Effective July 2011

Welcome to Eastern Michigan University's Online Catalog

A new year and a new catalog! As you can see the look of the catalog has changed. The new face-lift has refreshed the left side navigation along with adding quicker and easier access to Eastern’s main web pages. The catalog has also become an annual publication, allowing changes to programs and courses to occur more quickly. As the catalog is the contract with the student, our goal is to always stay accurate and up to date with changes you need to know about. The links below are just another way the catalog has improved to meet your needs with more information beneficial to you.

If this icon is at the top right-hand corner of a program it means the program has changed. Click the icon for the new program information.
What's New!

New Programs:

- Interdisciplinary Environmental Science and Society (IESS) (NEW PROGRAM)

Updated Programs:

- Art History Major
- Bachelor of Fine Arts
- Business French Minor
- French Literature Minor
- K-12 Visual Arts Education
- Music Major
- Music Performance Major (Instrumental)-With specialization in guitar, keyboard, strings, winds or percussion
- Music Performance Major (Vocal)
- Secondary Education Business, Management, Marketing and Technology Major
- Secondary Education Vocational Technical Endorsement Minor

New Courses:

- ANTH 351 - Mexico: The Route of Cortez (NEW COURSE)
- ARTH 361 - Art History Seminar (NEW COURSE)
- ARTH 476 - Art of China (NEW COURSE)
- BMMT 360 - Methods of Teaching General Business and Office Education (NEW COURSE)
- CTAC 265 - Communicating LGBT Community (NEW COURSE)
- ENVI 105 - Introduction to Environment and Society (NEW COURSE)
- ENVI 305 - Current Topics in Environmental Science and Society (NEW COURSE)
- ENVI 405 - Capstone Seminar (NEW COURSE)
- FRNH 111 - Introduction to French and the French-Speaking World (NEW COURSE)
- HLAD 402 - Health Policy (NEW COURSE)
- HLAD 419 - Legal and Regulatory Issues in Health Care (NEW COURSE)
- MUSC 104 - Appreciating Jazz: America's Music (NEW COURSE)
- MUSC 255 - Jazz Combo (NEW COURSE)
- PLSC 360 - American Politics and the Media (NEW COURSE)

Updated Courses:

- ANTH 439 - Seminar in Anthropological Theory
- ARTE 458 - Interpreting Art in Visual Arts Education
- ARTS 103 - Ceramics for Nonmajors (Gen Ed Area IV)
- ARTS 390 - Studio Concepts
- ATM 235 - Introductory Textiles (TO BE DELETED)
- ATM 355 - Application of Merchandising Practices
- BMMT 365 - Methods of Teaching Office Education (TO BE DELETED)
- CHEM 281 - Quantitative Analysis
- CHEM 282 - Honors Quantitative Analysis
- CHEM 312 - Teaching Elementary Chemistry
- CRTW 426 - Contemporary Forms
- CTAT 235 - International Cinema
- DTC 371L - Nutrition Therapy II Experience (Gen Ed Area V LBC)
- DTC 431L - Nutrition Therapy III Experience (Gen Ed Area V LBC)
- GEOG 314 - Geography of Russia and Neighboring States
- GERN 492 - Capstone Seminar in German (TO BE DELETED)
- GERT 488 - Gerontology Practicum/Seminar
- GERT 489 - Gerontology Practicum/Seminar
- HIST 416 - American Environmental History
- IDE 430 - Writing for Interior Design
- IS 315 - Object-Oriented Application Development
- MET 211 - Statics
- MET 312 - Applied Dynamics Principles
- MET 313 - Applied Mechanics of Materials
- MET 314 - Applied Thermodynamics and Heat Transfer
- MET 492 - Senior Design Projects I
- MUSC 100 - Introduction to Music Theory
- PLSC 222 - War and Peace in the Nuclear Age
- PLSC 436 - Fundraising for Nonprofits
- PHIL 229 - Environmental Ethics (Gen Ed Area IV)
- SOCL 403 - Modern Sociological Theory
- TEDU 250 - Foundations of Technology and Vocational Education
- TEDU 118 - Energy and Transportation Technology
- TEDU 350 - Curriculum in Technology and Vocational Education
- TEDU 450 - Solving Technological Problems
- TEDU 460 - Methods of Teaching Technology and Vocational Education

2011-2012 University Calendar

Fall Semester 2011

Aug. 27, Sat. Freshmen Residence Hall Move-In Day
Aug. 28-29, Sun., Mon. Upperclass Residence Hall Move-In Days
Aug. 27-30, Sat., Sun., Mon., Tues. Freshmen Orientation
Aug. 31, Wed. Classes Begin
Sept. 5, Mon. Labor Day no Classes- University Closed
Nov. 22, Tues. by 10 PM Residence Halls Close
Nov. 23, Wed. No Classes - University Open
Nov. 24-27, Thurs., Fri., Sat., Sun. Thanksgiving Recess - University Closed
Nov. 28, Mon. Classes Resume
Dec. 12, Mon. Last Day of Classes
Dec. 18, Sun. Commencement
Dec. 19, Mon. by 10 PM Residence Halls Close
Dec. 19, Mon. Close of Fall Semester
Dec. 23-Jan. 2 University Closed

Winter Semester 2012

Jan. 2-3, Mon., Tues. University Closed
Jan. 8, Sun. Move-In Day and Winter Orientation
Jan. 9, Mon.                   Classes Begin
Jan. 16, Mon.                  MLK Jr. Day - No Classes; Campus-Wide Celebration
Feb. 24, Fri. by 10 PM         Residence Halls Close
Feb. 27-March 4, Mon., Tues., Wed., Thurs., Fri., Sat., Sun. Winter Recess - No Classes; Campus Open
March 5, Mon.                  Classes Resume
April 6-8, Fri., Sat., Sun.    Spring Recess - University Closed
April 23, Mon.                Last Day of Classes
April 24-30, Tues., Wed., Thurs., Fri., Sat., Mon. Final Examinations
April 29, Sun.                Commencement
April 30, Mon. by 10 PM       Residence Halls Close
April 30, Mon.                Close of Winter Semester

Spring Session 2012

May 6, Sun.                    Move-In Day
May 7, Mon.                   Classes Begin
May 28, Mon.                  Memorial Day - University Closed
June 18, Mon.                 Last Day of Classes - 6 Week
June 27, Wed.                 Last Day of Classes - 7½ Week
                                 Final Exams will be held during the last scheduled class session
June 27, Wed. by 10 PM        Residence Halls Close
June 27, Wed.                 Close of Spring Semester

Summer Session 2012

July, Sun.                     Move-In Day
July 2, Mon.                  Classes Begin
July 4, Wed.                  Independence Day - University Closed
Aug. 10, Fri.                 Last Day of Classes - 6 Week
Aug. 22, Wed. | Last Day of Classes - 7½ Week  
Final Exams will be held during the last scheduled class session
Aug. 22, Wed. by 10 PM | Residence Halls Close
Aug. 22, Wed. | Close of Summer Semester

Eastern Michigan University Mission

Eastern Michigan University is committed to excellence in teaching, the extension of knowledge through basic and applied research, and creative and artistic expression. Building on a proud tradition of national leadership in the preparation of teachers, we maximize educational opportunities and personal and professional growth for students from diverse backgrounds through an array of baccalaureate, master's and doctoral programs. We provide a student-focused learning environment that positively affects the lives of students and the community. We extend our commitment beyond the campus boundaries to the wider community through service initiatives and partnerships of mutual interest addressing local, regional, national and international opportunities and challenges.

Institutional Values

- Teaching and learning
- Excellence
- Human dignity and respect
- Diversity
- Scholarship and intellectual freedom
- Public engagement
- Leadership and participatory decision-making
- Integrity

Guiding Principles

- Accessibility
- Relevancy
- Responsiveness to change
- Flexibility
- Quality
- Collaboration
- Accountability
- Affordability

Eastern Michigan University Creed

We believe the Integrity of our work and the Respect we show for our fellow students, faculty, alumni and staff are an integral part of our ongoing Education. We believe that the Relationships we have and those we continue to develop will support us as we learn and grow together as a community.
University Profile and History

Eastern Michigan University is a comprehensive University whose roots date back to 1849, when the Michigan Legislature designated it as Michigan's first institution to educate teachers to serve the public schools. At that time the Detroit school system was only 10 years old and the transition from one-room school houses had just begun.

Graduate education was inaugurated in 1938, when the programs were conducted in cooperation with the University of Michigan. In 1953 Eastern gained approval to offer its own graduate programs.

During its first 100 years, Michigan State Normal School, as it was originally called, certified thousands of teachers and developed the broad-based academic curricula that prepared it for its evolution to University status in 1959. Within the new University, three colleges emerged: the College of Education, the College of Arts and Sciences, and the Office of Graduate Studies and Research. The University has expanded three more times: in 1964 with the College of Business; in 1975 with the College of Health and Human Services; and in 1980 with the College of Technology.

New colleges created a need for additional acreage. The University campus spread from its original 275 acres on the south side of the Huron River to encompass an additional 182 acres west of the campus where student residences, athletic facilities and the Convocation Center are located. Among the newest buildings are the Porter College of Education building (1999); the Marshall College of Health and Human Services building (2000); and the University House (2004).

Today's student body reflects the national trend of mature adults returning to college to continue their education and prepare for new careers in a changing society. Women compose approximately 65 percent of the student body. Most students are from the state of Michigan, but 45 states and 93 countries are also represented. In fall 2006, 23,000 undergraduate and 4,650 graduate students were enrolled at Eastern Michigan University.

EMU's perspective has also grown, not only in on-campus program development, but also in online courses offered through the Office of Extended Programs and Educational Outreach.

Eastern Michigan University is known worldwide for its educational contributions. Its 105,000 living graduates are scattered among many countries as well as coast-to-coast in the United States, both strengthening and supporting the foundation that is the University in Ypsilanti.

Accreditations of Colleges and Departments

The University is fully accredited by the Higher Learning Commission, a subcommittee of the North Central Association of Colleges and Schools. In 2001 the University received an unqualified accreditation for a period of 10 years.

Eastern Michigan University also retains membership in these organizations: American Association of Colleges for Teacher Education; American Music Therapy Association; Association of Baccalaureate Social Work Program Directors; Council on Hotel, Restaurant and Institutional Education; Michigan Coalition of Schools/Departments offering the MSW; Michigan Historic Preservation Network; National Association of Deans and Directors of Schools of Social Work; National Council for Preservation Education; National Trust for Historic Preservation; and The Pioneer America Society.

Colleges and Departments

College of Arts and Sciences

- Department of African American Studies
- Department of Art
- Department of Biology
- Department of Chemistry (accredited by the American Chemical Society)
- Department of Communication, Media and Theatre Arts
- Department of Computer Science
• Department of Economics
• Department of English Language and Literature
• Department of Geography and Geology (historic preservation accredited by the National Council for Preservation Education; urban and regional planning accredited by the Association of Collegiate Schools of Planning and by the Planning Accreditation Board; historic preservation affiliated with the Association for Preservation Technology, Michigan Historic Preservation Network, Pioneer America Society, Vernacular Architecture Forum and the National Trust for Historic Preservation)
• Department of History and Philosophy
• Department of Mathematics
• Department of Music and Dance (accredited by the National Association of Schools of Music and the American Music Therapy Association)
• Department of Physics and Astronomy
• Department of Political Science (public administration accredited by the National Association of Schools of Public Affairs and Administration)
• Department of Psychology (accredited by the Association for Behavior Analysis, American Psychological Association and Council of Applied Master's Programs in Psychology)
• Department of Sociology, Anthropology and Criminology
• Department of Women's and Gender Studies
• Department of World Languages

College of Business

(Accredited by the Association to Advance Collegiate Schools of Business)

• Department of Accounting and Finance
• Department of Computer Information Systems
• Department of Management
• Department of Marketing

College of Education

(All professional educator preparation programs of EMU are accredited by the National Council for the Accreditation of Teacher Education and approved by the Michigan Department of Education.)

• Department of Leadership and Counseling (community, college and school counseling programs accredited by the Council for Accreditation of Counseling and Related Educational Programs)
• Department of Special Education (speech-language pathology program accredited by the American Speech-Hearing Association; hearing impaired program accredited by the Council on Education for the Deaf)
• Department of Teacher Education (accredited by the National Council for the Accreditation of Teacher Education)

College of Health and Human Services

• School of Health Promotion and Human Performance (athletic training accredited by the Commission on Accreditation of Allied Health Education Programs and the Joint Review Committee on Education Planning and Athletic Training; health education accredited by the Michigan Department of Education/National Council for the Accreditation of Teacher Education; orthotics and prosthetics accredited by the National Commission on Orthotics and Prosthetics Education; physical education accredited by the National Association of Sport and Physical Education/National Council for the Accreditation of Teacher Education)
• School of Health Sciences (clinical laboratory sciences program accredited by the National Accreditation Agency for Clinical Laboratory Sciences; occupational therapy accredited by the Accreditation Council for Occupational Therapy Education; dietetics accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association)
• School of Nursing (accredited by the Commission on Collegiate Nursing Education)
• School of Social Work (accredited by the Council on Social Work Education)

College of Technology

• School of Engineering Technology (construction management accredited by the American Council for Construction Education; computer-aided design, manufacturing technology and polymers and coatings technology accredited by the National Association of Industrial Technology; interior design accredited by the Foundation for Interior Design Education and Research)
• School of Technology Studies (aviation management, communication technology and industrial distribution accredited by the National Association of Industrial Technology; hospitality management program accredited by the Council on Hotel, Restaurant and Institutional Education; legal assistant [paralegal studies] program accredited by the American Bar Association; network and information technology administration, marketing education, technology education - folio approved by the National Council for Accreditation of Teacher Education/International Technology Educational Association/Council on Technology Teacher Education)
• Military Science and Leadership

Academics

Degrees

Basic undergraduate degrees conferred by the Board of Regents on recommendation of the president and faculty are the bachelor of science (B.S.) and the bachelor of arts (B.A.) degrees. Both degrees require completion of University general education requirements, a major and a minor, the two-hour physical education and health graduation requirement and a minimum total of 124 hours. The bachelor of arts degree includes in that total one year of college credit in a foreign language. The bachelor of science degree provides greatest flexibility in selection of the major and minor and in the use of electives.

Bachelor's degrees are also awarded in fine arts (B.F.A.) and art education (B.A.E.) - see Department of Art, College of Arts and Sciences; business administration (B.B.A.) - see College of Business; bachelor of business administration and bachelor of arts in language and world business (B.B.A./B.A.) - see College of Business or Department of World Languages, College of Arts and Sciences; business education (B.B.E.) - see School of Technology Studies, College of Technology; music education (B.M.E.), music-performance (B.M.U.), and music therapy (B.M.T.) - see Department of Music and Dance, College of Arts and Sciences; nursing (B.S.N.) - see School of Nursing, College of Health and Human Services.

Many students also select preprofessional fields of study such as medicine, dentistry and forestry (listed in departments) or seek certification and/or licensing in teaching, medical technology and similar fields (listed at the end of this section). These preprofessional fields of study do not culminate in an EMU degree.

Graduate degrees offered by this University are master of arts (M.A.), master of science (M.S.), master of fine arts (M.F.A.), master of business administration (M.B.A.), master of public administration (M.P.A.), master of business education (M.B.E.), master of individualized studies (M.I.S.), master of social work (M.S.W.), master of nursing (M.N.), master of occupational therapy (M.O.T.) and master of liberal studies (M.L.S.). In addition, there is a specialist in arts degree (S.A.) and doctorates in educational leadership (Ed.D.), psychology (Psy.D.) and technology (Th.D.). All are listed in the graduate catalog.

Bachelor's degree programs require students to take courses in various subject areas as specified both in the general education requirements and in departmental majors and minors.

Majors/Minors

Each student must complete a major subject of at least 30 credit hours and a minor subject of at least 20 credit hours with the following exceptions:

1. A student in the elementary teaching curriculum may present three minors of at least 20 credit hours - each of which is a subject field taught in the elementary grades.
2. A student who completes a self-contained curriculum of 50-60 hours will automatically satisfy major/minor requirements.

Hours of credit counted toward a minor may not be applied to a major or another minor or vice versa. General education courses may be applied toward a major or a minor where appropriate.
Professional education courses do not count toward majors and minors except in cases in which such courses are specifically required or indicated as permissible as part of a major or minor.

All students, including transfer students, must complete at Eastern Michigan University the following minimum requirements in advanced courses numbered 300 or above in their majors and minors, unless specifically exempted by the department concerned:

1. At least nine hours in majors.
2. At least six hours in minors.
3. At least 15 additional hours in curricula that encompass both major and minor requirements.

Degree Requirements

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education Program website: http://www.emich.edu/ged
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Alternative Methods for Earning University Credit

Alternative Credit Options

Eastern Michigan University offers students the opportunity to earn academic credit by examination and/or by portfolio. In some instances, students may enroll immediately in advanced courses through alternative programs. Especially high test scores may warrant additional academic credit and/or higher placement.

These programs include:

1. **Advanced Placement (AP).** Students who have taken Advanced Placement high school courses, and earn at least a three on the corresponding Advanced Placement tests, will be granted at least two hours of credit in each subject area in which they have earned that score. The Advanced Placement Credit Available by Departments table lists departments and courses for which credit can be earned.

2. **International Baccalaureate (IB).** Students who submit their IB scores to Eastern Michigan University will receive at least two hours of academic credit for a score of four or higher on the higher-level IB exam. The International Baccalaureate Diploma does not equate automatically with sophomore standing, nor does it automatically waive general education requirements.

3. **College Level Examination Program (CLEP).** Students may receive academic credit for certain EMU courses by achieving a minimum score on a test available through the College Level Examination Program. The courses for which CLEP tests are available, and the minimum score needed to receive credit, are listed in the CLEP Credit Available by Departments table.

Academic credit earned by means of AP, IB or CLEP test scores may not be duplicated for separate tests. Also, AP, IB or CLEP credit will not be awarded when EMU credit has already been earned or transfer credit awarded for courses covering the same subject matter.

4. **Credit by Examination.** Students may also receive academic credit for certain courses where CLEP tests are not available by achieving a minimum score on a departmentally administered examination. Credit by Examination is subject to the following limitations:

   - Students must have been admitted to Eastern Michigan University.
   - Credit normally will not be awarded for any course for which a student has credit or in which the student is currently enrolled.
   - Credit by Examination is not available for workshops, special topics courses, seminars and directed studies, or any other course excluded by an academic department.

5. **Validation.** Validation may be required to earn transfer credit for courses, taken at a two-year college, whose content is sufficiently similar to that of 300- and 400-level EMU courses. Validation will be considered only after all other transfer credit earned at accredited two-year colleges has been awarded and recorded on the student's official EMU record. Validation may be achieved in either of two ways:

   - Satisfactory completion of the next more advanced course as designated by the head of the appropriate department or school.
• Passing a comprehensive examination or equivalent activity in the course for which EMU validation is requested.

The following procedures must be followed to earn Credit by Examination or to validate a course by examination:

1. The student must obtain an Application for Credit by Examination/Validation at the Office of Records and Registration, 303 Pierce Hall.
2. The student should submit the application to the head of the department/school in which the course is offered. The department head will evaluate the request and determine whether to grant or deny permission for Credit by Examination/Validation or to hold the request for further investigation.
3. Once permission has been granted, the student will make arrangements with the department for a time and place for the examination or equivalent activity, and a supervising faculty evaluator.
4. Prior to the agreed-upon time, the student will validate the permission form by paying the fee to the EMU Cashier's Office. The fee will be equivalent to one credit hour of tuition for each undergraduate examination attempted.
5. The student will present the validated permission form to the faculty evaluator prior to the examination or equivalent activity.
6. After the faculty member evaluates the student's performance and indicates P/F on the permission form, a copy of the written examination or explanation of the activity as well as the instructor's total evaluation will be placed on file in the office of the department head. The department head will sign the permission form indicating receipt of the faculty member's evaluation.
7. The department head will forward the permission form to the Office of Records and Registration for posting to the student's record.

6. Portfolio-assisted Prior Learning Assessment (PLA). Portfolio-assisted Prior Learning Assessment is available through participating academic departments when CLEP, Credit by Examination and Validation are not appropriate for assessing a student's previous learning. Credit may be awarded for general education or for courses in majors, minors or concentrations. Departments or schools may choose to participate on a case-by-case basis or may designate selected courses available via PLA. Additional information is available through the Office of Prior Learning Assessment at 734.487.9801 or 800.777.3521.

**Prior Learning Assessment**

*Academic standards for portfolio-assisted Prior Learning Assessment:*
• Credit is given only for learning and not for experience.
• College credit is awarded only for college-level learning.
• Credit is awarded only for learning that has a balance, appropriate to the subject, between theory and practical application.
• The determination of competence levels and credit awards is made by academic experts in the appropriate subject matter.
• Credit is appropriate to the academic context in which it is accepted.

Procedures for portfolio-assisted Prior Learning Assessment:

1. The student contacts the PLA Office for information about the PLA process.
2. The student must be admitted to Eastern Michigan University.
3. The student must complete a free workshop and review syllabi to determine whether to attempt earning credit through the PLA process.
4. The student compiles portfolios to present for assessment within one year of completion of the workshop. Each portfolio to be presented to a faculty assessor contains all portfolio elements including appropriate documentation. The master portfolio contains each portfolio element including all learning statements and all documentation lists but no copies of documentation.
5. The student must present the master portfolio and departmental portfolios to the Office of Prior Learning Assessment for review. Upon successful review, the PLA office issues appropriate portfolio registration forms.
6. The student pays the required assessment fee to Eastern Michigan University as part of portfolio registration.
7. The Office of Prior Learning Assessment distributes portfolios to heads of departments or schools for assignment to faculty assessors.
8. Faculty assessors evaluate the portfolios; faculty assessors may request additional demonstrations of competence.
9. Faculty assessors return portfolios and assessments to the Office of Prior Learning Assessment.
10. The Office of Prior Learning Assessment notifies the student of credit award or denial and also notifies the Office of Records and Registration of awarded credit for posting to the student's record.
General Education

Categories in this section include:

- General Information
- Curriculum Categories
- Waiver Placement and Substitutions
- QRChoice Category Information
- General Education Transfer Guidelines

Download the Gen Ed Checklist and the Writing Intensive Courses by Major here.

General Information

Director: Chris Foreman  
E-mail: cforeman@emich.edu  
Website: http://www.emich.edu/gened

General education is the core of an undergraduate education. It is general in that it provides students with a comprehensive educational experience and prepares them for study within their major. General education teaches students to think critically and communicate effectively; it provides an introduction to the methodologies and practices of the academic disciplines; it promotes intellectual curiosity and a love of learning. General education is the heart of an EMU education and a source of institutional pride.

Curriculum Categories

- Area I: Effective Communication
- Area II: Quantitative Reasoning
- Area III: Perspectives on a Diverse World
- Area IV: Knowledge of the Disciplines
- Area V: Learning Beyond the Classroom (LBC)

Waiver, Placement and Substitutions
Students may choose to complete ENGL 120 as an elective to prepare for the required ENGL 121 course. Students will decide this by completing the Guided Self-Placement (GSP) Student Survey located at: www.emich.edu/english/gsp/. Students with an ACT English sub-score of 29 or higher, or an SAT Verbal sub-score of 640 or higher, are waived from this requirement. International students may use ESLN 412 to meet the ENGL 121 requirement Area I, #1.

Students with a very strong background in oral communication (public speaking and critical listening) may contact the Communication and Theatre Arts department at 124 Quirk, 734.487.3131, for a possible waiver of the required CTAC 124 course. Waivers are granted only on a case-by-case basis.

Students with an ACT Math sub-score of less than 19, or an SAT Math sub-score of less than 520, are encouraged to take MATH 097/MATH 098 in preparation for MATH 110. However, students may take the Math Placement Test to place into MATH 110. (NOTE: MATH 097 and MATH 098 do NOT count toward the minimum 124 hours required for graduation. Students who complete MATH 097 and/or MATH 098 will be required to complete additional hours over the minimum of 124 hours to graduate.)

Students with
- an ACT Math sub-score of 19-22, or an SAT Math sub-score of 520-570, are eligible to take MATH 110 based on that test score.
- an ACT Math sub-score of 23-27, an SAT Math sub-score of 580-660, or a CLM score of 53-92 may take MATH 110 or another course designated as a quantitative reasoning (QR) course.
- an ACT Math sub-score of 28 or higher, an SAT Math sub-score of 670 or higher, or a CLM score 93 or higher are waived from the MATH 110 requirement.

Upon a student’s initial enrollment at EMU, the Academic Advising Center (734.487.2171) has the authority to exercise professional judgment when accepting transfer courses for the General Education Program. Credits earned through the Advanced Placement (AP), College-Level Examination Program (CLEP), International Baccalaureate (IB), and the military are treated as transfer credit and the scores/credits are evaluated by the following departments:
- AP - College of Arts and Sciences, Dean’s Office, 734.487.4344
- CLEP - Academic Advising Center, 734.487.2171
- IB - Office of Admissions, International Admissions, 734.487.0205
- Military credit - Veterans Services, 734.487.3119

After their initial enrollment at EMU, students who wish to receive General Education approval to take, at another institution, courses not accepted as direct (course-to-course) equivalencies to the General Education Program, must receive prior approval from the General Education Director (734.487.0439).

Waivers and substitutions for courses taken at EMU and not approved for the General Education Program can only be granted by the General Education Director (734.487.0439) and cannot be approved for General Education credit by academic departments. NOTE: Exceptions to this are the courses in Area I and II whose guidelines appear above.

**QRChoice Category Information**

Students under the new General Education Program are placed into a Quantitative Reasoning (QR) category based upon their ACT or SAT math score. Students with an ACT math score greater than or equal to 23 or an SAT math score greater than or equal to 580 are in the “QRChoice” category; they can take any approved QR course (or may be waived from the requirement* if
the score is 28+ for ACT or 670+ for SAT). All other students, including those without an ACT or SAT score, must take MATH 110 or MATH 110E (for Elementary Education certification) as the requirement for the General Education Program.

Students who are not eligible for QRChoice may test into this category by using the College Level Math section (CLM) of the mathematics placement test. Testing into QRChoice can only be done under the following conditions:

1. A student must obtain a form designated for this purpose from the University Advising and Career Development Center (UACDC), 200 McKenny. (This is not the same as the pink math placement authorization form.)

2. The score on the CLM must be 53 or higher. No exceptions will be made to this cutoff. A score of 93 or higher will earn the student a QR waiver**.

3. The student cannot take the CLM test more than two times. This includes times that the test is taken for initial placement purposes.

4. A student must wait a minimum of 30 days between a first attempt and a second attempt.

5. The test must be taken within two calendar years from the beginning of the student’s first term at EMU with an application decision of “regular admit.” This applies also to a second attempt.

6. To take the QRChoice test, a student must have a minimum math score on the ACT of 19 or on the SAT of 520 or have passed the Elementary Algebra placement test with a minimum score of 83.

Students should consider getting the QRChoice Category Request to Test Form if this situation applies to them.

QRChoice Category Request to Test Forms will be returned to the University Advising and Career Development Center (UACDC) through a secure route, and kept on file there. Students who successfully test into QRChoice will have a code entered onto their record by the Academic Advising Center to be used for graduation audit purposes. A study guide can be found at http://math.emich.edu/placement.html

*A QR waiver means that the QR requirement for the General Education Program is deemed to have been satisfied. A student may still have to take one of the designated QR courses if his/her program (major, minor or curriculum) requires it or if it is needed as a prerequisite to another course he/she wishes to take.

General Education Transfer Guidelines

Transfer students with MACRAO* will need to meet these requirements:

1. **QR requirement**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list, will meet this requirement if taken before the first semester at EMU with an application decision of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

2. **Perspectives on a Diverse World**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an application decision of “regular admit.”

3. **Learning Beyond the Classroom**
   Only one course or experience is required and must be completed at EMU.

4. **A Writing Intensive (WI) course designated by their major.**

Transfer students without MACRAO* will need to satisfy:
1. **All General Education requirements**
   Requirements may be met by transferred courses if taken before the first semester at EMU with an *application decision* of “regular admit.”

2. **QR requirement (exception)**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an *application decision* of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II). 

3. **Perspectives on a Diverse World (exception)**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an *application decision* of “regular admit.”

4. **Learning Beyond the Classroom (exception)**
   Only one course or experience is required and must be completed at EMU.

*MACRAO may be completed after initial enrollment at EMU

To receive credit for transfer courses completed after the first term of enrollment at EMU with an *application decision* of “regular admit,” the courses must be *direct equivalencies course-to-course* to EMU’s General Education Program in order to be applied to General Education requirements. Questions regarding course-to-course equivalencies should be directed to the Director of the General Education Program at 734.487.0439.
Undergraduate Policies and Information

Admission and Financial Aid: www.emich.edu/policies/chapter7/

Admissions: www.emich.edu/admissions/

Financial Aid: www.emich.edu/finaid/

University Governance and Individuals' Rights

Board of Regents: www.emich.edu/regents

Eastern Michigan University is an autonomous University governed by an eight-member board of regents appointed by the governor of Michigan and subject to the approval of the Michigan Senate. Financial support for the University comes from student tuition and fees, and support provided by the citizens of Michigan.

Policies on Nondiscrimination

Eastern Michigan University shall not discriminate against any person because of race, color, creed, religion, national origin, gender, age, disability or sexual orientation. Further, the University shall work for the elimination of improper discrimination in the areas listed above in organizations recognized by the University and from non-University sources where students and employees of the University are involved.

Equal Opportunity and Affirmative Action Policies

Eastern Michigan University admits students of either sex, and any race, color or national or ethnic origin to all the rights, privileges, programs and activities accorded to students at this University. The University does not discriminate against students on the basis of sex, race, color or national or ethnic origin in the administration of its educational policies, admissions policies, scholarships and loan programs and athletic and other University-administered programs. Further, it is the policy and practice of Eastern Michigan University to take affirmative action in all personnel matters.

Gender Equality

It is the policy of Eastern Michigan University to comply with Title IX of the Education Amendments of 1972 and its regulations, which prohibit discrimination on the basis of sex. Anyone who believes that in some respect Eastern Michigan University is not in compliance with Title IX and its regulations should contact the executive director of Human Resources.

Nondiscrimination of the Disabled and/or Challenged: www.emich.edu/diversity/

In its programs, activities and employment, Eastern Michigan University does not discriminate on the basis of physical or other disabilities. Anyone who believes that in some respect Eastern Michigan University is not in compliance with the Rehabilitation
Act and its regulations should contact the executive director of Human Resources. Prospective students with disabilities who are otherwise qualified for admission are invited to apply. Students encountering difficulty with access to full participation in University activities should contact the ombudsman.

Statement on Campus Violence

In accordance with the education mission of Eastern Michigan University, the University adopts this policy statement to promote a safe campus environment. The statement reflects the nonviolent spirit of the relationship between students, staff, administrators, faculty, contractors and visitors at Eastern Michigan University.

The safety and security of our students, staff, administrators, faculty, contractors and visitors is extremely important to Eastern Michigan University. Threats, acts of aggression and threatening or violent behavior are not tolerated by or toward students, staff administrators, faculty, contractors or visitors. All reports of incidents will be taken seriously and will be dealt with appropriately.

Threats can be direct and immediate or indirect and implied; threats can occur verbally, nonverbally or in writing. Acts of aggression include, but are not limited to, abusive behavior, stalking and tampering with property and are intended to intimidate, create fear, imply harm or destroy property. Threatening or violent behavior is behaving in such a way that poses an immediate threat to self or others by acts of physical harm.

All students, staff, administrators, faculty, contractors and visitors are strongly encouraged to report threats, acts of aggression and threatening or violent behavior to the Campus Police (911 for all emergencies, 487.1222 for all other calls), Human Resources (487.0083), and/or your department head or supervisor, to help ensure the safety of our campus community.

Family Education Rights and Privacy Act:  
www.emich.edu/registrar/registration_info/ferpa.php

Student Conduct and Community Standards: www.emich.edu/studentconduct/index.php

Student Conduct Code: www.emich.edu/studentconduct/conductcode.php

Financial Assistance

During the 2004-2005 school year, Eastern Michigan University provided $126,256,977 in financial aid to more than 14,500 students in the form of scholarships, grants, awards, GA tuition/stipends, athletic grants-in-aid, part-time employment and fellowships.

The federal government, State of Michigan, Eastern Michigan University and private sources provide program funding. While most awards are based on financial need, scholarships often have academic achievement requirements or other eligibility criteria.

Federal and state aid is awarded to help pay college costs based on the assumption that parents and students will contribute as much as they are financially able. To the extent that the family does not have sufficient resources to meet the costs of higher education, students may qualify for need-based financial aid.

Academic Scholarships (see chart below)

- New freshmen who are admitted by Mar. 1 and transfer students by May 15 for the following fall are considered for scholarships through the EMU Admission application.
- Continuing students apply annually, by completing the University Scholarship Application. Applications are available online in the Office of Financial Aid section in October and are due in January.

  Presidential Scholarship - Four-year award that pays 30 credit hours per year of in-state tuition, housing, food allowance and mandatory fees. Awards are based on a competitive exam. Requires an additional application, available at high schools beginning each September. Sixteen awards are made per year. Minimum 3.5 GPA for renewal. Recipients must live in University residence halls their first two years. Deadline to apply is generally November 20 of each year.

  Regents Gold Scholarship - Four-year award that pays 30 credit hours per year of in-state tuition and fees. Awarded only to participants in the Presidential Scholarship Competition.

  Regents Scholarship - Four-year award that pays $3,000 per year. High school seniors must have a 3.7 GPA with a 25 ACT or 1150 SAT. Minimum 3.5 for renewal. Must be admitted by Mar. 1 for the fall semester (or May 15 for transfer).
Recognition of Excellence Scholarship - Four-year award that pays $2,000 per year. High school seniors must have a 3.5 GPA with a 21 ACT or 1000 SAT. Minimum 3.3 for renewal. Must be admitted by Mar. 1 for the next fall semester (or May 15 for transfer).

National Scholars Program - Four-year award that pays 30 credit hours per year (15 per semester) of out-of-state tuition differential. High school seniors must have a 3.0 GPA with a 20 ACT or 950 SAT. Minimum 3.0 for renewal. Must be admitted by Mar. 1 for the next fall semester.

Wade McCree Scholarship - Eastern Michigan University participates in this scholarship program. The program originates at the high school and determines the student eligibility. Students receiving the scholarship should contact the program administrator about activating their scholarship or transferring remaining scholarship eligibility to EMU. The value of this scholarship is the full cost of tuition less any tuition specific scholarships or grants.

Eagle Scholarship - Four-year award to freshmen that pays $1,500 per year. Requires 12 credit hours enrollment each semester and 2.75 GPA to renew.

Leader Award - One-year award of $1,000. Continuing EMU students must have a GPA of 2.0 and must show volunteer involvement at EMU or in the community for consideration.

Community College Scholarship - One-year award of $1,000. Transfer students must have completed at least 30 credit hours with a minimum cumulative 3.5 college GPA and must be admitted by May 15 for the next fall semester.

Departmental Scholarship - Award amounts vary and are made by departments. Selections can be based on academic as well as representative talent within that department or major.

Music Service Awards - Award amounts vary. Awards are made to students who perform in EMU's music programs or provide outstanding service to the Music and Dance Department. Deadline is June 1 for the next fall semester.

Communication/Theatre Arts Service Awards - Awards are made to students who perform in forensics or theatre arts programs, or make outstanding contributions to the Communication/Theatre Arts Department.

Army and Air Force ROTC Scholarships are also available. Contact the ROTC office at 734.487.1020 for more information.

Many academic scholarships are provided by external sources, including community agencies, service organizations, charitable organizations, civic groups and foundations. Students should investigate these potential resources by checking with public and University libraries for scholarship resource books and by contacting the agencies directly.

Federal and State Financial Aid

To be considered for federal and state aid programs, students complete the Free Application for Federal Student Aid (FAFSA) available at www.fafsa.ed.gov beginning each January. The FAFSA must be filed every year to determine eligibility for the upcoming academic year.

Priority funding will be offered to students who receive their Student Aid Report from the FAFSA processor dated March 1 or earlier. To meet this deadline, applications should be filed by February 15.

General Eligibility Requirements for Financial Aid

By completing the FAFSA, eligible students will be considered for all federal and state aid programs. To receive aid, a student must:

- Be enrolled in an eligible program;
- Be a U.S. citizen or an eligible noncitizen;
- Demonstrate need;
- Make satisfactory academic progress toward a degree;
- Not be in default on a federal student loan;
- Not owe a refund on any Federal Title IV, state or University aid program.

The FAFSA application collects information about family income and assets, family size and the number of family members attending college at least half time. Based on an analysis of this data, the federal government determines the expected family contribution that is identified on the Student Aid Report. The expected family contribution is subtracted from the University's cost of education to determine whether there is a difference between the family's ability to pay and the college budget. Most federal and state programs are awarded based on a student's need.

The cost of education consists of an estimate of direct and indirect expenses. The direct costs are tuition, fees and room and board. The indirect costs are books and supplies, transportation and miscellaneous personal expenses. The cost of education at EMU is determined annually.

The cost of education* for undergraduate students for fall and winter 2008-2009 semesters:

<table>

<tr>
<td>Off-campus</td>
<td>$17,590</td>
</tr>
<tr>
<td>Commuter</td>
<td>$13,070</td>
</tr>
</tbody>
</table>

Note:
*Estimated and subject to change.

Determination of Need-based Financial Aid Awards
The award process for the upcoming academic year begins in March. Aid is awarded to students once they have been officially admitted to the University and EMU receives the institutional record of the Student Aid Report from the federal government. Once the Office of Financial Aid has determined the aid package, a Financial Aid Award Statement will be made available to the student applicant. The award statement contains information regarding the type and amount of aid, disbursement information and other instructions necessary to complete the aid process.

Financial aid awards are processed and funds disbursed in compliance with established federal, state and institutional policies.

**Federal Financial Aid Programs**

The maximum amounts of aid described below are subject to change by federal and state regulations or University policy.

*Federal Pell Grant* - Annual awards of up to $4,731 are available to undergraduate students who are enrolled and have demonstrated financial need.

*Federal Supplemental Educational Opportunity Grant* - Awards range from $100 to $2,000 per year. Priority is given to students who receive Federal Pell Grants.

*Federal Academic Competitiveness Grant (ACG)* - $750 for first-year and $1,300 for second-year undergraduate students. To be considered, a student must have completed a rigorous secondary (high school) program of study after Jan. 1, 2006, and must be Pell Grant eligible and a U.S. citizen.

*Federal SMART Grant* - $4,000 per year for full time third- and fourth-year undergraduate students majoring in science, computer science, technology, math and some foreign languages. Students must have 3.0 GPA, and be Pell Grant eligible and U.S. citizens.

*Federal Perkins Loan* - Annual awards are available to undergraduate and graduate students who are enrolled at least half-time and have demonstrated financial need. Undergraduates may borrow up to $4,000 per year ($20,000 maximum) and graduate students may borrow $6,000 per year ($40,000 maximum including loans borrowed as an undergraduate). Priority is given to students who receive Federal Pell Grants.

*Federal Subsidized and Unsubsidized Loan Program* - Loans are provided through the U.S Department of Education. Following is the maximum annual amount a dependent student may borrow, based on academic level:

<table>
<thead>
<tr>
<th>Freshman</th>
<th>$5,500</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sophomore</td>
<td>$6,500</td>
</tr>
<tr>
<td>Junior/Senior</td>
<td>$7,500</td>
</tr>
</tbody>
</table>

**Federal PLUS Loan Program**

The Federal Parent Loan for Undergraduate Students (PLUS) is a loan from private lenders to parents of dependent students. Parents may borrow up to the cost of education less any other financial aid (including the Unsubsidized Stafford Loan amount). The PLUS loan is available to parents after a credit check to determine ability to repay. Interest rates are determined by the bond equivalent rate of the 91-day Treasury Bill plus 3.10 percent, not to exceed nine percent. A three percent origination fee is paid directly to the federal government from the loan proceeds. Repayment begins within 60 days after loan disbursement. Repayment may take up to 10 years. Minimum monthly payment is $50.

Submit a pre-application online at www.emich.edu/finaid/ for a credit check. Upon successful completion of a promissory note, the loan funds are made payable to the parent and Eastern Michigan University. The funds are sent electronically to EMU in two disbursements.
Federal PLUS Loan for Graduate Students

Graduate students may apply for the Graduate PLUS Loan in addition to the Federal Stafford Loan.

Michigan Financial Aid Programs

Michigan Competitive Scholarships - This state-funded scholarship program is based on a combination of ACT tests score and financial need, as determined by completing the FAFSA. Students initially apply by taking the ACT no later than October of their senior high school year. The second step of the application process is to submit the FAFSA. The state has a deadline of March 1 for students to receive a processed FAFSA. Students may annually renew the scholarship by maintaining a 2.0 GPA and demonstrating continued financial need.

Michigan Adult Part-Time Grant - Need-based gift aid available to undergraduates who are enrolled on a part-time basis. Students must meet independent criteria as indicated on the FAFSA. Grants of up to $600 are available for a maximum of two years.

Michigan Educational Opportunity Grant - Need-based gift aid to undergraduates enrolled at least half time. Students who meet the basic requirements for the Michigan programs are eligible. Grants of up to $1,000 per year are available.

Michigan Work-Study Program - Need-based program that provides work opportunities for undergraduates. Both nonprofit and profit-based employers may sign agreements with Michigan colleges to participate in this program. Students who meet the basic requirements for the Michigan programs are eligible. Awards range from $900 to $3,000 per year.

Verification of Financial Aid Application Information

Applicants selected for verification must provide documentation to prove the accuracy of certain items reported on the FAFSA before aid is disbursed. Major items verified may include:

- Copies of federal income tax returns with schedules
- W-2 forms
- Verification Worksheet
- Most recent year-end statements for:
  - Child support
  - Social security benefits
  - Other forms of income/benefits not included on a W-2
  - Benefits received from other federal and state agencies
- Documentation of Orphan or Ward of the Court status

The deadline by which verification documentation must be submitted is published annually by the Office of Financial Aid but no later than the student's last date of enrollment for the fiscal year. Failure to submit required documents by the due date will result in the cancellation of financial aid offers.

Payment of Financial Aid

A financial aid file must be complete and verified, if required, before aid is paid to a student's account. The following aid is paid directly to a student's account:

- Federal Pell and Supplemental Educational Opportunity grants
- State of Michigan grants and scholarships
- University grants and scholarships
- Outside scholarships
- Federal Subsidized and Unsubsidized Stafford loans with electronic funds transfer
Federal Perkins Loans
Federal Parent (PLUS) Loans

Federal and state college work-study checks are issued directly to students for hours worked on a bi-weekly basis.

Students will be issued refunds through their EagleOne accounts for aid applied to an account that exceeds the charges on that account. Financial aid will not pay for library fines, late/installment fees, hang tags or telephone charges.

**Satisfactory Academic Progress (SAP)**

Federal regulations require that students progress satisfactorily toward graduation. Satisfactory Academic Progress is evaluated using three factors: grade point average, percentage of attempted courses completed and maximum credits of eligibility in which to complete a degree. Students who fail to maintain SAP may lose eligibility to receive funds from federal Title IV, state or University need-based aid programs.

Students must maintain the following requirements:

- **Undergraduate**: overall GPA of 2.0 or better;
- **Graduate**: overall GPA of 3.0 or better;
- Completion of 67 percent of all attempted credit hours;
- Completion of program of study within the maximum of 150 percent of the total program hours, including transfer credits.

Students who do not meet the SAP requirements will be put on probation. Failure to improve SAP while on probation will result in cancellation of future financial aid eligibility.

Students who had extenuating circumstances that resulted in failure to maintain SAP may appeal the cancellation. Students must submit a letter of appeal addressed to the Financial Aid Review Committee and attach third party documentation, as appropriate.

**Repayment Policy**

Some students who withdraw from all classes before the end of the semester and who have received federal or state aid may be required to repay all or a portion of aid paid.

Financial aid is used for expenses incurred while attending school. Any portion allocated to the weeks the student did not attend classes must be repaid.

Students are notified when funds are returned to their lender and/or when they are required to repay aid. Consult the Office of Financial Aid before dropping a class or withdrawing from all classes to determine whether aid and/or scholarships will be repaid, reduced or cancelled.

**Loans without a FAFSA**

Students may apply for the following loans without a FAFSA:

*University Short Term Loans (USTL)* - Available to part-time and full-time students who:

1. are currently enrolled at the University;
2. have earned previous credit at Eastern;
3. qualify academically (minimum GPA of 2.0 "C" undergraduate, GPA of 3.0 "B" graduate);
4. have no past due obligations;
5. have repaid previous loans satisfactorily.

Students may borrow up to $250 without a co-signer or up to $500 with a co-signer. Applications may be obtained at the Student Loan Accounting Office, 203 Pierce Hall. Loans are processed within 24 hours, Monday-Friday.
The Small Loan Fund - Provides 30-day, short-term, interest-free loans to $15 maximum to help students meet emergencies. Loans are available at the Cashier's Office, Pierce Hall.

Tax Information

Grants and scholarships received in excess of qualified tuition, fees, books, supplies and equipment may be taxable income. Students who do not earn enough money to file income tax returns may need to determine if their financial aid makes a difference in their tax filing status. EMU will issue 1098T and 1098E forms to assist in determining taxable income and eligibility to claim the Hope or Lifetime Learning Tax Credits for Student Loan Interest deduction. Contact the IRS with any questions regarding tax issues.

Financial Information and Student Accounts

Tuition and Fees
All University fees and assessments are subject to change without notice at any time by action of the Board of Regents.

Registration

Students must be registered before attending class. The registration fee is $43 for each semester. This service fee is assessed at the time the student registers.

An additional late registration fee of $120 per semester is charged to students who do not complete registration prior to the official first day of classes each semester. The last day to register is at the mid-point of the term or session.

Financial obligations must be met by students by the posted due dates in order for students to be eligible for the next registration period (or graduation). Transcripts, diplomas or other statements of record will be withheld and students will be ineligible for further registration until obligations have been fulfilled.

Cancellation of registration by a student who decides not to return to EMU after registering in advance for classes must be initiated by the student on a signed cancellation-of-registration form either in person or by mail to the Office of Records and Registration, 303 Pierce Hall. If students have applied for University housing, they also must cancel the contract in the Housing Office. This is necessary for cancellation of room and board assessments.

Failure to withdraw may leave students with responsibilities for payment of tuition, fees and housing charges that will not be paid by financial aid.

Tuition

Tuition is assessed for all credit hours for which the student is registered. Regardless of student class level, undergraduate tuition is assessed for all courses through the 400-level; graduate tuition is assessed for all courses 500-level or above.

Off-campus tuition rates are the same as on-campus tuition rates (online courses, which are offered at in-state tuition rates, cost an additional $43 per credit hour).

Tuition for auditing classes is the same as for-credit classes.

2008-2009 Michigan and Ohio resident rates, per credit hour:

Residence Classification for Tuition Purposes Policy

I. Regulations for determining residence classification

A person enrolling at Eastern Michigan University shall be classified as a resident or a nonresident for tuition purposes. A student's residence status shall be determined at the time of his/her initial admission to the University. In order to determine the domicile of a student, the following regulations will be utilized:

A. Establishment of Residence
No student shall be eligible for classification as a resident for tuition purposes unless the student has demonstrated that he/she has established domicile in Michigan.

B. Minors and Dependents over 18
The domicile of a student who is not yet 18 years of age follows that of the student's parents or legal guardian. If that student's parents or legal guardian would qualify in accordance with the University's regulations for determining residence classification, that student shall be considered a Michigan resident for tuition purposes.

Students 18 years of age or older who are claimed as dependents for federal income tax purposes by their parents or guardians at the time of registration and for the tax year preceding the year in which they register will be classified for tuition purposes as though they were minors.

C. Nondependent Students
An independent student 18 years of age or older is considered eligible for residence classification if the student has demonstrated that he/she has established domicile in Michigan.

D. Spouse
The domicile of a student who otherwise would be classified as a nonresident for tuition purposes will follow that of the student's spouse, if the spouse is eligible for classification as a Michigan resident for tuition purposes (applicable only to U.S. citizens or to aliens admitted to the United States in accordance with Subsection E).

E. Aliens
An alien (noncitizen) student shall be eligible for classification as a Michigan resident for tuition purposes if he/she is domiciled in the United States and also qualifies in accordance with the University's Regulations for Determining Residence Classification.

In order to demonstrate that he/she is domiciled in the United States, the student must be a permanent resident, or an alien with one of the following visa classifications, or an alien with other documentation from the Immigration and Naturalization Services that reflects such status:

Visa classifications:

- E-1 - treaty trader, spouse, and children;
- E-2 - treaty investor, spouse, and children;
- G-4 - international organization officer or employee and members of immediate family;
F. Migrants
Migrant status is one factor considered when determining if a student is domiciled in Michigan for tuition purposes. Michigan migrants are defined as individuals who have made their livelihood in seasonal work in the state of Michigan, and have traveled interstate for this purpose. Migrant students shall be considered Michigan residents for tuition purposes if they, or their parents or legal guardian, were employed in Michigan for at least two months during each of three of the preceding five years. Verification of employment as migrant workers should be secured from the Michigan Farm Labor and Rural Manpower Services Office. Other appropriate evidence also may be used by migrant workers to establish their status.

G. Spouse or Dependent of a U.S. Military Service Person
The spouse or dependent of a person currently serving in a branch of the U.S. military service (excluding reserve programs) or of a person who died while serving in a branch of the U.S. military service shall be eligible for classification as a Michigan resident for tuition purposes if that military service person qualified in accordance with the University's regulations for determining residence classification immediately before entering the military service as a Michigan resident.

H. U.S. Military Service Veteran
A veteran of a branch of the U.S. military service (excluding reserve programs) shall be eligible for classification as a Michigan resident for tuition purposes if that person qualifies in accordance with the University's regulations for determining residence classification immediately before entering the military service as a Michigan resident.

II. Guidelines And Criteria For Determining Residence Classification

Since a student normally comes to Eastern Michigan University for the primary or sole purpose of attending the University rather than to establish domicile in Michigan, students who enroll in the University as nonresidents shall continue to be so classified throughout their attendance as students, unless and until they demonstrate that their previous domicile has been abandoned and a Michigan domicile is established.

The following guidelines and criteria shall be applied when reviewing a student's classification. It is recognized that no one of the following criteria shall, standing alone, necessarily be controlling. All factors indicating an intent to make Michigan the student's domicile will be considered by the University in classifying a student.

A. The following facts and circumstances, although not necessarily conclusive, have probative value in support of a claim for residence classification:

1. Domicile in Michigan of family, guardian or other relatives or persons legally responsible for the student.
2. Former domicile in Michigan and maintenance of significant connections therein while absent.
3. Self-supporting reliance upon Michigan sources for financial support (verification of Michigan income tax liability must be provided).
4. Continuous presence in Michigan during periods when not enrolled as a student.
5. Long-term military commitments in Michigan.
6. Acceptance of an offer of permanent employment in Michigan (in a position not normally filled by a student).
7. Ownership of real estate in Michigan.

B. Please note: The following circumstances, standing alone, shall not constitute sufficient evidence of domicile to effect classification of a student as a resident under these regulations:

1. Voting or registration for voting.
2. Employment in any position normally filled by a student.
3. The lease of living quarters.
4. A statement of intention to acquire a domicile in Michigan.
5. Automobile registration, driver's license.
6. Birth records or other public records.

III. Reclassification of Residence Status

A student's residence status may be reviewed at each subsequent registration. If a student's circumstances should change to the extent that he/she would no longer be considered a Michigan resident for tuition purposes, as herein described, that student shall be reclassified as a nonresident for tuition purposes 12 months thereafter.

It shall be the responsibility of all students, prior to registering, to raise questions in the Student Business Services regarding their right to be registered as a resident for tuition purposes.

The administration is authorized to establish procedures and delegate authority for determining the residence status of students for tuition purposes.

A tuition reciprocity agreement with Ohio, entered into by the Michigan State Board of Education and the Ohio Board of Regents in 1980, allows an Ohio resident to attend Eastern Michigan University at Michigan resident tuition rates. Monroe County residents can attend the University of Toledo at Ohio resident tuition rates.

Tuition and Fee Payment

1. Log into your my.emich.edu e-mail account, or your forwarded my.emich mail. (If you use a forwarded e-mail address, keep it current.) Each month, you will receive an e-mail notifying you that your bill has been posted. It is the student's responsibility to check e-mail monthly.
2. You will need your E-ID and Personal Identification Number (PIN) to access Ebill, EPay and Payment Plans. At my.emich.edu on the bottom of the first page are instructions to access your E-ID and PIN.
3. View your bill and click on "Current Account Activity" to view transactions that are posted after the bill is issued. You can also go to your profile and add an alternate e-mail address.
4. Pay your bill with your checking account routing number (ACH), MasterCard, American Express or Discover Card via PayPath. You may pay your bill in person or by mail at 201 Pierce Hall, Ypsilanti MI, 48197. Please write your E-ID on your check payment.
5. Allow access to parents or other parties by setting them up as authorized users. All you need is their e-mail address. This will allow them to access your bill, pay your bill, and set up a payment plan. An e-mail is automatically sent to the authorized user with sign-in details. The authorized user will create a new password once in the site.
6. The University offers a payment plan to help manage the cost of education. The cost of the plan is $29 and is added to your installment payments. The plan automatically adjusts as payments or charges are added to your account. To enroll, simply log into the Ebill site at ebill.emich.edu. Click on "Payment Plan," at the bottom of the Ebill site, and follow the four simple steps to enroll in the plan. We hope you enjoy this added convenience and we welcome any questions you may have.
7. If you have any questions about the system, please send your e-mail to ebill@emich.edu.

EMU's optional payment plan is offered in the fall and winter semesters only and is applicable to tuition and room and board. A minimum of 50 percent must be paid initially and the remainder by the eighth week of the semester. An installment service fee of $29 is assessed with the first installment billing and a late payment fee of $36 per month is assessed on past-due balances.

If a student's account is past due for a current semester, enrollment, University housing and other University services (such as the release of transcripts) are subject to suspension until the account is brought into current status. Payment of assessments for a current semester does not relieve the student of obligation for payment of any balance from a prior semester.

Program Adjustment Fee

Beginning with the start of classes, a program adjustment fee of $11 per drop transaction will be assessed for each student-initiated program adjustment.
For final adjustment deadlines and coordinate fee schedules, see the Class Schedule Books or on the Web at www.emich.edu/controller/sbs.

No program adjustment fees will be assessed for changes required as a result of University actions.

**Credit Adjustment for Total Withdrawal**

A credit adjustment of 100 percent of tuition and fees for the fall and winter semesters, less the $40 nonrefundable registration fee, will be made to those students who cancel their registration or withdraw from the University through the eighth class day. For the spring and summer sessions, a 100 percent credit adjustment, less the $40 nonrefundable registration fee, will be made during the first four days of classes. Actual dates are printed in the class schedule book for each semester and session or on the Web.

A credit adjustment of 50 percent of tuition and fees for the fall and winter semesters, less the $40 nonrefundable registration fee, will be made to those students who withdraw from the University (all classes) from the ninth through the 19th class day. For the spring and summer sessions, a 50 percent credit adjustment, less an administrative fee, will be made from the fifth through 10th class day of the session. Actual dates are printed in the class schedule for each semester and session.

A credit adjustment of 25 percent tuition and fees for the fall and winter semesters, less the $40 nonrefundable registration fee, will be made to those students who withdraw from all classes between the 20th through the 38th class day. For the spring and summer sessions, a 25 percent credit adjustment, less an administrative fee, will be made from the 11th through 19th class day of the session. Actual dates are printed in the class schedule for each semester and session.

No credit adjustment will be made after the above stipulated dates.

**Decrease in Academic Load**

For the fall and winter semesters, 100-percent tuition credit, less an $11 program adjustment fee, will be processed for those students who decrease their academic load through the eighth day of classes. For the spring and summer sessions, a 100 percent credit adjustment, less a $11 program adjustment fee, will be made during the first four days of classes. Actual dates are printed in the class schedule for each semester and session.

No credit adjustments will be made after the above stipulated dates.

If a student feels that individual circumstances warrant exceptions from the credit adjustment or University withdrawal adjustment policy:

1. Obtain a Tuition Appeal Application from the Student Business Services in 201 Pierce Hall. Complete and return the application along with an explanation of the extraordinary circumstances involved and supporting documentation of those circumstances. An approval or denial will be issued in writing by return mail. If the application is denied:
2. Appeal in writing to the Director of Student Business Services at the address above. Be sure to include any additional pertinent information with your written appeal.

Tuition and fee appeal applications must be submitted as early in the semester as possible. Applications received later than 15 calendar days after the close of the semester may be denied.

**The General Fee**

EMU has the responsibility to maintain certain services and facilities on campus for the comfort and convenience of students, and to maintain academic accreditation. Examples are improvements to academic facilities, Snow Health Center, learning technology labs, athletic facilities, performing arts facilities and Student Government. These are funded through a general fee of $21 per credit hour and assessed to all students. Not every supported service or facility is used by every student, but the overall good of the student body is served.

**The Program Fee**
Students in upper-level and graduate courses in certain areas of study will be charged program fees. A complete list of program fees can be found at www.emich.edu/controller/sbs.

**Student Union Fee**
A student union fee of $3.00 per credit hour is charged to all students to service the debt on the new student union building.

**The Technology Fee**
Each student will be charged a technology fee of $10 per credit hour to update the technology of the University. This fee applies to any on-campus, off-campus and online classes.

**Service Fees**
Room and board fees are published by the Housing Office and are set by action of the Board of Regents.

A $90 graduation fee is charged to each student who makes application for graduation. It covers the cost of mailing of diplomas and other specific graduation items. The fee is assessed once for each degree and is non-refundable.

Parking your motor vehicle in University parking lots requires the proper parking permit. To purchase your parking permit, you must first register your motor vehicle with the Public Safety Department, located on the ground floor of the parking structure. The application will indicate whether the permit will be mailed to you or whether you must pick it up in person.

All students meeting the requirements of the law are eligible to operate and maintain motor vehicles on campus. Motor vehicles are required to be operated within the provisions of the traffic, parking and pedestrian ordinances of the University and the city of Ypsilanti.

Further details are available in the parking and traffic regulations brochure available from campus police. Permit cost is subject to change.
Special Fees

Music fees are charged for private lessons according to the following schedule:

**Music majors**: $60 per semester (maximum) for all instruction.

**Other University students**: $60 per semester for one-hour lesson, $30 per semester for half-hour lesson.

For students from public schools, the community and EMU staff and families, lessons are available through the EMU Community Music School. Fees vary depending on the length of the lesson and the instructor. Call the Department of Music and Dance for details.

Lessons are arranged through the Department of Music and Dance.

The applied music fee is assessed to each student's account at the close of the program adjustment period. This fee is not refundable after the first lesson.

Student Expenses

Estimated Academic Year Costs

*(Residence Hall and Commuter Students)*

The following budget represents typical expenses for a freshman student, Michigan or Ohio resident, taking a total of 30 undergraduate credit hours during fall and winter semester, living in a University residence hall or off-campus apartment and attending the full academic year (fall and winter semesters).

<table>
<thead>
<tr>
<th>Category</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition and fees</td>
<td>$7,590</td>
</tr>
<tr>
<td>Books and academic supplies</td>
<td>$900</td>
</tr>
<tr>
<td>Residence hall room and board</td>
<td>$7,220</td>
</tr>
</tbody>
</table>

Estimated additional costs of personal, transportation and miscellaneous expenses $1,880

Personal expenses include clothing allowance, medical/dental expenses, recreation, personal hygiene articles. Out-of-state students should allow for additional tuition and transportation costs.

Students can anticipate the following total costs: tuition and fees, books, room and board, personal and miscellaneous expenses and transportation for an eight-month academic year:

- On-campus student $17,590
- Off-campus student $17,590
- Commuter student $13,070

The above budgets are based on financial aid average costs for 2008-2009.

E-mail: extended.programs@emich.edu
Web site: www.ep.emich.edu

Extended Programs and Educational Outreach offers flexible, innovative and exciting credit courses and program options. Courses offered through Extended Programs and Educational Outreach are available at times and locations and in formats that are convenient for students balancing full- or part-time jobs, co-curricular activities and/or family responsibilities with their college education. Credit earned in Extended Programs and Educational Outreach courses and programs is regular University academic credit.

Each semester, Extended Programs and Educational Outreach publishes a course bulletin listing the courses available that semester. These bulletins are available at the Extended Programs and Educational Outreach Office in Boone Hall, online at www.ep.emich.edu and in display racks in various locations around the EMU campus. In addition, all EPEO course offerings are listed in the University’s online class schedule at http://insight.emich.edu/Students/ocsb/index.cfm. Since some courses are scheduled after the EPEO course bulletin and the University class schedule are published, refer to the University’s online class schedule for updates. As with all EMU courses, your academic adviser is the person best equipped to guide you and answer specific questions about which courses will meet the requirements of your program of study.

Mission Statement

It is the mission of Extended Programs and Educational Outreach to provide leadership in dissolving traditional campus boundaries through collaborative programs that complement and extend the educational, research and public service activities of the University, as understood in the context of our identity as a metropolitan and publicly engaged University. Extended Programs and Educational Outreach also engages individuals across their life span, from high school, through traditional University years, to adult working years, through individual professional development and educational/training programs for business, government and nonprofit agencies. We work to extend the reach and impact of the University not only to the State of Michigan but globally, recognizing that our students live and work in the context of a closely interconnected world.

The most important asset of any institution, corporation or business is the people that make things happen. With advanced
education and training, they become better positioned to meet the individual and collective challenges that lie ahead.

Eastern Michigan University Extended Programs and Educational Outreach is committed to helping meet these challenges. We offer flexible and innovative applied academic experiences in the State of Michigan, nationally and internationally.

Through EMU’s Extended Programs and Educational Outreach units, it is now possible for individual adult students, businesses, and government and social agencies to access the tremendous resources of one of Michigan's leading universities. Using alternative formats and teaching technologies, we deliver education, applied research, training and consultation services. Ongoing research initiatives and collaborations ensure that our programs respond to changing needs in a changing environment.

**Off-Campus Locations**

Extended Programs and Educational Outreach offers full degree programs and certificates at convenient off-campus locations throughout Michigan. For a complete list of programs, contact the locations listed below or visit www.ep.emich.edu.

**EMU-Brighton**
2250 Genoa Business Park Dr., Suite 120
Brighton, MI 48114
Phone: 810.225.0361
E-mail: brighton@emich.edu

**EMU-Detroit**
Northwest Activities Center
18100 Meyers
Detroit, MI 48253
Phone: 313.342.2767
E-mail: detroit@emich.edu

**EMU-Fish Lake**
2816 Fish Lake Rd.
Lapeer, MI 48446
Phone: 810.667.2350
E-mail: fish.lake@emich.edu

**EMU-Flint**
1401 East Court Street, 1000 Mott Memorial Building
Mott Community College
Flint, MI 48503
Phone: 810.762.0303
E-mail: flint@emich.edu

**EMU-Jackson**
2111 Emmons Road, 127 McDivitt Hall
Jackson Community College
Jackson, MI 49201
Phone: 517.787.7265
E-mail: jackson@emich.edu

**EMU-Livonia**
38777 W. Six Mile Road, Suite 400
Livonia, MI 48152
Phone: 877.818.4368
E-mail: livonia@emich.edu
When you’re ready to learn, EMU is ready to teach. Online courses make it easy for you to learn around your schedule, in a location convenient for you. A wide range of courses are available online as an alternative to attending class on campus. They’ve been developed by EMU faculty and meet the same high standards as on-campus offerings. The course offerings and registration information are available at www.emuonline.edu.

**Independent Learning**

Phone: 734.487.0407  
E-mail: emuonline@emich.edu

Satisfy general education requirements and earn college credits through self-paced instructional courses via EMU’s Independent Learning program. You may register at any time, and you have up to six months to complete coursework. You’ll receive instructional tapes, study guides and book lists to begin your lessons. Professors are available for consultation and to grade assignments that you send through regular mail or fax. There are proctored examinations for each course.

**Prior Learning Assessment**

Receive up to 30 hours for learning you’ve gained outside the classroom - including seminars, training completed on the job and knowledge acquired independently in a particular field. Through Prior Learning Assessment, you’ll identify and analyze learning, document your experience, match the learning to EMU courses and compile a written portfolio to submit for evaluation. Credits earned through portfolio-assisted prior learning may be applied toward any degree for which they are appropriate. Students seeking credit for prior learning must attend a free required workshop.

**One-Week Courses**

Earn credit during EMU’s winter break by taking a one-week course offered in northern Michigan.
Earn credit during the spring and summer by taking a one-week course offered on the campus of Northwestern Michigan College in Traverse City.

EMU-Traverse City
Phone: 877.368.8289
E-mail: traverse.city@emich.edu

Professional Programs and Training
Barbara L. Hopkins, director
Phone: 734.487.2259 or 800.932.8689
E-mail: bhopkins@emich.edu

Extended Programs and Educational Outreach’s Professional Programs and Training offers programs and services for working individuals seeking professional development, ongoing educational opportunities, executive development, workshops and special events of interest to the EMU community and beyond. For a complete list of professional programs and training opportunities, visit www.ep.emich.edu/ppat.

Professional Certificates, Training and CEUs
Professional societies and organizations develop programs and award certificates to encourage members to update their knowledge and skills. The CEU (Continuing Education Unit) is a national standard of measurement to recognize participation in a wide range of organized non-credit educational activities (conferences, seminars, workshops, etc.) in all fields. Opportunities for CEUs, certificates and training include:

- Michigan State Board - Continuing Education Units (SB-CEUs)
- Certified Financial Planning
- Certificate in Information Security Systems
- SHRM Human Resource courses and certificates
- American Payroll Association courses
- Specialist Certificates in Occupational Health and Safety
- Specialist Certificates in Quality Management
- Six Sigma Green and Black Belt certification
- Online test preparation workshops

Centers for Corporate Training

- Center for Quality
- Center for Organizational Risk Reduction
- OSHA Training Institute
Web sites: www.centerforquality.org and www.emuosha.org

The Centers for Corporate Training are nationally known for designing and providing a wide range of training, technical assistance and consulting services for hundreds of companies each year in health, safety, security and quality. Our clients include automotive and non-automotive manufacturers and their suppliers, plastics and electronics producers, the construction industry, healthcare providers and government agencies.

Each of the centers works, in its own way, to help individuals and organizations reach and maintain excellence. We are dedicated to helping companies not only survive but prosper during rapid organizational, technological and economic change. We meet our customers where they are, providing on-site instruction and facilitation to help create efficiencies and help them become more
effective for their customers.

By developing customized programs, innovative training and effective, practical consulting, the centers support organizations as they improve the quality of their products, the productivity of their processes and the safety of their workplaces. Our partners are workers, supervisors, managers and executives who will create and succeed in the global marketplace.

The Centers for Corporate Training have served thousands of people in hundreds of companies in North America, Asia, Europe and South America, providing innovative education and training programs around the globe.

The Professional Education Center
Web site: www.emich.edu/public/cob/pec/index.htm

Today’s business challenges require organizations to provide equally innovative and applied training and development programs. The Professional Education Center (PEC) in the College of Business at Eastern Michigan University provides customized technical and leadership training programs to help businesses and individuals meet challenges and build technical and leadership skills. Students benefit from training and professional coaching from EMU’s world-class College of Business and external instructors and consultants.

The PEC tailors training programs to meet your unique organizational challenges bringing innovative and applied programs to the workplace. We can bring to your organization programs to enhance management and business skills and to support leader development including:

- Management Certificate Program – Developing the Leader in You Workshop series
- Emotional Intelligence and Leadership
- Project Management – Introduction and Certificate Programs
- Biz World 101 - for new business professionals

Academic Programs Abroad

George Klein, director
Address: 103 Boone Hall
Phone: 734.487.2424 or 800.777.3541
Fax: 734.487.4377
E-mail: programs.abroad@emich.edu
Web site: www.emich.edu/abroad

In today’s interconnected world, a global perspective is increasingly important and valuable for all students. The Office of Academic Programs Abroad provides opportunities for EMU students to internationalize, diversify and enrich their University education through a variety of study abroad programs, including winter break, spring and summer, intensive language immersion, and exchanges and other semester and academic year opportunities. Some programs offer graduate credit.

Abroad Student Services

The Office of Academic Programs Abroad provides EMU students with:

- Comprehensive study abroad advising
- Study Abroad Orientation
- Health and safety information
- International student identity cards
- International health insurance
Financial aid coordination and scholarship advice
Innovative and affordable study abroad programs

In addition to EMU programs, the Office of Academic Programs Abroad maintains a library of information on hundreds of study abroad programs sponsored by universities all over the world. Students may browse the library and make appointments for advising Monday through Friday throughout the school year. Information on EMU programs abroad can be found at www.emich.edu/abroad.

Winter Break Programs
EMU students earn credit while studying abroad with EMU faculty during the break from campus. Classes are scheduled midway through the winter semester. Recent programs include:

- Art in Mexico
- Hospitality Management in London and Paris
- British Studies in London
- Power, Place and Image in Florence and Rome
- Art and History in Prague and Munich

Spring and Summer Programs
- The Cultural History Tours are unique travel-study programs that visit multiple countries throughout Europe and Asia. Five- and 10-week programs are offered. Students and professors study major historic and cultural sites while pursuing in-depth academic work in an interdisciplinary context. Since their beginnings in 1974, the Cultural History Tours have become a leader in innovative travel-study abroad, drawing students from EMU as well as other colleges and universities. The Emanuel Fenz Endowed Fund provides a competitive scholarship available to EMU students with financial need, applicable to either the Cultural History Tours or Adventures Abroad programs.
- Adventures Abroad Programs are short-term, low-cost travel-study tours that offer EMU students the opportunity to travel with EMU faculty to Europe or the Mediterranean while earning three credits in literature, art or another discipline. The Adventures Abroad program is a short-term module embedded within the longer Cultural History Tours. Students with financial need may apply for the Emanuel Fenz Scholarship applicable to this program.
- EMU students may choose from a variety of spring and summer travel and residence programs that carry credit in such fields as art, biology, business, community practice, education, history and political science. EMU faculty-led programs include such destinations as Ecuador and the Galápagos Islands, Mexico and the Americas, Europe and Asia. Several spring and summer programs are three weeks or less and designed to be especially affordable for EMU students.

Summer Intensive Language Programs
Intensive French, Spanish, German and Japanese language programs are available in France, Mexico, Spain, Germany and Japan, respectively, in settings of cultural immersion. Faculty coordinate additional instruction and provide supervision and cultural exercises. All levels of instruction are available. These programs are offered in cooperation with the Department of World Religions.

Semester/Year Exchange Programs
Eastern Michigan University students may attend one of our Exchange Partner schools for one or two semesters for a cost equivalent to that of Eastern Michigan University. Students pay for EMU tuition and fees, plus a modest program fee. The courses taken appear on the EMU transcript as EMU courses. Students may select courses to count towards a major, minor, general education or elective credit.

- United Kingdom exchanges include University of Derby, England, and Oxford-Brookes University, England.
- Other exchange programs include:
  - University of Groningen, Netherlands (English-language courses offered)
- ESIDE - Metz, France
- Karlsruhe University, Germany
- Reutlingen University of Applied Sciences, Germany
- Kansai Gaidai University, Japan

- Business majors at EMU may participate in the Regional Area Mobility Program (RAMP) during fall and winter semesters. Courses are taught in the language of the host institution: Spanish at Mexican Universities; English or French at Canadian Universities. Proficiency in the relevant language is required.
- The Japan Center for Michigan Universities (JCMU) in Hikone, Japan, offers Japanese Language and Culture courses open to all majors; no prior knowledge of Japanese is required.
- Affiliated programs include Curtin University of Technology, Australia, and Université Catholique de l'Ouest, France.
General Education

- General Education Transfer Guidelines

General Information

Director: Chris Foreman
E-mail: cforeman@emich.edu
Web site: http://www.emich.edu/gened

General education is the core of an undergraduate education. It is general in that it provides students with a comprehensive educational experience and prepares them for study within their major. General education teaches students to think critically and communicate effectively; it provides an introduction to the methodologies and practices of the academic disciplines; it promotes intellectual curiosity and a love of learning. General education is the heart of an EMU education and a source of institutional pride.

Curriculum Categories

Area I: Effective Communication

- Communication is frequently cited as employers’ number one concern with college graduates. Education in speaking and writing is essential in helping students think clearly and in helping them organize and present their thoughts effectively. Individuals need to be able to communicate effectively for their own advancement and for their engagement with the world.

Area II: Quantitative Reasoning

- Quantitative reasoning skills are required in almost every major and professional program, as well as in personal and professional life. Students need quantitative literacy to function in society. Common examples include managing one’s own finances (e.g., credit card debt), reading and understanding the newspaper, and informed voting.

Area III: Perspectives on a Diverse World

- Global Awareness
  - Because of the interconnectedness of nations, very few organizations function solely in the U.S. We all need to understand the world in which we live; to be informed citizens, we need to be able to think about and understand other cultures. By studying a number of nations or one nation in depth, students learn the skills for understanding other cultures.

- U.S. Diversity
  - College is often the first place where students are placed in an environment with people unlike them. We all need to learn respect for other persons, and such respect comes with knowledge. An understanding of and appreciation for diversity is central in employment, civic participation, and life more generally.

Area IV: Knowledge of the Disciplines

- Because each discipline offers a different perspective for understanding the world, understanding anything well requires some understanding of all of them. Students employ critical thinking skills to develop questions of inquiry that reflect an understanding of different disciplinary perspectives.

Area V: Learning Beyond the Classroom (LBC)
A university education is about more than just classes. Students involved in activities outside of the classroom have higher retention rates and more positive educational experiences. Learning Beyond the Classroom encourages students to obtain hands-on experience and to learn about professionalism; it also provides a way to apply classroom knowledge.

Waiver, Placement and Substitutions

- Students may choose to complete ENGL 120 as an elective to prepare for the required ENGL 121 course. Students will decide this by completing the Guided Self-Placement (GSP) Student Survey located at: www.emich.edu/english/gsp/.
- Students with an ACT English sub-score of 29 or higher, or an SAT Verbal sub-score of 640 or higher, are waived from this requirement.
- International students may use ESLN 412 to meet the ENGL 121 requirement Area I, #1.
- Students with a very strong background in oral communication (public speaking and critical listening) may contact the Communication and Theatre Arts department at 124 Quirk, 734.487.3131, for a possible waiver of the required CTAS 124 course. Waivers are granted only on a case-by-case basis.
- Students with an ACT Math sub-score of less than 19, or an SAT Math sub-score of less than 520, are encouraged to take MATH 097/098 in preparation for MATH 110. However, students may take the Math Placement Test to place into MATH 110. (NOTE: MATH 097 and 098 do NOT count toward the minimum 124 hours required for graduation.
Students who complete MATH 097 and/or 098 will be required to complete additional hours over the minimum of 124 hours to graduate.)
- Students with
  - an ACT Math sub-score of 19-22, or an SAT Math sub-score of 520-570, are eligible to take MATH 110 based on that test score.
  - an ACT Math sub-score of 23-27, an SAT Math sub-score of 580-660, or a CLM score of 53-92 may take MATH 110 or another course designated as a quantitative reasoning (QR) course.
  - an ACT Math sub-score of 28 or higher, an SAT Math sub-score of 670 or higher, or a CLM score 93 or higher are waived from the Math 110 requirement.
- Upon a student’s initial enrollment at EMU, the Academic Advising Center (734.487.2171) has the authority to exercise professional judgment when accepting transfer courses for the General Education Program. Credits earned through the Advanced Placement (AP), College-Level Examination Program (CLEP), International Baccalaureate (IB), and the military are treated as transfer credit and the scores/credits are evaluated by the following departments:
  - AP - College of Arts and Sciences, Dean’s Office, 734.487.4344
  - CLEP - Academic Advising Center, 734.487.2171
  - IB - Office of Admissions, International Admissions, 734.487.0205
  - Military credit - Veterans Services, 734.487.3119
- After their initial enrollment at EMU, students who wish to receive General Education approval to take, at another institution, courses not accepted as direct (course-to-course) equivalencies to the General Education Program, must receive prior approval from the General Education Director (734.487.0439).
- Waivers and substitutions for courses taken at EMU and not approved for the General Education Program can only be granted by the General Education Director (734.487.0439) and cannot be approved for General Education credit by academic departments. NOTE: Exceptions to this are the courses in Area I and II whose guidelines appear above.

QRChoice Category Information

Students under the new General Education Program are placed into a Quantitative Reasoning (QR) category based upon their ACT or SAT math score. Students with an ACT math score greater than or equal to 23 or an SAT math score greater than or equal to 580 are in the “QRChoice” category; they can take any approved QR course (or may be waived from the requirement* if the score is 28+ for ACT or 670+ for SAT). All other students, including those without an ACT or SAT score, must take MATH 110 or MATH 110E (for Elementary Education certification) as the requirement for the General Education Program.
Students who are not eligible for QRChoice may test into this category by using the College Level Math section (CLM) of the mathematics placement test. Testing into QRChoice can only be done under the following conditions:

1. A student must obtain a form designated for this purpose from the Academic Advising Center, 301 Pierce. (This is not the same as the pink math placement authorization form.)
2. The score on the CLM must be 53 or higher. No exceptions will be made to this cutoff.
3. The student cannot take the CLM test more than two times. This includes times that the test is taken for initial placement purposes.
4. A student must wait a minimum of 30 days between a first attempt and a second attempt.
5. The test must be taken within one calendar year from the beginning of the student’s first term at EMU with an application decision of “regular admit.” This applies also to a second attempt.
6. To take the QRChoice test, a student must have a minimum math score on the ACT of 19 or on the SAT of 520 or have passed the Elementary Algebra placement test with a minimum score of 83.

Students should consider getting the QRChoice Category Request to Test Form if this situation applies to them.

QRChoice Category Request to Test Forms will be returned to the Academic Advising Center through a secure route, and kept on file there. Students who successfully test into QRChoice will have a code entered onto their record by the Academic Advising Center to be used for graduation audit purposes. A study guide can be found at http://math.emich.edu/placement.html

* A QR waiver means that the QR requirement for the General Education Program is deemed to have been satisfied. A student may still have to take one of the designated QR courses if his/her program (major, minor or curriculum) requires it or if it is needed as a prerequisite to another course he/she wishes to take.

**General Education Transfer Guidelines**

Transfer students with MACRAO* will need to meet three requirements:

1. **QR requirement**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list, will meet this requirement if taken before the first semester at EMU with an application decision of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

2. **Perspectives on a Diverse World**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an application decision of “regular admit.”

3. **Learning Beyond the Classroom**
   Only one course or experience is required and must be completed at EMU.

Transfer students without MACRAO* but with 30 or more transferable hours will need to satisfy:

1. **All General Education requirements**
   Requirements may be met by transferred courses if taken before the first semester at EMU with an application decision of “regular admit.”

2. **QR requirement (exception)**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an application decision of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

3. **Perspectives on a Diverse World (exception)**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an application decision of “regular admit.”

4. **Learning Beyond the Classroom (exception)**
   Only one course or experience is required and must be completed at EMU.

Transfer students without MACRAO* and with less than 30 transferable hours will need to satisfy:

1. **All General Education requirements**
   Requirements may be met by transferred courses if taken before the first semester at EMU with an application decision of “regular admit.”
2. **QR requirement (exception)**
   A course transferring in as one of MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an *application decision* of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

3. **Learning Beyond the Classroom (exception)**
   Only one of the two LBC requirements may be an equivalent course that is transferred if taken before the first semester at EMU with an *application decision* of “regular admit.” The other LBC must be completed at EMU.

*MACRAO may be completed after initial enrollment at EMU*

To receive credit for transfer courses completed after the first term of enrollment at EMU with an *application decision* of “regular admit,” the courses must be *direct equivalencies to* EMU’s General Education Program in order to be applied to General Education requirements. Questions regarding course-to-course equivalencies should be directed to the Director of the General Education Program at 734.487.0439.

  - Writing Across the Curriculum
- University Library
- Division of Information Technology

Graduation

Baccalaureates
Most students in the college pursue one of the two basic undergraduate degrees, bachelor of science (B.S.) or bachelor of arts (B.A.). Both degrees require completion of University general education requirements, a major and a minor and a minimum total of 124 hours. The bachelor of arts degree includes in that total one year of college credit in a foreign language. The bachelor of science degree provides greatest flexibility in selection of the major and minor and in the use of electives.

Additionally, specialized degrees are offered through each college. Detailed information regarding these specialized degrees can be found within individual departments.

Graduation Requirements
To graduate from Eastern Michigan University, a student must earn a bachelor of science degree, a bachelor of arts degree or one of the bachelor's degrees pertinent to the field of study. To accomplish this, students must fulfill general education requirements; a major of 30-36 hours and a minor of 20-24 hours or a self-contained program of 50-60 hours; and electives to equal the minimum total of 124 college-level credits.

The catalog requirements in effect at the time of a student's initial registration at a college or University or the requirements of a subsequent catalog, including those in effect at the time of the student's graduation, may be used to complete graduation requirements. In the event the student does not complete degree requirements within seven years of the date of his/her original registration, the student may be required to have his/her credits re-evaluated by the Office of Records and Registration in keeping with more recent catalog requirements. (See special time requirements in the description of the nursing program.)
Graduation Audit
Students who have completed 95 credit hours or more should request a graduation audit by completing the required form at the Office of Records and Registration, 303 Pierce Hall, or completing the form usually printed in the class schedule book each semester.

The form requires students to record their expected date of graduation, legal name, student number and major(s) and minor(s) elected. In addition, a check list is provided for degree expected and teacher certification expected. Accurate information is essential.

Forms are filed in the Office of Records and Registration and processed according to expected graduation date. A graduation auditor checks the credit hours taken and records the credit hours still needed. One copy of this audit is mailed to the student and another copy is filed. Students should receive their audits a semester before they apply for graduation. A graduation audit does not take the place of regular, thorough advising.

Students may return the forms by mail or in person to Room 303 Pierce Hall. Time is required by the office staff for processing, and immediate responses to requests for information cannot be made at the time of the request.

Commencement
Commencement at Eastern Michigan University represents the culmination of a student's academic achievement. It is a time of celebration and reflection for students, families, faculty and staff. It brings together a diverse community to share in the joy of the accomplished goals of students.

The commencement ceremony at Eastern Michigan University serves a dual purpose: to mark a point of accomplishment, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of education and personal fulfillment.

Commencement eligibility includes students who have submitted an application for graduation by the posted deadline (beginning of the semester) for the indicated semester. Commencement ceremonies are held in April and December only. June and August graduates will participate in the December ceremony following their graduation date.

Academic distinction is awarded at graduation to students whose cumulative grade point average merits special recognition. A 3.9-4.0 grade point average is accorded summa cum laude; a 3.7-3.89, magna cum laude; and 3.5-3.69, cum laude on the diploma and permanent transcript record.

Academic Assessment
The Higher Learning Commission of the North Central Association of Colleges and Schools (NCA), EMU's regional accrediting body, has mandated that every college and University in the region have a plan for assessing both general education and each existing academic major for all students enrolling in the fall 1995 semester and later. EMU endorses this mandate and believes that the University will benefit by identifying the key skills and concepts that academic programs are developing and how well these skills and concepts are being developed in our students.

Because it is important to assess a representative sample of students, Eastern Michigan University considers involvement in this assessment mandatory for students asked to participate.

In some cases all students will be asked to participate. In other cases where it is impractical to assess all students, a representative sample will be selected. In either case, the above stated requirement will apply.

General education will be assessed through use of the Educational Testing Service's "Tasks in Critical Thinking." Between 200-250 students will take this test each year and students who participate in academic assessment activities will be helping Eastern Michigan University continually refine and improve its excellent academic programs and further enhance the reputation of all degrees awarded.

Educational Opportunities
Academic Service-Learning

Academic Service-Learning is a teaching methodology which engages students in community service as a means of helping them gain a deeper understanding of course objectives, acquire new knowledge and engage in civic activity.

The Office of Academic Service-Learning provides a resource center that features journals, books, other publications related to academic service-learning. Research opportunities are also available for faculty and students. AS-L Faculty Fellow Seminars are offered each fall and winter. Over 150 EMU faculty have participated in a semester-long weekly seminar examining academic service-learning theory, implementation and assessment. For a full list of EMU faculty trained in the ASL Faculty Fellow Seminar, please visit: www.asl.emich.edu

To get involved in Academic Service-Learning, students should contact our office:

- **Office of Academic Service-Learning**
  - Campus Address: 219 Rackham Hall
  - Phone: 734.487.6570
  - Web site: www.asl.emich.edu

  **Jessica 'Decky' Alexander, director**
  - E-mail: jalexande1@emich.edu

Courses taught at EMU that include a Community Service, Citizenship and Leadership component and can be taken for Gen Ed LBC credit are:

- CSIE 177L Groundwater Studies
- SPCI 350L Introduction to Cognitive Impairment
- SPEI 401L Programming, Methods and Curriculum for Elementary Students with Emotion Impairments
- SWRK 350L Generalist Social Work Practice: Organizations and Communications
- WGST 230L Conversations with Girls

Sample courses taught at EMU that have included an academic service-learning component in the past are:

- ACC546 Public and Nonprofit Nonsector Accounting
- ATM255 Apparel Analysis
- ATN210 Display Techniques
- ATN437 Professional Seminar
- BEDU395 Administering Workplace Systems and Technology
- BEDU396 Information and Media Administration
- BIOL403 Methods for Teaching Secondary Biology
- CTAC224 Public Speaking
- CTAC225 Listening Behavior
- CTAC226 Nonverbal Communication
- CTAC227 Interpersonal Communication
- CTAC357 Interviewing as Communication
- CTAC359 Small Group Communication
- CTAC374 Intercultural Communication
- CTAC379 Queer Communication
- CTAC475 Research in Speech Communication
- EDMT330 Institutional Application of Media and Technology
- ENGL323 Writing for the Professional World
- ENGL408 Writing for Writing Teachers
- ENGL409 Teaching English in the Secondary Schools

The office of Academic Service Learning also has several grant-based Outreach Programs including:

- **Ypsilanti Youth Empowered to Act (YYEA)** - YYEA seeks to change the way the youth voice is heard by taking action and promoting engagement and decision making in the community.
- **CrossTown Theatre Troupe** - CrossTown Theatre Troupe is a program designed to help stimulate the youth voice through the use of theatre.
- **The B. Side: The Business Side of Youth** - The B. Side develops business and professional skills and encourages creative and intelligent risk taking and instills financial independence and community responsibility in youth ages 13-20.

