Eastern Michigan University
**TRIANGLE TERRACE**

New Apartment House Will Be A Model in Its Appointments

Work on the Triangle Terrace which is being built on the north side of the campus under construction at the intersection of Elinor and Emmett streets, is being swung forward at a rate which leaves no doubt that it will be ready for occupation before college opens next fall. As the building takes form and the plans are worked out it becomes apparent that this will be a model structure for the purpose for which it is intended. The first, second and third floors will be devoted entirely to living apartments, being ten in all on the three floors. Five of these apartments will consist of a living room, two bedrooms, a bath and a kitchenette, besides ample closet room. Another apartment will be the same except that it is without the kitchenette, thus making four each of these living rooms, one living room, bedroom, bathroom and kitchenette. Every room has an outside entrance.

An up-to-date steam heating plant being installed under guarantee so that it will be unnecessary to have any repairs done to it for many years to come. Nearly all the books are paid for. This receipt will be given everyone at the time that the books are issued, and the embossed cover is dedicated to President McKenny. The 1913 book is undoubtedly the superior to those of last year; the arrangement of pages is better, and with a simple statement opposite these pages in groups of four cuts of the head of the department, and the pages usually given to extracts of the literary pages in the past will well serve us. "Literary" pages in the past will well serve us, and will each consist of a living room, two bedrooms, a bath, a kitchenette and an open porch. The winning numbers have been announced and prize money is being distributed to those whose names begin with : A, B, C, D, E, F, or G call at room 53. Those whose names begin with H, I, J, K, L, M, N, O, P, Q, R, S, or C call at room 29. All others and students in residence will call at room 45. Your money is in the bank, and the time is in hand.

**OURS AT LAST**

Normal Takes 1-0 Victory From Hillsdale Saturday

Normal College managed to get off the first game on the northern side of the diamond at 2 p.m. Saturday and after completing a 10 game with Hillsdale on Normal Field Saturday afternoon. After three games lost by only one run, the change was one welcome one. If the team's fielding continues to improve at its present rate, and the batting can be improved, Normal have chances for the rest of the season are good. Doc Bell is pitching splendid ball, the equal of any among the state colleges, and deserves the support of a seasoned four-year college team. In Saturday's game he fanned eight of the visitors and allowed but one hit, in the eighth inning.

The Normal's lone score was reached in the fourth inning. Curtiss walked out a double and then made a successful dash for home on a burning effort by Lewis. Nothing more happened until the eighth when, Normal got his other hit off Back. It lasted for a few minutes as though something might be doing, but Hillsdale's field was too much for the budding campus, and it died without further ado. Hilldale saved matters in the fifth, when Hilldale fanned the bases on errors by fanning Catter and throwing out the runner. In the seventh he it was much the same. Bell became too liberal, with his passes. That was their baserunning by the victors, and that was all that prevented their scoring.

Worthy of note were some pretty stunts by Cump and Jefferson. Jones got a shooting catch in the seventh and a high one in the eighth. Whipple ran nearly to second, and his pass was thrown out but one hit was all that prevented their scoring.

Stoics Offer $35 for Best College Song

Rappa Pal and Minerva Clubs Start Firsts; Local Hints in Both.

Nearly one hundred judges were turned in to the management of the Comedy-Concert both Wednesday and Thursday evenings of last week. The jury consisted of undergraduates, and no student could have been a judge of a song. The music may or may not be original. In case an old tune is offered, it should not be one which is known to this locality as belonging distinctively to another institution, e.g., there would be an objection to the Yellow Rose of Texas, and the Blue, but not to the tune of theｔｈｅｙ CNN Q.

In winning the first place, the only prize offered, a substantial trophy consisting of a square top and a base, the members of the winning society are entitled to a share of the prize money. The ballots had been distributed among the audience each evening, with suggestions as to what to look for in judging the merit of the numbers, and the winning numbers were figured from these ballots. "MOTHER GOOSE NORMALIZED" (Rappa Pal) won first place on Wednesday night's program. The number consists of a rapidly moving series of sketches by Mother Goose's pupils in pictures and verses, a real Jim Crow, full of clever take-offs on local conditions and personalities. The originality and cleverness of the number were undoubtedly the deciding factors in winning the first place.

