CROUSE ELECTED FOOTBALL CAPTAIN

Coach Brown will Remain Next Year; Training Table and Other Improvements Proposed for 1913

S. H. Crouse was elected captain of the 1913 football team at a dinner given by Prexy to the "N" men Tuesday night. S. H. well deserves the honor of leading next year's squad to victory, as he has been a plucky and brilliant player throughout his football career, and more than any other single thing has perhaps brought enthusiasm and pep into the game at critical periods. If by his splendid victory, as he has been a plucky and example he can create an esprit-de-corps, as Londines would say, in the team, the Normal will see one of the finest seasons in its history. In the meantime, Vacation and New Students will be further encouraged to learn that Coach Brown will remain for another year, and that Prexy has posted mighty hard this fall to drill the eleven of 1913 football team at a dinner, should be able to achieve results more critical periods. If by his splendid victory, as he has been a plucky and example he can create an esprit-de-corps, as Londines would say, in the team, the Normal will see one of the finest seasons in its history.

Dean Unwilling to Countenance the "Boston" at Dancing

As a patroness of the student dances and the Boston are to be allowed in the various social groups. Action of State Board Will Not Affect Training, the Central State Normal School at Mt. Pleasant teachers of manual training will be any less worth receiving from the Normal College will received or will at the end of this year. It was known that the matter of training around the campus that the State Board of Education has taken action the fine shading, and the keen intelligence that characterizes Prexy's choirs. In expressing the delicate nuances of feeling and in reproducing the very atmosphere of the carols of many periods the chorus was notably successful, and that the audience felt the charm of their music was evidenced by their compelling the repetition of nearly every number.

CIVIC LEAGUE PLANS PROGRAM

During Winter Quarter

Program of the Normal Civic League: December 11—What the Bally should Mean to Michigan Women, Professor Charles McKenny; January 15—Our State Legislation: its purpose, organization, and methods of work, Miss Mary B. Putnam; January 25—Recent, Pending, and needed legislation in Michigan, Hon. W. M. Woodruff; February 10—Our political platforms: a symposium, Mr. E. E. Warner, Mr. W. H. Dwyer, Mr. A. H. Hodge, Mr. Herman Marquardt; February 24—Our own city government, Professors John Everett; the compilation form of government, Professors Julius A. King; March 10—The work of the U. S. Congress, Hon. W. W. Wennerstrom.

During the spring term topics of local and national interest will be presented. The members of the college may become acquainted with the authority and the men together and to fos ter the feeling that everyone is pulling for the same end. The next meeting of the Civic League will be next quarter, when Mr. Beyer man will entertain the men at an oyster supper.

CHRISTMAS CAROLS EXCEEDINGLY FINE

Normal Choir Wins Admiration in Well-Chosen Program of Old Christmas Carols and Noels

Prof. Frederick Alexander's annual Christmas concert is always a red-letter event in Normal musical annals, and this year it was especially fine. Mr. Alexander has an apparently inexhaustable store of quavering, liquid singing voices and with these some of the long inging favorites like the "Stille Nacht," with which Thursday evening's concert opened. The chorus this year is usually well-balanced and has many exception al qualities that came to the fore in Saturday evening's concert and this year it was especially fine. The warm lighting and the keen intelligence that characterizes Prexy's choirs. In expressing the delicate nuances of feeling and in reproducing the very atmosphere of the carols of many periods the chorus was notably successful, and that the audience felt the charm of their music was evidenced by their compelling the repetition of nearly every number.

The quaintness and peculiar melodic quality of the Birmingham carols, "All Hall the Glorious Morn" and the week of association football, familiarly known as soccer, is the game played here. The Michigan Daily for Sunday reported the game as follows: "Surprising even the most optimis tic supporters of the game, students inverted the usual field pattern and played with explosive handled diminished and crescendo effects; the ten der goal for sparano and chorus, with its deep calming harmonies and sincerity of atmosphere, "In Beth lehem's ancient tent," and "Noel of the 18th Century," with its under tone of regret; and perhaps most of all, the effortless and free feeling that characterizes Prexy's choirs. In expressing the delicate nuances of feeling and in reproducing the very atmosphere of the carols of many periods the chorus was notably successful, and that the audience felt the charm of their music was evidenced by their compelling the repetition of nearly every number.

Many Students Hand in Photos: In order that their part of the work may appear in condition for next term.