**American Humanics**

**Address:** 215 Rackham  
**Phone:** 734.487.1612  
**Fax:** 734.487.8514  
**E-mail:** humanics@emich.edu  
**Web site:** www.americanhumanics.emich.edu

The American Humanics: The Nonprofit Scholars Program at EMU is a place for developing theoretical knowledge and practical skills. The program is part of the American Humanics Inc., a national alliance of colleges, universities and nonprofit organizations dedicated to educating, preparing and certifying professionals to strengthen and lead nonprofit organizations. To date, American Humanics Inc. is affiliated with more than 18 nonprofit agencies and numerous collaborating professional organizations and foundations, including American Red Cross, Girl Scouts, YMCA and Boys and Girls Clubs of America.

Undergraduate students earn and American Humanics certificate additionally to the bachelor degree. Students earn the certificate by:
1. Achieving 14 competencies;
2. Completing 300 hours of field-based experiences at a local nonprofit;
3. Participating in the American Humanics Student Association;
4. Attending one American Humanics Management Institute. The American Humanics certificate is provided by American Humanics, Inc. and it is recognized nationwide. The certificate gives students an edge on the job market. The American Humanics competencies serve as a comprehensive, yet flexible framework to guide students toward certification, while providing nonprofit agencies with a pool of graduates highly qualified for employment. Examples of competencies include: marketing, management, program planning, board/committee development, human resource management and fundraising. There are two ways to achieve the competencies: by completing a portfolio or by enrolling in the interdisciplinary minor in nonprofit administration. The interdisciplinary minor in nonprofit administration is the structured way, while the portfolio is the more independent way to achieve the competencies. The interdisciplinary minor in nonprofit administration is administered by the Department of Political Science.

American Humanics certification provides significant benefits to student. It rewards students who are already volunteering with and working in the community organizations with national recognition, and introduces students who have limited or no community service experiences to the challenging life of nonprofit organizations. Most importantly, the American Humanics certification provides students with a job market advantage and networking opportunities. The nonprofit sector is the fastest growing sector of the economy, for example, in Michigan, every 11th job is in the nonprofit sector. American Humanics graduates are highly sought on the job market to fill in positions such as program directors, fundraisers, human resource directors, volunteer coordinators and other positions. American Humanics graduates have an outstanding record of job placement - nearly 100 percent for those students who complete the requirements.

CSIE Program
Address: 218 Rackham Hall
Phone: 734.487.0281
E-mail: csie.info@emich.edu
Web site: www.emich.edu/csie
Facebook Group: CSIE@EMU

The Creative Scientific Inquiry Experience (CSIE) Program is funded through a grant from the National Science Foundation. The purpose is to increase the number of graduates with science, technology, engineering and mathematics (STEM) and related majors. The program offers unique integrated clusters of STEM courses called CSIEs, anchored by a one- or two-credit CSIE seminar. Each CSIE features the following benefits:

- Deeper exploration of class content related to a common interdisciplinary theme through academic service-learning* (AS-L) experiences which often include community-based research projects;
- Intensive mentoring and advising by CSIE faculty and program staff to help students plan their academic careers and engage in early research experiences;
- Opportunity to learn with professionals from local industries, government organizations and non-profit agencies, through shadowing experiences, guest speaker interviews, facility tours, field work and the AS-L experiences;
- Free book loan program and of subsidized lab manuals and course supplies;
- Opportunity to satisfy general education requirements† for learning beyond the classroom (LBC) through 15 hours of service and/or presenting research at the Undergraduate Symposium ‡ or professional meetings or conferences.

CSIE clusters are published each term in the course schedule books and online at the program website and Facebook group. Students can enroll directly through normal registration procedures - no special permissions, restrictions or overrides. Only department-defined skill and course prerequisites apply; no additional academic requirements are mandated for the program. Students do not need a declared STEM major to participate.

Learn more about the program, read examples of previous CSIE clusters, and view upcoming offerings by going to www.emich.edu/csie.
First Year Experience Programs
EMU offers practical, yet innovative, programs for its first-year students to enhance learning experiences in the classroom, increase academic performance, improve student connections to the campus and community and aid in student retention and persistence toward an undergraduate degree.

First-Year Interest Groups (FIGs)
FIGs are learning communities in which freshmen explore common interests, develop critical thinking skills and build lasting friendships. FIG students take up to three college-level courses with the same peer group. All courses satisfy general education, program or elective credit towards graduation. FIG instructors are experienced in teaching, mentoring and developing the strengths of first year students.

Promoting Academic Success and Survival (PASS)
The PASS program is designed to challenge and support freshmen who fall just below regular admission criteria and addresses issues students face as they transition to college. The program is based on the assumption that students are willing to work hard to succeed and that effective academic programs and teaching methods can bring them to the standards expected of college students. Among the benefits of the PASS program are learning community scheduling, free academic workshops, development of study skills as well as academic monitoring, individualized instruction and advising assistance.

Institute for the Study of Children, Families and Communities
David L. Clifford Ph.D., director
Address: 203 Boone Hall
Phone: 734.487.0372
Fax: 734.487.0284
E-mail: david.clifford@emich.edu
Web site: www.iscf.emich.edu

The Institute for the Study of Children, Families and Communities is an interdisciplinary applied research unit. It organizes teams of faculty, staff and community partners to carry out research, demonstration projects, technical assistance, consultation, training, assessment and policy analysis and advocacy. The institute executes its mission through its three centers.

The Center for Applied Research (CAR) provides a full range of research services including needs assessments, asset mapping, survey research, program monitoring and evaluation, data collection and analysis, and policy impact analysis. The CAR includes a state-of-the-art computer assisted telephone interviewing facility, the CATI Lab. Director: Peggy Wiencek, M.S., e-mail: peggy.wiencek@emich.edu

The Center for Child and Family Programs (CCFP) focuses on vulnerable children, families and marginalized youth. The CCFP conducts applied research and program evaluation, develops training curricula, provides technical assistance and develops policy recommendations at the local, state and national levels. Director: Valerie Polakow, Ph.D., e-mail: valerie.polakow@emich.edu

The Center for Community Building and Civic Engagement (CCBCE), operationally extends EMU's mission into the greater community. Through projects such as the HUD Community Outreach Partnership Center and the U.S. Department of Justice capacity building grant, it promotes community capacity building, youth violence reduction and a range of community-University collaborations. Director: Elvia R. Krajewski-Jaime, Ph.D., e-mail: ekrajewski@emich.edu

Celebration of Student Writing
At the end of every fall and winter semester, the approximately 1200 students enrolled in English 121 classes display their written work at the semi-annual Celebration of Student Writing. For the celebration, sponsored by the Department of English Language and Literature, students create products representing the research they do in their 121 classes. Students who display
their work are joined at the Celebration by EMU faculty and administrators, students from other EMU courses and visitors ranging from prospective EMU students to students in writing courses from other colleges. Attendees wander the room and talk with student authors about their Celebration projects and their research work for the semester.

Diversity in the Curriculum
The Diversity in the Curriculum program promotes the development of a curriculum of inclusion within the colleges, departments and programs of the Division of Academic Affairs at Eastern Michigan University. Our objective is to translate the growing scholarship on diversity and multiculturalism into educational practices that reflect the most constructive aspects of cultural pluralism. Eastern Michigan University is nationally recognized for a high level of diversity in its student population. The purpose of diversity in the curriculum is to ensure that our faculty and staff become characterized by an equally high level of multicultural expertise, as reflected in our curricular offerings and co-curricular services.

ElderQuest
Address: 217 Rackham Hall
Phone: 734.487.0227
E-mail: ElderQuest@emich.edu
Web site: www.emich.edu/elderquest

The ElderQuest program provides a welcoming environment for persons 50 years and older and offers the opportunity to fully participate in campus programs and activities. ElderQuest provides leadership in the identification of various pathways into the University community including building University awareness and support for programming and services targeted for the elder population. ElderQuest office staff assists the elder participant in designing an exciting and challenging plan that fits his or her needs. There are many ways that an ElderQuest participant may be involved in University life including: serving as a guest lecture, working part-time on campus, assisting with special campus events, and mentoring students.

Writing Across the Curriculum
Students at EMU experience a coordinated approach to writing instruction that begins in their first year with ENGL 120/ENGL 121, that is supported through workshops and tutoring offered by the University Writing Center and Academic Project Center, and that is continued in their majors with the Writing-Intensive courses that are now a graduation requirement for all students. The Writing Across the Curriculum program provides the outcomes for and assesses the WI courses. It supports faculty members who teach the Writing-Intensive courses as well as faculty who use writing in both their General Education and other major courses. These faculty elect to participate in summer institutes that focus on the teaching of writing in the disciplines. Students benefit directly from these faculty members' dedication to the development of their critical thinking and communication skills.

University Library
Bruce T. Halle Library

Rachel J. Cheng, University librarian
Address: 955 West Circle Drive
Phone: 734.487.0020 ext. 2200
Fax: 734.484.1151
Web site: www.emich.edu/halle

The Bruce T. Halle Library supports the academic mission of the University through its state-of-the-art services, collections, technologies, facilities and equipment.

The Library is a vital component of the University's educational mission. It houses more than one million items including books, journal subscriptions, microforms, audio visual materials and U.S. Government Documents. The library has a rapidly growing collection of state-of-the-art electronic indexes and full-text ejournals and ebooks. The library contains special collections of faculty publications, children's literature, maps, African-American history and also houses the University Archives. These extensive collections are focused to provide strong support for the instructional programs of the University. More information about the library's collections, hours, and services is available at www.emich.edu/halle.
In addition to its collections, Halle Library provides the campus with venues where people can gather to share ideas and learn including meeting/classrooms, computer labs, a 90-seat auditorium, group study rooms, a TV studio, and the Paradox Café. The Library provides hundreds of public access computers. A unique feature of the Library is the Automated Retrieval Collection (ARC). The ARC's massive robot cranes locate and move the hundreds of bins that hold more than a half-million books, videos and other items from the Library's collection. Materials from the ARC can be in your hands within ten minutes.

Materials, including reserved reading materials assigned for use in course work, are checked-in and out on the main floor at the Circulation Desk. The Information Desk is located in the center of the first floor atrium and is the place where all library users may get assistance in using the collections and locating sources. For off-campus class students, the library offers reference assistance and instruction, access to research tools and access to materials. For more information, visit www.emich.edu/halle/offcampusclasses.

Collections on the main floor include the references, legal reference collections and maps. The second floor contains the journals, newspapers, government documents and children's literature collections and provides space for collaborative study. The third floor contains the circulating book collection and is the Quiet Study Floor.

Librarians offer a comprehensive range of orientation, reference and instructional services and are available to consult with users concerning their information needs, and to assist in developing search strategies and accessing resources. Subject-specialist librarians assist teaching faculty by working with them to design tours and instructional sessions for their classes. Appointments can be scheduled with individual librarians through the Information Services Office (734.487.0020, ext. 2100).

The Academic Projects Center (Halle Room 104), is a new venture offering one-to-one writing, research, and technology assistance for all EMU students. The APC is a collaboration between the University Library, Academic Technology and Computing Services, the University Writing Center, and the Writing Across the Curriculum and First Year Writing Programs. The APC offers point-of-need help with research, writing, and technology to students working on research papers and other academic projects. University Writing Center consultants, Halle Librarians, and technologists work together in the center to provide project-oriented support.

**Division of Information Technology**

To learn more about all the technology services provided for students, faculty and staff, please visit the Division of Information Technology web site at http://it.emich.edu/

**Computers on Campus**

Lab locations:

**Morell D. Boone Computing Commons**
Address: G07 Bruce T. Halle Library
Phone: 734.487.2121

**Multimedia Commons**
Address: Bruce T. Halle Library, first floor
Phone: 734.487.2687

**Computer Lab**
Address: 2nd Floor Student Center Union
Phone: 734.487.1365

**Owen Computing Lab**
Address: 101 Owen Building
Phone: 734.487.2241

**Pray-Harrold Computing Lab**
Address: 327 Pray-Harrold
Phone: 734.487.3271
Some of the colleges and departments have specialty labs available for different uses. Your professor will tell you about using these specialty labs. If you would like to know more visit the web site of your specific college or department.

Division of Information Technology Computer Help Desk

Address: 106 Halle Library
Phone: 734.487.2120
Web site: http://it.emich.edu/

The Division of Information Technology Computer Help Desk can assist with problems accessing EMU's Internet-based resources such as my.emich or the residence hall network (ResNet). Check the Division of Information Technology Help Desk web site for more information on protecting your computer from viruses and other malicious programs.

my.emich Portal Account

my.emich is Eastern Michigan University's personal portal. It is a common form of communication with EMU. This secure site provides students, faculty and staff with world-class intranet and Internet services including a 20 MB e-mail account and calendar. It is where you can check e-mail, access EMU's Web, register for classes and check your grades. For complete information on setting up your account, visit the my.emich web site at: http://my.emich.edu and click on "How Do I Get my user name and password."

EMU Computer Store

Address: EMU Student Center, Room 101a
Phone: 734.487.2400
Web site: www.emich.edu/computerstore

Eastern Michigan University's Computer Store is the location for students, faculty and staff to purchase computers, software, and related products at an educational discount. The Division of Information Technology Computer Store web site provides information on hardware, software, special promotions and details about the computer refresh program.

ResNet

ResNet is Eastern Michigan University's residence hall network service. ResNet uses dedicated Ethernet wiring to connect students to the University network and the Internet, and works much like DSL or cable modem. Service is provided free of charge to students living in University Housing residence halls.

Advantages of ResNet: ResNet is convenient; it requires no modem or phone line to connect; it is fast; and ResNet is a 10Mbit/sec Ethernet network.

To sign up for ResNet, after you arrive on campus, plug in and go through the simple registration process. For more detailed information about ResNet, visit the Division of Information Technology web site at http://it.emich.edu/.

Wireless Networking

Wireless networking is available to students, faculty and staff in select locations on campus. Wireless networking allows anyone with a wireless compatible laptop computer, and a my.emich user name and password, to connect to the campus network without being "plugged in." For more details about the EMU Wireless network and responses to frequently asked questions, visit the Division of Information Technology web site at http://it.emich.edu/wireless/.

- Grade Grievance Procedure for the EMU Community
- Class Attendance Policy Works for You
- Student Involuntary Administrative Withdrawal
- Student Conduct Code and University Disciplinary Process
  - Section I: Purpose
  - Section II: Responsibility for Implementation
  - Section III: Jurisdiction
  - Section IV: Definitions
  - Section V: Violations
  - Section VI: Sanctions for Misconduct
  - Section VII: Organization of the University Judicial System
  - Section VIII: Rights of Charged Student(s)/Student Organizations in Disciplinary Proceedings
  - Section IX: University Disciplinary Procedures
  - Section X: Special Disciplinary Provisions Governing Acts of Academic Dishonesty
  - Section XI: Special Provisions Governing the University Recognition and Conduct of Greek Letter Social Organizations
  - Section XII: Interim Suspensions and Other Interim Sanctions
  - Section XIII: Emergency Powers of the President
  - Section XIV: Student Disciplinary Files and Records
  - Section XV: Review of the Student Judicial System
- University Alcohol and Other Drug Policy
- EMU Policy on Notification to Parents of Drug and Alcohol Violations
- Tobacco Use Policy
- Acceptable Use of Information Technology Resources

In this section you will find the FERPA law, the Student Code of Conduct, the EMU Alcohol and Other Drug Policy, the Tobacco Use Policy, the Student Involuntary Administrative Withdrawal Policy, the Grade Grievance Procedures, Class Attendance Policy, the EMU Policy on Sexual Harassment and the Residence Hall Eligibility Policy.

These policies will not only serve as an important reference during your University experience, but they will also help you as a student to make informed choices.

Undergraduate Policy on Probation/Dismissal/Readmission

If, at the end of any term of enrollment, an undergraduate's cumulative grade point average (GPA) falls below 2.0, having previously been at or above 2.0 (or if new to the University), that student will be placed on academic probation (PRB1). The student will then have three terms of enrollment (spring/summer count as one) to raise the cumulative GPA to 2.0 or higher. At any time that the student's cumulative GPA reaches 2.0, the student will be restored to good academic standing (GOOD). Unless the cumulative GPA has been raised to 2.0 by the end of the third term of probation (PRB3), the student will be subject to academic dismissal.

Exceptions to this policy are as follows:
1. Any student whose first term of probation is the result of a semester of all Es must earn better than 0.0 (all Es) in the first term of probation or face dismissal immediately.

2. Students who have been readmitted (READ is equivalent to PRB1) after a dismissal will be placed on PRB2 after their first term, if their cumulative GPA remains below 2.0. They will have two terms to raise their cumulative GPA average to 2.0 or they will face a second and final dismissal.

3. All initial dismissal actions are subject to appeal. Procedures and deadlines for such appeals will be included in notices of academic dismissal, sent to students at the conclusion of a term of enrollment. If an appeal is successful, the student will be reinstated, which means the dismissal does not count. Students who are reinstated after an appeal will be given one more term to raise the GPA to 2.0 or they will be dismissed.

Students dismissed from the University for the first time must remain away from Eastern Michigan University for one calendar year. They can then apply for readmission through the Academic Advising Center. Procedures and deadlines for readmission are available in the Academic Advising Center (301 Pierce Hall); contact the Assistant Director for Academic Actions. Students dismissed more than once (excluding reinstatement) are usually not eligible to return to the University. On occasion, when students have been away from the University for at least 10 years, a request may be submitted, through the Assistant Director for Academic Actions, to the Academic Standards Committee, who will make the final decision in such a case.

While remaining out of the University due to a dismissal, students may choose to attend another institution. Certain rules apply to course work taken elsewhere. Refer to the repeat policy in the catalog and consult with Academic Records on transfer of courses.

While on academic probation, a student may meet with the Assistant Director for Academic Actions or any adviser in the Academic Advising Center. In addition, students may seek help in developing successful strategies for academic performance through the Holman Learning Center, the Counseling Services Center and the Career Services Center.

### Notification of Student Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. **The right to inspect and review the student's education records within 45 days of the day EMU receives a request for access.**

   Students should submit to Eastern Michigan University's Office of Records and Registration written requests that identify the record(s) they wish to inspect. A University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. **The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.**

   Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

   If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.**

   One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by EMU in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff); a person or company with whom EMU has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll. The University may, without the student's permission, release certain information to parents or guardians of students under the age of 21 found responsible for violating any law, rule or University policy pertaining to drugs or alcohol.

EMU has designated the following items as directory information and these items may be included in publications or disclosed upon request without consent: the student's name; address; telephone listing; electronic-mail address; date and place of birth; major field of study; participation in recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received (including, but not limited to, the Dean's List); and the most recent previous educational agency or institution attended by the student.

EMU reserves the right to make directory information public unless a student's written objection (specifying the category of information not to be made public without prior consent) is filed at the Office of Records and Registration within 14 days after each term begins.

Students who do not want to be included in the annual EMU Student Directory should either complete a directory exclusion card or request directory exclusion through the touch tone registration system (734.487.3309) by Sept. 15. Cards can be picked up from University Publications, Campus Life, Office of Records and Registration, Academic Advising Center, Office of Admissions or a residence hall information desk. They must be turned in by September 15 to Public Information, 18 Welch Hall. Requesting directory exclusion will remove your name, address and phone number from the current and subsequent telephone directories.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by EMU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Ave. SW
   Washington, D.C. 20202-4605

Applicable Laws for Americans with Disabilities

1973 Vocational Rehabilitation Act, Section 504

Colleges and universities nationwide have been protecting the rights of students with disabilities since the 1973 Vocational Rehabilitation Act, specifically Section 504, which states:

No otherwise qualified handicapped individual in the United States shall, solely by reason of handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Americans with Disabilities Act (ADA)

Unlike Section 504 of the Rehabilitation Act, the ADA applies to employers, public services, public accommodations, communication providers and transportation providers regardless of whether they receive or benefit from federal funding.

The ADA defines a person with a disability to mean a person who: (1) has a physical or mental impairment that substantially limits one or more major life activities; (2) has a record of such an impairment; or (3) is regarded as having such an impairment.

The ADA provides coverage in five different areas:
Residence Hall Eligibility Policy

Policy Statement

All first year unmarried students shall be required to live in University residence halls, contingent on space availability. Sophomore students may be required to live on campus as well, space permitting. Exceptions may be granted to students who are:

a. commuting from the permanent home of their parents/guardian;
b. 21 years of age or older; or
c. veterans who have served on active duty.

All students living in University residence halls assume responsibility for their own hours.

University Practice

Occupancy in a University residence hall is restricted to currently enrolled students at Eastern Michigan University. Occupants other than currently enrolled Eastern students are allowed on an exception basis. However, priority will be maintained for current Eastern students. Each resident is required to make application and sign a contract for the appropriate term. As such, the resident agrees to make the designated prepayment and agrees to the payment of fees as established for the term(s) of occupancy according to the current payment schedule. Additionally, the residents are responsible for compliance with all terms and conditions set forth in the contract and the Residence Hall Handbook.

Responsibility for Implementation

Housing management staff is responsible for implementing this policy and for granting waivers in a fair and consistent manner within policy guidelines.

Scope of Policy Coverage

This policy shall apply to first year and sophomore students.

EMU Policy on Sexual Harassment

The University's Mission Statement and accompanying Institutional Values and Guiding Principles reflect our collective commitment to providing an environment that positively affects the lives of all individuals who are part of the EMU community. The University's Sexual Harassment Policy affirms our shared values and responsibility to respect all individuals, and prohibits any member of the University community from engaging in sexual harassment activities that demean or diminish an individual in any way. Such activity is prohibited by law and by this policy. The rights and responsibilities inherent in this policy apply to all employees, students, guests and outside contractors. One of the strengths of Eastern Michigan University is that we value and
respect human dignity and the rights of all people. Each of us shares the responsibility for ensuring that sexual harassment will not be tolerated and that we strictly adhere to the tenets of this policy. Copies of the policy and procedures are posted on the websites of the Office of Diversity and Affirmative Action, the Office of Judicial Services, Human Resources and the Office of the Assistant Vice President for Academic Affairs.

Policy on Sexual Harassment

It is the policy of Eastern Michigan University to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal statutes.

Prohibited Acts

No member of the University community shall engage in sexual harassment. Persons who engage in sexual harassment are subject to disciplinary action, up to and including dismissal for employees and/or suspension or dismissal for students. Sexual harassment is defined as unwelcome advances, requests for sexual favors or other behavior of a sexual nature when:

- Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment or status in a course, program or activity.
- Submission to, or rejection of, such conduct is used as a basis for a decision affecting an individual's employment or participation in a course, program or activity.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or performance in a course, program or activity, or of creating an intimidating, hostile or offensive environment in which one engages in employment, a course, a program or an activity.

Confidentiality

To the extent permitted by law, the confidentiality of each party involved in a sexual harassment investigation, complaint or charge will be observed, provided it does not interfere with the University's ability to investigate the allegations or take corrective action.

Examples of Sexual Harassment

- Physical assault
- Threats or insinuations which cause the victim to believe that sexual submission or rejection will affect his/her reputation, education, employment, advancement, or any conditions which concern the victim's standing at the University.
- Direct propositions of a sexual nature
- Subtle pressure for sexual activity, an element of which may be conduct such as unwelcome sexual leering
- Conduct (not legitimately related to the subject matter of the work, course, program, or activity in which one is involved) intending to or having the effect of discomforting and/or humiliating a reasonable person at whom the conduct is directed. This may include, but is not limited to, comments of a sexual nature or sexually explicit statements, questions, jokes or anecdotes, and unnecessary touching, patting, hugging or brushing against a person's body. Depending upon the circumstances, any of the above types of conduct may be sexual harassment and subject to disciplinary action, even if that conduct only occurs once.

Consensual Sexual Relationships:

Professor and student:
The ideal professor demonstrates respect for students as individuals and serves as students' mentor, intellectual guide and model of honest academic conduct. The professor acts to ensure academic evaluations of students that reflect each student's true merit. He or she respects the confidential nature of the relationship between professor and student and avoids all forms of exploitation, harassment and discriminatory treatment of students.

Sexual relations (which includes contact of a sexual nature) or requests for sexual relations between students and faculty members with whom they also have a current instructional or evaluative relationship are fraught with the potential for exploitation and must be avoided, and are prohibited. The respect and trust accorded a professor by a student, as well as the power exercised by the professor in an instructional or evaluative role, make voluntary consent by the student suspect. In their relationships with students, members of the faculty are expected to be aware of their professional responsibilities and to avoid apparent or actual conflict of interest, favoritism or bias.

Seeking Assistance for Filing a Complaint

Students, faculty and staff who believe they are the victims of sexual harassment may seek information and assistance from the Office of Student Judicial Services (204 King Hall), Jennifer Schraze, director, 734.487.2157, or the Diversity and Affirmative Action Office (11 Welch Hall), 734.487.1166. If the student, faculty member or staff member wishes to file a complaint, she/he may take the following action(s):

- If the alleged harasser is a staff or faculty member, the affected individual(s) may contact the Diversity and Affirmative Action Office (11 Welch Hall).
- If the alleged harasser is a student, the affected individual(s) may contact the Office of Student Judicial Services (204 King Hall).

Note: EMU has the obligation to investigate all complaints of sexual harassment.

Seeking Assistance Outside of the University

Persons who believe they are the victims of sexual harassment may also seek assistance from: the Equal Employment Opportunity Commission, or the Michigan Department of Civil Rights.

Awareness

Members of the University community are responsible for knowing and understanding the University's policy prohibiting sexual harassment. Students who do not understand the policy should contact the Office of Student Judicial Services at 487.2157. Faculty and staff who do not understand the policy should contact their department head or director. Department heads or directors who need assistance in understanding, interpreting or applying the policy should contact the Diversity and Affirmative Action Office at 487.1166. Persons who make false allegations subject themselves to the possibility of disciplinary action.

If You Are Accused of Sexual Harassment

You will have an opportunity to hear and respond to the charges brought against you. All situations are treated as confidential matters to the extent permitted by law. Judgments are not made nor action taken until the investigation is complete. Employees represented by collective bargaining agents may enlist assistance from their union as necessary.

Grade Grievance Procedure for the EMU Community

Timeline for Steps in the Grade Grievance Procedure
(This timeline is derived from appropriate sections in the Grade Grievance Procedure.
The page number from which it is taken is underlined in parentheses following each item.)

Step I

- The student must contact the instructor within ten (10) working days after the start of the following semester: i.e., the semester following the one in which the disputed grade was given.

Step II

- A written grievance must be filed within twenty (20) working days after the start of the next semester following the one in which the disputed grade was given.
- Within ten (10) working days after receipt of the written grievance, the department head must schedule a hearing before the Department/College Grievance Committee.
- The Committee hearing shall be open unless the student or instructor requests a closed hearing. This request should be conveyed in writing to the department head prior to the hearing . . . . (After the hearing) The committee will meet in executive session and will present its findings, in writing, to the department head within ten (10) working days.
- The department head will forward the committee's written decision to the student and the instructor within five (5) working days of this committee's decision/recommendation.

Step III

- Either the instructor or the student grievant may submit a written appeal of the prior decision at Step II by the Department/College Grade Grievance Committee within ten (10) working days of written receipt of that decision, if at least one of three conditions is met:
  1. The Office of the Provost determines that there is evidence that established procedures for Step II were violated; or
  2. There was at least one dissenting vote at the Step II level; or
  3. New evidence or new witnesses not previously considered or heard at Step II become available.
- Within twenty (20) working days of the receipt of the appeal, the University Grade Grievance Committee shall issue a written Step III decision to both the instructor and the student.

A. Introduction

The Grade Grievance Procedure provides each student with the opportunity to appeal formally a final grade in a course because he or she believes that the grade has been awarded capriciously or unfairly. Capricious or unfair-grading may include but is not limited to the assignment of a course grade to a student: (1) on some basis other than relevant performance in the course; (2) by resorting to standards different from those which were applied to other students in that course; or (3) by an unreasonable and/or unannounced substantial departure from the instructor's previously articulated standards.

This procedure is not intended to handle disputes that may arise about the grading of individual exams or assignments during the semester. When such disputes arise, the student should contact the instructor immediately, rather, than waiting until the end of the semester. Class action grievances by one student on behalf of several students or an entire class are not permitted.

B. Step I

If a student wishes to appeal a final grade, the student must contact the instructor within ten (10) working days after the start of the following semester: i.e., the semester following the one in which the disputed grade was given (see General Notes #3, p. 9, for the spring-summer policy). If the instructor is teaching on campus the next semester, but is temporally unavailable or simply cannot be reached during this ten-day period, then the student should deliver a written request for an appointment with him/her, stating the reason, to the department head no later than the ten (10) day period. With the aid of the department head in scheduling an appointment, the instructor and the student must then meet as soon as possible and discuss the disputed grade privately. In the event that the department head has difficulty in assisting the student in scheduling the appointment, a detailed written record of communication or attempts to communicate between the department head and the instructor will be maintained by the department
Whenever possible, conflicts over grades should be resolved informally between the instructor and the student as a result of this Step I discussion.

If the instructor has left the University permanently, or is not available for a period of sixty (60) days or more (e.g., if the instructor is away on a sabbatical leave, medical leave; or in his/her "off semester" on a Plan C appointment), then the department head shall act on his/her behalf and make a decision either in support of or against the grievance. In making this decision, the department head shall review all available grade records, discuss the matter with the student, and with written consent of the student, request and evaluate within ten (10) working days a written statement by the instructor concerning the disputed grade, when possible. The department head cannot act in this manner on behalf of the instructor during the spring-summer period because the instructor is not teaching during either the spring or summer session, unless the disputed grade affects the student's plans to graduate that year.

C. Step II

If the grade dispute is not resolved in Step I to the student's satisfaction and he or she still believes that the grievance has merit based on facts of the case, the student has the right to file a formal written grievance with the department head. In the written grievance, the student must indicate whether he/she requests that the case be heard by a Departmental or College Grade Grievance Committee. The department head will forward the written grievance immediately to the chairperson of the appropriate (Department or College) Grade Grievance Committee.

Guidelines for filing a formal grievance are as follows:

1. A grievance must be based on evidence that the instructor has been capricious and/or unfair in awarding a grade. The written grievance must describe specifically the perceived capricious or unfair action of the instructor. The student also should present all other evidence or documentation in support of his or her allegations. Disagreement with an instructor's judgment in and of itself is not a basis for a grievance, nor is disagreement with an instructor's grading standards, if such standards have been described in advance for the class, and have been applied fairly to all students in the class.

2. A written grievance must be filed within twenty (20) working days after the start of the next semester following the one in which the disputed grade was given.

Within ten (10) working days after receipt of the written grievance, the department head in consultation with the chairperson of the Department/College Grade Grievance Committee will schedule a hearing before the Committee. The department head cannot simply make a personal judgment that the grievance is without merit, and thus refuse to give it to the Department/College Grade Grievance Committee. However, after scheduling the hearing; the department head may request a closed three-person meeting in his/her office with just the instructor and the student, to discuss informally the disputed grade one final time. If either the instructor or the student refuses to attend such a meeting, the department head cannot require his/her attendance, and the grievance is then held as previously scheduled. If a closed meeting is held, the department head shall act only as a facilitator or a mediator. His/her role is restricted solely to promoting further discussion, not to imposing his/her judgment and/or making a decision in the case. If the dispute is resolved in this meeting, the written grievance shall be withdrawn and the scheduled hearing canceled. The student will provide written verification of withdrawal of the grievance to the instructor and department head at the conclusion of the meeting. If the dispute is not resolved, the grievance is then held as previously scheduled. In such cases, the department head shall not communicate his/her opinions/judgments regarding the grievance and/or the discussion at the closed meeting to the members of the Department/College Grade Grievance Committee.

The Department Grade Grievance Committee shall be composed of three (3) faculty members and two (2) students. The faculty members shall be selected by appropriate department procedures. In undergraduate student grievances, the student representatives shall be selected from the list of representatives designated annually (no later than October 15 each year) by Student Government for each department in that particular college. In graduate student grievances, the student committee members must be graduate students. The graduate student representatives will be selected from the list of representatives designated annually (no later than October 15) by the Graduate School for each department in that particular college.

The College Grade Grievance Committee shall be composed of three (3) faculty members and two (2) students. One faculty person and one student must be from the department from which the grievance originated. The other faculty and student representatives must be from different departments within the college. The dean of the college in which the grievance originates
will select the appropriate faculty and student representatives to serve on a particular grievance committee from the approved designated lists. The faculty approved to serve on the committee shall be designated by the College Council from a list of faculty submitted by each department by October 15 each year. In undergraduate student grievances, the student representatives shall be selected from the list of representatives designated annually (no later than October 15 each year) by Student Government for each department in that particular college. In graduate student grievances, the student committee members must be graduate students. The graduate student representatives will be selected from the list of representatives designated annually (no later than October 15) by the Graduate School for each department in that particular college.

The student grievant may, however, request in advance of the hearing in writing that the two (2) students be excused and that his or her grievance be heard only by three (3) faculty members.

This option applies regardless of whether the grievance is being heard by the Department or College Grade Grievance Committee. The committee shall conduct a hearing according to the following guidelines:

1. Prior to the hearing, any written information in support of either the student or the instructor shall be distributed to committee members by the department head. In addition, both the student grievant and the instructor shall be provided with copies of these same written materials. All available written information shall be presented at this time.

2. A detailed record shall be kept of the hearing, preferably a taped sound recording. If a written record is kept, that record shall be signed by the Grievance Committee asserting that the written record is a true record of the hearing proceedings.

Written or recorded records of any Step II grievance shall be kept on file in the college dean's office and copies shall be provided, upon request, to the student who has filed the grade grievance or the faculty member against whom the grievance was filed. Costs associated with duplicating grade grievance records shall be borne by the individual(s) requesting copies.

3. The hearing shall be open unless the student or instructor requests a closed hearing. This request should be conveyed in writing to the department head prior to the hearing.

4. Both the student and instructor shall be permitted an adviser at the hearing. Advisers must be members of the University community, i.e., students in good standing or full-time faculty or staff members.

5. The Department/College Grade Grievance chair shall begin the hearing by beginning the tape recorder (or announcing the name of the person who will be taking minutes) and reviewing the guidelines and procedures under which the hearing shall be conducted.

The committee chair will then announce, "This Step Level II Grade Grievance Hearing is being held on (date). (Name of student) is grieving the grade of (grade) received during the (semester) in (class prefix, number, and section identification number) taught by (instructor). The following committee members are in attendance today: (members give their names)."

6. In order, the student and the instructor will present their cases. Both the student and the instructor may call witnesses, and the student, instructor, adviser(s), and committee members all have the right to question any witnesses that are called. The student and the instructor should be asked for brief closing statements.

7. The chair will then close the hearing with, "This Step Level II Grade Grievance Hearing is now concluded." The committee will meet in executive session and will present its findings, in writing, to the department head within ten (10) working days. The written decision/recommendations- will be signed by the members of the committee. The department head will forward the committee's written decision to the student and the instructor within five (5) working days of this committee's decision/recommendation.

8. If determined through the grievance process that a student's grade is to be changed, the following process will be used:
   a. The Chair of the grade grievance committee will forward the committee's recommendation for the change of grade to the faculty member, Department Head and the student (grievant).
   b. The faculty member shall have ten (10) working days from the issuance of the committee's recommendation to file a grade change or respond otherwise to the committee.
   c. If the faculty member fails to change the grade or appeal the decision within the allotted time or notifies the committee of his/her intent not to comply with the recommendation to do so, the department head will file the grade change form in accordance with the committee's recommendation.
   d. The student, faculty member, Department Head, and Grievance Committee Chairperson will receive copies of the completed grade change form.
D. Step III

Either the instructor or the student grievant may submit a written appeal of the decision at Step II by the Department/College Grade Grievance Committee within ten (10) working days of written receipt of that decision, if one of the following conditions is met:

1. The Office of the Provost determines that there is evidence that established procedures for Step II were violated; or
2. There was at least one dissenting vote at the Step II level; or
3. New evidence or new witnesses not previously considered or heard at Step II become available.

In the absence of 1, 2, or 3 above, simple disagreement with the decision rendered at Step II is not sufficient basis for an appeal. In other words, there is no automatic right of appeal in every case requiring that the University Grade Grievance Committee reconsider the entire grievance case. If said evidence or witnesses had been available prior to the Step II hearing, the hearing shall be remanded back to the Step II departmental committee. Only newly discovered evidence and/or witnesses may be introduced at the Step-III hearing level (it shall be the responsibility of the petitioner to demonstrate that the evidence and/or witnesses were not available at Step II).

The appeal shall be submitted to the provost or his/her designeee with a copy to the dean of the appropriate college. The University Grade Grievance Committee shall be chaired by the provost or his/her designee and shall have the following additional members: the dean of the involved college or his/her designee; two (2) faculty members, one of whom is from the involved college, but not from the department in which the grievance originated; and one (1) student appointed by Student Government (in the case of undergraduate grievance) or by the Graduate School (in the case of graduate grievances). The two faculty members shall be selected by the provost or his/her designee from an available pool of nominees representing all colleges.

The University Grade Grievance Committee shall review all written documents that were available to the Department/College Grade Grievance Committee, the written or taped recording of the Step II hearing, and the final report and decision of the Step II Committee. The University Grade Grievance Committee may reconvene the participants in the Step II hearing to answer questions, if desired.

Within twenty (20) working days of the receipt of the appeal, the University Grade Grievance Committee shall issue a written Step III decision to both the instructor and the student. This decision shall be final; no further appeal is possible.

E. Records

When the Grade Grievance Procedure results in an instructor's grade being changed without his or her agreement, then all University records containing that grade in which the name of the instructor appears shall be identified by an asterisk (*). On these records, the asterisk will be footnoted with the following statement: "This grade is a result of an appeal procedure." On those records in which the instructor's name does not appear, the grade will not be asterisked, nor will there be any other indication that the original grade was changed.

F. General Notes

1. The time limits/deadlines for submitting grievances/appeals, holding meetings, making decisions are to be followed by all parties. However, extensions of the limits may be requested in writing by any of the involved parties. Such requests must originate prior to the expiration of the stated time limit. The dean of the involved college will make the decision to approve or to deny each request for a time limit extension at Step I or Step II. Decisions regarding Step III time limit extensions will be made by the Office of the Provost.
2. For Department Grade Grievance Committees, each academic department shall select the faculty members for the Department Grade Grievance Committee annually by October 15. The committee will hear all Step II grade grievances during the next twelve months in cases where the student requests the hearing at the departmental level. Substitute members shall be selected to replace any committee member who is personally involved in a grade grievance. Also, substitute members shall be selected to replace any faculty member who is unavailable for an extended period of time (e.g., spring and/or summer). For College Grade Grievance Committees, annually by October 15, each academic department shall select faculty members to serve on the College Grade Grievance Committee (at least one person to serve as a regular member of the Committee and one as an alternate). The Committee will hear all Step II grade grievances during the next twelve months in cases where the student requests the hearing at the college level. Substitute members shall be selected to replace any committee member who is personally involved or has a conflict of interest in a grade grievance. Also, substitute members shall be selected to replace any faculty committee member who is unavailable for an extended period of time (e.g., spring and/or summer, sabbatical, etc.).

3. Each college shall select two (2) faculty members plus one (1) alternate who are available during a twelve-month period for assignment to the Step III University Grade Grievance Committee. These selections shall be made by the appropriate college-level faculty advisory council/committee at the beginning of the academic year (by October 15). Unlike the Department/College Grade Grievance Committee, this Step III University Grade Grievance Committee may, of necessity, have a different membership for each grievance. Grievances relating to grades awarded for the winter semester ending in April or for the Spring term ending in June shall normally be pursued the next fall, measuring all stated deadlines with respect to the start of the fall semester in September. However, if the instructor is teaching on campus during the spring or summer session and the student is enrolled on campus during the same session, then with their mutual agreement, the grievance can be pursued during the spring or summer. However, should either the instructor or the student prefer to wait, then action of the grievance will be postponed until the fall semester. The only exception in which the grievance shall be pursued during the spring or summer session without the consent of the instructor who is teaching on campus is for any case in which the disputed grade affects the student's plans to graduate that year. In such cases, if the instructor is unwilling to participate, the department head may act on his/her behalf.

4. Throughout this procedure, the title "department head" shall be interpreted to include program directors or program coordinators for appropriate academic units in which there is no administrator with the title of "department head."

Class Attendance Policy Works for You

Students

Regular class attendance and active participation in classes are important elements in the learning process. Students are at the University primarily for the sake of their intellectual growth and development. Attendance and participation provide appropriate opportunities for the evaluation of the student's progress.

Each student is personally responsible for the satisfactory completion of the course work prescribed by his/her instructors. This means specifically that he/she is expected to attend classes regularly, and that he/she is responsible for the work assigned in class, the material covered in class and for participation in class activities (including discussion and listening) designed by the instructor as part of the learning experience. However, physical attendance shall not be the sole criterion for determining the student's course grade.

Faculty

Faculty members should notify their department heads when they are going to be absent from regularly scheduled classes. Written notification of circumstances causing prolonged absences should be sent to the dean of the college. Faculty members are expected to arrange, through their department head, for a qualified substitute when they are absent from class.

Cancellation
Classes may be cancelled by the Office of the President through the Office of the Vice President for Academic Affairs. Off-campus classes are cancelled only by the dean of Extended Programs and Educational Outreach.

Changes

Faculty may not change the time or room of a class printed in the University class schedule unless the change is approved by the department head and the dean of the college.

At the End of the Semester

Classes are taught through the last teaching day of the semester as indicated in the University calendar.

Near Holidays

Students are expected to attend all classes, and faculty members are not permitted to cancel classes or excuse students prior to any holiday.

Student Involuntary Administrative Withdrawal

It is the policy of Eastern Michigan University to establish a Student Involuntary Administrative Withdrawal Policy for the purpose of maintaining a campus environment that is conducive to learning, protects the university’s educational purposes, maintains reasonable order on campus, and protects the rights and safety of all members of the university community. The University may order the involuntary withdrawal of a student from the University or from University Housing in accordance with University policy, as described in the full text of this policy.

Standards for Withdrawal

In accordance with university policy, and applicable federal and state laws prohibiting discrimination based on disability, a student may be involuntarily withdrawn from the University and/or University Housing, either temporarily or permanently, if it is determined that a student suffers from a mental disorder as defined by the current American Psychiatric Association Diagnostic and Statistical Manual, and as a result of the disorder:

- Engages, or threatens to engage, in behavior which poses a danger of causing physical harm to self or others, and/or
- Engages, or threatens to engage, in behavior which would cause significant property damage, which directly and substantially impedes the lawful activities of other members of the University, and/or
- Demonstrates an inability to satisfy personal needs (e.g., nourishment, shelter) such that there is a reasonable possibility that serious physical harm or death might occur within a short period of time, and/or
- Commits a violation of the University’s Student Conduct Code and lacks the capacity to comprehend and participate in the University's disciplinary process, and/or
- Commits a violation of the University’s Student Conduct Code and did not understand the nature or wrongfulness of the conduct at the time of the offense.

The full Student Involuntary Administrative Withdrawal Policy, including procedures, is available at the Student Judicial Services website (www.emich.edu/sjs/). For more information, visit Student Judicial Services in 250 Student Center, or by phone at 734.487.2157.

Student Conduct Code and University Disciplinary Process

It is the policy of Eastern Michigan University to establish a student conduct code, to be administered by the Office of Student Judicial Services, for the purpose of maintaining a campus environment that is conducive to learning, protects the university’s
educational purposes, maintains reasonable order on campus, and protects the rights of all members of the University community. The Eastern Michigan University Student Conduct Code and the accompanying student disciplinary processes are intended to foster ethical development, personal accountability and civility toward others.

UNIVERSITY PRACTICE

The Student Conduct Code, below, outlines the practices to be utilized in administering the student disciplinary system at Eastern Michigan University.

Section 1: Purpose

In support of the overall goals of Eastern Michigan University, the purpose of the Student Conduct Code, administered by the Office of Student Judicial Services, is to maintain a campus environment that is conducive to learning, protects the university’s educational purposes, maintains reasonable order on campus, and protects the rights of all members of the University community. The Student Conduct Code and the accompanying student disciplinary processes are intended to foster ethical development, personal accountability and civility toward others.

The Code embraces several core philosophies: preservation of the rights of free speech and peaceable assembly; respect for freedom of inquiry and constructive criticism; a conviction that honesty and integrity are key values to the University community; and the belief that all members of the University should be part of a campus environment that respects differences of culture, gender, religion, race, age, lifestyle, or ability.

Section II: Responsibility for Implementation

The President, as Chief Executive Officer of the University, has overall responsibility for implementation of the Student Conduct Code and the student disciplinary process and has delegated its overall management to the Vice President for Student Affairs and the Director of Student Judicial Services. The Student Judicial Services office is directly responsible for the daily administration of the University’s student judicial system.

Section III: Jurisdiction

The University will have jurisdiction over misconduct that occurs on University premises and/or at University-sponsored activities but may also address off-campus behavior if the University determines that the behavior, or the continued presence of the student, impairs, obstructs, interferes with or adversely affects the mission, processes or functions of the University.

A student committing a criminal offense off-campus that is also a violation of the Student Conduct Code may be subject to University discipline.

The University may pursue disciplinary action against a student at the same time the student is facing criminal charges for the same offense, even if the criminal prosecution is pending, has been dismissed or the charges have been reduced.

Section IV: Definitions

A. For purposes of the Student Conduct Code only, the following definitions apply:

1. FACULTY MEMBER means any person hired by the University to conduct classes.
2. INSTITUTION or UNIVERSITY means Eastern Michigan University.
3. MEMBER OF THE UNIVERSITY COMMUNITY includes any person who is a student, faculty member, University official or any other person employed by the University.
4. STUDENT includes all persons enrolled for courses through or at EMU, both full-time and part-time, and those who attend educational institutions other than EMU but who reside in EMU residence halls. Persons who are not officially enrolled for a particular term but whose EMU record indicates a continuing relationship with the University are considered “students.” Persons who have been accepted into EMU but have not yet enrolled for courses are considered “students.”
5. STUDENT GROUP means a number of students who are associated with each other and have not complied with University requirements for registration as an organization.
6. STUDENT IN GOOD STANDING means a student who is in good academic standing AND who is not presently under any University disciplinary sanctions.
7. STUDENT ORGANIZATION means a number of students who have complied with University requirements for registration and/or recognition.
8. UNIVERSITY PREMISES includes all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the University.
9. UNIVERSITY SPONSORED ACTIVITY means any activity on or off campus, which is initiated, aided, authorized or supervised by the University.

Section V: Violations
The following behavior is subject to disciplinary action under this Code. An individual, a group of individuals or a student organization may be charged with any of the violations. In cases where a violation is committed by an individual member of a student organization, the entire organization may be held responsible, in addition to the individual member, when those members not directly involved participate in the activity by encouraging, witnessing or condoning the act in any manner.

A. Academic Dishonesty

Engaging in academic dishonesty in any form with respect to examinations, course assignments, research projects, grades, and/or academic records, including, but not limited to the following:

1. **Cheating** - using or attempting to use unauthorized materials, information or study aids in any academic assignment. Examples of cheating are: looking on someone else’s paper; using any kind of “cheat” sheet or other enhancement during a test; allowing someone else to take an exam in your place; submitting the same work more than once for credit; using someone else’s homework or lab assignments; collaborating with another student on any assignment or take-home test if told that collaboration was not allowed; assisting another student in committing an act of academic dishonesty by allowing another student to copy homework or an exam; taking an exam for someone else; or giving test information to students in other sections of the same class.
2. **Falsification** - intentional and unauthorized falsification or invention of any information or citation in an academic assignment. Examples of falsification are: making up data on an assignment; making up a source to cite in a paper; altering then resubmitting returned academic work; giving false information to a faculty or staff member to increase one’s grade; or attempting to change, actually changing, altering grades or any other unauthorized tampering with grades.
3. **Plagiarism** - deliberate and knowing use of someone else’s work or ideas as one’s own. Examples of plagiarism are: quoting a source verbatim, or paraphrasing text from a given source, without properly citing the source; turning in a research paper that was written by someone else; or in any other way passing off someone else’s work as one’s own; or failing to give credit for ideas or materials taken from someone else.

B. Alcohol Violations

1. Possession or consumption of alcoholic beverages by persons under the legal drinking age as defined by Michigan law.
2. Dispensing, selling or supplying alcoholic beverages to a person under the legal drinking age as defined by Michigan law.
3. Possession or consumption of alcoholic beverages in violation of federal, state and local laws.

NOTES:
1. Transportation in sealed containers to and from an authorized area or place is permissible if the person in possession is of legal age to possess alcoholic beverages as allowed by Michigan law.
2. Use of alcohol and controlled substances by Greek Organizations is covered under Student Conduct Code Section XI: Special Provisions Governing the University Recognition and Conduct of Greek Letter Social Organizations.” Those provisions should be used to address alcohol violations committed by a Greek organization.

C. Computer Misuse
1. Unauthorized access, entry or use of a computer, computer system, network, software, password, account or data.
2. Unauthorized alteration or tampering with computer equipment, software, network, or data.
3. Unauthorized copying or distribution of computer software or data.
4. Use of computing facilities or equipment to send obscene, harassing or abusive messages.
5. Use of computers to falsify records, tamper with records or commit any act of academic dishonesty.
6. Any other act in violation of law and/or University policies and guidelines regulating computer-related use.

D. Discrimination by Student Organizations

Selecting its membership upon the basis of restrictive clauses involving race, religion, color, national origin, gender, age, sexual orientation or disability unless any given student organization’s membership restriction is shown to be specifically allowed by law.

E. Disruptive Conduct

1. Actions that impair, interfere with, or obstruct the normal operations of the University and/or interfere with the rights of other members of the University community or visitors. This includes intentional occupation of or blocking the entry or exit of University facilities, including but not limited to buildings, classrooms, offices, hallways, entryways, conference rooms and campus grounds.
2. Actions that impair, interfere with, or obstruct the orderly conduct, processes and functions within any classroom or other instructional setting. This includes interfering with a faculty member’s or instructor’s role to carry out the normal academic or educational functions of his/her class.
3. Participating in, leading or inciting others to disrupt scheduled and/or normal campus activities, events and programs.
4. Intentional obstruction of the free flow of pedestrian or vehicular traffic on University premises or at University sponsored or supervised functions.
5. Disturbance of any member of the University community or visitor.
6. Solicitation on campus without prior approval from appropriate University officials. This includes, but is not limited to, the disbursement of any forms of promotional/informational material on University property or on items (e.g. motor vehicles) on University property, requests for donations, or the selling or vending of any merchandise or services.

F. Drugs

1. Possession or use of narcotics, prescription drugs or other controlled substances in violation of local, state or federal drug or narcotic laws.
2. Distribution, delivery or sale of narcotics, prescription drugs or other controlled substances in violation of local, state or federal drug or narcotic laws.
3. Possession or use of drug paraphernalia.

G. Failure to Comply

1. Failure to comply with a lawful order of a University official, including a campus police officer, in the performance of his/her duty.
2. Failure to comply with the sanctions rendered during the student judicial process.
3. Failure to comply with a request to be interviewed by a University judicial officer during the investigation of a conduct code violation. (Students may choose not to appear and present testimony at a student judicial proceeding after meeting with the judicial officer.)

H. Falsification/Fraud/False Testimony
1. Furnishing false information to the University, including false reporting of emergencies, knowingly making false accusations or giving false testimony during the disciplinary process.
2. Misuse, reproduction, alteration or forgery of any University related documents, records, identification, keys, access codes or property.
3. Providing a worthless check or money order in payment to the University or to a member of the University community.

I. Fire and Safety

1. Damage to, removal of or tampering with any fire safety systems, firefighting equipment or other emergency warning equipment.
2. Intentional or reckless burning or setting fire to any building or piece of property owned or controlled by the University.

J. Gambling

Gambling or participation in games of chance on campus for money or other things of value except as provided by law.

K. Guests

Students are responsible for informing their guests about campus regulations and may be held accountable for the behavior of their guests.

L. Harassment/Stalking

1. Conduct (not of a sexual nature) that creates an intimidating, hostile, or offensive campus, educational or work environment for another person or group.
2. Conduct (not of a sexual nature) that threatens, intimidates, humiliates, or otherwise harms another person or group.
3. Stalking, defined as following or otherwise contacting, via any means, another person repeatedly for no legitimate purpose, so as to put that person in fear for his/her life or personal safety, or to cause that person substantial emotional distress. Stalking includes:
   a. Repeatedly following or harassing another person.
   b. Contacting a person after being asked or ordered not to contact the person.
   c. Violating any provision of the Michigan Stalking Law.

M. Hazing

1. Any action or activity, committed by either active members, associate members or pledges of an organization, which inflicts or intends to cause physical or mental harm or anxieties, or which may demean, degrade, or disgrace any person, regardless of location, intent or consent of participants. Hazing includes, but is not limited to:
   a. Interference with a student’s academic or work performance.
   b. Forced consumption of any food, alcohol, other drugs, or any other substance.
   c. Forced physical activity.
   d. Deprivation of food or sleep.
   e. Physical acts such as branding and paddling.
   f. Requiring participation in any activity that violates University policies or any local, state or federal law.
   g. Other violations as outlined in the Interfraternity Council, Panhellenic Council or National Pan-Hellenic Council Constitutions.
2. Any action or situation which intentionally or unintentionally endangers a student who is attempting admission into or affiliation with any student organization.

NOTES:
1. In cases where the activity is performed by an individual member of a student organization, the total organization may be held responsible, when those members not directly involved participate in said activity by encouraging, witnessing, or condoning the act in any manner.
2. Any individual and/or organization found guilty of hazing will be subject to a minimum penalty of suspension.

N. Physical Abuse and Endangerment

1. Physical violence or attempted physical violence toward another person or group.
2. Threat of physical violence against another person or group.
3. Any action that endangers the health, safety or welfare of a person or group.
4. Attempt to harm, or actual harm to, oneself.

O. Property/Facilities/Services

1. Theft of University property or property of a member of the University or visitor.
2. Damage, destruction, or defacement of University property or property of a member of the University or visitor, including littering.
3. Wrongful appropriation of University property or property of a member of the University or visitor.
4. Public posting, selling of, or in any other way, distribution of notes of class lectures, course handouts and outlines, and/or any other University-supplied materials without the express written permission of the instructor.
5. Unauthorized possession and/or use of University property or property of a member of the University or visitor, including knowingly being in possession of stolen goods. This includes unauthorized use of vehicles, equipment, services, the University name and logo.
6. Unauthorized entry into University facilities, including but not limited to buildings, classrooms, hallways, entryways, conference rooms, and campus grounds.
7. Bringing animals and/or pets into University buildings, except where properly authorized. Use or operation of rollerblades, skates, skateboards, bicycles, and similar items inside University facilities, unless expressly permitted.
8. Violation of any policy or guidelines pertaining to specific usage of a University facility.

P. Sexual Misconduct/Sexual Harassment

1. Any sexual act that occurs without the consent of the other person or occurs when the other person is unable to give consent.
2. Conduct of a sexual nature that creates an intimidating, hostile or offensive campus, or educational or working environment, for another person. This includes unwelcome sexual advances or requests for sexual favors, inappropriate sexual or gender-based activities, comments or gestures, or other forms of verbal or physical conduct or communications constituting sexual harassment.
3. Obscene or indecent behavior, which includes, but is not limited to, indecent exposure or the display of sexual behavior that would reasonably be offensive to others.

Q. Weapons/Firearms/Explosives

1. Possession, storage or use of firearms and other weapons, including non-lethal weapons such as pellet guns and paintball guns.
2. Possession, storage or use of firecrackers, gunpowder, ammunition, explosives or incendiary devices, or other articles or substances which could endanger health or safety.

R. Other Violations
1. Violation of any other published or posted University regulations not specifically mentioned in this Section, including, but not limited to, the EMU Policy Manual(s); EMU’S Alcohol and Other Drug Policy; Residence Hall Contract and the Guide to Campus Living; Campus Life Council regulations and guidelines for organizations; Student Government monetary allocation guidelines; EMU published undergraduate and graduate catalogs; EMU’S Athletics Alcohol and Other Drug Education and Testing Policy; and ORD Research Guidelines.

2. Aiding and abetting another in any violation of laws and/or University policies.

3. Attempt or intent to commit any violation outlined in the Student Conduct Code.

4. Off-Campus Conduct as described in the Student Conduct Code, Section III: Jurisdiction.

Section VI: Sanctions for Misconduct

The purpose of University discipline is to be corrective and educational as well as punitive. The disciplinary experience is intended to make clear to students the limits of acceptable behavior and to give students who violate the rules an opportunity to more fully understand the rules and incorporate the experience into their overall development. Assigned discipline may include a combination of sanctions for a particular incident. The sanctions which may be incurred include, but are not limited to, the following:

A. Sanctions for Students and/or Student Groups

1. Verbal Warning: notice that continuation or repetition of prohibited conduct may be cause for additional disciplinary action.

2. Formal Reprimand: an official written statement of the University's disapproval of a student's actions and a warning that any future violation(s) will be dealt with more severely.

3. Disciplinary Probation: an official notice that the student's conduct is in violation of the Student Conduct Code but does not warrant suspension or permanent dismissal. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student commits another conduct code violation during the probationary period. During the Probation period, a student will be considered "not in good standing" and may be excluded from some programs and curricular or extracurricular activities, including running for and/or holding office in any student organization.

4. Suspension: an involuntary separation of the student from the University for a definite period of time and/or until certain conditions for readmission are met. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission. (Suspension requires administrative review and approval by the President or his/her designee.)

5. Deferred Suspension: the sanction of suspension may be placed in deferred status provided that the student completes other assigned sanctions by the specified deadline dates. Failure to complete all sanctions and provide proof of completion by the deadline date(s) will result in the automatic enactment of the suspension without charges or hearing. If a student is found responsible for another violation of the Student Conduct Code during the period of deferred suspension, the student may be permanently dismissed from the University.

6. Permanent Dismissal: an involuntary permanent separation from the University. (Permanent dismissal requires administrative review and approval by the President or his/her designee.)

7. Delay and/or Denial of Degree Award: during the period disciplinary charges are pending against a student, the University may deny and/or delay issuance of a degree. Further, the University may refuse to issue a degree to a student who is serving a suspension or has been permanently dismissed from the University.

8. Revocation of Degree: an awarded degree may be revoked for violations of the Student Conduct Code, which occur prior to the award of the degree but are discovered after the degree has been awarded, where the violation is sufficient to justify the suspension or permanent dismissal of the student. (Revocation of a degree requires administrative review and approval by the President or his/her designee.)

9. Other secondary sanctions may be imposed instead of or in addition to those specified above. Secondary sanctions include, but are not limited to:

   a. Restitution (compensation for loss, damage or injury)
   b. Fines (for alcohol or drug violations) First Offense = $100; Second Offense = $200; Third Offense = $300
   c. Community Service
   d. Educational Activities such as a reflective writing assignment or attendance at an event directly related to the violation committed. (e.g., alcohol/drug workshop, diversity awareness training)
B. Sanctions for Student Organizations

1. Verbal Warning: notice that continuation or repetition of prohibited conduct may be cause for additional disciplinary action.
2. Formal Reprimand: an official written statement of the University's disapproval of a student organization's actions and a warning that any future violation(s) will be dealt with more severely.
3. Disciplinary Probation: an official notice that the student organization's conduct is in violation of the Student Conduct Code but does not warrant suspension of or permanent termination of the organization's University status. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student organization commits another conduct code violation during the probationary period. During the Probationary period, a student organization may also be excluded from campus activities, forfeit student monetary allocations and lose Campus Life status.
4. Suspension: an involuntary withdrawal of student organization status from the University for a definite period of time and/or until certain conditions for renewal of recognition are met. During this time, the University will not in any way recognize nor support the continued operation of said student organization. The student organization must reapply to the University for renewed recognition following any period of suspension. The suspension shall be reported to said organization's national office, if applicable. (Suspension requires administrative review and approval by the President or his/her official designee.)
5. Deferred Suspension: the sanction of suspension may be placed in deferred status provided that the student organization completes other assigned sanctions by the specified deadline dates. Failure to complete all sanctions and provide proof of completion by the deadline date(s) will result in the automatic enactment of the suspension without charges or hearing. If a student organization is found responsible for another violation of the Student Conduct Code during the period of deferred suspension, the student organization may have its University status permanently terminated.
6. Permanent Termination of University Status: an involuntary permanent withdrawal of student organization status from the University. The University will not in any way recognize nor support the continued operation of said student organization. The permanent termination shall be reported to said organization's national office, if applicable. (Permanent termination requires administrative review and approval by the President or his/her official designee.)
7. Other secondary sanctions may be imposed instead of or in addition to those specified above. Secondary sanctions include, but are not limited to:
   a. Restitution (compensation for loss, damage or injury)
   b. Fines (for alcohol or drug violations) First Offense = $300; Second Offense = $400; Third Offense = $500
   c. Community Service
   d. Educational Activities such as a reflective writing assignment or attendance at an event directly related to the violation committed. (e.g., alcohol/drug workshop, diversity awareness training)
   e. Restrictions (temporary or permanent loss of privileges or the use of a University facility or service)

C. Enhanced Sanctions

Any violation of the Student Conduct Code against any individual, group or student organization which is shown to be motivated by the individual's, group's or student organization's racial identity, religion or religious beliefs, disability, national origin, gender, sexual orientation or other personal characteristic will subject a student/student organization to a more severe sanction than would ordinarily accompany that violation.

D. Counseling Assessments and Counseling

In addition to any sanctions assigned, a student may also be required to undergo a counseling assessment and/or participate in counseling. Issuance of sanctions may be postponed pending the results of the counseling assessment.

Section VII: Organization of the University Judicial System
A. University Judicial Board

1. Composition - The University Judicial Board will consist of five enrolled students and two alternates; two full-time faculty members and one alternate; and two full-time members of the University community and one alternate. A student member must be a student in good standing in order to be selected for and remain on the University Judicial Board.

2. Selection of Board Members - In consultation with the Director of Student Judicial Services, student members will be appointed by the Student Government; faculty members will be selected by Faculty Council; and the full-time members from the University community will be selected by the President or his/her designee.

3. Terms of Office - Board members will be appointed for a two-year term. They may be reappointed by the person or body who appointed them. A Chief Justice will be elected by a majority vote of all of the University Judicial Board members.

4. Removal from Office - A board member may be removed from the board for poor attendance by a simple majority vote of the total University Judicial Board.

5. Jurisdiction - The University Judicial Board will serve as the panel to hear the case of any student(s)/student organization seeking resolution of the case through the formal hearing process.

6. Procedural Considerations
   a. Selection of the University Judicial Board members for any given case depends on the availability of the members at the time scheduled for the hearing.
   b. A quorum for a given hearing will exist with the presence of any five members. During vacation periods or summer session, the University Judicial Board has the authority to convene a disciplinary hearing with only three justices, provided that at least one of those justices is a student.
   c. The Chief Justice will exercise control over the proceedings.

B. Judicial Appeals Board

1. Composition - The Judicial Appeals Board will consist of two enrolled students; two full-time faculty members; and two full-time members of the University community. A student member must be a student in good standing in order to be selected for and remain on the Judicial Appeals Board.

2. Selection of Board Members - In consultation with the Director of Student Judicial Services, student members will be appointed by the Student Government; faculty members will be selected by Faculty Council; and the full-time members from the University community will be selected by the President or his/her designee.

3. Terms of Office - Board members will be appointed for a three-year term. They may be reappointed by the person or body who appointed them. A Chief Justice will be elected by a majority vote of all of the Judicial Appeals Board members.

4. Removal from Office - A board member who is consistently unavailable for appellate reviews may be removed from the board by a simple majority vote of the total Judicial Appeals Board.

5. Jurisdiction - The Judicial Appeals Board will serve as the panel to review decisions rendered by the University Judicial Board during the formal hearing process. Both the charged party and the University will have the right to appeal a University Judicial Board decision.

6. Procedural Considerations
   a. Selection of the Judicial Appeals Board members for any given case depends on the availability of the members at the time scheduled for the appeal.
   b. A quorum will exist with the presence of the Chief Justice and any two other Judicial Appeals Board members, except that any three Judicial Appeals Board members may hear the appeal if the Chief Justice can not be available within a reasonable time, not to exceed 14 work days from the date of receipt of the written appeal.

Section VIII: Rights of Charged Student(s)/Student Organizations in Disciplinary Proceedings
The following rights apply to a student conduct proceeding that has reached the level of a formal hearing, except that Rights One through Four apply also to any investigative meeting held with Student Judicial Services and to the Informal Disposition Conference. Student(s)/student organizations will have the right to:

1. Remain silent and not have that silence used against them.
2. Have a voluntary adviser present who may participate in the proceedings. The adviser must be a member of the University community, and if the adviser is another EMU student, she/he must be a student in good standing.
3. Engage an attorney, at the student/student organization's own expense, only when criminal prosecution is pending on charges stemming from the same incident. The attorney may appear at the proceedings with the student(s) to provide advice, but may not represent the student(s)/student organization, directly question or cross-examine witnesses, or, in any other way, participate in the proceedings.
4. Be given a written statement of the charges against them, in accordance with the provisions of Section IX.B. of the Student Conduct Code.
5. Adequate notice of dates set for all hearings, and related conferences and meetings.
6. Reasonable review of the disciplinary case file maintained by Student Judicial Services prior to a formal hearing and/or appeal.
7. Question and cross-examine the complainant and all witnesses.
8. Present witnesses and submit any pertinent, supportive documentation. The hearing board, by a 2/3 vote of members present at the hearing, may limit the number of witnesses in order to avoid dilatory tactics.
9. An open or closed hearing. A hearing will be considered open if no person is excluded until the room's capacity has been reached except that a person may be removed if his/her behavior is disruptive to the hearing process. A closed hearing will include only the charged student(s)/student organization, Student Judicial Services official(s), witnesses and members of the particular judicial board hearing the case.
10. Challenge a judicial board member on the grounds of bias, conflict of interest or any other factor that could preclude the board member from rendering an impartial and fair decision. The board member may be disqualified upon majority vote of the remaining members of the board present at the hearing, conducted by secret ballot. If the board votes to exclude the challenged board member from that particular hearing, the hearing will continue with the remaining board members present, even if the number of board members remaining is less than the number required by the Student Conduct Code to reach a quorum for that hearing.
11. A written statement of the outcome of the proceeding, and a description of the appeal procedure.
12. Make a taped recording of the proceeding at their own expense.
13. Appeal the decision of the University Judicial Board, subject to the provisions of the Student Conduct Code, Section IX.E: Appeal of Formal Hearing Results.

Section IX: University Disciplinary Procedures

A. Reporting

Any member of the University community may initiate a complaint against a student or student organization for an alleged violation of the Student Conduct Code through the Student Judicial Services office. A complainant shall submit the complaint to the Student Judicial Services office within a reasonable amount of time from the date he/she becomes aware of the alleged violation. For purposes of this Code, an incident report generated by the Department of Public Safety or an incident report generated by University Housing will be considered a complaint to be reviewed by Student Judicial Services for possible Student Conduct Code violations.

B. Charges and Notice

1. Student Judicial Services will investigate each complaint, and if the circumstances surrounding the complaint indicate that a violation of the Student Conduct Code may have occurred, disciplinary charges may be issued. The student(s)/student organization will be notified of the charges in writing. Notice of the charges will be considered adequate if it is sent to the student(s)/student organization's last known address registered with the University or to the
address given by a student on either an EMU Department of Public Safety's Incident Report or on a Housing Incident Report.

2. Proper written notice to a student/student organization will include the following:
   a. Recitation of facts surrounding the incident, in as sufficient detail as possible as to date, time, and location;
   b. Statement of the specific Conduct Code provision(s) violated;
   c. Any penalty assigned or other action taken;
   d. Amount of time the student(s)/student organization has to respond to the notice;
   e. Ramifications of not responding to the notice within the time limit; and
   f. Copy of "Rights of Charged Students/Student Organizations in Disciplinary Proceedings."

3. Student Judicial Services may place a judicial hold on a student's academic record, and/or may go forward with disciplinary action against a student/student organization in either of the following situations:
   a. The student or student organization fails to respond to a charge letter sent by Student Judicial Services within the applicable time limit.
   b. The student withdraws from the University after allegedly committing a violation, whether or not Student Judicial Services has yet had the opportunity to charge the student with a Conduct Code violation.
   c. The student/student organization fails to appear at the scheduled formal hearing or appeal hearing.

C. Disposition of Cases

1. The disciplinary case may be handled in one of the following two formats:
   a. Informal Disposition Conference - The student(s)/student organization representative and a Student Judicial Services judicial officer will meet informally to discuss the alleged violation(s). If the substantive facts and sanction(s) can be agreed upon by the judicial officer and the charged student(s), a disciplinary action agreement will be prepared and signed by both sides. A signed disciplinary action agreement will constitute a waiver of the right to a formal hearing and any appeal, and an acceptance of the finding(s) and sanction(s). The President or his/her designee must approve any suspension, permanent dismissal or permanent termination of a student/student organization's University status.
   b. Formal Hearing - If, during the informal disposition conference, the student(s)/student organization disputes the findings by Student Judicial Services that a violation has occurred or if an appropriate sanction(s) cannot be agreed upon, the case will be referred to the University Judicial Board for a formal hearing.

D. Procedures for Formal Hearings

1. Notice of Hearing - After the formal hearing is scheduled, Student Judicial Services will notify the student(s)/student organization involved of the date, time and place of the hearing and of the pre-conference.

2. Pre-conference - At least two days prior to the formal hearing, a pre-hearing conference will be scheduled by Student Judicial Services for any charged student(s)/student organization. The two day requirement may be modified by mutual consent of the charged student(s)/student organization and Student Judicial Services. The conference will include the presiding officer of the University Judicial Board or a designee, the Director of Student Judicial Services or a designee, any individual designated to represent the University, and the charged student(s)/student organization and their adviser.

   The purpose of the prehearing conference will be to identify those issues and facts which will be presented at the hearing, to exchange information as to witnesses likely to be called, to answer procedural questions, and to settle those matters which may be agreeably concluded. The conference will not be used to settle the issue of whether or not the violation was committed or to challenge any recommended sanctions. Failure of the charged student(s)/student organization or the adviser to appear will in no way affect any of their procedural rights and will not prohibit a hearing from being set and being held.

3. Formal Hearing Premises - The following premises will govern any formal hearing:
   a. The focus of inquiry in a University hearing will be the determination of whether a violation of University rules occurred, and such decision will be totally unrelated to any criminal or civil decisions against the student(s)/student organization arising from the same incident.
b. Formal rules of evidence will not apply to University proceedings, nor will deviations from these prescribed procedures necessarily invalidate a decision or proceeding unless significant prejudice to the charged student(s)/student organization or the University may result.

c. The charged student(s)/student organization will be presumed to have not violated the Student Conduct Code until it is proven otherwise.

d. The burden of proof during a formal hearing will rest with the University. The University must prove its case by a preponderance of the evidence, meaning that the evidence, considered in its entirety, indicates that, more likely than not, the charged student(s)/student organization committed the violation(s).

e. The Student Judicial Services officer may recommend a sanction to the University Judicial Board during the formal hearing, but the University Judicial Board will have the authority to reject the recommendation and issue any sanction(s) deemed appropriate.

f. All formal hearings will be tape-recorded. Tapes will remain the property of the University and will serve as the official record of the proceedings.

4. Disposition of the Case

a. University Judicial Board decisions as to culpability of the charged student(s)/student organization and sanctions to be issued will be made by a simple majority of the University Judicial Board members present at the hearing. After hearing the case, board members will go into closed session to reach a decision.

b. Decisions of the University Judicial Board will be in writing. The decision will state what rule was violated, the behavior constituting the violation, and any sanctions issued. Within two working days, the written decision will be submitted to the Director of Student Judicial Services. If the recommended sanction is not a suspension, permanent dismissal of the student or permanent termination of University status, the Director of Student Judicial Services will mail the decision to the student(s)/student organization within two working days after being submitted to that office by the University Judicial Board.

c. If the recommended sanction is either a suspension, permanent dismissal or permanent termination of University Status, the Director of Student Judicial Services will submit the decision to the President or his/her designee for review. The President or his/her designee will either accept or reject the University Judicial Board's decision to suspend, permanently dismiss the student, or permanently terminate the University status of a student organization. If the decision is rejected, the President or his/her designee will provide to Student Judicial Services a written rationale for the rejection of the University Judicial Board's sanction. A rejection of the University Judicial Board's sanction will constitute an automatic appeal to the Judicial Appeals Board.

d. The President or his/her designee will have five working days after submission of the University Judicial Board's decision to take action. If no action is taken during that time, the University Judicial Board's decision will be considered approved.

e. Student Judicial Services will mail the written decision to the student(s)/student organization within one working day following any presidential action. If the five working days lapse without the President or his/her designee taking action, Student Judicial Services will mail the University Judicial Board's written decision to the student(s)/student organization on the sixth working day following the submission of the decision to the President or his/her designee for review.

E. Appeal of Formal Hearing Results

1. Right to Appeal - Student(s)/student organizations or the University (represented by Student Judicial Services) may request that the University's Judicial Appeals Board review the decision rendered at the conclusion of the formal hearing process. Student(s)/student organization(s) may challenge the finding of the University Judicial Board that a violation occurred and/or the sanction(s) assigned. Conversely, the University may challenge the finding of the Board that no violation occurred or that the sanction(s) issued were not severe enough for the violation committed.

2. Appeal Process for Student(s)/Student Organizations - The following steps should be followed by student(s)/student organizations in order to file an appeal:

a. A written request for an appeal must be submitted to Student Judicial Services within seven working days from the date of the written decision from the formal hearing. The appeal will be immediately forwarded to the Judicial Appeals Board for consideration. Unless extenuating circumstances can be shown, failure to appeal within the allotted time will render the University Judicial Board's decision final.
b. The written request for an appeal must state the grounds for appeal (citing the appropriate grounds from the "Grounds for Appeal" list below); a discussion of the evidence and facts in support of the appeal; and a recommended solution.

c. The request for an appeal must be typed and should include any supporting documentation that should be considered by the Judicial Appeals Board.

d. Grounds for Appeal - The following will be considered the only grounds for an appeal:
   1. There were procedural errors in the case or in the interpretation of University rules and regulations serious enough to deny the student(s)/student organization a fair hearing.
   2. There is new evidence of a substantive nature not previously available at the time of the hearing, which would have materially affected the decision.
   3. The severity of the sanction is disproportionate to the violation(s) committed.
   4. The decision of the Board was not supported by the evidence presented at the hearing.

3. Appeal Process for the University - The following steps should be followed by the University in order to file an appeal:
   a. A written request for an appeal must be submitted by Student Judicial Services to the Judicial Appeals Board within seven working days from the date of the written decision from the formal hearing. A copy of the appeal will also be made available to the student(s)/student organization. Unless extenuating circumstances can be shown, failure to appeal within the allotted time will render the University Judicial Board's decision final and conclusive.
   b. The written request for an appeal must state the grounds for appeal (citing the appropriate grounds from the "Grounds for Appeal" list below); a discussion of the evidence and facts in support of the appeal; and a recommended solution.
   c. The request for an appeal must be typed and should include any supporting documentation that should be considered by the Judicial Appeals Board.
   d. Grounds for Appeal - The following will be considered the only grounds for an appeal:
      1. There were procedural errors in the case or in the interpretation of University rules and regulations serious enough to affect the University's chance of proving its case.
      2. The sanction is too lenient given the violation(s) committed.
      3. There is new evidence of a substantive nature not previously available at the time of the hearing, which would have materially affected the decision.
      4. The decision of the Board was not supported by the evidence presented at the hearing.

4. Scheduling an Appeal
   a. The Judicial Appeals Board will convene an appeal hearing as soon as possible after receiving the written appeal. A quorum will exist with the presence of the Chief Justice and any two other board members, except that any three board members may handle the appeal if the Chief Justice cannot be available within a reasonable time, not to exceed 14 calendar days from the receipt of the written appeal.
   b. After the appeal is scheduled, Student Judicial Services will notify the student(s)/student organization involved of the date, time and place of the hearing.

5. Appeal Hearing Premises - The following premises will govern any appeal hearing:
   a. Deviations from these prescribed procedures will not necessarily invalidate a decision or proceeding unless significant prejudice to the charged student(s)/student organization or the University may result.
   b. On appeal, the burden of proof rests with the appellant to clearly exhibit that one of the four grounds for an appeal has been met; this is not a rehearing of the entire case.
   c. All appeal hearings will be tape-recorded. Tapes will remain the property of the University and will serve as the official record of the proceedings.
   d. Any sanction(s) issued by the University Judicial Board will not take effect until the appeal process is completed.

6. Disposition of the Appeal
   a. Prior to the appeal hearing, the Judicial Appeals Board will meet in closed session to review the written decision of the University Judicial Board, the written appeal, any supporting documentation provided by the Appellant, and the tape recording of the formal hearing.
   b. After reviewing the case materials, the Judicial Appeals Board will convene the Appeal Hearing and call in both parties to the appeal. The student(s)/student organization may bring an adviser to the Hearing who may speak on their behalf. The adviser must be a member of the University community, and if the adviser is a student, he/she must a student in good standing.
c. The party who filed the appeal will be allowed 15 minutes to present his/her case to the Judicial Appeals Board. The Board members may then ask questions of the appellant. The opposing side will then be given 15 minutes to present its counter-arguments, after which the Board members can ask questions of that party.

d. The Judicial Appeals Board will again go into closed session to reach a decision in the case, then reconvene the Hearing and read its decision. The decision will be made by a simple majority of the Judicial Appeals Board members present at the hearing.

e. The Judicial Appeals Board may take one of the following actions:
   1. Uphold the decision of the University Judicial Board in its entirety.
   2. Alter the sanctions imposed by the University Judicial Board except that the Board cannot increase the severity of the sanctions if the appeal was filed by the student(s)/student organizations.
   3. Send the case back to the University Judicial Board for a new hearing only if there were errors in procedures or interpretation of University rules and regulations or there is new evidence in the case. A decision issued by the University Judicial Board in a case sent back to it by the University Appeals Board may not be appealed again and will be the final decision, pending approval by the President or his designee in accordance with sub-section F below.
   4. Dismiss the case against the student(s)/student organization.

f. In cases where the Judicial Appeals Board, or the University Judicial Board upon a rehearing of the case, issues a suspension, permanent dismissal of the student or permanent termination of University status of a student organization, the decision will be sent to the President or his/her designee for review. The President or his/her designee will have five working days after submission of the decision to either affirm or alter the decision. This decision will be final. If no action is taken during that time, the appellate decision, or the decision from a re-hearing, will be considered approved.

g. Student Judicial Services will mail the written decision to the student(s)/student organization within one working day following any presidential action. If the five working days lapse without the President or his/her designee taking action, Student Judicial Services will mail the written decision to the student(s)/student organization on the sixth working day following the submission of the decision to the President or his/her designee for review.

Section X: Special Disciplinary Provisions Governing Acts of Academic Dishonesty

A. Academic dishonesty is both an academic matter between a student and his/her faculty member and a violation under the Student Conduct Code subject to University disciplinary action. An act of academic dishonesty may and should be handled by the faculty member, the student, and, if appropriate, the faculty member's department head and/or the dean over that particular academic department. Sanctions that can be assigned by a faculty member range from giving a reduced grade on the particular work in question to failing the student for the entire course. In addition, some academic departments and programs have their own policies for dealing with academic dishonesty and/or violations of Professional Codes of Ethics which allow the department or program to impose sanctions ranging from probation to program dismissal. A sanction assigned by a faculty member and/or an academic department or program is an academic, not a disciplinary, sanction.

B. If the matter is resolved satisfactorily between the student and the faculty member, and the faculty member decides not to refer the student for University disciplinary action, the faculty member may still report the incident to Student Judicial Services. Student Judicial Services will maintain a record of the reported incident and may elect to pursue University disciplinary action against a student who is reported to that office for a subsequent act of academic dishonesty.

C. If the faculty member decides that a stronger sanction is needed instead of or in addition to any academic sanctions assigned by that faculty member, the incident may be referred to Student Judicial Services for review and possible University disciplinary action. Once the referral is made to Student Judicial Services, the incident will be handled in the same manner as would any other allegation under the Student Conduct Code.

D. In cases where the student denies the allegation of academic dishonesty, the faculty member may elect to postpone assigning any academic sanctions until after the student has gone through the University disciplinary process. If, at the end of that process, the charge of academic dishonesty is upheld, the faculty member may then assign an academic sanction. The academic sanction is independent of any disciplinary actions taken against the student by the University.
E. Academic sanctions assigned by the faculty member in agreement with the student or assigned by the faculty member after the charge of academic dishonesty has been validated through the University disciplinary system cannot be grieved under the University's Grade Grievance Procedure.

Section XI: Special Provisions Governing the University Recognition and Conduct of Greek Letter Social Organizations

A. Because of the importance of the Greek social system and because of the unique circumstances under which it operates, the following conditions have been established between the University and the Greek social organizations. These provisions set out the requirements for maintaining University recognition and good standing and delineate specific violations that may be handled through the Greek system's own judicial process rather than under the University's Student Conduct Code.

B. The University reserves the right to retain jurisdiction over cases in which the conduct violates both these provisions and the University's Student Conduct Code and the University determines that the misconduct is of such severe nature as to impair, obstruct, interfere with or adversely affect the mission, processes or functions of the University.

C. The University may take action against an individual member of a student organization for misconduct that is a violation both of this provision and of the Student Conduct Code, regardless of any separate disciplinary action taken against the student organization.

D. This section of the Student Conduct Code applies only to the relationship between the University and the Greek social organizations and has no bearing on relations between chapters and national and/or alumni agreements.

E. Good standing must be maintained in order for Greek social organizations to participate in Greek-sponsored activities. Failure to do any of the following will constitute a violation of these provisions of the Student Conduct Code and will subject the Greek social organization to disciplinary action, including possible loss of good standing, as described within these provisions under subsections F and G:

1. Registering annually as a recognized student organization with the Office of Campus Life;
2. Participating in the appropriate Greek governing bodies (Greek Council and either Black Greek Council, Interfraternity Council or Panhellenic Council);
3. Submitting roster and grade release forms for active members and pledges/associates during the first month of the semester;
4. Following all rules and guidelines for Greek Rush; and
5. Abiding by all terms and conditions of the alcohol and controlled substance guidelines below:
   a. The possession, use and/or consumption of alcoholic beverages while on chapter premises during an official event or in any situation sponsored or endorsed by the chapter or organization must be in compliance with any and all applicable laws and University rules and policies.
   b. No chapter or organization members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to anyone under the legal drinking age.
   c. The possession, sale, and/or use of any illegal or controlled substance at any chapter, organization or University-sponsored event are strictly prohibited.
   d. Alcohol or controlled substances will be prohibited at any and all rush activities.
   e. Open parties where alcohol is provided by the host chapter, meaning those with unrestricted access by nonmembers of the organization without specific invitation, will be prohibited.
   f. All organizations must provide, at no charge, an alternative nonalcoholic beverage and food at any event where alcohol is provided.
   g. There will be no solicitation or encouragement of alcohol consumption by contest or promotion at any chapter event where alcoholic beverages are present.

F. Greek organizations whose members are in violation of this policy, regardless of whether the individuals are identified, will be subject to one or more of the sanctions listed in the Student Conduct Code, Section VI.B: Sanctions for Student Organizations.

G. The following process will be utilized in any incident alleging a violation of these policy provisions by a Greek social organization:

1. The incident will be referred to the respective Greek Judicial Board for hearing and original adjudication (i.e., sorority cases will be handled by the Panhellenic Council, fraternity cases will be heard by IFC, and black Greek cases will be heard by the Black Greek Council). Each Greek Council will establish its own judicial
board and its own set of hearing procedures for handling the incident. The chair of the respective Greek Judicial Board will immediately inform Student Judicial Services about any incident referred to it.

2. A decision rendered by the respective Greek Judicial Board may be appealed either by the party alleging the violation or by the Greek social organization being accused of a violation. The appeal will be made to the Greek Council Judicial Board, which may accept, modify or reject any sanction issued by the Greek Judicial Board.

3. Student Judicial Services will receive written transcripts of all final judicial decisions, whether from the respective Greek Judicial Board (if there was no appeal of its decision) or from the Greek Council Judicial Board (for decisions that were appealed). Student Judicial Services will review the decision and may accept or reject the proposed sanctions.

4. In the event Student Judicial Services rejects the final decision, the Director will provide a written explanation of the rejection and a recommended alternative.

5. In the event that Student Judicial Services and the Greek board rendering the final decision cannot reach an agreement, the case will be referred to the Eastern Michigan University Judicial Appeals Board as outlined in the Eastern Michigan University Student Conduct Code. In this instance Student Judicial Services will notify the national or international headquarters of the organization involved. In the case of local organizations, the Alumni Association will be notified.

Section XII: Interim Suspensions and Other Interim Sanctions

A. For alleged violations of this Code, interim sanctions, including but not limited to interim suspension, reassignment to alternate housing, limitation of access to designated University housing facilities and/or campus facilities by time and location, and limitation of privilege to engage in specified University activities, may be imposed by the President or his/her designee. Such interim sanctions are to be utilized only when there is reason to believe that the student(s)/student organization's conduct poses a substantial threat of harm to oneself or others, threatens or endangers University property, or disrupts the stability and continuance of normal University operations and functions.

