E. Faculty Research Awards
   Except for the two semester sabbatical awards, Faculty Research Awards
   have been reduced significantly.
F. Contacting Applicants to EMU
   C. McAnuff suggested that applicants who indicated a specific interest be
      contacted by e-mail by someone in the area of interest in order to promote
      their coming to EMU. A signup sheet was circulated, and most
      representatives signed up.
IV. NCAA Faculty Representative’s Report – Howard Bunsis
A new measure of compliance is being used which is not just equivalent to either the grade point average, or the rate of graduation. Rather it combines information about whether the athlete was eligible to compete and also returned to compete. A failure to meet minimum standards in a sport by a specific gender leads to a loss of scholarships which may be offered in the specific sport for the specific gender. All women’s sports meet or exceed the minimum. Four of the men’s teams fail to meet minimum standards, namely wrestling, basketball, football, and track. More academic advising will be shifted from regular students to athletes. Howard Bunsis also would like to see a policy that if a student is not attending class, the student should not be permitted to play. Discussion brought out that the student athletes are expected to practice 20 hours a week; however, this is ignored, and they are more likely to practice upwards of 30 hours a week. Howard Bunsis presented a motion that a coach should not be permitted to grade his own student athletes. A common practice is that coaches teach a course, for example, Theories of Basketball, and the basketball players get an A in the course. Representatives are asked to get feedback on this motion for a vote on April 6.

V.  Honors Program name change to Honors College – Jim Knapp, Interim director of the Honors Program

Because the term Honors College is more frequent and may help recruit students as Freshpersons to come to EMU rather than as transfer students, the name change is being sought. It also would create a higher profile for Honors on campus. No additional resources are sought at this time, because these are not available. Discussion brought out the following points.

- There have been no increases in resources, and this means that some departments do not make their faculty available for Honors Courses, because they are not reimbursed for the costs of a replacement person.
- The overlay system is expected to continue, so that, analogous to the Graduate School, faculty are drawn from the various departments and the Honors College would not have a separate faculty.
- In Teacher Ed, Honors Only sections of courses were eliminated about ten years ago, but the nature of the student population is changing, and this has led to renewed discussion about Honors Only sections.
- As students finish the Gen Ed Honors, they start to take regular classes, and, as a result, better students come to classes.
- Honors would like to return to a more central location which is easier to find, perhaps back to Jones Hall.
- The participants of the Honors Program are mostly from more privileged backgrounds and lack diversity.

Representatives voted (18 – 9 – 0) to have the opportunity to get feedback from their departments for a vote on the name change during the April 6 meeting.

VI.  Shared Governance – Daryl Barton
The motion: On the first Wednesday of May, June, July, and August, Faculty Council will meet from 3 to 5 p.m. in order to provide more continuous feedback to the administration. The representatives who come will receive an honorarium. If a representative cannot come, then the representative’s alternate should come, and if the alternate is not available, then the department for the purpose of the meeting may designate a faculty member to represent the department. The person who comes will receive the honorarium for the meeting attended. The motion passed (22 – 3– 0).

The discussion about the motion mentioned the following points.

- There has been service creep as well as teaching creep away from the commitment that faculty need time to reflect and refresh.
- Being absent should not be held against a representative during evaluations, such as for tenure or promotion.
- With better electronic media available, the possibility of electronic meetings should be considered.

Motion: The Executive Boards of Faculty Council and EMU-AAUP should get together and work out the details for the MOU. Motion passed (22 – 0 – 2).

VII. **Library Fines Policy Changes**

The library proposed fine changes for faculty, but the reasoning is unclear. Are faculty not honoring recalls? Further, there is a charge for replacing books, but what is done when the items are not replaceable?

The vote was postponed until the April 6 meeting, so that the library can make relevant information available.

VIII. **TOEFL -- Table of equivalencies**

The equivalencies were approved (20 – 0 – 1)

IX. **Gen Ed Implementation Plan – FCEB**

Pursuant to discussion the FCEB changed some of the language to reflect that faculty can represent faculty only if they have been approved by Faculty Council. The motion passed (20 – 0 – 4).

X. **Gen Ed Implementation Subcommittees.**

The request will be sent out again for volunteers to serve on these subcommittees. People should indicate which subcommittee they wish to serve on, and for how long, and what their qualifications are. The deadline for applying is April 1 with a vote in Faculty Council on April 6.