The board is making every possible effort to organize the work systematically and get everything in readiness for active work, in order that their part of the work may be advantageously done for next term.

There are several reasons for thinking that the XIII Aurora, will excel any similar publications throughout the nation, and organization of any kind is necessary that you have your picture taken as soon as possible. It is not absolutely necessary that you have your picture taken expressly for the Aurora. If you have a picture which you think is suitable for the book then it is at all necessary that you have one taken. The thing that is necessary, is that you have a good clear medium size picture. Quite a large number have already had their pictures taken for the book. You will find it to your advantage to have them taken early, for then you will not only be assured that plenty of time will be given then to the finishing of your picture and avoid the rush of the last few days, but also, at the same time you will be greatly aiding in the starting of the work.

Miller and Flaker each stand ready to give you first-class work at very reasonable prices. Arrange an early date to have that picture.

Mr. Jolly, an alumnus of the college, who is now attending Michigan, addressed the Association last Sunday afternoon in the absence of Prof. McKay, who was ill. His topic was "The False and Cultivation of Christian Ideals," a very forceful, inspiring, and well presented.

Following the address a brief business session was held, at which the establishment of an advisory board was considered. The Cabinet at a special meeting the previous Wednesday afternoon resolved that such a board should be established. Three were nominated, Professors Erickson, McKay and Gouton. The Association Sunday accepted the revolution of the Cabinet, establishing an advisory board. The three nominees were accepted and declared elected.

The honor system is making considerable headway at Michigan quite rapidly. The freshmen are the latest to fall in line, adopting the system unanimously last week. With the approval of the faculty, a pledge was adopted and subscribed to, which contains a promise to refrain from cheating either by giving or receiving help in examinations and to report all cases. It also provides for a standing honor committee to which all cases will be referred. This committee will be elected at the next class meeting.

W. SWEET & SON
A Christmas Greeting

The News takes this occasion to wish its readers a merry Christmas.

We hope that the holidays will bring you back to Normal refreshed both physically and mentally, and eager again to plunge into the game of how to live during the thirty-six hours’ worth in just twenty-four, minus a slight appropriation for sleep.

College life is a sort of turbulent stream that goes lurching along from bluebook to bluebook, and it is only at such a time as Christmas that it spreads out into a quiet, tranquil pond, where everything is restful and soothing. The advent of the new year gathers the pondies up, however, from all over Michigan and half of the nation and brings the home to begin the business of making history at Normal College for another quarter. Here’s hoping that the holidays may be a real rest-up, and that next quarter’s history may be stirring and full of “scoops” for the hungry newspaper reporter.

L. G. H .

The Right Sort of Spirit

The Student Council at Michigan appointed a committee to draw up and send to the students of the University of Pennsylvania a letter congratulating them on their victory in the game of November 9, as follows:

“Tethe Student Body of the University of Pennsylvania:

“The Student Council in behalf of the student body of the University of Michigan hereby wishes to express the sentiment of the Campus by congratulating you on the sportmanlike conduct and fighting spirit displayed by you in the Michigan-Pennsylvania game of November 9, 1913. While defeat at your hands is no pleasant thing for us to bear, nevertheless, we feel that your team has justly earned our commendation at our hands, by turning apparent defeat into victory.

“Such demonstrations tend to bind us more closely in that spirit of amicable rivalry which has always existed between us, and which we hope will continue in the future.”

THE STUDENT COUNCIL.

A Plea for Library “Browsing”

The last number of Ypsilanti Michigan “Almanac” contains a hearty appeal for the habit of “browsing” in the library, and also one for the providing of an opportunity for this in foreground with books:

“One of the most attractive corners in the University Library, though perhaps it is hardly right to call it a corner, since it is placed almost as strategically as the catalogue itself, is a shelf of books known as the Hot Star Collection. Here the passing student or professor, looking for something to read, may find the best in literature, art, fiction, essays, biography, or travel displayed so as to catch a wandering fancy. To any booklover the attractions of such a shelf are irresistible, and without a doubt the growth of reading on the part of the students in the University is in part at least a direct result of this tempt­ ing bait. Just how far-reaching are the effects of this simple device is shown in the following letter received from the father of one student:—This young man had no great intellectual ambition, but had gone to the University largely, I think, because I wished him to go. His work in his studies was of passing grade, but I could discover no development of genuine enthus­ iasm. On the other hand, the reading that he carried on, largely suggested by the books that were prominently displayed or invitingly catalogued in the library, has given him a broader outlook upon life and a genuine sympathy with what is fine in contemporary literature. I feel amply repaid for the two years that the boy spent there, not by his acquisitions in his regular studies but by what he put of intellectual sharpening through his contact with the intellectual life of this and other nations. The instrumentality was largely the University Library.”

