Agenda

A meeting held in open session at 6:30 p.m., room 310A Student Center

A. Opening Roll Call 6:36PM
B. Approval of the Agenda 6:38PM
C. Approval of the Minutes 6:38PM
D. Guest Speakers
   1. Dr. Chris Foreman, Director, General Education Program
      1. Newly created student advising created by student development center. “How do I make sure I’m communicating?” Catalog—ended in 2007 is current for 7 more years. General education: trying to make sure communication channel is with students. Changes: Miscommunication: general education CANNOT count as major/minor requirement—FALSE. Clarification: Within the gened program, you can’t use one class to count as both courses of gen ed and major/minor requirement. If you don’t need credits to fit your 124, you do not need general electives. How do we make sure that our primary stakeholders are aware of the advising program? Students don’t know. Pushing to have an advising tab on my.emich.edu. Best piece of advice: Save everything. Document everything. Voting in December with Board of Regents for online documenting advising system.
E. Constituent’s Forum (Open to currently enrolled students: 1 hour/total)**
   1. Emily Keys—looking to implement program for disabled students on campus to help them getting to and from class. Perhaps matching service: able bodied to disabled. Protocol for handicapped students during situations like fires, school shootings, etc. Keys took questions/ideas from senators.
   2. Mark Tome (sp): Came for support from SG. Nov. 16th: speaker series sponsored by environmental science major (new this winter.) Blake Burich (sp): founder of “Enoba”—recycling cigarettes. As students we are littering. Environmental Science program: $150.00—need money. There’s no other university in the world who is recycling cigarettes butts. EMU would be a pioneer and have the opportunity to patent. Thegreenreportcard.org – will measure how sustainable each university is. Next Wednesday; have SG members come to noon meeting. Green Organization: meets Tuesday at 12:30 in the vision office. Forum meeting: Wednesday Nov. 16th, noon, in Mark Jefferson, 4:30 COB.
   3. Cameron Thomas: Green Organization of Vision office Cthoma62@emich.edu: recycling panel last year beginning of winter semester. This is something he would like to do again: panelists and directors of sustainability to explain more about the processes and aspects needed to boost campus recycling endeavors. The only funding needed would really be refreshments.

Student Body President            Speaker of the Senate
GOAL OF TWO WEEK PERIOD: My goal for the past two week has been to move the Student Government agenda forward and better serve the Student Body.

WHAT I ACCOMPLISHED:

A. Lynette Findley, Director of UACDC
   2. The Vice President and I met with Lynette Findley. We continued our biweekly dialogue on how to strengthen academic advising. The Vice President and I are actively testing ways to improve this experience for all students.

B. Student Affairs Advisory Council
   1. Second Session
      a. I had my usual session with the Student Affairs Advisory Council. We met at the Commons (DC-1) to tour the new facilities. As a former resident and resident advisor I was very impressed by the changes.

      During the session we talked about changes to financial aid. When I have further information in writing I will share it with the Senate.

II. Speeches
   A. Commencement
      1. I am preparing my address to the Winter Commencement.

III. Events
   1. EMU vs. Buffalo
      1. At the invitation of the University President, I watched the game in the President's Box. I was proud of EMU’s win and I wish them luck as they try to secure our place in a bowl game.

   2. Mr. Greek Competition
      1. I had the pleasure to be a judge in the Mr. Greek Competition. I shared the judges table with the LGBTRC Coordinator Mary Larkin and former Student Body President Regina Royan.
         a. Josh Richardson of Sigma Nu was crowned Mr. Greek.

         Through a competition that had multiple rounds he
exemplified the best qualities that all members of the Greek community strive for. His win was well-deserved and I wish him the best.

b. I congratulate first runner-up Bobby Kenney and the other Mr. Greek candidates for a job well done. I wish them the best in their future endeavors.

c. Sen. Anna Lazarenko and Delta Zeta put on a fantastic program. I thank Sen. Lazarenko for asking me to participate.

3. Correction

1. The date auction I participated in was put on by PSP not DSP. My apologies to PSP.

IV. Absence

A. I will be absent this week because I will be at a Model United Nations Conference. I wish all of you a Happy Thanksgiving!

V. Legislation

A. Veto

1. I have vetoed resolution 98-008. As I have stated I object to the resolution on various grounds. I do not think the resolution was fully thought out or debated by the Senate. The resolution has been written to amend a document that is not going to remain in its current form because of the changes the Commission on the Constitution, Bylaws and Ordinances will be proposing to the Senate. I do not think it is a good idea to continue to tinker with a document that we have all agreed needs to be changed. It makes the debate more difficult. Likewise, if the document is not changed the other issue is what will it mean to limit the delegates that are allowed to sit with the Senate. Just as we should not rely on outside organizations for our Senate to function, we should also not put ourselves in a situation where we might have to determine, because of the limit, which group is more important than the other. I do not think it is a good idea for us to choose one group over the other, in particular when it is because of a limit we have put on ourselves without fully thinking about it. This idea, to limit delegates is interesting and I am willing to let it pass at another date. But I want it to be debated holistically and not in pieces. Not thinking holistically has gotten us in trouble in the past and I do not wish it to get us in trouble in the future.
GOAL OF NEXT WEEK PERIOD: I hope to continue working on Constitutional revisions and finish up the new Senator Test

WHAT I ACCOMPLISHED:

I. Constitutional Convention
   A. It started this week. We went over parts of the bylaws.
   B. I am most happy to say that one change up for a vote will be ending the requirement that presidential candidates be at least sophomores. I believe that rules like these are unfair and contribute to the way of thinking that older people are automatically better than freshmen.

II. Senator Test
   A. I made the new format for the Senator Test.
   B. It will eliminate the multiple choice section, add a new section of identifying errors in resolutions and allocation requests, and will allow people to email me their essays.
   C. I am still looking for input from senators on how I could improve it. Giving me feedback in person or through email would be one way to spend your office hours productively.

III. Voter Registration
   A. On the last day of the Rock the Vote campaign, I did tabling in the Student Center. Sadly, few people were interested, but it’s still a good cause.
