The Normal College News, July 8, 1919

Eastern Michigan University
Prof. Mark Jefferson

The Normal College here is leading the Normal in all respects. At the present time an additional building is being erected to accommodate the students. It will be ready for occupancy by the end of the year. The building will be five stories high and will have 250 rooms. The new building will be used for the housing of the senior class and for the purpose of accommodating the large number of students who are enrolled. The building will be equipped with all modern conveniences and will be a great improvement over the old building.

Prof. Mark Jefferson

Starkweather's Welcome

Welcome, students, welcome! Starkweather welcomes you with open arms, open hearts, and open minds. He extends a warm welcome to all who enter this fine institution. Starkweather has always been known for his kindness and his ability to make everyone feel welcome. He is a true friend to all who come to this college.

Starkweather's welcome is extended to all students, regardless of their age, gender, or background. He is a man of great wisdom and experience, and he has a lot to offer to those who are willing to listen. He has always been known for his generosity, and he has helped many students in the past.

Starkweather is a man of great vision, and he has a clear idea of what he wants to achieve for this college. He has a passion for education, and he is committed to providing the best possible education for all students. He believes that everyone has the potential to succeed, and he is dedicated to helping each student reach their full potential.

Summertime School Opened With Enrollment

Summer School in Michigan opened with a large enrollment. The school is located in Ypsilanti, Michigan, and it offers a wide range of courses for students of all ages. The school has a reputation for excellence, and it attracts students from all over the country.

The school is open to students of all levels, from high school students to college graduates. It offers courses in a variety of subjects, including English, mathematics, science, and social science.

The school is under the direction of Prof. Mark Jefferson, who is a well-respected educator and scholar. He has a deep understanding of the educational system, and he is committed to providing the best possible education for all students.

Summer Paper Published Weekly

The summer paper is published weekly and it contains news of interest to students, alumni, and faculty. The paper is a valuable resource for those who want to stay informed about the latest developments at the college.

The paper is published by the Normal College, and it is available for free to all students, alumni, and faculty. The paper is published online, and it can be accessed from anywhere.

Vacation Days

The Normal College extends a wel-
coming invitation to the students of the summer
school. As Dean Piedy said in his
assembly on Wednesday morning, we
are glad to see you come and array
yourself as we have had. We hope that this
summer may be a period of growth and profit-
able as well. This summer should not mean drudgery and constant dig-
ing at books, but a summer of rec-
lection. The more we read for the months of summer are not ex-
ceptionally warm or suitable, in fact, a large percentage of the
summer will be conducted on the lec-
ture plan. Every one on the campus will find that this is the most
enjoyable summer that possibly could
be. Students, we welcome you in the city and to the college.

PROF. H. Z. WILBER
BACK FROM EUROPE

(Continued from page one)

here were under the direction of the
army authorities and worked in con-
 junction with the military officers.
There were between 500 and 400
members of the corps, drawn from all
parts of the country and repre-
 senting every line of educational
work. A large majority of these were
assigned to work in France—
more, a relatively small number being
sent to the army on the Rhine.
Of the 23 members who made up the
party in which Prof. Wilber went to
France, he was the only one not to
be sent in the army to Germany. He
was, however, in constant con-
 tertainment, as the conditions with the army of Occupation were no-
table and the opportunity for
work much greater, we believe. It is probable that nowhere in this
country could greater opportunity be
found for interesting educational
work than was afforded among the
American soldiers on the Rhine in
France.
It is with pleasure we welcome
Prof. Wilber back into active work in
the Normal College after his seven
months of valuable services with
the corps that has been labor-
ing up at the book stores, Stanley's,
wherein he has earned the regis-
tering easily accessible.