The Mission of the Kindergarten

“What the prelude is to the organist and the tuning up to the orchestra, the kindergarten is to the school.

“Plunge fifty or more little children from the free life of the home and the play yard into a typical primary school, and it dazes many of them socially and mentally so that they are not at their ease for many weeks.

“A few over-ambitious children monopolize the centre of the stage, making the dazed ones appear and feel stupid.

“Apart one-half of all retarded children are retarded in the first two years of school life. Most of these are retarded because they are made self-conscious of their slowness, dullness, stupidity. They make no effort to get in tune, no attempt to get the pace.

“The retarded pupils cost the taxpayers many times the cost, may find the best in literature, art, fiction, essays, biography, or travel displayed so as to catch a wandering fancy. To any booklover the attractions of such a shelf are irresistible, and without a doubt the growth of reading on the part of the students in the University is in part at least a direct result of this tempting bait. Just how far-reaching are the effects of this simple device is shown in the following letter received from the father of one student:—This young man had no great intellectual ambition, but had gone to the University largely, I think, because I wished him to go. His work in his studies was of passing grade, but I could discover no development of genuine enthusiasm. On the other hand, the reading that he carried on, largely suggested by the books that were prominently displayed or invitingly catalogued in the library, has given him a broader outlook upon life and a genuine sympathy with what is fine in contemporary literature. I feel amply repaid for the two years that the boy spent there, not by his acquisitions in his regular studies but by what he put of intellectual sharpening through his contact with the intellectual life of this and other nations. The instrumentality was largely the University Library.”

The kindergarten may save to the child and the teachers many of the faults that he carried on, largely suggested by the books that were prominently displayed or invitingly catalogued in the library, has given him a broader outlook upon life and a genuine sympathy with what is fine in contemporary literature. I feel amply repaid for the two years that the boy spent there, not by his acquisitions in his regular studies but by what he put of intellectual sharpening through his contact with the intellectual life of this and other nations. The instrumentality was largely the University Library.”

PHONES 234 MAIN
FOOD INSPECTOR AT TACOMA

Mayor Seymour Appoints Household Arts Grad to Important Position

The Western Woman’s Outlook has the following to say of a Ypsi woman graduate:

“...in the new and varied fields which are constantly opening for active work on the part of women, there is none which appears more important or more fitting than that which looks to the condition of food supplies and sanitation. Food inspectors have become a campaign which will proceed with increasing vigor, and in the forefront are women who are already accomplishing much for civic cleanliness and health. In appointing Tacoma’s new “food inspector and market master,” Mayor W. W. Seymour has made a wise choice, Miss A. B. Wimple, who entered upon her new duties within the past fortnight, is a young woman whose natural ability and scientific training combined seem to promise for her a splendid record in this branch of municipal service. She is a native of Michigan and has had the advantage of special work in the various institutions of that state, taking the training in Domestic Science and Art at the Michigan Agricultural College, which is the oldest agricultural college in the United States, and finishing with a Household Arts course at the State Normal School of Michigan, where she received her life certificate, which is interchangeable with all other states and ranks second only to the New York Normal School. Miss Wimple is the third woman to hold this office in Tacoma.”

NORMAL ALUMNUS WINS PRAISE

Teaches High School Students How to Study Real Problems of the Day

The Detroit News-Tribune has the following account of the interesting work being done in Detroit Eastern by a Normal alumnus of the class of ’03:

“History in its broadest sense is being taught at East’s high school by Charles M. Novak, twelfth grade principal. Not only are the questions ordinarily pertaining to American history treated, but all the leading problems of the day come under thorough consideration.

