The technology management program is designed for transfer students with an associate of applied science degree. The interdisciplinary curriculum provides the necessary foundation to meet the changing needs of management in a variety of fields; ranging from business and health to criminal justice, environmental sciences, automotive technology and computer service technology.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

More information about this major can be found at the program website.

School of Technology Studies Information:

School Director: John Boyless
School Contact: john.boyless@emich.edu

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Pam Becker
Email: pbecker@emich.edu
Phone Number: 487-1161

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 9-12 hours
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

One course from the following:
- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- STS 224 - Solving Quantitative Problems in Technology (Gen Ed Area II) 3 hrs

Must take this course or a proficiency exam:
- STS 201 - Microcomputer Applications in Technology 3 hrs

Major Requirements: 60-79 hours

Core Courses: 18 hours

*Error in Catalog: "An upper-level writing intensive course" was not supposed to be part of this core.
- TM 130 - Introduction to Technology Management 3 hrs
- TM 212 - The Management of Technological Change 3 hrs
- TM 311 - Information Technology Management and Organizations 3 hrs
- TM 314W - A Socio-Technical Systems Approach to Process Improvement (Gen Ed Area I, W) 3 hrs
- TM 402 - Technology Project Management 3 hrs
- TM 415 - Senior Seminar in Technology Management 3 hrs

Technology Management Elective Courses: 12-15 hours

Choose four of the following. At least one must be a 300- or 400-level course.
- ACC 130 - Accounting for Nonbusiness Majors 3 hrs
- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- ACC 358 - Analysis of Financial Statements 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- LAW 403 - Employment Law 3 hrs
- MGMT 384 - Human Resource Management 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- MKTG 369 - Advertising 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- TM 308 - Seminar in Technological Impacts 3 hrs
- TM 377 - Special Topics 1 hr
- TM 378 - Special Topics 2 hrs
- TM 379 - Special Topics 3 hrs
- TM 387 - Cooperative Education 3 hrs
- TM 477 - Special Topics 1 hr
- TM 478 - Special Topics 2 hrs
- TM 479 - Special Topics 3 hrs

Technical Concentration 30-46 hours

*The following technical specializations from two-year institutions may be transferable into this concentration. These technical specializations will include, but are not limited to, the following areas:*

Automotive service technology
Biomedical engineering technology
Computer service technology
Correctional science
Criminology
Emergency medical technician
Environmental technology
Fire technology
Fluid power technology
Graphic design technology
Health information technology
Laser-electro optics
Photographic technology
Public Safety technology
Refrigeration and air conditioning technology
Telecommunication technology

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Bachelor of Science in Nursing

Nursing Major

This curriculum leads to the bachelor of science in nursing (B.S.N.) degree and requires the following courses to complete the 124 hours needed for graduation. Curriculum revisions may result in changes in nursing courses listed below, as well as prerequisite courses. Potential nursing students should consult with the School of Nursing and/or the College of Health and Human Services Advising Center for the most accurate information at 734.487.0918.

Email: chhsadvising@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 23-26 hours

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
• DTC 203 - Nutrition for Health Professionals 3 hrs
• PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

One course from the following:

• * CLSC 432 - Clinical Microbiology 3 hrs
• BIO 328 - Introductory Microbiology 3 hrs

One course from the following:

• EDPS 325 - Life Span Human Growth and Development 4 hrs
• IHHS 260 - Aging to Infancy: A Life Course Retrospective 3 hrs

One of the following two course sequences: 6-8 hours

• SPMD 201 - Human Anatomy for Sports Medicine 3 hrs
• SPMD 202 - Human Physiology for Sports Medicine 3 hrs

or

• BIO 251 - Human Anatomy and Physiology I 4 hrs
• BIO 252 - Human Anatomy and Physiology II 4 hrs

One course from the following:

• ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
• SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs

**Major Requirements: 60 hours**

• NURS 208 - The Art and Science of Nursing I 2 hrs
• NURS 209 - The Art and Science of Nursing I Clinical 3 hrs
• NURS 220 - Health Assessment 2 hrs
• NURS 250 - The Art and Science of Nursing II 2 hrs
• NURS 251 - The Art and Science of Nursing II Laboratory 3 hrs
• NURS 260 - Pathophysiology 4 hrs
• NURS 270 - Pharmacology 3 hrs
• NURS 275 - Essentials of Professional Nursing Practice I 3 hrs
• NURS 304 - Nursing Care of Childbearing Families 2 hrs
• NURS 305 - Nursing Care of Childbearing Families Clinical 3 hrs
• NURS 306 - Child/Family Health Nursing 2 hrs
• NURS 307 - Child Family Health Nursing Laboratory 3 hrs
• NURS 330 - Adult Health Nursing I 2 hrs
• NURS 331 - Adult Health Nursing I Clinical 3 hrs
• NURS 350 - Psychiatric/Mental Health Nursing 2 hrs
• NURS 351 - Psychiatric/Mental Health Nursing Clinical 3 hrs
• NURS 372 - Nursing Research 2 hrs
• NURS 375W - Essentials of Professional Nursing Practice II (Gen Ed Area I, W) 3 hrs
• NURS 404 - Adult Health Nursing II 2 hrs
• NURS 405 - Adult Health Nursing II Clinical 3 hrs
• NURS 450 - Community Health Nursing 2 hrs
• NURS 451 - Community Health Nursing Clinical 3 hrs
• NURS 475 - Essentials of Professional Nursing Practice III 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

A program fee of $66 per credit hour is assessed on each nursing course with 300 or above designation.

*Only available to students who have taken SPMD 201 and SPMD202.
Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Nursing Major - B.S.N. Second Degree

The second degree-BSN (SD-BSN) program sequence provides an opportunity for individuals who have a bachelor's degree in a discipline other than nursing to complete a B.S.N. in 16 months of full-time study. The same admission criteria apply as for the traditional B.S.N. program, plus three other prerequisite courses. Those three courses (pathophysiology, microbiology and therapeutic human nutrition) must be completed with a C or better before the admitted student is allowed to progress to the clinical nursing courses.
Please also see the Nursing Major Degree.

Combined Bachelor’s-Master’s

Bachelor’s-Master’s Degree in Accounting (B.B.A. -M.S.A.)

This combined degree program prepares students for careers in public accounting, industry and governmental and nonprofit entities. CPA candidates must have completed 150 hours of education before being admitted as members of the American Institute of Certified Public Accountants and to be licensed in most states.

Admission Requirements

Following are the minimal standards for admission to the combined B.B.A and M.S.A. degree program in accounting. Generally, each item should be satisfied, though the candidate’s overall record is considered. Transfer credits and grades will be evaluated in terms of Eastern Michigan University equivalency.

Initial admission is dependent on:

1. completion of 90 hours of undergraduate course work including College of Business requirements, General Education requirements and ACC340 Intermediate Accounting;

2. a cumulative GPA of 3.0 on a 4.0 scale;

3. the candidate’s written statement of personal goals; and

4. an interview with the program adviser.
Admission to the graduate level requires:

1. completion of 120 hours of undergraduate course work including course content noted under initial admission above and the undergraduate components (i.e., required and restricted electives);

2. a GMAT score of 500 (must be taken during the fourth year, so that the candidate’s score is received before admission to the fifth year);

3. a cumulative G.P.A. of 3.0 and a 4.0 scale; and

4. completed application and payment of fee to the Graduate School.

Candidates should apply to the graduate program at the beginning of their senior year and take the Graduate Management Admission Test (GMAT) during that same year.

To inquire about the specific requirements and to develop the program of study, contact:

Director of Graduate Business Programs
404 Gary M. Owen Building

Additional Requirements: 6 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Undergraduate Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Accounting Core Courses: 21 hours

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs
- * ACC 540 - Corporate Financial Reporting 3 hrs
One course from the following:

- ACC 344 - Principles of Taxation 3 hrs
- * ACC 544 - Federal Income Taxation 3 hrs

Restricted Elective: 3 hours

Select one course from the following. If ACC 344 is selected for the accounting core course requirement, restricted elective course must be from the 500-level.

- ACC 442 - Advanced Cost Accounting 3 hrs
- ACC 450 - Internal Auditing 3 hrs
- ACC 460 - Principles of Fraud Examination 3 hrs
- ACC 475 - International Accounting 3 hrs
- ACC 479 - Special Topics 3 hrs
- ACC 491 - Accounting Honors Thesis 3 hrs
- ACC 499 - Directed Studies 3 hrs
- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- ACC 511 - Accounting for E-Commerce 3 hrs
- * ACC 541 - Advanced Financial Accounting 3 hrs
- ** ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
- * ACC 548 - Information Systems Audit and Control 3 hrs
- ACC 560 - Fraud Examination 3 hrs
- ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
- * ACC 585 - Business Tax Planning 3 hrs
- * ACC 592 - Special Topics 3 hrs
- ACC 672 - Investment and Tax Financial Planning 3 hrs

Graduate Program Requirements: 24 hours

Required Accounting Courses: 6 hours
• ACC 567 - Professional Auditing 3 hrs
• ACC 696 - Accounting Theory, Research and Policy 3 hrs

Restricted Accounting Courses: 12 hours

*Twelve credit hours from the following: Note: If you wish to graduate with one of 4 MSA Tracks (Accounting Information Systems, Internal Auditing, Tax & Financial Planning, and Financial Services) please see The COB Graduate Programs Office when making course selections.*

• ACC 510 - Contemporary Accounting Information Systems 3 hrs
• ACC 511 - Accounting for E-Commerce 3 hrs
• * ACC 541 - Advanced Financial Accounting 3 hrs
• ** ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
• * ACC 548 - Information Systems Audit and Control 3 hrs
• ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
• * ACC 585 - Business Tax Planning 3 hrs
• * ACC 592 - Special Topics 3 hrs
• ACC 642 - Strategic Cost Management 3 hrs
• ACC 675 - International Accounting and Taxation 3 hrs
• ACC 681 - Special Topics 3 hrs
• ACC 699 - Independent Study 3 hrs

Restricted Electives: 6 hours

Select six credit hours from any combination of 500- to 600- level ACC, COB, DS, FIN, IB, IS, OM, MGMT, MKTG, LAW or SCM courses

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:
Each student must complete a writing intensive course as part of major completion requirements. Consult your adviser for course options.

All 200-level core courses listed above must be completed prior to admission to the College of Business.

Students must have a 3.0 GPA and a 500 GMAT to be admitted to the graduate portion of the program.

*Students must be admitted to the graduate portion of the program before registering for courses in the graduate section of this program of study. For ACC 540, an exception requiring department approval may be requested.

**Students planning on taking the CPA exam in Michigan must take ACC 546.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Bachelor’s-Master’s Degree in Accounting Information Systems (B.B.A. -M.S.A.)**
This combined degree program prepares students for careers in public accounting, industry and governmental and nonprofit entities. CPA candidates must have completed 150 hours of education before being admitted as members of the American Institute of Certified Public Accountants and to be licensed in most states.

**Admission Requirements**

Following are the minimal standards for admission to the combined B.B.A and M.S.A. degree program in accounting. Generally, each item should be satisfied, though the candidate’s overall record is considered. Transfer credits and grades will be evaluated in terms of Eastern Michigan University equivalency.

Initial admission is dependent on:

1. completion of 90 hours of undergraduate course work including College of Business requirements, General Education requirements and ACC340 Intermediate Accounting;
2. a cumulative GPA of 3.0 on a 4.0 scale;
3. the candidate’s written statement of personal goals; and
4. an interview with the program adviser.

Admission to the graduate level requires:

1. completion of 120 hours of undergraduate course work including course content noted under initial admission above and the undergraduate components (i.e., required and restricted electives);
2. a GMAT score of 500 (must be taken during the fourth year, so that the candidate’s score is received before admission to the fifth year);
3. a cumulative G.P.A. of 3.0 and a 4.0 scale; and
4. completed application and payment of fee to the Graduate School.

Candidates should apply to the graduate program at the beginning of their senior year and take the Graduate Management Admission Test (GMAT) during that same year.

Additional Requirements: 6 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Undergraduate Requirements: 69 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
• MGMT 202 - Business Communication 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• MGMT 490 - Business Policy 3 hrs
• MKTG 360 - Principles of Marketing 3 hrs
• OM 374 - Introduction to Operations Management 3 hrs

Accounting Information Systems Core Courses: 30 hours

• ACC 296 - The Accounting Cycle and Profession 3 hrs
• ACC 340 - Intermediate Accounting 3 hrs
• ACC 342 - Managerial Cost Accounting 3 hrs
• ACC 356 - Accounting Information Systems 3 hrs
• ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs
• * ACC 548 - Information Systems Audit and Control 3 hrs
• IS 247 - Introduction to Web Application Development 3 hrs
• IS 315 - Object-Oriented Application Development 3 hrs
• IS 320 - Business Data Communications and Information Security 3 hrs

One course from the following:

• ACC 344 - Principles of Taxation 3 hrs
• * ACC 544 - Federal Income Taxation 3 hrs

Restricted Electives: 3 hours

• ACC 442 - Advanced Cost Accounting 3 hrs
• ACC 450 - Internal Auditing 3 hrs
• ACC 460 - Principles of Fraud Examination 3 hrs
• ACC 475 - International Accounting 3 hrs
• ACC 491 - Accounting Honors Thesis 3 hrs
• ACC 499 - Directed Studies 3 hrs
• ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
• ACC 550 - Professional Internal Auditing 3 hrs
• ACC 560 - Fraud Examination 3 hrs
• ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
• ACC 585 - Business Tax Planning 3 hrs
• ACC 592 - Special Topics 3 hrs

Graduate Program Requirements: 24 hours

Required Accounting Courses: 9 hours

• * ACC 540 - Corporate Financial Reporting 3 hrs
• ACC 567 - Professional Auditing 3 hrs
• ACC 696 - Accounting Theory, Research and Policy 3 hrs

Restricted Elective Accounting Courses: 9 hours

• ACC 510 - Contemporary Accounting Information Systems 3 hrs
• ACC 511 - Accounting for E-Commerce 3 hrs

One course from the following:

• * ACC 541 - Advanced Financial Accounting 3 hrs
• ** ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
• ACC 550 - Professional Internal Auditing 3 hrs
• ACC 560 - Fraud Examination 3 hrs
• ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
• * ACC 585 - Business Tax Planning 3 hrs
• * ACC 592 - Special Topics 3 hrs
• ACC 642 - Strategic Cost Management 3 hrs
• ACC 672 - Investment and Tax Financial Planning 3 hrs
• ACC 675 - International Accounting and Taxation 3 hrs
• ACC 681 - Special Topics 3 hrs
• ACC 699 - Independent Study 3 hrs

Restricted Electives: 6 hours

Select six credit hours from any combination of 500- to 600- level ACC, COB, DS, FIN, IB, IS, OM, MGMT, MKTG, LAW or SCM courses

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must complete a writing intensive course as part of major completion requirements. Consult your adviser for course options.

All 200-level core courses listed above must be completed prior to admission to the College of Business.

Students must have a 3.0 GPA and a 500 GMAT to be admitted to the graduate portion of the program.

Combined Bachelor's Degree in Political Science and Master's of Public Administration Degree

The Combined Bachelor’s Degree in Political Science (PLPA) and Master’s of Public Administration Degree is an accelerated five year program in which exceptional students will earn both undergraduate and graduate degrees. Students will spend their first three years engaged in undergraduate studies and their final two completing the graduate program. The total number of credits needed for the program will be 150. At the undergraduate level, students will complete their General Education requirements, a minor and an abbreviated version of the undergraduate Political Science major. Starting their fourth year, students will complete all 40-46 hours of the M.P.A. program, and a portion of the credits will double count toward the undergraduate B.S. degree.

The curriculum requires two internships, one as part of the undergraduate major, the second in the M.P.A. portion. Thus, students will have substantial field experience in public administration upon completing the full B.S./M.P.A. program.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Admission
Students will be invited to apply to the Combined Degree Program by Feb. 1 of their junior year, and will be offered admission by March 1 of their junior year. Applications will require letters of recommendation, a personal statement focusing on career goals and reasons for applying to the program, and an interview with the M.P.A. Director (or a designate). A minimum 3.3 grade-point average will be required for entry to this program.

Phone Number: 487-3113

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Undergraduate Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Restricted Electives: 6 hours

Two courses from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs

Distribution Requirements: 9 hours

Three courses from the groups listed below, including at least one course from each group:

I. Comparative Politics and International Relations

- PLSC 120 - Global Issues (Gen Ed Area III) 3 hrs
• PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
• PLSC 222 - War and Peace in the Nuclear Age 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 311 - Politics of the Developing World 3 hrs
• PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
• PLSC 341 - International Law 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 354 - Canadian Politics 3 hrs
• PLSC 361 - Russian Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
• PLSC 371 - Middle East Politics 3 hrs
• PLSC 372 - African Politics 3 hrs
• PLSC 374 - Asian Politics 3 hrs
• PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
• PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
• PLSC 462 - Russian Foreign Relations 3 hrs
• PLSC 467 - Advanced International Relations 3 hrs

II. Political Theory and Methods:

• PLSC 310 - Methods of Political Research 3 hrs
• PLSC 382 - Politics and the 21st Century 3 hrs
• PLSC 320 - Political Science in Literature and Film 3 hrs
• PLSC 306 - Contemporary Political Thought 3 hrs
• PLSC 307 - Democracy and Power 3 hrs
• PLSC 309 - American Political Theory 3 hrs

Graduate Courses Toward Undergraduate Major: 6 hours
Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Graduate Courses Toward MPA Only: 34-40 hours

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Combined Bachelor-Master's Degree in Occupational Therapy (OT-BMOT)**

Established in 1941, Eastern Michigan University’s Occupational Therapy Program has a long-standing tradition of excellence. The EMU OT Program provides competent and caring professionals to the local community as well as throughout the State of Michigan and across the nation.

The Bureau of Labor Statistics Occupational Outlook Handbook predicts a greater than average employment need for occupational therapists through at least 2014. This is based on the general population growth and the increasing demand for services for those aged 75 years and older who are requiring occupational therapy services to improve their quality of life. In addition, emerging practice areas for occupational therapists, for example, in such areas as driver rehabilitation and fall prevention, continue to develop. Occupational therapists are employed in diverse settings including but not limited to: hospitals, schools, rehabilitation facilities, long-term care facilities, home health care, and in areas of prevention and wellness.

**Program of Study**

Occupational therapy advising for occupational therapy-intent students is performed by the OT intent adviser or the College of Health and Human Services Advising Center. All students should attend a group advising session with the OT Intent Adviser to discuss admission and portfolio requirements. Upon acceptance into the occupational therapy program, students are assigned to a faculty advising team. All students admitted to the program must meet with their advising team before registering each semester.

**Certification in Occupational Therapy**

The National Board for Certification in Occupational Therapy, Inc. (NBCOT) administers the national certification exam for occupational therapists in the United States. All students in occupational therapy programs must successfully complete the academic requirements and fieldwork experiences in their programs in order to be eligible to sit for the national certification examination. After successful completion of this exam, the individual will be an occupational therapist, registered (OTR) and can apply for licensure or registration in the state where they choose to practice. All students must take the NBCOT Certification exam in order to practice in the profession of occupational therapy. Character background information is reviewed by NBCOT to determine a person’s ability to sit for the examination. If you have any potential impediments, such as a felony charge or conviction, an encumbrance of professional license or negligence, malpractice or willful intentional misconduct, we strongly recommend that you contact NBCOT to determine your eligibility to sit for the national exam.

**Contact information:**
The Eugene Casey Building
Combined Bachelor's-Master's Degree in Occupational Therapy

A competitive application process is utilized to select students. Please be aware that admission to Eastern Michigan University as well as successful completion of undergraduate courses does not guarantee entry into the program. A minimum GPA of 2.75 is required to be considered for admission.

There are two different tracks, or means, of entering the Masters of Occupational Therapy program, the 3+2 track and the MOT track. The 3+2 track is designed for undergraduate students who do not yet have a Bachelor's degree. It combines three years of undergraduate general education classes with two years of graduate course work in occupational therapy. This track culminates in a bachelor of science degree and a Master of Occupational Therapy (MOT) degree. Undergraduates accepted into the program must have successfully completed 90 undergraduate credits by August 1 in order to begin the program in the Fall of the year in which they applied.

Required Prerequisite Courses
In order to be considered for admission to the occupational therapy program, a student must complete the following prerequisite courses with a grade of B- or better. If you have previously taken these courses at another university please note that all prerequisite substitutions must be pre-approved before the submission of your portfolio. Submission of your portfolio without prior approval will result in your application being denied.
Anatomy and Physiology
BIO 251 - Human Anatomy and Physiology I
BIO 252 - Human Anatomy and Physiology II

Neuroanatomy
BIO 330 - Neuroanatomy

Medical Terminology
AHPR 200 - Medical Terminology

Statistics
All of the following EMU courses meet this requirement: SOCL 250, EDPS 621, EDPS 651, MATH 170, MATH 360, MATH 370, MATH 571, MATH 573, MATH 574, or PSY 205

Human Growth and Development
IHHS 260 - Aging to Infancy: A Life Course Retrospective or
EDPS 325 - Life Span Human Growth and Development

NOTE: BIO 251, AHPR 200, the statistics course, and IHHS 260/EDPS 325 must be completed by the application deadline. The remaining two must be completed before entering the program.

Application Process
The competitive admission process consists of a review of portfolios by a screening committee in the occupational therapy program followed by interviews with faculty for applicants who make the cut. Portfolios are accepted once a year on January 5 for students interested in beginning the program in the Fall semester of that year. No late submissions are accepted. The portfolio must include the following items: official college transcripts from all schools attended, results of the GRE General Test, one academic reference, documentation of 100 hours of completed volunteer service with two references from these experiences, and a sample of reflective writing. Detailed information about the application process can be found on the program’s website. We strongly encourage all students interested in applying to the program to attend a group advising session with the OT Intent Advisor in order to successfully complete their application.

International Students
International students must contact the International Admissions office at 734.487.0205. They will assist in the evaluation of transcripts and determine your cumulative GPA. International students must provide a copy of the EMU Graduate School approved TOEFL score in their application portfolio.
Fieldwork
A minimum of six months of full time supervised fieldwork is required at the conclusion of the academic program. Field placements are arranged by the Occupational Therapy Fieldwork Coordinator and approved by the faculty.

Scholarships
The Occupational Therapy program offers a number of scholarships to students who are admitted to the program. For more information contact the OT program at 734.487.4096. There are also a number of University scholarships available to students. Contact the office of Financial Aid for information.

Accreditation
The EMU OT program is accredited by the American Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. Telephone number: 301.652.AOTA.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 66 hours

- HLAD 510 - Medical Care Organization 3 hrs
- OCTH 412 - Models of Practice 3 hrs
- OCTH 419 - Programming I 6 hrs
- OCTH 420 - Level I Fieldwork I 3 hrs
- OCTH 495 - Neurological Foundations of Human Occupation 3 hrs
- OCTH 500W - Philosophy of Occupational Therapy (Gen Ed Area I, W) 3 hrs
- OCTH 502 - Theory and Analysis of Occupation 3 hrs
- OCTH 516 - Level I Community Fieldwork II 3 hrs
- OCTH 517 - Level I Community Fieldwork III 3 hours
- OCTH 519 - Programming II 6 hrs
- OCTH 540 - Research Methods I 3 hrs
- OCTH 588 - Fieldwork Level II: Clinical Skills 6 hrs
- OCTH 589 - Fieldwork Level II: Clinical Skills 6 hrs
- OCTH 600 - Supervision and Professional Roles 3 hrs
- OCTH 619 - Programming III 6 hrs
- OCTH 686 - Culminating Project I 3 hrs
- OCTH 687 - Culminating Project II 3 hrs

Minor Requirements:
This major does not require a minor.

Program Total:
Students must earn a minimum total of 124 credits and the 100-level or above.

Critical Graduation Information:
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
University Information: Consult the online catalog at catalog.emich.edu.

Bachelor of Social Work

Social Work Major

The Social Work Major leads to a bachelor of social work (BSW) and requires the following courses to complete the 124 hours needed for graduation. No outside minor is required.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

School of Social Work Information:

School Director: Ann Rosegrant Alvarez
School Contact: aalvare4@emich.edu
Web site: http://www.emich.edu/sw/

Additional department information is available here in the online catalog.

Advisor Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Liberal Arts Requirements: 27-30 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
  
  or a 3 credit hour course in Human Biology
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
  
  or PSY 101 and PSY 103 (lecture and lab) for 4 credit hours.
- PSY 360 - Abnormal Psychology 3 hrs
- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs

One course from the following:

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- IHHS 260 - Aging to Infancy: A Life Course Retrospective 3 hrs

Restricted Elective Courses: 6 hours

_Students are required to take six credits in cross-cultural related courses. Completion of both sections of General Education Area III (with the exception of ANTH 135) will meet this requirement. Other courses outside of Area III may also count towards this requirement with departmental permission._

Major Requirements: 56 hours

Required Courses: Pre-Major: 10 hours

- SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs
- SWRK 200 - Human Diversity and Social Justice 3 hrs
- SWRK 222 - Social Welfare Policies and Services 3 hrs
- SWRK 251 - Self Assessment and Development for Social Work 1 hr

Required Course: Major: 44 hours

- SWRK 315 - Theoretical Bases for Social Work Practice 3 hrs
- SWRK 317 - Foundations of Social Work Practice 3 hrs
- SWRK 318 - Practice I - Skill Integration Seminar 1 hr
- SWRK 319W - Writing for Agency Practice (Gen Ed Area I, W) 3 hrs
- SWRK 350L - Generalist Social Work Practice: Organizations and Communities (Gen Ed Area V LBC) 3 hrs
- SWRK 405 - Analysis and Change of Social Welfare Policies 3 hrs
- SWRK 408 - Generalist Social Work Practice with Individuals and Families 3 hrs
- SWRK 409 - Generalist Social Work Practice with Groups 3 hrs
- SWRK 430 - Social Work Evaluation and Research: Qualitative and Statistical Methods 4 hrs
- SWRK 450 - Practice Issues with Women 3 hrs
- SWRK 451 - Social Work Practice with People of Color 3 hrs
- SWRK 488 - Field Experience I 6 hrs
- SWRK 489 - Field Experience II 6 hrs

Social Work Elective: 3 hours

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 04/2009; effective Winter 2010

Additional department information is also available here in the online catalog.

Required Courses: 9 hours

- AAS 101 - Introduction to African American Studies (Gen Ed Area III) 3 hrs
- AAS 201 - Foundations of Knowledge in African American Studies 3 hrs
- AAS 401 - African American Studies Research Seminar 3 hrs

Restrictive Elective Courses: 9 hours

Nine hours from the following:

- AAS 102 - Introduction to African Civilization (Gen Ed Area III) 3 hrs
- AAS 221 - African American Social Movements 3 hrs
- AAS 231 - Urbanization and the African American Community 3 hrs
- AAS 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
- AAS 233 - Public Policy and African Americans 3 hrs
- AAS 243 - Black Women: Politics and Racism 3 hrs
- AAS 272 - Hip Hop Lyricism in African American Culture 3 hrs
- AAS 301W - Writing for African American Studies (Gen Ed Area I, W) 3 hrs
- AAS 311 - The African Diaspora 3 hrs
- AAS 312 - African Civilization 3 hrs
• AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
• AAS 351 - The Social Context of African American Health (Gen Ed Area IV) 3 hrs
• AAS 361 - The African American Family 3 hrs
• AAS 362 - Black Women: Religion and Sexism 3 hrs
• AAS 370 - Films of the African American Experience 3 hrs
• AAS 402 - African American Studies Internship Seminar 3 hrs
• AAS 441 - Law in the African American Experience 3 hrs
• HIST 315 - History of Black Americans 3 hrs
• LITR 362 - Studies in African American Literature 3 hrs

Elective Courses: 3 hours

One course from the following:

• AAS 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
• AAS 233 - Public Policy and African Americans 3 hrs
• AAS 312 - African Civilization 3 hrs
• AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
• ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• ANTH 236 - Peoples and Cultures of Africa 3 hrs
• CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
• CTAR 251 - African American Theatre: Creative Problems 3 hrs
• ECON 321 - Minority Workers in the Labor Market 3 hrs
• GEOG 332 - Urban Geography 3 hrs
• HIST 342 - North Africa, 1798 to the Present 3 hrs
• HIST 347 - Sub-Saharan Africa to 1885 3 hrs
• HIST 348 - 20th-Century Africa 3 hrs
• HIST 365 - The Old South 3 hrs
• PLSC 372 - African Politics 3 hrs
• PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
• SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• SOCL 306 - The Urban Community 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
Anthropology Minor

Required Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 140 - Introduction to Physical Anthropology 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- ANTH 210 - History of Anthropological Theory 3 hrs

One Culture Area Course: 3 hours

One course from the following:

- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 237 - Native North American Cultures (Gen Ed Area III) 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 385 - Culture of Japan 3 hrs

Elective Courses: 5 hours

- One course at the 300- or 400-level (3 hrs)
- Two additional credit hours in anthropology (2 hrs)

Minor Total: 20 hours

Note:
All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- SPNH 454 - Modernism in Spanish America 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical
education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Area Studies Minor — Middle East and North Africa

History and Philosophy Department Information:

Department Head: Kate Mehuron
Department Contact: kmehuron@emich.edu
Web site: http://www.emich.edu/historyphilosophy/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Robert Duke
Email: rduke@emich.edu

Program Advisor: Richard Nation
Email: rnation@emich.edu

Phone Number for Advisors: 487-1018

Required Area Courses: 9 hours

- ECON 385 - Economic Development 3 hrs
• PLSC 371 - Middle East Politics 3 hrs

One course from the following:

• HIST 341 - The Middle East, 1798 to the Present 3 hrs
• HIST 342 - North Africa, 1798 to the Present 3 hrs

Area Elective Courses: 11 hours

_Certain independent study courses and special topics courses may be counted as restricted elective courses or elective courses with the approval of the advising coordinator of area studies. No more than three of the seven courses in the minor may be chosen from a single discipline._

_Eleven hours from the following:_

**Minor Total: 22-24 hours**

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. *(Note: some programs may require a higher GPA - check with your program advisor.)*
General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Astronomy Group Minor

This minor is designed to give the student a basic knowledge of astronomy and related fields. It is recommended that students wishing to undertake graduate work in astronomy complete the research major in physics with a minor in either mathematics or astronomy. Electives used to fulfill the astronomy minor cannot be used to complete any other major or minor.

Physics and Astronomy Department Information:

Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Dr. Patrick Koehn
Email: pkoeoh@emich.edu
Phone Number: 487-8795
Required Courses: 11 hours

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ASTR 370 - Astrophysical Concepts 3 hrs

Restricted Elective Courses: 13 hours

Choose 13 credits from approved courses in physics, astronomy, mathematics or chemistry in consultation with the advising coordinator for astronomy.

Minor Total: 24 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. **Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. **Biochemistry Minor**

**Chemistry Department Information:**

Department Head: Ross Nord  
Department Contact: rnord@emich.edu  
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

**Advisor Information:**

Program Advisor: Steve Pernecky  
Phone Number: 487-0106  
Email: spernecky@emich.edu

**Required Courses: 22-23 hours**

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs
Minor Total: 22-23 hours

Notes:

*All minors must have at least six hours of course work at the 300-level or above.*

*The CHEM371/372/373 Organic Chemistry I/II/lab sequence may be substituted for CHEM270/271 Survey of Organic Chemistry with lab if a stronger background is desired.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

University Information: Consult the online catalog at catalog.emich.edu.

Biology Minor

Minors should start with BIO 110 - Introductory Biology I (Gen Ed Area IV) followed by BIO 120 - Introductory Biology II in their freshman or sophomore year. Minors without high school biology should
take BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) before taking BIO 110. (Although BIO 105 will not count toward the biology minor, credit earned in this course will count toward the 124 hours required for graduation.)

Students need to take CHEM 121/CHEM 122 and CHEM 123/CHEM 124 to satisfy the prerequisites for BIO 305.

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department information is also available here in the online catalog.

Required Courses: 13 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs

Restricted Elective Courses: 3 hours

One course from the following:

- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs

Elective Courses: 6 hours

Six hours at the 300- or 400-level in biology selected in consultation with a biology adviser. All elective courses must have a minimum prerequisite of BIO120. BIOT courses may NOT be counted toward a biology minor. Students are strongly advised to select other restricted electives to fulfill this requirement. No more than six hours of BIOL387 Cooperative Education and BIO497-499 Undergraduate Research in Biology can be counted toward the minor.

Minor Total: 22 hours

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Business Information Technology Governance Minor

Last updated 12/20/2010.

Computer Information Systems Department Information:

Department Head: S. Imtiaz Ahmad
Department Contact: Imtiaz.Ahmad@emich.edu
Web site: www.cis.emich.edu

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Deedra Springgay
Email: dspringga@emich.edu

Program Advisor: David Hardcastle
Email: dhardcas@emich.edu

Phone Number for Advisors: 487-2344

Required Courses: 15 hours
• IS 320 - Business Data Communications and Information Security 3 hrs
• IS 350 - Enterprise Resource Planning 3 hrs
• IS 413 - IT Infrastructure and Network Security 3 hrs
• IS 425 - IS Project and Risk Management 3 hrs
• IS 427 - Business Process and Identity Management 3 hrs

Two courses from the following: 6 hours

• IS 247 - Introduction to Web Application Development 3 hrs
• IS 380 - Introduction to Databases 3 hrs
• IS 416 - System Software Administration 3 hrs
• IS 437 - Introduction to Business Information Technology Audit 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of Junior status (completion of 56 credit hours) to enroll in 300/400

**Business Spanish Minor**

Examinations listed under the major in business Spanish may be taken by students minoring in this subject.

Language proficiency in both Spanish and English is required; proficiency will be determined by examination.

**World Languages Department Information:**

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Required Courses: 12 hours

- SPNH 361 - Spanish for International Trade 3 hrs
- SPNH 446 - Business Spanish 3 hrs

One culture course from the following:

- SPNH 411 - The Cultures of Spain 3 hrs
- SPNH 412 - The Cultures of Spanish America 3 hrs

One literature course from the following:

- SPNH 401 - Advanced Readings in Spanish Literature 3 hrs
- SPNH 402 - Advanced Readings in Spanish American Literature 3 hrs

Restricted Elective Courses: 8 hours

*Eight hours in Spanish at any level selected in consultation with an adviser.*

Minor Total: 20 hours

Note:

*All minors must have at least six hours of course work at the 300-level or above.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)
**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Cartography and Remote Sensing Minor**

Cartography (map-making) is an ancient science designed to depict the earth’s features and human activities. Today maps are made with several significant functions in mind to understand spatial phenomena, to store information and to analyze areal relationships.

Remote sensing uses space-age technology to sense, record and transmit information about the biosphere and atmosphere. Satellite imagery is an important element in collecting remote sensing data. Remote sensing information is often used in constructing modern maps, whether by hand or through the use of computer mapping and geographic information systems software.

The goal of the minor is to provide an employment track for undergraduates to entry-level positions as cartographers and remote sensing technicians. The minor provides balanced training between traditional cartographic work and computer maps. Emphasis is on map properties, spatial concepts, mapping techniques, drafting skills, graphic storage and display of data. A strongly recommended aspect of this training is the internship or cooperative education experience at nearby private and public agencies.

**Geography and Geology Department Information:**
Required Courses: 15 hours

- ESSC 485 - Introduction to Remote Sensing 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
  or
- GPLN 276 - Principles of Geographic Information Systems 3 hrs
- GEOG 376 - Geographic Information Systems Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GHPR 401 - Planning/ Preservation Graphics 3 hrs
  or
- GPLN 401 - Planning/ Preservation Graphics 3 hrs

Restricted Elective Courses: 5 hours

Five hours from the following:

- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CADM 231 - Computer Graphic Programming for Industry 3 hrs
- CMT 121 - Graphic Communication 3 hrs
- CNST 206 - Surveying 3 hrs
- ESSC 227 - Topographic Maps 2 hrs
- ESSC 355 - Field Geology I 2 hrs
- ESSC 387 - Cooperative Education in Geoscience 3 hrs
- ESSC 487 - Cooperative Education in Geoscience 3 hrs
- ESSC 488 - Internship 4 hrs
- ESSC 489 - Internship 5 hrs
- ESSC 490 - Internship 6 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs

One course from the following:
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- IS 215 - End-User Computing 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. • For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Chemistry Minor

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

Required Courses: 17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs

Elective Courses: 3 hours
Three hours from courses numbered above 200 in chemistry.

 Minor Total: 20 hours

 Notes:

 All minors must have at least six hours of course work at the 300-level or above.

 *The CHEM371/372/373 Organic Chemistry I/II/lab sequence may be substituted for CHEM270/271 Survey of Organic Chemistry with lab if a stronger background is desired. CHEM 371/372/373 cannot be used as elective hours in chemistry.

 Critical Graduation Information:

 The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

 - Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Classical Studies Minor

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: James Holoka
Email: jholoka@emich.edu
Phone Number: 487-2283

Required Courses: 12 hours

- ARTH 368 - History of Classical Art 3 hrs
- HIST 323 - Greek History 3 hrs
- HIST 324 - Roman History 3 hrs
- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours
One of the following groups:

Group A (Greek Language): 12 hours
- GREK 101 - Beginning Ancient Greek I 3 hrs
- GREK 102 - Beginning Ancient Greek II 3 hrs
- GREK 201 - Intermediate Ancient Greek I 3 hrs
- GREK 202 - Intermediate Ancient Greek II 3 hrs

Group B (Latin Language): 12 hours
- LATN 101 - Beginning Latin I 3 hrs
- LATN 102 - Beginning Latin II 3 hrs
- LATN 201 - Intermediate Latin I 3 hrs
- LATN 202 - Intermediate Latin II 3 hrs

Group C (Classical Culture and Heritage): 12 hours
Choose 12 hours from the following:
- CHL 351 - World Mythology 3 hrs
- CLAS 106 - Rome and America (Gen Ed Area IV) 6 hrs
- CLAS 181 - The Legacy of Greece 3 hrs
- CLAS 301 - Classical Mythology 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 327 - Europe in Early Middle Ages 400-1050 3 hrs
- HIST 328 - Europe in Late Middle Ages 1050-1400 3 hrs
- HIST 330 - Europe in the Renaissance and Reformation 3 hrs
• LING 205 - English Words 3 hrs
• LNGE 134 - Etymology 3 hrs
• WGST 321 - Women and Gender in the Ancient World 3 hrs

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

*Certain independent study and special topics courses may be counted as restricted elective courses with the approval of the advising coordinator.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
Coaching Minor

This program is intended for students planning to pursue coaching as a full- or part-time activity. The minor is not considered a teacher minor for education majors.

Advisor Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918

Minor Requirements: 23 hours

Required Courses: 13 hours

- HLED 490 - Drug Use and Abuse 3 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 421 - Legal Aspects of Sport, Physical Education, and Recreation 2 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 10 hours

Four to six hours from the following:

- Other Theory Coaching Courses
- ATHL 263 - Theory of Football 2 hrs
- ATHL 265 - Theory of Baseball 2 hrs
- ATHL 267 - Theory of Basketball 2 hrs
- ATHL 268 - Theory of Coaching Swimming 2 hrs
- ATHL 269 - Theory of Track and Field 2 hrs

Four to six hours from the following:

See advisor for other approved electives.
- ATHL 261 - Techniques of Officiating I 2 hrs
- ATHL 262 - Techniques of Officiating II 2 hrs
- PHED 305 - Practical Concepts of Conditioning 2 hrs
- PHED 316 - Foundations of Coaching 2 hrs
- PHED 360 - Motor Learning 3 hrs
- PHED 389 - Sport and Activity for the Disabled 1 hr
- PHED 405 - Women in Sports 3 hrs
- PHED 477 - Special Topics 1 hr
- PHED 478 - Special Topics 2 hrs
- PHED 479 - Special Topics 3 hrs

Minor Total: 23 hours

Note:

*All minors must have at least six hours of course work at the 300-level or above.*

**Coastal Environments Minor**

**Geography and Geology Department Information:**

Department Head: Richard Alan Sambrook  
Department Contact: rsambroo@emich.edu  
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

**Required Courses: 16 hours**

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 250 - Introduction to Coastal Processes 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 350 - Biogeography 3 hrs
- ESSC 450 - Lake and Coastal Processes 3 hrs

**Restricted Elective Courses: 6 hours**

*Six hours from the following:*

- ESSC 208 - Natural Environmental Hazards 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs
- ESSC 495 - Environmental Assessment and Planning 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs
- GPLN 495 - Environmental Assessment and Planning 3 hrs

**Minor Total: 22 hours**

**Note:**

*All minors must have at least six hours of course work at the 300-level or above.*

Students, in consultation with the minor adviser, may choose other elective courses not listed above.

**Critical Graduation Information:**

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses **will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Communication Minor

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Required Courses: 21 hours

Foundation Courses: 15 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs

Public Communication: 3 hours

One course from the following:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs

Relational Communication: 3 hours

One course from the following:
• CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
• CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
• CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs

Organizational Communication: 3 hours

One course from the following:
• CTAC 354 - Organizational Communication 3 hrs
• CTAC 359 - Small Group Communication 3 hrs
• CTAC 370 - Nonprofit Organizational Communication 3 hrs

Cultural Communication: 3 hours

One course from the following:
• CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
• CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
• CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs

Advanced Theory and Research: 3 hours

One course from the following:
• CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
• CTAC 460 - Theories of Speech Criticism 3 hrs
• CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
• CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3 hours

Three hours from the list of restricted elective courses below that were not selected as a required course above:
• CTAC 224 - Public Speaking 3 hrs
• CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
• CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
• CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
• CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
• CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
• CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
• CTAC 350 - Persuasion 3 hrs
• CTAC 352 - Communication in Negotiation 3 hrs
• CTAC 354 - Organizational Communication 3 hrs
• CTAC 356 - Argumentation and Debate 3 hrs
• CTAC 357 - Interviewing as Communication 3 hrs
• CTAC 359 - Small Group Communication 3 hrs
• CTAC 370 - Nonprofit Organizational Communication 3 hrs
• CTAC 372 - Assertive Communication 3 hrs
• CTAC 373 - Family Communication 3 hrs
• CTAC 376 - Communication and Conflict Resolution 3 hrs
• CTAC 379 - Special Topics 3 hrs
• CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
• CTAC 460 - Theories of Speech Criticism 3 hrs
• CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
• CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

No more than six credit hours from the following courses:
• CTAA 166 - Forensics 1 hr
• CTAA 266 - Forensics 1 hr
• CTAA 366 - Forensics 1 hr
• CTAA 466 - Forensics 1 hr
• CTAC 387 - Cooperative Education in Communication 1 hr
- CTAC 388 - Cooperative Education in Communication 2 hrs
- CTAC 389 - Cooperative Education in Communication 3 hrs
- CTAC 487 - Internship in Communication 1 hr
- CTAC 488 - Internship in Communication 2 hrs
- CTAC 489 - Internship in Communication 3 hrs
- CTAC 497 - Independent Study 1 hr
- CTAC 498 - Independent Study 2 hrs
- CTAC 499 - Independent Study 3 hrs

Alternate department courses. No more than three hours substituted for a restricted elective:
- CTAO 205 - Voice and Articulation 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAT 241 - Radio-Television-Film Announcing 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Computer Information Systems Minor

(For nonbusiness majors)

The Department of Computer Information Systems has established articulation agreements with Macomb, Monroe and Washtenaw Community College. For more information, please contact the department head or the Office of Community College Relations at 229 Rackham Hall, 734.487.6577. Full-text versions of articulation agreements are available at www.emich.edu/ccr/artguide.php.
Computer Information Systems Department Information:

Department Head: S. Imtiaz Ahmad  
Department Contact: Imtiaz.Ahmad@emich.edu  
Web site: www.cis.emich.edu

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Deedra Springgay  
Email: dspringga@emich.edu

Program Advisor: David Hardcastle  
Email: dhardcas@emich.edu

Phone Number for Advisors: 487-2344

Required Courses: 21 hours

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs

Two courses from the following:

- IS 339 - Google Analytics and Landing Page Optimization 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 350 - Enterprise Resource Planning 3 hrs
- IS 410 - Business Intelligence 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 416 - System Software Administration 3 hrs
- IS 427 - Business Process and Identity Management 3 hrs
IS 437 - Introduction to Business Information Technology Audit 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of Junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

University Information: Consult the online catalog at catalog.emich.edu.

Computer Science Minor

Successful completion of this minor satisfies one of the requirements for graduation with a bachelor of science or a bachelor of arts degree. Students pursuing majors in other fields such as mathematics, the physical and social sciences, the arts or business will learn the practical tools for applying current computer technology to their major areas of study.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone Number: 487-3203
Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone Number: 487-3205
Email: pamela.moore@emich.edu

Required Courses: 15 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs

Restricted Elective Courses: 6 hours

Two courses from the following:

- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 315 - Symbolic Computing 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 374 - Applied Cryptography 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs
- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)
General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Conservation and Resource Use Minor

This program is administered jointly by the heads of the Department of Biology, the Department of Economics, The Department of Geography and Geology and the Department of Sociology, Anthropology and Criminology.

Students electing this minor must confer with the advising coordinator for conservation and resource use to obtain an approved schedule of electives. Substitutions on the approved program will count only if approved by the adviser.

Students are strongly urged to take PLSC 202 - State and Local Government (Gen Ed Area IV)

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

Required Courses: 13-14 hours
• BIO 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs
  
or
• ESSC 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs

• * BIO 226 - Global Ecology and the Environment 4 hrs
• ** ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

One course from the following:

• *** ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
• *** ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

Elective Courses: 9 hours

Nine hours from the following selected in consultation with the advising coordinator:

• BIO 130 - Biology of Plants 4 hrs
• BIO 140 - Biology of Animals 4 hrs
• BIO 215 - Plants and People 3 hrs
• BIO 310 - Ecology 3 hrs
• BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs
• BIO 410 - Limnology 3 hrs
• BIO 413 - Wetland Ecosystems 3 hrs
• BIO 414 - Terrestrial Ecosystems 3 hrs
• BIO 455 - Plant Evolution and Classification 3 hrs
• BIO 456 - Freshwater Algae 3 hrs
• BIO 457 - Aquatic Plants 3 hrs
• BIO 458 - Trees and Shrubs 3 hrs
• BIO 460 - Plant Anatomy 3 hrs
• BIO 480 - Natural History of Invertebrates 3 hrs
• BIO 481 - Natural History of Vertebrates 3 hrs
• BIO 482 - Ichthyology 3 hrs
• BIO 483 - Mammalogy 3 hrs
• BIO 484 - Herpetology 3 hrs
• BIO 485 - Ornithology 3 hrs
• BIO 486 - Entomology 3 hrs
• CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
• CHEM 415 - Environmental Chemistry 3 hrs
• ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
• ECON 336 - Economics of Environment and Natural Resources 3 hrs
• ECON 337 - Energy Economics and Policies 3 hrs
• ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 3 hrs
• ESSC 208 - Natural Environmental Hazards 3 hrs
• ESSC 229 - Rocks and Minerals 3 hrs
• ESSC 320 - Oceanography 3 hrs
• ESSC 324 - Weather 3 hrs
• ESSC 327 - Soil Science 4 hrs
• ESSC 424 - Climatology 3 hrs
• ESSC 495 - Environmental Assessment and Planning 3 hrs
• GEOG 235 - Economic Geography 3 hrs
• GEOG 320 - Geography of the United States and Canada 3 hrs
• GEOG 332 - Urban Geography 3 hrs
• GEOG 361 - Geography of Population 3 hrs
• GEOG 405 - Aerial Photo Interpretation 3 hrs
• GPLN 215 - Introduction to Urban and Regional Planning 3 hrs
• GPLN 495 - Environmental Assessment and Planning 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- SOCL 334 - Population 3 hrs

Minor Total: 22-23 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

*Biology majors minoring in conservation will take BIO310 and BIO311 on the major and substitute additional approved electives on the minor.

**Students who prefer to elect ECON201-202 to satisfy general education requirements may count ECON 201 as an elective on the minor. Students who are required to take ECON201-202 for other purposes on their curricula, as in business administration, may not count it on this minor and must substitute an additional elective for ECON202.

***Students required to take ESSC108 Earth Science for non-science majors on a major or minor in the Geography and Geology Department will take an additional four hours of electives on this minor from the approved list

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education
Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Construction Management Minor

This minor is designed to provide a background in fundamental technical applications for students with majors outside the department who expect to work in industry. Employment opportunities are enhanced for persons with technical course work.

University elective courses in the minor are selected to relate to the student’s major subject area. Academic advising to determine elective course choices is provided by the School of Engineering Technology. A maximum of six hours may be transferred from outside the department.

School of Engineering Technology Information:

School Director: Bob Lahidji
School Contact: bob.lahidji@emich.edu
Web site: http://www.emich.edu/set/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: James Stein
Email: jstein@emich.edu
Phone Number: 487-2040

Required Courses: 23 hours

- CNST 125 - Introduction to Construction 2 hrs
- CNST 201 - Construction Systems 3 hrs
- CNST 202 - Construction Materials 3 hrs
- CNST 228 - Construction Graphics 3 hrs
- CNST 229 - Analysis of Commercial Prints 3 hrs
- CNST 302 - Contract Documents, Regulations, and Specifications 3 hrs
- CNST 304 - Construction Estimating and Bidding 3 hrs
- CNST 361 - Planning and Scheduling 3 hrs

Minor Total: 23 hours

Note:

All minors must have at least six hours of course work at the 300 level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

**Advisor Information:**

Program Advisor: Christine Hume  
Email: chume@emich.edu  
Program Advisor: Carla Harryman  
Email: charryma@emich.edu  
Phone Number for Advisors: 487-4220

**Required Courses: 15 hours**

- CRTW 201 - Introduction to Creative Writing (Gen Ed Area IV) 3 hrs
- CRTW 426 - Contemporary Forms 3 hrs

Three courses (9 hours) from the following.

*At least one of the following courses needs to be repeated as a different topic:*

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- CRTW 422W - Writer’s Workshop (Gen Ed Area I, W) 3 hrs

**Restricted Elective Courses: 6 hours**

Two courses selected from the following:

- 300-400 level courses in CRTW, LITR, ENGL, JRNL or LING
• ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs
• CTAR 360 - Dramatic Composition 3 hrs
• PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs

Minor Total: 21 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Course may be repeated for additional credit if topic is different.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Criminology/Criminal Justice Minor

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Web site: http://www.emich.edu/sac/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Marilyn Horace-Moore
Email: mhoracem@emich.edu
Phone Number: 487-0012

Required Core Courses: 9 hours

- CRM 300 - Criminal Justice 3 hrs
- CRM 301 - Criminology 3 hrs
- PLSC 301 - American Legal System 3 hrs

Restricted Criminology Elective Courses: 6 hours

Two courses from the following:

- CRM 331 - Introduction to Corrections 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 412 - Law and Society 3 hrs
- CRM 420 - Drugs, Crime and Criminal Justice 3 hrs
- CRM 431 - Policing in Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs

Restricted Social Science Elective Courses: 6 hours
Two courses from the following:

- HLED 490 - Drug Use and Abuse 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SOCL 462 - Complex Organizations 3 hrs
- SWRK 431 - Substance Abuse 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Dance Minor

Students planning admission to the dance minor must complete the following:

1. An audition into the program.
3. A course of study planned with a dance adviser upon admission into the program.

Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Minor Requirements: 32 hours

- Two levels of Modern Dance Technique I–IV
  (DANC 110, DANC 111, DANC 210 and DANC 211) (6 hrs)
- Two levels of Classical Ballet Technique I–IV
  (DANC 108, DANC 109, DANC 208 or DANC 209) (6 hrs)
- One level of Jazz I–II
  (DANC 101 or DANC 201) (2 hrs)
- DANC 107 - Rhythmic Analysis and Dance Accompaniment 3 hrs
- DANC 245 - Elements of Dance Composition 3 hrs
- DANC 255 - Dance Production 3 hrs
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
- DANC 450 - Advanced Dance Composition 4 hrs
- DANC 455 - Seminar in Dance 2 hrs

Minor Total: 32 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. • Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Drama/Theatre for the Young Minor**

The undergraduate minor in drama/theatre for the young is designed to serve students wishing to prepare for a variety of careers — some already existing, others emerging — involving work with and for the young through drama and communication. The minor is useful in conjunction with many other minors and majors including early childhood, elementary and secondary education, special education, language and literature, history and social studies, art, music, dance, social work, sociology, psychology, recreation, business management, counseling, library science, communication, gerontology, theatre and applied theatre.

It provides a strong base and, at the same time, flexibility is ensured through freedom in choosing from a wide range of electives.

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

**Required Courses: 15 hours**

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

**Elective Courses: 5 hours**

*Five hours from the following:*

- Any course in dramatic literature
- Any communication or theatre arts course
- CHL 207 - Introduction to Children’s Literature (Gen Ed Area IV) 3 hrs
- CTAA 168 - Interpretation 1 hr
- CTAA 268 - Interpretation 1 hr
- CTAA 368 - Interpretation 3 hrs
- CTAA 468 - Interpretation 1 hr
- CTAR 326 - Drama/Theatre for Persons with Disabilities 2 hrs
- CTAR 327 - Plays for the Young 3 hrs
- CTAR 329 - Performing Theatre for the Young 3 hrs
- CTAR 377 - Special Topics 1 hr
- CTAR 378 - Special Topics 2 hrs
- CTAR 379 - Special Topics 3 hrs
- CTAR 429 - History and Theory of Developmental Drama/Theatre 3 hrs
- CTAR 497 - Independent Study 1 hr
- CTAR 498 - Independent Study 2 hrs
- CTAR 499 - Independent Study 3 hrs
- * CTAR 504 - Performing Youth Literature 3 hrs
- * CTAR 522 - TIE: Theatre-in-Education 2 hrs
- * CTAR 523 - Puppetry: Catalyst in Human Development 3 hrs
- * CTAR 524 - Developmental Drama/Theatre for Persons with Disabilities 2 hrs
- * CTAR 525 - Developmental Drama/Theatre in Recreational Settings 2 hrs
- * CTAR 528 - Developmental Drama/Theatre in Religion 2 hrs
- * CTAR 565 - Studies in Educational Drama and Theatre 3 hrs

Minor Total: 20 hours

Note:
All minors must have at least six hours of course work at the 300 level or above. All 500-level courses are available for undergraduate credit to qualified seniors.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

Earth Science Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.
Required Courses: 17 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs

Restricted Elective Courses: 3-4 hours

One course from the following:

- ESSC 324 - Weather 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 331 - Paleontology 4 hrs
- ESSC 370 - Glacial Geology 4 hrs
- ESSC 424 - Climatology 3 hrs
- ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W) 3 hrs
- ESSC 466W - Global Tectonics (Gen Ed Area I, W) 3 hrs
- GEOG 476 - Advanced Geographic Information Systems 3 hrs

Minor Total: 20-21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the **100-level and above. Economics Minor

An Economics minor provides a useful combination with majors in Business, Mathematics, Political Science, Pre-Law, Philosophy and related fields.

Economics Department Information:

Department Head: Raouf S. Hanna
Department Contact: rhanna@emich.edu
Web site: http://www.emich.edu/economics/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Abdullah Dewan
Phone Number: 487-3395
Email: adewan@emich.edu

Required Course: 6 hours
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Elective Courses: 14 hours

- Fourteen hours from any 300-level and above economics courses, ECON 411 and ECON 412 are highly recommended.

Minor Total: 20 hours

Note:

*All minors must have at least six hours of course work at the 300-level or above.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Electronic Engineering Technology Minor (EET)

The Electronic Engineering Technology Minor will incorporate to enhance the quality of research through diversification and help disseminate the findings among students with different backgrounds.

To complete the minor, students must fulfill the following:

- Minimum of 6 hours from 200-level courses (maximum of 12 hours)
- Minimum of 6 hours from 300-level courses
- Minimum of 3 hours from 400-level courses
- Satisfaction of all prerequisites

See following required courses for specifics.

Core Courses: 6 hours

Choose a minimum of six hours from the following:

- * ELEC 200 - Circuit Analysis I 3 hrs
- ELEC 210 - Circuit Analysis II 3 hrs
- ELEC 214 - Digital Circuit Analysis I 3 hrs
- * ELEC 218 - Motors and Controls 3 hrs

Choose one option from the following:

Option I (Microprocessors): 9 hours

- ELEC 314 - Digital Circuit Analysis II 3 hrs
- ELEC 320 - Microcomputer Circuits 3 hrs
- ELEC 420 - Advanced Microprocessors 3 hrs

Option II (Analog & Communication): 9 hours

- ELEC 300 - Analog Circuit Analysis I 3 hrs
- ELEC 310 - Analog Circuit Analysis II 3 hrs
• ELEC 415 - Communication Circuits 3 hrs

Option III (Controls): 9 hours

• Additional 300-level ELEC course chosen in collaboration with Minor adviser (3 hrs)
• ELEC 326 - Transform Circuit Analysis with Calculus 3 hrs
• ELEC 450 - Senior Design Project 3 hrs

Minor Total: 18-21 hours

Notes:

* If student's major requires them to take ELEC 200 and/or ELEC 218, then student will only be required to take the minor as eighteen hours. All others will be required to take the minor as twenty-one hours.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. **Electronic Media and Film Studies Minor**

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

**Required Courses: 11 hours**

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs
- CTAT 132 - Introduction to Video Production and Direction 2 hrs

One course from the following:

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 236 - History and Criticism of Radio and Television 3 hrs

One course from the following:

- CTAA 165 - Television Laboratory 1 hr
- CTAA 169 - Radio Station WQBR 1 hr

**Restricted Elective Courses: 9 hours**

*One course from each group of the area courses listed under the electronic media and film studies major (production, writing and theory).*

**Elective Courses: 4 hours**

*Three hours from Electronic Media and Film Studies and the remaining hours from Communication, Media and Theatre Arts classes, excluding CTAS124, Fundamentals of Speech.*
Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Advisor Information:

Program Advisor: Genevieve Peden  
Email: gpeden@emich.edu  
Phone Number: 487-1498

Required Courses: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs

Required French Language and Culture Immersion Program: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

Restricted Elective Courses: 6 hours

*Choose six credit hours from the following:*

One course from the following:

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs

And one course from the following:

- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Minor Total: 24 hours

Note:

*All minors must have at least six hours of course work at the 300-level or above.*

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most **8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education German Language and Literature Minor

World Languages Department Information:
Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Margrit Zinggeler
Email: mzinggele@emich.edu
Phone Number: 487-1995

Required Courses: 12 hours

- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 344 - Principles of German Phonetics and Conversation 3 hrs
- GERN 441 - Survey of German Literature 800-Enlightenment 3 hrs
- GERN 442 - Survey of German Literature: Enlightenment to 1945 3 hrs

Restricted Elective Courses: 8 hours

Eight hours in German at any level selected in consultation with an adviser.

Minor Total: 20 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Elementary Education Integrated Science Minor

Elementary and Special Education-Elementary Teacher Certification
Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104. The endorsement test for Integrated Science (Elementary) is MTTC #093.

Teacher Education Department Information:

Department Head: Donald Bennion
Department Contact: donald.bennion@emich.edu
Web site: http://www.emich.edu/coe/ted/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Christine Lancaster
Email: clan caste@emich.edu
Phone Number: 487-1416

Required Courses: 15 hours

• ASTR 105 - Exploration of the Universe (Gen Ed Area IV) 3 hrs
• BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- * ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs

Three courses from the following: 9-10 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- CHEM 312 - Teaching Elementary Chemistry 3 hrs
- ESSC 311 - Weather and Climate for Elementary Teachers 3 hrs
- PHY 311 - Teaching Elementary Physical Science 3 hrs

Minor Total: 24-25 hours

Notes:

*All minors must have at least six hours of course work at the 300-level or above.*

*For transfer students with ESSC108 credit completed: ESSC 108 automatically substitutes for ESSC 202 and fulfils the requirement.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement.** At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

**Advisor Information:**

Program Advisor: Christine Lancaster  
Email: clancaste@emich.edu  
Phone Number: 487-1416

**Required Courses: 15 hours**

- CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- RDNG 300 - Early Literacy 3 hrs
RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Restricted Elective Courses: 9 hours

One course from the following:

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs

One course from the following:

- CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- LITR 160 - African American Literature (Gen Ed Area III, IV) 3 hrs
- LITR 161 - Native American Literature (Gen Ed Area III, IV) 3 hrs

One course from the following:

- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

Minor Requirements: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Phone Number for Advisers: 734.487.1444

Required Courses: 15 hours

- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MATH 210 - Algebra for Elementary/Middle School Teachers 3 hrs
- MATH 240 - Geometry for Elementary/Middle School Teachers 3 hrs
- MATH 301 - Advanced Topics in Elementary Mathematics 3 hrs

Restricted Elective Courses: 5 hours

Five hours from the following, with at least three hours at the 300-or 400-level:

- Or other mathematics courses as approved by the advising coordinator for elementary mathematics education.
- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- MATH 382 - Technology in the Mathematics Classroom 3 hrs
- MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs
- MATH 403 - Current Research in Elementary School Mathematics 3 hrs

Minor Total: 20 hours
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Elementary Education Spanish Language Minor**

Successful completion of this minor, in the context of other program and NCATE requirements, qualifies the student for recommendation for endorsement in Spanish, certification code FF. The Michigan Test for Teacher Certification (MTTC) covering this field is #028, “Spanish.” In addition, all students must pass the Oral Proficiency Interview (OPI) for Spanish.

**World Languages Department Information:**

Department Head: Rosemary Weston-Gil  
Department Contact: rweston3@emich.edu  
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

**Advisor Information:**

Program Advisor: Ronald Cere  
Email: rcere@emich.edu  
Phone Number: 487-0191

**Required Courses: 27 hours**

**Group I: Language Development: 12 hours**

• SPNH 343 - Spanish Grammar and Composition 3 hrs
- SPNH 344 - Spanish Conversation and Composition 3 hrs
- SPNH 443 - Advanced Spanish Grammar and Composition 3 hrs
- SPNH 444 - Advanced Spanish Conversation and Composition 3 hrs

Group II: Literature: 3 hours

Choose one from the following:
- SPNH 401 - Advanced Readings in Spanish Literature 3 hrs
- SPNH 402 - Advanced Readings in Spanish American Literature 3 hrs

Group III: Culture: 3 hours

Choose one from the following:
- SPNH 411 - The Cultures of Spain 3 hrs
- SPNH 412 - The Cultures of Spanish America 3 hrs

Group IV: Required Immersion Experience: 6 hours
- SPNH 490 - Intensive Spanish 6 hrs

Group V: Secondary Methods: 3 hours
- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

In order to meet NCATE standards, candidates who minor in a language shall complete a portion of their student teaching in the language for which they are seeking certification.

Minor Total: 27 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.
Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

University Information: Consult the online catalog at catalog.emich.edu.

**English as a Second Language for Non-Native Speakers of English Minor (ESL)**

This minor is limited to international students who are non-native speakers of English and conditionally admitted to the University on the basis of English language proficiency. It is administered jointly by the Department of World Languages and the Department of English Language and Literature.

Students who have placed in the 300 level ESL classes will complete all of the following required courses. Students who have placed at the 400 level will begin this minor by taking ESLN 412 - Academic ESL Writing (Gen Ed Area I), ESLN 414 - Academic ESL Reading and ESLN 416 - Academic ESL Speaking and Listening. These students must choose six credit hours from the restricted elective courses or other courses with the permission of the adviser.

A detailed description of General Education requirements is available on the General Education section of the catalog: General Education.

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Environmental Analysis Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

Required Courses: 24 hours

- ESSC 459 - Aquifer Analysis 3 hrs
- ESSC 460 - Contaminant Hydrology 3 hrs
- ESSC 470 - Quantitative Methods in Geography and Geology 3 hrs
- ESSC 495 - Environmental Assessment and Planning 3 hrs
  
or
- GPLN 495 - Environmental Assessment and Planning 3 hrs
- GEOG 376 - Geographic Information Systems Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs

One course from the following:

- ESSC 250 - Introduction to Coastal Processes 3 hrs
- ESSC 485 - Introduction to Remote Sensing 3 hrs

Minor Requirements: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  1. Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  2. Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  3. Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

Finance Minor - (For nonbusiness majors)

Accounting and Finance Department Information:

Department Head: Jens Stephan
Department Contact: jens.stephan@emich.edu
Web site: www.accfin.emich.edu

Additional department information is available here in the online catalog.

Advisor Information:
Required Course: 21 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs

Three courses from the following:

- ACC 358 - Analysis of Financial Statements 3 hrs
- FIN 354 - Investments 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of Junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**General Education**

General Information

**Director: Chris Foreman**
**E-mail:** cforeman@emich.edu  
**Website:** http://www.emich.edu/gened

General education is the core of an undergraduate education. It is general in that it provides students with a comprehensive educational experience and prepares them for study within their major. General education teaches students to think critically and communicate effectively; it provides an introduction to the methodologies and practices of the academic disciplines; it promotes intellectual curiosity and a love of learning. General education is the heart of an EMU education and a source of institutional pride.

