GO GREEN! BE GREEN! SAVE GREEN!:

Go Green! EMU will be testing several energy savings strategies in an effort to save energy dollars and be more environmentally conscious. The strategies vary by building type, controls, and design and include pre-cooling at night and "coasting" through peak hours (11:00 am to 7:00 p.m. as defined by DTE Energy); raising cooling temperature setpoints by one to two degrees and resetting discharge air temperature setpoints based on actual space temperature.

Be Green! You can help. Minimize the use of appliances especially during peak hours. Shut off lights, computers, televisions, etc. when leaving a room. For air conditioned spaces, raise thermostat setpoints to 75 degrees or higher especially in buildings with older controls which only have local control. Close blinds and curtains in air conditioned spaces to minimize heat gain from the sun.

Save Green! The challenge. Last year the annual electrical demand peak was 10,154 kW set in the month of September. A five percent reduction in this demand peak would result in annual savings of more than \$68,000 in electrical demand charges. A 10 percent reduction would save more than \$136,000 annually. There are also additional savings in electric supply charges and environmental benefits as well. Every little bit will help. So do your part and help EMU Go Green!

MICHIGAN ORPHAN KITTEN RESCUE AND SHOE BOX RECYCLING: The Children's Institute has teamed up with the Michigan Orphan Kitten Rescue and Shoe Box Recycling and needs your extra shoes to help local orphaned kittens from newborn to four weeks of age.

Please drop off all paired men's, women's and kids shoes (no flip flops or boots please) that are still usable at the Children's Institute at Fletcher School on Cornell. The rescue gets money for the shoes to help orphan kittens. So far The Children's Institute has helped the MOKR earn over \$1,500!

EMU ATHLETICS ANNOUNCES CLEAR BAG POLICY FOR ALL EVENTS: EMU Athletics has announced it will implement a clear bag policy for all athletic events in 2016-17, the school announced today, Aug. 10. The move is to provide a safer environment for the public and to expedite fan entry into stadiums.

The new EMU policy is consistent with what the NFL and other professional organizations have done for the past several years. The policy is also in line with what numerous institutions around the Mid-American Conference and the country are putting into place this year.

Only clear tote bags smaller than 12 inches by 6 inches by 12 inches or one-gallon plastic freezer bags will be allowed inside Rynearson Stadium and other athletic venues on the EMU campus this year. In addition, small handheld clutch purses (smaller than 4.5 inches by 6.5 inches) will continued to be permitted into Eastern Michigan venues.

All backpacks regardless of size are prohibited and any bags larger than 12" x 6" x 12", clear or non-clear will be strictly prohibited. Exceptions will be made for approved medical needs.

Other prohibited items include, but are not limited to: purses larger than a clutch bag, coolers, briefcases, backpacks, fanny packs, cinch bags, non-approved seat cushions, luggage of any kind, computer bags and camera bags or any bag larger than the permissible size.

All bags will be subject to search and inspection.

Full details of the new policy can be found [here](#).
