STUDENTS TANASIA MORTON AND KEVIN HILLMAN ELECTED TO PUBLIC SAFETY OVERSIGHT COMMITTEE: EMU's Public Safety Oversight Committee is pleased to welcome **Tanasia Morton** and **Kevin Hillman** as its two student members for the 2016-2017 academic year. **The Public Safety Oversight Committee was established by a March 25, 2011 resolution of the EMU's Board of Regents, and by Michigan law. The scope and purpose of the Committee is to receive and address any grievances brought against EMU public safety officers and/or our Department of Public Safety.** The results of the Committee's findings are reported to the University President. Michigan law also requires that members of the PSOC be elected by EMU's faculty, students, and staff. This year, only the Committee's two student positions were open to election, as the Committee's faculty and staff members are in the middle of serving a two-year term. Joining Morton and Hillman on the 2016-2017 Public Safety Oversight Committee are faculty members Marilyn Corsianos and Daryl Barton, and staff members Tony Martin and Brian Fillpiak.

BANNER LOGIN BECOMES MORE CONVENIENT: On **Tuesday, November 1**, Banner systems will be updated to use Single Sign-On (SSO). SSO is a technology that will make it more convenient for those who navigate between the University's administrative systems by requiring them to login only once using their NetID (formerly my.emich) username and password. Employees with security rights to multiple systems will be able to access Banner, AppXtender Web (formerly WebXtender), and Workflow without being prompted for additional login requests. For more information visit [IT's website](#) or contact the IT Help Desk at 734-487-2120.

GO GREEN! BE GREEN! SAVE GREEN!

Go Green! EMU will be testing several energy savings strategies in an effort to save energy dollars and be more environmentally conscious. The strategies vary by building type, controls, and design and include pre-cooling at night and "coasting" through peak hours (11:00 am to 7:00 p.m. as defined by DTE Energy); raising cooling temperature setpoints by one to two degrees and resetting discharge air temperature setpoints based on actual space temperature.

Be Green! You can help. Minimize the use of appliances especially during peak hours. Shut off lights, computers, televisions, etc. when leaving a room. For air conditioned spaces, raise thermostat setpoints to 75 degrees or higher especially in buildings with older controls which only have local control. Close blinds and curtains in air conditioned spaces to minimize heat gain from the sun.

Save Green! The challenge. Last year the annual electrical demand peak was 10,154 kW set in the month of September. A five percent reduction in this demand peak would result in annual savings of more than \$68,000 in electrical demand charges. A 10 percent reduction would save more than \$136,000 annually. There are also additional savings in electric supply charges and environmental benefits as well. Every little bit will help. So do your part and help EMU Go Green!

EMU ATHLETICS ANNOUNCES CLEAR BAG POLICY FOR ALL EVENTS: EMU Athletics has announced it will implement a clear bag policy for all athletic events in 2016-17, the school announced today, Aug. 10. The move is to provide a safer environment for the public and to expedite fan entry into stadiums.

The new EMU policy is consistent with what the NFL and other professional organizations have done for the past several years. The policy is also in line with what numerous institutions around the Mid-American Conference and the country are putting into place this year.

Only clear tote bags smaller than 12 inches by 6 inches by 12 inches or one-gallon plastic freezer bags will be allowed inside Rynearson Stadium and other athletic venues on the EMU campus this year. In addition, small handheld clutch purses (smaller than 4.5 inches by 6.5 inches) will continued to be permitted into Eastern Michigan venues.

All backpacks regardless of size are prohibited and any bags larger than 12" x 6" x 12", clear or non-clear will be strictly prohibited. Exceptions will be made for approved medical needs.

Other prohibited items include, but are not limited to: purses larger than a clutch bag, coolers, briefcases, backpacks, fanny packs, cinch bags, non-approved seat cushions, luggage of any kind, computer bags and camera bags or any bag larger than the permissible size.

All bags will be subject to search and inspection.

Full details of the new policy can be found [here](#).