B. For interim suspensions only, a student will be denied access to the residence halls, and/or to the campus (including classes), and to all other University activities or events which the student might otherwise be eligible to participate in or attend. A student organization will lose its University student organization status and will be denied access to any University activities or events which the student organization might otherwise be eligible to participate in or attend.

C. A student/student organization will be notified of an interim sanction or interim suspension, orally, by written notice served on the student/student organization or by written notice sent to the last address on record. The interim sanctions or interim suspension take effect the day issued by the President or his/her designee.

D. A student/student organization issued an interim suspension or interim sanctions will be given an opportunity to appear before the Vice President of Student Affairs or a designee within three working days in order to discuss the following issues only:

1. the reliability of the information concerning the student/student organization's alleged misconduct.
2. whether the conduct and surrounding circumstances reasonably indicate that the continued presence of the student on University premises poses a substantial and immediate threat to himself/herself, to others, or to property.

E. The Vice President for Student Affairs or his/her designee may affirm or alter the interim sanctions or interim suspension based on the discussion with the student/student organization. If the decision is affirmed, the Vice President or his/her designee will inform the student/student organization of that decision at the conclusion of the discussion. Regardless of whether the interim sanctions or interim suspension is affirmed or altered, the Vice President or his/her designee will direct that a formal hearing before the University Judicial Board take place within 10 days. If the University fails to schedule the formal hearing within the 10 day period, the interim sanctions or interim suspension will cease although the original charges will not be dropped and will still be handled through the University's disciplinary process.

Section XIII: Emergency Powers of the President

A. The President, as Chief Executive Officer of the University, is charged with the maintenance of that degree of order and safety necessary to the successful continuation of the University's lawful mission, and he/she is further charged with the authority to protect the members of the University community and University property.
B. When faced with mass disruptions, activity of a violent and destructive nature, or other dangerous violations of University rules of a serious enough nature to threaten the University, the President, after consultation with and approval of the Board of Regents, may declare a "state of emergency" and do any of the following:

1. Impose and have enforced a curfew on all or portions of the University campus.
2. Curtail or suspend services.
3. Close the University or portions of the University entirely for the period of emergency.
4. Issue an emergency suspension and forbid the presence on campus of any student(s)/student organization(s) if they have been sufficiently identified to him/her as participants in activities which violated University policy and led to the conditions described above. Suspensions issued under this section of the code are effective immediately upon notice to the student(s)/student organization(s).
5. Appoint a Special Hearing Board on an ad hoc or extraordinary basis to make a recommendation as to whether any emergency suspensions issued should be continued. The Special Hearing Board will convene and make its recommendations to the President within seven calendar days from the effective date of the emergency suspension. Regardless of the recommendation to the President as to the continuation of the emergency suspension, the President will direct Student Judicial Services to convene a formal hearing before the University Judicial Board within 10 days of the date of the Special Hearing Board's recommendation to the President in order to rule on the original charges brought against the student(s)/student organization(s).
6. Take other actions that may be explicitly stated in or implied by any laws governing the authority of the University and/or the President in emergency situations.

C. Note: Due to the unique circumstances and severe conditions that would lead the President to exercise any of his/her emergency powers, an emergency suspension issued under this section of the Code is to be considered different from an interim suspension issued under the conditions stated in Section XIII. The issuance and review of an emergency suspension will be handled in accordance with the procedures outlined above in subsections 4 and 5.

D. The Board of Regents, regardless of granting any emergency powers to the President, in no way restricts its own powers and prerogative to carry out its obligations and duties as imposed by the Constitution and laws of the state of Michigan.

Section XIV: Student Disciplinary Files and Records

A. Student Judicial Services will establish a student disciplinary file whenever a case is referred for investigation of a possible Conduct Code violation. A student or student organization's file will be destroyed if the investigation indicates that no violation occurred. The file of a student/student organization found to have violated the Conduct Code will be retained for four years from the date of the sanction or until the student's graduation from the University, whichever comes first. Student conduct records may be retained longer or permanently if the student was suspended or permanently dismissed or if there is reason to believe the case could result in future litigation.

B. A notation will be made on the student's official University transcript if the student was suspended, permanently dismissed or given an "E" grade in a course as a result of academic dishonesty.

C. The release of student disciplinary records will be governed by applicable federal and state laws governing the privacy of educational records.

Section XV: Review of the Student Judicial System

A. Student Judicial Services will convene a Student Judicial System Review Committee at least every four years that will be responsible for carrying out the following tasks:

1. Reviewing the goals and effectiveness of the University's disciplinary system;
2. Reviewing the effectiveness of the types of sanctions issued;
3. Recommending changes to the Student Conduct Code;
4. Recommending changes in the judicial processes and procedures established and followed by Student Judicial Services; and
5. Recommending training sessions and publications on topics related to the mission of Student Judicial Services to educate the campus community about student conduct and the campus judicial processes.

B. The Committee will be appointed and chaired by the Director of Student Judicial Services and will include one representative from the following areas: Ombudsman; Legal Affairs; Housing; Health Services; Counseling Services; Student Government; Faculty Council; Department of Public Safety; Chief Justice of the University Judicial Board; and
Chief Justice of the Judicial Appeals Board.

Amendments to the Student Conduct Code that receive the support of the Review Committee will be forwarded, in accordance with University procedures, to the Board of Regents for approval.

**University Alcohol and Other Drug Policy**

The University is committed to promoting and maintaining a work and academic environment that is free from illegal alcohol and drug use and abuse, in accordance with all federal, state, and local laws. Students and employees are prohibited from reporting to work or working under the influence of alcohol or drugs.

Employees may not consume, possess, distribute, or be under the influence of alcoholic beverages on University property or while on University business (except at University functions at which use of alcohol is approved). Employees, students, and campus visitors aged twenty-one (21) years or older, consuming alcohol at University functions or while on University business, where such use is approved, are expected to use alcohol responsibly and not engage in illegal, unprofessional, or disruptive behavior.

Students and campus visitors who have attained the legal drinking age of twenty-one (21) years of age may possess and consume alcoholic beverages only at approved University functions or in residence hall rooms of students who have attained the legal drinking age. Those under twenty-one (21) years of age are not permitted to consume or possess alcoholic beverages at any time.

Students, employees, and visitors are prohibited from dispensing, selling or supplying alcoholic beverages to a person under the legal drinking age as defined by Michigan law.

Students, employees, and visitors are prohibited from possessing, consuming, manufacturing, dispensing, or being under the influence of illegal drugs or engaging in improper self-medication while on University property or University business.

Any member of the University community who violates this policy is subject to both prosecution and punishment under federal, state and local laws and to disciplinary proceedings by the University.

This policy is not designed to punish people for seeking rehabilitation. All information about those individuals who voluntarily avail themselves of drug or alcohol counseling or rehabilitation services will remain confidential. Seeking counseling or rehabilitation will not be used as a basis for disciplinary action or be used against an individual in any way.

University employees and students who violate this policy shall be informed about and referred to services to assist them in determining whether they are abusing drugs and alcohol or are chemically dependent. If a problem is found to exist, the individual will be referred to resources to assist him/her in overcoming the drug or alcohol abuse pattern. This referral or assessment shall not limit the University's ability to pursue appropriate disciplinary action, up to and including termination or expulsion, when an employee or student has violated this policy or any other University policy.

This policy shall not add to or supersede union contracts or established employee work rules.

**Health Risks of Alcohol and Other Drugs**

- **ALCOHOL** Loss of concentration and judgment, slowed reflexes; disorientation leading to higher risk of accidents and problem behavior; risk of liver and heart damage, malnutrition, cancer and other illnesses; can be highly addictive to some persons.

- **AMPHETAMINES** Can cause rushed, careless behavior - pushing beyond your physical capacity, leading to exhaustion; tolerance increases rapidly; causes physical and psychological dependence; withdrawal can result in depression and suicide; continued high doses can cause heart problems, infections, malnutrition, and death.

- **CANNABIS** Causes permanent damage to lungs, reproductive organs and brain function; slows reflexes; increases forgetfulness; alters judgment of space and distance.

- **COCAINE** Causes damage to respiratory and immune systems; induces malnutrition, seizures and loss of brain function. Some forms (such as "crack") are highly addictive.
• **HALLUCINOGENS** (PCP, LSD, Ecstasy) Causes extreme distortions of what's seen and heard; induces sudden changes in behavior, loss of concentration and memory; increases risk of birth defects in user's children; overdose can cause psychosis, convulsions, coma, and death. Frequent use can cause permanent loss of mental function.

• **NARCOTICS** (Heroin, morphine, opium, codeine) Tolerance increases rapidly; causes physical and psychological dependence; overdose can cause coma, convulsions, respiratory arrest, and death; leads to malnutrition, infection and hepatitis; sharing needles is a leading cause of the spread of HIV and Hepatitis; highly addictive.

• **SEDATIVES** Tolerance increases rapidly; produces physical and psychological dependence; causes reduced reaction time, and confusion; overdoses can cause coma, respiratory arrest, convulsions, and death; withdrawal can be dangerous; in combination with other controlled substances can quickly cause coma and death.

Sanctions for Violations of Laws & Policies:

The laws of the State of Michigan and Eastern Michigan University’s policies and rules prohibit the consumption or possession for personal consumption of alcoholic beverages by persons less than 21 years of age. Further, Michigan laws and University policies prohibit the sale, service or giving of alcoholic beverages to persons under the age of 21. Eastern Michigan University’s policies and rules, local ordinances and laws, state laws and federal laws also prohibit the unlawful possession, use and/or distribution of illicit drugs and alcohol.

Community Sanctions:
Violations of laws and ordinances may result in misdemeanor or felony convictions accompanied by the imposition of legal sanctions which include, but are not limited to, the following:

- Fines as determined under local, state or federal laws.
- Imprisonment, including up to life imprisonment, for possession of more than 650 grams or trafficking in drugs such as Heroin and Cocaine.
- Forfeiture of personal and real property.
- Denial of federal benefits such as grants, contracts, and student loans.
- Loss of driving privileges.
- Required attendance at substance abuse education or treatment programs.
- Federal laws prohibit possession, use, distribution, manufacture or dispensing.

A full description of federal sanctions for drug felonies can be found at: [www.usdoj.gov/dea/agency/penalties.html](http://www.usdoj.gov/dea/agency/penalties.html)

University Sanctions:
Violation of University policies and rules will be subject to campus disciplinary review and action, as follows:

Faculty and Staff:
Disciplinary action will be taken as per applicable collective bargaining agreements and University policy up to and including termination of employment.

Information about violations related to tobacco use can be found under EMU Tobacco Use policy.

Students:
Disciplinary action will be taken by Student Judicial Services under the Student Conduct Code and may include sanctions ranging from formal reprimand to permanent dismissal, in addition to counseling and/or referral to a substance abuse
educational/intervention program. In certain circumstances, parents of a student under 21 years old will be notified about the
drug or alcohol violation, as per Eastern Michigan University's policy on Parental Notification. The FERPA policy can be found
at www.emich.edu/registrar/ferpa.htm.

Information about violations related to tobacco use can be found under EMU Tobacco Use policy.

In addition to University-level action taken under the Student Conduct Code, other University departments maintain internal
policies and rules regarding alcohol and other drugs and may impose sanctions against students and/or student groups which
violate these policies. For example, University Housing, Athletics, Greeks, Study Abroad and several academic departments
have policies addressing alcohol and other drugs. Any action taken under one policy does not prevent action being taken under
any other policy.

**Employee Reporting Requirement:**

Under the Drug Free Schools and Communities Act Amendments of 1989, a faculty or staff member employed under a federal
grant or contract must notify the University (Human Resources, Employee Relations, 734.487.0083; or Academic Human
Resources, 734.487.0076, in writing, of his or her arrest or conviction for violation of any criminal drug statute occurring in the
workplace or while on University business no later than five days after such arrest or conviction.

**Review of EMU’s Alcohol and Other Drug Abuse Prevention Program:**

The University will review its Alcohol and Other Drug Abuse Prevention Program every 2 years to determine its effectiveness
and implement changes to the program as needed and to ensure that the disciplinary sanctions applied by the University are
consistently enforced.

**EMU Policy on Notification to Parents of Drug and Alcohol Violations**

1. When the University has determined that a student has committed a second disciplinary violation with respect to
campus rules regarding the use or possession of drugs or alcohol, the University will disclose to parents or legal
guardians such information if the student is less than 21 years of age.
2. Parents will be notified of a first disciplinary violation with respect to campus rules regarding the use or possession of
drugs or alcohol if (a) the incident also involves another serious offense; or (b) if there is reason to believe that a
student’s health and well-being are in jeopardy; or (c) the violation results in a sanction of either housing probation or
higher or University-level probation or higher. In cases where the drug or alcohol violation also involves another
serious offense, the University will only release details of the drug or alcohol violation to the parents or legal guardians.
3. At the point at which it is determined that parental notification is permitted under the provisions of this policy, the
student will be given twenty-four (24) hours to make the initial contact with the parents or legal guardians prior to the
University notifying the parents or legal guardians.
4. Within the twenty-four (24) hour time period that a student has to notify his/her parents or legal guardians, the student
may submit documentation or a written statement indicating that there are special circumstances that make parental
notification inappropriate. The University’s designee will consider the request and make a determination as to
notification on a case-by-case basis.
5. Parental notification is in addition to any other sanctions issued by the University.

**Tobacco Use Policy**

**University Policy Statement**
The University is committed to promoting and maintaining a healthy work and academic environment that is as close to tobacco free as practicably possible and in accordance with all federal, state and local laws. Students, employees and visitors are prohibited from using tobacco throughout all University buildings (exception University Apartments), University vehicles and outside of buildings within 25 feet of any entrance, air intake duct and/or window.

- The use of tobacco products is prohibited in all University buildings and leased spaces. This prohibition applies to any area enclosed by the perimeter (outermost) walls of the building, including restrooms, warehouses, storage spaces, atriums, balconies, stairwells and other similar building features considered “within a building.”
- The use of tobacco products is prohibited within 25 feet of any building entrance, air intake duct and window.
- Specific outside areas for tobacco use will not be established or identified.
- The University will install ashtrays and other appropriate tobacco litter appliances beyond 25 feet from buildings.
- Individuals who use tobacco products will be responsible for their proper disposal.
- The use of tobacco products is prohibited in University vehicles. This prohibition includes passenger vehicles and all other state-owned mobile equipment, including light and heavy duty trucks, cargo and passenger vans, buses, golf carts and any other mobile equipment.
- The use of tobacco products is prohibited in outdoor areas where seating is provided.
- The use of tobacco products is prohibited on the grounds of the Children’s Institute.
- University Health Services will provide educational information and programs on tobacco use cessation.
- Vice presidents, deans, directors and department heads are responsible for informing the campus community of the tobacco use policy and overseeing day-to-day compliance. The appropriate administrative division will address violations and habitual offenders of this policy.

Sanctions for Violations of Laws & Policies

The laws of the State of Michigan and Eastern Michigan University’s policies and rules prohibit the use of tobacco in public buildings.

Community Sanctions:

- Violations of the Michigan Clean Indoor Air Act are subject to civil fines of not more than $100 for the first violation and not more than $500 for second or subsequent violations.
- Violations of the smoking prohibition at child care centers and child care institutions are subject to a stricter penalty of a fine not less than $100 and not more than $1,000.

University Sanctions:

Violation of University policies and rules will be subject to campus disciplinary review and action as follows:

Faculty and Staff:

Disciplinary action will be taken as per applicable collective bargaining agreements and University policy up to and including termination of employment for habitual repeat offenders.

Students:

Students who violate this policy are subject to disciplinary action in accordance with the provisions of the Student Conduct Code. Sanctions for violations may include verbal warning, formal reprimand, probation, suspension or dismissal.
Visitors:

Violation of University rules and regulations by visitors could result in permanent removal from EMU properties.

Health Effects of Tobacco Use

Smoking

- Cigarette smoking increases the risk for many types of cancer, including cancers of the lip, oral cavity, and pharynx; esophagus; pancreas; larynx; lung; uterine cervix; urinary bladder; and kidney.
- Cigarette smokers are 2 – 4 times more likely to develop coronary heart disease than nonsmokers.
- Cigarette smoking approximately doubles a person’s risk for stroke.
- Cigarette smoking has many adverse reproductive and early childhood effects, including an increased risk for infertility, preterm delivery, stillbirth, low birth weight, and sudden infant death syndrome.

Second-Hand Smoke

- Second-hand smoke is associated with an increased risk for lung cancer and coronary heart disease in nonsmoking adults. Second-hand smoke is a known human carcinogen (cancer-causing agent).
- Because their lungs are not fully developed, young children are particularly susceptible to second-hand smoke. Exposure is associated with an increased risk for sudden infant death syndrome, asthma, bronchitis, and pneumonia in young children.

Smokeless Tobacco

- Smokeless tobacco contains 28 cancer-causing agents (carcinogens). It increases the risk of developing cancer of the oral cavity.
- Smokeless tobacco use can lead to nicotine addiction and dependence.

Assistance Available to Students, Faculty, Staff and Their Families at EMU:

University Health Services:
- Medical Services (734) 487-1122
- Health Education Program (734) 487-2226

For further information or a pdf downloadable version of the policy go to www.emich.edu/uhs/tobaccopolicy.html

Acceptable Use of Information Technology Resources

Statement of Policy

Information technology resources are provided by Eastern Michigan University (EMU) to its students, faculty and administration in support of the University's mission. These resources include, but are not limited to, technologies and information resources required for information processing, storage, and communication, whether individually controlled or shared, stand-alone or networked. This includes in-lab and classroom technologies, electronic resources, and computing and electronic communication devices and services, both wired and wireless such as, but not limited to, computers, printers, hand held devices, e-mail, instant messages, blogs, Voice over Internet Protocol (VoIP), fax transmissions, voice, data, and video communication networks, multi-media, instructional materials, and academic and administrative systems. Personal equipment connected to the University
network is also subject to this policy. These guidelines apply to any user of any information technology resource provided by the University and attached to the University or Merit network.

This policy outlines your responsibility in the use of these resources and is based upon the following principles:

- Electronic resources are provided for the purpose of carrying out the mission of the University.
- Your use of information resources must comply with University policies and the law.
- Your use of these resources does not cause harm to others or the electronic resources themselves.
- You are expected to use these resources ethically and responsibly.

Access

A. Ownership
Information technology resources, systems, and services are the property of EMU. These include all components of the electronic communications, physical infrastructure, and any electronic communications address, number, account, or other identifiers associated with the University.

B. ACCESS
EMU provides and maintains an EMU Access ID for each registered student, faculty, staff and affiliates (upon special approval). EMU reserves the right to withdraw the service from anyone who misuses the system. Access to specific resources may be provided by appropriate academic departments. Third Party individuals may be provided access to EMU information technology resources through sponsorship by an appropriate University administrator.

C. USE
Those who use EMU electronic communications services are expected to do so responsibly. They must comply with state and federal laws, with this and any other University policies and procedures, and with normal standards of personal courtesy and conduct.

Expectations

As a user of information technology resources at EMU, you can expect:

A. PROTECTION OF INBOUND AND OUTBOUND E-MAIL AND ATTACHMENTS
Information Technology (IT) makes reasonable efforts to scan inbound and outbound e-mail and attachments for spam. IT also routinely scans all e-mail for anything that could be a threat to the system such as viruses and Trojans. The scanning for threats may lead to a modification of e-mail headers, non-delivery of messages containing viruses or Trojan Horses (Trojans), deleting of attachments, and blocking of messages. IT reserves the right to block e-mail that exhibits characteristics of spam, viruses, Trojans or anything else that could threaten the University’s network infrastructure or services.

B. ELECTRONIC COMMUNICATIONS AND FILES
EMU follows generally accepted security measures, but cannot guarantee electronic communications are completely protected from unauthorized access by individuals who possess the skill and desire to breach security measures. Therefore, e-mail and other types of electronic communications should not be used to communicate confidential or sensitive matters.

The University reserves the right to inspect, monitor and/or disclose electronic communications in transit or storage without consent of the holder:

- When required by and consistent with law (i.e., search warrants, subpoenas, freedom of information requests).
- When there is a reason to believe a violation of law, University policy, rules, regulations or procedures has taken place.
- To maintain the security or performance of the infrastructure.

Employees must be aware that electronic communications.
May be accessed and monitored in the normal course of business by system administrators.
May be released to the public (as may be requested through the Freedom of Information Act).
May require special measures for privacy protection.
Are subject to discovery proceedings in legal actions.

Responsibilities

Protecting EMU’s systems, data, and networks is the responsibility of everyone in the university community.

A. PROTECTING IT RESOURCES FROM PHYSICAL ACCESS
You are responsible for the physical security of information technology devices you use and the data they contain. Keep doors locked to protect equipment. Portable equipment such as notebook computers, Personal Digital Assistants (PDAs), and mobile phones must be secured whether on campus, traveling, or at home. Confidential or sensitive documents and data should be encrypted.
Keep your account secure by preventing others from getting access to your computer, or to the access port assigned to you.

B. PROTECTING IT RESOURCES FROM ELECTRONIC ACCESS
It is your responsibility to use effective passwords and to safeguard those passwords. Persons attempting to gain unauthorized access to a system often do so through user accounts, and your password is a safeguard against such access.

C. USE E-MAIL AND OTHER ELECTRONIC COMMUNICATIONS RESPONSIBLY
All University electronic communications are to be used in an ethical and responsible manner.
Messages such as e-mail should meet the same standards for distribution or display as if they were hard copy documents. Identify yourself clearly and accurately in all electronic communications.
Electronic communication files are owned by someone. They are assumed to be private and confidential unless the owner has explicitly made them available. If by accident you receive a confidential file, you should not share it with anyone else.

D. USING RESOURCES RESPONSIBLY, EFFICIENTLY, AND FAIRLY
Each user should make efficient use of network resources. Use high resource activities such as streaming media at high bit rates, at non-peak times. Do not use your computer as a server.
EMU faculty and staff may use the university information technology resources for incidental personal purposes provided such use does not:

- Directly or indirectly interfere with the University operations and services.
- Burden the University with noticeable incremental cost.
- Interfere with the user’s employment or other obligations to the University.
- Violate the law, University policies or procedures, or reasonable standards of decency and civility.
Electronic records arising from such personal use may, however, be subject to the presumption of being a University Electronic Record.

E. COMPLYING WITH UNIVERSITY POLICIES, RULES, AND STATE AND FEDERAL LAWS
Users of EMU information technology resources agree to comply with applicable federal and state laws and the policies, standards, and procedures of the University and of Merit Network, Inc., the Internet service provider for the University.

Users shall abide by the EDUCOM code regarding ethical and legal use of software.

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy, and right to determine the form, manner, and terms of publication and distribution.
All EMU employees and students shall use software only in accordance with the license agreement. To transfer the possession without permission, of any copy, modification or merged portion of any licensed program, whether gratuitously or for gain, violates this policy and is prohibited. Anyone who makes, acquires, or uses unauthorized copies of computer software or otherwise violates this policy shall be subject to disciplinary action in accordance with University policy. They may also be subject to personal liability under copyright law. Anyone using personal software on University devices must demonstrate evidence of ownership. See University policy 4.4 Copyright for more detail. To learn more about copyright and fair use visit Halle Library's Copyright at Eastern Michigan University web page.

Rules for Acceptable Use

Use only your account and password. Do not share them with anyone else. If you suspect someone may have discovered your password, change it immediately. Never use another user’s account and password.

You are responsible for all activity on your account. This includes destructive or illegal activity by someone using your account identity.

Use EMU electronic communication systems legally. Do not use university-provided computing resources to do something illegal, threatening, or deliberately destructive or harmful. All complaints will be investigated. Student Judicial Services investigates complaints regarding students; the Chief Information Officer in conjunction with Human Resources’ or other appropriate offices will investigate complaints regarding EMU faculty and staff. The police and the FBI and other federal law enforcement agencies investigate violations of state or federal law. Violations can result in disciplinary action, civil penalties, and criminal charges.

Obey copyright laws. Copyright protected materials include but are not limited to, software, music, written works, audio and videos, photographs, and electronic books (e-books). Do not use the intellectual property rights of another without written permission. Do not install, duplicate, download, store, transmit, or use software without a valid license. Do not distribute music, video, or other files illegally. Do not to use your computer or other electronic device to copy, display, store, transmit, or distribute copyrighted or illegal materials.

Protect data that is protected, confidential or restricted.

- Confidential or restricted information must not be distributed or made available to persons who are not authorized to access the information. This applies to originals, copies, and new materials, which contain all or part of the information, and to oral communication of information. When restricted information is distributed, restrictions on its future distribution must be clearly stated, and followed.
- Provide physical security for information technology devices. Doors shall be locked to protect equipment when areas housing them are unattended. Portable equipment such as laptop computers, PDAs, and mobile phones must be secured. Particular care is needed when traveling and at home to protect these devices.
- Confidential or restricted information stored in a place, which is accessible by any unauthorized person, or on or in any media or device out of your office or off-campus must be protected by encryption using University standards.
- Report violations of University policies regarding use and/or disclosure of confidential or restricted information to the Information Security Office (487-0101).

Do not send or publish threatening or harassing communications or anything which may be reasonably classified as “hate” messages. If someone asks you to stop sending mail, stop sending it. If you fail to do so, the person can file a complaint, and you may be disciplined. If you believe you are being harassed, contact Student Judicial Services at 487-2157, or contact the Information Security Office. If you are concerned for your safety, call the EMU police at 911 or 734.487.1222.

Examples of inappropriate use of communication resources are listed below (this is not intended to be an exhaustive list). These actions may result in disciplinary action.

DO NOT:

- Send unsolicited e-mail messages, including the sending of "junk mail" or other advertising material to individuals who did not specifically request such material (e-mail spam).
• Solicit e-mail for any other e-mail address, other than that of the poster's account, with the intent to harass or to collect replies.
• Create or forward spam or e-mail bombing attacks (intentional e-mail transmissions that disrupt normal e-mail service).
• Send "chain mail" or send e-mail repeatedly that misuses or disrupts resources.
• Create or intentionally send viruses or other harmful programs or files.

**Do not falsify or forge authentication, e-mail headers or other postings.** Sending or posting electronic mail or other communications while misrepresenting or concealing the true identity of the sender or author is prohibited by this policy and may also be a violation of the law if done with intent to cause harm, commit fraud, conceal the sender of unsolicited commercial email, or otherwise violate the law.

**Do not install or attempt to install malicious computer code** on the device of another or on any University owned electronic resources.

**Do not try to access a computer, the EMU system, or other devices** without appropriate permission and without following proper login procedures. Do not try tapping a network or running a "sniffer" program. Do not use software tools that attack Information Technology resources. Do not cause or allow access, modification or destruction of any files, programs, settings, or data transmitted or stored by any device without permission.

**You may not receive or cause any personal financial or other gains** from the use of any university-provided computing resources or from any output produced resulting from such use. You may not promote any commercial or non-university activity using university resources.

ALL activities listed above can result in severe penalties, including disciplinary action by Student Judicial Services, Human Resources, or the Offices of the President and Provost.

**Consequences**

Any employee found to violate federal or state of Michigan laws, EMU policies, procedures or standards of conduct, will be subject to disciplinary action under University policy. Any suspected violation of State or Federal laws will be reported to the appropriate legal authority for investigation.

Consequences for violations (in no particular order) include, but are not limited to:

• Verbal warnings.
• Revocation of access privileges.
• Disciplinary actions up to and including discharge.
• Criminal prosecution.

Any student found to violate federal or state of Michigan laws, EMU policies, procedures or standards of conduct, will be subject to disciplinary action under EMU’s Student Code of Conduct. Any suspected violation of State or Federal laws will be reported to the appropriate legal authority for investigation.

Consequences for violations (in no particular order) include, but are not limited to:

• Verbal warnings.
• Revocation of access privileges.
• Disciplinary actions up to and including suspension or expulsion from school.
• Criminal prosecution.

If you break the law, you can be prosecuted. Even if you are not charged criminally, you can be held personally liable, and you can be suspended or dismissed from the University, or fired if you are an employee.
The University reserves the right to protect its electronic resources from threats of immediate harm. This may include activities such as disconnecting an offending computer system from the campus network, terminating a running job on a computer system, or taking other action.

**Reporting an Incident**

If an incident is a threat to personal safety, contact Campus Police at the Department of Public Safety, emergency 911 or non-emergency 734.487.1222.

To report an incident involving the misuse of Information Technology resources contact (by e-mail, letter or telephone) the Chief Information Officer (CIO) or the IT Security Office, the incident will be handled by staff at the appropriate University office.

Departmental administrators responsible for managing University information technology resources may temporarily disable user accounts or workstations connected to the network if violations of this policy are suspected and they must notify the CIO of all such actions.

When an incident is reported, the CIO, IT Security Office and/or the Campus Police may as needed and appropriate consult with the Office of the President, the Office of Legal Affairs, Staff and Academic Human Resources Offices, and other University Offices/Departments.

**Authoritative Source**

The authority for this policy is Eastern Michigan University policy 15.2 “Information Technology Security and Confidentiality” and the responsibility for its implementation rests with the Chief Information Officer.

December 2008

**EDUCOM Code**

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy and right to determine the form, manner and terms of publication and distribution. Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access and trade secret and copyright violations, may be grounds for sanctions against members of the academic community.

**Using Software: A Guide to the Ethical and Legal Use of Software for Members of the Academic Community issued by EDUCOM and ADAPSO**

Software enables us to accomplish many different tasks with computers. Unfortunately, in order to get their work done quickly and conveniently, some people justify making and using unauthorized copies of software. They may not understand the implications of their actions or the restrictions of the U.S. copyright law.

Here are some relevant facts:

1. Unauthorized copying of software is illegal. Copyright law protects software authors and publishers, just as patent law protects inventors.
2. Unauthorized copying of software by individuals can harm the entire academic community. If unauthorized copying proliferates on a campus, the institution may incur a legal liability. Also, the institution may find it more difficult to negotiate agreements that would make software more widely and less expensively available to members of the academic community.

3. Unauthorized copying of software can deprive developers of a fair return for their work, increase prices, reduce the level of future support and enhancement and inhibit the development of new software products.

Respect for the intellectual work and property of others has traditionally been essential to the mission of colleges and universities. As members of the academic community, we value the free exchange of ideas. Just as we do not tolerate plagiarism, we do not condone the unauthorized copying of software, including programs, applications, data bases and code.

Therefore, we offer the following statement of principle about intellectual property and the legal and ethical use of software. This "code"--intended for adaptation and use by individual colleges and universities- was developed by the EDUCOM Software Initiative.

Software and Intellectual Rights

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy, and right to determine the form, manner, and terms of publication and distribution.

Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violations, may be grounds for sanctions against members of the academic community.

Questions You May Have about Using Software

A. What do I need to know about software and the U.S. Copyright Act?
   Unless it has been placed in the public domain, software is protected by copyright law. The owner of a copyright holds exclusive right to the reproduction and distribution of his or her work. Therefore, it is illegal to duplicate or distribute software or its documentation without the permission of the copyright owner. If you have purchased your copy, however, you may make a back-up for your own use in case the original is destroyed or fails to work.

B. Can I loan software I have purchased myself?
   If your software came with a clearly visible license agreement, or if you signed a registration card, read the license carefully before you use the software. Some licenses may restrict use to a specific computer. Copyright law does not permit you to run your software on two or more computers simultaneously unless the license agreement specifically allows it. It may, however, be legal to loan your software to a friend temporarily as long as you do not keep a copy.

C. If software is not copy-protected, do I have the right to copy it?
   Lack of copy-protection does not constitute permission to copy software in order to share or sell it. "Non-copy-protected" software enables you to protect your investment by making a back-up copy. In offering non-copy-protected software to you, the developer or publisher has demonstrated significant trust in your integrity.

D. May I copy software that is available through facilities on my campus, so that I can use it more conveniently in my own room?
   Software acquired by colleges and universities is usually licensed. The licenses restrict how and where the software may be legally used by members of the community. This applies to software installed on hard disks in microcomputer clusters, software distributed on disks by a campus lending library and software available on a campus mainframe or network. Some institutional licenses permit copying for certain purposes. Consult your campus authorities if you are unsure about the use of a particular software product.

E. Isn't it legally "fair use" to copy software if the purpose in sharing it is purely educational?
No. It is illegal for a faculty member or student to copy software for distribution among the members of a class, without permission of the author or publisher.

Alternatives to Explore

Software can be expensive. You may think that you cannot afford to purchase certain programs that you need. But there are legal alternatives to unauthorized copying.

Site Licensed and Bulk-Purchased Software

Your institution may have negotiated agreements that make software available either to use or to purchase at special prices. Consult your campus computing office for information. Software available through institutional site licenses or bulk purchases is subject to copyright and license restrictions, and you may not make or distribute copies without authorization.

Shareware

Shareware, or "user-supported" software, is copyrighted software that the developer encourages you to copy and distribute to others. This permission is explicitly stated in the documentation or displayed on the computer screen. The developer of shareware generally asks for a small donation or registration fee if you like the software and plan to use it. By registering, you may receive further documentation, updates and enhancements. You are also supporting future software development.

Public Domain Software

Sometimes authors dedicate their software to the public domain, which means that the software is not subject to any copyright restrictions. It can be copied and shared freely.

Software without copyright notice is often, but not necessarily, in the public domain. Before you copy or distribute software that is not explicitly in the public domain, check with your campus computing office.

A Final Note

Restrictions on the use of software are far from uniform. You should check carefully each piece of software and the accompanying documentation yourself. In general, you do not have the right to:

1. Receive and use unauthorized copies of software, or
2. Make unauthorized copies of software for others.

If you have questions not answered by this brochure about the proper use and distribution of a software product, seek help from your computing office, from the software developer or publisher.

MichNet Policies

MichNet Acceptable Use Policy

30 May 2006

Purpose
This Policy is a guide to the acceptable use of Merit Network facilities and services (Services). Any Member or Affiliate organization or individual connected to Merit's network in order to use it directly, or to connect to any other network(s), must comply with this policy and the stated purposes and Acceptable Use policies of any other network(s) or host(s) used.

Each Member and Affiliate organization is responsible for the activity of its users (including guests and other temporary users) and for ensuring that its users are familiar with this policy or an equivalent policy. In addition, each Member and Affiliate is encouraged to maintain and enforce its own Acceptable Use policies. The provisions of this policy govern all use of the Services, including any unsupervised anonymous network access offered by Members or Affiliates.

The following guidelines will be applied to determine whether or not a particular use of the Services is appropriate:

1. Users must respect the privacy of others. Users shall not intentionally seek information on, or represent themselves as, another user unless explicitly authorized to do so by that user. Nor shall Users obtain copies of, or modify files, other data, or passwords belonging to others.

2. Users must respect the legal protection applied to programs, data, photographs, music, written documents and other material as provided by copyright, trademark, patent, licensure and other proprietary rights mechanisms.

3. Users must respect the integrity of other public or private computing and network systems. Users shall not intentionally develop or use programs that harass other users or infiltrate any other computer, computing system or network and/or damage or alter the software components or file systems of a computer, computing system or network.

4. Use should be consistent with guiding ethical statements and accepted community standards. Use of the Services for malicious, fraudulent, or misrepresentative purposes is not acceptable.

5. The Services may not be used in ways that violate applicable laws or regulations.

6. The Services may not be used in a manner that precludes or significantly hampers network access by others. Nor may the Services be used in a manner that significantly impairs access to other networks connected to Merit.

7. Connections which create routing patterns that are inconsistent with the effective and shared use of the Services may not be established.

8. Unsolicited advertising is not acceptable. Advertising is permitted on some Web pages, mailing lists, news groups and similar environments if advertising is explicitly allowed in that environment.

9. Repeated, unsolicited and/or unwanted communication of an intrusive nature is strictly prohibited. Continuing to send e-mail messages or other communications to an individual or organization after being asked to stop is not acceptable.

The intent of this policy is to identify certain types of uses that are not appropriate, but this policy does not necessarily enumerate all possible inappropriate uses. Using the guidelines given above, Merit may at any time make a determination that a particular use is not appropriate.

Merit will not monitor or judge the content of information transmitted via the Services, but will investigate complaints of possible inappropriate use. In the course of investigating complaints, Merit staff will safeguard the privacy of all parties and will themselves follow the guidelines given in this policy and in Merit's Privacy Policy. Merit will only release sensitive, confidential or personally identifiable information to third parties when required by law, or when in Merit's judgment, release is required to prevent serious injury or harm that could result from violation of this policy.

**Remedial Action**

When Merit learns of possible inappropriate use, Merit staff will notify the Member or Affiliate responsible, who must take immediate remedial action and inform Merit of its action. Merit will assist the Member or Affiliate in identifying the nature and
source of the inappropriate use and in implementing remedial action if requested. Provided the Member or Affiliate implements remedial action promptly, Merit will take no further action. If Merit is unable to contact the Member or Affiliate, or if the Member or Affiliate is unable to implement remedial action, Merit reserves the right to pursue remedial action independently. Wherever possible, Merit will pursue remedial action with the least impact to the overall service for the Member or Affiliate.

Should the situation be considered an emergency, and Merit deems it necessary to prevent further inappropriate activity, Merit may temporarily disconnect a Member or Affiliate from the network. An emergency is defined as: "Serious security incidents that require immediate attention to prevent harm to an individual, to protect information from loss or damage that would be difficult or impossible to correct or to deal with serious on-going denial of service attacks."

If temporary disconnection is deemed necessary by Merit staff, every effort will be made to inform the Member or Affiliate prior to disconnection, and every effort will be made to re-establish the connection as soon as it is mutually deemed safe.

Any determination of inappropriate use serious enough to require disconnection shall be promptly communicated to every member of the Merit Board of Directors through an established means of publication.

Registration and Grading

Academic Year

The academic year is divided into fall and winter semesters of 15 weeks each, a spring session of either six or seven-and-one-half weeks and a summer session of either six or seven and one-half weeks, dependent on course selection. The new student may be admitted to the University for any semester or session. The University calendar linked on the left-side navigation of the catalog.

Evening courses and Extended Programs and Educational Outreach courses permit scheduling options within each semester or session. Two-week workshops and weekend seminars provide additional course credit opportunities.

Academic Course Load

Academic course load is the number of hours that a student carries in a semester or session. In the fall and winter semesters, the recommended full-time course load is 12-16 hours (15 with student teaching). In the seven-and-one-half week spring and summer sessions, it is six to eight hours, and in the six-week spring and summer sessions, it is six hours. Fall and winter students must register for a minimum of 12 credit hours to qualify as full time for University purposes, including financial aid. For the spring and summer semesters, the minimum full-time load is six credit hours for financial aid or other purposes.

Occasionally an increased academic load is found to be necessary or desirable. Before registering for more than the recommended hours, the student is asked to consult an adviser. The following two restrictions are placed on increased academic load:

1. First semester freshmen may not take more than the recommended full-time academic load without special permission from the Academic Advising Center, 301 Pierce.
2. Students on academic probation may not take more than the recommended full-time academic load without special permission from the Academic Advising Center.

Qualified continuing students taking over 19 credit hours should consult carefully with an academic adviser. The registration system will prevent registration for more than 19 credit hours (12 in spring or summer). Request assistance at the Records and Registration service counter to add classes in excess of 19 credits.
No person is allowed to attend class unless officially registered on a credit or audit basis with appropriate fees paid or, as full-time staff or faculty auditing under the staff benefits program. No credit will be given for work in courses not officially enrolled in by the mid-point of the term or session.

**Auditing Courses**
Courses may be audited subject to the approval of the head of the department offering the course. Audit applications may be obtained at, and returned to, the Office of Records and Registration, 303 Pierce Hall. No credit hours or grade points are awarded for a class audit. However, registration and payment of all fees is required for the class. Tuition and fees for auditing are the same as for the course in which credit is elected. Check the University calendar for deadlines to declare or remove audits.

Under provisions of the University staff benefits program, full-time staff, faculty and faculty spouses may audit classes by completing an approval process initiated at the Benefit Programs Office, McKenny. These students do not register for class and there is no transcript of their attendance.

**Credit Hours/Class Levels/Course Numbers**
Credits are determined by the units of work completed. One credit hour is the credit granted in a course that meets 50 minutes per week for 15 weeks. Credits earned on the term or quarter-hours basis at other institutions are converted to EMU credit hours by multiplying by two-thirds.

Class levels are determined by the academic hours completed as follows:

<table>
<thead>
<tr>
<th>Class</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-24</td>
</tr>
<tr>
<td>Sophomore</td>
<td>25-55</td>
</tr>
<tr>
<td>Junior</td>
<td>56-84</td>
</tr>
<tr>
<td>Senior</td>
<td>85 or over</td>
</tr>
</tbody>
</table>

Administrative class levels that are not affected by academic hours completed:

<table>
<thead>
<tr>
<th>Class</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>Guest</td>
<td>GS</td>
</tr>
<tr>
<td>Nondegree</td>
<td>ND</td>
</tr>
<tr>
<td>Second bachelor's</td>
<td>SB</td>
</tr>
<tr>
<td>Postdegree teaching certificate</td>
<td>TC</td>
</tr>
</tbody>
</table>

Course numbers indicate the academic level of the course as follows:
100-199          Introductory
200-299          Intermediate
300-499          Advanced

Note:
*Introductory courses are appropriate for students who have had no course work at the University level in the discipline in question. Intermediate courses presuppose that the students enrolled are familiar with and able to work with the content or methods, or both, of the discipline as presented in the introductory course. Advanced courses presume that students enrolled are familiar with and able to work with content, concepts and methodology of the discipline at a level appropriate to that of undergraduate majors in the discipline.

Courses numbered 500-599 are intended primarily for graduate students but are open in some cases to seniors. To be eligible, an undergraduate student must have successfully completed 85 hours or more of undergraduate credit, have a cumulative grade point average of 2.5 or better, and receive approval from the instructor and the Graduate School. Request forms are available at the Office of Records and Registration, 303 Pierce Hall. The maximum number of graduate hours that an advanced undergraduate can take is 13. Courses numbered in the 600s and 700s are exclusively for graduate students. Should an undergraduate student register in a 600 or higher class, they will be dropped without prior notice.

Prerequisites
Prerequisites designated in the catalog description of courses state requirements that must be completed with credit or are necessary to the understanding of the course selected. Any student not meeting prerequisites or other restrictions, unless waived by instructor's permission, may be prevented from registering for or required to drop the course. Courses at the 200-, 300- and 400-levels that carry no prerequisites are taught at the academic levels described above.

Final Examinations
Final examinations are given by instructors to help evaluate a student's achievement in a course. Whether or not that evaluation shall include the final examination shall be determined by the instructor in line with departmental and University policy. If a final examination is not given, the scheduled examination period shall be used for other class activity.

If a final examination is given, students shall take the examination with their own class and at the hour indicated on the examination schedule. Failure to take the examination at the scheduled time will result in a grade of E in the course, except when the requisite conditions for granting an I are present.

If a student finds that he/she has three examinations scheduled on one day, he/she may request the instructor of the class having the first examination of the day to arrange to offer the examination at another time. If he/she finds that he/she has four examinations scheduled for one day, he/she may request the instructors of the first two examinations to make arrangements so that no more than two are scheduled in one day. He/she may appeal to the head of the department in which the course is offered if a satisfactory solution is not reached.

Students who for religious reasons find that they are not able to follow the examination schedule should make special arrangements with their instructors. If arrangements are not satisfactory, a student may appeal to the head of the department in which the course is offered.

Any deviation from the student's examination schedule, other than to limit the exams to two in one day or to observe religious mandates, must be approved in advance by both the instructor and the department head, and will be granted only in cases of extreme emergency.

Failure to take an examination at the scheduled time without prior arrangement will result in a grade of E in the course.
# Grades

The grades used by the University, with their corresponding values in points, are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Significance</th>
<th>Grade points per credit hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Exceptionally high order</td>
<td>4.0</td>

<tr>
<td>N</td>
<td>No grade submitted</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Credits earned by student teaching, credit/noncredit classes or pass/fail options are not accorded grade points.
An E grade will be assigned for any course when the student stops attending a class without officially withdrawing from the course. Credit for courses in which either E or U grades have been received can be earned only by repeating the course at Eastern Michigan University. See repeat policy for exceptions.

A W grade is assigned only when an official withdrawal has been completed. (See Withdrawals below.)

**Pass/Fail**
The pass/fail option is available to students who wish to experiment in an unfamiliar field without jeopardizing their grade point averages or for other reasons. Limitations to the option are:

1. It may be exercised only by juniors and seniors who are in good academic standing (at least 2.0 at EMU).
2. It may be applied only to free electives, that is, to courses which are outside the student's major, minor, curriculum, general education requirements or a prerequisite to a required course.
3. A maximum of six such courses may be applied toward graduation.
4. Students shall indicate their intention to take a course by filing an application with the Academic Advising Center, 301 Pierce, prior to the end of the program adjustment period. Approval or denial is available in two working days.
5. Students who elect to take a course on pass/fail may cancel the option and accept a letter grade up to the last day of class before the official University scheduled final examinations (the option for pass/fail may then be used for another course).
6. The instructor will not be notified of the student's election of this option. The regular letter grade reported by the instructor will be converted on grade reports and transcripts as follows:
   a. Grades of A, B, C or D, including D-, will be converted to S, and shall count as credit toward graduation.
   b. The grade of E will be converted to U, and shall not count toward graduation.
7. A course taken under this option shall not be used in any way in the computation of the student's grade point average. Thus, a pass/fail election shall not be approved for a course in which the student previously received a letter grade.

Students should be aware that for some scholarships offered by the University pass/fail courses are not considered part of the minimum required load for scholarship.

Students also should be fully aware of the possible implications of this option for acceptance into graduate schools and competition for financial aid. It has been ascertained that most graduate schools will accept students who have elected to take some courses on a pass/fail basis, but that if courses taken on this basis are sufficient in number on the transcript, Graduate School Examinations may be utilized to determine the student's acceptability. Graduate schools, in general, do tend to favor those applicants who have good letter grades on their transcripts.

**Credit/Noncredit Grading**
A credit/noncredit option is utilized by departments in courses where the standard letter grades do not seem appropriate. Such courses will be designated as CR/NC in the class schedule book. All students taking such courses will receive either CR or NC in place of letter grades. Neither CR nor NC will have any effect on a student's grade point average. Courses for which the CR is received will count towards graduation requirements, and there is no limit to the number of such courses that may be taken by an individual student. The CR/NC courses taken by students do not count in the number of pass-fail courses that can be elected.

**Incomplete**
An I (incomplete) grade is awarded only when a student has completed the majority of the work of a course and the student's work has been of acceptable quality (C or better), but the required amount of work has not been completed because of illness, necessary absence or other satisfactory reasons. It is never applied to poor work or to absence from class by the student. The student must inform the instructor of the reason for the requested incomplete, and the instructor may at his or her discretion agree to the request.

An I grade must be removed within one calendar year from the end of the semester or session in which that grade was given. The time for removal of an I may be extended upon written recommendation of the instructor and approval of the dean of the college. Such extension will be granted only under unusual circumstances.
The initiative for conversion of an I to a letter grade rests with the student. If not converted to a grade by the end of the one-year period, the I will remain as a permanent part of the student's academic record. Students and faculty are encouraged to establish a written agreement on the work and time needed to remove the incomplete.

Grade Changes
When a letter grade (excluding I for incomplete grade or IP for in progress grade) is posted to a student's permanent record, it will be considered final unless an error was made in assigning the grade. Permitting a student to submit missing work or extra credit to improve a grade after the grade has been posted is not acceptable.

If an instructor error is identified, the instructor must file a grade change form, explaining the error. This form requires the approval of the department head. The appropriate dean will review and approve grade changes to ensure consistency with academic policies. All changes in letter grades (except from an I or IP grade) will require the signature of the dean of the college. The grade change is then submitted to and processed by personnel in the Office of Records and Registration. One year after the end of the relevant semester all grade changes from I or IP will require the permission of the dean of the college.

Grade Changes
When a letter grade (excluding I for incomplete grade or IP for in progress grade) is posted to a student's permanent record, it will be considered final unless an error was made in assigning the grade. Permitting a student to submit missing work or extra credit to improve a grade after the grade has been posted is not acceptable.

If an instructor error is identified, the instructor must file a grade change form, explaining the error. This form requires the approval of the department head. The appropriate dean will review and approve grade changes to ensure consistency with academic policies. All changes in letter grades (except from an I or IP grade) will require the signature of the dean of the college. The grade change is then submitted to and processed by personnel in the Office of Records and Registration. One year after the end of the relevant semester all grade changes from I or IP will require the permission of the dean of the college.

It is the responsibility of the student to call the instructor's attention to a possible grading error in a timely manner, but not more than 12 months after the questionable grade is posted. Three years following the close of any term of enrollment, the student's transcript will be considered to be the final indisputable record of academic achievement. Specifically, at the end of three years, grades are considered final, and no changes will be made to transcripts (e.g., no term or individual withdrawals, no grade omissions, no recalculated grades based on mathematical or clerical error, no incomplete removals). The only exception to this rule will be for master's specialist and doctoral field-based research, internships and dissertation hours.

Repeats
Students who meet the prerequisites and all other conditions for enrollment may repeat courses. All grades earned will be retained on the student’s permanent record, with repeats indicated. Credit and grade point calculations for repeated courses are determined by the following rules:

Credit Earned:

1. Unless otherwise noted in the course description, credit for any repeated course (including all attempts at EMU and transfer credit granted) will apply only once toward all degree requirements.
2. The rules below do not apply to courses (such as Independent Studies) that can be taken for credit more than once. Multiple attempts in such courses are not considered repeats, and all grades received will be used in determining the student’s grade point average.
3. A student who earned a passing grade in a course or who has previously received transfer credit for the course will lose the credit if he or she subsequently retakes the course and receives an E. If a student receives an Incomplete in the final attempt of a repeated course, the most recent earlier grade is the grade of record until the course work is completed and the I is replaced by the grade earned.

Repeated Courses and Grade Point Average (GPA):

1. Courses that are dropped or from which a student has withdrawn are not counted as attempts for purposes of this policy.
2. If a student repeats a course up to two times (for a total of three attempts), only the last grade received will be used in determining the student’s grade point average. As stated above, all course attempts with repeats indicated will remain on the permanent record, even if not used to determine the grade point average.
3. There are no restrictions on the number of times that a student may repeat a course, however, the grades earned in the third and all subsequent attempts will be used in determining the student’s grade point average unless explicit permission to have previous grades for the course eliminated from the calculation is granted by the head of the department or director of the school in which the course is offered. The student must contact the department head or school director prior to the end of the semester in which the course is repeated to obtain this permission. Such permission is required for every attempt beyond the third.
4. There are no restrictions on the number of different courses that a student may repeat, however, if a student repeats more than ten different courses, grades for ALL attempts (from the first on) for the eleventh and all subsequent courses will be used in determining the student’s grade point average unless explicit permission to repeat the course is granted
by the Academic Standards Committee in advance. The student must contact the Academic Advising Center to request permission.

5. Such permission is required for every attempt of every course beyond the tenth.
   A student repeating a course may not elect a Pass/Fail grading option if the grade of record for the course is a letter grade.

Transfer Courses as Repeats:

1. If a student has credit for a course taken at EMU with a passing grade as the grade of record and subsequently transfers an equivalent course from another institution, the transfer credit will be treated as if it were another attempt at EMU, and the rules above will be applied. The grades received in previous attempts at EMU will not be used in determining the student’s grade point average provided the total number of attempts, including the transfer, does not exceed three (3) and this repeat does not exceed the limit of ten (10) repeated courses. (Note that students receive credit, but not grades for transfer courses, so no grade for the course would be used in determining the student’s grade point average in this case.)

2. If the grade of record is a passing grade, but the transfer course constitutes the fourth or later attempt, or if the student has already repeated ten or more courses, the grades received at EMU will be used in determining the student’s grade point average as outlined in the previous section unless explicit permission is granted by the EMU Registrar to exclude the EMU grades once the transfer credit has been posted.

3. Advance permission from the EMU Registrar is required for student who want to transfer credit for a course equivalent to a course that the student has taken at EMU and for which the grade of record is a failing grade.

Note: Second admission programs and graduate programs may calculate grade point averages according to their own internal rules; for example, many specify that grades received in all attempts be used in the calculation. This policy does not apply to those admissions processes.

Grade Point Average (GPA)

The scholarship index or grade point average is the total number of Eastern Michigan University grade points acquired divided by the total number of Eastern Michigan University credit hours taken that carry grade points. When a course is repeated, only the last grade is used in the computation of the cumulative grade point average.

Transfer credit from another accredited institution is allowed for all transferable courses in which a grade of C or better is received, but is not included in computation of the GPA.

Calculation of GPA for returning former students who have not attempted any college or University work for at least two calendar years does not include courses in which a grade of less than D- was assigned. E grades will be changed to 2YR to reflect academic forgiveness.

Academic Probation and Dismissal

If, at the end of any term of enrollment, an undergraduate's cumulative GPA falls below 2.0, having previously been at or above 2.0 (or if the student is new to the University), that student will be placed on academic probation (P1). The student will then have three terms of enrollment (spring/summer count as one) to raise the cumulative GPA to 2.0 or higher. At any time that the student's cumulative GPA reaches 2.0, the student will be restored to good academic standing (GO). Unless the cumulative GPA has been raised to 2.0 by the end of the third term of probation (P3), the student will be subject to academic dismissal.

Exceptions to this policy are as follows:

1. Any student whose first term of probation is the result of a semester of all Es must earn better than 0.00 (all Es) in the first term of probation or face dismissal immediately.

2. Students who have been readmitted (RA is equivalent to P1) after a dismissal will be placed on P2 after their first term if their cumulative GPA remains below 2.0. They will have two terms to raise their cumulative GPA average to 2.0 or they will face a second and final dismissal.

3. All initial dismissal actions are subject to appeal. Procedures and deadlines for such appeals will be included in notices of academic dismissal sent to students at the conclusion of a term of enrollment. If an appeal is successful, the student will be reinstated (RN), which means the dismissal does not count. Students who are reinstated after an appeal will be given one more term to raise the GPA to 2.0 or they will be dismissed.
Students dismissed from the University for the first time may not attend Eastern Michigan University for one calendar year. They can then apply for readmission through the Academic Advising Center. Procedures and deadlines for readmission are available in the Academic Advising Center (301 Pierce Hall); contact the Assistant Director for Academic Actions. Students dismissed more than once (excluding reinstatement) are usually not eligible to return to the University. On occasion, when students have been away from the University for at least 10 years, a request may be submitted, through the Assistant Director for Academic Actions, to the Academic Standards Committee, who will make the final decision in such a case.

While remaining out of the University due to a dismissal, students may choose to attend another institution. Certain rules apply to course work taken elsewhere. Refer to the repeat policy in the catalog and consult with the Academic Advising Center on transfer of courses.

While on academic probation, a student may meet with the Assistant Director for Academic Actions or any adviser in the Academic Advising Center. In addition, students may seek help in developing successful strategies for academic performance through the Holman Learning Center, the Counseling Services Center and the Career Services Center.

Certain conditions are attached to an academic status of probation. Students on probation may not:

- Enroll in more than the established maximum load for regular full-time status in any term of enrollment. For fall and winter, this would be 16 credits (15 credits if student teaching); in spring and summer, eight credits.
- Enroll in education courses or courses that require admission to the College of Education.
- Receive credit for graduate-level courses (500-level).
- Take courses on Pass/Fail.

**Drops/Withdrawals from Individual Classes**

**Drops/Withdrawals from Individual Classes**

When withdrawal from a class, or from all classes, brings students' academic loads below the minimum number of hours necessary to qualify as full-time students for University housing, scholarship aid, student loans or any other benefits they enjoy for which academic enrollment was a prerequisite, the University may, at its option, take any or all of the following steps:

1. Deny permission to withdraw.
2. Cancel the benefits as of that date.
3. Declare the student ineligible for present and/or future benefits of a similar nature.
4. Deny permission to re-enroll in subsequent semesters.

Drops/withdrawals from class are permitted according to the following schedule (fall and winter):

**Drop**

- First eight days: All student-initiated drops during this period may be processed through the registration system. Such drops are not recorded on the student's permanent record.

**Withdrawal**

- Ninth day through tenth week: all student-initiated withdrawals are accepted automatically and recorded as a W (however, freshmen must check with the Academic Advising Center before withdrawing from courses). A withdrawal may be processed through the registration system or by submitting a withdrawal form to the Office of Records and Registration, 303 Pierce Hall.

**Administrative Withdrawal**
• After 10th week until beginning of final exam period: students can withdraw only if they have specific extenuating circumstances, of recent occurrence, which clearly prevent them from completing the course in question. **Withdrawals are not automatic and documentation is required.** Make application for Administrative Withdrawal at the Academic Advising Center, 301 Pierce Hall. The decision will be communicated to the student and the instructor in question. Students must not stop attending class until they have received notification that the administrative withdrawal has been approved. If a student stops attending class and does not take the final exam without being withdrawn, University policy requires that the instructor assign a grade of E for the course.

**Note:** These procedures and University withdrawal procedures also apply to spring and summer sessions, though the timeframe is more condensed. The exact withdrawal and deadline dates are printed in the current Class Schedule Book for the session concerned.

**Withdrawals from the University**

*The following University procedure is subject to change in accordance with regulatory changes initiated by the United States Department of Education.*

A credit adjustment of 100 percent of tuition and fees for the fall and winter semesters, less a registration fee, will be made to those students who completely cancel their registration or withdraw from the University through the eighth business day of the semester. For the spring and summer semesters, a 100-percent credit adjustment, will be made through the first four business days of the semester. Actual dates are printed in the Class Schedule Book for each semester.

A credit adjustment for total withdrawals after the eighth day of fall and winter semesters, or the fourth day of spring and summer semesters, will be made according to the following schedule:

**Withdrawal by the following day of the semester**

<table>
<thead>
<tr>
<th>Credit Adjustment</th>
<th>Fall/Winter</th>
<th>Spring/Summer</th>
</tr>
</thead>
<tbody>
<tr>
<td>50-percent</td>
<td>19th</td>
<td>10th</td>
</tr>
<tr>
<td>25-percent</td>
<td>38th</td>
<td>19th</td>
</tr>
<tr>
<td>0-percent</td>
<td>Last day before finals</td>
<td>Last day before finals</td>
</tr>
</tbody>
</table>

Actual dates are printed in the class schedule book for each semester and session. No credit adjustments will be made after the above stipulated dates.

**Retroactive Withdrawal**

Retroactive withdrawal from the University may be requested by a student when unexpected circumstances arise after the completion of classes for a term. Normally, the request will be considered only for the preceding term.

The retroactive withdrawal policy is dependent on one or both of the following reasons:

1. **Administrative.** Through an administrative problem or error, the student received an E grade.
2. **Mental or physical stress.** Subsequent to awarding the term grades, the student claims that severe physical or psychological stress was present during the semester. Documentation must be presented by or on behalf of the student, and a consultation may be required. In this case, the decision will affect all the classes the student was registered for during the term in question. In cases of severe mental or physical stress, it is usually assumed that students are so incapacitated they were not able to carry on with University responsibilities.

In either situation, the student must initiate the request at the Academic Advising Center, 301 Pierce Hall. Upon review of the documented evidence and possible further consultation, the director or designee will recommend action to the vice president for undergraduate studies or designee.
The approval of a retroactive withdrawal does not constitute approval of a tuition refund. Grades of W will be posted on the official academic record.

**Student Conduct/Grievances**

Grade grievance procedures may be obtained from the academic department involved. Student employment grievance procedures may be obtained from the Career Services Center, 200 McKenny Hall.
The Career Services Center (CSC) helps students plan their careers, develop job search skills, obtain career-related work experience during their academic career and secure jobs upon graduation. Programs and services include student employment, cooperative education, job fairs, résumé referral, and on-campus recruiting. In the area of career planning, CSC provides personality, interest and values inventories, computerized career guidance services and personal career counseling. In addition, CSC offers an assortment of reference materials on career opportunities, self-assessment, employer literature and many other career-related items. These services are available at CSC’s main office in McKenny Hall with a more limited range of services at the COB satellite location.

CSC focuses on helping students select majors and occupational fields early in their academic careers. Assistance is provided
through self-assessment, information about occupations and opportunities to secure employment and volunteer experience in career-related fields. Through its nationally recognized Professional Experience Programs (PEP), CSC assists students in obtaining such career-related work experiences as internships and cooperative education placements. These experiences help students gain exposure to their chosen career fields and gain the hands-on work experience that most employers now expect from college graduates. Academic credit can be earned for many of the PEP jobs. Students should begin participation in PEP as early as their freshman year.

Additional job opportunities are offered through CSC’s student employment area. This is the central clearinghouse for all on-campus job openings for students as well as for job openings near campus and in surrounding communities. CSC also maintains an extensive listing of summer employment jobs available with camps, parks, resorts, businesses and government agencies throughout the country. As with other student employment positions, these jobs give students practical work experience and a chance to earn money toward college expenses. The Career Services Center also assists seniors, graduate students and alumni in seeking employment after graduation and obtaining professional advancement throughout their careers.

Available services include:

- Resumé, interviewing and job search strategy workshops
- *Job Choices* manual available to all seniors
- EagleCareers.recruiting.com online posting service
- On-campus recruiting interview program
- Resumé referral program
- Three large annual job fairs that attract hundreds of employers plus several other smaller fairs
- Free drop-off résumé critiquing service

Finally, each year CSC posts more than 30,000 job listings and has more than 250 employers who participate in the on-campus interview program.

**Students with Disabilities Office**

**Address:** EMU Student Center, Room 220  
**Phone:** 734.487.2470  
**TTY:** 734.487.2470  
**Web site:** www.emich.edu/disabilities

Students with physical, learning or psychological disabilities, sensory impairments or chronic health conditions must register with the Students with Disabilities Office (SWDO) in order to receive accommodations. Typical accommodations include extended time for examinations, the ability to take examinations in a distraction-free environment, access to adaptive technology, sign language interpreters, books on tape and note takers. However, all accommodations are determined on a case-by-case basis according to each student's documented limitations. The SWDO also works closely with faculty members and other University departments, such as Housing and Campus Life, to ensure that students with disabilities receive the accommodations they need to participate in all University programs, services, and activities. All disability information is strictly confidential and students are encouraged to contact the SWDO to discuss their individual needs.

**Children's Institute**

**Address:** 103 Rackham Hall  
**Phone:** 734.487.2348  
**Fax:** 734.487.0286  
**Web site:** www.emich.edu/uhs/children.html

**Hours:** Monday-Friday, 7:30 a.m. to 5:30 p.m.

The EMU Children's Institute, accredited by the National Association for the Education of Young Children, offers high-quality early childhood education programming to families of Eastern Michigan University and surrounding communities. We offer varied programs designed to meet the needs of students and working families.
The Institute provides high-quality care and education for children ages 18 months through six years. Full and half-day programs are available for toddlers, preschoolers, and kindergartners. A special arrangement with the Ypsilanti Public School System provides transportation to and from Perry Child Development Center for the morning kindergarten program. We also offer a full-day kindergarten program at the Children's Institute.

The EMU Children's Institute serves as the practicum placement site for students preparing to be early childhood education teachers. Practicum students are closely supervised by professional classroom teachers and University faculty members.

Flights of Imagination, the summer day camp program at the Children's Institute, offers exciting and varied programs for children entering kindergarten and first grade, supervised by professional teaching staff, with EMU students as camp counselors. Camp is offered as eight weekly sessions.

Activities at the Children's Institute are play-based and developmentally appropriate, and designed to meet the needs of each child in the group. Teaching staff have completed coursework and hold degrees/advanced professional degrees in early childhood education. Staff training and in-service days are conducted throughout the year.

Cooperative Education

The Program

Cooperative education (co-op) is a unique educational plan designed to enhance academic studies and assist students in attaining career goals. The Career Services Center and academic departments cooperate with business and industry as well as private and public agencies in developing work assignments that parallel the student's academic program. Co-op provides direct, hands-on experience while adding practical dimensions to the student's academic background. Students typically earn wages and academic credit for each co-op job assignment. (For Career Services Center locations click here.)

Benefits to the Student

- Increases employment opportunities upon graduation. Approximately 70 percent of co-op participants are offered permanent jobs by their employers upon graduation.
- Awards college credit while the student is being paid to work. Co-op students also earn wages significantly higher than most student employment opportunities offer.
- Increases earning and promotional potential. Co-op students start between five and 10 percent above normal entry-level salaries after graduation.
- Offers on-the-job training related to course of study. Co-op students typically perform professional level assignments.
- Links classroom and work place. Co-op placements provide the opportunity to apply academic studies while bringing career goals into focus.

Eligibility/Application

Most students must be at least of junior standing with 12-15 credit hours or prerequisites completed in the major. The College of Business (COB) and the College of Health and Human Services (CHHS) will consider second-semester sophomores in selected majors. Note that eligibility and prerequisites vary based on major/minor and that departmental approval is required in most cases. A first step in pursuing a co-op is to speak with an advisor in your program of study to determine application procedures.

Grade Point Average

A 2.5 cumulative GPA is required unless waived by faculty sponsor. Students on academic probation are not eligible to participate.

Academic Credit

Generally three credits are awarded for each placement, but this may vary by major and department. Work experiences are graded on a credit/non-credit basis.

Internships
Students interested in an internship are encouraged to seek information from their departmental office regarding placement assistance and application materials. Requirements may vary by department and academic discipline. The Career Services Center provides listings for internships at EagleCareers.eRecruiting.com and also has print materials about internship opportunities at their main office in 200 McKenny Hall. Students are encouraged to identify opportunities, seek departmental approval and apply directly.

Pre-Professional Internships

The Career Services Center facilitates the Pre-Professional Internship (PPI) program which is available for freshmen and sophomores in all academic majors at any class level. This program offers up to six elective credits for work experience that has allowed students to explore career options. For additional information go to http://career.emich.edu.

Counseling Services
Address: 313 Snow Health Center
Phone: 734.487.1118
Fax: 734.481.0050
Web site: www.emich.edu/uhs/counseling.html

Hours: Monday – Friday, 8 a.m. to 5 p.m.

Counseling Services provides:

- Free, confidential, personal counseling for EMU students
- Informative, interactive workshops and presentations in classrooms and other locations on topics including managing depression, resolving communication and relationship problems, building self esteem, addressing anger and test anxiety, among others
- Crisis response and support
- Screening for depression and other concerns
- Consultation with faculty and staff about student and classroom issues
- Self-help lending library

Professional, licensed psychologists and counselors provide services. Graduate students completing internships also provide services under professional staff supervision.

All registered EMU students are eligible for services. Appointments can be made by phone or in person. Counseling is confidential and at no cost to students.

Health Education and Wellness Programs
Address: Snow Health Center, Third floor
Phone: 734.487.2226
Fax: 734.481.0050
Web site: www.emich.edu/uhs/healthed.html

Health Education provides comprehensive health and wellness services and programs aimed toward the enhancement of academic achievement and the promotion of healthy lifestyles. Some of the services include:

- Alcohol, tobacco, and other drug prevention and education programs, screenings and assessments
- Checkpoint Program
- HIV counseling/testing and referral services
- Health Resource Library
Holman Learning Center

Peg Carter, director
Judy Mack, Learning Center specialist/Tutor Coordinator
Art Hoover, project coordinator
Sally Hattig, Supplemental Instruction coordinator
Rebekah McDow, office supervisor

Address: Bruce T. Halle Library, Room G04
Phone: 734.487.2133
TTY: 734.487.2482
E-mail: learning.center@emich.edu
Web site: www.tlc.emich.edu

Holman Learning Center (TLC) provides students with a campus-wide network of learning assistance programs designed to develop independent learning skills necessary for academic success.

Tutor Programs

TLC provides the following tutoring assistance programs: 1) Individual tutors available to undergraduate students who wish to work one-on-one with a peer tutor to improve their understanding of a particular course. Individual tutoring is nonremedial and free. 2) Supplemental Instruction (SI) to assist students who are enrolled in a first-year large lecture course to develop effective study strategies. A SI leader will lead small discussions on note-taking, study strategies and test-taking and relate the skills to the specific large lecture course.

Student Academic Success

TLC focuses on the academic success of each student during their career at Eastern Michigan University. The office continues to create new and innovative programs focusing on new students to the University and students referred to the office by other departments or faculty. These programs include the following: 1) First-Year Academic Support Program links students, faculty and parents to facilitate the student's transition into higher education and to maximize academic success. 2) Skill-building workshops expose students to information on test-taking strategies, time management, how to efficiently take notes in class and preparing for final exams. Workshops are presented in freshman residence halls, the Student Center and Halle Library. 3) Peer support sessions offer students an opportunity to talk to graduate students to get help navigating the University environment and charting a positive, goal-oriented plan for academic success.

Pre-College Programs

Pre-college programs also provide an avenue for promoting academic achievement and success. TLC coordinates the following pre-college programs: 1) Martin Luther King, Jr./César Chávez/Rosa Parks (KCP) College Days programs brings eighth- through 12th-grade students to campus and exposes them to college life. The program builds self-esteem and motivation and introduces participants to a variety of career options. 2) The Wade McCree Scholarship program awards 20 general fund scholarships each fall to underrepresented students entering the ninth grade. 3) The Summer Incentive Program (SIP) offers high school seniors showing potential for academic success an opportunity to take three college courses, live on campus and work in the campus office during the summer. Participants who successfully complete the summer program are admitted to EMU in the fall.

Retention Tracking

Retention research provides the University with the information required for strategic planning and creation of new and effective University-wide programs aimed at retention and student success. The programs and student populations TLC currently tracks
are all first time in any college (FTIAC), first-year interest groups (FIGs), and the Promote Academic Survival and Success (PASS) populations. Programming for these student populations is a collaborative effort involving both Enrollment Management and Academic Affairs.

**The EMU Student Center**

**Address:** 900 Oakwood St., Rm. 370, Ypsilanti, MI 48197  
**Phone:** 734.487.1157  
**Fax:** 734.487.0493  
**Web site:** http://www.emich.edu/studentcenter

The EMU Student Center is the interactive heart of student life at Eastern. The building’s concave east side architecturally declares the Student Center’s intent to “embrace” the campus and act as a unifying force in the daily life of Eastern. This unifying mission is further reinforced in the Student Center’s mix of facilities, services, and programs designed to create an environment to attract and serve students, faculty, staff, and the local community. The Student Center helps build a powerful and positive, diverse and collegiate, academic community at EMU. The Student Center is immediately adjacent to the Halle Library on the south and the Recreation/Intramural building on the southeast, and is near the academic core of the campus. The east side of the Student Center is a three-story glass wall that overlooks University Park.

The EMU Student Center’s first floor consists of the EMU Bookstore operated by Follett, fireplace lounge, state of the art 250-seat auditorium, food court with comfortable seating for 450, Wendy’s, Subway, Taco Bell/KFC, Sbarro’s, Green Market Bistro, convenience store, TCF Bank, Eagle Card Office, Apple store, ticket office, and a gaming center. The second floor consists of the grand ballroom with banquet-style seating for 650, pre-function fireplace lounge, University Art Gallery, Student Center Art Gallery, Admissions Welcome Center, University Information Center, Service EMU, Office of International Students, New Student Programs, Student Judicial Services, Students with Disabilities Office, 24/7 computer lab, Commuter Central and lounge, and Starbucks Coffee. The third floor consists of meeting rooms including the Native American inspired Kiva Room, Event Planning Office, Student Center Administration, and the Center for Student Involvement that includes Student Government, Greek organizations, student organizations, Campus Life, Diversity and Community Involvement Programs, and VISION. For additional information about the EMU Student Center visit www.emich.edu/studentcenter. The Campus Information Center on the second floor of the Student Center can provide more information on the Center’s programs and services. Call the friendly staff at 734.487.1157.

**Campus Life**

**Address:** 345 EMU Student Center  
**Phone:** 734.487.3045  
**FAX:** 734.480.1927  
**Web site:** www.emich.edu/campuslife

Campus Life offers student-centered learning, development and involvement activities that challenge and support the unique gifts, needs, experiences and interests of our students, our professional staff members and members of the broader campus community.

- **Arts, Intellectual, Cultural and Entertainment Programs**  
  Offering social engagement and aesthetic literacy experiences through a variety of activities including late night/evening/weekend programs, intellectual/cultural experiences, guest speakers and artists, student performances, films and more.

- **Commuter Life**  
  Providing access to an array of services designed to support commuter students including Service EMU, temporary and one-night campus housing for commuters, commuter scholarships and Student Legal Services. Also serving the transition, student involvement and engagement needs of commuters through commuter orientation, the Commuter Student Association, and campus activities.
• **Leadership and Student Involvement**
  Providing students with opportunities to enhance their personal and professional skills through student volunteer boards, student employment experiences, and an array of leadership development programs.

• **Orientation and Transition Programs**
  Offering programs, services and resources assisting students to transition successfully into and through their college career including Fusion: New Student Orientation for freshmen, transfer and adult students, the MyFY Website, First Year Mentor Program, and Real Beginnings.

• **Student Organizations and Greek Life**
  Providing programs, services, resources and advocacy for student organizations, including fraternities and sororities, to function safely and effectively, contributing positively to the EMU community.

**Department of Diversity and Community Involvement**

**Diversity Programs**
Address: EMU Student Center, 3rd Floor
Phone: 734.487.3118
Fax: 734.487.6910
Web site: [www.emich.edu/dci](http://www.emich.edu/dci)

**Volunteerism and Community Service**
EMU Student Center, 3rd Floor
Phone: 734.487.3045
Fax: 734.480.1927
Web site: [www.emich.edu/vision](http://www.emich.edu/vision)

The Department of Diversity and Community Involvement (DCI) offers numerous opportunities for engagement and learning beyond the classroom. DCI provides opportunities for students, faculty, and staff to get involved in social justice education, programming, and activism.

Diversity and Community Involvement comprises four centers: the Center for Multicultural Affairs, the Lesbian, Gay, Bisexual, Transgender Resource Center (LGBTRC), VISION (Volunteers Incorporating Service into our Neighborhoods), and the Women’s Center. The Center for Multicultural Affairs, LGBTRC and the Women’s Center offer a variety of programming and services promoting diversity and inclusion. The Centers recognize, support, and celebrate diverse student populations; promote academic, personal, social and professional development of diverse student populations; provide information, resources, and referral services; and help faculty and staff teach effectively in a diverse University setting. Examples of our programming include Cultural Heritage Celebration Months, Out Month, Lavender Role Models and Mentors, Take Back the Night, and The Vagina Monologues.

VISION Volunteer Center – the fourth of DCI’s Centers – offers opportunities for students to get involved in service. VISION helps students learn about social issues, address community needs and strengthen community partnerships. Our student-led programs include Alternative Breaks, America Reads, Best Buddies, GREEN, Habitat for Humanity, Jumpstart, Kid Konnection, Students Against Hunger and Homelessness, and One-Day Events.

**Office of International Students**
Address: 244 EMU Student Center
Phone: 734.487.3116
Web site: [www.emich.edu/ois](http://www.emich.edu/ois)

The Office of International Students extends a welcome to all international students pursuing educational goals at Eastern Michigan University. Concerned, responsible and professional staff is available to assist students in any matter, including orientation, advice on immigration issues, academic, financial, employment and personal concerns. The staff also provides the preparation of documents needed to maintain favorable status in this country.
This office serves as a consultant to faculty and staff on international student affairs, acts as a catalyst for the development of various international connections in the University and/or community to promote international education and understanding, and initiates enhancement programs such as cross-cultural activities on and off-campus.

International students are encouraged to make regular contact with the office.

**Ombudsman**

Address: 112 Welch Hall  
Phone: 734.487.0074  
Fax: 734.487.7170  
Web site: [www.emich.edu/ombuds](http://www.emich.edu/ombuds)

The ombudsman facilitates the resolution of individual complaints which do not have a formal avenue of redress through official University channels. The ombudsman advises students on University policy and procedures, identifies and recommends changes to current practices, and communicates student concerns/issues to appropriate University officials. In addition, the ombudsman presents workshops, conducts needs assessments and mediates disputes.

In the event of an emergency, the ombudsman is the main contact between the student, the student's family and the University. When a student emergency exists, the ombudsman has the responsibility for notifying the student's instructors, and for contacting family members and other appropriate personnel.

**University Health Services**

Address: Snow Health Center Main Floor  
Phone: 734.487.1122  
Fax: 734.487.2342  
Web site: [www.emich.edu/uhs](http://www.emich.edu/uhs)

Hours: Monday-Friday 8 a.m. to 5 p.m.

The center is closed during official university closings. Appointments are preferred, but walk-ins can usually be accommodated.

All currently enrolled students, faculty, staff and their spouses at Eastern Michigan University are eligible for services.

Medical Services provides treatment as well as preventive services for a wide range of acute, episodic and ambulatory medical conditions, some of which include:

- Evaluation and treatment for minor illness and injury
- Physical examinations
- Allergy shots, immunizations, meningitis shots, TB testing and flu shots
- Women’s health care including annual exams, diagnosis and treatment for infections, birth control and pregnancy tests
- X-ray and laboratory tests

Snow Health Center is a fully staffed medical facility. The professional team includes physicians, nurse practitioners, nurses and technologists who have specialized in the health and lifestyle concerns of young adults. In addition, faculty and residents from St. Joseph Mercy Hospital work with the staff in a collaborative program to provide services.

The EMU Student Health Insurance policy, sponsored by Student Government, is accepted in full for covered services after co-pays are met. The EMU policy can be reviewed and purchased online at [www.uhcsr.com](http://www.uhcsr.com)

**Pharmacy**

Address: Snow Health Center, Main Floor  
Phone: 734.487.1125  
Fax: 734.487.0273
The pharmacy is licensed by the State of Michigan and provides quality pharmaceutical services with an emphasis on patient counseling regarding your medication(s), issues involving possible drug interactions, proper use and storage of your medication(s), dosage and side effects. The pharmacy can fill prescriptions written by licensed physicians in Michigan as well as most prescriptions written by out-of-state licensed providers. We participate with many prescription insurance plans. The pharmacy also maintains a variety of over-the-counter products, including no-prescription medications.

**Student Government**
Governed by the President (elected each spring)
Address: 342 EMU Student Center
Phone: 734.487.1470
Web site: www.emich.edu/studentorgs/studentgov

Student Government at EMU is committed to improving the quality of student life on campus. The student body each spring elects a president, vice president and 24 senators who, along with representatives appointed from various organizations, compose the Student Senate. The executive officers and members provide input to the administration of the University to help solve problems and improve programs and services. Student Government also sponsors campus-wide events and trips to Lansing to meet with state legislators.

Not only do student representatives get valuable experience in the process of government, but they also represent the University on local, state and national levels. Any EMU student may run for a Student Government position. Interested students are also welcome to serve on Student Government committees and University advisory groups.

**University Student Identification Card**
EagleOne Card Office
Address: EMU Student Center, First Floor
Phone: 734.487.3176
Web site: http://it.emich.edu/eagleonecard/

A valid Eastern Michigan University identification card is required for many services on campus including the use of special facilities. To obtain a University identification card, students must be registered for at least one class for the current or upcoming semester. You will need one piece of valid picture identification and a copy of your class schedule. Visit the EagleOne Card Office web site for office hours and updated information.

**Veteran Services Office**

Shaftone Dunklin, Director
Address: 246 McKenny Hall
Phone: 734.487.3119
Fax: 734.487.5060 Web site: www.emich.edu/veterans

The Veteran Services Office (VSO) coordinates all campus services for veterans who are pursuing their education at EMU. It is the resource center for veterans' benefits; veterans must report successful academic progress, class drops and adds, and/or relevant changes in personal status to the VSO in order to maintain benefits.

The office assists veterans in housing and financial aid, and works closely with disabled veterans to provide full educational benefits. Veterans should direct all questions to a representative of this office.
Campus Living

Housing
Address: Housing and Dining Services Office (lower level, The Commons)
Phone: 734.487.1300
Fax: 734.487.8513
E-mail: housing@emich.edu
Web site: www.emich.edu/housing/halls.php

Hours: Monday-Friday, 8 a.m. to 5 p.m.

Residence Halls
Eastern Michigan University's residence system provides housing for over 3,000 students, staff and faculty. Housing options include both traditional residence halls and apartments. Our 12 residence halls offer six room layouts to choose from. You can live in a double room, co-ed hall or upperclass single hall. Features include laundry and kitchen facilities, TV and study lounges, cable television, local telephone service and recreational amenities. All halls feature reception desk services and in-room network connections for Internet and e-mail service. Residence hall staff provide educational and recreational programs and promote the safety and welfare of residents.

According to Eastern Michigan University policy, all first-year unmarried students shall be required to live in University residence halls, contingent on space availability. Sophomore students may be required to live on campus as well, space permitting. Please see "Policies Affecting You" in the Indices for the complete policy.

Academic and Personal Success

Studies show that students are more likely to succeed academically and personally if they live in a residence hall. Part of the reason is the variety of academic and student support programs offered. Our Residence Education Program promotes staff organized study skills workshops and provides a nightly study center that creates a quiet, spacious atmosphere for studying.

Residence hall staff also conduct a number of informative programs on such topics as financial aid, health, fitness and personal relationships as well as recreational programming designed to promote community development and enhance your residence life experience.

Make Your Room Special

You'll be amazed at what you can do with your residence hall room. We'll supply the basic furnishings: desk, chairs, bed, dressers and window treatments. Part of the fun of living in a hall is making it feel like home. Check www.emich.edu/housing/whattobring for specific details.

Get Involved in Your Hall

What's a great way to make new friends and have fun? Get involved in residence hall programs. There are so many things to do throughout the academic year. Residence hall staff and Leadership and Advisory Boards traditionally sponsor events such as Lil' Sibs Weekend and a number of activities during Homecoming. Often individual floors and halls will organize bowling parties, volleyball games, sport outings, movie nights and live entertainment.

Residents take an active role in planning and organizing events. You can learn great leadership and organizational skills by participating on a planning committee or by getting involved in Leadership and Advisory Boards. The Residence Hall Association, the residence hall student governing board, gives you an opportunity to represent your hall or floor. So get involved! After all, it's your home away from home!
At Your Service

You can stop by your hall front desk to pick up your mail, make change or check out vacuums and recreational equipment.

Our custodial and maintenance staff will repair any permanent fixtures in your room, such as the heat, plumbing or light fixtures, as well as clean hall corridors, lounge areas and community bathrooms.

Residence hall students also enjoy the convenience of having shuttle bus stops right in front of many halls. You can catch a ride around campus, head to the College of Business in downtown Ypsilanti or go shopping in nearby Ann Arbor.

To reserve a room, students must:

1. Apply online from our web site at www.emich.edu/housing/main.php;
2. Read the contract carefully and thoroughly. The contract contains important information you need to know before reserving a room;
3. Select a meal plan;
4. Select your residence hall program:
   - First-Year Experience Halls: Phelps/Sellers, Walton/Putnam, Best (new incoming freshmen only)
   - Honors Hall (members of Honors College)
   - Upperclass hall (sophomores and above only)
   - Single Room halls (reserved for returning students, new upperclass, transfer and graduate students)
5. Make a $200 prepayment online or print the contract and mail to:

   Cashier's Office

   Address: 201 Pierce Hall

   Eastern Michigan University

   Ypsilanti, MI 48197

Apartments on Campus

Eastern Michigan University offers traditional residence halls as well as apartment living options for students. Three apartment complexes are available to serve your housing needs. These include Brown/Munson, Cornell Courts and Westview apartments.

Eligibility

Applicants must be:

- enrolled in 12 undergraduate credit hours or
- enrolled in six graduate credit hours, or
- actively engaged in an internship, or writing a master's, specialist's or doctoral thesis, or
- upperclass or nontraditional first-year students

Amenities

University Apartments include:

- locations convenient to classes, the library and athletic events;
- utilities included in rent (gas, electric, water and trash collection);
- basic cable service;
- laundry rooms in each building;
- storage facilities at some locations;
- community rooms for complex activities;
- leasing options;
- Internet in Brown/Munson

Students must submit an application to be considered for an apartment. Applications are available from the apartment office and require a $20 nonrefundable processing fee.

Assignments are made by the leasing coordinator according to the date the application is received. Applicants are notified when their application has been approved and a unit is available for occupancy. Apartments are leased as they become available.

According to Eastern Michigan University policy, the maximum number of individuals allowed to live in a two-bedroom apartment is four. The maximum number of individuals in a one-bedroom unit is two.

Contact:

Address: Housing and Dining Services Office (lower level, The Commons)
Phone: 734.487.0445
Web site: www.emich.edu/housing/apartments

Dining Services
Address: Housing & Dining Services Office (lower level, The Commons)
Phone: 734.487.0418
Fax: 734.487.8513
Web site: www.emich.edu/dining

You will never get bored eating the same old food in the same old place at EMU. There are more than 20 locations campus-wide (including four convenience stores). All locations are open to students, faculty, staff, parents and invited guests. Various meal plan memberships which may be purchased by the university community have been designed to complement lifestyles and budgets. Meal plan memberships may be charged to student accounts, or purchased by cash, check or charge card (Visa/MasterCard). Memberships may be purchased at the Housing & Dining Services Office; Eagle Express may also be purchased at the Eagle OneCard Office in the Student Center. Following are the available meal plan memberships.

