FROM AN ALUMNUS OF FORTY TWO YEARS AGO

Dr. T. W. Paton,
Ypsilanti, Mich.,

MY DEAR SIR;

I noticed in last night’s Evening News a statement of your aims in relation to the Alumni of the Normal College. I am heartily in accord with your plan and will be pleased to co-operate with you in any way for the consummation of the objects named in your interview. I think it is more than time that something of the sort was organized. I see no obstacle in the way. I should be pleased to hear from you in relation to any project or plans or things to be done in the matter.

YOURS VERY TRULY,
RONALD KELLY, ’63.

CHANGES IN ORATORICAL CONSTITUTION.

The committee to revise the constitution of the Oratorical Association met Thursday evening. Few changes will be recommended and these will refer to the marking of contestants and the throwing of points. It will be recommended that the scale of points for the winning contestants from first to sixth places, respectively, be as follows: First, 17; second, 15; third, 13; fourth, 10; fifth, 7; sixth, 4. This is the scale which was used last year.

THE HOME COMING OF ’95.

Members of the class of 1895, are you coming to your Commencement reunion? If you are, please notify the Normal News or Dr. T. W. Paton, Ypsilanti, president of the Alumni Association, that the local committee of members of your class may know what to expect and provide for. If not, let us hear from you so that those who are present may know where you are and how you have prospered these past ten years. It is hoped that a complete directory of this class may be secured, as the nucleus for the proposed alumni directory of all alumni. So far the News has obtained the addresses of all but 72 out of a class of 220. Will not you, whether a member of the class or not, write us if you know of any corrections or additions to the lists, as printed in these columns? We are under obligations to C. W. Greene, Charles D. Livingston, Jennie Mae Snedicor and others for additional addresses, and a little co-operation on the part of our readers should make it possible to complete the record. Any additional information concerning what the members have accomplished since they have been away will also be welcome—where they have taught, what other colleges they have attended, what offices they may have held—all such information will be of service to the alumni secretary-to-be, when the association gets one.

An expression of opinion is desired as to what form the reunion of June 20 shall take. The class of 1893 held an enjoyable banquet, called the class roll and succeeded in locating about half their members. This last work is what the News is doing for you. If you wish for only a reception, write us. There are about a dozen resident members of the class of 1895, who will organize as an executive committee to carry out the wishes of the majority of those who are coming back, and they must act quickly, so let us hear from you promptly.

The following names were by accident omitted from the list of those who received limited certificates in 1895. Will those who know the present addresses of those whose location is not given please notify the Normal News at once?

Additional 1895 addresses.

V. May Hurd, Saline; James E. Kelley, Detroit; Arthur Bradley, Jackson, R. P. O. clerk; Fred M. Churchill, Detroit; Ella M. Gardner, Mapleton, Iowa; May Hanford, Plymouth; Estella Holmes, 1228 Michigan avenue, La Porte, Ind.; Jennie Mae Snedicor, Marshall, Minn.; Alice I. Heron (Mrs. C. H. Covell), Redlands, Cal.; Mande Isherwood, Grand Haven; John B. Gower and Bertha Straight Gower, Monon, Ill.; Nettie Haddow, Detroit; Inez Caswell, Detroit; Winfred Bartlett, Iron Mountain; Mary Bierkamp, Wyandotte; Griggis, Allegan; Julia E. Smith, Baxter street school, Grand Rapids; Mary D. McGinniss, Pontiac; May L. Walkinshaw, Marshall; Mamie E. Fletcher (Mrs. Charles Erickson), Chicago, Ill.; Elinor Hawkins (Mrs. Homer Blair), Albion, Mich.
BASE BALL

Hillsdale at 2 p. m. Today

This afternoon will be played what undoubtedly will be the best game of the season, a return contest with Hillsdale College. Several weeks ago the Normals went to Hillsdale and defeated that band of ball-tossers by a score of 6 to 5, and as close a contest at least is promised for this afternoon. This week has been the best week for practice so far this season, and the Normals go into the game to-day in the best possible condition. Hyames will do the twirling for the Normals and it is probable Steimle will again be in the box for Hillsdale.