"A Kitchen Symphony Orchestra" (Trefle Cleft) ran a close second. With the aid of a piano, the girls of the society produced real music on such mundane investigating materials as kettle, pot, spoon, lamp chimneys, crocks, etc. Their sheets of music was held before them and swayed with the motions of clothes plenary of the chorus, and the music was stretched across the stage. The girls who were singing in the chorus were extremely well chosen, and the rest were handsome and all de.

**CONCERT WINNERS**

Kappa Pal and Minerva Clubs Start Firsts; Local Hints in Both.

**PARTIALLY CONSUMED**

The building destroyed was built of cement blocks, and was of a severely simple architectural scheme, oblong in shape, and without more than the most necessary decorative details in the way of cornices. The rooms in it were square and even and suitable as they might be, and the wing was more valuable on account of its old memories than for any great benefit it gave the public that Merle Hogan, a Senior, was married a year ago the 4th day of May, by Miss Ruth Moore, daughter of Mr. and Mrs. Dick Moore of Hill street, Berrien county, Michigan. They married a year ago the 4th day of May. Mr. Hogan has been special to the city in the past, and has been a active citizen of the city in the past, and has been a wide circle of friends in the city.
in this way men unexperienced in track work will be able to compete. "N" track men will not be allowed to enter so that classmates in both classes will have a fairer chance. This relay race will be held on Thursday afternoon, June 19.

Beginning next year an out door track meet will be held in addition to the one which takes place indoors.

MAY MORNING BREAKFAST

The May morning breakfast at Starkweather Saturday morning was largely attended, some 460 student and faculty members being accommodated. The tables were set on both floors of the hall and the breakfast was served in four settings. Twenty-one organizations reserved tables for their own use. The musical program was furnished by a six-piece orchestra, by Harold Riedler, pianist, and Marshall Byun, cornettist, and was a dexterously attractive feature of the breakfast. The menu was deliciously prepared and well served, and the hungry multitudes went away perfectly appeased.

Y. W. C. A.

Next Sunday at 2:45 Mr. label will speak at Y. W. C. A. He is Superintendent of Schools at Plymouth and a very interesting man. His topic is "Self Measurement." Every girl in college is invited to attend.

Next Wednesday at 6:45 Miss Nichols will lead in a short service. These mid-week meetings are very helpful, and they are well worth attending.

Y. M. C. A.

Social Service meeting, Wednesday evening 6:45 as usual.

"Lake Geneva" will be the theme which will be discussed next Sunday at the Y. M. C. A.- Burton H. Johnson, State Secretary of the Student's Y. M. C. A., of Michigan, will be the speaker and will present this subject in a manner which is sure to be interesting. If the lantern slides can be secured, they will be shown in connection with the talk. Anyone who is interested in a ten-day outing at this beautiful lake should make it a point to be present. This will take the place of the regular devotional meeting at 2:45.

AURORA CLUB

(Continued from first page)

AURORA CLUB

The one who has been taken in Ireland, "Peace and Re-Disp.," "The Church and Fritz," and "The Vigilance Commit-tee," are other good ones on the same page. The page following the Seniors displays exactly thirteen views of various more or less prominent Thirteeners in character-tie attitudes and poses, the center-piece being "Why Boys Leave Home." A similar one is devoted to Junior celebrities. Another clever page is one headed, "Could M. R. N. E. Want Without — ---", containing a number of familiar campus figures. Two pages are given to "Seniors' Halls," comprising two particularly fine cuts of objects of veneration for all Seniors.

The A. A. B. Board, which is entitled to the credit for the success of this year's book consists of the following Seniors: Editors-in-Chief, Alice R. Planigan; Business Manager, Orla O'Connor; Art, Mrs. A. Brockway; Sorors, Lou, Isabella H. Gorin; Jokes, Wallace O. Hall; Assistant Editors-in-Chief, Gertrude Berezek; Fraternities, George W. Killard; Athletics, James M. Clark; Clubs, Georgia H. Hurley, Junior Representative; Ora McKin; Organizations, Iva Hofmeier, Degree Representative. The engraving for the book was done by John Oiler & Co., Chicago, and the printing by the Star Tag Co., of this city.

TRIANGLE TERRACE

(Continued from first page)

There will be providing a house telephone system communicating with various places and the janitor's room. All floors and partitions between apartments are to be double and sound proof.

Laundry appliances will be provided in the basement and placed at the disposal of the tenants without charge. All the apartments will be furnished in oak and artistically decorated.