Curriculum Categories

- Area I: Effective Communication
- Area II: Quantitative Reasoning
- Area III: Perspectives on a Diverse World
- Area IV: Knowledge of the Disciplines
- Area V: Learning Beyond the Classroom (LBC)

Waiver, Placement and Substitutions

- Students may choose to complete ENGL 120 as an elective to prepare for the required ENGL 121 course. Students will decide this by completing the Guided Self-Placement (GSP) Student Survey located at: www.emich.edu/english/gsp/. Students with an ACT English sub-score of 29 or higher, or an SAT Verbal sub-score of 640 or higher, are waived from this requirement. International students may use ESLN 412 to meet the ENGL 121 requirement Area I, #1.

- Students with a very strong background in oral communication (public speaking and critical listening) may contact the Communication and Theatre Arts department at 124 Quirk, 734.487.3131, for a possible waiver of the required CTAC 124 course. Waivers are granted only on a case-by-case basis.

- Students with an ACT Math sub-score of less than 19, or an SAT Math sub-score of less than 520, are encouraged to take MATH 097/MATH 098 in preparation for MATH 110. However, students may take the Math Placement Test to place into MATH 110. *(NOTE: MATH 097 and MATH 098 do not count toward the minimum 124 hours required for graduation. Students who complete MATH 097 and/or MATH 098 will be required to complete additional hours over the minimum of 124 hours to graduate.)*
• Students with
  o an ACT Math sub-score of 19-22, or an SAT Math sub-score of 520-570, are eligible to take MATH 110 based on that test score.
  o an ACT Math sub-score of 23-27, an SAT Math sub-score of 580-660, or a CLM score of 53-92 may take MATH 110 or another course designated as a quantitative reasoning (QR) course.
  o an ACT Math sub-score of 28 or higher, an SAT Math sub-score of 670 or higher, or a CLM score 93 or higher are waived from the MATH 110 requirement.

• Upon a student’s initial enrollment at EMU, the Academic Advising Center (734.487.2171) has the authority to exercise professional judgment when accepting transfer courses for the General Education Program. Credits earned through the Advanced Placement (AP), College-Level Examination Program (CLEP), International Baccalaureate (IB), and the military are treated as transfer credit and the scores/credits are evaluated by the following departments:
  o AP - College of Arts and Sciences, Dean’s Office, 734.487.4344
  o CLEP - Academic Advising Center, 734.487.2171
  o IB - Office of Admissions, International Admissions, 734.487.0205
  o Military credit -Veterans Services, 734.487.3119

• After their initial enrollment at EMU, students who wish to receive General Education approval to take, at another institution, courses not accepted as direct (course-to-course) equivalencies to the General Education Program, must receive prior approval from the General Education Director (734.487.0439).

Waivers and substitutions for courses taken at EMU and not approved for the General Education Program can only be granted by the General Education Director (734.487.0439) and cannot be approved for General Education credit by academic departments. NOTE: Exceptions to this are the courses in Area I and II whose guidelines appear above.

**QRChoice Category Information**

Students under the new General Education Program are placed into a Quantitative Reasoning (QR) category based upon their ACT or SAT math score. Students with an ACT math score greater than or equal to 23 or an SAT math score greater than or equal to 580 are in the “QRChoice” category; they can take any approved QR course (or may be waived from the requirement* if the score is 28+ for ACT or 670+ for SAT). All other students, including those without an ACT or SAT score, must take MATH 110 or
MATH 110E (for Elementary Education certification) as the requirement for the General Education Program.

Students who are not eligible for QRChoice may test into this category by using the College Level Math section (CLM) of the mathematics placement test. Testing into QRChoice can only be done under the following conditions:

1. A student must obtain a form designated for this purpose from the University Advising and Career Development Center (UACDC), 200 McKenny. (This is not the same as the pink math placement authorization form.)

2. The score on the CLM must be 53 or higher. No exceptions will be made to this cutoff. A score of 93 or higher will earn the student a QR waiver**.

3. The student cannot take the CLM test more than two times. This includes times that the test is taken for initial placement purposes.

4. A student must wait a minimum of 30 days between a first attempt and a second attempt.

5. The test must be taken within two calendar years from the beginning of the student’s first term at EMU with an application decision of “regular admit.” This applies also to a second attempt.

6. To take the QRChoice test, a student must have a minimum math score on the ACT of 19 or on the SAT of 520 or have passed the Elementary Algebra placement test with a minimum score of 83.

Students should consider getting the QRChoice Category Request to Test Form if this situation applies to them.

QRChoice Category Request to Test Forms will be returned to the University Advising and Career Development Center (UACDC) through a secure route, and kept on file there. Students who successfully test into QRChoice will have a code entered onto their record by the Academic Advising Center to be used for graduation audit purposes. A study guide can be found at http://math.emich.edu/placement.html

*A QR waiver means that the QR requirement for the General Education Program is deemed to have been satisfied. A student may still have to take one of the designated QR courses if his/her program (major, minor or curriculum) requires it or if it is needed as a prerequisite to another course he/she wishes to take.

General Education Transfer Guidelines

Transfer students with MACRAO* will need to meet these requirements:

1. **QR requirement**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list, will meet this requirement if taken before the first semester at EMU with an application decision of “regular
admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

2. **Perspectives on a Diverse World**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an *application decision* of “regular admit.”

3. **Learning Beyond the Classroom**
   Only one course or experience is required and must be completed at EMU.

4. **A Writing Intensive (WI) course designated by their major.**

Transfer students without MACRAO* will need to satisfy:

1. **All General Education requirements**
   Requirements may be met by transferred courses if taken before the first semester at EMU with an *application decision* of “regular admit.”

2. **QR requirement (exception)**
   A course transferring in as MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an *application decision* of “regular admit.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

3. **Perspectives on a Diverse World (exception)**
   One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an *application decision* of “regular admit.”

4. **Learning Beyond the Classroom (exception)**
   Only one course or experience is required and must be completed at EMU.

*MACRAO may be completed after initial enrollment at EMU

To receive credit for transfer courses completed after the first term of enrollment at EMU with an *application decision* of “regular admit,” the courses must be direct equivalencies (course-to-course) to EMU’s General Education Program in order to be applied to General Education requirements. Questions regarding course-to-course equivalencies should be directed to the Director of the General Education Program at 734.487.0439.

**Geographic Information Systems Minor**

**Geography and Geology Department Information:**
Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

Required Courses: 15 hours

- GEOG 276 - Principles of Geographic Information Systems 3 hrs
- or
- GPLN 276 - Principles of Geographic Information Systems 3 hrs
- GEOG 376 - Geographic Information Systems Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GEOG 476 - Advanced Geographic Information Systems 3 hrs
- GEOG 480 - Geographic Information Systems Projects 3 hrs

Restricted Elective Courses: 6-7 hours

One course from the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs

One course from the following:

- ESSC 485 - Introduction to Remote Sensing 3 hrs
- GEOG 361 - Geography of Population 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs

Minor Total: 21-22 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.
Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Geography Minor**

**Geography and Geology Department Information:**

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

**Advisor Information:**
Program Advisor: Dr. Chris Mayda  
Email: cmayda@emich.edu  

Program Advisor: Dr. Bill Welsh  
Email: wwelsh@emich.edu  

Program Advisor: Dr. Zachary Moore  
Email: zmoore@emich.edu  

Phone Number for Advisors: 487-0218

Required Courses: 7 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 13 hours

Thirteen hours selected in consultation with a geography adviser.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Geology Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

Required Courses: 20 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 326 - Structural Geology 4 hrs
- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs

Restricted Elective Courses: 1 hour

One credit hour selected in consultation with a geology adviser.

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.
Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Phone Number: 487-1995

Required Courses: 12 hours

- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 344 - Principles of German Phonetics and Conversation 3 hrs
- GERN 443W - German Syntax and Advanced Composition (Gen Ed Area I, W) 3 hrs
- GERN 444 - Advanced German Conversation 3 hrs

Restricted Elective Courses: 8 hours

Eight hours in German at any level selected in consultation with an adviser

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in
which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**German Literature Minor**

**World Languages Department Information:**

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

**Advisor Information:**
Program Advisor: Carla Damiano
Email: cdamiano@emich.edu
Phone Number: 487-3347

Required Courses: 12 hours

- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 344 - Principles of German Phonetics and Conversation 3 hrs
- GERN 441 - Survey of German Literature 800-Enlightenment 3 hrs
- GERN 442 - Survey of German Literature: Enlightenment to 1945 3 hrs

Restricted Elective Courses: 8 hours

Eight hours in German starting at the 200-level selected in consultation with an adviser.

Minor Total: 20 hours

University Information: Consult the online catalog at catalog.emich.edu.

Gerontology Minor

Adviser: Dr. Elizabeth Schuster, Director
Gerontology Program
104 Roosevelt Hall
734.487.1361
eschuster@emich.edu

The gerontology minor is administered by the Department of Sociology, Anthropology and Criminology in the College of Arts and Sciences through an interdisciplinary coordinating committee composed of faculty who are actively involved in the gerontology field. The 21-semester-hour interdisciplinary minor is available to students who are majors in any department or college of the University. It may serve as a core of study for undergraduate students who wish to supplement their studies with a detailed knowledge of gerontology or who contemplate entering master’s or doctoral programs in gerontology. The minor should be of particular interest to students preparing for work in the physical and mental health service careers, to those working in continuing care centers, for community organization and social service workers, and for educators.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Web site: http://www.emich.edu/sac/

Additional department information is available here in the online catalog.

Required Courses: 13-14 hours

- BIO 259 - Biology of Aging 2 hrs
- GERT 212 - Introduction to Gerontology 3 hrs
- PSY 323 - Psychology of Human Aging 3 hrs
- SOCL 311W - Social Gerontology (Gen Ed Area I, W) 3 hrs
One course from the following:

- * GERT 488 - Gerontology Practicum/Seminar 2 hrs
- * GERT 489 - Gerontology Practicum/Seminar 3 hrs

Elective Courses: 7-8 hours

Students must select 7-8 hours from the following courses:

- DTC 202 - Principles of Human Nutrition 3 hrs
  
or
- DTC 203 - Nutrition for Health Professionals 3 hrs
  
or
- DTC 204 - Sports Nutrition 3 hrs
- DTC 372 - Nutrition of the Life Cycle 3 hrs
- EDPS 325 - Life Span Human Growth and Development 4 hrs
- GERT 219 - Around the World in 80 Years: Adult Development Across Culture (Gen Ed Area III) 3 hrs
- GERT 497 - Independent Study 1 hr
- GERT 498 - Independent Study 2 hrs
- GERT 499 - Independent Study 3 hrs
- GERT 509 - Older Adults and Chemical Dependency 1 hr
- GERT 511 - Elders and Their Families 2 hrs
- GERT 513 - Intergenerational Programs and Services 2 hrs
- GERT 515 - Sexuality and Aging 1 hr
- GERT 516 - The Elderly and the Law 1 hr
- GERT 517 - Developing Funding Proposals for Aging Programs 2 hrs
- GERT 518 - Introduction to Alzheimer’s and Related Dementia 2 hrs
- GERT 523 - Designing Programs for People with Dementia 2 hrs
- GERT 524 - Families and Dementia 2 hrs
- GERT 526 - Behaviors in Dementia 2 hrs
- GERT 528 - Advanced Issues in Dementia Care 2 hrs
- GERT 532 - Aging Through the Eyes of the Old 2 hrs
- GERT 590 - Special Topics 1 hr
- HLED 420 - Health and Aging 3 hrs
- IDE 111 - Human Factors and Universal Design 3 hrs
- IDE 503 - Physical Environments for Aging 2 hrs
- IHHS 260 - Aging to Infancy: A Life Course Retrospective 3 hrs
- SWRK 413 - Women and Aging 3 hrs
- SWRK 420 - Working with Aging People 3 hrs
THRC 310 - Leisure and Aging 3 hrs  
WGST 413 - Women and Aging 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

* Students who are required to complete a practicum in a setting serving older people as a part of their major may request that this experience fulfill the practicum component GERT 488/GERT 489.

Students can only take DTC 202 or DTC 203 or DTC 204.

Students can not take both SWRK 413 and WGST 413.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas. Do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Graphic Communication Minor**

This minor is designed to provide technical communication skills to majors in fields such as graphic design and journalism. The electives in the minor are diverse and extensive enough to allow for individual flexibility.

**School of Technology Studies Information:**

School Director: John Boyless  
School Contact: john.boyless@emich.edu  
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

**Advisor Information:**

Program Advisor: Dave Gore  
Email: dgore@emich.edu  
Phone Number: 487-1161

**Required Courses: 12 hours**

• CMT 104 - Introduction to Communication Technology 3 hrs
Elective Courses: 11-12 hours

Electives selected with an adviser to equal 11-12 credit hours from the areas of:

- Communication Technology
- Art
- Telecommunication and Film
- Written Communication
- Journalism/Public Relations
- Interior Design
- BMMT
- CAD/CAM
- ELEC
- Advertising
- Marketing/Management

Minor Requirements: 23-24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Group Minor in General Science

A group minor in general science (24 credit hours) must be combined with an academic major in biology, chemistry, earth science, mathematics or physics.

Physics and Astronomy Department Information:

Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics
Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Dr. Bonnie Wylo
Email: bwylo@emich.edu
Phone: 734.487.8642

Program Adviser: Dr. Beth Kubitskey
Email: mkubitske1@emich.edu
Phone: 734.487.8798

With a major in biology, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- CHEM 123 - General Chemistry II 3 hrs
  and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in chemistry, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in earth science, take the following:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs

and

- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- MATH 121 - Calculus II 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in geology, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
• BIO 226 - Global Ecology and the Environment 4 hrs

• CHEM 123 - General Chemistry II 3 hrs
  and
• CHEM 124 - General Chemistry II Laboratory 1 hr

• ESSC 212 - Weather, Climate and the Earth System 3 hrs
• MATH 121 - Calculus II 4 hrs
• MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
• PHY 222 - Electricity and Light 4 hrs

With a major in mathematics, take the following courses:

• ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
• BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
• CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
• CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
• ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

• Others as approved by general science adviser
• BIO 226 - Global Ecology and the Environment 4 hrs
• CHEM 123 - General Chemistry II 3 hrs
  and
• CHEM 124 - General Chemistry II Laboratory 1 hr

• ESSC 212 - Weather, Climate and the Earth System 3 hrs
• PHY 222 - Electricity and Light 4 hrs

With a major in physics, take the following courses:

• ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
• BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
• CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
• CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
• ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:
• Others as approved by general science adviser
• BIO 226 - Global Ecology and the Environment 4 hrs
• CHEM 123 - General Chemistry II 3 hrs
  and
• CHEM 124 - General Chemistry II Laboratory 1 hr
• COSC 145 - Introduction to FORTRAN Programming 3 hrs
• ESSC 212 - Weather, Climate and the Earth System 3 hrs

Minor Total: 24-26 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the \textit{100-level and above}. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; \textit{courses taken at community colleges cannot be used to meet this requirement}. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 \textit{unique} credit hours in their major and 20 \textit{unique} credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

\textbf{General Education Requirements:}
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current (“new”) General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Health Administration Minor

School of Health Sciences Information:

School Director: Betsy Francis-Connolly
School Contact: efrancis@emich.edu
Web site: www.emich.edu/hs/

Additional department information is available here in the online catalog.

Advisor Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918

Minor Requirements: 15-16 hours

- AHPR 200 - Medical Terminology 1 hr
- HLAD 310 - Administration of Health Care Organizations 3 hrs
- HLAD 311 - Management of Health Services 3 hrs
- HLAD 401 - Legal Issues in Health Care 3 hrs
- HLAD 420 - Health Insurance and Reimbursement 3 hrs

One course from the following:
- HLAD 300 - Health Care Issues 2 hrs
- HLAD 305 - The U.S. Health Care System 3 hrs

**Elective Courses: 6 hours**

Two courses from the following:

- AAS 351 - The Social Context of African American Health (Gen Ed Area IV) 3 hrs
- HLAD 250 - Introduction to Public Health 3 hrs
- HLAD 308 - Ethical Dimensions in Health Care Delivery 3 hrs
- HLAD 315 - Research Methods and Data Analysis in Health Sciences 3 hrs
- HLAD 416 - Health Planning 3 hrs
- HLAD 417 - Health Regulation 3 hrs
- HLAD 421 - Managed Care 3 hrs
- HLAD 425 - Decision Making for Health Administrators 3 hrs
- HLAD 460 - Long-Term Care Administration 3 hrs
- HLAD 479 - Special Topics 3 hrs
- SWRK 431 - Substance Abuse 3 hrs

**Minor Total: 21-22 hours**

**Note:**

*All minors must have at least six hours of course work at the 300-level or above.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Health and Illness Studies Interdisciplinary Minor

This minor examines the ways in which human beings deal with health and illness in different cultural settings including American society and its subcultures. Oriented toward the student interested in social and cultural aspects of health, illness and disease, it provides a theoretical perspective on comparative medical systems.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Web site: http://www.emich.edu/sac/
Additional department information is available here in the online catalog.

Required Courses: 15 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 329 - Medical Anthropology 3 hrs
- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 311W - Social Gerontology (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs

Elective Courses: 6 hours

Choose from courses in sociology, anthropology, criminology. Must be at the 300-level or above.

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Health Education Minor

This program is intended for students who wish to pursue a career in community health education. The minor is not considered a teaching minor for education majors.

School of Health Promotion and Human Performance Information:

School Director: Christine Karshin
School Contact: ckarshin@emich.edu
Web site: http://www.emich.edu/hphp/

Additional department information is available here in the online catalog.

Adviser Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone: 734.487.0918
Minor Requirements: 20 hours

Required Courses: 17 hours

- HLED 130 - Healthy Sexuality 3 hrs
- HLED 210 - Standard American Red Cross First Aid 2 hrs
- HLED 270 - Principles of Health Education 3 hrs
- HLED 305 - Current Health Issues I 3 hrs
- HLED 315 - Current Health Issues II 3 hrs
- HLED 490 - Drug Use and Abuse 3 hrs

Restricted Elective Courses: 3 hours

Students will choose three credit hours of health-related coursework in consultation with their health minor adviser.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Health Informatics Certificate (CHIN)**

This certificate introduces the student to information systems terminology, structures, applications, and their relationship to management functions in health services organizations. Health providers and enterprise-wide health systems are continuing to make multimillion dollar investments in information systems in order to meet new market and regulatory requirements. Health services managers are required to play a critical role in the analysis, design, acquisition, installation, operation and ultimate success of information systems necessary to meet organizational goals and objectives in such environments. This course exposes students to the fundamental IS/IT applications used to support health care management functions. In addition, applications and management issues unique to industry segments (e.g., long-term care, home care, hospital administration, physician practice management) will
also be explored. The certificate is designed to ensure that students are schooled in the terminology, conceptual models, applications, opportunities, and limitations of core technologies and their relation to information systems used in health services, to the point where they can ask appropriate questions, recognize and state significant issues, and participate in the discussion and analysis of information systems development and application. Ultimately, it seeks to provide students with an understanding of the basic structures of information systems in health administration; the relationship of these systems to managerial functions such as communications, coordination, control, strategic and process planning and decision making; and the important policy and ethical issues associated with privacy, confidentiality, and security in information systems. A key component of the certificate will be a commitment to provide continuous updates to course materials, as U.S. health care technology and policy evolves. Also, since the certificate represents the integration and application of a prerequisite CIS or Computer Science sequence, students will be grounded in fundamental technologies commonly used in health care in addition to gaining an understanding of major information management issues specific to health care systems.

School of Health Sciences Information:

School Director: Betsy Francis-Connolly
School Contact: efrancis@emich.edu
Web site: www.emich.edu/hs/

Additional department information is available here in the online catalog.

Advisor Information:

College of Health and Human Services Advising Center
Email: chhsadvising@emich.edu
Phone Number: 487-0918

Required Courses: 12 hours

- HLAD 476 - Introduction to Healthcare Informatics 3 hrs

Choose a track: 9 hours

CIS Track:

- IS 215 - End-User Computing 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs

COSC Track:
• COSC 111 - Introduction to Programming 3 hrs
• COSC 211 - Programming Data Structures 3 hrs

Choose one of the following: 3 hours

• COSC 215 - Scientific Simulation 3 hrs
• COSC 231 - Internet-based Computing 3 hrs

Electives: 6 hours

_Six hours from the following:_

• HLAD 311 - Management of Health Services 3 hrs
• HLAD 315 - Research Methods and Data Analysis in Health Sciences 3 hrs
• HLAD 416 - Health Planning 3 hrs
• HLAD 417 - Health Regulation 3 hrs
• HLAD 418 - Principles of Healthcare Finance Management 3 hrs

Certificate Total: 18 hours

**Critical Graduation Information:**

_The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs._

• Earn a minimum total of 124 credits at the _100-level and above_. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; _courses taken at community colleges cannot be used to meet this requirement_. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 _unique_ credit hours in their major and 20 _unique_ credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. **Historic Preservation Minor**

**Geography and Geology Department Information:**

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo

Additional department information is available here in the online catalog.

**Required Courses:** 23 hours

- ARTH 472 - History of American Architecture 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 333 - Settlement Geography 3 hrs
- GEOG 360 - Cultural Geography 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GHPR 475 - Architectural Nomenclature 2 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
Restricted Elective Courses: 4-6 hours

Students, in consultation with the program advisers, may choose other elective courses not listed below.

Two courses from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- CNST 201 - Construction Systems 3 hrs
- CNST 228 - Construction Graphics 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 345 - Geography of Resorts 2 hrs
- GHPR 401 - Planning/ Preservation Graphics 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs
- GPLN 401 - Planning/ Preservation Graphics 3 hrs
- HIST 305 - Native American History 3 hrs
- HIST 313 - Michigan History 3 hrs
- HIST 362 - United States Urban History 3 hrs
- IDE 222 - History of Interiors 3 hrs
- PSY 350 - Environmental Psychology 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- TEDU 105 - History of Industrial Technology 3 hrs

Minor Requirements: 27-29 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students, in consultation with the program advisers, may choose other elective courses not listed above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. • For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

History Minor

History and Philosophy Department Information:
Department Head: Kate Mehuron
Department Contact: kmehuron@emich.edu
Web site: http://www.emich.edu/historyphilosophy/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Robert Duke
Email: rduke@emich.edu

Program Advisor: Richard Nation
Email: rnation@emich.edu

Phone Number for Advisors: 487-1018

Required Area Courses: 6 hours

One course from the following:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War I (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

One course from the following:

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

History Courses: 12 hours

Six hours of history courses at the 300-level or above in one of the following areas and three hours in each of the other two areas:

- United States and Canada
- Europe (includes Russia and ancient Greece and Rome)
- Africa, Asia, Latin America (includes Middle East and ancient Near East)
Unrestricted Elective Courses: 2 hours

Minor Total: 20 hours

Notes:

_HIST481 may not be counted toward this minor. Secondary education certification requires at least eight hours of United States history._

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the _100-level and above_. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; _courses taken at community colleges cannot be used to meet this requirement_. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 _unique_ credit hours in their major and 20 _unique_ credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Hotel and Restaurant Management Minor**

**School of Technology Studies Information:**

School Director: John Boyless  
School Contact: john.boyless@emich.edu  
Web site: http://www.emich.edu/sts/

Additional department information is available here in the online catalog.

**Advisor Information:**

Program Advisor: Susan Gregory  
Email: sgregory5@emich.edu  
Phone Number: 487-1161

**Required Courses: 15 hours**

- HRM 103 - Introduction to the Hospitality Industry 3 hrs  
- HRM 150 - Sanitation in the Hospitality Industry 2 hrs  
- HRM 180 - Food Production 3 hrs  
- HRM 268 - Hotel Operations Management 3 hrs  
- HRM 287 - Cooperative Education in Hotel and Restaurant Management 1 hr  
- HRM 340 - Cost Controls in the Hospitality Industry 3 hrs

**Electives: 6 hours**
Electives chosen from within the HRM specialization courses.

Program Total: 21 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Human Biology Minor**

The Human Biology minor is open to all majors including Biology.

Required courses provide students with a background in biology with electives that highlight contemporary issues in human biology.

**Biology Department Information:**

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

**Required Courses: 4-5 hours**

*One course from the following:*

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

**Elective Courses: 15-16 hours**

*15 to 16 hours of the following:*

- BIO 251 - Human Anatomy and Physiology I 4 hrs
- BIO 255 - Human Genetics 3 hrs
- BIO 256 - The Biology of Cancer 2 hrs
- BIO 257 - Human Embryonic Development 3 hrs
- BIO 258 - Germs, Plagues and Human Infections 3 hrs
- BIO 259 - Biology of Aging 2 hrs
• BIO 269 - Biology of Sex and Gender 3 hrs
• ** BIO 328 - Introductory Microbiology 3 hrs
• ** BIO 330 - Neuroanatomy 4 hrs

No more than one course from the following:

• * BIO 252 - Human Anatomy and Physiology II 4 hrs
• * BIO 326 - Human Physiology 3 hrs

Minor Total: 20 hours

Note:

Minors should start with either BIO 105 or BIO 110.

* For students choosing to take an additional course in human physiology after completing BIO 251, they may choose either BIO 252 or BIO 326, but not both.

** PROGRAM REVISION: These courses become available as Electives in the program revision, effective Winter 2012.

The Human Biology Minor is open to the biology major, however these students will not be able to apply BIO 110 toward the Human Biology Minor because it must be applied to the biology major. Instead, these students are required to make up 4 credit hours from the above electives or consult with an adviser for details.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Human Nutrition Minor

This non-teaching minor benefits students enrolled in the majors of: nursing, sports medicine, hotel and restaurant management, occupational therapy, education, psychology and biology.

School of Health Sciences Information:
Required Area Courses: 15 hours

- DTC 358 - Food and Culture (Gen Ed Area III) 3 hrs
- DTC 372 - Nutrition of the Life Cycle 3 hrs
- DTC 375 - Complementary and Alternative Medicine 3 hrs
- DTC 430 - Nutrition Therapy III 3 hrs

One course from the following:

- DTC 202 - Principles of Human Nutrition 3 hrs
- DTC 203 - Nutrition for Health Professionals 3 hrs
- DTC 204 - Sports Nutrition 3 hrs

Restricted Electives Courses: 5 hours

Five hours from the following:

- AHPR 200 - Medical Terminology 1 hr
- BIO 259 - Biology of Aging 2 hrs
- DTC 108 - Careers in Nutrition and Dietetics 2 hrs
- DTC 155 - Fundamentals of Healthy Lifestyles 2 hrs
- DTC 251 - Experimental Foods 4 hrs
- DTC 302 - Nutrient Metabolism: Macronutrients 3 hrs
- HLAD 300 - Health Care Issues 2 hrs
- HLAD 305 - The U.S. Health Care System 3 hrs
- HLAD 308 - Ethical Dimensions in Health Care Delivery 3 hrs
- HLED 302 - From Host to Host: The Communicable Diseases 1 hr
- HLED 402 - Selecting Health Products and Services 3 hrs
- HLED 420 - Health and Aging 3 hrs
- HLED 490 - Drug Use and Abuse 3 hrs
- IHHS 260 - Aging to Infancy: A Life Course Retrospective 3 hrs
- PHED 209 - Bio-Fitness 2 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- THRC 310 - Leisure and Aging 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. **Minor Total:** 24 hours

**Critical Graduation Information:**

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Interdisciplinary Film Studies Minor (NEW PROGRAM)**
**THIS IS A NEW PROGRAM:**
**EFFECTIVE FALL 2011**

Film is the most interdisciplinary of all the arts in that it represents a synthesis of literature, theatre, painting, photography, music, and video. It borrows from all of them to create the most powerful, persuasive, and popular art form of the past 120 years. As a narrative art, it closely resembles painting and photography. As a time art, it is structured much like music.

In their borrowing from other arts, motion pictures naturally embrace a diversity of themes and address a multitude of complex issues. They take students to other times and places and encourage them to consider viewpoints beyond their immediate circumstances. Through the study of films, students develop a greater appreciation for cultural diversity and a better knowledge of human history.

The purpose of this program is to encourage students to understand the relationship between film and other arts and to gain an appreciation for those motion pictures that address diverse themes and reflect the values of other cultures.

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

**Required Courses: 9 hours**

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs  
- CTAT 245 - A Survey of American Cinema 3 hrs  
- CTAT 445 - Film Theory and Criticism 3 hrs

**Restricted Electives: 12 hours**

*Choose at least one course from each of the following categories:*

**Related Arts:**

- Approved Special Topics courses  
- * CTAT 335 - Studies in Film 3 hrs
• CTAT 345 - American Film Genres 3 hrs
• CTAT 444 - Dramatic Scriptwriting for Visual Media 3 hrs

Diverse Perspectives:

• Approved Special Topics courses
• AAS 370 - Films of the African American Experience 3 hrs
• CASI 240 - Reel Women/Real Women 3 hrs
• * CTAT 335 - Studies in Film 3 hrs
• GERN 428 - German Literature and Film from 1945 to the Present 3 hrs
• LITR 241 - Global Images, Narrative Worlds (Gen Ed Area III) 3 hrs

Theory:

• Approved Special Topics courses
• LITR 400 - Narrative in Literature and Film 3 hrs
• PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
• PLSC 320 - Political Science in Literature and Film 3 hrs
• PSY 460 - Psychology of Film 3 hrs

Capstone Experience: 3 hours

• CTAT 495 - Capstone Experience 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

* CTAT 335 may be taken twice if topics are different.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses
will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Interior Design Minor**
School of Engineering Technology Information:

School Director: Bob Lahidji
School Contact: bob.lahidji@emich.edu
Web site: http://www.emich.edu/set/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Jiang Lu
Email: jlu@emich.edu
Phone Number: 487-2040

Required Courses: 6 hours

- IDE 111 - Human Factors and Universal Design 3 hrs
- IDE 131 - Interior Design Theory I 3 hrs

Restricted Elective Courses: 14 hours

Fourteen hours from the following:

- IDE Elective (2 hrs)
  Selected in consultation with the interior design adviser
- IDE 110 - Interior Design Studio I 3 hrs
- IDE 120 - Interior Design Studio II 3 hrs
- IDE 121 - Interior Design Materials and Components 3 hrs
- IDE 122 - Interior Design Theory II 3 hrs
- IDE 123 - Computers for Interior Design I 3 hrs
- IDE 210 - Interior Design Studio III 3 hrs
- IDE 219 - Computers for Interior Design II 3 hrs
- IDE 220 - Interior Design Studio IV 3 hrs
- IDE 221 - Environmental Systems for Interior Designers 3 hrs
- IDE 222 - History of Interiors 3 hrs
- IDE 317 - Lighting Systems for Interior Designers 3 hrs
- IDE 318 - Interior Building Codes and ADA 3 hrs
- IDE 322 - Mill Work Design and Detailing 3 hrs

Minor Total: 20 hours
Note

All minors must have at least six hours of coursework at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

### Jewish Studies (JSTS) Minor

#### Mission Statement
Eastern Michigan University’s Interdisciplinary Jewish Studies program offers courses concerned with the history of the Jewish people, a story of survival under extraordinary circumstances. It considers the cultural and intellectual gifts Jews have given the world. It also focuses on the Jewish faith, its richness, its intricacy, its demands, as well as its complex and fascinating relationships with other religions. This program draws on faculty expertise from throughout the College of Arts and Sciences—ultimately it will draw on such expertise from throughout the university. It engages students in a wide realm of co-curricular activities including lectures and study abroad opportunities. EMU’s program in Jewish Studies provides a gathering place for EMU’s numerous ethnic communities to learn more about Jews and Judaism, a space to build bridges, to open and engage in discourse, to create new understandings between Jews and the many other groups that comprise the diverse culture of southeast Michigan.

MINOR TOTAL: 24 HOURS

NOTE:

All minors must have at least six hours of course work at the 300-level or above.

CRITICAL GRADUATION INFORMATION:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

Phone Number for Advisors: 487-4220

Required Courses: 6 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs

Restricted Elective Courses: 18 hours

One course from the following:

- CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- LITR 361 - Studies in Native American Literature 3 hrs
- LITR 362 - Studies in African American Literature 3 hrs

One period course from the following:

- LITR 309 - The Development of American Literature 3 hrs
- LITR 310 - Modern American Literature 3 hrs
- LITR 312 - English Literature in the Middle Ages 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- LITR 315 - Restoration and 18th-Century Literature 3 hrs
• LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
• LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from major author, genre or literature and culture:

• LITR 400 - Narrative in Literature and Film 3 hrs
• LITR 405 - Shakespeare 3 hrs
• LITR 411 - Studies in Epic and Romance 3 hrs
• LITR 413 - The Poetry of Chaucer 3 hrs
• LITR 420 - Studies in the British Novel 3 hrs
• LITR 421 - Studies in the American Novel 3 hrs
• LITR 422 - Studies in the Novel in Global Perspective 3 hrs
• LITR 430 - Studies in Drama 3 hrs
• LITR 440 - Genre Studies 3 hrs
• LITR 443 - Women in Literature 3 hrs
• LITR 450 - Major Authors 3 hrs
• LITR 470 - Studies in Poetry 3 hrs
• LITR 480 - Studies in Literature and Culture 3 hrs

One Linguistics course from the following:

• LING 205 - English Words 3 hrs
• LING 310 - African American Language 3 hrs
• LING 340 - Language and Culture 3 hrs
• LING 401 - Introduction to Linguistic Science 3 hrs
• LING 402 - Modern English Grammar 3 hrs
• LING 421 - The History of the English Language 3 hrs

One writing course from the following:

• ENGL 328 - Writing, Style and Technology 3 hrs
• ENGL 417 - Rhetoric and the Written Word 3 hrs

A second writing course from the following:

• ENGL 225 - Writing in a Changing World 3 hrs
• ENGL 323 - Writing in the Professional World 3 hrs
• ENGL 324 - Principles of Technical Communication 3 hrs
• ENGL 326 - Research Writing 3 hrs
• ENGL 328 - Writing, Style and Technology 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 314 - Writing for Public Relations 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)
General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Program Advisor: Deedra Springgay
Email: dspringga@emich.edu

Program Advisor: David Hardcastle
Email: dhardcas@emich.edu

Phone Number for Advisors: 487-2344

Required Courses: 6 hours

• MKTG 261 - Contemporary Selling 3 hrs
• MKTG 360 - Principles of Marketing 3 hrs

Restricted Elective Courses: 15 hours

Five courses from the following, at least three must be in marketing (all five may be in marketing).

• ACC 240 - Principles of Financial Accounting 3 hrs
• MGMT 202 - Business Communication 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• MKTG 363 - Retailing 3 hrs
• MKTG 365 - Consumer Behavior 3 hrs
• MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
• MKTG 369 - Advertising 3 hrs
• MKTG 374 - Business to Business Marketing 3 hrs
• MKTG 375 - International Business Transactions 3 hrs
• MKTG 425 - Sports and Event Marketing 3 hrs
• MKTG 430 - Marketing of Services 3 hrs
• MKTG 460 - International Marketing 3 hrs
• MKTG 461 - Sales Management 3 hrs
• MKTG 470 - Marketing Research 3 hrs
• MKTG 474 - Promotional Strategy 3 hrs
• MKTG 475 - Marketing Planning and Management 3 hrs
• SCM 380 - Introduction to Supply Chain Management 3 hrs
• SCM 385 - Logistics 3 hrs
• SCM 386 - Purchasing and Supply Management 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

College of Business approval is required for students planning to enroll in 300- to 400-level business courses. All students must meet the specific course prerequisites for enrollment in any College of Business course.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses
will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Mathematics Minor**
All minors must fill in a program sheet before graduation — see the undergraduate advising coordinator. At least six hours in the minor, at 300-level or above, must be taken at Eastern Michigan University

Mathematics Department Information:

Department Head: Dr. Christopher Gardiner  
Department Contact: cgardiner@emich.edu  
Web site: math.emich.edu

Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Jay Ramanathan  
Email: jramanath@emich.edu

Program Adviser: Gisela Ahlbrandt  
Email: gahlbrand@emich.edu

Program Adviser: Tim Carroll  
Email: tcarroll@emich.edu

Phone Number for Advisers: 734.487.1444

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Required Courses: 14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs

One course from the following:

- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 360 - Statistical Methods 3 hrs
- MATH 370 - Probability and Statistics I 3 hrs
Restricted Elective Courses: 6 hours

Six credit hours from the following:

- * MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W) 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 341 - College Geometry 3 hrs
- ** MATH 360 - Statistical Methods 3 hrs
- ** MATH 370 - Probability and Statistics I 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 409 - Cryptology 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 418 - Modeling with Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 460 - Applied Survey Sampling 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Minor Total: 23 hours

Note:

* Students can not count both MATH 205 and MATH 211 toward the minor.

** It is not permitted to count both MATH 360 and MATH 370 on the minor.

Critical Graduation Information:
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Military Science and Leadership Minor**

**Military Science and Leadership Department Information:**

Department Head: LTC Michael C. Wise  
Department Contact: mwise2@emich.edu  
Web site: http://armyrotc.com/edu/easternmi/
Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: LTC Michel C. Wise
Email: mwise2@emich.edu
Phone: 734.487.6802

Required Courses: 20 hours

Students must take all of the following courses unless granted advanced placement. Students electing a minor in military science may not use this minor to fulfill the state secondary provisional certificate requirement of a teaching minor.

- MSL 101 - Foundations of Officership 2 hrs
- MSL 102 - Basic Leadership 2 hrs
- MSL 201 - Individual Leadership Studies 2 hrs
- MSL 202 - Leadership and Teamwork 2 hrs
- MSL 301 - Leadership and Problem Solving 3 hrs
- MSL 302 - Leadership and Ethics 3 hrs
- MSL 401 - Leadership and Management 3 hrs
- MSL 402 - Officership 3 hrs

Minor Total: 20 hours

**University Information:** Consult the online catalog at catalog.emich.edu.

**Music Minor**

Students seeking admission to the general minor in music must complete an online application for the Department of Music and Dance office and take an applied music audition and basic musicianship examination.

**Music and Dance Department Information:**
Department Head: David O. Woike  
Department Contact: dwoike@emich.edu  
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department’s online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce  
Email: david.pierce@emich.edu  
Phone Number: 487-4380

Required Area Courses: 14 hours

- Ensembles (2 hrs)  
  Only one hour per semester counted toward degree.

- AMUS 115A - Secondary Applied Music 1 hr  
  2 semesters (minimum): 2 hours

- MUSC 101 - Music Theory I 3 hrs

- MUSC 102 - Music Theory II 3 hrs

- MUSC 119 - Aural Skills I 1 hr

- MUSC 129 - Aural Skills II 1 hr

- MUSC 251 - Functional Piano 1 hr

- MUSC 252 - Functional Piano 1 hr

Electives: 6 hours

*Any music courses for which the student meets the prerequisites.*

Minor Total: 20 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more
of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.
Music Therapy Equivalency Certificate

The music therapy post-baccalaureate certificate program is for students with a music degree from a National Association of Schools of Music accredited institution (or an equivalent institution outside of the United States) and an interest in specialized studies that will lead to meeting the eligibility requirements to take the certification examination in music therapy administered by the Certification Board for Music Therapists. Successful passing of this examination leads to the person being credentialed as a music therapist--board certified. The courses within this equivalency certificate program are approved by the American Music Therapy Association, and accredited by the National Association of Schools of Music.

Admission

Students must satisfy admission requirements of the University, the Department of Music and Dance and the Music Therapy Program. Please note that an audition is not required unless students want to take applied music lessons on their principal instrument while completing this certificate. Applied music may be required in secondary instruments to prepare the student to pass the EMU Music Therapy Competencies. Students must be admitted into the music therapy post-baccalaureate certificate program before enrolling in required course work. Requirements for admission into this certificate program include the following:

- Submission of the completed application, nonrefundable application fee and all official undergraduate and graduate transcripts to undergraduate admissions in the Office of Admissions.
- The earned equivalent of a U.S. bachelor’s degree in music from an accredited college or University.
- A personal interview with the coordinator of music therapy is required. This interview will explore the applicant’s (1) interest in and general knowledge of music therapy, (2) music skills and (3) personal potential for being a successful music therapist.
- Applicants whose native language is not English must demonstrate English language proficiency.

Certificate Requirements

The post-baccalaureate music therapy equivalency certificate program must consist of all music therapy courses required for the bachelor of music therapy degree.

Courses in the sciences and in other areas to meet the American Music Therapy Association’s educational standards are required.
Students must successfully demonstrate the EMU music therapy competencies in guitar, piano and voice before being eligible to enter the required clinical training (internship). Copies of the criteria for the competencies can be obtained from the coordinator of music therapy.

A specific program of study will be developed by the coordinator of music therapy, in consultation with the student, once the student is admitted into the equivalency certificate program.

Music and Dance Department Information:

Department Head: David O. Woike
Department Contact: dwoike@emich.edu
Web site: http://www.emich.edu/musicdance/

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Music Therapy Courses: 31 hours

- MUSC 103 - Introduction to Music Therapy 3 hrs
- MUSC 109 - Music Therapy Improvisation Ensemble I 1 hr
- MUSC 209 - Music Therapy Improvisation Ensemble II 1 hr
- MUSC 225 - Voice Skills with Special Populations 1 hr
- MUSC 226 - Guitar Skills with Special Populations 2 hrs
- MUSC 236 - Pre-internship Clinical Training in Music Therapy I 1 hr
- MUSC 237 - Pre-internship Clinical Training in Music Therapy II 1 hr
- MUSC 238 - Methods and Materials in Music Therapy 3 hrs
- MUSC 303 - Music Therapy Clinical Approaches 2 hrs
- MUSC 304 - Music Therapy Professional Skills 2 hrs
- MUSC 309 - Music Therapy Improvisation Ensemble III 1 hr
• MUSC 323 - Pre-internship Clinical Training in Music Therapy III 1 hr
• MUSC 324 - Pre-internship Clinical Training in Music Therapy IV 1 hr
• MUSC 404 - Psychology of Music 3 hrs
• MUSC 405 - Music Therapy Research 3 hrs
• MUSC 409 - Music Therapy Improvisation Ensemble IV 1 hr
• MUSC 427 - Pre-internship Clinical Training in Music Therapy V 1 hr
• MUSC 428 - Pre-internship Clinical Training in Music Therapy VI 1 hr
• MUSC 488 - Clinical Training Internship in Music Therapy 2 hrs

Additional Requirements: 0–12 hours

*Other courses may be required depending on the course content of the student’s previous degree(s). Additional courses that are often required are:

• PEGN dance activity courses or DANC course (2 hrs)
• MUSC 326 - Conducting 2 hrs
• MUSC 413 - Orchestration 2 hrs
• PSY 360 - Abnormal Psychology 3 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

Certificate Total: 31–43 hours

*The number of required hours for the certificate depend upon the student’s undergraduate degree.

Note:

Recital Attendance Requirement
Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor’s degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The
Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Musical Theatre Minor

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Basic Core: 17 hours

The courses required are determined by major.

Dance Majors Core Requirements: 17 hours

This set of classes is for students with a Dance major:

- MUSC 101 - Music Theory I 3 hrs
- MUSC 119 - Aural Skills I 1 hr

Choose four credit hours from the following:

Students choose four credit hours from the following courses.

Level of classes are determined by audition.

- AMUS 115A - Secondary Applied Music 1 hr
- AMUS 115B - Secondary Applied Music 2 hrs
- AMUS 116A - Principal Applied Music 2 hrs
- AMUS 116B - Principal Applied Music 4 hrs
- AMUS 415A - Secondary Applied Music 1 hr
- AMUS 415B - Secondary Applied Music 2 hrs
- AMUS 416A - Principal Applied Music 2 hrs
- AMUS 416B - Principal Applied Music 4 hrs

Choose nine credit hours from the following:

*Students choose at least nine credit hours from the following courses.*

- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 254 - Stage Makeup 1 hr
- CTAR 358 - Characterization 3 hrs
- CTAR 457 - Audition 3 hrs
- CTAR 464 - Style for the Actor 3 hrs

Music Majors Core Requirements: 17 hours

*This set of classes is for students with a Music major:*

- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs
- DANC 200 - Ballet II 2 hrs
- DANC 478 - Special Topics 2 hrs

Choose one course from the following:

- DANC 101 - Jazz I 2 hrs
- DANC 201 - Jazz II 2 hrs

Choose nine credit hours from the following:

*Students choose at least nine credit hours from the following courses.*

- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 254 - Stage Makeup 1 hr
- CTAR 358 - Characterization 3 hrs
- CTAR 457 - Audition 3 hrs
- CTAR 464 - Style for the Actor 3 hrs

Theatre Majors Core Requirements: 17 hours
This set of classes is for students with a Theatre major:

- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs

Nonprofit Administration Minor

The Nonprofit Administration minor provides an opportunity for students to develop the knowledge and skills related to administrative responsibilities in the nonprofit sector. It is linked to and enables a student to fulfill the American Humanics Program’s foundation and professional development competencies. The nonprofit minor requires that students without work experience in a nonprofit organization complete a 300-hour internship for credit in a 501(c)3 organization. Upon graduation, students may go on to work in such organizations as the American Red Cross, Boysville of Michigan, United Way, ACCESS, Freedom House and any of the multitudes of nonprofit social service, arts/cultural and political nonprofit organizations.

University Information: Consult the online catalog at catalog.emich.edu.

Philosophy Minor

The philosophy minor consists of 24 credit hours. 15 of those hours must be at the 200-level or above. Minors must satisfactorily complete at least one course in each of the following five core areas, with a minimum of nine credit hours at the 300- or 400-level.

History and Philosophy Department Information:

Department Head: Kate Mehuron
Department Contact: kmehuron@emich.edu
Web site: http://www.emich.edu/historyphilosophy/

Additional department information is available here in the online catalog.

Adviser Information:

Program Adviser: Professor Brian Bruya
Email: bbruya@emich.edu
Phone: 734.487.0069

Minor Requirements: 24 hours

Students must select a minimum of three hours from each of the five core areas:

I. Logic and Reasoning: 3-6 hours
At least one course from the following:

- * PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- * PHIL 130 - Introduction to Logic 3 hrs
- PHIL 181 - Logic and Model Theory (Gen Ed Area II) 3 hrs
- PHIL 281 - Symbolic Logic 3 hrs

II. History of Philosophy: 3-9 hours

At least one course from the following:

- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs
- PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W) 3 hrs
- PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W) 3 hrs

III. Values: 3-12 hours

At least one course from the following:

*** Error in Catalog: This course was mistakenly left out of this program.

- PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 221 - Business Ethics (Gen Ed Area IV) 3 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PHIL 225 - Political Philosophy (Gen Ed Area IV) 3 hrs
- *** PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs
- PHIL 310W - Aesthetics (Gen Ed Area I, W) 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W) 3 hrs

IV. Epistemology and Metaphysics: 3-12 hours

At least one course from the following:

- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
- PHIL 325W - Theory of Knowledge (Gen Ed Area I, W) 3 hrs
- PHIL 375W - Metaphysics (Gen Ed Area I, W) 3 hrs
- PHIL 380W - Philosophy of Science (Gen Ed Area I, W) 3 hrs
• PHIL 390W - Phenomenology (Gen Ed Area I, W) 3 hrs
• ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
• PHIL 442W - Philosophy of Mind (Gen Ed Area I, W) 3 hrs
• PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs
• PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W) 3 hrs
• PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W) 3 hrs

V. Eastern/Global: 3-9 hours

At least one course from the following:

• PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
• PHIL 228 - Global Ethics (Gen Ed Area III, IV) 3 hrs
• PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III) 3 hrs
• PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

Special Topic courses, Independent Study courses, or other courses approved by the Philosophy Section Chair.

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Only one of PHIL 100 - Introduction to Philosophy or PHIL 110 - Philosophies of Life may be counted toward the major.

* Only one of PHIL 120 - Introduction to Critical Reasoning or PHIL 130 - Introduction to Logic may be counted toward the major.
** This course satisfies either area III or area IV, depending on its specific content. It may only be used to satisfy one area requirement.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

### Physical Education Minor for Special Education Majors - Special Education-Elementary and Special Education-Secondary Teacher Certification

This program is intended for special education majors interested in a teaching minor in adapted physical education. The minor in adapted physical education is designed for undergraduates who wish to earn the State of Michigan Endorsement for Teachers of Students with Disabilities. Because it is a minor, students are required to meet University requirements governing minors as well as the competencies in the revised *Administrative Rules for Special Education* (April, 1997).

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physical education, certification code MB, according to their major area of study (i.e., a secondary education major will receive a secondary education endorsement). The Michigan Test for Teacher Certification (MTTC) covering this field is #044, “Physical Education,” and should be taken at the completion of the program.

### School of Health Promotion and Human Performance Information:

School Director: Christine Karshin  
School Contact: ckarshin@emich.edu  
Web site: http://www.emich.edu/hphp/

Additional department information is available here in the online catalog.

### Advisor Information:

College of Health and Human Services Advising Center  
Email: chhsadvising@emich.edu  
Phone Number: 487-0918

**Minor Requirements:** 24 hours
Required Courses: 20 hours

- **PHED 200 - Anatomy and Physiology 5 hrs**
- PHED 260 - Motor Development 2 hrs
- PHED 300 - Physiology of Exercise 4 hrs
- PHED 330 - Adapted Physical Education 3 hrs
- PHED 388 - Assessment in Adapted Physical Education 1 hr
- PHED 389 - Sport and Activity for the Disabled 1 hr
- PHED 415 - Curriculum and Instruction in Physical Education 3 hrs
- PHED 434 - Adapted Preschool Physical Education 1 hr

Restricted Elective Courses: 4 hours

Four hours from the following:

- PHED 215 - Methods of Teaching Individual Sports 3 hrs
- PHED 217 - Methods of Teaching Team Sports 3 hrs
- PHED 313 - Methods of Teaching Gymnastics 2 hrs
- PHED 315 - Methods of Teaching Conditioning Activities 2 hrs
- PHED 317 - Methods of Teaching Elementary Physical Education 2 hrs
- PHED 319 - Methods of Teaching Aquatics 2 hrs
- *PHED 490 - Field Experience in Adapted Physical Education 4 hrs

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

*This course is required for those students seeking the State of Michigan Endorsement as a Physical Education Teachers for Students with Disabilities.

**Majors in physically and otherwise health impaired (POHI) are exempt from this requirement. However, students must select an additional five credit hours of electives in consultation with the adapted physical education adviser.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the
minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below; these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.

- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have
not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Minor

The Physics Major is provided for students who plan to work in industry, business, or government in an area where physics is useful, such as medicine, law, technical analysis and financial analysis.

Physics and Astronomy Department Information:

Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Dr. Marshall Thomsen

Email: dpawlows@emich.edu
Phone Number: 487-8644

Program Advisor: Diane Jacobs
Email: djacobs@emich.edu
Phone Number: 487-8646

Required Courses: 21 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
• PHY 372 - Modern Physics Laboratory 1 hr

Additional Requirements: 15 hours

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• MATH 121 - Calculus II 4 hrs
• MATH 122 - Elementary Linear Algebra 3 hrs
• MATH 223 - Multivariable Calculus 4 hrs

Minor Total: 36 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Plant Biology Minor**

Open to both Biology majors and non-majors. The minor is intended to provide students with opportunities to study plants from a variety of perspectives, ranging from molecular to ecological levels of organization. Students who are not majoring in biology will not have the necessary prerequisites for certain courses, so it is important to meet with a Plant Biology Minor adviser early in their program.

**Biology Department Information:**

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department information is also available here in the online catalog.

**Required Course: 4 hours**

- * BIO 130 - Biology of Plants 4 hrs
Restricted Electives: 16 hours

16 hours from the following:

- BIO 215 - Plants and People 3 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs
- ** BIO 412 - Biogeography 3 hrs
- BIO 455 - Plant Evolution and Classification 3 hrs
- BIO 456 - Freshwater Algae 3 hrs
- BIO 457 - Aquatic Plants 3 hrs
- BIO 458 - Trees and Shrubs 3 hrs
- BIO 459 - Mycology 3 hrs
- BIO 460 - Plant Anatomy 3 hrs
- ** BIO 461 - Plant Physiology 3 hrs
- ** BIO 462 - Plant Biotechnology 3 hrs

Minor Total: 20 hours

Notes:

All minors must have at least six hours of course work at the 300 level or above.

*No credit will be given to students who have completed BIO120. Biology majors electing the plant biology minor must take an additional four credits of restricted electives in place of BIO130.

**These courses have additional prerequisites other than BIO130. Consult with adviser for details.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. University Information: Consult the online catalog at catalog.emich.edu.

Political Science Minor
Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work.

**Political Science Department Information:**

Department Head: Dr. Arnold Fleischmann  
Department Contact: afleisch@emich.edu  
Web site: [http://www.emich.edu/polisci/](http://www.emich.edu/polisci/)

Additional department information is available here in the online catalog.

**Required Core Courses: 6 hours**

*Two courses from the following:*

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs  
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs  
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs  
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs  
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs  
- PLSC 310 - Methods of Political Research 3 hrs

**Area of Concentration: 15 hours**

*Five courses from two of the three following groups:*

I. American Politics, Public Law and Administration:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs  
- PLSC 216 - Municipal Government 3 hrs  
- PLSC 243 - Black Women: Politics and Racism 3 hrs  
- PLSC 270 - Public Administration 3 hrs  
- PLSC 301 - American Legal System 3 hrs  
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs  
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs  
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs  
  or  
- PLSC 315 - Criminal Mock Trial and Legal Process 3 hrs
• PLSC 330 - Urban Politics 3 hrs
• PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
• PLSC 335 - Labor in American Politics 3 hrs
• PLSC 352 - Politics of Government Budgeting 3 hrs
• PLSC 357 - Campaigns and Elections 3 hrs
• PLSC 358 - Political Parties and Interest Groups 3 hrs
• PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
• PLSC 362 - Black Women: Religion and Sexism 3 hrs
• PLSC 364 - Legislative Process 3 hrs
• PLSC 365 - Women and Politics 3 hrs
• PLSC 380 - American Presidency 3 hrs
• PLSC 381 - Public Policy Analysis 3 hrs
• PLSC 385 - Judicial Process and Behavior 3 hrs
• PLSC 386 - U.S. Supreme Court Simulation 3 hrs
• WGST 243 - Black Women: Politics and Racism 3 hrs

II. Comparative Politics and International Relations:

• PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
• PLSC 222 - War and Peace in the Nuclear Age 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 311 - Politics of the Developing World 3 hrs
• PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
• PLSC 341 - International Law 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 354 - Canadian Politics 3 hrs
• PLSC 355 - European Politics 3 hrs
• PLSC 361 - Russian Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
• PLSC 371 - Middle East Politics 3 hrs
• PLSC 372 - African Politics 3 hrs
• PLSC 374 - Asian Politics 3 hrs
• PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
• PLSC 462 - Russian Foreign Relations 3 hrs
• PLSC 467 - Advanced International Relations 3 hrs
• PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
• PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
• PLSC 310 - Methods of Political Research 3 hrs

III. Political Theory and Methods:
• PLSC 382 - Politics and the 21st Century 3 hrs
• PLSC 320 - Political Science in Literature and Film 3 hrs
• PLSC 306 - Contemporary Political Thought 3 hrs
• PLSC 307 - Democracy and Power 3 hrs
• PLSC 310 - Methods of Political Research 3 hrs
• PLSC 309 - American Political Theory 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside
the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

**General Education**

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Pre-Architecture Program**

This program is designed for students who wish to transfer to an architecture program at another university. Students are strongly advised to consult with an adviser as soon as possible to select courses and to review admission requirements to architectural school. Typically, a student will transfer to an architectural school after a maximum of two years. Department advisers at EMU maintain contact with universities that offer related four-year programs in order to maximize the value of the transfer program of study at the University to other universities. Students planning to transfer to four-year programs should not complete EMU's general education requirements.

**Required Courses:** 58 hours

- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr
- COSC 111 - Introduction to Programming 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- PHIL 130 - Introduction to Logic 3 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

One course from the following:

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Two Literature courses: 6 hours

Recommended Courses (course may not transfer): 2 hours

- CNST 125 - Introduction to Construction 2 hrs

Note:

All minors must have at least six hours of course work at the 300-level or above.

Pre-Dentistry

Most students select either a chemistry major and biology minor or a biology major and chemistry minor as preparation for admission to dental school. The exact requirements for a particular dental school can be found in the publication Admission Requirements of U.S. and Canadian Dental Schools, available in the office of the pre-dentistry adviser.

The majority of pre-dental students complete four years of undergraduate work, earning a B.S. degree. Since admission to dental school is very competitive, it is recommended that alternative career plans be a part of every pre-dental student’s program.

Students seeking admission to dental school take the Dental Aptitude Test, usually late in the junior year or early in the senior year. Application is generally made between August and December for the class beginning the following fall. Virtually all dental
schools require the use of a central agency, the American Association of Dental Schools Application Service, when applying for admission.

Science courses required for admission into most dental schools are listed below. Careful scheduling will allow the student to complete these courses in three years.

Advisor Information:

Program Advisor: Gregg Wilmes
Phone Number: 487-0106
Email: gwilmes@emich.edu

Required Courses

*see note

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Notes:

Introductory courses in histology or human physiology, biochemistry and microbiology are recommended. One year of English composition/literature. On course in sociology, psychology or anthropology.

Dental Hygiene and Dental Assisting

Eastern Michigan University offers no degrees or certificates in these areas. Two-year certificates and four-year degree programs are available at the University of Michigan, Ferris State University and the University of Detroit-Mercy. Two-year programs also are available at numerous community colleges.
Students interested in these programs should plan on transferring after completing their freshman year at EMU. Liberal arts preparation in English composition, speech, chemistry (CHEM117/118 Fundamentals of Chemistry with lab), psychology, sociology and political science, plus electives in social science, natural science and humanities, generally will be transferable. More specific descriptions of requirements should be obtained by writing to the schools in question since requirements vary from school to school.

**Pre-Engineering Program**

This program is a two-year program designed for the student who wishes to transfer to an engineering program at another University. Students are strongly advised to consult with the engineering school to which they plan to transfer for specific requirements. Courses taken may apply to other majors at the University if the student chooses to remain on campus to complete a bachelor’s degree.

Pre-engineering advisers in the department maintain contact with universities that offer related four-year programs in order to maximize the value of the transfer program of study at the University to other universities. Currently we offer a formal program with the University of Detroit-Mercy and transfer agreements with the University of Michigan in Ann Arbor and the University of Michigan in Dearborn.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click here.

**Required Mathematics Courses: 18 hours**

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

**Required Physics Courses: 18 hours**

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 229 - Strength and Elasticity of Materials 4 hrs
- PHY 230 - Engineering Dynamics 4 hrs
Other Required Courses: 16 hours

- One literature course (3 hrs)
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- COSC 246 - Programming in C++ 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs

Electives: 15 hours

*see note

- More than three credit hours of computer science courses
- More than three credit hours of literature courses
- More than three credit hours of humanities courses
- More than three credit hours of social science courses
- Other courses with consultation
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 341 - Fundamentals of Material Science 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 225 - Writing in a Changing World 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 456 - Electronics for Scientists 4 hrs
- PHY 471 - Atomic and Nuclear Physics 3 hrs
- PHY 485 - Fluid Dynamics 3 hrs

Note:

All electives should be chosen in consultation with a pre-engineering adviser. Every engineering program has different requirements. Different fields in engineering (mechanical, electrical, nuclear, chemical, civil, aerospace, environmental, etc) requires different courses. Meeting with a pre-engineering adviser to develop a plan of study will maximize the value of your transfer program.

Pre-Law
Most law schools require a bachelor’s degree and evidence of potential for law school as measured by grade point average and the results of the Law School Admission Test (LSAT). In addition, most law school admission officers emphasize the importance of a broad academic background and the development of analytical and communication skills. The Department of Political Science provides counseling for prelaw students, LSAT registration, and application materials and catalogs from many law schools throughout the country.

Because law schools typically do not require specific courses for admission or identify any particular major or curriculum as preferable, it is necessary for prelaw students to plan their own academic programs. Given the increasing competitiveness of admission to law school, it is important that great care be exercised in selecting a program of study appropriate to a legal career and in maintaining a high level of academic performance. It is also prudent to choose a program that will provide a suitable alternative career.

The majors most commonly selected by prelaw students are political science, economics, history and sociology. Other frequent choices include English language and literature, communications, psychology, philosophy and business administration. Although less numerous, students with majors in mathematics, the natural sciences, foreign languages, music, and art also enter law school to enhance their career potential.

Whatever major and minor combination is chosen, attention also should be given to the selection of appropriate elective courses. Generally, any challenging course that will facilitate mastery of the use of language, develop critical understanding of human values and institutions, or contribute to the capacity for independent and creative thinking is likely to be useful. Among specific courses that are often recommended by prelaw advisers are advanced English composition, persuasive speech, logic and accounting. Mathematics and science courses are frequently cited as helpful in developing needed analytical skills.

Prelaw students who desire to gain greater insight into the law and legal procedures, and law school approaches to legal studies, may choose from a broad range of courses offered by the Departments of Political Science, Sociology, Economics, History and Philosophy, and Marketing. The major and minor in public law and government, offered by the Department of Political Science, provides a firm foundation on which to build a career in law.

Phone Number: 487-3113
Pre-Medicine (Allopathic and Osteopathic), Pre-Veterinary, and Pre-Chiropractic, Pre-Optometry and Pre-Podiatry

Students planning on pursuing a career in the medical field can complete course requirements at EMU for admission to medicine, optometry, podiatry, veterinary and chiropractic programs. For information on these programs, see the advising coordinator.

While medical schools do not prescribe a premedical curriculum, they expect a thorough understanding of modern concepts in biology, chemistry and physics, and all value mathematical competence, with some specifying a course sequence in mathematics. Most pre-medical students, therefore, select a major in one of these areas, although this is not mandatory. Students should earn the bachelor’s degree prior to admission to medical school.

An important admission requirement for most medical schools, the Medical College Admission Test (MCAT), is given in April and August in various centers throughout the nation. This test should be taken after prerequisites in biology, chemistry and physics are completed, typically during the junior year.

Each allopathic and osteopathic medical school establishes its own admission requirements. The course requirements are similar but differ enough so that students should consult the catalogs of the schools in which they are interested. The latest edition of Medical School Admission Requirements, available at the reference desk of Halle library and in the premedicine adviser’s office, should be consulted. The introductory chapters of this book should be read by every prospective medical student.

If students electing the premedicine sequence are not achieving at least a 2.75 GPA (overall and in their major), their chances of acceptance by a medical school are minimal, and they should plan their programs so that other professional or vocational goals are possible.

The following programs have articulation agreements with the colleges listed below. For more information, please contact the department head or the Office of Community College Relations at 229 Rackham Hall, 734.487.6577. Full-text versions of articulation agreements are available at www.emich.edu/CCR/artguide.php.

**B.S. Pre-Chiropractic**—Logan University

Adviser Information:
General Requirements

Students planning to apply for admission to a medical school should plan their schedule to include the following general requirements:

- Elective in English language or literature (3 hrs)
- Sociology and psychology courses (8 hrs)
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

First Year-Pre-Medicine

Because of the nature of the premedical program, if the student is a biology or chemistry major it is almost mandatory to follow the first year as patterned below.

First Semester: 13-19 hours

- Mathematics (2-4 hrs)
  **see note
- General education (2-6 hrs)
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
Second Semester: 14-20 hours

*Math see note

- Mathematics (2-4 hrs)
- General education (3-7 hrs)
- BIO 120 - Introductory Biology II 5 hrs
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Notes:

*Prior to registering for the second semester, the student should see the premedical coordinator.

**Students with one to two years of less than high-level algebra take MATH105 College Algebra. Students with only one year of algebra take MATH104 Intermediate Algebra, followed by MATH105 College Algebra. Students without trigonometry take MATH107 Plane Trigonometry. Although students may need to take MATH104 Intermediate Algebra, MATH105 College Algebra or MATH107 Plane Trigonometry these courses do not satisfy general education requirements. Students must still complete a mathematics course from the list of approved mathematics courses; biology majors will satisfy both general education and biology major requirements by taking MATH120 Calculus I.

Pre-Mortuary Science

The pre-mortuary science program requires two academic years. Before entering the professional mortuary school, the student must complete at least 60 hours of college work that includes the following science and mathematics courses:

Advisor Information:

Program Advisor: Heather Holmes
Phone Number: 487-0106
Email: hholmes1@emich.edu

Recommended Courses

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- MATH 104 - Intermediate Algebra 3 hrs
  
  Another mathematics elective may be substituted.
- PHY 101 - Physical Science in the Arts (Gen Ed Area IV) 4 hrs

**Recommended Elective Courses**

The Board of Examiners in Mortuary Science recommends the following courses for elective hours. They include behavioral sciences, business, counseling, first aid and public speaking.

