. May be taken concurrently with OCTH 403, OCTH 418.
Prereq: OCTH 303, OCTH 308. Coreq.: OCTH 403 and OCTH 418

OCTH 421 Fieldwork (part-time). 2 hrs
Experience with young, middle, and/or older adults in evaluating, planning, and implementing supervised occupational therapy intervention programs.
Prereq: OCTH 418 and OCTH 420. To be taken concurrently with or after OCTH 419.

OCTH 477/478/479/480 Special Topics. 1/2/3/4 hrs
Experimental courses or special topics in occupational therapy may be offered (to be announced).
Prereq: Department permission.

OCTH 488/489 Fieldwork (full-time). 6 hrs each
A full-time three month experience in a selected health services agency, where the student will gain in-depth experience in evaluation and programming for occupational therapy intervention. Credit/no-credit.
Prereq: Department permission; completion of all courses in major.

OCTH 490 Fieldwork (full-time elective). 6 hrs
A fieldwork experience with special populations or in special settings other than those completed in the required placements. Credit/no-credit.
Prereq: OCTH 488 and OCTH 489; department permission.

OCTH 497/498/499 Independent Study. 1/2/3 hrs
Independent work following approved plan to develop knowledge in specialized areas.
Prereq: Department permission.
HUMAN, ENVIRONMENTAL, AND CONSUMER RESOURCES

George Liepa
Department Head
210 Roosevelt Hall
487-1218 or 487-3303

Professors: George Liepa
Associate Professors: Polly W. Buchanan, Deborah L. deLaski-Smith, Virginia A. North, Gwendolyn M. Reichbach
Assistant Professors: Louise Jones, Abraham Kadushin, Sarah E. Moore, N. Annette Peel, Deborah A. Silverman

The Human, Environmental, and Consumer Resources Department provides students with concepts and competencies in preparation for professional roles in dietetics, fashion merchandising, hospitality management, and interior design. Emphasis is placed on improving the quality of life for individuals. Career opportunities are available in private and public institutions, in educational systems, in businesses and industry, and with federal, state, and local governmental agencies.

The dietetics program is accredited by the American Dietetic Association. The interior design program is accredited by the Foundation for Interior Design Education Research (FIDER).

Degree: Bachelor of Science
Programs of Study
Curricula:
- Dietetics
- Fashion Merchandising
- Hospitality Management
- Interior Design

Minors:
- Clothing and Textiles
- Human Environments
- Human Nutrition
- Occupational Foods

Advising is arranged by calling 487-2490 for an appointment. Specialized advising may be obtained according to the following list. Faculty members may be contacted directly.

Advising Coordinators:
Dietetics: N. Annette Peel

Fashion merchandising: Sarah Moore
Hospitality management: Polly Buchanan
Interior design: Virginia North
Nutrition: N. Annette Peel
Occupational foods: Polly Buchanan

Graduate study leads to the master's degree in Human, Environmental, and Consumer Resources; see the Graduate Catalog.

ACADEMIC MAJORS
CURRICULUM FOR DIETETICS

This specialized educational program, accredited by The American Dietetic Association, integrates academic study with practice experience in a coordinated program in general dietetics. Upon completion of the Bachelor of Science degree in dietetics, students qualify for membership in The American Dietetic Association and/or are eligible to take the Credentialing Examination for Registered Dietitians. Career opportunities for dietitians are available in hospitals and other health care facilities; in community agencies; in industrial, university, and school food service programs; in business; in teaching; or in research.

Admission into the dietetics program is not guaranteed by admission to the University. Students must submit program applications by January 15 of their sophomore year for entrance into the professional phase of the program the following fall semester.

The applicant must meet the following requirements to be considered for the professional phase of the program:
1. Junior standing achieved by completing 55 or more semester hours or equivalent.
2. Minimum grade point average of 2.5.
3. Satisfactory completion ("C" grade or above) of the following courses at time of entrance into the program: DTC 202 Principles of Human Nutrition, DTC 211 Experimental Foods, BIOL 105 Biology and the Human Species, CHEM 121-122 General Chemistry I with lab, CHEM 123-124 General Chemistry II with lab, CHEM 270 Organic Chemistry, ECON 201 Principles of Economics I, and SOC 105 Introductory Sociology.

Application forms that describe the requirements
in more detail may be obtained from the coordinator of the dietetics program. The availability of clinical facilities limits the number of students admitted to each class. Therefore, a screening procedure is used to select the most qualified students for the available positions in the program. Academic status is a primary consideration in this screening procedure.

Students accepted into the dietetics program who desire to substitute courses taken at other colleges and/or universities for the 300- and 400-level dietetics courses offered by the Human, Environmental, and Consumer Resources department must successfully complete (70 percent or above) a theoretical and/or practical examination during the semester prior to the term in which the required course is scheduled.

Criteria for continuance in the professional phase of the program are as follows:

1. Students receive a "C+" grade or better in any required course in science and major courses after being admitted to the program.

2. A letter grade of "D" ("D+, D, D-") in one required course automatically warns the student of difficulties and the need for academic counseling. Automatic dismissal from the Dietetics Program occurs when the student receives letter grades of:
   - "D's" ("D+, D, D-") in two (2) dietetics courses (DTC prefix), or,
   - "D's" ("D+, D, D-") in two (2) required science and management courses,
   - "D's" ("D+, D, D-") in one (1) dietetics course and one (1) required science or management course or,
   - "E's" in one (1) dietetics course or one (1) required science or management course.

3. Opportunity to continue in the Dietetics Program is contingent upon:
   retaking the dietetics, science or management courses in which a letter grade of "D" was earned and receiving a final grade of at least a "C-"
   retaking the dietetics science or management courses in which a letter grade of "E" was earned and receiving a final grade of at least a "C-"
   AND readmission into the Dietetics Program.

4. In preparing to assume professional careers in dietetics, students are expected to assume responsibility for their learning, to support the ethics and standards of practice of their profession, and to value honesty in the fulfillment of scholarly and professional endeavors. The department reserves the right to retain only those students who, in the judgment of the faculty, satisfy the requirements of scholarship, practice competence, and personal integrity suitable to dietetics.

In addition to meeting basic studies requirements, all students on this curriculum must complete all other courses specified. These particular curricular, major or minor requirements specify both courses and the number of hours to be completed. Students completing this curriculum have met the major and minor requirements for a degree. No outside minor is needed.

CURRICULUM FOR FASHION MERCHANDISING

The fashion merchandising curriculum offers practical career-oriented knowledge and skills as well as theoretical foundations of marketing fashion apparel and accessories. A marketing or management minor is required.

In addition to meeting the basic studies requirements (pp. 41-45), all students on this curriculum must complete all other courses specified. These particular curricular, major or minor requirements specify both courses and the number of hours to be completed for a degree.

Social science .............................................. 8-12
A course in US government
A course in history
A course in economics
A second course in a two-course sequence in economics

Cross-cultural or international studies
At least one approved course in cross-cultural or international studies must be completed in the process of meeting the basic studies requirements (page 46).

Major in fashion merchandising ..................... 43-45
FM 105 Integrated Arts .................................. 3
FM 135 Cultural Study of Fashion ..................... 3
FM 145 Introduction to Merchandising .............. 3
IDE 208 Introduction to Basic Design .............. 3
FM 235 Textiles for Consumers ....................... 3
FM 255 Apparel Analysis ................................ 3
FM 345 Theories and Practices in Fashion
Merchandising I .......................................... 3
FM 355 Theories and Practices in Fashion
Merchandising II ......................................... 2
FM 356 Theories and Practices in Fashion
Merchandising II Laboratory ......................... 1
FM 380 Fashion of the Haute Couture ............... 3
FM 390 Visual Merchandising ......................... 3
FM 404 Textile Testing .................................. 3
FM 437 Professional Seminar ......................... 3
FM 443 Merchandising of Interior Furnishings3
HECR 487 Field Experience ............................ 3

**Curriculum for Hospitality Management**

Hospitality management provides an interdisciplinary program that integrates principles of food and hotel management with the physical sciences, social sciences and business. Students must complete the required courses in each of the four areas of the basic studies and the practical arts. In addition to meeting the basic studies requirements, all students on this curriculum must complete all other courses specified. These particular curricular, major or minor requirements specify both courses and the number of hours to be completed for a degree. A minor in management is required.

CURRICULUM FOR INTERIOR DESIGN

The interior design curriculum, which is interdisciplinary in nature, prepares students to become professional interior designers. The integrated major includes courses in fine arts, management, marketing, construction, and textiles in addition to the courses in interior design. Creative problem solving in the area of human-environment relationships is emphasized. The focus of the program is on the theory, processes, and skills necessary for graduates of the program to reach the highest levels of professional achievement. The curriculum aims to prepare students to become professional interior designers. The interior design program is accredited by the Foundation for Interior Design Education Research (FIDER).

In addition to meeting basic studies requirements, all students on this curriculum must complete all other courses specified. Students completing this curriculum have met the major and minor requirements for a degree. No outside minor is needed.

Before students may enter studio courses at the 300-level or above in the Interior Design Major*, all of the following standards must be met.

1. The student must achieve a GPA of 2.70 or above as calculated from the grades in the following courses: IDE 110 Interior Design Studio I, IDE 111 Human Factors and Special Needs, IDE 120 Interior Design Studio II, IDE 121 Interior Design Materials and Components, FA 122 Two-Dimensional Design, FA 123 Drawing I, COSC 136 Computers for the Nonspecialist, A course in English composition, 1 course in Physical Science, PSY 101 or PSY 102 General Psychology, CNST 201 Construction Systems, IDE 210 Interior Design Studio III, IDE 211 Lighting for Interiors, IDE 220 Interior Design Studio IV, FM 235 Textiles for Consumers, IDE 221 Environmental Systems for Interiors, FA 231 Three-Dimensional Design.

2. The student must receive a "C-" grade or better in each of the courses listed above in 1.

3. The student must receive a Pass (Pass/Fail) on a comprehensive design exam given during IDE 220 Interior Design Studio IV. The exam will test the student's ability to apply the design process in solving an interior design problem. The tenure-track faculty members in the Interior Design major will be responsible for grading the exam.

If conditions 1, 2, and 3 above are successfully met by the student, then the student will be allowed to formally apply for condition 4.

4. The student must receive a Pass (Pass/Fail) on a verbal and visual presentation of the portfolio. A minimum of two tenure-track faculty from the Interior Design major and two practicing professional interior designers will evaluate the presentations. Creativity, verbal presentation skills, and potential to do professional interior designs will be judged.

TEACHING MINOR

OCCUPATIONAL FOODS MINOR

(AVAILABLE ONLY TO BUSINESS EDUCATION AND TECHNOLOGY EDUCATION MAJORS)

SECONDARY, K-12, AND SPECIAL EDUCATION-SECONDARY TEACHER CERTIFICATION

Students who will qualify for the Vocational Secondary Provisional Teaching Certificate may choose to take the courses listed below in order to earn an endorsement in occupational foods. The course work will convert to 2,000 hours of supervised experience in quantity foodservice operations. An additional 2,000 hours of recent and relevant supervised experience in quantity foodservice are required.

HM 251 Meal Service Management (3)
HECR 374 Methods of Teaching Occupational Foods (2)
HECR 393 Food Systems Management I Experience (2)
HECR 394 Food Systems Management I (2)
HM 440 Financial Management in Hospitality Management (3)
HM 441 Commercial Purchasing (3)
HECR 487 Field Experience (3)
DTC 492 Food Systems Management II Experience (4)
DTC 494 Food Systems Management II (1)

23 hours

DIETETICS COURSES

DTC 177/178/179 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

DTC 201 Nutrition Perspectives. 3 hrs
Application of nutrition concepts and recommendations for health maintenance. Not open to students who take DTC 202, DTC 203, or DTC 204.

DTC 202 Principles of Human Nutrition. 3 hrs
Study of functions, sources, digestion, absorption, and metabolism of nutrients. Introduction to nutrient needs during physiological stages of the life cycle. Open to dietetics-intent majors. Not open to students who take DTC 201, DTC 203, or DTC 204.
Prereq: CHEM 121-122.

DTC 203 Nutrition for Health Professionals. 3 hrs
Study of functions, digestion, absorption and metabolism in health and disease. Application of nutrition principles in provision of care to clients. For nursing majors.
Prereq: CHEM 120; Coreq.: ZOOL 202

DTC 204 Sports Nutrition. 3 hrs
Study of sources, functions, digestion, absorption and metabolism of nutrients. Emphasis on diet in athletic training and exercise science.
Prereq: CHEM 120.

DTC 211 Experimental Foods. 4 hrs
Nature and reactions of food explained in terms of chemical composition, microbial flora, and manipulative practices.
Prereq: CHEM 120 or CHEM 121-122.

DTC 277/278/279 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

DTC 301 Orientation to Dietetics. 2 hrs.
Orientation to dietetics profession by exploring its roles in the health care system, examining the different facets and specializations of the profession, and investigating future trends.

DTC 311 Community Nutrition Experience. 2 hrs
Supervised practice experiences in various community nutrition settings, with emphasis on nutrition education techniques and community organization process.
Coreq: DTC 312.

DTC 312 Community Nutrition. 2 hrs
Emphasis on nutrition education theories and techniques. Exploration of nutrition programs of federal, state, and local agencies. Assessing, planning, implementing, and evaluating nutrition programs in various community settings.
Prereq: DTC 202.

DTC 321 Dietetic Skills. 2 hrs
Principles of basic skills of interviewing and counseling techniques. Emphasis on nutritional assessment and use of medical terminology.
Prereq: DTC 301.
DTC 377/378/379 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

DTC 383 Clinical Nutrition I Experience. 2 hrs
Supervised practice experiences in the clinical nutrition professional environment. Emphasis on nutrition assessment utilizing a review of systems approach.
Coreq: DTC 384.

DTC 384 Clinical Nutrition 2 hrs
Introduction to clinical nutrition with emphasis on the delivery of nutrition support in conditions of hypermetabolism, gastrointestinal, and endocrine systems disorders. Open only to dietetics majors.
Prereq: DTC 202, DTC 321, and CHEM 451. Coreq.: ZOOL 326

DTC 393 Food Systems Management I Experience. 2 hrs
Application of basic components of an operating quantity food service facility. Supervised practice experiences. Open only to dietetics majors.
Prereq: DTC 211. Coreq: DTC 394.

DTC 394 Food Systems Management II. 2 hrs
Introduction to food systems management with emphasis on sanitation, safety, equipment selection and operation, food purchasing, receiving and storage, and personnel management. Open only to dietetics majors.
Prereq: DTC 211, MGMT 386.

DTC 402 Nutrient Metabolism. 3 hrs
Biochemical and metabolic functions of nutrients with emphasis on cellular reactions and their relationship to health and disease.
Prereq: DTC 201 or DTC 202 and CHEM 451. Coreq: ZOOL 326.

DTC 412 Nutrition of the Life Cycle. 3 hrs
Emphasis on nutrient needs and influencing factors for each of the physiological stages of the life cycle.
Prereq: DTC 201, DTC 202, DTC 203 or DTC 204.

DTC 483 Ambulatory Nutrition Care Experience. 2 hrs
Supervised practice experiences in various ambulatory care settings. Open only to dietetics majors.
Coreq: DTC 482.

DTC 484 Clinical Nutrition II. 1 hr
Aspects of nutrition care applied to ambulatory care settings including the workplace and long term care facilities. Emphasis on marketing strategies, consultative practice areas, health care regulations, and payment mechanisms in nutrition care.
Prereq: DTC 312 and DTC 394. Coreq: DTC 484.

DTC 486 Clinical Nutrition III. 5 hrs
Formulation, implementation, and evaluation of nutritional care plans for individuals with abnormal nutrient metabolism. Supervised practice experiences. Open only to dietetics students.
Prereq: DTC 483 and DTC 484.

DTC 492 Food Systems Management II Experience. 4 hrs
Principles of food production procedures emphasizing financial and quality controls in institutional foodservice systems. Supervised practice experiences. Open only to dietetics majors.
Prereq: DTC 393, DTC 394. Coreq: DTC 494.

DTC 494 Food Systems Management III. 1 hr
Application of supervisory processes to food service systems with emphasis on cost and quality control in food production and labor management. Open only to dietetics students.
Prereq: DTC 393, DTC 394, MGMT 384, and MICR 328.
DTC 495 Food Systems Management III. 5 hrs
Administrative functions of food service departments such as assessing, planning, decision making, evaluating, and training. Communication, stress control, and behavior management. Supervised practice experiences. Open only to dietetics students.
Prereq: DTC 494.

**FAMILY AND CONSUMER SCIENCE COURSES**

FCS 109 Interpersonal Relations in the Family. 3 hrs
The skills and attitudes essential for improving interpersonal relationships in groups: work or social networks. Insight into the behavior of self and others will be emphasized to help the student achieve competence in various types of interpersonal relationships.

FCS 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

FCS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

FCS 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

FCS 450 Adult Role Transitions. 3 hrs
Investigation of changes during early, middle, and later adulthood. Normative and nonnormative role transitions related to work and family for women and men.

FCS 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

**FASHION MERCHANDISING COURSES**

FM 105 Integrated Arts. 3 hrs
The application of design elements and principles to human and contemporary environmental needs. Laboratory required.

FM 118 Apparel Studio. 3 hrs
Apparel construction using a commercial pattern. Emphasis is placed on fabric selection, fit, techniques.

FM 119 Early American Textiles. 3 hrs
Survey of textiles used in early history of North America; laboratory experiences allow students to develop skills in spinning wool and flax, traditional weaving, and natural dyeing.

FM 136 Cultural Study of Fashion. 3 hrs
A study of the social, psychological, and physical aspects of fashion as related to culture, society, and the individual.
Prereq: PSY 101/102 or equivalent.

FM 145 Introduction to Merchandising. 3 hrs
Analysis of the fashion industry from designing to distribution through major domestic and foreign markets. Emphasis is placed on fashion trends and cycles, history of merchandising, and careers. Field trip required.

FM 177/178/179 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

FM 210 Display Techniques. 2 hrs
The techniques, resources, and evaluation of effective displays for use in educational, commercial, and informational exhibits. Participation experiences in all phases of display work.
Prereq: FM 105.

FM 235 Textiles for Consumers. 3 hrs
The analytical study of fibers, yarns, fabrics, and finishes with emphasis on the performance of apparel and interiors fabrics. Laboratory required.

FM 255 Apparel Analysis. 3 hrs
A study of the components of apparel at the various price and quality levels. Emphasis placed on standard terminology necessary to describe/evaluate apparel. Laboratory required.
Prereq: FM 135 and FM 235.
FM 277/278/279 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

FM 302 Fashion Manufacturing Techniques. 3 hrs
Experiences and analysis of fashion production. Includes selection of commercial equipment and textiles.
Prereq: FM 118.

FM 345 Theories and Practices in Fashion Merchandising I. 3 hrs
Applications of merchandising mathematical concepts to buying functions and activities. Major focus on problem solving. Field trips required.
Prereq: FM 145.

FM 355 Theories and Practices in Fashion Merchandising II. 2 hrs
Adaptation of fashion merchandising concepts (FM 345) to computer systems. Development of processing tasks using specific merchandising information.
Prereq: FM 345 and COSC 136 or equivalent. Coreq: FM 356.

FM 355 Laboratory. 1 hr
Implementation and analysis of fashion merchandising functions utilizing computer. Simulation problem solving.
Coreq: FM 355.

FM 377/378/379 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

FM 380 Fashion of the Haute Couture. 3 hrs
A detailed study of 20th-century American and European fashion and its relationship to identifiable costumes of the past with emphasis on haute couture. Field trip required.
Prereq: FM 135 and FM 145.

FM 392 Pattern Design. 3 hrs
Principles of pattern making and special problems in clothing construction and design.
Prereq: FM 118.

FM 404 Textile Testing. 3 hrs
Chemical and physical testing of textile products with emphasis on laboratory techniques, standards, and interpretation of data for consumer use.
Prereq: FM 235 and one laboratory science course.

FM 437 Professional Seminar. 3 hrs
Prereq: Senior standing, FM 355, and FM 356.

FM 439 Fashion Markets. 3 hrs
Comprehensive overview of the world fashion markets with emphasis on their development, operation, and contribution; includes a trip to one fashion-related market.
Prereq: Completion of 85 hours and department permission.

FM 443 Merchandising of Interior Furnishings. 3 hrs
Study of fashion marketing practices, buying techniques, and promotional activities as they relate to home furnishings industries. Field trips required.

FM 460 Tailoring. 3 hrs
Fundamental construction processes and special techniques applied to the construction of tailored garments; alterations and adaptations.
Prereq: FM 118.

FM 477/478/479 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

FM 487 Field Experience. 3 hrs
Supervised field experiences working with family social agencies and/or businesses in the area of specialization emphasizing professional competencies and self-evaluation. Sections of course offered for specialization areas as needed. Foreign students need work permit before registration.
Prereq: Department permission—senior standing.

UNDERGRADUATE CATALOG
HOSPITALITY MANAGEMENT COURSES

HM 103 Introduction to the Hospitality Industry. 2 hrs
Orientation to the lodging and foodservice industry by tracing the industry's growth and development; reviewing the organization of lodging, food service, and tourism operations; and by focusing on industry opportunities and future trends.

HM 177/178/179 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HM 180 Foundations of Food Preparation. 4 hrs
Study of basic food preparation including principles of food selection, storage, and preparation. Includes sanitation issues, food acceptance factors, food regulations, and the recognition of quality standards.
Prereq: CHEM 115 or high school chemistry.

HM 204 Sanitation in the Hospitality Industry. 1 hr
Management of basic sanitation in foodservice and lodging facilities. Meets specifications required for National Institute for the Food Service Industry certification.

HM 251 Meal Service Management. 3 hrs
Theories, principles and skills for food and beverage service in institutional, commercial and resort properties. Supervisory techniques and training styles effective for food service.

HM 277/278/279 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HM 368 Hospitality Information Systems. 3 hrs
A systematic approach to front office procedures, including record keeping, the reservation processes, collection procedures, and customer relations.
Prereq: COSC 136 or CHHS 226.

HM 376 Legal Aspects of the Hospitality Industry.
2 hrs
Introduction to the rights and responsibilities that the law grants to or imposes upon hospitality managers. Illustration of possible consequences of failure to comply with legal obligations.
Prereq: Three courses in major.

HM 377/378/379 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HM 430 Seminar in Hospitality Management. 2 hrs
Current external topics influencing the internal operation of a food service or hospitality facility. Participation in professional and community projects.
Prereq: Senior hospitality management major, HM 496 (or coreq).

HM 440 Financial Management in Hospitality Management. 3 hrs
Techniques used by hospitality managers to control food, equipment, labor, and operating costs. Purchasing, labor, and pilferage controls and fiscal management.
Prereq: HEC 394

HM 441 Commercial Purchasing. 3 hrs
Study of principles and techniques applicable to purchasing with emphasis on selection and specification requirements for food, supplies, equipment, and contract services.
Coreq: HEC 394

HM 470 Hospitality Industry Marketing. 3 hrs
Basic knowledge for developing, implementing, and evaluating strategic marketing plans for hospitality properties. Includes forecasting procedures, needs assessments, and presentation formats.
Prereq: HEC 394 and MKTG 360.

HM 477/478/479 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HM 496 Hospitality Management Internship. 5 hrs
Practical experience in managing a hospitality operation including assessing, planning, implementing, evaluating, and training.
Prereq: Senior hospitality management major.

HUMAN, ENVIRONMENTAL, AND CONSUMER RESOURCES COURSES

HECR 177/178/179 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.
HECR 220 Seminar in Lighting. 1 hr
Development of interior design lighting knowledge through hands-on demonstrations of and laboratory experiences with lighting sources, controlling devices, and lighting solutions. Student financed off-campus experience required.
Prereq: Sophomore standing.

HECR 221 Seminar in Contract Design Products. 2 hrs
Examination of contract interior design products through product seminars and hands-on examination of products at the annual contract design conference, NEOCON, held at the Merchandise Mart in Chicago, Ill. Student financed off-campus experience required.
Prereq: Sophomore standing.

HECR 271 Household Equipment and Technology. 3 hrs
Selection factors, basic principles, new technology, and trends in household equipment.

HECR 277/278/279/280 Special Topics. 1/2/3/4 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HECR 287/288/289 Cooperative Education. 1/2/3 hrs
Employment in an appropriate setting, chosen to provide supervised practical experience. Credit hours determined by program area and academic adviser. Offered on credit/no credit basis only.
Prereq: Approval of the Cooperative Education Office and department permission.

HECR 374 Methods of Teaching Occupational Foods. 2 hrs
Responsibilities of occupational home economics teachers, selection of appropriate resources and learning strategies for secondary level occupational programs, relationship of evaluation techniques to total program.
Prereq: FCS 370.

HECR 377/378/379 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HECR 387/388/389 Cooperative Education. 1/2/3 hrs
Employment in an appropriate setting, chosen to provide supervised practical experience. Credit hours determined by program area and academic adviser. Offered on credit/no credit basis only.
Prereq: Approval of the Cooperative Education Office and department permission.

HECR 477/478/479/476 Special Topics. 1/2/3/4 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

HECR 490/491 Special Work (Honors). 1/2 hrs
Additional experiences for promising seniors making a more detailed study of some phase of home economics. Work will be based on a problem of research interest with written and/or oral report. Regulations regarding honors courses will be observed.
Prereq: Senior standing.

HECR 497/498/499 Independent Study. 1/2/3 hrs
Opportunity for qualified senior students to carry on an intensive study or project in their area of specialization.
Prereq: Department permission.

INTERIOR DESIGN COURSES

IDE 110 Interior Design Studio I. 4 hrs
Introduction to technical drawing techniques, interior construction processes, and construction materials used in interior design. Emphasis on graphic communication.
Prereq: Interior design majors only.

IDE 111 Human Factors and Special Needs. 3 hrs
Introduction to the principles of ergonomics and anthropometrics as they influence the design of interior environments. Emphasis on how human factors and special user needs impact interior design.

IDE 120 Interior Design Studio II. 3 hrs
Introduction to interior design theory, philosophy, and process. Emphasis on creativity, design analysis, programming, concept development, space planning, and communication skills for introductory level residential and contract designs.
Prereq: IDE 110.

IDE 121 Interior Design Materials and Components. 3 hrs
Investigation of characteristics, properties, and use of materials and components specified by the interior designer. Emphasis on interior construction materials and components, surfacing materials, and furnishing materials.
IDE 131 Orientation to Interior Design. 1 hr
Introduction to the interior design field with a focus on specialization and career management.

IDE 177/178/179 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas.
Prereq: Department permission.

IDE 208 Introduction to Basic Design. 3 hrs
Application of the basic principles and concepts of design as they pertain to the relationship between contemporary human needs and environmental needs. Color theory; functional and creative interior design. Nonmajors only.

IDE 210 Interior Design Studio III. 3 hrs
Development of advanced interior design graphic presentation skills. Emphasis on delineation, axonometric and perspective drawing, and rendering techniques. Prereq: FA 122, FA 123, and a minimum grade of 1.7 in IDE 120.

IDE 211 Lighting for Interiors. 3 hrs
Introduction to lighting design for interior environments with emphasis on lighting fundamentals, lighting design process and methods, and the physiological and psychological effects of light.

IDE 220 Interior Design Studio IV. 4 hrs
Execution of design problems using design process to integrate both physiological and sociopsychological user needs with the creative and functional design of interior environments. Emphasis on analysis, synthesis, creativity, and presentation of three dimensional solutions to intermediate level residential and contract design problems. Prereq: IDE 111, IDE 121, IDE 210, IDE 211, FA 231. Prereq or concurrent: CNST 201, IDE 221, FM 235.

IDE 221 Environmental Systems for Interiors. 2 hrs
Introduction to acoustics, noise control, climate control, plumbing, and electrical systems in interiors. Emphasis on environmental systems principles necessary for the solution of interior design problems.

IDE 269 Housing for Consumers. 3 hrs
Consumer housing as it relates to social, psychological, legislative, and economic conditions for individuals and families in society. Prereq: Sophomore standing.

IDE 277/278/279 Special Topics. 1/2/3 hrs
An experimental course designed to investigate specific topics of concern in specialization areas. Prereq: Department permission.

IDE 310 Interior Design Studio V: Residential. 4 hrs
Application of the design process in solving advanced residential design problems focusing on physiological, sociopsychological, functional, and aesthetic elements and their relationship to user needs. Emphasis on medium-scale contract design problems. Prereq: Meet criteria for enrollment in 300-level interior design studio courses. Department permission.

IDE 311 History of Interiors: Ancient-1800. 2 hrs
Chronological survey of interior design from ancient times through the mid-nineteenth century. Emphasis on design, function, construction, and evolution of interior environments and the sociological, psychological, and cultural factors that influenced historical interiors, furniture, accessories, and ornamental design. Prereq: Junior standing or department permission.

IDE 312 Computers for Interior Design. 3 hrs

IDE 313 Space Planning and Specifications. 3 hrs

IDE 320 Interior Design Studio VI: Contract. 4 hrs
Application of the design process to contract design focusing on physiological, sociopsychological, functional, and aesthetic elements and their relationship to user needs. Emphasis on medium scale contract design problems. Prereq: IDE 310, IDE 312, IDE 313.
IDE 321 History of Interiors: 1800-Present. 2 hrs  
Chronological survey of interior design from the mid-nineteenth century through the present. Emphasis on design, function, construction, and evolution of interiors and the sociological, psychological, and cultural factors that influence interior environments.  
Prereq: Junior standing or department permission.

IDE 384 Facility Management. 3 hrs  
An examination of principles for coordinating the physical workplace with the people and work of the organization. Integrates the principles of business administration, architecture, and the behavioral and engineering sciences.  
Prereq: Two courses in major.

IDE 377/378/379 Special Topics. 1/2/3 hrs  
An experimental course designed to investigate specific topics of concern in specialization areas.  
Prereq: Department permission.

IDE 410 Interior Design Studio VII: Contract. 4 hrs  
Application of the design process in solving advanced contract design problems in design specialization areas, including historic preservation, restoration, and adaptive reuse. Emphasis on physiological, sociopsychological, functional, and aesthetic elements and their relationship to user needs.  
Prereq: A minimum grade of 1.7 in each of the following courses: IDE 311, IDE 320, IDE 321.

IDE 420 Interior Design Studio VIII: Contract. 4 hrs  
Application of the design process for the comprehensive solution of large scale, complex, contract design problems focusing on physiological, sociopsychological, functional, and aesthetic elements and their relationship to user needs.  
Prereq: A minimum grade of 1.7 in each of the following courses: MGMT 386, IDE 410.

IDE 421 Field Experience in Interior Design. 2 hrs  
Supervised work experience in the interior design field. Emphasis on professional competency, professional ethics, and self-evaluation.  
Prereq: A minimum grade of 1.7 in IDE 410.

IDE 422 Professional Practice in Interior Design. 3 hrs  
Examination of business principles and practices as applied in the interior design field. Emphasis on marketing interior design services, managing interior design firms, and managing interior design projects.  
Prereq: A minimum grade of 1.7 in each of the following: MKTG 360, MGMT 386.

IDE 449 Facility Programming and Post Occupancy Evaluation. 3 hrs  
An examination of the techniques and concepts used in facility programming and post occupancy evaluation and the interrelatedness of these two processes. An emphasis of the use of programming and evaluation in facility management.  
Prereq: IDE 111, IDE 313, and IDE 320.

IDE 469 Strategic Planning and Research for Facility Management. 3 hrs  
An introduction to strategic planning and research techniques in facility management with an emphasis on site and interior environment needs and evaluation.  
Prereq: IDE 364.

IDE 477/478/479 Special Topics. 1/2/3 hrs  
An experimental course designed to investigate specific topics of concern in specialization areas.  
Prereq: Department permission.
NURSING EDUCATION

Regina Williams  
Department Head  
228 King Hall  
487-2310

Professors: Betty Beard, Leola Hogan, Virginia Skurski, Regina Williams, Lorraine Wilson  
Associate Professors: Kathleen Hillegas, Carlee Lehna, Susan Pfoutz  
Assistant Professors: Theresa Beckett, Linda Berry, Carol Grantham, Sharon Jackonen, Sandra Nelson, Jacquelyn Newsome, Nancy Prince, M. Gaie Rubenfeld, Barbara Scheffer  
Lecturers: Linda Burgess

Degree: Bachelor of Science in Nursing  
Program of Study  
Curriculum: Nursing

Nursing advisors are assigned to each student. Adviser lists are posted on the bulletin board.

Admission to the University, even if students indicate an intention of entering the nursing curriculum, does not guarantee admission to the nursing program.

Prospective students should request an application from the Admissions Office, 401 Pierce Hall, early in their freshman year. The application will specify exact requirements, deadline dates, and expected notification times.

Students are eligible for consideration for selection into the nursing program upon completion of the following prerequisite courses with a 2.0 ("C") or better: PSY 101 General Psychology, either SOCL 105 Introductory Sociology or ANTH 135 Introduction to Cultural Anthropology, CHEM 120 Fundamentals of Organic and Biochemistry, ENGL 121 English Composition or equivalent, DTC 202 Principles of Human Nutrition, ZOOL 201 Human Anatomy and Physiology I, ZOOL 202 Human Anatomy and Physiology II, and EDPS 325 Life Span Human Growth and Development. Required prerequisite courses are subject to change.

Criteria for continuance follows a structured sequence of courses in the professional phase of the curriculum. Any elective or other course selected must fit in around the core of professional courses.

Students should plan carefully for the demanding nature of the professional part of the nursing program and the extensive clinical hours required. This professional segment requires six sequential semesters of work.

Because of the rapidly changing nature of the health care field, it is necessary that graduates have current professional nursing skills and knowledge in order to practice successfully. Therefore, the following policies have been established:

Once admitted to the EMU nursing program, students must complete all nursing sequence courses, including NURS 270 Pharmacology and NURS 260 Pathophysiology, with a grade of "C" or better within a period of six calendar years to be considered eligible for graduation.

The University may give credit for nursing courses taken at a four year college/university; however, the department reserves the right to make the final decision on course substitution based on examination of course materials.

Academic and professional integrity

In preparing to assume professional nursing careers, students are expected to assume responsibility for their learning, to support the ethics and goals of their profession, and to value honesty in the fulfillment of scholarly and professional endeavors. Students must abide by the University code of conduct as outlined in the University Catalog. Students who violate the University code of conduct will be subject to appropriate disciplinary action.

The Nursing department recognizes its responsibilities to the public and the nursing profession. Students and faculty must promote academic and professional integrity and take action when a violation of such integrity occurs. The department reserves the right to retain only those students who, in the judgment of the faculty, satisfy the requirements of scholarship, clinical competence, and personal integrity suitable for nursing.

Clinical learning experience

Fieldwork in nursing is provided through clinical learning experiences under the supervision of faculty in a variety of health agencies such as ambulatory care settings, acute care medical centers, community hospitals, public schools, nursing homes, county health agencies, and home health care agencies. Students are expected to provide their own transportation.

Nursing students are assessed $15.00 per credit hour on all clinical laboratory courses. Fifty percent of these funds go to the department to help defray the cost of updating, replacing, and maintaining equipment and supplies used in the classroom laboratories (skills lab,
health assessment, and computer labs).

Following receipt of the Bachelor of Science in Nursing degree (BSN), students are eligible to sit for the national nursing licensure examination (NCLEX-RN).

This nursing program is approved by the State of Michigan Board of Nursing and is accredited by the National League for Nursing.

Nurses who are licensed to practice nursing in the state of Michigan and wish to complete a Bachelor of Science in Nursing degree are eligible for consideration for admission. Registered nurse students follow the same admission procedures as stated above. In addition, registered nurse students must show 1) a valid Michigan Nurse License; 2) achievement of at least 45 on the ACT-PEP examination or successful completion of the National League of Nursing Mobility Profile II exams with a minimum decision score of 90. Credit hours from the student's junior or community college are awarded as equivalent to sophomore baccalaureate nursing credits after completion of requirement 2 above.

All information related to academic and professional integrity and clinical learning experiences also apply to RN/BSN completion students.

ACADEMIC PROGRAM

NURSING CURRICULUM

This curriculum leads to the Bachelor of Science in Nursing (BSN) degree and requires the following courses to complete the 124 semester hours needed for graduation. Curriculum revisions may result in changes in nursing courses listed below as well as prerequisites courses. Potential nursing students should consult with the Nursing department for the most accurate information.

Nursing Education Courses

NURS 177/178/179 Special Topics. 1/2/3 hrs
An explorational and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

NURS 207 Critical Thinking in Nursing. 1 hr
Provides exploration of critical thinking in the professional domain and its application to the nursing process.
Prereq: Admission to the nursing program. Coreq: NURS 208, 209, 220.

NURS 208 The Art and Science of Nursing I. 2 hrs
Presents an introduction to professional nursing theory, practice and research.
Prereq: Admission to the nursing program. Coreq: NURS 207, NURS 209, NURS 220, MICRO 328.

NURS 209 The Art and Science of Nursing I Laboratory. 3 hrs
This companion course to NURS 207 and NURS 208 provides laboratory/clinical practice in nursing care of adults in predictable states of disharmony and harmony.
Prereq: Admission to the nursing program. Coreq: NURS 207, NURS 208, NURS 220, MICRO 328.

NURS 210 Use of the Nursing Process. 2 hrs
Study of the four components of the nursing process and their implementation in nursing practice. Lecture: two hours per week.
Prereq: Department permission.

NURS 220 Health Assessment. 3 hrs
Familiarizes students with health history taking and physical examination techniques. Laboratory sessions provide opportunities for doing assessments under the guidance of the nursing faculty. Lecture: Two hours per week. Laboratory: Two hours per week.
Prereq: Admission to the nursing program. RN/BSN students may register for this course prior to admission to the program.

NURS 250 The Art and Science of Nursing II. 2 hrs
Continues the development of knowledge and skills basic to nursing care of adults in predictable states of disharmony and harmony.
Prereq: NURS 207, NURS 208, NURS 209, NURS 220. Coreq: NURS 251, MICR 328, NURS 260, NURS 270.

NURS 251 The Art and Science of Nursing II Laboratory. 3 hrs
Students apply the concepts learned in theory and laboratory in providing care to culturally diverse adult clients who are in predictable states of harmony and disharmony.

NURS 260 Pathophysiology. 4 hrs
The dysfunctions created by major physical illnesses, theories of causation, and signs and symptoms of the more usual syndromes.
Prereq: Admission to the nursing program/permission of the department.

NURS 270 Pharmacology. 3 hrs
The fundamental principles of pharmacology including the action of drug groups on the human body and how drugs are administered, metabolized and excreted.
Prereq: Admission to the nursing program/permission of the department.
NURS 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

NURS 304 Nursing Care of Childbearing Families. 2 hrs
Focuses on maternal-newborn nursing within a family centered approach. The course encompasses the entire childbearing process, from preconception planning through pregnancy, birth, and the postpartum period. Students use a scientific knowledge base and selected theories (e.g., family, nursing, systems, developmental, ethical, and coping/stress/adaptation) to promote harmony within the context of the childbearing families in predictable and less predictable health states with diverse populations.
Prereq: Completion of sophomore-level nursing courses, MICR 328. Coreq: NURS 305, NURS 308.