The Normals defeated the Detroit Business University in one of the closest and most exciting ball games which has ever been seen on the college campus, last Saturday afternoon, by a score of 7 to 6. Hyames was in excellent condition and struck out nine men, though he was touched up for eleven hits. Finan, for Detroit, was also in good shape and struck out ten men, though he was hit more freely than was the Normal pitcher. In fact the whole game was a slugfest and two and three-base hits were the order of the day.

The game was not won until the ninth, when Monks, who had taken Walsh's place in the field, rapped out a pretty double, scoring Harrison. The game was started with a rush, the D. B. U. aggregation running in three runs in the first inning, and the Normals two, on Hyames' three-sacker. The features of the game were the hitting of both teams and the support given both pitchers.

The Detroit team was accompanied by a special car of rooters, whoch gave the the team excellent support. The team-work of the Normals is gradually improving under the direction of Coach Cole and Saturday's game gave evidence to the fact that the Normals can play fast ball and pull themselves out of tight places. The score:

Batteries—Detroit, Finan and Smith; Normal, Hyames and Harrison. Umpire—Fitzgibbon.

By far the most amusing and nearly the most exciting ball game which has been played on the Normal campus this year, was the annual battle between the Webster and Lincoln debating clubs, which was pulled off Saturday morning, resulting in a victory for the Webster Club by a score of 36 to 19. The game was called at 9 o'clock, but was prolonged until the noon whistle blew. It was agreed before the game that all members of either club who belonged to the first team would be barred and this ruling made the game even more interesting.

It was shortly after 9 o'clock when Professor Laird stepped into the pitcher's plate and was handed a new ball by Umpire Lathers. Professor Roberts had, in the meanwhile, donned the catcher's mask and protector and just as Umpire Lathers shouted "play ball" the white sphere was sent whirling over the center (?) of the plate, being caught in professional style.

The game was a slugging match from start to finish. Plowman, who started the game for the Lincoln Club, left the box in the third inning and was succeeded by Ferguson, who finished the game though he was touched up freely. Aside from the hitting, the chief features of the game were the errors, which amounted on both sides.

LOOMIS—BURCK.

Mrs. Samuel Burroughs Burck, of 1330 Carroll avenue, Los Angeles, Cal., has issued invitations for the marriage of her daughter, Miss Bird Lawrence Burck, to Chester B. Loomis, Monday, May 29. Miss Burck is a graduate of the Conservatory in the class of '98, and Mr. Loomis, whose parents are Mr. and Mrs. Elisha Loomis, of this city, is a graduate of the engineering department in the U. of M., and is well known in this city. Mr. Loomis is now stationed at Craftonville, Cal.

A WORD TO OUR SUBSCRIBERS.

We sent out by mail this week a great many letters reminding our readers of the fact that some of them had not yet paid their subscription accounts. This involved an expense of many dollars which might have been put into the paper. The price of the News is so low that it is hardly fair to ask us to expend a part of it in reminding you of the fact that we have trusted you for a year. Now that you are out earning money why not pay for a year in advance?

Another thing. To make mistakes is human, and as we are very human we make mistakes. If we have dunned you unjustly, deal charitably with us, for we do not want to cheat you. Just tell us that we have made a mistake and all will be well.

That reminds us of one thing more. The other day there came to our office a letter from a subscriber who is very dear to us, that ran something like this: "My dear editor—About six weeks ago I moved and forgot to change my address with you, so my paper has not reached me since that time. Now if it is convenient for you and not too much trouble, will you be so kind as to send me the back numbers?"

Yes dear reader, we will send you the back numbers, but do you know that those back numbers which you did not get because you moved and forgot to tell us about it, cost us money, just like any other copies? We shall be pleased to do all we can, and you may feel free to call upon us whenever we can be of assistance to you, but we must ask you to use the same business methods that you would use in dealing with any other business firm.

REGARDING MEMBERSHIP BLANKS.

The News this week is again devoted largely to the Alumni movement because this is unquestionably the most important event that has concerned the Normal in some time. The issue of last week contained as inserts membership blanks for the new Alumni Association and considerable mention of them was made in the pages proper, but they were ruled out as illegal inclosures by the postal authorities, thus delaying the entire issue somewhat and also the work of the movement.

