Aloion marched over the goal line for a touchdown. The Y. W. C. A. has an unusually fast line, and Dickon punted to the Normals' two yard line, from which they started a series of line attacks, which by a series of line attacks, the Normals smashed their way to Albion's ten yard line. Short caught the first ten minutes or play the down. Rockwell kicked goal. Albion had the ball and behind perfect interference, they broke up a pass, and charged. About sixty Normal students will take part. The affair is promised to be worth seeing, and all interested are cordially invited to attend.

The football between classes starts tonight at 8:00. It will be good, as you know we have a bunch of students that are going to do something this year. Dick wants every fellow who is interested in the game to be there. Doc wants every fellow who is interested in the game to be there. Doc wants every fellow who is interested in the game to be there.

The municipal building in the hands of the English department. Doc McCollough has started his work on the school, and has been giving many courses. The final term will be played next week. Fifteen gold medals have been awarded for the winning class. All are present tonight.

The Municipal Union has something new this year. The band will be good, as we have a bunch of students that are going to do something this year. Dick wants every fellow who is interested in the game to be there. Doc wants every fellow who is interested in the game to be there. Doc wants every fellow who is interested in the game to be there.

The sixties are six years ago, and the sixties are six years ago, and the sixties are six years ago, and the sixties are six years ago. .
HISTORY CLUB

“Long live the History Club.”

This expression was heard many a time in the corridors during the last week. Professor Hobbs, who said it doing his level best to get into the good graces of the seniors, might have been permitted to become a real martyr.

The formal initiation took place on Thursday evening at 5:00 in the history room. Prof. Fray amid great pomp and ceremony. After admiring the freshmen girls in gaily colored boy’s bows and the boys in green ties, Prof. Fray lead them blindedfolded into the land of unknown terrors. Judging from the sounds that arose from the upper regions of the house, the journey did not prove to be very pleasant. After retracing their adventures, the freshmen, on hallowed knees and with hands on books, very solemnly promised to be ever faithful members of the club. The rest of the evening was taken up by a brief entertainment and the answering of history questions. The party broke up with many a characterful future for the History club, its members and its patron.

MANISTEE—BENZIE

The Manistee-Benzie County Club held its first meeting at the home of Miss J. W. Samuelson on November 16. The following officers were elected:

President—Mrs. J. W. Samuelson.
Vice President—Last year’s Miss of the man.
Secretary—Mrs. J. W. Samuelson.
Treasurer—Mrs. J. W. Samuelson.

At the present time there is a membership of twenty-five and with Prof. Fray and the patrons and patrons, many good times are anticipated.

A tally pull was planned for December 1 at 7:00 p.m. at the Science Hall. All persons coming from Manistee and Benzie counties are cordially invited to join.

CLINTON COUNTY CLUB

A meeting was held last Friday evening at the home of Miss Morris for the purpose of organizing a Clinton County Club. The following officers were elected:

President—Bertrand Sibley.
Vice President—Reva Wakefield.
Secretary and treasurer—Lester Knight.

Plans are in progress for a Christmas party to be held the second or third of December. All people coming from Clinton county are requested to invite us with that time.

CONTEMPORARY CLUB

The regular November meeting of the Contemporary Club was held at the home of Miss Mary Haight. Miss Clara C. Allison, who spent eight months of last year studying in the American Academy at Rome, gave to the club delightful, intimate glimpses of the Eternal City as it is today.

SORORITIES

TREBLE CLEF

On Monday evening, November 14, at the home of Mrs. Frank Treble Clef sorority held formal pledging. The following girls were pledged: Bedell, Mann; Hurley, Kathryn Rye, Nance Brattee, Beatrice Budd, Katelyn Allard, Oliver McIntosh, Norma Greene and Elaine Cluse. Refreshments were served.

SIGMA Nu PHI

The active members of the sorority were weak at the home of Miss Marion Bards of Mt. Clemens. The party left last at 12:30 Sunday, returning Sunday evening about 9 o’clock. An excellent time was enjoyed by all.