- ACC 240 - Principles of Financial Accounting 3 hrs
- COUN 450 - An Introduction: Counseling Concepts and Skills 3 hrs
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- ECON 200 - The American Economy 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- HLED 210 - Standard American Red Cross First Aid 2 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- MKTG 363 - Retailing 3 hrs
- PSY 225 - Psychology of Religion 3 hrs
- PSY 323 - Psychology of Human Aging 3 hrs
- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 311W - Social Gerontology (Gen Ed Area I, W) 3 hrs

**Pre-Pharmacy**

Two years of college work (60 transferable hours, including the courses listed below) are required for admission to a professional school of pharmacy. Some schools have additional required or recommended courses.

Programs in pharmacy require two to four additional years of study after acceptance into the program. Clinical experience is required for some, especially doctoral programs. Theses are minimal requirements. To be competitive for some pharmacy programs, students may need to complete a bachelors program. It is strongly advised that students
contact pharmacy schools directly to determine whether additional coursework and PCAT exam scores are required.

Advisor Information:

Program Advisor: Tim Friebe
Phone Number: 487-0106
Email: tfriebe@emich.edu

Recommended Courses

- One biology course with a lab (Some schools require additional courses.)
- Two social science courses
- Two humanities courses (two foreign language courses may be substituted.)
- BIO 328 - Introductory Microbiology 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Psychology Minor

The minor provides students entering many career fields a fuller scientific understanding of human experience, behavior, needs, desires and potentialities. The minor is flexible; within limits it may be designed to meet the needs of each student.

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Web site: http://www.emich.edu/psychology/

Additional department information is available here in the online catalog.

Required Courses: 3-4 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs and PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Elective Courses: 16-17 hours

_Sixteen to seventeen hours selected in consultation with an advising coordinator._

Minor Requirements: 20 hours

>Note:

_All minors must have at least six hours of course work at the 300-level or above._

Critical Graduation Information:

_The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs._

- Earn a minimum total of 124 credits at the _100-level and above_. _Courses with numbers below 100 will not be counted toward this degree requirement._ At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; _courses taken at community colleges cannot be used to meet this requirement._ (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 _unique_ credit hours in their major and 20 _unique_ credit hours in their minor for a total of at least 50 _unique_ credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above
at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Administration Minor

Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work.

Political Science Department Information:

Department Head: Dr. Arnold Fleischmann
Department Contact: afleisch@emich.edu
Web site: http://www.emich.edu/polisci/

Additional department information is available here in the online catalog.

Required Course: 3 hours
• PLSC 270 - Public Administration 3 hrs

**Restricted Elective Courses: 12 hours**

*Four of the following courses:*

• PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
• PLSC 334 - Personnel Administration in Government 3 hrs
• PLSC 352 - Politics of Government Budgeting 3 hrs
• PLSC 381 - Public Policy Analysis 3 hrs
• PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs
• PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

**Elective Courses: 9 hours**

*Three courses from the following:*

• PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
• PLSC 216 - Municipal Government 3 hrs
• PLSC 301 - American Legal System 3 hrs
• PLSC 330 - Urban Politics 3 hrs
• PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
• PLSC 364 - Legislative Process 3 hrs
• PLSC 380 - American Presidency 3 hrs
• PLSC 385 - Judicial Process and Behavior 3 hrs
• PLSC 470 - Seminar in Political Science 3 hrs
• PLSC 486 - Internship in Political Science/Public Administration 3 hrs

**Minor Total: 24 hours**

**Note:**

*All minors must have at least six hours of course work at the 300-level or above.*

**Critical Graduation Information:**

*The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*
Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Public Law and Government Minor**

Students must complete at Eastern Michigan University at least three courses in the public law and government minor numbered 300 or above. A maximum of four credit hours of independent study or internship/cooperative education courses may be applied to the 21 credit hours required for this minor. Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113, and the required core courses within the first nine hours of political science course work.

For more information regarding internships visit the department website here: http://www.emich.edu/polisci/Internship/undergrad_majors.html

**Political Science Department Information:**

Department Head: Dr. Arnold Fleischmann  
Department Contact: afleisch@emich.edu  
Web site: http://www.emich.edu/polisci/

Additional department information is available here in the online catalog.

**Core Required Courses:** 9 hours

One course from each of the following three areas of public law:

**Area I:**

- PLSC 301 - American Legal System 3 hrs  
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs  
- PLSC 385 - Judicial Process and Behavior 3 hrs

**Area II:**

- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs  
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

Area III:
• PLSC 341 - International Law 3 hrs
• PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

Public Law Restricted Elective Courses: 6 hours

*Students may not double count courses taken in the Core Required Courses section.*

Select two courses from the following:

• CRM 460 - Criminal Law II 3 hrs
• ECON 407 - Economic Analysis and Law 3 hrs
• HIST 465 - United States Constitutional History 3 hrs
• PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
• PLSC 301 - American Legal System 3 hrs
• PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
• PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
• PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
• PLSC 341 - International Law 3 hrs
• PLSC 386 - U.S. Supreme Court Simulation 3 hrs
• PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
• PLSC 456 - Criminal Law I 3 hrs
• PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
• PLSC 486 - Internship in Political Science/Public Administration 3 hrs
• PLSC 487 - Cooperative Education in Political Science 3 hrs
• PLSC 488 - Internship in Political Science/Public Administration 6 hrs
• PLSC 489 - Internship in Political Science/Public Administration 9 hrs
• PLSC 497 - Independent Study 1 hrs
• PLSC 498 - Independent Study 2 hrs
• PLSC 499 - Independent Study 3 hrs

Elective Courses: 6 hours

Select two courses from two of the three following groups:

I. American Politics, Public Law and Administration

• PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
• PLSC 216 - Municipal Government 3 hrs
• PLSC 270 - Public Administration 3 hrs
• PLSC 330 - Urban Politics 3 hrs
• PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
• PLSC 335 - Labor in American Politics 3 hrs
• PLSC 352 - Politics of Government Budgeting 3 hrs
• PLSC 357 - Campaigns and Elections 3 hrs
• PLSC 358 - Political Parties and Interest Groups 3 hrs
• PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
• PLSC 364 - Legislative Process 3 hrs
• PLSC 365 - Women and Politics 3 hrs
• PLSC 380 - American Presidency 3 hrs
• PLSC 381 - Public Policy Analysis 3 hrs

II. Comparative Politics and International Relations:

• PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
• PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
• PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
• PLSC 222 - War and Peace in the Nuclear Age 3 hrs
• PLSC 308 - Political Violence and Revolution 3 hrs
• PLSC 311 - Politics of the Developing World 3 hrs
• PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
• PLSC 342 - International Organizations 3 hrs
• PLSC 354 - Canadian Politics 3 hrs
• PLSC 355 - European Politics 3 hrs
• PLSC 361 - Russian Politics 3 hrs
• PLSC 367 - Latin American Politics 3 hrs
• PLSC 371 - Middle East Politics 3 hrs
• PLSC 372 - African Politics 3 hrs
• PLSC 374 - Asian Politics 3 hrs
• PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
• PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
• PLSC 462 - Russian Foreign Relations 3 hrs
• PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

• PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
• PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
• PLSC 310 - Methods of Political Research 3 hrs
• PLSC 382 - Politics and the 21st Century 3 hrs
• PLSC 320 - Political Science in Literature and Film 3 hrs
• PLSC 306 - Contemporary Political Thought 3 hrs
• PLSC 307 - Democracy and Power 3 hrs
• PLSC 309 - American Political Theory 3 hrs

Minor Total: 21 hours

Note:

*All minors must have at least six hours of course work at the 300-level or above.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each major
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas. Do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Recreation and Park Management Minor**

The mission of the recreation and park management minor is to provide a core of training that is sufficient in depth and breadth for individuals from a variety of specializations to become employed in public and private agencies to supervise recreation facilities and provide recreation services. The need to integrate into the community, to reposition the recreation profession as a catalyst for decision making, and to assist in solving community problems are emphasized. Training in the minor is directed to heighten concern for providing recreation opportunities in an increasingly pluralistic society and to promote environmental stewardship and sustainability.

The recreation and parks management minor is aimed at:

- Majors who desire training in the recreation industry and who are concurrently acquiring knowledge and skills in, for example, business, the humanities and social sciences.
- Individuals seeking training in the recreation industry after earning a degree, but who choose not to seek a second degree.
• Individuals who already have a degree and who have or who are working in a variety of fields but seek a change in employment to the recreation industry.

• Majors in other fields who want to develop additional employment opportunities in the recreation industry in addition to their own specialization.

• Individuals who desire knowledge and skills of the recreation industry.

Objectives of the minor:

• To build on an existing and/or developing base of knowledge and skills in other occupational areas.

• To provide knowledge and skills to succeed in the recreation industry.

• To provide knowledge of leisure and recreation as phenomena in society.

• To provide the opportunity to earn the minor in two semesters for individuals seeking to retool in an occupational specialty.

Advisor Information:

Program Advisor: Robert Duke
Email: rduke@emich.edu

Program Advisor: Richard Nation
Email: rnation@emich.edu

Phone Number for Advisors: 487-1018

Required Area Courses: 3 hours

- HIST 100 - The Comparative Study of Religion (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 12 hours

Four courses from the following:

- ANTH 338 - Anthropology of Religion 3 hrs
- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 204 - Introduction to the History of Judaism (NEW COURSE) 3 hrs
- HIST 303 - History of American Religion 3 hrs
- HIST 304 - Early Judaism 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- LITR 251 - The Bible as Literature 3 hrs
- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
- PSY 225 - Psychology of Religion 3 hrs
- SOCL 320 - Sociology of Religion 3 hrs

Elective Courses: 5-6 hours

Certain independent study courses and special topics courses may be counted as restricted elective courses or elective courses with the approval of the advising coordinator of religious studies. No more than three of the seven courses in the minor may be chosen from a single area: fine arts, literature and history.
Two courses from the restricted elective courses list or from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 368 - History of Classical Art 3 hrs
- ARTH 369 - History of Renaissance Art 3 hrs
- CHL 351 - World Mythology 3 hrs
- CLAS 301 - Classical Mythology 3 hrs
- HIST 327 - Europe in Early Middle Ages 400-1050 3 hrs
- HIST 328 - Europe in Late Middle Ages 1050-1400 3 hrs
- HIST 330 - Europe in the Renaissance and Reformation 3 hrs
- LITR 309 - The Development of American Literature 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs

Minor Total: 20-21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Additional department Information is also available here in the online catalog.

Advisor Information:

Program Advisor: Jamin Eisenbach
Email: jeisenbac@emich.edu
Phone Number: 487-4242

Required Courses: 25 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 326 - Human Physiology 3 hrs

One course from the following:

- ** BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 315 - Evolution 3 hrs

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Minor Total for Science Majors: 25 hours

*Students minoring in Biology with secondary certification, but not majoring in a science teaching program must take the following courses:*

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- * BIO 406 - The Nature of Science 1 hr

Minor Total for Non-Science Majors: 29 hours

Notes:

*All minors must have at least six hours of course work at the 300-level or above.*
**CHEM406, ESSC406, or PHY406 may be substituted for BIO406.**

**Students need to take CHEM121/122 General Chemistry I with lab (4 hrs) and CHEM123/124 General Chemistry II with lab (4 hrs) to satisfy the prerequisites for BIO305.**

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 11 hours

- BMMT 123 - Word Processing/Keyboarding Applications 2 hrs
- BMMT 220 - Word/Information Processing Operations 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Major Requirements: 52 hours

Business Core: 12 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- BMMT 100 - Contemporary Business 3 hrs
- BMMT 201 - Microcomputers for Business Applications 3 hrs

Undergraduates choose one course from the following:
• ACC 241 - Principles of Managerial Accounting 3 hrs
• ACC 296 - The Accounting Cycle and Profession 3 hrs

Post-Baccalaureates choose one course from the following:

• ACC 241 - Principles of Managerial Accounting 3 hrs
• ACC 501 - Accounting Principles 3 hrs

Management Core: 12 hours

• TM 212 - The Management of Technological Change 3 hrs

One course from the following:

• LAW 293 - Legal Environment of Business 3 hrs
• LAW 503 - Legal Environment of Business 3 hrs

One course from the following:

• BMMT 250 - Personal Finance 3 hrs
• FIN 350 - Principles of Finance 3 hrs
• FIN 502 - Financial Principles 3 hrs

One course from the following:

• BMMT 395 - Administering Workplace Systems and Technology 3 hrs
• MGMT 384 - Human Resource Management 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• MGMT 388 - Introduction to Entrepreneurship 3 hrs

Marketing Core: 13 hours

• BMMT 200 - Principles of Career and Technical Education 3 hrs
• BMMT 366 - Methods of Teaching Marketing Education 2 hrs

One course from the following:

• MKTG 360 - Principles of Marketing 3 hrs
• MKTG 510 - Marketing Management 3 hrs

Choose two courses from the following but only one may be a BMMT course.
BMMT 368 - Management of Marketing Education Programs 2 hrs
BMMT 461 - Projects and Simulations in Marketing Education 2 hrs
MKTG 261 - Contemporary Selling 3 hrs
MKTG 363 - Retailing 3 hrs
MKTG 365 - Consumer Behavior 3 hrs
MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
MKTG 369 - Advertising 3 hrs
MKTG 374 - Business to Business Marketing 3 hrs
MKTG 461 - Sales Management 3 hrs

IT Core: 15 hours

BMMT 321 - Digital Tools: Communication 3 hrs
BMMT 496 - Records Administration Using Database 3 hrs
CMT 421 - Web Publishing Technology 3 hrs
IA 210 - Concepts of Network and Business Technology 3 hrs
STS 224 - Solving Quantitative Problems in Technology (Gen Ed Area II) 3 hrs

Professional Studies: 37 hours

Pre-Admission phase: The Learner and the Community: 7 hours

Courses that may be taken before formal admission to the Initial Teacher Preparation Program

- One-hundred clock hours of approved pre-student teaching field experiences
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

Phase I: Curriculum, Assessment and the Social Context: 9 hours

Courses that require formal admission to the Initial Teacher Preparation Program

- BMMT 363 - Curriculum for Career and Technical Education 3 hrs
- EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 12 hours

• BMMT 364 - Methods in Teaching General Business Subjects 2 hrs
• BMMT 365 - Methods of Teaching Office Education (TO BE DELETED) 2 hrs
• BMMT 366 - Methods of Teaching Marketing Education 2 hrs
• PRCT 311 - Practicum II: Secondary 3 hrs
• RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 9 hours

• EDUC 492 - Student Teaching 9 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

*This course replaces CURR 305 for BMMT majors.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

Meet the requirements of the General Education program (see information below).

Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

Earn a minimum of 30 credits from courses taken at EMU.

Complete 10 of the last 30 hours for the degree from courses taken at EMU.

Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.

Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Chemistry Minor**

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in chemistry, certification code DC. The Michigan Test for Teacher Certification (MTTC) covering this field is #018, “Chemistry.”

**Chemistry Department Information:**

Department Head: Ross Nord  
Department Contact: rnord@emich.edu  
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

**Advisor Information:**

Program Advisor: Larry Kolopajlo  
Phone Number: 487-0106  
Email: lkolopajl@emich.edu

**Required Courses: 24 hours**

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs  
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr  
- CHEM 123 - General Chemistry II 3 hrs  
- CHEM 124 - General Chemistry II Laboratory 1 hr  
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
Choose one option from the following:

Option I

Electives: Three hours in Chemistry from courses numbered above 200. If a student is a nonscience major, then that student will take CHEM 325 or PHY 325 (3 hrs) as an elective course and either BIO 406, CHEM 406, ESSC 406, or PHY 406 (1 hr).

- CHEM 351 - Foundations of Biochemistry 4 hrs

Option II

Four elective hours in chemistry from courses numbered above 200. If a student is a nonscience major, then that student will take CHEM 325 or PHY 325 (3 hrs) as an elective course and either BIO 406, CHEM 406, ESSC 406, or PHY 406 (1 hr).

- CHEM 451 - Biochemistry I 3 hrs

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

*The CHEM371/372/373 Organic Chemistry I/II/lab sequence may be substituted for CHEM270/271 if a stronger background is desired. The 8 hour sequence 371/372/373 will also count for three hours of electives for science majors. Non-science majors who take 371/372/373 must still take 325 and 406.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.

• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.

• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Communication and Theatre Arts Teaching Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code BD. The Michigan Test for Teacher Certification (MTTC) covering this field is #004, “Speech.” At least six hours must be taken at the 300-400 level.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Michael Tew
Email: mtew@emich.edu
Phone Number: 487-3130

Required Courses: 24 hours
- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- * CTAC 307 - The Teaching of Speech 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

Minor Total: 24 hours

Note:

Students will declare a teaching major or minor in conjunction with their CTA program - there is no restriction on General Education course selections - students complete standard Initial Teacher Preparation Program professional education coursework.

*All minors must have at least six hours of course work at the 300-level or above.

*Majors take CTAC307 as part of the Initial Teacher Preparation Program.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Computer Science Education Minor

Successful completion of this program, in conjunction with other teacher education requirements, qualifies students for recommendation for endorsement in computer science, certification code NR and an additional endorsement dependent on the major selected. The Michigan Test for Teacher Certification (MTTC) covering this field is #050, “Computer Science.”

Students must be accepted into the Initial Teacher Preparation Program before enrolling in COSC 342 - Programming Languages for Educators, COSC 303 - Applications in Computer Science and COSC 306 - Methods of Teaching Computer Science in the Secondary Schools.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Adviser Information:

Adviser: Zenia Bahorski

Phone: 734.487.0270

Adviser: Pamela Moore
Email: pamela.moore@emich.edu
Phone: 734.487.3205

Additional Requirements: 3 hours

- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs
Required Courses: 21 hours

- COSC 101 - Computer Science Concepts and Practical Applications 3 hrs
- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 303 - Applications in Computer Science 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 342 - Programming Languages for Educators 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Phone: 734.487.0218

Program Adviser: Michael Kasenow
Email: mkasenow@emich.edu
Phone: 734.487.0218

Required Course: 22-25 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ** ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- * ESSC 406 - The Nature of Science 1 hr

Minor Total: 22-25 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.
*PHY406 or CHEM406 or BIOL406 may be substituted.

**Only required if one of the following courses has not been taken: ESSC347, BIOL403, CHEM325 or PHYS325.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major.
and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Economics Minor**

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in economics, certification code CA. The Michigan Test for Teacher Certification (MTTC) covering this field is #007, “Economics.”

**Economics Department Information:**

Department Head: Raouf S. Hanna
Department Contact: rhanna@emich.edu
Web site: http://www.emich.edu/economics/

Additional department information is also available here in the online catalog.

**Advisor Information:**
Required Courses: 9 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 375 - Economic History of the United States 3 hrs

Restricted Elective Courses: 11 hours

Eleven hours of electives in economics including at least two courses from the following:

- ECON 300 - Contemporary Economic Issues 3 hrs
- ECON 303 - Consumer Economics 3 hrs
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above. ECON301 and ECON302 are also recommended.

Students seeking a teaching certificate in Social Studies with an endorsement in Economics are required, in addition to the Economics courses above, to take HIST481 The Teaching of Social Studies, as their teaching methods course.

Critical Graduation Information:
The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education
requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education French Language Minor

Successful completion of this minor, in the context of other program and NCATE requirements, qualifies the student for recommendation for endorsement in French, certification code FA. The Michigan Test for Teacher Certification (MTTC) covering this field is #023, “French.” In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

Advisor Information:

• LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
• LITR 315 - Restoration and 18th-Century Literature 3 hrs
• LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
• LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

Young Adult Literature:

One course from the following:

• CHL 455 - Adolescent Literature 3 hrs

Major Author, Genre, or Culture:

One course from the following:
• LITR 400 - Narrative in Literature and Film 3 hrs
• LITR 405 - Shakespeare 3 hrs
• LITR 411 - Studies in Epic and Romance 3 hrs
• LITR 413 - The Poetry of Chaucer 3 hrs
• LITR 420 - Studies in the British Novel 3 hrs
• LITR 421 - Studies in the American Novel 3 hrs
• LITR 422 - Studies in the Novel in Global Perspective 3 hrs
• LITR 430 - Studies in Drama 3 hrs
• LITR 440 - Genre Studies 3 hrs
• LITR 443 - Women in Literature 3 hrs
• LITR 450 - Major Authors 3 hrs
• LITR 470 - Studies in Poetry 3 hrs
• LITR 480 - Studies in Literature and Culture 3 hrs

Language Study

One course from the following:

• LING 401 - Introduction to Linguistic Science 3 hrs
• LING 402 - Modern English Grammar 3 hrs
• LING 421 - The History of the English Language 3 hrs

Minor Total: 30 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Mathematics Minor

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code EX, and, depending on the major selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of Mathematics. The Michigan Test for Teacher Certification (MTTC) covering this field is #022, "Mathematics (Secondary)."

All minors must fill in a program sheet before graduation - see the undergraduate advising coordinator. At least six hours in the major at 300-level or above, not including MATH 306W, must be taken at Eastern Michigan University.

Mathematics Department Information:

Department Head: Dr. Christopher Gardiner
Department Contact: cgardiner@emich.edu
Web site: math.emich.edu

Additional department information is also available here in the online catalog.

Adviser Information:
Program Adviser: Barbara Leapard  
Email: bleapard@emich.edu

Program Adviser: Carla Tayeh  
Email: ctayeh@emich.edu

Program Adviser: Ron Carlson  
Email: rcarlso6@emich.edu

Program Adviser: Steve Blair  
Email: sblair6@emich.edu

Program Adviser: Stephanie Casey  
Email: scaseyl@emich.edu

Phone Number for Advisors: 734.487.1444

Required Courses: 26 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 360 - Statistical Methods 3 hrs

One course from the following:

- MATH 304 - Middle School Mathematics Methods and Content 3 hrs
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3 hours

_Three credit hours from the following:_

- MATH 223 - Multivariable Calculus 4 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 400 - History and Development of Mathematics 3 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
Minor Total: 29 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Physical Education Minor**

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physical education, certification code MB, according to their major area of study (i.e. a secondary education major will receive a secondary education endorsement). The Michigan Test for Teacher Certification (MTTC) covering this field is #044, “Physical Education,” and should be taken at the completion of the program.

Secondary Education Physics Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physics, certification code DE. The Michigan Test for Teacher Certification (MTTC) covering this field is #019, “Physics.”

Physics and Astronomy Department Information:

Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Web site: http://www.emich.edu/physics

Additional department information is also available here in the online catalog.
Adviser Information:

Program Adviser: Dr. Diane Jacobs
Email: djacobs@emich.edu
Phone: 734.487.8799

Program Adviser: Dr. David Pawlowski
Email: dpawlows@emich.edu
Phone: 734.487.8644

Program Adviser: Dr. Beth Kubitskey
Email: mkubitske1@emich.edu
Phone: 734.487.8798

Program Adviser: John Thomsen
Email: jthomsen@emich.edu
Phone: 734.487.4144

Required Physics and Astronomy Courses: 21 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr

Additional Requirements: 15 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total for Science Majors: 36 hours

Minor Total for Non-Science Majors: 40 hours

Students minoring in Physics with secondary certification, but not majoring in a science teaching program, must take the following courses:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs
- * PHY 406 - Ethical Issues in Physics 1 hr

Note:
*CHEM 406, ESSC 406, or BIOL 406 may be substituted for PHY 406.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog:

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Political Science Teaching Minor**

This minor is only available to students taking the social studies or history major for the purposes of state teacher certification. Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in political science, certification code CD. The Michigan Test for Teacher Certification (MTTC) covering this field is #010, “Political Science.” Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required
core courses, and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work.

Political Science Department Information:

Department Head: Dr. Arnold Fleischmann
Department Contact: afleisch@emich.edu
Web site: http://www.emich.edu/polisci/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Dr. Jeffrey Bernstein
Email: jbernstei@emich.edu
Phone Number: 487-3113

Required Courses: 9 hours

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs

One course from the following:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 15 hours
Five courses from two of the three areas of concentration:

**Area I. American Politics, Public Law and Administration**

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- *PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
  or
- PLSC 315 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs

**Area II. Comparative Politics and International Relations:**

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 222 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

**Area III. Political Theory and Methods:**

- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs

**Minor Total: 24 hours**

**Note:**

*All minors must have at least six hours of course work at the 300-level or above.*

*Students majoring in Social Studies will continue to be expected to take PLSC305, one of the two courses in Area I.*

**Critical Graduation Information:**
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Psychology Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in psychology, certification code CE. The Michigan Test for Teacher Certification (MTTC) covering this field is #011, "Psychology."

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Web site: http://www.emich.edu/psychology/

Additional department information is available here in the online catalog.

Advisor Information:
Required Courses: 3-4 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
  or
  PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
  and
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Elective Courses: 16-17 hours

Sixteen to seventeen hours selected in consultation with an advising coordinator.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).

• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.

• Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

• Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

**Sociocultural Perspectives on the Family Interdisciplinary Minor**

This minor combines the perspectives of anthropology and sociology by examining the sociocultural determinants and consequences of the family in the United States and other cultures. Students in such diverse fields as business, law, teaching, communication, nursing and technology learn how the family is integrated into the segment of society in which they intend to work. The program is designed for students planning to work directly with families as social workers, family life professionals or clinical psychologists.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Web site: http://www.emich.edu/sac/

Additional department information is available here in the online catalog.

Required Courses: 21 hours
ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
ANTH 309 - Culture and Personality 3 hrs
SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
SOCL 204 - Marriage and Family 3 hrs
SOCL 303 - Sociology of Childhood and Youth 3 hrs
SOCL 344 - Sociology of Gender 3 hrs
SOCL 450 - The Family 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Geoffrey Voght
Email: gvoght@emich.edu
Phone Number: 487-1498

Program Advisor: Monica Millan
Email: mmillan@emich.edu
Phone Number: 487-3346

Required Courses: 12 hours

- Six hours in Spanish at the 300-level or above (6 hrs)
- SPNH 411 - The Cultures of Spain 3 hrs
- SPNH 412 - The Cultures of Spanish America 3 hrs

Restricted Elective Courses: 8 hours
Eight hours in Spanish at any level selected in consultation with an adviser.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Spanish Language Minor**

**World Languages Department Information:**

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

Advisor Information:

Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Web site: emich.edu/geo
Additional department information is available here in the online catalog.

Required Courses: 21 hours

- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 112 - Introduction to Travel and Tourism 3 hrs
- GEOG 113 - Foundations of Guest Service 3 hrs
- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 445 - Cultural Tourism Resources 3 hrs
- GEOG 446 - Heritage Interpretation and Tourism 3 hrs

One course from the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 336 - Tourism and Socioeconomic Development 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GPLN 215 - Introduction to Urban and Regional Planning 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity
Courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement.
  (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education.
• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Undergraduate Certificate in African Studies

Add a specialty to your degree with an undergraduate certification in African Studies. Gain a special insight into ancient and contemporary Africa from a scholarly perspective. The certificate program encompasses such areas of African affairs as history, political economics, geography, politics, and arts. It serves as a means by which the student can enhance his/her awareness of the diversity that characterizes human existence.

In sum, this program is designed to prepare and equip students with:
1. Inter-cultural sensitivity
2. The ability to develop social policies and cultural competencies applicable to their careers
3. Knowledge of key epistemological issues in African Studies
4. Research, critical thinking and critical writing skills

Admission Requirements
In order to be admitted to this undergraduate certificate in African Studies, you have to meet any of the following conditions. One, you must be either pursuing an undergraduate degree at EMU in any field of study or you can apply as a post-baccalaureate degree holder. You can also be admitted if you
are a graduate student or a graduate degree holder, and you wish to obtain the undergraduate certificate in African Studies. To apply for admission, click on the following link: online admission forms.

**Career Opportunities**
Students who are still working towards their undergraduate degrees or many professionals with degrees in a variety of educational arenas may find this certification program a means of achieving an edge above the competition. The certificate is intended to complement careers in a wide-variety of fields, including education, social work, international jobs, health care and political science. Those with careers or majors in international relations, economic and political welfare, public policy and administration, public relations, journalism, community outreach, social services, human resources and cultural diversity may find this certificate particularly helpful.

**Online & Non-online Courses**
Note that for both required and restricted electives categories, online and non-online versions of the approved courses are acceptable.

**Advising**
If you have questions or need advising, contact Dr. Victor Oguejiofor Okafor either by email, vokafor@emich.edu or by telephone, (734)487-3460.

**African American Studies Department Information:**

Department Head: Victor O. Okafor  
Department Contact: vokafor@emich.edu  
Website: http://www.emich.edu/aas/

Additional department information is also available here in the online catalog.

**Required Courses: 12 hours**

The certificate in African Studies requires completion of the following 12-credit hour requirement. Note that only 300-level or above courses can be applied towards this certificate.
program, and such courses must be completed at Eastern. In addition, credits applied to this certificate program cannot be used towards the satisfaction of any major, minor or general education requirements.

Core Courses: 6 hours

- AAS 312 - African Civilization 3 hrs
- AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 6 hours

Select six credit hours from the following:

- AAS 379 - Special Topics 3 hrs
- AAS 499 - Independent Study 3 hrs
- ARTH 470 - Arts of Africa 3 hrs
- GEOG 322 - Geography of Africa 3 hrs
- HIST 347 - Sub-Saharan Africa to 1885 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs
- HIST 349 - South Africa, 1500-Present 3 hrs
- PLSC 372 - African Politics 3 hrs

Certificate Total: 12 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity
courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Zoology Minor

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

Minor Total: 20 hours

Open only to students majoring in biology. Students electing this minor must file an approved program of required/elective courses with a faculty advisor and with the Department of Biology undergraduate coordinator. Any program changes require prior written approval of the faculty advisor and the Department of Biology undergraduate coordinator.

This minor is not to be considered as a teaching minor for prospective elementary or secondary teachers. Prospective teachers who wish to elect this minor must complete a second minor outside of the Biology Department to satisfy the current requirements for teacher certification.
Note:

All minors must have at least six hours of course work at the 300 level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

African American Studies Department Information:

Department Head: Victor O. Okafor
Department Contact: vokafor@emich.edu
Website: http://www.emich.edu/aas/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Required Course: 9 hours

- AAS 101 - Introduction to African American Studies (Gen Ed Area III) 3 hrs
- AAS 201 - Foundations of Knowledge in African American Studies 3 hrs
- AAS 401 - African American Studies Research Seminar 3 hrs

Restricted Elective Courses: 21 hours

Twenty-one hours from the following:

- AAS 102 - Introduction to African Civilization (Gen Ed Area III) 3 hrs
- AAS 221 - African American Social Movements 3 hrs
- AAS 231 - Urbanization and the African American Community 3 hrs
- AAS 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
- AAS 233 - Public Policy and African Americans 3 hrs
- AAS 243 - Black Women: Politics and Racism 3 hrs
- AAS 272 - Hip Hop Lyricism in African American Culture 3 hrs
- AAS 301W - Writing for African American Studies (Gen Ed Area I, W) 3 hrs
- AAS 311 - The African Diaspora 3 hrs
- AAS 312 - African Civilization 3 hrs
- AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
- AAS 351 - The Social Context of African American Health (Gen Ed Area IV) 3 hrs
• AAS 361 - The African American Family 3 hrs
• AAS 362 - Black Women: Religion and Sexism 3 hrs
• AAS 370 - Films of the African American Experience 3 hrs
• AAS 402 - African American Studies Internship Seminar 3 hrs
• AAS 441 - Law in the African American Experience 3 hrs
• HIST 315 - History of Black Americans 3 hrs
• LITR 362 - Studies in African American Literature 3 hrs

Elective Courses: 3 hours

Any course offered by the African American Studies Department, including independent studies and special topics

One course from the following:

• AAS 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
• AAS 233 - Public Policy and African Americans 3 hrs
• AAS 312 - African Civilization 3 hrs
• AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
• ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• ANTH 236 - Peoples and Cultures of Africa 3 hrs
• CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
• CTAR 251 - African American Theatre: Creative Problems 3 hrs
• ECON 321 - Minority Workers in the Labor Market 3 hrs
• GEOG 322 - Geography of Africa 3 hrs
• GEOG 332 - Urban Geography 3 hrs
• HIST 342 - North Africa, 1798 to the Present 3 hrs
• HIST 347 - Sub-Saharan Africa to 1885 3 hrs
• HIST 348 - 20th-Century Africa 3 hrs
• HIST 365 - The Old South 3 hrs
• PLSC 372 - African Politics 3 hrs
• PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
• SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
• SOCL 306 - The Urban Community 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.
Any change to this program must be approved and proper paper work submitted before that change can be considered for graduation.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General
Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 306 - The Urban Community 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Certificate

Undergraduate Certificate in African Studies

Add a specialty to your degree with an undergraduate certification in African Studies. Gain a special insight into ancient and contemporary Africa from a scholarly perspective. The certificate program encompasses such areas of African affairs as history, political economics, geography, politics, and arts. It serves as a means by which the student can enhance his/her awareness of the diversity that characterizes human existence.

In sum, this program is designed to prepare and equip students with:
1. Inter-cultural sensitivity
2. The ability to develop social policies and cultural competencies applicable to their careers
3. Knowledge of key epistemological issues in African Studies
4. Research, critical thinking and critical writing skills

Admission Requirements
In order to be admitted to this undergraduate certificate in African Studies, you have to meet any of the following conditions. One, you must be either pursuing an undergraduate degree at EMU in any field of study or you can apply as a post-baccalaureate degree holder. You can also be admitted if you are a graduate student or a graduate degree holder, and you wish to obtain the undergraduate certificate in African Studies. To apply for admission, click on the following link: online admission forms.

Career Opportunities
Students who are still working towards their undergraduate degrees or many professionals with degrees in a variety of educational arenas may find this certification program a means of achieving an edge above the competition. The certificate is intended to complement careers in a wide-variety of fields, including education, social work, international jobs, health care and political science. Those with careers or majors in international relations, economic and political welfare, public policy and administration, public relations, journalism, community outreach, social services, human resources and cultural diversity may find this certificate particularly helpful.

Online & Non-online Courses
Note that for both required and restricted electives categories, online and non-online versions of the approved courses are acceptable.

Advising
If you have questions or need advising, contact Dr. Victor Oguejiofor Okafor either by email, vokafor@emich.edu or by telephone, (734)487-3460.

African American Studies Department Information:
Department Head: Victor O. Okafor
Department Contact: vokafor@emich.edu
Website: http://www.emich.edu/aas/

Additional department information is also available here in the online catalog.

Required Courses: 12 hours

The certificate in African Studies requires completion of the following 12-credit hour requirement. Note that only 300-level or above courses can be applied towards this certificate program, and such courses must be completed at Eastern. In addition, credits applied to this certificate program cannot be used towards the satisfaction of any major, minor or general education requirements.

Core Courses: 6 hours

- AAS 312 - African Civilization 3 hrs
- AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 6 hours

Select six credit hours from the following:

- AAS 379 - Special Topics 3 hrs
- AAS 499 - Independent Study 3 hrs
Certificate Total: 12 hours

African American Studies

AAS 101 - Introduction to African American Studies (Gen Ed Area III)

An introductory examination of the African American experience. Acquaints students with the trends, issues and forces that have shaped that experience; considers the concepts of cultural adaptation, institutional development and group self-definition; and surveys the contemporary status and condition of African Americans.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

AAS 101 Introduction to African American Studies

AAS 101 meets the requirements for a course on U.S. diversity because it surveys the origins, development, and current status of African Americans from the perspective of a discipline that places this group at the center of its inquiry. A historically underrepresented and oppressed group, African Americans constitute one of the largest minorities in the U.S. This group has been essential to the formation and character of U.S. society from its inception to the present. The struggle by African Americans for equality and human dignity and their contributions to U.S. and world cultures reveal much about the role and significance of diversity in American society. The course examines the interactions of African Americans with U.S. immigrant groups and with Native peoples. Cultural, economic, gender, religious, racial, and class factors in oppression are of particular concern.

AAS 102 - Introduction to African Civilization (Gen Ed Area III)

This course is designed to provide the student with an introductory knowledge of centers of African civilization from antiquity to the 1960s. Those centers include ancient Egypt, Songhai, Kilwa and Monomotapa.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

AAS 102 Introduction to African Civilization

AAS 102 African Civilization is designed to provide the students with an introductory knowledge of centers of African
Civilization from antiquity to the 1960s. Among those centers are Ancient Egypt, Nubia, Axum, Ghana, Mali, Songhai, Kilwa, Sofola, Malinda, Mutapa (Monomotapa), etc. Apart from becoming familiar with such key centers of African Civilization, the students will explore the influence that African Civilization exerted on other cultures, as well as the impact of cross-cultural contacts on African Civilization itself. Preliminary subjects of discussion include historical and paleontological data examining the thesis of the African origin of humanity.

**AAS 177 - Special Topics**

Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 1 hr

**AAS 178 - Special Topics**

Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 2 hrs

**AAS 179 - Special Topics**

Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 3 hrs

**AAS 201 - Foundations of Knowledge in African American Studies**

Examines the empirical and theoretical foundations of African American studies, the evolution of the field and the role of key scholars in its development.

**Credit Hours:** 3 hrs

**AAS 221 - African American Social Movements**

Explores the collective efforts undertaken by African Americans to elevate their group status in American society. Analyzes the struggle for human freedom through an examination of resistance to chattel slavery, the quest for civil rights and the response to structured inequality.

**Credit Hours:** 3 hrs

**AAS 231 - Urbanization and the African American Community**

**Credit Hours:** 3 hrs
AAS 232 - Politics in the African American Experience (Gen Ed Area III)

This course is designed to provide the student with a knowledge of Black political behavior in the United States in its evolution from protest to contemporary institutional politics.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

AAS 232 Politics in the African American Experience

AAS 232 Politics in the African American Experience is a study of black political behavior in the United States and its evolution from protest to institutional, electoral politics. In examining the functioning and dynamics of the American political system from historical and contemporary perspectives, the course also compares and contrasts the black political experience with other minority group politics in the United States. This course uses the African American political experience and the transformative contributions that African American historic political struggles and minority group politics have made to the expansion and public appreciation of democratic principles, values and practices in the United States as a means of not only providing students with a multicultural perspective on the evolution and functioning of the American political system, but also exposing them to the diversity that characterizes "issues and perspectives" in the American political experience.

Last Updated: Links 06/2011

AAS 233 - Public Policy and African Americans

This course examines the implications of major and evolving national public policies and policy alternatives for economically vulnerable and/or historically disadvantaged segments of the population, particularly African Americans. Such policies include those related to social welfare, education, campus climate, employment, mass communication, housing, affirmative action and drug and crime control.

Credit Hours: 3 hrs

AAS 243 - Black Women: Politics and Racism

This course examines American politics as it relates to African American women. The course analyzes ways in which political issues affect black women differently than African American men, white men and white women. Considerable attention is given to the definition of the political realm as opposed to the nonpolitical realm when discussing groups traditionally marginalized or excluded from political life.

Credit Hours: 3 hrs

Cross-Listed with: PLSC 243; WGST 243

Last Updated: 2/17/2011

AAS 272 - Hip Hop Lyricism in African American Culture

This course is an examination of the cultural continuity exemplified by the socially conscious hip hop lyricism to the African American poetic and musical forms that preceded it.

Credit Hours: 3 hrs

AAS 277 - Special Topics

Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.
Credit Hours: 1 hr

**AAS 278 - Special Topics**

Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

Credit Hours: 2 hrs

**AAS 279 - Special Topics**

Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

Credit Hours: 3 hrs

**AAS 297 - Independent Study**

Independent study of a select topic under staff supervision. Possible approaches include library research, field research and participant-observer experiences.

Credit Hours: 1 hr
Prerequisite: department permission

**AAS 298 - Independent Study**

Independent study of a select topic under staff supervision. Possible approaches include library research, field research and participant-observer experiences.

Credit Hours: 2 hrs
Prerequisite: department permission

**AAS 299 - Independent Study**

Independent study of a select topic under staff supervision. Possible approaches include library research, field research and participant-observer experiences.

Credit Hours: 3 hrs
Prerequisite: department permission

**AAS 301W - Writing for African American Studies (Gen Ed Area I, W)**

This course will help students produce research papers, construct analytical reviews and perform documentary research needed to better explore the literature, culture and institutional and social processes that define the field of African American Studies.

Credit Hours: 3 hrs
Prerequisite: ENGL 121

*Last Updated:* 2/17/2011
AAS 311 - The African Diaspora

Examines the African diaspora — the dispersion of persons of African descent throughout the world. It studies the process of dispersion, examines select diasporic communities and considers the impact of the African presence on world development.

Credit Hours: 3 hrs

AAS 312 - African Civilization

This course is designed to provide the student with an interdisciplinary knowledge of centers of African civilization from antiquity to the 1960s. Those centers include ancient Egypt, Songhai, Kilwa and Monomotapa.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing or higher

Last Updated: Class Restriction Change 08/2011, effective Fall 2011

AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III)

This course serves as a survey of Africa's contemporary political economy. In examining postcolonial developments, the course focuses on regional and national strategies for social transformation.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

AAS 313 Contemporary Africa: the Struggle and Prospects for Development

AAS313 Contemporary Africa: the Struggle & Prospects for Development is designed as a survey of Africa's contemporary political economy. In examining post-colonial efforts at development, the course focuses on a cross-section of regional and national strategies for social transformation. Among subjects emphasized are economic cooperation and coordination initiatives on the continent, side by side with domestic and/or external constraints on national socioeconomic developmental efforts. The course also compares and contrasts Africa's major socioeconomic trends and performances with those of Latin America & the Caribbean and Asia and Pacific regions. This course meets the Global Awareness category of the General Education Program because its survey of the contemporary political-economic conditions of Africa will help to provide EMU students with a global perspective on forms of development in the contemporary world. Such a global perspective on development is all the more necessary, given the leadership role that the United States and Western Europe play within the international community.

AAS 351 - The Social Context of African American Health (Gen Ed Area IV)

Examines the health status of African Americans. Explores the interplay between environment, biology and culture; folk and popular health practices; and the organization and delivery of health care.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

AAS 351 The Social Context of African American Health

AAS351 applies an analysis of the social and cultural basis of health to the African American experience. To this end the course provides a broad introduction to social science suppositions and techniques. AAS 351 moves well beyond the idea that medical care- its presence, absence or quality- is the singular or most critical factor determining the health of a people, community or
society. It reveals the importance of social phenomena in disease resistance and health promotion. Historical shifts from the prominence of infectious to chronic diseases; the implications to health of chattel slavery, sharecropping, segregation, poverty and structured inequality; the relationship between psychosocial factors and disease, i.e., destabilized social settings that compromise resistance to disease; environmental racism; and the health status of African Americans as it relates to the organization of work, family structure and function, religious beliefs, the organization of medical care, lifestyle, consumer manipulation and post-industrial society are major issues addressed by the course.

**AAS 361 - The African American Family**

Examines the historical and contemporary forces shaping the African American family. Analyzes urbanization, economic transformations and institutionalized racism. Studies the role of the family in human survival and progress.

**Credit Hours:** 3 hrs

**AAS 362 - Black Women: Religion and Sexism**

An introduction to the social and political role of Black women in African American religious institutions. Particular attention will be placed on how African American religion has limited the power of women. Additionally, the course will examine the historical evolution of the various major black denominations in America and their political and social roles in African American communities.

**Credit Hours:** 3 hrs

**Cross-Listed with:** PLSC 362; WGST 362

**Last Updated:** 2/17/2011

**AAS 370 - Films of the African American Experience**

This course examines African American literature that has been adapted to film. Film history about African American involvement in the industry, including filmmakers is studied. The course involves developing techniques of analyzing fiction and drama as well as film adaptations of the African American experience.

**Credit Hours:** 3 hrs

**AAS 377 - Special Topics**

Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 1 hr

**Prerequisite:** department permission

**AAS 378 - Special Topics**

Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 2 hrs

**Prerequisite:** department permission

**AAS 379 - Special Topics**
Each time offered this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

### AAS 401 - African American Studies Research Seminar

Provides intensive exposure to research methods in African American studies, and offers an opportunity for primary research in the field.

**Credit Hours:** 3 hrs

### AAS 402 - African American Studies Internship Seminar

The African American Studies Internship Seminar is designed as a practicum in which majors and minors in African American Studies can acquire a practical experience of an African American organization.

**Credit Hours:** 3 hrs  
**Prerequisite:** AAS 101 and AAS 201 and AAS 233; or department permission  
**Last Updated:** 2/17/2011

### AAS 441 - Law in the African American Experience

Examines the African American legal experience from the Atlantic slave trade to the present. Reviews the formation of the Constitution, the law of slavery, Reconstruction-era developments, Jim Crow segregation and recent legal trends in areas such as education, voting and employment. Emphasizes law as a social process.

**Credit Hours:** 3 hrs

### AAS 477 - Special Topics

Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

### AAS 478 - Special Topics

Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

### AAS 479 - Special Topics

Each time offered, this course will explore a topic on an experimental basis, based on student interests and needs. This course can be used in completing requirements for the major or minor in African American studies.
Credit Hours: 3 hrs  
Prerequisite: department permission

**AAS 497 - Independent Study**

Independent study of a select topic under staff supervision. Possible approaches include library research, field research and participant-observer experiences.

Credit Hours: 1 hr  
Prerequisite: department permission

**AAS 498 - Independent Study**

Independent study of a select topic under staff supervision. Possible approaches include library research, field research and participant-observer experiences.

Credit Hours: 2 hrs  
Prerequisite: department permission

**AAS 499 - Independent Study**

Independent study of a select topic under staff supervision. Possible approaches include library research, field research and participant-observer experiences.

Credit Hours: 3 hrs  
Prerequisite: department permission
Art Programs and Courses

Art

Major

Art History Major

This 30-hour major prepares students for graduate study, for gallery or museum work, or, with the addition of science and studio courses, for a career in conservation.

Art history majors should note that one year of college credit in a foreign language is required for the B.A. degree in art history. Most graduate programs in art history require reading proficiency in at least two foreign languages. Teacher certification in art is not obtainable using this major.

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)."

Required Courses: 18 hours

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs
- ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs

Elective Courses: 9 hours

Pre-Renaissance Art
One course from the following:

- ARTH 368 - History of Classical Art 3 hrs
- ARTH 468 - Medieval Art History 3 hrs

Renaissance/Baroque Art

One course from the following:

- ARTH 369 - History of Renaissance Art 3 hrs
- ARTH 469 - Baroque Art 3 hrs

Non-Western or Women's Art

One course from the following:

- ARTH 267 - History of Asian Art (Gen Ed Area IV) 3 hrs
- ARTH 467 - Art of East Asia 3 hrs
- ARTH 470 - Arts of Africa 3 hrs
- ARTH 471 - Mesoamerican Art 3 hrs
- ARTH 473 - Women in Art 3 hrs

Art History Elective: 3 hours

One course from the following:

- Any upper-level art history course not taken to fulfill another requirement
- * ARTH 151 - Reason and Revolution (Gen Ed Area IV) 3 hrs
- ARTH 374 - American Painting and Sculpture 3 hrs
- ARTH 472 - History of American Architecture 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 497 - Independent Study 1 hr
- ARTS 498 - Independent Study 2 hrs
- ARTS 499 - Independent Study 2 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*
*Students may contract with art history faculty to include lower-numbered art courses for elective credit, with additional work.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General
Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Art Major

Catalog Correction | This major was modified on March 29, 2017, to correct an error. The "All courses must be passed with a grade of "C" or above" requirement" only applies to the Graphic Design Concentration.

The Bachelor of Science in Art is designed to allow students to explore Studio Art and Art History within a diverse liberal arts context. Foundation courses give students a basic skill set in both Art History and Studio practices, and a 9-credit area of concentration allows for a more in depth exploration in a medium of the student's choosing.

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 39 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)."

Required Course (Foundations): 21 hours

- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 390 - Studio Concepts 3 hrs

Art History (6 Credit Hours)

Students must select 2 of the following courses:
• ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
• ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
• ARTH 263 - Survey of Western Art II 3 hrs
*students must complete ARTH 162 prior to ARTH 263.

Area of Concentration: 9 hours

Select a sequence of 3 courses (as outlined under the Bachelor of Fine Arts degree) in one of the following areas listed below. Six credit hours must be at the 300-level or above.

Ceramics Concentration
Drawing Concentration
Fibers Concentration
Furniture Design Concentration
Graphic Design Concentration
Metalsmithing Concentration
Painting Concentration
Photography Concentration
Printmaking Concentration
Sculpture Concentration
Watercolor Concentration

Elective Courses: 3 hours

3 credit hours from art studio and/or art history courses selected in consultation with an adviser.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last Updated: 4/2011; Effective Spring 2011

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU to order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Bachelor of Fine Arts**
Catalog Correction | This major was modified on August 8, 2016, to correct an error. The "All courses must be passed with a grade of "C" or above" requirement" only applies to the Graphic Design Concentration

The Bachelor of Fine Arts is designed to encourage students to develop a personal focus and direction as well as learn to function professionally as artists.

An extensive range of foundation courses, culminating in ARTS 290 - Studio Concepts and the accompanying Foundations Review provides students with the basic skills they need to be successful in upper-level courses. The required area of concentration allows students to gain a level of expertise in a specific medium and use that expertise to refine their own artistic vision. Art elective requirements allow students to gain practical knowledge in a range of media as well as to engage in experiences that support their area of concentration. A Capstone course provides direction for their future professional careers and gives students an immersive experience by requiring them to exhibit and disseminate their work.

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 81 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." Students may apply up to, but not exceed 63 hours in one subject area (prefix) toward their degree.

Foundations: 21 hours

- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTS 290 - Studio Concepts 3 hrs

Art History: 15 hours

- *One upper-level Art History course (3 hrs)
- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs
Studio Courses: 45 hours

Required Studio Courses: 6 hours

- ARTS 205 - Beginning Life Drawing 3 hrs
- ** ARTS 490W - Capstone (Gen Ed Area I, W) 3 hrs

Area of Concentration: 15-21 hours

Choose from one of the concentrations below:

- Ceramics Concentration
- Drawing Concentration
- Fibers Concentration
- Furniture Design Concentration
- Graphic Design Concentration
- Metalsmithing Concentration
- Painting Concentration
- Photography Concentration
- Printmaking Concentration
- Sculpture Concentration
- Watercolor Concentration

Arts Studio Electives: 18-24 hours

Select from studio arts courses in consultation with an adviser.

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Students in Graphic Design must take ARTH474 Graphic Design History*
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. *Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.*

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**K-12 Visual Arts Education**

K-12 Visual Arts Education is designed to prepare students for the dual role of professional artist and educator. Visual Arts Education requires students to complete a professional education studies component in addition to the requirements of the Visual Arts Education Major.

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary-Secondary Provisional Certificate endorsed in art, certification code LQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #095, "Visual Art Education."

**Art Department Information:**

Department Head: Colin Blakely  
Department Contact: cblakely@emich.edu  
Web site: http://www.emich.edu/art/

Additional department Information is also available here in the online catalog.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 72 hours**

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." *Students may apply up to, but not exceed 63 hours in one subject area (prefix) toward their degree.*

**Foundations: 21 hours**

- ARTH 165 - Postmodern and Contemporary Art 3 hrs  
- ARTS 121 - Two-Dimensional Design 3 hrs  
- ARTS 122 - Three-Dimensional Design 3 hrs  
- ARTS 123 - Foundations Drawing I 3 hrs  
- ARTS 126 - Foundations Drawing II 3 hrs  
- ARTS 127 - Foundations Digital Media 3 hrs  
- ARTS 290 - Studio Concepts 3 hrs

**Art History/Inquiry: 15 hours**

- ARTE 458 - Interpreting Art in Visual Arts Education 3 hrs
• ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
• ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
• ARTH 263 - Survey of Western Art II 3 hrs
• ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs

**Studio Courses: 21 hours**

**Arts Studio Electives: 12 hours**

Select from studio arts courses in consultation with an adviser. Students must choose a minimum of 2 electives in a 3-dimensional media and a minimum of 2 electives in a 2-dimensional media. All electives must be within different areas of concentration.

**Area of Concentration: 9 hours**

Select three courses in one of the concentrations below:

- Ceramics Concentration
- Drawing Concentration
- Fibers Concentration
- Furniture Design Concentration
- Graphic Design Concentration
- Metalsmithing Concentration
- Painting Concentration
- Photography Concentration
- Printmaking Concentration
- Sculpture Concentration
- Watercolor Concentration

**Professional Studies: 44 hours**

**Pre-Admission Phase: The Learner and the Community: 10 hours**

The following courses can be taken prior to admission to the Initial Teacher Preparation Program:

- ARTE 357 - Introduction to Visual Arts Education 3 hrs
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

**Phase I: Curriculum, Assessment and the Social Context: 12 hours**
The following courses require admission to the Initial Teacher Preparation Program:

- ARTE 358 - Curriculum and Assessment in Visual Arts Education 3
- ARTE 359 - Practicum in Visual Arts Education 3
- ARTE 360 - Technology in Visual Arts Education 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 10 hours

- ARTE 460 - Approaches to Teaching Visual Arts Education 4 hrs
- PRCT 311 - Practicum II: Secondary 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

All Visual Arts Education students (including double majors, second bachelors and additional endorsements) will be responsible for fulfilling student teaching requirements in visual arts.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Students in Graphic Design must also take ARTH 474

** Course must be taken concurrently with the final course in chosen Area of Concentration. Capstone is a Writing Intensive class and meets the requirements of the General Education Program.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor:
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Art Education**

**ARTE 177 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

- **Credit Hours:** 1 hr
- **Prerequisite:** department permission
- **Previously Listed As:** ART 177 Last Updated: 03/2011

**ARTE 178 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

- **Credit Hours:** 2 hrs
- **Prerequisite:** department permission
- **Previously Listed As:** ART 178 Last Updated: 03/2011

**ARTE 179 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

- **Credit Hours:** 3 hrs
- **Prerequisite:** department permission
- **Previously Listed As:** ART 179 Last Updated: 03/2011

**ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV)**
Teacher candidates will develop the basic skills to meaningfully integrate the visual arts across the elementary school curricula by learning approaches to guide K-12 students to 1) create images that express their own views, 2) interpret images from diverse artistic traditions that address important life issues across time and place, and to 3) explore the differences and the commonalities that the visual arts share with other art disciplines, the humanities and the sciences.

Credit Hours: 3 hrs
Major Restrictions: Non-Art majors only
Previously Listed As: ART300, ART220

Last Updated: 03/2011

ARTE 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART 277 Last Updated: 03/2011

ARTE 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART 278 Last Updated: 03/2011

ARTE 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART 279 Last Updated: 03/2011

ARTE 357 - Introduction to Visual Arts Education

Focuses on a comprehensive approach to art education and will include library research, readings, writings and discussions of current events aided by presentations of guest speakers. Final requirement: the development of a written personal philosophy pertaining to the teaching of art and the formulation of a general curriculum.

Credit Hours: 3 hrs
Class Restrictions: Junior standing or above, and department permission
Previously Listed As: ART317 Last Updated: effective winter 2011

ARTE 358 - Curriculum and Assessment in Visual Arts Education
In this practicum, teacher candidates are provided extended opportunities to observe, practice teach, and reflect on their experiences in visual arts classrooms at both the elementary and secondary levels. Field placements in diverse school communities are arranged and supervised by VAE faculty in collaboration with practicing visual arts educators.

**Credit Hours:** 3  
**Prerequisite:** ARTE 357, EDPS 322, admission to the Initial Teacher Preparation Program, and department permission  
**Concurrent Prerequisite:** ARTE 360  
**Corequisites:** ARTE 359  
**Last Updated:** New Course 05/11, effective Spring 2011; Prerequisites/Concurrent Prerequisites/Corequisites 05/11, effective Fall 2011

**ARTE 359 - Practicum in Visual Arts Education**

In this practicum, teacher candidates are provided extended opportunities to observe, practice, teach and reflect on their experiences in visual arts classrooms at both elementary and secondary levels. Field placements in diverse school communities are arranged and supervised by VAE faculty in collaboration with practicing visual arts educators.

**Credit Hours:** 3  
**Prerequisite:** ARTE 357, EDPS 322, admission to the Initial Teacher Preparation Program, and department permission  
**Concurrent Prerequisite:** ARTE 360  
**Corequisites:** ARTE 358  
**Last Updated:** New Course 05/11, effective Spring 2011; Prerequisites/Concurrent Prerequisites/Corequisites 05/2011, effective Fall 2011

**ARTE 360 - Technology in Visual Arts Education**

This course prepares pre-service art teachers for technology applications in art education. These applications include artmaking, inquiry, classroom management, communication, assessment, professional development and arts advocacy. Students will learn hardware and software as well as critically and creatively apply educational concepts and principles in technology integration for meaningful art learning.

**Credit Hours:** 3 hrs  
**Prerequisite:** CURR 305; department permission  
**Major Restrictions:** Visual Arts Education Majors only and admission to the College of Education  
**Previously Listed As:** ART 331  
**Last Updated:** 2/18/2011

**ARTE 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission  
**Previously Listed As:** ART 377  
**Last Updated:** 03/2011

**ARTE 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs
ARTE 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART 378 Last Updated: 03/2011

ARTE 458 - Interpreting Art in Visual Arts Education

The goal of this course is to prepare pre-service visual art education students to successfully teach young students strategies for interpreting possible meanings of visual images and objects from diverse cultural contexts as an integral and meaningful part of the K-12 school curricula.

Credit Hours: 3 hrs
Prerequisite: ARTH 161, ARTH 165, ARTH 264W, and department permission
Class Restrictions: Junior/senior standing only
Course Revisions: This course will be listed as ARTE 355 "Interpreting Art in Visual Arts Education", effective Winter 2012. The course revision also includes a course description change, prerequisite change from "ARTH 161, ARTH 165 and ARTH 264W and department permission" to "ARTH 161 and one of the following: ARTH 162, ARTH 165, ARTH 263 or ARTH 264W", and class restriction change from "Junior/senior standing only" to "Sophomore standing or higher only".

Last Updated: Course Revision 12/2011, effective Winter 2012

ARTE 460 - Approaches to Teaching Visual Arts Education

This professional education course is designed to prepare visual art teacher candidates for engaging K-12 students of different backgrounds and abilities in meaningful visual are learning experiences. Teacher candidates investigate significant contemporary visual art education approaches and issues, and design units of instruction for elementary and secondary levels. This course includes an extended hands-on academic service learning experience at Riverside Art Center.

Credit Hours: 4 hrs
Prerequisite: ARTE 357, and department permission
Class Restrictions: Junior standing
Major Restrictions: Admission to the Initial Teacher Preparation Program
Previously Listed As: ART 416 Last Updated: Credit Hours 07/2011; 2/18/2011

ARTE 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART 477 Last Updated: 03/2011

ARTE 478 - Special Topics
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**Prerequisite:** department permission

**Previously Listed As:** ART 478  
**Last Updated:** 03/2011

**ARTE 479 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs

**Prerequisite:** department permission

**Previously Listed As:** ART 479  
**Last Updated:** 03/2011

**Art History**

**ARTH 100 - Art Appreciation (Gen Ed Area IV)**

The aim is to acquaint students with art philosophies, their elements, principles and values.

**Credit Hours:** 3 hrs

**Previously Listed As:** ART100

**Area IV: Knowledge of the Disciplines**

**ARTH 100 Art Appreciation [was FA 100]**

Visual culture is an important means of expression and communication in the contemporary world. From advertisements to traffic signs, from television shows to food packaging, visual communication is used today to inform, manipulate and record social, political and economic values of our society. The visual culture of today is an extension and evolution of the visual culture of the past. Art is a primary means by which people throughout the world have been recording and relating their cultural values, philosophies, social identities and historical development. Art appreciation is the skill by which one can read, understand and enjoy these works of art. Through an understanding of important works of art, and the great artists who produced them, this course will be of value in the critical and intellectual understanding of the evolution of our history.

A student who successfully completes this course will learn how aesthetics, history, the visual vocabulary of art, the relationship between content and form and the dynamics of the visual language are the necessary means by which we increase our knowledge and awareness of ourselves, our culture and the world in which we live. Through the examination of important works of art, students will learn the essential descriptive vocabularies of the visual arts, how formal properties (style) shape and inform the content of a given work of art. Students will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific, as well as symbols and intentions specific to particular artists and their work.

**Last Updated:** 07/2010 Effective 2010

**ARTH 151 - Reason and Revolution (Gen Ed Area IV)**

An examination of the transition in political history, philosophy, art, literature and music from Puritan England and Louis XIV’s France to Napoleon. Team taught by members of the Art and History departments.
**Area IV: Knowledge of the Disciplines**

**ARTH 151 Reason and Revolution [effective Fall 2008]**
This interdisciplinary course in history and art history is intended to introduce students to the works of art, philosophy and literature associated with a major turning point in European and world history—the Enlightenment and the French Revolution. It will offer students the opportunity to study the ideas that found their first political expression in the American Constitution, from their beginnings in the 17th century France and England through through the turmoil of revolution and war. The course will encourage students to analyze and write about a variety of artistic, philosophical and literary works in a specific historical context, and to understand how political events influenced humanistic thought and how the humanities shaped political and social change.

**ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV)**
An introductory historical survey of the visual arts and architecture of cultures not directly linked to the artistic and cultural traditions of Western Civilization. Art works by the native inhabitants of Africa, Oceania, Asia and the Americas are examined for their historical and cultural significance.

**Area III: Perspectives on a Diverse World**
Since the dawn of humanity human societies have been driven to create and embellish material objects giving visual expression to cultural values, social identities, religious beliefs, and individual concerns. Since art is a cultural phenomenon integral to the lives of people throughout the globe the study of it is a great way to gain timely and substantive insight into diverse cultures and the issues that concern them. Art from other places and times can also reveal ways of looking and thinking about the world and the place of humans in it that are different than one's own. For these reasons this course, which is concerned with the study of artworks created by artists whose primary cultural affiliations and ethnic heritages lie outside the greater European cultural context, meets the Global Awareness category of the General Education program. Through the study of artworks, the contexts in which they were created, and the people who made them, one will gain a foundational knowledge of diverse cultures throughout the globe and help one develop an awareness and sensitivity to different viewpoints on local and global issues and concerns that are voiced by artists from cultural backgrounds beyond the Western world.

**Area IV: Knowledge of the Disciplines**

**ARTH 161 Survey of Non-Western Art**
The visual arts of non-western cultures are an important part of our world heritage. Art is an expression of cultural values, social identities and a means by which people throughout the globe have used to make meaning and sense of their world. A knowledge of non-western art should be no less important as part of a student's general education program than an understanding of great artworks and famous artists of western civilization. In the increasing interconnectedness and globalizing world of the present it is important that recognition be given to artistic achievements of other cultures as well as how those achievements relate to the art of ones own culture and that of others make meaning through art. Through the examination of non-western artworks students will learn the essential descriptive vocabularies of the visual arts, how formal properties (style) shape and inform the content of a given work of art; they will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific. Students will also become more aware of the interrelationships among different cultures and the historic dynamics that have shaped the world and how an understanding of art can reveal cultural biases and help to better appreciate global diversity.
ARHT 162 - Survey of Western Art I (Gen Ed Area IV)

A survey of the development of the visual arts of the western world, from Paleolithic times art through the late Gothic period.

Credit Hours: 3 hrs
Previously Listed As: ART107

Area IV: Knowledge of the Disciplines

ARHT 162 Survey of Western Art I [was FA 107]
ARHT 162 allows students to learn the content and methodologies by which one can understand the meaning presented in the visual arts. Through lectures and discussion, students will learn the essential descriptive vocabulary of the visual arts, and how formal properties (style) shape and inform the content of a given piece of art or architecture. In addition, they will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific and significant. For example, a comparison between the art of Akenaton's kingdom and both earlier and later periods of ancient Egypt, students will see the important changes wrought in the culture and religion of the Late Kingdom. Students will also become more aware of the interrelationships among different cultures and the historical dynamics that have shaped the world and its visual expression.

ARHT 165 - Postmodern and Contemporary Art

This course, an introduction to the major trends and movements in recent art, is designed to help students learn and think critically about prevalent attitudes and theories about contemporary visual culture as well as to recognize the increasingly vital role played by the mass media and technology in the creation and dissemination of art. New media, such as video and digital art, and innovative forms of visual expression, such as conceptual and environmental art, will be investigated. Art will be examined as a response to current social, cultural, political and gender issues as will the reasons why artists make the shift from modernist to post-modernist strategies for making their work.

Credit Hours: 3 hrs
Previously Listed As: ART440

ARHT 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART 177 Last Updated: 03/2011

ARHT 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART 178 Last Updated: 03/2011
ARTH 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART 179 Last Updated: 03/2011

ARTH 263 - Survey of Western Art II

A continuation of the survey of western art from the Renaissance to 1880.