A unique feature of the plan is a sub-basement which provides ample space for coal, heating plant and storage entirely removed from the rest of the building. This leaves the main basement, which is largely above grade level, free of any coal, furnace dirt, or other objectionable features.

One half of floor space of the main basement will be given up to a large dining room, while the other half will comprise kitchen, a small dining room and an apartment similar to those on the upper floors. It is intended by those in charge to provide facilities for banquets, regular boarding and short order service.

The living room in each apartment is as large as that ordinarily found in the most modern house. The apartments are so designed and arranged as to furnish all the service and comfort of a private residence with none of the cares which attend the upkeep of a house, and at less expense.

INTERCLASS RELAY

Because of the fine facilities for running since the completion of the new outdoor track, a low-class relay race has been arranged for. Both classes will have twenty contestants, each runner running 220 yards, and
ROBERT HATCHER visited a friend in Detroit last Sunday.

The Normal high students gave a party in the college gym last night.

BAPTIST C. E. CHADSEY of Detroit will address the Seniors Tuesday.

There will be a faculty concert in Normal Hall Thursday, June 12.

The ball team goes to Orchard Lake Saturday to play the strong Polish Semi.

President McCenny speaks before the Bay County teachers at Winona Beach Saturday.

Lester Miller, '11, of Cement City, was a week-end visitor on the campus. He will enter the university next fall.

Gilda Conwell and Ethel Wood have been initiated into the Theta Lambda Sigma sorority.

Miss Guest of the Western Library School at Cleveland, was a week-end guest of Miss Walton.

C. L. H. JONES speaks in Carbon, Illinois, the southern Illinois University, June 4th.

Mr. and Mrs. H. Whaley of Tecumseh, were guests of Gladys Andreas and Florence Denmon and attended the Community Concert.

Miss Margaret McCormick, Household Arts, '11, has been the able and efficient supervisor of the Fresh Air Kitchen since its founding. She is assisted by Household Arts senior class.

A visit from Miss Goodfellow, from Florence, Italy, sends regards to Normal people from Miss Childs and herself.

The two drawing instructors are continuing their art studies in the Italian training school, were guests of Gladys Andrews and Florence Denmon and attended the Community Concert.

Raymond E. Whitsey, B. P. '12, has resigned his position in a private school at Louisville, Kentucky, and started for the Philippines, where he will enter the government service.

Miss Walton and Miss Andrews went to Detroit Tuesday to attend the opening of the Henry M. Utley branch of the Detroit Public Library. Mr. Utley, librarian of the Detroit Public Library, graduated from Ypsilanti high school in 1857, and has been the friend and confidant to all Michigan librarians for many years.

The track meet with Hillsdale failed to come off on account of yesterday's rainy storm, although our team journeyed over to the Baptists' city. It will not be worked off this year.

Mr. Beyerman states that there is a good chance of arranging a meet with Adrian, to be run off here. All that is left to decide is the date.

A newspaper clipping from the West Virginia, gives an account of the good work being done by a well known Normal girl of last year's class, Miss Linda Shibly. Miss Shibly is building up a domestic science department in the Keyser schools and plans on an exhibition of her work this spring to demonstrate to her patrons the value of the school training in domestic science and art.

Experiments are being made by the Physics class upon the relative illuminating power and operating cost of carbon and tungsten incandescent lamps. The results show a great advantage in favor of the latter. The current consumption and consequent cost of operating is from 3½ to 5½ times as great for the carbon lamp as for the tungsten for the same illuminating power. The measurements this week have to do with the cost of operating electric flintaxes, bread toasters, and electric fans.

Some of the residents of the city have been much agitated over the alleged actions of a local real estate man in buying up properties situated near the campus, and available as a site for the new auditorium, and then disposing of them to the state at a handsome profit. The truth of the matter is that the real estate dealer has been acting as the agent of the state from the start. Options have been secured on three properties in the block across from the east side of the main building.

The annual banquet of the Webster Debating Club Saturday evening in the Presbyterian church dining room was a very successful affair. The decorations of snowflakes and dogwood blossoms and sallows were pretty indeed, and the menu was most excellent.