This class is made up almost entirely of seniors. The various members are called upon to make a thorough study of the leading topics of the day and to report on them. The following are some of the topics that have been studied and reported upon this term: The party platforms before the last election; the arguments for and against the recall of officers; especially the recall of judges; the history of the tariff; municipal ownership of public utilities in the United States; prison reform and the new penology; question of prisoners’ earnings; woman and child labor in sweat shops, wages, hours, laws, regulating same; suffrage, its duties and responsibilities; woman suffrage; socialism, its doctrines and principles, its strong and weak points; education in Michigan compared with the other countries; educational institutions in our state, how supported, per capita cost in Detroit; a study of the United States reports in regards to census and other governmental reports; taxation in state and county, and city; cost of maintenance and efficiency of the various city departments; commission form of government as carried on in cities like Galveston, Omaha and Des Moines, and the president’s message. Dr. J. Roman Bishop considers this one of the best undertakings ever tried in any class.

Mr. Novak is of Polish descent, but born in Germany. He arrived in this country in 1894, and started immediately to attend the public schools and master the language of the people of the United States. Knowing scarcely a word of English, he entered the local schools, starting in the first grade. He was able to speak English in a remarkably short time, went through the grades at a rapid rate, sometimes making two or three grades a year. In the summer months he worked in the basket factory to earn enough to tide him over the coming term.

After only seven years in the local schools, he graduated from the high school in 1901, a record which has not been duplicated. During the four years of his high school course he represented the school in debating and oratory and was president of the Lyceum, then in a flourishing condition. Immediately upon his graduation from the high school he entered the State Normal college, and as a teacher he has been highly successful.”

As training housekeeper of the Northwestern University Settlement, Noble and Augusta Streets, Chicago, Ill., Edna Walter, ’12, finds her work extremely varied and interesting. Her only classes are night classes, one being a mothers’ dressmaking class and another in one for working girls.

How Does Your Label Read?

If it reads “John Smith 6-13,” you are paid up till June, 1913.

If it reads merely “John Smith,” or “John Smith 6-13,” you owe us one dollar.

If it reads “John Smith 70,” you owe us 75c cents.

It’s Ought to Read “John Smith 6-13”

Note—If we have made any mistake in marking you up, call in and see us about it. Bring your receipt, if you have it, if not, all your persuasive eloquence.

REVISED BASKETBALL SCHEDULE

St. John's College Taken Out; Reserves to Play U. of D.

A few changes from Saturday to Friday dates have been made in the basketball schedule, as well as adding St. John's college to the list. As completed, the schedule is:

Jan. 11.—Alumni.
Jan. 17.—University of Detroit, here.
Jan. 25.—Polish Seminary (Orchard Lake) here.
Jan. 31.—Hilldale, there.
Feb. 1.—Battle Creek, there.
Feb. 7.—Albion, here.
Feb. 15.—St. John's College (Toledo, O.) here.
Feb. 19.—University of Detroit, there.
Feb. 27.—Central Normal (M. Pleasant) here.

Leroy Brown, this season's football coach, will direct the college team, while Mr. Beyerman will take charge of the high school team. A schedule will be arranged for the high school team later. The college reserves will be taken care of by a schedule as usual. The reserves will play U. of D. reserves on the same dates that the first teams clash. A game has also been scheduled for the reserves with Ann Arbor high school.

HARMONIOUS MYSTICS

The Harmonious Mystics sorority held their 12th annual initiation and banquet at the Masonic Temple Saturday. The initiates were: Marie Shafer; Ypsilanti; Hazel Asherton, Hudson; Nellie Kinney, Cadin, O.; Irma Belle Maskey, Allegan; Clara Tanner, Allegan; Alice Kirkpatrick, Ann Arbor; Laura Ferry, Mt. Clemens; Vera Richardson, Owosso; Marie Stark, Northville; Lucile Sharp, Battle Creek, St. Marie; Verna Newell, Coral; Roxa Cown, Cadillac.

Miss Helen Holmes of Grand Rapids acted as toastmistress and called upon the following to respond: Mrs. Mabel Harroft Britton, Miss Mildred Norton, Bayne City, Mrs. Louise Humphrey, Miss Vera Richardson, Miss Ella Gausser.

Miss Vivian Gilpin gave three charming songs, accompanied by Miss Mary Dickinson. The tables were beautifully decorated with pink and white carnations and pink tulips. Smilax was tastefully used and candles also added to the attractiveness of the table.

In the evening the initiates gave an entertainment at the home of Mrs. Humphrey for the other members of the sorority. Among those who returned for the banquet and entertainment were Mrs. Lucile Brown Braly, pont; Miss Florence Hauser Cadwell, Miss Florence Fisher, Miss Margarette Lamb, Mrs. Clara Coe, Ann Arbor; Miss Martha Stiker and Miss Bess Schlencker at Jackson.