Credit Hours: 3 hrs
Prerequisite: ARTH 162
Previously Listed As: ART 108 Last Updated: 2/18/2011

ARTH 264W - Survey of Western Art III (Gen Ed Area I, W)

A continuation of the survey of western art from 1880 to the present day.

Credit Hours: 3 hrs
Prerequisite: ARTH 263

Last Updated: Removed "Previously Listed As" 02/2012

ARTH 267 - History of Asian Art (Gen Ed Area IV)

A survey of Far Eastern art, with emphasis on the artistic and cultural traditions of South Asia, China and Japan. Works of art are examined for their cultural and historical significance.

Credit Hours: 3 hrs
Previously Listed As: ART 221

Area IV: Knowledge of the Disciplines

History of Asian Art
In this course art is treated as an expression of cultural values, social identities and a means through which the people of Asia have made meaning and sense of their world. Across the continent of Asia many rich and long lasting artistic traditions have emerged and still play an important role in the lives of the people who live there. Through the examination of Representative artworks and architectural monuments of Asia students will learn the essential descriptive vocabularies of the visual arts, how formal properties (style) shape and inform the content of a given work of art; they will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific. Although this course focuses on the art of Asia the concepts and methods for understanding art learned in this class are also applicable to understanding art in other contexts. Students will also become more aware the interrelationships among different cultures and the historical dynamics that have shaped the cultural and political landscape of Asia and how an understanding of art can reveal cultural biases and help one better appreciate global diversity.

ARTH 277 - Special Topics
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**ARTH 277 - Special Topics**

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART 277 Last Updated: 03/2011

**ARTH 278 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART 278 Last Updated: 03/2011

**ARTH 279 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART 279 Last Updated: 03/2011

**ARTH 361 - Art History Seminar (NEW COURSE)**

This junior seminar will serve as the writing intensive course for the Art History major. Topics will vary. Students will be introduced to reading scholarly literature, research, writing art historical analyses, and presenting finds in a discipline-specific form.

Credit Hours: 3 hrs
Prerequisite: ARTH 161, ARTH 264W and department permission
Course Revisions: This is a new course, effective Winter 2012.

Last Updated: New Course 12/2011, effective Winter 2012

**ARTH 368 - History of Classical Art**

A study of the art and architecture of the classical civilization of Greece and Rome.

Credit Hours: 3 hrs
Prerequisite: ARTH 162 or department permission
Previously Listed As: ART 340 Last Updated: 2/18/2011

**ARTH 369 - History of Renaissance Art**

A history of Italian art from the Proto-Renaissance (about 1250 A.D.) through the period of mannerism (1600).

Credit Hours: 3 hrs
**ARTH 374 - American Painting and Sculpture**

A survey of American art, including the impact of European Art.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 263 or department permission  
**Previously Listed As:** ART 341  
**Last Updated:** 2/18/2011

**ARTH 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission  
**Previously Listed As:** ART 335  
**Last Updated:** 2/18/2011

**ARTH 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** ART 378  
**Last Updated:** 03/2011

**ARTH 379 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** ART 379  
**Last Updated:** 03/2011

**ARTH 467 - Art of East Asia**

A detailed examination of the visual arts of China, Japan and Korea from Neolithic times to the present, with emphasis on the cultural and artistic exchanges between these and surrounding cultures.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 161 or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 422  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011
ARHT 468 - Medieval Art History

The development of medieval art from the Early Christian through Gothic periods.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 162 or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 426  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011

ARHT 469 - Baroque Art

Principal developments in Italian and northern art of the 17th century. Emphasis on major themes and aesthetic problems.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 263 or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 427  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011

ARHT 470 - Arts of Africa

Examines the visual arts of sub-Saharan Africa. Analyzes and investigates the content, materials, techniques and aesthetics of traditional African art within its cultural context. Includes the integration of function and ritual, as evidenced in the tribal objects and artifacts.

**Credit Hours:** 3 hrs  
**Class Restrictions:** Junior or Senior standing or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART425  
**Last Updated:** Graduate Credit 07/2011

ARHT 471 - Mesoamerican Art

A survey of the art of Mesoamerica, the civilization that existed in Mexico and Central America from about 1500 B.C.E. until the coming of Cortés in 1519. The major emphasis of the course will be on urban planning architecture and monumental sculpture. Significant attention will also be devoted to painting, ceramics, small-scale sculpture, textiles and jewelry.

**Credit Hours:** 3 hrs  
**Prerequisite:** Junior/senior standing or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART430  
**Last Updated:** Graduate Credit 07/2011

ARHT 472 - History of American Architecture

Exploration of styles and techniques in American architecture from the colonial period to the present, with special emphasis on the sources in foreign traditions. Major figures, including Thomas Jefferson, Louis Sullivan, Frank Lloyd Wright, and Eero Saarinen and major stylistic trends, such as Greek Revival and the International Style, will be traced back through their origins and development.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 263 or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 429  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011
**ARTH 473 - Women in Art**

A survey of the contributions of female artists in the history of art. Discussions will include the history of women as patrons of the arts and the uses of the female image in art.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 263 or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Cross-Listed with:** WGST 436  
**Previously Listed As:** ART 436  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011

**ARTH 474 - History of Graphic Design**

This course presents a survey of the history of graphic design from ancient to modern. The subject is investigated in the context of relevant historical and cultural events such as the origins of the alphabet, the invention of typesetting and printing, the industrial revolution, and the digital revolution. Although the course focuses on graphic design and communication systems, it stresses connections between history of graphic design and history of architecture, the decorative arts, and product design.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 263 and department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 459  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011

**ARTH 475 - Seminar in Modern and Contemporary Art**

Readings, reports, and group discussions on modern and contemporary art. Topics may vary.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTH 264W or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 428  
**Last Updated:** Graduate Credit 07/2011; 2/18/2011

**ARTH 476 - Art of China (NEW COURSE)**

A survey of the visual arts of China from the ancient to the contemporary taught from a social historical perspective with emphasis on the characteristics of the visual arts of China and the interconnections between art and Chinese society.

**Credit Hours:** 3 hrs  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Course Revisions:** This is a new course, effective Winter 2012.  
**Last Updated:** Graduate Credit Approval 01/2012, effective Winter 2012; New Course 12/2011

**ARTH 477 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission  
**Previously Listed As:** ART 477  
**Last Updated:** 03/2011
ARTH 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART 478 Last Updated: 03/2011

ARTH 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART 479 Last Updated: 03/2011

Art Studio

ARTS 101 - Introduction to Art (Gen Ed Area IV)

An introductory course designed to develop understanding of the formal and conceptual aspects of the visual arts. Students will become familiar with art and artists from historical, contemporary, stylistic, and aesthetic perspectives. Emphasis will be on basic studio practices as a means of understanding visual language. No previous experience in art expected.

Credit Hours: 3 hrs
Previously Listed As: ART101

Area IV: Knowledge of the Disciplines

ARTS 101 Introduction of Art [was FA 101]
The visual arts communicate, express, record, capture, affect and reflect the world around us. The knowledge of how and why art has been created, how art relates to history and contemporary culture and understanding creative processes are an important part of any student's general education program. In this course, students will learn how a variety of visual art is produced. They will become familiar with the visual creative process as a means of understanding and appreciating the visual arts. Investigation of contemporary art practices will lead to an understanding of form and content. This will be achieved through hands-on projects, research and writing elements. Lectures, demonstrations, discussions and studio activities will be the primary means of investigation. No previous experience in the arts is expected.

ARTS 102 - Jewelry for Nonmajors

A hands-on approach to provide students with the opportunity to develop artistic and technical skills with metal and other jewelry materials.

Credit Hours: 3 hrs
Previously Listed As: ART167

ARTS 103 - Ceramics for Nonmajors (Gen Ed Area IV)
A hands-on approach to provide students with the opportunity to develop skills and aesthetic understanding in forming, glazing and firing. The emphasis in this beginning course is on hand building forms; however, the use of the potter's wheel will be introduced.

Credit Hours: 3 hrs
Previously Listed As: ART166

Last Updated: Gen Ed Approval 11/2011, effective Fall 2011

ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV)

Problems will explore fundamental design and basic production considerations and the development of a professional design thought process.

Credit Hours: 3 hrs
Previously Listed As: ART165

Area IV: Knowledge of the Disciplines

ARTS 104 Graphic Design for Non-Majors [effective Winter 2009]
Graphic design is a crucial component of visual communication. yet it is often "invisible" to those who encounter it, we are used to reading text without thinking about the impact of the typography- the visual vehicle by which information is transmitted. Visual communication rivals verbal communication in its ability to communicate. The correspondence between content and form is intrinsic to graphic design- design is structured around the communication of information from client and designer to a target audience. The formal material of graphic design, typography and image, must work together effectively in order to communicate the specific content of a project. Through the creation of design artifacts, students will learn the essential descriptive vocabularies of graphic design, and how a designer's choices about type and image in a piece shape the content of design. Through examination and analysis of professional graphic design, students will become familiar with the relationship between creative process and critical thinking. Graphic design offers audiences visual communicative data- in the form of type and image- that reflect, and also orchestrate, an array of cultural concerns. Understanding and experiencing how effective visual communication is produced offers students, insight into the role visual media play in molding the character of a culture.

ARTS 105 - Photography for Non-Majors (Gen Ed Area IV)

This is an introductory course in film-based art black and white photography. It covers the basic tools of the medium, including camera use, film developing, and printing. The class is designed to allow students to become familiar with visual arts and the artistic process using the camera as a tool for personal expression.

Credit Hours: 3 hrs
Notes: Students must supply their own 35 mm film camera.
Previously Listed As: ART168

Area IV: Knowledge of the Disciplines

ARTS 105 Photography for Non-Majors
The visual arts communicate, express, record, capture, affect and reflect the world around us. The knowledge of how and why art has been created, how art relates to history and contemporary culture and an understanding of creative processes are an important part of any student's general education program. This course allows students to become familiar with the visual arts and the artistic process through an in-depth exploration of a single media (photography) and the tools/concepts associated with it.

ARTS 106L - Watercolor for Non-Majors (Gen Ed Area IV, V LBC)
This course will introduce students to traditional and experimental watercolor techniques and processes. This course will provide students with studio experiences and art-making and will explore both contemporary and historical watercolor painting through slides and lectures.

**Credit Hours:** 3 hrs  
**Previously Listed As:** ART169L

### Area IV: Knowledge of the Disciplines

**ARTS 106L Watercolor for Non-Major** (also fulfills Area V, Group 3, Option III)  
Visual art is an important tool for communication both in public and personal contexts. Making art as well as learning to interpret both historical and contemporary art teaches students to be more visually aware, and gives them a richer understanding of visual media in both fine arts and contemporary culture. Watercolor painting is a visual art medium that has an historical presence in world art, while continuing to play a role in contemporary painting and drawing and in popular culture. This course provides students with a hands-on experience in studio art, beyond the classroom activities in the form of arts, lectures and gallery experiences, and exposure to knowledge and skills important for both creating visual pieces and for understanding how visual art, specifically painting communicates. In this course, students learn both traditional and experimental watercolor technique and processes and explore ways to combine the formal visual elements of their work with the content. Importantly, these experiences will help to increase awareness and understanding of visual art in contemporary culture, while empowering students to investigate different and creative means of expression.  
**Last Updated:** Links 03/2011

**ARTS 121 - Two-Dimensional Design**  
A foundation course dealing with an analytical approach to the study of the elements of design: color, line, shape, value and texture.  
**Credit Hours:** 3 hrs  
**Previously Listed As:** ART122

**ARTS 122 - Three-Dimensional Design**  
Basic study of three-dimensional structures and systems.  
**Credit Hours:** 3 hrs  
**Previously Listed As:** ART131

**ARTS 123 - Foundations Drawing I**  
Introduction to drawing fundamentals with an emphasis on object and spatial representation through descriptive and expressive means. Individual problems assigned to foster the development of competent observational skills in a variety of media and to expose students to basic terminology. Group discussions and critiques are frequent.  
**Credit Hours:** 3 hrs  
**Previously Listed As:** ART123

**ARTS 126 - Foundations Drawing II**  
Further exploration of drawing fundamentals with an emphasis on interpretive skills and composition. Extensive experimentation in basic drawing media, pictorial organization, and idea generation are stressed. Subjects such as the human figure are introduced and group discussions and critiques are frequent.
ARTS 127 - Foundations Digital Media

This course is an introduction to the use of the computer as an art-making tool. Through readings, lectures, and discussions students will explore a wide range of approaches to digital media as well as its larger cultural implications. Exposure to contemporary artists who use the computer at some point in their process will give students insight into its applications across all media.

Credit Hours: 3 hrs
Prerequisite: ARTS 121 and ARTS 123
Previously Listed As: ART 124 Last Updated: 2/18/2011

ARTS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART177

ARTS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART178

ARTS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART179

ARTS 201 - Painting I

An introductory course stressing the basics of oil and/or acrylic painting, with major emphasis on an observational approach to subject matter. Students are provided opportunities to experiment with a variety of techniques and materials, and they are introduced to conceptual and formal aspects of painting as they pertain to their work and the works of various artists throughout history.

Credit Hours: 3 hrs
Prerequisite: ARTS 121 and ARTS 126
Previously Listed As: ART 313 Last Updated: 5/2/2011 - Prerequisites

ARTS 205 - Beginning Life Drawing

Study of the human figure through the use of predominantly nude models. The dynamic and complex structure of the human figure is explored in a variety of materials and exercises designed to nurture a fluent understanding of the active and passive nature of the human body.

Credit Hours: 3 hrs
Prerequisite: ARTS 126, and department permission
Previously Listed As: ART 210 Last Updated: 2/18/2011

ARTS 210 - Screen Printing I

An introductory course that covers paper screen printing processes. Processes to be covered are reductions, transparencies, photographic processes, and methods of monoprinting. Students are expected to develop concepts and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs
Prerequisite: ARTS 121, ARTS 122, ARTS 123, and department permission
Previously Listed As: ART 305 Last Updated: 2/18/2011

ARTS 215 - Watercolor I

Introduction to watercolor techniques and processes with an emphasis on formal elements such as composition, color and value. Projects for the course are designed to encourage the exploration of a variety of subject matter and content. Individual and group critiques are frequent.

Credit Hours: 3 hrs
Prerequisite: ARTS 126
Previously Listed As: ART 314 Last Updated: 5/2/2011 - Prerequisites

ARTS 216 - Watermedia-Mixedmedia

The focus of this course is on connecting content with process. Students develop ideas for work and use water-based pigments with other materials to create mixed-media pieces. The class will focus on contemporary artists and ideas. Group and individual critiques are incorporated in all assignments for this course.

Credit Hours: 3 hrs
Prerequisite: ARTS 121 and ARTS 123
Previously Listed As: ART 250 Last Updated: 5/2/2011 - Prerequisites

ARTS 221 - Beginning Photography

An introduction to photography as an art form. Basic camera and darkroom techniques are covered, with an emphasis on using these tools to a creative end.

Credit Hours: 3 hrs
Prerequisite: ARTS 121, ARTS 123, and department permission
Notes: Students must furnish their own manual cameras, as well as additional supplies.
Previously Listed As: ART 304 Last Updated: 2/18/2011

ARTS 225 - Beginning Ceramics

Beginning ceramics emphasizes hand-building techniques using earthenware and stoneware clays. The focus includes sculptural and utilitarian form; portrait busts, storage jars, platters, and cups are some of the assignments. Students learn to build forms using slabs, molds, modeling, and extruding techniques; alter surfaces, apply slips and glazes; and fire in electric and gas kilns.

Credit Hours: 3 hrs
Prerequisite: ARTS 122 and department permission
Previously Listed As: ART 307 Last Updated: 2/18/2011

ARTS 230 - Metalsmithing I

The course uses the media of metal and related materials to communicate ideas. Students work on pieces of adornment (jewelry), small sculpture and/or utilitarian items. This course applies the vocabulary of art to the understanding of metalsmithing in critiques and professional work. Students will learn to work with a myriad of tools, test their time management skills, focus on details and learn to work through a strict technical process for success in this media.

Credit Hours: 3 hrs
Prerequisite: ARTS 122 and department permission
Previously Listed As: ART 320 Last Updated: 2/18/2011

ARTS 235 - Beginning Sculpture

Beginning Sculpture further emphasizes the formal and technical processes and unique qualities of three dimensions. We look closely at sculpture's connection to the human scale and architectural relationships. We cover the very basic use of materials and their plastic qualities.

Credit Hours: 3 hrs
Prerequisite: ARTS 122 and department permission
Previously Listed As: ART 310 Last Updated: 2/18/2011

ARTS 240 - Introduction to Fibers

An introduction to fibers focusing on a broad range of fiber processes and techniques including surface design, weaving and three-dimensional fibers. This course will introduce a contemporary approach to the fibers field, which will emphasize fundamental fiber processes and the creative development of ideas.

Credit Hours: 3 hrs
Prerequisite: ARTS 121, ARTS 122, and department permission
Previously Listed As: ART 235 Last Updated: 2/18/2011

ARTS 245 - Introduction to Furniture Design

This course introduces students to the tools and materials of furniture making, focusing on the physical characteristics of wood and ways to shape, cut, and join it. The course will also introduce design methodology, furniture design history, and drawing techniques.

Credit Hours: 3 hrs
ARTS 250 - Introduction to Graphic Design I

Projects examine two-dimensional typographic space; language sequence and information hierarchy; type families and their structure; typographic aesthetic; typographic history. Introduces appropriate tools.

Credit Hours: 3 hrs

Prerequisite: ARTS 255 - Introduction to Time-based Media

This course introduces students to basic concepts and methods commonly used in the production of time-based media as it is employed in an art context. The course provides a technical foundation for subsequent time-based media courses by introducing students to a variety of techniques used for the creation of screen-based works of art such as non-linear video editing, sound, and video compositing. The course also introduces students to historic and contemporary practitioners.

Credit Hours: 3

Prerequisite: ARTS 127

ARTS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART277

ARTS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART278

ARTS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART279

ARTS 290 - Studio Concepts
Studio Concepts is a foundation course that emphasizes ideas and conceptual thinking as the nexus of contemporary studio practice. The course is not discipline or media specific. Contemporary themes and "large ideas" will be presented to students, who will create artworks in response to those themes using a wide variety of media and strategies. Written work, both in preparation for and in response to the completed studio projects, will assist students in building a vocabulary for communicating about visual and material language and art-related concepts. As the final studio experience within the foundation group of courses, Studio Concepts is designed to prepare students for the more rigorous conceptual thinking and self-directed work required by upper-level studio classes.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 121, ARTS 122, and ARTS 123  
**Concurrent Prerequisite:** ARTS 126, ARTS 127, ARTH 165  
**Last Updated:** 2/18/2011

### ARTS 300 - Color Theory

This is an introductory course in which students learn the basics of subtractive color. A series of lectures and related studio problems are utilized to develop an understanding of color systems, the characteristics of color, and how to control the visual aspects of color through both mixture and juxtaposition. As students gain a greater understanding of the subject matter, more individualized assignments may be introduced.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 126 and department permission  
**Last Updated:** 2/18/2011

### ARTS 301 - Intermediate Painting: Surface, Process & Concept

This intermediate painting course will stress conceptual motivations for making paintings and focus upon the material and procedural means by which paintings are constructed. Emphasis will be placed on non-observational approaches to painting. Students will have the opportunity to experiment with a variety of techniques, materials and supports beyond those used in Beginning Painting. They will also be introduced to a range of modern and contemporary painters/artists for whom process, materials and conceptual strategies are primary concerns. This course is a studio-based workshop supplemented with lectures, discussions, readings and demonstrations. Written assignments may also be required.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 201, ARTS 290 and completion of foundations portfolio review  
**Last Updated:** 5/2/2011 - Prerequisites

### ARTS 302 - Figurative Painting

This course investigates the human form through painting, primarily using nude models for subject matter. Students will investigate a variety of formal and technical approaches to painting the figure. Students will also be introduced to contemporary and historic artists and issues specifically related to figurative works.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 201, ARTS 290 and completion of foundations portfolio review  
**Previously Listed As:** ART 480  
**Last Updated:** 5/2/2011 - Prerequisites

### ARTS 305 - Intermediate Life Drawing

Further study of the human figure as a subject in various media with an emphasis on the expressive use of the figurative motif.

**Credit Hours:** 3 hrs
Prerequisite: ARTS 205
Previously Listed As: ART 316 Last Updated: 5/2/2011 - Prerequisites

ARTS 306 - Intermediate Drawing

Further studies in drawing with an emphasis on history, theory, and practice. Drawing techniques from previous courses will be integrated in expanded studies which focus on various concepts such as: the visual environment, narrative, and sequential art in order to establish a broad based understanding of the relationship between form and content.

Credit Hours: 3 hrs
Prerequisite: ARTS 126
Last Updated: 5/2/2011 - Prerequisites

ARTS 307 - Drawing: Contemporary Methods and Materials

Intensive study and investigation of the relationship between space, form, and content. Emphasis is placed on media and methods as a means of exploring non-traditional approaches to drawing and as a tool for problem solving ideas through drawing as a process. Students will be exposed to contemporary issues and ideas through the use of research assignments, reading, and large scale projects to expand their understanding of an artists process of conceptualization.

Credit Hours: 3 hrs
Prerequisite: ARTS 205, ARTS 290 and successful completion of Foundations Portfolio Review
Last Updated: 7/7/2011

ARTS 310 - Screen Printing II

A supplementary course on paper screen printing processes. Processes to be covered are photographic processes, CMYK, and monoprinting. Students are expected to develop concepts, work independently and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs
Prerequisite: ARTS 210, instructor approval, and department permission
Previously Listed As: ART 405 Last Updated: 2/23/2011

ARTS 311 - Relief and Intaglio

An introductory course that covers relief and intaglio printmaking processes. Processes to be covered are linoleum relief prints, color reduction, drypoint, aquatint, monotyping, and methods of monoprinting. Students are expected to develop concepts and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs
Prerequisite: ARTS 121, ARTS 122, ARTS 123, and department permission
Previously Listed As: ART 306 Last Updated: 2/23/2011

ARTS 312 - Lithographic Printing

An introductory printmaking course dealing with image, design, and concepts as they relate to Lithography. Processes to be covered are stone lithography, reduction printing methods, color printing, and methods of monoprinting. Students are expected to develop concepts, and pursue a greater understanding of the contemporary art.

Credit Hours: 3 hrs
Prerequisite: ARTS 121, ARTS 122, ARTS 123, and department permission
Last Updated: 2/23/2011

ARTS 315 - Watercolor II

Further exploration of concepts and techniques introduced in Watercolor I. Projects and assignments are designed to help students refine and expand watercolor technique and processes as well as foster individual research and the development of personal direction. Individual and group critiques are frequent.

Credit Hours: 3 hrs
Prerequisite: ARTS 215, ARTS 290 and completion of foundations portfolio review
Previously Listed As: ART 414 Last Updated: 5/2/2011 - Prerequisites

ARTS 316 - Watercolor III

This course builds on concepts and techniques from Watercolor I and II. Focus is on pursuing an individual direction and establishing practices and processes for developing related series of paintings. Individual and group critiques are frequent.

Credit Hours: 3 hrs
Prerequisite: ARTS 315
Previously Listed As: ART 423 Last Updated: 5/2/2011 - Prerequisites

ARTS 321 - Intermediate Photography I

An investigation of intermediate and advanced black and white techniques. Student continue to explore a conceptual approach to the medium while beginning to develop their own personal vision. The work of other photographers is considered to give students a better understanding of the photographic language.

Credit Hours: 3 hrs
Prerequisite: ARTS 221, ARTS 290, passed foundation review, and department permission
Previously Listed As: ART 325 Last Updated: 2/23/2011

ARTS 322 - Intermediate Photography II

A continued investigation of techniques used in fine art photography with a particular focus on computer imaging. Students continue working to develop a personal style in preparation for the portfolio classes.

Credit Hours: 3 hrs
Prerequisite: ARTS 221, ARTS 290, passed foundation review, and department permission
Previously Listed As: ART 326 Last Updated: 2/23/2011

ARTS 323 - Intermediate Photography III

This is a second/third/fourth semester course in photography. It is designed to give students a better understanding of the technical aspects of photography while challenging them to refine their own artistic vision and critical abilities. Instruction will include technical lectures and demonstrations, open lab sessions for addressing problems on an individual level, critiques of class work, slide and reading discussions.

Credit Hours: 3 hrs
Prerequisite: ARTS 221, ARTS 290, passed foundation review, and department permission
Concurrent Prerequisite: ARTS 322

Last Updated: 2/24/2011

ARTS 325 - Intermediate Ceramics I

Further experiences in handbuilding with clay, in addition to beginning throwing on the wheel. A continuation of both sculptural and utilitarian ceramic assignments with an emphasis on craftsmanship; more work done at stoneware temperatures.

Credit Hours: 3 hrs
Prerequisite: ARTS 225, ARTS 290, passed foundation review, and department permission
Previously Listed As: ART 308 Last Updated: 2/24/2011

ARTS 326 - Intermediate Ceramics II

Continuing exploration of the clay medium with more emphasis on larger scale and increasingly complex sculptural and utilitarian forms. Alternative firing techniques are available -- salt, wood, and soda firings. Throwing is included. Introduction to glaze and clay testing methods.

Credit Hours: 3 hrs
Prerequisite: ARTS 325 and department permission
Previously Listed As: ART 407 Last Updated: 2/24/2011

ARTS 330 - Metalsmithing II

The course introduces complex fitting and soldering, cold forging, and small-tool making for chasing and repousse. Box construction is emphasized. The students improve their skills learned in Metalsmithing I and will begin to design with a personal style and meaning in their work.

Credit Hours: 3 hrs
Prerequisite: ARTS 230, ARTS 290, passed foundation review, and department permission
Previously Listed As: ART 321 Last Updated: 2/24/2011

ARTS 331 - Metalsmithing III

This course will focus on skills such as the use of the correct hammers for forming, raising, planishing, forging and texturing. Students learn to control a form in metal by making a template and raising according to the template. The students will also learn to increase the speed at designing and will experiment with a new technique to complete a three piece set of objects. The course will continue to develop style and meaning in student work while building a portfolio of exhibition work. Additional skills to be developed will be patina application, stick soldering, alternative finishes and hinges and photographing work.

Credit Hours: 3 hrs
Prerequisite: ARTS 330 and department permission
Previously Listed As: ART 442 Last Updated: 2/24/2011

ARTS 335 - Intermediate Sculpture

This course expands mainly on the vast number of materials, techniques and processes necessary to execute finished sculptures. Major aspects of wood and metal fabrication and mold-making are covered in depth. All of the assignments also deal with the conceptual aspects of sculpture.

Credit Hours: 3 hrs
ARTS 340 - Weaving

An intermediate fibers class focusing on concepts using woven structures to explore historical and contemporary weaving. Fabrics will be investigated and created on the floor loom, which will be used as a tool for personal expression.

Credit Hours: 3 hrs
Prerequisite: ARTS 240, ARTS 290, passed foundation review, and department permission
Previously Listed As: ART 355 Last Updated: 2/24/2011

ARTS 341 - Intermediate Surface Design: Screen Printing

Intermediate fibers class focused on developing concepts through technical and creative solutions utilizing a broad range of materials and techniques. The techniques will range from low-tech to complex applications incorporating transparent and opaque textile pigments, thickened dye and discharge pastes.

Credit Hours: 3 hrs
Prerequisite: ARTS 240, ARTS 290, passed foundation review, and department permission
Previously Listed As: ART 356 Last Updated: 2/24/2011

ARTS 345 - Intermediate Furniture Design

Intermediate Furniture Design will focus on advanced woodworking processes along with their structural and aesthetic implications. These processes will include turning, laminate bending, vacuum bending, veneering, and relevant joinery methods. Students will design and build multiple furniture projects using these techniques.

Credit Hours: 3 hrs
Prerequisite: ARTS 245, ARTS 290, passed foundation review, and department permission
Last Updated: 2/24/2011

ARTS 350 - Introduction to Graphic Design II

Projects examine type methodology; complex typographic systems; rhetorical devices; word-image structures; typographic history and theory. Introduces appropriate tools.

Credit Hours: 3 hrs
Prerequisite: Grade of "C" or better in ARTS 250, ARTS 290 and completion of foundations portfolio review
Previously Listed As: ART 205 Last Updated: 5/3/2011 - Prerequisites

ARTS 351 - Image Making I

Image making as it applies to the materials and processes of communicating specific visual concepts. Introduces a wide variety of materials and imaging methods.

Credit Hours: 3 hrs
Prerequisite: Grade of "C" or better in ARTS 250, and department permission
Previously Listed As: ART 301 Last Updated: 2/24/2011

ARTS 352 - Intermediate Graphic Design I
Deals intensively with conceptual and technical issues; explores topics relevant to audience demographic; presents theories, philosophies, aesthetics and techniques related to mass-audience communication. Introduces appropriate methodologies.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 350, ARTS 351, and department permission  
**Previously Listed As:** ART 302  
*Last Updated:* 2/24/2011

**ARTS 353 - Intermediate Graphic Design II**

Course analyzes symbol codes as learned and interpreted messages. Projects explore audience; context; sequence; and theories, philosophies, aesthetics, techniques and cultural references in symbol language message building. Introduces appropriate methodologies.

**Credit Hours:** 3 hrs  
**Prerequisite:** Grade of 'C' or better in ARTS 352, ARTS 290, passed portfolio review, and department permission  
**Previously Listed As:** ART 303  
*Last Updated:* 2/24/2011

**ARTS 355 - Introduction to Web and Interactive Media**

This course introduces students to the fundamentals of web-based and interactive works of art. The course introduces students to appropriate scripting languages used to create web-based and interactive work. Conceptual and methodological approaches to web and interactive media are discussed. No previous programming experience is necessary.

**Credit Hours:** 3  
**Prerequisite:** ARTS 127  
*Last Updated:* 7/7/2011

**ARTS 356 - Installation and Performance**

This course examines methods and materials for the creation and documentation of site-specific and performative works of art. Students create work that explores the integration of video, interactivity, and performance within a physical environment. Concepts of corporeality, duration/endurance, material methodologies and space are discussed as they pertain to visual art.

**Credit Hours:** 3  
**Prerequisite:** ARTS 255, ARTS 355, or instructor approval.  
*Last Updated:* 7/7/2011

**ARTS 357 - Intermediate Time-based Media**

This course introduces students to advanced concepts and methods used in the production of time-based media as it is employed in an art context. Narrative, non-narrative, and performance structures are further explored. Additional methods of production, such as experimental animation, are introduced. The exhibition of screen-based work, both within the gallery and alternative venues, is further investigated.

**Credit Hours:** 3  
**Prerequisite:** ARTS 255  
*Last Updated:* 7/7/2011

**ARTS 358 - Intermediate Web and Interactive Media**
This course further explores web-based and interactive works of art. Conceptual and methodological approaches to web and interactive media are further discussed. The course explores web memes and their role in visual art. Interactive environments and physical computing are introduced. The exhibition of interactive and net-based work, both within the gallery and alternative venues, is further investigated.

Credit Hours: 3  
Prerequisite: ARTS 355  
Last Updated: 7/7/2011

ARTS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr  
Prerequisite: department permission  
Previously Listed As: ART377

ARTS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs  
Prerequisite: department permission  
Previously Listed As: ART378

ARTS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs  
Prerequisite: department permission  
Previously Listed As: ART379

ARTS 387 - Cooperative Education in Art

Employment in a graphic design firm, studio, or agency with an opportunity for practical design experience. Placement approval required by graphic design area.

Credit Hours: 3 hrs  
Prerequisite: department permission  
Previously Listed As: ART387

ARTS 390 - Studio Concepts

Studio Concepts addresses conceptual/methodological approaches/practices for the making of art. The course is designed to expose students to conceptualization, visual production and meaning within the art world. It will examine contemporary artist' works and writings as well as larger critical theories.
Credit Hours: 3 hrs  
Prerequisite: ARTS 121, ARTS 122, ARTS 123, ARTH 165 and departmental permission  
Concurrent Prerequisite: ARTS 126, ARTS 127, ARTH 165  
Course Revisions: This course will become General Education Approved (Area I: Effective Communication - Writing Intensive), effective Winter 2012.

Last Updated: Gen Ed Approval 12/2011, effective Winter 2012; New Course 04/2011, effective Spring 2011

ARTS 401 - Advanced Painting I

Emphasizes the individual student's development of a personal direction in his/her work, which is supported by a sound conceptual foundation and is executed through appropriate technical means. There is a greater expectation of intellectual growth and focused skill development at this level.

Credit Hours: 3 hrs  
Prerequisite: ARTS 301 and ARTS 302  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Previously Listed As: ART 413 Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 403 - Advanced Painting II

The culmination of the five-course painting sequence. By the end of this course, students are expected to present a cogent body of work that is conceptually and technically sound and at a level that demonstrates they are reasonably situated to proceed to master's level work, or to enter society as a working artist. A greater emphasis on research and writing may be included in the curriculum at this level.

Credit Hours: 3 hrs  
Prerequisite: ARTS 401 and ARTS 300  
Corequisites: ARTS 490W  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Previously Listed As: ART 481 Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 405 - Advanced Life Drawing

Investigation of contemporary approaches to the human figure as a subject. Emphasis is placed on interpretive skills and the development of a personal direction, which is supported by sound technical and conceptual foundation. Group discussions and critiques are frequent.

Credit Hours: 3 hrs  
Prerequisite: ARTS 290, ARTS 305 and completion of foundations portfolio review  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Previously Listed As: ART 419 Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 406 - Advanced Drawing

Intensive studio work in selected perceptual or conceptual problems. Emphasis is on independent research and the development of a personal direction, which is supported by a sound technical and conceptual foundation. Group discussions and critiques are frequent.

Credit Hours: 3 hrs  
Prerequisite: ARTS 205 and ARTS 306
ARTS 407 - Advanced Life Drawing II

Intensive studio work involving the human figure as subject in selected projects and drawing media. Emphasis is on independent research and the development of a cogent body of work that is technically and conceptually sound. Group discussions and critiques are frequent.

Credit Hours: 3 hrs
Prerequisite: ARTS 300, ARTS 307 and ARTS 405
Corequisites: ARTS 490W
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: ART 432 Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 408 - Advanced Drawing II

Further intensive studio work in selected perceptual or conceptual problems. Emphasis is on independent research and the development of a cogent body of work that is technically and conceptually sound. Group discussions and critiques are frequent. Students will explore personal and aesthetic issues through independently driven assignments, class critiques, and visual and written materials, in the pursuit of creating an individual portfolio representative of a body of work.

Credit Hours: 3 hrs
Prerequisite: ARTS 300, ARTS 307 and ARTS 406
Corequisites: ARTS 490W
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: ART 439 Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 410 - Intermediate Printmaking

Intermediate level course that focuses on combining previous processes and taking a non-traditional approach. The course places an emphasis on working independently and conceptual development. This course will also include more in-depth critiques, research and presentations.

Credit Hours: 3 hrs
Prerequisite: ARTS 290; Three of the following courses: ARTS 210, ARTS 310, ARTS 311, or ARTS 312; and have passed foundation review
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: ART 406 Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 411 - Advanced Printmaking

An advanced printmaking course that pushes the understanding of earlier processes. Students develop thematic work and are expected to push the dialogue to a more advanced level. Students are also expected to work independently on projects agreed upon by the instructor.

Credit Hours: 3 hrs
Prerequisite: ARTS 410 and department permission
Corequisites: ARTS 490W
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; 2/24/2011
ARTS 416 - Watercolor IV

Continuing development of an individual direction through research, planning, and process. Students focus on depth of content and self-evaluation. Preparation for the Senior Exhibition is emphasized. Individual and group critiques are frequent.

Credit Hours: 3 hrs
Prerequisite: ARTS 300, ARTS 306 and ARTS 316
Concurrent Prerequisite: ARTS 216
Corequisites: ARTS 490W

Previously Listed As: ART 424 Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 421 - Photography Portfolio I

Development of a unified body of work representing the undergraduate photographic experience.

Credit Hours: 3 hrs
Prerequisite: ARTS 321, ARTS 322, ARTS 323, and department permission
Previously Listed As: ART 449 Last Updated: 2/24/2011

ARTS 422 - Photography Portfolio II

This is a sixth semester course in photography. As a continuation of Portfolio Photography I, it is designed to give students the tools necessary to continue the pursuit of fine art photography on their own. Instruction will be based primarily around in-class critiques and discussion of student work, but will also include reading and slide discussions as well as technical demos and "workshops".

Credit Hours: 3 hrs
Prerequisite: ARTS 421 and department permission
Corequisites: ARTS 490W
Last Updated: 2/24/2011

ARTS 425 - Advanced Ceramics I

Emphasis is placed on the development of personal style. The student will concentrate on sculptural or utilitarian work, handbuilt or thrown. Further training in glaze and clay development. Emphasis is on individual style, production techniques, studio management and exhibition programs.

Credit Hours: 3 hrs
Prerequisite: ARTS 326 and department permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: ART 408 Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 426 - Advanced Ceramics II

Further emphasis is placed on the development of personal style with choices made: will the student concentrate on sculptural or utilitarian work, handbuilt or thrown? Further training in glaze and clay development. The summation of the undergraduate ceramics program; emphasis on individual style, production techniques, studio management and exhibition programs.

Credit Hours: 3 hrs
Prerequisite: ARTS 421
**ARTS 430 - Metalsmith IV**

The students will be responsible for developing a proposal for three exhibition pieces. This proposal will contain a theme, a list of experimental techniques to be tested and a procedural plan. At this point students are able to multitask in the studio. This way they can work on several pieces at once. All work will be photographed in a professional manner.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 331

**Previously Listed As:** ART 443  
**Last Updated:** Graduate Credit 07/2011; Prerequisites 05/2011

**ARTS 431 - Metalsmithing V**

This course is designed to allow students design complex metals pieces and encourage individual exploration of advanced techniques. Techniques include but are not limited to: blacksmithing, enameling, stone setting, die making, lathe work, electroforming, casting, patina exploration, hydraulic press work, photo etching, mold-making and commercial exploration or limited production work. Students will select a particular technique, research and experiment the technique, and complete three exhibition quality works.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 430 and department permission  
**Corequisites:** ARTS 490W

**Previously Listed As:** ART 410  
**Last Updated:** 2/24/2011

**ARTS 435 - Advanced Sculpture I**

The students in advanced sculpture are allowed to pursue a concept or technique from ARTS 335 as the beginning of their self-directed studio experience. Many types of mold making are explored. Leads to bronze and other metal casting processes. Extensive experimentation in chose technique(s) is expected.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 335 and department permission

**Previously Listed As:** ART 410  
**Last Updated:** Graduate Credit 07/2011; 2/24/2011

**ARTS 436 - Advanced Sculpture II**

The students in advanced sculpture are directed to continue working on a concept or technique from their sculpture experiences and begin to explore and create a body of work. Students are encouraged and challenged to create a strong studio work ethic and an ability to begin to make self-directed choices.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 435 and department permission

**Previously Listed As:** ART 411  
**Last Updated:** 2/24/2011

**ARTS 437 - Advanced Sculpture III**
The students in advanced sculpture are directed to continue working on a concept or technique from their sculpture experiences and begin to explore and create a body of work. The students are required to write an artist statement, photograph their work, and build a digital portfolio.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 436 and department permission  
**Corequisite:** ARTS 490W  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 412  
**Last Updated:** Graduate Credit 07/2011; 2/24/2011

**ARTS 440 - Three-Dimensional Fibers**

This course will focus on the investigation of traditional and nontraditional three-dimensional fiber processes using a broad range of materials and processes. Sculptural approaches to fiber structures will be enhanced through an investigation of material and concept exploration.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 240 and department permission  
**Concurrent Prerequisite:** ARTS 340  
**Previously Listed As:** ART 458  
**Last Updated:** 2/24/2011

**ARTS 441 - Digital Printing for Fibers**

Advanced fibers class focusing on digital printing onto a variety of fabrics using digital photography and computer programs as a tool for further manipulation. The investigation of concepts and use of pattern, imagery and meaning onto fabrics will further transform and manipulate the fabric surface.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 340, ARTS 341, and department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 450  
**Last Updated:** Graduate Credit 07/2011; 2/24/2011

**ARTS 442 - Embellished Surfaces**

This class introduces many different forms of embellishing that enhance a wide variety of surfaces. Processes will include: applique, reverse applique, beading, hand and machine sewing all on a variety of constructed surfaces. The course challenges students to develop concepts and ideas that expand the traditional boundaries of embellishment.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 240, ARTS 290, passed foundation review, and department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; 2/24/2011

**ARTS 443 - Advanced Fibers**

The primary focus is on developing a strong body of work created by using fiber or fiber related techniques culminating in portfolio development.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 340; ARTS 341; and one of the following: ARTS 440, ARTS 441, or ARTS 442; and department permission
**ARTS 445 - Advanced Furniture Design I**

Advanced Furniture Design I will focus on non-wood fabrication processes, along with their structural and aesthetic implications. Materials used will include aluminum, steel, fiberglass, and plastics. Students will learn welding, casting, and fiberglass lay-up processes, and will design and build multiple furniture projects using these techniques.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 345 and department permission  
**Last Updated:** 2/24/2011

**ARTS 446 - Advanced Furniture Design II**

Advanced Furniture Design II will focus on chair design, ergonomics, and upholstery methods along with their structural and aesthetic implications. Students will design and build multiple chair projects combining previous methods/materials with these concepts.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 445 and department permission  
**Last Updated:** 2/24/2011

**ARTS 447 - Furniture Design Portfolio**

Furniture Design Portfolio will focus on the design and execution of each student's degree project and the preparation of a professional portfolio. Students will conduct research and/or data collection relative to the nature of each project. Projects will demonstrate a personal style of mode of expression.

**Credit Hours:** 3 hrs  
**Prerequisite:** ARTS 446 and department permission  
**Corequisites:** ARTS 490W  
**Last Updated:** 2/24/2011

**ARTS 451 - Image Making II**

Image making as applied to advanced communication concepts. Students are exposed to theories, philosophies, aesthetics, techniques and experiences used in visual message building.

**Credit Hours:** 3 hrs  
**Prerequisite:** Grade of "C" or better in ARTS 352 and completion of foundations portfolio review  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** ART 462  
**Last Updated:** Graduate Credit 07/2011; Prerequisites 05/2011

**ARTS 452 - Advanced Graphic Design**

Advanced work in visual communications; students are exposed to theories, philosophies, aesthetics, techniques and experiences used in complex visual communication environments.

**Credit Hours:** 3 hrs  
**Prerequisite:** Grade of "C" or better in ARTS 353, ARTS 451 and ARTH 264W
Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: ART 460 Last Updated: Graduate Credit 07/2011; 05/2011

ARTS 454 - Graphic Design Practicum

This course gives students direct experience in the field of graphic design by working on client-based projects. Projects vary each term and include both on and off campus clients.

Credit Hours: 3 hrs
Prerequisite: ARTS 352, department permission, and instructor approval
Previously Listed As: ART 348 Last Updated: 2/24/2011

ARTS 455 - Advanced Time-based Media I

Intensive studio that students begin to explore personal and aesthetic issues through independently driven assignments, class critiques, and visual and written materials, in the pursuit of creating a body of work or larger work. Students must demonstrate a conceptual, technical, and methodological understanding of time-based media. Work produced can explore any genre of time-based media including but not limited to: web media, digital video, experimental animation, interactive installation, and performance art.

Credit Hours: 3
Prerequisite: ARTS 357, ARTS 358
Last Updated: 7/7/2011

ARTS 456 - Advanced Time-based Media II

Intensive studio furthering the exploration of personal and aesthetic issues that students begin in ARTS 455 Advanced Time-based Media I. Students must demonstrate a conceptual, technical, and methodological understanding of time-based media. Work produced can explore any genre of time-based media including but not limited to: web media, digital video, experimental animation, interactive installation, and performance art. Course to be taken concurrently with ARTS 490 Capstone.

Credit Hours: 3
Prerequisite: ARTS 455
Last Updated: 7/7/2011

ARTS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART477

ARTS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
**ARTS 479 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs
**Prerequisite:** department permission
**Previously Listed As:** ART478

**ARTS 487 - Cooperative Education in Art**

Employment in a graphic design firm, studio or agency with an opportunity for practical design experience. Placement approval required by graphic design area.

**Credit Hours:** 3 hrs
**Prerequisite:** ARTS 387; approval by graphic design area; department permission
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.
**Previously Listed As:** ART 487
**Last Updated:** Graduate Credit 07/2011; 02/2011

**ARTS 490W - Capstone (Gen Ed Area I, W)**

This course is taken in conjunction with the last course in each student's area of concentration. It is designed as the culminating learning experience for students in the BFA curriculum and will help provide direction for their future professional careers. The course will focus on preparation for a required senior exhibition, the development of a professional portfolio, and the creation of necessary written documents to support one's professional career.

**Credit Hours:** 3 hrs
**Prerequisite:** department permission
**Corequisites:** Students must be enrolled in the last course of their area of concentration: ARTS 403, ARTS 407, ARTS 408, ARTS 411, ARTS 416, ARTS 422, ARTS 426, ARTS 431, ARTS 437, ARTS 443, ARTS 447, ARTS 452, or ARTS 456
**Class Restrictions:** Senior standing only
**Previously Listed As:** ARTS 490
**Last Updated:** 2/24/2011

**ARTS 497 - Independent Study**

Advanced study on an individual basis in areas in which the department does not have regular course work.

**Credit Hours:** 1 hr
**Prerequisite:** department permission
**Previously Listed As:** ART497

**ARTS 498 - Independent Study**

Advanced study on an individual basis in areas in which the department does not have regular course work.

**Credit Hours:** 2 hrs
**Prerequisite:** department permission  
**Previously Listed As:** ART498

**ARTS 499 - Independent Study**

Advanced study on an individual basis in areas in which the department does not have regular course work.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** ART499
Biology Programs and Courses

Biology

Major

Biology Major

Majors should start with BIO 110 followed by BIO 120 in their freshman year. Chemistry courses should also be started in the freshman year in order to fulfill the requirements for the 300- and 400-level biology courses. The core biology lectures and laboratories should be completed no later than the end of the junior year. Since BIO 301 is a pre- or corequisite for both BIO 305 and BIO 315, it should be completed as soon as possible to avoid any delay in graduation. The 15 semester hours of electives allow a student to specialize or to take a variety of biology courses. Although some electives can be taken as early as the sophomore year, most will be taken in the junior and senior years. Students are strongly advised to elect the remaining core course as one of the electives.

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 63-65

Biology: 36 hours

Required Foundation Courses: 13 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs

Biology Core Courses: 6 hours

Two courses from the following:

- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs
Biology Core Labs: 3 hours

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Restricted Electives: 14 hours

Choose an additional 14 semester hours at the 300- and 400-level in biology. At least one course must be at the 400 level. All courses must have a minimum prerequisite of BIO120. BIOT courses cannot be counted toward the biology major. No more than six hours of BIO387 Cooperative Education and BIO497-499 Undergraduate Research in Biology can be counted toward the major.

Chemistry: 16-17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Select either option I or option II:

Option I:

- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs

Option II:

- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Physics: 8 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Math: 3-4 hours
One course from the following:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Options are BIO306W and BIO311W.

Students who plan to pursue graduate work in biology or who are in a preprofessional program should select Option I: CHEM371/372/373 Organic Chemistry I-II with lab.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Biology Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in biology, certification code DA and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #017, "Biology."

**Biology Department Information:**

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

**Adviser Information:**

Program Adviser: Jamin Eisenbach
Email: jeisenbac@emich.edu
Phone: 734.487.4242

**General Education Requirements:**
For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 57-59 hours

Required Foundation Courses: 29 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs
- BIO 326 - Human Physiology 3 hrs
- * BIO 406 - The Nature of Science 1 hr

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Elective Courses: 1 hour

One hour at the 300-level or above in biology selected in consultation with a biology adviser. The courses must have a minimum prerequisite of BIO 120. BIOT courses may not be counted toward a biology major.

Chemistry: 16-17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Select either option I or option II:

Option I:

- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs

Option II:
• CHEM 270 - Survey of Organic Chemistry 4 hrs
• CHEM 271 - Organic Chemistry Laboratory 1 hr

One course from the following:

• CHEM 351 - Foundations of Biochemistry 4 hrs
• CHEM 451 - Biochemistry I 3 hrs

Physics: 8 hours

• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 222 - Electricity and Light 4 hrs

Math: 3-4 hours

One course from the following:

• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

• * CURR 305 - Curriculum and Methods: Secondary 3 hrs
• ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
• ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
• * PRCT 305 - Practicum I: Secondary 3 hrs
• SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours
Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- PRCT 311 - Practicum II: Secondary 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:

- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:

- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:

- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:

- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:

- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs
Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Options are BIO 306W and BIO 311W.

* PHY 406, CHEM 406 or ESSC 406 may be substituted for BIO 406

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Biology Minor

Minors should start with BIO 110 - Introductory Biology I (Gen Ed Area IV) followed by BIO 120 - Introductory Biology II in their freshman or sophomore year. Minors without high school biology should take BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) before taking BIO 110. (Although BIO 105 will not count toward the biology minor, credit earned in this course will count toward the 124 hours required for graduation.)

Students need to take CHEM 121/CHEM 122 and CHEM 123/CHEM 124 to satisfy the prerequisites for BIO 305.

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

Required Courses: 13 hours
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs

**Restricted Elective Courses: 3 hours**

*One course from the following:*

- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs

**Elective Courses: 6 hours**

*Six hours at the 300- or 400-level in biology selected in consultation with a biology adviser. All elective courses must have a minimum prerequisite of BIO120. BIOT courses may NOT be counted toward a biology minor. Students are strongly advised to select other restricted electives to fulfill this requirement. No more than six hours of BIOL387 Cooperative Education and BIO497-499 Undergraduate Research in Biology can be counted toward the minor.*

**Minor Total: 22 hours**

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
○ Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Conservation and Resource Use Minor**

This program is administered jointly by the heads of the Department of Biology, the Department of Economics, The Department of Geography and Geology and the Department of Sociology, Anthropology and Criminology.

Students electing this minor must confer with the advising coordinator for conservation and resource use to obtain an approved schedule of electives. Substitutions on the approved program will count only if approved by the adviser.

Students are strongly urged to take PLSC 202 - State and Local Government (Gen Ed Area IV)

**Biology Department Information:**

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

**Required Courses: 13-14 hours**

- BIO 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs
• ESSC 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs
• * BIO 226 - Global Ecology and the Environment 4 hrs
• ** ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

One course from the following:

• *** ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
• *** ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

Elective Courses: 9 hours

Nine hours from the following selected in consultation with the advising coordinator:

• BIO 130 - Biology of Plants 4 hrs
• BIO 140 - Biology of Animals 4 hrs
• BIO 215 - Plants and People 3 hrs
• BIO 310 - Ecology 3 hrs
• BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs
• BIO 410 - Limnology 3 hrs
• BIO 413 - Wetland Ecosystems 3 hrs
• BIO 414 - Terrestrial Ecosystems 3 hrs
• BIO 455 - Plant Evolution and Classification 3 hrs
• BIO 456 - Freshwater Algae 3 hrs
• BIO 457 - Aquatic Plants 3 hrs
• BIO 458 - Trees and Shrubs 3 hrs
• BIO 460 - Plant Anatomy 3 hrs
• BIO 480 - Natural History of Invertebrates 3 hrs
• BIO 481 - Natural History of Vertebrates 3 hrs
• BIO 482 - Ichthyology 3 hrs
• BIO 483 - Mammalogy 3 hrs
• BIO 484 - Herpetology 3 hrs
• BIO 485 - Ornithology 3 hrs
• BIO 486 - Entomology 3 hrs
• CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
• CHEM 415 - Environmental Chemistry 3 hrs
• ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
• ECON 336 - Economics of Environment and Natural Resources 3 hrs
• ECON 337 - Energy Economics and Policies 3 hrs
• ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 3 hrs
• ESSC 208 - Natural Environmental Hazards 3 hrs
• ESSC 229 - Rocks and Minerals 3 hrs
• ESSC 320 - Oceanography 3 hrs
• ESSC 324 - Weather 3 hrs
• ESSC 327 - Soil Science 4 hrs
• ESSC 424 - Climatology 3 hrs
• ESSC 495 - Environmental Assessment and Planning 3 hrs
• GEOG 235 - Economic Geography 3 hrs
• GEOG 320 - Geography of the United States and Canada 3 hrs
• GEOG 332 - Urban Geography 3 hrs
• GEOG 361 - Geography of Population 3 hrs
• GEOG 405 - Aerial Photo Interpretation 3 hrs
• GPLN 215 - Introduction to Urban and Regional Planning 3 hrs
• GPLN 495 - Environmental Assessment and Planning 3 hrs
• SOCL 306 - The Urban Community 3 hrs
• SOCL 334 - Population 3 hrs

Minor Total: 22-23 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

* Biology majors minoring in conservation will take BIO310 and BIO311 on the major and substitute additional approved electives on the minor.

** Students who prefer to elect ECON201-202 to satisfy general education requirements may count ECON 201 as an elective on the minor. Students who are required to take ECON201-202 for other purposes on their curricula, as in business administration, may not count it on this minor and must substitute an additional elective for ECON202.

*** Students required to take ESSC108 Earth Science for non-science majors on a major or minor in the Geography and Geology Department will take an additional four hours of electives on this minor from the approved list

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Human Biology Minor

The Human Biology minor is open to all majors including Biology.

Required courses provide students with a background in biology with electives that highlight contemporary issues in human biology.

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

Required Courses: 4-5 hours
One course from the following:

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Elective Courses: 15-16 hours

15 to 16 hours of the following:

- BIO 251 - Human Anatomy and Physiology I 4 hrs
- BIO 255 - Human Genetics 3 hrs
- BIO 256 - The Biology of Cancer 2 hrs
- BIO 257 - Human Embryonic Development 3 hrs
- BIO 258 - Germs, Plagues and Human Infections 3 hrs
- BIO 259 - Biology of Aging 2 hrs
- BIO 269 - Biology of Sex and Gender 3 hrs
- ** BIO 328 - Introductory Microbiology 3 hrs
- ** BIO 330 - Neuroanatomy 4 hrs

No more than one course from the following:

- * BIO 252 - Human Anatomy and Physiology II 4 hrs
- * BIO 326 - Human Physiology 3 hrs

Minor Total: 20 hours

Note:

Minors should start with either BIO 105 or BIO 110.

* For students choosing to take an additional course in human physiology after completing BIO 251, they may choose either BIO 252 or BIO 326, but not both.

** PROGRAM REVISION: These courses become available as Electives in the program revision, effective Winter 2012.

The Human Biology Minor is open to the biology major, however these students will not be able to apply BIO 110 toward the Human Biology Minor because it must be applied to the biology major. Instead, these students are required to make up 4 credit hours from the above electives or consult with an adviser for details.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses
will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Plant Biology Minor**

Open to both Biology majors and non-majors. The minor is intended to provide students with opportunities to study plants from a variety of perspectives, ranging from molecular to ecological levels of organization. Students who are not majoring in biology
will not have the necessary prerequisites for certain courses, so it is important to meet with a Plant Biology Minor adviser early in their program.

**Biology Department Information:**

Department Head: Marianne Laporte  
Department Contact: mlaporte@emich.edu  
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

**Required Course: 4 hours**

- * BIO 130 - Biology of Plants 4 hrs

**Restricted Electives: 16 hours**

16 hours from the following:

- BIO 215 - Plants and People 3 hrs  
- BIO 226 - Global Ecology and the Environment 4 hrs  
- ** BIO 412 - Biogeography 3 hrs  
- BIO 455 - Plant Evolution and Classification 3 hrs  
- BIO 456 - Freshwater Algae 3 hrs  
- BIO 457 - Aquatic Plants 3 hrs  
- BIO 458 - Trees and Shrubs 3 hrs  
- BIO 459 - Mycology 3 hrs  
- BIO 460 - Plant Anatomy 3 hrs  
- ** BIO 461 - Plant Physiology 3 hrs  
- ** BIO 462 - Plant Biotechnology 3 hrs

**Minor Total: 20 hours**

**Notes:**

All minors must have at least six hours of course work at the 300 level or above.

*No credit will be given to students who have completed BIO120. Biology majors electing the plant biology minor must take an additional four credits of restricted electives in place of BIO130.

**These courses have additional prerequisites other than BIO130. Consult with adviser for details.

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Biology Minor
Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in biology, certification code DA. The Michigan Test for Teacher Certification (MTTC) covering this field is no. 17, “Biology.”

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

Advisor Information:

Program Advisor: Jamin Eisenbach
Email: jeisenbac@emich.edu
Phone Number: 487-4242

Required Courses: 25 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 326 - Human Physiology 3 hrs

One course from the following:

- ** BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 315 - Evolution 3 hrs

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Minor Total for Science Majors: 25 hours

Students minoring in Biology with secondary certification, but not majoring in a science teaching program must take the following courses:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- * BIO 406 - The Nature of Science 1 hr

Minor Total for Non-Science Majors: 29 hours
Notes:

All minors must have at least six hours of course work at the 300-level or above.

*CHEM406, ESSC406, or PHY406 may be substituted for BIO406.

**Students need to take CHEM121/122 General Chemistry I with lab (4 hrs) and CHEM123/124 General Chemistry II with lab (4 hrs) to satisfy the prerequisites for BIO305.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading. For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Zoology Minor

Biology Department Information:

Department Head: Marianne Laporte
Department Contact: mlaporte@emich.edu
Web site: http://www.emich.edu/biology/

Additional department Information is also available here in the online catalog.

Minor Total: 20 hours

Open only to students majoring in biology. Students electing this minor must file an approved program of required/elective courses with a faculty advisor and with the Department of Biology undergraduate coordinator. Any program changes require prior written approval of the faculty advisor and the Department of Biology undergraduate coordinator.

This minor is not to be considered as a teaching minor for prospective elementary or secondary teachers. Prospective teachers who wish to elect this minor must complete a second minor outside of the Biology Department to satisfy the current requirements for teacher certification.

Note:

All minors must have at least six hours of course work at the 300 level or above.

**Biology**

**BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV)**

A study of the basic concepts of modern biology common to all organisms with an emphasis on human systems and issues. Designed for students who are not majoring or minoring in biology.
Credit Hours: 4 hrs
Lecture/Lab Hours: The course consists of two 75-minute lectures and three hours of laboratory each week
Notes: This course is not open to students with credit in BIO 110 and/or BIO 120.
Previously Listed As: BIOL 105

Area IV: Knowledge of the Disciplines

BIO 105 Introduction to Biology for Non-Majors
BIO 105 is designed to enable students who are not biology majors to understand the fundamental concepts, principles and processes upon which all life is based, the relationship between biology and their day-to-day world; how scientists acquire scientific knowledge; and how this methodology is used to address questions important to health and environmental issues around the world. This information provides students with the tools to enable them to become responsible, scientifically literate global citizens and voters. Students who successfully complete BIO 105 have the ability to critically evaluate popular press articles and other media reporting on technological, heal-related and environmental issues. This ability empowers students to make better, scientifically-informed life decisions.
Last Updated: Links 02/2011

BIO 107 - Introduction to Environmental Science (Gen Ed Area III)
An introduction to the basic biological, physical and chemical processes that control today’s environmental conditions. The global ecosystem is presented as a structure that includes human society. The understanding of local and global environmental problems and discussion of potential solutions are emphasized.
Credit Hours: 3 hrs
Cross-Listed with: ESSC 107
Previously Listed As: BIOL 107

Area III: Perspectives on a Diverse World

BIOL/ESSC 107 Introduction to Environmental Science
This course gives students an understanding of important challenges to the integrity of the global ecosystem and begins to explain many of the scientific and social issues that surround them. Globally, human health and economic well-being can only be sustained under amenable environmental conditions, which depend on climate, atmosphere, water, forests, agricultural soils, human population density and biodiversity. Every bit of the surface of Earth is influenced by human activities; the global connectedness of our economic activities means that many of our everyday decisions impact far-flung corners of the planet. The goal of this class is for students to gain a better understandings of the workings of the global ecosystem and how the expanding human population interacts with it and depends on it. Learning the basics of environmental science will allow students to make informed decisions about individual and collective actions that impact the present and future state of the environment, both locally and globally.
Last Updated: 2/28/2011

BIO 110 - Introductory Biology I (Gen Ed Area IV)
The basic concepts of biology upon which students can begin to develop a conceptual framework of the discipline will be developed in this course and reinforced in upper-level courses. Cell structure and function, molecular biology, Mendelian and population genetics, evolutionary theory and ecology will be covered in this first semester of a two-semester sequence. Inquiry-oriented laboratory exercises and inquiry-oriented methods will be emphasized in lecture and discussion sections.
Credit Hours: 5 hrs
Lecture/Lab Hours: Course meets for two 75-minute lectures, one hour of discussion and three hours of laboratory each week
Prerequisite: MATH 098 or above or Math level 2 with concurrent registration in MATH 098
Notes: BIO 110 is required for students taking a major or minor in biology.
Previously Listed As: BIOL 110

Area IV: Knowledge of the Disciplines

BIO 110 Introduction to Biology I
BIO 110 is designed to enable students to understand the fundamental concepts, principles and processes upon which all life is based; the relationship of the course material to their day-to-day world; and how to apply the scientific method. Students are provided with the tools to enable them to become responsible, scientifically literate global citizens and voters. Students who successfully complete BIO 110 have the ability to read critically a biologically relevant popular press article and to evaluate the reporting of technological, health-related and environmental issues. The ability empowers students to make better, scientifically-informed life decisions. 
Last Updated: Links 02/2011

BIO 120 - Introductory Biology II
The basic concepts of biology upon which students can begin to develop a conceptual framework of the discipline will be developed in this course and reinforced in upper-level courses. Plant physiology, development and diversity; and animal physiology, development, diversity and behavior, will be covered in this second semester of a two-semester sequence. A continued emphasis on inquiry-oriented laboratory exercises and inquiry-oriented methods will be applied to lecture and discussion sections.
Credit Hours: 5 hrs
Lecture/Lab Hours: Course meets for two 75-minute lectures, one hour of discussion and three hours of laboratory each week
Prerequisite: C or better in BIO 110
Notes: BIO 120 is required for students taking a major or minor in biology.
Previously Listed As: BIOL 120 Last Updated: 2/28/2011

BIO 130 - Biology of Plants
An introduction to the plant kingdom for non-biology majors. The biology of plants is explored from the cellular through whole-organism levels of organization, focusing on the roles of diverse plant groups in our environment.
Credit Hours: 4 hrs
Lecture/Lab Hours: Two 75-minute lectures plus three hours of laboratory experience.
Notes: Does not count toward the biology major or minor.
Previously Listed As: BOTN 130 Last Updated: 2/16/2011

BIO 140 - Biology of Animals
With three hours of lecture and three hours of combined recitation/demonstration and laboratory this course will focus on the biology and impact of the diverse animal groups in their interaction with humans. Diseases caused, new medical contributions, economic costs and benefits and ecological roles of repressive animals will be studied.
Credit Hours: 4 hrs
Notes: Does not count toward the Biology major or minor.
Previously Listed As: ZOOL 140

BIO 177 - Special Topics
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 177

**BIO 178 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 178

**BIO 179 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 179

**BIO 205 - Field Biology**

A lecture, laboratory and field course in the behavior, ecology and broad classification of plants and animals, giving training in recognition of common plants and animals of Michigan. Gives background material to the nonspecialist interested in outdoor life, and to the elementary school teacher.

**Credit Hours:** 4 hrs  
**Previously Listed As:** BIOL 205

**BIO 215 - Plants and People**

A study of the characteristics, cultural history, and current uses of plants that yield food, fiber, pharmaceuticals, and industrial products. Emphasis is placed on the roles of plants in the development of civilization. Topics such as genetically engineered food and sustainable agriculture are also discussed.

**Credit Hours:** 3 hrs  
**Cross-Listed with:** BIOT504  
**Previously Listed As:** BOTN 215  
**Last Updated:** 2/28/2011

**BIO 226 - Global Ecology and the Environment**

This course is an introduction to basic ecological principles and their application to current global environmental issues and conservation practices. The effect of the human population explosion on the conservation and use of resources and biodiversity is emphasized.

**Credit Hours:** 4 hrs
**BIO 251 - Human Anatomy and Physiology I**

An intensive lecture and laboratory course investigating human anatomy and physiology with emphasis on both normal and pathological conditions, in a two-semester sequence. First semester will cover the basic structure and functions of the integumentary, muscular, skeletal, nervous and endocrine systems.