ZETA TAU ALPHA

To augment the Abigail Roe memorial scholarship fund, the Zeta Tau Alpha sorority is giving a hene fit dance at the Masonic Temple on Thursday evening about 8 o’clock.

A. E. K.
Don’t forget the A. E. K. benefit dance at the gymnasium on Thursday, November 9. Tickets $1.00. Fisher’s Orchestra.

KINDERGARTEN CLUB

Last Wednesday afternoon the Kindergarten Club was entertained at an informal tea by Miss Grace Beckett in the Kindergarten room. Addresses were given by Miss Suppe Skinner in the Kindergarten rooms.

On November 28 there will be a short meeting of the club to arrange its business.

KINDRED-GARDEN CLUB

The Kindred Garden Club held its first meeting of the year at the home of Miss Mrs. Gerald. On November 26 there were about thirty Lenawee present and all enjoyed a pleasant social time. The election of officers resulted as follows:

President—Ernest Engle. Vice President—Bertha Nichols. Secretary—Ray W. Biceps. Treasurer—Ada Starns.

CHURCH BRIEFS

CONGREGATIONAL CHURCH

The regular Sunday morning worship service meets immediately after the morning communion service. A large number of persons take part in attendance at the Men’s Club meetings at 3:30 o’clock. The roast beef supper fills the need of the larger room and the discussions are always of interest.

Last Sunday afternoon the President’s Student Forum was delightful. A large number of the students are taking an active part in the forum. The col­lege girls have a large place in the Young People’s Assembly at 5:30 o’clock.

PRESBYTERIAN CHURCH

Merry Christmas and Happy New Year! May the Christmas message of good will come true in the days to come.

The annual Yuletide worship and sermon by the pastor, Carl H. Elliott, at 10:30 a.m. Sunday, “The King’s Invitation’’ in the subject. Prof. Last’s class for Normal and Cleary students meets at 11:45 a.m. Sunday, “The Eyes of the Heart” (Mary Miss Minter) is the title of the meditation picture for the evening at 7:00 p.m. The Youth Forum will be held at a half hour afterward. We’ll all be there next time, won’t we?

LUTHERAN CHURCH

The Lutheran Students Club will hold its next meeting at the Normal College at 7:00 o’clock. All people coming from Manistee and Benzie counties are cordially invited to join.

WHAT DO YOU KNOW?

1. Who was Pocahontas?
2. What are the “gospels”?
3. What general not in conference at the surrender of Appomattox?
4. Who is the present governor of Massachusetts?
5. Who in early American history was called the “Apostle to the Indians”?
6. What is the approximate distance from New York to Detroit?
7. Who said “Give me liberty or give me death”?
8. Who is the author of the lines “And departing leave behind us a name which will live on the sands of time”?
9. What is the meaning of efficacy?
10. Who was the discoverer of the binomial theorem?

Answers to Last Week’s Quiz

1. According to the Norse mythology, the Valkyries were the chasers of heroes for Valhalla, where Odin’s chosen warriors were sent to fight in the war of the gods. The Valkyries were often depicted as beautiful women who chose which warriors would gain admission to Valhalla.
2. The principle exports of Porto Rico are sugar, coffee, tobacco and Washington, D.C.
3. The invention of the sewing machine is generally credited to Elias Howe.
4. Eli Whitney invented the cotton gin.
5. The Lutheran Students Club was formed in 1904.

We want to take this opportunity to thank our customers for the splendid support they have given us during the year.

CLASS A MILK

Dr. Woods Hutchinson, noted author and writer on health promotion, plans for mid-morning and mid-afternoon lunches for all school children with pure safe milk as the chief element in the menu. Very school children have a lack of milk morning and afternoon with marked improvement in the weight and de...
Teacher—"You remember the story of Daniel in the lions' den, Robin?"
Robin—"Yes, ma'am!"
Teacher—"What lesson do we learn from it?"
Robin—"That we shouldn't eat everything we see."

Browne—"Mrs. Smith is an adept at making over old clothes."
Towne—"Yes, she even ruffles her husband's old temper."

THE BipSYclic BugLEr

Two soldiers in a negro regiment, say the Gold Chevron, were hunting about their company buglers.