NURS 305 Nursing Care of Childbearing Families Laboratory. 3 hrs
Focuses on the clinical application of maternal-newborn nursing theory and practice with selected maternity clients and their newborns. Clinical experiences will occur in prenatal, intrapartum, and postpartum settings of community hospitals.
Prereq: Completion of sophomore-level nursing courses, MICR 328. Coreq: NURS 304, NURS 308.

NURS 306 Nursing Care of Childrearing Families. 2 hrs
Focuses on assisting students to learn nursing care for children and their families in predictable and less predictable health phases of disharmony and harmony. Children and their families at different developmental ages, having altered health and well states, and in different clinical settings will be examined to promote harmony.
Prereq: Completion of sophomore-level nursing courses, MICR 328. Coreq: NURS 307, NURS 308.

NURS 307 Nursing Care of Childrearing Families Laboratory. 5 hrs
Focuses on the clinical application of nursing knowledge from NURS 306 to the care of children and their families in various clinical settings.
Prereq: Completion of sophomore-level nursing courses, MICR 388. Coreq: NURS 306, NURS 308.

NURS 308 A Theoretical Basis for Nursing Care of Childbearing Families, Childrearing Families, and Groups. 1 hr
Focuses on students gaining an understanding of theories both in nursing and related disciplines in family, groups, and the impact of stress and illness for this population.
Prereq: Completion of sophomore-level nursing courses or departmental permissions.

NURS 310 Concepts of Professional Practice. 2 hrs
Explores the use of critical thinking and the concepts upon which professional nursing is based. Various nursing theories are introduced and applied to the concepts of the individual, family, groups, and community. Lecture: Two hours per week.
RN/BSN students may register for this course prior to admission to the program.

NURS 330 Adult Health Nursing I. 2 hrs
Focuses on caring for adult clients within families with predictable medical-surgical problems, both acute and chronic. The goal of the course is to provide a strong foundation of principles for the adult-health nursing care of clients from diverse populations with medical-surgical problems across the health care setting. Students will focus on the predictable phases of disharmony as well as concepts including cancer nursing, fluids and electrolytes, grieving, teaching/learning, stress and coping.
Prereq: Completion of sophomore-level nursing courses, NURS 308, and MICR 328. Coreq: NURS 331.

NURS 331 Adult Health Nursing I Laboratory. 3 hrs
Clinical application of nursing knowledge from NURS 330 to the care of adult clients in a variety of health care settings.
Prereq: Completion of sophomore-level nursing courses. Coreq: NURS 308 and NURS 330.

NURS 340 Community Mental Health Nursing. 1 hrs
This course is designed to provide the conceptual basis for professional nursing practice regarding states of disorganization and reorganization in the psychiatric/mental health care of individuals, families and groups in the community.
NURS 341 Community Mental Health Nursing  3 hrs
This course is designed to fulfill clinical nursing requirements in community mental health nursing. Both the on-campus lab activities and the onsite clinical patient contacts offer direct experiences with diverse populations across the life span. Clinical placements are available in a variety of mental health settings located in the community.
Prereq: NURS 270, NURS 310, NURS 220, EDPS 325
Coreq: NURS 340.

NURS 350 Psychiatric/Mental Health Nursing.  2 hrs
Designed to fulfill theory requirements in psychiatric/mental health nursing. Classroom content will cover the care of adults, children, and adolescents experiencing states of disharmony and reorganization.
Prereq: Completion of sophomore-level nursing courses.
Coreq: NURS 308.

NURS 351 Psychiatric/Mental Health Nursing Laboratory.  3 hrs
Designed to fulfill clinical nursing requirements in psychiatric/mental health nursing. Clinical practice will offer direct experiences with diverse groups of children, adolescents, and adults in states of disharmony and reorganization through placements in a variety of psychiatric/mental health clinical settings.
Prereq: Completion of sophomore-level nursing courses.
Coreq: NURS 308.

NURS 372 Nursing Research.  2 hrs
Analyzes existing research, and examines the potential for utilization of existing research to nursing practice. Theoretical nursing frameworks will be explored for their relevance to research and practice.
Prereq: Completion of sophomore-level nursing courses and departmental permission.

NURS 377/378/379 Special Topics.  1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than one provided different topics are studied.
Prereq: Department permission.

NURS 404 Adult Health Nursing II.  2 hrs
Includes the primary, secondary, and tertiary levels of prevention for the adult client with multiple complex alterations in health status. Students will provide for continuity of care across health settings. Students will focus on acute and chronic phases of disharmony as well as concepts including stress and coping, grieving, and teaching/learning that relate to reorganization.
Prereq: Completion of junior-level nursing courses. Coreq: NURS 405.

NURS 405 Adult Health Nursing II Laboratory.  3 hrs
Clinical application of nursing knowledge from NURS 404 to the care of adult clients in a variety of health care settings.
Prereq: Completion of junior-level nursing courses. Coreq: NURS 404.

NURS 420 The Evolution of Professional Nursing.  2 hrs
Explores the historical development of the nursing profession and current issues and trends affecting nursing and health care.
Prereq: Completion of junior-level nursing courses or departmental permission.

NURS 450 Health Care of Vulnerable Populations.  2 hrs
Examines the health care needs of vulnerable populations.
Prereq: Completion of junior-level nursing courses. or departmental permission

NURS 451 Community Health Nursing Practice.  3 hrs
The clinical course for community health nursing provides students with opportunities to apply community health nursing concepts with clients with individuals, families, and aggregates. Care will be provided at all levels of prevention to persons across the life span. Care to individuals and families will be analyzed from a community or aggregate perspective.
Prereq: Completion of junior-level nursing courses. Coreq: NURS 450.
NURS 460 Nursing Leadership and Management. 2 hrs
Students will learn and apply leadership and management concepts and theories to patient care. The health care system as well as the internal and external influences on this system will be studied.
Prereq: Completion of junior-level nursing courses.

NURS 477/478/479 Special Topics. 1/2/3 hrs
Experimental courses or special topics in nursing may be offered (to be announced).
Prereq: Department permission.

NURS 497/498/499 Independent Study. 1/2/3 hrs
A student may work with a faculty member independently to pursue a topic of interest to the student. Independent study is a student initiated project.
Prereq: Department permission.
SOCIAL WORK

Donald M. Loppnow
Department Head
411 King Hall
487-0393

Professors: Kaaren Brown, Don Ifill, Elvia Krajewski-Jaime, Linda F. Kurtz, Ronald Lewis, Donald M. Loppnow, Harrison Y. Smith, Marjorie Ziefert
Associate Professors: Laura Davis, Enos Massie, Crystal Mills, George Mink, Lynn Nybell, Sylvia Sims Gray
Assistant Professors: Elizabeth Kaufman, Elizabeth Schuster, Marilyn Wedenoja

The Social Work program offers students a generalist foundation of knowledge, values, and skills integral to entry level professional social work careers. It includes a fully accredited major in social work.

The department supports two student organizations, the Student Social Work Organization and a student chapter of the National Association of Black Social Workers. Members of the student organizations sponsor social activities and community service projects, serve on faculty committees and sponsor an annual student conference. All social work students are encouraged to be involved in one or both organizations.

Degree: Bachelor of Science or Bachelor of Arts

Programs of Study
Curriculum:
Social work (professional degree)

Minor:
Social work

Honors Program in Social Work
Students with excellent academic records who are majoring in social work may apply to pursue the honors program in social work. Before pursuing the Social Work Honors Program, students must be admitted to and in good standing in the University Honors Program. The Social Work Honors Program consists of taking 12 credits of honors course work in social work. For more information, contact either the Social Work Honors Program adviser or the University Honors Program.

Advising
Advising responsibilities will be assigned to social work faculty members. Students should contact the Social Work department to set up an advising appointment. In addition:

1. All social work students should obtain a copy of the department's advising handbook titled The Doorway to Undergraduate Social Work Education at EMU. This handbook will be given to the student at the initial session with a social work adviser.
2. Before students enroll in the required 300- and 400-level social work courses, they must meet with a social work faculty adviser to review a variety of issues such as academic performance, class scheduling, and overall progress and development in the program. Since the class cards for the required 300- and 400-level courses are available only in the Social Work department, students must see an adviser and pick up class cards before registering.
3. Faculty advisers are available by appointment for evening advising sessions.

Field Experience
Field experience required is two semesters in field placement in a social agency designated by the social work faculty as a training agency for EMU students. This placement component is executed during the students' senior year, either fall and winter terms or winter and spring-summer terms. Students will be in the field 16 hours per week, Tuesdays and Thursdays, for the semesters in the field placement cycle. Open only to social work majors.

Eligibility for field placement:
1. A 2.3 overall grade point average at the time of entering and during field placement (no probation).
2. At least a "C" in each required social work class.
3. Students must have completed all required social work courses through the 300 level before beginning field placement. In addition, students must have completed EDPS 325 Life Span Human Growth and Development, and PSY 360 Abnormal Psychology prior to field placement.
4. Students must receive a grade of "C" or better in their first semester field placement and practice classes (SWRK 408 Social Work Practice I, and SWRK 488 Field Experience I) to be eligible to continue in the second semester (SWRK 409 Social Work Practice II and SWRK 489 Field Experience II). Students who receive a grade of "E" in either semester of field placement (SWRK 488-489 Field Experience I-II) must obtain special departmental permission to repeat the course.
5. A field placement application must be obtained from the social work office, completed by the student, and
490 EASTERN MICHIGAN UNIVERSITY

returned to the field placement coordinator by the
date set by the field coordinator or by March at the
latest if placement is desired fall/winter and by
October for the following winter/spring/summer
terms. Each student is required to attend an
informational meeting at the announced time in the
semester their field application is due. The field
placement coordinator will arrange all field
placements. Students may not recruit their own field
placement sites.

6. Students must take field placement in consecutive
semesters (i.e. fall and winter or winter and spring/
summer terms). Students enrolling for the first
semester of field placement (SWRK 488 Field
Experience I) must take SWRK 408 Social Work
Practice II concurrently. Students enrolling for the
second term of field placement (SWRK 489 Field
Experience II) must take SWRK 409 Social Work
Practice III concurrently. In addition, students must
take SWRK 405 Analysis and Change of Social
Welfare Policies concurrently during one of the two
semesters of field placement.

7. Transportation: Agencies are located within a 60-
mile radius of EMU. Students will need their own
transportation. In a few cases, car pools can be
arranged with participants sharing expenses.
Students must have appropriate automobile
insurance coverage.

8. Academic credit for life experience and previous
work experience will not be granted in lieu of field
placement.

9. Students in field placement must adhere to
professional standards as set forth in the Code of
Ethics of the National Association of Social Workers.

10. All students should obtain and read a copy of the
department field placement policies.

Accreditation
Accreditation is by the Council on Social Work
Education, the accrediting body for baccalaureate and
master's degree social work curricula. Accreditation re-
fects a standard of high quality that the program meets.
Students who graduate from an accredited undergradu-
ate program may obtain advanced standing in some
graduate schools of social work.

ACADEMIC MAJOR
SOCIAL WORK CURRICULUM

This curriculum leads to the Bachelor of Science
or the Bachelor of Arts degree. Students completing the
curriculum will have met the major and minor require-
ments for graduation; no outside minor is required. Spe-
cific courses required to complete the designated 124
hours leading to a degree in social work are indicated
by an asterisk (*).

Sem hours

Minor in social work ........................................... 20-21
This minor is compatible with the disciplines where the college graduate will be in a helping role with people.

1. Required courses ........................................... 6

SWRK 120 Introduction to Social Work Services and Professional Roles .................. 3
SWRK 222 Social Welfare Policies and Services .................. 3

2. Electives ......................................................... 14-15

Choose 14-15 credits selected from social work courses (SWRK).

SUPPLEMENTAL ELECTIVE PROGRAMS

The family and children's services program (FCSP) is a series of elective courses focusing on providing social work services to families and children. It is intended as supplemental content for students working toward a bachelor's degree in social work and related professions, or as an educational resource available on a continuing education basis for agency staff who wish to enhance their knowledge and skills in social work with families and children. This program is not a major or minor.

In order to complete the FCSP, the student-practitioner must complete SWRK 477 Special Topics: Policies and Issues in Services to Families and select any three additional courses from the following courses, which are a part of the program:

SWRK 419 Family-Centered Practice
SWRK 420 Working with Aging People
SWRK 422 Specialized Services for Families with Children in Placement
SWRK 424 Social Work with Physically and Mentally Handicapped
SWRK 431 Substance Abuse
SWRK 436 Group Work with Children and Families
SWRK 460 The Law and Social Work with the Family
SWRK 465 Social Work, Sex, and the Family
SWRK 470 Supervising Staff and Volunteers

The process of selecting courses should be accomplished in consultation with a faculty adviser. Upon completion of the four courses with at least a 2.5 grade point average in the courses, the student is awarded a certificate recognizing completion of the FCSP. This certificate is not a professional credential but does document completion of focused coursework.

HEALTH CARE SERVICES PROGRAM

The health care services program (HCSP) includes a series of elective courses that focus on the roles of social workers and other health care professionals in providing health care services. It is intended as supplemental content for students working toward bachelor's degrees in social work and related professions and as an educational resource available on a continuing education basis for agency staff who wish to enhance their knowledge and skills in social work and health care. This program is not a major or minor.

The health care services program is built on a group of four courses that are intended to provide students with an understanding of social work practice in a broad spectrum of health care settings. These courses provide both an interdisciplinary focus and an emphasis on health care and the family. In addition, students must complete any one of three options intended to prepare students for social work in medical settings, substance abuse programs or mental health settings. The student practitioner must complete a total of 12 credits distributed as follows:

<table>
<thead>
<tr>
<th>Sem hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Required courses ................................................. 9</td>
</tr>
<tr>
<td>SWRK 419 Family-Centered Practice ......................... 3</td>
</tr>
<tr>
<td>SWRK 438 The Interdisciplinary Health Care Team ................. 1</td>
</tr>
<tr>
<td>SWRK 439 Social Work Practice in Health Care Settings .......... 3</td>

</tr>
<tr>
<td>SWRK 457 Separation, Loss, and Grief .......................... 1</td>
</tr>
<tr>
<td>Substance Abuse Option .............................................</td>
</tr>
</tbody>
</table>

The process of selecting courses that complement and supplement the student's interests should be done in consultation with a faculty adviser. Upon completion of the 12 credits for the HCSP with at least a 2.5 grade point average in the courses, the student is awarded a certificate recognizing completion of the HCSP. This certificate is not a professional credential but does document completion of focused coursework.

Social Work Courses

SWRK 120 Introduction to Social Work Services and Professional Roles. 3 hrs
An overview of the social work profession including its philosophy, values, professional roles, current trends, and models in varied practice arenas as criminal justice, mental health, child and family services, public welfare services, and medical and industrial settings.

SWRK 177/178/179 Special Topics. 1/2/3 hrs
Specialized topics integral to contemporary social work practice. Social work faculty members will select contemporary topics that are unique and different from existing social work courses. Since topics change, a student may take the course more than once. Prereq: SWRK 120.

SWRK 222 Social Welfare Policies and Services. 3 hrs
A survey of welfare institutions and policies in their historical and modern contexts. American social welfare services as related to the economic, political and sociocultural conditions, and prevailing ideologies. Prereq: SWRK 120.

SWRK 251 Self Assessment and Development for Social Work. 1 hr
An experimental course helping students to self-assess their personal preparation for the social profession. Exercises will help students explore their own values, particularly with respect to culture, gender, and sexual orientation. Students will learn about the social work program sequence and requirements. Opportunities will be provided for learning about working in groups, being assertive, and developing skills for educational survival. Coreq: SWRK 254.
SWRK 254 The Social Work Profession and Social Service Policies. 4 hrs
This course is an overview of the development of the social work profession, its distinguishing features, including social work values and ethics, and the historical development of social welfare policies and programs. In addition, students will learn about social work roles and settings. This course is designed for students who intend to be social work majors. This course must be taken concurrently with SWRK 251. It is not open to students who have already completed SWRK 120 and/or SWRK 222.

SWRK 277/278/279 Special Topics. 1/2/3 hrs
Specialized topics integral to contemporary social work practice. Social work faculty members will select contemporary topics that are unique and different from existing social work courses. Since topics change, a student may take the course more than once.
Prereq: Department permission.

SWRK 287 Cooperative Education. 3 hrs
Employment for pay in a work setting chosen to provide practical experience related to social work. The cooperative education sequence is alternated with full-time attendance at the University. Students who wish to substitute a cooperative education course for the practicum component of SWRK 388 must enroll in SWRK 388 concurrently with one of the cooperative courses. Cooperative education does not substitute for the field placement courses required of all social work majors.
Prereq: SWRK 120, sophomore standing, approval of the cooperative education office, and department permission.

SWRK 315 Theoretical Bases for Social Work Practice. 3 hrs
Integrating, supplementing, and translating into social work practice students’ knowledge of human beings and their social environments. The purposes for which the social work professional intends to use the knowledge and the values that form the base of professional practice.
Prereq: SWRK 120, SWRK 222, PSY 101, SOCL 105, and EDPS 325; or department permission. ANTH 135 and PSY 360 recommended.

SWRK 317 Social Work Practice I. 3 hrs
The first course in a sequence of social work practice, designed to prepare the student for field experience. Relationship building, information gathering and preliminary assessment, and contracting. Must be taken concurrently with SWRK 388.
Prereq: SWRK 120, SWRK 222, and SWRK 315. Nonsocial work majors must have department permission.

SWRK 360 Practice Issues with People of Color. 3 hrs
Examines social work methodology and techniques in the development and delivery of social work services to people of color. Focuses on expanding the range of perception, thought, and practice skills relative to race and culture. Personal values toward racial and cultural variation are examined in the context of social work values and practice.

SWRK 377/378/379 Special Topics. 1/2/3 hrs
Specialized topics integral to contemporary social work practice. Social work faculty members will select contemporary topics that are unique and different from existing social work courses. Since topics change, a student may take the course more than once.
Prereq: Department permission.

SWRK 387 Cooperative Education. 3 hrs
Employment for pay in a work setting chosen to provide practical experience related to social work. The cooperative education sequence is alternated with full-time attendance at the University. Students who wish to substitute a cooperative education course for the practicum component of SWRK 388 must enroll in SWRK 388 concurrently with one of the cooperative courses. Cooperative education does not substitute for the field placement courses required of all social work majors.
Prereq: SWRK 120, sophomore standing, approval of the cooperative education office, and department permission.

SWRK 388 Preprofessional Practicum. 3 hrs
The student is assigned to a human services agency or organization for the semester for four hours weekly. The agency, in agreement with the faculty instructor, provides social work learning experiences and social work supervision. A two-hour weekly seminar relates practicum experience to theoretical knowledge. For students majoring in social work, students minoring in social work, and students pursuing related disciplines such as gerontology and criminal justice, who are interested in an introduction to practical aspects. Social work majors must take concurrently with SWRK 317.
Prereq: Nonsocial work majors must have junior standing, SWRK 120, and department permission.
SWRK 403 Practice Issues with Women. 3 hrs
Builds upon and integrates various theoretical frameworks to provide a basis for social work practice with women. An important theme in the course is the exploration of personal attitudes and beliefs as they affect social work practice with women. 
Prereq: SOCL 344 or PSY 242, or department permission.

SWRK 405 Analysis and Change of Social Welfare Policies. 3 hrs
Current social policy and its intended and unintended effects on client populations. Policy analysis and strategies and methods for policy change. Social work majors must enroll concurrently in SWRK 408 and SWRK 488. 
Prereq: SWRK 130, SWRK 222, and either PLSC 112 or PLSC 202.

SWRK 408 Social Work Practice II. 3 hrs
The generalist conceptual framework for social work practice. Practice values, models of assessment, and phases of planned sequential change. Must be taken concurrently with SWRK 406 and SWRK 488. 
Prereq: SWRK 317, SWRK 360, and SWRK 388.

SWRK 409 Social Work Practice III. 3 hrs
A continuation of SWRK 408; examines in more depth a variety of social work practice models, interventive strategies, methods, roles, and skills. Must be taken concurrently with SWRK 489 Field Experience II. 
Prereq: SWRK 405 and SWRK 408.

SWRK 413 Women and Aging. 3 hrs
Designed to provide social work, women's studies, and gerontology students with the skills and sensitivity to understand the issues, needs, and positive attributes of women as they grow older. Students will examine the lives of women in special groups, such as older minority women, caregivers, widows, and institutionalized elderly women. Students will learn skills to provide effective services to older women in a variety of human service settings. 
Prereq: Junior/senior or graduate standing.

SWRK 419 Family-Centered Practice. 3 hrs
A foundation course for the family and children's services program and an elective for students interested in social work with families. The family as a social/psychological system that meets the needs of both children and adults. Practice knowledge and skill in delivering services and developing resources for families at risk. 
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 420 Working with Aging People. 3 hrs
The role of social worker with aged people. The delivery of social services to the aged with a focus on practice approaches and techniques unique to various social service settings. 
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 422 Specialized Services for Families with Children in Placement. 3 hrs
Practice knowledge and skills for working with families where out-of-home placement of children has become necessary. Issues of identity, ethnicity, and continuity in child welfare. The social worker's role in planning for permanence and working in a team approach with foster parents and other substitute care providers. 
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 424 Social Work with Physically and Mentally Handicapped. 3 hrs
The impact of intellectual, emotional, and/or physical handicapping conditions upon the individual, the family, and the community, including public attitudes, policies, and programs. Social work practice knowledge, values, and skills in the planning and delivery of preventive and supportive services. 
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 431 Substance Abuse. 3 hrs
Current approaches to the prevention and treatment of drug and alcohol abuse. Consideration of the physiological, psychological, and social impact of substance abuse on the individual, the family, and the community. The role of the social worker in prevention and treatment. 
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 435 Group Work with Children and Families. 3 hrs
Social group work theory and practice as a relevant way to work with children and families. Group process as it occurs in natural groups and the effect of this process on individual behavior. Techniques that can be built into the group to effect client change. 
Prereq: SWRK 120, SWRK 222, or department permission.
SWRK 438 The Interdisciplinary Health Care Team.  
1 hr  
The purpose and function of interdisciplinary teams in health care settings and the roles and collaboration of health care professionals such as doctors, dietitians, health administrators, nurses, psychologists, physical therapists, occupational therapists, and social workers. Instruction by an interdisciplinary team.  
Prereq: SWRK 120 and SWRK 222 or department permission. No prerequisites for nonsocial work students who are majoring in health disciplines and who have at least junior standing.

SWRK 439 Social Work Practice in Health Care Settings.  
3 hrs  
Social work roles and practice in health care settings with primary emphasis on their application in medical settings. The social work roles and practice intervention strategies in mental health settings and substance abuse services settings.  
Prereq: SWRK 120 and SWRK 222 and Services or department permission.

SWRK 440 Issues in Mental Health Practice.  
3 hrs  
Issues in mental health practice with emphasis on deinstitutionalization, community mental health, and the role of the entry-level social worker.  
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 457 Separation, Loss, and Grief.  
1 hr  
Separation, loss, and grief as integral aspects of the human experience. Practice issues and applications addressing the impact of loss, separation, and grief on client and societal systems.  
Prereq: SWRK 120 and SWRK 222, or department permission.

SWRK 460 The Law and Social Work with the Family.  
3 hrs  
Social workers and lawyers frequently find themselves working together dealing with issues and problems involving individuals and families, such as in cases of divorce, child abuse and neglect, child custody, delinquency, and mental health. Legal and social work perspectives in terms of client rights, needs, and professional goals. Social work practice in the family court arena.  
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 463 Social Work Practice with Legal Offenders.  
3 hrs  
Professional roles and appropriate practice skills utilized by social workers and allied professionals in working with legal offenders.  
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 465 Social Work, Sex, and the Family.  
3 hrs  
Impact of sexual behavior and issues of sexuality on family relationships and the development of children. A broad view of human sexuality focusing on assessment and social work intervention in situations in which sexual issues are significant, including incest, adolescent sexual relationships, sexual preferences, birth control, venereal disease, and sexual functioning.  
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 467 Crisis Intervention.  
2 hrs  
Systems in crisis including different types of crises, indications of a system in crisis and crisis intervention strategies.  
Prereq: SWRK 120 and SWRK 222, or department permission.

SWRK 470 Supervising Staff and Volunteers.  
3 hrs  
Models of supervision and the roles of the social services supervisor. The basic knowledge, skills, and values required for effective supervision of bachelor's degree level staff, paraprofessional staff, and volunteers within family and children's services agencies.  
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 477/478/479 Special Topics.  
1/2/3 hrs  
Specialized topics integral to contemporary social work practice. Social work faculty members will select contemporary topics that are unique and different from existing social work courses. Since topics change, a student may take the course more than once.  
Prereq: SWRK 120, SWRK 222, or department permission.

SWRK 488 Field Experience I.  
6 hrs  
Field experience designed to meet the learning needs of students and the standards of professional social work education. Professional standards are fixed; however, learning needs of students may vary. The field placement agency, in consultation with the Social Work department, provides learning experiences and supervision at the senior level. Open only to social work majors with senior standing and an overall GPA of 2.3 or better in social work courses. Student may not be on academic probation. Must be taken concurrently with SWRK 405 and SWRK 408.  
Prereq: SWRK 315, SWRK 317, SWRK 360, SWRK 388, and department permission.
SWRK 489 Field Experience II.  
6 hrs
A continuation of SWRK 488. A student must receive a "C" or better in SWRK 488, have an overall GPA of 2.3 or better in social work courses, and not be on academic probation. Open to majors only. Must be taken concurrently with SWRK 409.

SWRK 490 Senior Thesis Seminar.  
3 hrs
This is the capstone course for students completing the honors program in social work. A senior thesis or project is completed in consultation with the faculty member. 
Prereq: Senior standing, social work major, and course work on statistics and research methodology.

SWRK 497/498/499 Independent Study.  
1/2/3 hrs
Directed study in areas not provided in other course offerings or advanced study in areas of special interest to the student.
Prereq: Department permission.

GERONTOLOGY

Elizabeth Schuster
Coordinator
416 King Hall
487-2465

Lecturer: Anne Robinson

The gerontology minor is administered by the Social Work department in the College of Health and Human Services through an Interdisciplinary Coordinating Committee composed of faculty who are actively involved in the gerontology field. The 20-semester-hour interdisciplinary minor is available to students who are majors in any department or college of the University. It may serve as a core of study for graduate or undergraduate students who wish to supplement their studies with a detailed knowledge of gerontology or who contemplate entering graduate master's or doctoral programs in gerontology. The minor should be of particular interest to students preparing for work in the physical and mental health service careers, to those working in institutions or nursing facilities for the elderly, for community organization and social service workers, and for educators.

Advising is arranged through the program coordinator.

ACADEMIC MINOR
GERONTOLOGY MINOR

Sem hours

Minor in gerontology ............................................ 20
1. Required courses ........................................ 13-14
   BIOL 239 Biology of Aging .............................. 2
   SOCL 311 Social Gerontology ........................... 3
   PSY 323 Psychology of Human Aging ................. 3
   SWRK 420 Working with Aging People ............... 3
   GERT 488/489 Gerontology Practicum ............. 2-3
Note: Students who are required to complete a practicum in a setting serving older people as a part of their major may request that this experience fulfill the practicum component of GERT 488/489.

2. Electives .................................................... 6-7
Students are required to complete elective requirements by choosing courses from the following three content areas:
Psychosocial and environmental aspects of aging
EDPS 325 Life Span Human Growth and Development (4)
EDPS 402 Learning in the Later Years (3)
OCTH 403 Conditions II (3)
PSY 551 Psychology of Death and Dying (2)

Biological and health aspects of aging
IDE 111 Human Factors and Special Needs (3)
DTC 201 Nutrition Perspectives or DTC 202 Principles of Human Nutrition (3)
IDE 269 Housing for Consumers (3)
RECR 310 Leisure and the Older Adult (3)
NURS 360 Gerontological Nursing (2)
DTC 412 Nutrition of the Life Cycle (3)
PHED 479 Special Topics: Health and Aging (3)

Policies and services for the aging
HLAD 300 Health Care Issues (2)
HLAD 310 Administration of Health Care Organizations (3)
ECON 327 Inequality and Economic Justice (3)
SWRK 413 Women and Aging (3)
SWRK 424 Social Work with Physically and Mentally Handicapped (3)
SWRK 457 Separation, Loss, and Grief (1)
GERT 417 Work and Retirement (2)
GERT 518 Issues in Caring for People with Alzheimer's Disease (3)

Gerontology Courses
GERT 177/178/179 Special Topics. 1/2/3 hrs
Specialized topics integral to the field of gerontology. Gerontology faculty members will select contemporary topics that are unique and different from existing courses. Since topics change, a student may elect to take the course more than once.
Prereq: Department permission.

GERT 277/278/279 Special Topics. 1/2/3 hrs
Specialized topics integral to the field of gerontology. Gerontology faculty members will select contemporary topics that are unique and different from existing courses. Since topics change, a student may elect to take the course more than once.
Prereq: Department permission.

GERT 377/378/379 Special Topics. 1/2/3 hrs
Specialized topics integral to the field of gerontology. Gerontology faculty members will select contemporary topics that are unique and different from existing courses. Since topics change, a student may elect to take the course more than once.
Prereq: Department permission.

GERT 404 Gerontology Interdisciplinary Seminar. 3 hrs
Prereq: Senior standing, completion of two courses in the gerontology minor or equivalent.

GERT 417 Work and Retirement. 2 hrs
Issues on the historical aspect of retirement, the realities of retirement, the necessity of preparing individuals for this significant part of their lifespan, and work past the age of 65.
Prereq: Junior/senior or graduate student.

GERT 477/478/479 Special Topics. 1/2/3 hrs
Content will change from semester to semester. An experimental course for subject matter not yet provided in other program offerings. Students may elect this course more than once as long as different topics are covered.
Prereq: Department permission.

GERT 488/489 Gerontology Practicum. 2/3 hrs
Integration of knowledge and skills gained from other gerontology courses and life experiences. Insights on aging available from the humanities disciplines.
Prereq: Senior standing, completion of two courses in the gerontology minor or advising coordinator's permission.

GERT 497/498/499 Independent Study. 1/2/3 hrs
Directed study in areas not provided in other course offerings or advanced study in areas of special interest to the student.
Prereq: Department permission.
COLLEGE OF TECHNOLOGY

THOMAS K. HARDEN, DEAN
VICTORIA L. GOTTI, ADMINISTRATIVE ASSOCIATE
150 SILL HALL
487-0354

DEPARTMENTS

BUSINESS AND TECHNOLOGY EDUCATION
INDUSTRIAL TECHNOLOGY
INTERDISCIPLINARY TECHNOLOGY
MILITARY SCIENCE
The College of Technology seeks to meet the existing and emerging personnel needs of business, industry, and education. Critical to its formation in 1980 was information gathered from 575 industries in Michigan that indicated a significant need for trained technologists in a wide variety of industrial positions.

To meet these needs, four-year baccalaureate programs and graduate programs have been designed to provide a solid foundation in mathematics, science, technology, management, and human relations. Program content is practical and applied with many opportunities for laboratory and cooperative work experiences. Graduates are trained for technological management positions in production, research, and marketing for business and industry.

Business and industry teaching and industrial training personnel programs, which have existed at EMU for a considerable length of time, were combined to form this college. Also included within the college is the University's long-standing military science program, which provides training for and entry into the active Army, Army Reserve, or National Guard as a commissioned officer.

The college currently is comprised of the departments of Business and Technology Education, Industrial Technology, Interdisciplinary Technology, and Military Science. Inherent in the interdisciplinary program is the use of existing courses and personnel throughout the University.

Shared with the College of Arts and Sciences are two preparatory programs: prearchitecture and preengineering. The Industrial Technology department provides advising coordination for these programs.

Degrees offered by the college are the Bachelor of Science degree and the Bachelor of Business Education degree, described under the Business and Technology Education department.
BUSINESS AND TECHNOLOGY EDUCATION

Earl C. Meyer
Interim Department Head
14 Sill Hall
487-4330

Associate Professors: James L. Barnes, Thomas L. McDole, Herbert H. Wilson
Assistant Professors: John R. Cordani, Konnie Kustron, David W. Leapard, Darcelle D. White

The Business and Technology Education department offers the following degree programs:

Degree:
Bachelor of Business Education
Business education curriculum
Majors:
Business services and technology education for secondary education
Marketing education for secondary education
Degree:
Bachelor of Business Education
Technology education curriculum
Majors:
Industrial-vocational education for secondary education
Technology education for secondary education
Minor:
Technology education for elementary and special education-elementary

Degree:
Bachelor of Science
Office technology curriculum
Majors:
Administrative management
Legal assistant
Office automation
Minor:
Office technology

Advising Coordinators:
Administrative management: Darcelle D. White
Business services and technology education: Ann M. Remp
Legal assistants: Alice W. Callum, Konnie G. Kustron
Marketing education: Earl C. Meyer
Office automation: John R. Cordani
Office technology minor: John R. Cordani

Technology education/industrial-vocational education:
Gerald L. Jennings
Technology education minor: Lewis D. Kieft

Graduate study leads to the Master of Business Education degree and the Master of Arts degree in Industrial Education. For a description of the graduate program and courses, consult the Graduate Catalog.

ACADEMIC MAJORS

OFFICE TECHNOLOGY CURRICULUM

The Bachelor of Science degree is designed for individuals preparing for administrative management, legal assistant (paralegal profession), and office automation careers. Individuals who complete this professional curriculum should find many career opportunities open to them.

Students should follow the basic studies guidelines in the catalog under which they entered the University. Students following the new basic studies must include a course in cross cultural or international studies within the basic studies. Please follow general guidelines except for specific requirements as noted below.

Students without appropriate background or prerequisites which are identified for courses in the majors are responsible to take those prerequisites. Transfer students should see the program adviser in their major to determine where transfer credit will be used on the major.

OFFICE TECHNOLOGY/ADMINISTRATIVE MANAGEMENT MAJOR

The administrative management major focuses on the technical and management skills, concepts, and principles needed to assume responsibility for executive office administration. Administrative managers are vital members of executive teams and assume supervisory, organizational, and communicative roles in the coordination of administrative services.

The legal assistant major focuses on the skills necessary for an individual to assist the attorney, under the supervision and direction of the attorney, and with the understanding that the practice of law by lay persons is strictly prohibited. Skills include proficiency in legal research and analysis, drafting legal instruments and pleadings, interviewing clients and witnesses, doing discovery, preparing for trial, and using computer-assisted research tools. Employment opportunities are excellent in law firms, corporations, banks, human resources, hospitals, state and federal government, and court systems. This major offers professional training and lays a foundation for a career in the legal field. It also qualifies as a pre-law major. This program is accredited by the American Bar Association.

For students who have earned a prior degree, the Legal Assistant major can be pursued through a second bachelor's degree.
### Office Technology/Office Automation Major

The major in office automation was created to meet the changing demands of the automated office. The program is designed to prepare individuals for positions in local area network administration, microcomputer and office systems administration, client liaison and training, customer support, and information center positions.

TEACHING MAJORS
Business Education Curriculum

The Bachelor of Business Education degree is designed for individuals preparing for careers as junior high school business teachers, high school teachers of marketing or business services and technology education, or other positions requiring teacher certification. Students completing the professional program will find teaching and nonteaching careers in business open to them.

Business Services and Technology Education

Secondary Teacher Certification

The Business Services and Technology Education major leads to a Michigan Department of Education Secondary Provisional Certificate and, upon meeting the requirements according to the current Michigan State Plan, a vocational endorsement. The program prepares prospective teachers in the areas of information processing and management, administrative services, accounting and computing, and basic business such as economics, consumer economics, business law, business management, computer literacy, and introduction to business.

This major can be completed only in conjunction with the Bachelor of Business Education curriculum. Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in business education, certification code “GX,” and, with appropriate work experience, certification code “VB.” The certification test covering this field is #32, “Business Education.”

EDUC 492 Student Teaching (12)

Credit hours in Professional Studies: 39

Total credit hours required: 132

*Satisfy 6 additional hours in major to bring major requirements to 50 hours.

*Prerequisite for another course in program.

At least one approved course in cross-cultural or international studies must be completed in the process of meeting the Base Studies requirements of the foregoing Areas I-IV. Approved courses are designated with an asterisk (*).

Technology Education Curriculum

The Technology Education curriculum prepares teachers of technology education for the middle and senior high school, and teachers of industrial-vocational subjects for the senior high school and community college. It offers a broad-based description of modern industry and technology, and the opportunity to acquire specialized competencies in a number of technical areas.
INDUSTRIAL-VOCATIONAL EDUCATION
SECONDARY TEACHER CERTIFICATION

The Industrial-Vocational major is designed to prepare teachers of industrial-vocational subjects for senior high school and community college vocational education programs. Graduates who complete this major and have a minimum of two years work experience in a certifiable occupational area will qualify for the Temporary Vocational Authorization to teach in a specific occupational area. Options for cooperative work experience studies are available to the student as partial credit toward the occupational requirement.

This major must be completed in conjunction with the Industrial Education curriculum. This major qualifies individuals to teach only in selected occupational areas. The Temporary Vocational Authorization is valid for six years. By that time, individuals must have completed additional requirements to qualify for the Occupational Education certificate.

This major provides favorable opportunities for community college transfer students who have completed a technical major at the community college and who wish to teach in a specific occupational subject area in the senior high school or community college. Individuals currently teaching in an industrial-vocational subject area under the Annual Vocational Authorization would also find this major to be a desirable option.

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Professional Certificate endorsed in vocational trades, certification code "VT." The certification test covering this field is an occupational area test.

Technology Education
Secondary Teacher Certification
The technology education major is designed to prepare teachers of technology education for grades K-12. All graduates with this major qualify for a Michigan Department of Education Secondary Provisional Certificate with an endorsement in industrial arts. Graduates may qualify for vocational endorsement (Temporary Vocational Authorization) by completing two years of occupational experience in employment related to the area of study. Options for cooperative work experience are available to students as partial credit toward that occupational requirement.

This major must be completed in conjunction with the Technology Education curriculum. Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in industrial arts, certification code “IX.” The certification test covering this field is #38, “Industrial Arts.”

TEACHING MINOR

TECHNOLOGY EDUCATION

ELEMENTARY AND SPECIAL EDUCATION-
ELEMENTARY TEACHER CERTIFICATION

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in industrial arts, certification code "IX." The certification test covering this field is #38, "Industrial Arts."

One of:

*INED 253 Technology Education for Children (3)
and INED 364 Experiences in Technology for Children (2)
*INED 252 Prevocational/Vocational Special Needs Program (4)

11-12 credits from:
INED 103 Structures and Design in Technology (3)
INED 106 Processing Technology (3)
INED 114 Information and Control Technology (3)
INED 118 Energy Technology (3)
INED 152 Arts and Crafts (3)
INED 250 Foundations of Technology and Industrial-Vocational Education (3)
INED 355 Seminar in Technology for the Elementary School (2)

Additional credits from:
INTD 121 Graphic Communication (3)
INTD 204 Photographic Communication (3)
INED 350 Curriculum in Technology and Industrial-Vocational Education (3)
INED 452 Principles of Vocational-Technical Education (3)
INED 497 Independent Study (1)

Hours from the requirements above must total at least 24. 21 hours for elementary program; 20 hours for special education programs.