**Credit Hours:** 4 hrs  
**Prerequisite:** High school Biology  
**Previously Listed As:** ZOOL 201

**BIO 252 - Human Anatomy and Physiology II**

An intensive lecture and laboratory course investigating human anatomy and physiology with emphasis on both normal and pathological conditions, in a two-semester sequence. The second semester will cover circulation, metabolism, the cardiovascular, digestive, excretory and reproductive systems, and the integration of the systems of the body.

**Credit Hours:** 4 hrs  
**Prerequisite:** BIO 251 and either BIO 105 or CHEM 120  
**Previously Listed As:** ZOOL 202  
**Last Updated:** 03/2011

**BIO 255 - Human Genetics**

A lecture course emphasizing fundamental concepts of human genetics specifically designed to provide the non-biology major a framework to understand and assess recent advances and ethical issues concerning medical genetics, molecular diagnostics and genetic engineering.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 105 or BIO 110  
**Previously Listed As:** BIOL 201  
**Last Updated:** 03/2011

**BIO 256 - The Biology of Cancer**

Introduces the types, characteristics, putative causes and current treatments of cancer.

**Credit Hours:** 2 hrs  
**Prerequisite:** BIO 105 or BIO 110  
**Previously Listed As:** BIOL 204  
**Last Updated:** 03/2011

**BIO 257 - Human Embryonic Development**

A study of the embryonic development of humans from fertilization to birth, with emphasis on the development of the major organ systems and the birth defects that occur when development occurs abnormally.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 105, BIO 110 or BIO 251  
**Previously Listed As:** BIOL 223  
**Last Updated:** 03/2011

**BIO 258 - Germs, Plagues and Human Infections**
This course provides the nonscientist with a basic understanding of the biology of human infectious diseases. The course uses lecture, discussion and small group activities to examine the biology of microbes and of human defenses, the evolution of infectious disease, the history of epidemics and current issues in infectious diseases.

**BIO 259 - Biology of Aging**

The study of the aging process at the molecular, cellular, tissue and systems level of organization. Theories of aging will be considered.

**BIO 269 - Biology of Sex and Gender**

Lectures will address the biology of sex and gender from early stages of development throughout life. Anatomy and physiology of gender and behaviors in humans and other animals will be discussed. Topics include: sexual differentiation, puberty, reproductive patterns and the effects of aging on the sexual response.

**BIO 277 - Special Topics**

An examination of topics in biology not covered in other department offerings. Students may elect this course more than once, provided different topics are studied.

**BIO 278 - Special Topics**

An examination of topics in biology not covered in other department offerings. Students may elect this course more than once, provided different topics are studied.

**BIO 279 - Special Topics**

An examination of topics in biology not covered in other department offerings. Students may elect this course more than once, provided different topics are studied.
BIO 301 - Genetics

A lecture course emphasizing the basic principles of inheritance with their application to plants and animals.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: BIOL 279

BIO 305 - Cell and Molecular Biology

A lecture course that examines the basic unit of structure and function in life, the cell. The course uses concepts of molecular biology to survey aspects of cellular function, such as metabolism, intercellular communication and cell division.

Credit Hours: 3 hrs
Prerequisite: CHEM 123 and CHEM 124 and C or better in BIO 301
Previously Listed As: BIOL 305 Last Updated: 03/2011

BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W)

This laboratory course provides students with an opportunity to use molecular and cellular techniques to probe aspects of gene inheritance and expression. Students will develop critical reasoning and laboratory skills in preparation for advanced laboratory studies, independent research projects at the sub-organismal level, as well as for cooperative learning internships.

Credit Hours: 3 hrs
Previously Listed As: BIOL 306

BIO 310 - Ecology

A lecture course introducing the concepts involved in the study of terrestrial and aquatic communities, their physical environment, and their integration into ecosystems. Emphasis will be on properties at the ecosystems, community and population levels.

Credit Hours: 3 hrs
Prerequisite: C or better in BIO 120
Previously Listed As: BIOL 310 Last Updated: 03/2011

BIO 311W - Laboratory in Ecology (Gen Ed Area I, W)

A laboratory and field course with two main objectives: (1) to introduce students to the methods and concepts involved in the study of the distribution and abundance of organisms, and (2) to familiarize students with the structure and function of aquatic and terrestrial communities.

Credit Hours: 3 hrs
Concurrent Prerequisite: Grade of C or better in BIO 310
Previously Listed As: BIOL 311
BIO 315 - Evolution

This lecture and discussion class examines basic concepts of evolutionary biology emphasizing evolutionary theory, evolutionary processes and contemporary topics in evolutionary biology. An integrative approach at the cell and molecular, organismal, population and higher taxonomic levels will be incorporated to understand the role of evolution as the organizing principle of all levels of biology and life.

Credit Hours: 3 hrs
Prerequisite: C or better in BIO 301
Previously Listed As: BIOL 315 Last Updated: 03/2011

BIO 326 - Human Physiology

A study of the functioning of the human body. Lecture, laboratory and demonstration.

Credit Hours: 3 hrs
Prerequisite: BIO 105 or BIO 120 or BIO 140
Previously Listed As: ZOOL 326 Last Updated: 03/2011

BIO 328 - Introductory Microbiology

Introduction to the biology of bacteria and other microbes; transmission of infectious diseases; and principles of, control of, and immunity to infectious diseases. A lecture/lab course.

Credit Hours: 3 hrs
Prerequisite: BIO 105 and CHEM 121; or BIO 251; or SPMD 202; or BIO 120 and all prerequisites require a C or better grade
Notes: This course does not apply on the curriculum in clinical laboratory sciences, but will count as an elective towards the biology major or minor
Previously Listed As: MICR 328 Last Updated: 03/2011

BIO 330 - Neuroanatomy

A lecture/laboratory course concerned with the study of the human nervous system, lesions and resulting disabilities.

Credit Hours: 4 hrs
Prerequisite: BIO 252 or BIO 326
Previously Listed As: ZOOL 316 *Error in Catalog: This course was accidentally listed as 3 credit hours and it should have been listed as 4 credit hours. Last Updated: 03/2011

BIO 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: BIOL 377
**BIO 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 378

**BIO 379 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 379

**BIO 387 - Cooperative Education in Biology**

Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in biology of technology. The program consists of two work experiences (BIO395/495) alternating with full-time attendance at the University.

**Credit Hours:** 3 hrs  
**Class Restrictions:** Junior Standing  
**Notes:** Admittance to program by application only. Graded on a credit/no-credit basis.  
**Previously Listed As:** BIOL 387

**BIO 406 - The Nature of Science**

This course examines the nature of scientific evidence, inquiry, hypothesis, models and laws. The development of science is put in the context of the structure and history of the scientific community. Interactions among scientists and between scientists and the rest of society are studied from an ethical perspective.

**Credit Hours:** 1 hr  
**Prerequisite:** C- or better in BIO 301  
**Major Restrictions:** Department permission required for science majors or minors from other programs.  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Cross-Listed with:** CHEM 406 and ESSC 406  
**Previously Listed As:** BIOL 406  
**Last Updated:** Cross-Listed 09/2011; Graduate Credit 07/2011; 03/2011

**BIO 410 - Limnology**

A lecture, laboratory and field course dealing with physicochemical and biological interrelationships in standing waters.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 310 and BIO 311W  
**Cross-Listed with:** BIO 510  
**Previously Listed As:** BIOL 410  
**Last Updated:** Links 03/2011
BIO 411 - Animal Physiological Ecology

A lecture, laboratory and discussion course covering thermoregulation, metabolic rate, torpor, water flux, and specific adaptations for life in the cold, deserts, high altitude and great depths. Laboratory work emphasizes computerized data acquisition.

Credit Hours: 3 hrs
Prerequisite: BIO 305 or BIO 310
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Cross-Listed with: BIO 511
Previously Listed As: ZOOL 439 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 412 - Biogeography

A lecture course involving the descriptive and historical aspects of plant and animal distribution and the basic principles governing their natural distribution in both space and time.

Credit Hours: 3 hrs
Prerequisite: BIO 120 and ESSC 108, ESSC 202, ESSC 110 or ESSC 111
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: BIOL 412 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 413 - Wetland Ecosystems

Advanced field ecology course in the theory and methods of study of wetland ecosystems.

Credit Hours: 3 hrs
Prerequisite: BIO 310 and BIO 311W
Cross-Listed with: BIO 513
Previously Listed As: BIOL 435 Last Updated: Links 03/2011

BIO 414 - Terrestrial Ecosystems

Advanced field ecology course in the theory and methods of study of the structure and dynamics of terrestrial ecosystems.

Credit Hours: 3 hrs
Prerequisite: BIO 310 and BIO 311W
Cross-Listed with: BIO 514
Previously Listed As: BIOL 436 Last Updated: Links 03/2011

BIO 415 - Microbial Ecology

Interactions among microbes (fungi, bacteria, some phages), other living organisms and the environment, with emphases on parasitism, mutualism, commensalism and biogeochemical recycling of matter. Includes both laboratory and field exercises.

Credit Hours: 3 hrs
Prerequisite: BIO 425
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: MICR 442 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 425 - General Microbiology
A lecture and laboratory course on the nature and biology of bacteria and other microbes, their physiological relationships in natural and controlled environments, and the interactions of pathogenic microorganisms with their hosts. Laboratory includes an introduction to the techniques of isolating, cultivating, and identifying bacteria and other microbes, and their physiological, serological and pathological properties.

**Credit Hours:** 5 hrs  
**Prerequisite:** C- or better in BIO 301; and CHEM 270 or CHEM 372  
**Notes:** Not open to those who take BIO 328. CHEM 451 is highly recommended.  
**Previously Listed As:** MICR 329  
**Last Updated:** Links 03/2011

**BIO 426 - Immunobiology**

Cellular and molecular responses to immunogens; primary and peripheral immune organs; T-cells and B-cells in cell-mediated and humoral immunity, immune regulation and mechanisms; hypersensitivity; immunity against microbial infectious agents; antigen/antibody reactions in vitro used in research and diagnostics.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 425  
**Class Restrictions:** Junior standing  
**Cross-Listed with:** BIO 526  
**Last Updated:** Links 03/2011

**BIO 429 - Bacterial Pathogenesis**

A lecture course that examines the mechanisms of bacterial pathogenesis. Emphasis will be placed on host-bacterial interactions that lead toward bacterial infection.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 425  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Previously Listed As:** MICR 455  
**Last Updated:** Graduate Credit 07/2011; Links 03/2011

**BIO 443 - Developmental Biology**

A course on the molecular aspects of early development, cytodifferentiation, cell communication, morphogenesis, pattern formation and developmental genetics.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 305  
**Class Restrictions:** Junior standing  
**Cross-Listed with:** BIO 543  
**Last Updated:** Links 03/2011

**BIO 446 - Genome Analysis**

An introductory course to the field of genomics. This involves the study of genome data and exploration of the organization, dynamics and evolution of genes and genomes. The laboratory component involves analyses of genes, genomic variation/DNA fingerprinting, DNA sequences and molecular evolution.

**Credit Hours:** 4 hrs  
**Prerequisite:** BIO 305, BIO 306W or BIO 548  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.
BIO 447 - Scanning Electron Microscopy

A lecture-laboratory course that provides the basic theory and practice of scanning electron microscopy. Lectures are coordinated with individualized instruction on laboratory equipment. Students design and conduct an original research project that is presented in both written and oral forms at the end of the semester.

Credit Hours: 3 hrs  
Prerequisite: department permission  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Previously Listed As: BIOL 401 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 455 - Plant Evolution and Classification

Classification and identification of plants, including methods of collection and preservation of vascular plants. Lectures will introduce processes of evolution that have influenced the diversity and relationships among plant groups.

Credit Hours: 3 hrs  
Prerequisite: BIO 120 or BIO 130  
Cross-Listed with: BIO 555  
Previously Listed As: BOTN 455 Last Updated: Links 03/2011

BIO 456 - Freshwater Algae

A survey of the freshwater algal divisions; their morphology, taxonomy, ecology and economic importance. Lectures emphasize an evolutionary approach. Laboratory work stresses the identification of representative algal taxa. Class field collections are made.

Credit Hours: 3 hrs  
Prerequisite: BIO 120 or BIO 130  
Cross-Listed with: BIO 556  
Previously Listed As: BOTN 451 Last Updated: Links 03/2011

BIO 457 - Aquatic Plants

Analysis of vascular aquatic and wetland plants and habitats. Lectures stress physical and biological habitat features and plant adaptations. Laboratories stress identification of aquatic and wetland species.

Credit Hours: 3 hrs  
Prerequisite: BIO 120 or BIO 130  
Cross-Listed with: BIO 557  
Previously Listed As: BOTN 450 Last Updated: Links 03/2011

BIO 458 - Trees and Shrubs

A taxonomic field course on the biology, classification and identification of native trees and shrubs in winter and summer conditions.

Credit Hours: 3 hrs
BIO 459 - Mycology

A lecture-laboratory course on the study of molds, rusts, mildews, edible and poisonous mushrooms, and other fungi. Their life history, economic importance, method of identification and preservation are considered.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 130
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: BOTN 354 Last Updated: Links 03/2011

BIO 460 - Plant Anatomy

A basic lecture-laboratory course in plant histology emphasizing recognition of primary and secondary tissues as variously combined in root, stem, leaf and flower of a wide variety of representative seed plants.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 130
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: BOTN 404 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 461 - Plant Physiology

A detailed study of major plant functions with emphasis on growth and development presented by lecture, demonstration and experimentation in laboratory and greenhouse.

Credit Hours: 3 hrs
Prerequisite: BIO 305 and BIO 306W; and CHEM 270 or CHEM 372
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: BOTN 442 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 462 - Plant Biotechnology

A hands-on exploration of the techniques used in plant biotechnology and their application to agricultural biotechnology and basic science. State-of-the-art molecular biology techniques are applied to genetic engineering of plants and plant products. Lecture and discussion provide the theoretical basis for the techniques used.

Credit Hours: 3 hrs
Prerequisite: BIO 305 and BIO 306W
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Previously Listed As: BOTN 445 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 472 - Parasitology

A survey of animal parasites that affect other animals including the human.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: BIO 572
Previously Listed As: ZOOL 462 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 473 - Concepts in Animal Physiology

Central themes in physiology (circulation, metabolism, water balance, temperature regulation, communication, movement, reproduction) will be studied. Class activities will examine strategies used by vertebrates and invertebrates with regard to these physiological concepts. Current literature, experiments and case studies will be used to demonstrate the diverse physiological responses of animals.

Credit Hours: 3 hrs
Prerequisite: BIO 305

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ZOOL 445 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 474 - Comparative Anatomy of Vertebrates

The anatomy of the vertebrate organ systems is studied on a comparative basis, which emphasizes the evolutionary development of the groups. Laboratory work includes detailed dissection of a shark and cat.

Credit Hours: 4 hrs
Lecture/Lab Hours: Three one-hour lectures and two two-hour laboratory periods per week.
Prerequisite: BIO 120 or BIO 140

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ZOOL 431 Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 476 - Mammalian Histology

A lecture/laboratory course dealing with the structure and properties of mammalian organs and their component tissues.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140

Cross-Listed with: BIO 576
Previously Listed As: ZOOL 404 Last Updated: Links 03/2011

BIO 480 - Natural History of Invertebrates

A field course in the recognition, collection, identification and preservation of common invertebrates of Michigan, exclusive of the insects, with emphasis on their natural history, ecology and economic importance.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140

Cross-Listed with: BIO 580
Previously Listed As: ZOOL 300 Last Updated: Links 03/2011

BIO 481 - Natural History of Vertebrates

A survey of vertebrates, emphasizing their adaptations and their natural history. Laboratory work will stress the taxonomic classification, identification and distribution of local and other forms. Fieldwork will emphasize accurate observation and permanent recording of original data on local species.
BIO 482 - Ichthyology

A study of the biology, classification, distribution and evolution of fishes. Attention is given to the morphology, physiology, behavior, natural history and ecology of fishes through work in lecture, laboratory and in the field. Specific experience in the identification of the freshwater fishes of the Great Lakes region is provided in addition to a general survey of some marine fish families.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 581
Previously Listed As: ZOOL 310 Last Updated: Links 03/2011

BIO 483 - Mammalogy

Some aspects of the biology of mammals: origins and evolution, anatomy, classification, adaptations and zoogeography. Natural history and aspects of their ecology are studied in the field. A collection of study specimens of different species is required of each student.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 582
Previously Listed As: ZOOL 422 Last Updated: Links 03/2011

BIO 484 - Herpetology

Taxonomy, distribution, life histories, behavior and ecology of amphibians and reptiles with an emphasis on local species.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 584
Previously Listed As: ZOOL 474 Last Updated: Links 03/2011

BIO 485 - Ornithology

A course in bird biology for the secondary teacher and students with advanced interest in biology. Field identification and census methods will be used to introduce the study of bird populations, behavior and ecology.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 585
Notes: A student field project will be required. A survey of major North American bird families will be made in the laboratory.
Previously Listed As: ZOOL 425 Last Updated: Links 03/2011

BIO 486 - Entomology
A survey of the world of insects, their structure, function, behavior and ecology. The identification and classification of local insects will be stressed. A student field project will be required.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 120 or BIO 140  
**Cross-Listed with:** BIO 586  
**Previously Listed As:** ZOOL 421  
**Last Updated:** Links 03/2011

### BIO 487 - Cooperative Education in Biology

Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in biology or technology. The program consists of two work experiences (BIO395/495) alternating with full-time attendance at the University.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 395  
**Notes:** Admittance to program by application only. Graded on a credit/no-credit basis  
**Previously Listed As:** BIOL 487  
**Last Updated:** Links 03/2011

### BIO 488 - Biology of Arachnids

Lecture, lab and field course addressing principles of arachnid biology. Course covers morphology, physiology, behavior, natural history and ecology. Identification and classification of major arachnid families supported by collections and observations of organisms from southern Michigan.

**Credit Hours:** 3 hrs  
**Prerequisite:** BIO 120 or BIO 140  
**Class Restrictions:** Sophomore standing  
**Last Updated:** Links 03/2011

### BIO 490 - Special Topics

An examination of advanced topics in biology not covered in other department offerings.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 490

### BIO 491 - Special Topics

An examination of advanced topics in biology not covered in other department offerings.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 491

### BIO 492 - Special Topics

An examination of advanced topics in biology not covered in other department offerings.

**Credit Hours:** 3 hrs
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 492

**BIO 497 - Undergraduate Research in Biology**

Independent, original research in biology involving extensive library, computation, field, and/or laboratory study, under the guidance of a biology faculty member. May be elected more than once upon approval.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 497

**BIO 498 - Undergraduate Research in Biology**

Independent, original research in biology involving extensive library, computation, field, and/or laboratory study, under the guidance of a biology faculty member. May be elected more than once upon approval.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 498

**BIO 499 - Undergraduate Research in Biology**

Independent, original research in biology involving extensive library, computation, field, and/or laboratory study, under the guidance of a biology faculty member. May be elected more than once upon approval.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission  
**Previously Listed As:** BIOL 499

**Biology Teaching**

**BIOT 303 - Life Science for Elementary Teachers**

Major biological concepts and best practices for teaching science, including inquiry and the "discovery" approach, will be covered. Class configuration — methods or fieldwork and web-based instruction involving inquiry, resource evaluation and recitation. Concluding course in the elementary science sequence.

**Credit Hours:** 3 hrs  
**Prerequisite:** CURR 304 and ESSC 202  
**Major Restrictions:** Admission to the Initial Teacher Preparation Program  
**Previously Listed As:** BIOL 303  
*Last Updated:* Links 03/2011

**BIOT 403 - Methods for Teaching Secondary Biology**

A lecture-laboratory course providing knowledge, training and practice in the presentation of biological principles, analysis of texts, selection of course content, effective classroom methods and preparation of classroom materials used in the teaching of biology.

**Credit Hours:** 3 hrs
BIOT 407 - Nature of Science for Elementary Teachers

This course examines the nature of scientific evidence, inquiry, hypotheses, models and laws. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.

Credit Hours: 2 hrs
Prerequisite: ASTR 105, BIO 105, PHY 311, CHEM 312 and ESSC 311
Class Restrictions: Junior standing
Major Restrictions: Elementary Integrated Science Majors only
Last Updated: Links 03/2011

Biochemistry/Toxicology Major

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 68 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- * BIO 476 - Mammalian Histology 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
• CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
• MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
• PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
• PHY 222 - Electricity and Light 4 hrs

One course from the following:

• * BIO 305 - Cell and Molecular Biology 3 hrs
• * BIO 326 - Human Physiology 3 hrs

One course from the following:

• MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
• PSY 205 - Quantitative Methods in Psychology 3 hrs

Toxicology cooperative education project:

At least two hours from a toxicology cooperative education project.

• CHEM 487 - Cooperative Education in Chemistry 1 hr
• CHEM 488 - Cooperative Education in Chemistry 2 hrs
• CHEM 489 - Cooperative Education in Chemistry 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Completion of BIOL110, or equivalent coursework, is required for Biochemistry students to obtain Biology departmental permission for 300- and 400-level biology courses.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses
will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog; General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**General Biochemistry Major**

This curriculum is design for students with an interest in biochemistry but who require a less extensive background than that presented in the professional biochemistry curriculum. It is often selected by students in premedical and predental programs.
The program includes a group minor composed of the required courses in biology, mathematics and physics. No other minor is needed to meet graduation requirements.

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky

Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 55-57

Required Courses: 50-52 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ** CHEM 270 - Survey of Organic Chemistry 4 hrs
- ** CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Elective Courses: 5 hours

Five credits from any 300-level or above biology courses.*

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*Completion of BIOL110, or equivalent coursework, is required for Biochemistry students to obtain Biology departmental permission for 300- and 400-level biology courses.

**Premedicine and predentistry students should substitute CHEM371, CHEM372, CHEM373 Organic Chemistry I-II with lab to satisfy the requirements for organic chemistry of most medical and dental schools.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. University Information: Consult the online catalog at catalog.emich.edu.

General Chemistry Major

The general chemistry major is for students who seek work in the chemical or pharmaceutical industry, who are preparing for careers in health fields such as medicine or dentistry, or who are interested in a career combining chemistry with fields such as business, patent law, technical writing or industrial health and safety. Students who are interested in graduate training in chemistry should elect the professional chemistry curriculum.

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu

Additional department information is also available here in the online catalog.
Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 12-14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Major Requirements: 30 hours

Required Courses: 25 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs

Elective Courses: 5 hours

*Five hours from 300- and 400-level courses in chemistry.*

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Professional Biochemistry Major

The professional biochemistry curriculum prepares students for graduate study or a research career in biochemistry. With the appropriate elective (CHEM 332 or CHEM 432), it meets the requirements established for certification by the American Chemical Society. The program includes a group minor composed of the required courses in biology, mathematics and physics. No other minor is needed to meet graduation requirements.

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 78 hours

Required Courses: 71 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 461 - Chemical Thermodynamics and Kinetics 3 hrs
- CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 465 - Quantum and Statistical Mechanics 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

Two hours from the following:

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs

Elective Courses: 7 hours

- Three hours from any courses in biology 300-level or above and...

Four hours from the following:

- ** CHEM 332 - Inorganic Chemistry 2 hrs
- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- ** CHEM 432 - Advanced Inorganic Chemistry 3 hrs
- CHEM 433 - Inorganic-Organic Synthesis Laboratory 2 hrs
- CHEM 475 - Introduction to Polymer Chemistry 3 hrs
- CHEM 477 - Special Topics 1 hr
- CHEM 478 - Special Topics 2 hrs
- CHEM 479 - Special Topics 3 hrs
- CHEM 481 - Instrumental Analysis 4 hrs
- CHEM 485 - Introduction to Radiotracer Techniques 2 hrs
- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs
- CHEM 551 - Macromolecular Biochemistry 2 hrs
- CHEM 554 - Protein Structure and Function 2 hrs
- CHEM 555 - Neurochemistry 3 hrs
- CHEM 572 - Spectrometric Organic Structure Determination 4 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

*Completion of BIOL110, or equivalent coursework, is required for biochemistry students to obtain biology departmental permission for 300- and 400-level biology courses.

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

**Certification by the American Chemical Society requires appropriate selection of electives from among those indicated with "**."

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (2.0) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Professional Chemistry Major

This curriculum provides the necessary background for those planning to become professional chemists. The professional chemistry curriculum meets the requirements established for certification by the American Chemical Society. Students successfully completing the curriculum are prepared to undertake graduate study in chemistry or enter technical positions in industrial and governmental research. The program includes a group minor composed of the required courses in mathematics and physics. No other minor is needed to meet graduation requirements.

For students planning graduate study in chemistry (especially organic chemistry), 10 hours or an equivalent reading knowledge of a foreign language, preferably German, is recommended

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 69-70 hours

Required Courses: 67-68 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 432 - Advanced Inorganic Chemistry 3 hrs
- CHEM 433 - Inorganic-Organic Synthesis Laboratory 2 hrs
- CHEM 461 - Chemical Thermodynamics and Kinetics 3 hrs
- CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 465 - Quantum and Statistical Mechanics 3 hrs
- CHEM 481 - Instrumental Analysis 4 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Two hours from the following:
- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs

Elective Courses: 2 hours

Chemistry

- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- CHEM 415 - Environmental Chemistry 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 475 - Introduction to Polymer Chemistry 3 hrs
- CHEM 477 - Special Topics 1 hr
- CHEM 478 - Special Topics 2 hrs
- CHEM 479 - Special Topics 3 hrs

- CHEM 499 - Undergraduate Research in Chemistry 3 hrs
- CHEM 551 - Macromolecular Biochemistry 2 hrs
- CHEM 554 - Protein Structure and Function 2 hrs
- CHEM 555 - Neurochemistry 3 hrs
- CHEM 561 - Quantum Chemistry and Spectroscopy 2 hrs
- CHEM 562 - Statistical Mechanics and Chemical Kinetics 2 hrs
- CHEM 565 - Nuclear Chemistry 3 hrs
- CHEM 571 - Advanced Organic Chemistry 3 hrs
- CHEM 572 - Spectrometric Organic Structure Determination 4 hrs
- CHEM 574 - Advanced Organic Chemistry Topics 2 hrs
- CHEM 581 - Advanced Analytical Chemistry 3 hrs

Mathematics and Computer Science

- Other 400-level courses with department permission
- MATH 325 - Differential Equations 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs

Physics
• Other 400-level courses with department permission
• Phy 450 - Electricity and Magnetism II 3 hrs
• Phy 452 - Electrical Measurements 4 hrs
• Phy 456 - Electronics for Scientists 4 hrs
• Phy 471 - Atomic and Nuclear Physics 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  ○ Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  ○ Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  ○ Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Chemistry Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in chemistry, certification code DC, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #018, “Chemistry.”

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Adviser Information:

Program Adviser: Larry Kolopajlo
Email: lkolopajl@emich.edu
Phone: 734.487.0106

General Education Requirements:
Additional Requirements: 12-14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Major Requirements: 32 hours

Required Courses: 29-30 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 406 - The Nature of Science 1 hr
  or equivalent (see course description)

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Elective Courses: 2-3 hours

Two to three hours from 300- and 400-level courses in chemistry.

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours
Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

One course from the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.
Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Minor

Biochemistry Minor

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

Required Courses: 22-23 hours

• CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
• CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
• CHEM 123 - General Chemistry II 3 hrs
• CHEM 124 - General Chemistry II Laboratory 1 hr
• * CHEM 270 - Survey of Organic Chemistry 4 hrs
• * CHEM 271 - Organic Chemistry Laboratory 1 hr
• CHEM 281 - Quantitative Analysis 4 hrs
• CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs

One course from the following:

• CHEM 351 - Foundations of Biochemistry 4 hrs
• CHEM 451 - Biochemistry I 3 hrs

Minor Total: 22-23 hours
Notes:

All minors must have at least six hours of course work at the 300-level or above.

*The CHEM371/372/373 Organic Chemistry I/II/lab sequence may be substituted for CHEM270/271 Survey of Organic Chemistry with lab if a stronger background is desired.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Chemistry Minor

Chemistry Department Information:

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Steve Pernecky
Phone Number: 487-0106
Email: spernecky@emich.edu

Required Courses: 17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs

Elective Courses: 3 hours

Three hours from courses numbered above 200 in chemistry.

Minor Total: 20 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.
*The CHEM371/372/373 Organic Chemistry I/II/lab sequence may be substituted for CHEM270/271 Survey of Organic Chemistry with lab if a stronger background is desired. CHEM 371/372/373 cannot be used as elective hours in chemistry.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Chemistry Minor**

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in chemistry, certification code DC. The Michigan Test for Teacher Certification (MTTC) covering this field is #018, “Chemistry.”

**Chemistry Department Information:**

Department Head: Ross Nord
Department Contact: rnord@emich.edu
Web site: http://www.emich.edu/chemistry

Additional department information is also available here in the online catalog.

**Advisor Information:**

Program Advisor: Larry Kolopajlo
Phone Number: 487-0106
Email: lkolopajl@emich.edu

**Required Courses: 24 hours**

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Quantitative Analysis 4 hrs

Choose one option from the following:

**Option I**

Electives: Three hours in Chemistry from courses numbered above 200. If a student is a nonscience major, then that student will take CHEM 325 or PHY 325 (3 hrs) as an elective course and either BIO 406, CHEM 406, ESSC 406, or PHY 406 (1 hr).

- CHEM 351 - Foundations of Biochemistry 4 hrs

**Option II**
Four elective hours in chemistry from courses numbered above 200. If a student is a nonscience major, then that student will take CHEM 325 or PHY 325 (3 hrs) as an elective course and either BIO 406, CHEM 406, ESSC 406, or PHY 406 (1 hr).

- CHEM 451 - Biochemistry I 3 hrs

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

*The CHEM371/372/373 Organic Chemistry I/II/lab sequence may be substituted for CHEM270/271 if a stronger background is desired. The 8 hour sequence 371/372/373 will also count for three hours of electives for science majors. Non-science majors who take 371/372/373 must still take 325 and 406..

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas. Do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Chemistry

CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV)

Designed for students who plan to teach in elementary school. Lectures deal with some basic principles of chemistry while the laboratory work emphasizes the discovery approach as it may be used in an elementary classroom. Simple equipment and easily obtained chemicals are used in the experiments. Does not count toward major or minor.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.
Prerequisite: PHY 100

Area IV: Knowledge of the Disciplines

CHEM 101 Chemistry for Elementary Teachers

Chemistry for Elementary Teachers is one of four science courses that are required for all Elementary Education majors. This set of required courses in the natural sciences is designed to give students a general understanding of the laws that govern the natural world, an introduction to the scientific method, and provide strategies for teaching these concepts to elementary school students. In particular, the CHEM101 course provides an introduction to basic chemical theories and concepts, while the laboratory portion of the course gives students the opportunity to employ the scientific method to solve simple chemical problems. Finally, the course aims at providing students with the tools to understand the physical world and everyday manifestations of chemical laws. Because of the introductory nature of the course and given the relevance of the topics discussed in the course to everyday life.

Last Updated: Links 03/2011

CHEM 115 - Chemistry and Society (Gen Ed Area IV)

Examines the relevance of chemistry to the problem of how humans relate to the environment. It is designed for humanities and other nonscience majors. No previous mathematics or chemistry is required. In order to satisfy four credits of Knowledge of the Disciplines - Natural Science portion of the General Education program, CHEM116 must be taken concurrently.

**Chemistry and Society** and its required companion laboratory course (CHEM116) examine the relevance of chemistry to the problem of how humans relate to the environment. This pair of courses explores some of the major environmental issues of our time, such as global warming, air and water pollution and energy consumption. During the discussion of these problems, chemical concepts are introduced as a tool to understand the scientific basis of possible solutions. The courses are designed for non-science majors and in this context they discuss many of the basic concepts, theories and techniques that are fundamental to the chemical sciences. The aim of the course is to enable students to examine science-related societal issues using the basic knowledge and tools of chemistry and to evaluate proposed solutions to the issues using a scientific approach.

**CHEM 116 - Chemistry and Society Laboratory (Gen Ed Area IV)**

The course consists of a set of laboratory experiments based on environmental problems such as water and air pollution, drugs and pesticides. CHEM115 must be taken concurrently to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

**Area IV: Knowledge of the Disciplines**

**CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV)**

A rapidly moving introductory study of basic principles in general chemistry. Includes elements, compounds, periodic properties, atomic structure, gas laws and stoichiometry. Can be used with CHEM 118 to satisfy the chemistry prerequisite for CHEM 121. CHEM 118 must be taken concurrently to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

**Last Updated:** 3/1/2011
MATH 118, MATH 119, MATH 120, MATH 170 or Level 3 math placement
Corequisites: CHEM 118

Area IV: Knowledge of the Disciplines

CHEM 117 Fundamentals of Chemistry & Lab [was CHEM 119]
Fundamentals of Chemistry and its required companion laboratory class (CHEM 118) provide an introduction to basic chemical principles for students with minimal or no chemistry background. The pair of courses presents an overview of fundamental concepts such as molecular structure, stoichiometry and acid-base chemistry. They are a stand-alone, introductory pair of courses, as well as preparatory courses to others that are taught at a more advanced level, such as CHEM 120 (Fundamentals of Organic and Biochemistry) and CHEM 121 (General Chemistry). The laboratory portion of the course provides an introduction to the process of scientific discovery and basic laboratory techniques. The experiments are drawn from topics presented in the lecture course. The goal of the courses is to familiarize students with the scientific method as it applies to chemistry, basic experimental techniques and fundamental chemical concepts.

Last Updated: Links 03/2011

CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV)
This course is designed to accompany CHEM 117 lecture. Will provide an introduction to scientific discovery through experimentation and observation. Experiments are drawn from topics presented in the chemistry lectures in CHEM 117. CHEM 117 must be taken concurrently to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 1 hr
Lecture/Lab Hours: Laboratory: two hours per week.
Corequisites: CHEM 117

Area IV: Knowledge of the Disciplines

CHEM 118 Fundamentals of Chemistry & Lab [was CHEM 119]
Fundamentals of Chemistry (CHEM117) and its required companion laboratory class provide an introduction to basic chemical principles for students with minimal or no chemistry background. The pair of courses presents an overview of fundamental concepts such as molecular structure, stoichiometry and acid-base chemistry. They are a stand-alone, introductory pair of courses, as well as preparatory courses to others that are taught at a more advanced level, such as CHEM 120 (Fundamentals of Organic and Biochemistry) and CHEM 121 (General Chemistry). The laboratory portion of the course provides an introduction to the process of scientific discovery and basic laboratory techniques. The experiments are drawn from topics presented in the lecture course. The goal of the courses is to familiarize students with the scientific method as it applies to chemistry, basic experimental techniques and fundamental chemical concepts.

Last Updated: Links 03/2011

CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV)
A survey of organic chemistry and biochemistry; completes the study of chemistry begun in CHEM 117/CHEM 118 and is a terminal course. Does not count toward major or minor.

Credit Hours: 4 hrs
Lecture/Lab Hours: Lecture: three hours per week. Laboratory: two hours per week
Prerequisite: high school chemistry or CHEM 117

Area IV: Knowledge of the Disciplines
CHEM 120 Fundamentals of Organic Biochemistry
Fundamentals of Organic and Biochemistry is a one-semester survey course that introduces students to some basic principles of organic chemistry and its applications to biochemistry. The course is designed for students who have an interest in health-related topics and who are considering careers in the medical and allied fields. In the first portion of the course, the structure and reactivity of all major classes of organic compounds are discussed, these include saturated and unsaturated hydrocarbons, aromatic compounds, amines, alcohols and others. During the second part of the course, the basic terminology and fundamental concepts of organic chemistry are applied to the understanding of biochemical processes. After a survey of the major categories of biochemical compounds, such as carbohydrates, lipids, amino acids and proteins, several overarching themes of biochemistry are explored. These include the structure and function of enzymes, bioenergetic cycles such as the citric acid cycle and oxidative phosphorylation and important catabolic pathways such as glycolysis and fatty acid oxidation. Lastly, the field of molecular biology is briefly discussed, including the role of nucleic acids and protein syntheses. The laboratory portion of the course complements the lecture by introducing students to basic experimental techniques and by reinforcing concepts discussed in lecture.

CHEM 121 - General Chemistry I (Gen Ed Area IV)

The first semester of a two-semester sequence covering the principles of chemistry for science majors and others with an interest and background in science. CHEM 122 must be taken concurrently to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: MATH 104, MATH 105, MATH 112, MATH 119, MATH 120, Level 4 placement or Level 3 math placement with concurrent registration in MATH 104; High school chemistry
Corequisites: CHEM 122

Area IV: Knowledge of the Disciplines

CHEM 121 General Chemistry I & Lab
General Chemistry I and its required companion laboratory course are the first half of a two-semester introductory chemistry sequence aimed at students who will pursue science-related majors. The courses introduce some of the fundamental concepts in the chemical sciences, such as atomic structure and bonding, stoichiometry, the periodic table, chemical reactivity and thermochemistry. In the laboratory portion of the course, students are exposed to basic techniques such as proper use of glassware, observations, simple syntheses, colorimetry and titration. In addition, students are shown how mathematical models and error analysis can be used to analyze data and draw conclusions. The goal of the courses is to introduce the field of chemistry, its fundamental concepts and theories and its basic experimental techniques to students who have an interest in science.

CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV)

The laboratory class to accompany CHEM 121. Students learn basic techniques employed in a chemistry laboratory, including use of analytical balances, quantitative glassware, spectrophotometry and computers for data acquisition and analysis. CHEM 121 must be taken concurrently to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 1 hr
Lecture/Lab Hours: Laboratory: three hours per week.
Corequisites: CHEM 121
Area IV: Knowledge of the Disciplines

CHEM 121 General Chemistry I & Lab

General Chemistry I and its required companion laboratory course are the first half of a two-semester introductory chemistry sequence aimed at students who will pursue science-related majors. The courses introduce some of the fundamental concepts in the chemical sciences, such as atomic structure and bonding, stoichiometry, the periodic table, chemical reactivity and thermochemistry. In the laboratory portion of the course, students are exposed to basic techniques such as proper use of glassware, observations, simple syntheses, colorimetry and titration. In addition, students are shown how mathematical models and error analysis can be used to analyze data and draw conclusions. The goal of the courses is to introduce the field of chemistry, its fundamental concepts and theories and its basic experimental techniques to students who have an interest in science.

Last Updated: Links 03/2011

CHEM 123 - General Chemistry II

A continuation of the two-semester sequence covering the general principles of chemistry for science majors and others with an interest and background in science.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week
Prerequisite: (C- or better in CHEM 121) and CHEM 122 and (MATH 104, MATH 105, MATH 112, MATH 119, MATH 120 or Level 4 math placement)
Corequisites: CHEM 124

Last Updated: Links 03/2011

CHEM 124 - General Chemistry II Laboratory

The techniques learned in CHEM 122 are reemphasized and supplemented.

Credit Hours: 1 hr
Lecture/Lab Hours: Laboratory: three hours per week
Prerequisite: C- or better in CHEM 122
Corequisites: CHEM 123

Last Updated: Links 03/2011

CHEM 125 - Honors General Chemistry II (Lecture)

A continuation of CHEM 121 General Chemistry for students of superior ability. The sequence of CHEM 121, CHEM 122, CHEM 125 and CHEM 126 can constitute the customary year of general chemistry.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: CHEM 121 and CHEM 122; and MATH 105, MATH 107, MATH 112, MATH 119, MATH 120 or Level 5 math placement; and consent of Honors Committee
Corequisites: CHEM 126

Last Updated: Links 03/2011

CHEM 126 - Honors General Chemistry II (lab)

The laboratory to accompany CHEM 125. The techniques learned in CHEM 122 are reemphasized and supplemented. Preparation of a laboratory notebook is required. The sequence of CHEM 121, CHEM 122, CHEM 125 and CHEM 126 can
constitute the customary year of general chemistry.

**CHEM 177 - Special Topics**

Covers specific chemistry topics not discussed in any regular, introductory chemistry course.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CHEM 178 - Special Topics**

Covers specific chemistry topics not discussed in any regular, introductory chemistry course

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

**CHEM 179 - Special Topics**

Covers specific chemistry topics not discussed in any regular, introductory chemistry course.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

**CHEM 270 - Survey of Organic Chemistry**

A comprehensive one-semester survey course in organic chemistry. Includes aliphatic and aromatic compounds plus functional group chemistry. Chemistry majors and other students requiring a full-year sequence of organic chemistry should enroll in CHEM 371 and CHEM 372.

**Credit Hours:** 4 hrs  
**Prerequisite:** CHEM 121 and CHEM 122  
**Last Updated:** Links 03/2011

**CHEM 271 - Organic Chemistry Laboratory**

Instruction in the basic manipulative techniques of experimental organic chemistry and experience with organic chemicals.

**Credit Hours:** 1 hr  
**Lecture/Lab Hours:** Laboratory: three hours per week.  
**Concurrent Prerequisite:** CHEM 270  
**Last Updated:** 3/1/2011

**CHEM 277 - Special Topics**
Covers specific chemistry topics not discussed in any regular chemistry course at this level.

Credit Hours: 1 hr
Prerequisite: one 100-level chemistry course and department permission

CHEM 278 - Special Topics

Covers specific chemistry topics not discussed in any regular chemistry course at this level.

Credit Hours: 2 hr
Prerequisite: one 100-level chemistry course and department permission

CHEM 279 - Special Topics

Covers specific chemistry topics not discussed in any regular chemistry course at this level.

Credit Hours: 3 hr
Prerequisite: one 100-level chemistry course and department permission

CHEM 281 - Quantitative Analysis

A lecture and laboratory course treating instrumental, gravimetric, and volumetric analysis, and equilibrium.

Credit Hours: 4 hrs
Lecture/Lab Hours: Laboratory: six hours per week. Lecture: two hours per week.
Prerequisite: (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126)
Course Revisions: This course will be listed as CHEM 281 "Introduction to Analytical Chemistry", effective Winter 2012. The course revision also includes a course description change.

Last Updated: Title and Description Change 12/2011, effective Winter 2012; Links 03/2011

CHEM 282 - Honors Quantitative Analysis

A lecture and laboratory course treating instrumental, trace, separation and characterization techniques.

Credit Hours: 4 hrs
Lecture/Lab Hours: Laboratory: six hours per week. Lecture: two hours per week.
Prerequisite: Consent of honors coordinator and either (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126)
Course Revisions: This course will be listed as CHEM 282 "Honors Introduction to Analytical Chemistry", effective Winter 2012. The course revision also includes a course description change.

Last Updated: Title and Description Change 12/2011, effective Winter 2012; Links 03/2011

CHEM 287 - Cooperative Education in Chemistry

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.

Credit Hours: 1 hr
Prerequisite: (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); admission by application only
Class Restrictions: Sophomore standing
Notes: Graded on a credit/no-credit basis. No credit granted toward chemistry degree programs, except with departmental...
CHEM 288 - Cooperative Education in Chemistry

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.

*Credit Hours:* 2 hrs  
*Prerequisite:* (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); admission by application only  
*Class Restrictions:* Sophomore standing  
*Notes:* Graded on a credit/no-credit basis. No credit granted toward chemistry degree programs, except with departmental permission.  
*Last Updated:* Links 03/2011

CHEM 289 - Cooperative Education in Chemistry

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.

*Credit Hours:* 3 hrs  
*Prerequisite:* (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); admission by application only  
*Class Restrictions:* Sophomore standing  
*Notes:* Graded on a credit/no-credit basis. No credit granted toward chemistry degree programs, except with departmental permission.  
*Last Updated:* Links 03/2011

CHEM 297 - Undergraduate Research in Chemistry

An independent, original endeavor involving laboratory and/or library study under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.

*Credit Hours:* 1 hr  
*Prerequisite:* department permission

CHEM 312 - Teaching Elementary Chemistry

This course is designed for prospective elementary teachers. Students will develop a meaningful and functional understanding of key chemistry concepts and their interrelations through a variety of hands-on experiences. Practical methods for conducting demonstrations, using models, planning laboratory experiences, managing standard scientific equipment, and establishing safe laboratory environments will be developed and discussed.

*Credit Hours:* 3 hrs  
*Prerequisite:* CHEM 101  
*Class Restrictions:* Sophomore standing or above  
*Major Restrictions:* Elementary Integrated Science programs only  
This course will have a major restriction change removing "Elementary Integrated Science programs only", effective Winter 2012.  
*Last Updated:* Removal of Major Restriction 11/2011, effective Winter 2012; 07/2009, effective Fall 2009

CHEM 315 - Green Chemistry and the Environment for Elementary Teachers
This course will provide prospective elementary teachers with an overview of the principles of green chemistry and sustainability. Students will apply fundamental chemistry concepts to such issues as renewable energy, climate change, water resource management, and environmental pollution. An emphasis will be placed on how "green" concepts can be incorporated into an elementary classroom.

**Credit Hours:** 3 hrs  
**Prerequisite:** CHEM 101  
**Class Restrictions:** Sophomore standing or above  
**Major Restrictions:** Elementary Integrated Science programs only  
**Last Updated:** Links 03/2011

### CHEM 325 - Methodology for Secondary Chemistry Teachers

A comprehensive methods course for teaching chemistry in secondary schools. Students use modern technology to design and deliver instructional material and demonstrations for classrooms laboratories. CHEM325 will examine inquiry, computer-based instruction, computer data acquisition and other methodology.

**Credit Hours:** 3 hrs  
**Lecture/Lab Hours:** Two hours of lecture and three hours of lab per week  
**Prerequisite:** (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); CHEM 281 or CHEM 282; (CHEM 270 and CHEM 271) or (CHEM 372 and CHEM 373) or (CHEM 372 and CHEM 376)  
**Last Updated:** Links 03/2011

### CHEM 332 - Inorganic Chemistry

This course will discuss the fundamental themes of bonding, structure and reactivity, primarily in the context of inorganic chemistry. In addition, the course will give students an introduction to some of the newer and more exciting areas of interest to inorganic chemists, such as catalytic cycles and bioinorganic chemistry.

**Credit Hours:** 2 hrs  
**Prerequisite:** CHEM 123 or CHEM 125  
**Last Updated:** Links 03/2011

### CHEM 340 - Introduction to Industrial Chemistry

Discussion of the important aspects of the manufacture and chemistry of the major organic and inorganic chemicals and their use through commercially available products such as polymers. Includes environmental and economic aspects of industry.

**Credit Hours:** 3 hrs  
**Lecture/Lab Hours:** Lecture: three hours per week  
**Prerequisite:** (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); CHEM 270 or (CHEM 371 and CHEM 372); and (PHY 221 or PHY 223)  
**Last Updated:** Links 03/2011

### CHEM 341 - Fundamentals of Material Science

A general overview of the fundamental principles of materials science. Addresses the relationship of atomic/molecular structure to physical properties for metals, ceramics, glasses, polymers, semiconductors, and composite materials.

**Credit Hours:** 3 hrs  
**Lecture/Lab Hours:** Lecture: three hours per week.
Prerequisite: (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); CHEM 270 or CHEM 372

Last Updated: Links 03/2011

CHEM 351 - Foundations of Biochemistry

Deals with biological structures and the interactions that confer activity upon biological molecules. Metabolism and synthesis of biological molecules, and the controls that integrate the various process at the molecular and cellular level are presented. Bioenergetics, including equilibria, catalysis, and the production/utilization of biological forms of energy, are discussed.

Credit Hours: 4 hrs
Prerequisite: CHEM 270 or CHEM 372
Major Restrictions: Not open to Freshmen or Graduate students

Last Updated: Links 03/2011

CHEM 361 - Fundamentals of Physical Chemistry

Calculus-based introduction to quantum mechanics, thermodynamics and kinetics. Serves as survey course for general curricula and major.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: MATH 120, CHEM 281 or CHEM 282
Concurrent Prerequisite: PHY 222 or PHY 224

Last Updated: Links 03/2011

CHEM 371 - Organic Chemistry I

The first semester of a two-semester sequence covering the general principles of organic chemistry for students specializing in science and those preparing for dentistry or medicine.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126)
Notes: Credit cannot be earned in both CHEM 270 and CHEM 371

Last Updated: Links 03/2011

CHEM 372 - Organic Chemistry II

A continuation of CHEM 371. CHEM 371 and CHEM 372 constitute the customary year of foundation/lecture work in organic chemistry.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: C- or better in CHEM 371

Last Updated: Links 03/2011

CHEM 373 - Organic Chemistry Laboratory

Covers the basic techniques involved in organic chemistry.
CHEM 376 - Honors Organic Chemistry Laboratory

Covers the basic techniques involved in organic chemistry for students of superior ability. The sequence of CHEM 371, CHEM 372 and CHEM 376 can constitute the customary year of organic chemistry.

Credit Hours: 2 hrs
Lecture/Lab Hours: Laboratory: six hours per week.
Concurrent Prerequisite: CHEM 372
Last Updated: 3/1/2011

CHEM 377 - Special Topics

Covers specific chemical topics not discussed in any regular chemistry course at this level.

Credit Hours: 1 hr
Prerequisite: department permission

CHEM 378 - Special Topics

Covers specific chemical topics not discussed in any regular chemistry course at this level.

Credit Hours: 2 hrs
Prerequisite: department permission

CHEM 379 - Special Topics

Covers specific chemical topics not discussed in any regular chemistry course at this level.

Credit Hours: 3 hrs
Prerequisite: department permission

CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W)

A lecture and laboratory course that surveys various types of analytical instrumentation and their uses in chemical industry.

Credit Hours: 2 hrs
Lecture/Lab Hours: Lecture: one hour per week. Laboratory: three hours per week.
Prerequisite: (CHEM 281 or CHEM 282) and (CHEM 270 or CHEM 372) and (CHEM 271 or CHEM 373 or CHEM 376)

Last Updated: Links 03/2011

CHEM 387 - Cooperative Education in Chemistry

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.
**CHEM 388 - Cooperative Education in Chemistry**

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.

**Credit Hours:** 2 hrs  
**Class Restrictions:** Junior standing  
**Notes:** Graded on a credit/no-credit basis. For junior-level students. No credit granted toward chemistry degree programs, except with department permission

**CHEM 389 - Cooperative Education in Chemistry**

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement

**Credit Hours:** 3 hrs  
**Class Restrictions:** Junior standing  
**Notes:** Graded on a credit/no-credit basis. For junior-level students. No credit granted toward chemistry degree programs, except with department permission

**CHEM 397 - Undergraduate Research in Chemistry**

An independent, original endeavor involving laboratory and/or library study, under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CHEM 406 - The Nature of Science**

This course examines the nature of scientific evidence, inquiry, hypothesis, models and laws. The development of science is put in the context of the structure and history of the scientific community. Interactions among scientists and between scientists and the rest of society are studied from an ethical perspective.

**Credit Hours:** 1 hr  
**Prerequisite:** (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126)  
**Major Restrictions:** Department permission for Non-Chemistry Majors  
**Cross-Listed with:** BIO 406 and ESSC 406  
**Last Updated:** Cross-Listed 09/2011; Links 03/2011

**CHEM 407 - Nature of Science for Elementary Teachers**

This course examines the nature of scientific evidence, inquiry, hypotheses, models and laws. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.
CHEM 411 - Toxicology I

An introduction to the principles and methods of toxicology. Special cases of toxic response including carcinogenesis, teratogenesis and mutagenesis, and the effects of radiation are discussed.

Credit Hours: 2 hrs
Lecture/Lab Hours: Lecture: two hours per week.
Prerequisite: CHEM 270 or CHEM 372
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 03/2011

CHEM 412 - Toxicology II

Discussion of the metabolism of toxicants and their effect on specific organ systems; specific classes of toxicants and legal aspects of toxicology.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: CHEM 411; biochemistry recommended
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; 02/2005 effective Winter 2006

CHEM 413 - Toxicology Laboratory

A lecture and laboratory covering the techniques employed in a toxicology laboratory including methods of calculation, interpretation and presentation of experimental data. The theory and practical aspects of toxicological procedures will be discussed.

Credit Hours: 2 hrs
Lecture/Lab Hours: Lecture: one hour per week. Laboratory: three hours per week.
Prerequisite: CHEM 411; CHEM 281 recommended
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 03/2011

CHEM 415 - Environmental Chemistry

A survey of environmental and energy-related problems and the ways in which chemistry may be applied to them. Important topics include air and water pollution, energy and other resources, solid wastes and recycling, and toxic chemicals.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); CHEM 270 or CHEM 372 and CHEM 281 recommended
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

CHEM 432 - Advanced Inorganic Chemistry

An advanced-level treatment of the newer inorganic chemical developments, with emphasis on theoretical advances in the interpretation of bonding and reactivity of inorganic compounds.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: CHEM 465 or department permission

CHEM 433 - Inorganic-Organic Synthesis Laboratory

Covers advanced preparative and analytical techniques of inorganic and organic chemistry including extensive use of IR, NMR, UV-visible and other instruments.

Credit Hours: 2 hrs
Lecture/Lab Hours: Lab: 6 hours per week
Prerequisite: CHEM 281 or CHEM 282; and CHEM 373 or CHEM 376

CHEM 451 - Biochemistry I

Chemistry of biologically significant compounds such as proteins, nucleic acids, carbohydrates and lipids. Enzymes are introduced, bioenergetics is discussed and the most central topics of metabolism are outlined. This course is intended as a one-semester survey of biochemistry for health science students and as the first semester of a two-semester sequence for chemistry, biology and toxicology students.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); and (CHEM 270 or CHEM 372); and (CHEM 281 or CHEM 282) recommended

CHEM 452 - Biochemistry II

Continues the survey of biochemistry begun in CHEM 451. Membranes and transport, enzyme kinetics, further topics in metabolism, replication, transcription, translation and regulation of cell processes are discussed.

Credit Hours: 3 hrs
Lecture/Lab Hours: Lecture: three hours per week.
Prerequisite: CHEM 451; (C- or better in CHEM 451 is recommended)

CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W)
Theory and application of preparative and analytical techniques in the investigation of the biochemical and biophysical properties of proteins and nucleic acids. Emphasis is placed on communication of experimental results in the form of scientific manuscripts.

Credit Hours: 2 hrs  
Lecture/Lab Hours: Laboratory: six hours per week.  
Prerequisite: (CHEM 451 or CHEM 351); CHEM 271 or CHEM 373 or CHEM 376; and (CHEM 281 or CHEM 282)  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011  

CHEM 461 - Chemical Thermodynamics and Kinetics

The study of the principles of thermodynamics, the equilibrium properties of systems and the rates of chemical reactions.

Credit Hours: 3 hrs  
Lecture/Lab Hours: Lecture: three hours per week.  
Prerequisite: PHY 224 and (CHEM 281 or CHEM 282)  
Concurrent Prerequisite: MATH 223  
Last Updated: Links 04/2011  

CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W)

Determination of the physical properties of substances, rate studies and measurement of the thermochemical properties. Emphasis on scientific report writing and oral presentation of work.

Credit Hours: 2 hrs  
Lecture/Lab Hours: Laboratory: six hours per week.  
Prerequisite: MATH 121 and either (C- or better in CHEM 361) or CHEM 461

Last Updated: Links 04/2011  

CHEM 465 - Quantum and Statistical Mechanics

The study of quantum mechanics and its application to atomic structure, molecular bonding and spectroscopy. An introduction to statistical mechanics and modern theories of the rate constant.

Credit Hours: 3 hrs  
Lecture/Lab Hours: Lecture: three hours per week  
Prerequisite: CHEM 461, CHEM 281 or CHEM 282, MATH 223, PHY 224  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

CHEM 475 - Introduction to Polymer Chemistry

An emphasis on the organic chemistry involved in the preparation of synthetic high polymers. Topics include: chain-growth vinyl polymers, step-growth polymerization, copolymerization, cationic and anionic polymerization, and complex coordination catalysts.

Credit Hours: 3 hrs  
Lecture/Lab Hours: Lecture: three hours per week.  
Prerequisite: CHEM 270 or CHEM 372
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

**CHEM 477 - Special Topics**

Covers specific chemistry topics not discussed in any regular chemistry courses at this level.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CHEM 478 - Special Topics**

Covers specific chemistry topics not discussed in any regular chemistry courses at this level.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

**CHEM 479 - Special Topics**

Covers specific chemistry topics not discussed in any regular chemistry courses at this level.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

**CHEM 481 - Instrumental Analysis**

Theory and practice of chemical analysis and measurements and data processing by instrumental methods.

**Credit Hours:** 4 hrs  
**Lecture/Lab Hours:** Lecture: two hours per week. Laboratory: six hours per week.  
**Prerequisite:** CHEM 281 or CHEM 282; and CHEM 463W  
**Concurrent Prerequisite:** CHEM 465  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.

**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CHEM 485 - Introduction to Radiotracer Techniques**

Measurement of radiation and principles of radiation safety; experiments with emphasis on beta and gamma-ray counting and handling radioactivity.

**Credit Hours:** 2 hrs  
**Lecture/Lab Hours:** Lecture: one hour per week. Laboratory: three hours per week.  
**Prerequisite:** (CHEM 123 and CHEM 124) or (CHEM 125 and CHEM 126); and either CHEM 281, one science laboratory course above the 200-level or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.

**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CHEM 487 - Cooperative Education in Chemistry**

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.
CHEM 488 - Cooperative Education in Chemistry

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.

Credit Hours: 1 hr
Class Restrictions: Senior standing
Notes: Graded on a credit/no-credit basis.

CHEM 489 - Cooperative Education in Chemistry

Full- or part-time employment at an industrial, federal or state agency chemistry laboratory providing an applied experience in chemistry. Amount of credit granted determined by the nature of job responsibilities and/or duration of placement.

Credit Hours: 2 hrs
Class Restrictions: Senior standing
Notes: Graded on a credit/no-credit basis.

CHEM 497 - Undergraduate Research in Chemistry

Independent, original endeavors involving extensive library and/or laboratory study, under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.

Credit Hours: 1 hr
Prerequisite: department permission

CHEM 498 - Undergraduate Research in Chemistry

Independent, original endeavors involving extensive library and/or laboratory study, under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.

Credit Hours: 2 hrs
Prerequisite: department permission

CHEM 499 - Undergraduate Research in Chemistry

Independent, original endeavors involving extensive library and/or laboratory study, under the guidance of a chemistry faculty member. A formal written report is required at the end of the semester.

Credit Hours: 3 hrs
Prerequisite: department permission

CHEM 551 - Macromolecular Biochemistry

This course considers the fundamental themes of nucleic acid biochemistry including DNA structure, folding, replication and repair mechanisms transcription; translation; gene regulation and techniques in recombinant DNA technology. Emphasis is
placed on chemical mechanisms of these processes and targets for drug development. Text and literature articles are utilized.

**CHEM 554 - Protein Structure and Function**

The description of chemical and molecular biological approaches to investigating protein structure, and methods to analyze protein function. Rapid and steady-rate kinetics, recombinant DNA technology and expression systems, metabolic and protein assay development and relevant computer applications will be highlighted.

**Credit Hours:** 2 hrs  
**Prerequisite:** CHEM 451 or instructor permission  
**Notes:** This is a graduate course in an undergraduate program.  
**Last Updated:** Links 04/2011

**CHEM 555 - Neurochemistry**

Discussion of the biochemistry of the nervous system covering the synthesis, distribution, mechanism of function and degradation of compounds involved in neural function (including neurotransmitters, neurohormones, brain sphingolipids, steroids and prostaglandins). Mental diseases with a known biochemical basis and the rationale for drug therapy are described.

**Credit Hours:** 3 hrs  
**Prerequisite:** CHEM 452 or equivalent  
**Notes:** This is a graduate course in an undergraduate program.  
**Last Updated:** Links 04/2011

**CHEM 561 - Quantum Chemistry and Spectroscopy**

A study of atomic and molecular structure and spectroscopy based on quantum chemistry.

**Credit Hours:** 2 hrs  
**Prerequisite:** CHEM 465 or equivalent  
**Notes:** This is a graduate course in an undergraduate program.  
**Last Updated:** Links 04/2011

**CHEM 562 - Statistical Mechanics and Chemical Kinetics**

Introduction to the principles of statistical mechanics, the connection between the microscopic world and classical thermodynamics, and modern theories of chemical reaction rates.

**Credit Hours:** 2 hrs  
**Prerequisite:** CHEM 465 or equivalent  
**Notes:** This is a graduate course in an undergraduate program.  
**Last Updated:** Links 04/2011

**CHEM 565 - Nuclear Chemistry**
The course will cover topics such as radioactive decay, decay systematics, nuclear models and nuclear reactions. Applications of radioactivity to chemical problems will be discussed. Techniques of nuclear chemistry, nuclear processes as chemical probes and other such topics will be covered. A discussion of the preparation and properties of transplutonium elements will be included.

**Credit Hours:** 3 hrs  
**Prerequisite:** one year of college chemistry; one course in physical chemistry or modern physics  
**Notes:** This is a graduate course in an undergraduate program.

**CHEM 571 - Advanced Organic Chemistry**

A lecture course devoted to developing a deeper understanding of the structure of organic compounds and the mechanism of organic reactions. The structural aspects of bonding, stereochemistry and conformation will be extended beyond the introductory level prior to considering mechanistic studies on several fundamental reaction types.

**Credit Hours:** 3 hrs  
**Prerequisite:** one year of organic chemistry  
**Notes:** This is a graduate course in an undergraduate program.

**CHEM 572 - Spectrometric Organic Structure Determination**

The use of infrared, Raman, ultraviolet, mass and nuclear magnetic resonance spectroscopy in organic structure determination will be discussed. Emphasizes problem-solving and practical applications.

**Credit Hours:** 4 hrs  
**Prerequisite:** CHEM 372 or equivalent  
**Notes:** This is a graduate course in an undergraduate program.  
*Last Updated: Links 04/2011*

**CHEM 574 - Advanced Organic Chemistry Topics**

Two or three advanced topics are treated in depth. The topics selected will vary from offering to offering and could include such examples as: stereochemistry and conformational analysis, natural product chemistry, heterocyclic compounds, orbital symmetry rule and applications, and photochemistry.

**Credit Hours:** 2 hrs  
**Prerequisite:** CHEM 372 or equivalent  
**Notes:** This is a graduate course in an undergraduate program.  
*Last Updated: Links 04/2011*

**CHEM 581 - Advanced Analytical Chemistry**

Practical applications of modern chemical analysis using instrumental methods, which may include optical, x-ray and nuclear spectroscopy, mass spectrometry and separations.

**Credit Hours:** 3 hrs  
**Prerequisite:** CHEM 481, CHEM 463W, and either CHEM 361 or CHEM 461  
**Notes:** This is a graduate course in an undergraduate program.  
*Last Updated: 02/2010*
Communication, Media and Theatre Arts Programs and Courses

Communication, Media and Theatre Arts

Major

Arts Management Major

The arts management curriculum provides career training and practical experience for those with a passion for the arts and whose talents are in the field of administration, marketing and/or entrepreneurship. The arts manager not only must develop a variety of management skills but also must maintain a high degree of sensitivity to aesthetics.

Students are provided a broad background in all of the arts with an opportunity to study a specific art in more depth. Additionally, each student gains vital practical experience working in the arts during internships on the University campus and in an approved off-campus professional arts organization.

Training in the arts is combined with the development of skills in accounting, advertising, personnel management, labor relations and various other areas of business through a program of study that includes management, marketing and entrepreneurship. Graduates are equipped to enter the arts management field or to pursue further study in arts administration.

Because the arts management field is rapidly evolving, it is advantageous for students to maintain regular contact with an adviser during their entire program to avoid unnecessary difficulties before and after completion of the program. Arts institutions vary in their personnel needs.

EMU’s arts management curriculum is divided into four sections: general education requirements, arts management major, a management or marketing minor (see College of Business) and two internships.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 39 hours

Required Courses: 27 hours

Art Fundamentals: 18 hours
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- DANC 102 - Modern Dance Fundamentals (Gen Ed Area IV) 3 hrs
- MUSC 107 - Music Appreciation (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs

**Media and Arts Management: 9 hours**

- CTAR 452 - Arts Management 3 hrs
- CTAT 334 - Radio-Television News 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs

**Restrictive Elective Courses: 10 hours**

One course from each of the following areas:

- academic dance
- art
- music
- theatre

**Strongly Recommended Elective Courses:**

- A course in technical theatre
- CTAR 426 - Fund Raising in the Arts 2 hrs
- CTAR 427 - Grant Writing for the Arts 2 hrs
- CTAR 453W - Marketing the Arts (Gen Ed Area I, W) 3 hrs
- CTAR 454 - Law, Public Policy and the Arts 3 hrs

**Internships: 2 hours**

Two are required for this major: a one-semester, on-campus internship and a one-semester practicum with an approved off-campus arts institution. Application procedures and minimum requirements for credit should be obtained from the advising coordinator not later than the first semester of the junior year.

An on-campus internships is approved part-time work as a member of the management staff of such EMU arts institutions as the Ford Gallery or EMU Dancers.

Practica are available to the junior/senior-level student who has a minimum GPA of 2.5 in the arts management curriculum.

