FOURTH NORMAL M. A. C. DEBATE

BIG MASS MEETING FOR THE ROOTERS

NORMAL HALL, TUESDAY, 6:15 P. M.

Every student and teacher ought to be in Normal Hall on Tuesday evening at 6:15 o’clock. A great meeting has been called by the oratorical board for the purpose of preparing for the big debate. The meeting will be short and lively and will probably last not more than forty-five minutes. Students are requested to assemble as soon after supper as possible and practice the songs and yells which are being printed for distribution at the meeting.

A committee consisting of J. Mace Andress, Robert Reinhold and Grace Erb was appointed at a special meeting of the board Wednesday afternoon, to have charge of the meeting. No prearranged speeches will be given but everyone is expected to come with an abundance of spirit and then to let the spirit talk.

FUND IS NOW NEARLY SEVEN HUNDRED DOLLARS

SENIOR-LIFE CLASS VOTED TO INCREASE THE LOAN FUND.

The loan fund has again been increased. The senior-life class at their meeting on Tuesday voted to add to the fund as a class memorial a “sum worthy of the class of 1905.” The exact amount was not determined, but the members of the class say that it will not be less than $125, the amount given by last year’s class. The total assessments for all purposes, levied by the seniors last year amounted to ninety cents a member, while the '05’s have already assessed their members one dollar each. According to this there should be a considerable cash balance on hand when all ordinary expenses are paid. The sale of the Aurora and the commencement invitations may bring a small profit, so that financially the class is in splendid condition. All money thus remaining in the treasury will be turned into the loan fund and the seniors say that they will put on an extra assessment if necessary to help the good cause along in a way that shall be entirely “worthy.”

This latest addition swells the fund to considerably over six hundred dollars. It is possible that the P. G.’s may take a hand and also leave a snug little sum, and it is not at all unlikely that there will be a thousand dollars for use in helping students before the movement is a year old.

THE LONG LOOKED-FOR EVENT WILL TAKE PLACE NEXT FRIDAY.

Of Former Contests the Normal Has Won Two and Lost One.

The fourth annual debate between the Normal and the Agricultural colleges will take place in Normal Hall, next Friday evening, May 5, at 8 o’clock. This contest has always been attended with the keenest interest by both institutions. At the Normal especially, it is looked forward to as one of the big events of the year. Last spring when the event was held at Lansing a special train of six coaches was required to carry the Normal rooters, so great was the enthusiasm. It is still a common remark among those who were present at the contest in ’03 that the mighty triumphant outburst of joy which greeted the announcement that the Normals had won, was the greatest display of college spirit ever witnessed at Ypsilanti.

The question is “Resolved, That labor unions are beneficial to the interests of the United States.” The affirmative will be upheld by M. A. C., while the Normal will defend the negative. Of the three former contests the Normal has won two and lost one, that of last year on the negro disfranchisement question, when the Normal also had the negative. In 1902 the question was on territorial expansion, and in 1903 on government ownership of railroads, the Normal contending for the affirmative in both cases.

The coming debate will lack nothing in excitement. The M. A. C. people have long expressed their intention of coming en masse, though their spring musical festival which unfortunately is set for the same date, may interfere somewhat. Plans are being made to entertain and show them a good time. As yet the interest displayed here...

EDITORIAL ANNOUNCEMENT.

Beginning next July the News will be managed by a general manager whose entire time will be given to the work under the general counsel of the college council. The salary will be provided by the State Board of Education who thus officially recognize the work as a part of the institution.

We believe that this announcement will be gladly received by all who have contributed to our success, either as writers, subscribers, or readers. While we have no apologies to offer we realize most keenly that the News is not what it should be. At no time—under the present system—have we been able to keep abreast of the work that followed as a result of the rapid growth which the paper has enjoyed.

Every effort will be made to make the News valuable and interesting. The weekly numbers will appear in regular newspaper form, increasing the size to the equivalent of about twenty pages in the present form, and making it possible to give full attention to every student and alumni in the greatest improvement will be made in the magazine numbers. They will be cut down to the regulation magazine size, will be printed from new and slightly larger type, and on good quality book paper. The articles will cover a wide range of subjects and will represent the best educational thought of the day.

As heretofore the object of the publication will not be money-making, and the proceeds will be used in improving its quality generally.

THE SWEATER QUESTION DECIDED.

The adjourned meeting of the Athletic Board was held in the gymnasium on Monday afternoon, at 4 o'clock. Manager Webster, of the foot ball team, presented the schedule for the games next year at the previous meeting which had favorably acted upon. The board at this meeting resolved that the schedule was satisfactory and authorized its publication. There are two open dates, November 11 and November 25, but negotiations are on for these dates and it is probable they will be filled in a short time. The schedule is as follows:

- September 30, Normals vs. U. M. fresh at Ypsil anti
- October 7, Normals vs. D. U., at Ypsil anti
- October 14, Normals vs. Adrian at Adrian
- October 21, Normals vs. Alumni at Ypsil anti
- October 28, Normals vs. Olivet at Olivet

November 1, open
- November 11, Normals vs. Adrian at Ypsil anti
- November 17, Normals vs. Adrian at Ypsil anti
- November 17, Normals vs. Central Normal School at Ypsil anti

November 25, open.
- November 25, Normals vs. Hillsdale at Hillsdale.