We sent out a great many of these blanks in letters however and the replies which are already coming in from alumni everywhere show that the movement is meeting with much favor. Owing to the delay, the number thus far received is not as large as it might be, but even as it is the response is far in excess of our expectations. The cost of sending these blanks in personal letters is quite an item and the task of doing it is almost beyond the capacity of the force at present available for the work. Moreover the time from now until commencement is so short that whatever is done must be done quickly. Every alumnus is therefore requested to act at once and fill out the blank, returning it immediately to the News for filing. We will receipt for and assume responsibility for all money sent until the proper person is named at the meeting in June.

The movement is bound to succeed. It is now so far advanced that failure may be said to be out the question.

THE GROWTH OF THE ALUMNI MOVEMENT

Expressions from prominent Alumni everywhere are endorsing the work that is being done.

CLASS OF 1903.

To the Class of '03:

It is agreed that the disappointing thing of school life is that it is so soon over. You will recognize in the suggestions presented in the last issue of the Normal News for the reorganization of the alumni a plan which if carried out will extend the school spirit beyond commencement day. The wisdom of making the News an organ whereby each member may get the vibrations regularly is apparent. As president of the class of '03 I wish to call your attention to the plan in the hope that our class may be found active in furthering the work of organization. What to do? Enroll you.

J. M. MUNSON.

CLASS OF 1902.

Classmates of '02.

You are aware no doubt, of the efforts which are being made to bring about a more effective organization of the Alumni Association of the M. S. N. C. This is certainly a worthy undertaking, and one that should receive the hearty support of each loyal alumnus.

The members of the class of '02 have ever shown themselves willing to support a worthy cause. Let us as a class rally to the support of our alma mater and lend a hand in this work which will push forward her interests and our own as well.

Faithfully yours,

JOHN A. CRAIG, President Class '02.

CLASS OF 1905.

The class of 1905 are going to join three hundred strong. They are going to take hold of the movement and push it hard. We feel that the work which a loyal alumnus can do will be of inestimable value to our college and we are going to see that it is done. Let every member of the class of '05 enroll at once, and consider himself a committee of one to see that everybody else gets a chance to do the same.

ALSON HY AMES,
President of Class of 1905.

DEGREE CLASS OF 1905.

The good which a college may do depends entirely upon its alumni, while the support which every loyal alumnus renders to that institution depends upon how much in touch with college life he was while a student, how much he keeps in touch with the college, and the fraternal spirit he holds for each and every alumnus. What will better keep him in touch with the enthusiasm, life and growth of the college than its paper? What will bind old friendships faster than a strong
and effective alumni organization? Let each and every one of us as a loyal alumnus support the present alumni movement and rally to the support of our alma mater.

C. D. CARPENTER, '03.
President Degree Class '05.

THE FACULTY.

I am greatly interested in the movement for a permanent Alumni Association. It seems the only way to hold the graduates together, and accomplish anything of value to our alma mater.

FLORENCE SHULTES.
A loyal alumni body is one of the richest possessions of any institution of learning. Let every Normal College alumnus join the movement for a closer relationship with our alma mater.

J. S. LATHERS, '03.
I am interested in the organization and hope it will succeed. Hopes, however, don't go very far unless we are willing to take hold and help.

ESTELLE DOWNING.
A stronger organization of the alumni will be very desirable and of great advantage to the institution.

KATE R. THOMPSON.

THE PRESS.

Under the caption "NORMAL IS BOOMING," the following appeared in the Ypsilanti Daily Press, showing how the movement is spreading.

At the Normal this week work is being done which in the way of helping the Home Coming and permanent practical benefits that it promises for Ypsilanti, can scarcely be overestimated. This is the work in connection with the movement to reorganize the Normal College Alumni Association and put it on a basis where it will be of real value to the institution.

Counting the persons who have received limited certificates the Normal has nearly as many alumni as the University, but no attempt to unite them into a working organization has ever been made. If, as is done at the University and many other colleges, all who have been students are considered as alumni then the number who might be eligible to the association numbers many thousands and ranks with the largest universities in the country. There is at present a so-called Alumni Association of the Normal College, which holds meetings twice a year, at commencement time and again at the meeting of the State Teachers' Association during the Christmas holidays. From two to four hundred usually attend these gatherings.