"'Long wit' you, boy," said one; "you ain't no bugler; got the bugler, and when that boy wraps his lips around that horn and blows pay call, it sounds just like a symphony band plays."

"Well, if you like music, that's all right; but if you is yareen's fo' food, you want a bugler with a hypotistic note, like we is got. Boy, when Ah hears sie Custer-Johns dis-charge his blast Ah looks at mah beans and Ah says:"

"'Bloodberries, behave yos'awful! You is crowdin' all the cream out of mah dish."

A NEW VERSION

Men are either nevve or hanger-me-them ain't bellows.—Ada."

Bogie.

Father—"And when he proposed did you tell him to see me?"
Daughter—"Yes, ma'am: and he said he'd seen you several times, but he wanted to marry me just the same."

"There goes a woman with a his- tory, as a young lady gained out of the college building."

"How do you know?" quizzed the customer.

"Because," explained Al, "I just told it to her."

Teacher—"Swarms of flies descend ed upon the Egyptians, but there were no flies on the children of Israel."

Smart Boy—"There isn't now, either."

Windy—"Hey, boy, let me rustle some trunks at the dormitory, will you?"

Frank—"O wen, you can't rustle trunks. They bang. It's leaves, that rustle!"

Windy—"Well, this trunk is going to leave."

THE SHORT CUT

An ambitious young man went to a university professor and said: "Sir, I desire a course of training which will fit me to become the superintendent of a great railway system. How much will such a course cost, and how long will it take?"

"You mean," replied the profes sor, "which a course would cost you twenty years of your time. But, on the other hand, by spending $300 of your money and three months of your time you may be elected to Congress. Once there you will feel yourself competent to direct not one but all the great railroad systems of our country."

PLENTY OF WILL

"I hear your husband has given up smoking. Doesn't that require a strong will?"

"Well, I have a strong will!"

NAT. SCIENCE CLUB

The most thrilling program of the year, so far, was put on Monday evening by the Natural Science Club, when a two-months arctic exploration was embarked upon. The promised aerial story, Jack London’s “Smoke Belles,” was begun. “Arctic plants” proved a surprisingly fertile topic, the 154 days of continuous arctic sunlight, annually, favoring production of brilliant colors in that unexpected setting. Miss Moore and Mr. Whitney helped Miss Goddard to select the plant life before us. Then, Prof. Haskins’ topic, “Animal Life Around the Poles,” was opened by Miss Besir and Miss Rich, who made the polar bear and the musk-ox very real acquaintances. By the way, in the U. of M. Museum is a beast of a musk-ox which was dug up near Manchester, Mich. Polar animals invading our own country made the glacial epoch seem a reality.

Will not any one who has pictures or souvenirs of Equino is lend them to M. Sherzer until after Stefansson’s visit? It is desired by Mr. Boas, Science Hall, an Equino is museum, and any such items will be carefully labeled and returned with thanks.

The results of the Y-A. of H. game was 3 to 1 for the A. of H. and the Chi Delta-Kappa Phi game 3 to 1 for Chi Delta.

LIBRARY

Among our 1921 books, “The Next War” by Will Irwin deserves to be especially recommended to all letters. It is an unfounded prophecy of causes for, or combatants in, a next war but it is a very vivid and accurate setting forth of the material development in warfare. Common sense predicts that the next war will be one of machinery and hence wholesale destruction. The aim is to lessen the resistance back of the lines, hence attacks on civilians. The clinching argument against war is that war does not pay economically. Many graphs and illustrations clarify the points made. Under a photograph of the University of Michigan the statement that two or three such universities could be established for the price of one drought brings the question of establish new economic values into consideration. No one can read this book and fail to realize that the big problem before the world is to prevent the downfall of civilization, which another war would mean.

The library receives almost daily letters from those who are working here, still turn to us for help. Recent requests come from Mrs. Florence Goodison Warne, formerly our college librarian, and now living in Harbor Beach where her husband, Herbert Warne, is superintendent of schools. Mrs. Warne has recommended to all the unusual interest in the subject. The Greek vase-1920.
