On this day...In 1852 – Harvard University wins the first Boat Race between Yale University and Harvard. The race was also the first American intercollegiate athletic event.

Quote: "People are like stained - glass windows. They sparkle and shine when the sun is out, but when the darkness sets in, their true beauty is revealed only if there is a light from within." - Elisabeth Kubler-Ross

Fact: The Underground Railroad was a network of secret routes and safe houses used by 19th-century enslaved people of African descent in the U.S. in efforts to escape to free states and Canada with the aid of abolitionists and allies who were sympathetic to their cause. The escape network was not literally underground nor a railroad. It was figuratively "underground" in the sense of being an underground resistance.
