TIME FOR ACTION HAS COME

Organizations asked to sign contract for space in Aurora at once

Notwithstanding the fact that the first call to the student body for Aurora pictures was made in January, a recent canvass of the photographs already acquired for the new year has revealed that the collectors have failed to respond. It is desired that a serious and mighty effort be made to fill up the slots that are unoccupied by photographs. Each of the forty locations should be taken up in an active and efficient manner. If this is not done the time will be wasted. The number of pictures to be gathered is limited to forty.

The Normal plays M. S. N. C. Saturday evening at the gymnasium. It will be a battle from start to finish, the finish being determined by the last score. It was impossible to determine which team would emerge victorious from the game at the last minute of play. During the first half "Doc" McElvathing used Dillon and Davison at forward, Williamson at center and Williams and Denk at guard. This combination scored 12 points in the first half. Foster was at center, and scored eleven points for M. A. C. in this half. McElvathing outscored the Normal in the first half by one point.

In the second half "Doc" McElvathing used Dillon and Davison at forward, Williamson at center and Williams and Denk at guard. This combination scored 12 points in the second half. Foster was at center, and scored eleven points for M. A. C. in this half. McElvathing outscored the Normal in the second half by two points. The final score left M. A. C. winning the game 19 to 19. At the end of an extra five minute period the teams tied, 26 to 22. Miller was the only man to play the whole game. When the timer's whistle blowe it was impossible to determine which was the winner of the game. It was a battle from start to finish, the finish being determined by the last score. By the time the last edition of the "Catholic College News" was published, it had already been in print for several years. The newspaper was known for its coverage of the social and academic life at the Catholic University of America, featuring articles on the latest events, news, and happenings on campus.

One of the most notable features of the newspaper was the "What Do You Know?" quiz column, which appeared regularly. This column would present a series of questions related to various topics, such as literature, history, or current events, and challenge readers to test their knowledge.

The "What Do You Know?" quiz was a popular feature, drawing in readers with its engaging format and thought-provoking questions. It encouraged intellectual curiosity and provided a fun way for students to learn and expand their knowledge.

In addition to the quiz, the newspaper covered a wide range of topics, including news from other universities, political commentary, and even advertisements for local businesses. The "Catholic College News" was a valuable resource for students and alumni, offering a glimpse into the vibrant and diverse community of the Catholic University of America.

Despite its relatively short lifespan, the "Catholic College News" left a lasting legacy, serving as a valuable archive of the history and culture of the university during this period. Today, enthusiasts and history buffs continue to seek out and study copies of the newspaper, preserving a snapshot of an important era in the university's history.
CHURCH BRIEFS

FIRST METHODIST CHURCH
The pastor will preach both mor­ning and evening. In the evening the subject will be, "The Problem of Pleasure." This will be the third sermon in the series on "Young Folks Problems."

The college classes in the Sunday School are being taught by Miss Jean Richardson and Professor Pittman of the Normal College staff and Professor Grems of the High School. The Epworth League is conducting a home hour in the church parlor at 4:30 Sunday afternoon. This home hour is a splendid opportunity for getting acquainted. A light refreshment is served at 5:00, after which the study of "John Wesley Jr." takes up. This takes the place of the regular devotional meeting.

You are invited to all the services of the church.

FIRST BAPTIST CHURCH
10:00—Morning worship hour.
11:30—Sunday School. First Smith teaches the Student Class. "Churchian Building" is the general theme discussed.
5:30—Student's Sunday and Social Hour. Ask about it, or come and see.
7:00—Song and Preaching Service. The pastor, Rev. Clarence S. Burns, preaches at both hours next Sunday.

PRESBYTERIAN CHURCH
Morning service at 10:30 o'clock. The pastor, Carl H. Elliott, will speak on "Jesus at a Family Wedding." Professor Lott's class of students meets at 11:45.

Motion pictures in the evening at 11 o'clock. "The Juckins," a part­icular picture of Opie Reid's story of a southern school teacher.

A baby's name was found in the church one Sunday evening last term. It was advertised but never claimed. There are indications that it possibly belonged to a student. The mother would be glad to deliver it upon identification.

CONGREGATIONAL CHURCH
A large number of student men board Professor Hovey at the Men's Club last Sunday evening, on "Modern Government and the Real-Name Theory." Such interest developed that a Parlor Discussion at a near­itude was demanded. The students' class under Professor White is ex­erting a healthy growth. A Methodist group of student girls guest­met with the young people Sunday evening. The sermon topic: next Sunday evening is "Harrowing New Power."

LIBRARY
The Library bulletin board is par­ticularly suggestive this week in the paragraphs and book jackets. A portrait and sketch of Heflinson in the last issue next Friday evening, emphasizes our Mid-Winter Conference.

Working North from Patagonia, by Harry Frank is of special interest, because all good books on South America are eagerly read and also because Harry Frank is a Michi­gan man, born at Munger and receiv­ing his A.B. degree from Michigan. Isaiah Bowman, author of The New World Problems in Political Geogra­phy, is an honored alumnus of the Normal College and this book is largely a result of his work as chief territorial advisor of the American Peace Commission at Paris.

"Tell me, is this the basket which the surgeon calls a fouling-rod where are the feathers?"

Sophisticated friend—"You cannot, you don't know that this is a picked basket, that is incorrrect.." 

Teacher—"Whiff is the next one to the letter H!"

Boy—"Swiss, ma'am."

Teacher—"What have I on both sides of my mouth?"

Boy—"Precision, ma'am."