Required for all freshmen living in residence halls:
PLATINUM - 18
- 3 meals daily Monday-Friday
- 2 meals Saturday
- 1 meal Sunday
- 2 guest meal passes
- $75 E-Dollars per semester for use at any EMU campus-operated location

GOLD - 13
- 2 meals daily Monday-Saturday
- 1 meal Sunday
- 4 guest meal passes
- $150 E-Dollars per semester for use at any EMU campus-operated location

SILVER - 8
• 8 meals any time Monday-Sunday
• 8 guest meal passes
• $250 E-Dollars per semester for use at any EMU campus-operated location

Available only to upperclassmen returning to the residence hall program or transferring with a minimum of 24 credit hours:

SUPER FLEX

• Debit account with total flexibility
• An additional 25% administration fee will be required

BASIC FLEX

• Debit account with total flexibility
• An additional 25% administration fee will be required

Additional memberships available to all non-residence hall students, faculty and staff:

APARTMENT RESIDENTS FLEX

• Debit account with total flexibility

THE COMMONS BLOCK PLAN

• Designed for those who enjoy The Commons’ experience of all-you-care-to-eat buffet dining
• Monday-Friday, lunch and dinner
• Always fresh - many healthy options
• Wireless internet access
• Purchase in blocks of 5 meals = $40
• Purchase 25 meals and receive 2 free meals
• Balance rolls over semester to semester

EAGLE EXPRESS

• 5% discount at all EMU operated facilities available to faculty, staff and students
• Used in all dining locations campus-wide including 4 convenience stores
• Pre-paid debit card means safety and convenience without carrying cash
• Excellent way to supplement your meals 24/7
• Minimum beginning balance is $25 and balance will roll over from semester to semester

NOTE: Posted hours will vary pending holidays and academic calendar. Some dining locations will remain open during unscheduled shutdowns such as snow emergencies. Contact each area for specific hours.

• The Commons
Formerly known as Dining Commons ONE. Diners will enjoy an all-you-care-to-eat self-serve food court featuring home cooked entrees, pasta and stir fry lines, soups, popular fast foods, an extensive salad bar, desserts, and the very popular make-your-own Belgium waffles. Accessible through Downing Residence Hall. 734.487.2442

• Eastern Eateries
High-tech fast food mall with 6 shops featuring 5 national franchises: Jump Asian Cuisine, A & W, Sbarro, Sunset Strips and Freshens. Sundays from 1-6 pm enjoy one-time walk through all-you-care-to-eat Buffet Extravaganzas. Conveniently located between Phelps-Sellers and Walton-Putnam Residence Halls. 734.487.0444
While at the Eateries check out the QuickFixx convenience store located on the lower level. This little store has it all: groceries, toiletries, snacks, greeting cards and video rentals. 734.487.0122

• CrossRoads MarketPlace
Home of the first room service venue in the country for residents "on the hill," this is a unique food court and full service grocery store concept featuring Einstein Bros. Bagels shop plus Hot Off The Grill (entrees) and Panini Grill (deli). Also featured is an extensive video rental and greeting card selection. Located in the Hoyt Conference Center. 734.487.3066

• EMU Student Center Food Court
Features the Lobby Shop (snack shop), Taco Bell Express, KFC Express and Starbucks. This year an exciting new GreenMarket Bistro opened its doors featuring The Garden Bistro (the first all vegetarian venue on campus), Dog Daze gourmet hot dogs, Jet Smoothies and Sbarro. 734.487.6416

Satellite Operations - all shops provide sandwiches, soups, salads, pastries and beverages.

- Cafe Crescendo located in Alexander Hall. 734.487.8450
- Common Ground Cafe located in the Marshall Building. 734.487.3412
- Courtside located in the Rec/IM. 734.487.6693
- Flying Eagles located in Pray-Harrold (northeast end). Also serves Starbucks coffee. 734.487.6965
- Food For Thought located in Sill Hall. 734.487.6965
- Paradox Cafe & Commons located in Halle Library. Also serves Starbucks coffee. 734.487.4550
- The Bottom Line located in the College of Business (downtown Ypsilanti). 734.487.5609
- TO BE Cafe located in Quirk-Sponberg Theatres. 734.487.6699

Student Rights and Responsibilities
The Office of Student Judicial Services works to create an effective living and learning environment by designing policies such as the Student Code of Conduct, providing a disciplinary process and conducting programs that foster ethical development, personal accountability and civility toward others.

For information concerning student rights and responsibilities contact:

Office of Student Judicial Services
Address: 250 EMU Student Center, 2nd Floor
Phone: 734.487.2157
Fax: 734.487.4376
Web site: www.emich.edu/sjs

University Governance and Individuals' Rights

Board of Regents

Eastern Michigan University is an autonomous University governed by an eight-member board of regents appointed by the governor of Michigan and subject to the approval of the Michigan Senate. Financial support for the University comes from student tuition and fees, and support provided by the citizens of Michigan.

Current members of the board of regents are Thomas W. Sidlik, Ann Arbor, chair; Roy E. Wilbanks, Ypsilanti, vice chair; Floyd Clack, Flint; Gary D. Hawks, Okemos; Philip A. Incarnati, Clarkston; Mohamed Okdie, Detroit; Francine Parker, St. Clair Shores; and James F. Stapleton, Ann Arbor.

Policies on Nondiscrimination
Eastern Michigan University shall not discriminate against any person because of race, color, creed, religion, national origin, gender, age, disability or sexual orientation. Further, the University shall work for the elimination of improper discrimination in the areas listed above in organizations recognized by the University and from non-University sources where students and employees of the University are involved.

**Equal Opportunity and Affirmative Action Policies**

Eastern Michigan University admits students of either sex, and any race, color or national or ethnic origin to all the rights, privileges, programs and activities accorded to students at this University. The University does not discriminate against students on the basis of sex, race, color or national or ethnic origin in the administration of its educational policies, admissions policies, scholarships and loan programs and athletic and other University-administered programs. Further, it is the policy and practice of Eastern Michigan University to take affirmative action in all personnel matters.

**Gender Equality**

It is the policy of Eastern Michigan University to comply with Title IX of the Education Amendments of 1972 and its regulations, which prohibit discrimination on the basis of sex. Anyone who believes that in some respect Eastern Michigan University is not in compliance with Title IX and its regulations should contact the executive director of Human Resources.

**Nondiscrimination of the Disabled and/or Challenged**

Sharon Abraham, director
Diversity and Affirmative Action
Address: 11 Welch Hall
Phone: 734.487.1166

In its programs, activities and employment, Eastern Michigan University does not discriminate on the basis of physical or other disabilities. Anyone who believes that in some respect Eastern Michigan University is not in compliance with the Rehabilitation Act and its regulations should contact the executive director of Human Resources. Prospective students with disabilities who are otherwise qualified for admission are invited to apply. Students encountering difficulty with access to full participation in University activities should contact the ombudsman.

**Statement on Campus Violence**

In accordance with the education mission of Eastern Michigan University, the University adopts this policy statement to promote a safe campus environment. The statement reflects the nonviolent spirit of the relationship between students, staff, administrators, faculty, contractors and visitors at Eastern Michigan University.

The safety and security of our students, staff, administrators, faculty, contractors and visitors is extremely important to Eastern Michigan University. Threats, acts of aggression and threatening or violent behavior are not tolerated by or toward students, staff administrators, faculty, contractors or visitors. All reports of incidents will be taken seriously and will be dealt with appropriately.

Threats can be direct and immediate or indirect and implied; threats can occur verbally, nonverbally or in writing. Acts of aggression include, but are not limited to, abusive behavior, stalking and tampering with property and are intended to intimidate, create fear, imply harm or destroy property. Threatening or violent behavior is behaving in such a way that poses an immediate threat to self or others by acts of physical harm.

All students, staff, administrators, faculty, contractors and visitors are strongly encouraged to report threats, acts of aggression and threatening or violent behavior to the Campus Police (911 for all emergencies, 487.1222 for all other calls), Human Resources (487.0083), and/or your department head or supervisor, to help ensure the safety of our campus community.

**Family Education Rights and Privacy Act**
In compliance with the Family Education Rights and Privacy Act (FERPA), Eastern Michigan University assures that any person who is or has been in attendance as a student at EMU has access to his/her educational records. Furthermore, such individual's rights to privacy are assured by limiting the transferability of records without the student's consent.

The following are matters of public record and may be included in directory publications or disclosed upon request without consent: the student's name, address, telephone listing, e-mail address, date and place of birth, major field of study, participation in recognized activities and sports, weight and height (if a member of an athletic team), dates of attendance, degree and awards received (including but not limited to the Dean's List) and most recent previous educational agency or institution. Registration documents of student organizations that contain the names and addresses of the officers and the statement of purpose of the organization also are considered public information. These documents are available in the Office of Campus Life Programs.

EMU reserves the right to make directory information public unless a student files a written request to withhold information with the University Communications Office within 14 days after the semester begins. Once such a request is filed, the information will remain private until the student requests the University Communications Office to release it.

Individuals who believe the University is not in compliance with FERPA and its regulations should contact the executive director of Human Resources.

**Notification of Student Rights under FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. **The right to inspect and review the student's education records within 45 days of the day EMU receives a request for access.**
   
   Student should submit written requests to the EMU Office of Records and Registration, identifying the record(s) they wish to inspect. A University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. **The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.**
   
   Students may ask the University to amend records that they believe are inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify what is inaccurate or misleading.

   If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **The right to consent to disclosures of personally identifiable information contained in the student's education record, except to the extent that FERPA authorizes disclosure without consent.**
   
   One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by EMU in an administrative, supervisory, academic or research or support position (including law enforcement personnel and health staff); a person or company with whom EMU has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

   Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
The University may also disclose, without the student's permission, to parents and legal guardians when the student is under 21, any violation of existing alcohol or drug laws or University policy.

EMU has designated the following items as directory information and these items may be included in publications or disclosed upon request without consent: the student's name; address; telephone listing; e-mail address; date and place of birth; major fields of study; participation in recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received (including, but not limited to, Dean's List); and the most recent previous educational agency or institution attended by the student.

EMU reserves the right to make directory information public unless a student's written objection (specifying the category of information not to be made public without prior consent) is filed with the University Communications Office within 14 days after each term begins.

Students who do not want to be included in the annual EMU Student Telephone Directory should complete a Directory Exclusion form. Forms can be picked up from University Publications, Housing and Dining Services, Records and Registration and the Library Copy Center. They must be turned in by Sept. 15 to the Library Copy Center or to University Publications. Completing the exclusion form will remove the student's name, address and phone number from the current and subsequent telephone directories.

4. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by EMU to comply with requirements of FERPA. The name and address of the office that administers FERPA is:**
   Family Policy Compliance Office
   U.S. Department of Education
   600 Independence Avenue, SW
   Washington, DC 20202-4605
The Undergraduate Experience - Transfer Information

- Community College Relations
- The MACRAO Agreement
- Articulation Agreements

Community College Relations
Pat Cygnar, Director
E-mail: pat.cygnar@emich.edu

Trish Molloy
E-mail: pmolloy@emich.edu

Address: 229 Rackham Building
Phone: 734.487.6577
Web site: www.emich.edu/ccr

The Office of Community College Relations works collaboratively with the faculty and staff of EMU and community colleges to enhance the educational transition process for community college students. Our purpose is to promote a seamless transfer process that minimizes the loss of academic credit and time in obtaining a bachelor's degree. Many EMU academic programs have signed program articulation agreements with community colleges, that ensure the transfer of credit from an associate degree program to a bachelor's degree program. Students who use an articulation agreement may receive credit for courses or blocks of courses that do not transfer outside of the agreement. The agreement also provides a curriculum guide that, makes it easier to select courses that satisfy the program and institutional requirements at both schools. Community college students should check with their counselor or program adviser about the availability of articulation agreements, or visit the CCR web site (www.emich.edu/ccr).

CCR activities include:

- Facilitating the development of program articulation agreements;
- Facilitating collaborative arrangements with community colleges (such as faculty meetings and professional workshops, joint promotion of articulated programs and joint sponsorship of student activities);
- Maintaining and updating articulation agreements;
- Maintaining a web site with articulation curriculum guides and information on the status of articulation agreements;
- Providing support to community college faculty and staff regarding transfer student issues including articulation and transfer equivalency;
- Working with the EMU Transfer Services to facilitate course credit equivalency for transfer students;
- Providing articulation information to the EMU Advising Centers;
- Collaborating with the Admissions Office in sponsoring Community College transfers events and activities;

Please also refer to the transfer website for more details on transferring to EMU.

The MACRAO Agreement
Eastern Michigan University is a signer of the MACRAO (Michigan Association of Collegiate Registrars and Admissions Officers) agreement. The purpose of this agreement is to ensure that students who complete a specified distribution of general education courses at a Michigan community college will have satisfied all or most of the general education requirements at signatory four-year colleges. Eastern Michigan University accepts the MACRAO agreement with the following provision:

Students who have been certified by a signatory community college as having satisfied the general education requirements of the MACRAO agreement will be required to fulfill only the three additional requirements now a part of Eastern Michigan University's general education requirements: a quantitative reasoning course (unless waived by ACT or SAT scores), a U.S. diversity or global awareness course, and a learning beyond the classroom experience or course. This agreement applies only to general education and does not exempt community college students from meeting all curriculum and graduation requirements.

**Articulation Agreements**

Articulation agreements between Eastern Michigan University and certain two-year colleges allow students to complete an associate degree and transfer into a related bachelor's degree program with minimum duplication of coursework and loss of credit. Articulation agreements list the courses that will transfer to Eastern Michigan University and show how they fulfill requirements toward completion of the bachelor's degree program. Articulation Agreement Guides are available online at www.emich.edu/ccr.

To see a complete list of current colleges with program articulation agreements with EMU, please click here.

General Information

**Director:** Chris Foreman  
**E-mail:** cforeman@emich.edu  
**Website:** http://www.emich.edu/gened

General education is the core of an undergraduate education. It is general in that it provides students with a comprehensive educational experience and prepares them for study within their major. General education teaches students to think critically and communicate effectively; it provides an introduction to the methodologies and practices of the academic disciplines; it promotes intellectual curiosity and a love of learning. General education is the heart of an EMU education and a source of institutional pride.

Curriculum Categories
Waiver, Placement and Substitutions

- Students may choose to complete ENGL 120 as an elective to prepare for the required ENGL 121 course. Students will decide this by completing the Guided Self-Placement (GSP) Student Survey located at: www.emich.edu/english/gsp/. Students with an ACT English sub-score of 29 or higher, or an SAT Verbal sub-score of 640 or higher, are waived from this requirement. International students may use ESLN 412 to meet the ENGL 121 requirement Area I, #1.

- Students with a very strong background in oral communication (public speaking and critical listening) may contact the Communication and Theatre Arts department at 124 Quirk, 734.487.3131, for a possible waiver of the required CTAC 124 course. Waivers are granted only on a case-by-case basis.

- Students with an ACT Math sub-score of less than 19, or an SAT Math sub-score of less than 520, are encouraged to take MATH 097/MATH 098 in preparation for MATH 110. However, students may take the Math Placement Test to place into MATH 110. (NOTE: MATH 097 and MATH 098 do NOT count toward the minimum 124 hours required for graduation. Students who complete MATH 097 and/or MATH 098 will be required to complete additional hours over the minimum of 124 hours to graduate.)

- Students with
  - an ACT Math sub-score of 19-22, or an SAT Math sub-score of 520-570, are eligible to take MATH 110 based on that test score.
  - an ACT Math sub-score of 23-27, an SAT Math sub-score of 580-660, or a CLM score of 53-92 may take MATH 110 or another course designated as a quantitative reasoning (QR) course.
  - an ACT Math sub-score of 28 or higher, an SAT Math sub-score of 670 or higher, or a CLM score 93 or higher are waived from the MATH 110 requirement.

- Upon a student’s initial enrollment at EMU, the Academic Advising Center (734.487.2171) has the authority to exercise professional judgment when accepting transfer courses for the General Education Program. Credits earned through the Advanced Placement (AP), College-Level Examination Program (CLEP), International Baccalaureate (IB), and the military are treated as transfer credit and the scores/credits are evaluated by the following departments:
  - AP - College of Arts and Sciences, Dean’s Office, 734.487.4344
After their initial enrollment at EMU, students who wish to receive General Education approval to take, at another institution, courses not accepted as direct (course-to-course) equivalencies to the General Education Program, must receive prior approval from the General Education Director (734.487.0439).

Waivers and substitutions for courses taken at EMU and not approved for the General Education Program can only be granted by the General Education Director (734.487.0439) and cannot be approved for General Education credit by academic departments. NOTE: Exceptions to this are the courses in Area I and II whose guidelines appear above.

**QRChoice Category Information**

Students under the new General Education Program are placed into a Quantitative Reasoning (QR) category based upon their ACT or SAT math score. Students with an ACT math score greater than or equal to 23 or an SAT math score greater than or equal to 580 are in the “QRChoice” category; they can take any approved QR course (or may be waived from the requirement* if the score is 28+ for ACT or 670+ for SAT). All other students, including those without an ACT or SAT score, must take MATH 110 or MATH 110E (for Elementary Education certification) as the requirement for the General Education Program.

Students who are not eligible for QRChoice may test into this category by using the College Level Math section (CLM) of the mathematics placement test. Testing into QRChoice can only be done under the following conditions:

1. A student must obtain a form designated for this purpose from the University Advising and Career Development Center (UACDC), 200 McKenny. (This is not the same as the pink math placement authorization form.)

2. The score on the CLM must be 53 or higher. *No exceptions will be made to this cutoff.* A score of 93 or higher will earn the student a QR waiver**.

3. The student cannot take the CLM test more than two times. This includes times that the test is taken for initial placement purposes.

4. A student must wait a minimum of 30 days between a first attempt and a second attempt.

5. The test must be taken within two calendar years from the beginning of the student’s first term at EMU with an *application decision* of “regular admit.” This applies also to a second attempt.
6. To take the QRChoice test, a student must have a minimum math score on the ACT of 19 or on the SAT of 520 or have passed the Elementary Algebra placement test with a minimum score of 83.

Students should consider getting the QRChoice Category Request to Test Form if this situation applies to them.

QRChoice Category Request to Test Forms will be returned to the University Advising and Career Development Center (UACDC) through a secure route, and kept on file there. Students who successfully test into QRChoice will have a code entered onto their record by the Academic Advising Center to be used for graduation audit purposes. A study guide can be found at http://math.emich.edu/placement.html

*A QR waiver means that the QR requirement for the General Education Program is deemed to have been satisfied. A student may still have to take one of the designated QR courses if his/her program (major, minor or curriculum) requires it or if it is needed as a prerequisite to another course he/she wishes to take.

General Education Transfer Guidelines

Transfer students with MACRAO* will need to meet these requirements:

1. **QR requirement**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list, will meet this requirement if taken before the first semester at EMU with an application decision of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

2. **Perspectives on a Diverse World**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an application decision of “regular admit.”

3. **Learning Beyond the Classroom**
   Only one course or experience is required and must be completed at EMU.

4. **A Writing Intensive (WI) course designated by their major.**

   Transfer students without MACRAO* will need to satisfy:

1. **All General Education requirements**
   Requirements may be met by transferred courses if taken before the first semester at EMU with an application decision of “regular admit.”

2. **QR requirement (exception)**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an application decision of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).
3. **Perspectives on a Diverse World (exception)**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an *application decision* of “regular admit.”

4. **Learning Beyond the Classroom (exception)**
   Only one course or experience is required and must be completed at EMU.

*MACRAO may be completed after initial enrollment at EMU

To receive credit for transfer courses completed after the first term of enrollment at EMU with an *application decision* of “regular admit,” the courses must be direct equivalencies *(course-to-course)* to EMU’s General Education Program in order to be applied to General Education requirements. Questions regarding course-to-course equivalencies should be directed to the Director of the General Education Program at 734.487.0439.

Mission Statement

The College of Arts and Sciences at Eastern Michigan University has as its mission the intellectual growth and the pursuit of excellence in the study and enhancement of the arts and humanities, mathematics and the social and natural sciences. The College is composed of students, faculty and staff committed to teaching and learning, to research and scholarship, to creative endeavors and to public service.

Through these pursuits, the College seeks to enrich the lives of all its members and prepare them for service in the local, national and global communities. The College seeks to encourage dynamic engagement with the arts and humanities and the pursuit of an ever-deeper understanding of the sciences and of physical and social life in all its forms and manifestations.

The College seeks to develop in all its members the ability and desire to think critically, to act independently and to communicate effectively. The College seeks to foster an appreciation for diverse multicultural, ethnic and gender-related perspectives.

The College of Arts and Sciences

The College of Arts and Sciences educates students and fosters scholarly and creative activity in the fine and performing arts, the humanities and the social and natural sciences, both applied and theoretical. The liberal arts education in the College embodies the five principles embraced by the general education program: effective communication, quantitative reasoning, knowledge of the disciplines, perspectives on a diverse world and learning beyond the classroom.

Faculty research is integrated into the teaching of the College’s many undergraduate majors and graduate degree programs enhancing student skills in both pure and applied inquiry and preparing students for professional careers and informed citizenship. Scholarly and creative activity of the faculty provides the foundation for the College’s education of students at all levels as well as the foundation for service to the engagement with surrounding communities. The College’s commitment to active, collaborative, interdisciplinary, applied and innovative teachings hinges upon ongoing creativity, curiosity and inquiry in all fields of faculty expertise.
The College seeks to ensure success for all its members, to prepare them for service in local, national and global communities and organizations and to instill knowledge of and respect for human diversity in all its many manifestations. The College seeks to serve and enrich the local community and the region through its vibrant artistic programs, applied research services and civic and K-12 partnerships.

**Baccalaureates**

Most students in the college pursue one of the two basic undergraduate degrees, bachelor of science (B.S.) or bachelor of arts (B.A.). Both degrees require completion of University general education requirements, a major and a minor and a minimum total of 124 hours. The bachelor of arts degree includes in that total one year of college credit in a foreign language. The bachelor of science degree provides greatest flexibility in selection of the major and minor and in the use of electives. Please see the catalog for specific degree requirements.

Additionally, the following specialized degrees are offered: bachelor of fine arts (B.F.A.), bachelor of art education (B.A.E.), bachelor of music education (B.M.E.), bachelor of music-performance (B.Mu.) and bachelor of music therapy (B.M.T.). These specialized degrees are described more fully within the individual departments.

Several professional certificate and preprofessional programs are also available within the College. These programs, described more fully within individual department listings, include registered music therapy (RMT); international diplomas in business French and German; certified actuarial science (CAS); pre-dental hygiene; pre-dentistry; pre-law; pre-medicine and pre-osteopathic medicine; pre-mortuary science; pre-pharmacy; and pre-religious careers. Two other preparatory programs are shared with the College of Technology: prearchitecture and preengineering.

Mission Statement
EMU's College of Business (COB) provides an academic learning environment that fosters innovative, applied and global business programs. It supports the economic development of southeastern Michigan by preparing graduates to perform effectively in a "knowledge and information age" business world shaped by a global economy. EMU's COB endeavors to develop business leaders to understand and use innovative approaches to address the forces shaping their environment as they create and manage businesses with the highest ethical standards.

The College focuses first and foremost on teaching and learning. Faculty conduct research which supports the overall learning experience. The College values, supports and encourages service to and interaction with the greater community. All College of Business Programs accredited by AACSB Internations: The Association to Advance Collegiate Schools of Business, the premier accrediting agency for professional business education worldwide.

The College of Business provides affordable practical business education for the bachelor's through the master’s level degrees to residents of southeast Michigan. By virtue of its various strengths, the College of Business also attracts students from outside the region and from the world. The college aims to design programs to meet the needs of a quickly changing business environment by having key corporate partnerships and strong advisory boards.

The college has a strong faculty with interests and skills that match these needs: skills in entrepreneurship, human resources development, information/knowledge management, results measurement, change management, corporate social responsibility, globalization, workforce diversity, supply chain management innovation and rapid growth and diversification of the regional economy. The college of Business has a domesticall and internationally diverse faculty and student body.

The College of Business offers five graduate programs as well as non-degree graduate programs. For descriptions of graduate programs and courses in the College of Business, consult the graduate catalog or www.cob.emich.edu.
Curriculum for the Bachelor of Business Administration Degree

The bachelor of business administration degree (B.B.A.) requires that students successfully complete a minimum of 60 hours in business within the minimum 124 hours required to qualify for a B.B.A. degree. Students must complete EMU's General Education requirements and meet requirements for admission to the College of Business (see admission to Bachelor of Business Administration program section below) before enrolling in upper-division (300- or 400-level) business courses. The B.B.A. degree does not require a separate minor. Students must have a minimum 2.0 GPA for business core and minimum 2.0 GPA for major courses, and an overall 2.0 GPA to meet graduation requirements. However, students interested in pursuing graduate studies will need to attain a minimum GPA of 3.0.

The business core and major requirements in effect at the time of the student’s initial registration at Eastern Michigan University, or the requirements of a subsequent catalog, including those in effect at the time of the student’s graduation, may be used to complete graduation requirements.

The bachelor of business administration degree is offered to students majoring in any one of 13 undergraduate professional programs:

- Accounting
- Accounting Information Systems
- Bachelor’s-Master’s degree in Accounting (150-hour program)
- Bachelor’s-Master’s degree in Accounting Information Systems (150 hour program)
- Computer Information Systems
- Economics
- Entrepreneurship
- Finance
- General Business
- International Business
- Management
- Marketing
- Supply Chain Management

Note: Economics is offered in cooperation with the Department of Economics.

The College of Business has established articulation agreements to transfer credits from specific community colleges into its programs. The following programs have articulation agreements with the colleges listed below. For more information, please contact the department head, College of Business Undergraduate Academic Services, 401 Owen Building, 734.487.2344 or the Office of Community College Relations at 229 Rackham Hall, 734.487.6577. Full-text versions of articulation agreements are available at http://www.emich.edu/ccr/artguide.php. Currently we have articulation agreements with the following community colleges:

- Delta Community College
- Henry Ford Community College
- Jackson Community College
Lansing Community College  
Macomb Community College  
Monroe County Community College  
Mott Community College  
Oakland Community College  
Owens Community College  
Schoolcraft College  
Washtenaw Community College  
Wayne County Community College

**Business Minors**

Nine business minors are available for non-business majors. These are:

- Accounting
- Business Information Technology Governance
- Computer Information Systems
- Entrepreneurship
- Finance
- General Business
- International Business
- Management
- Marketing
- Supply Chain Management

*Note:* Business Information Technology Governance is offered in cooperation with the College of Technology.

**Admission to Bachelor of Business Administration programs**

Admission to the College of Business is open to student applicants with 56 or more hours completed who are enrolled in the last one or two of the 12 required courses to qualify for admission. Students wishing to advance register for classes should return their applications to the College of Business Undergraduate Business Academic Services by the following deadlines:

- Winter semester: November 1
- Spring and summer sessions: March 1
- Fall semester: March 1

*Note:* Students who cannot meet the above deadline for application to the College of Business should contact the Undergraduate Business Academic Services regarding late application.
Students must be admitted to the University to be considered for admission to the College of Business. Please note that students admitted to the University, are not automatically admitted to the College of Business.

Students who wish to enroll in 300- to 400-level business courses must contact the Undergraduate Business Academic Services.

Applicants for admission to the College must make an appointment with the College Undergraduate Business Academic Services, 401 Owen Building, 734.487.2344. At that appointment, students must bring a progress report, tabulation of transfer credits and transcripts or grade reports in order to be approved immediately for registration in 300- to 400-level business courses.

To qualify for admission, students must have successfully completed 56 hours with a minimum cumulative grade point average of 2.5. In addition, the following courses must be recognized as successfully completed by the University, and courses (6 through 12) must be completed with a minimum earned grade of C- (C required for transfer courses) in each:

1. ENGL 121 - Composition II: Researching the Public Experience (3 hrs)
2. CTAC 124 - Fundamentals of Speech (3 hrs)
3. MGMT 202 - Business Communication (3 hrs)
4. Quantitative Reasoning course or waiver
5. ECON 201 - Principles of Macroeconomics (3 hrs) and Principles of Microeconomics (3 hrs)
6. COB 200L - Introduction to Business (3 hrs)
7. ACC 240 - Principles of Financial Accounting (3 hrs) and ACC 241 - Principles of Managerial Accounting (3 hrs)
8. LAW 293 - Legal Environment of Business (3 hrs)
9. IS 215 - End-User Computing (3 hrs)
10. DS 265 - Business Statistics I (3 hrs)

Business students may not enroll in 300- to 400-level business courses prior to completing admission requirements.

Prospective transfer students are strongly recommended to contact the Undergraduate Business Academic Services, 401 Owen Building, 734.487.2344 for a review and evaluation of transfer credits individually and unofficially. Prospective transfer students need to present unofficial transcripts/records for advising.
Once an applicant is accepted as a transfer student at Eastern Michigan University, an official tabulation of credit will be provided to the student during the initial advising appointment at EMU's Advising Center in 200 McKenny Hall. Students intending to major in business will be advised in the College of Business Undergraduate Academic Services after the initial advising appointment at the advising center. Priority admission students do not need to apply for admission to the College of Business.

All students, unless they meet the qualification for priority admission (see below), are required to formally apply for admission to the College of Business and must meet all college admission requirements.

**Priority Admission to the College of Business**

All students qualifying for priority admission to the College are encouraged to make an appointment with the College Undergraduate Business Academic Services, 401 Owen Building, 734.487.2344 to discuss course sequencing.

**Freshmen**

Students who are high school National Merit Scholars or Eastern Michigan University Presidential scholars, as determined by the scale below, may gain priority admission to the College of Business as freshman.

The determination of an EMU Presidential Scholar is indicated on the scale below:

<table>
<thead>
<tr>
<th>GPA</th>
<th>ACT</th>
<th>SAT</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.00</td>
<td>22</td>
<td>1040</td>
</tr>
<tr>
<td>3.90</td>
<td>23</td>
<td>1080</td>
</tr>
<tr>
<td>3.80</td>
<td>24</td>
<td>1110</td>
</tr>
<tr>
<td>3.70</td>
<td>25</td>
<td>1150</td>
</tr>
<tr>
<td>3.50-3.69</td>
<td>26</td>
<td>1180</td>
</tr>
</tbody>
</table>
High School Students with an International Baccalaureate Diploma, who have been admitted to EMU, may gain priority admission to the College of Business as Freshmen.

Transfer Students

Students transferring from a community college or a four-year institution who have completed at least 30 transferable credit hours with course(s) in a business track may also gain priority admission to the College of Business. Those students who have earned a 3.0 or higher GPA will be admitted to the College of Business without a conditional admission.

To maintain priority admit status in the College of Business:

- Students must maintain a minimum of 2.5 cumulative GPA at Eastern Michigan University.
- Priority admit students will be eligible to enroll in 300-400 level business courses after completing a total of 56 credit hours (junior status) and meeting prerequisite requirements.

Business Minors and Other Nonbusiness Majors

Students choosing to minor in a business area, should declare thier minor online, or by contacting the COB Undergraduate Academic Services, 401 Owen Building, 734.487.2344, or EMU’s advising center, 200 McKenny Hall.

Nonbusiness majors who wish to enroll in College of Business courses should contact the Undergraduate Business Academic Services. Students must be of junior standing (56 or more hours) and in good academic standing (2.0 GPA or better) to enroll in 300- and 400-level College of Business courses. No student majoring in a program outside of the College of Business may enroll in more than 30 hours of credit for courses offered in EMU’s College of Business. This limitation applies to those minoring in business as well as to those taking business courses for general elective credit. Nonbusiness majors also must satisfy stated course prerequisites listed in this catalog.

College of Education

Interim Dean
Shawn Quilter
310 John W. Porter Building
Phone: 734.487.1414

Interim Associate Dean
Mission Statement

To create an exemplary educational environment to develop the intellectual curiosity, creativity, critical and reflective thinking and problem-solving abilities of our students so that they may become ethical, productive and contributing participants and leaders in a democratic and diverse society.

Given the size and complexities of the professional preparation programs of Eastern Michigan University, the complicated interactions between University programming and external authorities, the rapid change that is occurring to keep EMU professional education programming on “the cutting edge,” and other such factors, it is virtually impossible for any single faculty or staff member to be completely and fully informed on every matter that might be raised.

Faculty and staff members make every effort to be helpful to students and departmental/program materials are intended to inform. Even so, none of these sources is infallible, especially in complicated situations.

Thus, there is the need for a single, authoritative source of information about professional education curricula and academic policy on which the entire EMU community can draw and in which all can have confidence. This portion of the catalog is intended to serve that purpose.
The Governance of Professional Education

Eastern Michigan University is committed to the principle that teacher preparation is a campus-wide responsibility. Many EMU organizational entities are involved with services to prospective teachers, other professional personnel, and teacher preparation program delivery. Several established faculty bodies are charged with roles involving curriculum and academic policy issues.

Assessment Committee

The Assessment Committee is charged with assisting all programs in the professional education unit develop and implement assessment plans for continuous improvement and accreditation.

Basic Programs Committee

The Basic Programs Committee is charged, under its governing document, with the coordination of initial teacher preparation. The committee is composed of elected faculty members from four academic colleges, each representing one or more program areas in which the institution prepares beginning teachers; students; and major administrators of the teacher preparation unit. The determinations of the committee are made as recommendations to the College of Education Council.

Advanced Programs Committee

The Advanced Programs Committee is charged with matters having to do with any Eastern Michigan University preparation program that is an “advanced” program for professional education personnel (as defined by NCATE).

Professional and Affiliated Programs Committee

The Professional and Affiliated Programs Committee is charged with matters having to do with any College of Education program (i) at either the undergraduate or graduate level and (ii) that does not fall under the responsibility of either the Basic Programs Committee or the Advanced Programs Committee (i.e those programs of the College of Education that do not lead to a credential from the Michigan Department of Education).

Diversity Committee

The Diversity Committee is charged with designing and implementing curriculum and experiences for candidates to acquire and apply the knowledge, skills, and dispositions necessary to help all students learn. These experiences include working with diverse higher education and school faculty, diverse candidates, and diverse students in P-12 schools.

College of Education Council
The College of Education Council (COE Council) is composed of elected members of the faculty of the College of Education. Basic Programs Committee recommendations are forwarded to the COE Council for its review. Positive recommendations are forwarded through the Dean of the College of Education to the Office of the Provost and Vice President for Academic Affairs for further review and approval.

All matters related to the advanced preparation of teachers and related to the preparation of all other types of educational personnel (e.g., principals, counselors) are processed through the Committee on Advanced Programs and the COE Council. Determinations are forwarded through the Dean of the College of Education to the Office of the Provost and Vice President for Academic Affairs.

Central Institutional Structures

An item approved by the College of Education Council and also approved by the Dean of the College of Education is transmitted to the Office of the Provost and Vice President for Academic Affairs. From there, the routing to obtain closure on the item, depending on the nature of the item, might be to one or more of several different entities, including the Faculty Council, the Graduate School, the Board of Regents, etc. The policies, procedures, minutes, etc. of these various structures are available through the executive officer of the body or the relevant Eastern Michigan University administrator.

General Information Applicable to all Prospective Teachers

Eastern Michigan University is authorized and approved by the Michigan Department of Education and accredited by the National Council for Accreditation of Teacher Education to prepare the following types of teachers. Successful completion of the appropriate program of study leads to a recommendation for the Michigan provisional certificate.

Elementary

Several approaches for establishing eligibility for recommendation for certification as an elementary teacher are offered. One approach includes the course work necessary for eligibility for the additional early childhood education endorsement. See the curricula in both elementary and early childhood education.

Secondary and K-12

Programming is offered to establish eligibility for recommendation for certification as a secondary teacher in the following fields: biology, business, management, marketing and technology, chemistry, computer science, earth science, English, Teaching English as a second language, French, geography, German, health, history, integrated science, mathematics, physical science, psychology, physics, political science, social studies, Spanish, speech (communication) and vocational technical. See the curricula for these secondary programs.

Programming is offered to establish eligibility for recommendation for certification as a K-12 teacher in the following fields: French, German, Japanese language and culture, music (instrumental), music
(vocal), physical education, technology and design, Spanish and visual arts education. See the curricula for these K-12 programs.

Special Education

In general, one must complete requirements for becoming an elementary or secondary teacher prior to or simultaneously with completing additional requirements for becoming a special education teacher. At the undergraduate level, EMU prepares special education teachers in the areas of emotional impairment, hearing impairment, cognitive impairment, physical and other health impairment and visual impairment. The speech and language pathology program is a five-year course of study that culminates in a master’s degree. The learning disabilities and autism spectrum disorder programs are graduate-level programs only. See the curricula for these special education programs.

Employment Opportunities

The demand for certain kinds of teachers is much greater, both in Michigan and nationally, than it is for other kinds of teachers. In addition, it is sometimes difficult to place student teachers in certain teaching fields. Accordingly, prospective teachers are urged to consult with an adviser at an early point so as to optimize ultimate employment opportunities through careful selection of a course of study.

Education Honor Society

Kappa Delta Pi, International Honor Society in Education, has been in existence since 1911. Pi Chapter, the chapter at Eastern Michigan University, was established at Michigan State Normal School on June 20, 1922. It has operated continuously since that date, the 16th chapter chartered out of more than 600 in the world. In 1999, Pi Chapter was recognized as an “ACE” (Achieving Chapter Excellence) chapter. Among the activities of Pi Chapter are the following:

- Assisting with the care and welfare of the Town Hall School, the 1895 one-room schoolhouse;
- Adoption of Bellevue Elementary School in Detroit;
- Overseeing the Kappa Delta Pi and Lyman-Lindquist Scholarship Funds;
- Making juried presentations at state, regional and international convocations;
- Helping graduating students learn how to better present themselves in interviews and in the preparation of credential files and portfolios;
- Working to promote pre-service and in-service programs for prospective and practicing educators;
- Promoting and assisting in the establishment of the Capital National de México (the Mexican National Chapter of Kappa Delta Pi) at la Universidad Autónoma de Querétaro, Qro; and
Applications are available on the Kappa Delta Pi bulletin board outside 226 Porter and at the Department of Teacher Education, 313 Porter. Membership requirements are 3.2 GPA (undergraduates) or 3.5 GPA (graduates and post-baccalaureate certification students) and admission to a teacher education program. First and second year students who intend to become teachers can pledge the chapter until they are eligible to become regular members.

For more information, please refer to the International Kappa Delta Pi web site: www.kdp.org/

**Initial Certification (first license as a teacher)**

Five-year provisional teaching certificates are conferred by the Michigan State Board of Education upon recommendation of Eastern Michigan University. The University recommends for provisional certification only those students who have satisfied the curricular requirements in one of the teacher education degree programs, and have completed and passed the appropriate state competency tests.

The two initial certificates recommended by Eastern Michigan University are:

* **State Elementary Provisional Certificate**, which certifies the holder to teach all subjects in elementary grades (K-5) and appropriate majors and/or minors in grades 6-8 middle school, and 6-8 self-contained.

* **State Secondary Provisional Certificate**, which certifies the holder to teach only majors and minors in grades 6-12.

Certificates are issued by the Michigan State Department of Education. Certificates always expire on June 30 of the calendar year. Issue date and expiration date are printed on the face of the certificate.

**Note:**

A holder of this certificate who has completed EMU’s curricular requirements in art, special education, technology and design, music, Japanese, teaching English as a second language or physical education is normally eligible to teach in the specialty area in grades K-12.

EMU also offers occupational certificates. Occupational certificates can be used in specific vocational teaching settings, but they are not equivalent to provisional certificates. Information about occupational certificates is available in the School of Technology Studies in 122 Sill.

**Continuing Certification**

The Michigan provisional teaching certificate earned in teacher preparation programs is valid for five years. In order to maintain a valid teaching credential, teachers must continue their studies toward a professional certificate. A minimum of 9 credit hours must be earned during the first five years in order to renew a provisional certificate. The College of Education’s Office of Academic Services is responsible for assisting certified Michigan teachers in maintaining and updating their teaching credentials with the
State of Michigan. The Office of Academic Services (206 Porter, 734.487.1416) can help licensed Michigan teachers renew a provisional certificate, add endorsements or apply for the professional certificate. The office is not authorized to process applications for certification outside Michigan.

Current teacher licensing information for each licensed teacher in Michigan can be found at http://mdoe.state.mi.us/teachercert/. Application for provisional certification, professional certification, renewals, and endorsements are made through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecs.

First Renewal Certificate Requirements (valid for three years)

Completion of nine credit hours after the issuance of a Michigan provisional certificate or a master’s degree in a field related to teaching, earned at any time, from Eastern Michigan University. Course work must support a coherent plan for professional development appropriate for the teaching context. Six credits are required from Eastern Michigan University and three credits may be transferred if approved by the certification coordinator. No community college credits or SB-CEUs will be accepted. Application for the first renewal is made by the candidate through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecs.

Second Renewal Certificate Requirements (valid for three years)

Completion of 18 credit hours after the issuance of a Michigan provisional certificate or a master’s degree in a field related to teaching, earned at any time, from Eastern Michigan University. Course work must support a coherent plan for professional development appropriate for the teaching context. Twelve credits are required from Eastern Michigan University and six credits may be transferred if approved by the certification coordinator. No community college credits or SB-CEUs will be accepted. Application for the first renewal is made by the candidate through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecs.

Professional Certificate Requirements

Completion of 18 credit hours after the issuance of Michigan provisional certificate or a master’s degree in a field related to teaching, earned at any time, from Eastern Michigan University. Course work must support a coherent plan for professional development appropriate for the teaching context. Twelve credits are required from Eastern Michigan University and six credits may be transferred if approved by the certification coordinator. No community college credits or SB-CEUs will be accepted. Application for the first renewal is made by the candidate through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecs.

Demonstrate and document three years of successful teaching experience (at least 150 days per year) following the issuance of and within the endorsement area(s) on the Michigan Provisional certificate.

Satisfy Michigan reading requirements: elementary teachers must have six credit hours of reading methodology and secondary teachers must have three credit hours of reading methodology. All teachers must complete an additional three credit course in reading diagnostics. The reading diagnostics
courses at EMU are RDNG 503 for elementary teachers and RDNG 504 for secondary teachers. Application for the professional certificate is made by the candidate through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecc.

After the professional certificate has been issued the teacher must complete either six credit hours or eighteen hours of SB-CEUs that have been approved in advance by the Michigan Department of Education. Application for the professional renewal is made by the candidate through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecc.

Adding Endorsements

Endorsements are available in various subject areas. These endorsements require course work, field experience and typically, the appropriate subject area test from the Michigan Test for Teacher Certification. The first step in this process is to meet with a department advisor who can write a program of study for the subject area to be added. Upon completion of the course work and test(s), the candidate makes application for the additional endorsement through the Michigan Online Educator Certification System (MOECS) at www.michigan.gov/moecc.

Admission

Students interested in pursuing course work toward continuing certification should apply for Graduate School admission as “Teacher Endorsement” or “Teacher Certification.” This requires an application, application fees and undergraduate transcripts (401 Pierce, 734.487.3060).

Teacher Preparation Program

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Application forms and additional information are available online at www.emich.edu/coe/students.
Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

Criteria for Undergraduate Admission to the Initial Teacher Preparation Program

- Completion of 56 credit hours
- Appropriate cumulative GPA. One of
  1) An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
  2) Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
- A grade of “C” or higher (if taken) in the following courses:
  1) Secondary: ENGL 121, CTAC 124, quantitative reasoning, all professional education courses, and PSY 101 if special education major
  2) Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and PSY 101 if special education major.
- Passing scores on all three sections (reading, mathematics, and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test na official score report must be on file at Eastern Michigan University.
- Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
- Completion of a Disposition Self Evaluation Form.
- Freedom from civil/criminal convictions, academic probation, or administrative probation. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
  1) A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
  2) A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
- Meet academic, social, moral, and financial obligations as a member of the EMU community.
Criteria for Admission to the Post-Baccalaureate Elementary and Secondary Teacher Certification Program.

- Minimum cumulative undergraduate grade point average (GPA) of 2.5 or a 3.0 in a master’s degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor’s Office, 301 Pierce Hall, 734.487.5497

- Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report must be on file at Eastern Michigan University.

- Personal Statement and letter of recommendation.

- Freedom from civil/criminal convictions, academic probation, or administrative probation. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
  1) A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
  2) A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

- Meet academic, social, moral, and financial obligations as a member of the EMU community.

- Compliance with all other admissions requirements.

Undergraduate students on academic probation may not earn credit for any graduate-level on-campus or off-campus courses (500-level and above).

Once admitted, students are considered teacher candidates. Manuals, policies and procedures are available to all teacher candidates at www.emich.edu/coe/oas. Teacher candidates should print the student manual, read it and keep a copy for their records.

The teacher preparation program has a process for identifying teacher candidates with professional weaknesses. The process is called "red flagging" and is explained in student and faculty manuals. Two red flags can lead to dismissal from the teacher preparation program.

Elementary and Early Childhood Programs

The curricula for the elementary education programs leading to the bachelor’s degree consist of (1) an appropriately selected group of courses in general education, (2) a liberal arts major in Elementary Education and a second major or two minors from an approved list and (3) a required group of professional education courses. If the student wishes to be endorsed in a subject field for grades 6-8 or PK-K, an additional subject test associated with the major/minor from the approved list will be required.
Satisfactory completion of these courses and requirements will satisfy requirements for a bachelor’s degree and for eligibility for recommendation for the State of Michigan Provisional Elementary Certificate.

Ordinarily, the degree earned is the bachelor of science. The bachelor of arts degree requires completion of one year of college credit in a foreign language.

The state elementary provisional certificate is valid for teaching all subjects K–5, for teaching in self-contained classrooms in grades six through eight, and for teaching in one’s major or minor areas of concentration in grades six through eight if the endorsement is earned. The Michigan Test for Teacher Certification (MTTC) for elementary education are #103 "Elementary Certification Test 1" and # 104 "Elementary Certification Test 2". A candidate is not considered for “program completion” until the candidate passes these tests.

An active articulation agreement exists between this program, Henry Ford Community College, Lansing Community College, Owens Community College and Washtenaw Community College. For further details, see the Articulation Agreements section.

**Approved Majors for the Elementary Program**

Early Childhood Education

Elementary Integrated Science
Language Arts Group
Mathematics for the Elementary Teaching Certificate
Reading
Social Studies Group Major for Elementary Education

**Approved Minors for the Elementary Program and the Special Education-Elementary Programs**

Elementary Integrated Science
Teaching English as a Second Language
French, German or Spanish Language
Language Arts Group
Mathematics for the Elementary Teaching Certificate
Physical Education for Special Education (for special education majors)
Reading
Secondary (Middle-High School) and K-12 Programs

The curricula for the secondary/K-12 teacher preparation programs consist of (1) an appropriately selected group of courses in general education, including the EMU General Education program, (2) an appropriately chosen major and (certain teaching fields excepted) minor and (3) a required group of professional education courses. Satisfactory completion of these courses and requirements will satisfy requirements for a bachelor’s degree and for eligibility for recommendation for the state of Michigan provisional secondary certificate.
Ordinarily, the degree earned is the bachelor of science; however, the bachelor of arts degree may be obtained by completion of one year of college credit in foreign language.

Secondary teacher certification typically covers two subject areas in grades 6-12. Certain majors are endorsed K-12. Passing scores on the Michigan Test for Teacher Certification (MTTC) subject areas tests for the major and minor is required for certification.

An active articulation agreement exists between this program, Henry Ford Community College, Owens Community College, and Washtenaw Community College. For further details, see the Articulation Agreements section.

Special Education Programs

Admission
Admission requirements to the University, the teacher preparation program and the Department of Special Education must be met by students intending to major in the programs listed below. However, students may indicate their intention to major in special education upon entrance to the University. Formal application for admission to any of the special education programs of study will be considered only when supported by a recommendation from a faculty member in the Department of Special Education and following acceptance into the Initial Teacher Preparation Program. Special Education program area faculty determine admission to the department.

Admission Criteria to Special Education(For all Programs except Speech/Language Pathology)

1. Special Education majors must be admitted to the Teacher Preparation Program in the college of Education before they can be admitted to the Department on Special Education. A copy of the admissions letter must be attached to the application for department permission.
2. Special Education majors must have passed all three sections of the MTTC Basic Skills Test and a copy of the student's scores should be attached to the application.
3. Students must have a GPA of 2.5 or above to qualify for admission.
4. Students must secure a recommendation for their Special Education Program Area Advisor in order to be considered for admission.
5. Students MUST have completed SPGN 251, Education of Students with Exceptionalities, and the introductory course(s) in the major area of study with a grade of "C" or better. These introductory courses are: SPCI 240, SPCI 350L, SPEI 240, SPGN 271, SPHI 228, SPHI 392, SPPI 240.
6. Students must be free from any type of problem - administrative or academic.
7. Students must demonstrate that they have reasonable aptitude, maturity, atability, skills and understanding necessary for success in the professional field of special education.
8. Students must submit a formal application for admission to the Department of Special Education supported by recommendation from a faculty member in the department.

**Admission Criteria (Speech and Language Impairment)**
The following criteria must be met before admission to the undergraduate program is granted:

1. Completion of 35 to 45 credit hours with a minimum GPA of 3.0 or better.
2. Successful completion of the state-mandated basic skills test.

**Continuance Criteria (All Programs)**

*Criteria for continuance in a program of study in the Department of Special Education:*

1. Maintenance of a 3.0 or better GPA.
2. Maintenance of a 3.0 or better GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn any grade below "C". A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgements will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise them of any extenuating circumstances that may aid them in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

**Additional Continuance Criteria (Speech and Language Impairment)**

To be allowed to continue in the speech-language pathology program, the student must meet the following criteria:

1. Maintenance of a cumulative overall GPA of 3.0 or better.
2. Maintenance of a cumulative major GPA of 3.0 or better.
3. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgements will be made by the SLP faculty.

4. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 3.0.

5. Students must submit satisfactory results from a speech and hearing screening.

**Termination from the Program**

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

**General Information**

Fieldwork in both general and special education is required. Field experiences are required of all candidates pursuing a teaching certificate (see Field Experiences). Candidates majoring in special education are required to complete practica or pre-clinical experiences in addition to those required for teacher certification and should consult with their advisers regarding specific requirements within their designated areas of special education.

Student teaching in either elementary or secondary education must be successfully completed prior to the special student teaching placement. Special education student teaching assignments are arranged and approved by the department upon the recommendation of the faculty within the designated area of special education.

**Teacher Certification and Special Education Endorsement**

All program majors earn a provisional teaching certificate in elementary or secondary education. Additionally, successful completion of a major in special education results in the achievement of an endorsement as a teacher of students with a given disability. Candidates who major in speech and language impairment choose between teacher certification or a health care specialty.

The professional entry-level credential in speech-language pathology (speech and language impaired) is the master’s degree. Students who are awarded the bachelor’s degree in speech-language pathology from Eastern Michigan University will compete with applicants from other institutions for admission.

Each of the programs of study in special education meets or exceeds minimum course experience or competency requirements established by the Michigan State Board of Education for that endorsement area. However, meeting Michigan teaching certification and endorsement requirements does not necessarily satisfy requirements for teacher certification or endorsement in other states. All special education programs of study are recognized and approved for accreditation by the Council for Exceptional Children (CEC).

The programs in Speech-Language Pathology and in Hearing Impairment are also accredited by national professional associations. The American Speech-Language-Hearing Association (ASHA) accredits the
department’s program in speech-language pathology and the Council on Education of the Deaf (CED) accredits the department’s program in hearing impairment.

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Field Experiences

Department of Teacher Education

313 Porter
734.487.3260

The field experiences require prospective teachers to work with children or youth in classroom settings. They are designed to help prospective teachers evaluate their own abilities as teachers and to affirm their decision about choosing teaching as a career. They also enable prospective teachers to understand how the professional education courses in human development and learning, social aspects of teaching and curriculum and methods relate to the classroom.

A minimum of 100 clock hours of approved field experiences are required of all candidates prior to student teaching. See the program descriptions for the exact requirement in each program. At least 50 percent of the experience must be in a classroom with the age group and (in the case of secondary/K-12) in the subject matter area the student plans to teach. Students in elementary and secondary programs complete 60 field experience teaching hours in PRCT (practicum) courses. Students must have field experiences that include opportunities to work with students from different socio-economic levels, languages and cultures.

By the end of the field experience, the student should be able to:

1. Discuss the ways in which schools and communities interact to impact student learning;
2. Describe and reflect upon teaching/learning activities in a variety of settings;
3. Plan, carry out and assess a series of learning activities for an individual student or group of students;
4. Describe and reflect upon a variety of classroom environments and how they affect student learning; and
5. Make a valid decision concerning teaching as a career.

Most students will complete approximately 60 of their 100 field experience hours through required courses. Majors in music education, physical education and special education should consult their advisers concerning overlapping field experience requirements.

Student Teaching
Barbara Gorenflo, Assistant Dean for Field and Clinical Experiences  
206 Porter 
734.487.1416  
bgorenflo@emich.edu

**Applicability**
All candidates for recommendation for certification as a teacher are required to fulfill a student teaching experience in the area of their academic preparation and at the level for which certification is being sought. A second semester of student teaching is required for students majoring in special education and for students majoring in early childhood education.

**Application Deadlines**
Applications and information for student teaching may be obtained from www.emich.edu/coe/oas and should be completed and returned to 206 Porter in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall student teaching</td>
<td>previous January 15</td>
</tr>
<tr>
<td>Summer student teaching</td>
<td>previous January 15</td>
</tr>
<tr>
<td>Winter student teaching</td>
<td>previous June 15</td>
</tr>
</tbody>
</table>

(For certified teachers only)

**Eligibility for Student Teaching**
To qualify for a student teaching placement, students must satisfy the following criteria:

1. Fulfill the requirements of the field experience;
2. Demonstrate minimum competencies in reading, written English and mathematics as defined and measured by the state-mandated basic skills test;
3. Have a positive recommendation from the designated representative of the department in which the major is located. The required form is the Evaluation of Professional Behaviors;
4. Register for the appropriate student teaching course (see course descriptions);
5. Carry a class load of no more than 15 credit hours. To be considered for more than 15 credit hours, the student must have a 3.0 cumulative GPA;
6. Complete one semester of resident study at EMU prior to student teaching. Exceptions are subject to approval by the Dean of the College of Education or the Dean’s designee; and
7. Complete a satisfactory criminal background check.

The following prerequisites are to be completed prior to student teaching and cannot be taken concurrently:

1. Completion of all professional education courses with a grade of "C" or better.
2. Passing scores on MTTC Basic Skills Test; and
3. Completion of all but one course in general education, major, or minor.
No student shall be assigned to student teaching whose GPA is less than 2.5 in work completed at
Eastern Michigan University or less than 2.5 in the teaching major. No student shall be assigned to
student teaching who has received a grade lower than C or an unresolved I in any professional education
course.

**Placements**
Students who meet all eligibility requirements at the time of application for student teaching will receive
priority in placement. Placement during the requested semester cannot be guaranteed for those who do
not qualify at the time of application. All final placement decisions are made by the Assistant Dean for
Field and Clinical Experiences.

Students may not arrange their own student teaching assignments. Prior arrangements will not be
honored by the College of Education Office of Academic Services.

A preferred student teaching placement will be accommodated by the College of Education Office of
Academic Services if possible. In requesting placement in a particular school district, the student must
avoid the following: districts in which a parent or other relative or another person of a significant
relationship is employed; districts in which the student has a record of significant prior involvement or
work history; and districts that are outside of the list of the student teaching agreements.

The Assistant Dean for Field and Clinical Experiences must approve all placements outside the list of
Eastern Michigan University cooperating districts. Guest status at another university requires a 3.0
university GPA. A request for a guest student teaching placement must be approved by the Office of
Records and the Assistant Dean and must be from an NCATE (National Council for Accreditation of
Teacher Education) accredited institution. Such placements are needs-based only and are infrequent.

Students enrolled at another institution who wish to do their student teaching through Eastern Michigan
University are advised to consult the Director of Student Teaching on their campus prior to submitting
the request to this University. Students granted guest student status for student teaching are expected
to have fulfilled all prerequisites required for student teaching at the home institution.

Spring student teaching is available only for certified teachers and may be available for special education
majors with department approval.

When students are doing student teaching, they should arrange their daily schedule so that teaching will
take precedence over other interests and duties.

Students requesting placements beyond a 40-mile radius from Eastern Michigan may be assessed
additional fees.

**Courses**
All student teaching courses (EDUC490 through EDUC499) provide practical experience in the
appropriate classroom under the guidance of mentor supervising teachers. The student teacher’s role as
an instructional decision-maker is reflected in planning for teaching, managing the classroom and
directing and assessing student learning. Student teachers are given increasing tasks for directing the activities of the classroom, gradually assuming full responsibility.

**Post-Baccalaureate Certification Programs**

Post-baccalaureate certification programs are designed for individuals who have a bachelor’s degree or higher who want to obtain a teaching certificate. The number of additional courses will vary for each individual, depending on how many program requirements are met by courses taken as part of the bachelor’s (or higher) degree.

Students pursuing this program will complete either elementary or secondary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the Special Education Master’s Program with Teacher Certification (SEM-T) described under the Department of Special Education in the Graduate Catalog.

Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services through post-baccalaureate group advising. Sessions are held regularly throughout the year. For further information visit [www.emich.edu/coe/students](http://www.emich.edu/coe/students)

Criteria for admission to and continuance in the initial teacher preparation program are listed in the criteria section.

- Social Work

CHHS Vision

The College of Health and Human Services will become recognized for excellence in preparing practitioners, while providing leadership in the health and human services professions. In pursuit of this recognition we are committed to:

- Establishing interdisciplinary approaches to teaching, learning, service, and applied research focused on improving the quality of life for the global community
- Providing experiential learning opportunities
- Developing innovative programs, products, and services
- Advocating for social justice
- Cultivating cultural competency among our students and faculty
- Applying evidence-based knowledge, technological skills, and critical thinking to define problems and implement solutions
- Creating an environment that promotes success for diverse students and faculty

CHHS Mission

Consistent with the Eastern Michigan University mission, the College of Health and Human Services partners with the communities to prepare caring and competent professionals, generate knowledge,
and advocacy for social justice in order to enhance health and quality of life. We achieve this mission through:

- Providing a collaborative, hands-on, community-based learning environment
- Emphasizing intellectual rigor, ethics, and cultural competence for professional practice in a diverse society
- Our commitment to access and opportunity through flexible programming
- Disciplinary and multidisciplinary scholarship applied to relevant social and health concerns
- Faculty that engage in state of the art practices and provides leadership in the professions and the community

**Post-Baccalaureate Health Service Management**

This is a degree completion track leading to the bachelor of science degree in health administration for persons holding an accredited associate’s degree in a recognized health services or clinical discipline, and who have had five or more years of experience subsequent to that degree completion. Such disciplines include nursing, respiratory therapy or other specialized two-year programs of study.

For degree completion students in this curriculum, up to 22 credit hours may be awarded and credited toward the bachelor of science obligation of 124 credit hours on the basis of supervised clinical course work taken in the associate degree curriculum. These credits may be based on supervised clinical courses that have no exact equivalence at Eastern Michigan University. This is determined in consultation with the program director of the health administration program.

**Advisor Information:**

College of Health and Human Services Advising Center  
Email: chhsadvising@emich.edu  
Phone Number: 487-0918

**General Education Requirements:**

For specific requirements refer to the General Education Program.

**Major Requirements: 30 hours**

- AHPR 200 - Medical Terminology 1 hr
- HLAD 305 - The U.S. Health Care System 3 hrs
- HLAD 308 - Ethical Dimensions in Health Care Delivery 3 hrs
• HLAD 310 - Administration of Health Care Organizations 3 hrs
• HLAD 311 - Management of Health Services 3 hrs
• HLAD 315 - Research Methods and Data Analysis in Health Sciences 3 hrs
• HLAD 401 - Legal Issues in Health Care 3 hrs
• HLAD 420 - Health Insurance and Reimbursement 3 hrs
• HLAD 425 - Decision Making for Health Administrators 3 hrs
Two hours of applicable transfer work from an associates degree.

One course from the following:

• HLAD 416 - Health Planning 3 hrs
• HLAD 417 - Health Regulation 3 hrs

Minor Requirements:

Minor in management for non-business majors is required.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

The Mission
The Mission of the College of Technology is to cultivate the intellectual and personal growth of individuals through collaborative teaching, research, and outreach programs between students and faculty. We emphasize innovative relationships between theory and practice in order to graduate technologically skilled life-long learners who can contribute effectively to their profession and society.

More specifically, the College of Technology meets the need for well-prepared individuals for a variety of business and industrial positions, teachers of business and industrial education and commissioned officers for the United States Army. The College is currently composed of the schools of Engineering Technology and Technology Studies and the Department of Military Science and Leadership. Undergraduate programs provide a solid foundation in mathematics, science, technology management and human relations in order to effectively serve the career aspirations of our students. Students learn to apply sound theory to practical problems and have opportunities for laboratory and cooperative work experiences. Also included within the College is the University’s long-standing military science program that promotes leadership qualities for and entry into the active Army, Army Reserve or National Guard as a commissioned officer.
Inherent in the interdisciplinary philosophy of the College is the use of existing courses and personnel throughout the University. Specific programs have been designed as collaborative efforts with other colleges including Arts and Sciences and Business.

The College is the home for several centers and institutes including the Center for Regional and National Security; the Coatings Research Institute; the Center for Product Research and Development; and the Textiles, Research and Training Institute. The College also supports four units from grant funding through the State of Michigan: Business Professionals of America, Michigan DECA (Distributive Education Clubs of America), FCCLA (Family, Career, and Community Leaders of America), and Skills U.S.A.

The College of Technology emphasizes relevant, real-life, hands-on-learning activities, a solid interdisciplinary foundation, close relationships with business and industry, teamwork and individual professional competence. Students are encouraged to be tomorrow’s leaders by refining the knowledge and skills necessary to understand, adapt to and influence change.

Schools and Majors

School of Engineering Technology

Applied Technology
Computer Engineering Technology
Construction Management
Electronics Engineering Technology
Interior Design
Mechanical Engineering Technology
Polymers and Coatings
Pre-Engineering
Design and Development

School of Technology Studies

Apparel, Textiles and Merchandising
Aviation Flight Technology
Aviation Management Technology
Business, Management, Marketing and Technology
Communication Technology
Hotel and Restaurant Management
Industrial Distribution
Information Assurance
Paralegal Studies
Technology and Design Education
Technology Management

Centers and Institutes
The College of Technology has four centers and institutes that interface with business, industry and governmental agencies to provide applied research and Extended Programs and Educational Outreach. These centers and institutes are:

The Center for Product Research and Development
The Center for Product Research and Development (CPRD) is dedicated to helping manufacturing and construction businesses grow. CPRD assists innovators to develop concepts into products. The professional services, prototyping, manufacturing facilities and entrepreneurial ideas can add to success in the highly competitive marketplace.

The mission of CPRD is to provide a vital link between University activities and manufacturing and construction industries through applied research and education.

Through collaboration with the Michigan Small Business Development Center, the Center for Product Research and Development can assist companies and inventors in the development of a product as well as assistance in establishing a business and bringing a product to market.

The Center for Regional and National Security
The Center for Regional and National Security (CeRNS) whose mission is to support citizenship security through excellence and innovation in teaching and research. The center was founded in 2003 with three service components: Information Assurance, Law Enforcement/School Safety and Homeland Security. While traditionally CeRNS has served the law enforcement and fire communities, it has created new initiatives directed to business and industry.

The Center for Regional and National Security is dedicated to providing solutions to some of the tough problems facing our nation in the information security, law enforcement, fire management and our regional and national response to homeland security.

The Coatings Research Institute
The Coatings Research Institute's (CRI), whose two-fold mission is to be a leading academic organization and develop relevant scientific knowledge for understanding and expanding the science and technology of paints, coatings, inks, adhesives and related nano-based materials. The result of this mission will be to enlarge the pool of scientists and technologists proficient in coatings and allied industry personnel. Our research activities, our support of undergraduate, graduate and postdoctoral candidate students, and our collaborations with government, industry and other educational institutions are consistent with the mission of the College of Technology and the mission of the University.

CRI is dedicated to providing solutions to some of the tough problems facing the coatings industry, such as reducing VOCs in paint and coatings. The institute’s goals include the following:

• Synthesize new types of polymers and emulsions of potential value to coatings research;
• Improve and advance polymer and coatings characterization, analysis and test methods;

• Expand the knowledge base of coatings and technology through research on chemical and physical phenomena involved in paints and coatings; and

• Provide an increased pool of well-trained coatings professionals to the coatings industry and provide Extended Programs and Educational Outreach opportunities to coatings industry personnel through relevant polymer and coatings technology short courses.

The Textile Research and Training Institute
The Textiles Research and Training Institute (TRTI) whose mission is to be a leading research and academic organization that provides relevant and creative research in the area of “applied textiles” that match across multidisciplines and industries. The TRTI provides a variety of educational training programs for industries that use textiles for various applications.

TRTI computer labs are housed in Roosevelt Hall on the main campus of Eastern Michigan University in Ypsilanti. All software is state-of-the-art and currently being utilized in the active furniture and apparel industries. Software includes: 2-D pattern design software, pattern grading, marking and nesting systems for optimal fabric utilization, CNC industrial cutter, CutWorks® software, product data management software for costing and manufacturing specialty sheets, merchandising and CAD package.

The dyeing and weaving Lab is located in Sherzer Hall on the main campus of Eastern Michigan University. The lab includes: looms, dyeing and finishing, physical testing laboratory, tensile testing of yarns and fabrics, abrasion test, wrinkle recovery, fabric flammability, color fastness to crocking, and near infrared analysis.

Honors College

Mission Statement
The Honors College at Eastern Michigan University strives to provide the intimacy of a small, liberal arts education within the context of a large, comprehensive University. To this end, both educational and cultural experiences for EMU’s intellectually talented and motivated students are provided through challenging Honors courses and extracurricular activities that encourage scholarly curiosity, leadership,
civic engagement and diversity. The Honors College offers undergraduate students opportunities for a wide range of experiences that aid in the development of their appreciation for creativity, the arts, sciences, critical issues facing contemporary society and diversity among people and their cultures.

Admission
How to apply to the Honors College

Applying to the HC is a three-step process.

- Complete the application form, which can be obtained from the Honors Office or downloaded from the HC web site.

- Write an essay of 500 words describing your academic and personal accomplishments, as well as your academic, personal and career goals. In a concluding statement, express the nature and extent of your proposed commitment to the Honors College.

- Fill in the first section of the recommendation forms and then give them to a teacher or counselor. The teacher/counselor should place the completed form in an envelope, sign across the seal and give it back to the applicant to return with the completed application. Applicants should submit two academic recommendations. Admission is based on the full application including high school GPA and ACT/SAT scores. Current EMU and transfer students who have completed at least 15 credits are evaluated on the basis of their college GPA. Applicants will be notified of acceptance or denial by letter. Denied applicants can re-apply after completing at least one semester (15 credit hours) at EMU and earning a minimum GPA of 3.3.

Graduation with Honors

- University Honors
  - Coursework: 24 credit hours required
  - A minimum of 18 credit hours must be completed in General Education.
  - A minimum of 3 credit hours must be completed in the major or minor.
  - The remaining 3 credit hours may be taken in either General Education or the major/minor.
  - Honors Experiences: 2 required
  - Honors College Community-Based Intellectual and Cultural Activities.
  - Leadership and Civic Engagement Activities.
  - Community Service: 40 hours required
  - Approximately ten hours should be completed each year (freshman, sophomore, junior and senior).

- Departmental Honors
  - Coursework: 12 credit hours required
  - A minimum of 12 credit hours must be completed in the major or minor.
  - Six non-general education credit hours earned pursuing University Honors can be counted toward this requirement.
  - Workshops: 2 required
  - Undergraduate Research and Creative Activities
  - This workshop is designed for students beginning the process that will lead to the completion of the Senior Thesis/Project (usually in the Junior year).
Honors Senior Thesis Workshop
This workshop covers the nuts and bolts of completing and processing the Senior Thesis/Project (usually taken in the semester prior to the planned thesis completion).

Thesis
A senior thesis/project must be completed for academic credit in either the major or minor field of study.

Highest or Double Honors.
Here, the requirements for both University and departmental honors are fulfilled. This entails six to nine credit hours (including the senior thesis project) above and beyond University Honors (for 30 total honors credits), 40 hours (total) community service, and two honors experiences.

Note: Honors students should consult the Honors Student Handbook for complete program requirements. Students are bound by the handbook published in the year that they join the College. Requirements for students entering prior to Fall 2009 may differ from those listed above.

Honors Experiences
Honors experiences are acceptable with prior approval by an HC staff member. An honors experience is an event, experience or activity that will achieve one or more of the following goals:

- Develop leadership skills among honors students.
- Enrich the intellectual lives and minds of honors students.
- Help create a sense of community among honors students.
- Give honors students broad exposure to cultural diversity and enrichment.
- Enhance the international experience of honors students.

Honors Thesis Project
A thesis or senior project is a scholarly work (completed according to the standards of a particular academic field) in which students explore a specific problem and present conclusions. By doing such advanced work, students gain in-depth knowledge about the scholarly process in their specialized field of study. A thesis project can take various forms: lengthy research paper, public performance, documented lab experiment, computer program, work of art, or even a two-page mathematical proof. Whatever form it takes, this should be a demanding exercise, and the result should demonstrate exceptional skill and understanding. Students who complete an honors thesis work closely with a faculty member to gain valuable experiences that are rare for most undergraduate students.

Honors Contracts
A contract is a written agreement between the student and professor that allows a student to earn honors credit in an upper-level course. There is a form for the contract which specifies what extra work and requirements must be fulfilled in order to enrich the course to earn honors credit. Although
contracts are typically used in upper level courses required for the major or minor, they can also be used in any upper level class provided the student and professor agree on its terms. Contracts are typically not allowed for general education courses.

**Community Service**

All honors students must perform approximately ten hours of community service annually for a total of 40 hours. The required form is downloadable on the HC website or can be obtained from the HC office. All projects must be pre-approved by HC staff. Students in the Honors College who earn certification in the American Humanics program automatically fulfill all of their community service requirements for graduating with honors.

**Honors Students “In Good Standing”**

Honors students must maintain a minimum GPA of 3.3 (on a 4.0 scale) to stay in good standing. A student whose GPA falls below 3.0 is removed from the Honors College (although students can subsequently re-apply if their GPA goes back up to 3.3). Students whose GPA drops below 3.3 but stays above 3.0 will be put on probationary status, and they have one semester to raise their GPA to 3.3 in order to be re-instated as honors students in good standing. Also, honors students must take at least one three-credit honors course every second semester to remain in good standing.

Honors students not in good standing are ineligible for early or priority registration, cannot apply for Honors Undergraduate Fellowships or Senior Thesis awards, and will not be recognized as “Graduating with Honors” at commencement or on their academic transcripts.

**Honors College Benefits**

- High quality faculty instruction in small classes
- Academic and career advising by honors faculty and staff
- Priority or early registration for classes
- Opportunity to take graduate level courses for honors credit
- Undergraduate research opportunities
- Extended library loans
- Good preparation for careers and graduate studies
- EMU Main Stage discounts
- Trips and social events
- Membership in honors organizations
Recognition at Commencement

Opportunities for community service

Support for Study Abroad

Honors housing:

- Downing Community of Scholars Residence Hall
- The Village (for upper-level students)

Assistance in applying for national scholarships (e.g., Rhodes, Truman, Goldwater)

Competitive monetary awards, including:

- Senior Thesis Awards
- Honors Undergraduate Fellowships
- Founder’s Award for study abroad

Honors Student Association (HSA)

The Honors Student Association is an officially recognized campus organization which serves as the student voice for the Honors College. This group works closely with an HC faculty member and the HSA Executive Board to plan student programming, social events, group volunteer and fundraising projects, and speakers on topical issues. The Executive Board is comprised of the HSA student officers and provides an opportunity for Honors student leadership. A typical HSA schedule includes monthly meetings of both the membership and the Executive Board, as well as several student events.

Study Abroad

Honors students may choose the option of earning honors credit while studying in a foreign country. An Honors contract is used to earn credit, and no special project is required. This is a great opportunity to experience a different language and culture while earning Honors credit.

Student and Faculty Handbooks

The Student Handbook explains in detail honors students’ expectations. It contains comprehensive sections on maintaining HC membership, earning honors credit, graduating with honors, other graduation requirements and awards/fellowships.

The Faculty Handbook is divided into two parts. The first contains general information about the Honors College, including admission and retention criteria, policies about earning honors credit for University coursework and requirements for graduating with Honors. The second part provides specific information about the most important ways in which the program impacts you as a faculty member, including
sections on teaching honors courses, supervising contracts and undergraduate fellowships, and advising Honors students.

Both handbooks can be found on the HC web site, www.emich.edu/honors. All Honors students and faculty should read their respective handbooks carefully.
Students

Catalog Terminology

Prerequisites
A course or requirement that needs to be met prior to taking another course.

Concurrent Prerequisites
A course or requirement that needs to be met either before or at the same time as another course is taken.

Corequisites
A course or requirement that needs to be taken at the same time as another course.

Class Restrictions
A restriction on whether you have to be a Freshmen, Sophomore, Junior, Senior or Graduate student to take the course.

Major Restrictions
A restriction on whether you have to be in a specific program to take the course.

Cross-listed with
Some courses are listed under multiple departments. HIST335 is cross-listed with WGST335. They are the same class but since the class involves both history and women and gender studies the course is listed under both departments.

Frequently Asked Questions

Catalog Questions

Q. Which catalog should I be using?
A. Each student should use the catalog that was current during the first semester they started school at Eastern or any catalog that is published from there after.

General Education Questions

Q. What is the difference between a "General Education" requirement and a "Major" requirement?
A. Major requirements are courses that need to be taken or requirements that need to be met for the program of study being taken by a department. General Education requirements are a set of courses and requirements that all Undergraduates need to take by the University to graduate.

Q. What are the General Education requirements?
A. Current General Education requirements can be found at: catalog.emich.edu/content.php

Q. How do I know if a course satisfies a General Education requirement?
A. The following are ways to identify a course as one that satisfies a General Education requirement:

1. Next to the course name is (Gen Ed Area III)

2. This icon appears in the course information

Q. What is a General Education audit?

A. A General Education audit is when someone checks to see if you've completed all of the general education requirements. General Education Checklists can be found below.

1. Checklist for students who started EMU as a Freshmen: General Education Checklist

2. Checklist for students that transfered to EMU: General Education Checklist

Degree Questions

Q. When to register

A. The following websites give more information on registration and registration appointments:

http://www.emich.edu/registrar/calendars/appointments.php
http://www.emich.edu/registrar/registration_info/

Q. What is a Graduation audit?

A. Students who have completed 95 credit hours or more should request a graduation audit by completing the required form at the Office of Records and Registration, 303 Pierce Hall, or completing the form usually printed in the class schedule book each semester.

The form requires the student to record their expected date of graduation, legal name, social security number and major(s) and minor(s) elected. In addition, a check list is provided for degree expected and teacher certification expected. Accurate information is essential.

Forms are filed in the Office of Records and Registration and processed according to expected graduation date. A graduation auditor checks the credit hours taken and records the credit hours still needed. One copy of this audit is mailed to the student and another copy is filed. Students should receive their audits a semester before they apply for graduation. A graduation audit does not take the place of regular, thorough advising.

Students may return the forms by mail or in person to Room 303 Pierce Hall. Time is required by the office staff for processing, and immediate responses to requests for information cannot be made at the time of the request.

Q. How do I declare a major?

A. Fill out the information at the following website: http://www.emich.edu/aac/majmin.htm

Q. When should I meet with an advisor?
A. At least once during your first year at Eastern and once you declare your major. You can also meet with your advisor prior to registering for class each term or if there have been any academic problems.