**Minor Requirements:**

*Select from either management, marketing or entrepreneurship in consultation with the arts management advising coordinator.*

**Program Total:**
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor’s degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor’s degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Communication and Theatre Arts Major with Concentrations

The comprehensive major allows each student to develop a variety of communication skills with one or two areas of concentration (12 to 18 credit hours each). Within the 36 credit hours, at least nine must be in 300- and 400-level courses. Majors should plan their course selections carefully with a departmental adviser and present a copy of this plan to Academic Records and Certification when requesting senior checkout.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33-45 hours

Required Courses: 6 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAO 205 - Voice and Articulation 3 hrs

Restricted Elective Courses: 15 hours

At least three credits from each of the five following concentrations

I. Communication

- CTAC 224 - Public Speaking 3 hrs
- * CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- * CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
CTAC 350 - Persuasion 3 hrs
CTAC 354 - Organizational Communication 3 hrs
CTAC 359 - Small Group Communication 3 hrs

II. Interpretation/Performance Studies

* CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs

III. Electronic Media and Film Studies

CTAT 130 - Introduction to Electronic Media 3 hrs
CTAT 131 - Introduction to Audio Production and Direction 2 hrs
CTAT 132 - Introduction to Video Production and Direction 2 hrs
CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
* CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs

IV. Theatre Arts

* CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
* CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs
CTAR 155 - Producing Theatre 3 hrs
* CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs

V. Educational Drama

* CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
CTAR 322 - Theatre for Children 3 hrs
CTAR 323 - Improvising and Role-Play 3 hrs
CTAR 327 - Plays for the Young 3 hrs

Concentration: 9-15 hours

At least one concentration (above) selected in consultation with advising coordinator (hours here are in addition to the restricted elective courses above). *Course satisfies both General Education and Program Requirements. Each student must choose a writing intensive course as part of major completion requirements. Writing intensive course must correspond to concentration area. Consult your adviser for course options.

Elective Courses: 3-9 hours

Three to nine hours selected from areas outside the concentration

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.
Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Last updated: 3/2011

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Communication Major

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 36 hours

Foundation Courses: 15 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs

Cultural Communication: 3 hours

One course from the following:

- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs

Public Communication: 3 hours

One course from the following:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
Relational Communication: 3 hours

One course from the following:

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs

Organizational Communication: 3 hours

One course from the following:

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs

Advanced Theory and Research: 6 hours

Two courses from the following:

- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

Capstone Experience: 3 hours

This course is restricted to Communication Majors only.

- CTAC 495L - Communication Capstone (Gen Ed Area V LBC) 3 hrs

Restricted Elective Courses: 12 hours

 Twelve hours from the list of restricted elective courses below that were not selected as a required course above:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs
• CTAC 359 - Small Group Communication 3 hrs
• CTAC 370 - Nonprofit Organizational Communication 3 hrs
• CTAC 372 - Assertive Communication 3 hrs
• CTAC 373 - Family Communication 3 hrs
• CTAC 376 - Communication and Conflict Resolution 3 hrs
• CTAC 379 - Special Topics 3 hrs
• CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
• CTAC 460 - Theories of Speech Criticism 3 hrs
• CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
• CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

No more than six credit hours from the following courses:
• CTAA 166 - Forensics 1 hr
• CTAA 266 - Forensics 1 hr
• CTAA 366 - Forensics 1 hr
• CTAA 466 - Forensics 1 hr
• CTAC 387 - Cooperative Education in Communication 1 hr
• CTAC 388 - Cooperative Education in Communication 2 hrs
• CTAC 389 - Cooperative Education in Communication 3 hrs
• CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 2 hrs
• CTAC 487 - Internship in Communication 1 hr
• CTAC 488 - Internship in Communication 2 hrs
• CTAC 489 - Internship in Communication 3 hrs
• CTAC 497 - Independent Study 1 hr
• CTAC 498 - Independent Study 2 hrs
• CTAC 499 - Independent Study 3 hrs

Alternate department courses. No more than three credit hours substituted for a restricted elective:
• CTAO 205 - Voice and Articulation 3 hrs
• CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
• CTAT 241 - Radio-Television-Film Announcing 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn a minimum of 30 credits and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor:
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

Electronic Media and Film Studies Major

This major was modified on November 1, 2016, to correct an error. CTAT 235 is now an option under Restricted Elective Courses - Theory Courses.

For specific requirements refer to the General Education.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30-34 hours

Required Courses: 11 hours

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs
- CTAT 132 - Introduction to Video Production and Direction 2 hrs

One course from the following:

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 236 - History and Criticism of Radio and Television 3 hrs

One course from the following:

- CTAA 165 - Television Laboratory 1 hr
- CTAA 169 - Radio Station WQBR 1 hr

Restricted Elective Courses: 16-18 hours

Production Courses: 6 hours

Six hours from the following, at least three hours must be at the 300- or 400-level:

- CTAT 231 - Audio Recording Techniques 3 hrs
- CTAT 241 - Radio-Television-Film Announcing 3 hrs
- CTAT 331 - Intermediate Radio Production and direction 3 hrs
The page contains a list of course descriptions, course requirements, and minor requirements. Here is the natural text representation:

CTAT 332 - Intermediate Television Production and Direction 3 hrs
CTAT 333 - Fundamentals of Electronic Moviemaking 3 hrs
CTAT 341 - Radio-Television-Film Dramatic Performance 3 hrs
CTAT 431 - Advanced Radio Production and Direction 3 hrs
CTAT 432 - Advanced Television Production and Direction 3 hrs
CTAT 433 - Advanced Electronic Moviemaking 3 hrs

Writing Courses: 3 hours

Three hours from the following:

CTAT 334 - Radio-Television News 3 hrs
CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
CTAT 444 - Dramatic Scriptwriting for Visual Media 3 hrs

Theory Courses: 6 hours

Six hours from the following, three hours must be at the 400-level:

CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
CTAT 235 - International Cinema 3 hrs
CTAT 236 - History and Criticism of Radio and Television 3 hrs
CTAT 245 - A Survey of American Cinema 3 hrs
CTAT 335 - Studies in Film 3 hrs
CTAT 336 - Studies in Electronic Media 3 hrs
CTAT 345 - American Film Genres 3 hrs
CTAT 445 - Film Theory and Criticism 3 hrs
CTAT 446 - Contemporary Problems in Electronic Media 3 hrs
CTAT 447 - Radio-Television Station Management 3 hrs
CTAT 479 - Special Topics 3 hrs

Internship or Cooperative Education: 1-3 hours

CTAT 387 - Cooperative Education in Radio-TV-Film 1 hr
CTAT 388 - Cooperative Education in Radio-TV-Film 2 hrs
CTAT 389 - Cooperative Education in Radio-TV-Film 3 hrs
CTAT 487 - Internship in Radio-TV-Film 1 hr
CTAT 488 - Internship in Radio-TV-Film 2 hrs
CTAT 489 - Internship in Radio-TV-Film 3 hrs

Elective Courses: 3-5 hours

Three hours from Electronic Media and Film Studies and the remaining hours from Communication, Media and Theatre Arts courses, excluding CTAS124, Fundamentals of Speech.

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university, **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete **10** of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of **30 unique** credit hours in their major and **20 unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Public Relations Major (Interdisciplinary- Communication)**

Admission to the program will require a 2.8 GPA, which must be maintained in the major as well as in the minor selected. Admission is granted by the Department of English Language and Literature. Courses from both the Department of English Language and Literature and the Department of Communication, Media and Theatre Arts are offered as requirements and restricted elective courses.

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

**Major Requirements: 45 hours**

**Required Fundamental Courses: 18 hours**

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs  
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs  
- JRNL 215 - News Writing and Reporting 3 hrs  
- JRNL 312 - Introduction to Public Relations 3 hrs  
- JRNL 314 - Writing for Public Relations 3 hrs

One course from the following:

- CTAC 224 - Public Speaking 3 hrs  
- CTAC 350 - Persuasion 3 hrs

**Required Advanced Courses: 18 hours**

- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs  
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs  
- JRNL 408W - Case Studies in Public Relations (Gen Ed Area I, W) 3 hrs

One course from the following:
• JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 490 - Internship in Journalism/Public Relations 3 hrs

One course from the following:

• CTAT 334 - Radio-Television News 3 hrs
• CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs

One course from the following:

• CTAC 354 - Organizational Communication 3 hrs
• CTAC 357 - Interviewing as Communication 3 hrs

Restricted Elective Courses: 9 hours

• ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
• CMT 204 - Photographic Communication 3 hrs
• CMT 436 - Electronic Publishing Technology 3 hrs
• CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
• CTAC 359 - Small Group Communication 3 hrs
• CTAT 241 - Radio-Television-Film Announcing 3 hrs
• ENGL 323 - Writing in the Professional World 3 hrs
• ENGL 444 - Writing for the World Wide Web 3 hrs
• JRNL 307 - Copy Editing 3 hrs
• JRNL 311 - Newspaper Layout and Design 3 hrs
• JRNL 423 - Magazine Article Writing 3 hrs
• JRNL 455 - Journalism Law and Ethics 3 hrs

• CTAT 334 - Radio-Television News 3 hrs
or
• CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs

• CTAC 224 - Public Speaking 3 hrs
or
• CTAC 350 - Persuasion 3 hrs

Maximum of six-hours from the following:

• CTAC 387 - Cooperative Education in Communication 1 hr
• CTAC 388 - Cooperative Education in Communication 2 hrs
• CTAC 389 - Cooperative Education in Communication 3 hrs
• CTAC 487 - Internship in Communication 1 hr
• CTAC 488 - Internship in Communication 2 hrs
• CTAC 489 - Internship in Communication 3 hrs
• JRNL 387 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
• JRNL 488 - Internship in Journalism/Public Relations 1 hr
• JRNL 489 - Internship in Journalism/Public Relations 2 hrs
• JRNL 490 - Internship in Journalism/Public Relations 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  ○ Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  ○ Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  ○ Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.
institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.** Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Secondary Education Communication and Theatre Arts Teaching Major**

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in speech, certification code BD, and, depending on the minor selected, an additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #004, "Speech." At least nine credit hours must be taken at the 300-400 level.

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

**Advisor Information:**

Program Advisor: Michael Tew
Email: mtew@emich.edu
Phone Number: 487-3130

**General Education Requirements:**

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.
Major Requirements: 41 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 2 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.
• * PRCT 311 - Practicum II: Secondary 3 hrs
• * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:
• BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:
• BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:
• CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:
• COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:
• CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:
• ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
• ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:
• FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:
• HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:
• MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:
• PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours
Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. Language, Literature and Writing Minor strongly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Students will declare a teaching major or minor in conjunction with their CTA program - there is no restriction on General Education course selections - students complete standard College of Education Initial Teacher Preparation Program.

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
○ Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Theatre Arts Major

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 41-43 hours

Foundation Courses: 17 hours

- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 167 - Theatre Practice 1 hr

One course from the following:

- CTAA 267 - Theatre Practice 1 hr
- CTAA 367 - Theatre Practice 1 hr
- CTAA 467 - Theatre Practice 1 hr

Production Concentration Courses: 6 hours

- CTAR 355 - Play Direction 3 hrs

One course from the following:

- CTAR 322 - Theatre for Children 3 hrs
- CTAR 351 - Scene Design 3 hrs
- CTAR 358 - Characterization 3 hrs
- CTAR 360 - Dramatic Composition 3 hrs
- CTAR 363 - Stage Costume: History and Theory 3 hrs
- CTAR 364 - Stage Costume: Design and Construction 3 hrs

Theory Courses: 9 hours

- CTAR 450 - History of the Theatre to 1642 3 hrs
- CTAR 451 - History of the Theatre 1642 to the Present 3 hrs
- CTAR 455W - Dramaturgy (Gen Ed Area I, W) 3 hrs

Advanced Production Courses: 3-4 hours

Three to four hours from the following:

- CTAR 457 - Audition 3 hrs
- CTAR 462 - Directors on Directing 2 hrs
- CTAR 463 - The American Musical Stage 3 hrs
- CTAR 464 - Style for the Actor 3 hrs

Capstone Course: 2 hours

- CTAR 496 - Senior Seminar 2 hrs

Restricted Elective Courses: 4-5 hours

Choose from any theatre (CTAR) and/or performance (CTAO) course excluding CTAR106.
Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Communication Minor

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Required Courses: 21 hours

Foundation Courses: 15 hours

• CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs

Public Communication: 3 hours

One course from the following:

• CTAC 224 - Public Speaking 3 hrs
• CTAC 340 - Communication Ethics 3 hrs
• CTAC 350 - Persuasion 3 hrs
• CTAC 356 - Argumentation and Debate 3 hrs

Relational Communication: 3 hours

One course from the following:
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs

Organizational Communication: 3 hours

One course from the following:

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs

Cultural Communication: 3 hours

One course from the following:

- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs

Advanced Theory and Research: 3 hours

One course from the following:

- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3 hours

Three hours from the list of restricted elective courses below that were not selected as a required course above:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs
- CTAC 372 - Assertive Communication 3 hrs
CTAC 373 - Family Communication 3 hrs  
CTAC 376 - Communication and Conflict Resolution 3 hrs  
CTAC 379 - Special Topics 3 hrs  
CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs  
CTAC 460 - Theories of Speech Criticism 3 hrs  
CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs  
CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs  

No more than six credit hours from the following courses:  
CTAA 166 - Forensics 1 hr  
CTAA 266 - Forensics 1 hr  
CTAA 366 - Forensics 1 hr  
CTAA 466 - Forensics 1 hr  
CTAC 387 - Cooperative Education in Communication 1 hr  
CTAC 388 - Cooperative Education in Communication 2 hrs  
CTAC 389 - Cooperative Education in Communication 3 hrs  
CTAC 487 - Internship in Communication 1 hr  
CTAC 488 - Internship in Communication 2 hrs  
CTAC 489 - Internship in Communication 3 hrs  
CTAC 497 - Independent Study 1 hr  
CTAC 498 - Independent Study 2 hrs  
CTAC 499 - Independent Study 3 hrs  

Alternate department courses. No more than three hours substituted for a restricted elective:  
CTAO 205 - Voice and Articulation 3 hrs  
CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs  
CTAT 241 - Radio-Television-Film Announcing 3 hrs  

Minor Total: 21 hours  

Note:  

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:  

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.  

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.  
- Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

• Earn a minimum of 30 credits from courses taken at EMU.

• Complete 10 of the last 30 hours for the degree from courses taken at EMU.

• Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the **Current Program** heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the **Program Prior to Fall 2007** heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Comprehensive Minor in Communication and Theatre Arts**

**Communication, Media and Theatre Arts Department Information:**
Required Courses: 3 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs

Restricted Elective Courses: 12 hours

At least three hours in four of the six areas of concentration (communication, interpretation/performance studies, voice and speech development, telecommunications and film and theatre arts and educational drama). See courses previously listed in comprehensive major in communication and theatre arts.

Concentration Courses: 6-9 hours

Six to nine hours in one area of concentration.

Minor Total: 21-24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Drama/Theatre for the Young Minor**

The undergraduate minor in drama/theatre for the young is designed to serve students wishing to prepare for a variety of careers — some already existing, others emerging — involving work with and for the young through drama and communication. The minor is useful in conjunction with many other minors and majors including early childhood, elementary and secondary education, special education, language and literature, history and social studies, art, music, dance, social work, sociology, psychology, recreation, business management, counseling, library science, communication, gerontology, theatre and applied theatre.

It provides a strong base and, at the same time, flexibility is ensured through freedom in choosing from a wide range of electives.

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.
Required Courses: 15 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.
Interdisciplinary Film Studies Minor (NEW PROGRAM)

THIS IS A NEW PROGRAM: EFFECTIVE FALL 2011

Film is the most interdisciplinary of all the arts in that it represents a synthesis of literature, theatre, painting, photography, music, and video. It borrows from all of them to create the most powerful, persuasive, and popular art form of the past 120 years. As a narrative art, it closely resembles painting and photography. As a time art, it is structured much like music.

In their borrowing from other arts, motion pictures naturally embrace a diversity of themes and address a multitude of complex issues. They take students to other times and places and encourage them to consider viewpoints beyond their immediate circumstances. Through the study of films, students develop a greater appreciation for cultural diversity and a better knowledge of human history.

The purpose of this program is to encourage students to understand the relationship between film and other arts and to gain an appreciation for those motion pictures that address diverse themes and reflect the values of other cultures.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Required Courses: 9 hours

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 245 - A Survey of American Cinema 3 hrs
- CTAT 445 - Film Theory and Criticism 3 hrs

Restricted Electives: 12 hours

Choose at least one course from each of the following categories:

Related Arts:

- Approved Special Topics courses
- * CTAT 335 - Studies in Film 3 hrs
- CTAT 345 - American Film Genres 3 hrs

A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a
minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Musical Theatre Minor**

**Communication, Media and Theatre Arts Department Information:**

Department Head: Dennis Beagen  
Department Contact: dennis.beagen@emich.edu  
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

**Basic Core: 17 hours**

The courses required are determined by major.
Dance Majors Core Requirements: 17 hours

This set of classes is for students with a Dance major:

- MUSC 101 - Music Theory I 3 hrs
- MUSC 119 - Aural Skills I 1 hr

Choose four credit hours from the following:

Students choose four credit hours from the following courses.

Level of classes are determined by audition.

- AMUS 115A - Secondary Applied Music 1 hr
- AMUS 115B - Secondary Applied Music 2 hrs
- AMUS 116A - Principal Applied Music 2 hrs
- AMUS 116B - Principal Applied Music 4 hrs
- AMUS 415A - Secondary Applied Music 1 hr
- AMUS 415B - Secondary Applied Music 2 hrs
- AMUS 416A - Principal Applied Music 2 hrs
- AMUS 416B - Principal Applied Music 4 hrs

Choose nine credit hours from the following:

Students choose at least nine credit hours from the following courses.

- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 254 - Stage Makeup 1 hr
- CTAR 358 - Characterization 3 hrs
- CTAR 457 - Audition 3 hrs
- CTAR 464 - Style for the Actor 3 hrs

Music Majors Core Requirements: 17 hours

This set of classes is for students with a Music major:

- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs
- DANC 200 - Ballet II 2 hrs
- DANC 478 - Special Topics 2 hrs

Choose one course from the following:

- DANC 101 - Jazz I 2 hrs
- DANC 201 - Jazz II 2 hrs

Choose nine credit hours from the following:

Students choose at least nine credit hours from the following courses.
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 254 - Stage Makeup 1 hr
- CTAR 358 - Characterization 3 hrs
- CTAR 457 - Audition 3 hrs
- CTAR 464 - Style for the Actor 3 hrs

Theatre Majors Core Requirements: 17 hours

This set of classes is for students with a Theatre major:

- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs
- DANC 200 - Ballet II 2 hrs
- DANC 478 - Special Topics 2 hrs
- MUSC 101 - Music Theory I 3 hrs
- MUSC 119 - Aural Skills I 1 hr

Choose four credit hours from the following:

Students choose four credit hours from the following courses.
Level of classes are determined by audition.

- AMUS 115A - Secondary Applied Music 1 hr
- AMUS 115B - Secondary Applied Music 2 hrs
- AMUS 116A - Principal Applied Music 2 hrs
- AMUS 116B - Principal Applied Music 4 hrs
- AMUS 415A - Secondary Applied Music 1 hr
- AMUS 415B - Secondary Applied Music 2 hrs
- AMUS 416A - Principal Applied Music 2 hrs
- AMUS 416B - Principal Applied Music 4 hrs

Choose one course from the following:

- DANC 101 - Jazz I 2 hrs
- DANC 201 - Jazz II 2 hrs

Advanced Core: 8 hours

Select eight credit hours from the following:

- CTAR 421 - Musical Theatre Styles 2 hrs
- CTAR 461 - Musical Theatre Acting 2 hrs
- CTAR 463 - The American Musical Stage 3 hrs
- CTAR 471 - Musical Theatre Workshop 1 hr
  *This course is cross-listed with MUSC571
- DANC 110 - Modern Dance I for Dance Majors/Minors 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 129 - Aural Skills II 1 hr
Minor Total: 25 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education
Secondary Education Communication and Theatre Arts Teaching Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code BD. The Michigan Test for Teacher Certification (MTTC) covering this field is #004, “Speech.” At least six hours must be taken at the 300-400 level.

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Michael Tew
Email: mtew@emich.edu
Phone Number: 487-3130

Required Courses: 24 hours

- CTAC 124 - Fundamentals of Speech (Gen Ed Area I) 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- * CTAC 307 - The Teaching of Speech 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

Minor Total: 24 hours
Note:

Students will declare a teaching major or minor in conjunction with their CTA program - there is no restriction on General Education course selections - students complete standard Initial Teacher Preparation Program professional education coursework.

*All minors must have at least six hours of course work at the 300-level or above.

*Majors take CTAC307 as part of the Initial Teacher Preparation Program.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Theatre Arts Minor

Communication, Media and Theatre Arts Department Information:

Department Head: Dennis Beagen
Department Contact: dennis.beagen@emich.edu
Web site: http://www.emich.edu/cta/

Additional department information is also available here in the online catalog.

Required Courses: 19 hours

- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 355 - Play Direction 3 hrs
- CTAA 167 - Theatre Practice 1 hr

One course from the following:

- CTAR 450 - History of the Theatre to 1642 3 hrs
- CTAR 451 - History of the Theatre 1642 to the Present 3 hrs

Elective Courses: 3-6 hours

Select courses beyond the 100-level in theatre arts or in other departmental areas specified under the major.

Minor Total: 22-25 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

Last updated: 3/2011

Communication

CTAC 124 - Fundamentals of Speech (Gen Ed Area I)

More intensive theory and practice in the principles of effective speech composition.

Credit Hours: 3 hrs

Area I: Effective Communication

CTAC 124 Fundamentals of Speech or departmental waiver [was CTAS124]
The ability to communicate is fundamental to human life. We spend more time communicating than doing anything else. The ability to communicate effectively has a profound impact on an individuals personal, social, academic, professional and civic life. Developing the skills of speaking and listening effectively is a critical not only to the individual, but also to the successful functioning of a growing and increasingly diverse democratic society.

Successful accomplishment of the Fundamentals of Speech course will enable students to prepare, present and evaluate speeches; thus enhancing and developing their ability to communicate effectively. Students will receive the appropriate instruction and have multiple opportunities to demonstrate the ability to conceptualize, analyze and research a topic; organize information; adapt to the audience' craft the message with an introduction; body, and a conclusion' create speaking notes; utilize a variety of audio-visual material' make appropriate choices in both verbal and nonverbal communication during the presentation' manage speech anxiety' and listen both critically and emphatically. This course will assist the university in meeting the charge of the Boyer Commission when it stressed in 1998 that "Undergraduate education must enable students to acquire strong communication skills and thereby create graduates who are proficient in both written and oral communication."

CTAC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
Credit Hours: 3 hrs

CTAC 224 - Public Speaking

The characteristics of various types of speeches and speech situations and practice in the preparation and delivery of speeches for various occasions.

Credit Hours: 3 hrs
Prerequisite: CTAC 124
Last Updated: Links 04/2011

CTAC 225 - Listening Behavior (Gen Ed Area IV)

The study of the behavior, processes and theory of human listening; practice in improving listening skills.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAC 225 Listening Behavior
While people often think of communication as primarily what is spoken, what is heard is equally important. Social scientists have estimated that approximately 85% of what people know has been learned through listening. In our field, we study and investigate individual communication behaviors such as listening, which in turn influence and change organizational, societal and cultural behavior. As a result, communication researchers have investigated, measured and analyzed listening behaviors in various contexts. Students will investigate the complexity of listening through assignments designed to provide experience with social science methods utilized to conduct qualitative and quantitative research, and read the existing social scientific research in listening behavior; and be able to evaluate their proficiency levels in various listening situations using instruments commonly used in the communication discipline. Students will also formulate research questions and investigate human listening behavior through discussion, reading assignments and interactive exercises.

CTAC 226 - Nonverbal Communication (Gen Ed Area IV)

An examination of nonverbal and situational behaviors, relationships, objects and events surrounding speech communication acts.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAC 226 Nonverbal Communication
Social scientists have estimated that 60-70% of what we communicate to one another is through the nonverbal channel. Nonverbal communication is the primary mode of expressing emotion, creating and managing impressions and communicating messages of attraction, liking, distance and dominance. This course is designed to introduce students to the social scientific study and analysis of nonverbal communication. For this reason the emphasis of CTAC 226 is on scientific knowledge rather than anecdotal experience. the course will cover both classic and current theories and research related to nonverbal communication. From Darwin's seminal work on the study of emotional expression in humans to current methods of conversational analysis, the field of nonverbal communication has a long history of research from a social scientific perspectives.

CTAC 227 - Interpersonal Communication (Gen Ed Area IV)
Study and practice of the basic elements of interpersonal communication with emphasis on perception, meanings, attention, listening, feedback and communication barriers. Particular attention is given to improving interpersonal communication skills. This course may not substitute as the fundamentals of speech requirement in general education.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAC 227 Interpersonal Communication
Interpersonal communication is the exchange of symbols used to achieve self-presentation, relational and instrumental goals. In other words, how we present ourselves and manage our image to others, how we develop, maintain and terminate relationships and how we use communication to develop and obtain resources. Interpersonal communication is the foundation upon which all relationships, organizations and societies are built. Interpersonal communication is often taken for granted. We assume since we engage in interpersonal interactions on a daily basis we understand what it is. Students will move from their personal understanding of interpersonal communication to the social scientific perspective existing within the discipline. This course is designed to introduce students to the social scientific study and analysis of interpersonal communication. Theories such as attribution, expectancy violation, uncertainty reduction, social exchange, coordinated management of meaning and cognitive dissonance and research methods such as experimental design, conversational analysis, content analysis and ethnography will be explored.

CTAC 260 - Gender Communication (Gen Ed Area III)

Exploration of the multifaceted ways communication, culture, and gender are interconnected and the influences of each. Critical analysis of gender communications "differences" as they are influenced by culture and our everyday communication.

Credit Hours: 3 hrs
Cross-Listed with: WGST 260

Area III: Perspectives on a Diverse World

CTAC 260 Gender Communication [was CTAC/WGST 360]
Gender Communication is communication about and between men and women. It is communication about men and women because gender communication is reflected in everything around us. From the time we are born important people in our life communicate our society's gender expectations to us. While individuals vary in the extent to which they accept or reject those messages, we all "do gender" by expressing our views about what we believe is normal or natural for a member of our sex. Since gender is a social construction that changes over time, it is important that we systematically study it to determine how it affects us, the people with whom we interact, and the world in which we live. Gender communication is also communication between men and women. In the United States interactions between women and men occur every hour of every day. The sheer number of contacts we have with the opposite sex heightens the need to study the effects of gender on the communication process.

CTAC 260 meets the U.S. diversity requirement of general education because it allows students to examine their gender identity and relate it to the gender identity of others. This ultimately leads to an understanding of the many different ways people view gender and communication in the United States. Attention is also focused on the communication-related causes and consequences of social intolerance toward individuals who deviate from normative sex and gender roles, and how that intolerance relates to racism, ethnocentrism, and exclusion in the United States. Last but not least, students explore the association between gender and income distribution, economic opportunities, political participation and the U.S. democratic process, and how those variables impact communication between and within the sexes.

Last Updated: Links 04/2011

CTAC 265 - Communicating LGBT Community (NEW COURSE)
Communication and LGBT Community examines communication about and within diverse Lesbian, Gay, Bisexual, and Transgender identity communities. Patterns in social movement, issue advocacy, group identity expression, and media representation are reviewed and evaluated. The course explores questions of intolerance, stereotyping, and intersectionality, applying perspectives drawn from communication and queer theories.

Credit Hours: 3 hrs
Course Revisions: This is a new course, effective Winter 2012.

CTAC 274 - Intercultural Communication (Gen Ed Area III)

Analysis of processes and problems of communication as affected by national cultures; effects of differences in verbal and nonverbal communication, values, meaning, perception and thought.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAC 274 Intercultural Communication [was CTAC 374]
The modern world is characterized by a dramatic increase in communication between people of different cultural backgrounds. Students are now graduating into a world where intercultural communication is increasingly common. Business, science, education, mass media, entertainment, tourism, politics, war and the internet all provide opportunities and challenges associated with intercultural encounters. CTAC 274 is designed to help students better understand their own cultural communication style and those of other people, groups and nations. Upon completion of this course students will have a better understanding of cultures that differ from their own, develop a universalistic, realistic, worldview and learn how culture impacts communication at both the interpersonal and societal levels.

CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III)
The analysis of how ethnocentric attitudes toward perceived racial/ethnic minority group speakers/listeners influence interpersonal communication transactions.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAC 275 Interracial/Interethnic Communication [was CTAC 375]
CTAC 275 Interracial/Interethnic Communication on meets the U.S. diversity requirement of general education because it prompts students to consider and evaluate the foundations of race/ethnicity based identities and assumptions in the context of interpersonal interacting. Attitudes about racially and ethnically different "others" are both developed and expressed through conversation (Debra J. Dickerson, The End of Blackness: Returning the Souls of Black Folk to their Rightful Owners). The persistent issue of racial and ethnic inequality in the United States becomes visible in the language and non-verbal expression of people between and within diverse identity groups. When viewed through the lens of communicative interaction, we understand how interpersonal interaction offers socially and persuasively constructed identities, social roles and status. The increasingly racially and ethnically diverse fabric of American Culture suggests that our interaction with "others" is near constant. The need to understand how race and ethnicity inform our communication choices, shape our understanding of messages and clarify our individual and group relationship to a changing world is vital.
CTAC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAC 307 - The Teaching of Speech

Emphasizes the analysis and construction of courses of study, evaluation of textbooks and teaching materials, methods of directing co-curricular speech activities and demonstrations of teaching methods. Required of students majoring in communication and theatre arts in the junior or senior high school teaching curriculum. Does not count toward the major or minor. Not open to students on academic probation.

Credit Hours: 3 hrs
Prerequisite: CTAC 124, CURR 305 and admission to College of Education
Last Updated: Links 04/2011

CTAC 340 - Communication Ethics

This course will examine frameworks for ethics guiding human communication conduct in various contexts including public, interpersonal and organizational settings. Freedom of Speech will be explored as a privilege and responsibility of American life. Historical cases and contemporary trends will be examined in both free speech and ethical studies.

Credit Hours: 3 hrs
Prerequisite: CTAC 124
Last Updated: Links 04/2011

CTAC 350 - Persuasion

The study of the basic elements inherent in persuasion; the analysis of representative persuasive speeches; practice in securing the acceptance of ideas through psychological appeals as well as logical reasoning.

Credit Hours: 3 hrs
Prerequisite: CTAC 124
Last Updated: Links 04/2011
CTAC 352 - Communication in Negotiation

The course emphasizes the principles and practice of negotiation strategies and techniques in interpersonal and group interactions, grievance handling and collective bargaining.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124 or department permission  
Last Updated: Links 04/2011

CTAC 354 - Organizational Communication

The course examines the relationship between organizational structures and communication patterns with an emphasis on individual communication strategies appropriate in different organizational settings.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Last Updated: Links 04/2011

CTAC 356 - Argumentation and Debate

Emphasizes the principles of logical reasoning and oral presentation of reasoned discourse in group situations. Exercise in debate and in general argumentative speaking.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Last Updated: Links 04/2011

CTAC 357 - Interviewing as Communication

The principles and practices of the interview as they relate to communication elements; the interview process, structure, functions and techniques explored from both the perspective of the interviewer and the interviewee.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124 or department permission  
Last Updated: Links 04/2011

CTAC 359 - Small Group Communication

The course provides students with an understanding of theory and research in small group interaction. Practical dimensions of group communication are emphasized through group projects and exercises.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Last Updated: Links 04/2011

CTAC 370 - Nonprofit Organizational Communication

A critical examination of the fundamental differences between communication in a for-profit organization and communication in a nonprofit organization. Students will learn and apply communication skills necessary to effectively and efficiently communicate in a nonprofit organization.
Credit Hours: 3 hrs

CTAC 372 - Assertive Communication

Individualized approach to study and training in effective assertive communication for social, conversational and career-oriented situations.

Credit Hours: 3 hrs
Prerequisite: CTAC 124 or department permission
Last Updated: Links 04/2011

CTAC 373 - Family Communication

Descriptive and theoretical study of communication in families with emphasis on the influence of family communication on individuals.

Credit Hours: 3 hrs
Prerequisite: CTAC 124 and CTAC 227
Last Updated: Links 04/2011

CTAC 376 - Communication and Conflict Resolution

This course explores communication dynamics, processes and applications of conflict resolution procedures to the areas of interpersonal and organizational communication interactions. Emphasis will be on the theory and practice of the communication principles involved in these processes.

Credit Hours: 3 hrs

CTAC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
CTAC 387 - Cooperative Education in Communication

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr  
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAC 388 - Cooperative Education in Communication

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs  
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAC 389 - Cooperative Education in Communication

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs  
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission  
Notes: One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum

The course provides an exploration of the philosophy, pedagogy, organization and administration of co-curricular activities associated with communication and theatre arts at the secondary level. Students will study current trends in the Michigan secondary education communication and theatre co-curriculum and acquire skills essential to directing such programs.

Credit Hours: 2 hrs  
Prerequisite: CTAC 124  
Last Updated: Links 04/2011

CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W)

The course provides a critical study of public communication focusing on the role of advocates and their messages in an open society.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Class Restrictions: Junior or Senior standing  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 460 - Theories of Speech Criticism

A study of the theoretical and critical works from various eras of western culture.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Class Restrictions: Junior or Senior standing
CTAC 475W - Research in Speech Communication (Gen Ed Area I, W)

An examination of methods currently employed in speech communication, as well as a review of the many types of application now being made. Course includes analysis of speech communication behavior.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Class Restrictions: Junior or Senior standing  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAC 485W - Communication Theory (Gen Ed Area I, W)

Communication Theory offers an analysis and application of classic and current theories in the communication discipline.

Credit Hours: 3 hrs  
Prerequisite: CTAC 124  
Class Restrictions: Junior or Senior standing  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 487 - Internship in Communication

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.
CTAC 488 - Internship in Communication

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 1 hr
Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 489 - Internship in Communication

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 2 hrs
Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 495L - Communication Capstone (Gen Ed Area V LBC)

This course requires students to integrate knowledge obtained throughout the degree program and demonstrate communication competency through the development of a significant academic service-learning project. Students will also assess their own knowledge and skills and begin preparing for life after graduation.

Credit Hours: 3 hrs
Prerequisite: CTAC 124 and one of the following: CTAC 440W, CTAC 460, CTAC 475W or CTAC 485W
Class Restrictions: Senior standing
Major Restrictions: Communication Majors only
Rationale: This course allows students to integrate knowledge obtained throughout the degree program and demonstrate communication competency. Students will also reflect on their learning and begin framing and applying their degree program for life after graduation. The course will be focused around a significant Academic Service-Learning project. Through identifying a community need, designing and implementing a project based on that need, and then presenting that project to the larger campus community, CTAC 495 requires students to draw on their broad communication knowledge, find and evaluate specific and relevant research, and demonstrate appropriate and effective leadership, interpersonal, small group, organizational and public communication skills.

Last Updated: 02/2011; effective Fall 2011

CTAC 497 - Independent Study

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 1 hr
Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 498 - Independent Study
One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

**Credit Hours:** 2 hrs  
**Prerequisite:** 20 credit hours of concentration courses and department permission

### CTAC 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

### Communication and Theater Arts

#### CTAA 165 - Television Laboratory

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

**Credit Hours:** 1 hr  
**Prerequisite:** CTAT 130, CTAT 131 and CTAT 132; or department permission  
**Last Updated:** Links 04/2011

#### CTAA 166 - Forensics

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

#### CTAA 167 - Theatre Practice

Students participating in specific positions with major responsibility in productions of the EMU Theatre, the department’s instructional activity program in theatre arts, by prior permission of the department, may receive one hour of credit during a single semester. The specified positions and prerequisites are: heading a major technical crew for a faculty-directed production.

**Credit Hours:** 1 hr

#### CTAA 168 - Interpretation

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities and the credit may be earned in one activity or in several activities. Admission to the activity does not ensure credit. (Available with a focus on oral interpretation of literature for the young.)
CTAA 169 - Radio Station WQBR

Students who participate in co-instructional programs may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities, and the credits may be earned in one activity or in several activities. Admission to the activity does not ensure credit.

CTAA 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

CTAA 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

CTAA 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

CTAA 265 - Television Laboratory

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

CTAA 266 - Forensics
Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

Credit Hours: 1 hr
Prerequisite: department permission

CTAA 267 - Theatre Practice

Students participating in specific positions with major responsibility in productions of the EMU Theatre, the department’s instructional activity program in theatre arts, by prior permission of the department, may receive one hour of credit during a single semester.

Credit Hours: 1 hr
Prerequisite: The specified positions and prerequisites are: assistant directing and/or stage managing a faculty-directed production.

CTAA 268 - Interpretation

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities and the credit may be earned in one activity or in several activities. Admission to the activity does not ensure credit. (Available with a focus on oral interpretation of literature for the young.)

Credit Hours: 1 hr
Prerequisite: CTAO 210 or department permission
Last Updated: Links 04/2011

CTAA 269 - Radio Station WQBR

Students who participate in co-instructional programs may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities, and the credits may be earned in one activity or in several activities. Admission to the activity does not ensure credit.

Credit Hours: 1 hr
Prerequisite: CTAT 130 and CTAT 131; or department permission
Last Updated: Links 04/2011

CTAA 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

CTAA 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
Credit Hours: 2 hrs
Prerequisite: department permission

CTAA 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission

CTAA 365 - Television Laboratory

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

Credit Hours: 1 hr
Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission
Last Updated: Links 04/2011

CTAA 366 - Forensics

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

Credit Hours: 1 hr
Prerequisite: department permission

CTAA 367 - Theatre Practice

Students participating in specific positions with major responsibility in productions of the EMU Theatre, the department’s instructional activity program in theatre arts, by prior permission of the department, may receive one hour of credit during a single semester. The specified positions and prerequisites are: directing an experimental series production.

Credit Hours: 1 hr
Last Updated: Links 04/2011

CTAA 368 - Interpretation

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities and the credit may be earned in one activity or in several activities.

Credit Hours: 3 hrs
Prerequisite: CTAO 210 or department permission
Notes: Admission to the activity does not ensure credit. (Available with a focus on oral interpretation of literature for the young.)

Prerequisite: department permission

Interpretation/Performance Studies

CTAO 102 - Voice Development

A laboratory for developing strength and control of the speaking voice through physical and tonal exercises and choral speaking. Two regularly scheduled hours each week and additional sessions as arranged.

Credit Hours: 1 hr

CTAO 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
**CTAO 178 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CTAO 179 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

**CTAO 202 - Voice Development**

Advanced laboratory exercises and specialized projects: pronouncing foreign terms for professional speaking.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CTAO 205 - Voice and Articulation**

An introductory course for improving personal speaking habits. Emphasis is placed on regular practice to develop relaxed tone support, efficient articulation and vocal variety. Recording and listening laboratory hours arranged.

**Credit Hours:** 3 hrs

**CTAO 210 - Interpretative Reading (Gen Ed Area IV)**

The fundamentals of oral interpretation; developing poise and ease before an audience, a clear, forceful and flexible voice, and discrimination in interpreting thought to others. Selections will be prepared and presented in class.

**Credit Hours:** 3 hrs

**Area IV: Knowledge of the Disciplines**

**CTAO 210 Interpretative Reading**

In CTAO 210 Interpretative Reading students examine literature as a means of confronting, challenging and comprehending diverse histories, perspectives, cultural values and modes of expression. Through analysis and performance of literary texts students investigate a multiplicity of viewpoints, both similar to and divergent from their own. Ultimately, students seek to better understand literature as well as what it means both to be human and live in our world. Students will analyze literary texts and their intellectual, aesthetic and human dimensions through the methodology of solo performance. They will participate in
activities aimed at developing skills in textual analysis, sensory and cultural responsiveness, vocal and physical expression, and enhance their ability to make and communicate interpretive choices to others.

**CTAO 277 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CTAO 278 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

**CTAO 279 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

**CTAO 302 - Voice Development**

Advanced laboratory exercises and specialized projects: energetic vocal skills for theatre/interpretation.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**CTAO 310 - Ensemble Interpretation**

Ensemble Interpretation explores literary text from the group perspective. The emphasis is on staging literature through multiple bodies and voices utilizing presentational modes of performance, including reader’s theater and chamber theater.

**Credit Hours:** 3 hrs  
**Prerequisite:** CTAO 210 or department permission  
**Last Updated:** Links 04/2011

**CTAO 311 - Interpretation of Prose**

The application of the fundamentals of oral interpretation to the reading of prose with emphasis on the short story and excerpts from longer works of fiction. Special attention given to problems involved in the interpretation of prose.

**Credit Hours:** 3 hrs
CTAO 314 - Interpretation of Drama

Specific problems involved in interpreting dramatic literature. Emphasis placed on selection of materials, cutting and arrangement of materials, dialogue, characterization and character placement. Students will work individually and collectively in interpreting scenes from plays.

Credit Hours: 3 hrs

CTAO 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAO 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAO 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAO 387 - Cooperative Education in Oral Interpretation

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAO 388 - Cooperative Education in Oral Interpretation

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAO 389 - Cooperative Education in Oral Interpretation

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission
CTAO 402 - Voice Development

Advanced laboratory exercises and specialized projects: skills, theory and individualized projects.

Credit Hours: 1 hr
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011

CTAO 404 - Dynamic Speaking Skills

Projects emphasizing intensive application of voice and articulation theory and professional diction standards for actors, broadcasters, educators, forensic speakers, interpreters and other professional communicators. Laboratory hours arranged.

Credit Hours: 3 hrs
Prerequisite: Three courses in the department including either CTAO 102 or CTAO 205; or take CTAO 402 concurrently
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAO 405 - Voice and Dialects

Advanced projects in preparing oral presentations and characterizations in regional and foreign dialects.

Credit Hours: 3 hrs
Prerequisite: CTAO 205 or department permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAO 411 - Adapting and Directing Literature

Analysis, adaptation, and direction of literature, particularly prose fiction, for group performance and theatre. This course explores group performance as dramatic enactment, interrogation, cultural and critical expression as well as experimentation in emergent forms.

Credit Hours: 3 hrs
Prerequisite: three hours in CTAO (interpretation/performance studies) or department permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Title and Prerequisite Change 06/2011, effective Fall 2011

CTAO 412 - Oral Interpretation of Poetry

The application of the principles of oral interpretation to the reading of poetry, with emphasis on modern and contemporary poetry.

Credit Hours: 3 hrs
Prerequisite: CTAO 210
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAO 415 - Performing Oral Narratives
This course explores the nature of oral narratives, both personal and historical, and the development of skills necessary for their collection. The focus is on primary sources, including interviewing, transcribing, scripting and staging for performance, as well as ethical considerations.

**Credit Hours:** 3 hrs  
**Prerequisite:** Three credit hours in CTAO (interpretation/performance studies) or department permission

**CTAO 418 - Performing Shakespeare I**

Foundational course in approaching the performance of Shakespeare’s texts. Emphasis placed on language devices and structures, unique challenges for characterization and exploring his drama in and out of context. Students will work individually and collectively with Shakespeare's Histories and Comedies.

**Credit Hours:** 3 hrs

**CTAO 419 - Performing Shakespeare II**

Workshop in approaching the performance of Shakespeare’s tragedies. Emphasis placed on individual proficiency in the use of his language and group exploration of his dramas.

**Credit Hours:** 3 hrs  
**Prerequisite:** CTAO 418 or instructor permission  
**Last Updated:** Links 04/2011

**CTAO 477 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr

**CTAO 478 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**CTAO 479 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs

**CTAO 487 - Internship in Interpretation**

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.
Credit Hours: 1 hr
Prerequisite: 20 credit hours of concentration courses and department permission

CTAO 488 - Internship in Interpretation

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 2 hrs
Prerequisite: 20 credit hours of concentration courses and department permission

CTAO 489 - Internship in Interpretation

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 3 hrs
Prerequisite: 20 credit hours of concentration courses and department permission

CTAO 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr
Prerequisite: department permission

CTAO 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs
Prerequisite: department permission

CTAO 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs
Prerequisite: department permission

Telecommunications and Film

CTAT 130 - Introduction to Electronic Media

An introduction to electronic media systems in the United States. Emphasis on development of electronic media industries including radio, television, cable and the Internet. Programming, technologies, government regulation, financial support and
social effects are covered.

Credit Hours: 3 hrs

CTAT 131 - Introduction to Audio Production and Direction

For majors and minors only. This course emphasizes basic skills, concepts and strategies for audio production projects including radio ads, sound pictures, air checks and actualities. This is a required course for all majors and minors and a prerequisite to other production courses.

Credit Hours: 2 hrs

CTAT 132 - Introduction to Video Production and Direction

For majors and minors only. Class meets three times a week and emphasizes studio television production. Students learn the process of writing, producing and directing of commercials, news and talk shows in a multiple camera studio setting.

Credit Hours: 2 hrs
Prerequisite: CTAT 131
Last Updated: Links 04/2011

CTAT 141 - Audio and Video Production for Nonmajors

For non-majors and nonminors. A study and application of the technical elements of audio and video production with an emphasis on the operation of studio equipment. In addition to the hands-on participation, emphasis will be placed on theory, writing, and pre-production.

Credit Hours: 3 hrs

CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV)

An introduction to understanding the moving image as a medium of artistic expression and persuasion. The course will consider the principal components of film/video language including photography, writing, performances, editing, mise-en-scène and major classification systems such as genres and auteurism. It will include an historical overview of the development of film/video industries, major theoretical approaches, and an analysis of the moving image’s effects on audiences.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAT 145 Introduction to Film Appreciation
Motion pictures are one of the most dominant, dynamic and influential art form of the past 100 years, and a knowledge of how they are made, their modes of style and methods of shaping content, and their interaction with the culture that produces them are an important part of any student's general education program. In studying motion pictures, students learn about key issues that are found in all the arts. These include the relationship between style and content, the influence of technology on form and substance, the effect of cultural norms, the definition of time and space, the creation of order and coherence, and stylistic change over time. In this course, students will learn how motion pictures are made and will become familiar with the creative processes used to shape content to the unique requirements of film art. They will develop the critical skills necessary to evaluate films from an historical perspective and compare them to related art forms. They will learn to judge a motion picture's success in using visual design, narrative structure, language, music and performance to create an effective and meaningful cinematic experience.
CTAT 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAT 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAT 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAT 231 - Audio Recording Techniques

An introduction to the practical problems of recording music ensembles from soloists to symphony orchestras. A professional audio engineer will supervise on-site recording sessions and all postproduction work.

Credit Hours: 3 hrs
Lecture/Lab Hours: Two regular lecture hours and two hours of laboratory per week. Fieldwork projects arranged. Laboratory fee.
Prerequisite: CTAT 130 and CTAT 131; or department permission
Last Updated: Links 04/2011

CTAT 235 - International Cinema

An exploration of cinema produced in other countries, including essential films, directors, and production systems; an introduction to the study of international films by analyzing their influence on film history, investigating important cultural issues and the depiction of those issues, and comparing films of other nations to US cinema.

Credit Hours: 3 hrs
Course Revisions: This course will become Gen Ed Approved (Area III: Perspectives on a Diverse World), effective Winter 2012.

Last Updated: Gen Ed Approval 12/2011, effective Winter 2012; New Course 06/2011, effective Fall 2011

CTAT 236 - History and Criticism of Radio and Television

An historical and critical survey of radio and television entertainment and public affairs programming with an emphasis on how the networks’ offerings were received by a select number of social and cultural critics of the two media.

Credit Hours: 3 hrs
Prerequisite: CTAT 130
Last Updated: Links 04/2011

CTAT 241 - Radio-Television-Film Announcing

A study of the various types of radio and television nondramatic speaking such as news, commercials, interviews and documentaries. Practice and evaluation of announcing types and styles.

Credit Hours: 3 hrs

CTAT 245 - A Survey of American Cinema

This course is a chronological survey of the development of American cinema with an emphasis on the roles played by technological innovations, corporate development, government intervention and the emergence of a dominant mode of film production practice. Key films by important directors from the entire period will be screened and discussed.

Credit Hours: 3 hrs
Prerequisite: CTAT 145 or department permission
Last Updated: Links 04/2011

CTAT 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAT 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAT 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAT 331 - Intermediate Radio Production and direction

This course focuses on the production of nondramatic radio programming including promotional spots, advertisements, documentaries and air checks in a variety of formats. Emphasis is on advanced production skills and developing broader knowledge of the industry.

Credit Hours: 3 hrs
Prerequisite: CTAT 130, CTAT 131 and CTAT 132 or CTAT 141; or department permission
Last Updated: Links 04/2011
CTAT 332 - Intermediate Television Production and Direction

The fundamentals of nondramatic ENG single camera and studio style production are explored as well as basic electronic video editing. More advanced production techniques and theory are applied in both studio and field settings.

Credit Hours: 3 hrs
Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission
Last Updated: Links 04/2011

CTAT 333 - Fundamentals of Electronic Moviemaking

An introduction to the principles of digital video production. Course offers theory and practice of digital video continuity, master sequencing, narrative and non-narrative editing. Two short video projects will be required.

Credit Hours: 3 hrs
Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission
Last Updated: Links 04/2011

CTAT 334 - Radio-Television News

A study of the principles, techniques and forms of broadcast journalism. Emphasis is placed on broadcast news writing, editing, and delivery.

Credit Hours: 3 hrs
Prerequisite: JRNL 215
Major Restrictions: Journalism Majors and Minors only
Last Updated: Links 04/2011

CTAT 335 - Studies in Film

Students will examine non-Hollywood films including European, Asian and Third World theatrical film or documentary, animated and experimental films or film music. The topics will alternate over terms to allow for an in-depth approach.

Credit Hours: 3 hrs
Prerequisite: CTAT 145
Last Updated: Links 04/2011

CTAT 336 - Studies in Electronic Media

In this course, students will be able to study a variety of different electronic media topics including media literacy, international broadcasting and electronic media regulation. Other topics may be introduced.

Credit Hours: 3 hrs
Prerequisite: CTAT 130 or department permission
Last Updated: Links 04/2011

CTAT 341 - Radio-Television-Film Dramatic Performance

A study of types and styles of dramatic speaking for radio, television and film. Practice in the basic techniques of acting for the three media.
CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W)

A study of the nondramatic writing forms for electronic media, including commercials, public service announcements, interview programs and documentaries.

CTAT 345 - American Film Genres

This course examines key American film genres, both past and present, identifies their unique narrative and stylistic properties and shows their important economic, social, psychological and symbolic functions. Genres to be considered include westerns, musicals, horror films, science fiction films, the "woman's" film, detective films, African American films and sequels.

CTAT 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

CTAT 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

CTAT 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

CTAT 387 - Cooperative Education in Radio-TV-Film

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.
CTAT 388 - Cooperative Education in Radio-TV-Film

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs  
Prerequisite: nine hours in concentration, approval by Cooperative Education Office and department permission

CTAT 389 - Cooperative Education in Radio-TV-Film

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs  
Prerequisite: nine hours in concentration, approval by Cooperative Education Office and department permission

CTAT 431 - Advanced Radio Production and Direction

A continuation of CTAT 331. Advanced theory and practical experience in production of longer, more complex dramatic and nondramatic material for radio.

Credit Hours: 3 hrs  
Prerequisite: CTAT 130 and CTAT 132  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAT 432 - Advanced Television Production and Direction

A continuation of CTAT 332. Principles, practices and techniques of directing and producing dramatic material for television. Major television formats discussed and analyzed. Practical experience in depth provided for each student. Laboratory fee.

Credit Hours: 3 hrs  
Prerequisite: CTAT 332 or department permission  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAT 433 - Advanced Electronic Moviemaking

Course will guide students through intensive use of video editing software. The theory and practice of narrative and non-narrative editing techniques will be reinforced through a series of short digital video projects.

Credit Hours: 3 hrs  
Prerequisite: CTAT 333 and department permission  
Last Updated: Links 04/2011

CTAT 444 - Dramatic Scriptwriting for Visual Media

This course introduces the fundamentals, both form and content, of writing fiction for the screen. Principles and conventions of episodic drama, situation comedy, made-for-TV movies, and full-length films will be covered. Models of excellence will be viewed and discussed. Students will be assigned several writing exercises and will write an original 30-minute script.

Credit Hours: 3 hrs
**CTAT 445 - Film Theory and Criticism**

An intensive study of the key theories of film structure, historical development and sociological function. Emphasis upon theories of editing, auteur criticism, genres and textual analysis.

- **Credit Hours:** 3 hrs
- **Prerequisite:** CTAT 145
- **Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.
- **Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CTAT 446 - Contemporary Problems in Electronic Media**

A study of contemporary issues and problems affecting the electronic media industries, including cultural influences, programming, new technologies, government regulation and research.

- **Credit Hours:** 3 hrs
- **Prerequisite:** CTAT 130
- **Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.
- **Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CTAT 447 - Radio-Television Station Management**

Study of station management in the areas of advertising, programming, personnel, applied research and public relations.

- **Credit Hours:** 3 hrs
- **Prerequisite:** CTAT 130
- **Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.
- **Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CTAT 477 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

- **Credit Hours:** 1 hr

**CTAT 478 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

- **Credit Hours:** 2 hrs

**CTAT 479 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
Credit Hours: 3 hrs

CTAT 487 - Internship in Radio-TV-Film

One semester of practical, on-the-job work experience and training (10 hours per week minimum) at select on-campus or off-campus facilities.
http://www.emich.edu/cta/opp-career.html

Credit Hours: 1 hr
Prerequisite: 20 hours of concentration courses and department permission

CTAT 488 - Internship in Radio-TV-Film

One semester of practical, on-the-job work experience and training (10 hours per week minimum) at select on-campus or off-campus facilities.
http://www.emich.edu/cta/opp-career.html

Credit Hours: 2 hrs
Prerequisite: 20 hours of concentration courses and department permission

CTAT 489 - Internship in Radio-TV-Film

One semester of practical, on-the-job work experience and training (10 hours per week minimum) at select on-campus or off-campus facilities.
http://www.emich.edu/cta/opp-career.html

Credit Hours: 3 hrs
Prerequisite: 20 hours of concentration courses and department permission

CTAT 495 - Capstone Experience

Credit Hours: 3 hrs
Last Updated: Created 07/2011

CTAT 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr
Prerequisite: department permission

CTAT 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs
Prerequisite: department permission
CTAT 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

**Credit Hours:** 3 hrs
**Prerequisite:** department permission

Theatre and Educational Drama

CTAR 106 - Introduction to the Performing Arts (Gen Ed Area IV)

A survey of the arts of dance, theatre and music, developing an understanding and appreciation of representative works in the three fields. The place of these arts in contemporary society and their contribution to a richer life receive special emphasis. Attendance required at specific on-campus performances. Not open to those with credit in MUSC 106/DANC 106.

**Credit Hours:** 3 hrs

**Area IV: Knowledge of the Disciplines**

CTAR 106 Introduction to Performing Arts

Introduction to the Performing Arts meets the general education requirement for Arts in the knowledge of the disciplines. The performing arts provide knowledge about the world and ways of experience it that contribute to an understanding that is both unique and different from those gained through other disciplines. The arts present insights about personal experiences common to us all—experiences such as birth, love, conflict and death. They also convey cultural meanings and values, such as patriotism and war. In the arts, personal and cultural meanings go far beyond the enjoyment of beauty. The arts convey knowledge and meaning not learned through the study of other subjects. In this course, students will learn how the performing arts convey personal and cultural meaning in lived space and time through qualities such as movement and sound that are unique to dance, music and theatre, they will discover the rich and unique ways that meaning in the performing arts takes shape in specific mediums, genres and styles.

*Last Updated:* Links 06/2011

CTAR 150L - Introduction to Theatre (Gen Ed Area IV)

A lecture-demonstration course with the purpose of fostering appreciation of theatre through an understanding of its production components, its forms and styles, and its historical development. Attendance required at select EMU theatre productions. Required of theatre arts majors and minors.

**Credit Hours:** 3 hrs
**Notes:** This course will count as credit for Learning Beyond the Classroom.

**Area IV: Knowledge of the Disciplines**

CTAR 150L Introduction to Theatre (also fulfills Area V #3 Group C)

Theatre is an integral component of human experience. The study of theatre promotes reflection, collaboration and individual expression. As a reflector of cultural traditions, theatre illuminates customs, mores and behaviors. As a collaborative endeavor it encourages both critical and creative thinking. As a method of individual expression it facilitates the articulation of intellectual and emotional experience. Since theatrical production involves literature, music, movement and design it is an ideal vehicle for the study of the arts.
CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III)

An introductory survey of the roots, purposes and contemporary manifestations of theatre and drama reflecting the African American experience. Emphasis will be placed on the reading, analysis and discussion of representative African American plays.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAR 151 African American Theatre: An Introduction
CTAR 151- African American Theatre is a study of African American drama and theatre arts in the United States and its evolution from the nineteenth century to contemporary expressions. In examining African American drama and theatre arts from historical and contemporary viewpoints, through reading, viewing, discussion and writing and about plays, the course also compares and contrasts the African American experience with other cultural groups in the United States. This Afrocentric approach to drama and theatre arts develops an appreciate for “ideas, concepts, events, personalities and political and economic process from a standpoint of black people as subjects, and not as objects, basing all knowledge on the authentic interrogation of location.” In this course, students will further read, view, discuss and write about plays applying the concepts of Afrocentric perspective, dispelling stereotypes, theatre production, script analysis and specific examples. CTAR151 meets the U.S. diversity requirement of general education because it uses the African Americans' experiences in the plays read, and the participants' contributions to drama and theatre arts, as a means to explore the diversity of the American experience. This course provides students with a multicultural perspective on the development of American drama and theatre arts, and also exposes them to the diversity of the American condition, which is often ignored. Students are encouraged by this course to continue their pursuit of critical-thinking discussion and writing skills, as well as developing an increased appreciation for African American drama and theatre arts. When Afrocentric productions are presented on campus, students will be required to see a live theatrical production.

CTAR 152 - Technical Theatre: Scenery and Lighting

The comprehensive study and application of design fundamentals and basic technology for theatrical scenery and lighting.

Credit Hours: 3 hrs

CTAR 153 - Technical Theatre: Costume and Makeup

The comprehensive study and application of design fundamentals and basic technology for theatrical costuming and makeup.

Credit Hours: 3 hrs

CTAR 155 - Producing Theatre

A comprehensive introduction to theatrical production organization: business management, direction and technical production. Laboratory hours by appointment.

Credit Hours: 3 hrs
Prerequisite: CTAR 150L strongly recommended for majors and minors
Last Updated: Links 04/2011

CTAR 157 - Beginning Acting

This course is designed for nontheatre majors desiring basic knowledge and practice of acting skills as related to the stage. Nonmajors will gain experience in self-awareness, relationships, character analysis, improvisation, scene study and acting exercises. Attention will be given to overcoming stage fright. For nontheatre majors only.
CTAR 158 - Fundamentals of Acting (Gen Ed Area IV)

A study of the fundamental theories and techniques of acting. Major emphasis on theatre acting, but consideration given to radio and television acting. Laboratory hours by arrangement.

Credit Hours: 3 hrs

Area IV: Knowledge of the Discipline

CTAR 158 Fundamentals of Acting
Theatre is central to reflecting and critiquing the human condition. Acting is a vital and core component of this discipline. This course enhances an appreciation of acting as art form, and develops fundamental knowledge and abilities necessary both to the craft of acting and other professions where proficiency in self-expression and clear communication are deemed valuable. Students learn to analyze the physical, cultural and emotional lives of characters in order to create honest portrayals for both peers and audience. This examination and reflection of the human condition engenders enthusiasm for continued pursuit of knowledge and learning as well as an increased appreciation of the arts.

CTAR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV)

A study of dramatic experience as intrinsic in human development. An introduction to spontaneous dramatic games and exercises as a way of sharpening imagination, deepening interpersonal relations and strengthening individual identity. Integration of such experience in learning and growth is emphasized.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines
CTAR 222 Drama & Play in Human Experience
Theatre reflects, challenges and celebrates the human experience. The first stepping-stones to understanding the human experience and the art of theatre reside universally in childhood. Here we learn and practice our ability to imitate others, transform reality and create meaning from our lives. Theatre artists use the same fundamental skills learned in childhood to create theatre productions. CTAR222 demystifies the theatre experience by directly teaching this relationship between play in childhood and theatre through participation in games and dramatic activities, lectures, readings, papers, journals, theatre attendance and participatory projects. This demystification process will reawaken skills in students that have often been buried or discarded in adulthood and provide students with the vocabulary to talk about their own and others dramatic experience. A critical viewpoint for analysis and a historical context of both play and theatre is founded on Aristotle's six elements of drama: (1) plot, (2) character, (3) thought (or theme), (4) dialogue, (5) rhythm, and (6) spectacle. As students develop skills in identifying and using these elements, their ability to generate and understand creative theatre products will increase.

CTAR 227 - Grant Writing for the Arts

This course provides students with the knowledge and skills needed to be successful in the development and submission of proposals to public and private funding agencies in support of arts and cultural programs. In this class students develop contemporary grant writing skills by participating in all phases of the grant process from research to program assessment.

Credit Hours: 2 hrs

CTAR 251 - African American Theatre: Creative Problems

A practical consideration of those creative aspects of the theatre production particular to African American theatre. Emphasis will be placed on the presentation of scenes from African American theatre.

Credit Hours: 3 hrs

CTAR 252 - Stagecraft

A study and application of the technical elements of play production with emphasis on stage mechanics, construction and scene painting. Laboratory hours will be arranged in order to ensure adequate practical experience in the scenic arts and crafts.

Credit Hours: 3 hrs
Prerequisite: CTAR 152; CTAR 155 strongly recommended for department majors and minors
Last Updated: Links 04/2011

CTAR 254 - Stage Makeup

The theory and techniques of theatrical makeup. Laboratory hours to be arranged.

Credit Hours: 1 hr

CTAR 258 - Movement for Actors

This is a performance-oriented survey of techniques exploring styles, history and theory of movement for actors. The class will include physical preparation, preparation of production materials, scripting movement design and actual performance.

Credit Hours: 3 hrs

CTAR 277 - Special Topics
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr

**CTAR 278 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**CTAR 279 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs

**CTAR 300 - Integrated Arts**

This course will expose students to multiple strategies on how to use the arts (drama, dance, music and visual arts) as means of fostering greater comprehension of any subjects within non-art disciplines.

**Credit Hours:** 3 hrs

**Prerequisite:** ARTE 220, DANC 220, MUSC 220

**Major Restrictions:** Elementary Education (all concentrations) and Special Education students only

**Last Updated:** Links 04/2011

**CTAR 313 - Contemporary Issues in Arts Management**

The influence of *Arts and Entertainment* in the economy, education, public policy and regional planning are critical to the growth of this discipline. Contemporary Issues allows students to develop a broad array of skills and knowledge in this uniquely diverse field.

**Credit Hours:** 3 hrs

**Prerequisite:** departmental or instructor permission required

**Last Updated:** New Course 06/2011, effective Fall 2011

**CTAR 317 - Case Studies in Arts Management**

This is a course that shares the benchmark events, artists and organizations that form the history of American arts management. In-depth study in specific subject areas such as the Creative Economy, Artist Live Work Spaces or Public Art Management will be covered. Specific subject areas will change each semester.

**Credit Hours:** 3 hrs

**Prerequisite:** department or instructor permission required

**Last Updated:** New Course 06/2011, effective Fall 2011

**CTAR 322 - Theatre for Children**
An introductory study of the development, philosophy and techniques of theatre for the young.

**Credit Hours:** 3 hrs

**CTAR 323 - Improvising and Role-Play**

Exploration of spontaneous dramatic play through intensive exercise and dramatic games meant to generate greater individual freedom and self-discipline, as well as to expand resources and techniques for teaching and directing.

**Credit Hours:** 3 hrs

**CTAR 324 - Oral Interpretation of Children's Literature**

Selection and evaluation of literature for oral interpretation with and for young people. Focus is on the use of narrative prose and folktales.

**Credit Hours:** 3 hrs

**CTAR 326 - Drama/Theatre for Persons with Disabilities**

Study of principles, theories and practices of developmental drama/theatre as related to physically challenged persons. Application to educational, recreational and institutional settings stressed.

**Credit Hours:** 2 hrs

**CTAR 327 - Plays for the Young**

A study of dramatic literature for the young from developmental and artistic viewpoints in the total educational experience of children and adolescents.

**Credit Hours:** 3 hrs

**CTAR 329 - Performing Theatre for the Young**

Students will gain practical experience in play development and performance for young audiences. A theatre production designed for touring will be performed at area schools and other community sites.

