## Housing no longer obligated for Rec/IM debt service

At the end of fiscal year 1985-86 at EMU, the Housing budget will no longer be obligated for \$600,000 annually for debt service for the Lloyd W. Olds Student Recreation Center.

According to Robert J. Romkema, vice president for business and finance, Housing's contribution for the 30-year obligation originally was projected to continue until the year 2011. However, a combination of factors enabled the University to reduce the obligation from \$480,000 in 1981-82 to \$40,142 in 1985-86 and zero after the current fiscal year.

A combination of a healthy income on the debt service reserve investment account, and a higher than projected income from non-student user fees, resulted in the reduction of Housing's debt service obligation, according to Romkema.

The debt service reserve account was established in 1982 with proceeds from land sales, primarily the Catherine McAuley expansion site. In 1985-86, the account contributed \$244,400 to the debt service.

Non-student user fees contributed only \$11,000 in 1981-82. But the contribution increased significantly to \$130,000 in 1985-86. Non-student user fees are expected to total more than \$125,000 in 1986-87.

Also, the Recreation Center will be refinanced this year at a lower bond rate, meaning additional savings for the University.

entrepreneurship.

Course formats will include workshops, formal lectures, discussion sessions, case studies, simulations, role playing and small group tasks. In addition, students will be involved in field trips, talent shows, dances, videos and movies, intramural sports and will have opportunities to interact with notable guest speakers participating in the institute.

The idea for "Summer Quest '86" evolved from the success of the Michigan Department of Education Summer Institute for Talented and Gifted High School Students hosted by Eastern for the past three years.

The cost of attending either two-week Summer Quest '86 is \$525 per student, inclusive of room, board and all services. In addition, a \$30 discount is available for those who register by May 25.

For more information, call Neeta Delaney, director of "Summer Quest '86," at 7-0314

## Student Government honors Rep. Ford

EMU's Student Government recently honored U.S. Rep. William D. Ford for his support of higher education naming him "Legislator of the Year" for 1985-86 in a Student Senate Resolution.

In honoring Ford, the student group recognized him as having served as chairman of the Subcommittee for Post-Secondary Education and cited him for his strong support of the Reauthorization Act, saying its passage in the U.S. House of Representatives "would not have been possible" without his help.

The EMU Student Government resolution also asserted the Michigan Collegiate Coalition's support of the resolution saying the group recognized Ford for his "outstanding contributions to higher education."
