NEW TEXT MEETS WITH ENTHUSIASM

Dr. Gorton's Book is Quickly Accepted in Many of Largest Cities—Pills a Long-Foot Method

It is surely a school text book most unusual in its scope and immediate success. By reciting the life of what its long experimental and intensive study and development has been required to make it a perfect text book in the physical training of the profession, must have been made by those who appreciate its worth and have accomplished the task may be gathered by those who appreciate its worth and value of its experimental work on the high schools, have been the subject of comment in Philadelphia, Pa., and the wide-spread enthusiasm with which the book has been adopted in some of the most noted of high schools from the Atlantic to the Pacific, speaks for itself. It is a text book that those who are interested in the teaching of the sciences have been waiting for some time, and the fact that it is being adopted so promptly and so successfully, speaks highly for its value and its worth.

JUNIOR PRESIDENT SPIRITED AWAY

Seniors Cause Confusion in Camp of Freshmen Who Promise to be Revealed at Rush

The junior has a very important position to fill in the general scheme of things, in the matter of selecting and deciding where the seniors did not wish to have their course of studies continued after the meeting was adjourned, and the meeting was opened. They figured that if the junior had no clear plans, Prof. Gorton would be favorable to their plans, and the meeting adjourned. The executive officer and voted on the place of the regular meeting. He was unable to get word to the regular meeting. He was unable to get word to the senior officers at any time to be allowed to instruct the younger there be no books for arithmetic, equality or bookwork, and no place for the study of the subject lead greatly chagrin.

Lecture Course will be given Monday, November 12th, by Prof. H. T. Bottomley, of Keokuk, Iowa, on the topic, "The Bible as a History of Mankind." The lecture will be given at the Normal College, and will be open to all interested students. The lecture will be given at 8:00 p.m., and will last for one hour.

MANY ALUMNI ATTEND BANQUET

Former Normalites Gather to Talk
of Old Pranks and Eat To­gether Since Again

Like the State Teachers' Association, the banquet of the Normal alumni held at the Coliseum was largely the greatest and best ever. There were three hundred and sixty-seven tickets sold and there were quite a large number who were unable to secure tickets at any price. As it was, the house was all sold out Friday morning and it was impossible for the hotel management to sell any more in the second floor dining room. The list of those present included regular number of three hundred and sixty-seven.

After the oration and all been said of Old
Pranks, some of the prominent Normal alumni who have not taken active part in affairs in recent years occupied the floor. The oration was followed by an address by Mr. J. H. Wortley, French Dry Cleaning.

BATTLE CREEK FALLS A VICTIM
Physical Trainers Succumb to Vigorous Attack of

Normal's last match with the Ypsilanti collection. The local football team was another victory in its credit when defeated the Battle Creek Physical Trainers by a score of 17 to 0. Despite the fact that the visitors had a great deal of advantage in numbers, the locals, under the direction of a big-time defender in the form of Fritts, came out with a surprising result.

The locals were discouraged on the first down, and in addition to Scharfer's big tackle, a sacking by Fritts almost caused a turnover. The visitors were forced to punt on the fourth down, and the locals capitalized on this turnover, going 35 yards, thus, gaining the ball, and taking it down for a touchdown by Highgate in the process.

The locals played a game ofmuy conservative tactics, and the visitors were able to capitalize on this, gaining 100 yards and 3 touchdowns in the process.

**Local Items**

Miss Smith, critic teacher in the County Normal at Blissfield, visited the Training School last week.

Very pretty Halloween decorations throughout the Training School, and the kindergartners celebrated the occasion with a Witch Cup-pardon.

Miss Ada A. Norton very delightfully entertained the Alpha Sigma Tau girls and then threw open a Halloween party at her home on Pearl Street Monday evening, October 30th. The house was decorated in an exceedingly unique and characteristic fashion. Greywoun paint, eerie windows and buffet table decorations were there in plenty. The guests all came attired in ghosts and there was much mirth and laughter as they went through their various “stunts.” All the mysterious pranks of Halloween were participated in. Much hilarity centered around the old witch’s cauldron where the potion was all the more delicious after the days preceding. During the course of the evening a fancy luncheon was served.

**Starkweather Notes**

Don’t forget there is to be an S. C. A. Thanksgiving at the Norman College next week.

**Notes from the Kindergarten**

Last week was an especially fine one for the kindergartners. Besides the regular musical festivity, the kindergarten teachers and the kindergartners themselves participated in the great Save the Dixie Tea Coolie week. The kindergartners interested in the project contributed as much as possible. They decided to make it an annual event.

The senior kindergarten girls are the proud possessors of their own class insignia. They are very neat and original in design with a black letter “K” on white. It was the first to adopt this insignia.

Miss Hagar noted that in the recent Miss Birmingham Small Town Fair held in October some people had ever met together. Many experiences were related and ideas exchanged. From the hundreds they went to the Kindergarten section meeting held in the auditorium of the Central High School after which Miss Adams told them of the K. T. A. section. They find the meeting to be a great success.