**Credit Hours:** 3 hrs

**CTAR 351 - Scene Design**

The history of design in terms of stage scenery; an investigation of current trends, techniques and media of scene design and the practical execution of models and sketches by the student.

**Credit Hours:** 3 hrs

**Prerequisite:** CTAR 252, CTAR 155 or department permission

**Last Updated:** Links 04/2011

**CTAR 355 - Play Direction**
An intensive study of the process of directing plays. Whenever possible, students in the course will direct a one-act play for public presentation. Laboratory hours by arrangement.

**Credit Hours:** 3 hrs  
**Prerequisite:** CTAR 155 or department permission  
**Last Updated:** Links 04/2011

### CTAR 358 - Characterization

The creation of character and characterization by the actor. Analysis, development and performance of roles studied in depth.

**Credit Hours:** 3 hrs  
**Prerequisite:** CTAR 157 or CTAR 158  
**Last Updated:** Links 04/2011

### CTAR 360 - Dramatic Composition

An examination of the elements of dramatic structure through the analysis and composition of works of varying scope. Emphasis on adult plays for the stage; the special problems of drama for children and for the various broadcast media also considered.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

### CTAR 361 - Dramatic Writing

Intensive concentration on the writing of a significant example of adult or children’s drama for the stage or the broadcast media.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

### CTAR 362 - Lighting Design: Stage and Beyond

The theory and practice of lighting design, primarily for the stage, but also in areas of dance, entertainment design, architectural lighting, music, clubs and restaurant lighting design. Topics will include basic electrical theory, lighting instruments, lighting consoles and dimmers, color theory, drafting light plots, and practices in stage lighting.

**Credit Hours:** 3 hrs  
**Prerequisite:** CTAR 152  
**Last Updated:** Links 04/2011

### CTAR 363 - Stage Costume: History and Theory

A survey of the principles and practices of stage costuming from antiquity to the present.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

### CTAR 364 - Stage Costume: Design and Construction

The fundamentals of designing theatrical costumes and a study of specific construction problems found in the making of period costumes.
Credit Hours: 3 hrs  
Prerequisite: department permission

**CTAR 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

**CTAR 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

**CTAR 379 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

**CTAR 387 - Cooperative Education in Arts Management**

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr  
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

**CTAR 388 - Cooperative Education in Arts Management**

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs  
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

**CTAR 389 - Cooperative Education in Arts Management**

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs  
Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

**CTAR 421 - Musical Theatre Styles**

Musical Theatre Styles is a performance course in which students address specific genre, style, or specific period of Musical Theatre with regard to performance. Students match their existing skills and talents with the chosen genre, style, or period
through research, presentations, rehearsal and technique development - culminating in a showcase performance for an invited audience.

Credit Hours: 2 hrs
Prerequisite: CTAR 461; department permission
Notes: This course may be repeated for credit.
Last Updated: Links 04/2011

CTAR 426 - Fund Raising in the Arts

Fund Raising in the Arts provides a comprehensive analysis of what students need to know about securing donations for Non-profit Art Organizations. Units include: managing the giving process, securing the gift, relationship building, donor research, volunteer involvement, and ethical accountability.

Credit Hours: 2 hrs
Class Restrictions: Sophomore, Junior or Senior standing

CTAR 427 - Grant Writing for the Arts

This course provides students with the knowledge and skills needed to be successful in the development and submission of proposals to public and private funding agencies. In this class students develop contemporary grant writing skills by participating in all phases of the grant process from research to program assessment.

Credit Hours: 2 hrs

CTAR 429 - History and Theory of Developmental Drama/Theatre

An introductory study of the history and theory of developmental drama/theatre. Students will become familiar with the current thinking of major practitioners in the field of developmental drama/theatre and consider the current research that involves the development of new or the validation of existing knowledge relating to history and/or theory of developmental drama/theatre.

Credit Hours: 3 hrs
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011

CTAR 450 - History of the Theatre to 1642

This course provides a culturally based survey of historical trends in world theatre, from antiquity to 1642. Specific attention will be paid to performance style, production practice, theatre architecture and dramatic literature. The course will investigate how theatre both reflects and has evolved via respective historical periods.

Credit Hours: 3 hrs
Class Restrictions: Junior standing or department permission

CTAR 451 - History of the Theatre 1642 to the Present

This course provides a culturally based survey of historical trends in world theatre, from 1642 to the present. Specific attention will be paid to performance style, production practice, theatre architecture and dramatic literature. The course will investigate how theatre both reflects and has evolved via respective historical periods.
CTAR 452 - Arts Management

A study of managerial practices of arts organizations and agencies. Emphasis on facility planning, personnel, income sources, promotion, budget development and management.

Credit Hours: 3 hrs
Class Restrictions: Junior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 453W - Marketing the Arts (Gen Ed Area I, W)

Relates traditional marketing practices to arts administration and provides experience in applying marketing skills to the arts. The study of marketing in the arts and information relating to past market analysis; research and preparation of a specific market plan for an arts organization; presentation of market plan.

Credit Hours: 3 hrs
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 454 - Law, Public Policy and the Arts

Examination of the impact of public policy and law on arts organizations and the individual artist. Particular attention is paid to tax policy, copyright, arts advocacy and contract law.

Credit Hours: 3 hrs
Prerequisite: 12 hours in arts management or department permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 455W - Dramaturgy (Gen Ed Area I, W)

Theoretical and applied investigation of dramatic texts in historical, literary and performative contexts as it contributes to collaborative production of theatre. Special attention will be given to research strategies, modes of textual analysis, genres of writing for/about theatre and dramaturgy's utility within various aspects of production.

Credit Hours: 3 hrs
Prerequisite: CTAR 450 or CTAR 451 or department permission
Class Restrictions: Junior or Senior standing
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAR 457 - Audition

Intensive study in the preparation of audition material for a wide range of stylistic demands that exist within the professional theatre.
Credit Hours: 3 hrs  
Prerequisite: CTAR 157, CTAR 158, CTAR 358, CTAR 461 or CTAR 464  
Last Updated: Links 04/2011

**CTAR 458 - Acting/Directing/Production Intensive I**

This course is the collaborative study and presentation of post-1850 theatrical styles and genres for actor, director and designer. Students work in production teams to develop and present simple solutions.

Credit Hours: 3 hrs  
Prerequisite: CTAR 355 and 12 hours in theatre or department permission  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

**CTAR 459 - Acting/Directing/Production Intensive**

This course is the collaborative study and presentation of pre-1850 theatrical styles and genres for actor, director and designer. Students work in production teams to develop and present multiple solutions.

Credit Hours: 2 hrs  
Prerequisite: CTAR 355 and 12 hours in theatre or department permission  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

**CTAR 461 - Musical Theatre Acting**

Analysis and application of the performance skills needed by the actor/singer in musical theatre.

Credit Hours: 2 hrs  
Prerequisite: nine hours in theatre arts or department permission  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011

**CTAR 462 - Directors on Directing**

Study of select, noted stage directors past and present.

Credit Hours: 2 hrs  
Prerequisite: CTAR 355 and nine hours in theatre arts or department permission  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

**CTAR 463 - The American Musical Stage**

Character, production, style in the American musical including concept musicals, operetta, golden age, rock, and musical revues. Historical survey and production workshop format.

Credit Hours: 3 hrs  
Class Restrictions: Junior standing or above  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011
CTAR 464 - Style for the Actor

This course will address the challenge of matching the actor’s personal methods with a wide range of stylistic demands that exist in the theatrical repertory. The student will discover that acting means translating the text into a series of actions and that physical actions take on a particular shape or style in accordance with the given circumstances of the text.

Credit Hours: 3 hrs
Prerequisite: CTAR 158 or CTAR 157
Class Restrictions: Open to Senior, Junior and Graduate students with permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAR 471 - Musical Theatre Workshop

This course is a laboratory-performance course in which students prepare performances of landmark musicals. The course promotes the development of skills necessary for students to effectively address the technical and stylistic demands of musicals as defined by period or genre. Particular attention is given to contemporary performance standards in structured production. The class culminates in a public performance.

Credit Hours: 1 hr
Prerequisite: CTAR 461
Notes: May be repeated for credit.
Last Updated: Links 04/2011

CTAR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAR 487 - Internship in Arts Management

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.
Credit Hours: 1 hr  
Prerequisite: 20 credit hours of concentration courses and department permission

**CTAR 488 - Internship in Arts Management**

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 2 hrs  
Prerequisite: 20 credit hours of concentration courses and department permission

**CTAR 489 - Internship in Arts Management**

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 3 hrs  
Prerequisite: 20 credit hours of concentration courses and department permission

**CTAR 496 - Senior Seminar**

A capstone course for theatre majors. A comprehensive and unified study of all areas of theatre. Combining knowledge and skills with preparation for professional careers and/or graduate study.

Credit Hours: 2 hrs  
Class Restrictions: Open only to department Seniors or by department permission

**CTAR 497 - Independent Study**

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr  
Prerequisite: department permission

**CTAR 498 - Independent Study**

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs  
Prerequisite: department permission

**CTAR 499 - Independent Study**

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs  
Prerequisite: department permission
CTAR 504 - Performing Youth Literature

Emphasis on the study and practice of performing story, poetry, mythology, mythmaking and oral interpretation of adolescent literature for multi-age audiences.

**Credit Hours:** 3 hrs  
**Notes:** This is a graduate course in an undergraduate program.

CTAR 522 - TIE: Theatre-in-Education

A study of the origin, principles and forms of TIE: Theatre-in-Education. Students will have opportunities to plan and evaluate TIE sessions.

**Credit Hours:** 2 hrs  
**Notes:** This is a graduate course in an undergraduate program.

CTAR 523 - Puppetry: Catalyst in Human Development

Consideration of puppetry as a medium for learning and creative expression. Experience in constructing puppets for purposeful work with people. Examination of the applications of puppetry to many disciplines.

**Credit Hours:** 3 hrs  
**Notes:** This is a graduate course in an undergraduate program.

CTAR 524 - Developmental Drama/Theatre for Persons with Disabilities

Study of principles, theories and practices of developmental drama/theatre for persons with disabilities. Applications to educational, recreational and institutional settings will be stressed.

**Credit Hours:** 2 hrs

CTAR 525 - Developmental Drama/Theatre in Recreational Settings

An exploration of the theory and practice of developmental drama/theatre in various recreational settings, such as camps, parks, community centers, Girl Scouts, 4-H Clubs.

**Credit Hours:** 2 hrs  
**Notes:** This is a graduate course in an undergraduate program.

CTAR 528 - Developmental Drama/Theatre in Religion

Consideration of and experience in uses of developmental drama/theatre for various religious settings and purposes.

**Credit Hours:** 2 hrs  
**Notes:** This is a graduate course in an undergraduate program.

CTAR 565 - Studies in Educational Drama and Theatre

Studies and practice of significant trends, movements and theory in educational drama and theatre.
Credit Hours: 3 hrs
Prerequisite: CTAR 322 or CTAR 323 or CTAR 501 or CTAR 504 or CTAR 529 or CTAR 657 or CTAR 658
Notes: This is a graduate course in an undergraduate program.

Computer Science Programs and Courses

Computer Science

Major

Computer Science - Applied Major

Successful completion of this major satisfies one of the requirements for graduation with a bachelor of science or bachelor of arts degree with a major in computer science. Graduates will be able to pursue advanced graduate degrees. The applied computer science major offers a mix of practice and theory that prepares students for career employment in computer science fields such as systems programming and analysis, software development and maintenance, as well as applications programming.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone Number: 487-3203
Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone Number: 487-3205
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 11 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 360 - Statistical Methods 3 hrs

Major Requirements: 36 hours

Required Courses: 24 hours
COSC 111 - Introduction to Programming 3 hrs
COSC 211 - Programming Data Structures 3 hrs
COSC 221 - Computer Organization I 3 hrs
COSC 231 - Internet-based Computing 3 hrs
COSC 311 - Algorithms and Data Structures 3 hrs
COSC 314 - Computational Discrete Structures 3 hrs
COSC 341 - Programming Languages 3 hrs
COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Four courses from the following:

COSC 315 - Symbolic Computing 3 hrs
COSC 321 - Computer Organization II 3 hrs
COSC 405 - Switching Theory 3 hrs
COSC 421 - Systems Programming 3 hrs
COSC 422 - Introduction to Microprocessors 3 hrs
COSC 423 - Computer Operating Systems 3 hrs
COSC 436 - Web Programming 3 hrs
COSC 439 - Computing Network Principles 3 hrs
COSC 444 - Foundations of Automata and Languages 3 hrs
COSC 445 - Compiler Construction 3 hrs
COSC 456 - Computer Graphics 3 hrs
COSC 457 - Computer Game Programming 3 hrs
COSC 461 - Heuristic Programming 3 hrs
COSC 471 - Database Principles 3 hrs
COSC 374 - Applied Cryptography 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.
Computer Science Major

The curriculum offers graduates an extensive background in the major fields of computer science. Graduates will have received the highest degree of preparation for either the pursuit of a graduate degree in the field, or for a career in the computer industry.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone Number: 487-3203
Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone Number: 487-3205
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Comprehensive Computer Science Curriculum Major: 77-81 hours

Required Courses: 39 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Elective Courses: 6 hours
Any 400-level computer science courses not already taken or select two from the list of courses below:

- COSC 315 - Symbolic Computing 3 hrs
- COSC 374 - Applied Cryptography 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs
- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs

Mathematics Requirements: 17-18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 360 - Statistical Methods 3 hrs

One course from the following:

- Any 200- or higher level course offered by the Mathematics Department not oriented specifically toward a teaching specialization (3 hrs)
- MATH 121 - Calculus II 4 hrs

Science Requirements: 15-18 hours

Four science classes are required.

1. Three of these (with prefix BIOL, CHEM, PHY, or ESSC) must be intended for majors in their respective disciplines, with two classes having the same prefix (e.g., CHEM) and being in sequence.

   The various sequences are:
   
   - BIO 110 followed by BIO 120
   - CHEM 121/CHEM 122 followed by either CHEM 123/CHEM 124 or CHEM 125/CHEM 126
   - ESSC 110 followed by ESSC 111
   - PHY 223 followed by PHY 224

2. The third class intended for majors must have a different prefix (e.g., if the sequence of two were in CHEM, the third would be in BIOL, ESSC, or PHY).

3. Additionally, a fourth science class is required. This class need not be intended for majors in that discipline. This fourth course should have a prefix of BIOL, CHEM, PHY, or PSY (not ESSC).
Option I: Biology

- An additional course from the Biology, Chemistry, Physics or Psychology department. This course need not be intended for majors in that discipline (3-5 hrs)
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs

Option II: Chemistry

- An additional course from the Biology, Chemistry, Physics or Psychology department. This course need not be intended for majors in that discipline (3-5 hrs)
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

Select one of the following options:

- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
  
  or

- CHEM 125 - Honors General Chemistry II (Lecture) 3 hrs
- CHEM 126 - Honors General Chemistry II (lab) 1 hr

Option III: Geology

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Option IV: Physics

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General
Secondary Education Computer Science Education Major

Successful completion of this program, in conjunction with other teacher education requirements, qualifies students for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in computer science, certification code NR, and, an additional endorsement depending on the minor selected. The Michigan Test for Teacher Certification (MTTC) covering this field is #050, “Computer Science.”

Students must be accepted into the Initial Teacher Preparation Program before enrolling in COSC 342 - Programming Languages for Educators, COSC 303 - Applications in Computer Science and COSC 306 - Methods of Teaching Computer Science in the Secondary Schools.

Phone Number: 487-3205
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 4 hours

- MATH 205 - Mathematical Structures for Computer Science 4 hrs

Major Requirements: 30 hours

Required Courses: 27 hours
COSC 101 - Computer Science Concepts and Practical Applications 3 hrs
COSC 111 - Introduction to Programming 3 hrs
COSC 211 - Programming Data Structures 3 hrs
COSC 221 - Computer Organization I 3 hrs
COSC 303 - Applications in Computer Science 3 hrs
COSC 311 - Algorithms and Data Structures 3 hrs
COSC 314 - Computational Discrete Structures 3 hrs
COSC 342 - Programming Languages for Educators 3 hrs
COSC 403 - Seminar and Project Design for Educators 3 hrs

Restricted Electives: 3 hours

One course from the following:

Other options by department permission

- COSC 105 - Everyday Computing and Social Responsibility 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- SOCL 462 - Complex Organizations 3 hrs
- STS 150 - Understanding Technology 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours
Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:

- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:

- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:

- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:

- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

French Language Majors, German Language Majors, and Spanish Language Majors take:

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Geography Majors, History Majors, and Social Studies Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Mathematics Majors take:

- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Physics Majors take:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs
Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
  This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; *courses taken at community colleges cannot be used to meet this requirement*. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: consult the online catalog at catalog.emich.edu.

Minor

Computer Science Minor

Successful completion of this minor satisfies one of the requirements for graduation with a bachelor of science or a bachelor of arts degree. Students pursuing majors in other fields such as mathematics, the physical and social sciences, the arts or business will learn the practical tools for applying current computer technology to their major areas of study.

Computer Science Department Information:

Department Head: William McMillan
Department Contact: wmcmillan@emich.edu
Web site: http://www.emich.edu/compsci/

Additional department information is available here in the online catalog.

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone Number: 487-3203
Email: mzeiger@emich.edu
Advisor: Pamela Moore  
Phone Number: 487-3205  
Email: pamela.moore@emich.edu  

Required Courses: 15 hours  

- COSC 111 - Introduction to Programming 3 hrs  
- COSC 211 - Programming Data Structures 3 hrs  
- COSC 221 - Computer Organization I 3 hrs  
- COSC 231 - Internet-based Computing 3 hrs  
- COSC 311 - Algorithms and Data Structures 3 hrs  

Restricted Elective Courses: 6 hours  

Two courses from the following:  

- COSC 314 - Computational Discrete Structures 3 hrs  
- COSC 315 - Symbolic Computing 3 hrs  
- COSC 321 - Computer Organization II 3 hrs  
- COSC 341 - Programming Languages 3 hrs  
- COSC 374 - Applied Cryptography 3 hrs  
- COSC 405 - Switching Theory 3 hrs  
- COSC 421 - Systems Programming 3 hrs  
- COSC 422 - Introduction to Microprocessors 3 hrs  
- COSC 423 - Computer Operating Systems 3 hrs  
- COSC 436 - Web Programming 3 hrs  
- COSC 439 - Computing Network Principles 3 hrs  
- COSC 444 - Foundations of Automata and Languages 3 hrs  
- COSC 445 - Compiler Construction 3 hrs  
- COSC 456 - Computer Graphics 3 hrs  
- COSC 457 - Computer Game Programming 3 hrs  
- COSC 461 - Heuristic Programming 3 hrs  
- COSC 471 - Database Principles 3 hrs  
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs  

Minor Total: 21 hours  

Note:  

All minors must have at least six hours of course work at the 300-level or above.  

Critical Graduation Information:  

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.
Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

Meet the requirements of the General Education program (see information below).

Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

Earn a minimum of 30 credits from courses taken at EMU.

Complete 10 of the last 30 hours for the degree from courses taken at EMU.

Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.

Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Computer Science Education Minor
Successful completion of this program, in conjunction with other teacher education requirements, qualifies students for recommendation for endorsement in computer science, certification code NR and an additional endorsement dependent on the major selected. The Michigan Test for Teacher Certification (MTTC) covering this field is #050, “Computer Science.”

Students must be accepted into the Initial Teacher Preparation Program before enrolling in COSC 342 - Programming Languages for Educators, COSC 303 - Applications in Computer Science and COSC 306 - Methods of Teaching Computer Science in the Secondary Schools.

University Information: Consult the online catalog at catalog.emich.edu.
Computer Science

COSC 101 - Computer Science Concepts and Practical Applications

The course emphasizes the uses and capabilities of computers in our society. Students will be exposed to several popular applications through hands-on lab activities. No previous experience with computers is assumed.

Credit Hours: 3 hrs
Notes: Counts toward the computer science minor if taken prior to or concurrently with COSC111 Introduction to Programming.

COSC 105 - Everyday Computing and Social Responsibility

Two hours lecture/discussion, two hours lab. This course combines extensive exploration of ethical issues faced by everyday computer users with hands-on practice using a broad variety of online and computer productivity tools to support socially responsible computer use.

Credit Hours: 3 hrs

COSC 106 - Explorations in Robotics (Gen Ed Area II)

Introduction to the theory of robotics and autonomous agents. Students will be exposed to technical and social aspects of robots in society. Students will complete selected readings, write several short papers and design and program simple robots. Rudiments of computer science topics as applied to robotics will be covered.

Credit Hours: 3 hrs

Last Updated: Gen Ed Approval 11/2009, effective Winter 2010

COSC 111 - Introduction to Programming

An introduction to computers, programming, algorithm development and a high-level language such as Java. In particular, strategies for problem solving, problem analysis, algorithm representation and algorithm verification are balanced with actual program development using good design and documentation techniques. The first course in the computer science major and minor, but open to all students.

Credit Hours: 3 hrs
Prerequisite: MATH 104 or equivalent

Last Updated: Links 04/2011

COSC 120 - Computational Principles for Mathematics and the Sciences

A hands-on introduction to programming and computational principles; use of programming and mathematical modeling to solve computational problems. Variables, types, data imprecision, arrays, conditionals, iteration, functions, recursion, file I/O, scripting, and documentation. Data analysis simulation and visualization. MATLAB or similar environment.

Credit Hours: 3 hrs
Prerequisite: (MATH 105 and MATH 107) or (MATH 112) or (MATH 107 and MATH 210) or placement

Last Updated: Links 04/2011

COSC 145 - Introduction to FORTRAN Programming
An introductory course for persons wishing to learn programming and applications of computers. Using the FORTRAN language, students develop and run programs to solve a variety of problems.

**Credit Hours:** 3 hrs

**Prerequisite:** minimum ACT score of 19, minimum SAT score of 520 or math placement test in elementary algebra greater than or equal to 53

**Major Restrictions:** Does not count toward Computer Science Major or Minor

**Notes:** Credit will not be given for more than one of COSC145 and COSC245.

**COSC 146 - Applied Programming**

Introduction to computer programming for the non-major. Introduces students to integrated development environments such as Visual Basic and other application tools. Students work in a combination of lectures and supervised computer labs.

**Credit Hours:** 3 hrs

**Major Restrictions:** Does not count towards the Computer Science Minor, Major or Curriculum

**COSC 177 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hrs

**COSC 178 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**COSC 179 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hrs

**COSC 205 - Computer Hardware and Software Systems**

An applied introduction to computers including: computer hardware, operating systems, Web design, networking, trouble shooting and maintenance of computers. Lab projects include: Taking apart computers, installing operating systems, building a network and creating a web page.

**Credit Hours:** 3 hrs

**Prerequisite:** CADM 105 or COSC 101

**Last Updated:** Links 04/2011

**COSC 211 - Programming Data Structures**
The second course in an introductory sequence for the computer science major, minor and others. Continues software engineering methodology through specification, design, coding and program correctness. Nested procedures and functions, scope and recursion. Introduction to data structures such as stacks, queues, linear lists, trees, sets and files. Analysis of sorting and searching algorithms.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 111  
**Last Updated:** Links 04/2011

### COSC 215 - Scientific Simulation

An introductory, non-calculus based, interdisciplinary course in simulation for the sciences, gaming, and engineering. Modeling dynamically changing systems. Approximations and errors. Single scale and multi-scale models. Grid and particle systems. May be team taught by faculty in computer science, physics, chemistry, earth science, biology and others.

**Credit Hours:** 3 hrs  
**Prerequisite:** (PHY 221 or CHEM 117 or ESSC 110 or BIO 105) and (COSC 111 or COSC 246)  
**Last Updated:** Links 04/2011

### COSC 221 - Computer Organization I

Introduces students to basic concepts of computer hardware and organization including: computer structure, machine language, instruction execution, traps and interrupts, digital representation of data, computer systems organization, elementary digital circuits, including memory and arithmetical. Students will write several programs in an assembly language simulator.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 111, COSC 145, COSC 245 or IS 219 or permission of the School of Engineering Technology  
**Last Updated:** Links 04/2011

### COSC 231 - Internet-based Computing

Programming for the Internet, including GUI design and development, event-driven programming, web page design and construction, programming for current Internet and Web technologies. Ethical issues on the Internet.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 111  
**Concurrent Prerequisite:** COSC 211  
**Last Updated:** Links 04/2011

### COSC 245 - Computer Programming and Numeric Methods

An introductory programming course focusing on numerical algorithms fundamental to scientific computer work. Discussion of polynomial interpolation, numerical integration, solutions of systems of equations and error analysis. Using the FORTRAN language, students develop and run programs to solve a variety of problems.

**Credit Hours:** 3 hrs  
**Concurrent Prerequisite:** MATH 121  
**Major Restrictions:** Does not count toward Computer Science Major or Minor  
**Notes:** Credit will not be given for more than one of COSC 145 and COSC 245  
**Last Updated:** Links 04/2011
COSC 246 - Programming in C++

Introduction to computers, programming techniques and integrated development environments using C and C++. Students work in a combination of lectures and supervised computer labs. Emphasis is on problem solving using good design principles and documentation techniques. Does not count towards the computer science minor, major or curriculum.

Credit Hours: 3 hrs
Prerequisite: COSC 101, COSC 111, COSC 145, COSC 146, MATH 105, MATH 107, MATH 118, MATH 119, MATH 120, an ACT score of 26, a minimum SAT score of 640 or math placement test in elementary algebra greater than or equal to 73
Last Updated: Links 04/2011

COSC 255 - Computer Hardware and Software Systems

An applied introduction to computers including: computer hardware, operating systems, web design, networking, troubleshooting and maintenance of computers. Lab projects include: Taking apart computers, installing operating systems, building a network, and creating a web page.

Credit Hours: 3 hrs
Prerequisite: CADM 105 and COSC 101
Last Updated: Links 04/2011

COSC 277 - Special Topics

A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.

Credit Hours: 1 hr

COSC 278 - Special Topics

A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.

Credit Hours: 2 hrs

COSC 279 - Special Topics

A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.

Credit Hours: 3 hrs

COSC 303 - Applications in Computer Science

Information systems, simulation, graphics, audio communication, artificial intelligence, instruction and training, and communications. The student will write or use previously written programs in each of the above areas using microcomputers. These programs will use many languages and programs including LOGO, PASCAL, BASIC, electronic spreadsheet and a database program.

Credit Hours: 3 hrs
Prerequisite: COSC 101 and COSC 211
Class Restrictions: Junior standing

Last Updated: Links 04/2011

COSC 306 - Methods of Teaching Computer Science in the Secondary Schools

Computer science programs in the high school, information and materials needed to prepare students for the teaching of computer science in these schools. Organization and content, methods of teaching and learning, security and maintenance of equipment, professional journals and magazines available for future growth, copying software and the legality of software duplication, dealing with diversity of abilities, problem-solving skills and strategies for debugging programs. This methods class does not count toward the major or minor.

Credit Hours: 3 hrs
Prerequisite: COSC 342, CURR 305 and admission to the Initial Teacher Preparation Program
Last Updated: Links 04/2011

COSC 311 - Algorithms and Data Structures

Linear lists, strings, arrays and orthogonal lists. Representation of trees and graphs. Storage systems, structures, storage allocation and collection. Symbol tables, searching and sorting techniques. Formal specification of data structures and data management systems.

Credit Hours: 3 hrs
Prerequisite: COSC 211 and COSC 221
Last Updated: Links 04/2011

COSC 314 - Computational Discrete Structures

Relations and algebraic structures, counting techniques, graphs, automata and languages and number theoretical algorithms. This course emphasizes discrete mathematical algorithms, their applications to problems in computer science and their implementations.

Credit Hours: 3 hrs
Prerequisite: COSC 211 and MATH 205
Last Updated: Links 04/2011

COSC 315 - Symbolic Computing

Symbolic computations and graphic representations in a computer algebra system such as mathematical; design of interactive notebooks; extensive use of electronic communications; applications from various areas of computer science, mathematics and the natural sciences; oral presentation of a project in an electronic classroom is required; lectures (two hours) and supervised lab (two hours).

Credit Hours: 3 hrs
Prerequisite: COSC 111 and MATH 122
Last Updated: Links 04/2011

COSC 321 - Computer Organization II

Basic digital circuits, data representation and transfer, digital arithmetic. Digital storage and accessing, control functions, input-output facilities, systems organization, reliability, simulation techniques. Multiprogramming, multiprocessing and real-time systems.
COSC 341 - Programming Languages

Formal definition of programming languages; structure of statements; global properties of algorithmic languages; data description; run time representation of programs; procedural languages such as C or C++ and nonprocedural languages such as lisp or prolog.

Credit Hours: 3 hrs  
Prerequisite: COSC 211 and COSC 221  
Notes: Credit will not be given for both COSC 341 and COSC 342  
Last Updated: Links 04/2011

COSC 342 - Programming Languages for Educators

Formal definition of programming languages; structure of simple statements; global properties of algorithmic languages; structure of list processing, string manipulation, data description and simulation languages; run-time representation of program and data structures. Special emphasis will be placed on education-oriented languages.

Credit Hours: 3 hrs  
Prerequisite: COSC 211 and COSC 221  
Notes: Credit will not be given for both COSC 341 and COSC 342  
Last Updated: Links 04/2011

COSC 374 - Applied Cryptography

Credit Hours: 3 hrs  
Prerequisite: (MATH 170 or MATH 205) and COSC 211  
Last Updated: Links 04/2011

COSC 377 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 1 hrs  
Prerequisite: COSC 211, COSC 221 and department permission  
Last Updated: Links 04/2011

COSC 378 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.
Credit Hours: 2 hrs  
**Prerequisite:** COSC 211, COSC 221 and department permission  
**Last Updated:** Links 04/2011

### COSC 379 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 3 hrs  
**Prerequisite:** COSC 211, COSC 221 and department permission  
**Last Updated:** Links 04/2011

### COSC 388 - Cooperative Education in Computer Science

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC388/COSC 488) alternating with full-time attendance at the University.

Credit Hours: 3 hrs  
**Prerequisite:** Any 300-level course in computer science; admittance to program by application; department permission  
**Class Restrictions:** Junior or Senior standing  
**Major Restrictions:** Computer Science Majors only  
**Notes:** Graded on a credit/no-credit basis  
**Last Updated:** Links 04/2011

### COSC 403 - Seminar and Project Design for Educators

Major project design and more formalized, structured programming. Each student will work on two original major programs, one of which will be a group project. The student will report on both projects (written and oral) and give a formal presentation of the individual project to the University community in the form of a public lecture.

Credit Hours: 3 hrs  
**Prerequisite:** COSC 311 and COSC 342  
**Class Restrictions:** Senior standing  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate credit 07/2011; Links 04/2011

### COSC 405 - Switching Theory

Switching algebra, gate network and sequential circuit analysis and synthesis. Boolean algebra, sequential circuit state and combinational circuit minimization, hazards and races, elementary number systems and codes.

Credit Hours: 3 hrs  
**Prerequisite:** COSC 211 and COSC 221  
**Class Restrictions:** Juniors and Seniors only  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011

### COSC 421 - Systems Programming
Batch-process systems programs, components and operating characteristics. Implementation techniques for parallel processing and interrupt handling. Overall structure of multiprogramming systems. Addressing techniques, file system design and management. Interprocess communication, design of system modules and interfaces.

Credit Hours: 3 hrs
Prerequisite: COSC 221, COSC 311 and COSC 341
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 422 - Introduction to Microprocessors

The fundamentals of small-system software development as it applies to microprocessors and minicomputers. Introduction to microprocessors and peripheral hardware; software and software development; applications. Students will have access to both microcomputers and a minicomputer to gain first-hand knowledge of this field.

Credit Hours: 3 hrs
Prerequisite: COSC 221 or department permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 423 - Computer Operating Systems

Credit Hours: 3 hrs
Prerequisite: COSC 221 and COSC 311
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 436 - Web Programming

Students will learn how to set up and configure a web server and associated services. Topics covered will include: CGI, JavaScript, Web security tools, server-side programming multifiles applets, data description languages, database connectivity, scripting languages and distributed applications. Exposure to security and efficiency issues.

Credit Hours: 3 hrs
Prerequisite: COSC 231, COSC 311 and COSC 341
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 439 - Computing Network Principles

The basic concepts of computer communication systems with particular emphasis on communication hardware and microcomputer networks. Students will be involved in the development and writing of software components of communications such as terminal emulators and file transfer packages. Basic communication theory and terminology, communication hardware devices, communication protocols and microcomputer networks.

Credit Hours: 3 hrs
Prerequisite: COSC 221 and COSC 311; COSC 314 recommended
**COSC 444 - Foundations of Automata and Languages**

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 311 and COSC 314  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**COSC 445 - Compiler Construction**

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 311 and COSC 314 and COSC 341  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**COSC 456 - Computer Graphics**

An in-depth exploration of fundamental concepts of 2D and 3D computer graphics. Topics include: geometric transformations, lighting and shading models, texture mapping, animation, solid modeling, ray-tracing, hidden-surface removal and the use of graphics in visualization and computer gaming. Course is project oriented, including interactive 3D animations.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 311 and either the completion of MATH 122 or MATH 205  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**COSC 457 - Computer Game Programming**

Introduces the central components of 3D computer game programming: game design, using a 3D graphics engine (lighting, shading, textures, etc.), terrain modeling, solid modeling, kinematics, collision detection, real-time animation, simple AI agency, sound integration.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 311  
**Class Restrictions:** Junior or Senior standing  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**COSC 461 - Heuristic Programming**

Programming techniques for problems with large-state spaces or uncertain knowledge: searches, heuristic evaluation, rule-based inference, approximate reasoning and adaptation using neural nets, genetic algorithms and reinforcement learning.
COSC 471 - Database Principles

A technical review of the theory and principles of database design and organization. The concepts and structures necessary to design and implement a database management system. Network, hierarchical and relational database models. Data normalization, data description languages, query languages, data integrity and security.

Credit Hours: 3 hrs
Prerequisite: COSC 311 and COSC 314
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 477 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 1 hr
Prerequisite: department permission
Class Restrictions: Senior standing
Major Restrictions: Computer Science Majors only

COSC 478 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 2 hrs
Prerequisite: department permission
Class Restrictions: Senior standing
Major Restrictions: Computer Science Majors only

COSC 479 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 3 hrs
Prerequisite: department permission
Class Restrictions: Senior standing
Major Restrictions: Computer Science Majors only

COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W)

This capstone course surveys the fundamentals of software engineering, including requirements analysis, design, disciplined implementation and evaluation. Students will work on a semester-long software project that employs principles learned in other
computer science classes.

**COSC 485 - Senior Projects in SAG**

The application of simulation, animation and gaming techniques for the completion of a team based final project. Also covered will be a discussion of necessary skills for career success. Guest speakers and site visitations will be part of the class.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 311 and department permission

**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**COSC 486 - Cooperative Education in Computer Science**

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388/COSC 488) alternating with full-time attendance at the University.

**Credit Hours:** 1 hrs  
**Prerequisite:** COSC 388 and department permission

**Notes:** Use on computer science major subject to department permission. Graded on a credit/no-credit basis.

**Last Updated:** Links 04/2011

**COSC 487 - Cooperative Education in Computer Science**

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388/COSC 488) alternating with full-time attendance at the University.

**Credit Hours:** 2 hrs  
**Prerequisite:** COSC 388 and department permission

**Notes:** Use on computer science major subject to department permission. Graded on a credit/no-credit basis.

**Last Updated:** Links 04/2011

**COSC 488 - Cooperative Education in Computer Science**

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388/COSC 488) alternating with full-time attendance at the University.

**Credit Hours:** 3 hrs  
**Prerequisite:** COSC 388 and department permission

**Notes:** Use on computer science major subject to department permission. Graded on a credit/no-credit basis.

**Last Updated:** Links 04/2011
COSC 497 - Independent Study

A report or project on an approved subject in the field of computer science under the guidance of the staff of the Department of Computer Science.

Credit Hours: 1 hr
Prerequisite: department permission
Class Restrictions: Junior or Senior standing
Major Restrictions: Computer Science Majors only

COSC 498 - Independent Study

A report or project on an approved subject in the field of computer science under the guidance of the staff of the Department of Computer Science.

Credit Hours: 2 hrs
Prerequisite: department permission
Class Restrictions: Junior or Senior standing
Major Restrictions: Computer Science Majors only

COSC 499 - Independent Study

A report or project on an approved subject in the field of computer science under the guidance of the staff of the Department of Computer Science.

Credit Hours: 3 hrs
Prerequisite: department permission
Class Restrictions: Junior or Senior standing
Major Restrictions: Computer Science Majors only
Economics Programs and Courses

Economics

Major

Actuarial Science and Economics Major - Economics

Actuarial science and economics is a joint program of the Mathematics and Economics departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous U.S. locations. MATH 372 and MATH 472 are designed to prepare students for these examinations.

All majors must meet with the undergraduate advising coordinator in the Department of Mathematics to fill out a program sheet before graduation. At least 15 credit hours in the program, at the 300 level or above, must be taken at Eastern Michigan University.

Economics Department Information:

Department Head: Raouf S. Hanna
Department Contact: rhanna@emich.edu
Web site: http://www.emich.edu/economics/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Abdullah Dewan
Phone Number: 487-3395
Email: adewan@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 61 hours

Required Courses: 12 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

One course from the following:

- ECON 361 - Financial Economics 3 hrs
- FIN 350 - Principles of Finance 3 hrs

Required Mathematics Courses: 25 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Required Economics Courses: 18 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 405 - Economic Analysis for Business 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Restricted Elective Courses: 6 hours

Any combination of electives from:

- Courses at the 300-level or above in mathematics
- ECON 340 - Money and Banking 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General
Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Economics Major

The Economics major in the College of Arts and Sciences is designed to prepare students for administrative or research careers in business, finance, government and social service agencies. The Economics major is also an excellent preparation for students planning to attend Law School. Students in this major are encouraged to consider a minor or second major in Finance, General Business (or other business field), Mathematics, Political Science, or Philosophy to match their specific career goal. Students planning to pursue graduate studies in Economics are strongly encouraged to complete a minor in Mathematics.

Economics Department Information:

Department Head: Raouf S. Hanna
Department Contact: rhan@emich.edu
Web site: http://www.emich.edu/economics/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Abdullah Dewan
Phone Number: 487-3395
Email: adewan@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 3-4 hours

One course from the following:

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Major Requirements: 30 hours

Required Courses: 15 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
• ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
• ECON 412 - Intermediate Microeconomic Analysis 3 hrs

One course from the following:

• ECON 310 - Economic Statistics 3 hrs
• ECON 415 - Introduction to Econometrics 3 hrs

Elective Courses: 15 hours

Although any 15 credit hours of 300-level or above electives in economics will complete the requirements for the major, students should choose courses related to the career path they wish to pursue. Inquire at the Department of Economics regarding suggested concentrations, suggested career paths and course selection.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Bachelor of Business Administration in Economics

Students who wish to earn a Bachelor of Business Administration in Economics, can do so by completing the above requirements of the Economics Major in addition to the following requirements:

Business and Business Administration Core Courses: 36 hours

• ACC 240 - Principles of Financial Accounting 3 hrs
• ACC 241 - Principles of Managerial Accounting 3 hrs
• COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
• DS 265 - Business Statistics I 3 hrs
• FIN 350 - Principles of Finance 3 hrs
• IS 215 - End-User Computing 3 hrs
• LAW 293 - Legal Environment of Business 3 hrs
• MGMT 202 - Business Communication 3 hrs
• MGMT 386 - Organizational Behavior and Theory 3 hrs
• MGMT 490 - Business Policy 3 hrs
• MKTG 360 - Principles of Marketing 3 hrs
• OM 374 - Introduction to Operations Management 3 hrs

One course from the following:

• MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
  This course is a restricted elective for the Economics Major
• MATH 122 - Elementary Linear Algebra 3 hrs

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Minor

Economics Minor

An Economics minor provides a useful combination with majors in Business, Mathematics, Political Science, Pre-Law, Philosophy and related fields.

Economics Department Information:

Department Head: Raouf S. Hanna
Department Contact: rhanna@emich.edu
Web site: http://www.emich.edu/economics/

Additional department information is also available here in the online catalog.

Advisor Information:

Program Advisor: Abdullah Dewan
Phone Number: 487-3395
Email: adewan@emich.edu

Required Course: 6 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Elective Courses: 14 hours

- Fourteen hours from any 300-level and above economics courses, ECON 411 and ECON 412 are highly recommended.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Program Advisor: Abdullah Dewan  
Email: adewan@emich.edu

Phone Number for Advisors: 487-3395

**Required Courses: 9 hours**

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs  
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs  
- ECON 375 - Economic History of the United States 3 hrs

**Restricted Elective Courses: 11 hours**

*Eleven hours of electives in economics including at least two courses from the following:*

- ECON 300 - Contemporary Economic Issues 3 hrs  
- ECON 303 - Consumer Economics 3 hrs  
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs  
- ECON 370 - Comparative Economic Systems 3 hrs  
- ECON 385 - Economic Development 3 hrs  
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above. ECON301 and ECON302 are also recommended.

Students seeking a teaching certificate in Social Studies with an endorsement in Economics are required, in addition to the Economics courses above, to take HIST481 The Teaching of Social Studies, as their teaching methods course.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:
EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Economics

ECON 100 - Introduction to Economic Problems and Policies (Gen Ed Area IV)

A nontechnical introduction to basic problems facing the U.S. economy and different opinions over economic policy choices. Analysis of the controversial role of government in a private market economy.

Credit Hours: 3 hrs
Notes: Not recommended for business students. Not open to students with ECON201/202.

Area IV: Knowledge of the Disciplines

ECON 100 Introduction to Economics

Students in the course acquire a basic understanding of both the subject of economics and the approach used by economists in their study of economic questions. Thus students learn about both the content and the methodology of economics. The contemporary international economic environment is characterized by globalization and competition. This reality confronts the USA and its people with a number of economic challenges and opportunities. Economics 100 presents students with an opportunity to read about, think about and discuss these issues. in a series of written assignments, students are asked to apply their developing knowledge of the content and methodology of economics to an analysis of a variety of economic problems, as well as to an evaluation of government policy measures designed to respond to these problems. In summary, Economics 100 students learn the following: (1) The basic concepts and principles of economics, such as efficiency and productivity, markets and prices; (2) The "economic way of thinking", that is, identifying measuring, quantifying and comparing costs and benefits as a basis for informed decision-making; (3) How to apply both of the above to real-world economic problems, such as the outsourcing of jobs to low-wage countries and the escalating costs of prescription drugs.

ECON 103L - Economics for Living (Gen Ed Area V LBC)

This course develops the tools and skills needed to survive and thrive in daily life. Focus is on understanding the economy and on how to evaluate costs and benefits related to everyday choices like student loans, the use of banks and credit, healthcare insurance options, and retirement plan participation.

Credit Hours: 3 hrs
Notes: This course will count as credit for Learning Beyond the Classroom.

Last Updated: Links 03/2011
ECON 108 - Introduction to the Global Economy (Gen Ed Area III)

An introductory-level course accessible to student who have had no prior exposure to economics. It explains the basic concepts and principles of global economics in a non-technical, non-mathematical manner. Students learn about the challenges and the opportunities that are presented by the globalization of the world economy.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

ECON 108 Introduction to the Global Economy
Students in the course acquire a basic understanding of, and appreciation for, the variety of economic systems, economic models and economic policies that have been adopted by different nations to guide their respective paths of economic growth and development. Students also receive an introduction to the web of economic relations that tie nations ever more tightly in the globalizing world economy.

The globalization of the world economy implies increasing interaction among the economies of different nations. Economic interactions are complex and dynamic. Our competitors in the globalized world economy, such as China, India and Japan, are at the same time our partners. This reality poses both challenges and opportunities. The possibility of achieving positive, peaceful outcomes is enhanced by a thorough understanding of the differences among the economies of the world.

ECON 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ECON 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ECON 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ECON 200 - The American Economy

Survey of the principles of economics; the basic knowledge of the functioning of the present-day American economy.

Credit Hours: 3 hrs
Notes: Not open to students with ECON201/202.

ECON 201 - Principles of Macroeconomics (Gen Ed Area IV)
The first half of basic principles of economics. Emphasizes macroeconomic concepts of national income, fiscal and monetary policy, and problems of unemployment, inflation and economic growth.

**Credit Hours:** 3 hrs  
**Prerequisite:** Level 3 Math Placement or (at least a C in MATH 098 or above)

### Area IV: Knowledge of the Disciplines

**ECON 210 Principles of Macroeconomics**  
Economics is one of the fundamental social sciences because it systematically investigates the economic relationships and interactions among people living in society. In the course acquire a basic understanding of both the subject of economics and the tools used by economists in their study of economic questions. (1) macroeconomics looks at how people and societies make choices, while weighing the costs and benefits of those choices. The basic assumption is that normal economic behavior is guided by a process of always seeking to get the maximum benefit at minimum cost; (2) introduces students to concepts such as supply and demand, business cycles, inflation and unemployment, money and banking, and taxing and government spending. Here students learn how economics research develops and uses numbers and models (simplifications) to explain changes in these concepts; (3) introduces students to some of the different interpretations of the desirability of changes and their outcomes. One school of thought explored focuses on "what is," with no value judgments implied. Another school of thought focuses on "what ought to be," based on value judgments about the social desirability of outcomes.

*Last Updated:* Links 04/2011

**ECON 202 - Principles of Microeconomics (Gen Ed Area IV)**  
Second half of an introduction to basic principles of economics. Emphasizes microeconomic concepts of demand, supply and problems relating to prices and resource allocation.

**Credit Hours:** 3 hrs  
**Prerequisite:** Level 3 math placement or above, or MATH 098 or above.

### Area IV: Knowledge of the Disciplines

**ECON 202 Principles of Microeconomics**  
Economics is one of the fundamental social sciences because it systematically investigates the economic relationships and interactions among people living in a society. Students in the course acquire a basic understanding of both the subject of economics and the approach used by economists in their study of economic questions. Thus, students learn about both the content and the methodology of economics. The contemporary international economic environment is characterized by globalization and competition. This reality confronts the USA and its people with a number of economic challenges and opportunities. Economics 202 presents students with an opportunity to read about, think about and discuss these issues. In discussions and exams students are asked to apply their developing knowledge of the content and methodology of economics to an analysis of a variety of economic problems, as well as to an evaluation of government policy measures designed to respond to these problems.

*Last Updated:* Links 04/2011

**ECON 277 - Special Topics**  
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** one 100- or 200-level course in economics

**ECON 278 - Special Topics**
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** one 100- or 200-level course in economics

**ECON 279 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100- or 200-level course in economics

**ECON 300 - Contemporary Economic Issues**

Analysis of contemporary economic problems. Topics may change each semester as the interests and/or problems change.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100-, 200- or 300-level course in economics

**ECON 303 - Consumer Economics**

This course focuses on the analysis of consumer economic behavior, the public and private institutions designed to protect consumer’s interests and the evolution as well as the effectiveness of consumer education. This course will also include emphasis on buying skills, money management and consumer-citizenship responsibility.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100-200 or 300-level course in Economics

**ECON 310 - Economic Statistics**

Introduction to the statistical measurement and analysis of data with applications to economics. Elements of descriptive statistics, probability, random samples, point and interval estimation, hypothesis testing and regression analysis are examined.

**Credit Hours:** 3 hrs  
**Prerequisite:** MATH 105, MATH 118, MATH 119 or MATH 120  
**Last Updated:** Links 04/2011

**ECON 320 - Labor Economics**

Analysis of the theory of wage determination, with attention to labor supply and labor demand, human resource development, trade unions and labor market institutions.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 201 and ECON 202  
**Last Updated:** Links 04/2011

**ECON 321 - Minority Workers in the Labor Market**
Special problems and unique employment situations of minority workers (racial and ethnic minorities, women, handicapped) involving historical and market influences, and employer, union and government policies. Recent and proposed legislation affecting the labor force status of minorities.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100-, 200- or 300-level course in economics

**ECON 325 - Collective Bargaining**

Major problems in present-day collective bargaining including the negotiation of collective agreements, practical aspects and economic implications.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100-, 200- or 300-level course in economics

**ECON 327 - Economics of Poverty, Inequality and Discrimination**

An economic analysis of poverty and income inequality in the U.S., including the effects of discrimination. Examining U.S. income maintenance programs, including social security. Includes international comparisons.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100-, 200- or 300-level course in economics

**ECON 328 - Economics of Women**

The changing economic role of women in the labor force. Analysis of policies affecting earnings, employment, and work and family issues in traditional and nontraditional occupations. Includes some international comparisons.

**Credit Hours:** 3 hrs  
**Prerequisite:** one 100-, 200- or 300-level course in economics  
**Cross-Listed with:** WGST 328  
**Last Updated:** Links 04/2011

**ECON 329 - Economics of Crime**

The use of economic concepts and tools to analyze economic causes of crime and economic policies relevant to crime.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 202 or equivalent  
**Last Updated:** Links 04/2011

**ECON 332 - Urban Economics**

The level, distribution, stability and growth of urban income and employment. Analysis of contemporary urban problems, such as inner-city poverty, housing-land use, transportation and local public services with special reference to economic efficiency and programs.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 202 or equivalent  
**Last Updated:** Links 04/2011
ECON 336 - Economics of Environment and Natural Resources

The application of economic concepts and analysis to problems of environment and management of natural resources.

Credit Hours: 3 hrs  
Prerequisite: ECON 202 or equivalent  
Last Updated: Links 04/2011

ECON 337 - Energy Economics and Policies

Introduction to the economics of energy in the U.S. and world economies, including a critical analysis of the policies of the governments involved.

Credit Hours: 3 hrs  
Prerequisite: ECON 202 or equivalent  
Last Updated: Links 04/2011

ECON 340 - Money and Banking

The nature and role of money and credit, the banking system and other financial institutions, and the relation of monetary policy to the level of economic activity.

Credit Hours: 3 hrs  
Prerequisite: ECON 201 and ECON 202  
Last Updated: Links 04/2011

ECON 350 - Government Finance

This course examines the role of government in market economies. We analyze current government expenditure programs, such as welfare, health, environmental, housing, education and social security programs. We also analyze equity and efficiency effects of taxes including personal income, corporate income, sales, property and Social Security taxes.

Credit Hours: 3 hrs  
Prerequisite: ECON 202 or equivalent  
Last Updated: Links 04/2011

ECON 361 - Financial Economics

This course provides an introduction to the fundamentals of modern financial economics and their applications in managing financial health and performance, time and resource allocation, household decisions, asset valuation and pricing, risk and efficiency, and corporate finance.

Credit Hours: 3 hrs  
Prerequisite: one 100-, 200- or 300-level course in economics  
Previously Listed As: ECON 361 - Corporation Finance  
Last Updated: Title and Description 07/2011

ECON 370 - Comparative Economic Systems

Alternative approaches to organizing economic activity, emphasizing advantages and disadvantages as compared to the U.S. economic system. Illustrations are taken from non-capitalist economies such as Cuba and China.
Credit Hours: 3 hrs
Prerequisite: one 100-, 200- or 300-level course in economics

**ECON 375 - Economic History of the United States**

Analyzes economic history of the United States including colonial relationships; regional specialization; slavery; property rights; technology; transportation; industrialization; trade flow; monetary and fiscal policy and income distribution.

Credit Hours: 3 hrs
Prerequisite: one course in economics or department permission

**ECON 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

**ECON 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

**ECON 379 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

**ECON 385 - Economic Development**

The causes, the consequences and possible solutions of economic problems facing the developing countries of Latin America, Africa and Asia. Emphasis on mass poverty, food shortages, overpopulation, unemployment and unequal income distribution.

Credit Hours: 3 hrs
Prerequisite: one 100-, 200- or 300-level course in economics

**ECON 386 - Technology and Economic Growth**

The nature of technology and its importance for contemporary economic growth. Includes technological change and its effects on society and the individual.
ECON 387 - Cooperative Education in Economics

Provides practical experience in the student’s major field for four to six months of full-time employment at an individual employer. The program consists of one or two work experiences (ECON 387/ECON 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period.

Credit Hours: 3 hrs
Prerequisite: one 100-, 200- or 300-level course in economics

ECON 401 - Use of Quantitative Methods in Economics

Introduction to Contemporary National Databases and current econometric computer packages. Special attention is given on how to do empirical research: formulating hypotheses, estimating relationships, testing hypotheses, and dissemination of findings.

Credit Hours: 3 hrs
Prerequisite: ECON 201, ECON 202 and department permission
Notes: Admittance to program by application only. Graded on a credit/no-credit basis. Credits do not count towards the economics major or minor
Last Updated: Links 04/2011

ECON 402 - Computer Applications in Microeconomics

Applied linear and nonlinear models of the consumer and the firm. Estimates demand functions (for example housing demand and energy demand), cost functions and production functions.

Credit Hours: 3 hrs
Prerequisite: ECON 412 and ECON 310 or equivalent

ECON 405 - Economic Analysis for Business

Analytical tools and methods of economic theory used in business management, focusing on production, cost, pricing and investment. Application includes demand estimation and economic forecasting.

Credit Hours: 3 hrs
Prerequisite: ECON 201 and ECON 202

ECON 406W - History of Economic Thought (Gen Ed Area I, W)

A review of the development of economic thought from the age of mercantilism to present times, with the particular emphasis on landmark contributions of writers such as Adam Smith, Karl Marx, Alfred Marshall, J. M. Keynes and significant 20th-century economists.
Credit Hours: 3 hrs
Prerequisite: ECON 201 or ECON 202
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ECON 407 - Economic Analysis and Law

The application of economic analysis to the law, including property law, contract law, family law, torts, criminal law, constitutional law, antitrust and environmental law.

Credit Hours: 3 hrs
Prerequisite: ECON 201 and ECON 202
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ECON 411 - Intermediate Macroeconomic Analysis

Examines macroeconomic theories of the determination of national income, employment, the price level, interest rates and economic growth; and linkages between the domestic and international economies. Topics include unemployment, inflation, monetary and fiscal policy, and the policy positions of various schools of thought. Standard analytical tools, such as IS-LM and aggregate demand and supply are examined.

Credit Hours: 3 hrs
Prerequisite: ECON 201, ECON 202 and either MATH 105, MATH 118, MATH 119 or MATH 120
Previously Listed As: ECON 301 Last Updated: Links 04/2011; Course Number Change 06/2011, effective Fall 2011

ECON 412 - Intermediate Microeconomic Analysis

Analyzes contemporary theories of consumer and firm behavior, prices, and resource allocation. Examines firm behavior for several market structures, and evaluates the efficiency and equity implications of market outcomes.

Credit Hours: 3 hrs
Prerequisite: ECON 201, ECON 202, and either MATH 105, MATH 118, MATH 119 or MATH 120
Previously Listed As: ECON 302 Last Updated: Links 04/2011; Course Number Change 06/2011, effective Fall 2011

ECON 415 - Introduction to Econometrics

Introduction to the mathematical formulation of economic theories. The use of statistical procedures to measure the theoretical relationships and to verify or reject the theories. Quantitative predictions, measurements and statistical test of the predictions.

Credit Hours: 3 hrs
Prerequisite: ECON 201, ECON 202, and either ECON 310, MATH 360, MATH 370 or DS 265
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ECON 436 - Health Economics

The production, distribution, supply and utilization of health care resources, especially in the United States. Relevant tools of economic analysis and empirical studies, allocation of resources to the health care sector.
Credit Hours: 3 hrs  
Prerequisite: ECON 202 or equivalent  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

**ECON 440 - Money, Credit, and Monetary Policy**

An analytical study of the theories of money demand and money supply. Also studied are commercial banking and the operations and conduct of Federal Reserve monetary policy under alternative policy procedures and economic disturbances. The subject is viewed from both domestic and international perspectives.

Credit Hours: 3 hrs  
Prerequisite: ECON 411 or ECON 340  
Last Updated: Links 04/2011

**ECON 445 - Economic Fluctuations and Forecasting**

Study of the history, nature and causes of economic fluctuations. Also included are alternate approaches to economic forecasting used by business and government including econometric forecasting; and the role of monetary and fiscal policies, supply shocks, international factors and structural change in generating economic fluctuations.

Credit Hours: 3 hrs  
Prerequisite: ECON 201, ECON 202 and ECON 411  
Last Updated: Prerequisites 07/2011; Links 04/2011

**ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W)**

Cost-benefit analysis techniques and their application to evaluating economic efficiency of government expenditure programs. Determination and distribution of benefits and costs in specific public projects.

Credit Hours: 3 hrs  
Prerequisite: ECON 201 and ECON 202  
Last Updated: Links 04/2011

**ECON 460 - Industrial Organization**

Monopoly, competition, mergers, concentration and antitrust, and other public policies affecting private enterprise in the United States.

Credit Hours: 3 hrs  
Prerequisite: ECON 201 and ECON 202  
Last Updated: Links 04/2011

**ECON 477 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
**ECON 478 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** ECON 201 and ECON 202  
**Last Updated:** Links 04/2011

**ECON 479 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 201 and ECON 202  
**Last Updated:** Links 04/2011

**ECON 480W - International Economics (Gen Ed Area I, W)**

Analysis of theory and economic problems of international trade factor movements, exchange mechanisms, balance of payments, regional economic integration, assistance agencies, and adjustments to changing conditions.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 201 and ECON 202  
**Last Updated:** Links 03/2011

**ECON 487 - Cooperative Education in Economics**

Provides practical experience in the student’s major field for four to six months of full-time employment at an individual employer. The program consists of one or two work experiences (ECON 387/ECON 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 387  
**Notes:** Admittance to program by application only. Graded on a credit/no-credit basis. Credits do not count towards the economics major or minor.  
**Last Updated:** Links 04/2011

**ECON 491 - Research Seminar in Economics**

Selected issues in economic methodology, research procedures, and techniques with the preparation of a major research paper and group analysis of its findings.

**Credit Hours:** 3 hrs  
**Prerequisite:** ECON 411 and ECON 412  
**Last Updated:** Links 04/2011
**ECON 497 - Independent Study**

Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.

Credit Hours: 1 hr

**ECON 498 - Independent Study**

Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.

Credit Hours: 2 hrs

**ECON 499 - Independent Study**

Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.

Credit Hours: 3 hrs

**ECON 585 - Economic Growth and Development**

Conditions, courses and consequences of growth and development; instruments of expansion and control, and important theories and models of growth. Economic growth in both the United States and underdeveloped countries.

Credit Hours: 3 hrs

Prerequisite: ECON 411 and ECON 412, or equivalent

Notes: This is a graduate course in an undergraduate program.

English Language and Literature Programs and Courses

English Language and Literature

Major

Creative Writing Major

English Language and Literature Department Information:

Department Head: Mary K. Ramsey
Phone: 734.487.4220
Office: 612 Pray-Harrold
Department Contact: mramsey6@emich.edu
Web site: http://www.emich.edu/english/

Additional department information is available here in the online catalog.

Advisor Information:

Program Advisor: Christine Hume
Email: chume@emich.edu

Program Advisor: Carla Harryman
Email: charryma@emich.edu

Phone Number for Advisors: 487-4220

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 33 hours

Required Courses: 24 hours

- CRTW 201 - Introduction to Creative Writing (Gen Ed Area IV) 3 hrs
- CRTW 426 - Contemporary Forms 3 hrs
- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- LITR 360 - Recent Trends in British and American Literature 3 hrs

The following courses must be taken twice:

- * CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- * CRTW 422W - Writer’s Workshop (Gen Ed Area I, W) 3 hrs
Restricted Elective Courses: 9 hours

Three courses selected from the following:

- 300-400 level courses in CRTW, LITR, ENGL, JRNL, LING
- ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs
- CTAR 360 - Dramatic Composition 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

The interdisciplinary nature of the Creative Writing Major encourages students to minor in areas such as Philosophy, Art and Drama. The PHIL, ART, CTAR courses below are therefore also acceptable restricted electives, but students should be aware that they require prerequisites and are suggested as part of a program involving a minor in the relevant area. Students choosing the Philosophy elective, for instance, should consider designating Philosophy as a minor. Likewise students choosing the Art/Drama elective should consider Art/Drama as a minor.

*This course must be repeated as a different topic.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a
minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

General Education Requirements:
For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 36 hours

Required Courses: 21 hours

- * CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- * CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- CTAR 327 - Plays for the Young 3 hrs

One course from the following:

- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs

One course from the following:

- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs

One course from the following:

- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs

One course from the following:

- CTAR 322 - Theatre for Children 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

Restricted Elective Courses: 15 hours

Occasionally special topics courses may be offered (such as children’s film, storytelling, or puppetry) which may be substituted for a restricted elective with departmental permission. Qualified seniors may, with an adviser's permission, substitute appropriate 500-level course.

- CHL 209 - Global Children's Literature (Gen Ed Area III) 3 hrs
- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs
- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs
- CHL 453 - Illustrated Texts: Picture Books, Comics, and Graphic Novels 3 hrs
- CHL 454 - Children's Literature: Fiction 3 hrs
- CHL 455 - Adolescent Literature 3 hrs
- * CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs
- CTAR 326 - Drama/Theatre for Persons with Disabilities 2 hrs
- CTAR 327 - Plays for the Young 3 hrs
- CTAR 329 - Performing Theatre for the Young 3 hrs
- CTAR 497 - Independent Study 1 hr
- CTAR 498 - Independent Study 2 hrs
- CTAR 499 - Independent Study 3 hrs
- LITR 497 - Independent Study 1 hr
- LITR 498 - Independent Study 2 hrs
- LITR 499 - Independent Study 3 hrs

**Capstone Experience**

At the conclusion of the program, the students will submit a portfolio of three papers/projects/performances which the student believes are representative of his/her best work produced for the major. By the middle of the student’s final semester, he/she will consult with his/her adviser about the materials to be submitted and the date that they are due. All materials must be submitted at least on month prior to the close of the semester in question. This portfolio will be evaluated by a committee composed of members of the English Department’s Children’s Literature faculty and Drama/Theatre for the Young faculty from the Department of Communication, Media and Theatre Arts. Portfolios will be maintained by the Children's Literature faculty. Students whose portfolios are found to be deficient will be asked to make up that deficiency and submit new materials.

**Minor Requirements:**

This program requires a minor. Please contact your program adviser for a list of possible minors.

**Program Total:**

Students must earn a minimum total of 124 credits at the 100-level or above.

**Note:**

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

*These courses satisfy both general education requirements and requirements of the major. In order to avoid taking excess hours, students are advised to take these courses, or approved substitutes from another institution, as part of the general education requirements.*
Courses not chosen to fulfill program requirements may be taken as restrictive electives:

Critical Graduation Information:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.
Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.
Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

- LITR 315 - Restoration and 18th-Century Literature 3 hrs
- LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
- LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs

One course from American Literature:
• LITR 309 - The Development of American Literature 3 hrs
• LITR 310 - Modern American Literature 3 hrs
• LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from Major Authors:

• LITR 405 - Shakespeare 3 hrs
• LITR 413 - The Poetry of Chaucer 3 hrs
• LITR 450 - Major Authors 3 hrs

One course from Writing, Literature or Language Study:

Choose one additional course from any Restricted Electives category or from one of the following:

• CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
• ENGL 323 - Writing in the Professional World 3 hrs
• ENGL 324 - Principles of Technical Communication 3 hrs
• JRNL 215 - News Writing and Reporting 3 hrs
• LITR 400 - Narrative in Literature and Film 3 hrs
• LITR 443 - Women in Literature 3 hrs
• LITR 480 - Studies in Literature and Culture 3 hrs
• LING 310 - African American Language 3 hrs
• LING 340 - Language and Culture 3 hrs

One course from Writing Pedagogy:

• ENGL 408W - Writing for Writing Teachers (Gen Ed Area I, W) 3 hrs

One course from Young Adult Literature:

• CHL 455 - Adolescent Literature 3 hrs

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

• EDPS 322 - Human Development and Learning 4 hrs
• SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours
**Prerequisite: Completion of Pre-Admission Phase is required.**

* These two courses must be taken together.
** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

**Phase II: Content and Methods and Teaching: 9 hours**

**Prerequisite: Completion of Phase I is required.**

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

**Methods Course by Major:**

Integrated Science Majors take one of the following:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Physical Science Majors take one of the following:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Chemistry Majors take:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs

Computer Science Majors take:

- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Communication, Media and Theatre Arts Majors take:

- CTAC 307 - The Teaching of Speech 3 hrs

English Language and Literature Majors take:

- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Earth Science Majors take:
ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
French Language Majors, German Language Majors, and Spanish Language Majors take:
FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
Geography Majors, History Majors, and Social Studies Majors take:
HIST 481 - The Teaching of Social Studies 3 hrs
Mathematics Majors take:
MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs
Physics Majors take:
PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Phase III: Capstone Experience: 9 hours
Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.
EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:
This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:
Students must earn a minimum total of 124 credits at the 100-level or above.