Alexander, Jessica (2000) Associate Professor; M.F.A.; Eastern Michigan University
Beagen, Dennis M. (1967) Professor and Department Head; M.A.; University of Michigan
Booth, Susan Badger (2006) Assistant Professor; M.F.A.; Columbia University
Bridges, Wallace (1992) Professor; M.F.A.; Western Illinois University
Cooper, John. G. (1993) Professor; Ph.D.; Bowling Green State University
Damron, Keith (2005) Assistant Professor; M.A.; Eastern Michigan University
Evans, Gary L. (1970) Professor; Ph.D.; University of Michigan
Fields, Doris (1997) Associate Professor; Ph.D.; Wayne State University
Foreman, Chris (1994) Professor; Ph.D.; University of Kentucky
Hammill, Geoffrey D. (1987) Professor; Ph.D.; Bowling Green State University
Heck-Seibert, Theresa (1992) Professor; M.F.A.; University of Wisconsin
Kindred, Jeanette (2006) Assistant Professor; Ph.D.; Wayne State University
McCracken, Sally R. (1968) Professor; Ph.D.; Wayne State University
Patrick, Dennis P. (1996) Professor; Ph.D.; University of Texas
Quiel, Ramond (1999) Instructor; M.A.; Eastern Michigan University
Rich, Anita (1996) Professor; Ph.D.; Southern Illinois University
Robinson, James A. (1988) Professor; Ph.D.; University of Michigan
Schuessler, Melanie (2005) Assistant Professor; M.F.A.; University of Wisconsin
Shen, Tsai-Shan (2006) Assistant Professor; Ph.D; Arizona State University
Simmons, Phil (2006) Assistant Professor; M.F.A; University of Georgia
Stacey, Kathleen (1992) Professor; Ph.D.; Wayne State University
Stevens, Kenneth W. (1972) Professor; M.A.; University of Cincinnati
Stille, Lee (1998) Associate Professor; Ph.D.; University of Minnesota
Sturgis Hill, Judy (1992) Assistant Professor; M.A.; Eastern Michigan University
Tanner, Christine (2002) Assistant Professor; Ph.D.; Brigham Young University
Tew, Michael A. (1989) Professor; Ph.D.; Wayne State University
Watson, Mary Ann (1990) Professor; Ph.D.; University of Michigan
Zimmer, Patricia Moore (1980) Professor; M.F.A.; Florida State University

**Computer Information Systems**

Ahmad, S. Imtiaz (1981) Professor; Ph.D.; University of Ottawa
Chou, David C. (2001) Professor; Ph.D.; Georgia State University
Chung, Sock (2002) Assistant Professor; Ph.D.; Auburn University
Esteva, Juan C. (1990) Associate Professor; Ph.D.; Wayne State University
Farah, Badie N. (1982) Professor; Ph.D.; Ohio State University
Gibson, Fiaso (2006) Assistant Professor; Ph.D.; Carnegie Mellon University
Lee, Huei (2001) Associate Professor; Ph.D.; Georgia State University
Mrdalj, Stevan (1987) Professor; Ph.D.; University of Belgrade, Serbia and Montenegro
Saxon, Charles S. (1976) Professor; Ph.D.; University of Michigan
Schoenherr, Tobias (2005) Assistant Professor; Ph.D.; Indiana University
Sokkar, Fathi F. (1971) Professor; Ph.D.; University of Illinois
Tang, Hung-Lian (2000) Professor; Ph.D.; University of Nebraska-Lincoln
Tummala, Rao V.M. (1981) Professor; Ph.D.; Michigan State University
Wu, Nesa L. J. (1974) Professor; Ph.D.; Purdue University

**Computer Science**

Bahorski, Zenia (1990) Instructor; M.S.; Eastern Michigan University
Chaudhuri, Ranjan (1984) Professor; Ph.D.; University of South Florida
Evett, Matthew (1999) Associate Professor; Ph.D.; University of Maryland
Haynes, Susan M. (1992) Associate Professor; Ph.D.; University of Michigan
Höft, Hartmut F.W. (1970) Professor; Ph.D.; University of Houston
Ikeji, Augustine C. (1988) Associate Professor; Ph.D.; Wayne State University
Keller, Benjamin (2002) Assistant Professor; Ph.D.; Virginia Polytechnic Institute and State University
Maniccam, Suchindran (2001) Associate Professor; Ph.D.; State University of New York at Binghamton
Moore, Pamela A. (1985) Instructor; M.S.; Michigan State University
Narayanan, Krishnakumari (2002) Assistant Professor; Ph.D.; Oakland University
Poh, Elsa S. (2001) Associate Professor; Ph.D.; University of Toledo
Sverdlik, William (1999) Associate Professor; Ph.D.; Wayne State University
Tehranipour, Aby (1990) Professor; Ph.D.; University of Nebraska
Zeiger, Michael (1979) Assistant Professor; Ph.D.; University of Michigan
Zhang, Li (2004) Assistant Professor; Ph.D.; State University of New York at Buffalo

Economics

Crary, David B. (1982) Associate Professor; Ph.D.; University of Maryland
Dewan, Abdullah (1984) Professor; Ph.D.; University of Kentucky
Edgren, John (1979) Professor; Ph.D.; University of Michigan
Erenburg, Sharon J. (1986) Professor; Ph.D.; University of Illinois
Hanna, Raouf S. (1973) Professor and Department Head; Ph.D.; Indiana University
Hayworth, Steven C. (1977) Associate Professor; Ph.D.; Massachusetts Institute of Technology
Moreland, Kemper (1980) Professor; Ph.D.; University of Wisconsin
Pearson, Donald W. (1970) Professor; Ph.D.; University of Texas
Rice, Jennifer (2004) Assistant Professor; Ph.D.; Indiana University
Thornton, James (1991) Professor; Ph.D.; University of Oregon
Vogt, Michael G. (1978) Professor; Ph.D.; University of Wisconsin
Woodland, Bill M. (1981) Professor; Ph.D.; Purdue University

Engineering Technology

Baghdachi, Jamil (1997) Professor; Ph.D.; University of Mississippi
Bari, Mohamad J. (Jamal) (2000) Associate Professor; Ph.D.; University of Arkansas
Benedict, Dozie Ilozor (2006); Associate Professor; Ph.D.; University of Technology, Sydney
Brake, Mary (2004) Professor; Ph.D Michigan State University
Chapman, Robert E. (1992) Assistant Professor; Ph.D.; Yale University
DeLaski-Smith, Deborah (1978) Professor and Interim Dean, Graduate Studies; Ph.D.; Michigan State University
Fields, Daniel J. (1986) Professor and Department Head; Ph.D.; Michigan State University
Greenfield, M.C. (2005) Assistant Professor; MS; Southern Illinois University
Jones, Louise (1990) Professor; Ph.D.; University of Michigan
Kanagy, Max E. (1986) Professor; Ph.D.; Ohio State University
Lahidji, Bob (Behrooz) (1994) Professor and Director; Ph.D.; University of Missouri-Columbia
Lin, Su-Chen Jonathon (1988) Professor; Ph.D.; The Iowa State University
Lokensgard, Erik (1986) Professor; Ph.D.; The Iowa State University
Love, Dian (2002) Assistant Professor; M.S.; University of Michigan
Lu, Jiang (2003) Assistant Professor; Ph.D; Indiana University
Lyons, Harvey (1998) Associate Professor; Ph.D.; Ohio State University
Mannari, Vijaykumar(2002) Assistant Professor; Ph.D.;Sadar Patal University
Mitchell, James G. (Greg) (2000) Associate Professor; Ph.D.; Wayne State University
Moylan, William (2001) Instructor; Ph.D.; Capella University
Rufe, Phillip (1990) Instructor; M.S.; Eastern Michigan University
Shay, Tony F. (1990) Professor; Ph.D.; The Iowa State University
Sipos, Maria (2005) Assistant Professor; M.A.; Eastern Michigan University
Soyster, Thomas G. (1982) Associate Professor; Ed.D.; Temple University
Speelman, Pamela (1990) Professor; Ed.D.; Wayne State University
Stein, James (1990) Associate Professor; Ph.D.; Wayne State University
Texter, John (2002) Professor; Ph. D.; Lehigh University
Tillman, Tracy S. (1990) Associate Professor; Ph.D.; Purdue University
Tucker, Walter W. (1978) Professor; Ph.D.; University of Michigan
Wang, Jianhua (2002) Assistant Professor; Ph.D.; University of Iowa

English Language and Literature

Adler-Kassner, Linda (2000) Associate Professor; Ph.D.; University of Minnesota
Allen, Nancy (1991) Professor; Ph.D.; Purdue University
Aristar, Anthony (2006) Professor; Ph.D.; University of Texas at Austin
Aristar-Dry, Helen (1991) Professor; Ph.D.; University of Texas at Austin
Arrington, Phillip (1984) Professor; Ph.D.; University of Louisville
Baker, William Douglas (2001) Associate Professor; Ph.D.; University of California at Santa Barbara
Barr, Mark (2006) Assistant Professor; Ph.D.; Vanderbilt University
Benninghoff, Steven (2002) Assistant Professor; Ph.D.; Purdue University
Bruss, Paul S. (1969) Professor; Ph.D.; University of Rochester
Burlingame, Lori (1997) Associate Professor; Ph.D.; University of Rochester
Cassidy, Cheryl (1990) Professor; Ph.D.; University of Michigan
Coykendall, Abigail (2002) Assistant Professor; Ph.D.; State University of New York at Buffalo
Csicsila, Joseph (2000) Associate Professor; Ph.D.; University of Nevada at Las Vegas
Cunningham, Charles (2004) Assistant Professor; Ph.D.; Carnegie-Mellon University
Daumer, Elisabeth (1992) Professor; Ph.D.; Indiana University
Dionne, Craig (1995) Professor; Ph.D.; Carnegie-Mellon University
Duncan, Jeffrey L. (1971) Professor; Ph.D.; University of Virginia
Eiss, Harry E. (1987) Professor; Ph.D.; University of North Dakota
Fleischer, Catherine (1990) Professor; Ph.D.; University of Michigan
Garrett, Edward (2003) Assistant Professor; Ph.D.; UCLA
Geherin, David J. (1969) Professor; Ph.D.; Purdue University
George, Laura (1994) Professor and Department Head; Ph.D.; Ohio State University
Goodman, Beverly (1996) Associate Professor; Ph.D.; Cornell University
Grondona, Veronica (2000) Associate Professor; Ph.D.; University of Pittsburgh
Hendrix, Lolita (1994) Professor; M.A.; Eastern Michigan University
Hume, Christine (2001) Associate Professor; Ph.D.; University of Denver
Kaston, Andrea (2000) Associate Professor; Ph.D.; University of Wisconsin
Kauffman, Janet (1988) Professor; Ph.D.; University of Chicago
Knapp, James (1998) Associate Professor; Ph.D.; University of Rochester
Kovacevic, Natasa (2006) Assistant Professor; Ph.D.; University of Florida
Krause, Steven (1998) Associate Professor; Ph.D.; Bowling Green University
Larson, Russell R. (1970) Professor; Ph.D.; University of Michigan
Lucy, Robin (2002) Assistant Professor; Ph.D.; McMaster University
Miller, Bernard A. (1987) Professor; Ph.D.; Purdue University
Morris, Tracie (2005) Assistant Professor; Ph.D.; New York University
Most, Sheila (1971) Professor; Ph.D.; Northwestern University
Motschall, Melissa (1995) Professor; Ph.D.; Wayne State University
Neff, Heather (1993) Professor; Ph.D.; University of Zurich
Neufeld, Christine (2003) Assistant Professor; Ph.D.; McGill University
Norton, Alexandre M. (1989) Professor; Ph.D.; University of California-Berkeley
Parker, Jeff (2004) Assistant Professor; M.F.A.; Syracuse University
Pinson, James (1990) Professor; Ph.D.; University of Missouri-Columbia
Schlagheck, Carol (1995) Professor; Ph.D.; Bowling Green University
Seely, Daniel T. (1988) Professor; Ph.D.; University of Massachusetts at Amherst
Shichtman, Martin B. (1984) Professor; Ph.D.; University of Iowa
Simmons, Charles (1997) Professor; J.D.; Georgetown
Sipe, Rebecca (1997) Associate Professor; Ed.D.; Boston University
Tracey, Christine (2005) Assistant Professor; Ph.D.; Rensselaer Polytechnic Institute
Tucker, William (1993) Professor; Ph.D.; Boston College
Wannamaker, Annette (2005) Assistant Professor; Ph.D.; Bowling Green University
Wojcik-Andrews, Ian (1990) Professor; Ph.D.; University of Connecticut

**Geography and Geology**

Bradley, Michael D. (1995) Associate Professor; Ph.D.; University of Utah
Cherem, Gabriel J. (1987) Professor; Ph.D.; University of Michigan
Clark, Christine (2002) Assistant Professor; Ph.D.; University of Manitoba, Canada
Jones, Robert A. (2003) Assistant Professor; Ph.D.; Portland State University
Kasenow, Michael (1989) Professor; Ph.D.; Western Michigan University
Ligibel, Ted (1991) Professor; Ph.D.; Bowling Green State University
LoDuca, Steven T. (1992) Professor; Ph.D.; University of Rochester
Mayda, Chris (1999) Associate Professor; Ph.D.; University of Southern California
Nazzano, Andrew (1969) Professor; Ph.D.; Michigan State University
Poli, Serena M. (2000) Associate Professor; Ph.D.; University of Padova, Italy
Rutherford, Sandra (2003) Assistant Professor; Ph.D.; University of Western Ontario, Canada
Semple, Hugh (2002) Assistant Professor; Ph.D.; University of Manitoba, Canada
 Sickels-Taves, Lauren (1998) Associate Professor; Ph.D.; University of Edinburgh
Tyler, Norman R. (1990) Professor; Ph.D.; University of Michigan
Welsh, William (2005) Assistant Professor; Ph.D.; UNC-Chapel Hill
Xie, Yichun (1994) Professor; Ph.D.; State University of New York-Buffalo

**Health Promotion and Human Performance**

Bedford, Eddie (1989) Assistant Professor; M.S.; University of Wisconsin
Bretting, Michael (1993) Associate Professor and Associate Dean, College of Education; Ph.D.; University of Maryland
Chiasson, Victor (1991) Assistant Professor; M.A.; Central Michigan University
Colon, Geoffrey (1998) Associate Professor; Ph.D.; Michigan State University
Conley, Kathleen (1999) Professor; Ph.D.; Southern Illinois University at Carbondale
Cowdery, Joan (2006) Assistant Professor; Ph.D; University of Alabama
Faust, Roberta (2000) Assistant Professor; Ph.D.; Ohio State University
Johnson, Jodi (1998) Assistant Professor, M.S.; University of Florida
Karshin, Christine M. (2001) Associate Professor; Ph.D.; The Pennsylvania State University
Levine, Sheli (1999) Associate Professor; M.S., M.S.A., C.E.S.; Syracuse University
McCarthy, Susan K. (2001) Associate Professor; Ph.D.; University of Toledo
McGregor, Stephen (2000) Associate Professor; Ph.D.; University of Toledo
Moreno, A. (2004) Assistant Professor;Ph.D.; Michigan State University
Nair, Muralidaran (2000) Associate Professor; Ph.D.; University of Virginia
Paciorek, Michael (1981) Professor; Ph.D.; Peabody College of Vanderbilt University
Pendleton, Sharon Y. (1988) Instructor; M.A.; Oklahoma University
Ricciard, Jerry (1988) Associate Professor; Ph.D.; Texas A&M University
Riemer, Brenda (2004) Assistant Professor; Ph.D.; Michigan State University
Woodiel, Kay (1998) Assistant Professor; Ph.D.; University of Arkansas
Zelnik-Geldys, Suzanne Marie (1990) Assistant Professor; M.A.; University of Pittsburgh

**Health Sciences**
Brooks, Judith (1999) Associate Professor; Ph.D.; Oklahoma State University
Clifford, David (1986) Professor; Ph.D.; University of Michigan
Croxaill, Colleen L. (1996) Associate Professor; Ph.D.; Wayne State University
Douglass, Richard (1987) Professor; Ph.D.; University of Michigan
Francis-Connolly, Elizabeth (1991) Professor; Ph.D.; University of Michigan
Gossett, Andrea (2008) Assistant Professor; OTD; University of Illinois, Chicago
Hammerberg, Gary (1984) Assistant Professor; Ed.D.; Western Michigan University
Hansen, Ruth (1976) Professor Emeritus; Ph.D.; Wayne State University
Haq, Rubina (2006) Assistant Professor; Ph.D.; Wayne State University
Howells, Valerie (1998) Professor; Ph.D.; Cambridge Graduate School of Psychology
Lemerand, Pamela (2005) Assistant Professor; Ph.D.; University of Michigan
Liepa, George U. (1995) Professor; Ph.D.; Iowa State University
Mistry, Anahita (2005) Assistant Professor; Ph.D.; University of Hyderabad, India.
Olson, Judith (1991) Professor Emeritus; Ph.D.; Wayne State University
Rainville, Alice Jo (1998) Professor; Ph.D.; University of Texas-Houston
Reeves, Gretchen D. (2001) Associate Professor; Ph.D.; University of Michigan
Shetron-Rama, Lynne (2007) Assistant Professor; Ph.D.; Wayne State University
Silverman, Deborah W. (1979) Assistant Professor; M.S.; University of Cincinnati
Sonstein, Stephen (1984) Professor; Ph.D.; Hahneman Medical College
Thomas, David (1997) Associate Professor; Ed.D.; Temple University
Walsh, Pamela (2005) Assistant Professor; M.A.; Wayne State University
Yatsczak, Jayne (2008) Instructor; MS, Eastern Michigan University

**History and Philosophy**

Bruya, Brian (2004) Assistant Professor; Ph.D.; University of Hawaii
Cassar, George H. (1968) Professor; Ph.D.; McGill University
Chamberlain, Kathleen P. (2001) Associate Professor; Ph.D.; University of New Mexico
Citino, Robert (1991) Professor; Ph.D.; Indiana University
Crouch, Margaret (1987) Professor; Ph.D.; University of Minnesota
Delph, Ronald (1993) Associate Professor; Ph.D.; University of Michigan
Dietrle, Jill Marie (1998) Associate Professor; Ph.D.; Ohio State University
Egge, James (2002) Associate Professor; Ph.D.; University of Chicago
Engwenyu, Joseph (1994) Instructor; ABD; University of Dalhouse
Graves, Pamela (1989) Associate Professor; Ph.D.; University of Pittsburgh
Higbee, Mark (1995) Professor; Ph.D.; Columbia University
Holka, James P. (1974) Professor; Ph.D.; University of Michigan
Homel, Michael W. (1970) Professor; Ph.D.; University of Chicago
Jones, Michael T. (1973) Professor; Ph.D.; Ohio State University
Long, Roger D. (1990) Professor; Ph.D.; University of California
McCurdy, John (2004) Assistant Professor; Ph.D.; Washington University
Mehuron, Kate (1989) Professor; Ph.D.; Vanderbilt University
Moss, Walter G. (1970) Professor; Ph.D.; Georgetown University
Murcher, Stephen (2003) Assistant Professor; Ph.D.; University of Michigan
Nation, Richard F. (2001) Associate Professor; Ph.D.; University of Michigan
Nelson, Gersham A. (1997) Professor; Ph.D.; University of Illinois-Chicago
Olwell, Russell B. (1999) Associate Professor; Ph.D.; Massachusetts Institute of Technology
Pritchard, Linda K. (2002) Professor; Ph.D.; University of Pittsburgh
Ramold, Steven (1999) Assistant Professor; Ph.D.; University of Nebraska
Reed, Michael H. (1987) Professor; Ph.D.; University of Minnesota
Schott, Philip C. (1993) Associate Professor; Ph.D.; University of Michigan
Schott, Linda K. (2003) Professor, Ph.D.; Stanford University
Leadership and Counseling

Ametrano, Irene M. (1981) Professor; Ed.D.; Rutgers University
Anderson, David (1999) Associate Professor; Ed.D.; University of Michigan
Barott, James E. (1998) Associate Professor; Ph.D.; University of California-Santa Barbara
Berry, James E. (1991) Professor; Ed.D.; University of Missouri-Columbia
Bleyaert, Barbara A. (2005) Assistant Professor; Ed.D.; Eastern Michigan University
Broughton, Elizabeth (1997) Associate Professor; Ed.D.; University of Florida
Burton, Ella (2000) Associate Professor; Ed.D.; Wayne State University
Callaway, Yvonne L. (1992) Professor; Ph.D.; Wayne State University
Choudhuri, Devika (2001) Associate Professor; Ph.D.; Syracuse University
Dugger, Suzanne M. (1998) Associate Professor; Ed.D.; Western Michigan University
Francis, Perry (2005) Associate Professor; EdD; University of Northern Colorado
Marx, Gary (2005) Assistant Professor; EdD; Wayne State University
Parfitt, Diane (2006) Assistant Professor; Ph.D.; University of Toledo
Price, William J. (1991) Professor; Ph.D.; Michigan State University
Stickel, Sue A. (1991) Professor; Ph.D.; University of Wyoming
Tack, Martha W. (1990) Professor; Ph.D.; University of Alabama
Tracy, Jaclynn C. (1992) Professor and Department Head; Ph.D.; Michigan State University
Zamani-Gallaher, Eboni M. (2001) Associate Professor; Ph.D.; University of Illinois

Management

Banerji, Kunal (1992) Assistant Professor, Ph.D.; University of Kentucky
Blanchard, Nick P. (1979) Professor; Ph.D.; Wayne State University
Bush-Bacelis, Jean (1984) Professor; Ph.D.; Wayne State University
Camp, Richard R. (1979) Professor; Ph.D.; Wayne State University
Chowdry, Pradeep (1980) Associate Professor; Ph.D.; University of Arkansas
Chowdhury, Sanjib (1999) Associate Professor; Ph.D.; University of North Texas
Endres, Megan (1998) Assistant Professor; Ph.D.; University of North Texas
Frye, Crissie M. (2000) Assistant Professor; Ph.D.; University of Iowa
Hill, Raymond E. (1978) Professor; Ph.D.; Purdue University
Huszczko, Gregory E. (1978) Professor; Ph.D.; Michigan State University
Isenhour, Linda (2004) Assistant Professor; University of Central Florida
McEnery, Jean M. (1980) Professor; Ph.D.; Wayne State University
Milner, Morgan (2004) Assistant Professor; Ph.D.; Michigan State University
Newell, Stephanie E. (1994) Associate Professor; Ph.D.; University of Massachusetts-Amherst
Schulz, Eric (2000) Associate Professor; Ph.D.; Rutgers University
Tanguay, Denise (1986) Professor; Ph.D.; University of Michigan
Tubbs, Stewart L. (1986) Professor; Ph.D.; University of Kansas
Victor, David A. (1985) Professor; Ph.D.; University of Michigan
Vielhaber, Mary E. (1977) Professor; Ph.D.; University of Michigan
Wagner-Marsh, Fraya C. (1982) Professor and Department Head; D.B.A.; Memphis State University
Waltman, John L. (1985) Professor, Ph.D.; University of Texas
Wong, Diana (1999) Associate Professor; Ph.D.; University of Massachusetts

Marketing
Allbright, David E. (2005) Assistant Professor; Ph.D.; University of Georgia
Barton, Daryl L. (1975) Associate Professor; J.D.; University of Michigan
Chao, Paul (2004) Professor; Ph.D.; University of Washington
Davis, Judy (1993) Professor; Ph.D.; Michigan State University
Defebaugh, Sandra J. (1987) Associate Professor; J.D.; Detroit College of Law
Edwards, Elizabeth A. (1992) Professor; Ph.D.; University of Michigan
Fullerton, Sam (1982) Professor; Ph.D.; Michigan State University
McCullough, Tammy M. (1994) Professor; Ph.D.; University of Washington
McSurely, Hugh B. (1981) Professor; Ph.D.; Syracuse University
Merz, G. Russell (1982) Professor; Ph.D.; Michigan State University
Neuhaus, Colin F. (1969) Professor; Ph.D.; University of Michigan
Pearcy, Dawn H. (2002) Assistant Professor; Ph.D.; Florida State University
Persinger, Elif (2002) Assistant Professor; Ph.D.; Michigan State University
Sachdev, Harsh (1991) Professor; Ph.D.; Georgia State University
Sasser, Sheila L. (2006) Assistant Professor; Ph.D.; Wayne State University
Sauber, Matthew H. (1990) Professor; Ph.D.; University of Texas
Victor, Gary M. (1974) Professor; J.D.; University of Toledo
Zboja, James (2006) Assistant Professor; Ph.D.; Florida State University

Mathematics

Ahlbrandt, Gisela E. (1984) Professor; Ph.D.; University of Illinois-Chicago
Al-Khafaji, Mahmoud (1983) Assistant Professor; Ph.D.; New Mexico State University
Britton, Barbara (1997) Associate Professor; Ph.D.; Illinois State University
Calin, Ovidiu (2002) Associate Professor; Ph.D.; University of Toronto
Caniglia, Joanne (1994) Professor; Ph.D.; Kent State University
Carroll, Timothy B. (1986) Professor; Ph.D.; Western Michigan University
Chattopadhyay, Rita (1984) Professor; Ph.D.; University of South Florida
Chu, Shenghui (1986) Professor; Ph.D.; University of Michigan
Curran, John (2004) Assistant Professor; Ph.D.; Brown University
Folk, David B. (1987) Professor; Ph.D.; University of Michigan
Gardiner, Christopher J. (1984) Professor; Ph.D.; University of Illinois-Urbana-Champaign
Ginther, John L. (1965) Professor; Ph.D.; University of Illinois
Green, Geraldine A. (1989) Professor; Ph.D.; University of Michigan
Han, Xiaoxu (2005) Assistant Professor; Ph.D.; University of Iowa
Howard, Paul E. (1970) Professor; Ph.D.; University of Michigan
Jones, Joan Cohen (1998) Professor; Ph.D.; Georgia State University
Leopard, Barbara (2000) Associate Professor; Ph.D.; University of Toledo
Liu, Jiuitian (1993) Professor; Ph.D.; Western Michigan University
Parry, Walter (1984) Professor; Ph.D.; University of California-Berkeley
Ramanathan, Jayakumar (1990) Professor; Ph.D.; University of Chicago
Rescorla, Kim L. (1985) Professor; Ph.D.; University of Utah
Ross, Andrew (2006) Assistant Professor; Ph.D.; University of California-Berkeley
Shapla, Tanveer (2006) Assistant Professor; Ph.D.; Bowling Green State University
Shiskowski, Kenneth M. (1983) Professor; Ph.D.; Lehigh University
Tayeh, Carla (1989) Professor; Ph.D.; Southern Illinois University
Wang, Bingwu (2002) Assistant Professor; Ph.D.; Wayne State University
Warren, Bette (1984) Professor and Department Head; Ph.D.; Indiana University

Music and Dance
Amos, Charles N. (1975) Professor; Ph.D.; University of Iowa
Babcock, Donald J. (2001) Assistant Professor; D.M.A.; Michigan State University
Boerma, Scott (2004) Assistant Professor; M.M.; University of Michigan
Brandon, Ernest M. (1975) Associate Professor; M.M.; Northwestern University
Cole-Luevano, Kimberly (1996) Associate Professor; D.M.A.; Michigan State University
Dorsey, John F. (1997) Assistant Professor; M.M.; University of Michigan
Eggers, Carter J. (1967) Professor; M.M.; Ithaca College
Foster, Daniel L. (1987) Associate Professor; M.M.; University of Michigan
Gajda, Anne B. (1979) Professor; M.M.; University of Michigan
Hornbach, Christina (2005) Assistant Professor; Ph.D.; Michigan State University
Iannaccone, Anthony J. (1971) Professor; Ph.D.; Eastman School of Music University of Rochester
Jerome, Sherry (1999) Assistant Professor; M.F.A.; Texas Christian University
Kirkland, Glenda E. (1973) Professor; M.A.; Eastern Michigan University
McGuire, Michael G. (1983) Professor; M.M.; State University of New York
McNamara, Joann (1986) Professor; Ph.D.; Texas Women's University
Meretta, Kristy L. (1987) Professor; M.A.; University of Michigan
Miller, Kevin (1991) Associate Professor; M.M.; University of Michigan
O'Brien-Pedersen, Julianne (1998) Assistant Professor; M.F.A.; Ohio State University
Patrick, Louise Rose (1990) Professor; Ph.D.; Michigan State University
Pedersen, Garik (1989) Professor; D.M.A.; University of Iowa
Pierce, David (1990) Professor; D.M.A.; University of Illinois-Urbana-Champaign
Plank, Max E. (1968) Professor; D.M.A.; University of Michigan
Prince, J. Whitney (1981) Professor; D.M.A.; University of Colorado
Ruiter-Feenstra, Pamela (1996) Associate Professor; D.M.A.; University of Iowa
Saker, Marilyn N. (1993) Associate Professor; Ph.D.; University of Wisconsin-Madison
Schoenhals, Joel (2001) Assistant Professor; D.M.A.; Eastman School of Music University of Rochester
Simmons, Phil (2006) Assistant Professor; M.F.A.; University of Georgia
Smith, John R. (1969) Assistant Professor; M.A.; Eastern Michigan University
Stone, Julie (1994) Associate Professor; D.M.A.; University of Maryland-College Park
Waymire, Mark (2006) Assistant Professor; M.M.; Sam Houston State University
Winder, Diane (1988) Professor; D.M.; Florida State University
Woike, David O. (1990) Professor and Department Head; Ph.D.; Ohio State University

Nursing

Beard, Betty J. (1976) Professor; Ph.D., R.N.; University of Michigan
Berry, Linda M. (1994) Associate Professor; Ph.D., R.N.; University of Michigan
Bigelow, April (2004) Assistant Professor; M.S.N., R.N.; University of Michigan
Branson-Hillegas, Kathleen (1981) R.N./B.S.N. Coordinator, Associate Professor; M.S.; University of Michigan
Ervin, Naomi E. (2006), Professor and Director; Ph.D., R.N., A.P.R.N., B.C., F.A.A.N.; University of Michigan
Fox, Diane (2004) Assistant Professor; M.S.N., R.N.; Eastern Michigan University
Kao, Tsui-Sui (2006) Assistant Professor; M.S.N., R.N.; University of Michigan
Lan, Virginia (1997) Associate Professor; Ph.D., R.N.; University of Michigan
Nelson, Sandra (1990) Associate Professor; Ph.D., A.P.R.N., BC.; Michigan State University
Pfoutz, Susan (1998) Professor; Ph.D., R.N.; University of Michigan
Riley, Janice (2002) Lecturer; M.S., R.N.; Eastern Michigan University
Rubenfeld, Marlene G. (1986) Associate Professor; R.N., M.S.; Ohio State University
Scheffer, Barbara K. (1976) Professor; Ed.D., R.N.; Eastern Michigan University
Tanicala, Martha (1999) Associate Professor; Ed.D, R.N.; Bowling Green University
Trewn, Peggy (1998) Associate Professor; Ph.D., R.N.; Wayne State University
Williams, Michael (1998) Associate Professor; M.S.N., R.N.; Grand Valley State University
Wilson, Lorraine (1988) Professor, Ph.D., R.N.; Wayne State University
Wiswell, Lisa (2005) Assistant Professor; Ed.D., R.N.; University of California
Wu, Tsu-Yin Stephanie (1999) Associate Professor; Ph.D., R.N.; University of Michigan

Physics and Astronomy

Behringer, Ernest R. (1995) Associate Professor; Ph.D.; Cornell University
Carroll, James J., III (1998) Associate Professor; Ph.D.; West Virginia University
Jacobs, Diane A. (1985) Professor; Ph.D.; University of Texas-Austin
Koehn, Patrick L. (2005) Assistant Professor; Ph.D.; University of Michigan.
Oakes, Alexandria (1987) Professor and Department Head; Ph.D.; Lehigh University
Porter, James C. (1967) Professor; Ph.D.; Purdue University
Sharma, Natthi L. (1986) Professor; Ph.D.; Ohio University
Sheerin, James P. (1991) Professor; Ph.D.; University of Michigan
Shen, Weidian C. (1991) Professor; Ph.D.; Wayne State University
Thomsen, J. Marshall (1986) Professor; Ph.D.; Michigan State University
Trochet, Daniel P. (1968) Professor; Ph.D.; University of Michigan
Wylo, Bonnie (1988) Professor; Ph.D.; University of Michigan

Political Science

Bernstein, Jeffrey (1997) Assistant Professor; Ph.D.; University of Michigan
Carroll, Bruce (2006) Assistant Professor; Ph.D.; University of Houston
Krause, Volker (2005) Assistant Professor; Ph.D.; University of Michigan
Kullberg, Judith (2004) Assistant Professor; Ph.D.; University of Michigan
Longworth, Rhonda (1994) Associate Professor and Interim Assistant Vice President for Academic Affairs; Ph.D.; University of Iowa
Lottie, Adrian J. (1992) Associate Professor; Ph.D.; Wayne State University
Martin, Elaine F. (1984) Professor; Ph.D.; University of Oklahoma
Monsma, Charles (1971) Professor; Ph.D.; University of Michigan
Ohren, Joseph F. (1985) Professor; Ph.D.; Syracuse University
Petrescu, Claudia (2002) Assistant Professor; Ph.D.; University of Pittsburgh
Pfister, James Wilber (1970) Associate Professor; Ph.D.; University of Michigan
Pyle, Barry (1997) Associate Professor; Ph.D.; University of Missouri-St. Louis
Rosenfeld, Raymond A. (1983) Professor and Department Head; Ph.D.; Emory University
Sabki, Mohammad Hisham (1969) Professor; Ph.D.; Indiana University
Scott, Joanna V. (1990) Professor; Ph.D.; University of Strathclyde, Scotland
Sidlow, Edward (1995) Professor; Ph.D. Ohio State University
Snedecor, Bethany (2004) Assistant Professor; Ph.D.; Wayne State University
Stahler-Sholk, Richard (1997) Associate Professor; Ph.D. University of California-Berkeley
Zhao, Zhirong "Jerry" (2005) Assistant Professor; Ph.D.; University of Georgia

Psychology

Bonem, Marilyn K. (1987) Associate Professor; Ph.D.; Utah State University
Byrd, Michelle R. (2002) Assistant Professor; Ph.D.; University of Nevada at Reno
Delprato, Dennis J. (1969) Professor; Ph.D.; Michigan State University
Fish, Barry A. (1970) Professor; Ph.D.; Wayne State University
Freedman-Doan, Carol R. (1995) Professor; Ph.D.; Wayne State University
Gordon, Norman G. (1975) Professor; Ph.D.; Wayne State University
Hodges, Kay V. (1989) Professor; Ph.D.; University of Maryland
Hoodin, Flora (1998) Associate Professor; Ph.D.; Wayne State University
Huprich, Steven (2004) Assistant Professor; Ph.D.; University of North Carolina at Greensborough
Huth-Bocks, Alissa (2005) Assistant Professor, Ph.D.; Michigan State University
Jeffersom, Stephen (2006) Assistant Professor; Ph.D.; Michigan State University
Knapp, John R. (1971) Professor; Ph.D.; University of Denver
Koch, Ellen (2003) Assistant Professor; Ph.D; Western Michigan University
Lajiness-O’Neill, Renee (2005) Assistant Professor, Ph.D.; Brigham Young University
Lauterbach, Dean (2001) Professor; Ph.D.; Purdue University
McManus, John L. (1981) Associate Professor; Ph.D.; Ohio State University
Penix, Tamara (2006) Assistant Professor; Ph.D.; University of Nevada at Reno
Rusiniak, Kenneth W. (1981) Professor; Ph.D.; University of California at Los Angeles
Saules, Karen K. (2001) Professor; Ph.D.; Wayne State University
Todd, James T. (1990) Professor; Ph.D.; University of Kansas
Von Kluge, Silvia (1990) Professor; Ph.D.; Michigan State University
Westman, Alida S. (1972) Professor; Ph.D.; Cornell University
Witkow, Melissa (2006) Assistant Professor; Ph.D.; University of California at Los Angeles

Social Work

Bombyk, Marti (1996) Professor; Ph.D.; University of Michigan
Brown-Chappell, Betty (1996) Associate Professor; Ph.D.; University of Chicago
Davis, Laura (1994) Associate Professor; Ph.D.; Cornell University
Gray, Sylvia Sims (1988) Associate Professor; Ph.D.; Wayne State University
Gunther, John (2001) Professor; Ph.D.; Tulane University (1979)
Krajewski-Jaime, Elvia (1985) Professor; Ph.D.; University of Texas
Kurtz, Linda Ferris (1989) Professor; Ph.D.; University of Georgia
Lewis, Ronald (1992) Professor; Ph.D.; University of Denver
Loppnow, Donald (1976) Professor and Senior Executive for Institutional Effectiveness; Ph.D.; University of Michigan
Massie, Enos (1989) Associate Professor; Ph.D.; University of Michigan
Mills, Crystal (1992) Professor; Ph.D.; University of Michigan
Nybell, Lynn (1983) Associate Professor; Ph.D.; M.S.W.; University of Michigan
Ragg, Mark (1996) Associate Professor; Ph.D.; Case Western Reserve
Schuster, Elizabeth Oates (1986) Professor; Ph.D.; University of Michigan
Smith, Harrison Y. (1994) Professor; Ph.D.; University of Denver
Wedenoja, Marilyn (1992) Professor; Ph.D.; University of Michigan
Weinberg, Sylvia (1996) Associate Professor; Ph.D.; University of Texas
Ziefert, Marjorie (1981) Professor and Department Head; M.S.W.; Columbia University

Sociology, Anthropology and Criminology

Adams, Anthony Troy (1985) Associate Professor; Ph.D.; University of Michigan
Ajrouch, Kristine (2000) Assistant Professor; Ph.D.; Wayne State University
Barak, Gregg (1991) Professor; Ph.D.; University of California-Berkley
Cao, Liqun (1994) Professor; Ph.D.; University of Cincinnati
Cerroni-Long, Liza (1987) Professor; Ph.D.; University of California at Los Angeles
Corsianos, Marilyn (2002) Assistant Professor; Ph.D.; York University
Kern, Roger (1998) Assistant Professor; Ph.D.; Vanderbilt University
Leighton, Paul (1997) Associate Professor; Ph.D.; American University
Moaddel, Mansoor (1987) Professor; Ph.D.; University of Wisconsin
Orrange, Robert M. (2001) Assistant Professor; Ph.D.; University of Texas
Reiling, Denise (2000) Assistant Professor; Ph.D. Michigan State University
Richardson, Barbara (1991) Professor; Ph.D.; Cornell University
Simoes, Solange (2006) Assistant Professor; Ph.D. University of London
Sinclair, Karen (1976) Professor; Ph.D.; Brown University
Tomaszewski, E. Andreas (2001) Assistant Professor; Ph. D.; Carleton University
Weinstein, Jay (1986) Professor and Interim Department Head; Ph.D.; University of Illinois
Westrum, Ronald (1972) Professor; Ph.D.; University of Chicago

**Special Education**

Burton-Hoyle, Sally (2006) Assistant Professor; Ed.D; University of Idaho
Cameron, S. (2004) Assistant Professor; J.D.; University of Toledo
Carney, Karen (2002) Assistant Professor, Ph.D.; Arizona State University
Cupples, Willie P., Jr. (1994) Professor; Ph.D.; Northwestern University
Doster, Brenda (2006) Assistant Professor, Ph.D.; University of Michigan
Ginsberg, Sarah (2002) Assistant Professor; Ed.D; Eastern Michigan University
Gorenflo, Carole (1988) Professor; Ph.D.; Michigan State University
Hoodin, Ronald (1988) Professor; Ph.D.; Pennsylvania State University
Hric, Kathleen (2005) Assistant Professor; Ph.D.; University of Michigan
Koh, Myung-Sook (2005) Assistant Professor; Ph.D.; University of Memphis
Lee, Lidia (2002) Associate Professor; Ph.D.; Indiana University
Li, Tsai-Ping (Alicia) (1995) Assistant Professor; Ed.D.; University of Northern Colorado
McGinnis, Jacqueline (2002) Assistant Professor; Ph.D.; University of Nebraska-Lincoln
Parker, Kathlyn (1999) Assistant Professor; Ph.D.; Teacher's College- Columbia University
Rocklage, Lynne A. (1991) Professor and Department Head; Ph.D.; Southern Illinois University
Smith, P. (2004) Assistant Professor; Ed.D.; University of Vermont
Stevens, Lizbeth (1998) Associate Professor; Ph.D.; Wayne State University
Stiefel, G. (2004) Assistant Professor; Ph.D.; University of Michigan
Tonkovich, John (2000) Associate Professor; Ph.D.; University of Tennessee

**Teacher Education**

Baiyee, Martha (1998) Associate Professor; Ph.D.; Virginia Tech
Beauvais, Kathleen (1991) Professor; Ph.D.; University of Michigan
Bednar, Anne (1991) Professor; Ed.D.; Indiana University
Bennion, Donald (1993) Professor and Department Head; Ph.D.; Ohio University
Bigler, Mary (1977) Professor; Ph.D.; University of Michigan
Bishop, J. Joe (2002) Associate Professor; Ph.D.; University of Iowa
Burke, Wendy (2000) Associate Professor; Ph.D.; University of Illinois at Urbana-Champaign
Burns, Carolyn M. (2001) Assistant Professor; M.A.; University of Michigan
Carter, Carolyn J. (2001) Associate Professor; Ph.D.; Wayne State University
Copeland, Nancy (2002) Assistant Professor; MBE; Wayne State University
Daisey, Peggy (1994) Professor; Ph.D.; Kansas State University
Dichtelmiller, Margo L. (2000) Associate Professor; Ph.D; University of Michigan
Dokes-Brown, Marion A. (2001) Associate Professor; Ph.D.; Texas Women's University
Finch, Carolyn (1999) Professor; Ph.D.; University of Maryland
Gordon, Jane (1992) Professor; Ph.D.; University of Miami
Gould, Caroline (1997) Assistant Professor; M.A.; University of Michigan
Grossman, Sue (1995) Associate Professor; Ph.D.; Michigan State University
Gwaltney, Thomas (1964) Professor; Ph.D.; Southern Illinois University
Harmon, Deborah (2000) Assistant Professor; Ph.D.; Colorado State University
Huyvaert, Sarah (1986) Professor; Ed.D.; Indiana University
Johnson, Elizabeth (1994) Associate Professor; Ed.D.; Wayne State University
Jones, Sylvia (1992) Professor; Ph.D.; University of Michigan
Jones, Toni Stokes (1999) Associate Professor; Ph.D.; Wayne State University
Jose-Kampfner, Cristina (1991) Professor; Ph.D.; University of Michigan
Kinney-Sedgwick, Martha (1987) Associate Professor; Ph.D.; University of Iowa
Langer, Georgea (1985) Professor; Ph.D.; Stanford University
Lewis-White, Linda (1996) Professor; Ph.D.; East Texas State University
Lowenstein, Ethan (2002) Assistant Professor; Ph.D.; New York University
Margerum-Leys, Jon (2000) Associate Professor; Ph.D.; University of Michigan
Martusewicz, Rebecca (1988) Professor; Ed.D.; University of Rochester
Maylone, Nelson (2000) Assistant Professor; Ed.D.; Eastern Michigan University
Moore-Hart, Margaret (1988) Professor; Ph.D.; University of South Florida
Nelson, Olga (1991) Professor; Ph.D.; Kent State University
Paciorek, Karen (1981) Professor; Ph.D.; Peabody College of Vanderbilt University
Pietig, Jeanne (1988) Professor; Ph.D.; University of Minnesota
Pokay, Patricia (1988) Professor; Ph.D.; University of Michigan
Polakow, Valerie (1988) Professor; Ph.D.; University of Michigan
Quilter, Shawn (1996) Associate Professor and Associate Dean of Academic Accountability, College of Education; Ph.D.; University of South Carolina
Rearick, Mary (2001) Associate Professor; Ed.D.; University of Massachusetts
Shellhorn, Bette (2005) Assistant Professor Ph.D. Michigan State
Skaggs, Kathryn (1997) Assistant Professor; M.S.; Peabody College of Vanderbilt University
Starke, Alane (1986) Professor; Ph.D.; University of Connecticut
Williams-Boyd, Patricia (1996) Associate Professor; Ed.D.; University of Kansas

Technology Studies

Adamski, Anthony (1997) Associate Professor; Ph.D.; Wayne State University
Becker, Pamela (2004) Assistant Professor; M.L.S.; Eastern Michigan University
Bellamy, Al (1996) Professor; Ph.D.; Purdue University
Boone, Morrell D. (2001) Professor and Interim Dean Ph.D.; Syracuse University
Boyless, John E. (1977) Associate Professor and Interim Director; M.A.; Eastern Michigan University
Buchanan, Polly (1980) Professor and Interim Associate Dean of the College of Technology; Ph.D.; University of Michigan
Cardon, Phillip (1999) Associate Professor; Ph.D.; Ohio State University
Dugger, John C. (2001) Professor; Ph.D.; Texas A&M University
Fulkert, Ronald (1997) Associate Professor; Ph.D.; University of Toledo
Ghosh, Subhas (2002) Professor; Ph.D.; University of Manchester, England
Gore, David K. (1983) Assistant Professor; M.S.; Eastern Illinois University
Gregory, Susan (2002) Professor; Ed.D.; Temple University
Haddad, Carol (1993) Professor; Ph.D.; University of Michigan
Harbour, Nancy (2005) Assistant Professor, Ph.D.; University of Detroit
Jogaratnam, Giri D. (1996) Professor; Ph.D.; Virginia Polytechnic Institute and State University
Kalian, Seema (2004) Associate Professor; Ph.D.; Michigan State University
Kinczkowski, Linda (2000) Associate Professor, Ph.D.; Wayne State University
Kustron, Konnie G. (1994) Professor; J.D.; Detroit College of Law
Kuwik, Paul D. (1980) Professor; Ph.D.; Ohio State University
Lawver, Gerald V. (1987) Associate Professor; Sp.A.; Eastern Michigan University
Leapard, David W. (1992) Professor; Ph.D.; University of South Carolina
Majeske, Paul (1997) Associate Professor; M.L.S.; Eastern Michigan University
Park, Jaehong (2005) Assistant Professor; Ph.D.; George Mason University
Pilato, Denise (2002) Professor; Ph.D.; Michigan State University
Preston, John M. (1983) Associate Professor; M.S.; Eastern Michigan University
Remp, Ann M. (1984) Professor; Ph.D.; Michigan State University
Tartalone, Phillip (2005) Assistant Professor; Ph.D.; Michigan State University
Teehan, Robert (2006) Assistant Professor; Ph.D; Capella University
Van Der Velde, Robert (2002) Professor; J.D.; Cleveland-Marshall College of Law
Welker, Kelly (1999) Associate Professor; Ph.D.; Florida State University
White, Darcelle D. (1995) Professor; J.D.; University of Detroit

Women's and Gender Studies

Haddad, Carol (1993) Professor and Interim Director; Ph.D.; University of Michigan
Mehuron, Kate (1989) Professor and Academic Adviser; Ph.D.; Vanderbilt University
Simoes, Solange (2006) Assistant Professor; Ph.D. University of London

World Languages

Aebersold, Jo Ann (1984) Professor; Ph.D.; University of Michigan
Cere, Ronald C. (1985) Professor; Ph.D.; New York University
Cline, William J. (1970) Professor; Ph.D.; State University of New York
Cullen, Thomas J. (1994) Professor; Ph.D.; Klagenfurt University
Damiano, Carla A. (2001) Assistant Professor; Ph.D.; University of Oregon
Day, Catherine E. (1982) Professor; Ph.D.; University of Illinois
Dugan, Sanford J. (1974) Professor; Ph.D.; Washington University, Missouri
Holoka, James P. (1974) Professor; Ph.D.; University of Michigan
Illingworth-Rico, Alfonso (1994) Associate Professor; Ph.D.; University of Arizona
Kirby, Steven D. (1991) Professor; Ph.D.; University of Kentucky
Kubota, Sayuri (2005) Assistant Professor; Ph.D.; Purdue University
Mihaly, Deanna (2005) Assistant Professor; Ph.D.; Tulane University
Morgan, Elisabeth (1991) Professor and Department Head; Ph.D.; University of New York at Buffalo
Nerenz, Anne G. (1986) Professor; Ph.D.; University of Wisconsin
Oketani-Lobbezoo, Hitomi (1996) Associate Professor; Ph.D.; University of Toronto
Palmer, Benjamin W. (1970) Professor; Ph.D.; Northwestern University
Peden, Genevieve (1992) Professor; Ph.D.; Michigan State University
Popko, Alexander Jeffrey (2005) Assistant Professor; Ph.D.; University of Northern Arizona
Tabuse, Motoko (1992) Professor; Ph.D.; Ohio State University
Vosteen, Thomas R. (1991) Professor; Ph.D.; University of Iowa
Voght, Geoffrey M. (1971) Professor; Ph.D.; University of Michigan
Wang, Wendy (1999) Associate Professor; Ph.D.; University of Toronto
Zinggeler, Margrit (1999) Associate Professor; Ph.D.; University of Minnesota
Degrees Offered

Bachelor of Art Education

K-12 Visual Arts Education

K-12 Visual Arts Education is designed to prepare students for the dual role of professional artist and educator. Visual Arts Education requires students to complete a professional education studies component in addition to the requirements of the Visual Arts Education Major.

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary-Secondary Provisional Certificate endorsed in art, certification code LQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #095, "Visual Art Education."

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Web site: http://www.emich.edu/art/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 72 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." Students may apply up to, but not exceed 63 hours in one subject area (prefix) toward their degree.

Foundations: 21 hours

- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTS 290 - Studio Concepts 3 hrs
Art History/Inquiry: 15 hours

- ARTE 458 - Interpreting Art in Visual Arts Education 3 hrs
- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs

Studio Courses: 21 hours

Arts Studio Electives: 12 hours

Select from studio arts courses in consultation with an adviser. Students must choose a minimum of 2 electives in a 3-dimensional media and a minimum of 2 electives in a 2-dimensional media. All electives must be within different areas of concentration.

Area of Concentration: 9 hours

Select three courses in one of the concentrations below:

Ceramics Concentration
Drawing Concentration
Fibers Concentration
Furniture Design Concentration
Graphic Design Concentration
Metalsmithing Concentration
Painting Concentration
Photography Concentration
Printmaking Concentration
Sculpture Concentration
Watercolor Concentration

Professional Studies: 44 hours

Pre-Admission Phase: The Learner and the Community: 10 hours
The following courses can be taken prior to admission to the Initial Teacher Preparation Program:

- ARTE 357 - Introduction to Visual Arts Education 3 hrs
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

Phase I: Curriculum, Assessment and the Social Context: 12 hours

The following courses require admission to the Initial Teacher Preparation Program:

- ARTE 358 - Curriculum and Assessment in Visual Arts Education 3 hrs
- ARTE 359 - Practicum in Visual Arts Education 3 hrs
- ARTE 360 - Technology in Visual Arts Education 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 10 hours

- ARTE 460 - Approaches to Teaching Visual Arts Education 4 hrs
- PRCT 311 - Practicum II: Secondary 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

All Visual Arts Education students (including double majors, second bachelors and additional endorsements) will be responsible for fulfilling student teaching requirements in visual arts.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Students in Graphic Design must also take ARTH 474

** Course must be taken concurrently with the final course in chosen Area of Concentration. Capstone is a Writing Intensive class and meets the requirements of the General Education Program.
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Bachelor of Arts

Art History Major

This 30-hour major prepares students for graduate study, for gallery or museum work, or, with the addition of science and studio courses, for a career in conservation.

Art history majors should note that one year of college credit in a foreign language is required for the B.A. degree in art history. Most graduate programs in art history require reading proficiency in at least two foreign languages. Teacher certification in art is not obtainable using this major.

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours
Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)."

Required Courses: 18 hours

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs
- ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs

Elective Courses: 9 hours

Pre-Renaissance Art

*One course from the following:*

- ARTH 368 - History of Classical Art 3 hrs
- ARTH 468 - Medieval Art History 3 hrs

Renaissance/Baroque Art

*One course from the following:*

- ARTH 369 - History of Renaissance Art 3 hrs
- ARTH 469 - Baroque Art 3 hrs

Non-Western or Women’s Art

*One course from the following:*

- ARTH 267 - History of Asian Art (Gen Ed Area IV) 3 hrs
- ARTH 467 - Art of East Asia 3 hrs
- ARTH 470 - Arts of Africa 3 hrs
- ARTH 471 - Mesoamerican Art 3 hrs
- ARTH 473 - Women in Art 3 hrs

Art History Elective: 3 hours

*One course from the following:*

- Any upper-level art history course not taken to fulfill another requirement
- *ARTH 151 - Reason and Revolution (Gen Ed Area IV) 3 hrs
- ARTH 374 - American Painting and Sculpture 3 hrs
- ARTH 472 - History of American Architecture 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 497 - Independent Study 1 hr
- ARTS 498 - Independent Study 2 hrs
- ARTS 499 - Independent Study 2 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*Students may contract with art history faculty to include lower-numbered art courses for elective credit, with additional work.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.
French Major

Depending on initial placement, students may need to take up to 22 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

It is recommended that students specializing in French, or planning to continue with graduate work, carry their undergraduate study beyond the minimum requirements listed below. Many graduate schools require additional course work in literature.

Group Major in Language and International Trade - French

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major.

The major in language and international trade is designed to integrate the study of modern foreign languages and cultures with preparation in the field of international business. The major objective of the program is to provide students with the skills, knowledge and understanding needed to function in a foreign environment and in professional dealings with business people and clients who speak foreign languages. Students completing this group major will have met the major and minor requirements for graduation. The minor is included in the major requirements.

Qualified students in French may have the option of participating in a cooperative work exchange in an area of the world where French is spoken.

Phone Number: 487-4081

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 57-60 hours

Business Minor: 21 hours
Students must complete requirements for a minor in an operational area of business of their choosing. These areas include: economics, marketing, management, accounting, finance, business computer systems, general business and office administration, among others. Special combinations of business courses equivalent to a minor are possible in consultation with an adviser.

Additional Requirements: 6 hours

- MKTG 460 - International Marketing 3 hrs

One course from the following:

- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Language Area Studies Courses: 27 hours

- One FRNH at the 300- or 400-level (3 hrs)
- One FRNH at the 400-level (3 hrs)
- FRNH 343 - French Composition 3 hrs
- FRNH 361 - French for International Trade 3 hrs
- FRNH 446 - Business French I 3 hrs
- FRNH 447 - Business French II 3 hrs

One course from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

One Option from the following:

Option I: Geography and History: 6 hours

- One 300/400 level GEOG course of the geography of France.
- One 300/400 level HIST course of the history of France.

Option II: Geography and Foreign Language: 6 hours

- One 300/400 level GEOG course of the geography of France.
• One additional 300/400 level FRNH course.

Option III: History and Foreign Language: 6 hours

• One 300/400 level HIST course of the history of France.
• One additional 300/400 level FRNH course.

Field Experience: 3-6 hours

One course from the following:

• FLAN 387 - Cooperative Education in Foreign Language 3 hrs
• FLAN 487 - Cooperative Education in Foreign Language 3 hrs
• FLAN 489 - Internship in Language and International Trade 3 hrs
• FRNH 490 - Intensive French Abroad 6 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Group Major in Language and International Trade - Japanese**

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. The major in language and international trade is designed to integrate the study of modern foreign languages and cultures with preparation in the field of international business.

The major objective of the program is to provide students with the skills, knowledge and understanding needed to function in a foreign environment and in professional dealings with business people and clients who speak foreign languages. Students completing this group major will have met the major and minor requirements for graduation. The minor is included in the major requirements.

Qualified students in Japanese may have the option of participating in a cooperative work exchange in an area of the world where Japanese is spoken.

**World Languages Department Information:**

Department Head: Rosemary Weston-Gil  
Department Contact: rweston3@emich.edu  
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

**Adviser Information:**

Program Adviser: Motoko Tabuse  
Email: mtabuse@emich.edu  
Phone: 734.487.3346

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 60-63 hours**

**Business Minor: 21 hours**
Students must complete requirements for a minor in an operational area of business of their choosing. These areas include: economics, marketing, management, accounting, finance, business computer systems and general business, among others. Special combinations of business courses equivalent to a minor are possible in consultation with an adviser.

Additional Required Business Courses: 6 hours

- MKTG 460 - International Marketing 3 hrs

One course from the following

- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Language and Area Studies Courses: 30 hours

- One JPNE at the 300- or 400-level (3 hrs)
- One JPNE at the 400-level (3 hrs)
- JPNE 343W - Japanese Composition (Gen Ed Area I, W) 3 hrs
- JPNE 344 - Japanese Conversation 3 hrs
- JPNE 361 - Japanese for International Trade 3 hrs
- JPNE 446 - Business Japanese I 3 hrs
- JPNE 447 - Business Japanese II 3 hrs

One Political Science course from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

One option from the following:

Option I: Geography and History: 6 hours

- One 300/400 level GEOG course of the geography of Japan.
- One 300/400 level HIST course of the history of Japan.

Option II: Geography and Foreign Language: 6 hours
- One 300/400 level GEOG course of the geography of Japan.
- One additional 300/400 level JPNE course.

Option III: History and Foreign Language: 6 hours

- One 300/400 level HIST course of the history of Japan.
- One additional 300/400 level JPNE course.

Field Experience: 3-6 hours

_Consult with LIT Advisor._

One course from the following:

- FLAN 387 - Cooperative Education in Foreign Language 3 hrs
- FLAN 487 - Cooperative Education in Foreign Language 3 hrs
- FLAN 489 - Internship in Language and International Trade 3 hrs
- JPNE 490 - Intensive Japanese Abroad 6 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 4/2009

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the _100-level and above_. _Courses with numbers below 100 will not be counted toward this degree requirement._ At most 8 credit hours of physical education (PEGN) activity courses _will be counted toward this requirement_. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; _courses taken at community colleges cannot be used to meet this requirement_. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

**K-12 French Teaching Major**

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this course of study, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education K-12 Provisional Certificate in French, certification code FA, and, depending on the minor selected, an additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #23, “French.” In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 German Language and Literature Major

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this major, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education K-12 Provisional Certificate in German, certification code FB. The Michigan Test for Teacher Certification (MTTC) covering this field is #024, “German.” In addition, all students must pass the Oral Proficiency Interview (OPI) for German.

Adviser Information:
Program Adviser: Carla Damiano
Email: cdamiano@emich.edu
Phone Number: 487-3347

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Group I: Language Development: 12 hours

- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 344 - Principles of German Phonetics and Conversation 3 hrs
- GERN 443W - German Syntax and Advanced Composition (Gen Ed Area I, W) 3 hrs
- GERN 444 - Advanced German Conversation 3 hrs

Group II: Literature: 6 hours

- GERN 441 - Survey of German Literature 800-Enlightenment 3 hrs
- GERN 442 - Survey of German Literature: Enlightenment to 1945 3 hrs

Group III: Culture: 6 hours

- GERN 366 - The Cultures of German-Speaking Europe 3 hrs
- GERN 428 - German Literature and Film from 1945 to the Present 3 hrs

Group IV. Immersion Experience: 6 hours

- GERN 490 - Intensive German in Europe 6 hrs

Group V: Capstone Experience: 3 hours

- GERN 492 - Capstone Seminar in German (TO BE DELETED) 3 hrs

Professional Studies: 46 hours

Pre-Admission Phase: The Learner and the Community: 7 hours

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: *12 hours

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- PRCT 305 - Practicum I: Secondary 3 hrs
- * SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs
  *Error in Catalog: This course was mistakenly left out of Phase I.

Phase II: Content Methods, Literacy and Technology: 15 hours

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- PRCT 311 - Practicum II: Secondary 3 hrs
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
- FLAN 412 - Methods of Teaching Modern Languages in the Elementary Grades 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

- EDUC 489 - Student Teaching 12 hrs

In order to meet NCATE standards, candidates who:
- major in a language shall complete more than half of their student teaching contact hours in that language.
- double major in a language and in another content area shall complete a portion of the student teaching experience in that language.
- double major in two languages shall student teach in each language.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas. • Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education German Language and Literature Major

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this major, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate in German, certification code FB. The Michigan Test for Teacher Certification (MTTC) covering this field is #024, “German.” In addition, all students must pass the Oral Proficiency Interview (OPI) for German.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours
Group I: Language Development: 12 hours

- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 344 - Principles of German Phonetics and Conversation 3 hrs
- GERN 443W - German Syntax and Advanced Composition (Gen Ed Area I, W) 3 hrs
- GERN 444 - Advanced German Conversation 3 hrs

Group II: Literature: 6 hours

- GERN 441 - Survey of German Literature 800-Enlightenment 3 hrs
- GERN 442 - Survey of German Literature: Enlightenment to 1945 3 hrs

Group III: Culture: 6 hours

- GERN 366 - The Cultures of German-Speaking Europe 3 hrs
- GERN 428 - German Literature and Film from 1945 to the Present 3 hrs

Group IV. Immersion Experience: 6 hours

- GERN 490 - Intensive German in Europe 6 hrs

Group V: Capstone Senior Seminar: 3 hours

- GERN 492 - Capstone Seminar in German (TO BE DELETED) 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.
Phase I: Curriculum and Methods: Secondary 3 hrs

* CURR 305 - Curriculum and Methods: Secondary 3 hrs
** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
* PRCT 305 - Practicum I: Secondary 3 hrs
SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

  * FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
  * PRCT 311 - Practicum II: Secondary 3 hrs
  * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours required.

  * EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

  * Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical
education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. *These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

- Integrated Science Majors take one of the following:
  - BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
  - CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
  - ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
  - PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

- Physical Science Majors take one of the following:
  - CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
  - PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
• BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
• COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
• CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
• ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
• FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
• HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
• MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

• EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Spanish Major**

Depending on initial placement, students may need to take up to 24 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

The courses listed below meet the minimum requirements only; it is recommended that students specializing in Spanish, or planning to continue with graduate work, carry their undergraduate study beyond the minimum. Many graduate schools require additional course work in literature.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 18 hours

Choose one option from the following:

Option I: Technical Communication Courses: 18 hours

- ENGL 324 - Principles of Technical Communication 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 484 - Seminar in Written Communications 3 hrs

Option II: Professional Writing Courses: 18 hours

- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs
- ENGL 323 - Writing in the Professional World 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 484 - Seminar in Written Communications 3 hrs

One course from the following:

- ENGL 354 - Critical Digital Literacies 3 hrs
- ENGL 427 - Technical Editing 3 hrs
• ENGL 428 - Writing Computer Documentation 3 hrs
• ENGL 444 - Writing for the World Wide Web 3 hrs

Option III: Writing Studies Courses: 18 hours

• ENGL 328 - Writing, Style and Technology 3 hrs
• ENGL 417 - Rhetoric and the Written Word 3 hrs
• ENGL 484 - Seminar in Written Communications 3 hrs

One course from the following:

• ENGL 310 - Writing and Civic Literacy 3 hrs
• ENGL 354 - Critical Digital Literacies 3 hrs

One course from the following:

• ENGL 424 - Technical Writing 3 hrs
• ENGL 427 - Technical Editing 3 hrs
• ENGL 444 - Writing for the World Wide Web 3 hrs

One course from the following:

• CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
• JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Choose three courses from the following, however to fulfill this requirement, students can not choose a course they took in their Major Requirement Option.

• CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
• ENGL 310 - Writing and Civic Literacy 3 hrs
• ENGL 323 - Writing in the Professional World 3 hrs
• ENGL 324 - Principles of Technical Communication 3 hrs
• ENGL 326 - Research Writing 3 hrs
• ENGL 328 - Writing, Style and Technology 3 hrs
• ENGL 354 - Critical Digital Literacies 3 hrs
• ENGL 387 - Cooperative Education in English 3 hrs
• ENGL 417 - Rhetoric and the Written Word 3 hrs
• ENGL 424 - Technical Writing 3 hrs
• ENGL 427 - Technical Editing 3 hrs
• ENGL 428 - Writing Computer Documentation 3 hrs
• ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 488 - Internship in Technical Writing 1 hr
- ENGL 489 - Internship in Technical Writing 2 hrs
- ENGL 490 - Internship in Technical Writing 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Bachelor of Arts/Bachelor of Science

Actuarial Science and Economics Major - Economics

Actuarial science and economics is a joint program of the Mathematics and Economics departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous U.S. locations. MATH 372 and MATH 472 are designed to prepare students for these examinations.

All majors must meet with the undergraduate advising coordinator in the Department of Mathematics to fill out a program sheet before graduation. At least 15 credit hours in the program, at the 300 level or above, must be taken at Eastern Michigan University.

Economics Department Information:

Department Head: Raouf S. Hanna
Department Contact: rhanna@emich.edu
Web site: http://www.emich.edu/economics/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Abdullah Dewan
Phone Number: 487-3395
Email: adewan@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 61 hours

Required Courses: 12 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

One course from the following:

- ECON 361 - Financial Economics 3 hrs
- FIN 350 - Principles of Finance 3 hrs

Required Mathematics Courses: 25 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Required Economics Courses: 18 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 405 - Economic Analysis for Business 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Restricted Elective Courses: 6 hours

Any combination of electives from:

- Courses at the 300-level or above in mathematics
- ECON 340 - Money and Banking 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

African American Studies Major

African American Studies Department Information:

Department Head: Victor O. Okafor
Department Contact: vokafor@emich.edu
Website: http://www.emich.edu/aas/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Required Course: 9 hours

- AAS 101 - Introduction to African American Studies (Gen Ed Area III) 3 hrs
- AAS 201 - Foundations of Knowledge in African American Studies 3 hrs
- AAS 401 - African American Studies Research Seminar 3 hrs

Restricted Elective Courses: 21 hours

Twenty-one hours from the following:

- AAS 102 - Introduction to African Civilization (Gen Ed Area III) 3 hrs
- AAS 221 - African American Social Movements 3 hrs
- AAS 231 - Urbanization and the African American Community 3 hrs
- AAS 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
- AAS 233 - Public Policy and African Americans 3 hrs
• AAS 243 - Black Women: Politics and Racism 3 hrs
• AAS 272 - Hip Hop Lyricism in African American Culture 3 hrs
• AAS 301W - Writing for African American Studies (Gen Ed Area I, W) 3 hrs
• AAS 311 - The African Diaspora 3 hrs
• AAS 312 - African Civilization 3 hrs
• AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
• AAS 351 - The Social Context of African American Health (Gen Ed Area IV) 3 hrs
• AAS 361 - The African American Family 3 hrs
• AAS 362 - Black Women: Religion and Sexism 3 hrs
• AAS 370 - Films of the African American Experience 3 hrs
• AAS 402 - African American Studies Internship Seminar 3 hrs
• AAS 441 - Law in the African American Experience 3 hrs
• HIST 315 - History of Black Americans 3 hrs
• LITR 362 - Studies in African American Literature 3 hrs

Elective Courses: 3 hours

Any course offered by the African American Studies Department, including independent studies and special topics

One course from the following:

• AAS 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
• AAS 233 - Public Policy and African Americans 3 hrs
• AAS 312 - African Civilization 3 hrs
• AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
• ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• ANTH 236 - Peoples and Cultures of Africa 3 hrs
• CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
• CTAR 251 - African American Theatre: Creative Problems 3 hrs
• ECON 321 - Minority Workers in the Labor Market 3 hrs
• GEOG 322 - Geography of Africa 3 hrs
• GEOG 332 - Urban Geography 3 hrs
• HIST 342 - North Africa, 1798 to the Present 3 hrs
• HIST 347 - Sub-Saharan Africa to 1885 3 hrs
• HIST 348 - 20th-Century Africa 3 hrs
• HIST 365 - The Old South 3 hrs
• PLSC 372 - African Politics 3 hrs
• PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
• SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
SOCL 306 - The Urban Community 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Any change to this program must be approved and proper paper work submitted before that change can be considered for graduation.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Anthropology Major
The program in anthropology advances the goals of humanistic education, prepares students for successfully operating in a multicultural society and provides majors with a foundation for graduate study. Anthropology is the comparative study of human behavior, both in terms of its development and in terms of its culture-specific expressions. The University's program in anthropology gives particular attention to the sociocultural subfield.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen  
Department Contact: alindela@emich.edu  
Web site: http://www.emich.edu/sac/

Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: Liza Cerroni-Long, Ph.D.  
Phone: 734.487.0012  
Email: liza.cerroni-long@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Required Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 140 - Introduction to Physical Anthropology 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- ANTH 210 - History of Anthropological Theory 3 hrs

Restricted Electives: 6 Hours

One culture area course selected from this list:

- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 237 - Native North American Cultures (Gen Ed Area III) 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 385 - Culture of Japan 3 hrs
One methodology course selected from this list:

- ANTH 345 - Ethnographic Methods 3 hrs
- ANTH 361 - Archaeological Fieldwork 5 hrs
- ANTH 362 - Artifact Analysis 3 hrs

Elective Courses: 12 hours

- Two anthropology courses, of which at least one must be at the 300-level or above (6 hrs)
- Two culminating anthropology courses at the 400 level (6 hrs)

Exit Interview:

*Majors must register with an anthropology Faculty Mentor, who will administer their Exit Interview.*

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Arts Management Major

The arts management curriculum provides career training and practical experience for those with a passion for the arts and whose talents are in the field of administration, marketing and/or entrepreneurship. The arts manager not only must develop a variety of management skills but also must maintain a high degree of sensitivity to aesthetics.

Students are provided a broad background in all of the arts with an opportunity to study a specific art in more depth. Additionally, each student gains vital practical experience working in the arts during internships on the University campus and in an approved off-campus professional arts organization.

Training in the arts is combined with the development of skills in accounting, advertising, personnel management, labor relations and various other areas of business through a program of study that includes management, marketing and entrepreneurship. Graduates are equipped to enter the arts management field or to pursue further study in arts administration.

Because the arts management field is rapidly evolving, it is advantageous for students to maintain regular contact with an adviser during their entire program to avoid unnecessary difficulties before and after completion of the program. Arts institutions vary in their personnel needs.

EMU’s arts management curriculum is divided into four sections: general education requirements, arts management major, a management or marketing minor (see College of Business) and two internships.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 39 hours

Required Courses: 27 hours

Art Fundamentals: 18 hours

- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- DANC 102 - Modern Dance Fundamentals (Gen Ed Area IV) 3 hrs
- MUSC 107 - Music Appreciation (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs

Media and Arts Management: 9 hours

- CTAR 452 - Arts Management 3 hrs
- CTAT 334 - Radio-Television News 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs

Restrictive Elective Courses: 10 hours

One course from each of the following areas:

- academic dance
- art
- music
- theatre

Strongly Recommended Elective Courses:

- A course in technical theatre
- CTAR 426 - Fund Raising in the Arts 2 hrs
- CTAR 427 - Grant Writing for the Arts 2 hrs
- CTAR 453W - Marketing the Arts (Gen Ed Area I, W) 3 hrs
- CTAR 454 - Law, Public Policy and the Arts 3 hrs

Internships: 2 hours

Two are required for this major: a one-semester, on-campus internship and a one-semester practicum with an approved off-campus arts institution. Application procedures and minimum requirements for credit should be obtained from the advising coordinator not later than the first semester of the junior year.
An on-campus internships is approved part-time work as a member of the management staff of such EMU arts institutions as the Ford Gallery or EMU Dancers.

Practica are available to the junior/senior-level student who has a minimum GPA of 2.5 in the arts management curriculum.

**Minor Requirements:**

*Select from either management, marketing or entrepreneurship in consultation with the arts management advising coordinator.*

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under the Pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Athletic Training Major
The athletic training education program at Eastern Michigan University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the athletic training education program establish the qualities considered necessary for students to achieve the knowledge, skills and competencies of an entry-level athletic trainer, as well as meet the expectations of the program’s accrediting agency (Commission on Accreditation of Athletic Training Education (CAATE)). The following abilities and expectations must be met by all students admitted to the athletic training educational program. In the event a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program.

Compliance with the program’s technical standards does not guarantee a student’s eligibility for the Board of Certification (BOC) certification exam. Students also must complete all requirements of the ATEP.

Candidates for the athletic training education program must demonstrate:

- The capacity to assimilate, analyze, synthesize, integrate concepts and solve problems to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.

- Sufficient postural and neuromuscular control, sensory function and coordination to perform appropriate physical examinations using accepted techniques; and to accurately, safely and efficiently use equipment and materials during the assessment and treatment of patients.

- The ability to communicate effectively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice.

- The ability to record the physical examination results and a treatment plan clearly and accurately.

- The capacity to maintain composure and continue to function well during periods of high stress.

- The perseverance, diligence and commitment to complete the athletic training education program as outlined and sequenced.

- Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.

Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.
Candidates for selection to the athletic training education program will be required to verify they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards.

The Disability Resource Center will evaluate a student who says he/she could meet the program’s technical standards with accommodation and confirm that the stated condition qualifies as a disability under applicable laws.

If a student says he/she can meet the technical standards with accommodation, the University will determine whether it agrees that the student can meet the technical standards with reasonable accommodation. This includes a review of whether the accommodations requested are reasonable, taking into account whether accommodation would jeopardize clinician/patient safety or the educational process of the student or the institution, including all course work, clinical experiences and internships deemed essential to graduation.

Students in the Athletic Training Education Program that are applying to begin their clinical Education must obtain and submit a medical physical to be reviewed by a physician. They must obtain, complete and submit an application for ATTR 225 and complete the Hepatitis B vaccination form prior to enrolling in the clinical education coursework. These forms may be printed from the Athletic Training website or picked up from the Athletic training Education Program Coordinator.

When an “intent” has successfully achieved the above, he/she must apply for “First Year Review”. The application form can be obtained from the program coordinator or the clinical coordinator or online at the program’s website. The “intent” will be notified of the date and time for a personal interview with the Athletic Training Education Committee.

All forms and the most up to date information about the Athletic Training Education Program can be obtained from the program website: www.emich.edu/hphp/ATRindex.html

School of Health Promotion and Human Performance Information:

School Director: Christine Karshin

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 7-8 hours

One option from the following:

Option I:

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs

Option II:

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One option from the following:

Option I:

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

Option II:

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Sports Medicine - Athletic Training: 70 hours

- ATTR 201 - Human Anatomy for Sports Medicine 3 hrs
- ATTR 202 - Human Physiology for Sports Medicine 3 hrs
- ATTR 219 - Introduction to Athletic Training 3 hrs
- ATTR 225 - Practicum I 3 hrs
- ATTR 290 - Practicum II 2 hrs
- ATTR 295 - Assessment of Lower Body Injuries 3 hrs
- ATTR 296 - Assessment of Upper Body Injuries 3 hrs
- ATTR 304 - Structural Kinesiology 3 hrs
- ATTR 310 - Emergency Care in Athletic Training 2 hrs
- ATTR 321 - Therapeutic Modalities for AT. with Lab 3 hrs
- ATTR 322 - Therapeutic Exercise for Athletic Trainers with Lab 3 hrs
- ATTR 326 - Practicum III 2 hrs
- ATTR 327 - Practicum IV 2 hrs
- ATTR 384 - Ergogenic Aids and Athletic Performance 2 hrs
- ATTR 390 - Senior Practicum 3 hrs
- ATTR 419 - Medical Aspects of Athletic Training 3 hrs
- ATTR 420 - Administrative and Legal Aspects of Athletic Training 2 hrs
- ATTR 485 - Seminar in Athletic Training 3 hrs
- ATTR 490 - Internship — Athletic Training 6 hrs
- DTC 204 - Sports Nutrition 3 hrs
- SPMD 119 - Orientation to Sports Medicine 1 hr
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- SPMD 300 - Physiology of Exercise 4 hrs
- SPMD 305 - Kinesiology-Tissue Mechanics 3 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Electives: 13 hours

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

The above curriculum, numerous clinical competencies/proficiencies and clinical experience under the supervision of an NATA-certified athletic trainer are required for graduation and to sit for the NATABOC certification exam. In addition, completed athletic training education competencies are required by all students prior to graduation from the CAAHEP accredited program. Clinical education must be attained in no less than two academic years and not more than five years.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. **General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 68 hours**

- **BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs**
- BIO 301 - Genetics 3 hrs
- * BIO 476 - Mammalian Histology 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

One course from the following:

- * BIO 305 - Cell and Molecular Biology 3 hrs
- * BIO 326 - Human Physiology 3 hrs

One course from the following:

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PSY 205 - Quantitative Methods in Psychology 3 hrs

Toxicology cooperative education project:

At least two hours from a toxicology cooperative education project.

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs

Minor Requirements:

This major does not require a minor.
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Completion of BIOL110, or equivalent coursework, is required for Biochemistry students to obtain Biology departmental permission for 300- and 400-level biology courses.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Biology Major**

Majors should start with BIO 110 followed by BIO 120 in their freshman year. Chemistry courses should also be started in the freshman year in order to fulfill the requirements for the 300- and 400-level biology courses. The core biology lectures and laboratories should be completed no later than the end of the junior year. Since BIO 301 is a pre- or corequisite for both BIO 305 and BIO 315, it should be completed as soon as possible to avoid any delay in graduation. The 15 semester hours of electives allow a student to specialize or to take a variety of biology courses. Although some electives can be
taken as early as the sophomore year, most will be taken in the junior and senior years. Students are
strongly advised to elect the remaining core course as one of the electives.

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 63-65

Biology: 36 hours

Required Foundation Courses: 13 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs

Biology Core Courses: 6 hours

Two courses from the following:

- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs

Biology Core Labs: 3 hours

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Restricted Electives: 14 hours
Choose an additional 14 semester hours at the 300- and 400-level in biology. At least one course must be at the 400 level. All courses must have a minimum prerequisite of BIO120. BIOT courses cannot be counted toward the biology major. No more than six hours of BIO387 Cooperative Education and BIO497-499 Undergraduate Research in Biology can be counted toward the major.

Chemistry: 16-17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Select either option I or option II:

Option I:

- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs

Option II:

- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Physics: 8 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Math: 3-4 hours

One course from the following:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Options are BIO306W and BIO311W.*

*Students who plan to pursue graduate work in biology or who are in a preprofessional program should select Option I: CHEM371/372/373 Organic Chemistry I-II with lab.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Communication and Theatre Arts Major with Concentrations**

The comprehensive major allows each student to develop a variety of communication skills with one or two areas of concentration (12 to 18 credit hours each). Within the 36 credit hours, at least nine must be in 300- and 400-level courses. Majors should plan their course selections carefully with a departmental adviser and present a copy of this plan to Academic Records and Certification when requesting senior checkout.
Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33-45 hours

Required Courses: 6 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs  
- CTAO 205 - Voice and Articulation 3 hrs

Restricted Elective Courses: 15 hours

At least three credits from each of the five following concentrations

I. Communication

- CTAC 224 - Public Speaking 3 hrs  
- * CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs  
- * CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs  
- CTAC 350 - Persuasion 3 hrs  
- CTAC 354 - Organizational Communication 3 hrs  
- CTAC 359 - Small Group Communication 3 hrs

II. Interpretation/Performance Studies

- * CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs

III. Electronic Media and Film Studies

- CTAT 130 - Introduction to Electronic Media 3 hrs  
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs  
- CTAT 132 - Introduction to Video Production and Direction 2 hrs  
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
IV. Theatre Arts

- * CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- * CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- * CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs

V. Educational Drama

- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 327 - Plays for the Young 3 hrs

Concentration: 9-15 hours

At least one concentration (above) selected in consultation with advising coordinator (hours here are in addition to the restricted elective courses above). *Course satisfies both General Education and Program Requirements. Each student must choose a writing intensive course as part of major completion requirements. Writing intensive course must correspond to concentration area. Consult your adviser for course options.

Elective Courses: 3-9 hours

Three to nine hours selected from areas outside the concentration

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last updated: 3/2011

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

**Communication Major**

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 36 hours

Foundation Courses: 15 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs

Cultural Communication: 3 hours

One course from the following:
• CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
• CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
• CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs

Public Communication: 3 hours

*One course from the following:*

- CTAC 224 - Public Speaking 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs

Relational Communication: 3 hours

*One course from the following:*

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs

Organizational Communication: 3 hours

*One course from the following:*

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs

Advanced Theory and Research: 6 hours

Two courses from the following:

- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

Capstone Experience: 3 hours

This course is restricted to Communication Majors only.

- CTAC 495L - Communication Capstone (Gen Ed Area V LBC) 3 hrs
Restricted Elective Courses: 12 hours

Twelve hours from the list of restricted elective courses below that were not selected as a required course above:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs
- CTAC 372 - Assertive Communication 3 hrs
- CTAC 373 - Family Communication 3 hrs
- CTAC 376 - Communication and Conflict Resolution 3 hrs
- CTAC 379 - Special Topics 3 hrs
- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

No more than six credit hours from the following courses:

- CTAA 166 - Forensics 1 hr
- CTAA 266 - Forensics 1 hr
- CTAA 366 - Forensics 1 hr
- CTAA 466 - Forensics 1 hr
- CTAC 387 - Cooperative Education in Communication 1 hr
- CTAC 388 - Cooperative Education in Communication 2 hrs
- CTAC 389 - Cooperative Education in Communication 3 hrs
- CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 2 hrs
- CTAC 487 - Internship in Communication 1 hr
- CTAC 488 - Internship in Communication 2 hrs
- CTAC 489 - Internship in Communication 3 hrs
- CTAC 497 - Independent Study 1 hr
• CTAC 498 - Independent Study 2 hrs  
• CTAC 499 - Independent Study 3 hrs  

Alternate department courses. No more than three credit hours substituted for a restricted elective:
• CTAO 205 - Voice and Articulation 3 hrs  
• CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs  
• CTAT 241 - Radio-Television-Film Announcing 3 hrs

**Minor Requirements:**

This program requires a minor. Please contact your program adviser for a list of possible minors.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; *courses taken at community colleges cannot be used to meet this requirement*. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Computer Science - Applied Major
Successful completion of this major satisfies one of the requirements for graduation with a bachelor of science or bachelor of arts degree with a major in computer science. Graduates will be able to pursue advanced graduate degrees. The applied computer science major offers a mix of practice and theory that prepares students for career employment in computer science fields such as systems programming and analysis, software development and maintenance, as well as applications programming.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone Number: 487-3203
Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone Number: 487-3205
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 11 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 360 - Statistical Methods 3 hrs

Major Requirements: 36 hours

Required Courses: 24 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Four courses from the following:

- COSC 315 - Symbolic Computing 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs
- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 374 - Applied Cryptography 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas
students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Computer Science Major

The curriculum offers graduates an extensive background in the major fields of computer science. Graduates will have received the highest degree of preparation for either the pursuit of a graduate degree in the field, or for a career in the computer industry.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone Number: 487-3203
Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone Number: 487-3205
Email: pamela.moore@emich.edu

General Education Requirements:
For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Comprehensive Computer Science Curriculum Major: 77-81 hours

Required Courses: 39 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Elective Courses: 6 hours

Any 400-level computer science courses not already taken or select two from the list of courses below:

- COSC 315 - Symbolic Computing 3 hrs
- COSC 374 - Applied Cryptography 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs
- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs

Mathematics Requirements: 17-18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 360 - Statistical Methods 3 hrs
One course from the following:

- Any 200- or higher level course offered by the Mathematics Department not oriented specifically toward a teaching specialization (3 hrs)
- MATH 121 - Calculus II 4 hrs

Science Requirements: 15-18 hours

Four science classes are required.

1. Three of these (with prefix BIOL, CHEM, PHY, or ESSC) must be intended for majors in their respective disciplines, with two classes having the same prefix (e.g., CHEM) and being in sequence.

The various sequences are:

- BIO 110 followed by BIO 120
- CHEM 121/CHEM 122 followed by either CHEM 123/CHEM 124 or CHEM 125/CHEM 126
- ESSC 110 followed by ESSC 111
- PHY 223 followed by PHY 224

2. The third class intended for majors must have a different prefix (e.g., if the sequence of two were in CHEM, the third would be in BIOL, ESSC, or PHY).

3. Additionally, a fourth science class is required. This class need not be intended for majors in that discipline. This fourth course should have a prefix of BIOL, CHEM, PHY, or PSY (not ESSC).

Option I: Biology

- An additional course from the Biology, Chemistry, Physics or Psychology department. This course need not be intended for majors in that discipline (3-5 hrs)
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs

Option II: Chemistry

- An additional course from the Biology, Chemistry, Physics or Psychology department. This course need not be intended for majors in that discipline (3-5 hrs)
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
Select one of the following options:

- CHEM 123 - General Chemistry II 3 hrs
  and
- CHEM 124 - General Chemistry II Laboratory 1 hr
  
or
- CHEM 125 - Honors General Chemistry II (Lecture) 3 hrs
  and
- CHEM 126 - Honors General Chemistry II (lab) 1 hr

Option III: Geology

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Option IV: Physics

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical**
education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Creative Writing Major

English Language and Literature Department Information:

Department Head: Mary K. Ramsey
Phone: 734.487.4220
Office: 612 Pray-Harrold
Department Contact: mramsey6@emich.edu
Web site: http://www.emich.edu/english/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Christine Hume
Email: chume@emich.edu

Program Advisor: Carla Harryman
Email: charryma@emich.edu

Phone Number for Advisors: 487-4220

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Required Courses: 24 hours

- CRTW 201 - Introduction to Creative Writing (Gen Ed Area IV) 3 hrs
- CRTW 426 - Contemporary Forms 3 hrs
• ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

The following courses must be taken twice:

• * CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
• * CRTW 422W - Writer’s Workshop (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

Three courses selected from the following:

• 300-400 level courses in CRTW, LITR, ENGL, JRNL, LING
• ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs
• CTAR 360 - Dramatic Composition 3 hrs
• PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

The interdisciplinary nature of the Creative Writing Major encourages students to minor in areas such as Philosophy, Art and Drama. The PHIL, ART, CTAR courses below are therefore also acceptable restricted electives, but students should be aware that they require prerequisites and are suggested as part of a program involving a minor in the relevant area. Students choosing the Philosophy elective, for instance, should consider designating Philosophy as a minor. Likewise students choosing the Art/Drama elective should consider Art/Drama as a minor.

*This course must be repeated as a different topic.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Criminology and Criminal Justice Major

The criminology and criminal justice curriculum provides students with a multidisciplinary understanding of crime and justice within the framework of broader social processes. This curriculum is a three-tiered structure composed of general education, a core curriculum and selected concentrations. The typical student will move from general education to the core of the program and then into one of four specialized concentrations, where he or she will be introduced to courses on the principles and application of the chosen specialty.

The curriculum for general education includes introductory courses in the fundamental social science disciplines of sociology and psychology. The core of the curriculum consists of a number of related courses that will build a foundation of social science education emphasizing analytical and conceptual skills. The pivotal course is CRM 301 - Criminology, a multidisciplinary perspective on the nature, extent and causes of crime. CRM 300 - Criminal Justice and CRM 301 - Criminology should be the first core courses taken by the typical student. The third and final tier of the curriculum consists of 21 hours in one of four concentrations. These concentrations contain some courses without criminological content that provide students with professionally relevant occupational knowledge and skills.

Students completing the curriculum will have satisfied all major and minor requirements for graduation. No additional minor is required.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.
Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Web site: http://www.emich.edu/sac/

Adviser Information:

Program Adviser: Marilyn Horace-Moore
Email: mhoracem@emich.edu
Phone: 734.487.0012

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 3 hours

One course from the following:

- PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- PHIL 130 - Introduction to Logic 3 hrs

Major Requirements: 70 hours

Core Requirements: 13 hours

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 202 - Social Problems 3 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

One course from the following:

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Criminology and Criminal Justice Courses: 24 hours

- CRM 300 - Criminal Justice 3 hrs
- CRM 301 - Criminology 3 hrs
- CRM 331 - Introduction to Corrections 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 431 - Policing in Society 3 hrs
- CRM 447W - Senior Seminar in Criminology (Gen Ed Area I, W) 3 hrs

One course from the following:
- CRM 333 - Violence and Society 3 hrs
- CRM 337 - Deviance and Society 3 hrs
- SOCL 333 - Violence and Society 3 hrs
- SOCL 337 - Deviance and Society 3 hrs

Research Methods: 6 hours
* see note
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- SOCL 304 - Methods in Sociological Research 3 hrs

Sociology/Anthropology Courses: 12 hours
- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 308 - Social Psychology 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

Concentration Requirements: 15 hours

Select one from the following four concentrations:

I. Legal Studies (CRM LGST)
- CRM 412 - Law and Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs

Nine hours from the following:
- AAS 441 - Law in the African American Experience 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
II. Law Enforcement (CRM LAWE):

* Error in Catalog: A core was mistakenly left out of this concentration; see the corrected "Nine hours from the following" and "One course from the following" below.

** Error in Catalog: SWRK 120 was moved from this core to the second "One course from the following" core below. It was incorrectly listed under this core initially.

One course from the following:

- CRM 432 - Police Organization 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

Nine hours from the following:

- CRM 320 - Criminal Investigation 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each

One course from the following:

- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
• CRM 279 - Special Topics 3 hrs
• CRM 377 - Special Topics 1 hr
• CRM 378 - Special Topics 2 hrs
• CRM 379 - Special Topics 3 hrs

• HLED 490 - Drug Use and Abuse 3 hrs
  OR
• SWRK 431 - Substance Abuse 3 hrs

• PLSC 301 - American Legal System 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 385 - Judicial Process and Behavior 3 hrs
• PLSC 456 - Criminal Law I 3 hrs
• PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
• PSY 360 - Abnormal Psychology 3 hrs
• SOCL 306 - The Urban Community 3 hrs
• SOCL 448 - Collective Behavior 3 hrs
• ** SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs

III. Corrections (CRM CORR)

• CRM 321 - Cooperation and Conflict in Society 3 hrs
• CRM 332 - Community Corrections 3 hrs

Nine hours from the following:

• COUN 450 - An Introduction: Counseling Concepts and Skills 3 hrs
• CRM 277 - Special Topics 1 hr
• CRM 278 - Special Topics 2 hrs
• CRM 279 - Special Topics 3 hrs
• CRM 377 - Special Topics 1 hr
• CRM 378 - Special Topics 2 hrs
• CRM 379 - Special Topics 3 hrs
• CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
• CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
• CTAC 357 - Interviewing as Communication 3 hrs
• HLED 490 - Drug Use and Abuse 3 hrs
• PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
• PSY 360 - Abnormal Psychology 3 hrs
• PSY 365 - Behavior Modification 3 hrs
• SOCL 402 - Group Dynamics 3 hrs
• SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs
• SWRK 431 - Substance Abuse 3 hrs
IV. Criminal Justice Administration (CRM ADM)

- CRM 332 - Community Corrections 3 hrs

One course from the following:

- CRM 432 - Police Organization 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

Nine hours from the following:

- ANTH 345 - Ethnographic Methods 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 320 - Criminal Investigation 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 420 - Drugs, Crime and Criminal Justice 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- LAW 403 - Employment Law 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 456 - Criminal Law 1 3 hrs
- PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- SOCL 307 - Sociology of the Workplace 3 hrs
- SOCL 321 - Cooperation and Conflict in Society 3 hrs
- SOCL 345 - Ethnographic Methods 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

* SOCL 341 - Quantitative Methods of Social Research I and SOCL 342 - Quantitative Methods of Social Research II may be substituted for SOCL 250 and SOCL 304.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Dance Major**

**Dance Curriculum-Bachelor of Arts/Bachelor of Science**

This curriculum leads to either a Bachelor of Arts or a Bachelor of Science degree. (Students who complete one year of foreign language will be awarded the Bachelor or Arts degree.) Each degree offers students a choice of three career-track options: (1) pre-dance therapy, (2) studio management and (3) performance and choreography. Students in the studio management track will also complete a minor in the College of Business.

Students planning admission to the dance major must officially enroll in the program at the Academic Advising Center and complete the following:

1. An audition into the program.

2. An application into the dance program is available at N101 Alexander or online at www.emich.edu/dance/html/dance_future.html.
3. A course of study is planned with a dance adviser upon admission into the dance program.

All students must meet the General Education Requirements and the other courses specified in each area below. Suitable adjustments can be made in consultation with a dance faculty adviser. Some of the track required courses can be used to fulfill General Education Requirements.

Dance majors and minors are encouraged to enroll in a technique class every semester while attending Eastern Michigan University. Ballet or modern technique classes may be repeated for no credit.

Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 63-77 hours

Dance Core: 40 hours

- DANC 107 - Rhythmic Analysis and Dance Accompaniment 3 hrs
- DANC 208 - Classical Ballet Technique III 3 hrs
- DANC 209 - Classical Ballet Technique IV 3 hrs
- DANC 210 - Modern Dance Technique III 3 hrs
- DANC 211 - Modern Dance Technique IV 3 hrs
- DANC 245 - Elements of Dance Composition 3 hrs
- DANC 255 - Dance Production 3 hrs
- DANC 320 - Dance Workshop 1 hr
- DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W) 3 hrs
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
- DANC 354 - Methods and Materials in Teaching of Dance 3 hrs
- DANC 422 - Dance Workshop 2 hr
• DANC 450 - Advanced Dance Composition 4 hrs
• DANC 455 - Seminar in Dance 2 hrs
• DANC 497 - Directed Study 1 hr

Select from one of the following tracks:

Track I: Pre-Dance Therapy (DANC PTHY): 32 hours

• EDPS 325 - Life Span Human Growth and Development 4 hrs
• PHED 200 - Anatomy and Physiology 5 hrs
• PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs
• PSY 309 - Social Psychology 3 hrs
• PSY 360 - Abnormal Psychology 3 hrs
• THRC 250 - Fieldwork in Recreation Therapeutic Recreation 1 hr

Choose 12 hours from the following courses:

• MUSC 103 - Introduction to Music Therapy 3 hrs
• PHED 330 - Adapted Physical Education 3 hrs
• PSY 321 - Child Psychology 3 hrs
• PSY 322 - Psychology of Adolescence 3 hrs
• PSY 323 - Psychology of Human Aging 3 hrs
• PSY 362 - The Psychology of Stress and Relaxation 3 hrs
• PSY 365 - Behavior Modification 3 hrs
• THRC 200 - Recreation for Persons with Disabilities 3 hrs

One course from the following:

• DANC 331 - Service Teaching–Ballet 1 hr
• DANC 333 - Service Teaching–Modern Dance 1 hr

Track II: Studio Management (DANC STMG): 37 hours

The studio management track must select a minor from the college of business with adviser approval (21 credit hours).

• DANC 103 - Tap I 2 hrs
• DANC 331 - Service Teaching–Ballet 1 hr
• DANC 333 - Service Teaching–Modern Dance 1 hr
• DANC 456 - Creative Dance for Children 2 hrs
• PEGN 102 - Aerobic Dance 1 hr
• PEGN 103 - Ballroom Dance 1 hr
• PHED 200 - Anatomy and Physiology 5 hrs
• PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs

Track III: Performance (DANC PERF): 23 hours

• CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
• CTAR 457 - Audition 3 hrs
• CTAR 461 - Musical Theatre Acting 2 hrs
• DANC 103 - Tap I 2 hrs
• DANC 201 - Jazz II 2 hrs
• DANC 320 - Dance Workshop 1 hr
• DANC 422 - Dance Workshop 2 hr
• PHED 200 - Anatomy and Physiology 5 hrs
• PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the
selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum
of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as
specified below - these credits must be earned in distinct courses, that is, no course can be used
to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that
    requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that
does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited
by one of the recognized regional accrediting bodies only if the courses are college-level
(equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale)
or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and
additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a
minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note:
some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in
several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on
the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have
elected to follow the current ("new") General Education Program, follow the "For Students" link
under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have
elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please
note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by
that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on
MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.
Dietetics Major (IDTC)

School of Health Sciences Information:

School Director: Betsy Francis-Connolly  
School Contact: efrancis@emich.edu  
Web site: www.emich.edu/hs/

Additional department information is available here in the online catalog.

Adviser Information:

College of Health and Human Services Advising Center

Phone: 734.487.0918

Dietetics Program Information

The Coordinated Program in Dietetics (CPD) is fully accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (A.N.D. or the Academy).