*Satisfied in professional studies in elementary program.
*Satisfied in professional studies in special education programs.

BUSINESS EDUCATION COURSES

BEDU 100 Contemporary Business. 3 hrs

BEDU 119 Keyboarding for Computers. 2 hrs
Basic touch keyboarding skills for persons who plan to work with modern information processors, all of which utilize a basic alphabet/figure keyboard and/or a 10-key numeric pad. Lab fee required. For nonmajors.

BEDU 122 Keyboarding for Office Technology. 2 hrs
Basic techniques and manipulative skills for efficient machine operation. Speed and control emphasized. Introduction to applications through centering, tabulating, and structuring keyboarded material for various purposes. Lab fee required.

BEDU 123 Word Processing/Keyboarding Applications. 2 hrs
Continued skill development. Application of skill to keyboarding special communication forms, letters, manuscripts and tabulated reports. Improved form and punctuation. Lab fee required. Prereq: BEDU 119 or BEDU 122 or one year of high school word processing or keyboarding. No credit is given to students who have received credit for two years of high school word processing.

BEDU 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

BEDU 200 Principles of Marketing and Office Education. 3 hrs
An introduction to marketing and office education. The scope and importance of vocational education with emphasis on marketing and office education. Prerequisite teaching experience will be initiated in conjunction with this course.

BEDU 201 Microcomputers for Business Applications. 3 hrs
Computer hardware and software for office use including both mainframe and microcomputer systems. "Hands-on" experience limited to microcomputers. Basic skills in using prepared software and developing programs for office applications using Microsoft BASIC. Requires no prior knowledge of computers or programming. Lab fee required.

BEDU 205 Women in Business. 3 hrs
Social and business conditions that support the entry of women to executive positions in business; career opportunities at the professional and executive levels of business.

BEDU 210 Concepts of Word/Information Processing. 3 hrs
The concepts and functions of word processing equipment, procedures, and career opportunities. Applications and the organization of word processing services; the extension of word processing through the use of peripherals.

BEDU 211 Introduction to Paralegalism and Legal Terminology. 3 hrs
An overview of the nature of the legal assistant (paralegal) program, with a look at the roles, opportunities, responsibilities and problems encountered. The student is introduced to areas of the law in which the legal assistant may work. Ethical considerations are addressed and legal terminology will be introduced and emphasized. Must be completed in the first 12 hours of the major.

BEDU 220 Word/Information Processing Operations. 3 hrs
Advanced document applications including merge and list processing, graphics, math operations, and database integration. Keyboarding speed and accuracy is also included, as well as refinement of proofreading and editing skills. Lab fee required. Prereq: BEDU 123 or equivalent and BEDU 201.
BEDU 222 Transcription Applications and Technology. 3 hrs
Using automated office equipment to produce mailable office communications from dictated and other input. Building language arts, keyboarding and word processing skills into transcription skills required for word processing employment. Lab fee required.
Prereq: BEDU 220.

BEDU 224 Computer-based Business Mathematics. 3 hrs
Application of computer-based tools and procedures to the solution of mathematical problems encountered in the business office. Lab fee required.
Prereq: BEDU 201 or department permission.

BEDU 225 Notetaking Skills for Professionals. 2 hrs
Designed to provide skills for successful notetaking for a variety of academic and professional activities, including library and other text-based research; and meetings, interviews, and other audiovisual formats. Develops skill in rapid writing and reading systems along with related study, listening, and basic transcription skills.
Prereq: BEDU 123 or equivalent.

BEDU 250 Personal Finance. 3 hrs
The management of financial resources to satisfy personal or family goals. Budgeting, consumer credit, investments, insurance, real estate, wills and trusts and income taxes. Students learn to make decisions within the context of a realistic consumer-oriented environment. Open to all students.

BEDU 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

BEDU 304 Legal Writing, Research, and Analysis I. 3 hrs
This course is designed to develop basic skills in analyzing legal problems, researching those problems, and searching for legal authority. Students are also introduced to primary and secondary legal resources. Emphasis is given to preparing and writing legal memoranda. Extensive use of library law materials is required.
Prereq: ENGL 121.

BEDU 305 Advanced Legal Writing, Research, and Analysis II. 3 hrs
This course will build upon skills acquired in BEDU 304. Students will be introduced to computerized research sources with a special emphasis on LEXIS and Westlaw. Discussion will also focus on the state appellate process. Students will learn how to prepare an appellate brief and do on-line legal research to complete their brief. Special emphasis will be placed on students improving their legal writing techniques. Lab fee required.
Prereq: BEDU 304, and BEDU 201 or equivalent.

BEDU 308 Personal Injury Law and Litigation. 3 hrs
A study of the law and litigation techniques in personal injury cases. Students will become acquainted with such torts as assault, battery, false imprisonment, defamation and strict product liability. Study will be directed particularly to the fields of negligence and medical malpractice.

BEDU 310 Word/Information Processing Administration. 3 hrs
Techniques to utilize staff and equipment most effectively, record keeping, work flow, evaluating personnel, establishing policies and standards of operation as applied to word processing.
Prereq: BEDU 201, BEDU 210, BEDU 220.

BEDU 311 Probate, Estates, and Wills. 3 hrs
The student will study the Probate Code and probate procedures, descendents' estates, death and inheritance taxes, and other related problems. Special attention will be given to wills and how wills are drafted.

BEDU 313 Family Law. 3 hrs
A basic introduction to the areas of domestic law, including such subjects as divorce, adoption, abortion, parental rights, children's rights, child abuse, neglect and guardianship. The course will be directed toward the legal assistant's role in preparing course documents and other tasks of the paralegal in this area.

BEDU 325 Advanced Notetaking and Transcription for Professionals. 2 hrs
A continuation of BEDU 225 which develops higher speeds in notetaking and transcription skills for employment and professional use. Continues the development of related study and listening skills.
Prereq: BEDU 123 and BEDU 225, or equivalent.
BEDU 344 Administration of Computer Systems. 3 hrs
To provide an introduction to the principles and practices required to operate a computer operating system in the educational or small/medium institution environment. The course will deal with both the operating system in micro- and minicomputer forms as a program and as a complete system. The course will emphasize the daily tasks a small/medium system administrator must accomplish.
Prereq: BEDU 201, BEDU 224, BEDU 396, ENGL 324.

BEDU 364 Methods of Teaching General Business Subjects. 2 hrs
Methods in teaching general business, business law and keyboarding with application to classroom situations. Objectives, lesson planning, techniques of teaching and sources of materials.
Prereq: RDNG 311 and EDPS 322. A 2.5 GPA in all business education subjects taken at EMU is required before enrollment, with no academic probation. To be taken semester before student teaching. Admission to the teacher education program.

BEDU 365 Methods of Teaching Office Education. 2 hrs
Methods of teaching shorthand, office block, bookkeeping, accounting, keyboarding, word processing and cooperative education classes. Objectives, lesson planning, techniques of teaching and sources of materials.
Prereq: EDPS 322 and BEDU 364. A 2.5 GPA in all business education subjects taken at EMU is required before enrollment, with no academic probation.

BEDU 366 Methods of Teaching Marketing Education. 2 hrs
Techniques and practices utilized in teaching marketing and cooperative education in secondary schools, community colleges and adult evening schools.
Prereq: EDPS 322. A 2.5 GPA in all business education subjects taken at EMU is required before enrollment, with no academic probation. Admission to the teacher education program.

BEDU 367 Curriculum in Marketing Education. 2 hrs
Overviews content bases and other factors affecting marketing education curriculum. Includes development of comprehensive curriculum plans for a variety of marketing education settings, utilization of nonclassroom curriculum delivery systems, and implementation of curriculum evaluation and revision procedures. Examines current trends in marketing education curriculum.

BEDU 368 Management of Marketing Education Programs. 2 hrs
Examines the marketing educator roles of DECA advisor, public relations specialist, career counselor, program administrator/supervisor, and professional educator.

BEDU 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

BEDU 386 Records Administration. 3 hrs
Management methodology in records, control, costs, protection, retention, retrieval and disposal. Records administration as a management tool.
Prereq: BEDU 201.

BEDU 411 Civil Litigation, Investigation, and Procedure. 3 hrs
A comprehensive survey of civil litigation and procedure. The student will be introduced to every phase of litigation starting with the filing of the lawsuit through the appellate process. The student will be expected to draw up a complaint and a number of pleadings, as well as drafting interrogatories and digesting depositions. Legal investigation will be addressed.
BEDU 412 Court Rules, Forms, and Legal Drafting.  3 hrs
Study will be made of Michigan Court Rules and court forms commonly used in the Michigan Court system. The student will learn the practical aspects of preparing court forms for a variety of legal actions. Drafting legal documents, such as contracts and papers of incorporation, will be included.

BEDU 414 Advanced Probate, Estates, and Trusts.  3 hrs
This course will build upon the material covered in BEDU 311 Probate, Estates, and Wills. Subject matter will include the Probate Code and probate procedure, federal and state inheritance taxes. Special emphasis will be given to trusts, purposes for them, and the drafting of trusts. 
Prereq: BEDU 311.

BEDU 415 Bankruptcy Law.  3 hrs
A study will be made of the Federal Bankruptcy Code, with emphasis on Chapters 7, 11, and 13. Students will learn how to prepare the necessary papers for filing for bankruptcy.

BEDU 416 Legal Assistant Internship.  3 to 6 hrs
Placement for students will be arranged with law firms, courts, or corporations, etc., for on-the-job training as a legal assistant. Each student will have a supervisor on the job and a faculty supervisor. The latter will consult with students individually or in a group meeting. A written report is required at completion of the internship. Where appropriate criteria are met, Cooperative Education can be substituted for an Internship.
Prereq: Permission of Instructor, BEDU 304, BEDU 305, BEDU 411, BEDU 412.

BEDU 416 Office Systems.  3 hrs
Integration of automated office subsystems such as word processing, graphics, transcription, calendaring, scheduling, accounting, and records management into the office setting. Lab fee required.
Prereq: BEDU 201, BEDU 210, BEDU 220, BEDU 224, BEDU 395.

BEDU 481 Projects and Simulations in Marketing Education.  2 hrs
Projects and simulations methods in marketing education are explored with a major focus on the organization and coordination of the school store. Implementation steps for the entrepreneurship simulation are developed. Small scale simulations and projects are also studied as well as procedures for developing simulations and projects.

BEDU 477/478/479 Special Topics.  1/23 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

BEDU 487 Cooperative Education.  3 hrs
Business education majors will be placed on a job that relates to their primary area of study for one semester. During this period regular employees' benefits may be received. Credit/no credit. Credit applicable to the major in business education only. 
Prereq: BEDU 387.

BEDU 495 Office Automation.  3 hrs
Overview of office automation and its relationship to information, information technology, and the application of information technology to the office. Significant new technologies and systems, how to apply these effectively, how to organize for office automation and how to implement office automation. Lab fee required.
Prereq: BEDU 201, BEDU 210, BEDU 220, BEDU 224, BEDU 395.

BEDU 496 Records Administration Using Database.  3 hrs
Database as a tool of automated search and retrieval. Identifying information needs of users: design and development of records classification structures suitable for automated records systems; searching techniques; generation of reports such as records user listings, master record listings and records retention schedules. Extensive applications using database software. Lab fee required.
Prereq: BEDU 201 and BEDU 396.

BEDU 497/498/499 Independent Study.  1/23 hrs
Students pursue some special area of study or experimentation under the direction of a designated faculty member from the department. 
Prereq: Department permission.

Technology Education Courses

INED 103 Structures and Design in Technology.  3 hrs
The application of design elements, principles, and pro-

UNDERGRADUATE CATALOG
cedures in the development of solutions to structural problems in technology. Considers human and environmental factors in design solutions. Illustration and description of structures, shapes, and forms used in these solutions. Lab fee required.

Pre- or coreq: FA 122.

INED 105 History of Industrial Technology. 3 hrs
An introduction to the history of industrial technology. The development of industry and its impact on the other arts and culture in general. Basic principles of design in industrial and home arts, and the eotechnic, paleotechnic, neotechnic, and atomic periods of technology.

INED 106 Processing Technology. 3 hrs
An introduction to tools, materials, and processes and their application to discrete and integrated systems of technology. Interrelationships between humans and machines will be studied to develop the student's ability to transfer knowledge of processes from one environment to the other. Lab fee required.

Prereq: Course work in high school and/or college chemistry or physics recommended.

INED 114 Information and Control Technology. 3 hrs
Access, manage, and control information and technology through the application of technological systems. Design and construct models, devices and mechanisms that will process information and control technology through the use of machines and humans. Lab fee required.

INED 118 Energy Technology. 3 hrs
Forms, sources and uses of energy for application to technology. Description of past, present, and future systems that transform, transmit, store, control, and utilize energy. Considers energy conservation issues. Laboratory experiences focus on experimenting with energy conversions and measurement. Lab fee required.

INED 122 Arts and Crafts. 3 hrs
Experience in design and use of a wide variety of craft materials. Avocational and recreational use of craft media. Lab fee required.

INED 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

INED 246 Safety in Technology and Industrial-Vocational Education. 2 hrs
Safety, health, and environmental factors and their implications for technology and industrial-vocational educators, students, laboratories, and instructional programs.

INED 250 Foundations of Technology and Industrial-Vocational Education. 3 hrs
An introduction to the foundations and implementation of technology education and industrial-vocational education. Past, present, and future developments in the profession will be studied through lectures, discussion, seminars, micro-teaching, school visitations, and presudent teaching activities.

INED 252 Prevocational/Vocational Special Needs Program. 4 hrs
An examination of the role of special education personnel in providing career awareness, prevocational skill development, and vocational education support activities. Laboratory activities focus on the integration of these concepts on a broad continuum from elementary to secondary school programs. Lectures and field experiences will be used to illustrate a variety of programs and services. Lab fee required.

INED 253 Technology Education for Children. 3 hrs
Content and methods which enable the elementary teacher to assist children in learning about the concepts, processes, systems, and impacts of technology. Individual and group laboratory activities involve applications of technology with other subject areas through problem solving experiences. Lab fee required.

INED 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

INED 350 Curriculum in Technology and Industrial-Vocational Education. 3 hrs
Curriculum bases, the derivation of content, the formulation of objectives, the selection and organization of learning activities, and the selection and development of procedures for evaluating technology and industrial-vocational education students and programs.

Prereq: INED 250.
INED 354 Experiences in Technology for Children.  
2 hrs  
Laboratory experiences in the use of materials, tools, processes, and products of industry as utilized in the elementary and middle school. Emphasis is on individual and group learning situations relevant to integrated curriculum activities.  
Prereq: INED 253. Lab fee required.

INED 355 Seminar in Technology for the Elementary School.  
2 hrs  
Practical experiences in integrating concepts of technology with existing elementary and special education curricula. Students will design, conduct, and evaluate manipulative activities for and with children.  
Prereq: INED 354.

INED 356 Tools and Materials.  
3 hrs  
Experiences in the use of selected tools, machines and materials following contemporary therapeutic practices in occupational therapy and related professions. Lecture: two hours per week. Laboratory: two hours per week. Lab fee required.  
Prereq: Occupational Therapy major or department permission.

INED 377/378/379 Special Topics.  
1/2/3 hrs  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

INED 387 Cooperative Education.  
3 hrs  
Industrial education majors will be placed on a job that relates to their primary area of study for one semester. During this period regular employee benefits may be received. Credit/no credit. Credit applicable to a major in industrial education only.  
Prereq: Department permission.

INED 452 Principles of Vocational-Technical Education.  
3 hrs  
Concepts and principles of vocational-technical education; current issues in vocational education in Michigan.  
Prereq: INED 350 or department permission.

INED 460 Practicum in Technology and Industrial-Vocational Education.  
2 hrs  
Direct involvement in solving teaching/learning problems in technology and industrial-vocational education. Emphasis upon developing appropriate strategies for managing the classroom and laboratory environment. Concurrent with INED 461 and student teaching.  
Prereq: INED 350.

INED 461 The Teaching of Technology and Industrial-Vocational Education.  
2 hrs  
Examines the relationship between principles of effective learning and various methods of instruction in technology and industrial-vocational education. Emphasis upon the preparation of lessons and units of study and the evaluation of instruction. Taken concurrently with INED 460 and student teaching.  
Prereq: INED 350.

INED 477/478/479 Special Topics.  
1/2/3 hrs  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.  
Prereq: Department permission.

INED 487 Cooperative Education.  
3 hrs  
The second in a two-course sequence for industrial education majors. The students will be placed on a job that relates to their primary area of study for one semester. Regular employee benefits may be received. Credit applicable to a major in industrial education only. Credit/no credit.  
Prereq: INED 387 and department permission.

INED 497/498/499 Independent Study.  
1/2/3 hrs  
Available to selected students who have demonstrated ability to profit from a directed study project. Intensive study of a problem appropriate to the student’s area of concentration. Enrollment and selection of a project proposal must be approved by the department adviser-chair.  
Prereq: Department permission.
INDUSTRIAL TECHNOLOGY

Everett N. Israel
Department Head
118 Sill Hall
487-2040

Professors: Daniel J. Fields, Jerald A. Griess, Everett N. Israel, John J. Jellema, Max E. Kanagy, Su-Chen (Jonathan) Lin, Walter W. Tucker, John A. Weeks
Associate Professors: Erik Lokensgard, Fuh-Cwo (Tony) Shiu, Thomas G. Soyster, Pamela K. Speelman, Tracy S. Tillman
Assistant Professors: Robert E. Chapman, Bob ( Behrooz) Lahidji, Alfred C. Roth
Instructors: Lawrence L. Darling, Peter J. Loughney, Philip Rufe, James J. Stein

The Industrial Technology department offers two curricula: construction management with one major and a minor, and manufacturing with two majors and a minor. In addition, two preprofessional programs are shared with the College of Arts and Sciences—prearchitecture and preengineering. Advising for these programs is provided by this department.

Degree: Bachelor of Science

Programs of Study
Construction curriculum
Major:
  Construction management
Minor:
  Construction management
Manufacturing curriculum
Majors:
  Computer-aided design
  Manufacturing
Concentrations:
  Computer-aided manufacturing
  Manufacturing technology
  Plastics
  Manufacturing (transfer)
Preprofessional programs:
  Preengineering
  Prearchitecture

The construction curriculum includes course work in basic studies with specified science and mathematics courses, recommended business course selectives (a list of recommended course electives that require the prior approval of a construction management adviser), and technical courses. A minor is not required.

ACADEMIC MAJORS

CONSTRUCTION CURRICULUM
The construction curriculum includes course work in basic studies with specified science and mathematics courses, recommended business course selectives (a list of recommended course electives that require the prior approval of a construction management adviser), and technical courses. A minor is not required.

CONSTRUCTION MANAGEMENT MAJOR
The construction management major is designed to prepare men and women for middle- and upper-level management in general contracting. The major has been developed in cooperation with experts from the construction industry, guidelines established by major construction associations, and feedback from employers and graduates. The construction management major reflects the current needs and trends in the construction industry.

MANUFACTURING CURRICULUM

The manufacturing curriculum includes course work in basic studies with specified science and mathematics courses, manufacturing core courses, and major courses in computer-aided design (CAD), computer-aided manufacturing (CAM), manufacturing, and plastics technology. A minor is not required.

COMPUTER-AIDED DESIGN MAJOR

Men and women majoring in computer-aided design (CAD) are prepared for a wide range of computer related job opportunities. Graduates are employed in industry as CAD engineers, software development engineers, applications programmers, technical support engineers, systems managers, training consultants, entry-level designers, as well as in equipment sales and support. The applications of computer graphics are becoming more diverse and are found in many areas such as architecture, medicine, mapping, facilities management, and government.

The CAD major includes a core of manufacturing courses designed to provide a well-rounded graduate with hands-on experiences. Engineering graphics courses are included to provide an understanding of the process of producing models on the computer. In the CAD course the students gain knowledge of graphics programming concepts involving interactive 2-D and 3-D
wireframe drawing, hidden surface removal, shaded surfaces, business graphics, animation, interfaces, menu and icon development, database management, and microcomputer applications.

**MANUFACTURING MAJOR**
The manufacturing major consists of four concentrations: computer-aided manufacturing, manufacturing technology, plastics, and manufacturing (transfer). Majors must complete the Basic Studies requirements outlined below plus requirements in one of the concentrations.

The rapid increase in complexity of manufacturing technology and operations has caused the education of most engineers to become increasingly theoretical. This has produced a demand for manufacturing professionals who have applied technical skills. Our graduates, who are educated in applied technologies, help to meet that demand. Students majoring in Manufacturing are prepared for a wide range of professional positions in industry. Graduates are employed as: manufacturing engineers; manufacturing operations managers; computer applications integrators; product, process, and tool designers; and in many other technical and managerial positions.

### Computer-Aided Manufacturing Concentration

The computer-aided manufacturing concentration combines instructional experiences in robotics, control and power systems, and numerical control. The concentration is designed to prepare individuals for supervisory and management positions in automated plants and factories for both today and in the future.

### Manufacturing Technology Concentration

The manufacturing technology concentration includes a core of fundamental manufacturing courses designed to produce a well-rounded graduate with hands-on experience. In advanced courses, students gain knowledge and skills in mechanical and tool design, fluid power systems, quality control, robotics, and control technologies for machines, processes, and manufacturing operations management. A number of our graduates have become certified as Manufacturing Technologists or Manufacturing Engineers by the Society of Manufacturing Engineers.

MANUFACTURING (TRANSFER) CONCENTRATION

The manufacturing transfer concentration is designed to serve those individuals who wish to continue their manufacturing-related community college education and seek a bachelor's degree. It is especially designed to accommodate the needs of students transferring from community colleges with a technical associate's degree. The concentration includes coursework in basic studies, some specified science and mathematics courses, and additional advisor-approved manufacturing-related technical coursework at the upper level.

Major in manufacturing (transfer) ............ 55
  Restricted electives at the 100-400 level .......... 6
  Restricted EMU INTE electives at the 300-400 level ................................ 15
  Maximum of 34 transfer hours of technical courses .. 34
Note: 12 hours from approved technical management courses

Free electives .............................................. 9-10
Total .................................................................. 124

ACADEMIC MINORS

These minors are designed to provide a background in fundamental technical applications for students with majors outside the department who expect to work in industry. Employment opportunities are enhanced for persons with technical coursework.

Elective courses in the minor are selected to relate to the student's major subject area. Academic advising to determine elective course choices is provided by the Industrial Technology department. A maximum of six semester hours may be transferred from outside the department.

PREPROFESSIONAL PROGRAMS

The Industrial Technology department is responsible for coordinating and advising students in two of the University’s preprofessional offerings: prearchitecture and preengineering. Department advisers in these areas maintain contact with universities that offer related four-year programs in order to maximize the value of the transfer program of study at Eastern Michigan University to other universities. Students planning to transfer to four-year programs should not complete EMU’s Basic Studies requirements.

PREENGINEERING PROGRAM

This program is designed for the student who wishes to transfer to an engineering program at another university. Students are strongly advised to consult with the engineering school they plan to transfer to for specific requirements. Courses taken may apply to other majors at Eastern Michigan University if the student chooses to remain on campus to complete a baccalaureate degree.

CONSTRUCTION MANAGEMENT COURSES

CNST 125 Introduction to Construction. 2 hrs
Developing, planning, and scheduling of construction projects. Site development, material usage, specifications, estimating, and managing cost control are included.

CNST 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CNST 201 Construction Systems. 3 hrs
Structural systems, associated nonstructural components, and considerations appropriate to mechanical, electrical, plumbing, and support equipment. Lecture and laboratory course.
Prereq: CNST 125 and CNST 228. For Construction Management majors only.

CNST 206 Surveying. 3 hrs
The fundamental use of the transit and level. Linear measurement, angle measurements, extending straight lines, differential and profile leveling, a simple traverse survey, and the keeping of accurate notes. Lecture and laboratory course.
Prereq: MATH 107.

CNST 213 Construction Safety. 3 hrs
Philosophical, social, economic, and technological bases for safety related to the development of a construction job site safety plan. Emphasis is also placed on the OSHA and MIOSHA construction industry standards.

CNST 228 Construction Drawing. 3 hrs
Basic print reading skills. Symbols, terminology, print organization, and basic material take-off techniques. Sketching and some basic drawing skills required. Lecture and laboratory course.

CNST 229 Analysis of Commercial Prints. 3 hrs
Development of the ability to read and interpret prints. Actual commercial prints and project manuals are used for analysis and material take-off procedures. Preparation of field drawings using graph paper and sketching techniques. Lecture and laboratory course.
Prereq: CNST 228 or department permission.

CNST 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CNST 301 Planning and Scheduling. 3 hrs
The planning process of the construction industry. Various scheduling systems commonly used within the industry.
Prereq: INTE 105 and CNST 201.

CNST 302 Contract Documents, Regulations, and Specifications. 3 hrs
The different types of construction contracts, construction documents and regulations, the role of specifications, and the project manual in the construction process.
Prereq: CNST 201 and LAW 293, or department permission.

CNST 303 Electrical, Mechanical, and Equipment Systems. 3 hrs
This course provides an understanding of mechanical, electrical, plumbing, drain-waste-vent, equipment considerations, and other specialized nonstructural systems found in commercial buildings.
Prereq: CNST 201 and CNST 228.

CNST 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CNST 387 Cooperative Education. 3 hrs
Construction management majors will be placed on a job that relates to their primary area of study for one semester. During this period regular employee benefits may be received. Credit/no credit. Credit applicable to the major in construction management only.
Prereq: Department permission.

CNST 401 Construction Estimating and Bidding. 3 hrs
The principles and procedures for developing estimates, bids, and contracts for residential and commercial construction.
Prereq: CNST 201 and CNST 229.
CNST 402 Construction Materials. 3 hrs
The characteristics, specifications, and applications of basic construction materials such as stone, concrete, wood, glass, plastics, metals, and bituminous products. Lecture and laboratory course.
Prereq: CNST 201.

CNST 403 Production Control. 2 hrs
Methods of control used in the construction industry for production problems involving the estimate, bidding, schedules, cost analysis, cost comparison, scheduling systems, evaluation, and debriefing.
Prereq: CNST 301, CNST 401, and ACC 130.

CNST 406 Construction Law. 2 hrs
Common basic legal problems associated with construction contracting. Current areas of concern and the significant implications are covered.
Prereq: CNST 302 and LAW 293.

CNST 450 Fundamentals of Construction Project Management. 3 hrs
Students combine many previous concepts and skills into a single comprehensive project which includes estimating, scheduling, production control techniques, and documentation procedures. Lecture and laboratory course.
Prereq: CNST 301, CNST 302, CNST 401, and MGMT 384.

CNST 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

CNST 487 Cooperative Education. 3 hrs
The second in a two-course sequence for construction management majors. The students will be placed on a job that relates to their primary area of study for one semester. Regular employee benefits may be received. Graded credit/no credit.
Prereq: CNST 387 and department permission.

CNST 497/498/499 Independent Study. 1/2/3 hrs
Available to selected students who have demonstrated ability to profit from a directed study project. Intensive study of a problem appropriate to the student's area of concentration. Enrollment and selection of a project proposal must be approved by the department adviser and chair.
Prereq: Department permission.

INDUSTRIAL TECHNOLOGY COURSES

INTE 101 Introduction to Industrial Drawing. 3 hrs
An introductory mechanical drawing course emphasizing lettering, measuring, geometric construction, sketching, equipment usage, pictorials, orthographic projection, and dimensioning. This course is intended for students without previous drafting experience. Lecture and laboratory course. This course does not count towards an INTE major.

INTE 103 Introduction to Automation. 3 hrs
An introduction to the technology of discrete parts manufacturing. Topics include the contemporary manufacturing environment, new and emerging technologies, human-machine interfaces, and human resource issues. Course includes field trips.

INTE 105 Computer Applications for Industry. 3 hrs
Provides the theory, general applications, and specific applications of microcomputers. Students are exposed to software packages commonly used for general and specific applications in industry. Lecture and laboratory course.

INTE 106 Industrial Computer Applications for Manufacturing. 3 hrs
This course presents advanced DOS commands and concepts appropriate for microcomputers configured for CAD/CAM and other similar industrial applications. Lecture and laboratory course.
Prereq: A course in computer literacy.

INTE 122 Engineering Graphics I. 3 hrs
A mechanical drawing course emphasizing orthographic projection, pictorial representation, dimensioning, sectional and auxiliary views, computer-aided drafting, mechanical fasteners, and working drawings. Lecture and laboratory course.
Prereq: INTE 101 or one year of high school drafting.
INTE 123 Manufacturing Processes and Methods I. 3 hrs
An introduction and survey of manufacturing processes and materials. Lectures, laboratory, and outside study assignments are an essential part of this course and are related to heat treating, properties of materials, casting, forming, and joining. Lecture and laboratory course.

INTE 124 Manufacturing Processes and Methods II. 3 hrs
An introduction and survey of machines, tools, processes, and materials of industry. Includes conventional and nonconventional machining, theory of metal removal, cutting tool geometry and materials, fixtureing, and measuring devices. Lecture and laboratory course.

Prereq: INTE 123 and MATH 107.

INTE 177/178/179 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.

INTE 200 Industrial Electricity and Controls I. 3 hrs
The application of fundamental concepts and principles of electricity. Topics include direct and alternating current, resistance, reactance, basic electrical machines, and controls. The use of meters and test equipment is emphasized. Lecture and laboratory course.

Prereq: One and one-half years of high school algebra and trigonometry.

INTE 202 Plastics. 3 hrs
A study of the plastics industry: material properties and identification, processing techniques, and application of design to product manufacture. Lecture and laboratory course.

Prereq: INTE 123.

INTE 203 Industrial Operation. 3 hrs
A survey course in the practices of manufacturing organizations. Units include careers, regulatory agencies, facilities management, group technology, problem solving, and quality decision-making.

Prereq: INTE 123.

INTE 215 Machine Tool Metalworking. 3 hrs
Machine tools and metalworking processes including turning, drilling, shaping, milling, and grinding. Principles of tooling, precision measurement, identification of metals. Lecture and laboratory course.

INTE 218 Industrial Electricity and Controls II. 3 hrs
The student of electrical principles related to power and control. Course content includes motors, instrumentation, and programmable logic controls. Lecture and laboratory course.

Prereq: INTE 200.

INTE 219 Techniques of Energy Control. 3 hrs
An introduction to the use of tools, materials, machines, equipments, supplies, and mechanisms utilized in power mechanics for energy control. Lecture and laboratory course.

INTE 223 Engineering Graphics II. 3 hrs
Engineering Graphics II is an advanced drawing course designed as a continuation of Engineering Graphics I. Units of instruction include fit classifications, geometric dimensioning and tolerancing, gears, cams, revolution, intersection, and development. Lecture and laboratory course.

Prereq: MATH 107 and INTE 122.

INTE 231 Industrial Computer Graphics. 3 hrs
A series of computer graphics programs illustrate graphics algorithms and terminology. Students write similar FORTRAN programs on graphics terminals using PLOT-10 subroutines. Topics include graphics, multiview drawings, rotations, databases, plotting and display techniques, and interactive programming. Lecture and laboratory course.

Prereq: MATH 107 and COSC 137.

INTE 240 Science, Technology, and People. 3 hrs
This course will help people to better understand the complementary relationship between science and technology in (a) creating technical devices, services and systems and (b) solving problems.

Prereq: A basic studies approved physics or chemistry laboratory course.

INTE 251 Material Analysis and Testing. 3 hrs
Study of the structure, characteristics, and working qualities of common industrial materials. Lecture and laboratory course.

INTE 277/278/279 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.

Prereq: Department permission.
INTE 306 Plastic Processing. 3 hrs
A study of high polymers, basic resin types, and their application to molding and fabrication process. Analysis of chemical and physical properties, mold design, and problems of production. Experimentation and testing required. Lecture and laboratory course.
Prereq: INTE 202.

INTE 314 Integrated Circuits: Digital. 3 hrs
The study of combinational and sequential logic. Concepts of digital control and computer circuits. Lecture and laboratory course.
Prereq: INTE 200.

INTE 316 Manufacturing Tooling. 3 hrs
A study of manufacturing tooling systems with a focus on basic types, components, applications, and principles of design. Tooling for metallic and nonmetallic materials is included. Lecture and laboratory course.
Prereq: MATH 107, INTE 103, INTE 124, INTE 203, and INTE 223.

INTE 318 Fluid Power. 3 hrs
Industrial hydraulic and pneumatic power transmission. Emphasis is on components, system control techniques, logic, system analysis, and design. Lecture and laboratory course.
Prereq: PHY 221.

INTE 324 Industrial Drawing. 3 hrs
An examination and application of engineering design and drawing using three-dimensional wireframe and solids techniques. Computer-aided design systems will be used to produce designs and drawings. Lecture and laboratory course.
Prereq: INTE 223.

INTE 325 Applied Mechanics, Kinematics, and Design. 3 hrs
The study of mechanical devices, the forces to which they are subjected and systems design considerations. Topics include statistics, dynamics, and modification of mechanisms. Lecture and laboratory course.
Prereq: PHY 221 and INTE 223.

INTE 360 CIM Operations. 3 hrs
Concepts, components, and application of computer-based industrial automation. The integration and implications of CAD, CAM, and business functions into CIM are included. This course does not count towards an INTE major.
Prereq: INTE 103 and INTE 203.

INTE 361 Computer Numerical Control. 3 hrs
NC programming for both CNC mill and lathe. The transfer of part descriptions into a detailed process plan, tool selection, and finally into NC machine codes. Computer-assisted programming, APT, and CAD/CAM for 2-D machining is emphasized. Verification is accomplished by laboratory work.
Prereq: MATH 107, INTE 106, INTE 124, and INTE 223.

INTE 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INTE 387 Cooperative Education. 3 hrs
Industrial technology majors will be placed on a job that relates to their primary area of study for one semester. During this period regular employee benefits may be received. Credit/no credit. Credit applicable to the major in industrial technology or industrial teacher education only.
Prereq: Department permission.

INTE 409 Plastics Mold Design and Construction. 3 hrs
Principles of mold design for a variety of plastic molding processes. Mold materials, machining, fabricating, and testing in appropriate processing equipment are required. Lecture and laboratory course.
Prereq: INTE 306.

INTE 410 Plastics Product Design. 3 hrs
The development of products through plastic materials selection and design includes the aesthetics of design and the selection of engineering properties. Lecture and laboratory course.
Prereq: INTE 306.

INTE 411 Plastics Fabricating and Decorating. 3 hrs
Processes involved in forming and fastening of standard profile materials in plastics. Methods of joining, machining, and decorating of plastics materials and products are required. Lecture and laboratory course.
Prereq: INTE 306.

INTE 414 Integrated Circuits: Linear. 3 hrs
Fundamentals of discrete solid-state devices and linear integrated circuits. Concepts of instrumentation and control applications are included. Lecture and laboratory course.
Prereq: INTE 200 or department permission.
INTE 415 Communication Circuits. 3 hrs
Concepts and principles of electronics as applied to radio and television circuits. Concepts of instrumentation and control applications are required. Lecture and laboratory course.
Prereq: INTE 200 or department permission.

INTE 417 Industrial Robotics. 3 hrs
The nature and use of industrial robotics: capabilities, equipment and associated hardware, justification, preparation and installation, launching, and monitoring. Lecture and laboratory course.
Prereq: INTE 106, INTE 203, INTE 218, and INTE 318.

INTE 420 Industrial Quality Control. 3 hrs
An introduction to quality control systems and methods utilized in industry. Topics include quality policy and organization, data collection, and reporting, control charts, process and gauge capability, sampling plans, reliability, cost of quality, product liability, and problem analysis.
Prereq: MATH 118, MATH 119, and INTE 203.

INTE 421 Manufacturing Product and Process Analysis. 3 hrs
An advanced course in the analysis of manufacturing products and processes. Emphasis is placed on the identification and resolution of problems related to quality control and product reliability.
Prereq: MATH 119 and INTE 420.

INTE 424 Industrial Plant Facilities and Planning. 3 hrs
Planning procedures related to small plant and heavy industrial production. Mass production layout methods, machine and production equipment arrangements, types of plant architecture and related facilities, transportation and handling facilities, lighting, sewerage, ventilation, water supply, electrical power, personal facilities are included.

INTE 425 Advanced Manufacturing Methods. 3 hrs
The course emphasizes computerized methods of planning, material handling, machining cells, and inspection. Lecture and laboratory course.
Prereq: INTE 103, INTE 123, INTE 124, INTE 203, and INTE 218.

INTE 426 Manufacturing Communication Systems. 3 hrs
An overview of the computerization of information related to manufacturing production. Class will emphasize functional specification and installation problems of computer-integrated manufacturing communications systems. Lecture and laboratory course.
Prereq: INTE 106, INTE 123, INTE 124, INTE 203, and INTE 218.

INTE 427 Advanced Industrial Control. 3 hrs
The application of electricity, electronics, programmable logic controller, data acquisition, and analysis techniques to the open-loop and closed-loop control of machines and processes. Emphasis will be given to utilizations of computers and programmable logic controllers for industrial control purposes. Lecture and laboratory course.
Prereq: INTE 218 and INTE 318.

INTE 431 Interactive Industrial Computer Graphics. 3 hrs
Students develop a 2-D interactive graphics FORTRAN program. The use of graphics hardware and the generating, modifying, and transforming of graphics entities and databases are included. Lecture and laboratory course.
Prereq: INTE 231 and a course in FORTRAN programming.

INTE 432 3-D Computer-Aided Design. 3 hrs
Using a graphics "toolbox" on a microcomputer, students develop a 3-D interactive BASIC CAD program. Hidden surface removal, 3-D transformation surface shading, and 3-D databases are required. Lecture and laboratory course.
Prereq: INTE 431.

INTE 433 Advanced Computer-Aided Design. 3 hrs
Advanced computer-aided design course that focuses on menu modification, AutoLISP programming, and data interchange. Lecture and laboratory course.
Prereq: INTE 223 and INTE 431.

INTE 434 Microcomputer Circuits. 3 hrs
The microprocessor and its applications in the control of machines and industrial process. Lecture and laboratory course.
Prereq: INTE 314 and a computer programming course.
INTE 435 Finite Element Analysis. 3 hrs
Finite Element Analysis (FEA) is a powerful tool used by industries to solve many engineering problems. Basic concepts of this technique will be introduced and the students will have hands-on experiences to analyze heat transfer, beam deflection, and stress and strain problems by using several different software packages. Lecture and laboratory course. Prereq: INTE 325 or instructor permission.

INTE 461 CAD/CAM NC Programming. 3 hrs
Study of conversion of part descriptions to numerical control programs for mill, lathe, and three-axis machining center. Advanced APT and CAD/CAM NC programming for producing the instruction codes necessary to manufacture parts with NC machine tools are emphasized. Verification of the computer assisted NC programs are accomplished by laboratory work. Prereq: INTE 361.

