NORMAL WINS THREE GAMES IN WEEK

DEFEATS OLIVET, HIGHLAND PARK AND DETROIT JUNIOR COLLEGE

The Normalites added another victory to their steadily increasing list of games won, when they defeated Olivet College at the Thursday evening game, 57 to 12. The game, as indicated by the score, was not a close affair. Indeed, the context had more to do with the results of a basketball game. The Normalities completely outclassed the update team, who seemed to be bewitched by the speed of "Doc" McCullough's men.

The match sent in Clark, Osborn, Burks and authorities to the first half while Doss, Watson, Newlands, Gibbons and Cunningham played for Olivet. In this period the Normalites showed their superiority over the visitors, taking the twenty-five points to three for Olivet. Dillon, Doss, William, Dickie and Chappery took the floor for the Normalites in the second half. This combination kept the ball in the normal team's court for the greater part of the time, although Olivet succeeded in making nineteen points to eleven. Billon lead in the number of points scored for his team, with Dietz being second with eleven.

In the second half of the game the Normalites defeated the Normal Reserves 33 to nine points in this period. William-Highland Park where they played lands, Gibbons and Cunningham playing ability.

23 to 15. The game was closely contested, the Detroit Junior College team at the half, but "Doc" McCullough's men gained a lead which could not be overcome by the Normalites. Indeed, the contest had more of the character of a basketball game. The Normalites added another victory to their list of games won this spring. STAND BY THE STUDENTS OF EUROPE

SUBSCRIBE TO THE DRIVE FOR AMERICAN ENLISTMENT IN THE CHURCH CRUSADE

You have all seen the poster portraying a young man, books under his arm and map of the world under his other, planning his role in the world and war. Have you ever thought that he will get the education that he needs to do his part to bring about better conditions for his country. Struggling on! And is it nothing to you, students of America, if he fails? Is it nothing to you, if the outcome is to keep Central Europe alone struggling unaided, or to incur inadmissible conditions to gain necessary training; that disregards of European educational re intimidation would be disastrous to the countries? If it is, further advancement of the intellectual fibre of Europe can be prevented only through aiding its present student generation, that the greatest opportunity ever before American students to help preserve world problems and guide the future line in Student Relief? Why should students of M. S. N. C. subscribe to this student relief fund? To 1. conserve great gains resulting from relief extended by American students to their co-nationals in Europe and the World.

2. To carry out the ordinary teaching of the history of the World. 3. To help meet our obligations to European institutions, to which we owe our present freedoms. 4. To help preserve the principles of institutions as well as American values relating to the recovery of Europe and the World.

Students of twenty-eight countries have already responded to the call by sending subscriptions to the Student Relief Fund. Students of the world are sending aid, and the United States is also waking up. Now is the time to act. Help us by sending in your subscriptions. Not only our moral support, but our financial aid is now necessary to help our brothers in Europe. Let us do our part and feel good about it in knowing that in doing so we have aided one of the greatest causes in history.

It may be of interest to track men to the region; the necessary office workers in the sport an athlete must win five points in a dual meet or one point in a regular weekly event. These events cannot be regularized at practices.

The intercity meet will take place Friday, February 11, at 5:00 o'clock, the Y. W. C. A. of Starkweather at 7:30, see notice, 5th floor. Pi Kappa Delta business meeting, Aurora office, 4:30 o'clock.

LIBRARY

The Lenawee County Club has subscribed for the Adrian Daily Telegram, to be no less than the Library, thus enhancing it as a newspaper which is not only a city paper but also comprehensively an organ of the entire county.

Nellie Quick of Marine City called us yesterday and a short talk proved her to be a valuable peripatetic summer "scholar." She just completed her summer school at the college, started her work in Wyoming and entered the University of Laramie City, last summer with four other Marine City teachers she studied at Teachers' College, Columbia.

The library welcomes its former student, quite as warmly where they have wandered into other fields of useful work. We were very glad for a brief visit from Vera E. Hunt who, after two years as a student assistant here and some teaching, worked for a year in the Grand Rapids Public Library. Returning to the College Library as a junior assistant, she also carried academic work which led to the degree of B. S. after a season in the Detroit Public Library. She finally decided that both teaching and library experience were a confirming foundation for the vocation of nursing. Miss Hunt took the course for nurses training at the Children's Free Hospital, Detroit, where she had remained three years, including her duties the care of the ill, and was both professional and for the little patients. Miss Hunt has recently resigned to join her sisters in Boston.

A gift to the Library of very timely interest from Dr. Elbert in Margot Aquitol's Autobiography.

Again we call notice to a book by Charles C. Colby's "Source Book for Economic Geography of North America." Dr. Colby is Associate Professor of Geography at Chicago University and visiting old friends at the college lately he said that the Source Book is an outgrowth of the preparation of a book he was at present writing.