Accreditation Council for Education in Nutrition and Dietetics  
American Dietetics Association  
120 South Riverside Plaza, Suite 2000  
Chicago, IL 60606-6995  
312/889-0040, ext. 540  
www.eatright.org  
www.cdrnet.org

This is a second admissions program with both online and on-campus delivery methods. Through the online delivery method, this program is available to students who do not live within 100 miles of Eastern Michigan University's campus. The program begins in the fall of the junior year. Please be aware that admission to the University is not a guarantee of entry into the dietetics program. Important information and the application for both the online and on-campus programs can be found at the Extended Programs and Educational Outreach web site. In addition, students are encouraged to contact the College of Health and Human Services Advising Center at chhsadvising@emich.edu or 734.487.0918 for additional information. The application deadline for both the online and on-campus programs is January 15 for consideration for entrance into the professional phase of the program the following fall semester.
Admission Requirements
The applicants for either delivery method must meet the following requirements to be considered for the professional phase of the program:

1. Junior standing achieved by completing 56 or more credit hours or equivalent (including transfer courses);
2. Minimum GPA of 2.75; and
3. Satisfactory completion (C or above) of the following prerequisites prior to entrance into the professional phase of the program.
4. Recency of education rules apply to any program courses that are transferred into Eastern Michigan University. Please follow the Recency of Education link to learn more.

The availability of clinical facilities limits the number of students admitted to each class. Therefore, a screening procedure is used to select the most qualified students for the available positions in the program. Academic status, letters of recommendation, a personal statement and answers to given questions are considered in this screening procedure.

Continuance
Once students have been accepted into the CPD, it is assumed that they will maintain their academic status.

- If the student receives a grade of C (C+, C, C-) in any two required courses during the professional phase of the program he/she will be put on academic probation within the program. The student will be required to meet with the faculty of record and the program director. At this time conditions of the academic probation will be determined and a plan of action will be put into place.

- If the student receives another C (C+, C, C-) in a required course during the professional phase of the program, a committee review and disciplinary action will be taken, including potential dismissal from the program.

- A grade of D (D+, D, D-) in any required course during the professional phase of the program will be referred for a committee review and disciplinary action will be taken, including potential dismissal from the program.

- A grade of E in any required course during the professional phase of the program will result in automatic dismissal from CPD.

- If a grade of D (D+, D, D-) or E is received in any course during the final semester of the professional phase of the program, the circumstances will be committee reviewed and the student potentially will not receive a verification statement to sit for the Registration
Examination for Dietitians. The formation of the review committee will be determined by the program director.

In preparing to assume professional careers in dietetics, students are expected to assume responsibility for their learning, to support the ethics and standards of practice of their profession and to value honesty in the fulfillment of scholarly and professional endeavors. The department reserves the right to retain only those students who, in the judgment of the faculty, satisfy the requirements of scholarship and practice competence and personal integrity suitable to dietetics.

Registration in Dietetics

Upon successful completion of the coordinated dietetics curriculum and degree, students will be eligible to sit for the Registration Examination for Dietitians. Passage of the exam will provide the recognized credential of Registered Dietitian through the Commission on Dietetics Registration of the Academy of Nutrition and Dietetics.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Prerequisites of Professional Phase

Pre-Application Phase: 20 hours

The following prerequisites are to be completed prior to January 15th CPD application deadline.

- BIO 326 - Human Physiology 3 hrs
  OR
- SPMD 269 - Anatomy and Physiology for Dietetics 3 hrs
- BIO 328 - Introductory Microbiology 3 hrs
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
  OR
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Pre-Admission Phase: 13-14 hours
The following prerequisites are to be completed prior to start of Professional Phase.

- AHPR 200 - Medical Terminology 1 hr
- DTC 108 - Careers in Nutrition and Dietetics 2 hrs
- DTC 202 - Principles of Human Nutrition 3 hrs
- DTC 251 - Experimental Foods 4 hrs
- EDPS 325 - Life Span Human Growth and Development 4 hrs
- OR
- IHHS 260 - Aging to Infancy: A Life Course Retrospective 3 hrs

Major Requirements: 58 hours

- DTC 302 - Nutrient Metabolism: Macronutrients 3 hrs
- DTC 330 - Nutrition Therapy I 3 hrs
- DTC 331 - Nutrition Therapy I Experience 2 hrs
- DTC 350 - Food Systems Management I 3 hrs
- DTC 351 - Food Systems Management I Experience 4 hrs
- DTC 358 - Food and Culture (Gen Ed Area III) 3 hrs
- DTC 370 - Nutrition Therapy II 3 hrs
- DTC 371L - Nutrition Therapy II Experience (Gen Ed Area V LBC) 4 hrs
- DTC 372 - Nutrition of the Life Cycle 3 hrs
- DTC 375 - Complementary and Alternative Medicine 3 hrs
- DTC 422 - Nutrient Metabolism: Micronutrients 3 hrs
- DTC 430 - Nutrition Therapy III 3 hrs
- DTC 431L - Nutrition Therapy III Experience (Gen Ed Area V LBC) 4 hrs
- DTC 435 - Seminar in Dietetics 2 hrs
- DTC 450 - Food Systems Management II 2 hrs
- DTC 451 - Food Systems Management II Experience 4 hrs
- DTC 459 - Development of Entrepreneurial Dietitian 3 hrs
- DTC 470 - Nutrition Therapy IV 2 hr
- DTC 471 - Nutrition Therapy IV Experience 4 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.** Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Earth Science Major**

The earth science major is designed for those interested in pursuing a career as an earth science technician or interested in combining a background in earth science with other fields, including surveying and spatial analysis or even journalism and law. Students pursuing careers as professional earth scientists or considering graduate studies in this area should follow the Geology Major Professional Concentration and carefully select elective courses within that program, in consultation with an adviser, to provide complementary training in either the atmosphere, hydrosphere, or biosphere, or some combination there of, depending on the student’s specific area of interest. Numerous minors complement the earth science major. These include, but are not limited to, the following: coastal environments, environmental analysis, chemistry, biology, physics and math.

**Geography and Geology Department Information:**
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 12 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

Major Requirements: 30-31 hours

Required Courses: 27 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3-4 hours

*Three to four credit hours from the following:*

- ESSC 325 - Geomorphology 4 hrs
- ESSC 326 - Structural Geology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs
- ESSC 331 - Paleontology 4 hrs
- ESSC 370 - Glacial Geology 4 hrs
- ESSC 424 - Climatology 3 hrs
- ESSC 448 - Hydrogeology 3 hrs
- ESSC 466W - Global Tectonics (Gen Ed Area I, W) 3 hrs
- ESSC 497 - Independent Study 1 hr
- ESSC 498 - Independent Study 2 hrs
- ESSC 499 - Independent Study 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Economics Major
The Economics major in the College of Arts and Sciences is designed to prepare students for administrative or research careers in business, finance, government and social service agencies. The Economics major is also an excellent preparation for students planning to attend Law School. Students in this major are encouraged to consider a minor or second major in Finance, General Business (or other business field), Mathematics, Political Science, or Philosophy to match their specific career goal. Students planning to pursue graduate studies in Economics are strongly encouraged to complete a minor in Mathematics.

Additional Requirements: 3-4 hours

One course from the following:

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Major Requirements: 30 hours

Required Courses: 15 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
One course from the following:

- ECON 310 - Economic Statistics 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Elective Courses: 15 hours

Although any 15 credit hours of 300-level or above electives in economics will complete the requirements for the major, students should choose courses related to the career path they wish to pursue. Inquire at the Department of Economics regarding suggested concentrations, suggested career paths and course selection.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Bachelor of Business Administration in Economics

Students who wish to earn a Bachelor of Business Administration in Economics, can do so by completing the above requirements of the Economics Major in addition to the following requirements:

Business and Business Administration Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

One course from the following:

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
  This course is a restricted elective for the Economics Major
- MATH 122 - Elementary Linear Algebra 3 hrs
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level
(equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Electronic Media and Film Studies Major**

This major was modified on November 1, 2016, to correct an error. CTAT 235 is now an option under Restricted Elective Courses - Theory Courses.

For specific requirements refer to the General Education.

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30-34 hours

Required Courses: 11 hours

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs
- CTAT 132 - Introduction to Video Production and Direction 2 hrs

One course from the following:

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 236 - History and Criticism of Radio and Television 3 hrs

One course from the following:

- CTAA 165 - Television Laboratory 1 hr
- CTAA 169 - Radio Station WQBR 1 hr

Restricted Elective Courses: 16-18 hours

Production Courses: 6 hours

*Six hours from the following, at least three hours must be at the 300- or 400-level:*

- CTAT 231 - Audio Recording Techniques 3 hrs
- CTAT 241 - Radio-Television-Film Announcing 3 hrs
- CTAT 331 - Intermediate Radio Production and direction 3 hrs
- CTAT 332 - Intermediate Television Production and Direction 3 hrs
- CTAT 333 - Fundamentals of Electronic Moviemaking 3 hrs
- CTAT 341 - Radio-Television-Film Dramatic Performance 3 hrs
- CTAT 431 - Advanced Radio Production and Direction 3 hrs
- CTAT 432 - Advanced Television Production and Direction 3 hrs
- CTAT 433 - Advanced Electronic Moviemaking 3 hrs

Writing Courses: 3 hours

*Three hours from the following:*

- CTAT 334 - Radio-Television News 3 hrs
- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
- CTAT 444 - Dramatic Scriptwriting for Visual Media 3 hrs

Theory Courses: 6 hours

*Six hours from the following, three hours must be at the 400-level:

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 235 - International Cinema 3 hrs
- CTAT 236 - History and Criticism of Radio and Television 3 hrs
- CTAT 245 - A Survey of American Cinema 3 hrs
- CTAT 335 - Studies in Film 3 hrs
- CTAT 336 - Studies in Electronic Media 3 hrs
- CTAT 345 - American Film Genres 3 hrs
- CTAT 445 - Film Theory and Criticism 3 hrs
- CTAT 446 - Contemporary Problems in Electronic Media 3 hrs
- CTAT 447 - Radio-Television Station Management 3 hrs
- CTAT 479 - Special Topics 3 hrs

Internship or Cooperative Education: 1-3 hours

- CTAT 387 - Cooperative Education in Radio-TV-Film 1 hr
- CTAT 388 - Cooperative Education in Radio-TV-Film 2 hrs
- CTAT 389 - Cooperative Education in Radio-TV-Film 3 hrs
- CTAT 487 - Internship in Radio-TV-Film 1 hr
- CTAT 488 - Internship in Radio-TV-Film 2 hrs
- CTAT 489 - Internship in Radio-TV-Film 3 hrs

Elective Courses: 3-5 hours

*Three hours from Electronic Media and Film Studies and the remaining hours from Communication, Media and Theatre Arts courses, excluding CTAS124, Fundamentals of Speech.*

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

**Elementary Education Early Childhood Education Major (ECE)**

*Students seeking a major in ECE need to attend early childhood group advising sessions early in their program.*

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Elementary Provisional
Certificate, which is valid for teaching all subjects K-5, for teaching in self-contained classrooms in grades six to eight. In addition, the student who passes the Early Childhood Education MTTC is qualified for recommendation for endorsement in early childhood, certification code ZS. The Michigan Test for Teacher Certification (MTTC) for this field are #082, “Early Childhood,” #083, “Elementary Education,” and Elementary Certification Test 1, #103, and Elementary Certification Test 2, #104, and those needed for subject area endorsements.

Elementary education and early childhood education students are required to attend a group advising session and then an open advising session before being assigned an adviser.

Teacher Education Department Information:

Department Head: Donald Bennion
Department Contact: donald.bennion@emich.edu

Advisor Information:

Program Advisor: Christine Lancaster
Email: clancaste@emich.edu
Phone Number: 487-1416

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Liberal Arts Major Requirements: 48 hours

✧ Twelve of the required courses can fulfill General Education requirements

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children’s Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ✧ DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 34 hours

- ECE 214 - The Developing Child Birth-Age Eight 3 hrs
- ECE 215 - The Developing Early Childhood Professional 3 hrs
- ECE 302 - Child Centered Teaching and Learning 3 hrs
- ECE 303 - Implementing the Curriculum 3 hrs
- ECE 307 - Diverse Children, Families and Communities 3 hrs
- ECE 314 - Infants and Toddlers: Development, Curriculum and Programs 3 hrs
- ** ECE 341 - Assessment of the Young Child 3 hrs
- ECE 342 - Intentional Teaching in the Content Areas 3 hrs
- ECE 343 - Advocacy, Leadership and Administration 3 hrs
- ECE 451 - inclusive Classroom in Early Childhood 3 hrs
- EDUC 495 - Student Teaching 4 hrs

Professional Elementary Education Sequence - ECE

Pre-Admission Phase: The Learner and the Community: 7 hours

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 15 hours
Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 495 - Student Teaching 4 hrs
- EDUC 498 - Student Teaching 5 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

** This course cannot be taken until Pre-Admission Phase is completed.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas
below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Elementary Education Integrated Science Major**

**Elementary Teacher Certification**
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104. The endorsement test for Integrated Science (Elementary) is MTTC#093.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Liberal Arts Major Requirements: 48 hours

✧ Twelve of the required courses can fulfill General Education requirements

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ✧ DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- ✧ HIST 313 - Michigan History 3 hrs
- ✧ MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ✧ ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- ✧ RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Integrated Science Content Major Requirements: 36 hours

Required Course: 33 hours

- ✧ ASTR 105 - Exploration of the Universe (Gen Ed Area IV) 3 hrs
- ✧ BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- ✧ BIOT 303 - Life Science for Elementary Teachers 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 312 - Teaching Elementary Chemistry 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ ESSC 311 - Weather and Climate for Elementary Teachers 3 hrs
- ✧ ESSC 312 - Essentials of the Geosphere for Elementary Teachers 3 hrs
• PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
• PHY 311 - Teaching Elementary Physical Science 3 hrs

One course from the following:

• BIOT 407 - Nature of Science for Elementary Teachers 2 hrs
• CHEM 407 - Nature of Science for Elementary Teachers 2 hrs
• ESSC 407 - Nature of Science for Elementary Teachers 2 hrs

Restricted Elective: 3 hours

Three hours from the following:

• ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
• ASTR 311 - Astronomy Projects for Elementary Teachers 3 hrs
• BIO 140 - Biology of Animals 4 hrs
• BIO 205 - Field Biology 4 hrs
• BIO 215 - Plants and People 3 hrs
• BIO 226 - Global Ecology and the Environment 4 hrs
• BIO 259 - Biology of Aging 2 hrs
• CHEM 315 - Green Chemistry and the Environment for Elementary Teachers 3 hrs
• ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 3 hrs
• ESSC 208 - Natural Environmental Hazards 3 hrs
• ESSC 307 - Essentials of Oceanography for Elementary Teachers 3 hrs
• ESSC 315 - Water and the Environment for Elementary Teachers 3 hrs
• ESSC 414 - Teaching Science with Dinosaurs 3 hrs
• PHY 312 - Electricity Experiments for Elementary Teachers 3 hrs

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• HLED 320 - Health Education in the Elementary Grades 2 hrs
• PHED 257 - Physical Education for the Classroom Teacher 2 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:
Phase I: Curriculum, Assessment, and the Social Context: 18 hours

*Prerequisite: Completion of Pre-Admission Phase is required.*

* These two courses must be taken together.
** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

*Prerequisite: Completion of Phase I is required.*

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

*Prerequisite: Completion of Phase II is required.*

- EDUC 492 - Student Teaching 9 hrs
  
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*These courses are listed as co-requisites.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Elementary Education Language Arts Group Major**

**Elementary Teacher Certification**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104. The endorsement test for Language Arts is MTTC #090.

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 36 hours
Required Courses: 15 hours

- CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Restricted Elective Courses: 21 hours

One course from the following:

- ENGL 225 - Writing in a Changing World 3 hrs
- ENGL 323 - Writing in the Professional World 3 hrs

One course from the following:

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs

One course from the following:

- CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- LITR 160 - African American Literature (Gen Ed Area III, IV) 3 hrs
- LITR 161 - Native American Literature (Gen Ed Area III, IV) 3 hrs

One course from the following:

- RDNG 220 - Instructional Uses of Trade Books 3 hrs
- RDNG 350 - Integrated Language Arts Instruction 3 hrs

One course from the following:

- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

One course from the following:

- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs

One course from the following:
• CHL 351 - World Mythology 3 hrs
• CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs
• CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
• CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs
• CHL 454 - Children's Literature: Fiction 3 hrs

Professional Elementary Education Sequence

Elementary Education Mathematics Major

Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. This program of study meets all requirements of the National Council of Teachers of Mathematics. At least nine hours of the major must be completed at Eastern Michigan University. The Michigan Test for Teacher Certification (MTTC) covering this Certification tests #103 and #104. The endorsement test for Mathematics Elementary is MTTC #089.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Elementary Education Program with Two Minors**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104.

**Teacher Education Department Information:**

Department Head: Donald Bennion  
Department Contact: donald.bennion@emich.edu  
Web site: http://www.emich.edu/coe/ted/

Additional department information is available here in the online catalog.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Liberal Arts Major Requirements: 48 hours**

✧ *Twelve of the required courses can fulfill General Education requirements*

*Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.*

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ✧ DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MATH 110E - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- MATH 110E - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- MATH 110E - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 40-48 hours

Select two teaching minors from the following:
(Cannot combine Language Arts and Reading minors)

- Integrated Science
- Language Arts
- Mathematics
- Reading

One of the minors can be in French, German, Spanish, or Teaching English as a Second Language.

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.
* These two courses must be taken together.
** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Elementary Education Reading Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104. Them endorsement test for Reading (Elementary) is MTTC #005.

Phone Number: 487-8797

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 62 hours

Required Math Courses: 18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

Required Physics Courses: 26 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Required Engineering Mechanics Courses: 11 hours

- PHY 229 - Strength and Elasticity of Materials 4 hrs
- PHY 230 - Engineering Dynamics 4 hrs
- PHY 485 - Fluid Dynamics 3 hrs

Physics Elective Courses: 7 hours

Seven hours from the following:

- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 431 - Intermediate Mechanics II 3 hrs
- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 458 - Electronic Devices for Scientists 4 hrs
- PHY 471 - Atomic and Nuclear Physics 3 hrs
- PHY 475 - Introduction to Quantum Mechanics 3 hrs
- PHY 481 - Mathematical Physics 3 hrs
- PHY 497 - Independent Study — Physics 1 hr
• PHY 498 - Independent Study — Physics 2 hrs
• PHY 499 - Independent Study — Physics 3 hrs

Additional Requirements: 11 hours

• CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
• CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
• CHEM 123 - General Chemistry II 3 hrs
• CHEM 124 - General Chemistry II Laboratory 1 hr
• COSC 111 - Introduction to Programming 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Students desiring a mathematics minor must take MATH211 Introduction to Mathematical Proof (3 hrs) or MATH360 Statistical Methods (3 hrs) or MATH370 Probability and Statistics I (4 hrs) to complete the minor.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please
note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 30 hours**

Required Courses: 19-21 hours
- ENGL 324 - Principles of Technical Communication 3 hrs
- ENGL 328 - Writing, Style and Technology 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- LING 402 - Modern English Grammar 3 hrs

One course from the following:

- LING 205 - English Words 3 hrs
- LING 421 - The History of the English Language 3 hrs

One course from the following:

- ENGL 484 - Seminar in Written Communications 3 hrs
- LING 497 - Independent Study 1 hr
- LING 498 - Independent Study 2 hrs
- LING 499 - Independent Study 3 hrs

Restricted Elective Courses: 9-12 hours

- Any LING course approved by the undergraduate adviser.
- ENGL 225 - Writing in a Changing World 3 hrs
- ENGL 326 - Research Writing 3 hrs
- ENGL 387 - Cooperative Education in English 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 307 - Copy Editing 3 hrs
- JRNL 314 - Writing for Public Relations 3 hrs
- JRNL 423 - Magazine Article Writing 3 hrs
- JRNL 453 - Advanced Reporting 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Required Courses: 12 hours

- LING 201 - An Introduction to Linguistics 3 hrs
- LING 401 - Introduction to Linguistic Science 3 hrs
- LING 420 - Introduction to Phonetics and Phonology 3 hrs
- LING 425W - Introduction to Syntax (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

Three courses from the following:

- LING 205 - English Words 3 hrs
- LING 310 - African American Language 3 hrs
- LING 322 - Languages of the World 3 hrs
- LING 340 - Language and Culture 3 hrs
- LING 402 - Modern English Grammar 3 hrs
- LING 415 - Women and Language 3 hrs
- LING 421 - The History of the English Language 3 hrs
- LING 426 - Topics in Linguistics 3 hrs
- LING 434 - The Linguistic Analysis of Literature 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs

 Elective Courses: 9 hours

Three courses from the following:
Another relevant upper-level course, as approved by the undergraduate adviser for Linguistics
Any LING course (including 500-level courses) not used as a restricted elective
Any course in foreign language or in Old or Middle English
Any upper-level course in the literature, history, geography, sociology or anthropology of specific cultural group or region
ANTH 336 - Social and Cultural Change 3 hrs
COSC 211 - Programming Data Structures 3 hrs
CTAC 356 - Argumentation and Debate 3 hrs
ENGL 417 - Rhetoric and the Written Word 3 hrs
GEOG 360 - Cultural Geography 3 hrs
LING 425W - Introduction to Syntax (Gen Ed Area I, W) 3 hrs
MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
PHIL 281 - Symbolic Logic 3 hrs
PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
SOCL 310 - Social Stratification 3 hrs
SOCL 336 - Social and Cultural Change 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. Please
**Exercise Science Major**

Students entering the exercise science program are listed as “intents” and will be considered for candidacy when the following criteria are met:

1. Declaration of intent to major in exercise science with the University Advising & Career Development Center and the School of Health Promotion and Human Performance.

2. An overall GPA at Eastern Michigan University of 2.80 (transfer GPA evaluated separately).

3. Completion of the following courses with a grade of B- or better: BIO 105 or BIO 110 (*see note), CHEM 120 or CHEM 121/CHEM 122 (*see note), PHY 221, SPMD 119, SPMD 201 and SPMD 202, (ATTR 201 and ATTR 202 or BIO 251 and BIO 252 are acceptable substitutions).

When an “intent” has successfully achieved the above, he or she must complete the candidacy application, including the application form, three letters of recommendation (two professional and one personal) and a biographical sketch, and turn this in to their adviser. Once accepted into candidacy, the student must maintain a minimum 2.8 GPA. The student will not be allowed to complete the internship experience (SPMD 480) if the GPA falls below 2.8. In addition, a grade of B- or better must be attained in the following courses: SPMD 300, SPMD 325, SPMD 410, SPMD 430, SPMD 431, SPMD 432, SPMD 433 and SPMD 480. If the above are not met, the course(s) in question must be retaken.

**School of Health Promotion and Human Performance Information:**

School Director: Christine Karshin
School Contact: ckarshin@emich.edu
Web site: http://www.emich.edu/hphp/

Additional department information is available here in the online catalog.

**Advisor Information:**

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 2 hours

- PEGN 210L - Lifetime Wellness and Fitness (Gen Ed Area V LBC) 2 hrs

Major Requirements: 65-70 hours

Pre-candidacy Courses: 22-23 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPMD 119 - Orientation to Sports Medicine 1 hr
- SPMD 201 - Human Anatomy for Sports Medicine 3 hrs
- SPMD 202 - Human Physiology for Sports Medicine 3 hrs

Choose one from each group:

Group I:

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Group II:

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs OR
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs AND
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

Required Courses: 17 hours

- DTC 204 - Sports Nutrition 3 hrs
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- * SPMD 300 - Physiology of Exercise 4 hrs
- SPMD 305 - Kinesiology-Tissue Mechanics 3 hrs
- SPMD 325 - Practicum in Exercise Science 2 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

*Students may substitute PHED 300 for SPMD 300.
Required Courses (Postcandidacy): 24 hours

- SPMD 410 - Laboratory Techniques in Human Performance Analysis 4 hrs
- SPMD 430 - Principles of Electrocardiography 3 hrs
- SPMD 431 - Pathophysiology for Sports Medicine 3 hrs
- SPMD 432 - Introduction to Exercise Programming 3 hrs
- SPMD 433 - Principles of Strength and Conditioning 3 hrs
- SPMD 480 - Internship — Exercise Science 8 hrs

Elective Courses: 2-6 hours

*Only two credit hours are required if the 124 credit hours program total has been met. If the 124 credit hours have not been completed, then five credit hours are required.*

- Any undergraduate or graduate-level SPMD course
- SPMD 407 - Fitness Center Management 3 hrs
- PHED 260 - Motor Development 2 hrs
- PHED 360 - Motor Learning 3 hrs

Minor Requirements:

This major does not require a minor. For students interested in fitness and wellness center management, a minor in management (21 hours) is encouraged.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*For students also preparing for medical school, physical therapy school or physician assistant school, BIOL 110 and CHEM 121/122 should be taken instead of BIO 105 and CHEM 120. These substitutions will meet program and general education requirements. Grade requirements will still be enforced.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas
below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

General Biochemistry Major

This curriculum is design for students with an interest in biochemistry but who require a less extensive background than that presented in the professional biochemistry curriculum. It is often selected by students in premedical and predental programs.

The program includes a group minor composed of the required courses in biology, mathematics and physics. No other minor is needed to meet graduation requirements.

Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 55-57

Required Courses: 50-52 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ** CHEM 270 - Survey of Organic Chemistry 4 hrs
- ** CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Elective Courses: 5 hours

Five credits from any 300-level or above biology courses.*

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Completion of BIOL 110, or equivalent coursework, is required for Biochemistry students to obtain Biology departmental permission for 300- and 400-level biology courses.

**Premedicine and predentistry students should substitute CHEM 371, CHEM 372, CHEM 373 Organic Chemistry I-II with lab to satisfy the requirements for organic chemistry of most medical and dental schools.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

General Chemistry Major

The general chemistry major is for students who seek work in the chemical or pharmaceutical industry, who are preparing for careers in health fields such as medicine or dentistry, or who are interested in a career combining chemistry with fields such as business, patent law, technical writing or industrial health and safety. Students who are interested in graduate training in chemistry should elect the professional chemistry curriculum.

Chemistry Department Information:
Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 12-14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Major Requirements: 30 hours

Required Courses: 25 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
Elective Courses: 5 hours

*Five hours from 300- and 400-level courses in chemistry.*

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33-34 hours

Required Courses: 18 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 227 - Topographic Maps 2 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs

One course from the following:

- GEOG 100 - Human Geosciences 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 360 - Cultural Geography 3 hrs

Specialization Courses: 9-10 hours

Three courses from one of the following areas of specialization:

Geographic Techniques

- ESSC 303 - Field Geography 3 hrs
- ESSC 485 - Introduction to Remote Sensing 3 hrs
- GEOG 376 - Geographic Information Systems Analysis 3 hrs
- GEOG 476 - Advanced Geographic Information Systems 3 hrs
- GEOG 480 - Geographic Information Systems Projects 3 hrs

Physical Geography

- ESSC 250 - Introduction to Coastal Processes 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 350 - Biogeography 3 hrs
- ESSC 424 - Climatology 3 hrs
- ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W) 3 hrs
- ESSC 450 - Lake and Coastal Processes 3 hrs

Human Geography

- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 333 - Settlement Geography 3 hrs
- GEOG 361 - Geography of Population 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs

Regional Geography

- GEOG 314 - Geography of Russia and Neighboring States 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

Restricted Elective Courses: 6 hours

*Select two departmental courses outside of the selected area of specialization.*

**Minor Requirements:**

This program requires a minor. Please contact your program adviser for a list of possible minors.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. **University Information:** Consult the online catalog at catalog.emich.edu.
Geography Major-Tourism Geography Concentration

A geographic approach to tourism represents a distinctly different emphasis from the traditional business approach to the travel industry. The traditional business approach to travel necessarily sees an industry that must be efficiently managed for maximum sustainability of profit. The tourism geography approach, by contrast, focuses upon the physical and human geographic setting of the tourism experience. In addition, it focuses upon the intimate connection of the “internal” tourist experience with the “external” geography of the destination.

The tourism geography specialist asks, “Specifically, what geographic images and expectations might the tourist carry internally, images and expectations that will color their transactions with the physical setting and culture of that destination? Further, what planning and presentational means will most successfully allow the tourist to fully experience and remember the destination’s unique geography?”

This tourism geography approach represents an excellent example of applied human geography. Upon completion of the concentration, students will be well prepared as tourism geography specialists.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 57 hours

Required Courses: 30 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 227 - Topographic Maps 2 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
- GEOG 360 - Cultural Geography 3 hrs

One course from the following:
- GEOG 100 - Human Geosciences 3 hrs
- GEOG 235 - Economic Geography 3 hrs

One course from the following:

- GEOG 332 - Urban Geography 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs

Two courses from the following:

- GEOG 314 - Geography of Russia and Neighboring States 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

Concentration Courses: 21 hours

- GEOG 112 - Introduction to Travel and Tourism 3 hrs
- GEOG 113 - Foundations of Guest Service 3 hrs
- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 336 - Tourism and Socioeconomic Development 3 hrs
- GEOG 445 - Cultural Tourism Resources 3 hrs
- GEOG 446 - Heritage Interpretation and Tourism 3 hrs

Elective Courses: 6 hours

*Six hours from the following:*

- COSC 101 - Computer Science Concepts and Practical Applications 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 424 - Climatology 3 hrs
- GEOG 115 - Observing the Human Landscape 2 hrs
- GEOG 387 - Cooperative Education in Geography 3 hrs
- GEOG 487 - Cooperative Education in Geography 3 hrs
- GEOG 488 - Internship 4 hrs
- HLED 210 - Standard American Red Cross First Aid 2 hrs
- HRM 103 - Introduction to the Hospitality Industry 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- THRC 100 - Orientation to Therapeutic Recreation 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Geology Major - Hydrogeology Concentration

The hydrogeology concentration prepares students for graduate study or employment in the hydrogeology industry. It focuses on those aspects of geology and related sciences that pertain to the occurrence, movement, supply and quality of water. The program is designed to provide a strong technical base. Students will be educated in skills that are required to gather and process data with particular attention to water-related problems. The program includes a group minor composed of the required courses in mathematics, chemistry and physics. No other minor is needed to meet graduation requirements.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 65-67 hours
Field Hydrogeology (2 hrs)
*see note
CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
CHEM 123 - General Chemistry II 3 hrs
CHEM 124 - General Chemistry II Laboratory 1 hr
ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
ESSC 111 - The Earth System through Time 4 hrs
ESSC 228 - Mineralogy 4 hrs
ESSC 300 - Introduction to Hydrology 3 hrs
ESSC 325 - Geomorphology 4 hrs
ESSC 326 - Structural Geology 4 hrs
ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
ESSC 330 - Sedimentology and Stratigraphy 4 hrs
ESSC 355 - Field Geology I 2 hrs
ESSC 356 - Field Geology II 3 hrs
ESSC 448 - Hydrogeology 3 hrs
MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
MATH 121 - Calculus II 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.
*The hydrogeology field course may be selected from a number of universities with approval from a geology adviser.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Geology Major - Professional Concentration**

This concentration provides the necessary background for students planning to become professional geologists. Students who successfully complete the curriculum are prepared to enter positions in industry or to undertake graduate study in geology. The program includes a group minor composed of the required courses in mathematics, chemistry and physics. No other minor is needed to meet graduation requirements.

Required courses and elective courses in science and mathematics are listed below. Additional general education and elective courses totaling 124 hours are required to complete a degree.

**Geography and Geology Department Information:**

Department Head: Richard Alan Sambrook  
Department Contact: rsambroo@emich.edu  
Web site: emich.edu/geo

Additional department information is available here in the online catalog.
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 66-71 hours

Required Courses: 57-59 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 326 - Structural Geology 4 hrs
- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs
- ESSC 331 - Paleontology 4 hrs
- ESSC 335 - Field Geology I 2 hrs
- ESSC 356 - Field Geology II 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Elective Courses: 9-12 hours

Three courses from the following:

- ESSC 320 - Oceanography 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 370 - Glacial Geology 4 hrs
• ESSC 387 - Cooperative Education in Geoscience 3 hrs
• ESSC 428 - Optical Mineralogy 3 hrs
• ESSC 430 - Petroleum Geology 3 hrs
• ESSC 439 - Economic Geology 3 hrs
• ESSC 448 - Hydrogeology 3 hrs
• ESSC 470 - Quantitative Methods in Geography and Geology 3 hrs
• ESSC 487 - Cooperative Education in Geoscience 3 hrs
• ESSC 488 - Internship 4 hrs
• ESSC 489 - Internship 5 hrs
• ESSC 490 - Internship 6 hrs
• ESSC 499 - Independent Study 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

University Information: Consult the online catalog at catalog.emich.edu.

Group Major/Minor in General Science

This 56-hour major and minor combination encompasses five areas of study: biology, chemistry, earth science, mathematics and physics. Students must follow regular department requirements to complete a 20-hour cognate minor in one of the areas listed above and a 36-hour group major composed of courses from the other four areas.

Physics and Astronomy Department Information:

Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Dr. Bonnie Wylo
Email: bwylo@emich.edu
Phone: 734.487.8642

Program Adviser: Dr. Beth Kubitskey
Email: mkubitske1@emich.edu
Phone: 734.487.8798

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Group Major (32-36 hrs) with Cognate Minor (20-22): 52-58 hours

Cognate minor in one of the following five science areas: 20-22 hours

- Biology (22 hrs)
- Chemistry (20–21 hrs)
- Earth science (21 hrs)
- Mathematics (20 hrs)
- Physics (21 hrs)

Select courses for your minor in consultation with an adviser in the appropriate department.
Group Major: 32-36 hours

With a biology minor, take the following for a group major:

- Approved elective courses in chemistry, earth science, mathematics and physics (8 hrs)
  *see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a chemistry minor, take the following for a group major:

- Approved elective courses in biology, earth science, mathematics and physics (4 hrs)
  *see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With an earth science minor, take the following for a group major:

- Approved elective courses in biology, chemistry, mathematics and physics (7 hrs)
  *see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
With a mathematics minor, take the following for a group major:

- Approved elective courses in biology, chemistry, earth science and physics (5 hrs) *see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a physics minor, take the following for a group major:

- Approved elective courses in biology, chemistry, earth science and mathematics (5 hrs) *see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Approved Elective Courses:

This list is not complete; consult with the general science adviser for other possible courses.
- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- BIO 205 - Field Biology 4 hrs
- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 3 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
University Information: Consult the online catalog at catalog.emich.edu.

Health Administration Major

The program in health administration emphasizes the rapidly changing forms of health care delivery, health care reform, health care for the indigent and services to special populations, such as uninsured workers, the homeless and prisoners. Student writing, publication and opportunities for research are central to the program’s mission.

Clinical Affiliations

The health administration program is closely affiliated with the American Academy of Medical Administrators (AAMA) and the American College of Health Executives (ACHE). The Health Administration Student Organization is a student chapter of the American College of Health Care Executives. Internship opportunities are an essential component in the curriculum of the program. The following organizations are representative of those in which health administration majors acquire field experience:

Alzheimer’s Disease and Related Disorders Association, Southfield, MI
Arbor Hospice, Ann Arbor
Chelsea Community Hospital, Chelsea, MI
City of Detroit, Bureau of Substance Abuse Services, Detroit
Detroit Osteopathic Hospital Corporation, Detroit
Detroit Receiving Hospital, Detroit
Garden City Osteopathic Hospital, Garden City, MI
Gift of Life
Health Alliance Plan of Michigan, Detroit
Henry County Hospital, Napolean, OH
Henry Ford Hospital, Detroit
Henry Ford Village
Hospice of Washtenaw, Ann Arbor
Laurel Home Health Care Centers, Ypsilanti
M-Care, Ann Arbor
McAuley-McPhearson Health Care, Howell, MI
Michigan Blue Shield and Michigan Blue Cross, Detroit
Michigan Insurance Bureau, Lansing, MI
Michigan Department of Corrections
Michigan Department of Mental Health
Michigan Department of Public Health
Munson Memorial Hospital, Traverse City
Milan Federal Correctional Institution, Milan, MI
Munson Memorial Hospital, Traverse City, MI
School of Health Sciences Information:

School Director: Betsy Francis-Connolly
School Contact: efrancis@emich.edu
Web site: www.emich.edu/hs/

Additional department information is available here in the online catalog.

Advisor Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Health Administration Curriculum

The curriculum concentrates on the principles and processes utilized in the field of health administration and management. The program is designed to prepare those seeking a career in the administrative sector of the health care delivery system in any of its forms. It also is appropriate for those already working in the health care field in some other capacity but wishing to redirect their career toward the area of health administration. Practicing health administrators without previous formal education in the field also may find this program beneficial for career advancement.
All students must take a one-semester internship during their junior or senior year unless waived by the program director due to significant administrative experience. No outside minor is required. However, many students elect the gerontology minor. Other minors that fit well with the health administration major include the American Humanics Certificate in nonprofit management.

A degree completion track, health services management, has been established for persons with clinical associate degrees from accredited community colleges who have had five or more years of experience subsequent to that of degree completion. Associate degree trained nurses, respiratory therapists and others interested in the degree completion option in health services management should contact the program director. Successful completion of the degree completion track leads to the same degree as the regular program major.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

A B.S. in health administration articulation agreement has been established with the programs of radiography, nursing and dental assisting at Washtenaw Community College and a B.S. in health administration articulation agreement with health information technology at Schoolcraft College, which permit graduates of these two-year degree programs to complete their bachelor’s degree in two years, or the equivalent of four full-time semesters at Eastern Michigan University, culminating with a degree in health administration. Unlike the health services management track, which is a generic degree for completion for clinicians with a two-year clinical degree, these articulations provide selected transfer students with an efficient degree completion curriculum that fits into a traditional four-year undergraduate schedule. Graduates of the programs in radiography, nursing and dental assisting at Washtenaw Community College and health information technology at Schoolcraft College should contact the program director (program in health administration) or their community college academic adviser for complete details about these degree completion opportunities.

A minor in health administration is available to undergraduate students at Eastern Michigan University. The curriculum for the minor in health administration includes 20 to 22 hours. Students interested in the minor should contact the program in writing and meet with the program’s minor curriculum adviser.

Additional Requirements: 13-16 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

One course from the following:

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
If student has taken MATH 118, choose one course from the following:

- DS 265 - Business Statistics I 3 hrs
- ECON 310 - Economic Statistics 3 hrs
- PSY 205 - Quantitative Methods in Psychology 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Major Requirements: 54 hours

Required Courses in Health Administration: 44 hours

- HLAD 305 - The U.S. Health Care System 3 hrs
- HLAD 307W - Communication Effectiveness in Health Administration (Gen Ed Area I, W) 3 hrs
- HLAD 308 - Ethical Dimensions in Health Care Delivery 3 hrs
- HLAD 310 - Administration of Health Care Organizations 3 hrs
- HLAD 311 - Management of Health Services 3 hrs
- HLAD 312 - Health Personnel Management and Development 3 hrs
- HLAD 315 - Research Methods and Data Analysis in Health Sciences 3 hrs
- HLAD 416 - Health Planning 3 hrs
- HLAD 417 - Health Regulation 3 hrs
- HLAD 418 - Principles of Healthcare Finance Management 3 hrs
- HLAD 420 - Health Insurance and Reimbursement 3 hrs
- HLAD 425 - Decision Making for Health Administrators 3 hrs
- HLAD 480 - Internship Seminar in Health Administration 2 hrs
- HLAD 488 - Internship 6 hrs

Required Courses in Associated Health Profession: 4 hours

- AHPR 200 - Medical Terminology 1 hr

One course from the following:

- HLAD 401 - Legal Issues in Health Care 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- PLSC 301 - American Legal System 3 hrs

Required Courses in Business Administration and Liberal Arts: 6 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ECON 436 - Health Economics 3 hrs

Minor Requirements:
This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Health Services Management Track Curriculum

This is a degree completion track leading to the bachelor of science degree in health administration for persons holding an accredited associate’s degree in a recognized health services or clinical discipline and who have had five or more years of experience subsequent to that degree completion. Such disciplines include nursing, respiratory therapy or other specialized two-year programs of study.

For degree completion students in this curriculum, up to 22 credit hours may be awarded and credited toward the bachelor of science obligation of 124 credit hours on the basis of supervised clinical course work taken in the associate degree curriculum. These credits may be based on supervised clinical courses that have no exact equivalence at Eastern Michigan University. This is determined in consultation with the program director of the health administration program.

General Education Requirements: 40 hours

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

- Two hours of applicable transfer work from an associates degree.
- AHPR 200 - Medical Terminology 1 hr
- HLAD 305 - The U.S. Health Care System 3 hrs
- HLAD 308 - Ethical Dimensions in Health Care Delivery 3 hrs
- HLAD 310 - Administration of Health Care Organizations 3 hrs
- HLAD 311 - Management of Health Services 3 hrs
- HLAD 315 - Research Methods and Data Analysis in Health Sciences 3 hrs
- HLAD 401 - Legal Issues in Health Care 3 hrs
- HLAD 420 - Health Insurance and Reimbursement 3 hrs
- HLAD 425 - Decision Making for Health Administrators 3 hrs

One course from the following:

- HLAD 416 - Health Planning 3 hrs
- HLAD 417 - Health Regulation 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. A minor in management is required for non-business majors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.
For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

History Major

Through the study of history, students gain an understanding of the past as well as several widely transferable skills. History majors learn how to think critically and to write clearly. Students also learn how to conduct research, interpret sources, and create compelling arguments and intriguing narratives. Students of history also bring a historical and cross-cultural perspective to discussions of current affairs and can participate in public life as an informed, thoughtful, and articulate citizen and leader.

Majors in History take a class in historical research and writing and at least one upper-level course in the history of each of the following: the United States and Canada; Europe; and Africa, Asia, and Latin America. Beyond these basic requirements, the program allows students freedom to design a course of study focused on their own interests.

History and Philosophy Department Information:

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Required Courses: 12 hours

- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

One course from the following:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War I (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

One course from the following:

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

An additional course to complete one of the following sequences:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War I (Gen Ed Area IV) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 15 hours

*Six credit hours of history courses 300-level or above in two of the following areas and three hours in the remaining area.*

A. United States and Canada  
B. Europe (includes Russia and ancient Greece and Rome)  
C. Africa, Asia, Latin America (includes Middle East and ancient Near East)

*One of these courses must be designated as emphasizing "Historical Writing" (HW).*

Elective Courses: 3 hours

*HIST 481* The Teaching of Social Studies may not be counted toward the major.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Hotel and Restaurant Management Major**

Hotel and restaurant management is a comprehensive program that integrates principles of hotel and restaurant management with club and resort management. The hotel and restaurant management program provides experiential educational opportunities in a wide variety of hospitality organizations through co-op or internships (contact an advisor). A wide variety of minors are available to meet the diverse needs of our students in meeting their career objectives. The program offers a bachelor of science, graduate certificate and master of science degree.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

University Information: Consult the online catalog at catalog.emich.edu.

Industrial Distribution Major

The industrial distribution program emphasizes professional communication and is designed to provide graduates with the theoretical as well as practical applications today’s industry is seeking. It develops graduates for career opportunities in industrial and technical sales, sales management, materials planning, quality assurance, purchasing, inventory control and branch/operations management. Students complete a set of required courses and either three concentrations, at least one of which must be technical, or a technical concentration and an academic minor in a related field which is chosen with adviser approval. The program is National Association of Industrial Technology accredited. Advising or additional information is available within the school.
An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 66-75 hours

Required Courses: 43 hours

- ID 140 - Introduction to Wholesale Distribution 3 hrs
- ID 240 - Profit Strategies in Distribution 3 hrs
- ID 340 - Relationships in Wholesaling 3 hrs
- ID 345 - Marketing in Wholesale Distribution 3 hrs
- ID 346 - Industrial Climate 3 hrs
- ID 387 - Co-operative Education 3 hrs
- ID 391 - Wholesale Account Development 3 hrs
- ID 440 - Inventory Strategies in Distribution 3 hrs
- ID 444 - Quality Planning in Distribution 3 hrs
• ID 448 - Best Practices in Wholesale Distribution 3 hrs
• IS 215 - End-User Computing 3 hrs
• IS 350 - Enterprise Resource Planning 3 hrs
• PDD 123 - Manufacturing Processes 4 hrs
• STS 300W - Research and Writing: The Technology Career Perspective (Gen Ed Area I, W) 3 hrs

Concentrations: 27-36 hours

Students may select concentrations from the following:

General Concentrations:

• Communication (9 hrs)
• International Business (9 hrs)
• Management (12 hrs)
• Purchasing/Materials Management (12 hrs)
• Sales (12 hrs)
• Supply Chain Management (12 hrs)

Other concentrations with advisory approval:

Technical Concentrations:

• Apparel, Textiles and Merchandising (9 hrs)
• Electronics (9 hrs)
• Information Systems (9 hrs)
• Manufacturing (9 hrs)
• Pharmaceutical and Sales - Combined Concentration (24 hrs)

Other concentrations with advisory approval:

Minor Requirements:

This program does not require a minor.
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Information Assurance Major

Individuals selecting the information assurance degree will have the flexibility to focus on a concentration of classes that will prepare them for employment after graduation or to take that next
step to an advanced degree. There are four unique concentrations to this degree: IA management, applied IA, IA cryptography and network security/administration.

The unique interdisciplinary nature of information assurance requires a diverse educational approach. The purpose of this undergraduate interdisciplinary program is to:

1. Meet society’s need for educated professionals in information assurance.

2. Provide graduates with the knowledge and skills required to protect the informational technology needs of society which includes all government branches and the private sector.

3. To propagate a new generation of research scientists in information assurance. As a National Security Agency (NSA) Center of Academic Excellence in Information Assurance Education, the program offers tremendous opportunities that are excellent preparation for an advanced degree in information assurance.

What is Information Assurance?
The term "information assurance" encompasses the scientific, technical and management disciplines required to ensure computer and network security, such as:

- Systems/network administration and operation
- Systems security engineering
- Information assurance systems and product acquisition
- Cryptography
- Threat and vulnerability assessment (includes risk management)
- Web security
- Computer emergency response team operation
- Information assurance training, education and management
- Computer forensics
- Defensive information operations

NSA Center of Academic Excellence
Eastern Michigan University’s Center of Academic Excellence is one the 106 federally designated Centers of Academic Excellence in Information Assurance Education in the nation. This valued designation provides students with a wealth of research, scholarship and educational opportunities. The National Centers of Academic Excellence in Information Assurance Education (CAEIAE) program is an outreach program designed and operated by the National Security Agency (NSA) and the Department of Homeland Security (DHS) in support of the President’s National Strategy to Secure Cyberspace. The goal of the program is to reduce vulnerability in our national information infrastructure by promoting higher education in information assurance.

For more information, please visit the program website.
School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Gerald Lawver
Email: glawver@emich.edu
Phone Number: 487-1161

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 93-96 hours

Foundation Course: 42 hours

- COSC 105 - Everyday Computing and Social Responsibility 3 hrs
- COSC 111 - Introduction to Programming 3 hrs
- COSC 146 - Applied Programming 3 hrs
- IA 103 - Information Security Overview 3 hrs
- IA 202L - Risk-Vulnerability Analysis (Gen Ed Area V LBC) 3 hrs
- IA 210 - Concepts of Network and Business Technology 3 hrs
- IA 212 - Open Systems Platform and Network Administration 3 hrs
- IA 215 - System Support and Troubleshooting 3 hrs
- IA 329 - Policy Development in Information Assurance 3 hrs
- LEGL 413 - The Law and the Internet 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- MGMT 202 - Business Communication 3 hrs
• STS 300W - Research and Writing: The Technology Career Perspective (Gen Ed Area I, W) 3 hrs

One course from the following: 3 hours

• CTAC 224 - Public Speaking 3 hrs
• CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
• CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
• CTAC 350 - Persuasion 3 hrs

One concentration from the following:

Information Assurance Management: Concentration for Second Admission

Information assurance management will enable the student to focus on management of information systems. The practice of vulnerability, risk, countermeasures and ethics enable the IA manager to meet cyber security in the 21st century. The management of information in today’s business, industry, government, education and other related fields is how persons in positions of trust manage information systems and apply secure computing to their business enterprise. This concentration of study will enable that management oriented student to apply secure computing concepts in the protection of cyberspace.

Concentration Courses: 36 hours

• IA 344 - Administration of Computer Systems 3 hrs
• IA 422 - Networks: Planning and Design 3 hrs
• IA 427 - Digital Forensics I 3 hrs
• IA 428 - Digital Forensics II 3 hrs
• IA 440 - Intelligence Analyst I 3 hrs
• IA 445 - Ethical Hacking and Offensive Security 3 hrs
• IA 495 - Networks: Implementation and Evaluation 3 hrs
• IS 350 - Enterprise Resource Planning 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• MGMT 403 - Managerial Communication: Theory and Application 3 hrs
• MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
Internship in MGMT or STS Credit: 3 hrs

Electives: 15 hours

Students may choose fifteen credit hours of electives in consultation with an adviser.

Applied Information Assurance: Concentration for Second Admission

Applied information assurance management prepares the student with hands-on applications for analysis, prevention, deterrence and countermeasures of information security and integrity in the global arena. Students who select this concentration of study will find that hands-on application will enable them to embrace the concepts studied in lecture format and apply those concepts in a laboratory setting. This concentration also provides an opportunity to conduct directed research as a final project.

Concentration Courses: 36 hours

- COSC 374 - Applied Cryptography 3 hrs
- IA 344 - Administration of Computer Systems 3 hrs
- IA 412 - Linux Security Administration 3 hrs
- IA 415 - Introduction to Research in Information Assurance 3 hrs
- IA 416 - Applied Research Project 3 hrs
- IA 422 - Networks: Planning and Design 3 hrs
- IA 425 - Cyber Crime Investigation I 3 hrs
- IA 427 - Digital Forensics I 3 hrs
- IA 428 - Digital Forensics II 3 hrs
- IA 445 - Ethical Hacking and Offensive Security 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs

One course from the following:

- BMMT 496 - Records Administration Using Database 3 hrs
- IS 380 - Introduction to Databases 3 hrs

Electives: 15 hours

Students may choose fifteen credit hours of electives in consultation with an adviser.
Information Assurance Encryption: Concentration for Second Admission

The sustained and rapid advance of information technology in the 21st century dictates the adoption of a flexible and adaptable cryptographic strategy for protecting national security information. This strategy complements the existing policy for the use of the advanced encryption standard (AES) to protect national security systems and information as specified in The National Policy on the Use of the Advanced Encryption Standard (AES) to Protect National Security Systems and National Security Information (CNSSP-15).

Over the past 30 years, public key cryptography has become a mainstay for secure communications over the Internet and throughout many other forms of communication. It provides the foundation for both key management and digital signatures. In key management, public key cryptography is used to distribute secret keys used in other cryptographic algorithms (e.g., DES). For digital signatures, public key cryptography is used to authenticate the origin of data and protect the integrity of that data. For the past 20 years, Internet communications have been secured by the first generation of public key cryptographic algorithms developed in the mid-1970s. Notably, they form the basis for key management and authentication for IP encryption (IKE/IPSEC), Web traffic (SSL/TLS) and secure electronic mail.

Information assurance encryption will prepare the students for master's or doctoral work. The student may want to teach upon completion of the degree or enter into the area of information security research. This block also provides an opportunity to conduct directed research as a final project.

Concentration Courses: 36 hours

- COSC 314 - Computational Discrete Structures 3 hrs
- IA 415 - Introduction to Research in Information Assurance 3 hrs
- IA 416 - Applied Research Project 3 hrs
- IA 427 - Digital Forensics I 3 hrs
- IA 440 - Intelligence Analyst I 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- * MATH 409 - Cryptology 3 hrs
Electives: 18 hours

Students may choose eighteen credit hours of electives in consultation with an adviser.

Information Assurance Network Security/Administration: Concentration for Second Admission

The Network Security and Administration concentration prepares the student with hands-on applications for administration, design, and implementation of secure computer networks. Students will learn to administer network environments to be scalable, secure and available. Student work will center on best practice administration across Microsoft, Open Source and CISCO products. Students will implement these products and build countermeasures for defending services that underpin the product solution. Students who select this concentration of study will find that hands-on application of classes will enable them to embrace the concepts studied in lecture format and apply those concepts in a laboratory setting. This concentration also provides an opportunity to conduct research as a final project.

Concentration Courses: 36 hours

- BMMT 496 - Records Administration Using Database 3 hrs
- IA 344 - Administration of Computer Systems 3 hrs
- IA 350 - Network Connectivity 3 hrs
- IA 354 - Multi-Level Networking 3 hrs
- IA 387 - Cooperative Education 3 hrs
- IA 412 - Linux Security Administration 3 hrs
- IA 422 - Networks: Planning and Design 3 hrs
- IA 427 - Digital Forensics I 3 hrs
- IA 445 - Ethical Hacking and Offensive Security 3 hrs
- IA 455 - Network Security Hardening 3 hrs
- IA 479 - Special Topics 3 hrs
- IA 495 - Networks: Implementation and Evaluation 3 hrs

Electives: 18 hours

Students may choose eighteen credit hours of electives in consultation with an adviser.
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Student must complete math sequence prior to taking Cryptology.

Additional courses may be required as some of the "Concentrations" Include courses with prerequisites that are not included in the program.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Phone Number for Advisors: 487-4220

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements:** 36 hours

**Required Courses:** 21 hours

- * CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- CTAR 327 - Plays for the Young 3 hrs

One course from the following:

- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs

One course from the following:

- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs

One course from the following:

- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs

One course from the following:

- CTAR 322 - Theatre for Children 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

Restricted Elective Courses: 15 hours

Occasionally special topics courses may be offered (such as children’s film, storytelling, or puppetry) which may be substituted for a restricted elective with departmental permission. Qualified seniors may, with an adviser's permission, substitute an appropriate 500-level course.

- CHL 209 - Global Children's Literature (Gen Ed Area III) 3 hrs
- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs
- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs
- CHL 453 - Illustrated Texts: Picture Books, Comics, and Graphic Novels 3 hrs
- CHL 454 - Children's Literature: Fiction 3 hrs
Capstone Experience

At the conclusion of the program, the students will submit a portfolio of three papers/projects/performances which the student believes are representative of his/her best work produced for the major. By the middle of the student’s final semester, he/she will consult with his/her adviser about the materials to be submitted and the date that they are due. All materials must be submitted at least one month prior to the close of the semester in question. This portfolio will be evaluated by a committee composed of members of the English Department’s Children’s Literature faculty and Drama/Theatre for the Young faculty from the Department of Communication, Media and Theatre Arts. Portfolios will be maintained by the Children’s Literature faculty. Students whose portfolios are found to be deficient will be asked to make up that deficiency and submit new materials.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*These courses satisfy both general education requirements and requirements of the major. In order to avoid taking excess hours, students are advised to take these courses, or approved substitutes from another institution, as part of the general education requirements.*

Courses not chosen to fulfill program requirements may be taken as restrictive electives:

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Interior Design Major**

The interior design program offers a Council for Interior Design Accreditation (CIDA) accredited, four-year studio based curriculum, culminating in a bachelor of science degree. The program’s mission is to academically prepare students to enable them to creatively solve problems related to the function and quality of interior environments.

The program promotes critical thinking by requiring a balance between broad liberal arts courses, specific courses in fine arts, management, marketing, construction and an intense curriculum of interior design courses. The interior design curriculum provides experiential educational opportunities to investigate the interaction of humans and environments through the integration of theory, knowledge and technical skills, preparing students to achieve in the challenging profession of interior design. Central to a mission of preparing students to achieve as professional interior design practitioners is our goal to impart to our students a holistic view of people and their environments in multicultural, multiracial and multiethnic settings; a sensitivity to environmentally conscious design issues; a consideration of the needs of all people, regardless of age, stature or ability; and the ability to creatively analyze design problems in order to create interior environments that meet human needs and fulfill human aspirations.

Students must complete IDE courses with a grade of C or better.

**School of Engineering Technology Information:**

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 18 hours

- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CNST 201 - Construction Systems 3 hrs
- SET 350W - Engineering Communication (Gen Ed Area I, W) 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs

Major Requirements: 70 hours

Required Courses: 64 hours

- IDE 110 - Interior Design Studio I 3 hrs
- IDE 111 - Human Factors and Universal Design 3 hrs
- IDE 120 - Interior Design Studio II 3 hrs
- IDE 121 - Interior Design Materials and Components 3 hrs
- IDE 122 - Interior Design Theory II 3 hrs
- IDE 123 - Computers for Interior Design I 3 hrs
- IDE 131 - Interior Design Theory I 3 hrs
- IDE 210 - Interior Design Studio III 3 hrs
- IDE 219 - Computers for Interior Design II 3 hrs
- IDE 221 - Environmental Systems for Interior Designers 3 hrs
- IDE 222 - History of Interiors 3 hrs
- IDE 220 - Interior Design Studio IV 3 hrs
- IDE 310 - Interior Design Studio V 3 hrs
• IDE 317 - Lighting Systems for Interior Designers 3 hrs
• IDE 318 - Interior Building Codes and ADA 3 hrs
• IDE 320 - Interior Design Studio VI 3 hrs
• IDE 322 - Mill Work Design and Detailing 3 hrs
• IDE 323 - Internship in Interior Design Preparation 3 hrs
• IDE 410 - Interior Design Studio VII 3 hrs
• IDE 411 - Internship in Interior Design 1 hrs
• IDE 420 - Interior Design Studio VIII 3 hrs
• IDE 422 - Professional Practice in Interior Design 3 hrs

Interior Design Elective Courses: 6 hours

Any two courses with an IDE prefix. Selected in consultation with the interior design adviser.

Minor Requirements:

This program does not require a minor.

Program Total: 128 credit hours

Students must earn a minimum total of 128 credits at the 100-level or above.

Last Updated: 01/2009

This program was last revised in January 2009 - effective Spring 2009.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas
below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. - **General Education Program Prior to Fall 2007 (pdf file)** link under the Program Prior to Fall 2007 heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**International Affairs Major**

This curriculum (which counts as a combined major and minor) provides students with an opportunity to develop an understanding of both area and global issues. It is intended to prepare students for participation in a global society, including work with government, business and non-government organizations. It is intended for students who are interested in diplomacy, international affairs and international service.

There are two tracks within this curriculum: **Cognate Option A** does not have a foreign language requirement and is directed to students who either already possess an adequate level of foreign language proficiency or who anticipate employment in which such proficiency is not expected. This curriculum requires 54 hours. **Cognate Option B** includes a foreign language requirement and is strongly recommended for individuals who are seeking work outside the United States or work in which some familiarity with foreign language may be an asset such as the foreign service. This curriculum requires 61-64 credit hours.

**Political Science Department Information:**
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Required Courses: 12 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs

Comparative Politics Courses: 9 hours

Three courses from the following:

- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 405 - British Law and Politics 3 hrs

International Politics Courses: 6 hours
Two courses from the following:

- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 343L - Model United Nations (Gen Ed Area V LBC) 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

Cognate Option A: 24 hours

Students will select courses from at least two disciplines from an approved list of courses in history, economics, anthropology, geography, african american studies and world language (formerly known as foreign language and bilingual studies, FLABS). If a foreign language is selected, students will consult with a world languages advisor to select an appropriate sequence of classes.

Cognate Option B: 19-23 hours

Students will take an appropriate sequence of courses in a foreign language - French, German, Spanish, Japanese, Chinese, Arabic or Russian - and will select four courses from two disciplines from an approved list of courses in history, economics, anthropology and geography.

Capstone: 3 hours

Students may select one of the following options:

- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 499 - Independent Study 3 hrs
  can be taken either as an undergraduate thesis course or study abroad.

Cognate Courses

African American Studies

- AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
International Economics Perspective

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

International Geography Perspective

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 111 - Regions and Resources 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 314 - Geography of Russia and Neighboring States 3 hrs
- GEOG 316 - History and Geography of Modern Europe 3 hrs
- GEOG 317 - History and Geography of Spanish America 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

International Historical Perspective

- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 106 - Asian and African Civilizations 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

After one 100-level class, students may select from the following:
• HIST 316 - History and Geography of Modern Europe 3 hrs
• HIST 317 - History and Geography of Spanish America 3 hrs
• HIST 326 - History and Geography of Modern Asia 3 hrs
• HIST 333 - Europe since 1919 3 hrs
• HIST 339 - Arab-Israeli Conflict 3 hrs
• HIST 341 - The Middle East, 1798 to the Present 3 hrs
• HIST 342 - North Africa, 1798 to the Present 3 hrs
• HIST 344 - Russia since 1855 3 hrs
• HIST 348 - 20th-Century Africa 3 hrs
• HIST 350 - History of Canada 3 hrs
• HIST 356 - Latin America: National Period 3 hrs
• HIST 375 - Modern India 3 hrs
• HIST 426 - The United States from 1963 to the Present 3 hrs
• HIST 442 - Modern China 3 hrs
• HIST 443 - Modern Japan 3 hrs
• HIST 456 - Europe since 1945 3 hrs
• HIST 461 - Foreign Relations of the United States 3 hrs

International Social/Cultural Perspective

• ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
• ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
• ANTH 236 - Peoples and Cultures of Africa 3 hrs
• ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
• ANTH 336 - Social and Cultural Change 3 hrs
• ANTH 385 - Culture of Japan 3 hrs

Minor Requirements:
This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Journalism Major**

Students will be required to complete 30 credit hours in professional journalism and writing courses (see below), plus a 20-hour minor in a specified field. Admission to the program will require a 2.5 GPA.

**English Language and Literature Department Information:**

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Required Courses: 24 hours

- JRNL 213 - Introduction to Journalism (Gen Ed Area IV) 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 307 - Copy Editing 3 hrs
- JRNL 310 - Digital Journalism 3 hrs
- JRNL 313 - History of American Journalism 3 hrs
- JRNL 453 - Advanced Reporting 3 hrs
• JRNL 455 - Journalism Law and Ethics 3 hrs

**Restricted Elective Courses: 9 hours**

*Three courses from the following:*

• ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
• CMT 121 - Graphic Communication 3 hrs
• CMT 204 - Photographic Communication 3 hrs
• CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
• CTAT 334 - Radio-Television News 3 hrs
• CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
• ENGL 324 - Principles of Technical Communication 3 hrs
• ENGL 328 - Writing, Style and Technology 3 hrs
• ENGL 424 - Technical Writing 3 hrs
• ENGL 444 - Writing for the World Wide Web 3 hrs
• JRNL 305 - Editorial, Column, and Review Writing 3 hrs
• JRNL 309 - Sports Writing 3 hrs
• JRNL 311 - Newspaper Layout and Design 3 hrs
• JRNL 312 - Introduction to Public Relations 3 hrs
• JRNL 314 - Writing for Public Relations 3 hrs
• JRNL 387 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 423 - Magazine Article Writing 3 hrs
• JRNL 454 - Contemporary Problems in Journalism 3 hrs
• JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 488 - Internship in Journalism/Public Relations 1 hr
• JRNL 489 - Internship in Journalism/Public Relations 2 hrs
• JRNL 490 - Internship in Journalism/Public Relations 3 hrs
Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

K-12 Physical Education Major

Successful completion of this course of study leads to a Bachelor of Science degree, and qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate K-12 endorsement in physical education, certification code MB and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Association for Sport and Physical Education/American Alliance for Health, Physical Education, Recreation and Dance. The Michigan Test for Teacher Certification (MTTC) covering this field is #044, “Physical Education,” and is taken at the completion of all program requirements.

Students planning admission to the Physical Education major must officially enroll in the program at the Academic Advising Center and complete an application at 318/319 Porter.

Students seeking certification must meet requirements for entry into the Initial Teacher Preparation Program. The course of study requires completion of general education requirements, an approved teaching minor in a secondary subject area, the Physical Education major and professional education courses.

The course of study is uniquely designed to provide students with theoretical and practical knowledge of how to deliver physical education programming to K-12 students with and without disabilities. The Exemplary Physical Education Curriculum (EPEC) is used as a model to enable students to develop exemplary physical education programs upon graduation. The methods of teaching courses provide information on the sequencing and presenting of a wide variety of activities found within the public schools.

Fieldwork experiences are a critical component of the professional program. Extracurricular assignments enhance the practical application of knowledge learned within the classroom. Majors are required to complete a minimum of 100 hours of prestudent teaching experiences with students of all ages and abilities. Fieldwork experiences will begin in the freshman year, will include students with and without disabilities and will culminate in a one semester student teaching assignment with elementary and secondary students under the supervision of master teachers.

This program primarily serves the needs of K-12 school programs in Michigan and the United States. Faculty provide students with numerous opportunities for professional growth. Opportunities for additional certifications and endorsements such as water safety instructor (WSI), American Red Cross First Aid, coaching and certification in programs for students with disabilities are also available and strongly encouraged.

The Physical Education major program participates in the Honors College. Students wishing to enroll in the Honors Program must maintain a GPA of 3.3 and fulfill all requirements in specific honor courses. See the department honors adviser for specific information.
Physical Education Majors/Minors Academic Standards

Standard I
The following core physical education courses shall be completed by Physical Education majors prior to admission into the Initial Teacher Preparation Program in addition to other requirements currently in place.

PHED 100 - History and Foundations of Physical Education (2 hrs)
PHED 200 - Anatomy and Physiology (5 hrs)
PHED 204 - Kinesiology (Biomechanics of Physical Activity) (3 hrs)
PHED 260 - Motor Development (2 hrs)

Standard II
The following GPA requirements for Physical Education majors are required prior to being admitted to the student teaching experience.

Minimum cumulative GPA of 2.75 in the following core courses with no single grade lower than a C. (Initial Teacher Preparation Program overall GPA requirements remain in effect).

PHED 100 - History and Foundations of Physical Education (2 hrs)
HLED 210 - Standard American Red Cross First Aid (2 hrs)
PHED 200 - Anatomy and Physiology (5 hrs)
PHED 204 - Kinesiology (Biomechanics of Physical Activity) (3 hrs)
PHED 260 - Motor Development (2 hrs)
PHED 300 - Physiology of Exercise (4 hrs)
PHED 330 - Adapted Physical Education (3 hrs)
PHED 360 - Motor Learning (3 hrs)

Minimum grade of B in the following Methods of Teaching courses.

PHED 215 - Methods of Teaching Individual Sports (3 hrs)
PHED 217 - Methods of Teaching Team Sports (3 hrs)
PHED 219 - Methods of Teaching Rhythmic Activities, Fundamental Movement and Movement Education (3 hrs)
PHED 315 - Methods of Teaching Conditioning Activities (2 hrs)
PHED 317 - Methods of Teaching Elementary Physical Education (2 hrs)

Standard III
The following GPA requirements and minimum grade standard are required for the completion of the physical education minor and the physical education minor for special education majors.

- Overall cumulative GPA as required by the Initial Teacher Preparation Program.
- No single grade lower than C in any required class and GPA of 2.75 in minor courses.

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Major Requirements: 36 hours

Required Courses: 12 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- ENGL 328 - Writing, Style and Technology 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- LITR 490 - Senior Seminar 3 hrs

Restricted Elective Courses: 24 hours

One course from the following:

- LING 401 - Introduction to Linguistic Science 3 hrs
- LING 402 - Modern English Grammar 3 hrs
• LING 421 - The History of the English Language 3 hrs

One course from the following:

• ENGL 225 - Writing in a Changing World 3 hrs
• ENGL 323 - Writing in the Professional World 3 hrs
• ENGL 324 - Principles of Technical Communication 3 hrs
• ENGL 326 - Research Writing 3 hrs
• ENGL 417 - Rhetoric and the Written Word 3 hrs

One course from the following:

• LITR 361 - Studies in Native American Literature 3 hrs
• LITR 362 - Studies in African American Literature 3 hrs

One course from Literature before 1800:

• LITR 312 - English Literature in the Middle Ages 3 hrs
• LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
• LITR 315 - Restoration and 18th-Century Literature 3 hrs

One course from Literature after 1800:

• LITR 309 - The Development of American Literature 3 hrs
• LITR 310 - Modern American Literature 3 hrs
• LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
• LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from Major Authors:

• LITR 405 - Shakespeare 3 hrs
• LITR 413 - The Poetry of Chaucer 3 hrs
• LITR 450 - Major Authors 3 hrs
One course from Genre:

- LITR 411 - Studies in Epic and Romance 3 hrs
- LITR 420 - Studies in the British Novel 3 hrs
- LITR 421 - Studies in the American Novel 3 hrs
- LITR 422 - Studies in the Novel in Global Perspective 3 hrs
- LITR 430 - Studies in Drama 3 hrs
- LITR 440 - Genre Studies 3 hrs
- LITR 470 - Studies in Poetry 3 hrs

One course from Literature and Culture:

- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• **Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.**

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)
General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Literature Major

English Language and Literature Department Information:

Department Head: Mary K. Ramsey
Phone: 734.487.4220
Office: 612 Pray-Harrold
Department Contact: mramsey6@emich.edu
Web site: http://www.emich.edu/english/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Elizabeth Däumer
Email: edaumer@emich.edu

Program Advisor: Heather Neff
Email: heather.neff@emich.edu
Phone Number for Advisors: 487-4220

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 27 hours

Required Basic Literature Course: 6 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- LITR 490 - Senior Seminar 3 hrs

Restricted Elective Courses: 21 hours

One course from the following:

- LITR 361 - Studies in Native American Literature 3 hrs
- LITR 362 - Studies in African American Literature 3 hrs

One course from Literature before 1800:

- LITR 312 - English Literature in the Middle Ages 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- LITR 315 - Restoration and 18th-Century Literature 3 hrs

One course from Literature from the Nineteenth Century:

- LITR 309 - The Development of American Literature 3 hrs
- LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
- LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs

One course from Literature from the Twentieth Century:

- LITR 310 - Modern American Literature 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from Major Authors:

• LITR 405 - Shakespeare 3 hrs
• LITR 413 - The Poetry of Chaucer 3 hrs
• LITR 450 - Major Authors 3 hrs

One course from Genre:

• LITR 411 - Studies in Epic and Romance 3 hrs
• LITR 420 - Studies in the British Novel 3 hrs
• LITR 421 - Studies in the American Novel 3 hrs
• LITR 422 - Studies in the Novel in Global Perspective 3 hrs
• LITR 430 - Studies in Drama 3 hrs
• LITR 440 - Genre Studies 3 hrs
• LITR 470 - Studies in Poetry 3 hrs

One course from Literature and Culture:

• LITR 400 - Narrative in Literature and Film 3 hrs
• LITR 443 - Women in Literature 3 hrs
• LITR 480 - Studies in Literature and Culture 3 hrs

Elective Courses: 3 hours

Choose any additional course from the restricted electives above or one course from the following:

• LITR 210 - Introduction to Shakespeare (Gen Ed Area IV) 3 hrs
• LITR 251 - The Bible as Literature 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Marketing Major

The marketing major offers career preparation in sports marketing, advertising and sales promotion, international business, marketing research, purchasing and materials management, retailing, marketing
channels, and sales and sales management. Students may select any nine-hour combination of eligible marketing electives, but they are encouraged to focus on their anticipated career path.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation must be completed.

Marketing Department information:

Department Head: Anne L. Balazs  
Department Contact: abalazs@emich.edu  
Web site: http://www.mkt.emich.edu/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Deedra Springgay  
Email: dspringga@emich.edu

Program Advisor: David Hardcastle  
Email: dhardcas@emich.edu

Phone Number for Advisors: 487-2344

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
• COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
• MGMT 202 - Business Communication 3 hrs
• IS 215 - End-User Computing 3 hrs
• ACC 240 - Principles of Financial Accounting 3 hrs
• ACC 241 - Principles of Managerial Accounting 3 hrs
• LAW 293 - Legal Environment of Business 3 hrs
• DS 265 - Business Statistics I 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

• ACC 240 - Principles of Financial Accounting 3 hrs
• ACC 241 - Principles of Managerial Accounting 3 hrs
• COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
• DS 265 - Business Statistics I 3 hrs
• FIN 350 - Principles of Finance 3 hrs
• IS 215 - End-User Computing 3 hrs
• LAW 293 - Legal Environment of Business 3 hrs
• MGMT 202 - Business Communication 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• * MGMT 490 - Business Policy 3 hrs
• MKTG 360 - Principles of Marketing 3 hrs
• OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours

Required Courses: 15 hours

• MKTG 261 - Contemporary Selling 3 hrs
- MKTG 365 - Consumer Behavior 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 470 - Marketing Research 3 hrs
- MKTG 475 - Marketing Planning and Management 3 hrs

Concentration Courses: 9 hours

Students may select from one of the following program areas or may select any nine-hour combination of marketing and supply chain management electives to create their own program in consultation with an adviser:

- Advertising and sales promotion
- International business
- Purchasing and materials management
- Marketing channels
- Supply chain management
- Retailing
- Sales and sales management
- Marketing management
- Sports marketing

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

*FIN350, MGMT386 and MKTG360 must be completed before enrollment in MGMT490 Business Policy.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the **100-level and above. Email: tcarroll@emich.edu

Phone Number for Advisers: 734.487.1444

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Major Requirements: 36 hours

Required Courses: 24 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs

One course from the following:

- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the following:

- MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W) 3 hrs
• MATH 319 - Mathematical Modeling 3 hrs
• MATH 325 - Differential Equations 3 hrs
• MATH 341 - College Geometry 3 hrs
• MATH 372 - Problems in Actuarial Studies I 2 hrs
• MATH 407 - Elementary Number Theory 3 hrs
• MATH 409 - Cryptology 3 hrs
• MATH 411 - Abstract Algebra 3 hrs
• MATH 416 - Linear Algebra 3 hrs
• MATH 418 - Modeling with Linear Algebra 3 hrs
• MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
• MATH 420 - Introduction to Real Analysis 3 hrs
• MATH 424 - Introduction to Complex Variables 3 hrs
• MATH 425 - Mathematics for Scientists 3 hrs
• MATH 436 - Introduction to Numerical Analysis 3 hrs
• MATH 460 - Applied Survey Sampling 3 hrs
• MATH 461 - Linear Regression Analysis 3 hrs
• MATH 462 - Design and Analysis of Experiments 3 hrs
• MATH 468 - Introduction to Biostatistics 3 hrs
• MATH 469 - Introduction to Categorical Data Analysis 3 hrs
• MATH 471 - Probability and Statistics II 3 hrs
• MATH 472 - Problems in Actuarial Studies II 2 hrs
• MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*Any change to this program must be approved and proper paper work submitted before that change can be considered for graduation.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. - MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs
Restricted Elective Courses: 9 hours

At least nine hours from the following electives, with at least six hours from the statistics electives:

Statistics Elective Courses

- MATH 370 - Probability and Statistics I 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Mathematics Elective Courses

- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Minor Requirements: 20 hours

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and
additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a
  minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some
  programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in
several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on
the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have
elected to follow the current ("new") General Education Program, follow the "For Students" link
under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have
elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please
note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by
that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on
MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Music Major**

Students must complete the requirements for the Bachelor of Arts or Bachelor of Science degrees by
including the academic major below and a different minor subject of 20 to 24 hours in some other
department. Bachelor of Arts degrees include one year of foreign language. Students will not earn a
teaching certificate by completing this major.

**Music and Dance Department Information:**

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/
All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce
Email: david.pierce@emich.edu
Phone Number: 487-4380

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 52–53 hours

Core Courses: 30 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs

Two courses from the following: 4–5 hours
- MUSC 317 - Music Composition 2 hrs
- MUSC 341 - Contrapuntal Techniques 2 hrs
- MUSC 401 - Music Theory-Literature V 2 hrs
- MUSC 402 - Music Theory-Literature VI 2 hrs
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 413 - Orchestration 2 hrs

Major Ensemble: 6 hours

Only one hour per semester counted toward degree.

Applied Music (principal instrument): 12 hours

*Muse majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.*

- AMUS 116A - Principal Applied Music 2 hrs
  4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
  2 semesters (minimum): 4 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Bachelor of Arts degrees include one year of foreign language.

Students must also complete University Electives to bring the total credits taken to be 124.

Recital Attendance Requirement
Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor’s degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements**
must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Paralegal Major

The paralegal major focuses on the skills necessary for the graduate to work under the supervision and direction of an attorney with the understanding that the practice of law by lay persons is strictly prohibited. Students get inside the law and develop skills including proficiency in legal research, writing and analysis, drafting legal instruments and pleadings, interviewing clients and witnesses, doing discovery, preparing for trial and using computer-assisted research tools. Employment opportunities are excellent in law firms, corporations, banks, human resource offices, hospitals, state and federal governments and court systems. This major offers professional training and lays a foundation for a career in the legal field. It also qualifies as a pre-law major. This program is approved by the American Bar Association.

For students who have earned a prior degree, the paralegal major can be pursued through a second bachelor’s degree. The completion of 50 hours of study is required for the second bachelor's degree. These 50 hours must include the required courses and the business and information processing core. The remaining hours are to be selected from either restricted University elective courses or University elective courses.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

Secondary Admission and Retention Policy
Students who wish to be Paralegal (Legal Assistant) Studies Program majors must apply for admission to the program. Students may be admitted to the program in the fall or winter terms. Applications for a winter term will be due by Dec. 1 of the preceding fall term. Applications for a fall term will be due by April 1 of the preceding winter term.

Program Admission

Program admission criteria are:

1. Admission to the University as an undergraduate or second bachelor’s degree candidate;
2. * Completion of ENGL 121 with a grade of B or higher;
3. Completion of LEGL 211 - Introduction to Paralegalism and Legal Terminology with a grade of B- or higher;
4. Completion of LEGL 304W - Legal Writing, Research and Analysis I with a grade of C+ or higher; and
5. A cumulative GPA of at least 2.5 on a 4.0 scale.

Students satisfying these criteria are eligible to apply for admission to the program, but admission is not guaranteed.

Program Retention Policy

In addition to secondary admission requirements, program majors will be required to:

1. Complete each program core course (e.g., all courses having a LEGL prefix [except LEGL 211 and LEGL 304W — see above]), with a minimum grade of C;
2. ** Maintain a cumulative GPA of at least 2.5 on a 4.0 scale
3. ** Maintain a GPA within the major of at least 2.5 on a 4.0 scale

Notes:

* Students applying for admission to the program as second bachelor’s degree candidates must present evidence of having completed an acceptable college-level English composition course with a grade of B or higher. A remedial English composition or writing course is not an acceptable college-level English composition course.

** A student whose cumulative GPA or cumulative major GPA falls below 2.5 will be placed on program probation for the next succeeding term. If the student fails to raise his or her cumulative GPA, cumulative major GPA or both to 2.5 or higher with the grades earned during the probationary term, the student will be dismissed from the program. For purposes of this policy, a student who is placed on program probation as the result of a deficient GPA at the close of a winter term will have until the close of the next fall term to raise his or her GPA to 2.5 or higher. If a student earns lower than a C in any program core course (except LEGL 211 and LEGL 304W — see above), the student will be allowed to repeat the course twice. If the student fails to earn a C or better in the repeated courses, the student will be dismissed from the program.

School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu
Web site: http://www.emich.edu/sts/
Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Nancy Harbour
Email: nharbour@emich.edu
Phone Number: 487-1161

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 6 hours

Option I:

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Option II:

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 202 - Social Problems 3 hrs

Major Requirements: 69-72 hours

Required Courses: 33-36 hours

- LEGL 211 - Introduction to Paralegalism and Legal Terminology 3 hrs
- LEGL 212 - Law Office Administration and Technology 3 hrs
- *** LEGL 304W - Legal Writing, Research and Analysis I (Gen Ed Area I, W) 3 hrs
- LEGL 305 - Advanced Legal Writing, Research and Analysis II 3 hrs
- LEGL 306 - Advanced Legal Writing, Research and Analysis III 3 hrs
- LEGL 311 - Probate, Estates and Wills 3 hrs
- LEGL 313 - Family Law 3 hrs
• LEGL 404 - Court Rules, Forms and Drafting Contracts 3 hrs
• LEGL 405 - Civil Litigation, Investigation and Procedure I 3 hrs
• LEGL 406 - Civil Litigation, Investigation and Procedure II 3 hrs
• ** LEGL 416 - Legal Assistant Internship 3-6 hrs

Restricted Elective Courses: 21 hours

21 hours from the following or any other law-related course with department permission:

• BMMT 220 - Word/Information Processing Operations 3 hrs
• BMMT 396 - Information and Media Administration 3 hrs
• BMMT 497 - Independent Study 1 hrs
• BMMT 498 - Independent Study 2 hrs
• BMMT 499 - Independent Study 3 hrs
• CTAC 357 - Interviewing as Communication 3 hrs
• LAW 293 - Legal Environment of Business 3 hrs
• LAW 393 - Law of Business Enterprises 3 hrs
• LAW 403 - Employment Law 3 hrs
• LEGL 278 - Special Topics 2 hrs
• LEGL 279 - Special Topics 3 hrs
• LEGL 315 - Land Transaction and Real Estate for Paralegals 3 hrs
• LEGL 379 - Special Topics 3 hrs
• LEGL 413 - The Law and the Internet 3 hrs
• LEGL 414 - Legal Assistance Center Clinical Experience 3 hrs
• LEGL 415 - Bankruptcy Law 3 hrs
• LEGL 418 - Women and Law 3
• LEGL 478 - Special Topics 2 hrs
• LEGL 479 - Special Topics 3 hrs
- IA 210 - Concepts of Network and Business Technology 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- STS 202 - Disabled in the U.S.A. - Rights, Prejudice, Claims and Responsibilities 3 hrs

Business and Information Processing Core: 15 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- BMMT 201 - Microcomputers for Business Applications 3 hrs
- BMMT 396 - Information and Media Administration 3 hrs
- BMMT 496 - Records Administration Using Database 3 hrs
- * STS 224 - Solving Quantitative Problems in Technology (Gen Ed Area II) 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Select one option from the following:

Note:

*This course meets the "Quantitative Reasoning" requirement.
**These courses meet the "Learning Beyond the Classroom" requirement.

***LEGL 304W meets the writing intensive requirement.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a “C” (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current (“new”) General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Philosophy Major

The Philosophy major provides basic knowledge in the general field of philosophy and strikes a balance between topical philosophical groups. The program supplements those in many other disciplines, such as teaching, literature, the performing arts and the sciences. A philosophy major also prepares students for graduate work in philosophy, law, theology, literature, political science and other related liberal arts subjects. It is a nonteaching major.
The Philosophy major consists of 33 credit hours, 24 of which must be at the 200 level or above. Majors must satisfactorily complete at least one course in each of the following five core areas, with a minimum of twelve credit hours at the 300 or 400 level.

History and Philosophy Department Information:

Department Head: Kate Mehuron
Department Contact: kmehuron@emich.edu
Web site: http://www.emich.edu/historyphilosophy/

Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: Professor Brian Bruya
Email: bbruya@emich.edu
Phone: 734.487.0069

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

*Students must select a minimum of three hours from each of the five core areas:

I. Logic and Reasoning: 3-9 hours

*At least one course from the following:

- * PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- * PHIL 130 - Introduction to Logic 3 hrs
- PHIL 181 - Logic and Model Theory (Gen Ed Area II) 3 hrs
- PHIL 281 - Symbolic Logic 3 hrs

II. History of Philosophy: 3-9 hours

*At least one course from the following:

- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs
• PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W) 3 hrs
• PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W) 3 hrs

III. Values: 3-24 hours

At least one course from the following:

*** Error in Catalog: This course was mistakenly left out of this program.

• PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
• PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
• PHIL 221 - Business Ethics (Gen Ed Area IV) 3 hrs
• PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
• PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
• PHIL 225 - Political Philosophy (Gen Ed Area IV) 3 hrs
• *** PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs
• PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs
• PHIL 310W - Aesthetics (Gen Ed Area I, W) 3 hrs
• PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
• PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
• ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
• PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W) 3 hrs

IV. Epistemology and Metaphysics: 3-27 hours

At least one course from the following:

• PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
• PHIL 325W - Theory of Knowledge (Gen Ed Area I, W) 3 hrs
• PHIL 375W - Metaphysics (Gen Ed Area I, W) 3 hrs
• PHIL 380W - Philosophy of Science (Gen Ed Area I, W) 3 hrs
• PHIL 390W - Phenomenology (Gen Ed Area I, W) 3 hrs
• ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
• PHIL 442W - Philosophy of Mind (Gen Ed Area I, W) 3 hrs
• PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs
• PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W) 3 hrs
• PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W) 3 hrs

V. Eastern/Global: 3-9 hours

At least one course from the following:
• PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
• PHIL 228 - Global Ethics (Gen Ed Area III, IV) 3 hrs
• PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III) 3 hrs
• PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 18 hours

Special topic courses, independent study courses, or other courses listed above and not already taken to complete the required 33 hours.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Only one of PHIL 100 - Introduction to Philosophy or PHIL 110 - Philosophies of Life may be counted toward the major.

* Only one of PHIL 120 - Introduction to Critical Reasoning or PHIL 130 - Introduction to Logic may be counted toward the major.
** This course satisfies either area III or IV, depending on its specific content. It may only be used to satisfy one area requirement.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Physical Education Non-Teaching Major**

The physical education non-teaching option is available for students who wish to pursue careers in health and wellness other than the teaching of physical education. Graduates have found employment in fitness centers, as coaches of sports teams and in other sport-related fields and have used the degree for entry into graduate study in athletic administration, occupational and physical therapy and related careers.

**School of Health Promotion and Human Performance Information:**
School Director: Christine Karshin  
School Contact: ckarshin@emich.edu  
Web site: http://www.emich.edu/hphp/  

Additional department information is available here in the online catalog.

Advisor Information:

College of Health and Human Services Advising Center  
Email: chhsadvising@emich.edu  
Phone Number: 487-0918

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 3 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

Major Requirements: 39 hours

Required Courses: 39 hours

- HLED 210 - Standard American Red Cross First Aid 2 hrs
- PHED 100 - History and Foundations of Physical Education 2 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs
- PHED 215 - Methods of Teaching Individual Sports 3 hrs
- PHED 217 - Methods of Teaching Team Sports 3 hrs
- PHED 219 - Methods of Teaching Rhythmic Activities, Fundamental Movement and Movement Education 3 hrs
- PHED 260 - Motor Development 2 hrs
- PHED 300 - Physiology of Exercise 4 hrs
- PHED 315 - Methods of Teaching Conditioning Activities 2 hrs
• PHED 317 - Methods of Teaching Elementary Physical Education 2 hrs
• PHED 330 - Adapted Physical Education 3 hrs
• PHED 360 - Motor Learning 3 hrs
• PHED 370 - Physical Education Applied Technologies 2 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. Please note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Physics Major**

This major is provided for students who desire a general cultural education with an emphasis on physics, who are preparing for work in another field such as premedicine or prelaw, or who are interested in combining physics with an allied field such as biology, chemistry, astronomy, geology or with the field of business.