INTE 477/478/479 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. Prereq: Department permission.

INTE 485 Flexible Manufacturing Systems. 3 hrs
Design and implementation of a flexible manufacturing cell. Machining materials, material handling and storage, inspection, and inventory are emphasized. Part programming using numerical control, robotics/programmable automation programming, development of a manufacturing database, and hierarchical computer control. Lecture and laboratory course. Prereq: INTE 316, INTE 324, INTE 361, INTE 420, and INTE 425.

INTE 487 Cooperative Education. 3 hrs
The second in a two-course sequence for industrial technology majors. The students will be placed on a job that relates to their primary area of study for one semester. Regular employee benefits may be received. Graded credit/no credit. Prereq: INTE 387 and department permission.

INTE 490 Manufacturing Technology Laboratory. 3 hrs
This course is capstone for manufacturing technology majors and will focus on the development of the plans for a functioning manufacturing system. Student experiences will include the integration of a breadth of technical knowledge and skills as well as a significant degree of project management. Guided laboratory course. Prereq: INTE 316, INTE 325, INTE 420, INTE 421, INTE 425, and ENGL 324.

INTE 494/495/496 Industry-Based Special Topics. 1/2/3 hrs
Course descriptions are formulated at the time of an industry’s request and reflect the particular requirements of the client company. Credit/no-credit.

INTE 497/498/499 Independent Study. 1/2/3 hrs
Available to selected students who have demonstrated ability to profit from a directed study project. Intensive study of a problem appropriate to the student’s area of concentration. Enrollment and selection of a project proposal must be approved by the department adviser and chair. Prereq: Department permission.
INTERDISCIPLINARY TECHNOLOGY

Paul D. Kuwik
Department Head
122 Sill Hall
487-1161

Professors: Taki Anagnostou, Carol Haddad, Wayne Hanewicz, Frank Jones, Paul D. Kuwik, Demo Stavros, Ronald M. Westrum
Associate Professors: John Boyless, Gerald Lawver, John Preston
Assistant Professors: David Gore, Benjamin Lee
Instructor: Timothy Doyle

Degree: Bachelor of Science

The Interdisciplinary Technology department draws heavily from other disciplines throughout the University. Its undergraduate programs are listed below and are in addition to a Master of Liberal Studies in technology and a Master of Science in polymers technology, described in the Graduate Catalog.

Programs of Study
Curricula:
- Aviation management technology
- Bilingual vocational teacher education
- Communication technology
- Facility management
- Industrial distribution
- Polymers and coatings technology

Minors:
- Aviation flight technology
- Graphic communication
- Technology and society

The Aviation Management Technology, Communication Technology, Facility Management, Industrial Distribution, and Polymers and Coating Technology programs have been accredited by the National Association of Industrial Technology.

Advising or additional information is available within the department. Consult with an advising coordinator listed below.

Advising Coordinators:
Aviation management technology: Timothy Doyle
Bilingual vocational teacher education: John Boyless
Communication technology: David Gore
Facility management technology: John Preston
Industrial distribution: Demo Stavros

Polymers and coatings technology: Taki Anagnostou
Aviation flight technology: Timothy Doyle
Graphic communication minor: David Gore
Technology and society minor: Ronald Westrum

ACADEMIC MAJORS
AVIATION MANAGEMENT TECHNOLOGY CURRICULUM

The aviation management technology curriculum is designed to prepare individuals for entry-level management and supervisory positions in the field of aviation technology. The program has a foundation of aviation-related and basic business coursework.

Sem hours
Symbolics and communication (five courses) 14-17
- A course in written composition
- A course in speech communication
- An upper level course in written composition
- A course in mathematical reasoning (MATH 109 Mathematics for Elementary Teachers II does not apply)

INDT 201 Microcomputer Applications in Technology .................................................. 3

Science and technology (three courses) 7-10
- A course in physical science
- A course in life science

INDT 150 Understanding Technology ........... 3

Social science (four courses) 8-12
PLSC 112 American Government .................. 3
A course in history ..................................... 3
ECON 201 Principles of Economics I ............ 3
ECON 202 Principles of Economics II ........... 3

Arts and humanities (four courses) 8-12
- A course in literature
- A course in philosophy or religion
- A course in art, dance, music, or theatre arts
- Cross-cultural or international studies

At least one approved course in cross-cultural or international studies must be completed in the process of completing basic studies.

Practical arts .............................................. 69
INDT 100 Introduction to Air Transportation .... 3
INDT 110 Aircraft Maintenance I ................. 3
INDT 120 Flight Operations I ..................... 3
INDT 170 Aviation Ground Instruction .......... 3
INDT 210 Aircraft Maintenance II ............... 3
INDT 220 Flight Operations II ..................... 3
INDT 303 Aviation Law and Insurance ........... 3
BILINGUAL VOCATIONAL TEACHER EDUCATION CURRICULUM

Students wanting to become vocational teachers in high schools or vocational technical centers can participate in the bilingual vocational teacher education program. The program is a four-year curriculum in basic studies, education, practical arts, and an occupational specialty that leads to a bachelor's degree. Graduates also receive a Michigan temporary vocational authorization that enables them to teach in their occupational specialty. Two years of work experience in an occupational specialty are needed for the program. Financial aid is available to students in the program.

Two curricula are offered: a Bachelor of Science in industrial/vocational education and a Bachelor of Business Education.

BILINGUAL INDUSTRIAL-VOCATIONAL TEACHER EDUCATION
**Physical education** .................................................. 2

- Physical education activity or military science courses ........................................... 2

**Total** ........................................................................ 135-140

*Note: Satisfactory completion of this program will result in the Bachelor of Science degree and issuing of the Michigan temporary vocational authorization for teaching in occupational specialty, grades 9-12.

**Must hold 2.25 overall at EMU and 2.5 in major before enrolling in student teaching sequence.

**The completion of this 50-hour curriculum satisfies all requirements for the major and minor areas of study.

**The occupational specialty must be in an accredited NES title area and must be accompanied by two years (4,000 hours) of recent and relevant work experience. Academic credit towards this requirement can be granted for technical preparation in an occupation or for completion of appropriate examinations (e.g., the Michigan Occupational Competency Assessment Center test).

**BILINGUAL OFFICE AND MARKETING TEACHER EDUCATION CURRICULUM**

**Bilingual Office Teacher Education**

BEDU 496 Records Administration Using Database 3
BEDU 487 Cooperative Education 3
BEDU 497/498/499 Independent Study 1-3

PHYSICAL EDUCATION AND HEALTH 2
Physical education activity courses 2
(Any two courses in military science may be applied)

Electives .................................................... 0-3
Total ................................................................ 133

*Students electing the business education/data processing option must take IS 215 End-User Computing in place of BEDU 201, MATH 118, and MATH 119.
Note: Satisfactory completion of this program will result in the Bachelor of Science degree and issuing of the Michigan temporary vocational authorization for teaching in occupational specialty, grades 9-12.

**Must hold 2.5 overall at EMU and 2.5 in major before enrolling in student teaching sequence.

The completion of this 50-hour curriculum satisfies all requirements for the major and minor areas of study.

The occupational specialty must be in an accredited NES title area and must be accompanied by two years (4,000 hours) of recent and relevant work experience. Academic credit towards this requirement can be granted for technical preparation in an occupation or for completion of appropriate examinations (e.g., the Michigan Occupational Competency Assessment Center test).

COMMUNICATION TECHNOLOGY CURRICULUM

Communication technology is a joint program offered by the Interdisciplinary Technology department and the Communication and Theatre Arts department. This curriculum is designed to provide the background necessary for graduates to find employment as managers in communication-based industries. The program emphasizes on having the student acquire those business, manufacturing, media, computer, and communication skills necessary for employment in today's communication technology industries and business organizations.
### Undergraduate Catalog

**Facility Management Curriculum**

Facility management is the practice of coordinating the workplace with the people and work of the organization; it integrates the principles of business administration, architecture, and the behavioral and engineering sciences. Students completing this curriculum have met major and minor requirements for graduation. This major is currently undergoing revision; changes will be announced by the department.

### INDUSTRIAL DISTRIBUTION

**Curriculum**

The industrial distribution program is designed to provide the background necessary for graduates to find employment in wholesale sales, sales management, and operation management with suppliers of durable and nondurable goods and with wholesale distributors who purchase, warehouse, sell, and distribute these goods.

Students completing this curriculum have met the major and minor requirements for graduation.

POLYMERS AND COATINGS TECHNOLOGY CURRICULUM

The polymers and coatings curriculum is designed to provide the background necessary for graduates to find employment in research and development laboratories of companies that manufacture paints, coatings, rubber, plastics, polymers, adhesives, and inks, or in companies that manufacture raw materials for these industries.

Students completing this curriculum have met the major and minor requirements for graduation. No outside minor is needed.

ACADEMIC MINORS

AVIATION FLIGHT TECHNOLOGY MINOR

The aviation flight technology minor is designed to develop flight skills as a pilot for various fields of aviation. Students who complete the minor will have earned their private pilot license and their commercial pilot license with an instrument rating, will be certified for flying for personal and business interests and will
be prepared for entry into the professional and career pilot field if they so choose.

**Sem hours**

**Academic minor in aviation flight technology** 24

1. **Required courses** ........................................ 21
   - INDT 170 Aviation Ground Instruction ........ 3
   - INDT 261 Basic Flight ................................... 2
   - INDT 261 Basic Flight II .................................. 2
   - INDT 271 Basic Flight III ................................ 2
   - INDT 341 Advanced Ground Instruction .......... 3
   - INDT 351 Advanced Flight I .................. ........... 2
   - INDT 361 Advanced Flight II .................................. 2
   - INDT 371 Advanced Flight III ................................ 2
   - INDT 380 Aviation Safety, Accident Investigation, and Training ........ 3

2. **Elective** ...................................................... 3
   Select one course from the following:
   - INDT 110 Aircraft Maintenance I (3)
   - INDT 120 Flight Operations I (3)
   - INDT 303 Aviation Law and Insurance (3)
   - INDT 315 Airport Management (3)

**GRAPHIC COMMUNICATION MINOR**

This minor is designed to provide technical communication skills to majors in fields such as graphic design and journalism. The electives in the minor are diverse and extensive enough to allow for individual flexibility.

**Sem hours**

**Minor in graphic communication** ............... 23

1. **Required courses** ........................................ 11
   - INDT 104 Introduction to Communication Technology .................................. 2
   - INDT 121 Graphic Communication ................. 3
   - INDT 204 Photographic Communication .......... 3
   - INDT 207 Photographic Reproduction .......... 3

   - INDT 201 Microcomputer Applications in Technology (3)
   - INDT 304 Advanced Photographic Communication (3)
   - INDT 318 Graphic Arts Workshop (3)
   - INDT 404 Photo Communication Workshop (3)
   - INTE 251 Industrial Computer Graphics (3)
   - FA 165 Graphic Design for Nonmajors (3)
   - Electives selected from journalism, marketing, or management

**TECHNOLOGY AND SOCIETY MINOR**

This minor is interdisciplinary in nature and provides students majoring in science or technology with an understanding of the societal impact of existing and emerging technologies. While housed in the Interdisciplinary Technology department, the minor utilizes contributions from several departments including biology, chemistry, computer science, economics, and history.

**Sem hours**

**Minor in technology and society** ........... 24-26

1. **Required courses** ........................................ 15
   - COSC 136 Computers for the Nonspecialist or COSC 137 Introduction to FORTRAN Programming .................................. 3
   - INDT 150 Understanding Technology ............ 3
   - HIST 290 Introduction to the History of Technology .................................. 3
   - INDT 308 Seminar in Technological Impacts .... 3
   - INDT 495 Technology, Values, and the Future . 3

2. **Restricted Electives** .................................. 9
   Choose three courses (with at least one course from each subgroup, A and B) from the following:

   **Subgroup A:**
   - BIOL 224 Principles of Conservation
   - CHEM 415 Environmental Chemistry
   - ECON 337 Energy Economics and Policies
   - GEOG 215 Introduction to Urban and Regional Planning, GEOG 310 Energy Awareness, GEOG 440 World Food Systems
   - SOC 334 Population

   **Subgroup B:**
   - CTAT 446 Contemporary Problems in Telecommunications
   - ECON 386 Technology and Economic Growth
   - GEOG 100 Future Worlds, GEOG 235 Economic Geography, GESC 495 Environmental Assessment and Planning
   - INDT 420 Women and Technology

   - PHIL 380 Philosophy of Science
   - PLSC 381 Public Policy Analysis, PLSC 382 Politics and the 21st Century
   - PSY 360 Environmental Psychology, PSY 351 Industrial Psychology
   - SOCL/ANTH 336 Social and Cultural Change, ANTH 379 Special Topics: Contemporary Issues in Developing and Modern Technological Societies, SOCL 307 Industrial Sociology

UNDERGRADUATE CATALOG
**INTERDISCIPLINARY TECHNOLOGY COURSES**

**INDT 100 Introduction to Air Transportation. 3 hrs**
This course is designed to provide a basic understanding of the operational categories within civil aviation and the functions of state and federal government in its control and regulation. The history, scope, and diverse nature of aviation will be discussed, together with some of the many occupational opportunities available.

**INDT 104 Introduction to Communication Technology. 2 hrs**
An introduction to the field of communication technology. Communication theory and the graphic and telecommunication industries. Lecture: two hours per week.

**INDT 110 Aircraft Maintenance I. 3 hrs**
The functions and roles of maintenance personnel in an aviation maintenance organization structure. Lecture: three hours per week.

**INDT 120 Flight Operations I. 3 hrs**
The role of aviation in general aviation and the interface with regulatory agencies and parent organizations. Lecture: three hours per week.

**INDT 121 Graphic Communication. 3 hrs**
Preparation and design of graphic media. The theory and application of effective communications. Information collection, analysis, and dissemination; survey of the graphic communication industry. Lecture: two hours per week. Laboratory: two hours per week.

**INDT 150 Understanding Technology. 3 hrs**
A course to develop basic technological literacy by providing an introduction to technological concepts and problems and to the technology literature. Several concrete technological systems and their dynamics, particularly as they relate to society.

**INDT 170 Aviation Ground Instruction. 3 hrs**
Basic ground instruction in aerodynamics, navigation, federal aviation regulations, meteorology, and flight procedures directed toward preparation for the private pilot written examination.

**INDT 177/178/179 Special Topics. 1/2/3 hrs**
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied. 
*Prereq: Department permission.*

**INDT 201 Microcomputer Applications in Technology. 3 hrs**
An introduction to microcomputers and their applications in technology. The course contains an introduction to word processing, spreadsheets, database management, and their applications. 
*Prereq: Basic keyboard skill is recommended; BEDU 119 is suggested.*

**INDT 202 Introduction to Facility Management. 3 hrs**
The student will gain an overview of the facility management profession. The following topics will be introduced: history of the facility management profession, organizational structure, property management, facilities planning, maintenance and operations, managing support services, managing construction projects, strategic planning and budgeting, and conducting a facilities audit.

**INDT 204 Photographic Communication. 3 hrs**
Basic functions, principles, and applications of photography in graphic communication. Lecture: two hours per week. Laboratory: two hours per week. Students must furnish their own camera and photo materials.

**INDT 206 Photo-Technology. 2 hrs**
The applications of light sensitive materials used in industry to include photo-drafting, photofabrication. Lecture: one hour per week. Laboratory: two hours per week. 
*Prereq: INDT 121 and a chemistry course.*

**INDT 207 Photographic Reproduction. 3 hrs**
Study and laboratory work in photomechanics, stripping, and platemaking as applied to offset presswork. Includes the preparation of layout materials for printing. Lecture: one hour per week. Laboratory: two hours per week. 
*Prereq: INDT 104 or INDT 121.*

**INDT 210 Aircraft Maintenance II. 3 hrs**
The functions and organization of an aircraft maintenance facility and role of the supervisors within that structure. Lecture: three hours per week. 
*Prereq: INDT 110.*

**INDT 214 Rubber Technology I. 2 hrs**
Lectures and laboratory experiments on the fundamentals of rubber chemistry, compounds and processing technology, and rubber testing methods. 
*Prereq: High school or college course in chemistry, or approval of instructor.*
INDT 220 Flight Operations II.  3 hrs
In-depth study of the functions and organization of operations and the relationship with the other departments within an aviation organization.
Prereq: INDT 120.

INDT 230 Facility Operations and Maintenance.  3 hrs
This course provides the student with an introduction to the operation and maintenance of facility systems. These systems include: heating, ventilation, and air conditioning; elevators; grounds; building exterior and roof; interior walls and floors; plumbing; electrical; telecommunications; fire safety; and security.
Prereq: INDT 202, CNST 229.

INDT 231 Introduction to Computer Graphic Systems.  3 hrs
Students are provided with opportunities to work on a variety of CAD and paint systems. Students will learn terminology for graphics hardware and software, write short graphics programs, and explore applications of graphics to their own field of study. Course does not count for CAD majors. Lecture and laboratory course.

INDT 240 Profit Strategies in Distribution.  3 hrs
Explanation of the terms related to profits and markup, calculation of profit, discounts, markups, identification and interpretation of profitability ratios, and the distribution of financial resources.
Prereq: INDT 140.

INDT 250 Wire Technology I.  3 hrs
The fundamentals of wire manufacturing, steel production, wire joining, cleaning, descaling, coating, drawing, cooling, and lubrication. Lecture and demonstration. No previous wire manufacturing knowledge required.

INDT 251 Basic Flight.  2 hrs
The student will receive dual instruction in preflight procedures, ground reference maneuvers, takeoff, and landings, power-off and power-on stalls, local flight operations, and precision flight maneuvers. Remaining hours will be solo flight.
Prereq: INDT Student Pilot Certificate and Class II or III Medical.

INDT 255 Emergency Preparedness Planning.  3 hrs
An introduction to emergency planning, including assessment of community hazards and resources, for students responsible for civil defense or emergency preparedness tasks. Provides a planning and analytical framework, hazard/vulnerability analysis, that can be applied to the local comprehensive emergency management context.

INDT 261 Basic Flight II.  2 hrs
The student will receive dual instruction and solo practice in extended cross-country flight operations, flight proficiency maneuvers, and all phases of flight specified by the Federal Aviation Administration. The student will be prepared to take the oral and flight examination for the Private Pilot Certificate.
Prereq: INDT 251.

INDT 271 Basic Flight III.  2 hrs
The student will receive an introduction to commercial maneuvers and instrument flying techniques, including dual instruction and solo practice in areas of ground reference maneuvers, flight precision maneuvers, radio navigation, and special cross-country flight operations.
Prereq: INDT 261.

INDT 277/278/279 Special Topics.  1-2-3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INDT 303 Aviation Law and Insurance.  3 hrs
Overview of legal considerations in general aviation, government agencies exercising control, regulations, laws, advisory information, and insurance requirements and considerations.

INDT 304 Advanced Photographic Communication.  3 hrs
Photographic theory and techniques, with particular emphasis upon commercial and industrial applications. Lecture: two hours per week. Laboratory: two hours per week. The student must furnish a camera and photo materials.
Prereq: INDT 204.

INDT 305 Communication Transmission Systems.  3 hrs
Consideration of source, encoder (transmitter), channel, and receiver functions. Principles of line communication, a study of various systems, and future developments in communication transmission systems.
INDT 308 Seminar in Technological Impacts. 3 hrs
An undergraduate level introduction to technology assessment. Development of skills related to forecasting technological inventions and assessing their effect if adopted by society.

INDT 310 Polymers for Engineers and Technologists. 3 hrs
Introduction to polymer science, polymerization, polymer modifications, size and weight of polymer molecules, plastics, adhesives, silicones, foams, surface coatings, fibers, elastomers, transitions, and relaxations in polymers, theology, polymer fabrication techniques.

INDT 313 Aviation Industry Regulations. 3 hrs
The major significance of aviation regulations and policies including the development and enforcement of federal aviation regulations will be presented. The major elements of managing an aviation operation within the guidelines of international and federal aviation industry regulations together with the influence of local and state requirements will be presented.

INDT 315 Airport Management. 3 hrs
The major elements in the process of planning and managing airports are presented, including federal airport policy, the airport master planning process, capacity analysis, site selection, and funding. The historical development of and current practices in airport administration, operations management, maintenance, and safety will be presented.

INDT 318 Graphic Arts Workshop. 3 hrs
Selected topics in the field of graphic arts technology, such as composition, press work, screen process, and advanced photomechanics. May be repeated for additional credit.
Prereq: INDT 207 or department permission.

INDT 320 Aviation Safety, Accident Investigation, and Training. 3 hrs
In-depth study of aviation safety (flight and ground); accident prevention, accident investigation, and personnel training.
Prereq: INDT 170.

INDT 340 Relationships in Wholesaling. 3 hrs
Analysis of major industries and professional trade associations and their interaction within the marketing channel. Emphasis will be placed on the relationship between trade associations and industry, elements of the marketing channel (manufacturer, distributor, customer, and the employer and employee).
Prereq: INDT 140 and INDT 240.

INDT 341 Advanced Ground Instruction. 3 hrs
Advanced ground instruction in aerodynamics, navigation regulations, and procedures directed toward preparation for the instrument rating and commercial pilot written examinations.
Prereq: IDT 170.

INDT 350 Wire Technology II. 3 hrs
An intermediate course designed to study contemporary concepts and practices of wire manufacturing.
Prereq: INDT 250 or approval of instructor.

INDT 351 Advanced Flight I. 2 hrs
The student will receive dual instruction and solo practice in advanced cross-country navigation, commercial maneuvers, and an introduction to instrument flying techniques.
Prereq: INDT 271.

INDT 361 Advanced Flight II. 2 hrs
The student will receive dual instruction and solo practice in commercial flight maneuvers and instrument flight procedures, including instrument approaches, holding patterns, and partial panel procedures.
Prereq: INDT 351.

INDT 371 Advanced Flight III. 2 hrs
The student will complete the dual instruction and solo practice in all phases of flight training specified by the Federal Aviation Administration for the issuance of the Commercial Pilot Certificate and the instrument rating. The student will complete the oral examinations and flight tests required for this certificate and rating.
Prereq: INDT 361.

INDT 377/378/379 Special Topics. 1/2/3 hrs
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once provided different topics are studied.
Prereq: Department permission.

INDT 380 Planning and Decision-Making for Public Safety. 3 hrs
The study of planning and decision-making techniques as applied to public safety operations; includes atten-
tion to concepts, e.g., the process of change in organizations, as well as particular skills and techniques; e.g., PERT, decision trees.

**INDT 381 Public Relations and Public Safety.** 3 hrs
An examination of the relationship between public safety agencies and the larger community, with particular emphasis on administrative and policy dimensions; the role of public safety agencies, the community's involvement in establishing that role, police-community relations programs, relationships with the media, and professionalization and accreditation movements in public safety agencies are addressed.

**INDT 387 Cooperative Education.** 3 hrs
A minimum of three to four months of full-time employment in a business or industry that provides experiences directly related to the major area of study. Work sites must be approved in advance by the interdisciplinary Technology department. Regular employee benefits may be received during the employment period.

*Prereq: Department permission.*

**INDT 389 Wholesale Account Development.** 3 hrs
An in depth study into the processes and techniques involved in acquiring and developing industrial accounts from the distributor's and the manufacturer's point of view. The course will develop practical and effectual skills in the area of advanced industrial wholesale account development. Guest lectures by manufacturers representatives and from purchasing agents will augment the course.

*Prereq: INDT 240 and INDT 340.*

**INDT 400 Polymers and Coatings Technology I.** 3 hrs
Introduction to synthesis, film formation, structure, and properties of polymers commonly used in coatings. Polymer systems to be covered include acrylic, vinyls, polyesters, alkyds, oils, epoxies, epoxysters, aminoplasts, urethanes, phenolics, hydrocarbons, cellulosics.

*Prereq: CHEM 270, 271.*

**INDT 401 Polymers and Coatings Technology I Laboratory.** 3 hrs
Synthesis, characterization, and identification of polymers used in coatings. The synthesis of solution acrylic, vinyl, acrylic emulsion, polyester, alkyd, epoxysters, melamine formaldehyde, and urethane polymers with extensive use of physical techniques such as GIRT, GP, and calorimetry.

*Coreq: INDT 400.*

**INDT 402 Polymers and Coatings Technology II.** 3 hrs
Formulation in oil-based and waterborne coatings covering the use of solvents, pigments, and additives. Principles of adhesion and corrosion and the use of conversion coatings. Safety, health, government regulations, and paint production techniques.

*Prereq: INDT 400.*

**INDT 403 Polymers and Coatings Technology II Laboratory.** 3 hrs
Practical formulation in oil-based and waterborne systems including the preparation and evaluation of various topcoats and primers currently used in the coatings industry (e.g., oil based air dry enamel, thermosetting coating, epoxyester primer, two package urethane, acrylic latex, and BD primer).

*Coreq: INDT 402.*

**INDT 404 Photo Communication Workshop.** 3 hrs
Selected topics in photo communications, such as commercial and industrial photography, photo journalism, sensitometry and photography, photo journalism, and sensitometry and photo processing. The class schedule describes the specific topic being offered during a given semester. May be repeated for additional credit.

*Prereq: INDT 304.*

**INDT 405 Coating Processes I.** 3 hrs
Development of expertise in industrial coating processes. Substrate preparation, principles of adhesion, corrosion control, industrial coating materials, industrial coating systems, and regulatory compliance in the coatings industry.

*Prereq: INDT 310 or INDT 400, or department permission.*

**INDT 406 Coatings Processes I Laboratory.** 3 hrs
Hands-on experience in industrial coating processes. Substrate preparation, coatings application, and industrial coating systems design and operational control.

*Coreq: INDT 405.*

**INDT 407 Coating Processes II.** 3 hrs
Processes and equipment for coatings application, economic analysis of coating operations, paint defects, and line design for productivity and energy conservation.

*Prereq: INDT 408 or department permission.*
INDT 409 Emerging Technologies in Storage and Retrieval. 3 hrs
Conventional as well as emerging technologies of information storage and retrieval. Lecture and laboratory.

INDT 410 Mechanical and Physical Properties of Polymers. 3 hrs
Detailed study of the mechanical and physical properties of polymers from both theoretical and practical viewpoints. Polymer morphology, transitions and relaxations in polymers, mechanical properties of high polymers, rheology and their relationship to polymer fabrication processes.
Prereq: INDT 310 or department permission.

INDT 411 Mechanical and Physical Properties of Polymers Laboratory. 1 hr
A laboratory course designed to supplement lecture material from INDT 410. Hands-on exposure to a variety of experimental techniques commonly encountered in the polymers industry; glass transitions in polymers, melt-flow characteristics, measurement of Newtonian and non-Newtonian flow, mechanical behavior of polymers, and plastic deformation.
Coreq: INDT 410.

INDT 413 Computers in Aviation. 3 hrs
Applications of computers in aviation at various levels of hardware and software complexity. Basic programs appropriate to aviation operations and maintenance control.
Prereq: INDT 201.

INDT 414 Rubber Technology II. 2 hrs
Special topics related to rubber compounding, processing and testing, and problems in specific applications of rubber products. Guest lecturers, students and staff will cover topics.
Prereq: INDT 214 or department permission.

INDT 416 Managing Utilities, Lighting Systems, and Code Compliance. 3 hrs
This course covers utility rate structures and their effect on building operation strategies, building code requirements, and managing lighting systems for cost efficiency and code compliance.
Prereq: INDT 201, INDT 202, INDT 230.

INDT 417 Computer Aided Facility Management. 3 hrs
This course teaches the student how to use software which is dedicated to managing facilities.
Prereq: INDT 201, INDT 202, INDT 230, CNST 229, IDE 313.

INDT 418 Building Automation Systems. 3 hrs
This course teaches the student how computerized control systems work in a building. The principal systems covered will be: heating, ventilation, and air conditioning control; lighting systems—switching and dimming; elevators—optimum scheduling; security—access control and monitoring; and fire safety—air flow controls, alarms, sprinklers.
Prereq: INDT 201, INDT 230.

INDT 420 Women and Technology. 3 hrs
This course surveys gender issues surrounding technology development, transfer, and use. We will examine these issues from historical, contemporary, and global perspectives.

INDT 421 Photographic Typesetting. 3 hrs
Study of the fundamentals of phototypesetting technology. Document preparation, keyboard entry, file manipulation, and typeset copy output will be covered as well as word processor interfacing. Two hour lecture, two hour lab.

INDT 422 Senior Seminar in Aviation Management. 3 hrs
Current issues in aviation management will be explored using group and individual projects and analysis of case studies. Research, analysis, and application of skills and knowledge acquired in other coursework will be stressed.
Prereq: Department permission.

INDT 425 Communication Technology and Social Change. 3 hrs
The social implications of recent and future developments in communication technology. The effects upon education, research and scientific knowledge, business, and entertainment.

INDT 430 Senior Seminar in Energy Management Technology. 3 hrs
Projects coordinated with local firms to give the student practical experience. Selected topics not covered in previous courses.
IDT 431 Aviation Facilities. 3 hrs
The design of new aviation facilities and the retrofit of existing facilities to meet short and long term requirements of aviation operations.

INDT 432 Senior Seminar in Facility Management. 3 hrs
This course is a capstone experience which considers and integrates special problems in facility management. Prereq: IDE 364, INDT 416, senior standing, completed or concurrent co-op.

INDT 433 Arson Investigation. 3 hrs
An examination of the nature and causes of suspicious and incendiary fires, their detection, and investigation; involves classroom lecture and field training. Students will conduct fire scene investigations, collect evidence, document findings, and participate in a mock trial. Assumes no previous experience in fire investigation. Students must provide own 35mm camera, safety shoes, gloves, and hard hat. Prereq: CHEM 119 or PHY 221.

INDT 434 Hazardous Materials. 3 hrs
An examination of hazardous material incidents from the perspective of the public safety officer/manager charged with protecting people and property; identifying hazardous materials, assessing hazardous material accidents, planning and tactics for addressing hazardous material problems. Prereq: CHEM 119 or PHY 221.

INDT 435 Incident Command. 3 hrs
The study of complex fire situations, including analysis of prefire planning, establishing and managing the command post, and effective management of complex fireground operations. Emphasizes the study of multiple company response and the efficient utilization of available and prospective resources in handling major fires. Prereq: PLSC 450 or department permission.

INDT 436 Electronic Publishing Technology. 3 hrs
The application of electronic design and layout principles to publication and presentation documents. Develop skills in graphics, type, file creation and manipulation, word processing interface, and output of paginated, camera-ready copy through several software packages.

INDT 437 Aviation Cabin Safety. 2 hrs
The major elements of aircraft cabin safety, including the requirements for air carrier operations, will be presented in accordance with the requirements of the Federal Aviation Regulations. Topics will include emergency equipment, accident reviews, human factors, crew assignments and procedures, decompressions, fire fighting, ditching, land and water evacuations, hijacking and unusual situations, in-flight medical, passenger handling, safety briefings, leadership, and emergency commands. Prereq: INDT 320 and INDT 422, or department permission.

INDT 440 Inventory Strategies in Distribution. 3 hrs
An examination of the wholesale inventory management problem. The interrelationship between physical inventory, profitability, and customer service will be explored. Prereq: INDT 391.

INDT 444 Quality Planning in Distribution. 3 hrs
Wholesale distributors are moving toward a total commitment to the philosophy of continuous improvement with zero errors as their ultimate goal. The course explores the Quality Assurance movement as it applies to wholesalers. Prereq: INDT 442 or permission of instructor.

INDT 450 Advanced Coatings Topics. 3 hrs
Advanced wire technology; in-depth study of wire in manufactured products. Prereq: INDT 350 or permission of instructor.

INDT 460 Advanced Coatings Topics. 3 hrs
Development of in-depth formulating skills; new technology areas in coatings and polymers. Prereq: INDT 402, INDT 403, or department permission.

INDT 470 Senior Seminar in Communication Technology. 2 hrs
Guest speakers and/or site visitations will be used to illustrate the application of new communication technologies common to business, industrial, or governmental environments.

Military Science

Lt. Col. David R. Klubeck
Department Head
18 Roosevelt Building
487-1020

Assistant Professors: Maj. Sean M. Brunetti, Capt. Peter J. White, Capt. Larry Chirio

The military science program provides students with training that permits entry into the active Army, Army Reserve, or National Guard as commissioned officers. Emphasis is given to the development of the student as a leader and a manager, capable of organizing and motivating others.

The program is of either four or two years' duration and is pursued as a complement to the student's academic major. If the program is successfully completed, the student may be commissioned as an officer upon graduation.

Students must complete all of the military science courses unless granted advanced placement for the 100- and 200-level classes.

ROTC scholarships for three or two years' duration are available and are awarded on a "best qualified" basis. Scholarships cover payment of tuition, fees, texts, and supply costs related to the student's curriculum for the period of award. Also, a $150 per month subsistence allowance is paid for each school month during the period of the scholarship. Application can be made by contacting the Military Science department in January of the school year preceding the effective semester of the award.

The two-year program is designed for students transferring from community colleges and other students who were not enrolled in military science courses during their first two years of college. Applicants complete a six-week training program during the summer months, which takes the place of the on-campus MILT 100 and 200 courses. While in summer training, the student remains a civilian but earns Army pay and travel allowances. Upon completing the program, the student may be granted eight semester hours credit upon the recommendation of the Military Science Department and may apply for entry into the MILT 300-level courses. Students may compete for two-year ROTC scholarships while at summer training. Applications for the two-year program are accepted from December through May.

The Simultaneous Membership Program (SMP) is a co-op work experience program where advanced ROTC students are assigned to local Army Reserve or National Guard units. One weekend a month students learn leadership and management skills by drilling with the unit. For this experience, students earn approximately $300 per month. SMP is an excellent opportunity to learn applied management skills.

Veterans can qualify for advanced placement credit directly into MILT 300. Applicants should contact the department for acceptance into MILT 300 or 301 at the earliest possible time before the next full semester.

All uniforms and texts are provided to the student without cost. Additionally, MILT 300 and 400 participants receive $150 per month during the school year and are paid at one-half the rate of a second lieutenant while attending a summer field course. Armed forces veterans may receive the $150 per month pay in addition to any other veterans benefits they are receiving.

Programs of Study

Minor:

A Military Science minor can be attained by completing Military Science 100, 101, 200, 201, 300, 301, 400 and 401.

Advising Coordinator: Capt. Larry Chirio

Special Requirements

Admission into the advanced program (MS 300, 301, 400 & 401) requires that all students successfully complete the Officer Selection Battery Test (OSB), undergo a complete physical examination at the Snow Health Center, and have completed the basic course or its equivalent.

The criteria for continuance is that all students maintain a 2.0 GPA or better, and pass the army physical fitness test.

The fieldwork criteria is that all members of the advanced program participate in a field training exercise (FTX) each semester.

Credit Toward Graduation

The 12 semester hours credit earned in the advanced program may be used as free elective credit. Requirements in certain majors and curricula will cause the ROTC student to take more than the minimum 124 hours credit for graduation. When finalizing their undergraduate program, students should consult an academic advisor within the department of their declared major.
ACADEMIC MINOR

Sem hours

Minor in military science ............................................. 20

Required courses

MILT 100 Fundamentals of Leadership and Management I ............................................. 2
MILT 101 Fundamentals of Leadership and Management II ............................................. 2
MILT 200 Applied Leadership and Management I ............................................. 2
MILT 201 Applied Leadership and Management II ............................................. 2
MILT 300 Advanced Military Leadership and Management I ............................................. 3
MILT 301 Fundamentals and Dynamics of the Military Team I ............................................. 3
MILT 400 Fundamentals and Dynamics of the Military Team II ............................................. 3
MILT 401 Advanced Military Leadership and Management II ............................................. 3

Students must take all of the above courses unless granted advanced placement. Students electing a minor in military science may not use this minor to fulfill the state secondary provisional certificate requirement of a teaching minor.

MILITARY SCIENCE COURSES

MILT 100 Fundamentals of Leadership and Management I ............................................. 2 hrs
An introduction to the US defense establishment with emphasis on the role and structure of the US Army. Students also participate in adventure mini-courses (rappelling, rifle marksmanship, etc.)

MILT 101 Fundamentals of Leadership and Management II ............................................. 2 hrs
An introduction to the role of the army officer, ethics, professionalism, leadership traits, and principles. As a part of the course, students receive a mini-course in first aid and land navigation.

MILT 200 Applied Leadership and Management I ............................................. 2 hrs
An introduction to basic military leadership skills to include: map reading, communications, military briefings, physical training, and individual leadership skills.

MILT 201 Applied Leadership and Management II ............................................. 2 hrs
A continuation of MILT 200 in the study of military leadership and management skills. Included in this course are: individual leadership skills, applied management skills, terrain analysis, and platoon offense/defense operations.

MILT 300 Advanced Military Leadership and Management I ............................................. 3 hrs
Techniques of leadership and management with emphasis on the role of the small unit leader as a teacher. Theory and application of basic military skills: topography, close order drill, and weaponry.

MILT 301 Fundamentals and Dynamics of the Military Team I ............................................. 3 hrs
An examination of the leader's role as an organizer, decision-maker, and leader of a military team. Small unit leadership studied from the perspective of mission, capabilities, and management. Prepares students for the advanced summer camp experience.

MILT 302 Leadership Laboratory.
Conducted for both semesters of the 300-level courses. Field application of classroom theories and studies. Physical abilities strengthened and tested. All areas of classroom instruction, drill, military skills, leadership, and physical aptitude.

MILT 400 Fundamentals and Dynamics of the Military Team II ............................................. 3 hrs
The organization and functioning of command and staff in army organizations. The essentials of military correspondence, communications, and training.

MILT 401 Advanced Military Leadership and Management II ............................................. 3 hrs
The essentials of the army personnel and logistics management systems. An in-depth examination of ethics and professionalism as they apply to the military officer. Case study of small unit combat leadership.

MILT 402 Leadership Laboratory
A two-semester practicum conducted concurrently with 400-level courses. Exercise of organizational and leadership theory to which the student has been exposed. The cadet battalion command and staff structure is used as a vehicle to provide practical experience in the processes of leadership.

MILT 497/498/499 Independent Study ............................................. 1/2/3 hrs
Intensive study or project approved by the department head. Study or project is directly related to a military subject.

Prereq: Department permission.

ADVENTURES IN EDUCATION
INDEPENDENT STUDY (DISTANCE EDUCATION)
REGIONAL LEARNING CENTERS
WEEKEND UNIVERSITY
Continuing Education offers flexible, innovative, and exciting credit course and program options available to all EMU students. This includes full or part-time, residential or commuter, graduate or undergraduate. Courses offered through Continuing Education are available at times, locations, and in formats that are convenient for students balancing a full- or part-time job, co-curricular activities, and/or family responsibilities with their college education. Credit earned in Continuing Education courses and programs is regular university academic credit.