Note:
Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:
The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 18 hours

Choose one option from the following:

Option I: Technical Communication Courses: 18 hours

- ENGL 324 - Principles of Technical Communication 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 484 - Seminar in Written Communications 3 hrs

Option II: Professional Writing Courses: 18 hours

- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs
- ENGL 323 - Writing in the Professional World 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 484 - Seminar in Written Communications 3 hrs

One course from the following:

- ENGL 354 - Critical Digital Literacies 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs

Option III: Writing Studies Courses: 18 hours

- ENGL 328 - Writing, Style and Technology 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- ENGL 484 - Seminar in Written Communications 3 hrs

One course from the following:

- ENGL 310 - Writing and Civic Literacy 3 hrs
- ENGL 354 - Critical Digital Literacies 3 hrs

One course from the following:

- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs

One course from the following:

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Choose three courses from the following, however to fulfill this requirement, students can not choose a course they took in their Major Requirement Option.

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- ENGL 310 - Writing and Civic Literacy 3 hrs
- ENGL 323 - Writing in the Professional World 3 hrs
- ENGL 324 - Principles of Technical Communication 3 hrs
- ENGL 326 - Research Writing 3 hrs
- ENGL 328 - Writing, Style and Technology 3 hrs
- ENGL 354 - Critical Digital Literacies 3 hrs
- ENGL 387 - Cooperative Education in English 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 488 - Internship in Technical Writing 1 hr
- ENGL 489 - Internship in Technical Writing 2 hrs
- ENGL 490 - Internship in Technical Writing 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

- ENGL 326 - Research Writing 3 hrs
- ENGL 387 - Cooperative Education in English 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 484 - Seminar in Written Communications 3 hrs
- ENGL 487 - Cooperative Education in English 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 307 - Copy Editing 3 hrs
- JRNL 314 - Writing for Public Relations 3 hrs
- JRNL 423 - Magazine Article Writing 3 hrs
- JRNL 453 - Advanced Reporting 3 hrs
- LING 310 - African American Language 3 hrs
- LING 340 - Language and Culture 3 hrs
- LING 497 - Independent Study 1 hr

**Minor Total: 21 hours**

**Note:**

*All minors must have at least six hours of course work at the 300-level or above.*

**Critical Graduation Information:**

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
○ Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**English Linguistics Minor**

**English Language and Literature Department Information:**

Department Head: Mary K. Ramsey
Phone: 734.487.4220
Office: 612 Pray-Harrold
Department Contact: mramsey6@emich.edu

**Jewish Studies (JSTS) Minor**

**Mission Statement**

Eastern Michigan University's Interdisciplinary Jewish Studies program offers courses concerned with the history of the Jewish people, a story of survival under extraordinary circumstances. It considers the cultural and intellectual gifts Jews have given the world. It also focuses on the Jewish faith, its richness, its intricacy, its demands, as well as its complex and fascinating relationships with other religions. This program draws on faculty expertise from throughout the College of Arts and Sciences - ultimately it will draw on such expertise from throughout the university. It engages students in a wide realm of co-curricular activities including lectures and study abroad opportunities. EMU's program in Jewish Studies provides a gathering place for EMU's numerous ethnic communities to learn more about Jews and Judaism, a space to build bridges, to open and engage in discourse, to create new understandings between Jews and the many other groups that comprise the diverse culture of southeast Michigan.

• ENGL 225 - Writing in a Changing World 3 hrs
• ENGL 323 - Writing in the Professional World 3 hrs
• ENGL 324 - Principles of Technical Communication 3 hrs
• ENGL 326 - Research Writing 3 hrs
• ENGL 328 - Writing, Style and Technology 3 hrs
• ENGL 417 - Rhetoric and the Written Word 3 hrs
• JRNL 215 - News Writing and Reporting 3 hrs
• JRNL 314 - Writing for Public Relations 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses
will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Phone Number for Advisors: 487-4220

Required Courses: 3 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 15 hours

One course from the following:

- LITR 361 - Studies in Native American Literature 3 hrs
- LITR 362 - Studies in African American Literature 3 hrs

One course from the following:

- LITR 309 - The Development of American Literature 3 hrs
- LITR 310 - Modern American Literature 3 hrs
- LITR 312 - English Literature in the Middle Ages 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- LITR 315 - Restoration and 18th-Century Literature 3 hrs
- LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
- LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs
- LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from the following:
- LITR 405 - Shakespeare 3 hrs
- LITR 413 - The Poetry of Chaucer 3 hrs
- LITR 450 - Major Authors 3 hrs

One course from the following:

- LITR 411 - Studies in Epic and Romance 3 hrs
- LITR 420 - Studies in the British Novel 3 hrs
- LITR 421 - Studies in the American Novel 3 hrs
- LITR 422 - Studies in the Novel in Global Perspective 3 hrs
- LITR 430 - Studies in Drama 3 hrs
- LITR 440 - Genre Studies 3 hrs
- LITR 470 - Studies in Poetry 3 hrs

One course from the following:

- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs

Elective Courses: 3 hours

Choose any additional course from the restricted electives above or one course from the following:

- LITR 210 - Introduction to Shakespeare (Gen Ed Area IV) 3 hrs
- LITR 251 - The Bible as Literature 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

  2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA
  - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not
assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of
General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the
  current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-
  2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under
  the Program Prior to Fall 2007 heading. *Please note that students who wish to graduate under pre-2007 General
  Education requirements must graduate by August 2014; those who have not completed all degree requirements by
  that time will need to satisfy the current (Fall 2007) General Education requirements.*

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation
agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Children's Literature**

**CHL 137 - Harry Potter: Literary Allusion, Children's Literature and Popular Culture (Gen Ed Area IV)**

Students will read novels in J.K. Rowling’s Harry Potter series; myths, legends and folktales on which they are based; and
criticism written about the novels. They will focus on literary terminology, literary allusion, literary merit and the public debates
about the role of the humanities in contemporary culture.

**Credit Hours:** 3 hrs

**Area IV: Knowledge of the Disciplines**

**CHL 137 Harry Potter: Literary Allusion, Children's Literature & Popular Culture [was LITR137]**

Since the books in the *Harry Potter* series are children's texts and a cultural phenomenon, they also have become symbols in
larger cultural battles over religious values, literacy and the role of the children's literature in shaping the next generation's beliefs
about gender, social class, race, imperialism, capitalism and spirituality. This makes these books an ideal model to use in a
classroom to illustrate the relevance of literature and literary studies to society. A close study of these novels as complex literary
works that have roots in classic literature, as cultural phenomena and as the objects of public debates can highlight for students all
that is at stake in literary interpretation and cultural producing. Therefore, students in this course will explore questions such as:

Do the books have literary value, or are they just commercial products? Are the books dangerous for children to read, or do they
benefit children? Where is the line between literature, media and mass-produced products and should there/can there be a line?
Why are these books so popular, and what does their popularity tell us about how we are and what we, as a culture, believe
ourselves to be?

This engages students in current public debates about the *Harry Potter* novels, which can lead to an emphatic understanding of
other points of view; because it will introduce students to basic literary terms and concepts and to current debates in the field;
because students will be required to analyze and think critically about literary works in class discussion and in various writing
assignments; and because students will be asked to develop their own interpretations of texts.
CHL 207 - Introduction to Children's Literature (Gen Ed Area IV)

A concentrated reading course designed to impart the knowledge necessary for an appreciation and understanding of children's literature and its use in the schools. In addition to reading the classics and the critically acclaimed works of both fiction and nonfiction by modern writers, students will study poetry, folklore and mythology, and examine the relationship between illustration and text. Does not count toward a major or minor in curricula for teachers in junior and senior high school.

Credit Hours: 3 hrs

Previously Listed As: LITR 207

Area IV: Knowledge of the Disciplines

CHL 207 Introduction to Children's Literature [was LITR 207]
Students will learn about the ways that children's literature cultivates aesthetic appreciation for both adults and children; they will learn literary terms and concepts and use these to discuss and to carefully read, research, interpret and write about works of children's literature; they will apply discursive practices of the field by completing a variety of written assignments; they will study works within social and historical contexts considering such factors as the publishing industry, printing technology, literacy development and the cultural construction of the child; and students will gain an understanding of the importance of diverse children's literatures to our culture. Students in the course will study a rich body of texts that can help to develop students' cultural literacy and knowledge of the humanities. A course introducing students to children's literature should cover not only contemporary works, but also the mythology, legends and folktales upon which many contemporary texts are based. Students also will read and study class texts from the Golden Age of children's literature such as Alice's Adventure in Wonderland or The Wizard of Oz. A necessary focus of the course is also the role of literature in a society and the ways that literature both affects and reflects cultural values: the books a culture writes for its children often reflect deeply-held beliefs about children, childhood and the role of literature their construction. Conversely, a culture's values and beliefs also are reflected in the books it chooses to keep away form its children. Therefore, the history of censorship of children's books also must be discussed and analyzed.

Last Updated: Prerequisite Change 10/2011

CHL 208 - Multicultural Children's Literature (Gen Ed Area III)

Introduction to literature for children and young adults by and about African Americans, Asian Americans, Latinos and Native Americans, including history of multicultural writing for the young; major issues of multiculturalism; historical and cultural background of each group; and critical apparatus for the selection, interpretation, and evaluation of such literature.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CHL 208 Multicultural Children's Literature [was LITR 208]
A study of children's literature is also a study of the values, beliefs and attitudes of a society, since what adults offer to children reflects contemporary adult views. This course exposes students to multicultural literature for young readers, as well as the history, beliefs, values and attitudes of underrepresented groups in the United States. Course design assures adequate representation of the literature by and about a wide selection of minorities in our country, with emphasis on four major cultures- African, Asian, Latino and Native Americans- as well as the diversity within each culture. Supplementary materials in history, cultural anthropology and philosophy provide a sound basis for the discussion of the literary works, but the primary focus is on the literature itself. The history of the development of multicultural literature for young readers, criteria for evaluation, literary criticism, as well as cultural authenticity are explored. Since this is an introductory course, it will also include a discussion of basic literary terms and literary criticism, as well as fundamental issues such as why we study literature, what culture means, how literature for young readers can inform us about culture, etc.

CHL 209 - Global Children's Literature (Gen Ed Area III)
Students will learn to examine critically a variety of literature for young readers from around the world, and thereby to comprehend and appreciate it. History and culture of representative nations and important political and social issues—such as human rights, war, genocide, social structure, intolerance, poverty, education and religion—will be explored. The course is designed for students who intend to work with children and young adults as teachers, librarians, parents, caregivers etc.

Credit Hours: 3 hrs

**CHL 277 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr  
Prerequisite: department permission

**CHL 278 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs  
Prerequisite: department permission

**CHL 279 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs  
Prerequisite: department permission

**CHL 351 - World Mythology**

A study of the mythological traditions that have most significantly informed western civilization. The myths are discussed as literature and as people’s attempts to understand themselves, their society and their physical environment.

Credit Hours: 3 hrs  
Prerequisite: any 200-level LITR course

**CHL 352 - Folk Literature: Ballads and Folk Tales**

A reading course in the traditional ballads and folk tales of Europe and North America with emphasis on those that appear in children's literature. Applies toward minor in children's literature only, but may be taken as a free elective.

Credit Hours: 3 hrs  
Prerequisite: any 200-level LITR course

**CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W)**
Practical criticism of children's literature, prose and poetry, designed to help students develop critical judgment and a clear prose style. Applies toward the minor in children's literature and the interdisciplinary major in children's literature and drama/theatre for the young.

**Credit Hours:** 3 hrs  
**Prerequisite:** CHL 207  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.

**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W)**

This course will deal with strategies for the collection, organization and presentation of materials dealing with controversial issues in literature for young adults.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 121 and CHL 207 or department permission  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.

**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CHL 453 - Illustrated Texts: Picture Books, Comics, and Graphic Novels**

Course examines different kinds of illustrated texts written for audiences of young readers, including picture books, comics, graphic novels and illustrated novels. Students will learn about the history of and development of the genres and will learn terms and concepts to enable them to analyze complex interactions between words and images.

**Credit Hours:** 3 hrs  
**Last Updated:** 6/29/2011

**CHL 454 - Children's Literature: Fiction**

An intensive study of major works of fiction for children with emphasis placed upon literary criticism, textual analysis and wide reading. Students will write papers, present oral reports and be tested regularly.

**Credit Hours:** 3 hrs

**CHL 455 - Adolescent Literature**

This course provides a forum for intense reading, discussion and exploration of the texts and issues associated with adolescent literature.

**Credit Hours:** 3 hrs  
**Prerequisite:** CHL 207 or ENGL 300W  
**Last Updated:** Links 04/2011

**CHL 477 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
Credit Hours: 1 hr  
Prerequisite: department permission

**CHL 478 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs  
Prerequisite: department permission

**CHL 479 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs  
Prerequisite: department permission

**CHL 497 - Independent Study**

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 1 hr  
Prerequisite: nine hours in the appropriate major or minor

**CHL 498 - Independent Study**

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 2 hrs  
Prerequisite: nine hours in the appropriate major or minor

**CHL 499 - Independent Study**

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 3 hrs  
Prerequisite: nine hours in the appropriate major or minor

**Creative Writing**

**CRTW 201 - Introduction to Creative Writing (Gen Ed Area IV)**
A writing workshop introducing the basic forms and methods of poetry and fiction, through student writing projects, workshop discussions and the reading of contemporary creative work in these genres.

**Credit Hours:** 3 hrs

**Area IV: Knowledge of the Disciplines**

**CRTW 201 Introduction to Creative Writing**
This course is a workshop in creative writing. Students acquire basic knowledge in the practice and evaluation of poetry and fiction, as well as in the use of literary vocabularies and techniques. Literary models will inspire and direct students' own creative writing and inquiry into the relationship between form and content and between critical and creative thinking. The discipline of creative writing as a field of art, one continuous with other arts, will be stressed in the course by focusing on the process of creativity and procedures for generating new writing. We expect students to experiment in forms and to explore the genres of fiction and poetry, including the ground between them. We also encourage students to find forums and audiences for their creative work by editing and printing small collections of writing and by reading, exhibiting and performing their creative work.

**CRTW 335W - Creative Writing (Gen Ed Area I, W)**
The study and practice of the techniques of creative writing, CRTW 335 focuses on a specific topic or approach to creative writing. Workshops of student writing, creative and critical responses to readings, and attendance at literary and artistic events on campus will be required.

**Credit Hours:** 3 hrs  
**Prerequisite:** CRTW 201

**Last Updated:** Links 04/2011

**CRTW 422W - Writer's Workshop (Gen Ed Area I, W)**
An advanced seminar workshop in a specific genre, sub-genre or approach to creative writing, CRTW 422W is designed to focus equally on student writing and examination of contemporary literary practices. This class is offered in a variety of topics and may be repeated for additional credit if topic is different.

**Credit Hours:** 3 hrs  
**Prerequisite:** CRTW 335W  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.

**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**CRTW 426 - Contemporary Forms**
An advanced, reading-intensive course on contemporary and innovative forms of literature, emphasizing structural models, formal techniques and redefinitions of literary conventions.

**Credit Hours:** 3 hrs  
**Prerequisite:** CRTW 201 and any 200- or 300-level LITR course  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.
This course will have a prerequisite change from "CRTW 201 and any 200- or 300-level LITR course" to "CRTW 422W and any 200- or 300-level LITR course", effective Winter 2012. **Last Updated:** Prerequisite Change 10/2011, effective Winter 2012; Graduate Credit 07/2011; Links 04/2011
English Composition

ENGL 120 - Composition I: Writing the College Experience

Introduces use of writing and reading for inquiry. Students write extended essays about subjects relevant to the college experience using conventions of standard written English; assignments may also incorporate other genres and styles. Emphasis is placed on using writing and reading as a process for discovery, and on communicating ideas to audiences.

Credit Hours: 3 hrs

ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I)

Focuses on academic writing and inquiry. Students use multiple modes of research to develop literacy used in academic and other public contexts. Through extended reading and writing, students engage in the process of writing researched essays that reflect conventions of standard written English and standard documentation styles.

Credit Hours: 3 hrs

Area I: Effective Communication

ENGL 121 Composition II: Research and Writing the Public Experience or waiver

In English 121, EMU students develop the foundation for writing, research and critical thinking strategies that they will use throughout their college careers and in the workplace. Writings is both a means of communication, and a tool for developing new ideas. Good writers are flexible. They know how to assess the expectations of a variety of audiences with whom they want to communicate and how to draw on or develop different strategies to meet those expectations. Good writers also understand that different kinds of writing have different conventions and they can move fluidly between those conventions. English 121 students develop these strategies that are key to effective communication throughout the course. Students write between 50-70 pages of draft work and between 20-30 pages of polished, final-draft work during the course of the semester, and that work is supported and directed by frequent feedback from the instructor.

ENGL 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

ENGL 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission

ENGL 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
ENGL 225 - Writing in a Changing World

Students will analyze and produce writing intended to affect change in particular contexts. Writing in the course will include analysis of and reflections on contexts, genre features and audiences for writing. The course will culminate in a document reflecting understanding of these issues, preferably for an audience beyond the class.

Credit Hours: 3 hrs
Prerequisite: department permission

ENGL 277 - Special Topics

An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: ENGL 121
Last Updated: Links 04/2011

ENGL 278 - Special Topics

An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: ENGL 121
Last Updated: Links 04/2011

ENGL 279 - Special Topics

An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: ENGL 121
Last Updated: Links 04/2011

ENGL 300W - Writing About Literature (Gen Ed Area I, W)

An intermediate writing course that introduces students to a variety of critical practices in the study of literature and that teaches the conventions of writing about literature by focusing on reading and writing as interrelated activities.

Credit Hours: 3 hrs
Prerequisite: * 6 hours of Humanities General Education coursework
ENGL 307 - Writing Process for Elementary Teachers

A course integrating writing in various genres, editing with the conventions of grammar and usage, and teaching with writing-to-learn, reflection, and authentic assessment. Students will develop a writing portfolio and investigate strategies for teaching writing in the elementary classroom.

Credit Hours: 3 hrs  
Prerequisite: * ENGL 225

* Error in Catalog: This prerequisite was mistakenly left out of the course in catalog.

Previously Listed As: ENGL 300

Last Updated: Links 01/2012

ENGL 310 - Writing and Civic Literacy

An examination of the role of writing and rhetoric in shaping an informed public. Students use writing and related media to explore, analyze and advocate on issues of public concern. Emphasizes Literacy as the art and responsibility of contemporary citizenship.

Credit Hours: 3 hrs  
Prerequisite: ENGL 121

Class Restrictions: Junior standing (Sophomore standing with restrictions)

Last Updated: Links 04/2011

ENGL 323 - Writing in the Professional World

Prepares juniors and seniors majoring in education, the humanities and the social sciences to write in their profession.

Credit Hours: 3 hrs  
Prerequisite: * ENGL 121 and junior standing or higher

* Error in Catalog: This prerequisite and class restriction was mistakenly left out of the course in catalog.

Last Updated: Links 01/2012

ENGL 324 - Principles of Technical Communication

A course for juniors and seniors who wish to study the style and focus of communication that is particularly appropriate to the fields of science and technology.

Credit Hours: 3 hrs  
Prerequisite: ENGL 121
**ENGL 326 - Research Writing**

A course designed to explore the strategies, format and styles of writing appropriate for academic research with emphasis on the student’s own field of study.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 121  
**Class Restrictions:** Sophomore or Graduate standing  
**Last Updated:** Links 04/2011

**ENGL 328 - Writing, Style and Technology**

An advanced writing course that explores a range of styles for multiple purposes, audiences and technologies. Applications of word processing, on-line discussion and Internet resources will be integrated with writing assignments.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 215, ENGL 225, ENGL 300W,* ENGL 323, ENGL 324 or ENGL 326

* Error in Catalog: This prerequisite was mistakenly left out of the course in catalog.

**Last Updated:** Links 04/2011

**ENGL 354 - Critical Digital Literacies**

This course engages students in examining the new literacy practices of digital writing forums and technologies in concert with projects where they employ, learn and experience new digital writing technologies.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 121  
**Class Restrictions:** Sophomore standing  
**Last Updated:** Links 04/2011

**ENGL 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**ENGL 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission
ENGL 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission

ENGL 387 - Cooperative Education in English

Employment for pay in a business or industry chosen to provide practical experience in the use of English skills. Work experiences generally are alternated with full-time attendance at the University.

Credit Hours: 3 hrs
Prerequisite: Admittance by application only
Class Restrictions: Junior standing

ENGL 408W - Writing for Writing Teachers (Gen Ed Area I, W)

A writing course for students preparing to teach English in secondary schools. Students develop their skills as writers and learn how to teach writing. Special focus on recent composition research, theory, and practices, and on strategies, materials and evaluation techniques.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W, ENGL 328 and admission to the Initial Teacher Preparation Program
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 409 - Teaching English in the Secondary Schools

For secondary English education majors with focus on appropriate methods and materials for teaching language arts in grades 7-12. Special attention will be given to lesson planning, evaluation techniques and classroom management.

Credit Hours: 3 hrs
Prerequisite: CURR 305, LING 201 and one LITR course at the 300-level; taken the term before student teaching; not open to students on academic probation; must have at least a 2.75 GPA in major; admission to the Initial Teacher Preparation Program
Concurrent Prerequisite: ENGL 408W
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 417 - Rhetoric and the Written Word

An advanced course introducing students to the concepts, principles, and approaches to classical and contemporary rhetoric and their relationship to today's written media.

Credit Hours: 3 hrs
Prerequisite: at least one 200-or-300-level ENGL course
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011
ENGL 424 - Technical Writing

An advanced workshop that prepares students to communicate, particularly to write, on the job.

Credit Hours: 3 hrs
Prerequisite: ENGL 324
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 427 - Technical Editing

Editing of technical material for publication. Principles of style, format, graphics layout and publication management.

Credit Hours: 3 hrs
Prerequisite: ENGL 324
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 428 - Writing Computer Documentation

An advanced writing course that introduces students to the principles of designing, preparing and testing documents common in the computer industry, particularly software documentation for users.

Credit Hours: 3 hrs
Prerequisite: COSC 101 and ENGL 324 or department permission
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 444 - Writing for the World Wide Web

An advanced writing course focused on composing documents for publication on the World Wide Web and other electronic spaces, such as interactive CD-ROMs.

Credit Hours: 3 hrs
Prerequisite: ENGL 121 and ENGL 225, ENGL 300W or any 300-level ENGL class
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 477 - Special Topics

An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: ENGL 121 and one writing course at the 200-level or above or department permission
Last Updated: Links 04/2011

ENGL 478 - Special Topics

An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.
ENGL 479 - Special Topics

An examination of topics in English not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: ENGL 121 and one writing course at the 200-level or above or department permission
Last Updated: 04/2011

ENGL 484 - Seminar in Written Communications

A seminar requiring students to assess their progress in the major and to consider how their beliefs and practices concerning written communications relate to larger social and rhetorical considerations.

Credit Hours: 3 hrs
Prerequisite: ENGL 424
Last Updated: 04/2011

ENGL 487 - Cooperative Education in English

Employment for pay in a business or industry chosen to provide practical experience in the use of English skills. Work experiences generally are alternated with full-time attendance at the University.

Credit Hours: 3 hrs
Prerequisite: Admittance by application only
Class Restrictions: Senior standing
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011

ENGL 488 - Internship in Technical Writing

Optional, practical on-the-job work experience for recommended students electing an opportunity provided by the department or finding an appropriate outside opportunity subsequently approved by the intern supervisor; paid or non paid. One hour credit for 10-15 hours per week; two hours for 16-25 hours; three hours for 26 and above.

Credit Hours: 1 hr
Prerequisite: Recommendation of technical writing professor; ENGL 324 and cumulative 3.0 GPA
Class Restrictions: Junior or Senior standing
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

ENGL 489 - Internship in Technical Writing

Optional, practical on-the-job work experience for recommended students electing an opportunity provided by the department or finding an appropriate outside opportunity subsequently approved by the intern supervisor; paid or non paid. One hour credit for 10-15 hours per week; two hours for 16-25 hours; three hours for 26 and above.
ENGL 490 - Internship in Technical Writing

Optional, practical on-the-job work experience for recommended students electing an opportunity provided by the department or finding an appropriate outside opportunity subsequently approved by the intern supervisor; paid or non paid. One hour credit for 10-15 hours per week; two hours for 16-25 hours; three hours for 26 and above.

ENGL 497 - Independent Study

An intensive study of a topic not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

ENGL 498 - Independent Study

An intensive study of a topic not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Journalism and Public Relations

JRNL 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

**JRNL 179 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

**JRNL 201 - Public Relations and Public Responsibility (Gen Ed Area IV)**

An examination of professional responsibility in the context of public relations and business theory and practices. Throughout this course, students will examine various ethical questions and issues as they draw on a wide variety of sources including social science and management theories and models.

**Credit Hours:** 3 hrs

**Area IV: Knowledge of the Disciplines**

**JRNL 201 Public Relations & Public Responsibility**

This course provides an introduction to a variety of social science methodologies while emphasizing the unique contribution and impact of public relations and business ethics on organizations, institutions, society and culture. In pursuit of that aim, students will study the various misconceptions about the practice of public relations, recognizing that many people hold varying definitions of the profession. Students will move from their widely held definitions of public relations to studying and investigating the social functions of public relations- on their way to understanding the all-inclusive and ethical roles public relations practitioners serve throughout our society in numerous different sectors- and how public relations ethics affect power relations and social change in society.

**JRNL 213 - Introduction to Journalism (Gen Ed Area IV)**

An exploration of the role and responsibility of journalism in American Society. Using historical context as well as contemporary media research and theory, the course examines the practices, obligations, and freedom of news producers, while focusing on the evolving responsibility of citizens in a democracy to become critical consumers of an participants in journalism. Student media research.

**Credit Hours:** 3 hrs

*Last Updated:* 03/2011

**JRNL 215 - News Writing and Reporting**

An introduction to newspaper reporting. Learning to gather information and to write in an approved journalistic style. Courses offer practical instruction and working exercises in interviewing, news story development, lead writing and editing skills. Substantial use of computer lab.

**Credit Hours:** 3 hrs
JRNL 277 - Special Topics

An examination of topics in journalism not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Class Restrictions: Sophomore standing

JRNL 278 - Special Topics

An examination of topics in journalism not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 2 hrs
Class Restrictions: Sophomore standing

JRNL 279 - Special Topics

An examination of topics in journalism not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 3 hrs
Class Restrictions: Sophomore standing

JRNL 305 - Editorial, Column, and Review Writing

Writing of interpretive articles, editorials, reviews and columns. Aimed at developing the student’s critical faculties, it includes the study of public opinion and efforts to change it, the principles of argument and persuasion, and the aesthetic principles guiding cultural criticism.

Credit Hours: 3 hrs
Prerequisite: JRNL 215
Last Updated: Links 04/2011

JRNL 306W - Feature Writing (Gen Ed Area I, W)

Writing of feature and interpretive articles for newspapers and magazines. Emphasis is on idea generation, research, interviewing, narrative technique and organization of longer articles.

Credit Hours: 3 hrs
Prerequisite: JRNL 215
Last Updated: Links 03/2011

JRNL 307 - Copy Editing

Editing news articles for publication. Students learn style (Associated Press) and grammar in detail. Also study techniques for improving stories by tightening, checking accuracy and protecting against legal and ethical problems. Includes headline writing.

Credit Hours: 3 hrs
**JRNL 309 - Sports Writing**

A sports writing and reporting course that introduces students to the theory and practice of covering athletic events and sports controversies, interviewing players and coaches and writing under deadline pressure.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 215  
**Last Updated:** Links 04/2011

**JRNL 310 - Digital Journalism**

This course focuses on the recent history and current theories relevant to the digital news environment and the development of effective writing and reporting practices. Students also learn to use and enjoy technical tools and develop a dynamic understanding of the rhetorical, technical and aesthetic conventions of digital media.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 213 and JRNL 215  
**Last Updated:** Links 04/2011

**JRNL 311 - Newspaper Layout and Design**

Hands-on study of newspaper layout, design, pagination, and production. Emphasis is on presentation of the written word, photographs and graphics, using current newsroom publishing standards and software.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 215  
**Last Updated:** Links 04/2011

**JRNL 312 - Introduction to Public Relations**

Definition, historic aspects, evolution and ethics of public relations; the practical use of public relations by corporations, not-for-profit organizations, businesses, institutions and government; correlation of written, oral and visual skills.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 215 and CTAC 124  
**Last Updated:** Links 04/2011

**JRNL 313 - History of American Journalism**

A survey of the evolution of journalism in the United States and how journalism both has influenced and been influenced by the larger history of America. Emphasis is placed on the history of newspaper and magazine journalism and on key journalists of enduring importance.

**Credit Hours:** 3 hrs  
**Class Restrictions:** Sophomore standing

**JRNL 314 - Writing for Public Relations**
Practical experience in writing press releases, broadcast announcements, speeches and scripts to present a project or product; preparing brochures, newsletters, annual reports, memos and proposals; implementing public relations campaigns.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 312  
**Last Updated:** Links 04/2011

**JRNL 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr  
**Prerequisite:** department permission

**JRNL 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs  
**Prerequisite:** department permission

**JRNL 379 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs  
**Prerequisite:** department permission

**JRNL 387 - Cooperative Education in Journalism/Public Relations**

Employment for pay in the print media, public relations or publishing fields to provide practical experience for skills learned in the classroom. Work experiences generally are alternated with full-time attendance at the University.

**Credit Hours:** 3 hrs  
**Prerequisite:** Admittance by application to the Cooperative Education Office and recommendation approved by a journalism professor  
**Class Restrictions:** Junior or Senior standing

**JRNL 408W - Case Studies in Public Relations (Gen Ed Area I, W)**

Solving problems and managing controversy in the day-to-day pursuit of public relations; legal considerations; crisis communication; professionalism and public responsibility in public relations.

**Credit Hours:** 3 hrs  
**Prerequisite:** JRNL 314  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.

**Last Updated:** Graduate Credit 07/2011; Links 03/2011
JRNL 423 - Magazine Article Writing

A writing course to develop skills in researching, writing and marketing nonfiction articles longer and more complex than newspaper feature stories. Emphasis is on individual completion of articles of professional quality.

Credit Hours: 3 hrs
Prerequisite: ENGL 328 or JRNL 306W
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

JRNL 453 - Advanced Reporting

Researching and writing news stories dealing with complex topics including courts, politics, government, finance, labor and education. Emphasis is on journalistic initiative and investigative reporting.

Credit Hours: 3 hrs
Prerequisite: JRNL 215
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

JRNL 454 - Contemporary Problems in Journalism

Emphasis on student investigation, reporting and writing on selected ethical problems in the media industry, such as conflicts between advertising and editorial content and actual or perceived conflicts of interest between journalists and people they cover. Emphasis on conducting in-depth studies of major social issues and quality of media coverage.

Credit Hours: 3 hrs

Prerequisite: Recommendation of journalism professor  
Class Restrictions: Junior or Senior standing

JRNL 490 - Internship in Journalism/Public Relations
Optional, practical on-the-job work experience for recommended students electing an opportunity provided by the department or finding an appropriate outside opportunity subsequently approved by the intern supervisor; paid or nonpaid. One hour credit for 10 hours work per week; two hours for 11-17 hours; three hours for 18 and above.
http://www.emich.edu/english/journalism/career_resources.php

**Credit Hours:** 3 hrs  
**Prerequisite:** Recommendation of journalism professor  
**Class Restrictions:** Junior or Senior standing

**JRNL 497 - Independent Study**

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

**Credit Hours:** 1 hr  
**Prerequisite:** nine hours in the appropriate major or minor

**JRNL 498 - Independent Study**

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

**Credit Hours:** 2 hrs  
**Prerequisite:** nine hours in the appropriate major or minor

**JRNL 499 - Independent Study**

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

**Credit Hours:** 3 hrs  
**Prerequisite:** nine hours in the appropriate major or minor

**Linguistics**

**LING 177 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr

**LING 178 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
**LING 179 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**LING 201 - An Introduction to Linguistics**

An introduction to phonology, morphology, syntax, the lexicon, semantics, sociolinguistics, psycholinguistics and other concerns.

**Credit Hours:** 3 hrs

**Class Restrictions:** Sophomore standing

**LING 205 - English Words**

Principles of sound, form and meaning relationships facilitate the student’s mastery of word structure, spelling, use and comprehension in a language science approach to the analysis of native English words and the foreign vocabulary that is frequently used in English speech and writing. Addresses linguistic, social, historical and other factors in the development of English, fostering greater linguistic sophistication and appreciation for the richness of the English language.

**Credit Hours:** 3 hrs

**LING 277 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr

**LING 278 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**LING 279 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs

**LING 310 - African American Language**
A survey of the history of African American language from African origins to the present day. Details of the structure (i.e. sounds, words, sentence and discourse patterns) of African American English and its functions in American culture, from everyday language use to its employment in literature and other verbal arts. Special attention is paid to issues resulting from contact between different language varieties and the pervasiveness of linguistic diversity in the U.S. and around the world.

**Credit Hours:** 3 hrs  
**Prerequisite:** LING 201 or LNGE 223 or AAS 101  
**Last Updated:** Links 04/2011

**LING 322 - Languages of the World**

A survey of the variety of language and language groups of the world. Topics covered include: origins of human language, language relationships, the ways language changes and why, unusual writing systems and linguistic exotica.

**Credit Hours:** 3 hrs

**LING 340 - Language and Culture**

An introduction to a linguistic view of language and the ways it is influenced by the cultural and social context. Topics covered may include, but are not limited to: argots, jargon, metaphor, names, kinship systems, cross-cultural communication, ethnography of communication, dialectology and sociolinguistics, language and ethnicity, and language and gender.

**Credit Hours:** 3 hrs  
**Prerequisite:** ANTH 135 or LING 201 or LNGE 223  
**Cross-Listed with:** ANTH 340  
**Previously Listed As:** ENG 340  
**Last Updated:** Cross-listed Course Update 01/2012; Links 04/2011

**LING 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 1 hr

**LING 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 2 hrs

**LING 379 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

**Credit Hours:** 3 hrs

**LING 401 - Introduction to Linguistic Science**
An introduction to linguistic theory and analytical procedures. Students will apply theoretical principles to problems of phonological and syntactic analysis.

Credit Hours: 3 hrs  
Prerequisite: LING 201 or LNGE 223  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

LING 402 - Modern English Grammar

An introduction to the grammar of modern English: problems in the description and analysis of English grammar.

Credit Hours: 3 hrs  
Prerequisite: Junior standing  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011

LING 415 - Women and Language

This course analyzes the way that gender is reflected in language structure and linguistic behavior, in both English and other languages. It will consider such topics as gender-related vocabulary and morphology, gender differences in discourse styles and the question of whether gender-related language differences have neurological correlates or are exclusively social in origin.

Credit Hours: 3 hrs  
Prerequisite: a 200-, 300- or 400-level LING course  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011

LING 420 - Introduction to Phonetics and Phonology

An introduction to articulatory and acoustic phonetics and to the basic principles and methodology of phonological analysis.

Credit Hours: 3 hrs  
Prerequisite: LING 401  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

LING 421 - The History of the English Language

A study of the development of the language from its earliest stages to the present with attention to social influences as well as matters of sound, word formation and sentence structure.

Credit Hours: 3 hrs  
Prerequisite: LING 201 or LING 401  
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.  
Last Updated: Graduate Credit 07/2011; Links 04/2011

LING 425W - Introduction to Syntax (Gen Ed Area I, W)

The development of a base in syntactic theory, learning both the mechanisms of a transformational grammar and the argumentation used in syntactic analysis.
LING 426 - Topics in Linguistics

Advanced study in specific areas of linguistics for which the department does not regularly offer a course. The area to be studied will vary and will be determined by the field of specialization of the staff members and by student interest. This course may be taken more than once, provided the topics are different.

Credit Hours: 3 hrs
Prerequisite: LING 401
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; 02/2011 effective Fall 2011

LING 434 - The Linguistic Analysis of Literature

Examination of the linguistic knowledge which allows readers to recognize certain literary effects. Consideration of point of view shift, foregrounding, narrative time movement, presupposition and other aspects of literary interpretation.

Credit Hours: 3 hrs
Prerequisite: a 200-, 300- or 400-level LING course
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011

LING 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

LING 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission

LING 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
LING 497 - Independent Study

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 1 hr
Prerequisite: nine hours in the appropriate major or minor

LING 498 - Independent Study

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 2 hrs
Prerequisite: nine hours in the appropriate major or minor

LING 499 - Independent Study

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the instructor and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 3 hrs
Prerequisite: nine hours in the appropriate major or minor

Literature

LITR 100 - Worlds on the Page: An Intro to LIT (Gen Ed Area IV)

An introduction to the techniques of critical reading with equal emphasis on prose fiction, poetry and drama. Development of a fundamental understanding and enjoyment of reading.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

LITR 100 Reading of Literature

Literature captures the hopes, politics, emotions and ideals not just of individuals, but of generations. Reading literature provides a window into cultures past. It also reveals how creative expressions can shape individual and community understandings of the world in which we live. Literature 100 is designed to cultivate students appreciation of literary texts by providing a context to learn about the formal and historical features of different kinds of poems, plays and works of fiction. This class introduces terms important for the critical understanding of poetry, drama and fiction as imaginative literary forms. It also helps students analyze poems, plays and stories as products of the cultures that produced them and as texts that have impacted and influenced societies. Because the course focuses on different types of literature in historical contexts, students will gain a nuanced understanding of the cultural meaning of poetry, drama and fiction and learn to interpret literary texts as complex social practices that are also meaningful as human art.

LITR 101 - Imaginary Worlds: An Intro to Fiction (Gen Ed Area IV)
Reading and critical analysis of prose fiction intended to deepen the student’s understanding and enjoyment of prose fiction.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

LITR 101 Reading of Literature: Fiction
Fiction draws readers in by presenting compelling characters, engaging situations or familiar human problems. Whether the worlds in fiction feel comfortably realistic or expand a reader's horizons with their newness, fiction remains popular for its ability to explore the boundaries of human possibility. Literature 1010 is designed to cultivate students’ appreciation of prose fiction by providing a context to learn about the formal and historical features of different kinds of short stories and novels. This class introduces terms important for the critical understanding of fiction as an imaginative literary form. It also helps students analyze the plots, character and setting of fiction not only as windows into the themes of the texts but as literary works that have impacted and influenced the on-going traditions of Western literature. Because the course focuses on different types of fiction in historical contexts, students gain a nuanced understanding of the cultural meaning of fiction and learn to interpret these texts as a complex social practice meaningful as human art.

LITR 102 - Metaphor Matters: An Intro to Poetry (Gen Ed Area IV)
Reading and critical analysis of poetry intended to deepen the student’s understanding and enjoyment of poetry.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

LITR 102 Reading of Literature: Poetry
Literature 102 provides an overview of key elements poets consider while writing and readers consider when reading poetry—including imagery, voice, tone, rhythm and poetic forms. It is designed to introduce students to poetry by a wide range of writers living at different historical moments, discussing the relationship between culture and literature as well as offering a vision of how poetry changes over time. Literature 102 will help students learn to analyze poetry not only in terms of its form and its ideas but also as an art form with implications for the development of and/or response to culture.

LITR 103 - All the World's a Stage: An Intro to Drama (Gen Ed Area IV)
Reading and critical analysis of drama intended to deepen the student’s understanding and enjoyment of drama.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

LITR 103 Reading of Literature: Drama
Drama, perhaps more than any other literary form, brings the written word to life. On stage, actors offer an audience an interpretation of a play. In writing, drama offers readers a chance to imagine themselves as other people and to examine the consequences of making choices in situations that might otherwise feel foreign. The result of reading drama thus can often be greater understanding of both oneself and others. Literature 103 is designed to cultivate students' appreciation of dramatic literature by giving them a context to learn about the formal and historical features of different kinds of plays and theatrical texts. This class gives students terms important for the critical understanding of drama as an imaginative literary form. It also helps students analyze the plots, character and setting of drama not only as windows into the themes of the plays but as literary works that have impacted and influenced the on-going traditions of literature. Because the course focuses on different types of drama in
historical contexts, students gain a nuanced understanding of the cultural meaning of drama and learn to interpret drama as a complex social practice meaningful as human art.

**LITR 106 - Rome and America (Gen Ed Area IV)**

A comparison of the people and culture of ancient Rome and modern America, considering individual hopes and ideals, religious beliefs and ideas about death, government, morality, love and sex. Team taught by a member of the English Department and a classicist.

**Credit Hours:** 6 hrs  
**Cross-Listed with:** CLAS 106

**Area IV: Knowledge of the Disciplines**

**LITR 106 Rome & America (Honors ONLY) [effective Spring 2008]**

This course introduces students to the humanities disciplines of the study of American literature and of ancient Roman literature. By its strong emphasis on comparative analysis, the course facilitates a clear understanding of the literary concept of genre (e.g., satire, epic, lyric, novel, etc.). Besides issues of literary theory, the course also encourages the appreciation of continuity in major themes, such as the definition of "heroism" or of the "successful" life, the gender system of the relevant cultures, and social class distinctions, as well as the techniques (e.g., parody, irony, allegory, symbolism, etc.) common to the literatures of classical Roman antiquity and present-day American. By examining literary works from two cultures remote in time and place from each other, students learn to grasp and evaluate what is traditional and what is innovative in each.

**Last Updated:** Links 04/2011

**LITR 150 - Humanity and Technology**

A brief study of distinctive and influential perceptions of the impact of technology on human values just after the first Industrial Revolution, with critical emphasis on problems concerning the use of special, refined technologies. Primary readings from Thoreau, Mark Twain, Henry Adams, Aldous Huxley, Lewis Mumford and Garrett Hardin. This course satisfies one literature requirement.

**Credit Hours:** 3 hrs  
**Notes:** See honors humanities courses.

**LITR 160 - African American Literature (Gen Ed Area III, IV)**

This course introduces students to the study of African American literature, thought and cultural practices through an examination of the oral traditional, texts, music and visual arts of African Americans and other peoples of the African diaspora. Readings include oral narratives, fiction, poetry, drama, autobiography, political treatises and essays from 1619 to the present.

**Credit Hours:** 3 hrs

**Area III: Perspectives on a Diverse World**

**LITR 160 African American Literature [was LITR 260]**

Literature 160 introduces students to the study of African American literature, thought and cultural practices through an examination of the oral traditions and literary texts of African Americans. Throughout the study of spoken stories and written texts we will also examine the formation and expression of African American identity in relation to Europeans and other non-white ethnic groups. The class will explore the legacy of slavery in its many forms, including disenfranchisement, racial and economic segregation and the history of violence against African Americans, as well as the struggle of African Americans to be recognized as an integral political and cultural presence within the United States. Through the reading, discussion and analysis of
African American literature, we will examine the development of this literary tradition and the histories, philosophies and sociological and cultural practices of African Americans.

**Area IV: Knowledge of the Disciplines**

**LITR 160 African American Literature** [was LITR 260]

Literature 160 introduces students to the study of African American literature, thought and cultural practices through an examination of the oral traditions and literary texts of African Americans. Through the study of spoken stories and written texts we will also examine the formation and expression of African American identity in relation to Europeans and other non-white ethnic groups. The class will explore the legacy of slavery in its many forms, including disenfranchisement, racial and economic segregation and the history of violence against African Americans, as well as the struggle of African Americans to be recognized as an integral political and cultural presence within the United States. Through the reading, discussion and analysis of African American literature, we will examine the development of this literary tradition and the histories, philosophies and sociological and cultural practices of African Americans.

**LITR 161 - Native American Literature (Gen Ed Area III, IV)**

A course in the oral and written literature of Native American cultures — emphasizing memoirs, essays, fiction, poetry, drama and film of the 20th and 21st centuries — examined within their cultural and historical contexts. This course will promote and understanding of traditional Native world views, as well as examine the impact of Native peoples’ contact with other cultures.

Credit Hours: 3 hrs

**Area III: Perspectives on a Diverse World**

**LITR 161 Native American Literature** [was LITR204]

Literature 161 will study the oral and written literature's of Native American cultures, with emphasis upon the authored memoirs, essays, fiction, poetry and film of the twentieth and twenty-first centuries. Students will read and become familiar with a range of oral traditional and 19th, 20th and 21st century texts by Native American writers from a variety of Native North American cultures, and they should be able to identify continuities between oral traditional and contemporary Native texts. Texts studied will be examined within their cultural and historical contexts. This course will promote an understanding of traditional Native world views, in conjunction with an awareness of the ways in which the ongoing legacy of colonialism and contact with other cultures have impacted Native peoples, and it will explore current debates and issues in the field of Native American studies. Through their exposure to Native literatures, students should become more sensitive to and understanding of other cultures. They should also be aware of their own cultural views and the impact that those views have on other cultures. Students should more readily recognize stereotypes about Native Americans and other groups of peoples. In general, they should become better world citizens through their development of critical thinking skills about cross-cultural issues. Students will be encouraged to make connections to the local Native American community by attending PowWows and other available events. Through their studies, students will gain an appreciation of the rich diversity, strength and beauty in Native cultures and literary traditions.

**Area IV: Knowledge of the Disciplines**

**LITR 161 Native American Literatures** [was LITR 204]

Literature 161 will study the oral and written literatures of Native American cultures, with emphasis upon the authored memoirs, essays, fiction, poetry and film of the twentieth and twenty-first centuries. Students will read and become familiar with a range of oral traditional and 19th, 20th and 21st century texts by Native American writers from a variety of Native North American cultures, and they should be able to identify continuities between oral traditional and contemporary Native texts. Texts studied will be examined within their cultural and historical contexts. This course will promote an understanding of traditional Native world views, in conjunction with an awareness of the ways in which the ongoing legacy of colonialism and contact with other cultures have impacted Native peoples, and it will explore current debates and issues in the field of Native American studies. Through their exposure to Native literatures, students should become more sensitive to and understanding of other cultures.
cultures. They should also be aware of their own cultural views and the impact that those views have on other cultures. Students should more readily recognize stereotypes about Native Americans and other groups of peoples. In general, they should become better world citizens through their development of critical thinking skills about cross-cultural issues. Students will be encouraged to make connections to the local Native American community by attending PowWows and other available events. Through their studies, students will gain an appreciation of the rich diversity, strength and beauty in Native cultures and literary traditions.

**LITR 163 - Jewish-American Literature and Culture (Gen Ed Area III)**

This course examines the complex position of Jews in America — considering minority status, assimilation and cultural history of Jewish population — by focusing on poetry, prose and drama that reflects awareness of both an oppressive European past and a desire to more forward in the vibrant intellectual life of the 20th and 21st centuries.

**Credit Hours:** 3 hrs

**Area III: Perspectives on a Diverse World**

**LITR 163 Introduction to Jewish American Literature [was LITR279]**

Introduction to Jewish American Literature asks students to consider what kinds of contributions Jews have made to American life, and what kinds of struggles they have had to endure in order to make those contributions. In particular, the course asks students to consider how American Jews have represented themselves and their cultural situations in the literary genres of poetry, prose and drama. Introduction to Jewish-American Literature meets the U.S. Diversity requirement of the new general education curriculum because it demonstrates how Jewish Americans have constructed themselves within a nation that has often been far from accepting of difference. It also asks students to appreciate how literature written by Jews has helped to reconstruct American attitudes about the accommodation of marginalized groups.

**LITR 164 - Introduction to Asian American Literature (Gen Ed Area III)**

This course is designed to help students examine the experiences of Asian Americans in the U.S. as shown through prose and poetry. Course work is framed through historical cultural backgrounds, the immigrant experience and current ideological perspectives of persons who self-identify as both Asian and American. Film screenings provide further context for study.

**Credit Hours:** 3 hrs

**Area III: Perspectives on a Diverse World**

**LITR 164 Introduction to Asian American Literature [effective Spring 2008]**

Asian peoples account for a significant portion of immigrants to the U.S. Asian American literature will provide a means for students to understand Asian American experiences in the U.S. through fiction and poetry, supplemented by occasional films. By discussing the relationship between literature and culture, students will identify issues related to ethnicity, class and gender in the U.S. from multiple Asian perspectives. Understanding these issues can promote their success in the global U.S. community. For these reasons Literature 164 meets the requirements for a U.S. Diversity course in the General Education program.

**LITR 171 - Imagining the Holy Land (Gen Ed Area III)**

"Imagining the Holy Land," looks at a multiplicity of texts—literary, historical, political, cinematic— and asks General Education level students to consider why, since the time of the Crusades, the three "peoples of the book," Jews, Christians, and Muslims, have engaged in conflict over the area now called Israel.

**Credit Hours:** 3 hrs

*Last Updated: Links 03/2011*
LITR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

LITR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission

LITR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission

LITR 181 - The Legacy of Greece

An introduction to Greek epic, drama, poetry, history and philosophy, illustrating the influence of the Greek tradition on Western civilization. The literature is read in English translation. Representative examples of Greek architecture and sculpture also are examined. Team taught by a classicist and/or a member of the English Department. This course satisfies one literature requirement.

Credit Hours: 3 hrs
Cross-Listed with: CLAS 181
Notes: See honors humanities courses.
Last Updated: Links 04/2011

LITR 200 - Literary Studies for Literature Lovers (Gen Ed Area IV)

An intensive introduction to poetry, fiction and drama designed to appeal to the enthusiast who loves reading literature. Especially useful for those considering majoring in literary studies or English education. Course content is thematically focused (themes vary by instructor) and covers multiple literary periods as well as writing in different styles.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

LITR 200 Literary Studies for Literature Lovers
LITR 200 is designed to provide students who love literature with a framework for thinking critically about the texts that they read. In this intensive introduction to literary studies, course readings focus on exposing students to multiple genres of writing (fiction, poetry and drama), locating particular texts within the cultural context in which they were produced, and tracing the evolution of one or more literary themes through multiple historical periods. Students will be challenged to consider literature
from a range of perspectives and literary periods, through a sustained look at different types of writing within each major genre. In considering thematic or structural similarities between individual texts, students will come to see how literature both reflects and inspires changes in imaginative, political, social and/or cultural practices.

**LITR 201 - Introduction to Science Fiction (Gen Ed Area IV)**

This course is designed to expose students to the genre of science fiction through a survey of some of the greatest short stories and novels of this genre. We will explore the elements of science fiction through a study of form, theme, character and technique and develop the critical reading skills necessary for independent literary analysis.

**Credit Hours:** 3 hrs

**Last Updated:** 03/2011

**LITR 202 - Current Events in World Literature (Gen Ed Area III)**

An introduction to world literature designed to appeal to the students interested in reading contemporary novels, plays and poetry in the context of current events in culture and politics of different communities across the globe. Course content is thematically focused and covers multiple literary genes as well as writing in different styles.

**Credit Hours:** 3 hrs

**Last Updated:** Links 03/2011

**LITR 210 - Introduction to Shakespeare (Gen Ed Area IV)**

An introduction to at least five of Shakespeare's plays with emphasis upon the tragedies.

**Credit Hours:** 3 hrs

**Area IV: Knowledge of the Disciplines**

**LITR 210 Introduction to Shakespeare**

LITR 210 allows students to explore the creative imagination of one of the most influential geniuses of western culture, William Shakespeare, as well as the cultural environment- Elizabethan and Jacobean London- that stimulated and shaped it. LITR 210 is designed to provide students who love literature- and have an interest in learning more about Shakespeare - with a framework for thinking critically about Shakespeare's writing. Students will conduct formal analysis of plays, as well as more critical analysis of the surrounding history and language associated with his work. Students will not only develop a sense of Shakespeare's plays as theatrical productions, they also interact with the plays as literary texts, developing interpretations of character motivation, exchanging ideas on possible themes and dramatic conflicts and comparing and contrasting one play with another. In this intensive introduction to Shakespeare's dramatic and lyric writing, course readings focus on exposing students to Shakespeare's different genres of writing, locating his drama in the cultural contexts in which they were produced. Because Shakespeare has been such an influence on many writers throughout the centuries, the study of his work provides the opportunity to study how different literary and dramatic tastes evolve through time.

**LITR 241 - Global Images, Narrative Worlds (Gen Ed Area III)**

A survey of fiction and film from around the world that elucidates the narrative structures in international fiction and film; illustrates how these structures influence the perception of other people and places; and demonstrates the ways in which narrative imagination promotes global awareness and cross-cultural understanding.
Area III: Perspectives on a Diverse World

LITR 241 Global Perspectives in Postcolonial Narrative
LITR 241 will draw on the considerable expertise of English Department faculty in both narrative theory and cultural studies, expertise which befits the host department for the *Journal of Narrative Theory*. This course concentrates on the narrative techniques found in fiction and film from around the world. Finally, the film series organized in conjunction with this course (provided room and instructor availability) will be open to the larger EMU community, not just to students officially registered for the class.

LITR 251 - The Bible as Literature
Introduction to the literary study of the Bible. The Old Testament is represented chiefly by specimens of narrative and prophetic writings; the New Testament by selected incidents, parables and sayings from the life of Jesus as portrayed in the synoptic gospels. Discussion of Biblical influences upon English and American literature.

Credit Hours: 3 hrs
Prerequisite: one 100- or 200-level LITR course

LITR 277 - Special Topics
An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: one 100- or 200-level LITR course

LITR 278 - Special Topics
An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: one 100- or 200-level LITR course

LITR 279 - Special Topics
An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: one 100- or 200-level LITR course

LITR 309 - The Development of American Literature
A study of American literature from colonial times to 1890, including such writers as Bradstreet, Franklin, Hawthorne, Melville, Thoreau, Emerson, Whitman, Dickinson, Twain and James.
LITR 310 - Modern American Literature

A study of American literature from 1890 to the present, including such writers as Crane, Frost, Cather, O'Neill, Fitzgerald, Faulkner, Hemingway, Bellow, Baldwin, O'Connor and Updike.

LITR 312 - English Literature in the Middle Ages

A survey of Old and Middle English literature from Beowulf to Malory, tracing the themes, genres and literary techniques of early English literature.

LITR 314 - English Renaissance Prose and Poetry 1500-1660

Major authors from the age of Shakespeare to the close of the Renaissance, including the humanists, lyric poets, Spenser, Bacon, Donne and the metaphysicals, and Milton.

LITR 315 - Restoration and 18th-Century Literature

A study of British literature from the Restoration of Charles II through the Enlightenment and French Revolution (1660-1798), including such authors as Ben, Defoe, Swift, Montague, Equiano, Pope, Fielding, Gray, Walpole, Burney, Goldsmith and Wollstonecraft.

LITR 316 - Romantic Rebellion in Britain 1798-1832

A study of the shift in literary emphasis in Britain from reason to the emotions, imagination and individualism in the works of Wordsworth, Coleridge, Lamb, DeQuincey, Hazlitt, Byron, Shelley and Keats.

LITR 317 - Victorian and Edwardian Literature 1832-1914
A study of prose and poetry of such authors as Carlyle, Mill, Tennyson, Browning, Ruskin, Arnold, Hopkins, Swinburne, Hardy, Pater, Wilde, Kipling and others.

Credit Hours: 3 hrs  
Concurrent Prerequisite: ENGL 300W  
Last Updated: Links 04/2011

**LITR 360 - Recent Trends in British and American Literature**

A study of innovations in recent British and American poetry, fiction or drama. The particular focus of the course to be taught in a given semester will be announced in the class schedule bulletin.

Credit Hours: 3 hrs  
Concurrent Prerequisite: ENGL 300W  
Last Updated: Links 04/2011

**LITR 361 - Studies in Native American Literature**

This course will study in-depth, the oral and written literature of Native North American cultures, with emphasis on the authored memoirs, essays, fiction, poetry and drama of the 20th and 21st centuries. Students will become familiar with the historical, cultural and critical contexts for oral traditional and contemporary texts studied.

Credit Hours: 3 hrs  
Concurrent Prerequisite: ENGL 300W  
Last Updated: Links 04/2011

**LITR 362 - Studies in African American Literature**

This course will examine the development of the African American literary tradition from its beginnings as an oral and aural art to tests written in the 21st century. Emphasis will be on the literary movements which define the tradition. Students will become conversant with the theory, critical terminology, historical contexts and interpretive practices relevant to the study of African American literature.

Credit Hours: 3 hrs  
Concurrent Prerequisite: ENGL 300W  
Last Updated: Links 04/2011

**LITR 377 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr  
Prerequisite: department permission  
Concurrent Prerequisite: ENGL 300W  
Last Updated: Links 04/2011

**LITR 378 - Special Topics**

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.
LITR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Concurrent Prerequisite: ENGL 300W
Last Updated: Links 04/2011

LITR 400 - Narrative in Literature and Film

A study of the aesthetic parallels in narrative technique between certain prose forms (novel, novella, romance, satire) and film as a means of enhancing verbal, visual and cultural literacy. This course will comprehend films from the origin of cinema to the present, as well as a variety of literary works from multiple periods, showing how they have worked in tandem to engender social constructs and the cultural heritage.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Class Restrictions: Sophomore standing
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

LITR 405 - Shakespeare

A study of at least eight of the principal plays.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Class Restrictions: Sophomore standing
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

LITR 411 - Studies in Epic and Romance

A critical reading of foreign (in translation) and English epics and romances (and their sources). The treatment will be both historical and comparative.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

LITR 413 - The Poetry of Chaucer
An introduction to the major works of Chaucer: a close reading of representative poetry.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 300W and one 300-level LITR course  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011

**LITR 420 - Studies in the British Novel**

This course will explore the emergence and development of the novel as a popular genre in English literature, with special emphasis on the cultural, political and historical conditions that it both reflects and helps to construct.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 300W and one 300-level LITR course  
**Last Updated:** Links 04/2011

**LITR 421 - Studies in the American Novel**

A study of the American novel from its beginnings in the 19th century to the present, with particular emphasis on its development over time.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 300W and one 300-level LITR course  
**Last Updated:** Links 04/2011

**LITR 422 - Studies in the Novel in Global Perspective**

A study of the novel outside England and the United States, with particular emphasis on generic variations that reflect political and social forces within specific contexts.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 300W and one 300-level LITR course  
**Last Updated:** Links 04/2011

**LITR 430 - Studies in Drama**

A study of drama as it develops over time and is shaped by changing literary and social practices, including but not limited to the early British drama, restoration comedy, modern drama and English theatre in a global perspective.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 300W and one 300-level LITR course  
**Last Updated:** Links 04/2011

**LITR 440 - Genre Studies**

A study of the characteristics of a particular literary genre, independent of chronology, theme or author.

**Credit Hours:** 3 hrs  
**Prerequisite:** ENGL 300W and one 300-level LITR course  
**Graduate Credit:** This is an undergraduate course available to graduate students for graduate credit.  
**Last Updated:** Graduate Credit 07/2011; Links 04/2011
LITR 443 - Women in Literature

A study of women and their experiences as described in literature.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Cross-Listed with: WGST 443
Last Updated: Graduate Credit 07/2011; Links 04/2011

LITR 450 - Major Authors

An intensive study of a major literary figure or a group of related authors. The particular author to be taught in a given semester will be announced in the class schedule bulletin.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011; Links 04/2011

LITR 470 - Studies in Poetry

A study of different poetic genres in English literature as they develop over time and are shaped by changing aesthetic conventions and social practices.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Last Updated: Links 04/2011

LITR 477 - Special Topics

An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: ENGL 300W and one 300-level LITR course
Last Updated: Links 04/2011

LITR 478 - Special Topics

An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Last Updated: Links 04/2011

LITR 479 - Special Topics

An examination of topics in literature not covered in other departmental offerings. Students may elect this course more than once, provided different topics are studied.
LITR 480 - Studies in Literature and Culture

A seminar course devoted to theorizing and articulating the relationships between literature and culture.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Last Updated: Links 04/2011

LITR 490 - Senior Seminar

This seminar requires students to understand and analyze literature in English from different historical and cultural perspectives, with an emphasis on current trends in literary theory.

Credit Hours: 3 hrs
Prerequisite: ENGL 300W and one 300-level LITR course
Class Restrictions: Senior standing
Major Restrictions: Literature majors and Language, Literature and Writing Majors only
Last Updated: Links 04/2011

LITR 497 - Independent Study

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 1 hr
Prerequisite: nine hours in the appropriate major or minor; ENGL 300W and one 300-level LITR course
Last Updated: Links 04/2011

LITR 498 - Independent Study

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 2 hrs
Prerequisite: nine hours in the appropriate major or minor; ENGL 300W and one 300-level LITR course.
Last Updated: Links 04/2011

LITR 499 - Independent Study

Study of topics not offered in the regular curriculum, the particular topic to be defined (and credit hours set) by the teacher and student, subject to approval by the curriculum committee. Restricted to students taking majors or minors in the English Language and Literature Department.

Credit Hours: 3 hrs
Prerequisite: nine hours in the appropriate major or minor; ENGL 300W and one 300-level LITR course.

World Languages Programs and Courses

World Languages

Major

French Major

Depending on initial placement, students may need to take up to 22 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

It is recommended that students specializing in French, or planning to continue with graduate work, carry their undergraduate study beyond the minimum requirements listed below. Many graduate schools require additional course work in literature.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Web site: http://www.emich.edu/worldlanguages/

Additional department information is available here in the online catalog.

Advisor Information:

Email: bpalmer@emich.edu
Phone Number: 487-4081

Program Advisor: Tom Vosteen
Email: tvosteen@emich.edu
Phone Number: 487-4081

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 30 hours

Group I: Language Development: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs
Group II: Civilization and Literature: 12 hours

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs
- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Group III: Immersion Experience: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

*Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; *courses taken at community colleges cannot be used to meet this requirement*. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor.
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor.

Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU’s General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

German Language and Literature Major

Depending on initial placement, students may need to take up to 22 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

**Advisor Information:**

Program Advisor: Margrit Zinggeler
Email: mzinggele@emich.edu
Phone Number: 487-1995
General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 57-60 hours

Business Minor: 21 hours

Students must complete requirements for a minor in an operational area of business of their choosing. These areas include: economics, marketing, management, accounting, finance, business computer systems and general business, among others. Special combinations of business courses equivalent to a minor are possible in consultation with an adviser.

Additional Business Requirements: 6 hours

- MKTG 460 - International Marketing 3 hrs

One course from the following:

- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Language and Area Studies Courses: 27 hours

- One GERN at the 300- or 400-level (3 hrs)
- One GERN at the 400-level (3 hrs)
- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 361 - German for International Trade 3 hrs
- GERN 446 - Business German I 3 hrs
- GERN 447 - Business German II 3 hrs

One Political Science course from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

One option from the following:

Option I: Geography and History: 6 hours

- One 300/400 level GEOG course of the geography of Germany.
• One 300/400 level HIST course of the history of Germany.

Option II: Geography and Foreign Language: 6 hours

• One 300/400 level GEOG course of the geography of Germany.
• One additional 300/400 level GERN course.

Option III: History and Foreign Language: 6 hours

• One 300/400 level HIST course of the history of Germany.
• One additional 300/400 level GERN course.

Field Experience: 3-6 hours

Consult with LIT Advisor.

One course from the following:

• FLAN 387 - Cooperative Education in Foreign Language 3 hrs
• FLAN 487 - Cooperative Education in Foreign Language 3 hrs
• FLAN 489 - Internship in Language and International Trade 3 hrs
• GERN 490 - Intensive German in Europe 6 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  o Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
  o Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
  o Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
• Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
• Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

**General Education Requirements:**

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

• For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the Current Program heading.
• For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the Program Prior to Fall 2007 heading. Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

**University Information:** Consult the online catalog at catalog.emich.edu.

**Group Major in Language and International Trade - Japanese**

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. The major in language and international trade is designed to integrate the study of modern foreign languages and cultures with preparation in the field of international business.

The major objective of the program is to provide students with the skills, knowledge and understanding needed to function in a foreign environment and in professional dealings with business people and clients who speak foreign languages. Students completing this group major will have met the major and minor requirements for graduation. The minor is included in the major requirements.
Qualified students in Japanese may have the option of participating in a cooperative work exchange in an area of the world where Japanese is spoken.

K-12 French Teaching Major

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this course of study, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education K-12 Provisional Certificate in French, certification code FA, and, depending on the minor selected, an additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #23, “French.” In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

- EDUC 489 - Student Teaching 12 hrs

In order to meet NCATE standards, candidates who:
• major in a language shall complete more than half of their student teaching contact hours in that language.
• double major in a language and in another content area shall complete a portion of the student teaching experience in that language.
• double major in two languages shall student teach in each language.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

• Earn a minimum total of 124 credits at the 100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
• Meet the requirements of the General Education program (see information below).
• Earn a minimum of 60 credits from a four-year college or university; courses taken at community colleges cannot be used to meet this requirement. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
• Earn a minimum of 30 credits from courses taken at EMU.
• Complete 10 of the last 30 hours for the degree from courses taken at EMU.
• Have a minimum of 30 unique credit hours in their major and 20 unique credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
• Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 hours required for a bachelor's degree.
• Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
  • Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