**Physics and Astronomy Department Information:**

Department Head: Alexandria Oakes  
Department Contact: aoakes@emich.edu  
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.

Phone Number: 487-8646

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements:** 33 hours
Required Courses: 29 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 2-4 hours

One Laboratory course from the following:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 0-2 hours

Only physics or astronomy undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR311, PHY311, PHY312 and PHY325 which cannot be used on this major.

Additional Requirements: 18 hours

- COSC 111 - Introduction to Programming 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. A mathematics minor is highly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements**
must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Research Major

The physics research major provides the necessary background for those planning to become professional physicists. The requirements listed below ensure adequate depth and breadth of subject matter in both theoretical and experimental physics and in mathematics. Students successfully completing this major are prepared to enter technical positions in government or industrial research, or to undertake graduate study in physics. Further work at the graduate level is highly recommended. No minor is required.

Physics and Astronomy Department Information:

Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Dr. Patrick Koehn
Email: pkoehn@emich.edu
Phone Number: 487-8795

Program Advisor: Dr. Natthi Sharma
Email: nsharma@emich.edu
Phone Number: 487-8645

Program Advisor: Weidian Shen
Email: wade.shen@emich.edu
Phone Number: 487-8797

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 57 hours

Required Mathematics Courses: 18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

Required Physics Courses: 32 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs
- PHY 475 - Introduction to Quantum Mechanics 3 hrs

Restricted Elective Courses: 2-4 hours

One of the following laboratory courses:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
• PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 3-5 hours

*Only ASTR and PHY undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR311, PHY311, PHY312 and PHY325 which can never be used on this major. For those planning to pursue graduate studies in physics, PHY450 Electricity and Magnetism II is strongly recommended.*

Additional Requirements: 7 hours

• CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
• CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
• COSC 111 - Introduction to Programming 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.*

*Students desiring a mathematics minor must take MATH211 Introduction to Mathematical Proof (3 hrs) or MATH360 Statistical Methods (3 hrs) or MATH370 Probability and Statistics I (4 hrs) to complete the minor.*

Critical Graduation Information:

*The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical
education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas. They do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later, or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the General Education Program Prior to Fall 2007 (pdf file) link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Political Science Major

For more information regarding internships visit the department site here: http://www.emich.edu/polisci/Internship/undergrad_majors.html

To fulfill the requirements for a major in political science, students must complete at least 30 hours in the major as specified below, complete at least four courses in the major numbered 300 or above and attain at least a C average in the major. Students are further encouraged to take PLSC 112/PLSC 113, as a general education course, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work. A maximum of three credit hours of independent study or internship/cooperative education courses may be applied to the 30 credit hours required for the major. Finally, neither the independent study, internship/cooperative education course, nor PLSC 470 meets the group distribution requirements specified below under areas of concentration, but any may be taken as free political science electives. Students should consult a departmental adviser for guidance about applying these and special topics courses towards the major.

Political Science Department Information:
Department Head: Dr. Arnold Fleischmann
Department Contact: afleisch@emich.edu
Web site: http://www.emich.edu/polisci/

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs

Two courses from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs

Area of Concentration: 21 hours

Seven courses from the three groups listed below, including at least one course from each group.

I. American Politics, Public Law and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
  
or
- PLSC 315 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 222 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 354 - Canadian Politics 3 hrs
• PLSC 355 - European Politics 3 hrs
• PLSC 361 - Russian Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
• PLSC 371 - Middle East Politics 3 hrs
• PLSC 372 - African Politics 3 hrs
• PLSC 374 - Asian Politics 3 hrs
• PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
• PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
• PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
• PLSC 462 - Russian Foreign Relations 3 hrs
• PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

• PLSC 310 - Methods of Political Research 3 hrs
• PLSC 382 - Politics and the 21st Century 3 hrs
• PLSC 320 - Political Science in Literature and Film 3 hrs
• PLSC 306 - Contemporary Political Thought 3 hrs
• PLSC 307 - Democracy and Power 3 hrs
• PLSC 309 - American Political Theory 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Post-Baccalaureate Health Service Management**

This is a degree completion track leading to the bachelor of science degree in health administration for persons holding an accredited associate’s degree in a recognized health services or clinical discipline, and who have had five or more years of experience subsequent to that degree completion. Such disciplines include nursing, respiratory therapy or other specialized two-year programs of study.
For degree completion students in this curriculum, up to 22 credit hours may be awarded and credited toward the bachelor of science obligation of 124 credit hours on the basis of supervised clinical course work taken in the associate degree curriculum. These credits may be based on supervised clinical courses that have no exact equivalence at Eastern Michigan University. This is determined in consultation with the program director of the health administration program.

Advisor Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

- AHPR 200 - Medical Terminology 1 hr
- HLAD 305 - The U.S. Health Care System 3 hrs
- HLAD 308 - Ethical Dimensions in Health Care Delivery 3 hrs
- HLAD 310 - Administration of Health Care Organizations 3 hrs
- HLAD 311 - Management of Health Services 3 hrs
- HLAD 315 - Research Methods and Data Analysis in Health Sciences 3 hrs
- HLAD 401 - Legal Issues in Health Care 3 hrs
- HLAD 420 - Health Insurance and Reimbursement 3 hrs
- HLAD 425 - Decision Making for Health Administrators 3 hrs

Two hours of applicable transfer work from an associates degree.

One course from the following:

- HLAD 416 - Health Planning 3 hrs
- HLAD 417 - Health Regulation 3 hrs

Minor Requirements:
Minor in management for non-business majors is required.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.

Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Post-Baccalaureate Program in Elementary Education
Students pursuing this program will complete elementary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the master’s teacher certification and endorsement in special education program described under the Department of Special Education. Students wishing to be certified in any of the following areas have requirements that differ from the general programs listed below and must obtain additional information from the College of Education Office of Academic Services: art, music (vocal and instrumental), physical education, business, management, marketing and technology, and technology and design. General procedures for obtaining post-baccalaureate certification can be found under the College of Education.

**Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services.**

**Admission Requirements**

1. Minimum undergraduate GPA of 2.5. Applicants with less than a 2.5 GPA should contact the Second Bachelor’s Office located in the Undergraduate Advising and Career Development Center, 200 McKenny (734.487.5497).

2. Official score from the Michigan Test for Teacher Certification (MTTC) Basic Skills Test on file at Eastern Michigan University.

4. Personal statement and letter of recommendation.

5. Compliance with all other admissions requirements.

**Program Requirements**

The student must:

1. Have a review of previous course work performed by the College of Education Office of Academic Services, to determine those requirements already completed, both for the teaching subject major/minor and for certification.

2. Successfully complete major/minor requirements for elementary education.

3. Successfully complete required hours of fieldwork experience. Presently a minimum of 100 clock hours of field experience is required, including required practicum courses.

4. Successfully complete professional elementary education course requirements.

5. Successfully complete student teaching.

**Exit Criteria**
1. Successful completion of all course work on program (designated minimum GPA overall, and in majors/minors).
2. Successful completion of required student teaching.
3. Successful completion of required subject area tests.
4. Recent signed civil/criminal convictions statement.
5. Current adult and child CPR and first aid certification.

Curricula
Most courses required for post-baccalaureate certification are undergraduate courses (course numbers under 500). It is important to note that 600-level or higher courses may not be used on a program of study.

Teacher Education Department Information:
Department Head: Donald Bennion
Department Contact: donald.bennion@emich.edu
Web site: http://www.emich.edu/coe/ted/

Additional department information is available here in the online catalog.

Program Requirements:
All elementary certification students must complete the requirements for the Liberal Arts Major for Elementary Education as well as the Professional Education Sequence. The elementary certification student must also choose a second major or two minors. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and # 104.

Liberal Arts Major Requirements: 48 hours

Twelve of the required courses can fulfill General Education requirements

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- CHL 207 - Introduction to Children’s Literature (Gen Ed Area IV) 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Approved Additional Majors in Elementary Education:

- Integrated Elementary Science
- Language Arts Group
- Mathematics for Elementary Teaching
- Reading
- Social Studies Group

Approved Additional Minors in Elementary Education:

- Integrated Elementary Science
- Language Arts Group
The student may not combine Language Arts and Reading minors. One of the minors can be in:

- Early Childhood Education
- French Language
- German Language
- Spanish Language
- Teaching English as a Second Language

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
• RDNG 300 - Early Literacy 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

• BIOT 303 - Life Science for Elementary Teachers 3 hrs
• CTAR 300 - Integrated Arts 3 hrs
• MATH 381 - Teaching Mathematics in Elementary School 3 hrs
• * PRCT 310 - Practicum II: Elementary 3 hrs
• * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

• CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
• HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

• EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Post-Baccalaureate Program in Secondary Education

Students pursuing this program will complete secondary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the master’s teacher certification and endorsement in special education program described under the Department of Special Education. Students wishing to be certified in any of the following areas have requirements that differ from the general programs listed below and must obtain additional information from the College of Education Office of Academic Services: art, music (vocal and instrumental), physical education, business, management, marketing and technology, and technology and design. General procedures for obtaining post-baccalaureate certification can be found under the College of Education.
Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services.

Admission Requirements

1. Minimum undergraduate GPA of 2.5. Applicants with less than a 2.5 GPA should contact the Second Bachelor’s Office located in the Undergraduate Advising and Career Development Center, 200 McKenny (734.487.5497).

2. Official score from the Michigan Test for Teacher Certification (MTTC) Basic Skills Test on file at Eastern Michigan University.

4. Personal statement and letter of recommendation.

5. Compliance with all other admissions requirements.

Program Requirements

The student must:

1. Have a review of previous course work performed by the College of Education Office of Academic Services, to determine those requirements already completed, both for the teaching subject major/minor and for certification.

2. Successfully complete general education requirements as needed.

3. Successfully complete major/minor requirements for secondary education.

4. Successfully complete required hours of fieldwork experience. Presently a minimum of 100 clock hours of field experience is required, including required practicum courses.

5. Successfully complete professional secondary education course requirements.

6. Successfully complete student teaching.

Exit Criteria

1. Successful completion of all course work on program (designated minimum GPA overall, and in majors/minors).

2. Successful completion of required student teaching.

3. Successful completion of required subject area tests.

4. Recent signed civil/criminal convictions statement.

5. Current adult and child CPR and first aid certification.
Curricula
Most courses required for post-baccalaureate certification are undergraduate courses (course numbers under 500). It is important to note that 600-level or higher courses may not be used on a program of study.

Teacher Education Department Information:

Department Head: Donald Bennion
Department Contact: donald.bennion@emich.edu
Web site: http://www.emich.edu/coe/ted/

Additional department information is available here in the online catalog.

Liberal Art Requirements:

Students must complete a minimum of 40 credit hours in liberal arts studies, which include the areas listed below. Many students can meet most liberal arts requirements through courses previously taken as part of a bachelor’s degree.

- a course in English writing
- a course in communication
- a course in literature
- a course in humanities/social sciences (American Government recommended)
- a course in mathematics
- a course in natural or physical sciences
- a course in arts

Major/Minor Requirements:

Students must complete one approved major and one approved minor.

Approved Majors for Secondary Education:

- Biology
- Business, Management, Marketing and Technology
- Chemistry
- Communication and Theatre Arts (speech)
• Computer Science
• Earth Science
• French Language
• Geography
• German Language and Literature
• History (requires a minor in Economics, Geography or Political Science)
• Integrated Science*
• Language, Literature and Writing (English)
• Mathematics
• Physical Science Comprehensive Major*
• Physical Science Group Major (requires a minor in Biology, Chemistry, Earth Science or Physics)
• Physics
• Social Studies (requires a minor in Economics, Geography, History or Political Science)
• Spanish Language

Approved Minors for Secondary Education:
• Biology
• Chemistry
• Communication and Theatre Arts (speech)
• Computer Science
• Earth Science
• Economics
• French Language
• Geography
• German Language
• Health
- History
- Language, Literature and Writing (English)
- Mathematics
- Physical Education
- Physics
- Political Science (requires a major in History or Social Studies)
- Psychology
- Spanish Language
- Teaching English as a Second Language
- Vocational Technical Education

Approved K-12 (Secondary Certificate):

- French Language
- German Language and Literature
- Japanese Language and Culture
- Music Education (Instrumental)*
- Music Education (Vocal)*
- Physical Education
- Spanish Language
- Technology and Design Education
- Visual Art Education*

*This major does not require a minor.

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
The following courses require formal admission to the Initial Teacher Preparation Program:

**Phase I: Curriculum, Assessment and the Social Context: 15 hours**

*Prerequisite: Completion of Pre-Admission Phase is required.*

* These two courses must be taken together.
** These two courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- * EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

**Phase II: Content and Methods and Teaching: 9-12 hours**

*Prerequisite: Completion of Phase I is required.*

* These two courses must be taken together.

- Methods of Teaching in Subject Area (3-6 hrs)
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

**Phase III: Capstone Experience: 9 hours**

*Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.*

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

**Professional Biochemistry Major**
The professional biochemistry curriculum prepares students for graduate study or a research career in biochemistry. With the appropriate elective (CHEM 332 or CHEM 432), it meets the requirements established for certification by the American Chemical Society. The program includes a group minor composed of the required courses in biology, mathematics and physics. No other minor is needed to meet graduation requirements.

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 78 hours

Required Courses: 71 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 461 - Chemical Thermodynamics and Kinetics 3 hrs
- CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 465 - Quantum and Statistical Mechanics 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

Two hours from the following:

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs

Elective Courses: 7 hours

- ** Three hours from any courses in biology 300-level or above and...

Four hours from the following:

- ** CHEM 332 - Inorganic Chemistry 2 hrs
- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- ** CHEM 432 - Advanced Inorganic Chemistry 3 hrs
- CHEM 433 - Inorganic-Organic Synthesis Laboratory 2 hrs
- CHEM 475 - Introduction to Polymer Chemistry 3 hrs
- CHEM 477 - Special Topics 1 hr
- CHEM 478 - Special Topics 2 hrs
- CHEM 479 - Special Topics 3 hrs
- CHEM 481 - Instrumental Analysis 4 hrs
- CHEM 485 - Introduction to Radiotracer Techniques 2 hrs
- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs
- CHEM 551 - Macromolecular Biochemistry 2 hrs
- CHEM 554 - Protein Structure and Function 2 hrs
- CHEM 555 - Neurochemistry 3 hrs
- CHEM 572 - Spectrometric Organic Structure Determination 4 hrs

**Minor Requirements:**

This major does not require a minor.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.
Notes:

*Completion of BIOL110, or equivalent coursework, is required for biochemistry students to obtain biology departmental permission for 300- and 400-level biology courses.

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

**Certification by the American Chemical Society requires appropriate selection of electives from among those indicated with "**."**

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
**University Information:** Consult the online catalog at catalog.emich.edu.

**Professional Chemistry Major**

This curriculum provides the necessary background for those planning to become professional chemists. The professional chemistry curriculum meets the requirements established for certification by the American Chemical Society. Students successfully completing the curriculum are prepared to undertake graduate study in chemistry or enter technical positions in industrial and governmental research. The program includes a group minor composed of the required courses in mathematics and physics. No other minor is needed to meet graduation requirements.

For students planning graduate study in chemistry (especially organic chemistry), 10 hours or an equivalent reading knowledge of a foreign language, preferably German, is recommended.

**Chemistry Department Information:**

Department Head: Ross Nord  
Department Contact: rnord@emich.edu  
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

**Advisor Information:**

Program Advisor: Steve Pernecky  
Phone Number: 487-0106  
Email: spernecky@emich.edu

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 69-70 hours**

**Required Courses: 67-68 hours**

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
CHEM 281 - Quantitative Analysis 4 hrs
CHEM 371 - Organic Chemistry I 3 hrs
CHEM 372 - Organic Chemistry II 3 hrs
CHEM 373 - Organic Chemistry Laboratory 2 hrs
CHEM 432 - Advanced Inorganic Chemistry 3 hrs
CHEM 433 - Inorganic-Organic Synthesis Laboratory 2 hrs
CHEM 461 - Chemical Thermodynamics and Kinetics 3 hrs
CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W) 2 hrs
CHEM 465 - Quantum and Statistical Mechanics 3 hrs
CHEM 481 - Instrumental Analysis 4 hrs
MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
MATH 121 - Calculus II 4 hrs
MATH 122 - Elementary Linear Algebra 3 hrs
MATH 223 - Multivariable Calculus 4 hrs
PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
PHY 224 - Electricity and Light 5 hrs

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Two hours from the following:

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
Elective Courses: 2 hours

Chemistry

- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- CHEM 415 - Environmental Chemistry 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 475 - Introduction to Polymer Chemistry 3 hrs
- CHEM 477 - Special Topics 1 hr
- CHEM 478 - Special Topics 2 hrs
- CHEM 479 - Special Topics 3 hrs
- CHEM 485 - Introduction to Radiotracer Techniques 2 hrs
- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs
- CHEM 551 - Macromolecular Biochemistry 2 hrs
- CHEM 554 - Protein Structure and Function 2 hrs
- CHEM 555 - Neurochemistry 3 hrs
- CHEM 561 - Quantum Chemistry and Spectroscopy 2 hrs
- CHEM 562 - Statistical Mechanics and Chemical Kinetics 2 hrs
- CHEM 565 - Nuclear Chemistry 3 hrs
- CHEM 571 - Advanced Organic Chemistry 3 hrs
- CHEM 572 - Spectrometric Organic Structure Determination 4 hrs
- CHEM 574 - Advanced Organic Chemistry Topics 2 hrs
- CHEM 581 - Advanced Analytical Chemistry 3 hrs

Mathematics and Computer Science
- Other 400-level courses with department permission
- MATH 325 - Differential Equations 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs

Physics
- Other 400-level courses with department permission
- PHY 450 - Electricity and Magnetism II 3 hrs
- PHY 452 - Electrical Measurements 4 hrs
- PHY 456 - Electronics for Scientists 4 hrs
- PHY 471 - Atomic and Nuclear Physics 3 hrs

Minor Requirements:
This major does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- **Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better.** Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Psychology Major**

The major in psychology is designed to provide a general and in-depth survey of the fields in the science of psychology and to prepare students to work with people in several career areas. Further study beyond the baccalaureate is required to enter professional career work.

**Psychology Department Information:**

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Web site: http://www.emich.edu/psychology/

Additional department information is available here in the online catalog.
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 32 hours

Required Courses: 14 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr
- PSY 205 - Quantitative Methods in Psychology 3 hrs
- PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
- PSY 453 - History and Systems of Psychology 3 hrs

Restricted Elective Course: 12 hours

Select one course from each of the following categories:

I. Adjustment and Personality:

- PSY 360 - Abnormal Psychology 3 hrs
- PSY 451 - Dynamics of Personality 3 hrs

II. Biological:

- PSY 357 - Sensation and Perception 3 hrs
- PSY 457 - Physiological Psychology 3 hrs
- PSY 458 - Comparative Animal Behavior 3 hrs

III. Learning and Motivation:

- PSY 304 - Learning 3 hrs
- PSY 356 - Motivation and Emotion 3 hrs

IV. Development and Social:

- PSY 309 - Social Psychology 3 hrs
• PSY 321 - Child Psychology 3 hrs

Psychology Elective Courses: 6 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog; General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
Public Law and Government Major

The Public Law and Government major focuses student attention on issues related to constitutional, criminal, comparative and international law, legal systems at the state, federal and international levels, and judicial process and behavior as well as alternative methods of dispute resolution. Students who major in public law and government may participate in the Mock Trial competitions and typically continue on to law school prior to a career practicing law. Students are encouraged to take PLSC 112/PLSC 113 as a General Education course prior to the required core courses and to complete PLSC 112/PLSC 113 within the first nine hours of political science course work. Students shall complete at EMU at least three courses in the major numbered 300 or above; and attain at least a C average in the major. A maximum of four credit hours of independent study or internship/cooperative education courses, or a combination of both, may be applied to the 30 credit hours required for the major.

For more information regarding internships visit the department website here: http://www.emich.edu/polisci/Internship/undergrad_majors.html

Political Science Department Information:

Department Head: Dr. Arnold Fleischmann
Department Contact: afleisch@emich.edu
Web site: http://www.emich.edu/polisci/

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Required Area Courses: 12 hours

- PLSC 385 - Judicial Process and Behavior 3 hrs

One course from each of the following three areas of public law:

Area I:

- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
Area II:

- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

Area III:

- PLSC 341 - International Law 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

Public Law Elective Courses: 9 hours

*Students may not double count courses taken in the Required Area Course Requirements.*

*Select three courses from the following:*

- ECON 407 - Economic Analysis and Law 3 hrs
- HIST 465 - United States Constitutional History 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- PLSC 315 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- PLSC 387 - Cooperative Education in Political Science 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 486 - Internship in Political Science/Public Administration 3 hrs
- PLSC 487 - Cooperative Education in Political Science 3 hrs
- PLSC 488 - Internship in Political Science/Public Administration 6 hrs
- PLSC 489 - Internship in Political Science/Public Administration 9 hrs
- PLSC 497 - Independent Study 1 hrs
- PLSC 498 - Independent Study 2 hrs
- PLSC 499 - Independent Study 3 hrs

**Restricted Elective Courses: 9 hours**

*Select one course from each of the following three groups:*

**I. American Politics and Administration**

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

**II: Comparative Politics and International Relations**

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
• PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
• PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
• PLSC 222 - War and Peace in the Nuclear Age 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 311 - Politics of the Developing World 3 hrs
• PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 354 - Canadian Politics 3 hrs
• PLSC 361 - Russian Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
• PLSC 371 - Middle East Politics 3 hrs
• PLSC 372 - African Politics 3 hrs
• PLSC 374 - Asian Politics 3 hrs
• PLSC 462 - Russian Foreign Relations 3 hrs
• PLSC 467 - Advanced International Relations 3 hrs

III: Political Theory and Methods

• PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
• PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
• PLSC 306 - Contemporary Political Thought 3 hrs
• PLSC 307 - Democracy and Power 3 hrs
• PLSC 309 - American Political Theory 3 hrs
• PLSC 310 - Methods of Political Research 3 hrs
• PLSC 320 - Political Science in Literature and Film 3 hrs
• PLSC 382 - Politics and the 21st Century 3 hrs

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*Courses may not be counted toward more than one requirement within the major.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

University Information: Consult the online catalog at catalog.emich.edu.

Public Relations Major (Interdisciplinary- Communication)

Admission to the program will require a 2.8 GPA, which must be maintained in the major as well as in the minor selected. Admission is granted by the Department of English Language and Literature. Courses from both the Department of English Language and Literature and the Department of Communication, Media and Theatre Arts are offered as requirements and restricted elective courses.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 45 hours

Required Fundamental Courses: 18 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs
- JRNL 314 - Writing for Public Relations 3 hrs

One course from the following:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 350 - Persuasion 3 hrs

Required Advanced Courses: 18 hours

- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 408W - Case Studies in Public Relations (Gen Ed Area I, W) 3 hrs

One course from the following:
- JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
- JRNL 490 - Internship in Journalism/Public Relations 3 hrs

One course from the following:
- CTAT 334 - Radio-Television News 3 hrs
- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs

One course from the following:
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs

Restricted Elective Courses: 9 hours
- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CMT 204 - Photographic Communication 3 hrs
- CMT 436 - Electronic Publishing Technology 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAT 241 - Radio-Television-Film Announcing 3 hrs
- ENGL 323 - Writing in the Professional World 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- JRNL 307 - Copy Editing 3 hrs
- JRNL 311 - Newspaper Layout and Design 3 hrs
- JRNL 423 - Magazine Article Writing 3 hrs
- JRNL 455 - Journalism Law and Ethics 3 hrs
• CTAT 334 - Radio-Television News 3 hrs
  or
• CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs

• CTAC 224 - Public Speaking 3 hrs
  or
• CTAC 350 - Persuasion 3 hrs

Maximum of six-hours from the following:

• CTAC 387 - Cooperative Education in Communication 1 hr
• CTAC 388 - Cooperative Education in Communication 2 hrs
• CTAC 389 - Cooperative Education in Communication 3 hrs
• CTAC 487 - Internship in Communication 1 hr
• CTAC 488 - Internship in Communication 2 hrs
• CTAC 489 - Internship in Communication 3 hrs
• JRNL 387 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 488 - Internship in Journalism/Public Relations 1 hr
• JRNL 489 - Internship in Journalism/Public Relations 2 hrs
• JRNL 490 - Internship in Journalism/Public Relations 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Relations Major (Interdisciplinary- English)

Admission to the program will require a 2.8 GPA, which must be maintained in the major as well as in the minor selected. Admission is granted by the Department of English Language and Literature. Courses from both the Department of English Language and Literature and the Department of Communication and Theatre Arts are offered as requirements and restricted elective courses.

English Language and Literature Department Information:
Advisor Information:

Program Advisor: Lolita Hendrix
Email: lolita.hendrix@emich.edu
Phone Number: 487-4220

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 45 hours

Required Fundamental Courses: 18 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs
- JRNL 314 - Writing for Public Relations 3 hrs

One course from the following:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 350 - Persuasion 3 hrs

Required Advanced Courses: 18 hours

- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 408W - Case Studies in Public Relations (Gen Ed Area I, W) 3 hrs
One course from the following

- JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
- JRNL 490 - Internship in Journalism/Public Relations 3 hrs

One course from the following:

- CTAT 334 - Radio-Television News 3 hrs
- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs

One course from the following:

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs

Restricted Elective Courses: 9 hours

- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CMT 204 - Photographic Communication 3 hrs
- CMT 436 - Electronic Publishing Technology 3 hrs
- CTAC 224 - Public Speaking 3 hrs
  
  OR

  - CTAC 350 - Persuasion 3 hrs
  
  OR

  - CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
  - CTAC 359 - Small Group Communication 3 hrs
  - CTAT 241 - Radio-Television-Film Announcing 3 hrs
  
  OR

  - CTAT 334 - Radio-Television News 3 hrs
  
  OR

  - CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
  
  OR

  - ENGL 323 - Writing in the Professional World 3 hrs
- JRNL 307 - Copy Editing 3 hrs
- JRNL 311 - Newspaper Layout and Design 3 hrs
- JRNL 423 - Magazine Article Writing 3 hrs
- JRNL 455 - Journalism Law and Ethics 3 hrs

Maximum of 6 hours from the following:
- CTAC 387 - Cooperative Education in Communication 1 hr
- CTAC 388 - Cooperative Education in Communication 2 hrs
- CTAC 389 - Cooperative Education in Communication 3 hrs
- CTAC 487 - Internship in Communication 1 hr
- CTAC 488 - Internship in Communication 2 hrs
- CTAC 489 - Internship in Communication 3 hrs
- JRNL 387 - Cooperative Education in Journalism/Public Relations 3 hrs
- JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
- JRNL 488 - Internship in Journalism/Public Relations 1 hr
- JRNL 489 - Internship in Journalism/Public Relations 2 hrs
- JRNL 490 - Internship in Journalism/Public Relations 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Public Safety Administration Major**

The public safety administration program is an interdisciplinary program involving course work in three departments from two colleges within the University. The curriculum is intended to meet the professional development needs of in-service and entry-level personnel in public safety organizations including those involved in law enforcement, public safety, fire protection, private security, disaster and emergency management and corrections, with a competency-based curriculum resting on a strong liberal arts foundation.

The public safety manager’s focus is on leadership, public policy, politics and administration. The public safety manager is concerned with issues such as the causes of crime, the nature and impact of criminal behavior, threats to public safety arising from environmental and natural disasters and the nature and operation of correctional institutions. The administrator’s responsibilities extend to addressing how the
public safety organization develops a response to these problems, the nature of the response and how resources — budgets and personnel — are obtained, utilized and evaluated in responding to problems.

This program builds on the public administration major. Courses are drawn from five groups:

- An interdisciplinary, skills-focused, foundation group
- An administration group directed toward developing an understanding of public and of nonprofit organizations and related personnel, budgeting and administrative skills
- A public safety administration group that addresses conditions, strategies and practices found particularly in public safety agencies
- An area concentration
- An academy or internship component

The program combines both major and minor requirements, and graduating students will be awarded a bachelor's degree in public administration.

Transfer students from associate degree programs in related fields may matriculate into the program. Students transferring from another college must, however, complete all general education course work as required by the University for the bachelor’s degree.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

**Political Science Department Information:**

Department Head: Dr. Arnold Fleischmann
Department Contact: afleisch@emich.edu

Phone Number: 487-3113

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 63-64 hours

Foundation Group: 12 hours

One course from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs

One course from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 330 - Urban Politics 3 hrs

One course from the following:

- CRM 300 - Criminal Justice 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

One course from the following:

- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs

Administration Group: 12 hours

- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs

One course from the following:
• HSEM 412 - Administration of Public Safety Agencies 3 hrs
• PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs

Public Safety Administration Group: 18 hours
• HSEM 380 - Planning and Decision-Making for Public Safety 3 hrs
• HSEM 381 - Public Relations and Public Safety 3 hrs
• HSEM 438 - Human Resource Management for Public Safety Agencies 3 hrs
• HSEM 439 - Managing Critical Incidents for Homeland Security 3 hrs

One course from the following:
• HSEM 453 - Management/Leadership for Public Safety 3 hrs
• PLSC 450 - Managing Public Safety Agencies 3 hrs

One course from the following:
• HSEM 454 - Managing Technology for Public Safety Agencies 3 hrs
• PLSC 451 - Seminar in Public Safety Administration 3 hrs

Area of Concentration: 15-16 hours

Five courses from the following:
• CRM 431 - Policing in Society 3 hrs
• ESSC 324 - Weather 3 hrs
• ESSC 325 - Geomorphology 4 hrs
• HSEM 255 - Emergency Preparedness Planning 3 hrs
• HSEM 306 - Issues in Emergency Preparedness 3 hrs
• HSEM 309 - Natural Hazard Mitigation 3 hrs
• HSEM 433 - Arson Investigation 3 hrs
• HSEM 434 - Hazardous Materials 3 hrs
• HSEM 435 - Incident Command 3 hrs
• HSEM 452 - Current Trends in Emergency Management 3 hrs
• HSEM 475 - Managing Correctional Agencies and Facilities 3 hrs

Academy or Internship/Co-op Experience: 6 hours

Preservice students must complete an internship or cooperative education placement or an accredited academy program; in-service students may substitute credits from an accredited academy program.

• PLSC 488 - Internship in Political Science/Public Administration 6 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Biology Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in biology, certification code DA and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #017, "Biology."

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Jamin Eisenbach
Email: jeisenbac@emich.edu
Phone: 734.487.4242

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 57-59 hours

Required Foundation Courses: 29 hours
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs
- BIO 326 - Human Physiology 3 hrs
- * BIO 406 - The Nature of Science 1 hr

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Elective Courses: 1 hour

One hour at the 300-level or above in biology selected in consultation with a biology adviser. The courses must have a minimum prerequisite of BIO 120. BIOT courses may not be counted toward a biology major.

Chemistry: 16-17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Select either option I or option II:

Option I:

- CHEM 371 - Organic Chemistry I 3 hrs
• CHEM 372 - Organic Chemistry II 3 hrs
• CHEM 373 - Organic Chemistry Laboratory 2 hrs

Option II:

• CHEM 270 - Survey of Organic Chemistry 4 hrs
• CHEM 271 - Organic Chemistry Laboratory 1 hr

One course from the following:

• CHEM 351 - Foundations of Biochemistry 4 hrs
• CHEM 451 - Biochemistry I 3 hrs

Physics: 8 hours

• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 222 - Electricity and Light 4 hrs

Math: 3-4 hours

One course from the following:

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours
Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
Chemistry Majors take:
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.
- EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Options are BIO 306W and BIO 311W.

* PHY 406, CHEM 406 or ESSC 406 may be substituted for BIO 406

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Chemistry Major
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in chemistry, certification code DC, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #018, “Chemistry.”

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Larry Kolopajlo
Email: lkolopajl@emich.edu
Phone: 734.487.0106

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 12-14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Major Requirements: 32 hours

Required Courses: 29-30 hours
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 406 - The Nature of Science 1 hr
  or equivalent (see course description)

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Elective Courses: 2-3 hours

*Two to three hours from 300- and 400-level courses in chemistry.*

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

*Prerequisite: Sophomore standing or higher.*

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:
Phase I: Curriculum, Assessment and the Social Context: 15 hours

*Prerequisite: Completion of Pre-Admission Phase is required.*

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

*Prerequisite: Completion of Phase I is required.*

* These courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

One course from the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

*Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.*

- EDUC 492 - Student Teaching 9 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Communication and Theatre Arts Teaching Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in speech, certification code BD, and, depending on the minor selected, an
additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #004, "Speech." At least nine credit hours must be taken at the 300-400 level.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Michael Tew
Email: mtew@emich.edu
Phone Number: 487-3130

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 41 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 2 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.
* These two courses must be taken together.
** These courses must be taken with or after CURR 305.
- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.
* These two courses must be taken together.
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:
Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
- HIST 481 - The Teaching of Social Studies 3 hrs
Mathematics Majors take:

- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
  
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. Language, Literature and Writing Minor strongly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Students will declare a teaching major or minor in conjunction with their CTA program - there is no restriction on General Education course selections - students complete standard College of Education Initial Teacher Preparation Program.

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Computer Science Education Major

Successful completion of this program, in conjunction with other teacher education requirements, qualifies students for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in computer science, certification code NR, and, an additional endorsement depending on the minor selected. The Michigan Test for Teacher Certification (MTTC) covering this field is #050, “Computer Science.”

Students must be accepted into the Initial Teacher Preparation Program before enrolling in COSC 342 - Programming Languages for Educators, COSC 303 - Applications in Computer Science and COSC 306 - Methods of Teaching Computer Science in the Secondary Schools.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Zenia Bahorski
Phone Number: 487-0270
Email: zbahorski@emich.edu
Advisor: Pamela Moore  
Phone Number: 487-3205  
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 4 hours

- MATH 205 - Mathematical Structures for Computer Science 4 hrs

Major Requirements: 30 hours

Required Courses: 27 hours

- COSC 101 - Computer Science Concepts and Practical Applications 3 hrs
- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 303 - Applications in Computer Science 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 342 - Programming Languages for Educators 3 hrs
- COSC 403 - Seminar and Project Design for Educators 3 hrs

Restricted Electives: 3 hours

One course from the following:

*Other options by department permission*

- COSC 105 - Everyday Computing and Social Responsibility 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- SOCL 462 - Complex Organizations 3 hrs
• STS 150 - Understanding Technology 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

• * CURR 305 - Curriculum and Methods: Secondary 3 hrs
• ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
• ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
• * PRCT 305 - Practicum I: Secondary 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

• * PRCT 311 - Practicum II: Secondary 3 hrs
• * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:
• BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
• BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
• COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
• CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
• ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
• FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
• HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
• MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

• EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have
elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please
note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by
that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on
MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Earth Science Major

Successful completion of this course of study, in the context of other program requirements, qualifies
the student for recommendation for the Michigan Department of Education Secondary Provisional
Certificate endorsed in earth/space science, certification code DH. The Michigan Test for Teacher
Certification (MTTC) covering this field is #020, "Earth/Space Science." Consult a department adviser
before you declare this major.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: Thomas Kovacs

Phone: 734.487.0218

Program Adviser: Michael Kasenow
EMail: mkasenow@emich.edu
Phone: 734.487.0218

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 16-17 hours
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Major Requirements: 33 hours

Required Courses: 33 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 331 - Paleontology 4 hrs
- * ESSC 406 - The Nature of Science 1 hr

* PHY406, CHEM406, or BIOT403 may be substituted for ESSC406.

One course from the following:

- ESSC 325 - Geomorphology 4 hrs
- ESSC 370 - Glacial Geology 4 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours
Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs
Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours
Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 2/2011

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Program Prior to Fall 2007 (pdf file)” link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Geography Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in geography, certification code CB, and, depending on the minor selected, endorsement in economics (CA), history (CC), or political science (CD). The certification test covering this field is #008 "Geography".

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Andrew Nazzaro
Email: andrew.nazarro@emich.edu
Phone Number: 487-0218

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 9 hours

- A course in economics, if not included in the minor (3 hrs)
- HIST 102 - Western Civilization, 1648 to World War I (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
Major Requirements: 30-31 hours

Required Courses: 15 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs

Restricted Elective Courses: 15-16 hours

Regional Geography

Two courses from the following:

- GEOG 111 - Regions and Resources 3 hrs
- GEOG 314 - Geography of Russia and Neighboring States 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

One course from each of the following three areas: (9-10 hours) total

Geographic Techniques

- ESSC 303 - Field Geography 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs

Physical Geography

- ESSC 250 - Introduction to Coastal Processes 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
• ESSC 324 - Weather 3 hrs
• ESSC 325 - Geomorphology 4 hrs
• ESSC 327 - Soil Science 4 hrs
• ESSC 350 - Biogeography 3 hrs

Human Geography

• GEOG 100 - Human Geosciences 3 hrs
• GEOG 235 - Economic Geography 3 hrs
• GEOG 332 - Urban Geography 3 hrs
• GEOG 333 - Settlement Geography 3 hrs
• GEOG 360 - Cultural Geography 3 hrs
• GEOG 361 - Geography of Population 3 hrs
• GHPR 335 - Historic Preservation 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

• * CURR 305 - Curriculum and Methods: Secondary 3 hrs
• ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

**Phase II: Content and Methods and Teaching: 9 hours**

*Prerequisite: Completion of Phase I is required.*

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

**Methods Course by Major:**

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:

- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs
Communication, Media and Theatre Arts Majors take:
• CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
• ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
• FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
• HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
• MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.
• EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Select a teaching minor from the following: economics, history, and political science.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.
Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education History Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in history, certification code CC and, depending on the minor selected, endorsement in geography (CB), political science (CD) or economics (CA). This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #009, “History.”

**History and Philosophy Department Information:**
Department Head: Kate Mehuron

Adviser Information:

Program Adviser: Robert Duke
Email: rduke@emich.edu

Program Adviser: Richard Nation
Email: rnation@emich.edu

Phone Number for Advisers: 734.487.1018

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33-36 hours

Required Courses: 21-24 hours

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

One course from the following:

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs

One course from the following:

- ECON 375 - Economic History of the United States 3 hrs
- HIST 471 - Social and Intellectual History of 19th-Century Europe 3 hrs

One option from the following:
Option I:

- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

Option II:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War I (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs

Elective Courses: 12 hours

Six hours of history courses 300-level or above in one of the following areas and three hours in each of the remaining areas:

A. United States and Canada
B. Europe (includes Russia and ancient Greece and Rome)
C. Africa, Asia and Latin America (includes Middle East and ancient Near East)

For a current list of classes that count for each area, consult the History Section website or a History undergraduate adviser.

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 12 hours

Prerequisite: Completion of Pre-Admission Phase is required.
These two courses must be taken together.
** This course must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 12 hours

Prerequisite: Completion of Phase I is required.

These two courses must be taken together.

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- HIST 481 - The Teaching of Social Studies 3 hrs
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

Minor Requirements:

This program requires a minor. Select from geography, political science or economics.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)
General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas. Students should not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Integrated Science Comprehensive Group Major

The preparation of Integrated Science teachers includes courses in the three major categories of science identified in the Michigan Curriculum Framework: life, physical, and Earth/space science. Candidates who apply for the secondary integrated science endorsement must pass the Michigan Test for Teacher Certification in integrated science at the secondary level. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in integrated science, certification code DI. The Michigan Test for Teacher Certification (MTTC) covering this field is #094, “Integrated Science (Secondary).”

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Comprehensive Major Requirements: 57 hours

Life Sciences Courses: 14 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs

Physical Sciences Courses: 20 hours

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Earth/Space Sciences Courses: 18 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
• ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
• ESSC 111 - The Earth System through Time 4 hrs
• ESSC 212 - Weather, Climate and the Earth System 3 hrs

Additional Required Courses: 5-6 hours

Choose one option from the following:

Option I:

• MATH 107 - Plane Trigonometry 2 hrs
• MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option II:

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

And one course from the following:

• BIO 406 - The Nature of Science 1 hr
• CHEM 406 - The Nature of Science 1 hr
• ESSC 406 - The Nature of Science 1 hr
• PHY 406 - Ethical Issues in Physics 1 hr

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours
Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
Chemistry Majors take:
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:
This program does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; *courses taken at community colleges cannot be used to meet this requirement*. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Language, Literature and Writing Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in English, certification code BA, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Council of
Teachers of English. The Michigan Test for Teacher Certification (MTTC) covering this field is #002, “English.”

Phone Number for Advisors: 487-4220

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 36 hours

Required Courses: 9 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- ENGL 328 - Writing, Style and Technology 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs

Restricted Elective Courses: 27 hours

One course from Genre:

- LITR 411 - Studies in Epic and Romance 3 hrs
• LITR 420 - Studies in the British Novel 3 hrs
• LITR 421 - Studies in the American Novel 3 hrs
• LITR 422 - Studies in the Novel in Global Perspective 3 hrs
• LITR 430 - Studies in Drama 3 hrs
• LITR 440 - Genre Studies 3 hrs
• LITR 470 - Studies in Poetry 3 hrs

One course from Language Study:
• LING 401 - Introduction to Linguistic Science 3 hrs
• LING 402 - Modern English Grammar 3 hrs
• LING 421 - The History of the English Language 3 hrs

One course from Multicultural Literature:
• LITR 361 - Studies in Native American Literature 3 hrs
• LITR 362 - Studies in African American Literature 3 hrs

One course from British Literature:
• LITR 312 - English Literature in the Middle Ages 3 hrs
• LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
• LITR 315 - Restoration and 18th-Century Literature 3 hrs
• LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
• LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs

One course from American Literature:
• LITR 309 - The Development of American Literature 3 hrs
• LITR 310 - Modern American Literature 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from Major Authors:
- LITR 405 - Shakespeare 3 hrs
- LITR 413 - The Poetry of Chaucer 3 hrs
- LITR 450 - Major Authors 3 hrs

One course from Writing, Literature or Language Study:

Choose one additional course from any Restricted Electives category or from one of the following:

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- ENGL 323 - Writing in the Professional World 3 hrs
- ENGL 324 - Principles of Technical Communication 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs
- LING 310 - African American Language 3 hrs
- LING 340 - Language and Culture 3 hrs

One course from Writing Pedagogy:

- ENGL 408W - Writing for Writing Teachers (Gen Ed Area I, W) 3 hrs

One course from Young Adult Literature:

- CHL 455 - Adolescent Literature 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

* Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

* Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- PRCT 311 - Practicum II: Secondary 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
• BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
• COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
• CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
• ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
• FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
• HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
• MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

• EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.
Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; *courses taken at community colleges cannot be used to meet this requirement*. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Mathematics Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code EX, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of Mathematics. The Michigan Test for Teacher Certification (MTTC) covering this field is #022, “Mathematics (Secondary).”

All majors must fill in a program sheet before graduation — see the undergraduate advising coordinator. At least nine hours in the major, at 300-level or above, must be taken at Eastern Michigan University.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements:** 36 hours

**Required Area Courses:** 30 hours
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 360 - Statistical Methods 3 hrs
- MATH 411 - Abstract Algebra 3 hrs

**Restricted Elective Courses: 6 hours**

*Six hours from the following:*

- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 400 - History and Development of Mathematics 3 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Physical Science Comprehensive Major**

A comprehensive Secondary Physical Science Endorsement prepares candidates to teach physical science courses as identified in the Michigan Curriculum Framework. A minor is not required in this comprehensive group major. The preparation of physical science teachers includes courses in all of the major categories of science with a strong focus on basic chemistry and physics. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in Physical Science (DP). The Michigan Test for Teacher Certification (MTTC) covering this field is #097, "Physical Science."

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 54-55 hours**

**Required Physical Science Courses: 54-55 hours**
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:
- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

One from the following:
- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Additional Requirements: 8-9 hours
Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

*One of the following options:*

**Option I:**

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

**Option II:**

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

*Prerequisite: Sophomore standing or higher.*

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

*Prerequisite: Completion of Pre-Admission Phase is required.*

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.
  - * PRCT 311 - Practicum II: Secondary 3 hrs
  - * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

  - PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
  - BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
  - CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
  - COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
  - CTAC 307 - The Teaching of Speech 3 hrs
English Language and Literature Majors take:
- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.
- EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physical Science Group Major

A Secondary Physical Science endorsement prepares candidates to teach physical science courses as identified in the Michigan Curriculum Framework. The preparation of physical science teachers includes courses in all of the major categories of science with a strong focus on basic chemistry and physics. Coupling this group major with a minor in one of the sciences (biology, chemistry, earth science or physics), as required, additionally qualifies a student to apply for certification in that subject at the secondary level. Successful completion of this course of studies, in context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in Physical Science (DP). The Michigan Test for Teacher Certification (MTTC) covering this field is #097, "Physical Science."

Physics and Astronomy Department Information:
Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Dr. Bonnie Wylo

Phone: 734.487.8642

Program Adviser: Dr. Beth Kubitskey
Email: mkubitske1@emich.edu
Phone: 734.487.8798

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 44-52 hours

Option I: With a Physics teaching minor (PHYT-21 hrs), complete the following courses:

Required Physical Science Courses: 36-37 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
• ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
• PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one from the following:
• CHEM 406 - The Nature of Science 1 hr
• PHY 406 - Ethical Issues in Physics 1 hr

Choose one from the following:
• ASTR 315 - Observational Astronomy 3 hrs
• ESSC 111 - The Earth System through Time 4 hrs

Additional Requirements: 8-9 hours

Life Science Course: 4 hours
• BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:
• MATH 107 - Plane Trigonometry 2 hrs
• MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:
• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option II: With a Chemistry teaching minor (CHMT-24 hrs), complete the following courses:

Required Physical Science Courses: 37 hours
• ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
• ASTR 315 - Observational Astronomy 3 hrs
• ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
• ESSC 111 - The Earth System through Time 4 hrs
• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 222 - Electricity and Light 4 hrs
• PHY 372 - Modern Physics Laboratory 1 hr
• PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
• PSCI 305 - Energy and Society 3 hrs
• PSCI 309 - Thermal Science and Heat Transfer 3 hrs
• PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

• CHEM 406 - The Nature of Science 1 hr
• PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 8-9 hours

Life Sciences Course: 4 hours

• BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics course(s): 4-5 hours

One of the following options:

Option A:

• MATH 107 - Plane Trigonometry 2 hrs
• MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option III: With a Biology teaching minor (BIOT-24 hrs), complete the following courses:
Required Physical Science Courses: 39 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 9-10 hours

Life Science Course: 5 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:
MATH 107 - Plane Trigonometry 2 hrs
MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:
MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option IV: With an Earth Science teaching minor (ESCT-21 hrs), complete the following courses:

Required Physical Science Courses: 43 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
• PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

• BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

• MATH 107 - Plane Trigonometry 2 hrs
• MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

• * CURR 305 - Curriculum and Methods: Secondary 3 hrs
• ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
• ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
• * PRCT 305 - Practicum I: Secondary 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

*Prerequisite: Completion of Phase I is required.*

* These two courses must be taken together.
  • * PRCT 311 - Practicum II: Secondary 3 hrs
  • * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:
  • BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
  • CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
  • ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
  • PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:
  • CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
  • PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
  • BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
  • CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
• COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
• CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
• ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
• FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
• HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
• MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

• EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

Students must select either a physics, chemistry, earth science or biology minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physics Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in physics, certification code DE, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #019, “Physics.”
An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

Phone Number: 487-8799

Program Advisor: Dr. Marshall Thomsen
Email: jthomsen@emich.edu
Phone Number: 487-8794

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 35 hours

Required Courses: 31 hours

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

**Restricted Elective Courses: 2-4 hours**

*One of the following laboratory courses:*

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

**Elective Courses: 0-2 hours**

*Select elective courses in physics and astronomy to complete the 35 hour requirement. Only ASTR and PHY undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR311, PHY311, PHY312 and PHY325, which can never be used on this major.*

**Additional Requirements: 26 hours**

- COSC 111 - Introduction to Programming 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

**One course from the following:**

- CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
  and
- CHEM 116 - Chemistry and Society Laboratory (Gen Ed Area IV) 1 hr

- CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
  and
- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr
- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
  and
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One course from the following:
- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

*Prerequisite: Sophomore standing or higher.*
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

*Prerequisite: Completion of Pre-Admission Phase is required.*

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.
- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.
  - * PRCT 311 - Practicum II: Secondary 3 hrs
  - * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:
  - BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
  - CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
  - ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
  - PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:
  - CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
  - PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
  - BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
  - CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
  - COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
  - CTAC 307 - The Teaching of Speech 3 hrs
English Language and Literature Majors take:

- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:

- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:

- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. Mathematics is highly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Social Studies Group Major (with a Minor in Economics, Geography, History or Political Science)

EXISTING PROGRAM WILL BE DELETED AND REPLACED WITH NEW PROGRAMS EFFECTIVE FALL 2012. MOST STUDENTS FOLLOWING THE CURRENT PROGRAM WILL BE ABLE
TO CONTINUE TO FOLLOW THE EXISTING PROGRAM. CONTACT DEPARTMENT FOR MORE INFORMATION.

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in social studies, certification code RX. This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #084, “Social Studies.” Depending on the minor selected, this course of study will also lead to an endorsement in economics (CA) MTTC #007, geography (CB) MTTC #008, history (CC) MTTC #009, or political science (CD) MTTC #010.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major/Minor Requirements: 53-57 hours
Social Studies Major with an Economics Minor: 56 hours

Core Courses: 30 hours

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
  
  or

- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 6 hours

- Two electives from any of the four RX disciplines at any level (Consult a social studies adviser) (6 hrs)

Economics Minor: 20 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 375 - Economic History of the United States 3 hrs

Restricted Elective Courses: 11 hours

Eleven hours of electives in economics including at least two courses from the following:

- ECON 300 - Contemporary Economic Issues 3 hrs
- ECON 303 - Consumer Economics 3 hrs
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Social Studies with a Geography Minor: 53 hours

Core Courses: 27 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
  or
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 6 hours

- Two electives from any of the four RX disciplines at any level (consult a social studies adviser) (6 hrs)

Geography Minor: 15 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
• GEOG 320 - Geography of the United States and Canada 3 hrs

Elective Courses: 5 hours

• Two courses in GEOG approved by the Geography adviser (one must be a three credit hour class).

Social Studies Major with a History Minor: 54 hours

Core Courses: 24 hours

• ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
• ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
• GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
• GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
• GEOG 320 - Geography of the United States and Canada 3 hrs
• * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
• PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
  or
• PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs
• PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 9 hours

• Three electives from any of the four RX disciplines at any level (consult a social studies adviser) (9 hrs)

History Minor: 21 hours

**Three upper-level (300-400) history courses, one each in:

A. United States and Canada
B. Europe (includes Russia and ancient Greece and Rome)
C. Africa, Asia and Latin America (includes Middle East and ancient Near East)
• HIST 109 - World History to 1500 3 hrs
• HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
• HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
• HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

Social Studies Major with a Political Science Minor: 57 hours

Core Courses: 33 hours

• ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
• ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
• GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
• GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
• GEOG 320 - Geography of the United States and Canada 3 hrs
• HIST 109 - World History to 1500 3 hrs
• HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
• HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
• HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
• * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
• PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
  or
• PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 15 hours

• One elective from any of the four RX disciplines at any level (consult a social studies adviser) (3 hrs)
• Four courses of restricted electives in political science to be chosen in consultation with a political science adviser.

Political Science Minor: 9 hours

• PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
Two courses from the following:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs

Multicultural/International Elective: 3 hours

- Geography Minors: Select one course from the economics, history or political sciences courses below:
- History Minors: Select one course from the economics, geography or political sciences courses below:
- Political Science Minors: Select one course from the economics, history or geography courses below:
- ECON 321 - Minority Workers in the Labor Market 3 hrs
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs
- ECON 328 - Economics of Women 3 hrs
- ECON 332 - Urban Economics 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 317 - History and Geography of Spanish America 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs
- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 304 - Early Judaism 3 hrs
- HIST 305 - Native American History 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- HIST 315 - History of Black Americans 3 hrs
- HIST 319 - The Civil Rights Movement in the United States 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- HIST 339 - Arab-Israeli Conflict 3 hrs
- HIST 341 - The Middle East, 1798 to the Present 3 hrs
- HIST 342 - North Africa, 1798 to the Present 3 hrs
- HIST 347 - Sub-Saharan Africa to 1885 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs
- HIST 355 - Latin America: Colonial Period 3 hrs
- HIST 356 - Latin America: National Period 3 hrs
- HIST 375 - Modern India 3 hrs
- HIST 352 - East Asia to 1800 3 hrs
- HIST 442 - Modern China 3 hrs
- HIST 443 - Modern Japan 3 hrs
- HIST 457 - History of Mexico 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 311 - Politics of the Developing World 3 hrs
• PLSC 341 - International Law 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 365 - Women and Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
• PLSC 371 - Middle East Politics 3 hrs
• PLSC 372 - African Politics 3 hrs
• PLSC 374 - Asian Politics 3 hrs
• PLSC 467 - Advanced International Relations 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 12 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** This course must be taken with or after CURR 305.

• * CURR 305 - Curriculum and Methods: Secondary 3 hrs
• ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
• * PRCT 305 - Practicum I: Secondary 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs
Phase II: Content and Methods and Teaching: 12 hours

*Prerequisite: Completion of Phase I is required.*

* These two courses must be taken together.
  - EDMT 330 - Instructional Applications of Media and Technology 3 hrs
  - HIST 481 - The Teaching of Social Studies 3 hrs
  - * PRCT 311 - Practicum II: Secondary 3 hrs
  - * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 9 hours

*Prerequisite: Completion of Phase II and 100 pre-student teaching hours required.*

  - EDUC 492 - Student Teaching 9 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

* HIST 300W is a required writing intensive course.

** For a current list of classes that count for each area, consult the History Section website or a History undergraduate adviser.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

  - Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

  - Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Simulation, Animation and Gaming Major

School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Required Courses: 54 hours

- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- CMT 131 - Introduction to Computer Graphic Systems 3 hrs
- CMT 205 - Digital Photo-Technology 3 hrs
- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 215 - Scientific Simulation 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 486 - Organizational Change and Team Building 3 hrs
- SAG 105 - Introduction to Simulation, Animation and Gaming 3 hrs
- SAG 175 - Graphics for Simulation I 3 hrs
- SAG 225 - Graphics for Simulation II 3 hrs
- SAG 235 - Flash I 3 hrs
- SAG 245 - Story Development 3 hrs
- SAG 285 - Studio I Simulation 3 hrs
- SAG 275 - Texturing and Mapping 3 hrs
- SAG 305 - Environment Design 3 hrs
- SAG 355 - Lighting and Camera Techniques 3 hrs
- SAG 375 - Studio II 3 hrs
- SAG 470 - Simulation and Animation Dynamics 3 hrs
- STS 300W - Research and Writing: The Technology Career Perspective (Gen Ed Area I, W) 3 hrs

Select from either Cognate A or Cognate B:

Cognate A: 18 hours

This cognate allows students to continue in the graphic and design aspect of simulation, animation and gaming.

Required Courses: 15 hours

- SAG 275 - Texturing and Mapping 3 hrs
- SAG 305 - Environment Design 3 hrs
- SAG 355 - Lighting and Camera Techniques 3 hrs
- SAG 375 - Studio II 3 hrs
- SAG 470 - Simulation and Animation Dynamics 3 hrs

Capstone Experience: 3 hours

- COSC 485 - Senior Projects in SAG 3 hrs

or
• SAG 485 - Senior Projects in SAG 3 hrs

Cognate B: 23 hours

This cognate allows the students to pursue their final two years in the Computer Science Department, learning the programming languages needed to succeed in the SAG profession. The courses in this cognate utilize existing courses within the department.

• COSC 221 - Computer Organization I 3 hrs
• COSC 311 - Algorithms and Data Structures 3 hrs
• COSC 456 - Computer Graphics 3 hrs
• COSC 457 - Computer Game Programming 3 hrs
• COSC 461 - Heuristic Programming 3 hrs
• COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs
• COSC 486 - Cooperative Education in Computer Science 1 hrs
• MATH 205 - Mathematical Structures for Computer Science 4 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. University Information: Consult the online catalog at catalog.emich.edu.

Social Studies Major

The Social Studies program, formerly called Social Science, serves students who intend to declare a major in Social Studies for Secondary Teaching. This major may also be elected by students seeking an interdisciplinary course of study in the social sciences.

History and Philosophy Department Information:

Department Head: Kate Mehuron
Department Contact: kmehuron@emich.edu
Web site: http://www.emich.edu/historyphilosophy/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Robert Duke
Email: rduke@emich.edu

Program Advisor: Richard Nation
Email: rnation@emich.edu

Phone Number for Advisors: 487-1018

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 36 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
  
  OR
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Minor in Economics, Geography, History or Political Science: 20-24 Hours

Substitute Classes

*Because some of the required classes in the major can also be counted towards the minor, students will be required to take anywhere from one to four substitute classes for the major. Additional substitute courses, if needed, can be taken in any of the four disciplines, at any level.*

*One of the classes must be taken from the following list:*

Economics:
- ECON 321 - Minority Workers in the Labor Market 3 hrs
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs
- ECON 328 - Economics of Women 3 hrs
- ECON 332 - Urban Economics 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Geography:

- GEOG 235 - Economic Geography 3 hrs
- GEOG 317 - History and Geography of Spanish America 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

History:

- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 304 - Early Judaism 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- HIST 310 - France since 1789 3 hrs
- HIST 315 - History of Black Americans 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 335 - History of Women in Europe 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
• HIST 339 - Arab-Israeli Conflict 3 hrs
• HIST 341 - The Middle East, 1798 to the Present 3 hrs
• HIST 342 - North Africa, 1798 to the Present 3 hrs
• HIST 347 - Sub-Saharan Africa to 1885 3 hrs
• HIST 348 - 20th-Century Africa 3 hrs
• HIST 349 - South Africa, 1500-Present 3 hrs
• HIST 355 - Latin America: Colonial Period 3 hrs
• HIST 356 - Latin America: National Period 3 hrs
• HIST 375 - Modern India 3 hrs
• HIST 352 - East Asia to 1800 3 hrs
• HIST 442 - Modern China 3 hrs
• HIST 443 - Modern Japan 3 hrs
• HIST 444 - China and its Nomadic Neighbors 3 hrs
• HIST 457 - History of Mexico 3 hrs

Political Science:

• PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
• PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
• PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 311 - Politics of the Developing World 3 hrs
• PLSC 330 - Urban Politics 3 hrs
• PLSC 341 - International Law 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 365 - Women and Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Students who declared a Social Science major before Fall 2008 have until 2014 to complete their degrees under the old requirements, or they may elect to complete the new requirements.

*History advisers may substitute for HIST 300W Writing Intensive research methods courses from other programs or institutions as they judge reasonable.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. Please note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Sociology Major

Sociologists are uniquely poised to contribute to a variety of productive activities in an increasingly diverse and socially and technologically complex workplace. The Sociology Program at EMU offers both major and minor degree programs in general and applied Sociology. The sociology curriculum offers a broad education that emphasizes the social and cultural basis of human lived experiences, interactions, and motivation, along with the development of flexible analytical reasoning skills and tools for data management and analysis. This major prepares students for work within non-profit, governmental, and social service agencies, as well as within medicine, law, and business.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Web site: http://www.emich.edu/sac/

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Required Courses: 18 hours

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- SOCL 304 - Methods in Sociological Research 3 hrs
- SOCL 308 - Social Psychology 3 hrs
- SOCL 403 - Modern Sociological Theory 3 hrs
• SOCL 405 - Senior Seminar in Sociology 3 hrs

One option from the following:

Option I: General Sociology: 15 hours

Required Courses: 3 hours

• ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs

Restricted Elective Courses: 6 hours

Two courses from the following:

• ANTH 336 - Social and Cultural Change 3 hrs
• SOCL 307 - Sociology of the Workplace 3 hrs
• SOCL 310 - Social Stratification 3 hrs
• SOCL 311W - Social Gerontology (Gen Ed Area I, W) 3 hrs
• SOCL 312 - Medical Sociology 3 hrs
• SOCL 336 - Social and Cultural Change 3 hrs

Elective Courses: 6 hours

Choose from courses in sociology, anthropology, criminology. Must be at the 300-level or above.

Option II: Applied Sociology: 15 hours

Required Courses: 9 hours

• SOCL 230 - Introduction to Applied Sociology 3 hrs
• SOCL 310 - Social Stratification 3 hrs
• SOCL 489 - Internship in Sociology 3 hrs

Restricted Electives: 6 hours

Students must take two courses from one of the following four areas:

Family/Health/Aging Concentration:
- SOCL 303 - Sociology of Childhood and Youth 3 hrs
- SOCL 311W - Social Gerontology (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs
- SOCL 450 - The Family 3 hrs

Public/Private Sector Concentration:
- SOCL 306 - The Urban Community 3 hrs
- SOCL 307 - Sociology of the Workplace 3 hrs
- SOCL 321 - Cooperation and Conflict in Society 3 hrs
- SOCL 334 - Population 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

Deviance Concentration:
- CRM 301 - Criminology 3 hrs
- CRM 337 - Deviance and Society 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 412 - Law and Society 3 hrs
- SOCL 333 - Violence and Society 3 hrs

Media/Technology Concentration:
- CMT 425 - Communication Technology and Social Change 3 hrs
- SOCL 440 - Sociology of Technology 3 hrs
- STS 495 - Technology, Values, and the Future 3 hrs

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Special Education Major K-12 Cognitive Impairment Endorsement - Elementary**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Cognitive Impairment. This program of study meets all requirements of the
Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #056, “Cognitive Impairment.” Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083.

Special Education Department Information:

Department Head: Phil Smith
Department Contact: psmith16@emich.edu
Web site: http://www.emich.edu/coe/sped/

Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: Ann Orr
Email: aorr@emich.edu
Phone: 734.487.3300

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 42 hours

* PHED 257 and SPGN 491 are considered to be major requirements although they are listed as part of the professional sequence.

K-12 Special Education Core: 23 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teachers of Students with Cognitive Impairment Endorsement: 19 hours

- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPCI 429 - Education for Teachers of Individuals with Mild Cognitive Impairment in Inclusive Settings 4 hrs
- * SPCI 483 - Education of Students in Programs for Moderate or Severe Cognitive Impairment 4 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Liberal Arts Major Requirements - Special Education: 42 hours

** Error in Catalog: HIST 313, and either ENGL 307 or RDNG 240 were incorrectly listed as required courses for the Liberal Arts Major Requirements. This are not required courses for students seeking Special Education endorsements. See corrected Liberal Arts Major Requirements - Special Education list below.

✧ Twelve of the required courses can fulfill General Education requirements

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children’s Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ✧ DANC 220 - Dance for the Elementary School Teacher 3 hrs
Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

*Prerequisite: Sophomore standing or higher.*

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

*Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.*

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:
**Error in Catalog:** PRCT 304 was incorrectly listed as a required course for the Professional Sequence - Phase I requirements. Instead, students must take one of the following courses:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

**Phase II: Content and Methods and Teaching: 15 hours**

*Prerequisite: Completion of Phase I is required.*

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

**Phase III: Capstone Experience: 4 or 16 hours**

*Prerequisite: Completion of Phase II is required.*

**Error in Catalog:** This course is not required for students taking the Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary.

- EDUC 499 - Student Teaching 4 hrs
- **SPGN 491 - Special Education Student Teaching and Seminar 12 hrs**

**Minor Requirements:**

This program does not require a minor.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**
*Admission to the Initial Teacher Preparation Program required.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of **physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level
(equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Special Education Major K-12 Cognitive Impairment Endorsement - Secondary**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Cognitive Impairment, certification code SA and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #056, "Cognitive Impairment.” Students are required to regularly meet with their program area faculty adviser to expedite their program of study.
Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Admission to the Initial Teacher Preparation Program required.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Emotional Impairment Endorsement - Elementary

The Special Education Emotional Impairment Major combines either an Elementary Education Major or a Secondary Education Major and a specialized Special Education K-12 Endorsement. For ease determining exact major requirements, we have broken apart the Special Education Endorsement requirements from the Elementary/Secondary Education requirements. To determine total requirements for this program you will combine these endorsement requirements with your Elementary or Secondary Education Major requirements.

Phone Number for Advisors: 487-3300

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
K-12 Special Education Core: 24 hours

*These courses require formal admission to the Initial Teacher Preparation Program.

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Emotional Impairment Endorsement: 19 hours

*These courses require admission to the Initial Teacher Preparation Program.

- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPEI 301 - Children and Adolescents with Emotional Impairment 4 hrs
- * SPEI 401L - Programming, Methods and Curriculum for Elementary Students with Emotion Impairment (Gen Ed Area V LBC) 4 hrs
- * SPEI 449 - Beyond Behavior 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Liberal Arts Major Requirements - Special Education: 42 hours

** Error in Catalog: HIST 313, and either ENGL 307 or RDNG 240 were incorrectly listed as required courses for the Liberal Arts Major Requirements. This are not required courses for students seeking Special Education endorsements. See corrected Liberal Arts Major Requirements - Special Education list
Twelve of the required courses can fulfill General Education requirements.

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
• PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

• CURR 304 - Curriculum and Methods: Elementary 3 hrs
• GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
• RDNG 300 - Early Literacy 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

** Error in Catalog: PRCT 304 was incorrectly listed as a required course for the Professional Sequence - Phase I requirements. Instead, students must take one of the following courses:

• PRCT 304 - Practicum I: Elementary 3 hrs
• SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
• SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
• SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

• BIOT 303 - Life Science for Elementary Teachers 3 hrs
• CTAR 300 - Integrated Arts 3 hrs
• MATH 381 - Teaching Mathematics in Elementary School 3 hrs
• PRCT 310 - Practicum II: Elementary 3 hrs
• RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 4 or 16 hours

Prerequisite: Completion of Phase II is required.
** Error in Catalog: This course is not required for students taking the Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary.

- EDUC 499 - Student Teaching 4 hrs
- ** SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Hearing Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Hearing Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #062, “Hearing Impairment.” Students select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083.

Registration for the first course in the hearing impaired sequence (SPHI 228) is by permission only. If there is greater demand for enrollment than availability of places in the class, program faculty will determine who receives permission. Grade point average will be the primary criterion. It is essential to see an adviser in the hearing impairment program in order to begin the program sequence.

All students are considered provisional majors until such time as they successfully complete SPHI 391.

The basic philosophy of the program is oral communication; however, students are exposed to manual communication during their course of study.

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Certification for Teachers of the Hearing Impaired
The Council on Education of the Deaf issues certificates to individuals who satisfactorily complete training programs at approved teacher preparation centers. Eastern Michigan University has been an approved center for training teachers of the hearing impaired since 1967.

- EDUC 499 - Student Teaching 4 hrs
- **SPGN 491 - Special Education Student Teaching and Seminar 12 hrs**

**Minor Requirements:**

This program does not require a minor.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

*Admission to the Initial Teacher Preparation Program required.*

**Critical Graduation Information:**
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Special Education Major K-12 Hearing Impairment Endorsement - Secondary**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Hearing Impairment, certification code SL and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #062, “Hearing Impaired.” Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor.
Registration for the first course in the hearing impaired sequence (SPHI 228) is by permission only. If there is greater demand for enrollment than availability of places in the class, program faculty will determine who receives permission. Grade point average will be the primary criterion. It is essential to see an adviser in the hearing impairment program in order to begin the program sequence.

All students are considered provisional majors until such time as they successfully complete SPHI 391.

The basic philosophy of the program is oral communication; however, students are exposed to manual communication during their course of study.

**Certification for Teachers of the Hearing Impaired**
The Council on Education of the Deaf issues certificates to individuals who satisfactorily complete training programs at approved teacher preparation centers. Eastern Michigan University has been an approved center for training teachers of the hearing impaired since 1967.

Phone: 734.487.3300

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 55 hours**

* SPGN 491 is considered a major requirement although it is listed in the professional sequence.

**K-12 Special Education Core: 25 hours**

- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

**Hearing Impairment Endorsement: 30 hours**

- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- SPHI 228 - Education of Students with Hearing Impairment 3 hrs
- SPHI 375 - Fundamentals of Sign Communication 2 hrs
- SPHI 387 - Introductory Practicum — Students with Hearing Impairment 1 hr
- * SPHI 391 - Language for Students with Hearing Impairment 3 hrs
- SPHI 392 - Introduction to Audiology 3 hrs
- * SPHI 394 - Aural Habilitation Rehabilitation 3 hrs
- SPHI 435 - Phonetics and Hearing Impairment 3 hrs
- * SPHI 436 - Speech Methods for Students with Hearing Impairment 3 hrs
- * SPHI 437 - Adaptive Curriculum for Students with Hearing Impairment 3 hrs
- * SPHI 487 - Speech Practicum — Students with Hearing Impairment 1 hr

**Professional Secondary Education Sequence - Special Education**

**Pre-Admission Phase: The Learner and the Community: 4 hours**
Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs
- CURR 305 - Curriculum and Methods: Secondary 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 4 or 16 hours

Prerequisite: Completion of Phase II is required.

** Error in Catalog: This course is not required for students taking the Special Education Major K-12 Speech/Language Pathology Endorsement - Secondary.

- EDUC 499 - Student Teaching 4 hrs
- ** SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 1/2011

Note:
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level
(equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Special Education Major K-12 Physical and Other Health Impairment Endorsement - Elementary**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Physical Impairment and Students with Other Health Impairment (SC). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #058, “Physically or otherwise Health Impaired.” Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083.
Special Education Department Information:

Department Head: Phil Smith
Department Contact: psmith16@emich.edu
Web site: http://www.emich.edu/coe/sped/

Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: Ann Orr
Email: aorr@emich.edu
Phone: 734.487.3300

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 47-49 hours

* PHED 257 and SPGN 491 are considered major requirements although they are listed in the professional sequence.

K-12 Special Education Core: 26 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
• **SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs**

Teacher of Students with Physical and Other Health Impairment Endorsement: 21-23 hours

• An approved course in Human Anatomy and Physiology (4-5 hrs)
• An approved course in Human Disease Process (3-4 hrs)
• SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
• **SPLI 468 - Education of Children with Learning Disabilities 2 hrs**
• SPPI 240 - Preclinical Experiences — POHI 3 hrs
• **SPPI 412 - Ancillary Services and Health Procedures for Teachers of Physically Impaired 2 hrs**
• **SPPI 414 - Educational Strategies for Teachers of the Physically Impaired 4 hrs**

Liberal Arts Major Requirements - Special Education: 42 hours

**Error in Catalog:** HIST 313, and either ENGL 307 or RDNG 240 were incorrectly listed as required courses for the Liberal Arts Major Requirements. This are not required courses for students seeking Special Education endorsements. See corrected Liberal Arts Major Requirements - Special Education list below.

✧ Twelve of the required courses can fulfill General Education requirements

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

• ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
• ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
• ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
• ✧ CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
• ✧ DANC 220 - Dance for the Elementary School Teacher 3 hrs
• ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
• ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

** Error in Catalog: PRCT 304 was incorrectly listed as a required course for the Professional Sequence - Phase I requirements. Instead, students must take one of the following courses:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

**Phase II: Content and Methods and Teaching: 15 hours**

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

**Phase III: Capstone Experience: 4 or 16 hours**

Prerequisite: Completion of Phase II is required.

**Error in Catalog:** This course is not required for students taking the Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary.

- EDUC 499 - Student Teaching 4 hrs
- ** SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

**Minor Requirements:**

This program does not require a minor.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

* Admission to the Initial Teacher Preparation Program required.
Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• ** SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Admission to the Initial Teacher Preparation Program required.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary

The professional entry-level credential in speech-language pathology is the master’s degree in the field.

Successful completion of this course of study, in the context of other program requirements, with respect to K-12 teacher licensure, satisfies the undergraduate portion of the requirements for the professional entry-level credential at the master’s degree level. This program leads toward, but does not satisfy, the requirements for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Speech and Language Impairment, certification code SB, and Michigan Provisional Elementary Teaching Certificate. This program of study meets all requirements of the Council for Exceptional Children and of the American Speech-Language-Hearing Association. The Michigan Test for Teacher Certification (MTTC) covering this field are Elementary Certification tests #103 and #104 and MTTC #057, “Speech and Language Impairment. Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Certificate in Speech Pathology
The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan University prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Note: Students must have and maintain a 3.0 GPA in order to be admitted into and take SPSI courses.

Liberal Arts Major Requirements - Special Education: 42 hours

** Error in Catalog: HIST 313, and either ENGL 307 or RDNG 240 were incorrectly listed as required courses for the Liberal Arts Major Requirements. This are not required courses for students seeking Special Education endorsements. See corrected Liberal Arts Major Requirements - Special Education list below.

✧ Twelve of the required courses can fulfill General Education requirements

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

• ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
• ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
• ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
• ✧ CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
• DANC 220 - Dance for the Elementary School Teacher 3 hrs
• ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
• ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
• ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
• ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
• MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs

• ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs

• ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs

• ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs

• ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

• EDPS 325 - Life Span Human Growth and Development 4 hrs

• HLED 320 - Health Education in the Elementary Grades 2 hrs

• PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

• CURR 304 - Curriculum and Methods: Elementary 3 hrs

• GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs

• RDNG 300 - Early Literacy 3 hrs

• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

** Error in Catalog: PRCT 304 was incorrectly listed as a required course for the Professional Sequence - Phase I requirements. Instead, students must take one of the following courses:

• PRCT 304 - Practicum I: Elementary 3 hrs

• SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs

• SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
• SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

• BIOT 303 - Life Science for Elementary Teachers 3 hrs
• CTAR 300 - Integrated Arts 3 hrs
• MATH 381 - Teaching Mathematics in Elementary School 3 hrs
• PRCT 310 - Practicum II: Elementary 3 hrs
• RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 4 or 16 hours

Prerequisite: Completion of Phase II is required.

** Error in Catalog: This course is not required for students taking the Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary.

• EDUC 499 - Student Teaching 4 hrs
• ** SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Admission to the Initial Teacher Preparation Program required.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)
General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Speech/Language Pathology Endorsement - Secondary

The professional entry-level credential in speech-language pathology is the master’s degree in the field.

Successful completion of this course of study, in the context of other program requirements, with respect to K-12 teacher licensure, satisfies the undergraduate portion of the requirements for the professional entry-level credential at the master’s degree level. This program leads toward, but does not satisfy, the requirements for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Speech and Language Impairment. This program of study meets all requirements of the Council for Exceptional Children and of the American Speech-Language-Hearing Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #057, “Speech and Language Impairment.”

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor.

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.
Certificate in Speech Pathology
The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Note:

Students must have a 3.0 GPA in order to be admitted into SPSI courses.

Special Education Major K-12 Visual Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 as a Teacher of Students with Visual Impairment (SK). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #061, “Visual Impairment.” Students may select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083. Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

- * SPVI 469 - Technology for Persons with Visual Impairment 2 hrs

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs
- CURR 305 - Curriculum and Methods: Secondary 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 4 or 16 hours

Prerequisite: Completion of Phase II is required.
** Error in Catalog: This course is not required for students taking the Special Education Major K-12 Speech/Language Pathology Endorsement - Secondary.

- EDUC 499 - Student Teaching 4 hrs
- ** SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 1/2011

Note:

* Admission to the Initial Teacher Preparation Program required.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Speech/Language Pathology Major - Health Care Track

The professional entry-level credential in speech-language pathology is the master’s degree in the field.

Certificate in Speech Pathology
The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan University prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Note: Students must have and maintain a 3.0 GPA in order to be admitted into and take SPSI courses.

Sport Management Major

Admission

Students who are interested in the sport management major will be listed as "pre-sport management" and will be considered for candidacy to "sport management" when the following criteria are met:

1. Declare intent to major in sport management with the Academic Advising Center in Pierce Hall and the School of Health Promotion and Human Performance.

2. Achieve an overall GPA at Eastern Michigan University of 2.5 (transfer GPA evaluated separately) after the sophomore year.
When a "pre-sport management" student has successfully achieved the above, he or she must complete the candidacy application, including the application form, one professional letter of recommendation, and a biographical sketch and turn this in to the assigned department advisor. Once accepted into candidacy, the student must maintain a minimum 2.5 GPA. The student will not be allowed to complete the Fieldwork experience any semester the overall average falls below 2.5. In addition, a grade of B- or better must be attained in the following courses: SMGT 255, SMGT 375, SMGT 445.

School of Health Promotion and Human Performance Information:

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Therapeutic Recreation Major**

The therapeutic recreation curriculum leads to a bachelor of science degree in therapeutic recreation. Graduates from this program may apply for national certification as certified therapeutic recreation specialists.

This curriculum consists of a minimum of 48 hours of general education and a minimum of 63 credit hours of therapeutic recreation required courses. The therapeutic recreation student must complete 250 hours of clinical and/or paid therapeutic recreation experience before taking a full time 15-week, 600-hour practicum. The student must also file for candidate status one semester prior to enrolling in the practicum. No outside minor is required.

Students planning admission to the therapeutic recreation major must officially enroll in the program at the Academic Advising Center and complete an application for program admission at 363 Marshall. Criteria for admission into the therapeutic recreation major are:
1. Application for program admission;
2. Interview with the therapeutic recreation faculty.

Criteria for entry into THRC 449 - Therapeutic Recreation Practicum are:

1. Minimum of 2.5 GPA overall and 2.75 GPA in all major core and required courses;
2. Completion of 250 hours of verified volunteer or paid work experience in four or more therapeutic recreation service agencies serving people with disabilities;
3. Completion of all academic courses.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 63-64 hours

- AHPR 200 - Medical Terminology 1 hr
- COUN 450 - An Introduction: Counseling Concepts and Skills 3 hrs
- HLAD 305 - The U.S. Health Care System 3 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- THRC 100 - Orientation to Therapeutic Recreation 3 hrs
- THRC 200 - Recreation for Persons with Disabilities 3 hrs
- THRC 250 - Fieldwork in Recreation Therapeutic Recreation 1 hr
- THRC 251 - Fieldwork in Recreation Therapeutic Recreation 1 hr
- THRC 252 - Fieldwork in Recreation Therapeutic Recreation 1 hr
- THRC 290 - Quality Improvement: Research Methods in Health Care 3 hrs
- THRC 300 - Principles of Therapeutic Recreation 3 hrs
- THRC 320 - Leisure Education 3 hrs
- THRC 340 - Therapeutic Recreation Processes I 3 hrs
- THRC 360 - Therapeutic Recreation Program Planning 3 hrs
- THRC 400 - Therapeutic Recreation Process II 3 hrs
- THRC 430W - Issues in Therapeutic Recreation (Gen Ed Area I, W) 3 hrs
- THRC 449 - Therapeutic Recreation Practicum 8 hrs

Choose one from the following:

- THRC 180 - Activity Analysis and Adaption 2 hrs
- THRC 481 - Adapted Aquatics 2 hrs

Choose one from the following:

- THRC 310 - Leisure and Aging 3 hrs
- THRC 330 - Therapeutic Recreation: Substance Abuse 3 hrs

Choose one from the following:

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- IHHS 260 - Aging to Infancy: A Life Course Retrospective 3 hrs

Elective Courses: 10-12 hours

Students may choose ten to twelve credit hours of electives in consultation with an adviser.

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; *courses taken at community colleges cannot be used to meet this requirement.* (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Urban and Regional Planning Major**

This interdisciplinary major studies the current situation in urban and regional planning, including land use, zoning, problems of urban growth and local decision-making. The program is designed to prepare students for positions in public planning agencies, private planning firms or other positions where planning skills are needed and relevant. Courses provide necessary skills to develop zoning ordinances,
analyze site plans, critique general development plans, administer local planning regulations as well as prepare and review grant applications, environmental impact statements and policy planning programs.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook  
Department Contact: rsambroo@emich.edu  
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 36 hours

Required Courses: 30 hours

- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs
- GPLN 216 - Readings in Urban Planning 2 hrs
- GPLN 276 - Principles of Geographic Information Systems 3 hrs
- GPLN 306 - Comprehensive Planning and Zoning 3 hrs
- GPLN 401 - Planning/Preservation Graphics 3 hrs
- GPLN 410L - Site Planning Studio (Gen Ed Area V LBC) 4 hrs
- GPLN 415W - Methods of Planning Analysis (Gen Ed Area I, W) 3 hrs
- GPLN 435 - History of Urban Form and Function 3 hrs
- GPLN 495 - Environmental Assessment and Planning 3 hrs
- PLSC 270 - Public Administration 3 hrs

Restricted Elective Courses: 6 hours

Six hours from the following selected in consultation with the advising coordinator:

- ESSC 303 - Field Geography 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 376 - Geographic Information Systems Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GEOG 476 - Advanced Geographic Information Systems 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GPLN 387 - Cooperative Education 3 hrs
- GPLN 409 - Professional Practice for Planners 2 hrs
- GPLN 487 - Cooperative Education 3 hrs
- GPLN 488 - Internship 4 hrs
- GPLN 489 - Internship 5 hrs
- GPLN 490 - Internship 6 hrs
- GPLN 497 - Independent Study 1 hrs
- GPLN 498 - Independent Study 2 hrs
- GPLN 499 - Independent Study 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Minor Requirements: 20 hours

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

**University Information:** Consult the online catalog at catalog.emich.edu.

**Women's and Gender Studies Major**

The Women’s and Gender Studies Program offers an interdisciplinary academic major and minor to provide intellectual perspective and life-enriching skills for women and men. Professors have designed technology, politics and health courses that document the contributions of women to history, literature, science, education, family and work in a cultural context. Insights into the psychology of women, the impact of women on social structures and how women influence contemporary society will be valuable to students in their personal and professional lives.

Individual courses in the Women’s and Gender Studies Program can be taken as electives to enrich any major.

**Women's and Gender Studies Department Information:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Core Courses: 9 hours

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
  or
- WGST 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs

- WGST 200 - Introduction to Women's Studies (Gen Ed Area III) 3 hrs
- WGST 400 - Capstone Seminar 3 hrs

(substitute course as approved by adviser)

Restricted Elective Courses: 12 hours

*Three hours from each of the following four groups:*

I. Arts and Humanities

- CASI 240 - Reel Women/Real Women 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 415 - Sexual Communities in American History 3 hrs
II. Social and Physical Sciences

- AAS 243 - Black Women: Politics and Racism 3 hrs
- AAS 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 208 - Minority Women in the United States 3 hrs
- BIO 269 - Biology of Sex and Gender 3 hrs
- CRM 338 - Women, Crime and Justice 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- ECON 328 - Economics of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PSY 242 - Psychology of Women 3 hrs
- SOCL 208 - Minority Women in the United States 3 hrs
- SOCL 338 - Women, Crime and Justice 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- STS 420 - Women and Technology 3 hrs
- WGST 208 - Minority Women in the United States 3 hrs
• WGST 242 - Psychology of Women 3 hrs
• WGST 243 - Black Women: Politics and Racism 3 hrs
• WGST 260 - Gender Communication (Gen Ed Area III) 3 hrs
• WGST 369 - Biology of Sex and Gender 3 hrs
• WGST 328 - Economics of Women 3 hrs
• WGST 338 - Women, Crime and Justice 3 hrs
• WGST 344 - Sociology of Gender 3 hrs
• WGST 362 - Black Women: Religion and Sexism 3 hrs
• WGST 365 - Women and Politics 3 hrs
• WGST 420 - Women and Technology 3 hrs

III. Multicultural and Cross-Cultural Studies

• AAS 243 - Black Women: Politics and Racism 3 hrs
• AAS 361 - The African American Family 3 hrs
• AAS 362 - Black Women: Religion and Sexism 3 hrs
• ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• ANTH 355 - Anthropology of Women 3 hrs
• CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
• ECON 321 - Minority Workers in the Labor Market 3 hrs
• PLSC 243 - Black Women: Politics and Racism 3 hrs
• PLSC 362 - Black Women: Religion and Sexism 3 hrs
• PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
• SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• WGST 243 - Black Women: Politics and Racism 3 hrs
• WGST 355 - Anthropology of Women 3 hrs
• WGST 362 - Black Women: Religion and Sexism 3 hrs
IV. Practice and Policy

- BMMT 205 - Women in Business 3 hours
- COUN 450 - An Introduction: Counseling Concepts and Skills 3 hrs
- HLED 130 - Healthy Sexuality 3 hrs
- HLED 399 - Teaching about AIDS 1 hr
- HLED 460 - Concepts in Sexuality Education 3 hrs
- LEGL 313 - Family Law 3 hrs
- PHED 405 - Women in Sports 3 hrs
- PSY 240 - Psychology of Sex Part I 3 hrs
- PSY 460 - Psychology of Film 3 hrs
- SOCL 450 - The Family 3 hrs
- SWRK 413 - Women and Aging 3 hrs
- SWRK 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 205 - Women in Business 3 hrs
- WGST 387 - Cooperative Education in Women’s Studies 3 hrs
- WGST 405 - Women in Sports 3 hrs
- WGST 413 - Women and Aging 3 hrs
- WGST 418 - Women and the Law 3 hrs
- WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 487 - Cooperative Education in Women’s Studies 3 hrs

Elective Courses: 9 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*Special topics courses (WGST279/378/379/478/479) and independent study (WGST497/498/499) offerings may be substituted for either restricted or other electives with department permission.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Bachelor of Business Administration

Accounting Information Systems Major
Accounting information systems is a four-year program designed to provide a bachelor’s degree with a concentration in accounting and computer information systems. The program combines the course work required for a degree in accounting with several computer information systems courses.

Eastern Michigan University is one of only a few universities in the country offering this unique degree. Accounting information systems majors who obtain this degree are well prepared for careers in a dynamic and ever-changing environment, where knowledge of both accounting and computer information systems is mandatory. Possible career choices include computer systems design, computer assurance services, computer security analysis, internal auditing, public accounting, nonprofit accounting and strategic managerial accounting.