The toastmaster of the evening was Assistant Professor McKay, with President Wilber, Doctors, and President McCenny, and a number of the club members, responding. A pleasing feature was a center-piece of seven medals, reposing on a college pillow. The Websters having won that many and not only other five medals given this year in oratory and debating. About twenty-two teachers of domestic science from various cities in the state visited the Household Arts classes on Friday. Among those present were: Marion Smith, Flint; Adaene M. Jones, Kalamazoo; Elfriede Schairer, Pontiac; Ruby M. Smith, Saginaw; Maud McMillen, Mount Clemens; Anna D. Conaway, Bay City; LuLu M. Becker, Detroit; Olive Benois, Pontiac; Viva Osbourn, Coldwater; Pat A. Young, Pontiac; Margaret Eldridge, Battle Creek; Lenna P. Cooper, Battle Creek; Alice M. Cmmer, Battle Creek; Ella L. Morse, Ann Arbor; Pholine Pemberton, Ann Arbor; Katherine Birrert, Ann Arbor; Lena Shwey, Allegan; Jessie C. Swale, Ypsilanti; Caroline Lewis, Ypsilanti.

The First Comedy Concert

The first Comedy-Concert has made its bow and passed be hind the wings.

The most obvious thing about it was its bow and passed behind the wings. The second most obvious fact is that it has completely out-distanced the old minstrel show, so completely, in deed, that we doubt whether any one will ever dare to suggest minstrel show as long as there are these clever kids on the campus to get up a Comedy-Concert that there were this year. The minstrel show was a step in the right direction, but it was hampered by the fact that it could not draw on Normal's real source of entertainment talent, the 13,000 or so girls on the campus to get up a show as at present at 6:10 a.m. with the next job for the Comedy-Concert. It is the time of the year that a woman gives the most attention to her FOOTWEAR, and we are now showing the season's new shoes, hose and low cut shoes.

THE SUMMER SCHEDULE

The summer schedule of the Detroit, Jackson & Chicago railway going into effect May 27, makes several changes particularly as affecting the local interurban cars.

“Our riders have experienced some little confusion in not being able to distinguish between the through limited and express cars,” says Superintendent W. J. Dawson. This change is made all the more necessary by some of additional stops we have proposed making with these express cars. In addition to the regular stop on signal at Rose, Insker, Sheldon, Waterman, and the Country Club, there will be no change in the time of leaving Ypsilanti for these limited and express cars.”

Out of town guests were: Leigh Hippon, Mount Clemens; Carrie Millard and Dana Cornell, Corunna; Arnell McConnell, Owosso; Harold Lyon, Owosso; Harry Barrows, Owosso; Sherwood and Maguerite Godfrey, Rancocas.

It is the time of the year that a woman gives the most attention to her FOOTWEAR, and we are now showing the season's new shoes, hose and choice models in LOW CUT SHOES.

SH-SEE CLUB

The "Sh-She" Club gave a dancing party last Saturday evening at Manicabbe Hall. The Club color was light blue and white, and pennants were carried out in the decorations. At the front of the hall in a mass of foliage "She-See" was formed in white.

The party was chaperoned by Miss Adella R. Jackson, parsonage, assisted by Professor and Mrs. John Everett, honorary members. The guests were welcomed by Miss Alice Green, president.

OUT OF TOWN GUESTS

Out of town guests were: Leigh Hippon, Mount Clemens; Carrie Millard and Dana Cornell, Corunna; Arnell McConnell, Owosso; Harold Lyon, Owosso; Harry Barrows, Owosso; Sherwood and Maguerite Godfrey, Rancocas.

MILLS-GLAUSER RECITAL

A pleasing program was given in Normal Hall Tuesday evening by two seniors in the public school music course, Miss Ernestine Mills, soprano, and Miss Bita Glauser, contralto. The numbers chosen were old favorites and the audience was evidently delighted. Miss Mills possesses a pretty, high soprano voice (hardly heavy enough to fill so large a hall, but clear, sweet and beautiful). She showed commendable composer under trying conditions caused by some small boys out of doors, who brought the program to an abrupt halt, while they gave an imitation of applause that was quite deafening. Miss Mills however rose superior to the occasion and sang even better than before. Her voice was perfectly suited to that appealing little folksong, "O Happy Day," and the audience tried hard to win its repetition. The songs "Boat Song" and the Beethoven "Fahrradlied" with violin obligato by Miss Owen, were also charming. Miss Glauser's voice gives promise of great beauty. It is of true contralto and great range, and has some lovely tones. She sings easily and the freshness and sweetness of her voice more than make up for a certain immaturity that further study will remedy. Great respect of manner will also come with experience. Her voice was heard to best advantage in Poole's little classic, "The Night has a thousand eyes," and Coombs' "Fourleaf clover," though she sang very well in her aria, the familiar song of Mignon and Gounod's "O Divine Redeemer," with violin, organ and piano accompaniment by Miss Owen, Mr. Alexander and Miss Lowden—indeed her voice in this number showed greater power and depth than in any other. Mr. Alexander was the accompanist. The young ladies were abundantly rewarded with beautiful flowers, and were most cordially treated by their audience.

