"On," said the preacher to the Swedish bridegroom-to-be, "do you take Hilda Sorgen for your lawful wedded wife, for better or for worse?"
"I do," replied the groom.
"Aye, aye," said the preacher.

IF WOMEN BOTH MARRY
Stipulation prove that marriage is a preventive against suicide," said Mr. Gabb.
"Yes," said Mr. Gabb. "And statistics also prove that suicide is increased against marriages."

ALL ABOARD FOR HILLSDALE, GANG!
(Continued from page one)
out of Ypsi. We don't guarantee you your money back if you're not satisfied. There is only one side to this question: you will be satisfied. All right, gang, let's go.

A large crowd has already signed up for the trip, but there is always room for one more. The round trip is only $1.50. The expedition will leave the Michigan Central Station at 10:30 Saturday morning. Get there on time! Do you get that? Be there promptly, because much as we value your company, we are not going to hold up the precision of individuals that forget to wind the alarm clocks.

The Michigan State Normal College will arrive in Hillsdale about 1:30. After the football game, the gang will start back about 5:30, arriving in Ypsi in time for the all-college party. Announcement of the exact hour of return will be made on the train going away. Remember that Hillsdale is a slow town and goes on slow time; don't get mixed. Better bring your lunch with you.

According to Doc, the team is in excellent shape. Almost the entire squad is in fighting trim, and will make the trip. Due to Adrian's canning her game, the team has had extra opportunity to develop a few new wrinkles. So it should be one of the best games of the season.

Revisions and corrections will be printed from time to time in the Normal News. In the back of the booklet a space has been left where revisions can be pasted. Any one moving, entering school, or whose phone number is changed, should notify the News office.

SOPHOMORE CLASS ELECTS OFFICERS
The sophomore class in Tuesday selected the following officers:

Treasurer—Paul Marcell

SOPHOMORE CLASS ELECTS OFFICERS
To the Editors of the Normal News:

We, the students of your fine institution, are hereby permitted to express our sentiments and opinions in the public press.

We have noticed with great interest the recent article on the subject of "Marriage and Murder." It is a subject that is of profound importance to all of us, and we feel that it is our duty to express our opinions on the matter.

We believe that marriage is a sacred institution, and that it should be entered into with great care and consideration. It is not a matter to be undertaken lightly, and we believe that those who enter into marriage should do so with the full understanding of the responsibilities that it entails.

We are aware of the difficulties that may arise in a marriage, and we believe that it is important for all of us to be prepared to face them. We believe that marriage should be entered into with the full knowledge of the partners, and that they should be able to support each other through thick and thin.

We believe that the subject of marriage and murder is one that should be discussed openly and honestly, and we hope that our article will help to bring about a more mature and responsible attitude toward marriage.

Our final recommendation to all of you who are contemplating marriage is to proceed with caution, and to be sure that you are fully prepared for the responsibilities that it entails. We wish you all the success and happiness that you deserve.

Yours sincerely,