The plan, as it is now being pushed by Dr. Paton who is president of the association at present, and other prominent alumni, is to reorganize the association with a paid membership and have a general secretary who will systematically collect and file all obtainable information in regard to former students. A room in the main building is to be furnished and set aside for visiting alumni and strangers. This room is also to contain the records and office of the secretary.

The Normal College News, through which the work of rounding up the alumni is being done, is this week sending circular letters from President Paton and other alumni. In addition the News is distributing among the alumni 4,000 membership blanks and nearly a thousand personal letters. Every alumnus whose address can be learned is being asked to join the association and if possible to attend the Home Coming and the large alumni reunion which is planned for commencement week.

An especial effort is being made to bring back the members of the class of 1895, in the hope of starting the custom of decennial reunions for each class. Plans for the Home Coming of the class of 1896, which will come next year, are already under way. Over 100 of the '95 people have thus far been located.

The plans are meeting with much favor from prominent alumni everywhere and from President Jones and the faculty. The undertaking is a large one and means the expenditure of unlimited energy and work on the part of those who are pushing the movement, but the effects of a united alumni upon the college and indirectly upon the city must be of the widest significance.

The growth of a great institution depends largely upon sentiment. Sentiment has had a large place in the building up of every great institution, in fact, it is the lack of the right kind of sentiment among the graduates that is claimed to be largely responsible for the uphill work of the Standard Oil University of Chicago.

At the University of Michigan the attendance has nearly doubled since the Alumni Association there was placed on a working basis about twelve years ago. Wherever there is an alumnus who is kept in touch with his alma mater there is an active worker in behalf of that institution.

It is this view of the situation that is appealing to the people who are promoting the Normal Alumni Association. They feel that the Normal has thousands of loyal alumni who need only to be kept in touch with their college in order to make them active in working for it wherever they may happen to be. The beneficial effects will undoubtedly become noticeable in the attendance and the class of students who come to the Normal. The tendency should be, so think the movers, towards largely increasing the attendance in general and of men in particular. In addition they claim that every new student means so much for the city.

The movement is beyond question a worthy one and of vital interest to the city, and should therefore be encouraged. Any addresses of Normal alumni that may be known to the citizens should be sent to the Normal College News to help in furthering the work.

Why We Laugh

Prof. (discussing oxidation): “If you should spill some fruit on a hot stove, how could you remove it besides washing it off, Miss —?”
Student: “Take a knife and scrape it off.”

Prof. H. (discussing feeling and willing): “Now you might hit him over the head to make him act. Would there be any feeling in that?”
Prof. H.: “If you should do that, would you have a feeling of inner freedom? Would you think you were right?”
Mr. Gibbs: “I always think I’m right.”

Prof. Jefferson: “Will you please explain this.”
Freshman: “I understand it, but I don’t think I can explain it to you.”

Prof. R., to critic teacher: “Here is one of your boys who doesn’t know what swearing is. I wish you would give him some instructions.”
Student is executing an original wand drill in physical training.

Mrs. B.: “That is very good. Did you work it out with some one?”
Miss J.: “No, I did it with my umbrella.”

Mr. Sheppard (reporting): “Some of the cheaper cuts of meat are found to be more nutritious than the more expensive ones. For instance, people who do not know this, pay eighteen or twenty cents a pound for porterhouse, while—”

Dr. Hoyt: “Twenty-two cents now.”

Mr. S.: “I haven’t been buying any lately, you see, Dr. Hoyt has.”
How did he mean it?

“Oh, my friends!” exclaimed the orator, “It makes me sad to think of the days that are gone, when I look around and miss the old familiar faces I used to shake hands with.”

It is said that the University of Minnesota has a basket ball team composed wholly of members of the faculty which can defeat any of the undergraduate teams in the University.

Jessie Lee and Bessie Hubbel spent Wednesday in Detroit.