M. R. G.

HELEN SHOWERMAN RECITAL

The next Graduating Recital will be given Monday evening, June 2, at 8 o'clock by Miss Helen Showerman, pianist, taught by Miss Lewis James, senior and Miss Alice M. Lowden, accompanist. All students and townspeople are cordially invited. The program follows:

ALPHA BETA SIGMA

One of the prettiest formal parties of the season was given by the Alpha Beta Sigma sorority Saturday evening at the Masonic Temple. The hall was decorated very effectively in a summer garden theme, blue roses and a green professional excellence during the evening. In the receiving line were Miss Stuffle, the patroness, and the Misses Margaret Campbell, Lucile McVickers and Irene Herbison. The grand march terminating in the Greek letter, Sigma, was led by Miss McLuckey and Mr. Walter Bie of Ann Arbor.

Among the out of town guests were: Irene Herbison, Lansing; Hazen Buescher, Rochester; Josephine Harris, Dundie; Emmett Harris, Howell; Maude Lynne Hills, Lexington, Ontario; Bryon Paschal and Russell Hall, Burnsfield; Roy Harwood, Pontiac; Vance Ogden, Clinton; Brandt Herbison, Chicago; and Mable Graham, E. R. Wade, Fred Schoerer, Lucile and David Wilkerson, John Grismer, Jeannette Beech of Detroit.

PI KAPPA SIGMA

Pi Kappa Sigma sorority gave its annual spring dinner dance at the Country Club Saturday evening, May 24. The party was enlivened by the patronesses, Miss Mary Putnam, and forty couples were in attendance. Bates's orchestra of Ann Arbor furnished excellent music. Out of town guests for the occasion were Miss Margaret Kierer, Battle Creek; Miss Lucille Himes, Detroit; Miss Gail Guenther, Miss Ruth Guenther, Ann Arbor; John Hamilton, Detroit; F. Probert of Jackson and Antoinette Wilkey, Howell.

YPSILANTI'S QUESTION OF THE HOUR

On Monday next the Civic League will consider Ypsilanti's question of the hour, the problem of lighting facilities. A brief resume of the situation in regard to both electricity and gas will be given, together with a discussion of needs and possibilities of the future. In view of the increasing interest shown everywhere in municipal ownership of the public utilities this is an important meeting. Everybody is cordially welcome.

Startweather, P. 36, June 2.

CONCERT WINNERS
(Continued from first page)
signed and made by the members of the club; also to "Evolution of the American Girl" (Sigma Nu Phi), which showed a series of beautiful tableaux revealing the changing costumes of American girls from Indian maid to tennis girl. The lighting effects (due to hard work and skill of George Willard) were particularly beautiful in this number. Honorable mention was likewise given to a clever skit by the Ferris Institute Club, "Mrs. Jarley's Wax Figures," in which Mrs. Jarley introducing a number of mechanical figures who proceeded to amuse the audience with their delightfully wooden acting and flashes of satire on Ypsilanti life.

The awards Thursday evening were very nearly as close as those of Wednesday night. The number presented by the Minerva Club, "The Chromoanto- lution," won the judges' decision for first place. "The Chromo," etc., proved to be a wonderful machine which one could step into, after drinking a little cordial, and be changed into anything that one's heart most desired. The machine was operated by a "professor" cleverly acted by Miss Hettie Root; the charge was a quarter. The changes that took place kept the audience in a constant state of delight and curiosity.

The lovely beauty, beguilingly to the call of the Alumni Association for a dollar pledge. Over $200, with this surplus, and the proceeds from the "Merchant of Venice," the Board of Directors has passed and the alumni fund has been received and the money has been used for the benefit of the arts department.