Course Listings
Each semester, Continuing Education publishes a Course Bulletin listing the courses available that semester. These bulletins are available at the Continuing Education Student Information Center in 321 Goodison Hall and in display racks in various locations around the EMU campus. Since some courses are scheduled after the Course Bulletin is published, you may also want to stop by the office to check the course listing update posted in the hallway. You can also call 487-0407 with questions about the availability of a particular course.

As with all EMU courses, your academic adviser is the person best equipped to guide you and answer specific questions about which courses will meet the requirements of your program of study.

E-mail: programs.aboard@emich.emu

In today's interconnected world, a global perspective is increasingly important and valuable for a student's personal growth and professional career. The Office of Academic Programs Abroad provides opportunities for students to diversify and enrich their university education through several kinds of study abroad programs. Students earn Eastern Michigan University credit and may apply any EMU grants, scholarships, or loans toward the cost of the program.

Semester-Long Programs:
1) The European Cultural History Tour, offered fall semester, is a unique travel-study program that includes more than 40 cities in 16 countries throughout Europe, Russia, and the Mediterranean. Students and EMU professors visit major historic and cultural sites while pursuing in-depth academic studies in an interdisciplinary context. Up to 15 hours of credit are available in history, art, literature, and political science. Since its beginning in 1974, ECHT has grown to become one of the largest university-sponsored program of its kind in the country, drawing students from EMU as well as other colleges and universities throughout the United States and Canada. ECHT is also offered in summer.

2) The Asian Cultural History Tour, offered winter semester, follows the travel and academic format of the European Cultural History Tour. It visits more than 40 cities in 11 Asian countries, including China, India, Nepal, Indonesia, and Thailand. Up to 15 credit hours are available in history, art, comparative religion, and political science, taught in an interdisciplinary context. In addition to studying the traditional cultures of Asia, participants focus on the contemporary problems of developing Asian countries.

3) An exchange program with the University of Groningen in The Netherlands brings Dutch students to the Eastern Michigan University campus and sends EMU students to The Netherlands. The core curriculum reflects The Netherlands’ central location in Europe and the importance of internationalization as it offers a variety of courses focusing on The Netherlands and on Europe. Courses in the Dutch Studies Program are designed for international students and taught in English. Classes, such as political science and literature, are also offered in English by regular university departments. Participants live in university housing and get to know students from all over the world, mainly Europe. Tuition and housing costs are equivalent to a semester at EMU.

4) The International Student Exchange Program (ISEP) allows EMU students to choose from over 100 institutions in Europe, Asia, Africa, and Central and South America to spend a semester or a year.
while bringing students from these institutions to the EMU campus. ISEP offers the opportunity for total immersion as participants take classes and live like a local student at the host university. Classes are available in almost any field, including business, education, and science, taught both in English and in a number of foreign languages. Participants pay tuition and fees, room and board, health insurance, and a program fee directly to EMU so it is very affordable.

**Summer Intensive Language Programs:**

Intensive French, German, Spanish, and Japanese language programs are available in Canada, Mexico, Austria, and Japan respectively, in settings of cultural immersion. Classes are taught by host country instructors, with additional instruction and supervision by EMU faculty. All levels of instruction are available.

**Other Summer Programs:**

A version of the European Cultural History Tour is available in summer, along with a variety of travel and residence programs that carry credit in such fields as art, business, economics, education, history, political science, and social work. These study abroad programs have taken students to countries in Europe, Africa, Asia, and Latin America. Contact the Office of Academic Programs Abroad for current program details.

**Additional Study Abroad Opportunities:**

Eastern Michigan University students may also attend study abroad programs offered by other universities and transfer the credit back to EMU. A study abroad advisor is available to assist students in a number of ways: finding a program to suit their individual areas of interest, arranging for transfer of credit, and applying for financial assistance. Students are encouraged to take advantage of the library in the Office of Academic Programs Abroad, which houses information on hundreds of study abroad opportunities.

**ADVENTURES IN EDUCATION**

Karen Cline  
Coordinator  
325 Goodison Hall  
487-0407 or (800) 216-3350

Adventures in Education programs are all built around the concept of intensive (1 to 2 weeks) shortened courses offered in beautiful resort-like or adventurous settings appropriate or relevant to the course content. Most Adventures in Education programs are held in the summer months or during other traditional breaks in the academic year. The students who take advantage of these programs do not fall into a stereotype. They include adult learners, traditional age undergraduates, teachers, and other seasoned professionals from many fields. The diversity of participants is a strength of the Adventures programs. For more information, call 487-0407 local or (800) 777-3521 toll free.

**INDEPENDENT STUDY**  
(DISTANCE EDUCATION)

Michael McPhillips  
Coordinator  
327 Goodison Hall  
487-1081  
E-mail: distance.education@emich.edu

The Independent Study Program allows you to enroll anytime and earn university credit without classroom attendance. The time limit for course completion is six months. When you register for a course through our Independent Study Program, you receive study guides, instructions, and all required assignments. In addition, all courses incorporate audio and/or video materials. Assignments, papers, and proctored exams are an integral part of each course. Courses are academically rigorous; students on probation should not enroll. For course listings and additional information, contact the Independent Study Office by phone or e-mail.
REGIONAL LEARNING CENTERS

In order to make it more convenient for individuals to take courses through Eastern Michigan University, Continuing Education offers a wide range of courses at a number of off-campus locations. These courses are coordinated through three EMU Continuing Education Regional Learning Centers located in Detroit, Flint, Jackson, and Traverse City and are listed in the Continuing Education Course Bulletin. Registration for these courses is no different than for any other course. See the Course Bulletin for details. For more information, you can either call the Regional Center directly or our main campus office at (800) 777-3521 long distance or (313) 487-0407 local.

Regional Learning Centers
Detroit: (313) 831-5280
Flint: (810) 762-0303
Traverse City: (616) 922-1750
Jackson: (517) 787-7265

WEEKEND UNIVERSITY

Arthur Hoover
Coordinator
321 Goodison Hall
487-0407

Continuing Education’s Weekend University program offers a wide range of undergraduate and graduate courses scheduled on the weekend. All Weekend University courses are held either on EMU’s main campus or at the EMU Corporate Education Center. Among the many Weekend University offerings is a Weekend MBA program, Graduate Certificate in Business Administration and a second Bachelor’s Legal Assistant Program all designed to meet the needs of students already in the workplace. For information about the Weekend University, call (313) 487-0407. For information about the Weekend MBA program, call the College of Business at (313) 487-4444.

For more information about EMU Continuing Education in general or about any of the specific programs or services, either call the appropriate numbers listed with each special program or the main office at (800) 777-3521 long distance or (313) 487-0407 local.
OFFICES, OFFICERS, AND OTHER CAMPUS DEPARTMENTS AND LOCATIONS

THE GRADUATE SCHOOL
UNIVERSITY ADVANCEMENT
STUDENT REFERENCES
UNIVERSITY CAMPUSES
ATHLETIC FIELDS
ADMINISTRATIVE OFFICERS
FACULTY AND STAFF
EMERITUS FACULTY
THE GRADUATE SCHOOL

Ronald E. Goldenberg
Dean
Starkweather Hall
487-0042

The Graduate School provides advanced undergraduate students with an opportunity to enroll in selected graduate level courses provided that they meet the Graduate School’s admission standards and have achieved the requisite number of undergraduate credits.

Advanced undergraduate students at Eastern Michigan University may register for 500-level graduate courses if recommended by their advisers and approved by the assistant dean of the Graduate School prior to registering for the class. Credit earned may be used to meet the requirements of the baccalaureate degree (recorded as undergraduate credit) or to apply toward a master’s degree (graduate credit).

The following regulations apply:
1. Student applicants must have accumulated 76 hours or more of undergraduate credit and have a cumulative grade point average (GPA) of 2.50 or better in all course work completed at Eastern Michigan University.
2. Election of graduate hours as an undergraduate must be limited to the 500-level course series. Advanced undergraduates are not permitted to enroll in 600- or 700-level course series. Students must be admitted to a graduate degree program in the College of Business in order to enroll for a 500-level business course.
3. Credit so earned may be used for only one of two purposes:
   a. to meet the requirements of the baccalaureate degree, thus receiving undergraduate credit;
   b. to apply toward a master’s degree, thus receiving graduate credit.
4. Permission to enroll in graduate courses as an advanced undergraduate should not prolong completion of undergraduate degree requirements.
5. The maximum number of graduate hours that can be elected as an advanced undergraduate student is 15. Senior students who hold guest admission in the University are not eligible to enroll in graduate courses.
6. Permission to take graduate courses does not represent admission to the Graduate School. Students desiring to continue graduate study and utilize the graduate credit earned in courses elected as an undergraduate must apply and meet all requirements for admission to the Graduate School and degree programs.

Procedures for graduate admission require the student to complete and submit the application for admission directly to the Graduate School with official transcripts of all undergraduate and graduate credit earned. Where necessary, official scores from national examinations must be submitted (departments requiring examination scores are listed in the Graduate Catalog).

Please note the following deadline schedule. These are the dates the Graduate School must receive all application materials required for priority admittance to most degree programs at Eastern Michigan University.

- Fall admission: March 15
- Winter admission: September 15
- Spring/Summer admission: February 15

Applications received after the above established deadlines will be processed in the order received or moved to a subsequent semester; i.e., an application for fall semester received April 1 will be processed for winter semester, based on program requirements. All documents and supporting data required for admission become the property of the Graduate School and will not be returned.

Applicants are not officially admitted to the Graduate School and the requested graduate academic program until they have been notified in writing of acceptance by the Graduate School.

ADMISSION CATEGORIES

It should be understood that the admission policies presented are minimum standards and that many departments have established criteria above these minimums. For this reason, applicants for degree admission may have to meet additional requirements established by departments. These requirements often include standardized examinations, valid teaching certificates, letters of recommendation and/or personal interviews and grade point averages above the minimum established by the Graduate School.
Anyone planning to enroll in graduate level courses must be admitted to the Graduate School through one of the following two admission categories: degree admission or non-degree student status.

**ADMISSION REQUIREMENTS**

**Specialist’s Degree**

A minimum grade point average of 3.3 (B+) in the master’s degree program is required for admission to the specialist’s degree. For those departments admitting students into the specialist’s degree directly from the bachelor’s degree, a minimum undergraduate grade point average of 2.75 is required. Departments may establish standards higher than this minimum.

**Master’s Degree**

Degree admission requires that the applicant hold a bachelor’s degree from an accredited college or university and possess a minimum undergraduate grade point average of 2.60 (4.0) or 2.75 in the last half of the undergraduate program. Applicants who do not possess minimum requirements for admission may be granted conditional admission. Conditions of admission must be met prior to beginning core course work for the degree.

**TYPES OF ADMISSION**

**Degree Admission Status**

Degree admission into a master’s or graduate certificate program requires that the candidate meet both the Graduate School requirements (conferred bachelor’s degree and at least a 2.5 GPA or 2.75 GPA in the last half of the undergraduate program) and the departmental admission requirements as stated in the Graduate Catalog. Specialist’s degree admission requires a 3.3 GPA in the completed master’s program.

**Conditional Admission**

**Condition 1: Curriculum Deficiencies** is a conditional admission status for students who meet the degree admission requirements of the Graduate School, but have curricular deficiencies in their undergraduate program and/or other departmental standards and therefore do not meet departmental admission requirements. In such cases, special conditions noted on the departmental recommendation form must be completed prior to gaining degree admission.

**Condition 2: Senior Status** is the conditional admission granted to candidates completing an undergraduate degree at the end of the current semester and is valid for one enrollment period only. This condition is removed when the student submits an official undergraduate transcript with the baccalaureate degree posted.

**Condition 3: English as a Second Language Program** is a conditional admission status granted to international non-native speakers of English who scored below the required minimum score in the English proficiency exam (TOEFL, and the Test of Written English, or MELAB) and will be required to elect appropriate ESL courses. The ESL courses are determined by the ESL program staff based on the candidate’s score and a placement examination. The examination is administered by the English as a Second Language program staff at Eastern Michigan University prior to the beginning of each term.

**Non-Degree Admission**

The purpose of graduate study at Eastern Michigan University is a planned program of study leading to an advanced degree. Students who are exploring graduate study opportunities may enroll in a non-degree status. Non-degree students may enroll under this status for any of the semesters or sessions (fall, winter, spring or summer). Students can apply to transfer from non-degree student status to degree status if they meet departmental and Graduate School requirements (see Transfer of Credit to Degree Programs from Non-Degree Student Status). Policy states that a student must complete a minimum of 10 semester hours after admission to the degree program. Subject to University policy, non-degree students can earn a graduate certificate in such programs as artificial intelligence, gerontology, quality, and state and local history.

Credits earned do not automatically apply toward a degree program but are dependent upon admission to the Graduate School, the requirements of the program, recommendation by an adviser, and the approval of the Graduate School.

**Status 1: Academic Deficiencies** is a non-degree admission status granted on the recommendation of the academic department to candidates who do not meet the minimum undergraduate grade point average (2.5 GPA) requirement of the Graduate School or the academic department GPA requirements, whichever is higher; and/or have graduated from a non-accredited academic institution; and/or have demonstrated the potential to perform graduate level work at Eastern Michigan University. This type of admission provides students with an opportunity to demonstrate that they can be successful in a graduate program at EMU by completing a minimum of nine and no more than 12 graduate level credit hours specified by the department, while maintaining good academic standing (3.0 GPA).
hours elected as a non-degree admission candidate can only be applied to a graduate degree program upon the recommendation of the coordinator of graduate advising. It should be specifically noted that successful completion of nine and not more than 12 graduate level credit hours with a 3.0 GPA does not guarantee, nor does it constitute, admission to a graduate degree program.

**Status 2: Professional Certification** are non-degree admission statuses granted to those seeking certification or to those who are already certified teachers and other professionals in education who explicitly indicate that they do not intend to pursue a graduate degree program but wish to enroll only in courses to meet provisional and professional certification requirements. The academic courses that are elected via the non-degree admission status do not follow a prescribed graduate degree program and do not earn the student a graduate degree. Students seeking Provisional certification must hold a bachelor’s degree from an accredited institution and have a minimum grade point average of 2.5 at the time of application. Conditional admissions are not allowed for this status.

**Status 3: Continuing Education Division Enrollment** is a non-degree admission status granted to students who enroll in courses through Continuing Education. Courses taken under this non-degree admission status do not automatically apply to a graduate degree. Students who wish to use graduate-level courses offered through Continuing Education on a degree program must first seek formal admission to a graduate degree program by completing a Graduate School admission application and meeting all admission requirements of the program and university. The applicability of the courses to a degree program is subject to acceptance by and recommendation of the department offering the degree, and the approval of the Graduate School.

**Status 4: Personal/Professional Development** is a non-degree admission status granted to candidates who wish to enroll in graduate level courses for self-enrichment purposes and/or participate in a graduate certificate/advanced graduate certificate program. Courses taken under this admission status do not automatically apply to a graduate degree at Eastern Michigan University.

**Financial assistance** is available to graduate students under specific programs listed previously in the Financial Aid section of this catalog. This includes the College Work-Study Program, student employment, and educational loans such as Perkins Loans and the Stafford Loan Program.

**Graduate assistantships** are available through academic departments, and are awarded on the basis of the qualifications of the applicant. Each appointment requires considerable research time and precludes other employment. A stipend (salary) is paid; the amount depends upon the terms of employment. In addition, depending upon the appointment, the University pays full tuition for up to 18 credit hours for each fiscal year of the assistantship, as well as registration, and regular fees.

The total assistantship package varies in value depending on whether you receive a full-time or part-time assistantship or whether you are a resident or non-resident of Michigan. Graduate students interested in assistantships may apply through the Graduate School.

A limited number of assistantships are funded through the Work-Study Program. Interested students should contact their major area department head or the Graduate School. Students need to submit the graduate assistantship application material, as well as the free application for federal student aid.

The minority graduate assistantship program strives to attract highly qualified minority students in academic disciplines that traditionally have not been accessible to minorities. Eastern Michigan University has continually encouraged the application and enrollment of promising minority graduate students and recognizes the need for well-trained minority scholars. Applications are available in the Graduate School.

The part-time and full-time graduate fellowship program is an honor awarded to selected graduate students for academic merit. The award is a $500 tuition waiver per semester (fall and winter) for part-time with the provision that the fellow must enroll in and complete at least six credit hours of graduate level course work in each of the semester of the award. Full-time fellows can receive up to $4,000 per academic year and must be registered for a minimum of eight credit hours per semester of the award. Undergraduate courses taken for graduate credit are not considered part of the required hours.
Both new and continuing graduate students may apply for graduate fellowships. New graduate students must present a minimum 3.6 cumulative undergraduate GPA to receive consideration. Graduate students who have already begun their programs must present a minimum of 3.6 cumulative graduate GPA to receive consideration.

Graduate fellows (1) must hold admission to an academic program leading to either a master’s or a specialist’s degree; (2) must maintain a cumulative graduate GPA of 3.6 at all times during their fellowship in order to maintain the award; and (3) are eligible for reappointment for one additional academic year if they apply and continue to achieve a 3.6 cumulative graduate GPA. Students accepted into the graduate assistantship program are not eligible to receive part-time fellowships, but can be considered for full-time fellowships. Applications are available in the Graduate School, Starkweather Hall.

The Graduate Deans’ Award for Research Excellence is a $250 cash award made in the fall and winter semesters to reward excellence in the thesis project. Currently enrolled Eastern Michigan University graduate students or recent graduates (within one year) are eligible to apply for the award. Part- and full-time students who are in the final stages of completing, or have completed the thesis, and are in good academic standing are encouraged to apply. The major criterion for the award is the exhibition of superior initiative and quality in the student’s own research project.

Deadlines for application are November 15 for the fall award and March 15 for the winter award. Applications are available in the Graduate School, Starkweather Hall.

The Barton Scholarship is a one-time competitive award of up to full tuition and fees. Applications will be considered by the Graduate School Scholarship Committee bi-annually for the fall and winter semesters. Applicants must (1) either be enrolled in the final semester of their undergraduate program of study and earn a baccalaureate degree from Eastern Michigan University with no graduate level academic work completed prior to receiving the award, or have previously earned a baccalaureate degree from EMU and have not enrolled in courses as a graduate student prior to receiving the award; (2) must have a cumulative undergraduate GPA of 3.5 or better at the time of submitting the scholarship application; and (3) must become candidates for admission into a graduate academic program at Eastern Michigan University or The University of Michigan prior to submitting the Barton Scholarship application form. Students who wish to pursue their graduate studies at The University of Michigan must submit a completed Graduate Admission Verification Form before consideration can be given to their scholarship application. Check with the Graduate School for applications and additional information.

The Anton Brenner Scholarship is a one-time competitive award of $500 which is applied to the recipient’s tuition and fees. Applications will be considered by the Graduate School Scholarship Committee for each fall semester. Applicants must (1) have completed at least one full academic semester (spring and summer combined equals one full semester) at EMU and earned at least 10 graduate credit hours toward their master’s degree prior to submitting an application for the award; (2) have a cumulative graduate GPA of 3.5 or better at the time of submitting the scholarship application; (3) be enrolled in at least four graduate credit hours during the fall semester for which the scholarship award is granted; and (4) submit an application on or before April 15 to be considered for an award the following fall. Applications are available in the Graduate School, Starkweather Hall.

OFFICE FOR ALUMNI RELATIONS

George G. Beaudette
Director
16 Welch Hall
487-0250

Alumni are Eastern Michigan University’s lifeline to every community in the state of Michigan, to business and industry across the country, and to the world-at-large. The continuing interest of graduates and former students is a major investment in the progress and future of EMU.

The Office for Alumni Relations is the coordinating body for all alumni activity and the means by which personal relationships established during student days can be maintained and renewed.
It is responsible for updating the computerized list of 87,000 known alumni, assisting in special reunions of various constituent groups of alumni, providing programs for special alumni meetings and giving staff support to the Alumni Association and various other alumni groups. Special activities include Homecoming, a yuletide program, a dinner dance honoring distinguished alumni, golf outings, concerts and other periodic activities.

In August 1983, it initiated a new alumni periodical, *Eastern Today*, published annually in cooperation with the Offices of Public Information and Publications. The magazine is designed to enhance communications about and among alumni, faculty, administration, and friends of EMU. The monthly (academic year) newsletter *Connection* was added in 1992.

The Alumni Association plans programs of interest for alumni and serves as the vehicle for communicating to the University faculty and administration the concerns of EMU’s alumni as they relate to the development of the University.

Active in fund raising campaigns, the association is responsible for the Memorial Chimes and Pierce Hall clocks given in former years, and more recently for gifts to the University Library, various established funds and scholarships, and additional scholarships and aid to student organizations. Charles McKenny Union, completed in 1931 and built through the cooperative efforts of alumni and the University, stands as a visible symbol of the association’s ongoing service to EMU.

The association is governed by a 24-member board of directors elected in the spring of each year by a vote of all eligible association members. The president of the University and the executive vice president are ex-officio members of the board; the director of the Office for Alumni Relations serves as secretary.

**OFFICE OF DEVELOPMENT**

Russell B. Wright  
Associate Executive Vice President  
11 Welch Hall  
487-3036

The Office of Development was established in 1975 to create a new awareness of the University’s ever-increasing need for private support and to organize a University-wide development program.

**OFFICE OF RESEARCH DEVELOPMENT**

Robert Holkeboer  
Director and Associate Graduate Dean  
Brian Anderson  
Associate Director  
Dorothy Spurlock  
Research Associate  
B-18 Goddard Hall  
487-3090

The Office of Research Development’s objectives are to stimulate, initiate, develop, and administer externally sponsored activities in the University by working with faculty, administration, and students interested in obtaining funds for research, demonstration programs, training, instruction, service, experimental projects, and other efforts directed toward expanding the scope and quality of the University. Its activities include:

1. identification of funding sources through liaison with governmental and private agencies, screening of program announcements and requests for proposals, and personal contacts;
2. providing information on funding opportunities;
3. maintaining informational files on private, state and federal funding programs and updating changing priorities or funding levels of potential sponsors;
4. assisting faculty and staff in developing workable project plans and budgets;
5. assisting proposal writers in developing budgets and plans, editing and preparing proposals for submission, obtaining all necessary University approvals, and formally submitting the completed application to the funding agency;
6. assisting in the administration of externally sponsored programs by providing post-award support services to grant recipients, including negotiation and writing of grant and contract agreements;
7. exercise oversight of research and other projects to assure compliance with applicable federal regulations such as those covering the use of human subjects, the care and use of animals, and conflict of interest.

THE WORLD COLLEGE

Ray Schaub
Director and Professor of German
Geoffrey M. Voght
Associate Director and Professor of Spanish
Louis Saalbach
Manager, Communication and Marketing
David Archbold
Manager, International Cooperative Education Exchange Program
307 Goodison Hall
487-2414

Eastern Michigan University established the World College in 1987 as one of the top institutional priorities of the University’s “Decade of Advancement.” The result of internal restructuring, this new college evolved from the administrative function of the Language and International Trade Program in the department of Foreign Languages and Bilingual Studies. It also encompasses the functions of the former Office of International Projects.

Reporting to the Provost and Vice President for Academic Affairs and to the Executive Vice President, the World College coordinates and facilitates the development of internationally-focused programs via collaboration with the entire University community. Among the major goals of the World College are:
• To facilitate the incorporation of global perspectives in university curricula.
• To assist in developing and maintaining liaison with foreign academic institutions, governments and business organizations.
• To serve as a clearinghouse of information and referrals regarding internationally-focused projects, programs, events, and activities.
• To assist faculty and staff in internationalizing their own expertise and in applying their expertise to new international endeavors.
• To increase international educational experiences for students and faculty, on campus and abroad.
• To develop international programs through federal and state funding.
• To develop contract-based, non-credit, internationally-focused experiences and courses for the public and private sectors.

The World College is not a traditional academic college with its own departments and courses, faculty members, majors, and degrees. Rather, it serves as a facilitating and coordinating center for international education, seeking to promote the broadening of awareness and understanding—in all colleges, departments, and programs at EMU—of the world outside the borders of our country. World College programs are developed in conjunction with faculty and administrators in the other academic colleges.

STUDENT REFERENCES

Bette White
Dean of Students
205 Goodison Hall
487-3118

Official policies regarding student conduct and grade grievance procedures are established by the University’s Board of Regents. Copies of the Student Conduct Code may be obtained in the Dean of Students’ Office.

CONDUCT CODE AND JUDICIAL STRUCTURE FOR STUDENTS AND STUDENT ORGANIZATIONS

Section I.
A. University-Wide Regulations
The following conduct, should it take place on University owned or controlled property or at a University sponsored or supervised event, may result in disciplinary action by the University, including dismissal from the University.
1. **Use of alcohol**
   Consumption or possession of alcoholic beverages by persons under 21 years of age. Consumption or possession of alcoholic beverages by any person at any place or at any time where not specifically permitted by University policy or regulation. NOTE: Transportation in sealed containers to and from an authorized area or place is permissible if the person in possession has attained the legal age as prescribed by Michigan law for the legal possession of alcoholic beverages.

2. **Drugs**
   (a) Drug distribution. Distribution of narcotic or drug substance in violation of local, state, or federal drug or narcotic laws.
   (b) Drug usage. Use or possession of any drug or narcotic in violation of local, state, or federal drug or narcotic laws.

3. **Property**
   (a) Theft of University property or property of a member of the University or visitor.
   (b) Damage, destruction, or defacement of University property or property of a member of the University or visitor.
   (c) Wrongful appropriation of University property or property of a member of the University or visitor.

4. **University facilities**
   (a) Unauthorized use: including entry to, occupation of, or blocking ingress or egress of University facilities such as but not limited to buildings, classrooms, hallways, entryways, conference rooms, campus grounds, as well as unauthorized use of vehicles, equipment, or services or University name or logo (including University Computing Center).
   (b) Gambling: on campus for money or other things of value except as provided by law.
   (c) Pets: Dogs, cats, reptiles, or other animals are prohibited in University buildings or on University grounds, except where properly authorized.

5. **Disruptive conduct**
   (a) Active participation in or instigation of disruption or obstruction of any University activity.
   (b) Disturbance of or harassment of any member of the University community or visitor.

6. **Physical abuse**
   (a) Physical abuse or threat of physical abuse or unwarranted inflammatory provocation to physical abuse against any member of the University community or any person on University property or conduct which threatens or endangers the mental or physical health or safety of any such person.
   (b) Sexual harassment: Sexual harassment means unconsented physical contact of a sexual nature, unwelcome sexual advances, unwelcome requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

7. **Discrimination and discriminatory harassment**
   It is the policy of Eastern Michigan University to maintain an educational environment free from harassment, humiliation, and intimidation of students and other members of the University community. Discriminatory harassment, as defined herein, is prohibited and offenders are subject to disciplinary action under Section 3, infra (Judicial Structure for Students and Organizations). Speech or other expression constitutes discriminatory harassment under any of the following circumstances.
   (a) If it:
      1. is intended to insult or otherwise injure an individual on the basis of personal characteristics such as, but not limited to, race, ethnicity, color, national origin, creed, religion, ancestry, age, handicap, or sexual orientation, and
      2. is addressed directly to the individual whom it insults, and
      3. amounts to “fighting words.”
   “Fighting words” are those personally abusive epithets which, when directly addressed to any ordinary person are, in the context used and as a matter of common knowledge, inherently likely to provoke a violent reaction, whether or not they actually do. Such words include, but are not limited to, derogatory references to the personal characteristics described in Section 1 above.
   (b) If it:
      1. constitutes a violation of MCL 750.147b, prescribing criminal and civil penalties for ethnic intimidation. See PA 1988 No. 371-1, effective March 30, 1989.
(c) If it:
1. presents a clear and present danger of substantial disorder, violence, interruption of classes, or material interference with the operation of the University.

(d) If it:
1. consists of extreme or outrageous acts or communications intended to harass, intimidate, or humiliate the person to whom it is directed on account of the personal characteristics described in Section A-1 and reasonably causes such person or persons to suffer severe emotional distress.

Severability
Any part of the foregoing provisions of Section 7 which shall be found by a court of competent jurisdiction to unconstitutionally abridge a person’s rights to free speech and expression shall be severed, held for naught, and the balance of such Section 7 shall remain fully enforceable.

8. Falsification of records
   (a) Furnishing false information to the University.
   (b) Forgery, alteration, or improper use of University documents, records, or identification.

9. Firearms, weapons, and explosives
   (a) Possession or use of firearms and other weapons.
   (b) Possession or use of fireworks, gunpowder, explosives or incendiary devices, or other materials which endanger health or safety.

10. Fires or fire alarm systems and equipment
    (a) Tampering with or misuse of fire alarm systems or firefighting equipment.
    (b) Intentionally or recklessly burning or setting fire to or in any building or starting unauthorized fire on University property.

11. Academic dishonesty
    Students are not to engage in any form of academic dishonesty including, but not limited to, plagiarism, alteration of records, substitution of another’s work representing it as the student’s own, and knowingly assisting another student in engaging in any such activity.

    For purposes of this section, plagiarism is defined as the knowing use, without appropriate approval, of published materials, expressions, or works of another with intent to represent the material(s) as one’s own.

12. Other University regulations:
    (a) EMU policy manual(s);

(b) Terms and conditions of the residence hall contract;
(c) EMU published undergraduate and graduate catalogs;
(d) Rules and regulations specific to University buildings.

B. Off-Campus Conduct
Individual or group conduct described in the regulations in Part A which occurs off-campus also may result in disciplinary action by the University when:

1. such conduct has or tends to have a substantial adverse impact on the interest of the University or an individual within the University community, and

2. there is a showing to that effect to the satisfaction of a University hearing board to which the case is referred.

Section II. Conduct Code for Student Organizations
Recognized student organizations have considerable freedom to accomplish their goals. However, they must conform to the policies, regulations, and procedures for student organizations and the Code of Conduct. Any group in violation of these standards is subject to disciplinary action. Original jurisdiction for conduct cases for all recognized student organizations is held by the Dean of Students Office.

A. University-Wide Regulations
The following conduct, should it take place on University owned or controlled property or at a University sponsored or supervised event, may result in disciplinary action by the University, including separation from the University.

1. Non-discrimination by organizations
   (a) Every student organization registered and approved by the University is expected to be free to select its membership upon the basis of individual merit. Any student organization selecting its membership upon the basis of restrictive clauses involving race, religion, color, national origin, sex, age, or handicap will be considered to be operating in conflict with University policy.

   (b) Exceptions to this policy include religious qualifications which may be required by organizations whose aims are primarily sectarian, and social fraternities and sororities that are permitted by federal and state law to discriminate on the basis of sex.
(c) Should a student organization be in conflict with University policy in the selection of its members, the group will be asked to submit evidence that action has been or is being taken to remove such restrictive membership provision such as a request for a waiver of the restriction from the national organization. A reasonable period of time as determined by the Dean of Students Office may be granted to remove the restrictive provisions. Continued restriction of membership by constitutional requirements or other binding enactment contrary to University policy will result in withdrawal of University registration of the student organization.

2. Property
(a) Theft of University property or property of a member of the University or visitor.
(b) Damage, destruction, or defacement of University property or property of a member of the University or visitor.
(c) Wrongful appropriation of University property or property of a member of the University or visitor.
(d) Unauthorized possession of University property or property of a member of the University or visitor.

3. University facilities
(a) Unauthorized use including entry to, occupation of, or blocking ingress or egress of University facilities such as but not limited to buildings, classrooms, hallways, entryways, conference rooms, outside grounds as well as unauthorized use of vehicles, equipment, services, or University name or logo (including University Computing Center).
(b) Misuse of University facilities, vehicles, equipment, services, or University name or logo including but not limited to use for purposes other than intended for or authorized.

4. Falsification of records
(a) Furnishing false information to the University.
(b) Forgery, alteration, or improper use of University documents, records, or identification.

5. Disruptive conduct
(a) Active participation in or instigation of disruption or obstruction of any University activity.
(b) Disturbance of or harassment of any member(s) of the University community or any person(s) on campus in an official capacity or visitor(s).

6. Physical abuse
(a) Physical abuse or threat of physical abuse or unwarranted inflammatory provocation to physical abuse against any member of the University community or any person on University property or conduct which threatens or endangers the mental or physical health or safety of any such person.
(b) Sexual harassment: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment as defined and otherwise prohibited by state or federal statutes.
(c) In cases where the activity is performed by an individual member of a student organization, the total organization may be held responsible when those members not directly involved participate in said activity by encouraging, witnessing, or condoning the act in any manner.

7. Discrimination and discriminatory harassment
It is the policy of Eastern Michigan University to maintain an educational environment free from harassment, humiliation, and intimidation of students and other members of the University community. Discriminatory harassment, as defined herein, is prohibited and offenders are subject to disciplinary action under Section 3, infra (Judicial Structure for Students and Organizations). Speech or other expression constitutes discriminatory harassment under any of the following circumstances.

(a) If it:
1. is intended to insult or otherwise injure an individual on the basis of personal characteristics such as, but not limited to, race, ethnicity, color, national origin, creed, religion, ancestry, age, handicap, or sexual orientation, and
2. is addressed directly to the individual whom it insults, and
3. amounts to "fighting words."
"Fighting words" are those personally abusive epithets which, when directly addressed to any ordinary person are, in the context used and as a matter of common knowledge, inherently likely to provoke a violent reaction, whether or not they actually do. Such words include, but are not limited to, derogatory references to the personal characteristics described in Section 1 above.
4. This section (a) shall be construed as a 
proscription of all so-called “fighting words.”

(b) If it:
1. constitutes a violation of MCL 750.147b, 
    prescribing criminal and civil penalties for ethnic 
    intimidation. See PA 1988 No. 371-1, effective 

(c) If it:
1. presents a clear and present danger of substan­
tial disorder, violence, interruption of classes, 
or material interference with the operation of 
the University.

(d) If it:
1. consists of extreme or outrageous acts or com­
munications intended to harass, intimidate, or 
humiliate the person to whom it is directed on 
account of the personal characteristics described 
in Section A-1 and reasonably causes such per­
son or persons to suffer severe emotional dis­
tress.

Severability
Any part of the foregoing provisions of Section 7 which 
shall be found by a court of competent jurisdiction to 
unconstitutionally abridge a person’s rights to free 
speech and expression shall be severed, held for naught, 
and the balance of such Section 7 shall remain fully 
enforceable.

8. Hazing
(a) Eastern Michigan University students as indi­
viduals or members of registered student orga­
nizations are expressly forbidden from engag­
ing in hazing. Initiation into University organi­
zations is permissible excluding any activi­
ties construed as hazing.

(b) Hazing shall be defined as the performing of 
an act or insisting that another, including the 
initiate, perform an act for initiation individu­
ally or with any student or other organization 
which may cause or create an unnecessary risk 
or cause mental or physical harm to any per­
son or which is not deemed socially acceptable. 
Such acts include, but are not limited to: requir­
ing an initiate to consume alcohol or any other 
substance, preventing an initiate from having 
at least six hours sleep in any 24-hour period, 
branding, paddling, causing excessive fatigue— 
mental or physical. Expecting participation in 
acts which cause embarrassment, humiliation, 
discomfort, pain, fright, or injury or which viol­
ate any federal, state, or local statute, or Uni­
versity policy.

(c) In cases where the activity is performed by an 
individual member of a student organization, 
the total organization may be held responsible, 
when those members not directly involved partici­
uate in said activity by encouraging, witness­
ing, or condoning the act in any manner.

(d) Any individual and/or organization found guilty 
of hazing will be subject to a minimum penalty 
of suspension.

9. Other University regulations
Violation of any other posted or published University 
regulations, including but not limited to:
(a) EMU policy manual(s);
(b) Terms and conditions of the residence hall con­
tract;
(c) EMU published bulletins (undergraduate and 
graduate catalogs);
(d) The Eastern Echo;
(e) Rules and regulations specific to University 
buildings;
(f) Campus Life Council regulations and guidelines 
for organizations;
(g) Student government monetary allocation guide­
lines.

B. Off-Campus Conduct
Conduct described in the regulations in Part A which 
occur off campus also may result in disciplinary action 
by the University under the same provisions as the in­
dividual conduct code.

Note: Nothing in the foregoing shall subject an organi­
zation to liability under the provisions of this code for 
the acts of individuals unless such acts are committed 
under the formal or informal sponsorship, authority, 
direction, or as a group action of the organization.

Section III. Judicial Structure for Students and 
Student Organizations
A. Procedural Rights of the Student/Student 
Organization
1. The student/student organization shall have the 
right to remain silent.

2. The student/student organization shall have a 
right to a voluntary adviser of their choice. Such 
adviser shall be selected from the University 
community and may participate in the disciplin­
ary proceedings. The student also shall be in­
formed by the dean of students that assistance 
is available through Student Government’s Stu­
dent Defender’s Union. The student shall be 
informed of the availability of such assistance
prior to the discipline process when applicable. When criminal prosecution is pending on charges stemming from the same incident, the student/student organization shall have a right to engage an attorney, at their own expense, of their choice to be present at a University hearing. The attorney shall not represent the student/student organization nor be a participant in the hearing but shall be permitted to consult with the student/student organization at all stages of the proceedings.

3. The student/student organization shall be given a written statement of the charges against them prior to the commencement of the disciplinary process.

4. The student/student organization must be presented with a written list of their rights. Rights 1-4 shall extend to all judicial proceedings, all investigations conducted by the Dean of Students Office, and before any statement is made to the Dean of Students Office.

5. The student/student organization may confront their accuser and is guaranteed to the right to cross-examine all those testifying against them.

6. The student/student organization shall have the right to bring witnesses to testify in their defense. The University Judicial Board and the Judicial Appeals Board shall have the authority to limit the number of witnesses by a two-thirds (2/3) vote of those members present, in order to avoid dilatory tactics.

7. The student/student organization shall have the right to an open or closed hearing at their discretion. A hearing shall be deemed to have been open if provision for twenty (20) spectators was made in the hearing room and no person was excluded until the room's capacity was reached except for sequestration or if such person's behavior was disruptive of the atmosphere for the conduct of a fair hearing.

A closed hearing means participants only: student/student organization charged, adviser(s), dean of students and/or designee(s), witnesses, members of the board.

8. The student/student organization may submit to the dean of students, University Judicial Board, or the Judicial Appeals Board, in writing, a supportive report of any individual organization that chooses to intervene in their behalf.

9. The student/student organization shall have the right to challenge for cause any member of the University Judicial Board or Judicial Appeals Board. Each body shall determine the validity of such challenges.

10. No member of the University Judicial Board or Judicial Appeals Board who is involved with the investigation of a case or is a party to the case shall sit on the board while the case is being heard. Rights 5-10 shall extend to all cases before the University Judicial Board or Judicial Appeals Board.

11. With the assistance of the Dean of Students Office, the University Judicial Board and the Judicial Appeals Board must keep official records of each case which the student/student organization may examine.

B. Dean of Students Office

1. The dean of students shall have the power to investigate each student/student organization disciplinary case.

2. After investigation, the dean of students will make one of the following decisions:

   (a) charge the student(s)/student organization with misconduct and assign a penalty;
   (b) charge the student(s)/student organization with misconduct and refer the case to the UJB for action;
   (c) refer the case to the UJB for review and action;
   (d) not charge the student(s)/student organization.

