B. **President Smith Questions and Answers** 3:30pm

President Smith agreed that there should be a deliberative approach to decisions about housing; however, maintenance on residence halls has been deferred for many years. He stressed that the RFP process has not started, and he is committed to gaining the faculty's trust and acting in the university's best interests. Senate reps asked questions and further action on housing will be discussed at the May full Senate meeting.

C. **Elimination of Minor Requirement for BA/MA Combination Programs (McVey)** 4:20pm

Eliminating the undergraduate minor for BA/MA combination programs is an option but not required. Programs must also have an exit program should students choose to drop out of the MA program, which would require taking a minor in many cases. Any new BA/MA program proposals must be vetted through the curriculum input process. If you want to see the framework language, speak with McVey.

Motion made to support the grad council decision about BA/MA combination programs (1 opposed, 1 abstention)