The board decided to give the five basket ball men who were given "A" sweater vests as they requested. The vests will be white with a small block "A." The question of the similarity of the sweaters for base ball and foot ball was not brought up at this meeting. There is a feeling among the foot ball men that the block letter on their sweaters should be larger than the base ball letter, to serve as a distinction.

The date for the next meeting of the board was not set, but it was arranged that at this meeting a decision would be made on the amount of money allowed the different teams next year.

ON THE DIAMOND

STILL WEAK AT HITTING BUT ARE SHOWING STEADY IMPROVEMENT.

The Normal base ball team lost the second game of the season and the first one at home, last Saturday by being defeated by Albion by a score of 6 to 1. The game was lost through the inability of the Normals to connect with Striker’s curves, as only five hits were made off his delivery and no two of these came at a time to help in a run. Albion proved strong at the bat, making fourteen hits, the gilt-edged fielding of the Normals alone preventing a larger score. Hyames officiated as box artist, and though he was hammered at stages of the game, he was very effective at critical moments and played a great fielding game, getting two put-out, eleven assists and striking out eight men. R. Brown was tried out at first for the first four innings and finished the game in right field in place of McBain, O’Brien going to first.

The features of the game were the pitching of both Striker and Hyames, the fielding of the Normals and the hitting of Squires, Bliss and Frye for Albion.

All of the men except McCarthy turned out for practice on Monday. The shortstop strained his leg in Saturday’s game and was advised by the physicians to stay in for several weeks. This makes a hole in the infield which will probably be filled by Monks. Reese has a bad finger, which makes his playing with a mitt at second. This handicaps his work badly. The number of men out for base ball has considerably decreased, there being only about 20 men out every afternoon.

On Wednesday afternoon the high school team was defeated by the Normals by a score of 11 to 1. Wood officiated at the slab and F. Harrison as back-stop, both doing creditable work. R. Brown was tried out at short; Eldred, Plowman and G. Brown in the field and Braley at first. The high school team was weak at the bat and Whitmire, who opened in the box for Ypsi high, was clouted for eight runs. He was succeeded in the third inning by Doty.

Today the team plays with Adrian College at Adrian. It is probable there will be a changing in the line-up today, owing to the showing made by several of the new men and the men who are to go to Adrian were not picked out until late last evening. Harrison will probably do the catching today, with Hyames in the box; R. Brown or O’Brien at first, Monks at short and Upthegrove, McBain, Walsh, Eldred, C. Harrison or G. Brown, in the field. The team expects a

hard game as on Tuesday Hillsdale defeated Albion by a score of 10 to 4, and Adrian has already defeated Hillsdale in two games, one of them being by a score of 10 to 0. The team drives to Whitaker, or Willis, and takes the train from there. It is probably a small band of rooters will accompany the team.

The Albion Game in Detail.

The opening inning was a blank for Albion. Hyneve, up first for Albion, knocked an easy one to Hyames. Ellerby hit to Smith and reached first on Smith’s error in fielding the ball, going to second on Walsh’s wild throw. Brail flew out to Uphetgrove and Hyames threw Striker out at first.

Rese, for theNormals, knocked a grounder to Frye and did not beat the throw. Smith singled out to Manlou and Hyames to Ellerby at third.

In the second inning, Bliss opened up with a three-sacker, but was caught by Hyames between third and home on Howe’s short hit; Frye singled and on Manlon’s hit Frye was fanned off and Howe scored on the play; Hyames gave Squires a lease to first, but fanned Hyney. One run.

McCarthy, for the Normals, was an easy out to Hyneve and both Uphetgrove and Monks fanned. No run.

Third inning:

Ellerby reached first on a single; Brail drew three strikes; Striker went out to Reese and the inning was closed by Hyames throwing Bliss out to first on an attempted hunt. No run.

Walsh was thrown out on a slow grounder to Manlon; Brown reached first on a single, but was caught on a slide to second; McElain fanned. No run.

Fourth inning:

It was in this inning that the Albion aggregation demonstrated their hitting ability and as a scoring machine. Howe singled, going to second on Frye’s hit; Manlon struck out; Howe and Frye scored on Squires’ two-baser; Hyneve rolled an easy one to Hyames; Ellerby hit to McCarthy and scored on Brown’s error; Brail closed the run by going out to Reese. Four runs.

Reese singled; Smith fanned; Hyames sacrificed and McCarthy was thrown out to Hyneve. No run.

Fifth inning:

Bliss drew three over the plate; Howe fanned and Frye hit a high one to Monks. No run.

Striker struck three, each over to Uphetgrove, Monks and Walsh. No run.