3. In all cases where a student/student organization is charged, a written notice shall be prepared by the Dean of Students Office and served on the student(s)/student organization involved. It will satisfy this provision if such a notice is given to the student(s)' student organization's last known address registered with the University. The notice shall include the following:

   (a) A recitation of the facts which surround the violation giving, so far as possible, the date, time, and location of the behavior in question.
   (b) A recitation of the specific regulation violated.
   (c) Any penalty assigned or other action taken.
   (d) The student/student organization has ten (10) calendar days to appeal the finding in writing.
   (e) Failure to appeal the decision within ten (10) calendar days shall result in the penalty taking effect.

4. When a case is taken to the University Judicial
Board (or Judicial Appeals Board), the complaint should be submitted in writing to the hearing board by a representative from the Dean of Students Office or by an appointee of the Dean of Students Office.

5. In case of a hearing before the University Judicial Board (or Judicial Appeals Board), the dean of students shall notify the student(s)/student organization involved of the date, time, and place of the hearing and/or pre-hearing conference. The date of the pre-hearing conference shall not be less than two (2) days prior to the date of the hearing—except by mutual consent.

C. Pre-hearing Conferences
At least two days prior to any hearing by the University Judicial Board or hearing officer, the dean of students shall schedule a pre-hearing conference for any student(s)/student organization charged with conduct violations. Such conference shall be attended by:

1. The presiding officer of the University Judicial Board or Judicial Appeals Board, or the hearing officer or a designee of one of these officers.
2. The dean of students or his/her designee and may be attended by:
   (a) Any employee of the University who may be designated to represent the University.
   (b) The student(s)/student organization involved.
   (c) Any member of the University community in good standing selected by the student(s)/student organization to serve as an adviser or representative.

The purpose of such conference shall be to identify those issues and facts which will be presented at the hearing, to exchange information as to witnesses likely to be called, to answer procedural questions so far as possible, and to settle those matters which may be agreeably concluded. This conference will not determine questions of innocence or guilt or recommendation of penalty. The failure of the student(s)/student organization or their adviser or representative to appear shall in no way affect any procedural rights of the student(s)/student organization in subsequent disciplinary proceedings and such failure will not prohibit a hearing from being set and a hearing being held.

D. The University Judicial Board
1. Composition
   (a) The University Judicial Board shall consist of five (5) enrolled students and two (2) alternates, two (2) full-time faculty members and one (1) alternate, and two (2) full-time members of the University community and one (1) alternate (which includes current faculty, staff, employees, and students).
   (b) No member shall be on any probationary status and no member shall have any pending disciplinary action which may lead to a change of status.

2. Selection of members
   (a) The student members shall be appointed by the Student Senate as directed by their constitution and by-laws; with one student member from the Office of Campus Life.
   (b) The faculty members shall be selected by the Faculty Council.
   (c) The president or his/her designee shall appoint the members from the University community.

3. Term of office
   (a) Members shall be appointed for up to a two-year period. They may be reappointed by the person or body who appointed them.
   (b) Members may be removed from the board for poor attendance by a simple majority vote of the total board.

4. The chief justice shall be elected from within the body by a majority of the body.

E. Jurisdiction of the University Judicial Board
1. The University Judicial Board shall have original jurisdiction in all cases involving violations of University regulations.
2. The University Judicial Board shall exercise superintending control if there is probable cause to believe that elementary principles of fairness and justice are being or will be violated.

F. Appeals to the University Judicial Board
All appeals to the University Judicial Board shall be governed by the following:
1. Appeal may be granted on any basis.
2. Appeals shall be made to the University Judicial Board in writing through the Dean of Students Office.
3. The University Judicial Board shall decide whether or not to hear the case by majority vote.
4. All cases shall be heard from the beginning.
5. Upon motion of the student(s)/student organization party, any case may be removed directly
to the Judicial Appeals Board, which shall assume original jurisdiction.

G. Procedure of the University Judicial Board
1. Prior to any discipline hearing, a pre-hearing conference will be held (see Item C, Pre-Hearing Conferences).
2. Quorum
   A quorum shall exist with the presence of any six (6) members.
3. Disposition of cases
   (a) A simple majority of the board members present shall be required for any action taken.
   (b) Decisions of the University Judicial Board shall be in writing. The decision shall be based on the evidence presented. The decision shall state what rule was violated, the behavior constituting the violation and, if known, the date, time, and place of the violation. Within forty-eight (48) hours, the decision will be submitted in writing to the dean of students for mailing to the student(s)/student organization’s last known address. Also a copy will be sent to the Judicial Appeals Board.
   (c) All decisions of the University Judicial Board shall be final and shall be implemented after five (5) working days, unless appealed or as provided under Section 5, Item A. These decisions may be appealed by either party to the Judicial Appeals Board. The appeal must be in writing to the chair of the Judicial Appeals Board and delivered to the Dean of Students Office within five (5) working days from the date of the decision.
   (d) The University Judicial Board shall have authority to decide on penalties sanctioned by the University (see Section 4) and/or other action deemed appropriate.

H. Judicial Appeals Board
1. Composition
   (a) The Judicial Appeals Board shall consist of two (2) enrolled students, two (2) full-time faculty members, and two (2) full-time members of the University community.
   (b) No members shall be on any probationary status, and no member shall have any pending disciplinary action which may lead to a change of status.
2. Selection of members
   (a) The student members shall be appointed by the Student Senate as directed by their constitution and by-laws.
   (b) The faculty members shall be selected by the Faculty Council.
   (c) The president or his/her designee shall appoint the members from the University community.
3. Term of office
   (a) Members shall serve for up to a three-year term. They may be reappointed by the person or body that appointed them.
   (b) Members may be removed from the board for poor attendance by a simple majority vote of the total board.
4. Chair
   The chair of the Judicial Appeals Board shall be elected by a majority vote of the board.

I. Jurisdiction of the Judicial Appeals Board
1. The Judicial Appeals Board shall have appellate jurisdiction in all cases heard before the University Judicial Board and shall have original jurisdiction on the motion of the student/student organization party in any case.
2. In the event the University Judicial Board shall fail to convene and decide any case within a reasonable time, the Judicial Appeals Board will have the power to assume jurisdiction.
3. The Judicial Appeals Board shall exercise superintending control over lower courts if there is probable cause to believe that elementary principles of fairness and justice are being violated or will be violated.

J. Appeals to the Judicial Appeals Board
1. Student/student organization appeals or administrative appeals shall be made in writing to the chair of the Judicial Appeals Board and submitted to the Dean of Students Office within five (5) working days. In case of administrative appeal, the student/student organization involved shall be notified at least five (5) working days prior to their hearing before the Judicial Appeals Board.
2. All cases on appeal will be heard from the beginning.

K. Procedure of the Judicial Appeals Board
1. Prior to any discipline hearing, a pre-hearing
conference will be held (see Item C, Pre-Hearing Conferences).

2. Quorum
A quorum shall exist with the presence of any four members.

3. Disposition of cases
(a) A simple majority of those present shall be required for any action taken by this board.
(b) Decisions of the Judicial Appeals Board shall be in writing. The decision shall be based on the evidence presented. The decision shall state what rule was violated, the behavior constituting the violation and, if known, the date, time, and place of the violation.
(c) Decisions of the Judicial Appeals Board shall be submitted to the president for review with copies to the Dean of Students Office, University Judicial Board, and the student(s)/student organization.
(d) The president will make the final decision by accepting, modifying or rejecting the Judicial Appeals Board decision. If the decision is modified or rejected, then the president shall provide the student(s)/student organization and the Judicial Appeals Board with the reason(s) for the modification or rejection in writing.
(e) Judicial Appeals Board and/or presidential decisions shall be in writing with specific factual findings, citing rule(s) violated and setting forth discipline to be imposed, if any.
(f) For cases on which there has been no presidential action within five (5) working days after submission, the Judicial Appeals Board decision is deemed to be approved.
(g) All decisions approved and permitted to stand shall become effective immediately.
(h) Decisions shall be made in writing and made available to the student(s)/student organization on the first day following Judicial Appeals Board action and following acceptance by the president or his/her designee. In cases permitted to stand without presidential action, the decision shall be made available to the student(s)/student organization no later than the sixth (6th) working day following the submission for review of the decision of the Judicial Appeals Board.
(i) Application for additional review and modification of the Judicial Appeals Board and presidential decision may be made to the Board of Regents through the secretary of the Board of Regents. The Board of Regents, at its discretion, may agree to review the findings and decision of the president or the Judicial Appeals Board.

L. Alternate Hearing Procedure
1. In the event the University Judicial Board shall fail to convene and/or act within a reasonable time, the president shall be authorized to refer the case directly to the Judicial Appeals Board. In the event the Judicial Appeals Board shall fail to convene and/or act within a reasonable time, the president shall be authorized, after consultation with and approval by the Board of Regents, to appoint a hearing officer, not otherwise employed by the University, who shall conduct such hearings and perform the functions otherwise specified for the Judicial Appeals Board. The hearing officer shall submit his/her findings and recommendations to the president or his/her designee in the same manner and within the time as required for the Judicial Appeals Board.

2. Discipline by administrative action
   It is the policy and practice of the University to handle disciplinary cases administratively without involvement of the student/student organization judicial systems when the judicial bodies are not in sessions.

Section IV. Penalties for misconduct
   Discipline is intended to be corrective and educational as well as punitive. It is intended that the student(s)/student organization will learn from disciplinary experience and develop a more mature attitude toward group living problems. The penalties which may be incurred include, but are not limited to, the following:

A. Penalties for students
   1. Reprimand
   An official written statement of the University's disapproval of an individual or group action.
   2. Administrative warning
   Will be issued to students for lesser offenses than those subject to administrative probation. A breach of conduct will be viewed not only as the breach of conduct itself but a violation of this warning, which may result in dismissal.
   3. Administrative probation
   Defines the student's status to be conditional and
may require exclusion from some programs and curricular or extracurricular activities. In each case, the length and nature of the exclusions, if any, shall be determined according to the nature of the offense. Any breach of conduct while on administrative probation will be viewed not only as the breach of conduct itself, but a violation of probation which may result in dismissal.

4. Suspension
Suspension is an involuntary separation of the student from the University which may extend for one semester, until a specified date, and/or until a stated condition is met.

5. Dismissal
Dismissal, like suspension, involves separation from the University but it is for an indefinite period of time.

In case of a judicial decision requiring that a commitment or action or other stated condition be met by a student, the person or body setting this condition shall be responsible for making their expectations clear to the student and for superintending and monitoring its implementation.

B. Penalties for Student Organizations
1. Reprimand
An official written statement of the University's disapproval of an individual or group action.

2. Administrative warning
Issued to student organizations for lesser offenses than those subject to administrative probation. Any breach of conduct will be viewed not only as the breach of conduct itself, but a violation of this warning, which may result in suspension of said organization's status as a student organization. The misconduct may be reported to said organization's national office, if applicable.

3. Administrative probation
Defines the student organization's status to be conditional and may require exclusion from campus activities, forfeiting of student monetary allocations, and withdrawal of Campus Life status for a minimum of one semester. Any breach of conduct while on administrative probation will be viewed not only as the breach of conduct itself, but a violation of probation that may result in suspension of said organization's status as a student organization.

4. Suspension or termination
The involuntary withdrawal of status of the student organization from the University permanently, for a specified period of time, and/or until a stated condition is met. During this period the University will not in any way recognize or support the continued operation of said organization. The student organization must reapply to the Office of Campus Life for renewed recognition following any period of suspension. The suspension action shall be reported to said organization's national office, if applicable.

Action taken against a student organization also may result in separate action being taken against individual members of said group, when appropriate. In this case, the sections of the conduct code referring to student conduct will be applied.

Section V. Presidential Responsibility
A. Presidential Review
1. The authority to suspend or dismiss a student/student organization from the University for conduct in violation of University rules and regulations is vested in the president as the chief executive officer of the University or in his/her designated representative.

2. All disciplinary penalties assigned through the University judicial and review system that would result in suspension or dismissal of a student/student organization from the University shall be reviewed by the president or his/her designee.

3. The president or his/her designated representative may:
   (a) Accept the decision of the judicial review system, or
   (b) Reject the decision. If the decision rejected is:
       1) A dean of students decision, the rejection will constitute an automatic appeal to the University Judicial Board.
       2) A University Judicial Board decision, the rejection will constitute an automatic appeal to the Judicial Appeals Board.
       3) A Judicial Appeals Board decision, the procedure stated in Procedure of the Judicial Appeals Board, Item K, 3, b, c, will be followed.

B. Interim Suspension
The president, as the chief executive officer of the University, is directly responsible to the Board of Regents for the enforcement of the Univer-
The student(s)/student organization shall be notified of their suspension status orally, by written notice served on the student(s)/student organization, or written notice sent to the last address on record. Within five (5) days after the notice, the student(s)/student organization shall be provided with the opportunity for an informal hearing before the president or his/her designated representative. At this hearing, the student(s)/student organization shall be permitted to present their side of the story. After the hearing, the president or his/her designated representative may lift suspension and direct that a hearing follow within eight (8) days before the University Judicial Board, or maintain the student(s)/student organization on suspension status and direct that a hearing follow within eight (8) days before the University Judicial Board.

The above provisions concerning judicial power are the official policy of the University, subject to such specific amendments as shall hereafter be made and subject to those exceptions to these procedures implicit in the emergency powers of the president. Nothing in the above shall be construed as affecting the standard of conduct or rules of behavior as established by the regents.

All publications of the University that contain rules and procedures—other than the above that describes the judicial structure or the procedures of student/student organization courts, Greek courts, or residence hall courts—shall not be construed as controlling those courts, but rather shall be merely descriptive of the system and procedures that the student(s)/student organization have themselves enacted as controlling their institutions.

C. Emergency Powers of the President

When faced with mass disruptions, activity of a violent and destructive nature, or other dangerous violations of University rules, the president may take note in a general statement of the seriousness of the threat to the University. As chief executive officer of the University, the president is charged with the maintenance of that degree of order necessary to the successful continuation of the University's lawful mission. Such responsibility carries with it the necessity for a certain degree of authority. Such authority has always existed in the Office of the President. It is herein made explicit but to the extent that the courts of the land may deem such authority to be inherent or implicit, it is not limited.

The president, after consultation with and approval of the Board of Regents, may:

1. Impose and have enforced a curfew on all or portions of the campus of the University.
2. Curtail or suspend services.
3. Close the University or portions of the University entirely for the period of emergency.
4. Suspend student(s)/student organizations and forbid their presence on campus if they have been sufficiently identified to him/her as participants in activities violative of University policy leading to the conditions described above. Suspensions shall continue for the period of emergency.
5. Appoint a hearing board on an ad hoc or extraordinary basis to make a recommendation as to whether individual interim suspension shall be continued. Such a hearing board shall convene and make its recommendations within ten (10) days from the effective date of the interim suspension.

In making more explicit the authority of the president to take necessary actions in the interest of the University, the Board of Regents in no way restricts its own powers and prerogative to carry out its obligations and duties as imposed by the constitution and laws of the State of Michigan.
ALCOHOL AND DRUG ABUSE PREVENTION PROGRAM AND POLICY

University Alcohol and Drug Policy

The University is committed to promoting and maintaining a work and academic environment that is free from illegal alcohol and drug use and abuse, in accordance with all federal, state, and local laws. Students and employees are prohibited from reporting to work or working under the influence of alcohol or drugs.

Employees may not consume, possess, distribute, or be under the influence of alcoholic beverages on University property or while on University business (except at University functions at which use of alcohol is approved). Employees, students, and campus visitors aged twenty-one (21) years or older, consuming alcohol at University functions or while on University business, where such use is approved, are expected to use alcohol responsibly and not engage in illegal, unprofessional, or disruptive behavior.

Students and campus visitors who have attained the legal drinking age of twenty-one (21) years of age may possess and consume alcoholic beverages only at approved University functions or in residence hall rooms of students who have attained the legal drinking age. Those under twenty-one (21) years of age are not permitted to consume or possess alcoholic beverages at any time.

Students, employees, and visitors are prohibited from possessing, consuming, manufacturing, dispensing, or being under the influence of illegal drugs or engaging in improper self medication while on University property or University business.

Any member of the University community who violates this policy is subject to both prosecution and punishment by civil authorities and to disciplinary proceedings by the University.

This policy is not designed to punish people for seeking rehabilitation. All information about those individuals who voluntarily avail themselves of drug or alcohol counseling or rehabilitation services will remain confidential. Seeking counseling or rehabilitation will not be used as a basis for disciplinary action or be used against an individual in any way.

University employees and students who violate this policy shall be informed about and referred to services to assist them in determining whether they are abusing drugs and alcohol or are chemically dependent. If a problem is found to exist, the individual will be referred to resources to assist him/her in overcoming the drug or alcohol abuse pattern. This referral or assessment shall not limit the University’s ability to pursue appropriate disciplinary action, up to and including termination or expulsion, when an employee or student has violated this policy or any other University policy.

This policy shall not add to or supersede union contracts or established employee work rules.

Health Risks of Alcohol, Tobacco, and Other Drugs

Tobacco
- Cancer of the cheeks, gums, palate, tongue, lips, pancreas, bladder, lungs, and kidneys are substantially more common in smokers than nonsmokers.
- An average of three times as many cavities of nonsmokers. Loss of teeth at a rate three times higher than nonsmokers.
- Peptic ulcers twice as common in smokers as nonsmokers.
- Increased chance of heart disease and stroke.
- Emphysema and chronic bronchitis.
- Higher incidence of infertility, lower birth weights, and smaller size of infants born to smokers.
- Physical and psychological dependence.

Alcohol (including beer, wine, liquor, and mixed beverages such as wine coolers, etc.)
- Physical and psychological dependence.
- Impaired driving ability—46,000 highway deaths in 1988—2 out of every 5 US citizens will be involved in an alcohol-related crash in their lifetimes.
- Increased family violence—child abuse and spouse abuse is frequently associated with alcohol use and abuse. 63% of women in one study of family violence reported that their husbands were drinking when they were violent.
- Increased chance of accidental death—alcohol is a contributing factor in at least 15,000 fatal and 6 million nonfatal injuries in non-highway settings.
- High risk sexual behavior is more likely and more frequent when under the influence of alcohol.
• Fetal Alcohol Syndrome is one of the 3 leading causes of birth defects and the only one that is preventable. It causes mental retardation, physical deformities, and heart defects and can be prevented by not drinking during pregnancy.
• Mental health problems are more frequent in children raised in homes with heavy or frequent use of alcohol.
• Irritation and inflammation of the esophagus, stomach, small intestines, and pancreas.
• Liver disorders including alcoholic hepatitis and cirrhosis.
• Nutritional deficiencies.
• Cardiovascular disease and inflammation of the heart.
• Cancer of the tongue, mouth, throat, esophagus, liver, and breast.
• Miscarriage and low birth rate.
• Brain damage.
• Sexual problems—increased desire but reduced ability to perform or reach climax for both men and women.
• Disintegration of family life.
• Behavior inconsistent with values (violence, personality changes, etc.)

Marijuana (including Hash, Hash Oil, Tetrahydrocannabinol, THC, Cannabis).
• Diminished: short-term memory; motivation and cognition; coordination and concentration; oral communication; reaction time; and motivation to achieve.
• Anxiety and panic reactions.
• Lung and respiratory system damage from exposure to smoke.
• Psychological dependence.

Cocaine (including “Crack” Cocaine).
• Extremely addictive physically and psychologically.
• Sudden death 1 of 4 ways: collapsed respiratory system; arrested heartbeat; heart attack caused by narrowed blood vessels; or stroke caused by increased blood pressure.
• Increased risk taking.
• Seizures.
• Sleeplessness.
• Paranoia, delusions, and hallucinations—Cocaine psychosis.
• Mood swings with violent behavior.
• Malnutrition.

Sexual dysfunction.
• Severe birth defects—physical damage and permanent emotional damage to babies born addicted to Cocaine.

Depressants (including tranquilizers, barbiturates, and Methaqualone).
• Physically and psychologically addictive.
• Extremely dangerous when mixed with alcohol—death.
• Respiratory depression can result in death.
• Sleep disturbances.
• Severe withdrawal symptoms.
• Liver damage and impaired liver function.
• Birth defects including brain tumors.

Narcotics (including Opium, Morphine, Codeine, Heroin, Methadone, Darvon, and Demerol).
• Physically and psychologically addictive.
• Painful withdrawal process.
• Central nervous system depression.
• Acquired Immune Deficiency Syndrome (AIDS) from sharing needles during use.
• Seizures, nausea, and vomiting.
• Hallucinations and unpredictable behavior.
• Malnutrition.
• Birth defects.

PCP (Phencyclidine).
• Paranoia—panic and fear of death lasting several days.
• Irregular heart beat and breathing.
• Ongoing speech problems.
• Depression and hallucinations.
• Aggressive behavior.
• Impaired memory and perception.
• Unpredictable and sometimes intense mood disturbances and behavior changes.

Anabolic Steroids
• Psychological and physical dependence.
• Violent behavior.
• Intense mood swings—paranoia—disorientation.
• Liver, heart, and kidney damage.
• Withdrawal symptoms.
• Birth defects.

Minor Tranquilizers (including Xanax, Tranxene, Valium, Librium, Ativan, Serax, Miltown, Dalmane, Halcion, Restoril, etc.).
• Psychologically and physically addictive.
• Withdrawal symptoms include: tremors, rapid heart beat, blood pressure drop, headache, mood swings, tension, nightmares, nausea, loss of sexual function, and apathy.
• Dangerous when combined with other tranquilizers or alcohol.
• Lack of awareness of the dangers associated with these drugs since they are often prescribed by physicians.
• Possible birth defects.

**Community and University Sanctions**

The laws of the state of Michigan and Eastern Michigan University's policies and rules prohibit the consumption or possession for personal consumption of alcoholic beverages by persons under 21 years of age. Further, Michigan laws and University policies prohibit the sale, service or giving of alcoholic beverages to persons under the age of 21. Eastern Michigan University's policies and rules, Local ordinances and laws, State laws and Federal laws also prohibit the unlawful possession, use and/or distribution of illicit drugs and alcohol. Violation of these policies, rules, ordinances, and laws may result in misdemeanor and/or felony convictions with the imposition of legal sanctions which may include fines, probation and/or imprisonment.

Unlawful possession, use, or distribution of alcohol illicit drugs may also lead to a referral to the appropriate local, state, and/or Federal authorities for prosecution for a misdemeanor or a felony, depending on the nature of the offense.

Violation of University policies and rules may result in:
• Students: suspension or expulsion from the
University and/or mandatory attendance at substance abuse intervention programs.

- Faculty and staff: disciplinary action up to and including termination of employment.

Violations of local, state, or federal laws may result in:

- Fines up to $4 million.
- Imprisonment up to life imprisonment for possession of more than 650 grams or trafficking in drugs such as Heroin and Cocaine.
- Forfeiture of personal and real property.
- Denial of federal benefits such as grants, contracts, and student loans.
- Loss of driving privileges.
- Required attendance at substance abuse education or treatment program.

**Employee Reporting Requirement**

Under the Drug Free Schools and Communities Act Amendments of 1989, a faculty or staff member employed under a federal grant or contract must notify the University (Human Resources, Employee Relations [313-487-0083] or Academic Affairs—Personnel [313-487-0076]), in writing, of his or her arrest or conviction for violation of any criminal drug statute occurring in the workplace or while on University business no later than five days after such arrest or conviction.

**Review of EMU’s Alcohol and Drug Abuse Prevention Program**

The University will review its Alcohol and Drug Abuse Prevention Program every 2 years to determine its effectiveness and implement changes to the program as needed and to ensure that the disciplinary sanctions applied by the University are consistently enforced.

**Family Educational Rights and Privacy Act**

In compliance with the Family Educational Rights and Privacy Act, Eastern Michigan University assures that any person who is or has been in attendance as a student at EMU has access to his/her educational records. Furthermore, such individual’s rights to privacy are assured by limiting the transferability of records without the student’s consent.

1. The following are matters of public record and may be included in publications or disclosed upon request without consent: the student’s name, address, telephone listing, date and place of birth, major field of study, participation in recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees, and awards received, and the most recent previous educational agency or institution attended by the student.

2. Registration documents of student organizations that contain the names and addresses of the officers and the statement of purpose of the organization also are considered public information. These documents are available in the Campus Life Office, 221 Goodison Hall.

EMU reserves the right to make directory information public unless a student’s written objection (specifying the category of information not to be made public without prior consent) is filed at the Registration Office within fourteen (14) days after each term begins.

**UNIVERSITY CAMPUSES**

Eastern Michigan University occupies 420 acres on the northwestern side of the city of Ypsilanti on high ground overlooking the Huron River valley.

The 217-acre main campus encompasses historic and new academic buildings, residence halls and physical education facilities including Bowen Field House and Olds Student Recreation Center. Nearby outdoor recreational fields include the equivalent of four softball diamonds or two football fields—all under light for nighttime use—17 tennis courts, eight of which are lighted, and softball playing fields for women’s sports.

The Clarence M. Loesell Field Laboratory, a 21-acre tract west of the main campus, was dedicated in 1958 in honor of the longtime head of the Natural Science Department (now the Biology Department). It provides an undeveloped, natural habitat for the study of wildlife, flora and fauna for teaching of natural sciences.

The west campus was created in 1965 and 1967 by the addition of 142 acres of land to allow expansion of the academic campus into the site of athletic areas. It includes a baseball stadium, football stadium, all-weather running track, six intramural fields, two practice football fields, apartment complexes and paved parking.
The Kresge Environmental Education Center at Fish Lake in Mayfield Township, Lapeer County, was created in 1965 as a resident field study center for experimentation and dissemination of environmental education programs. The 241-acre site is surrounded on three sides by 4,000 acres of the Lapeer State Game Area and has a wide variety of topography, a natural lake, a man-made impoundment and a bog for aquatic studies. Facilities include a 64-person dormitory, a dining commons that can feed 200, a remodeled one-room schoolhouse, and four modular units that house the center office, provide staff housing and a lab-classroom.

University Buildings

University buildings continue to increase in number to serve the needs of educational growth and change. Remodeling of old buildings is continuous to update facilities and to accommodate departmental reorganization as well as growth. Almost all of EMU's major classroom, administration, and residence halls are named in honor of early administrators and dedicated faculty who laid the foundation for educational advancement or for donors who have assured the University's future.

Frederick M. Alexander Music Building, completed in 1986, houses the departments of Music and Foreign Languages and Bilingual Studies. It features three large rehearsal rooms (band, choir, and orchestra), a 150-seat recital hall, an organ teaching recital facility, and 64 individual practice rooms. Designer/architect Robert C. Wakely, Sr. employed the latest in acoustical and sound isolation techniques to provide for music instruction.

The Business and Finance Building, adjacent to Pease Auditorium, is utilized by the Division of Business and Finance to administer the business operations of the University.

Richard G. Boone Hall, built in 1914 as an administration building, now houses the College of Education offices and classrooms. It is named for the ninth president of the Normal College (1893-1899).

Wilbur P. Bowen Field House, completed in 1959 and named for the founder and long-time head of the Department of Physical Education, is the home of the Eagle basketball teams. It also has an eight-laps-to-the-mile track, locker facilities, and a hard surfaced infield. Additions in recent years to both the south and north ends of the building have added to its ability to serve the needs of the University community.

Walter O. Briggs Hall was the first unit of the University's field house. The $150,000 grant that provided the initial building was given by Briggs when he was owner of the Detroit Tigers baseball team. The building was recently renovated for the Art department.

The University Library, opened in 1967, has provided the University with more than five times the floor space and double the book capacity of the original Mark Jefferson Library (in what is now Ford Hall). The seating capacity is 1,800 and most library materials are on open shelves. The lower floors house the Media Services Center and the Instructional Support Center and include a computer laboratory for student use.

R. Clyde Ford Hall, created as the Mark Jefferson Library, bears the name of the modern literature professor who headed the library during his tenure from 1903-1940. It has been remodeled twice and since 1982 has provided office and classroom space and art galleries for the Art Department. The Department of Communication and Theatre Arts also holds most of its production classes in this building to utilize two television studios on a lower floor. The building was opened in 1929 and first remodeled in 1967.

Bertha M. Goodison Hall, dedicated in memory of the 1900-1937 Department of Art professor and head, houses the offices of Campus Life, Career Services, Continuing Education, Dean of Students, Faculty Council, Foreign Student Affairs, International Studies, Minority Affairs, Special Student Services, Student Government, student organizations, Student Media, Veteran Services, and the Women's Commission.

J. M. Hover Laboratory, completed in 1941 and honoring the head of the Department of Natural Sciences and dean of admissions (1919-1940), holds the Department of Biology laboratories, a greenhouse and plant laboratory, plus the Biology Career Center.

Mark Jefferson Hall, new in 1970 and named for the internationally-known professor of geography (1896-1928), has completely equipped modern laboratories for the departments of Chemistry, Biology and Psychology, as well as classrooms and offices for teaching personnel.

Julia Anne King Hall, is the base of operations for the College of Health and Human Services, which uses a limited number of classrooms in this building as well as classrooms in Roosevelt Hall. It houses the offices of the dean of the College of Health and Human Services and the departments and programs of Nursing Education, Occupational Therapy, Social Work, Health Administration, Clinical Laboratory Sciences, and Gerontology. Other offices are those of the Institute for the Study of Children and Families, the National Center of
Teaching and Learning, the director of Affirmative Action and the administrative offices of Human Resources. University Radio Station WEMU also is in this building.

Charles McKenny Hall, also named for a past president of EMU, is the student union and social center of the University. Completely remodeled in 1984-85, it is double its original size and now includes cafeteria and dining services, a snack bar, the Eastern Michigan University Bookstore, a bowling alley, a billiard room, offices for student organizations, lounges, meeting rooms, and a large ballroom. A major renovation to the building was completed in Fall 1992.

The Olds-Robb Student Recreation Center was dedicated in the fall of 1982. The $18.2 million facility was named for the former faculty member and HPERD department head who founded the intramural program on campus in 1921, and former Regent Richard Robb. It is funded by student fees and provides recreation and intramural facilities for the entire campus community. Its most distinctive feature is the 50-meter swimming pool which is one of the largest indoor pools in Michigan and has 7-, 8- and 10-meter diving platforms.

The Paint Research Laboratory, completed in 1987, is utilized by the Paint Research Association for scientific paint research activity.

The Parking Structure, west of Bowen Field House, will accommodate 800 cars and houses the University Public Safety Department offices. It has direct access to Washtenaw via Oakwood Avenue, is adjacent to Pittman and Ford roads, which bisect the campus, and is accessible from North Huron River Drive via West Tower Drive and Oakwood Avenue. Numerous parking lots for students and faculty surround the campus.

Frederick H. Pease Auditorium, completed in 1914 and named for the long-time head of the Conservatory of Music, is the center for many University and civic activities as well as music events. In the auditorium is the $100,000 Frederick Alexander Memorial Organ. Pease is currently being renovated.

John D. Pierce Hall, which in 1948 replaced the original building on campus, honors the first superintendent of public instruction in the state of Michigan. It houses Admissions and Financial Aid, the Office of the Registrar, Equity Programs, Cashier's Office, and Student Accounting.

Pray-Harrold Hall provides classrooms and offices for the departments of English Language and Literature, History and Philosophy, Mathematics, Computer Science, Sociology, Economics, Political Science, and Women's Studies in the College of Arts and Sciences. The Administrative Computer Center is located on the first floor. Pray-Harrold recognizes the services of Carl E. Pray, head of the History Department from 1913-1927, and Charles F. Harrold, professor of English literature from 1926-1943.

Daniel L. Quirk Jr. Dramatic Arts Building, original funds for which were made available by the Quirk family of Ypsilanti, opened in 1959. The building provided an instructional theatre seating 381, a flexible laboratory theatre, scene and costume shops, radio facilities, an outdoor amphitheater, classrooms and offices for drama, speech and radio activities. In 1966, a classroom-office wing was added to accommodate increased needs in all areas, especially TV broadcasting and film. In 1983, the Department of Communication and Theatre Arts and the University launched a major capital fund raising campaign to enclose the 200-seat outdoor amphitheater and expand the capabilities of technical studies, costume and scene shops. Construction of these additions was complete in the summer of 1985. The Sponberg Theatre, named for former EMU President Harold Sponberg, was added a few years later.

The Horace H. Rackham School of Special Education, constructed in 1938 as one of many educational projects of the Detroit lawyer and philanthropist, became the first building of its kind in the state dedicated to the needs of special children. The Special Education department, a speech and hearing clinic, a diagnostic prescriptive clinic for learning-disabled children and their families, and facilities for physical therapy are located in the building.

Roosevelt Hall, built on campus in 1925 as a laboratory school for training student teachers and providing private education for children of area residents, has been remodeled to house the departments of Human, Environmental and Consumer Resources, Military Science and Health Administration. It was named for President Teddy Roosevelt are located in the building.

The Sculpture Studio, located on the west campus, is utilized by the Art Department.

William H. Sherzer Hall, erected in 1903 and named for the professor of geology and head of the Department of Natural Sciences (1892-1932), now provides offices and classrooms for the Art Department and contains the University's observatory.

J. M. B. Still Hall houses classrooms and offices of the College of Technology, founded in 1980. Its large lecture halls are available to other departments. The Art
department retains offices and facilities for the ceramics program.

**Glenadine C. Snow Health Center**, named for the first medical director of health services (1915-1947) who created the plans for the building, opened in 1959, includes a pharmacy, medical laboratory, X-ray department, physicians' clinical offices, nurses' consulting rooms, examination and treatment areas, mental health counselors' offices, and the Employee Assistance Program. The Children's Center is on the lower level.

**Mary Ann Starkweather Hall**, erected in 1897 and designated as a student Christian center by the Ypsilanti donor, was remodeled and modernized in 1961. It currently houses the Graduate School.

The **Edwin A. Strong Physical Science Building**, opened in 1957, houses the departments of Physics and Astronomy and Geography and Geology, providing both laboratory and large lecture halls. Strong was head of the Physical Science Department between 1885-1919.

The **Joseph E. Warner Physical Education Building**, completed in 1964, is immediately adjacent to Bowen Field House and connected to the Olds Student Recreation Center. It houses offices of the Department of Health, Physical Education, Recreation and Dance, classrooms, gymnasiums, special purpose rooms, and a swimming pool designated for intramural use. Warner, for whom the building is named, was state representative for Washtenaw County, 2nd District.

**Adonijah S. Welch Hall**, erected in 1896 and the oldest standing building on campus, is named for the first head of the University. It was originally a training school for teachers and a public school and until 1982 housed University business offices. This facility now houses the main administrative offices of the University, Alumni Relations, University Development, Public Information, and State/Federal/Community Relations.

The **Corporate Education Center** opened in May 1989. It and the nearby Huron Golf Club are owned and operated by EMU. The adjoining Radisson on the Lake Hotel is privately owned. The Corporate Education Center has 38,000 square feet of conference and seminar meeting space, is designed to serve multiple needs, and has the most advanced communications and audio-visual equipment available. The development includes a 133-acre, eighteen-hole championship golf course.

**The Gary M. Owen Building**, located on Michigan Avenue in downtown Ypsilanti, houses the College of Business and provides classrooms and offices for the departments of Accounting, Finance, Management, Marketing, and Operations Research and Information Systems. The building also contains a library, computer laboratories, and facilities for other programs operated by the College of Business. The building is named for Gary M. Owen, who was Speaker of the Michigan House of Representatives at the time of the building's construction.

**ATHLETIC FIELDS**

Two major athletic facilities, in addition to main campus physical education buildings, attract students to the west campus for football and baseball events. Both stadiums also are sites of community, state, and national events such as annual drum corps competitions, Special Olympics, and state high school baseball and football playoffs.

**Rynearson Stadium**, named for Elton J. Rynearson, Sr., who coached football for 26 years, is the football stadium. Rynearson was renovated in 1992 when additional seats were added to bring the capacity to 30,000. A new locker room and an addition to the press box were also completed.

**The Ronald E. Oestrike Stadium**, which in 1968 replaced Briggs Field (now the parking lot adjacent to McKenny Union), has a covered grandstand seating 2,500. It is among the finest baseball facilities in inter-collegiate competition.
ADMINISTRATIVE OFFICERS

THE CABINET

President .................................................. William E. Shelton
Provost and Vice President for Academic Affairs ........................................... Ronald W. Collins
Vice President for Business and Finance and Treasurer to the Board of Regents Patrick J. Doyle

Abbott, Richard H. (1966), Professor, History and Philosophy.
PhD, University of Wisconsin

Abdullah, Dewan A. (1988), Associate Professor, Economics.
PhD, University of Kentucky

Achilles, Charles M. (1994), Professor, Leadership and Counseling, EdD.

Adams, Anthony T. (1988), Assistant Professor, Sociology.

Adams, John R. (1960), Professor, Health, Physical Education, Recreation, and Dance.
PhD, University of Michigan

Adams, Leah D. (1969), Professor, Teacher Education.
PhD, University of Michigan

Al-Khafaji, Mahmoud (1983), Assistant Professor, Foreign Languages and Bilingual Studies.
PhD, University of Michigan

Akhsta, Pirooz (1992), Assistant Professor.

