GOOGLE DRIVE REPLACING U: DRIVE: In March 2015, Google Drive will formally replace EMU-provided U: drives. Google Drive provides unlimited storage space to EMU faculty and staff, and allows files to be shared with others within and outside of the university. Google Drive also allows for easy file access from any computing platform (desktop, tablet or mobile).

In addition to unlimited file storage space, Google Drive has mobile apps so you can access your files from your smartphone or tablet, too! There is also a tool that will allow you to sync all of the contents of your Google Drive to a desktop folder on your Windows or Mac computer. Full details on how to access your EMU-provided Google Drive account, where to get the mobile apps, and how to set up syncing are available at: <http://www.emich.edu/it/services/googleapps/drive.php>.

The decision to decommission the use of EMU-provided U: drives was made because the storage technology in use is outdated and the available storage capacity no longer meets the needs of faculty and staff. (Please note that the departmental shared drives, known as the W: drive or the Z: drive, will remain available and are not affected by this change.)

Anyone with files stored on their U: drive that they wish to keep must move those files to Google Drive (or another storage location) before March 1, 2015. Any files remaining on the U: drive after that date will be permanently deleted. Questions or concerns about this change may be directed to Rocky Jenkins 487-3145 or rjenkins@emich.edu.

"THE RICHLIY TEXTURED LIFE" TOPIC FOR 2015 STAR LECTURE SERIES: The Honors College proudly announces the 2014-15 Star Lecture Series: "Soar Higher: Pursuing a life well-lived." The forth Star Lecture will be held on **Tuesday, Jan. 13, 2015**, 7 – 8:30 p.m. in the Halle Library Auditorium. Ron Delph, professor of history at EMU will speak on "The Richly Textured Life." How does one achieve a richly textured, well-lived and fulfilled life? This is not merely the result of success in one's chosen profession, although that is important. It is not dependent upon material wealth, although that too plays a role. A large circle of friends and family are part of the equation, of course, but they alone will not define a well-lived, fulfilled life. Fulfillment in life, and creating a life that is well lived and richly textured, comes when an individual's thoughts, actions, time, and engagement allow him or her to nourish the mental, physical, emotional, and spiritual needs inherent within the human condition. Creativity, kindness, wonder, sweat, an appreciation of beauty and a sense of one's place in the world—past, present and future—all are present in a life well lived. In his talk, professor Delph will explore the many facets that go into a life well lived and show how they work together to create a rich and

rewarding, fulfilled life. To see the complete series, please visit [2014-15 Star Lecture Series](#). For questions, please contact Rebecca Sipes at rsipe@emich.edu.

STAR LECTURE SERIES CONTINUES WITH FIFTH GUEST SPEAKER: The Honors College is pleased to host the fifth Star Lecture on **Tuesday, Feb. 17, 2015**, 7 – 8:30 p.m. in the Halle Library Auditorium. The guest speaker will be Minnie Bluhm, assistant professor of Healthcare Administration, who will talk about “Improving the Odds of a Life Well-Lived: Links Between Health and Emotion.” Physical health and state of mind are significant influences on our ability to live life well. Finding pleasure, satisfaction and meaning in work, in relationships with partners and others and in relationship to one’s self are all affected by how we feel physically and emotionally. In this talk, Dr. Bluhm will provide an overview of a newly emerging area of interest in public health: the link between emotions and health. She will discuss the impact of factors such as stress, optimism and attitude on one’s health, and ultimately, on the ability to live life well. To see the complete series, please visit [2014-15 Star Lecture Series](#). For questions, please contact Rebecca Sipes at rsipe@emich.edu.

"BEING PREPARED FOR AN UNPREDICTABLE LIFE" STAR LECTURE: The Honors College will host its final Star Lecture for the year entitled “Being Prepared for an Unpredictable Life,” on **Tuesday, Mar. 10, 2015**, from 7 – 8:30 p.m. in the Halle Auditorium. The featured guest speakers will be Rebecca Sipe, director for the Honors College; Patrick Barry, faculty member, CMTA; Reggie Barnes, director of Diversity and Community Involvement; John Feldkamp, associate director for the Honors College and Tuong-Vi Huynh, from Housing and Residence Life. As college students, how can one possibly prepare for a future that is both unpredictable and constantly evolving? What sorts of experiences—academic and extra-curricular—are most important? What types of personal qualities might need to be developed in order to be ready when new possibilities arise? This interactive panel discussion will provide multiple perspectives on these questions and offer all participants the opportunity to apply information from the series to their own planning for the future. For questions, please contact Rebecca Sipes at rsipe@emich.edu.

EMU UNIVERSITY HEALTH SERVICES OFFERS SCREENING FOR TRAVELERS WHO MAY HAVE BEEN TO A COUNTRY AFFECTED BY EBOLA OUTBREAKS: While Ebola poses little risk to the U.S. general population, the Center for Disease Control (CDC) has recommended that college health services contact all students, staff and faculty coming to campus from any of the countries where Ebola has had a significant impact. EMU University Health Services (UHS) will be conducting phone screenings for those who, within the past 21 days, may have been in a location where outbreaks have occurred. If UHS determines that someone is at risk, it will work with the Washtenaw County Health Department for guidance on how that person should be monitored.

UHS has reached out to those who it believes to have traveled to/from an area of concern, however it can be difficult to identify all who might be affected. For those who may have traveled to or from Guinea, Liberia, Sierra Leone, or Nigeria within the past 21 days, please call University Health Services at 487-1122, so that staff can determine your level of risk exposure and provide you with information for monitoring your health. When calling, please let UHS know that you were recently in one of the countries where outbreaks are occurring and that you would like to speak with a nurse. For those seeking further information, you may access the [CDC website and read the "Advice for Colleges, Universities and Students on Ebola."](#)