Sixth inning:

Manlon singled as did Squires, Hyneve and Ellerby; Manlon was thrown out at third and Brady and Striker hit easy pop-ups to Reese and Hyames. No run.

Brown fanned; O’Brien singled and was thrown out at second on Reese’s grounder; to Frye, Smith;
Training School Notes

On account of the over pressure of the work, especially because of placing teachers, a stenographer and clerk has been secured for the training school office. Miss Zorman, a graduate of Jonesville high school and of Cleary Business College and for the past five years a teacher of stenography and typewriting in that college, has accepted the position.

The training school expects to make a good deal of school gardens during the spring and summer. One acre of ground west of the science building has been plowed and fitted for the use of the children and every grade has some definite work to do in that garden, some definite kind of plants to grow and study.

The closing exercises of the training school will consist in the giving of the operetta "Little Boy Blue," probably June 16.

Superintendent J. H. Harris, of Pontiac schools, and Mr. R. S. Copeland, of Dexter, were at the training school Thursday in search of teachers for next year.

So far as known the following are the students who have already secured positions for next year: Zora Foster, fifth and sixth grades, Benton Harbor; Almina Dunlap, first and second grades, South Lyon; Bessie Beedle, supervisor of manual training, Eaton Rapids; Edna Willey, seventh and eighth grades, Marlette; Alma Westphal, first grade, St. Johns; Pearl Helm, high school, Millington; Mandana Wagg, fourth and fifth grades, Marine City; Bertha Peterson, fourth and fifth grades, Marine City; Ethel Egeler, seventh grade, Birmingham; Helen Stirling, first grade, Birmingham; Louise Peacock, third grade Corunna; Hazel Ackley, first grade, St. Johns; Grace Corazzi, first grade, Reed City; Emma Gehman, second grade, St. Johns; Annetta Larsen, third grade, Duluth; Deda Champion, kindergarten, Ironia; Myrtle Bryant, third and fourth grades, New Baltimore; Bernice Crout, fourth grade, Jackson.

FIFTH ARTIST RECITAL.
The fifth artists' recital will be given in Normal hall, Monday, May 8, by the Ern Symphony orchestra of thirty pieces, assisted by Miss Lorinda Smith, pianist; Miss Lelia Farlin, soprano, and Miss Ruth Putnam, accompanist.

"The first appearance of the orchestra in Ann Arbor a few weeks ago was the cause of considerable comment on the remarkable performance given, both from an artistic and popular standpoint. In every way the concert was a success and its appearance here should be greeted with a large attendance. The program which will be rendered is an exceptionally good one, and the whole performance will be what the name implies, an artistic production."—Press.

HIGH SCHOOL.
The high school pupils have of late entered the debating field. A debate was held recently upon the question, "Resolved, That students should specialize in the high school or Normal." Negative, Miss Mary Steagall. Affirmative, high school pupils. The judges decided in favor of the latter. Another debate was held last week, Leslie Underwood negative, and Minnie Miller, affirmative, choosing sides. The question was, "Resolved, That Lady Macbeth was at fault for the downfall of Macbeth." The judges' decision was given in favor of the negative.

The Debate. Continued from page 1

is not up to what it has been in former years, but the mass meeting on Tuesday will set the constitution afame and there will be no end of demonstration from them on until the decision is announced.

The Normal team consists of Roy Harrell, Benjamin Pittenger and Maurice Labares, the winners in the recent final preliminary contest. M. A. C. will be represented by Misses Lilley, Gardner and Johnson. The two latter are veterans of last year, while Lilley failed to make last year's team by a very narrow margin. The order for speaking is not known definitely beyond that in constructive argument. Herald will open and Lathers and Pittenger will follow in the order named. Lathers will be middle rebuttal man, with either Herald or Pittenger undecided for the first and last place. M. A. C.'s order is not yet known. The chairman and judges also have not yet been definitely selected.

The three men who comprise the team have been hard at work with Prof. Lathers ever since the final preliminary and the work is far more than at the corresponding time last year. During the coming week several teams will be selected from the debating clubs to go against them to try their strength at rebuttal and to detect possible weaknesses.

A Midnight Muse.
In the shadow of the gloom,
When the curtains are drawn and the night falls,
Casts the outer world in darkness.
And the weary wings of day,
Comes upon my soul a sadness.
Drinks my heart's cup of care,
While alone I sit and ponder
In the midnights breathless air.

Though the dark shades environ me,
And the darkness sends no ray
Through my grieving breast, doth longing
For the pleasant light of day;
Yet a hidden hand is guiding,
Through the gray mazes of night,
Lifting night's clouds that hover,
Chasing shadows into sight.

In the soul's deep lowering darkness,
When death's shadows on us loom;
In the paths of life's rough pathway,
Faintly we 'mid th' encircling gloom,
Till we feel the hand that guides us
Through the trackless waste of space;
When the Star of Hope grows brighter
And our travel renew it's prime.