Upon graduation, accounting information systems majors who plan to become certified public accountants, certified management accountants, certified internal auditors or certified information systems auditors will qualify to sit for national certification examinations. In Michigan, CPA candidates qualify to sit for the exam upon graduation, but they need 150 hours of education for licensure in Michigan. However, many states require CPA candidates to have earned 150 hours of credit, or possibly a master’s degree, before sitting for the exam. Be sure you know the requirements for your state.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation, must be completed.

• IS 247 - Introduction to Web Application Development 3 hrs
• IS 315 - Object-Oriented Application Development 3 hrs
• IS 320 - Business Data Communications and Information Security 3 hrs

One course from the following:

Choose one course from the following, however permission is need to take IS380.

• ACC 510 - Contemporary Accounting Information Systems 3 hrs
• IS 380 - Introduction to Databases 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

*All 300-level core courses listed above must be completed before enrollment in MGMT490 Business Policy.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Accounting Major**

Students majoring in accounting develop competencies necessary for professional careers in:

**Controllership and Financial Management in Industry**, which may lead to careers as Certified Management Accountants (CMA). Managerial accountants perform tasks within a business, such as strategic cost management, performance measurement,
budget analysis and internal and operational auditing. The strategic managerial accountant generates and interprets operating and financial data that help management make decisions.

**Internal Auditing**, which may lead to careers as Certified Internal Auditors (CIA). Internal auditors are engaged within large corporations to provide independent objective assurance and consulting activities designed to add value and improve an organization’s operations.

**Public and Nonprofit Sector Accounting**, which may lead to careers as Certified Government Financial Managers (CGFM). Government accountants work in federal, state and local governmental entities to provide information and accountability to taxpayers and other resource providers. Accountants in nonprofit organizations provide similar information to donors, grantors and other resource providers.

Through an optional internship program, students with good academic records have an opportunity to work in public accounting or industry. These paid (at market wages) internships provide education, exposure to professionals and opportunities to network.

Upon graduation, accounting majors who plan to become Certified Public Accountants (CPA), Certified Management Accountants (CMA) or Certified Internal Auditors (CIA) will qualify to sit for national certification examinations. In Michigan, CPA candidates qualify to sit for the exam upon graduation, but they need 150 hours of education for licensure. However, many states require CPA candidates to have earned 150 hours of credit, or possibly a master’s degree, before sitting for the exam. Be sure you know the requirements for your state.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation, must be completed.

**Accounting and Finance Department Information:**

Phone Number for Advisors: 487-2344

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**College of Business Pre-Admission Requirements: 56 Credit Hours**
Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University’s General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- MGMT 202 - Business Communication 3 hrs
- IS 215 - End-User Computing 3 hrs
- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- DS 265 - Business Statistics I 3 hrs

**Major Requirements: 60 hours**

**Business Core Courses: 36 hours**

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 490 - Business Policy 3 hrs **
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

**Discipline: 24 hours**

**Required Courses: 18 hours**

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs

**Restricted Elective Courses: 6 hours**

*Two courses from the following:*

- ACC 442 - Advanced Cost Accounting 3 hrs
- ACC 450 - Internal Auditing 3 hrs
- ACC 475 - International Accounting 3 hrs
- ACC 479 - Special Topics 3 hrs
- ACC 491 - Accounting Honors Thesis 3 hrs
- ACC 499 - Directed Studies 3 hrs
- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- ACC 511 - Accounting for E-Commerce 3 hrs
- ACC 540 - Corporate Financial Reporting 3 hrs
- ACC 541 - Advanced Financial Accounting 3 hrs
- ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
• ACC 560 - Fraud Examination 3 hrs
• ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
• ACC 585 - Business Tax Planning 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must complete a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

*Students who intend to sit for the CPA examination in Michigan must elect ACC546 Public and Nonprofit Sector Accounting and should consider the MSA graduate program as ACC540, AC546 and ACC567 should be taken at a minimum, in order to sit for the CPA exam.

**FIN350, MGMT386 and MKTG360 must be completed before enrollment in MGMT490 Business Policy.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Computer Information Systems Major

The CIS program provides a learning environment where the students design, develop and deploy a wide range of integrated, end-to-end business applications and services in order to enable the small, medium and large organizations become more connected with customers, employees, partners and suppliers. Students learn about interoperability and explore road maps with products and technologies such as instant messaging, live communications, workflows and portals. Students also learn how to integrate the organizations’ applications and processes, how to perform business-to-business communications and how to develop comprehensive and reliable e-business solutions.

- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
**University Information:** Consult the online catalog at catalog.emich.edu.

**Finance Major**

Finance majors acquire the knowledge and skills to analyze financial data and use financial concepts to value financial and real assets, and to help individuals and companies make decisions about allocating scarce resources. Students can develop their expertise in a variety of areas including corporate finance, banking, investments and international finance.

The general requirements for the bachelor of business administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 hours must be completed for graduation.

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**College of Business Pre-Admission Requirements: 56 Credit Hours**

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University’s General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- **ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I)** 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- MGMT 202 - Business Communication 3 hrs
- IS 215 - End-User Computing 3 hrs
- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- DS 265 - Business Statistics I 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours
Required Courses: 12 hours

- FIN 354 - Investments 3 hrs
- FIN 357 - Financial Markets and Institutions 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the following:

- ACC 358 - Analysis of Financial Statements 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 454 - Mortgage Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

*FIN350, MGMT386 and MKTG360 must be completed before enrollment in MGMT490 Business Policy.*
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**General Business Major**

The major in general business has been designed for students seeking a broad business background rather than specialization in any one functional area of business. The program for the general business major includes a minimum of 124 hours for graduation as stipulated in the catalog.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**International Business Major**

The international business major offers a multidisciplinary focus within the College of Business that prepares students for careers in international business and related fields. The IB major is multidisciplinary, involving material from all areas of the College of Business as well as economics and foreign language required components. While the IB program is administratively housed in the
Marketing Department, the IB prefix is an interdisciplinary prefix taught by professors from all business disciplines. Student advising for the IB program is handled by the Director of International Business Programs.

The IB degree is undertaken with an existing College of Business B.B.A. degree major (accounting, accounting information systems, computer information systems, economics, entrepreneurship, finance, general business, management, marketing, or supply chain management). Additionally, all IB students must fulfill a study abroad experience and prove proficiency in a second language or complete a foreign language sequence. The major varies from 124-139 hours depending on the major chosen to combine with IB.

All students must take the required courses carrying an IB prefix. Additionally, students must take the international course offering within their functional business area (e.g., an IB major in finance would require FIN 370 - International Business Finance).

The IB program of study prepares students for careers in an increasingly integrated world economy. The IB major is designed to appeal to students who favor an interdisciplinary approach to professional business studies. The major should also be appealing to international students or students who are already bilingual. The program of study emphasizes both broad-based business knowledge in international business (including a required course in international business ethics) as well as specific geographical areas of expertise (through seminars on doing business in specific nations or regions).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University’s General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- MGMT 202 - Business Communication 3 hrs
- IS 215 - End-User Computing 3 hrs
- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- DS 265 - Business Statistics I 3 hrs

Major Requirements: 60-66 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• *** MGMT 490 - Business Policy 3 hrs
• MKTG 360 - Principles of Marketing 3 hrs
• OM 374 - Introduction to Operations Management 3 hrs

Area Studies Requirements: 4.5 hours

• **** IB 375 - Doing Business in Countries/Regions 1.5 hrs

Required IB Courses: 4.5 hours

• IB 210 - Fundamentals of Global Business (Gen Ed Area III) 3 hrs
• IB 370 - International Business Ethics 1.5 hrs

Restricted Elective Course: 15 hours

*The number of electives a student takes depends on the number of required IB restricted electives required in your major as indicated under each functional area.*

• ACC 475 - International Accounting 3 hrs
• ECON 370 - Comparative Economic Systems 3 hrs
• ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
• FIN 370 - International Business Finance 3 hrs
• IB 475 - International Business: Study Abroad Perspective 3 hrs
• IB 479 - Special Topics 3 hrs
• LAW 350 - International Business Law 3 hrs
• MGMT 492 - Managing World Business Communication 3 hrs
• MGMT 495 - International Management 3 hrs
• MKTG 375 - International Business Transactions 3 hrs
• MKTG 460 - International Marketing 3 hrs
Language Requirements: 0-6 hours

All international business students must complete (FRNH, GERN, JPNE, SPNH) 261. Depending on the past foreign language learning experience of individual students, they may be able to enter 261 directly. Conversely, students may need to begin foreign language study at a lower level, to be determined by the placement test in the Department of World Languages.

**see note

- FRNH 261 - Introduction to Professional Language Study 3 hrs
- GERN 261 - Introduction to Professional Language Study 3 hrs
- JPNE 261 - Introduction to Professional Language Study 3 hrs
- SPNH 261 - Introduction to Professional Language Study 3 hrs

Functional Areas: 24-36 hours

Choose one of the following functional areas: Accounting, Accounting Information Systems, Computer Information Systems, Economics, Entrepreneurship, Finance, General Business, Management or Marketing.

I. Accounting: 24 hours

Required Courses:

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 475 - International Accounting 3 hrs
- ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose one course from the following: (ACC 475 is required to fulfill the international business restricted electives)
• ACC 442 - Advanced Cost Accounting 3 hrs
• ACC 450 - Internal Auditing 3 hrs
• ACC 479 - Special Topics 3 hrs
• ACC 491 - Accounting Honors Thesis 3 hrs
• ACC 499 - Directed Studies 3 hrs
• ACC 540 - Corporate Financial Reporting 3 hrs
• ACC 541 - Advanced Financial Accounting 3 hrs
• ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
• ACC 548 - Information Systems Audit and Control 3 hrs
• ACC 567 - Professional Auditing 3 hrs
• ACC 585 - Business Tax Planning 3 hrs

II. Accounting Information Systems: 36 hours

Required Courses:

• ACC 296 - The Accounting Cycle and Profession 3 hrs
• ACC 340 - Intermediate Accounting 3 hrs
• ACC 342 - Managerial Cost Accounting 3 hrs
• ACC 344 - Principles of Taxation 3 hrs
• ACC 356 - Accounting Information Systems 3 hrs
• ACC 456 - Accounting Information Systems Implementation and Projects 3 hrs
• ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs
• ACC 548 - Information Systems Audit and Control 3 hrs
• IS 247 - Introduction to Web Application Development 3 hrs
• IS 315 - Object-Oriented Application Development 3 hrs
• IS 320 - Business Data Communications and Information Security 3 hrs
• IS 380 - Introduction to Databases 3 hrs
III. Computer Information Systems: 30 hours

Required Courses:

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- IS 421 - Enterprise Database Application 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs
- IS 449W - Information Systems Integration (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose one course from the following:

- IS 350 - Enterprise Resource Planning 3 hrs
- IS 410 - Business Intelligence 3 hrs
- IS 416 - System Software Administration 3 hrs

IV. Entrepreneurship: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs

Choose one course from the following:
• MKTG 363 - Retailing 3 hrs
• MKTG 374 - Business to Business Marketing 3 hrs
• MKTG 430 - Marketing of Services 3 hrs
• MKTG 479 - Special Topics 3 hrs

Choose two courses from the following: (Marketing choices selected above cannot be selected here)

• ACC 342 - Managerial Cost Accounting 3 hrs
• ACC 344 - Principles of Taxation 3 hrs
• FIN 352 - Financial Management for Entrepreneurs 3 hrs
• MKTG 363 - Retailing 3 hrs
• MKTG 374 - Business to Business Marketing 3 hrs
• MKTG 430 - Marketing of Services 3 hrs
• MKTG 460 - International Marketing 3 hrs
• MKTG 473 - Marketing and Product Innovation 3 hrs
• MGMT 460 - Management Skills 3 hrs

V. Economics: 24 hours

Required Courses:

• ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
• ECON 412 - Intermediate Microeconomic Analysis 3 hrs
• ECON 310 - Economic Statistics 3 hrs
• ECON 370 - Comparative Economic Systems 3 hrs
• ECON 415 - Introduction to Econometrics 3 hrs
• ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Restricted Electives:
Choose two courses from any 300-400 level economics course. Choose one course if you chose ECON 370 under international business restricted electives. ECON 480 is required to fulfill the international business restricted electives. (Business related topics are suggested.)

VI. Finance: 24 hours

Required Courses:

- FIN 354 - Investments 3 hrs
- FIN 357 - Financial Markets and Institutions 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose three courses from the following: (FIN370 is required to fulfill the international business restricted electives)

- ACC 358 - Analysis of Financial Statements 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 454 - Mortgage Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

VII. General Business: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 460 - Management Skills 3 hrs
• MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose four courses from at least three different departments in the College of Business. At least two courses must be at the 300-400 level. (The restricted elective requirement may be fulfilled by completing the international business restricted elective requirements.)

VIII. Management: 24 hours

Required Courses:

• MGMT 384 - Human Resource Management 3 hrs
• MGMT 460 - Management Skills 3 hrs
• MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
• MGMT 486 - Organizational Change and Team Building 3 hrs
• MGMT 492 - Managing World Business Communication 3 hrs
• MGMT 495 - International Management 3 hrs

Restricted Electives:

Choose two courses from the following:

• MGMT 388 - Introduction to Entrepreneurship 3 hrs
• MGMT 403 - Managerial Communication: Theory and Application 3 hrs
• MGMT 450 - Leadership Theories and Practice 3 hrs
• MGMT 479 - Special Topics 3 hrs
• MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
• MGMT 482 - Compensation Administration 3 hrs
• MGMT 483 - Staffing Organizations 3 hrs
• MGMT 484 - Management-Union Relations 3 hrs
• MGMT 485 - Human Resource Development 3 hrs
• MGMT 496 - Current Issues in Human Resource Management 3 hrs
IX. Marketing: 24 hours

Required Courses:

- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 365 - Consumer Behavior 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 375 - International Business Transactions 3 hrs
- MKTG 460 - International Marketing 3 hrs
- MKTG 470 - Marketing Research 3 hrs
- MKTG 475 - Marketing Planning and Management 3 hrs

Restricted Electives:

*Choose one course from the following:*

- MKTG 363 - Retailing 3 hrs
- MKTG 369 - Advertising 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 425 - Sports and Event Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 461 - Sales Management 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MKTG 474 - Promotional Strategy 3 hrs
- MKTG 479 - Special Topics 3 hrs
- MKTG 499 - Independent Study 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs

X. Supply Chain Management: 27 hours
Required Courses:

- IB 210 - Fundamentals of Global Business (Gen Ed Area III) 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs
- SCM 386 - Purchasing and Supply Management 3 hrs
- SCM 465 - Global Supply Chain Management 3 hrs

Restricted Electives: (Choose four from the following)

- ID 346 - Industrial Climate 3 hrs
- IS 350 - Enterprise Resource Planning 3 hrs
- LAW 350 - International Business Law 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- SCM 420 - Operations Planning and Scheduling in Supply Chain 3 hrs
- SCM 464 - Advanced Logistics 3 hrs
- QUAL 320 - Industrial Quality Control 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.
*All 200-level core courses listed above must be completed prior to admission to the College of Business.

**Foreign language credits may be used to satisfy general education requirements I.3 and IV.1. Students who have learned English as a second language may have minimum requirements of French, German, Japanese or Spanish waived.

***All 300-level core courses listed above must be completed before enrollment in MGMT490 Business Policy.

****Students must take IB 375 three times to fulfill requirements as course content will change each semester to a different country or subregion within the broader area of study.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
University Information: Consult the online catalog at catalog.emich.edu.

Management Major - with concentrations

The major in management prepares students for a variety of roles in the business world. These roles can include line and staff supervisory positions and human resource assignments. The general requirements for the bachelor of business administration degree include a minimum of 124 hours for graduation as stipulated in the catalog.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- MGMT 202 - Business Communication 3 hrs
- IS 215 - End-User Computing 3 hrs
- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- DS 265 - Business Statistics I 3 hrs

**Major Requirements: 60 hours**

**Business Core Courses: 36 hours**

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- ** OM 374 - Introduction to Operations Management 3 hrs
- ** MGMT 490 - Business Policy 3 hrs

**Management Required Courses: 12 hours**

- MGMT 384 - Human Resource Management 3 hrs
• MGMT 460 - Management Skills 3 hrs
• * MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
• MGMT 486 - Organizational Change and Team Building 3 hrs

Choose Concentration:

Choose one of the two concentrations below:

Human Resource Management Concentration: 12 hours

Four courses from the following:

• MGMT 482 - Compensation Administration 3 hrs
• MGMT 483 - Staffing Organizations 3 hrs
• MGMT 484 - Management-Union Relations 3 hrs
• MGMT 485 - Human Resource Development 3 hrs
• MGMT 496 - Current Issues in Human Resource Management 3 hrs

Management Concentration: 12 hours

Four courses from the following:

• MGMT 388 - Introduction to Entrepreneurship 3 hrs
• MGMT 403 - Managerial Communication: Theory and Application 3 hrs
• MGMT 450 - Leadership Theories and Practice 3 hrs
• MGMT 479 - Special Topics 3 hrs
• MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
• MGMT 482 - Compensation Administration 3 hrs
• MGMT 483 - Staffing Organizations 3 hrs
• MGMT 484 - Management-Union Relations 3 hrs
• MGMT 485 - Human Resource Development 3 hrs
• MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs
- MGMT 492 - Managing World Business Communication 3 hrs
- MGMT 495 - International Management 3 hrs
- MGMT 496 - Current Issues in Human Resource Management 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*All 200-level core courses listed above must be completed prior to admission to the College of Business.

**All 300-level core courses listed above must be completed before enrollment in MGMT 490 Business Policy. OM 374 can be take concurrently with MGMT 490

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Public Administration Major**

Public administration is a broad-ranging discipline that combines theory and practice, and focuses on the organization of government structure, policies and programs, and the performance of officials. Public administration encourages public policies that are more responsible to human, social and economic needs and that are more efficient and effective.

The public administration major involves a core of course work in public administration and a choice of electives. It may be combined with any number of minors appropriate to the career interests of the student. Students who major in public administration enter a broad range of careers in government service (federal, state or local), nonprofit organizations or business. Some go on to graduate or professional schools in political science, public administration, public policy, business administration or law.

A minor is to be selected in consultation with a public administration adviser. Recommended choices include: computer science, economics, general business, management or writing. Other appropriate minors include: communication, conservation and resource use, criminology and criminal justice, gerontology, historic preservation, journalism, health administration, land use analysis, military science, nonprofit administration, public law and government and social work.

Students are encouraged to take PLSC 112/113 American Government as a General Education course prior to the required core courses and to complete PLSC 112/113 within the first nine hours of political science course work. With permission of the public administration adviser, six credit hours of internship credit (PLSC 480, PLSC 486/488/489) or six credit hours of cooperative education credit (PLSC 387/PLSC 487) may be applied to the major. Students should consult an adviser about including these and special topics courses as a part of their program of study.

For more information regarding internships visit the department site here: http://www.emich.edu/polisci/internships/index.php

**Political Science Department Information:**

Department Head: Dr. Arnold Fleischmann
Department Contact: afleisch@emich.edu
Web site: http://www.emich.edu/polisci/
Additional department information is available here in the online catalog.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Additional Requirements: 3 hours**

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
  
or
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

**Major Requirements: 36 hours**

**Required Courses: 21 hours**

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs
  
  * PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

**Elective Courses: 15 hours**

*Five courses from the following:*

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
• PLSC 380 - American Presidency 3 hrs
• PLSC 385 - Judicial Process and Behavior 3 hrs
• PLSC 470 - Seminar in Political Science 3 hrs
• * PLSC 486 - Internship in Political Science/Public Administration 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Up to six semester hours of internship credit (PLSC480, PLSC486, PLSC488 or PLSC489) or cooperative education credit (PLSC387 and PLSC487) may be applied to the major.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

### Bachelor of Fine Arts

**Bachelor of Fine Arts**

**Catalog Correction** | This major was modified on August 8, 2016, to correct an error. The "All courses must be passed with a grade of "C" or above" requirement" only applies to the Graphic Design Concentration

The Bachelor of Fine Arts is designed to encourage students to develop a personal focus and direction as well as learn to function professionally as artists.

An extensive range of foundation courses, culminating in ARTS 290 - Studio Concepts and the accompanying Foundations Review provides students with the basic skills they need to be successful in upper-level courses. The required area of concentration allows students to gain a level of expertise in a specific medium and use that expertise to refine their own artistic vision. Art elective requirements allow students to gain practical knowledge in a range of media as well as to engage in experiences that support their area of concentration. A Capstone course provides direction for their future professional careers and gives students an immersive experience by requiring them to exhibit and disseminate their work.

**Art Department Information:**

Department Head: Colin Blakely  
Department Contact: cblakely@emich.edu  
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 81 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." *Students may apply up to, but not exceed 63 hours in one subject area (prefix) toward their degree.*

Foundations: 21 hours

- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTS 290 - Studio Concepts 3 hrs

Art History: 15 hours

- *One upper-level Art History course (3 hrs)
- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs

Studio Courses: 45 hours

Required Studio Courses: 6 hours

- ARTS 205 - Beginning Life Drawing 3 hrs
- ** ARTS 490W - Capstone (Gen Ed Area I, W) 3 hrs

Area of Concentration: 15-21 hours

Choose from one of the concentrations below:
Ceramics Concentration
Drawing Concentration
Fibers Concentration
Furniture Design Concentration
Graphic Design Concentration
Metalsmithing Concentration
Painting Concentration
Photography Concentration
Printmaking Concentration
Sculpture Concentration
Watercolor Concentration

Arts Studio Electives: 18-24 hours
Select from studio arts courses in consultation with an adviser.

Minor Requirements:
This major does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
*Students in Graphic Design must take ARTH474 Graphic Design History
**Course must be taken concurrently with the final course in chosen Area of Concentration. Capstone is a Writing Intensive class and meets the requirements of the General Education Program.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas
students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Bachelor of Music

Music Performance Major (Instrumental)-With specialization in guitar, keyboard, strings, winds or percussion

The bachelor of music degree curriculum is available for students who wish to pursue a career in performance.

Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online
application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Courses common to all specializations: 68-71 hours

Core Courses: 32 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
• MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
• MUSC 302 - History of Music 3 hrs
• MUSC 326 - Conducting 2 hrs

Two courses from the following: 4-5 hours

• MUSC 317 - Music Composition 2 hrs
• MUSC 341 - Contrapuntal Techniques 2 hrs
• MUSC 401 - Music Theory-Literature V 2 hrs
• MUSC 402 - Music Theory-Literature VI 2 hrs
• MUSC 404 - Psychology of Music 3 hrs
• MUSC 413 - Orchestration 2 hrs

Applied Music: 32 hours

Both a junior and a senior recital are required. Students must enroll in Applied Music during the semester each recital is performed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

• AMUS 116B - Principal Applied Music 4 hrs
  4 semesters (minimum): 16 hours
• AMUS 416B - Principal Applied Music 4 hrs
  4 semesters (minimum): 16 hours

Improvisation Requirement: 0–2 hours

All music majors must meet an improvisation requirement. This requirement may be met in one of the following ways:

• Contract in Applied Music for at least one fall or winter semester (see applied music professor for details)
• Other approved improvisation course (see an adviser for details)
• MUSC 244 - Jazz Ensemble 1 hr
The above options count toward music electives, and are to be selected with a music department adviser.

Courses Chosen According to Area of Specialization: 13-16 hours

Area I: Guitar

- Ensembles (8 hrs)
  Only one hour per semester counted toward degree.
- Any elective courses in music (5-8 hrs)

Area II: Keyboard

- Ensembles (8 hrs) (may include up to two credit hours of accompanying)
  Only one hour per semester counted toward degree.
- Elective courses in music (5-8 hrs)

Area III: Strings

- Elective courses in music (4–7 hrs)
- MUSC 248 - University Orchestra 1 hr
  8 semesters (minimum): 8 hours
  Only one hour per semester counted toward degree.

One course from the following:

Violin principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 262 - String Class: Viola 1 hr

Viola principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
• MUSC 261 - Basic String Class: Violin 1 hr

Cello principal:

One course from the following:

• AMUS 115A - Secondary Applied Music 1 hr
• MUSC 263 - String Class: Cello and Double Bass 1 hr

String Bass principal:

One course from the following:

• AMUS 115A - Secondary Applied Music 1 hr
• MUSC 263 - String Class: Cello and Double Bass 1 hr

Area IV: Wind and Percussion

• Electives courses in music (5-8 hrs)
• MUSC 249 - University Band 1 hr

8 semesters (minimum): 8 hours

Note:

Recital Attendance Requirement
Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Minor Requirements:
This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Music Performance Major (Vocal)**

The bachelor of music degree curriculum is available for students who wish to pursue a career in performance. All general education requirements must be completed, including one approved course in cross-cultural or international studies.
Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu

Music Courses: 70-75 hours

Core Courses: 41 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 211 - Basic Brass Class 1 hr
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 232 - Voice Class 1 hr
- MUSC 241 - Percussion 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 261 - Basic String Class: Violin 1 hr
- MUSC 281 - Basic Woodwind Class 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 326 - Conducting 2 hrs
- MUSC 327 - Instrumental Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs

Two courses from the following: 2 hours

- MUSC 212 - Brass Class 1 hr
- MUSC 262 - String Class: Viola 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr
- MUSC 282 - Woodwind Class 1 hr
- MUSC 283 - Woodwind Class 1 hr
Major Instrumental Ensembles: 8-11 hours

*Only one hour per semester counted toward degree.*

- Wind and Percussion Principals:
  MUSC 249 - University Band: 8 hours
  MUSC 149M - Marching Band: 3 hours

- String Principals:
  MUSC 248 - University Orchestra: 8 hours

Elective Courses (string principals only): 3 hours

Applied Music Courses: 16 hours

*Senior recital approval is required. Students must enroll in Applied Music during the semester the recital is performed.*

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

*Keyboard and guitar principals must take AMUS 115A/AMUS 115B - Secondary Applied Music (wind/percussion/string instrument) (total of 4 hrs).*

- AMUS 116A - Principal Applied Music 2 hrs
  4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
  4 semesters (minimum): 8 hours

Improvisation Requirement: 0–2 hours

*All music majors must meet an improvisation requirement. This requirement may be met in one of the following ways:*

- Contract in Applied Music for at least one fall or winter semester (see applied music professor for details)

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Music Education Major (Vocal)

Successful completion of this course of study, which leads to the bachelor of music education degree, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in music education, K-12 certification code JQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #099, “Music.”

At the time of admission, students with voice as a principal instrument must study keyboard and demonstrate the required level of proficiency for graduation; students with keyboard as a principal instrument must study voice and demonstrate the required level of proficiency for graduation; and students with guitar as a principal instrument must study both voice and piano, demonstrating the required level of proficiency on both for graduation.

Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Music Courses: 69–77 hours

Core Courses: 44 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 241 - Percussion 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 274 - Functional Guitar 2 hrs
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 305 - Keyboard Skills 2 hrs
• MUSC 326 - Conducting 2 hrs
• MUSC 328 - Choral Conducting 2 hrs
• MUSC 413 - Orchestration 2 hrs

One course from the following:
• MUSC 211 - Basic Brass Class 1 hr
• MUSC 212 - Brass Class 1 hr

One course from the following:
• MUSC 261 - Basic String Class: Violin 1 hr
• MUSC 262 - String Class: Viola 1 hr
• MUSC 263 - String Class: Cello and Double Bass 1 hr

One course from the following:
• MUSC 281 - Basic Woodwind Class 1 hr
• MUSC 282 - Woodwind Class 1 hr
• MUSC 283 - Woodwind Class 1 hr

Major Vocal Ensemble: 8 hours

*Must include at least four semesters of MUSC 131 - University Choir. Only one hour per semester counted toward degree.*

Applied Music Courses: 16–24 hours

*Number of credit hours is determined by audition and principal instrument of choice.*

*Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.*

Principal Instrument Courses (Keyboard, Voice or Guitar): 16 hours

*Senior recital approval is required. Students must enroll in applied music during the semester a degree recital is performed.*

• AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours

- AMUS 416A - Principal Applied Music 2 hrs

4 semesters (minimum): 8 hours

Secondary Instrument Courses (Keyboard, Voice or Guitar): 0–8 hours

One option from the following:

Option I: 0–4 hours

If voice is the principal instrument, take AMUS 115 (keyboard) until the prerequisite for AMUS 415 (keyboard) is met.

Option II: 0–4 hours

If keyboard is the principal instrument, take AMUS 115 (voice) until the prerequisite for AMUS 415 (voice) is met.

Option III: 0–8 hours

If guitar is the principal instrument, take AMUS 115 (keyboard) and AMUS 115 (voice) until the prerequisite for AMUS 415 is met in both instruments.

Improvisation Requirement: 0–2 hours

All music majors must meet an improvisation requirement. This requirement may be met in one of the following ways:

- Contract in Applied Music for at least one fall or winter semester (see applied music professor for details)
- Other approved improvisation course (see an adviser for details)
- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 305 - Keyboard Skills 2 hrs

Professional Studies: 34 hours

Pre-Admission phase: The Learner and the Community: 7 hours

The following courses may be taken before formal admission to the Initial Teacher Preparation Program:

- 100 clock hours of approved prestudent teaching field experiences (0 hrs)
• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 6 hours
• MUSC 330 - Music Education in the Elementary School 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 9 hours
• EDMT 330 - Instructional Applications of Media and Technology 3 hrs
• MUSC 331 - Music Education in the Secondary School 3 hrs
• RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

All Bachelor of Music Education students must pass a program specific screening exam before being approved for student teaching.
• EDUC 496 - Student Teaching 6 hrs
• EDUC 497 - Student Teaching 6 hrs

Note:

Recital Attendance Requirement
Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain
credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Bachelor of Music Therapy**
Music Therapy Major

Successful completion of the requirements for the bachelor of music therapy degree makes students eligible to sit for the Certification Examination given by the Certification Board for Music Therapists.™

The bachelor of music therapy degree is awarded on completion of this curriculum. The degree program is approved by the American Music Therapy Association.

Certification in Music Therapy

The Certification Board for Music Therapists (CBMT) mandates that candidates for board certification must have successfully completed the academic and clinical training requirements for music therapy, or their equivalent, as established by the American Music Therapy Association. Candidates who pass the CBMT examination are allowed to use the credential “Music Therapist-Board Certified” (MT-BC).

Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

Phone: 734.487.4380

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 56 hours

Core Courses: 38 hours
• MUSC 101 - Music Theory I 3 hrs
• MUSC 102 - Music Theory II 3 hrs
• MUSC 119 - Aural Skills I 1 hr
• MUSC 129 - Aural Skills II 1 hr
• MUSC 201 - Music Theory III 3 hrs
• MUSC 202 - Music Theory IV 3 hrs
• MUSC 219 - Aural Skills III 1 hr
• MUSC 228 - Basic Music Literature 3 hrs
• MUSC 229 - Aural Skills IV 1 hr
• MUSC 232 - Voice Class 1 hr
• MUSC 241 - Percussion 1 hr
• MUSC 251 - Functional Piano 1 hr
• MUSC 252 - Functional Piano 1 hr
• MUSC 253 - Functional Piano 1 hr
• MUSC 254 - Functional Piano 1 hr
• MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
• MUSC 302 - History of Music 3 hrs
• MUSC 305 - Keyboard Skills 2 hrs
• MUSC 326 - Conducting 2 hrs
• MUSC 413 - Orchestration 2 hrs

Ensembles: 4 hours

*Must include at least two credit hours of vocal ensemble. Only one hour per semester counted toward degree.*

Applied Music Courses: 14 hours
Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

- AMUS 116A - Principal Applied Music 2 hrs
  4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
  3 semesters (minimum): 6 hours

Music Therapy Courses: 31 hours

- MUSC 103 - Introduction to Music Therapy 3 hrs
- MUSC 109 - Music Therapy Improvisation Ensemble I 1 hr
- MUSC 209 - Music Therapy Improvisation Ensemble II 1 hr
- MUSC 225 - Voice Skills with Special Populations 1 hr
- MUSC 226 - Guitar Skills with Special Populations 2 hrs
- MUSC 236 - Pre-internship Clinical Training in Music Therapy I 1 hr
- MUSC 237 - Pre-internship Clinical Training in Music Therapy II 1 hr
- MUSC 238 - Methods and Materials in Music Therapy 3 hrs
- MUSC 303 - Music Therapy Clinical Approaches 2 hrs
- MUSC 304 - Music Therapy Professional Skills 2 hrs
- MUSC 309 - Music Therapy Improvisation Ensemble III 1 hr
- MUSC 323 - Pre-internship Clinical Training in Music Therapy III 1 hr
- MUSC 324 - Pre-internship Clinical Training in Music Therapy IV 1 hr
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 405 - Music Therapy Research 3 hrs
- MUSC 409 - Music Therapy Improvisation Ensemble IV 1 hr
- MUSC 427 - Pre-internship Clinical Training in Music Therapy V 1 hr
- MUSC 428 - Pre-internship Clinical Training in Music Therapy VI 1 hr
- MUSC 488 - Clinical Training Internship in Music Therapy 2 hrs
Additional Requirements: 10 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

Improvisation Requirement: 0–2 hours

All music majors must meet an improvisation requirement. This requirement may be met in one of the following ways:

- Contract in Applied Music for at least one fall or winter semester (see applied music professor for details)
- Other approved improvisation course (see Coordinator of Advising for details)
- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 305 - Keyboard Skills 2 hrs

The above options count toward music electives, and are to be selected with a music department adviser.

Note:

Recital Attendance Requirement
Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. Email: sghosh@emich.edu
Phone Number: 487-1161

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 27 hours

- STS 300W - Research and Writing: The Technology Career Perspective (Gen Ed Area I, W) 3 hrs
- ATM 118 - Apparel Studio 3 hrs
- ATM 145 - Introduction to Apparel and Textile Merchandising 3 hrs
- ATM 212 - Textile Science I: Fibers & Yarns 3 hrs
- ATM 255 - Apparel Analysis 3 hrs
- ATM 312 - Textile Science II: Fabric Formation, Dyeing and Finishing 3 hrs
- ATM 345 - Merchandise Planning and Control 3 hrs
- ATM 355 - Application of Merchandising Practices 3 hrs
- ATM 487 - Field Experience 3 hrs
Elective Courses: 18 hours

*Eighteen hours from the following:*

- ATM 105 - Integrated Arts 3 hrs
- ATM 135 - Cultural Study of Dress 3 hrs
- ATM 200 - Aesthetics and Design for the Apparel Industry 3 hrs
- ATM 210 - Display Techniques 3 hr
- ATM 265 - Merchandising of Interior Furnishings 3 hrs
- ATM 271 - Woven Structures and Design 3 hrs
- ATM 302 - Fashion Manufacturing Techniques 3 hrs
- ATM 372 - Design and Production of a Fashion Show 3 hrs
- ATM 380 - Fashion of the Haute Couture 3 hrs
- ATM 390 - Visual Merchandising 3 hrs
- ATM 392 - Pattern Design 3 hrs
- ATM 404 - Textiles for Merchandising 3 hrs
- ATM 439 - Fashion Markets 3 hrs

General Electives: 18 hours

Minor Requirements:

This major requires a minor. Select a minor from the following:

- Art
- Communication
- Journalism
- Management
- Marketing
- Theatre Arts
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Last Updated: 2/2011

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Applied Technology Major
The applied technology major is designed to serve those individuals who wish to continue their technology-related community college education. The program offers the flexibility of accepting a block of up to 34 credits of technical courses as transfer credit. Articulation agreements have been established with several community colleges to ensure the maximum transfer of credits. Students transferring from other four-year higher education institutions with a technical major may also find this major suitable.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

Major Requirements: 75 hours

Required Courses: 20 hours

- CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- SET 350W - Engineering Communication (Gen Ed Area I, W) 3 hrs
Restricted Elective Courses: 6 hours

*Select six hours of restricted electives in consultation with an adviser.*

Restricted MFG Elective Courses: 15 hours

*Select 15 hours at the 300- and 400-level in consultation with an adviser.*

Technical Courses: 34 hours

*Up to 34 hours of transferred technical courses may be applied to this major.*

Minor Requirements:

This program does not require a minor.

Electives Courses: 9 hours

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses **will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Art Major

Catalog Correction | This major was modified on March 29, 2017, to correct an error. The "All courses must be passed with a grade of "C" or above" requirement" only applies to the Graphic Design Concentration.

The Bachelor of Science in Art is designed to allow students to explore Studio Art and Art History within a diverse liberal arts context. Foundation courses give students a basic skill set in both Art History and Studio practices, and a 9-credit area of concentration allows for a more in depth exploration in a medium of the student's choosing.

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 39 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)."
Required Course (Foundations): 21 hours

- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 390 - Studio Concepts 3 hrs

Art History (6 Credit Hours)

Students must select 2 of the following courses:

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs

*students must complete ARTH 162 prior to ARTH 263.

Area of Concentration: 9 hours

Select a sequence of 3 courses (as outlined under the Bachelor of Fine Arts degree) in one of the following areas listed below. Six credit hours must be at the 300-level or above.

Ceramics Concentration
Drawing Concentration
Fibers Concentration
Furniture Design Concentration
Graphic Design Concentration
Metalsmithing Concentration
Painting Concentration
Photography Concentration
Printmaking Concentration
Sculpture Concentration
Watercolor Concentration
Elective Courses: 3 hours

3 credit hours from art studio and/or art history courses selected in consultation with an adviser.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 4/2011; Effective Spring 2011

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50
or more hours themselves do not require a minor; students should check requirements of the
selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum
  of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as
  specified below - these credits must be earned in distinct courses, that is, no course can be used
  to fulfill this requirement in more that one major or minor.

  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that
    requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that
    does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited
  by one of the recognized regional accrediting bodies only if the courses are college-level
  (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale)
  or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
  which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
  institutions; the internal review of such courses is coordinated by the Office of Admissions, and
  additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a
  minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note:
  some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in
several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on
the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have
  elected to follow the current ("new") General Education Program, follow the "For Students" link
  under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have
  elected to follow the Pre-2007 General Education Requirements, follow the "General Education
  Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please
  note that students who wish to graduate under pre-2007 General Education requirements
must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Aviation Flight Technology Major

This program is designed to prepare individuals for positions as entry-level professional pilots in the aviation industry. Based upon the needs of the aviation industry, the program encompasses a program of study that takes an individual from student pilot to certified flight instructor. It also includes a number of specialized courses that incorporate aviation business and management skills, safety, human factors, aerodynamics, aviation law and regulations, and crew resource management. The program includes a general education curriculum designed to provide a well-rounded knowledge foundation.

The aviation flight technology program has amendments to the basic aviation program designed to accommodate ROTC students planning on applying for military pilot training. The accommodations include the Eastern Michigan University U.S. Army ROTC program and the Air Force or Naval ROTC programs located at the University of Michigan which may be attended by Eastern Michigan University students. Please contact the aviation flight technology program coordinator for further information.

School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 78 hours

- PHY 100 or higher PHY course
- AVT 100 - Introduction to Air Transportation 3 hrs
- AVT 110 - Aircraft Maintenance I 3 hrs
- AVT 120 - Flight Operations I 3 hrs
- AVT 170 - Aviation Ground Instruction 3 hrs
- AVT 208 - Aviation Human Factors 3 hrs
- AVT 215 - Aviation Weather 3 hrs
- AVT 220 - Flight Operations II 3 hrs
- AVT 222 - Introduction to Automation in Aviation 3 hrs
- * AVT 255 - Private Pilot Certification 4 hrs
- AVT 263 - Aircraft Systems 3 hrs
- AVT 303 - Aviation Law and Insurance 3 hrs
- AVT 313 - Aviation Industry Regulations 3 hrs
- AVT 320 - Aviation Safety 3 hrs
- AVT 321 - Cockpit and Crew Resource Management 3 hrs
- AVT 322 - System Safety in Aviation 3 hrs
- AVT 341 - Instrument Ground Instruction 2 hrs
- AVT 342 - Commercial Ground Instruction 2 hrs
- * AVT 355 - Instrument Pilot Certification 4 hrs
- * AVT 361 - Commercial/Complex Flight Instruction 2 hrs
- * AVT 371 - Commercial Certification 2 hrs
- AVT 382 - Flight Instructor Ground Instruction 3 hrs
- AVT 419 - High Airspeed Aerodynamics/High Altitude Flight 3 hrs
- AVT 422 - Senior Seminar in Aviation Management 3 hrs
- * AVT 426 - Multi-Engine Flight Instruction 3 hrs
- * AVT 427 - Flight Instructor: Airplane 2 hrs
- STS 300W - Research and Writing: The Technology Career Perspective (Gen Ed Area I, W) 3 hrs
Electives: 0-4 hours

- AVT 428 - Flight Instructor: Instrument 2 hrs
- AVT 429 - Flight Instructor: Multi-Engine 2 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*This course is a flight course involving flight activities conducted at the Eagle Flight Center.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

Clinical Laboratory Sciences Major - Cytogenetics Concentration

The clinical laboratory sciences program offers a clinical certification track that includes a submajor in cytogenetics. The track is designed to prepare graduates for employment in hospitals, physician’s offices, private laboratories, public health agencies, pharmaceutical companies and academic or industrial research.

Advising is available by faculty through the clinical laboratory sciences program. To assess progress, students should meet with their adviser each semester in which they are enrolled in classes. The MLS program is accredited by:

National Accrediting Agency for Clinical Laboratory Sciences
5600 North River Road
Suite 720
Rosemont, IL 60018

Certification as a Medical Laboratory Scientist

Once the student has completed the requirements for a B.S. through our NAACLS accredited Medical Laboratory Science Program he or she is eligible to sit for the Board of Certification exam sponsored by the American Society of Clinical Pathologist.

Clinical Certification Track

This curriculum is a four-year program at Eastern Michigan University:
The medical laboratory science option consists of seven semesters of course work in general education, basic sciences and clinical sciences and includes 22 weeks of rotation through an accredited clinical laboratory. These rotations for the clinical track include:

University of Michigan, Ann Arbor  
Mercy Memorial Hospital, Monroe  
Garden City Hospital, Garden City  
VA Hospital, Ann Arbor  
St. John Providence, Southfield  
Promedica Health System, Toledo OH  
Alverno Clinical Labs, Hammond IN  
Henry Ford Hospital, Detroit for Cytogenetics  
William Beaumont Hospital, Royal Oak Histotechnology

Because enrollment in the fourth year is limited by the size of classes in the affiliated hospitals, admission to the program does not ensure admission to the clinical rotations of the curriculum. Admission into the clinical rotations is competitive. The cytogenetics and histotechnology options consist of six semesters of course work and 12 months of clinical rotations through an accredited clinical laboratory.

The major in clinical laboratory sciences follows an interdisciplinary format composed of courses in clinical laboratory sciences, biology, chemistry and mathematics.

All students must complete the courses in each of the four areas of general education. At least 30 hours of the academic program must be completed at Eastern Michigan University. Students should be aware of the 60- and 75-hour rule regarding transfer of community college credit.

Admission and continuation in the clinical laboratory sciences program is based upon the following:

a. A minimum EMU cumulative GPA of 2.0. A cumulative GPA of less than 2.8 mandates warning students of their ineligibility for acceptance into the clinical track.

b. No grade below C in any mathematics or science course.

c. A grade of D (including D- and E) in one courses in the clinical laboratory sciences major may, upon recommendation by the Program Review Committee, result in dismissal from the CLS program.

d. Freedom from any kind of probation (administrative, academic, academic dishonesty or other university sanctioned probations) must be maintained. While on academic probation, no student may register for, remain in, or receive credit for science courses or practicum courses within the clinical laboratory sciences program.

e. TOEFL scores of 570 or above (230 on the computer-based exam or 88 on the internet-based exam).
f. Students may retake any science, math or CLSC course only one time in order to improve a grade.

g. Transfer credits from any institution must be at least a B or above.

Successful completion of the clinical track and the bachelor of science degree qualifies students to take the national board examination in medical laboratory science.

Clinical Track Requirements

Students must be accepted to Eastern Michigan University before they can be considered by the Clinical Laboratory Science Program Screening Committee. However, admission to EMU does not guarantee admission into the clinical track program.

Students entering the program will be classified initially as clinical laboratory sciences “intents.” Application for full admission to the clinical track program should be made during the winter semester of the junior year.

Application packets can be obtained from the program director. Completed applications must be in the office by March 15 in order to be considered for acceptance for the winter semester.

Selection criteria include overall EMU GPA, letters of recommendation, overall science GPA, interview evaluations, freedom from any academic dishonesty and completed application form.

Admission to the clinical laboratory sciences curriculum/clinical track is competitive and is based on the following:

1. A minimum GPA of 2.8 with no grade below C in any science, mathematics or preprofessional course. The prerequisite courses may be taken at EMU, or other four-year college/university or at a community college.

2. A minimum science GPA of 2.8.

3. Completion of at least 60 hours of University credit, including 45 credit hours of prerequisite mathematics and science courses, as indicated on the application form.

4. Three letters of recommendation. It is suggested that references should include a science instructor and an employer.

5. Documentation that an applicant will have completed all prerequisite clinical laboratory sciences courses prior to beginning clinical rotations in the spring of the senior year.

The first three years of clinical laboratory sciences are similar for both the professional and clinical tracks. It is likely that acceptance into the clinical track will be highly competitive. Clinical laboratory sciences majors who are not accepted into the clinical track program, yet desire to sit for the registry examination in medical laboratory science, have the following options:
1. Completion of the bachelor of science degree in clinical laboratory sciences (professional track) at Eastern Michigan University and filing a reapplication to the clinical track program.

2. Completion of all required course work for the bachelor of science degree in clinical laboratory sciences and application to an approved hospital-based school of medical technology. The faculty advisers will assist students in the application process. Students are selected for internship placement through a statewide computer matching process. The selection process is completed in September each year, with internships usually beginning during the month of July. A bachelor of science in clinical laboratory sciences will qualify the student to apply to hospitals within Michigan and throughout the United States.

Hospital-based schools of medical technology (internship programs) associated with the computer match process are:

- Detroit Medical Center, Detroit
- St. John Hospital, Detroit
- Hurley Hospital, Flint
- William Beaumont Hospital, Royal Oak

**Cytogenetics Track:**

Program Director: Jim Zabawski (Henry Ford Hospital)

Cytogenetic technologists work independently under general supervision and can interpret and implement established procedures to prepare biological specimens for cytogenetics analysis, perform the analysis and construct and interpret karyotypes.

Students may be accepted into the cytogenetics specialization after completing the required science, mathematics and clinical laboratory science courses. University general education requirements must also be met. The senior year consists of a 12-month internship at Henry Ford Hospital in the Cytogenetics department. The program consists of an integrated presentation of didactic material and intensive laboratory study in the area of cytogenetics that includes specimen preparation, cell culture, chromosome analysis, microscopy and photography.

**School of Health Sciences Information:**

School Director: Betsy Francis-Connolly

Additional department information is available here in the online catalog.

**Advisor Information:**
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Clinical Laboratory Sciences Major Requirements: 52 hours

- AHPR 200 - Medical Terminology 1 hr
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 305 - Cell and Molecular Biology 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 351 - Foundations of Biochemistry 4 hrs
- CLSC 200 - Clinical Laboratory Techniques 3 hrs
- CLSC 300 - Molecular Diagnostics 3 hrs
- CLSC 332 - Clinical Microbiology I 3 hrs
- CLSC 335 - Clinical Immunology 3 hrs
- CLSC 336 - Clinical Immunology Laboratory 1 hr
- CLSC 401W - Laboratory Management/Education (Gen Ed Area I, W) 3 hrs
- CLSC 407 - Hematology 3 hrs
- CLSC 408 - Clinical Hematology Laboratory 1 hr
One from the following:

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Cytogenetics Concentration Requirements: 29 hours

- BIO 120 - Introductory Biology II 5 hrs
- BIO 476 - Mammalian Histology 3 hrs

- * CLSC 410A - Cytogenetics Clinical Internship 7 hrs
  OR
- * CLSC 410B - Cytogenetics Clinical Internship 7 hrs

- * CLSC 411 - Cytogenetics, Clinical Internship II 14 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

* These three courses are an off-campus, full-time clinical internship.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names
will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Clinical Laboratory Sciences Major - Histotechnology Concentration**

The clinical laboratory sciences program offers a clinical certification track that includes a submajor in histotechnology. The tracks are designed to prepare graduates for employment in hospitals, physician’s offices, private laboratories, public health agencies, pharmaceutical companies and academic or industrial research.

Advising is available by faculty through the clinical laboratory sciences program. To assess progress, students should meet with their adviser each semester in which they are enrolled in classes. The MLS program is accredited by:

**National Accrediting Agency for Clinical Laboratory Sciences**
5600 North River Road
Suite 720
Rosemont, IL 60018

**Certification as a Medical Laboratory Scientist**

Once the student has completed the requirements for a B.S. through our NAACLS accredited Medical Laboratory Science Program he or she is eligible to sit for the Board of Certification exam sponsored by the American Society of Clinical Pathologist.

**Clinical Certification Track**
This curriculum is a four-year program at Eastern Michigan University:

The medical laboratory science option consists of seven semesters of course work in general education, basic sciences and clinical sciences and includes 22 weeks of rotation through an accredited clinical laboratory. These rotations for the clinical track include:

University of Michigan, Ann Arbor
Mercy Memorial Hospital, Monroe
Garden City Hospital, Garden City
VA Hospital, Ann Arbor
St. John Providence, Southfield
Promedica Health System, Toledo OH
Alverno Clinical Labs, Hammond IN
Henry Ford Hospital, Detroit for Cytogenetics
William Beaumont Hospital, Royal Oak Histotechnology

Because enrollment in the fourth year is limited by the size of classes in the affiliated hospitals, admission to the program does not ensure admission to the clinical rotations of the curriculum. Admission into the clinical rotations is competitive. The histotechnology option consists of six semesters of course work and 12 months of clinical rotations through an accredited clinical laboratory.

The major in clinical laboratory sciences follows an interdisciplinary format composed of courses in clinical laboratory sciences, biology, chemistry and mathematics.

All students must complete the courses in each of the four areas of general education. At least 30 hours of the academic program must be completed at Eastern Michigan University. Students should be aware of the 60- and 75-hour rule regarding transfer of community college credit.

Admission and continuation in the clinical laboratory sciences program is based upon the following:

a. A minimum EMU cumulative GPA of 2.0. A cumulative GPA of less than 2.8 mandates warning students of their ineligibility for acceptance into the clinical track.

b. No grade below C in any mathematics or science course.

c. A grade of D (including D- and E) in one courses in the clinical laboratory sciences major may, upon recommendation by the Program Review Committee, result in dismissal from the CLS program.

d. Freedom from any kind of probation (administrative, academic, academic dishonesty or other university sanctioned probations) must be maintained. While on academic probation, no student may register for, remain in, or receive credit for science courses or practicum courses within the clinical laboratory sciences program.
e. TOEFL scores of 570 or above (230 on the computer-based exam or 88 on the internet-based exam).

f. Students may retake any science, math or CLSC course only one time in order to improve a grade.

g. Transfer credits from any institution must be at least a B or above.

Successful completion of the clinical track and the bachelor of science degree qualifies students to take the national board examination in medical laboratory science.

**Clinical Track Requirements**

Students must be accepted to Eastern Michigan University before they can be considered by the Clinical Laboratory Science Program Screening Committee. However, admission to EMU does not guarantee admission into the clinical track program.

Students entering the program will be classified initially as clinical laboratory sciences “intents.” Application for full admission to the clinical track program should be made during the winter semester of the junior year.

Application packets can be obtained from the program director. Completed applications must be in the office by March 15 in order to be considered for acceptance for the winter semester.

Selection criteria include overall EMU GPA, letters of recommendation, overall science GPA, interview evaluations, freedom from any academic dishonesty and completed application form.

Admission to the clinical laboratory sciences curriculum/clinical track is competitive and is based on the following:

1. A minimum GPA of 2.8 with no grade below C in any science, mathematics or preprofessional course. The prerequisite courses may be taken at EMU, or other four-year college/university or at a community college.

2. A minimum science GPA of 2.8.

3. Completion of at least 60 hours of University credit, including 45 credit hours of prerequisite mathematics and science courses, as indicated on the application form.

4. Three letters of recommendation. It is suggested that references should include a science instructor and an employer.

5. Documentation that an applicant will have completed all prerequisite clinical laboratory sciences courses prior to beginning clinical rotations in the spring of the senior year.

The first three years of clinical laboratory sciences are similar for both the professional and clinical tracks. It is likely that acceptance into the clinical track will be highly competitive. Clinical laboratory
sciences majors who are not accepted into the clinical track program, yet desire to sit for the registry examination in medical laboratory science, have the following options:

1. Completion of the bachelor of science degree in clinical laboratory sciences (professional track) at Eastern Michigan University and filing a reapplication to the clinical track program.

2. Completion of all required course work for the bachelor of science degree in clinical laboratory sciences and application to an approved hospital-based school of medical technology. The faculty advisers will assist students in the application process. Students are selected for internship placement through a statewide computer matching process. The selection process is completed in September each year, with internships usually beginning during the month of July. A bachelor of science in clinical laboratory sciences will qualify the student to apply to hospitals within Michigan and throughout the United States.

Hospital-based schools of medical technology (internship programs) associated with the computer match process are:

Detroit Medical Center, Detroit
St. John Hospital, Detroit
Hurley Hospital, Flint
William Beaumont Hospital, Royal Oak

**Histotechnology Track:**

Program Director: Peggy Wenk (William Beaumont Hospital)

Histotechnologists perform a variety of diagnostic and research procedures in the anatomic sciences. Basic histologic techniques involve the processing and staining of tissue specimens that have been removed from humans or animals by biopsy or autopsy. Advanced techniques involve the use of the electron microscope, immunofluorescence microscopy, autoradiography, cytogenetics and medical photography.

Students may be accepted into the histotechnology specialization after completing the required science, mathematics and clinical laboratory science courses. University general education requirements must also be met. The senior year consists of a 12-month internship at William Beaumont Hospital School of Histotechnology.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Clinical Laboratory Sciences Major Requirements: 57 hours

- AHPR 200 - Medical Terminology 1 hr
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 305 - Cell and Molecular Biology 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 351 - Foundations of Biochemistry 4 hrs
- CLSC 200 - Clinical Laboratory Techniques 3 hrs
- CLSC 300 - Molecular Diagnostics 3 hrs
- CLSC 332 - Clinical Microbiology I 3 hrs
- CLSC 335 - Clinical Immunology 3 hrs
- CLSC 336 - Clinical Immunology Laboratory 1 hr
- CLSC 401W - Laboratory Management/Education (Gen Ed Area I, W) 3 hrs
- CLSC 407 - Hematology 3 hrs
- CLSC 408 - Clinical Hematology Laboratory 1 hr

One from the following:

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Histotechnology Concentration Requirements: 41 hours

- BIO 251 - Human Anatomy and Physiology I 4 hrs
- BIO 252 - Human Anatomy and Physiology II 4 hrs
- BIO 476 - Mammalian Histology 3 hrs
- CLSC 307 - Urinalysis, Body Fluids and Hemostasis 3 hrs
- * CLSC 416 - Basic Histotechnique and Histochemical Staining Methods 12 hrs
- * CLSC 417 - Basic Electron Microscopy 8 hrs
- * CLSC 418 - Immunohisto-Cytochemistry 4 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

* These three courses are an off-campus, full-time clinical internship.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas
students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Clinical Laboratory Sciences Major - Medical Laboratory Science Concentration

The clinical laboratory sciences program offers a clinical certification track that includes a submajor in medical laboratory science. The track is designed to prepare graduates for employment in hospitals, physician’s offices, private laboratories, public health agencies, pharmaceutical companies and academic or industrial research. The professional track is the preferred course of study for students considering graduate school or advanced studies in the clinical sciences. The professional track also can be used as preparation for careers in medicine, dentistry, and veterinary science.

Advising is available by faculty through the clinical laboratory sciences program. To assess progress, students should meet with their adviser each semester in which they are enrolled in classes. The MLS program is accredited by:

National Accrediting Agency for Clinical Laboratory Sciences
5600 North River Road
Certification as a Medical Laboratory Scientist

Once the student has completed the requirements for a B.S. through our NAACLS accredited Medical Laboratory Science Program he or she is eligible to sit for the Board of Certification exam sponsored by the American Society of Clinical Pathologist.

Clinical Certification Track

This curriculum is a four-year program at Eastern Michigan University:

The medical laboratory science option consists of seven semesters of course work in general education, basic sciences and clinical sciences and includes 22 weeks of rotation through an accredited clinical laboratory. These rotations for the clinical track include:

- University of Michigan, Ann Arbor
- Mercy Memorial Hospital, Monroe
- Garden City Hospital, Garden City
- VA Hospital, Ann Arbor
- St. John Providence, Southfield
- Promedica Health System, Toledo OH
- Alverno Clinical Labs, Hammond IN
- Henry Ford Hospital, Detroit for Cytogenetics
- William Beaumont Hospital, Royal Oak Histotechnology

Because enrollment in the fourth year is limited by the size of classes in the affiliated hospitals, admission to the program does not ensure admission to the clinical rotations of the curriculum. Admission into the clinical rotations is competitive. The Medical Laboratory Science program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences.

The major in clinical laboratory sciences follows an interdisciplinary format composed of courses in clinical laboratory sciences, biology, chemistry and mathematics.

All students must complete the courses in each of the four areas of general education. At least 30 hours of the academic program must be completed at Eastern Michigan University. Students should be aware of the 60- and 75-hour rule regarding transfer of community college credit.

Admission and continuation in the clinical laboratory sciences program is based upon the following:

a. A minimum EMU cumulative GPA of 2.0. A cumulative GPA of less than 2.8 mandates warning students of their ineligibility for acceptance into the clinical track.

b. No grade below C in any mathematics or science course.
c. A grade of D (including D- and E) in one course in the clinical laboratory sciences major, upon recommendation by the Program Review Committee, result in dismissal from the CLS program.

d. Freedom from any kind of probation (administrative, academic, academic dishonesty or other university-sanctioned probations) must be maintained. While on academic probation, no student may register for, remain in, or receive credit for science courses or practicum courses within the clinical laboratory sciences program.

e. TOEFL scores of 570 or above (230 on the computer-based exam or 88 on the internet-based exam).

f. Students may retake any science, math or CLSC course only one time in order to improve a grade.

g. Transfer credits from any institution must be at least a B or above.

Successful completion of the clinical track and the bachelor of science degree qualifies students to take the national board examination in medical laboratory science.

Clinical Track Requirements

Students must be accepted to Eastern Michigan University before they can be considered by the Clinical Laboratory Science Program Screening Committee. However, admission to EMU does not guarantee admission into the clinical track program.

Students entering the program will be classified initially as clinical laboratory sciences “intents.” Application for full admission to the clinical track program should be made during the winter semester of the junior year.

Application packets can be obtained from the program director. Completed applications must be in the office by March 15 in order to be considered for acceptance for the winter semester.

Selection criteria include overall EMU GPA, letters of recommendation, overall science GPA, interview evaluations, freedom from any academic dishonesty and completed application form.

Admission to the clinical laboratory sciences curriculum/clinical track is competitive and is based on the following:

1. A minimum GPA of 2.8 with no grade below C in any science, mathematics or preprofessional course. The prerequisite courses may be taken at EMU, or other four-year college/university or at a community college.

2. A minimum science GPA of 2.8.

3. Completion of at least 60 hours of University credit, including 45 credit hours of prerequisite mathematics and science courses, as indicated on the application form.
4. Three letters of recommendation. It is suggested that references should include a science instructor and an employer.

5. Documentation that an applicant will have completed all prerequisite clinical laboratory sciences courses prior to beginning clinical rotations in the spring of the senior year.

The first three years of clinical laboratory sciences are similar for both the professional and clinical tracks. It is likely that acceptance into the clinical track will be highly competitive. Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Notes:

* These four courses are an off-campus, full-time clinical internship.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Clinical Laboratory Sciences Major - Medical Laboratory Science Pre-Professional Concentration**

The clinical laboratory sciences program offers a professional track. The professional track is the preferred course of study for students considering graduate school or advanced studies in the clinical sciences. The professional track also can be used as preparation for careers in medicine, dentistry, and veterinary science.
Advising is available by faculty through the clinical laboratory sciences program. To assess progress, students should meet with their adviser each semester in which they are enrolled in classes. The MLS program is accredited by:

National Accrediting Agency for Clinical Laboratory Sciences  
5600 North River Road  
Suite 720  
Rosemont, IL 60018

Certification as a Medical Laboratory Scientist

Once the student has completed the requirements for a B.S. through our NAACLS accredited Medical Laboratory Science Program he or she is eligible to sit for the Board of Certification exam sponsored by the American Society of Clinical Pathologist.

Professional Track

This curriculum is a four-year program at Eastern Michigan University:

Preprofessional track: This option consists of eight semesters of course work in general education and in basic, advanced and clinical sciences. Graduates will be prepared for careers in medicine, dentistry, veterinary medicine and other health care industries, and as physician’s assistants. Additionally, graduates will be eligible for entry into a master’s or doctoral level program in the basic or clinical sciences. Students also would be eligible for one-year hospital rotations and subsequent certification as registered medical technologists.

The major in clinical laboratory sciences follows an interdisciplinary format composed of courses in clinical laboratory sciences, biology, chemistry and mathematics.

All students must complete the courses in each of the four areas of general education. At least 30 hours of the academic program must be completed at Eastern Michigan University. Students should be aware of the 60- and 75-hour rule regarding transfer of community college credit.

Admission and continuation in the clinical laboratory sciences program is based upon the following:

a. A minimum EMU cumulative GPA of 2.0. A cumulative GPA of less than 2.8 mandates warning students of their ineligibility for acceptance into the clinical track.

b. No grade below C in any mathematics or science course.

c. A grade of D (including D- and E) in one courses in the clinical laboratory sciences major may, upon recommendation by the Program Review Committee, result in dismissal from the CLS program.
d. Freedom from any kind of probation (administrative, academic, academic dishonesty or other university sanctioned probations) must be maintained. While on academic probation, no student may register for, remain in, or receive credit for science courses or practicum courses within the clinical laboratory sciences program.

e. TOEFL scores of 570 or above (230 on the computer-based exam or 88 on the internet-based exam).

f. Students may retake any science, math or CLSC course only one time in order to improve a grade.

g. Transfer credits from any institution must be at least a B or above.

Successful completion of the clinical track and the bachelor of science degree qualifies students to take the national board examination in medical laboratory science.

Professional Track Requirements

The professional track is designed for students with an interest in the clinical sciences, whose career goals may not include working as a registered medical technologist in a hospital laboratory setting.

Students electing the professional track of the clinical laboratory sciences program complete eight semesters of academic course work.

Work opportunities are diverse and include employment in pharmaceutical companies, analytical laboratories and research laboratories. The clinical practicum is not required for the professional track.

Formal application into the professional track is not required. Students must maintain an overall GPA of 2.0 in the major and satisfy University requirements for graduation. Registration for cooperative courses requires a 2.5 overall GPA and 2.5 in the sciences.

These curricula lead to a bachelor of science in the clinical laboratory sciences program.

- CLSC 433 - Clinical Microbiology Laboratory 2 hrs
- CLSC 434 - Advanced Immunohematology 3 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:
Please note that CLSC labs are open to Clinical track students first, then to students in the Professional track concentration.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Communication Technology Major

Communication technology is a joint program offered by the Department of Interdisciplinary Technology and the Department of Communication, Media and Theatre Arts. This curriculum is designed to provide the background necessary for graduates to find employment as managers in communication-based industries. The program emphasis is on having the student acquire those business, manufacturing, media, computer and communication skills necessary for employment in today's communication technology industries and business organizations.
An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Dave Gore
Email: dgore@emich.edu
Phone Number: 487-1161

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 65 hours

Media Production: 9 hours

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

One course from the following:

- CTAT 331 - Intermediate Radio Production and direction 3 hrs
- CTAT 332 - Intermediate Television Production and Direction 3 hrs

Transmission Systems: 9 hours

- CMT 305W - Communication Transmission Systems (Gen Ed Area I, W) 3 hrs
- CMT 408 - Telephone Technology 3 hrs
- ELEC 120 - Principles of Electrical Theory 3 hrs
Computer Technology: 12 hours

*Choose one option from the following:*

**Option I: Computer Programming**
- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 255 - Computer Hardware and Software Systems 3 hrs

**Option II: Information Management**
- IS 219 - File Processing and COBOL Programming 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs

One course from the following:
- IS 417 - Systems Analysis and Design 3 hrs
- IS 442 - Information Resource Management 3 hrs

**Option III: Graphic Applications**
- CMT 205 - Digital Photo-Technology 3 hrs
- CMT 301 - Multimedia Authoring Techniques 3 hrs
- CMT 421 - Web Publishing Technology 3 hrs
- CMT 436 - Electronic Publishing Technology 3 hrs

**Communication Theory and Practice: 6 hours**
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 354 - Organizational Communication 3 hrs

**Business and Investment Skills: 6 hours**
• MKTG 360 - Principles of Marketing 3 hrs
• PSY 205 - Quantitative Methods in Psychology 3 hrs

Management Skills: 6 hours
• ACC 130 - Accounting for Nonbusiness Majors 3 hrs
• MGMT 202 - Business Communication 3 hrs

Interdisciplinary Technology: 17 hours
• CMT 121 - Graphic Communication 3 hrs
• CMT 131 - Introduction to Computer Graphic Systems 3 hrs
• CMT 387 - Co-operative Education 3 hrs
• CMT 409 - Emerging Technologies in Storage and Retrieval 3 hrs
• CMT 425 - Communication Technology and Social Change 3 hrs
• CMT 470 - Senior Seminar in Communication Technology 2 hrs

Minor Requirements:
This program does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Computer Engineering Technology Major

The computer engineering technology program applies scientific, computer, and engineering knowledge, combined with technical skills, in support of computerized activities. The computing field is one of the fastest growing segments of industry, and the program is developed to include many application aspects of computer engineering technology. The graduates generally apply the theories and principles to design, analyze, produce, operate, program and maintain computer and digital control systems. In addition, the curriculum includes the study of engineering database management and engineering information technology. Graduates are employed in industry as computer engineers, computer architecture designers, software engineers and engineering information technologists.

Phone Number: 487-2040

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 81-87 hours

Required Courses: 78-81 hours

- Writing Intensive Course (3 hrs)
- CET 151 - Introduction to Computing in Engineering Technology 3 hrs
- CET 353 - Web Development for Engineering Applications 3 hrs
- CET 387 - Cooperative Education in Computer Engineering Technology 3 hrs
- CET 427 - Programmable Logic Controller 3 hrs
- CET 451 - Engineering Database Development 3 hrs
- CET 453 - Engineering Programming 3 hrs
- CET 491 - Senior Design Capstone 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 246 - Programming in C++ 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- ELEC 200 - Circuit Analysis I 3 hrs
- ELEC 214 - Digital Circuit Analysis I 3 hrs
- ELEC 215 - Computer-Aided Electronics 3 hrs
- ELEC 218 - Motors and Controls 3 hrs
• ELEC 300 - Analog Circuit Analysis I 3 hrs
• ELEC 320 - Microcomputer Circuits 3 hrs
• ET 100 - Introduction to Engineering Technology 2 hrs
• * ET 101 - Introduction to Engineering Technology Computing 1 hr
• IS 380 - Introduction to Databases 3 hrs
• OM 374 - Introduction to Operations Management 3 hrs
• PDD 122 - Engineering Graphics 4 hrs

One of the following:

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• MATH 140 - Applied Trigonometry and Calculus I for Technology (Gen Ed Area II) 4 hrs

One of the following:

• MATH 121 - Calculus II 4 hrs
• MATH 141 - Applied Calculus II for Technology 3 hrs

One of the following:

• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One of the following:

• PHY 222 - Electricity and Light 4 hrs
• PHY 224 - Electricity and Light 5 hrs

Restricted Electives: 3-6 hours

Three hours from the following selected in consultation with an adviser:

• CET 426 - Engineering Product Information 3 hrs
• COSC 221 - Computer Organization I 3 hrs
• COSC 321 - Computer Organization II 3 hrs
• ELEC 314 - Digital Circuit Analysis II 3 hrs
• ELEC 420 - Advanced Microprocessors 3 hrs
• IS 315 - Object-Oriented Application Development 3 hrs
• MATH 122 - Elementary Linear Algebra 3 hrs
• MATH 325 - Differential Equations 3 hrs
• MET 223 - Descriptive Geometry 2 hrs
• PDD 111 - Materials 3 hrs
• PDD 123 - Manufacturing Processes 4 hrs
• PHY 230 - Engineering Dynamics 4 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Error in catalog: This course was left out of the undergraduate catalog.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Construction Management Major**

The construction management major includes course work in general education with specified science and mathematics courses, business courses, electives (a list of recommended course electives that require the prior approval of a construction or facility management adviser) and technical courses. A minor is not required. A C- or better is required for all major courses.

The construction management major is designed to prepare men and women for middle- and upper-level management in the construction industry. The major has been developed in cooperation with experts from the construction industry and guidelines are established by major construction associations and feedback from employers and graduates. The construction management major reflects the current needs and trends in the construction industry and is accredited by the American Council for Construction Education.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 97 hours

Required Courses: 52 hours

- CNST 125 - Introduction to Construction 2 hrs
- CNST 201 - Construction Systems 3 hrs
- CNST 202 - Construction Materials 3 hrs
- CNST 206 - Surveying 3 hrs
- CNST 213 - Construction Safety 3 hrs
- CNST 228 - Construction Graphics 3 hrs
- CNST 229 - Analysis of Commercial Prints 3 hrs
- CNST 302 - Contract Documents, Regulations, and Specifications 3 hrs
- CNST 303 - Electrical, Mechanical, and Equipment Systems 3 hrs
- CNST 304 - Construction Estimating and Bidding 3 hrs
- CNST 361 - Planning and Scheduling 3 hrs
- CNST 387 - Cooperative Education in Construction Management 3 hrs
- CNST 403 - Production Control 2 hrs
- CNST 406W - Construction Law (Gen Ed Area I, W) 3 hrs
- CNST 412 - Fundamentals of Structural Design 3 hrs
- CNST 436 - Heavy/Highway Construction Contracting 3 hrs
- CNST 440 - LEED for New Construction and Major Renovations 3 hrs
• CNST 450 - Fundamentals of Construction Project Management 3 hrs

Construction Management Restricted Electives: 12 hours

12 hours from the following (Minimum one course with CNST prefix):

• MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
• MATH 107 - Plane Trigonometry 2 hrs
• CNST 426 - Mechanical and Electrical Construction Applications 3 hrs
• CNST 427 - Industrial Construction 2 hrs
• CNST 437 - Environmental Construction Contracting 2 hrs
• CNST 438 - Fundamentals of Land Development 2 hrs
• CNST 446 - Senior Seminar on Professional Issues in Engineering, Technology and Construction 1 hr
• CNST 479 - Special Topics 3 hrs
• GHPR 335 - Historic Preservation 3 hrs
• GPLN 215 - Introduction to Urban and Regional Planning 3 hrs
• IDE 208 - Introduction to Basic Design 3 hrs
• IDE 317 - Lighting Systems for Interior Designers 3 hrs

Business Major Requirements: 15 hours

• Any course from the College of Business not already taken (3 hrs)
• ACC 240 - Principles of Financial Accounting 3 hrs
• LAW 293 - Legal Environment of Business 3 hrs
• MGMT 202 - Business Communication 3 hrs
• MGMT 384 - Human Resource Management 3 hrs

Natural Sciences/Math Restricted Elective: 4 hours

Four hours from the following:

• CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
with

- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Additional courses with adviser approval.

General Restricted Electives: 14 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

Choose one of the following:

- ECON 100 - Introduction to Economic Problems and Policies (Gen Ed Area IV) 3 hrs
- ECON 200 - The American Economy 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical
education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Electronic Engineering Technology Major

The electronic engineering technology major is designed to prepare students for interesting and challenging positions in the diverse field of electronics. The curriculum provides for a strong foundation in electronics to support future changes in technology or the career roles of the individual. The graduate may find employment on engineering teams in product design and development, in production and automation, in instrumentation and communications or in technical sales and operations.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 88-91 hours

Required Courses: 88-91 hours

- Writing Intensive Course (3 hrs)
- CET 426 - Engineering Product Information 3 hrs
- CET 427 - Programmable Logic Controller 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- COSC 246 - Programming in C++ 3 hrs
- ELEC 200 - Circuit Analysis I 3 hrs
- ELEC 210 - Circuit Analysis II 3 hrs
- ELEC 214 - Digital Circuit Analysis I 3 hrs
- ELEC 215 - Computer-Aided Electronics 3 hrs
- ELEC 218 - Motors and Controls 3 hrs
- ELEC 300 - Analog Circuit Analysis I 3 hrs
- ELEC 310 - Analog Circuit Analysis II 3 hrs
- ELEC 314 - Digital Circuit Analysis II 3 hrs
- ELEC 320 - Microcomputer Circuits 3 hrs
- ELEC 326 - Transform Circuit Analysis with Calculus 3 hrs
- ELEC 387 - Cooperative Education in Electronic Technology 3 hrs
- ELEC 415 - Communication Circuits 3 hrs
- ELEC 420 - Advanced Microprocessors 3 hrs
- ELEC 450 - Senior Design Project 3 hrs
- ET 100 - Introduction to Engineering Technology 2 hrs
- * ET 101 - Introduction to Engineering Technology Computing 1 hr
- MATH 122 - Elementary Linear Algebra 3 hrs
• MET 312 - Applied Dynamics Principles 3 hrs
• PDD 122 - Engineering Graphics 4 hrs
• QUAL 320 - Industrial Quality Control 3 hrs

One of the following:
• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One of the following:
• PHY 222 - Electricity and Light 4 hrs
• PHY 224 - Electricity and Light 5 hrs

One of the following:
• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• MATH 140 - Applied Trigonometry and Calculus I for Technology (Gen Ed Area II) 4 hrs

One of the following:
• MATH 121 - Calculus II 4 hrs
• MATH 141 - Applied Calculus II for Technology 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Error in catalog: This course was left out of the undergraduate catalog.*
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Interdisciplinary Environmental Science and Society (IESS) (NEW PROGRAM)**

**NEW PROGRAM: EFFECTIVE WINTER 2012**

The Interdisciplinary Environmental Science and Society (IESS) program is an interdisciplinary program designed to provide broad knowledge of the interaction between humans and the environment from various points of view. Students can tailor their curriculum by following one of several concentrations
and subconcentrations to gain a deeper understanding of an environmental issue depending on their interest. Currently, concentrations in *Environmental Science* and *Environment and Society* are available, but more can be developed in the future. All IESS students will learn how population growth and increased economic activity affect our environment and how GIS can be used as a tool to present environmental data. Students choosing the *Environmental Science* concentration learn the concepts needed to understand the "Grand Challenges in Environmental Science" as identified by the National Academies of Science including biodiversity and ecosystem functioning, climate variability, hydrologic forecasting, land-use dynamics, and biogeochemical cycles. Students choosing the *Environment and Society* concentration learn how environmental policies and regulations have economic, political, and social impacts.

Students completing the program will be competitive to enter careers such as environmental technician, environmental advocate, hydrologist, resource manager, and environmental lobbyist. Research institutions, regulatory agencies, nonprofit organizations, and consulting firms will be the main source of employment for graduates of the program. Although, as with many science baccalaureate degrees, many of the jobs available to students who complete the *Environmental Science* concentration are entry-level, experience and graduate work can allow students to advance to environmental management positions. The environmental science degree, in consultation with an adviser, prepares students to enter a graduate degree or graduate certificate program in a specific environmental science such as atmospheric scientist, ecologist, or hydrogeologist.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Required Core Courses: 32-34 hours**

- ENVI 105 - Introduction to Environment and Society (NEW COURSE) 3 hrs
- ENVI 305 - Current Topics in Environmental Science and Society (NEW COURSE) 3 hrs
- ENVI 405 - Capstone Seminar (NEW COURSE) 1 hr
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs

One of the following:

- BIO 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs
- ESSC 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs

One of the following:

- * BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs

One of the following:

- CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
  AND
- CHEM 116 - Chemistry and Society Laboratory (Gen Ed Area IV) 1 hr
  OR
- * CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
  AND
- * CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One of the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
  AND
- ESSC 109 - Earth Science Laboratory for Non-Science Majors (Gen Ed Area IV) 1 hr
  OR
- * ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
Choose a Concentration:

*Students must choose from either the Environmental Science concentration or the Environment and Society concentration.*

**Environmental Science Concentration: 45-58 hours**

*Students choose an emphasis from the list below. Students must complete all the requirements of the emphasis chosen.*

- Atmosphere and Climate Emphasis
- Environmental Biology Emphasis
- Environmental Chemistry Emphasis
- Environmental Geoscience Emphasis
- Environmental Hydrology Emphasis

**Environment and Society Concentration: 30 hours**

**Required Concentration Courses: 15 hours**

- ESSC 495 - Environmental Assessment and Planning 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- HIST 416 - American Environmental History 3 hrs
- LAW 456 - Environmental Law 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

**Concentration Electives: 15 hours**

*Students choose 5 courses from the following:*

- ECON 336 - Economics of Environment and Natural Resources 3 hrs
- ENGL 310 - Writing and Civic Literacy 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PLSC 336 - Foundations of the U.S. Nonprofit Sector 3 hrs
- PLSC 342 - International Organizations 3 hrs
• PLSC 435 - Nonprofit Management and Leadership 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Environmental Science concentration students must take BIO 110, CHEM 121/122, and ESSC 110

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
University Information: Consult the online catalog at catalog.emich.edu.

K-12 Technology and Design Education Major

The technology and design major prepares teachers of technology education for grades K-12.

This major must be completed in conjunction with the technology education curriculum. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in technology and design, certification code TX. The Michigan Test for Teacher Certification (MTTC) covering this field is #088, “Technology and Design.”

Graduates may qualify for a vocational endorsement by completing the BMMT 200 - Principles of Career and Technical Education and BMMT 363 - Curriculum for Career and Technical Education, and have two years of occupational experience in employment related to the area of study. Options for cooperative work experience are available to students as partial credit toward that occupational requirement.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Phillip Cardon
Email: phillip.cardon@emich.edu
Phone Number: 487-4330

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 37 hours

- Elective in technology (requires adviser permission) (1 hr)
• CMT 121 - Graphic Communication 3 hrs
• CNST 201 - Construction Systems 3 hrs
• ELEC 200 - Circuit Analysis I 3 hrs
• PDD 123 - Manufacturing Processes 4 hrs
• TEDU 104 - Modeling, Automation, and Energy 3 hours
• TEDU 106 - Processing Technology 3 hrs
• TEDU 114 - Information and Control Technology 3 hrs
• TEDU 118 - Energy and Transportation Technology 3 hrs
• TEDU 246 - Safety in Technology and Vocational Education 2 hrs
• TEDU 250 - Foundations of Technology and Vocational Education 3 hrs
• TEDU 350 - Curriculum in Technology and Vocational Education 3 hrs
• TEDU 450 - Solving Technological Problems 3 hrs

Professional Studies: 34 hours

Pre-Admission Phase: The Learner and the Community: 7 hours

*These courses may be taken before formal admission to the Initial Teacher Preparation Program:*

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 6 hours

• EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 9 hours

• PRCT 311 - Practicum II: Secondary 3 hrs
• RDNG 311 - Teaching Reading in the Secondary School 3 hrs
• TEDU 460 - Methods of Teaching Technology and Vocational Education 3 hrs

Phase III: Capstone Experience: 12 hours

• EDUC 489 - Student Teaching 12 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. Students who have at least 4,000 hours of work experience (2 years) and/or 18 credits in an occupational area related to automotive, construction, drafting/CAD, Electricity, graphics, machining, or radio and TV broadcasting may want to consider the Vocational Technical Endorsement Minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 02/2011

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. **Mechanical Engineering Technology Major**

http://www.emich.edu/cot/met

The mechanical engineering technology major offers the opportunity to prepare for rewarding and responsible careers in support of technical and engineering activities. The program is designed to provide graduates with a strong technical foundation that integrates the methods, materials, machinery and power resources found in modern industry. Students receive both lecture and hands-on laboratory training in manufacturing processes, engineering mechanics, thermo-fluid sciences and machine design, culminating in a senior design capstone project.

Advising Roadmap
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 82-85 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ELEC 200 - Circuit Analysis I 3 hrs
- ELEC 218 - Motors and Controls 3 hrs
- ET 100 - Introduction to Engineering Technology 2 hrs
- ET 101 - Introduction to Engineering Technology Computing 1 hr
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- MET 211 - Statics 3 hrs
- MET 312 - Applied Dynamics Principles 3 hrs
- MET 313 - Applied Mechanics of Materials 3 hrs
- MET 314 - Applied Thermodynamics and Heat Transfer 3 hrs
- MET 316 - Design for Manufacturing and Tooling 3 hrs
- MET 319 - Fluid Mechanics 3 hrs
- MET 387 - Cooperative Education in Mechanical Engineering Technology 3 hrs
- MET 411 - Mechanical/Machine Design 3 hrs
- MET 437 - Kinematics of Machines 3 hrs
- MET 470 - Mechanical Vibrations 2 hrs
- MET 492 - Senior Design Projects I 3 hrs
- MET 493 - Senior Design Projects II 3 hrs
- PDD 111 - Materials 3 hrs
- PDD 122 - Engineering Graphics 4 hrs
• PDD 123 - Manufacturing Processes 4 hrs
• PDD 435 - Finite Element Analysis 3 hrs

One of the following:
• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One of the following:
• PHY 222 - Electricity and Light 4 hrs
• PHY 224 - Electricity and Light 5 hrs

One of the following:
• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• MATH 140 - Applied Trigonometry and Calculus I for Technology (Gen Ed Area II) 4 hrs

One of the following:
• MATH 121 - Calculus II 4 hrs
• MATH 141 - Applied Calculus II for Technology 3 hrs

Minor Requirements

This program does not require a minor.

Program Total

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- **Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Polymers and Coatings Technology Major**

The polymers and coatings curriculum is designed to provide the background necessary for graduates to find employment in companies that manufacture and use paints, coatings, rubber, plastics, polymers, adhesives and inks, or in companies that manufacture raw materials for these industries. Students completing this curriculum have met the major and minor requirements for graduation. No outside minor is needed.

Additional department information is available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 16 hours

- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Major Requirements: 51 hours

- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- PC 203 - Miniaturization in Technology 3 hrs
- PC 260 - Introduction to Coatings Science and Technology 3 hrs
- PC 310 - Polymers for Engineers and Technologists 3 hrs
- PC 387 - Cooperative Education in Interdisciplinary Technology 3 hrs
- PC 400 - Polymers and Coatings Technology I 3 hrs
- PC 401 - Polymers and Coatings Technology I Laboratory 3 hrs
- PC 402 - Polymers and Coatings Technology II 3 hrs
- PC 403 - Polymers and Coatings Technology II Laboratory 3 hrs
- PC 404 - Coatings Raw Materials 3 hrs
- PC 416 - Water-Based Coatings 3 hrs
- PC 460 - Advanced Coatings Topics 3 hrs
- SET 350W - Engineering Communication (Gen Ed Area I, W) 3 hrs

Elective Courses: 18 hours

_Eighteen hours from the following:_

- CHEM 340 - Introduction to Industrial Chemistry 3 hrs
- CHEM 341 - Fundamentals of Material Science 3 hrs
- CHEM 415 - Environmental Chemistry 3 hrs
- PC 185 - World of the Super Small 3 hrs
- PC 379 - Special Topics 3 hrs
- PC 406 - Colloids and Interfaces 3 hrs
- PC 407 - Coating Processes II 3 hrs
- PC 477 - Special Topics 1 hr
- PC 478 - Special Topics 2 hrs
- PC 479 - Special Topics 3 hrs
- PC 487 - Cooperative Education in Interdisciplinary Technology 3 hrs
- PC 497 - Independent Study 1 hr
- PC 498 - Independent Study 2 hrs

Minor Requirements

This program does not require a minor.

Program Total

Students must earn a minimum total of 124 credits at the 100-level or above.
Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Product Design and Development Major

Students majoring in Product Design and Development are prepared for a wide range of product design and development job opportunities. The program prepares students to participate in the customer driven product realization process including concept generation, evaluating design alternatives, computer modeling, prototyping, engineering analysis, selecting materials and processes, cost estimating, tool development, quality and production.

School of Engineering Technology Information:

School Director: Bob Lahidji

Phone Number for Advisors: 487-2040

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 92 hours

- ARTS 122 - Three-Dimensional Design 3 hrs
- CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PDD 111 - Materials 3 hrs
- PDD 122 - Engineering Graphics 4 hrs
- PDD 123 - Manufacturing Processes 4 hrs
- PDD 156 - Teamwork in Product Design and Development 3 hrs
- PDD 157 - Introduction to Product Design 3 hrs
- PDD 212 - Molding Materials and Processes 3 hrs
- PDD 220 - Geometric Dimensioning and Tolerancing 3 hrs
- PDD 224 - 3-D Solid Modeling 3 hrs
- PDD 309 - Molded Product Design 3 hrs
- PDD 310 - Formed Product Design 3 hrs
- PDD 316 - Concept Development Studio 3 hrs
- PDD 325 - Applied Statics and Strength of Materials 4 hrs
- PDD 331 - Product Design Data Management 3 hrs
- PDD 350 - Prototyping 3 hrs
- PDD 380 - Engineering Cost Estimating 3 hrs
- PDD 387 - Cooperative Education in Product Design 3 hrs
- PDD 432 - 3-D Modeling and Surfacing Techniques 3 hrs
- PDD 433 - Advanced Tool Development 3 hrs
- PDD 435 - Finite Element Analysis 3 hrs
- PDD 491 - Computer-Aided Design Studio 3 hrs
- PDD 492 - Product Realization Studio 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- QUAL 320 - Industrial Quality Control 3 hrs
- SET 350W - Engineering Communication (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

60 Hour Waiver

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." **Students in this program may earn up to (but not exceed) 70 hours in "PDD" credit towards graduation.**

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