Aldridge, Henry B. (1972), Professor, Communication and Theatre Arts.
PhD, University of Michigan

Allen, Irene A. (1968), Professor, Teacher Education.
EdD, Ball State University

Allen, Nancy (1981), Assistant Professor, English Language and Literature.
PhD, Purdue University

Am在其, Irene M. (1931), Professor, Leadership and Counseling.
EdD, Rutgers University

Aneos, Charles N. (1975), Professor, Music.
PhD, University of Iowa

Anagnostou, Taki J. (1986), Professor, Interdisciplinary Technology.
PhD, North Dakota State University

Anderson, Marvin C. (1963), Professor, Art.
MFA, Cranbrook Academy of Art

Anderson, Roberta (1977), Assistant Professor, Special Education.
MA, Eastern Michigan University

Andrew, Ann (1969), Assistant Professor, Learning Resources and Technologies.
MALS, University of Michigan

Angle, James B. (1964), Professor, English Language and Literature.
MA, Kansas State University

Aristar-Dry, Helen (1991), Professor, English Language and Literature.
PhD, University of Texas at Austin

Arrington, Phillip K. (1984), Professor, English Language and Literature.
PhD, University of Louisville

Atchinson, Bernard J. (1966), Assistant Professor, Occupational Therapy.
MEd, Georgia State University

August, Gloria (1984), Career Development Associate, Career Services Center.
BA, Eastern Michigan University

Avedon, Barry (1986), Professor, Art.
MFA, Rochester Institute of Technology

B

Bach, Catherine E. (1991), Associate Professor, Biology.
PhD, University of Michigan

Badics, Joseph (1993), Instructor, Learning Resources and Technologies.
MLS, University of Michigan

Badij, Larry L. (1965), Professor, Mathematics.
PhD, Oregon State University

Bairley, Susan M. (1983), Director, Public Information.
BA, University of Michigan

Bajwa, Ranjit S. (1963), Professor, Teacher Education.
EdD, Wayne State University

Baldwin-Morgan, Amelia A. (1991), Associate Professor, Department of Accounting.
PhD, Virginia Polytechnic Institute and State University

Barlas, Gary (1969), Professor, Health, Physical Education, Recreation, and Dance.
JD, Detroit College of Law

Baruch, George J. (1959), Associate Professor, Special Education.
EdD, Wayne State University

Barak, Gregg (1991), Department Head, Professor, Sociology, Anthropology, and Criminology.
PhD, University of California-Berkeley

Barclay, Rosalyn L. (1981), Associate Director, Counseling Services.
PhD, Wayne State University

Barrett, William D. (1972), Program Coordinator, Campus Life.
MA, Eastern Michigan University

Barlow, Robert (1990), Professor, Mathematics.
PhD, The University of Chicago

Barlow, Daryl M. (1971), Assistant Professor, Law.
JD, University of Michigan

Beggs, Dennis W. (1968), Department Head, Professor, Communication and Theatre Arts.
MA, University of Michigan

Boe, Sarell W. (1970), Associate Professor, Learning Resources and Technologies.
MA, Eastern Michigan University

Boland, Betty (1976), Professor, Nursing Education.
PhD, University of Michigan
Beauvieux, Kathleen Jeakle (1991), Assistant Professor, Teacher Education. PhD, University of Michigan
Beck, Mary Clare (1970), Professor, Learning Resources and Technologies. MALS, University of Denver
Bedford, Eddie (1968), Assistant Professor, Health, Physical Education, Recreation, and Dance. MS, University of Wisconsin-La Crosse
Bednar, Anne K. (1991), Associate Professor, Teacher Education. EdD, Indiana University
Beebe, Michael (1976), Associate Professor, Special Education. PhD, University of Michigan
Beginin, Igor (1968), Professor, Art. MA, Wayne State University
Behringer, Ernest (1996), Assistant Professor, Physics and Astronomy. PhD, Cornell University
Belitsky, Neal (1977), Assistant Director, Facilities, University Housing. MA, Western Michigan University
Beller, Jounifer (1991), Assistant Professor, Health, Physical Education, Recreation, and Dance. PhD, University of Idaho
Beluskus, Albert W. (1969), Associate Professor, Marketing. MS, Indiana State University
Bemish, Lawrence M. (1972), Assistant Professor, Special Education. EdD, University of Michigan
Bennett, Normajean M. (1966), Assistant Professor, Occupational Therapy. MA, University of Michigan
Bennion, Donald H. (1984), Associate Vice President, Academic Affairs. PhD, Ohio University
Berry, James (1991), Assistant Professor, Leadership and Counseling. EdD, University of Missouri-Columbia
Best, Margaret E. (1977), Assistant Professor, Learning Resources and Technologies. MALS, University of Michigan
Bigler, Mary G. (1977), Professor, Teacher Education. PhD, University of Michigan
Bird, P. George (1956), Professor, Communication and Theatre Arts. MS, University of Wisconsin
Blair, John R. (1970), Professor, Teacher Education. PhD, University of Michigan
Blanchard, P. Nick (1979), Professor, Management. MA, San Diego State College
Blum, Fred (1974), Professor, Learning Resources and Technologies. PhD, University of Iowa
Rocklage, Christopher J. (1986), Associate Professor, Art. MFA, Southern Illinois University
Bonem, Marilyn (1997), Associate Professor, Psychology. PhD, Utah State University
Boone, Morrill (1980), Dean, Professor, Learning Resources and Technologies. PhD, Syracuse University
Booth, Howard D. (1967), Professor, Biology. PhD, Michigan State University

Boyer, Lee R. (1970), Professor, History and Philosophy. PhD, University of Notre Dame
Boyle, John (1977), Associate Professor, Interdisciplinary Technology. MA, Eastern Michigan University
Brabec, Michael J. (1965), Professor, Chemistry. PhD, University of Wyoming
Brackenbury, Maandeep (1983), Institutional Research Analyst, University Planning, Budgeting, and Analysis. MA, Eastern Michigan University
Brackney, Barbara E. (1978), Professor, Psychology. PhD, University of Michigan
Bradon, Joseph L. (1970), Professor, Marketing. DBA, Indiana University
Bradley, Michael D. (1988), Assistant Professor, Geography and Geology. PhD
Brandon, Ernest M. (1975), Associate Professor, Music. MM, Northwestern University
Braun, Benjamin A. (1965), Head Coach, Men's Basketball, Athletics. BA, University of Wisconsin-Madison
Brett, Michael M. (1963), Department Head, Associate Professor, Health, Physical Education, Recreation, and Dance. PhD, University of Maryland
Brewer, Stephen W., Jr. (1969), Professor, Chemistry. PhD, University of Wisconsin
Bridges, Wallace A. (1992), Assistant Professor, Communication and Theatre Arts. MFA, Western Illinois University
Briggs, Douglas (1985), Associate Professor, Health, Physical Education, Recreation, and Dance. PhD, Indiana University
Brooks, Mary C. (1978), Director, Risk Management. BS, Wayne State University
Brown, Karen (1976), Professor, Social Work. MSW, University of Michigan
Bruss, Paul B. (1969), Professor, English Language and Literature. PhD, University of Rochester
Buchanan, Pauline (1989), Associate Professor, Human, Environmental, and Consumer Resources. PhD, University of Michigan
Buckeye, Donald A. (1968), Professor, Mathematics. EdD, Indiana University
Bullard, Rita J. (1986), Associate Professor, Learning Resources and Technologies. AMLA, University of Michigan
Burlovich, Linda J. (1991), Associate Professor, Department of Accounting. PhD, University of Michigan
Burns, Joanne M. (1967), Career Planning Manager. Career Services Center. PhD, Michigan State University
Bush-Bacalis, Jean (1984), Assistant Professor, Management. MA, University of Michigan

C
Callaway, Yvonne L. (1992), Assistant Professor, Leadership and Counseling. PhD, Wayne State University
Callum, Alice W. (1987), Professor, Business and Technology Education. 
JD, Detroit College of Law

Camp, Richard (1979), Professor, Management. 
MA, Wayne State University

Caniglia, Joanna (1994), Assistant Professor, Mathematics 
PhD

Cao, Liqun (1994), Assistant Professor, Sociology, Anthropology, and Criminology 
PhD, University of Cincinnati

Case, Franklin D. (1962), Professor, English Language and Literature. 
MA, University of Michigan

Cassar, George H. (1969), Professor, History and Philosophy. 
PhD, McGill University

Cassidy, Cheryl M. (1990), Assistant Professor, English Language and Literature. 
PhD, University of Michigan

Cere, Ronald C. (1985), Professor, Foreign Languages and Bilingual Studies. 
PhD, New York University

Cerri-Long, Elisabetta (1990), Associate Professor, Sociology, Anthropology, and Criminology. 
PhD, University of California, Los Angeles and University of Venice, Italy

Chan, Amelia S. (1980), Assistant Dean, Coordinator of Undergraduate Advising, College of Business. 
MBA, Michigan State University

Chapman, Robert E. (1992), Assistant Professor, Industrial Technology. 
PhD, Yale University

Charles, John (1982), Scene Shop Supervisor, EMU Theatre, Communication and Theatre Arts.

Chattopadhyay, Rita (1984), Professor, Mathematics. 
PhD, University of South Florida

Chaudhari, Ranjan (1984), Professor, Computer Science. 
PhD, University of South Florida

Cherem, Gabriel J. (1987), Professor, Geography and Geology. 
PhD, University of Michigan

Chew, Robert E. (1968), Professor, Art. 
MFA, University of Illinois

Chinnson, Victor (1992), Assistant Professor, Health, Physical Education, Recreation, and Dance. 
MA, Central Michigan University

Chirio, Michael L, Jr. (1972), Academic Budget Officer. 
MA, Central Michigan University

Chowdry, Pradeep (1980), Associate Professor, Management. 
PhD, University of Arkansas

Chung-Ioob (1966), Department Head, Professor, Economics. 
PhD, Columbia University

Ciaccio, S. Thomas A. (1985), Professor, Department of Accounting. 
PhD, Michigan State University

Chichanski, Allan (1966), Assistant Professor, Geography and Geology. 
MS, Ohio State University

Citino, Robert (1991), Associate Professor, History and Philosophy. 
PhD, Indiana University

Clark, George S. (1973), Associate Professor, Department of Accounting. 
LLM, Wayne State University

Clarke, Velma J. (1974), Administrative Associate, College of Arts and Sciences. 
MA, Fisk University

Collins-Eaglin, Jan (1983), Assistant Professor, Teacher Education. 
PhD, University of Michigan

Collins, Ronald W. (1965), Provost and Vice President. 
Academic Affairs; Professor, Chemistry. 
PhD, Indiana University

PhD, University of Wisconsin

Couley, James H. (1959), Professor, Management. 
PhD, Michigan State University

Cooper, John K., Jr. (1980), Assistant Professor, Computer Science. 
PhD, Michigan State University

Cooper, John G. (1993), Assistant Professor, Communication and Theatre Arts. 
MFA, Bowling Green State University

Cordani, John R. (1991), Assistant Professor, Business and Technology Education. 
EdD, Teacher's College at Columbia University

Coryell, Roger E. (1973), Head Baseball Coach, Athletics. 
BA, Eastern Michigan University

Cowan, Ralph H. (1967), Admissions Officer, Admissions. 
MA, Eastern Michigan University

Coyner, Joe (1969), Associate Professor, Special Education. 
SpA, Eastern Michigan University

Crabb, Michael B. (1987), Director, Dining Services. 
BA, Southern Illinois University
Crary, David B. (1980), Assistant Professor, Economics.
PhD, University of Maryland

Cross, Gilbert B. (1966), Professor, English Language and Literature.
PhD, University of Michigan

Crouch, Margaret A. (1987), Associate Professor, History and Philosophy.
PhD, University of Minnesota

Crow, Robert P. (1976), Associate Professor, Management.
MS, Butler University

Cullen, Thomas J. (1966), Professor, English Language and Literature.
PhD, University of Michigan

Crouch, Margaret A. (1987), Associate Professor, History and Philosophy.
PhD, University of Minnesota

Crow, Robert P. (1976), Associate Professor, Management.
MS, Butler University

Danielson, Patrick C. (1970), Professor, Sociology, Anthropology, and Criminology.
PhD, Syracuse University

Easto, Patrick C. (1970), Professor, Sociology, Anthropology, and Criminology.
PhD, Syracuse University

Easto, Patrick C. (1970), Professor, Sociology, Anthropology, and Criminology.
PhD, Syracuse University

Easto, Patrick C. (1970), Professor, Sociology, Anthropology, and Criminology.
PhD, Syracuse University

Easto, Patrick C. (1970), Professor, Sociology, Anthropology, and Criminology.
PhD, Syracuse University

Easto, Patrick C. (1970), Professor, Sociology, Anthropology, and Criminology.
PhD, Syracuse University
Edgren, John A. (1979), Associate Professor, Economics.
PhD, University of Michigan

Eddwards, Elizabeth A. (1992), Assistant Professor, Marketing.
PhD, University of Michigan

Eggers, Carter J. (1967), Professor, Music.
MM, Ithaca College

Ehrlich, Allen S. (1968), Professor, Sociology, Anthropology, and Criminology.
PhD, University of Michigan

Eide, Margaret A. (1967), Associate Professor, Learning Resources and Technologies.
MALs, University of Michigan

Eisenbach, Jamin (1990), Associate Professor, Biology.
PhD, University of California-Berkeley

Eisenbach, Jamin (1990), Associate Professor, Biology.
PhD, University of California-Berkeley

Eissa, Harry E. (1987), Associate Professor, English Language and Literature.
PhD, University of North Dakota

Ellis, Wayne C. (1979), Associate Professor, Department of Accounting.
PhD, University of Michigan

Engeland, Lizbeth T. (1987), Associate Professor, Foreign Languages and Bilingual Studies.
PhD, University of Illinois-Champaign Urbana

Engeland, Robert W. (1968), Director, Recreation/Intramurals.
MA, University of Michigan

BE, Wayne State University

Erenburg, Sharon J. (1987), Professor, Economics.
PhD, University of Illinois, Champaign

Erwin, J. Michael (1985), Director, Career Services Center.
PhD, University of Michigan

Esleman, Clayton (1986), Professor, English Language and Literature.
MA, Indiana University

Esposto, Alfredo G. (1990), Associate Professor, Economics.
PhD, Temple University

Esteva, Juan C. (1990), Associate Professor, Computer Information Systems.
PhD, Wayne State University

Ettington, Deborah (1991), Assistant Professor, Management.
MBA, Harvard Business School

Evans, Cary L. (1964), Professor, Communication and Theatre Arts.
PhD, University of Michigan

Evans, Cady L. (1964), Professor, Communication and Theatre Arts.
PhD, University of Michigan

Ewell, Edna (1988), Assistant Professor, Learning Resources and Technologies.
MSLS, Wayne State University

F

Fairfield, Richard T. (1963), Professor, Art.
MFA, University of Illinois

Farah, Badi E. (1992), Professor, Computer Information Systems.
PhD, Ohio State University

Farley, Beverly (1985), Associate Director (Acting), University Development.
MA, University of Michigan

Ferrett, Robert (1982), Manager, Center for Instructional Computing, Learning Resources and Technologies.
MS, MLS, Eastern Michigan University

Field, Jan Michael (1965), Professor, Art.
MFA, School of the Art Institute of Chicago

Figart, Deborah (1980), Associate Professor, Economics.
PhD, American University, Washington, D.C.

Figura, Rebecca J. (1991), Director, Housing.
MA, Indiana University of Pennsylvania

Findley, Lynnette (1985), Director, Equity Programs.
PhD, Michigan State University

Fish, Barry A. (1970), Dean, College of Arts and Sciences; Professor, Psychology.
PhD, Wayne State University

Fitzgerald, Brian (1985), Manager, Residence Halls.
MS, Michigan State University

Flanagan, Brenda P. (1988), Professor, English Language and Literature.
PhD, University of Michigan

Fleischer, Cathy (1990), Associate Professor, English Language and Literature.
PhD, University of Michigan

Flusche, Della M. (1968), Professor, History and Philosophy.
PhD, Loyola University

Folk, David B. (1967), Associate Professor, Mathematics.
PhD, University of Michigan

Folkert, Jean E. (1985), Associate Professor, Health, Physical Education, Recreation, and Dance.
RD, Indiana University

Foreman, Chris J. (1994), Assistant Professor, Communication and Theatre Arts
PhD

Foster, Daniel L. (1987), Assistant Professor, Music.
MM, University of Michigan

Foster-Davis, Judy (1993), Assistant Professor, Marketing.
PhD, Michigan State University

Francis-Connelly, Elizabeth (1991), Instructor, Occupational Therapy.
MS, Boston University

Franks, Thomas H. (1967), Professor, History and Philosophy.
PhD, University of Michigan

Friedman-Doan, Carol (1995), Assistant Professor, Psychology.
PhD, University of Michigan

Friedman, Monroe P. (1964), Professor, Psychology.
PhD, University of Tennessee

Fulford, Charles B. (1979), Assistant Director, Academic Advising Center.
MA, Eastern Michigan University

Fullerton, Sam D. (1982), Professor, Marketing.
PhD, Michigan State University
G

MA, University of Michigan
Gajda, Anne B. (1979), Professor, Music.
MM, University of Michigan
Gardiner, Christopher J. (1984), Professor, Mathematics.
PhD, University of Illinois
Gardner, Trevor A. (1986), Associate Professor, Teacher Education.
PhD, Michigan State University
Garg, Ramesh (1978), Professor, Finance.
DBA, Kent State University
Garland, John (1963), Director, Public Safety.
Geharim, David J. (1969), Professor, English Language and Literature.
PhD, Purdue University
Geidt, Zelnick, Suzanne M. (1990), Assistant Professor, Health, Physical Education, Recreation, and Dance.
MA, University of Pittsburgh
Geltner, Beverley (1993), Associate Professor and Coordinator EdD Program, Leadership and Counseling.
PhD, University of Michigan
Gendin, Sidney (1970), Professor, History and Philosophy.
PhD, New York University
George, Laura (1994), Assistant Professor, English Language and Literature.
PhD, Ohio State University
Ghosbeh, Najati S. (1985), Professor, Biology.
PhD, University of Illinois
Gimelli, Louis B. (1966), Professor, History and Philosophy.
PhD, New York University
Ginthor, John L. (1966), Professor, Mathematics.
PhD, University of Illinois
Gledhill, Roger C. (1976), Associate Professor, Department of Accounting.
PhD, Virginia Polytechnic Institute
Glinski, J. Ronda (1973), Associate Professor, Learning Resources and Technologies.
MALS, University of Michigan
Glottfey, Judith (1972), X-Ray Technologist, Health Services.
RT, Mercy Hospital
Glover, Barbara (1991), Instructor, Learning Resources and Technologies.
AMLS, University of Michigan
Goff, Richard D. (1964), Professor, History and Philosophy.
PhD, Duke University
Gold, Elmo R. (1962), Director, Health Services.
MBA, Eastern Michigan University
Goldeberg, Ronald E. (1986), Duan, Graduate School, Professor of Education.
EDD, Oklahoma State University
Gooden, John S. (1993), Assistant Professor, Leadership and Counseling.
EDD, University of Massachusetts
Goodman, Jane S. (1991), Assistant Professor, Leadership and Counseling.
PhD, Wayne State University
Gordon, Norman G. (1976), Professor, Psychology.
PhD, Wayne State University
Gordon, Jane (1992), Assistant Professor, Teacher Education.
PhD, University of Miami
Gore, David K. (1983), Assistant Professor, Interdisciplinary Technology.
MS, Eastern Michigan University
Gorenowo, Carol (1988), Associate Professor, Special Education.
PhD, Michigan State University
Gottwald, Henry L. (1964), Professor, Special Education.
EDD, Wayne State University
Gousseff, James W. (1963), Professor, Communication and Theatre Arts.
PhD, Northwestern University
Grady, Robert C., II (1971), Professor, Political Science.
PhD, Vanderbilt University
Graves, Pamela (1989), Assistant Professor, History and Philosophy.
PhD, University of Pittsburgh
Gray, Sylvia Sims (1988), Assistant Professor, Social Work.
MSW, Michigan State University
Green, Geraldine A. (1989), Professor, Mathematics.
PhD, University of Michigan
Greene, Bert I. (1963), Professor, Teacher Education.
PhD, University of Michigan
Griess, Jared W. (1967), Professor, Industrial Technology.
EDD, Pennsylvania State University
Grimes, George (1988), Professor, Learning Resources and Technologies.
PhD, University of Wisconsin
Groves, Siba (1993), Assistant Professor, Political Science.
PhD, University of Wisconsin
Gurt, Joseph (1967), Professor, Music.
MS, Juilliard School
Gwaltney, Thomas M. (1964), Professor, Teacher Education.
PhD, Southern Illinois University

H

Hackmann, Donald (1993), Assistant Professor, Leadership and Counseling.
EDD, University of Missouri-Columbia
Haddad, Carol (1993), Professor, Interdisciplinary Technology.
PhD, University of Michigan
Hafer, Daryl M. (1969), Professor, History and Philosophy.
PhD, Yale University
Hall, Cindy (1979), Associate Director, Public Safety.
JD, University of Toledo
Halmhuber, Nancy (1979), Assistant Professor, Special Education.
SpA, Eastern Michigan University
Hamilton, Theophilus E. (1967), Career Development Associate, Career Services Center.
SpA, Eastern Michigan University
Hammerberg, Cary (1984), Interim Program Director, Assistant Professor, Clinical Laboratory Sciences.
PhD, Western Michigan University
Hammill, Geoffrey D. (1987), Associate Professor, Communication and Theatre Arts.
PhD, Bowling Green University
Hancock, Lee M. (1984), Manager, Operations Services, University Computing.
BBA, Eastern Michigan University

Hanewicz, Wayne (1987), Professor, Interdisciplinary Technology.
PhD, University of Michigan

Hanna, Raouf S. (1977), Associate Professor, Economics.
PhD, Indiana University

Hanna, Gary L. (1982), Professor, Biology.
PhD, University of California-Berkeley

Hansen, Ruth S. (1977), Associate Professor, Economics.
PhD, Indiana University

Hannan, Gary L. (1982), Professor, Biology.
PhD, University of California-Berkeley

Hansen, Joanne J. (1965), Associate Professor, Learning Resources and Technologies.
MSLS, Case Western Reserve University

Hansen, Arthur J. (1990), Assistant Professor, Business and Industrial Education.
EdD, University of Cincinnati

Harden, Thomas K. (1993), Dean, College of Technology; Professor, Business and Industrial Education.
EdD, Western Michigan University

Harding, James (1994), Assistant Professor, English Language and Literature.
PhD, University of Maryland-College Park

Harley, Rachel B. (1969), Associate Professor, English Language and Literature.
PhD, University of Michigan

Harmun, Alison J. (1986), Assistant Professor, Leadership & Counseling.
PhD, University of Akron

Harris, Arthur J. (1987), Professor, English Language and Literature.
PhD, University of Birmingham, England

Harris, Michael (1994), Assistant Professor, Political Science.
PhD, Indiana University

Hartmann, Donald (1990), Associate Professor, Music.
MS, University of Oklahoma

Hauer, William R. (1969), Associate Professor, English Language and Literature.
PhD, University of Illinois

Hayden, Lucy (1986), Professor, English Language and Literature.
PhD, University of Michigan

Hayman, George E. (1986), Department Head, Professor, Computer Science.
PhD, Case Institute of Technology

Haynes, Susan M. (1992), Assistant Professor, Computer Science.
PhD, University of Michigan

Hayworth, Steven C. (1977), Associate Professor, Economics.
PhD, Massachusetts Institute of Technology

Hee, Christopher E. (1989), Associate Professor, Mathematics.
PhD, University of Notre Dame

Heezen, Alan (1987), Associate Professor, Computer Science.
PhD, University of Michigan

MA, Butler University

Hendrickson, Lorraine U. (1981), Professor, Management.
PhD, University of Michigan

Hennings, Thomas P. (1969), Professor, English Language and Literature.
PhD, University of Wisconsin
AM, University of Missouri-Columbia

Howard, Paul E. (1970), Professor, Mathematics.
PhD, University of Michigan

Howay, Bryan (1983), Senior Programmer/Analyst, Learning Resources and Technologies.
BS, Wayne State University

Hoyer, Denise T. (1985), Professor, Management.
PhD, University of Michigan

Hubbard, John R. (1969), Professor, Foreign Languages and Bilingual Studies.
PhD, Michigan State University

Hunter, Frederick C. (1967), Professor, Art.
MFA, University of Wisconsin

Hurlabe, Kevin M. (1986), Assistant Director, Academic Advising Center.
MPA, Eastern Michigan University

Hurst, Edith M. (1973), Professor, Biology.
PhD, University of Michigan

Huszczo, Gregory E. (1978), Professor, Management.
PhD, Michigan State University

Hutchins, Ronald E. (1977), Associate Professor, Finance.
PhD, University of Missouri-Columbia

Huyvaert, Sarah H. (1986), Associate Professor, Teacher Education.
EdD, Indiana University

Iannaccone, Anthony J. (1971), Professor, Music.
PhD, Eastman School of Music

EdD, University of Southern California

MS, Eastern Michigan University

Illich-Ricco, Alfonso (1994), Assistant Professor, Foreign Languages and Bilingual Studies.
PhD, University of Arizona

Ingram, Betty J. (1967), Professor, English Language and Literature.
PhD, University of Pennsylvania

Israel, Everett N. (1936), Department Head, Professor, Industrial Technology.
EdD, West Virginia University

Ivey, Suzanne (1987), Assistant Professor, Nursing Education.
MS, Northern Illinois University

Jackonen, Sharon (1983), Assistant Professor, Nursing Education.
MSN, University of Michigan

Jackson, Dennis C. (1967), Professor, Biology.
PhD, Michigan State University

Jacobs, Diane A. (1984), Associate Professor, Physics and Astronomy.
PhD, University of Texas

Jaslardan, K.G. (1986), Professor, Mathematics.
PhD, Pennsylvania State University

Jaworski, Eugene (1971), Professor, Geography and Geology.
PhD, Louisiana State University

Jellema, John Jan (1982), Professor, Industrial Technology.
PhD, Michigan State University

Jennings, Gerald L. (1965), Professor, Business and Technology Education.
PhD, Michigan State University

Jernigan, E. Jay (1965), Professor, English Language and Literature.
PhD, Kansas State University

Jernigan, Louise F. (1970), Professor, Teacher Education.
PhD, Kent State University

Jhung, Stuart M.T., ASCP (1987), Medical Technologist, University Health Services.
BA, Lander College

Johnson, David C. (1973), Associate Professor, Mathematics.
EdD, University of Georgia

Johnson, James D. (1968), Professor, Political Science.
PhD, University of Michigan

Johnson, Judith A. (1970), Associate Provost; Professor, English Language and Literature.
PhD, University of Michigan

Johnson, Marvin J. (1963), Professor, Health, Physical Education, Recreation, and Dance.
PhD, University of Michigan

Johnson, Robbie A. (1976), Associate Dean, College of Education; Associate Professor, Health, Physical Education, Recreation, and Dance.
EdD, Wayne State University

Johnson, George A. (1972), Chief Budget Officer; Executive Director of University Planning, Budgeting, and Analysis, University Planning, Budgeting, and Analysis.
MBA, University of Michigan

Johnston, Roy (1995), Department Head, Professor, Art

Jones, Zenia (1990), Instructor, Computer Science.
MA, Eastern Michigan University

Jones, Louise (1990), Assistant Professor, Human, Environmental, and Consumer Resources.
MS, Virginia Polytechnic Institute and State University

Jones, Michael H. (1987), Associate Professor, Health, Physical Education, Recreation, and Dance.
MS, Eastern Michigan University

Jones, Frank (1991), Professor, Interdisciplinary Technology.
PhD, Duke University-Durham

Jones, Sylvia N. (1992), Assistant Professor, Teacher Education.
PhD, University of Michigan

Jones, Lydia (1993), Coordinator, Multicultural Center.
BA, Memphis State University

Jordan, Eunice L. (1970), Professor, English Language and Literature.
BA, Wayne State University

Jorfi, Joseph (1977), System and Budget Analyst, Admissions.
BS, Eastern Michigan University

Jose-Kampfner, Christina (1993), Assistant Professor, Teacher Education.
PhD, University of Michigan

Sachdev, Harash (1981), Assistant Professor, Marketing.
PhD, Georgia State University

Saker, Marilyn N. (1983), Assistant Professor, Music.
PhD, University of Wisconsin-Madison

Salisbury, Robert A. (1972), Senior Advisor, Special Populations, Academic Services Center.
MBA, Eastern Michigan University

Semonte, Quirico S. (1963), Professor, Teacher Education.
PhD, University of Michigan

Sánchez, Pedro P. (1972), Professor, Computer Information Systems.
PhD, University of Michigan

Sandul, James A. (1975), Professor, Art.
MFA, Arizona State University

Sauber, Matthew (1988), Professor, Marketing.
PhD, University of Texas at Austin

Saunders, Ronald J. (1965), Associate Professor, Health, Physical Education, Recreation, and Dance.
PhD, Michigan State University

Saxon, Charles S. (1977), Professor, Computer Information Systems.
PhD, University of Michigan

Sayegh, Matilda Y. (1970), Associate Professor, Health, Physical Education, Recreation, and Dance.
PhD, University of Michigan

Sayles-Folks, Sherry L. (1978), Associate Professor, Occupational Therapy.
PhD, University of Michigan

Schlachock, Carol (1984), Assistant Professor, English Language and Literature.
MA

Schatz, Kenneth (1990), Assistant Professor, Special Education.
MA, Eastern Michigan University

Schlau, Raymond E. (1989), Director, World College; Professor, Foreign Languages and Bilingual Studies.
PhD, Rice University

Scheffer, Barbara K. (1976), Assistant Professor, Nursing Education.
MA, University of Michigan

Scheler, Lester B. (1969), Professor, History and Philosophy.
PhD, Northwestern University

Schmitt, Donna M. (1975), Associate Dean, College of Education; Professor, Leadership and Counseling.
EdD, Western Michigan University

Schmiz, Philip C. (1993), Assistant Professor, History and Philosophy.
PhD, University of Michigan

Schiubbe, Spencer (1979), Supervisor, ISC Microcomputer Lab; Learning Resources and Technologies.
PhD, Georgia State University

Schullery, Stephen E. (1970), Professor, Chemistry.
PhD, Cornell University

Schuster, Elizabeth (1990), Assistant Professor, Social Work.
MA, University of Michigan

Schwartz, Ellen C. (1977), Professor, Art.
PhD, Institute of Fine Arts, New York

Schwarze, Richard (1970), University Photographer.
Public Information and Publications

Scott, Sheila K. (1988), Senior Adviser, Special Populations, Academic Advising Center.
MA, Texas A&M University

Scott, Ronald M. (1989), Professor, Chemistry.
PhD, University of Illinois

Scott, Joanna V. (1990), Professor, Political Science.
PhD, University of Strathclyde, Glasgow, Scotland

Seely, T. Daniel (1988), Associate Professor, English Language and Literature.
PhD, University of Massachusetts-Amherst

Selbert, Therese Beck (1992), Assistant Professor.
Communication and Theatre Arts.
MFA, University of Wisconsin

PhD, Northwestern University

BA, Oakland University

Senteney, David L. (1989), Assistant Professor, Department of Accounting.
PhD, University of Illinois at Urbana-Champaign

Senteney, Laurie (1984), Senior User Consultant, Learning Resources and Technologies.
MA, Eastern Michigan University

Shapiro, Douglas V. (1992), Department Head, Professor.
Biology.
MD, Case Western Reserve; PhD, Cambridge University
Sharifi, Mohsen (1981), Department Head, Professor, Department of Accounting.
PhD, Louisiana State University

Sharma, Nathal L. (1986), Associate Professor, Physics and Astronomy.
PhD, Ohio State University

Sharp, David W. (1962), Professor, Art.
MFA, University of Iowa

Sheard, John E. (1963), Professor, Health, Physical Education, Recreation, and Dance.
PED, Indiana University

Sheard, Joan (1968), Assistant Professor, Health, Physical Education, Recreation, and Dance.
MS, Indiana University

Sheard, James (1991), Associate Professor, Physics and Astronomy.
PhD, University of Michigan

Shelton, William (1988), President.

Shen, Weidian (1991), Associate Professor. Physics and Astronomy.

Shearin, John E. (1963), Professor, Health, Physical Education, Recreation, and Dance.

Shearin, Joan (1988), Assistant Professor, Health, Physical Education, Recreation, and Dance.

Sheard, John E. (1963), Associate Professor, Physics and Astronomy.

Skore, Marvin L. (1968), Associate Professor, Special Education.
PhD, Wayne State University

Skuraki, Virginia (1980), Professor, Nursing Education.
PhD, University of Michigan

Smart, William (1966), Director, Physical Plant.
MA, Eastern Michigan University

Smith, Karen M. (1987), Associate Professor, Communication and Theatre Arts.
MFA, Eastern Michigan University

Smith, Lawrence R. (1970), Professor, English Language and Literature.
PhD, University of California-Berkeley

Smith, John R. (1969), Assistant Professor, Music.
MA, Eastern Michigan University

Smith, Margaret J. (1981), Assistant Professor, Special Education.
PhD, Michigan State University

Smith, Eugene (1983), Executive Director, Athletics.
BA, University of Notre Dame

Smith, Clark A. (1983), News and Public Affairs Manager, WEMU.
BS, Eastern Michigan University

Smith, Laurence N. (1976), Vice President, University Marketing and Student Affairs.
MA, State University of New York at Buffalo

Snyder, Donald M. (1953), Assistant Professor, Chemistry.
PhD, Purdue University

Snyir, Andrew (1984), Associate Professor, Department of Accounting.
PhD, Purdue University

BSN, Madonna College

Soell, Fathi F. (1971), Professor, Production/Operations Management.
PhD, University of Illinois

Sonstein, Stephen (1984), Department Head, Professor, Associated Health Professions.
PhD, Hahnemann Medical College

Steyrer, Thomas G. (1982), Associate Professor, Industrial Technology.
EdD, Temple University

Speelman, Pamela K. (1990), Associate Professor, Industrial Technology.
MA, MSIT, Eastern Michigan University

Sparlock, Dorothy (1993), Research Associate, Office of Research Development.
MA, Western Michigan University

Stael, Arnie (1988), Professor, English Language and Literature.
PhD, University of Michigan

Stacey, Kathleen (1992), Assistant Professor, Communication and Theatre Arts.
MA, Eastern Michigan University

Stanton, Nancy (1983), Assistant Professor, Human, Environmental, and Consumer Resources.
PhD, Ohio State University

Stangerson, Keith J. (1974), Assistant Professor, Learning Resources and Technologies.
MLS, University of Illinois

Starko, Alane J. (1986), Associate Professor, Teacher Education.
PhD, University of Connecticut

Stavros, Dena A. (1984), Professor, Interdisciplinary Technology.
PhD, Texas A&M University

BA, Eastern Michigan University

Stein, James J. (1990), Instructor, Industrial Technology.
MSED, State University of New York-Buffalo

Stevens, Suzanne J. (1970), Professor, Biology.
PhD, University of Michigan

Stevens, Kenneth W. (1972), Professor, Communication and Theatre Arts.
MA, University of Cincinnati

Stuckel, Sue A. (1991), Assistant Professor, Leadership and Counseling.
PhD, University of Wyoming

Strand-Evans, Katherine E. (1973), Professor, Communication and Theatre Arts.
MFA, Ohio University
BS, Eastern Michigan University

Stone, Julie (1994), Assistant Professor, Music.
DMA, University of Maryland-College Park

MA, Eastern Michigan University

Sullivan, John M. (1958), Professor, Chemistry.
PhD, University of Michigan

Sutton, Robert E. (1982), Assistant Professor, Geography and Geology.
MA, Western Michigan University

Szabo, Edward J. (1965), Professor, Music.
EDD, Columbia University

T

Tabuee, Motoko (1992), Assistant Professor, Foreign Languages and Bilingual Studies.
PhD, Ohio State University

Tack, Martha W. (1990), Associate Dean, College of Education, Professor, Leadership and Counseling.
PhD, University of Alabama

Tammany, Rosina (1988), Assistant Professor, Learning Resources and Technologies.
AMLS, University of Michigan

Tammany, David D. (1966), Professor, Art.
MFA, Tulane University

Tanner, Sandra (1974), Administrative Assistant, Center for Quality.

Tatum, Judy B. (1978), Director, Financial Aid.
BS, Appalachian State University

Tayeh, Carla (1989), Associate Professor, Mathematics.
PhD, Southern Illinois University

Teel, Mary D. (1968), Professor, Music.
PhD, University of Michigan

BA, Eastern Michigan University

Tehranipour, Aby (1990), Professor, Computer Science.
PhD, University of Nebraska

Terry, Janice J. (1968), Professor, History and Philosophy.
PhD, University of London

Tesemma, Asrat (1985), Department Head, Professor, Finance and Computer Information Systems.
PhD, University of Iowa

Tew, Michael (1989), Assistant Professor, Communication and Theatre Arts.
MA, Eastern Michigan University

Thalhofer, Nancy N. (1969), Assistant Professor, Sociology, Anthropology, and Criminology.
PhD, University of Michigan

EdD, University of Illinois

Thompson, Thomas Bradley (1988), Supervisor, Copy Services, Learning Resources and Technologies.
BS, West California Coast University

PhD, Michigan State University

Thornton, James (1991), Associate Professor, Economics.
PhD, University of Oregon

Tillman, Tracy S. (1990), Assistant Professor, Industrial Technology.
PhD, Purdue University

Timko, Arthur (1970), Director, WEMU.
MA, Eastern Michigan University

Tinney, Kathleen D. (1968), Assistant Vice President, University Relations Division.
MA, University of Michigan

Todd, James T. (1990), Associate Professor, Psychology.
PhD, University of Kansas

Tomkins, Colleen (1976), Manager, Customer Service Operations, Housing and Food Service.
MA, Eastern Michigan University

Torquist, Wade J. (1986), Associate Professor, Chemistry.
PhD, University of Minnesota

Torres, Roberto (1981), Assistant Professor, Health Administration.
PhD, University of Michigan

Tracy, Jaclynn R. (1992), Assistant Professor, Leadership and Counseling.
PhD, Michigan State University

Trotchet, P. Daniel (1968), Department Head, Professor, Physics and Astronomy.
PhD, University of Michigan

Truzzi, Marcello (1974), Professor, Sociology, Anthropology, and Criminology.
PhD, Cornell University

Tubbs, Stewart L. (1986), Dean, College of Business; Professor, Management.
PhD, University of Kansas

Tucker, William (1993), Assistant Professor, English Language and Literature.
MAT, Harvard University

Tucker, Walter W. (1979), Professor, Industrial Technology.
PhD, University of Michigan

Tummaela, VM. Rao (1981), Professor, Production/Operations Management.
PhD, Michigan State University

Tuscani, William (1986), Assistant Athletic Trainer, Athletics.
MS, Eastern Michigan University

Tyler, Norman R. (1990), Associate Professor, Geography and Geology.
DAcc, University of Michigan

U

Ueberroth, Karen (1993), Laboratory Coordinator, Computer Science.
ALA, Oakland Community College

Ullman, Nelly S. (1963), Professor, Mathematics.
PhD, University of Michigan

Upshur, Jiu Hwa (1971), Professor, History and Philosophy.
PhD, University of Michigan

V

Van Haren, John E. (1960), Professor, Art.
MA, University of Wisconsin

BS, Eastern Michigan University
Van Voorhees, Florence E. (1979), Associate Professor, Special Education.
PhD, University of Michigan

Vanden Bosch, James L. (1987), Associate Professor, Biology.
PhD, University of Michigan

Vengroff, Linda P. (1990), Associate Director, University Health Services.
MPA, Texas Tech University

Venis, Ronald M. (1966), Assistant Professor, Health, Physical Education, Recreation, and Dance; Athletic Trainer, Athletics.
MS, Indiana University

Vick, James (1973), Assistant Vice President, University Marketing and Student Affairs.
MA, Eastern Michigan University

Villegas, Jesse (1988), Coordinator, Media Services Center; Learning Resources and Technologies.