TALKS ON "THE NEW HYGIENE"

Dr. Hastings of the Battle Creek Physical Training school spoke at the senior assembly, Tuesday afternoon on the subject of "The New Hygiene." Dr. Hastings told briefly of the change that has come about in the study of hygiene during recent years. He stated that the watch word for new hygiene is the study of eugenics. While the individual was the one cared for in the old hygiene, the state is now the main factor under consideration in the new. It was enough under old hygiene to prevent diseases in general, but under the new, the cause of the disease is determined and thereby removed. The formula for good health under new hygiene is pure and abundant water, clean minds and plenty of muscular activity.

Kappa Psi

The Kappa Psi sorority held its annual initiation at the Country Club Saturday afternoon at three o'clock. The initiates were: Misses Mary Hat- ton, Farmington, honorary member; Grace Haaffy, Bay City; Beryl Dick- inson, Colon; Molly O'Connor, St. Clair; Edith Beckett, Holt; Eva Trickey, Port Huron; Earbe Smith, Detroit; Mae Carney, Goshen, Ind.

The banquet was served at five o'clock, the tables being nicely decorated with sweet peas and smilax. Charabelle Landt introduced the toastmistress, Miss Leah Livingston, Belle McCall, Grace Haaffy and Edith Beckett responded to toasts. Eva Trickey sang, accompanied by Mergaret, West.

The banquet was followed by an informal dance, Mr. and Mrs. D. L. Quirk chaperoning. All the active members and patronesses, Mrs. D. L. Quirk, Misses Foster and Gardner were present. The Alumni guests were: Leah Livingston, Belle McCall, River Rouge; Susan Trible, Jean Kingley, Ann Arbor; Isabel McDonald, Katherine Kingley, Neenah, Wilson, Nellie Fagen, Eva Jean Smith, Tennesse and Mrs. Zimmerman, Detroit.

CHRISTMAS PROGRAM BY GRADES

The pupils of the training school will present a Christmas program tomorrow (Friday) morning, at 10 o'clock, as follows: German Folk Song: Holy Night, Silent Night, Traditional, Intermission of the corridors in the dining hall; Miss Bess Schlencker, Mrs. Mabel Britton, Miss Mildred Norton, Bayne City, Mrs. Louise Humphrey, Miss Vera Richardson, Miss Ella Gausser; Finnish: In a Lowly Manger, Jessie L. Gaynor; Shall Feed His Flowers, Handel; Mrs. Clara Coe, Ann Arbor; Dutch: H. S. Bart, Miss Mildred Nurko, Miss Mildred Duckworth, Miss Barbara Brown; Christmas in America, Miss Mildred Duckworth, Miss Mildred Nurko, Miss Mildred Duckworth, Miss Barbara Brown; Christmas in Italy, Ann Arbor; French, Carol Sing We Noel, Johannes Brahms: Miss Helen Holmes of Grand Rapids; Miss Alice Kirkpatrick, Miss Irma Kinney, Miss Helen Holmes of Grand Rapids; Miss Alice Kirkpatrick, Miss Irma Kinney, Miss Helen Holmes of Grand Rapids; Miss Alice Kirkpatrick, Miss Irma Kinney, Miss Helen Holmes of Grand Rapids; Miss Alice Kirkpatrick, Miss Irma Kinney, Miss Helen Holmes of Grand Rapids; Miss Alice Kirkpatrick, Miss Irma Kinney, Miss Helen Holmes of Grand Rapids.

All Grades, Story of the Wise Men; All Grades, The Nativity; All Grades, Star of the Sfections.

A MERRY CHRISTMAS

There is much we should like to tell you, some very nice things we might say about you and to you, but at this time of the year particularly nothing else it seems will quite take the place of the old, old expression of good will.

A HAPPY NEW YEAR

and tripled with

Rowima's Best Regards

MICHIGAN 4; NORMAL 1

(Continued from page 1)

A slight injury to Cork, right end for the Ypsilans, made it necessary to substitute for him. When two of the contestant's waxes too energetic in their playing the referee declared a double foul, giving each team a free chance for a goal kick. Both were successful in marking. In the last few minutes of play, the university men quickened their pace, and succeeded in working the ball into the middle of the field when the whistle relegated Michigan's first inter-college soccer contest to the catagory of past events.

The lineup was as follows: 

PAK: ... C: Foley 
MILLER: K.: L.: Gordon