Mrs. Hulst and Mrs. Hughes, teachers in the Grand Rapids high school, were the guests of Miss Walton Wednesday and were entertained at a dinner at which several members of the faculty were present.

Some of the students who spent the latter part of last week out of town are, Anna Abbott, in Dexter; Alma Hetchler, at her home in Howell; Edna Seger at her home in Hudson; Dora Rivard at River Rouge; Blance Coulson, at her home in Brooklyn; Lulu Wilson, at her home in Oxford.

Belva Laffrey spent Sunday at her home in Marine City.

Mr. and Mrs. Bates, of Caldwell, N. Y., and Mr. and Mrs. Sargent, of Fort Edward, N. Y., were guests of Bernice Sargent from Friday until Monday of last week.

Ethel Carlisle spent Wednesday with Reva Riker, who is in the Ann Arbor hospital.

There is a great deal going on in the Normal at this time of the year which is of interest to every student and alumnus, and an effective way of reaching them is through the "Normal News." Each one can contribute to the interest and improvement of the college paper by dropping any items of interest into the "Normal News" box in the library corridor. Help the "News" and the college in general.

SENIORS.

One more chance to get a Senior Pin. Leave order on or before Saturday night at Mr. Brabb's store and plunk down 50 cents with the order and you will get your pin within a week. If more convenient, leave order with Mr. Burke or Mr. Hyames.

A. HYAMES, President.

MORRIS—SARGENT.

Anna Sargent, a Normal student in '95 and '96, was married at Toledo Wednesday, October 26, to Mr. James B. Morris, of Sandy Hill, New York. Mr. and Mrs. Morris have been spending the winter in California.

LAST CHAPEL OF THE YEAR.

The chapel exercises held Wednesday were probably the last which many of the students will be privileged to hear for some time. President Jones made several announcements, saying that all diploma fees must be paid before June 10, and that it would be necessary for all seniors who expect to receive diplomas to remain for commencement. He also stated that the rule recently made in regard to withholding the life certificates from graduates until they had taught, had been changed at his request.

H. C. Cooley, as president of the Lincoln Debating Club, presented the Normal with a very handsome picture of the club, with the request that it might hang on the walls of Room 51, where so much of the eloquence of its members has resounded.

Rev. Van Slyke gave his annual appeal in behalf of the American Sailors' work which he represents.

The address of the day was given by Mrs. Corinelia S. Hulst, head of the English department in the Grand Rapids high school, on "The Past." She spoke of the possibilities of new histories which would contain more of the traditions of America, the study of mediaeval stories, the difficulties of teaching the myth, and its religious thought contained, and of the artistic side of tradition and mythology. Mrs. Hulst is a wide reader and a woman who feels and appreciates literature deeply, so that her talk was both instructive and pleasing to all who were privileged to hear her.

TRAINING SCHOOL NOTES.

Miss Martin and Miss Bright, principals in the Jackson schools, who have been visiting Miss Adella Jackson, visited the training school last week.

So many applications for manual training teachers have been made that there is difficulty in filling the positions.

Roy Kepler has a position for next year in the manual training department of one of the Detroit schools and Bessie Beedle will go to Eaton Rapids, where manual training will be introduced.

Miss Fanny Strong gave a tea party in honor of Miss Harriett Plunkett at her home Tuesday evening. The decorations were of green and white and were very unique. Heart-shaped designs were in evidence. A very pretty center piece was made of lilies of the valley tastefully arranged in the form of a heart, sandwich hearts, salad hearts, ice cream hearts—all hearts were served. All present were delightfully entertained.

The manual training specializing class visited the manual training department of the Ann Arbor public schools Friday.

In the seventh grade it is customary upon Tuesday afternoon for one of the pupils to give exercises for the entertainment of the grade. Last Tuesday Julia Aldrich had charge of the exercises; Hazel Clark and Mrs. Hendra sang and the exercises were so much enjoyed that the one in charge was requested to provide the entertainment for the following week also.

HIGH SCHOOL.

Bly and Madge Quigley spent Monday in Detroit.

Eloise Allen, student teacher in the high school department, will soon accompany her brother to Arizona, where he goes for his health. This will necessitate her leaving college.