Vineyard, Jo Ellen (1986), Professor, History and Philosophy.
PhD, University of Michigan

Vites, Jose (1991), Assistant Professor, Chemistry.
PhD, University of Notre Dame

Voght, Geoffrey M. (1971), Associate Director, World College; Professor, Foreign Languages and Bilingual Studies.
PhD, University of Michigan

Vogt, Michael G. (1978), Professor, Economics.
PhD, University of Wisconsin

PhD, Michigan State University

Von Kluge, Silvia (1990), Associate Professor, Psychology.
PhD, Michigan State University

Vosteen, Thomas R. (1991), Associate Professor, Foreign Languages and Bilingual Studies.
PhD, University of Iowa

W

Waffle, Elizabeth L. (1968), Associate Professor, Biology.
PhD, Iowa State University

Wagner, Fraya W. (1982), Professor, Management.
DBA, Memphis State University

Wagner, Robin (1981), Budget Analyst III, University Planning, Budgeting, and Analysis.
BA, Sierra Heights College

Wahi, Kishor N. (1967), Professor, Teacher Education.
PhD, University of Michigan

Waidley, John W. (1968), Professor, Leadership and Counseling.
EdD, New York University

Walker, Glenn K. (1976), Professor, Biology.
PhD, University of Maryland

Walker, Karen (1992), Assistant Director, University Honors Program.
MA, Eastern Michigan University

Walter, James R. (1984), Assistant Professor, Mathematics.
PhD, Wayne State University

Waltman, John L. (1986), Professor, Management.
PhD, University of Texas

Waltz, James C. (1968), Acting Associate Dean, College of Arts and Sciences; Professor, History and Philosophy.
PhD, Michigan State University

Warb, Robert M. (1969), Professor, Geography and Geology.
PhD, University of Michigan

Warren, Reino V. (1992), Assistant Professor, Production/Operations Management.
PhD, Illinois Institute of Technology

Warren, Bette (1984), Professor, Mathematics.
PhD, Indiana University

PhD, University of Michigan

MA, Eastern Michigan University

Wasik, Caludia B. (1965), Associate Professor, Health, Physical Education, Recreation, and Dance.
MS, Eastern Michigan University

PhD, University of Michigan

Watson, Mary Ann (1990), Professor, Communication and Theatre Arts.
PhD, The University of Michigan

Watts, Leroy W. (1969), Associate to the Provost for Faculty Recruitment, Associate Professor, Social Work.
MSW, University of Iowa

Webb, Paul Dean (1983), Coordinator, Foreign Student Services.
MT, North Park Theological Seminary

Weber, Patricia (1981), Director, Center for Entrepreneurship; Associate Professor, Marketing.
DBA, Indiana University

Wedenoja, Marilyn (1992), Assistant Professor, Social Work.
MSW, University of Michigan

Weeks, John A. (1968), Professor, Industrial Technology.
PhD, University of Michigan

Weeks, C. Wayne (1978), Associate Professor, Real Estate.
DBA, Kent State University

Weinstein, Jay (1986), Professor, Sociology, Anthropology, and Criminology.
PhD, University of Illinois-Urbana

Weiser, Jerome A. (1967), Professor, Teacher Education.
EdD, Wayne State University

Welber, Joel S. (1984), Assistant Professor, Law.
JD, Wayne State University

Welch, Bethann (1974), Senior User Consultant, Learning Resources and Technologies.

Westman, Alida S. (1972), Professor, Psychology.
PhD, Cornell University

Westrum, Ronald M. (1972), Professor, Sociology, Anthropology, and Criminology.
PhD, University of Chicago

Weymouth-Payne, Ariel (1982), Assistant Professor, Health, Physical Education, Recreation, and Dance.
MFA, University of North Carolina
White, Patrick T. (1967), Professor, English Language and Literature.
PhD, University of Michigan

White, Bette C. (1970), Dean of Students.
PhD, Michigan State University

White, Darcelle D. (1995), Assistant Professor, Business and Technology Education

Wilce, Steven (1982), Head Coach, Women's Gymnastics, Athletics.
BS, Eastern Kentucky University

Wiley, Jacqueline (1978), Benefit Programs Analyst, Human Resources.
MA, Eastern Michigan University

Williams, Patricia L. (1979), Associate Director, Academic Advising Center.
MA, Eastern Michigan University

Williams, Patricia J. (1979), Professor, Art.
MFA, Indiana University

Williams, Roger L. (1968), Professor, Health, Physical Education, Recreation, and Dance.
EdD, University of Missouri

Williams, Regina (1990), Department Head, Professor, Nursing Education.
PhD, University of Michigan

Williams, Sandra (1958), Associate Executive Director, Auxiliary Enterprises.
MBA, Wayne State University

Williamson, Jerry R. (1967), Associate Professor, Chemistry.
PhD, University of Iowa

Williston, Judith C. (1971), Professor, Teacher Education.
PhD, University of Michigan

Wilson, Herbert H. (1968), Professor, Business and Technology Education.
MA, West Virginia University

Wilson, Lorraine (1988), Associate Professor, Nursing Education.
PhD, Wayne State University

Winder, Diane (1988), Associate Professor, Music.
MM, Converse College

Wingo, Rosetta F. (1968), Professor, Business and Technology Education.
PhD, Michigan State University

Winning, Robert S. (1995), Assistant Professor, Biology.
PhD, University of Waterloo, Ontario

Winterson, Sherry (1979), Coordinator, Registration.
BBA, Eastern Michigan University

Wisniewski, Lech (1991), Assistant Professor, Special Education.
PhD, University of Missouri

Witten, Charles X. (1969), Professor, Health, Physical Education, Recreation, and Dance.
PhD, Ohio State University

Witten, Winifred (1979), Professor, Health, Physical Education, Recreation, and Dance.
MS, Eastern Michigan University

Wojcik-Andrews, Inn (1990), Associate Professor, English Language and Literature.
PhD, University of Connecticut-Storrs

Woodland, Linda M. (1982), Associate Professor, Department of Accounting.
PhD, Purdue University

Woody, Bill M. (1981), Professor, Economics.
PhD, Purdue University

JD, University of Michigan

Wooley, Jon K. (1967), Professor, Physics and Astronomy.
PhD, University of Michigan

Wu, Ness L.J. (1974), Professor, Production/Operations Management.
PhD, Purdue University

Wylo, Bonnie L. (1988), Associate Professor, Physics and Astronomy.
EdD, University of Michigan

Y

Yager, Jay R. (1968), Professor, Art.
MFA, University of Wisconsin

Yamauchi, Masanobu (1965), Professor, Chemistry.
PhD, University of Michigan

Yeakle, Myrna A. (1968), Professor, Health, Physical Education, Recreation, and Dance.
PhD, Ohio State University

Yee, Sandra C. (1982), Library Department Head, Professor, Learning Resources and Technologies.
EdD, University of Michigan

Yichun, Xie (1994), Assistant Professor, Biology.
PhD, SUNY at Buffalo

Yourke, Mary F. (1982), Assistant Professor, Mathematics.
MS, Kansas State University

Yost, Mary L. (1968), Professor, Music.
DMA, University of Michigan

Young, Kenneth C. (1974), Associate Professor, Department of Accounting.
PhD, Purdue University

Youssuf, Zakhour I. (1965), Professor, Psychology.
PhD, Wayne State University

Z

Zabawa, Paul L. (1968), Associate Registrar, Academic Records and Certification.
SpA, Eastern Michigan University

Zahrntha, Michael C. (1968), Professor, Art.
MFA, Syracuse University

Zeiger, Michael (1979), Assistant Professor, Computer Science.
PhD, University of Michigan

Ziefert, Marjorie (1981), Professor, Social Work.
MSW, Columbia University

Zimmer, Patricia M. (1980), Associate Professor, Communication and Theatre Arts.
MFA, Florida State University

DMA, University of Michigan

UNDERGRADUATE CATALOG
EMERITUS FACULTY

A

Abramson, Armand R., BM, MM (1967-95) Professor Emeritus, Music

Albritton, Thelema, BA, MA, MBd (1961-84) Associate Professor Emeritus, Special Education

Anderson, Charles T., AB, PhD (1955-86) Professor Emeritus, Chemistry

Anderson, Frederick, BA, MA, PhD (1970-88) Professor Emeritus, History and Philosophy

Anderson, Normajeann L., AM, BS, BCS (1948-79)

Associate Professor Emeritus, Administrative Services and Business Education

Anderson, Robert L., BA, MA, PhD (1957-86) Professor Emeritus, Psychology

Angeloeci, Angelo A., BS, MA, PhD (1965-88) Professor Emeritus, Special Education

Ashton, Charles R., AB, MBA (1964-80) Associate Professor Emeritus, Marketing

B

Barnes, Geraldine K., BA, MA (1964-94) Associate Professor Emeritus, Health, Physical Education, Recreation and Dance

Barnes, James M., BS, MS, PhD (1958-88) Professor Emeritus, Physics and Astronomy

Belcher, Robert O., BA, MS, PhD (1946-80) Professor Emeritus, Biology

Bell, Margaret E., BS, MS (1965-85) Assistant Professor Emeritus, Health, Physical Education, Recreation and Dance

Bell, Mary L., BS, MA (1949-83) Associate Professor Emeritus, Health, Physical Education, Recreation and Dance

Bell, Gordon A., BS, MA, EdD (1958-92) Associate Professor Emeritus, Teacher Education

Bennett, Alice R., AB, MA, PhD (1947-76) Professor Emeritus, English Language and Literature

Berry, Leona P., AB, MS, MALS (1967-81) Associate Professor Emeritus, Center of Educational Resources

Bidwell, Jean S., AB, MA, PhD (1962-89) Professor Emeritus, Foreign Languages and Bilingual Studies

Bilsky, Manuel, BA, MA, PhD (1960-80) Professor Emeritus, History and Philosophy

Birleson, Clifford, BA, MA (1961-80) Associate Professor Emeritus, Curriculum and Instruction

Bishop, Nadean, BA, MA, PhD (1968-92) Professor Emeritus, English Language and Literature

Borusch, Barbara, BS, AM, PhD (1932-64) Director Emeritus, History and Philosophy

Brownrigg, William J., BS, AM (1932-64) Director Emeritus, Academic Advising

Briggs, W. Donald, BA, MA, PhD (1964-95) Professor Emeritus, History and Philosophy

Bryan, William C., BS, MBA (1964-74) Associate Professor Emeritus, Accounting and Finance

Brylowski, Walter M., BA, MA, PhD (1965-83) Professor Emeritus, English Language and Literature

Bush, Russell L., BA, MPE (1957-89) Assistant Professor Emeritus, Health, Physical Education, Recreation and Dance

Bushey, J. Thomas, PhD, MA, EdD (1969-94) Associate Professor Emeritus, Teacher Education

Cabrera, Haydee M., BS, MPH, MLS (1966-83) Assistant Professor Emeritus, Center for Educational Resources

Calkins, Kingsley, BA, MA (1950-79) Professor Emeritus, Department Head, Art

Cantner, Francis M., BA, PhD, MPH (1967-88) Professor Emeritus, Psychology

Caputo, George E., BS, MEd (1965-85) Assistant Professor Emeritus, Special Education

Carpenter, Arthur L., BA, MA (1964-90) Assistant Professor Emeritus, Teacher Education

Carter, Gilles F., BS, PhD (1967-90) Professor Emeritus, Chemistry

Caswell, Herbert H., Jr., SB, MA, PhD (1957-88) Professor Emeritus, Biology

Cavanaugh, Patric L., BA, MS, PhD (1966-94) Professor Emeritus, Health, Physical Education, Recreation and Dance

Chamberlain, Marjorie, BS, MA (1967-94) Assistant Professor Emeritus, Special Education

Cione, Jean, BS, MS (1963-92) Associate Professor Emeritus, Health, Physical Education, Recreation and Dance

Collins, W. Oscar, BS, MEd, EdD (1957-79) Professor Emeritus, Accounting and Finance

Compero, Edward L., Jr., BS, MS, PhD (1964-92) Professor Emeritus, Chemistry

Cooper, Virginia A., BA, MA (1948-75) Associate Professor Emeritus, English Language and Literature

D

Daly, Francis, BA, MA, EdD (1964-87) Professor Emeritus, Leadership and Counseling

Darg, Jane M., BFA, MA (1942-78) Associate Professor Emeritus, Art

Decker, Bernard, BS, MS (1971-95) Professor Emeritus, English Language and Literature

Dellas, Marie, S., MEd, PhD (1969-91) Professor Emeritus, Teacher Education

Dinbrow, Donald W., AB, PhD (1956-79) Professor Emeritus, History and Philosophy

Dornbos, Sanford J., BA, MA (1963-86) Assistant Professor Emeritus, Health, Physical Education, Recreation and Dance

Drake, Raymond, BS, MBA (1965-82) Associate Professor Emeritus, Marketing

Duncan, Charles H., EdD, PhD (1965-84) Professor Emeritus, Business and Industrial Education

E
Erickson, Walfred E., BEd, BS, MA, PhD (1952-70) Professor Emeritus, Mathematics
Einstadter, Werner J., AB, MCrim, DCrim (1967-92) Professor Emeritus, Sociology, Anthropology, and Criminology
Early, Madeline, BA, MA, PhD (1956-75) Professor Emeritus, Head, Library

F
Fauman, S. Joseph, BA, MA, PhD (1958-86) Professor Emeritus, Sociology
Fennel, William E., BA, MA, PhD (1970-93) Professor Emeritus, Biology
Fenwick, Ruth G., BSM, MA (1952-74) Associate Professor Emeritus, Music
Fenz, Emanuel G., BA, MA, PhD (1969-91) Professor Emeritus, History and Philosophy
Fielder, Anita L., BEd, MS, SpEd (1955-80) Professor Emeritus, Home Economics
Fitch, William D., BS, MA, EdD (1955-89) Professor Emeritus, Teacher Education
Fitz, William D., BS, MS, PhD (1944-76) Professor Emeritus, Music
Foster, Milton P., AB, MA, PhD (1947-86) Professor Emeritus, English Language and Literature
Found, R. Elaine, BA, MS, PhD (1971-89) Associate Professor Emeritus, Human, Environmental, and Consumer Resources
French, Sophie L., AB, MA (1948-76) Assistant Professor Emeritus, Special Education
Fulton, C. Wayne, AB, MA, PhD (1956-88) Professor Emeritus, Special Education

G
Galetti, Jeaninne M., BS, MA (1952-86) Associate Professor Emeritus, Health, Physical Education, Recreation and Dance
Garfield, Juanita, AB, MA, EdD (1958-85) Professor Emeritus, Teacher Education
Gaston, Hugh P., AB, MS (1963-81) Assistant Professor Emeritus, Guidance and Counseling
Geoffen, Lawrence, BEd, MA, PhD (1983-93) Associate Professor Emeritus, Special Education
Geler, Ralph A., BS, MA (1952-74) Associate Director Emeritus, Field Services
Gessert, Walter L., BS, MS, PhD (1961-86) Professor Emeritus, Physics and Astronomy
Gex, R. Stanley, BS, MA, EdD (1964-77) Dean Emeritus, College of Education; Professor Emeritus, Teacher Education
Gibbons, James R., BS, MS, PhD (1967-83) Associate Professor Emeritus, Economics
Gilden, Ralph F., BS, MA (1942-82) Dean Emeritus, Student Activities and Admissions; Associate Professor Emeritus, Industrial Education
Godfrey, Elaine, BS, MA (1952-83) Associate Professor Emeritus, Art
Goings, Edmond W., AB, MS (1946-76) Professor Emeritus, Mathematics, Instructional Computer Service
Goldsmith, William E., BA, MA, EdD (1962-83) Assistant Professor Emeritus, Teacher Education
Goosey, Bob L., BS, MA, PhD (1959-93) Associate Professor Emeritus, Mathematics
Green, Edward, AB, AM, PhD (1963-86) Professor Emeritus, Sociology
Green, Mary A., BA, MA, PhD (1961-92) Professor Emeritus, Health, Physical Education, Recreation and Dance and Associate Dean, College of Education
Green, Phyllis Young, BA, MA (1972-92) Assistant Professor Emeritus, Human, Environmental and Consumer Resources
Grinstead, L. Kenneth, BA, MA, PhD, (1964-90) Professor Emeritus, Leadership and Counseling

H
Haddan, Eugene E., BA, MA, EdD (1965-88) Professor Emeritus, Teacher Education
Hansen, B. Joy, BS, MS (1972-92) Assistant Professor Emeritus, Human, Environmental and Consumer Resources
Harris, Arthur Jack, MA, PhD (1967-94) Professor Emeritus, English Language and Literature
Hauis, F. Eugene, BA, MA, PhD (1966-88) Professor Emeritus, English Language and Literature
Hefley, J. Theodore, BS, MS, PhD (1959-88) Professor Emeritus, History and Philosophy
Heldig, Althea K., BA, MA (1966-93) Professor Emeritus, English Language and Literature
Hester, Kathleen B., BS, MA, PhD, LittD (Hon) (1945-70) Professor Emeritus, Education
Hill, Helen, BA, MA (1963-83) Professor Emeritus, English Language and Literature
Hislop, Robert L., LLB, LLM, PhD (1970-81) Professor Emeritus, Marketing and Law
Hoitash, Charles F., BS, MBA, PhD, (1973-91) Professor Emeritus, Management
Howe, George M., BS, MA, PhD (1968-87) Professor Emeritus, Geography and Geology

I
Irwin, Martha E., BA, MA, PhD (1961-91) Professor Emeritus, Teacher Education

J
Jackson, Donald E., BA, MA, PhD (1967-89) Professor Emeritus, Psychology
Jacobson, Elaine R., BM, MM (1968-89) Professor Emeritus, Music
Johnson, Fred T., AB, PhD (1967-84) Professor Emeritus, Physics and Astronomy
Jones, Edgar L., Jr, BS, MA (1957-92) Assistant Professor Emeritus, English Language and Literature
Jones, Hobert, BS, MA, EdD (1964-86) Associate Professor Emeritus, Teacher Education
Jordan, Hoover K., BA, MA, PhD, EdD (Hon) (1939-76) Professor Emeritus, English Language and Literature

K

Kallenbach, Jessamine, BA, MA, MAL (1962-83) Professor Emeritus, Center for Educational Resources

Kilanski, Doris M., BA, MA, SpA, PhD (1970-82) Associate Professor Emeritus, Educational Leadership

Kloosterman, Winton A., BA, MA, EdD (1962-83) Associate Professor Emeritus, Educational Leadership

Kooster, Virginia Glasgow, BA, MA (1962-86) Professor Emeritus, Communication and Theatre Arts

Kraushaar, Donald C., BS, MBA, MS (1958-90) Professor Emeritus, English Language and Literature

Krieger, Mary, MS, MA, PhD (1964-96) Professor Emeritus, Human, Environmental and Consumer Resources

Kureth, Elwood J., BA, AM, PhD (1968-92) Professor Emeritus and Department Head, Geography and Geology

L

LaBounty, Raymond A., BS, MA, EdS (1935-81) Professor Emeritus, Industrial Education; Vice President Emeritus, Administration

Lamkin, Erwin G., BS, MS (1946-85) Associate Professor Emeritus, Chemistry

Laney, Maurice L., BA, MM, PhD (1968-90) Professor Emeritus, Music

Lansing, Marjorie J., BA, MA, PhD (1988-90) Professor Emeritus, Political Science

Larsen, Delmar, BA, MA, PhD (1964-84) Professor Emeritus, Business and Industrial Education

Lawiczak, Donald, BA, MS, PhD (1967-96) Professor Emeritus, English Language and Literature

Laws, Duane, BA, MA, EdD (1967-95) Professor Emeritus, Human, Environmental and Consumer Resources

Leimbach, Richard B., BA, MEd, EdD (1972-92) Associate Professor Emeritus, Human, Environmental and Consumer Resources

Linn, George, BA, MA, PhD (1955-86) Director Emeritus, Academic Records and Certification

Lowe, Emily Boyd, AB (1951-91) Professor Emeritus, Music

M

MacDonald, Alister, BA, MA (1948-78) Associate Professor Emeritus, Curriculum and Instruction

MacDonald, Mary Lee, AB, MA, PhD (1966-88) Assistant Professor Emeritus, English Language and Literature

Madgett, Naomi Long, BA, MA (1963-83) Professor Emeritus, English Language and Literature

Magoon, Donald W., BS, MS, MA, MBA (1965-80) Associate Professor Emeritus, Management

Marshall, Albert P., AB, BLS, MA (1969-80) Professor Emeritus, Center of Educational Resources

Marshall, Everett L., EEd, MA, PhD (Hon) (1938-79) Professor Emeritus, Education; Dean Emeritus, Academic Records and Certification

Maxfield, Grace K., AB, BLS (1955-79) Associate Professor Emeritus, Center of Educational Resources

May, George S., AB, AM, PhD (1966-85) Professor Emeritus, History and Philosophy

McDaniel, Theima, BFA, MA (1964-86) Professor Emeritus, Communication and Theatre Arts

McElya, Mitchel Robert, BS, MFA (1967-92) Professor Emeritus, Communication and Theatre Arts

McGee, Charles (1969-87) Associate Professor Emeritus, Art

McHugh, Frank, AB, MA (1958-86) Professor Emeritus, English Language and Literature

McKee, Judy, BA, MA, EdD (1971-94) Professor Emeritus, Teacher Education

McWilliams, Robert O., AB, MPA, PhD (1966-86) Professor Emeritus, Political Science

Meisels, Murray, BA, PhD (1965-92) Professor Emeritus, Psychology

Menzel, Elizabeth A., BA, MA, PhD (1964-86) Professor Emeritus, Health, Physical Education, Recreation and Dance

Millske, Paul W., BS, MA, PhD (1967-94) Associate Professor Emeritus, Biology

Minzey, Jack D., BA, MA, EdD, (1986-91) Professor Emeritus and Department Head, Leadership and Counseling

Moffett, Valerie T., BS, MA (1961-89) Associate Professor Emeritus, Health, Physical Education, Recreation and Dance

Monahan, Thomas, BA, MA, EdD (1963-83) Professor Emeritus, Teacher Education

Moore, Noel Sam, BA, MA, EdD (1965-94) Associate Professor Emeritus, Teacher Education

Morgan, Willis A., BA, MA (1957-92) Professor Emeritus, Communication and Theatre Arts

Muller, Brigitte D., BA, MA, PhD (1965-92) Professor Emeritus, Foreign Languages and Bilingual Studies

Myers, Allen, MM, MA, PhD (1958-77) Dean Emeritus, College of Education; Professor Emeritus, Special Education

N

Nau, Paul A., BS, MEd, PhD (1967-90) Professor Emeritus, Leadership and Counseling

Nelson, Bruce K., BA, MA, PhD (1954-81) Professor Emeritus, Educational Leadership; Vice President Emeritus, Instruction

Niesen, Norman D., BS, MA, EdD (1977-87) Professor Emeritus and Department Head, Special Education

O

Ogden, Lawrence, BS, MS, MA, DSc (1963-89) Professor Emeritus, Geography and Geology
Oltmanns, Richard G., BS, MA, MS (1956-86) Associate Professor Emeritus, Center of Educational Resources

Osborn, Carroll A., BA, BS, MA (1965-81) Professor Emeritus, Industrial Education

P

Palford, Harold E., BS, MA, PhD (1970-91) Professor Emeritus, Business and Industrial Education

Parrish, Arthur, BS, MA, PhD (1970-88) Professor Emeritus, Music

Parsons, Karl A., AB, MS (1950-77) Professor Emeritus, Physics and Astronomy

Perkins, Agnes A., BA, MA (1965-86) Professor Emeritus, English Language and Literature

Pillsbury, Paul W., AB, MA, PhD (1961-87) Professor Emeritus, English Language and Literature

Porretta, Louis, BA, MEd (1959-86) Professor Emeritus, Teacher Education

Pyle, Harold O., BM, MA (1945-78) Professor Emeritus, Music

Q

Quayle, Robert G., BS, MM (1964-84) Associate Professor Emeritus, Music

R

Richards, Lawrence P., AB, PhD (1965-86) Professor Emeritus, Biology

Riley, Maurice W., AB, MA, MM, PhD (1947-77) Professor Emeritus, Music

Risk, Norman W., BS, MA (1949-74) Professor Emeritus, Industrial Education

Ristau, Robert A., BBA, MS, PhD (1973-93) Professor Emeritus, Business and Industrial Education

Robbins, Omer E., Jr., BS, MS, PhD (1961-81) Dean Emeritus, Graduate School; Professor Emeritus, Chemistry

Robek, Mary F., MBA, PhD (1958-83) Professor Emeritus, Business and Industrial Education

Robinson, Julius M., BS, MA, EdD (1947-72) Dean Emeritus, Summer and Evening Sessions; Professor Emeritus, Business Studies

Robinson, Robert, BA, MA, PhD (1969-83) Associate Professor Emeritus, Teacher Education

Rogers, Agnes L., BA, MA, MS (1956-72) Associate Professor Emeritus, Special Education and Occupational Therapy

Rose, Frank E., BS, MA (1968-84) Professor Emeritus, English Language and Literature

Roth, Earl A., BS, AM, EdD (1934-78) Dean Emeritus, College of Business; Professor Emeritus, Marketing

Rudin, Helen B., BS, MA (1947-71) Counselor Emeritus, Counseling Center

Rushley, Glenn, BA, MA, PhD (1968-87) Associate Professor Emeritus, English Language and Literature

S

Saupé, Frances H., BS, MLS (1952-83) Assistant Professor Emeritus, Center of Educational Resources

Schatz, Lilian, AB, PhD (1950-70) Assistant Professor Emeritus, Lincoln School

Schreiber, Ottis Ivan, BA, MA (1950-83) Professor Emeritus, English Language and Literature

Scott, Jean O., BA, MA (1964-80) Assistant Professor Emeritus, Curriculum and Instruction

Shankwiler, Beverly, BFA, MA (1971-89) Associate Professor Emeritus, Art

Silver, Robert, BS, PhD (1966-91) Professor Emeritus, Physics and Astronomy

Simmons, Harold, AB, MA (1960-88) Assistant Professor Emeritus, Economics

Sinclair, Frank L., BS, MS (1955-86) Associate Professor Emeritus, Biology

Smith, Doris Ann, B.D., MS (1955-90) Professor Emeritus, Art

Smith, Marguerite J., BA, MSW (1972-92) Associate Professor Emeritus, Social Work

Snyder, Carl D., BS, AM, DDS (1957-79) Professor Emeritus, Economics

Solomon, Samuel R., AB, AM, PhD (1960-79) Professor Emeritus, Political Science

Spellman, Lyla, BS, MA, PhD (1974-84) Professor Emeritus, Associated Health Professions

Sperling, William D., BS, MA (1958-83) Associate Professor Emeritus, Biology

Spitz, Edward, BS, MS, PhD (1970-92) Professor Emeritus, Chemistry

Steig, Peggy, BS, MA, PhD (1956-86) Professor Emeritus, Health, Physical Education, Recreation and Dance

Stephenson, Suzanne, BFA, MFA (1964-91) Professor Emeritus, Art

Stevens, Erma M., BS, MA, PhD (1963-77) Professor Emeritus, Director, International Studies

Stevens, Florence L., BS, AM, MALS (1948-76) Associate Professor Emeritus, Learning Resources and Technologies

Street, Scott W., BS, MA, EdD (1961-83) Professor Emeritus, Teacher Education

Studs, Earl, BA, MS (1936-76) Assistant Professor Emeritus, Educational Leadership; Director Emeritus, Field Services

Swailes, Frances H., BA, BS, MA (1956-73) Professor Emeritus, Director, Occupational Therapy

Swisher, William V., BA, MA, PhD (1965-93) Associate Professor Emeritus, Communication and Theatre Arts

T

Teske, Yvonne R., BS, MA, PhD (1971-92) Associate Professor Emeritus, Associated Health Professions

Thomas, Clinton E., BS, MS (1959-84) Associate Professor Emeritus, Physics and Astronomy

Tirtha, Ranjit, BA, MA, PhD (1960-89) Associate Professor Emeritus, Physics and Astronomy

Trost, Fred, BS, MA (1952-81) Associate Professor Emeritus, Health, Physical Education, Recreation and Dance

Turner, Daniel S., PhD, PhM (1965-84) Professor Emeritus, Geography and Geology

Tymn, Marshall, AB, BS, MA, PhD (1965-92) Professor Emeritus, English Language and Literature
Van Riper, Benjamin W., BS, MA, PhD (1968-91)  
Professor Emeritus, Leadership and Counseling
Van Voorhees, F. Beth, BS, MA, PhD (1979-94) Associate  
Professor Emeritus, Special Education

Wallace, Dale C., BA, MA, PhD (1969-89) Professor  
Emeritus, Biology
Waugh, Edgar W., AB, MA, LLD (Hon) (1927-68) Professor  
Emeritus, History and Social Sciences
Wawrzaszek, Frank J., BS, MEd (1956-86) Professor  
Emeritus, Special Education
Weber, LaVerne W., BA, MA, PhD (1961-83) Professor  
Emeritus, Media Services
Weiser, Jerome A., BS, MEd, EdD (1967-95) Professor  
Emeritus, Teacher Education
West, Bruce D., BS, MS, PhD (1969-91) Associate Professor  
Emeritus, Chemistry
Westerman, W. Scott, Jr., BS, MA, PhD (1971-92)  
Professor Emeritus, Teacher Education; Dean, College  
of Education
Wheatley, Ira M., BA, BD, PhD (1966-92) Professor  
Emeritus and Department Head, History and Philosophy
Wilkinson, Helen M., BA, BLS (1969-88) Assistant  
Professor Emeritus, Center of Educational Resources
Williams, Robert J., BS, MS, PhD (1966-91) Professor  
Emeritus, Marketing
Willoughby, Robert, BS, MA (1956-91) Professor  
Emeritus, Health, Physical Education, Recreation and  
Dance
Wilt, Ellen B., AB, MA (1969-86) Associate Professor  
Emeritus, Art
Wittke, Reinhard, AB, MA, PhD (1956-90) Professor  
Emeritus, History and Philosophy
Wixom, Charlotte K., BS, MA (1954-99) Assistant  
Professor Emeritus, Health, Physical Education,  
Recreation and Dance
Woronoff, Israel, AB, MA, PhD (1956-90) Professor  
Emeritus, Teacher Education
Wright, Eleanor, BS, MS (1979-93) Associate Professor  
Emeritus, English Language and Literature
Wright, Sara E., BS, MA (1945-73) Professor Emeritus,  
Special Education and Occupational Therapy

Yu, Shih-An, BA, MA, PhD (1967-95) Professor Emeritus,  
Biology

Z
Zambito, Stephen, AB, PhD (1955-86) Professor Emeritus,  
Teacher Education
Zellers, Parker R., BA, MA, PhD (1964-92) Professor  
Emeritus, Communication and Theatre Arts

   a. Upper-level written composition, from among:
      - ANT 200 Writing for Anthropology
      - ENG 225 Intermediate English Composition (3)
      - ENG 324 Principles of Technical Communication (3)
      - ENG 326 Research Writing (3)
   b. Upper-level speech communication, from among:
      - CTA 224 Public Speaking (3)
      - CTA 225 Listening Behavior (3)
      - CTA 226 Non-Verbal Communication (3)
      - CTA 227 Interpersonal Communication (3)
      - CTA 374 Intercultural Communication
      - CTA 375 Interracial/Interethnic Communication
   c. Foreign language composition, from among:
      - FRN 121/122 Beginning French (5)
      - FRN 233/234 Intermediate French (Reading) (3)
      - GER 121/122 Beginning German (6)
      - GER 233/234 Intermediate German Reading (3)
      - GRK 121/122 Beginning Ancient Greek I/II (6)
      - LAT 121/122 Beginning Latin I/II (5)
      - JPN 121/122 Beginning Japanese (5)
      - JPN 211/212 Intermediate Japanese (3)
      - SPN 121/122 Beginning Spanish (6)
      - SPN 201/202 Intermediate Spanish (3)

I-B-4. One of:
- MTH 100 Mathematics for Elementary Teachers II (3)
- MTH 118 Mathematical Analysis for Social Sciences I (3)
- MTH 119 Mathematical Analysis for Social Sciences II (3)
- MTH 120 Calculus I (4)
- MTH 121 Calculus II (4)
- MTH 122 Elementary Linear Algebra (3)
- MTH 150 Mathematical Reasoning (3)
- MTH 270 Elementary Statistics (3)
- MTH 341 College Geometry (3)
- SOC 250 Social Statistics I (3)

I-B-5. One of:
- BE 201 Microcomputers for Business Applications (3)
- CSC 136 Computers for the Non-Specialist (3)
- CSC 137 Introduction to FORTRAN Programming (3)
- CSC 138 Computer Science I (3)
- CSC 237 Computer Programming and Numeric Methods (3)
- HHS 226 Computers for Health and Human Services (3)
- IIT 201 Microcomputer Applications in Technology (3)
- IT 105 Computer Applications for Industry (3)
- IS 216 End-User Computing (3)

II-B-1. Physical Science, (at least one course must have a laboratory component (4 hours); no two courses may be from the same department) from among:
   a. Physical science courses open to all students meeting course requirements
      - CHM 105 Survey of Chemistry (6)
      - CHM 115 Chemistry and Society (3)
      - CHM 115, 116 Chemistry and Society (4)
      - CHM 119 Fundamentals of Chemistry (4)
      - CHM 120 Fundamentals of Organic and Biochemistry (4)
      - CHM 121, 122 General Chemistry I (4)
      - PHY 110 Physical Science (4)
      - PHY 221 Mechanics, Sound, and Heat (4)
      - PHY 223 Mechanics, Sound, and Heat (5)
   b. Additional courses open to students who have submitted appropriate evidence of having completed a one-unit high school chemistry or physics course with a grade of "C" or above
      - AST 203 Exploration of the Universe (3)
      - AST 204 Astronomical Investigations (1)
      - AST 205 Principles of Astronomy (4)
      - GES 108 Earth Science (4)
      - GLG 120 The Fossil Record (3)
      - GLG 160 Physical Geology (4)

II-B-2. One of:
- PSY 101 General Psychology (3)
- PSY 102 General Psychology (4)

II-B-3. One of:
- BIO 105 Biology and the Human Species (4)
- BOT 221 General Botany (4)
- IDT 150 Understanding Technology (3)
- IT 240 Science, Technology, and People (3)
- PSY 102 General Psychology (4)
- ZCO 222 General Zoology (4)
- Any other course listed in group II-B-1 above

III-B-1. One of:
- PLS 112 American Government (3)
- PLS 113 American Government Honors (3)

III-B-2. One of:
- HIS 101 Western Civilization to 1648 (3)
- HIS 102 Western Civilization, 1648 to World War I (3)
- HIS 103 Twentieth Century Civilization (3)
- HIS 106 Asian and African Civilizations (3)
- HIS 123 The United States to 1877 (3)
- HIS 124 The United States, 1877 to the Present (3)

III-B-3. One of:
- ANT 135 Introduction to Cultural Anthropology (3)
- ECO 201 Principles of Economics I (3)
- GEO 107 Introduction to Geography (3)
- GEO 110 World Regions (3)
- SOC 105 Introductory Sociology (3)
### III-E-4. Complete a course from one of the following options:

**a. A second course in a two-course history sequence**  
- HIS 102 (follows 101) Western Civilization, 1648 to World War I (3)  
- HIS 103 (follows 102) Twentieth Century Civilization (3)  
- HIS 124 (follows 123) The United States, 1877 to the Present (3)

**b. A second course in a two-course sequence in anthropology, economics, geography, or sociology**  
- ANT 140 (follows 135) Introduction to Prehistoric Anthropology (3)  
- ECO 202 (follows 201) Principles of Economics II (3)  
- GEO 111 (follows 110) Regions and Resources (3)  
- SOC 202 (follows 105) Social Problems (3)

**c. A course in cross-cultural or international studies**  
- *AAS 101 Introduction to African American Studies (3)*  
- *ANT 201 Introduction to Minority Women in the United States (3)*  
- *ANT 233 Peoples and Cultures of Mexico (3)*  
- *ANT 256 Peoples and Cultures of Africa (3)*  
- *ANT 257 Indians of North America (3)*  
- *ANT 245 Culture of Japan (3)*  
- *ANT 214 Racial and Cultural Minorities (3)*  
- *ANT 355 Anthropology of Women (3)*  
- *ECO 221 Economics of Women (3)*  
- *HIS 316 History of Black Americans (3)*  
- *HIS 336 History of Women in the United States and Great Britain, 1800 to the Present (3)*  
- *HIS 341 The Middle East, 1798 to Present (3)*  
- *HIS 342 North Africa, 1798 to Present (3)*  
- *HIS 348 Twentieth Century Africa (3)*  
- *HIS 356 Latin American: National Period (3)*  
- *HIS 375 Modern India (3)*  
- *SOC 205 Minority Women in the United States (3)*  
- *SOC 214 Racial and Cultural Minorities (3)*  
- *SOC 344 Sociology of Sex Roles (3)*  
- *WMS 200 Introduction to Women's Studies (3)*

### IV-B-1. Complete a course from one of the following options:

**a. English-language literature**  
- LIT 100 The Reading of Literature (3)  
- LIT 101 The Reading of Literature: Fiction (3)  
- LIT 102 The Reading of Literature: Poetry (3)  
- LIT 103 The Reading of Literature: Drama (3)

**b. Foreign-language literature**  
- FRN 221/222 Intermediate French (Reading) (3)  
- GER 221/222 Intermediate German Reading (3)  
- GER 341/342 Survey of German Literature (3)  
- SPN 221/222 Intermediate Spanish Reading (3)  
- SPN 341/342 Survey of Spanish Literature (3)  
- SPN 351/352 Survey of Spanish American Literature (3)

### IV-B-2. Cross-cultural or international studies  
* *FLA 215 The Culture of the Latino Groups in the United States (3)*  
* *LIT 204 Native American Literature (3)*  
* *LIT 260 African American Literature (3)*

### IV-B-3. One of:  
* HIS 100 The Comparative Study of Religion (3)  
* PHI 100 Introduction to Philosophy (3)  
* PHI 110 Philosophies of Life (3)  
* PHI 120 Introduction to Critical Reasoning (3)  
* PHI 130 Introduction to Logic (3)  
* PHI 212 Philosophy of Art (3)  
* PHI 215 Philosophy of Religion (3)  
* PHI 220 Ethics (3)  
* PHI 221 Business Ethics (3)  
* PHI 225 Political Philosophy (3)  
* *PHI 226 Philosophy of Women (3)*  
* *PSY 225 Psychology of Religion (3)*

### IV-B-4. One of:  
* CTA 222 Drama and Play in Human Experience (3)  
* CTA 106 Introduction to the Performing Arts (3)  
* CTA 150 Introduction to Theatre (3)  
* *CTA 151 African American Theatre: An Introduction (3)*  
* CTA 105 Fundamentals of Acting (3)  
* CTA 145 Introduction to Film Appreciation (3)  
* DAN 106 Introduction to the Performing Arts (3)  
* FA 106 Art Appreciation (3)  
* FA 101 Introduction to Art (3)  
* FA 107 Art History Survey I (3)  
* FA 108 Art History Survey II (3)  
* FA 122 Two-Dimensional Design (3)  
* FA 123 Drawing I (3)  
* FA 165 Graphic Design for Non-Majors (3)  
* FA 166 Ceramics for Non-Majors (3)  
* FA 167 Graphic Design for Non-Majors (3)  
* *FA 222 African and African American Art (3)*  
* MUS 100 Introduction to Music Theory (3)  
* MUS 106 Introduction to the Performing Arts (3)  
* MUS 107 Music Appreciation (2)

### Physical education, military science, or equivalent (2):
