On this day...

In 1973 - Former White House counsel John W. Dean told the Senate Watergate Committee about an "enemies list" that was kept by the Nixon White House.

Quote:

"Everybody gets so much information all day long that they lose their common sense." -
Gertrude Stein

Fact:

U.S. Route 66 (US 66 or Route 66), also known as the Will Rogers Highway and colloquially known as the Main Street of America or the Mother Road, was one of the original highways within the U.S. Highway System established on November 11, 1926. Route 66 underwent many improvements and realignments over its lifetime, and it was officially removed from the United States Highway System on June 27, 1985 after it had been replaced in its entirety by the Interstate Highway System.
