MISSION STATEMENT

The Eastern Michigan University McNair Scholars Program prepares high-achieving undergraduates from first-generation, low-income and traditionally underrepresented homes for success in pursuing doctoral studies. Through a rigorous program of research development, academic advising, personal mentoring and test preparation, the McNair Program assists its Scholars in achieving academic excellence and attaining their scholarly and professional goals.

CREED

McNair Scholars pursue higher education while persevering through personal and academic hardships. We push ourselves beyond the ordinary in our goal to succeed in doctoral studies. We are inspired to conduct research, understand cultural differences, appreciate the arts, and to learn about the world. McNair scholars foster positive change on our campus, in our communities and in our professional lives.
